

A Killer 4681

Chapter 4681: : Sing Nima's head

The ribs of the Blood Domain Lord are not ordinary ribs. In order to cultivate his own body into a formation method, each of the Blood Domain Lord's ribs is a magic weapon to arrange the formation method.

As long as the blood character spiritual power in this rib dissipates with his chanting spell, then this rib of the formation will be completely destroyed, and the blood sea formation in the spirit pool will explode, and its power will be no less than one. The self-destruction of a bit domain master-level powerhouse.

In this situation, Li Tian, who was trapped in the **** formation of the spirit pool, even if he was hiding in the Qiong Lance of the sky, don't want to be alone.

The Blood Domain Lord is crazy!

Seeing the appearance of the blood domain master, and already understand what the blood domain master is doing now, even if the onlookers have withdrawn from the accident for several kilometers, they still feel uneasy.

Whoosh!

Whoosh!

There are constantly strong people fleeing Yecheng.

The blew of a domain master-level powerhouse, how powerful is it, these powerhouses do not know or understand, but they know that if they are negligent, then the unlucky person who was beheaded by the blood domain master just now will be their fate!

The emperor-level powerhouses couldn't bear this pressure, and they began to retreat one after another, but they retreated to the wall of Yecheng city and did not continue to retreat! They flew in the air one after another, continuing to wait and see where the blood domain master was.

For these emperor-level powerhouses, this place is safe enough!

Domain master-level powerhouses can teleport in Yecheng. Once there is a turmoil, they can teleport out of Yecheng instantly to avoid danger. Therefore, among the powerhouses onlookers, only domain-master-level powerhouses have not evacuated.

However, even if it is a domain master-level powerhouse, at this time, it is a kilometer away from the blood domain master's spirit pool blood sea array.

The most funny is Zichuan the Great and Tang Xiaolong.

The fight between these two goods is intractable, and it will definitely be impossible to tell the winner for a while!

The Donggong Ancient Sword and Donggong Hidden Sword were teleported to the left and right of the Vicious Dog, and they displayed the domain at the same time, blocking the Blood Domain Lord behind the domain they were using to prevent the small hot pot and the small blue tile on the Vicious Dog from attacking the Blood Domain Lord. , To avoid the defeat of the main power of the blood domain!

A lean camel is bigger than a horse!

Of course, these two domain master-level powerhouses still believe in the strength of the blood domain master!

With the strength of a trio of monsters like Little Hotpot, Little Blue Tile, and Vicious Dog, I am afraid that it is not so easy to attack the Blood Domain Lord!

The blood domain master is still singing, the ***** text on the ribs has already receded by half!

From the outside, the Lingchi Blood Sea Array is already very unstable. The blood mist is swaying, and the blood is shaking, and it seems that it will be broken at any time!

The little hot pot's irritable head emits black smoke, even sporadic fireworks!

"What to do? If this goes on, this big formation will definitely be broken by the blood domain master, and there will be no accidents in the old Li Tian meeting? Or we will join hands to rush over now..."

"Aim~"

"Wang~"

The little hot pot immediately lost its temper.

When the ***** is this, Xiaoqingwa and the vicious dog are selling cute!

...

In the spirit pool blood sea formation!

The sea of blood is huge, and the sky is gloomy as blood!

Heiyan Tuan'er and Li Tian are like a flat boat in the ocean, drifting with the blood!

"Master Li Tian, I am afraid it is the blood domain master who is doing a ghost outside the big formation. This big formation may explode. We must find the key ribs of the formation as soon as possible. Only when the ribs are destroyed from the inside can the formation be broken! Otherwise..." The black smoke group clutched Li Tian's clothes and said to Li Tian.

I fuck!

Chopping the grass without removing the roots, the spring breeze blows and regenerates!

Li Tian knew that there would be disasters in letting go of the Blood Domain Lord, but he didn't expect this disaster to come so quickly!

At this time, Li Tian and Heiyan Tuan'er are still roaming in a sea of blood!

After a strong pretense, the black smoke group returned to normal!

Without the aura of the gods, the black smoke group is not as good as Li Tian!

"I don't want to listen otherwise, I just want to know what will happen if this formation is broken by the blood domain master?" Li Tian asked anxiously.

The black smoke group said with a black face: "It's easy, we will die!"

Li Tian's mood suddenly became less beautiful, and he asked anxiously, "What if we hide in the space of the Heavenly Qiong Spear? The Heavenly Qiong Spear is a divine tool, can this explosion destroy the divine tool?"

"The spear of the sky can definitely withstand such a strong explosion, but..."

"Say it!"

"The power of this blood sea formation of the blood domain master is close to the super domain master, and the super domain master-level power blew itself, that power has reached a half god!"

"In other words, if this blood sea formation is broken by the blood domain master from the outside, causing an explosion, then it will inevitably form a void turbulence, and then the spear of the sky will be involved in the void turbulence, we Even if you survive, there is no way to return to the Netherworld!"

Li Tian is really dumbfounded now!

He knew that the Blood Territory Lord was very strong, but he didn't expect that the blood sea formation was already close to the power of the Super Territory Lord powerhouse. No wonder Li Tian was unable to resist in this blood sea formation!

"What should I do? Black smoke group, is there a way to crack it?" Li Tian asked anxiously!

At this moment, the obscene ***** who had been silent for a long time said with a smile: "Hey, it's actually not difficult! You only need to give me the two drops of gods remaining in the spear of heaven, and let me reach the realm of half gods instantly. I can easily break through this big formation!"

Sure enough, the answer given by the black smoke group to Li Tian was the same as the one that molested God!

give?

Still not giving?

"Boy Li Tian, there is nothing worthy of your hesitation! You give me two drops of gods, but I can reach the realm of demigods, when I will help you, you can still walk sideways in the nether realm, then we want to ***** Whoever sucks..." said the obscene god.

Li Tian is tangled!

This is the treasure left by the mysterious woman to Li Tian, only three drops, but it can save Li Tian's life three times.

Very precious!

However, if it wasn't for the black smoke group that had been with the dead monkey, if it wasn't for Li Tian to let the black smoke group enter the Qiong Lance of the sky to practice, then these three drops of gods would have been buried.

Unless Li Tian sees a mysterious woman.

Give or not?

This is a problem!

...

Outside the big formation, the blood domain master had gradually calmed down after the initial madness.

However, the blood domain master did not stop singing, on the contrary, the blood domain master was very sober at this time!

He wants Li Tian to die!

The singing voice of the Blood Domain Master became louder and clearer!

"Li Tian, there are at most ten numbers, and you will disappear with my great formation..."

"Hahaha!"

"three....."

"two....."

Huh!

The purple flame thunder bear instantly appeared in front of the blood domain master!

"One....."

"Sing it so bad, you still sing your mother!"

boom!

The purple flame thunder bear blasted the head of the blood domain master, and the blood domain master's body exploded into a cloud of blood!

Blood Domain Lord, die!

He broke the plan to let Li Tian and the blood sea of spirit pool die together, but it fell short!

Chapter 4682: :awesomeness

The actions of Ziyan Thunder Bear were simple and neat, fully demonstrating the domineering power of the super domain master.

The Great Emperor Canghai was shocked and rubbed his eyes in disbelief.

The Star Domain Master was stunned, and he stared at the old bear dumbfounded.

Donggong Ancient Sword and Donggong Hidden Sword were stunned, their eyes facing each other, their whole bodies trembling.

Emperor Zichuan and Tang Xiaolong were stunned. The two who were fighting stood together and forgot to continue attacking their opponents.

The other powerful onlookers were also stunned. Several timid Venerables at the early stage of the ninth level were shocked by the domineering arrogance of the old bear. The veins of the body seemed to be blocked by this domineering arrogance, and a spiritual power did not work. , Actually fell from midair.

Of course, what shocked them was not just because the Purple Flame Thunder Bear killed the Blood Domain Master in seconds.

The blood domain master is already at the end of the crossbow, as long as the cultivation level reaches the domain master, it may be possible to kill the blood domain master.

What made these people feel shocked and unbelievable was the wooden stick held by Ziyan Thunder Bear!

This wooden stick is just an ordinary wooden stick, but Buchan's head is inserted into the wooden stick!

"Donggong... Donggong Buchan is dead? The young generation leader in the Donggong Super God family just died like this? Couldn't it be this guy who killed it?" A senior ninth-level expert said to himself with a trembling voice.

"Nonsense, isn't this guy the god-level uncle? What kind of character is the god-level uncle, will you try to explain Donggongbu?"

"I didn't expect it! Donggong Buchan actually died like this, and still died in the hands of a little-known little person...a little animal...a little pet...well, this domineering old bear! These Donggong super The God Family is getting angry, maybe the Eastern Palace Super God Family is going to level the dark forest!"

"You are too naive! Existence is reasonable. The dark forest has been standing in the nether world for tens of thousands or hundreds of thousands of years. There must be a reason for his existence. The strength of the Donggong Super God Family is very powerful, but it wants to eradicate it. The Dark Forest is not a simple question!" A silent Green Spirit Domain Master felt that his performance opportunity had come, and shook his head slightly and continued: "However, it can be expected that the Nether Realm will fall into chaos in the short term. Among them, Donggong, Xiuyu, White Horse, Sanlu, Nether Academy, and other ancient families and mysterious races will come on stage one by one!"

"Does the Nether Realm have so many powerful families and races? Why have we only heard of the eighteen emperors and twenty domain masters in the past few thousand years, nearly ten thousand years?"

"Hey, those ancient families and mysterious races have always existed. It's just that they disdain to compete with ordinary emperors and domain masters for fame. Only this time, the decline of the superdomain master level is bound to make these ancient families, **** level. Race interested!"

"So the Netherworld is about to fall into chaos? But where should we go if we have only the ninth-level realm of the Venerable? We just want to be alone, is there no way?"

"There are no eggs under the nest. If the super **** family, the nether academy, the ancient family, and the mysterious race really start to wrestle in the nether world, do you think we still have a chance to become a prince? Go!"

"Why? Why? In order to kill a Li Tian, take the lives of the Frost Domain Master, the Mask Domain Master, the Blood Domain Master, and the three Domain Master level powerhouses, and now take the Donggong Step to explain this Chao Domain Master level. Is it not enough for the life of the strong?"

"Don't you see it now? Li Tian's identity is definitely not simple, he is not only Emperor Li Tian, he is not only the elder Li Tian of Nether Academy..."

"Forgive me, I really didn't see it!"

"Li Tian's weapon! That is the legendary artifact, the Qiong Spear of the Sky! The weapon used by the mysterious woman in the battle of Wanshen Mountain ten thousand years ago! Do you know what happened to Wanshen Mountain?" Qing Ling Domain Master asked solemnly.

All the strong shook their heads involuntarily!

Most of these powerhouses are now at the ninth level of the Venerable. Ten thousand years ago, their cultivation level was at most the first and second level of the Venerable. Some people may even be in the realm of cultivators. They are qualified to go to ten thousand. Sacred mountain!

When asked by the Green Spirit Realm Master, the curiosity in the hearts of these powerful people was too much, and they asked in unison: "What happened, what happened? What does this have to do with Li Tian!"

The cold sweat on the face of the green spirit domain master fell.

"During the Battle of Ten Thousand Gods Mountain, my cultivation base was the same as you now, that is, the ninth-level mid-level realm of the Venerable. At that time, I was also not qualified to enter the Ten Thousand Gods Mountain, but I was considered that incident. Witnesses..."

The Azure Spirit Domain Master was about to brag, but was stopped at the same time by several other Domain Masters, including the Great Emperor Canghai, Dragon King Domain Master, and Star Domain Master!

The green spirit domain master could only laugh a few times and said: "I don't know the best, I don't know the best!"

...

The blood domain master is dead!

The blood-colored text on the ribs of the blood sea formation in the spirit pool stopped continuing on the upper body, and the blood sea formation in the spirit pool was self-defeating!

The thick blood light is slowly dissipating.

However, Ziyang Thunder Bear didn't stop there, he grabbed it casually, and the five ribs used to arrange the blood sea formation of the spirit pool flew into his hands, and the old bear easily crushed these ribs into powder.

When the wind blows, these powders drift away with the wind!

The evidence of the final existence of the Blood Domain Lord in the Nether Realm also disappeared.

Li Tian and Heiyan Tuan'er appeared slowly.

In the sea of blood just now, Li Tian had agreed to the suggestion of molesting the gods. At this moment, the sea of blood suddenly disappeared, and Li Tian and the black smoke group returned to the blood light.

Li Tian saw the tall purple flame thunder bear at first sight!

This is a relative!

Li Tian was so excited that he rushed forward two steps, put his arms around the purple flame thunder bear and said excitedly: "Big brother, I knew you would come to save me! We are brothers, you won't abandon me because of cultivation. By the way, did you break this blood sea formation? Has the blood domain master been killed by you?"

The reason for Li Tian's excitement was not only because the Purple Flame Thunder Bear came to rescue him, but also because the Purple Flame Thunder Bear came too in time to help Li Tian save the two drops of the gods in the Qiong Spear of the Sky.

Ziyan Thunder Bear looked at Li Tian, who was safe and sound, with a simple smile on his face, and said: "Brother Li Tian is safe and sound. Our brother will relive the old days later. Now let me kill a few more bird domain masters for you. Get out of this bad breath!"

This is called domineering!

The Great Emperor Zichuan woke up from shock in an instant!

My day, things are not right!

Is this trying to kill Laozi?

The Great Emperor Zichuan realized that the situation was not good, his expression was alarmed, and the moment the figure of the Purple Flame Thunder Bear had just moved, the Great Emperor Zichuan displayed an instant and wanted to escape from Yecheng!

The body of the Great Emperor Zichuan had disappeared and only a shadow remained, but at this moment, the Purple Flame Thunder Bear suddenly stretched out his hand, abruptly interrupting the teleportation of the Great Emperor Zichuan, and pulled him back!

When Emperor Zichuan came back, his head was already crushed by the Purple Flame Thunder Bear!

Domineering!

awesomeness!

Ziyan Thunder Bear suddenly turned around and looked at the Donggong Ancient Sword and Donggong Hidden Sword!

"It's your turn!"

Chapter 4683: : Cut weeds and roots (1)

Zichuan the Great, the strength of the newly promoted domain master is not weak, and he would be killed by the Ziyan Thunder Bear in this way!

It's really... so happy to hear!

This sage, the emperor, and the domain masters all looked straight!

This is the first time they have seen someone interrupt the teleportation being performed, this...this **** is really domineering!

By the way, this old bear seemed to be staring at the Donggong Ancient Sword and Donggong Hidden Sword just now. Could it be said that these two goods have not escaped?

Don't tell me, these two goods really haven't escaped!

Of course, it is not that they do not want to escape, but that they dare not escape!

Donggong Buchan is a young generation leader of the Donggong Super God family, and a key figure in the Donggong Super God family!

Now Donggong Buchan died here, and even his head was pierced by the purple flame thunder bear with a wooden stick, and he used an extremely insulting action to pierce the ground. And if Donggong Ancient Sword and Donggong Hidden Sword were confronted with this situation Turn a blind eye, even if they can escape from here by chance, as long as the East Palace Super God Family knows about it, waiting for the two of them will be more terrible punishment than death!

Stretching the head is a knife, and shrinking the head is also a knife!

In that case, Donggong Ancient Sword and Donggong Hidden Sword can only stay here to get a chance!

The air is full of blood, but what is more frightening than this is the murderous aura released from the purple flame thunder bear. Donggong Ancient Sword and Donggong Hidden Sword glanced at each other, and both saw a trace of determination in each other's eyes. !

"Tibetan sword, now we have no retreat, or we will run away now, and live incognito from now on, living a life like a bereaved dog! Or if we join hands now, even if we die, we will die vigorously!" said Donggong Gujian.

"Escape? When did our East Palace Super God Family ever have such a person? Ten thousand years ago, in the battle of Wanshen Mountain, when facing that mysterious woman, did our East Palace Super God Family ever escape? If it wasn't our East Palace Super God The family is sniping that woman from the front. I am afraid that woman has already become the master of the Netherworld!"

"It is hateful that Xiuyu, White Horse, and Sanlu Super God Family, even... It's useless to say these now, let us brothers join forces to deal with this stinky bear! Even if we are not as skilled as humans, we can't Falling into the prestige of our Donggong Super God Family!" Donggong Tibetan Sword said.

A smile appeared on the face of Donggong Gujian, and said, "Yes! We are the Donggong Super God Family, how can we be the people who are greedy and afraid of death. However, if our brothers have the opportunity to grab the head of Lord Buchan, No matter who snatches it back, the other person must desperately protect! This is the face of our Donggong Super God Family!"

"Hahaha, okay! Then let my Donggong hidden knife protect my brother and you grab the head. Today, even if my Donggong hidden knife explodes and die, I have to hold the stinky bear!" Donggong hidden knife nodded and said with a straight face. .

Confucius said to be benevolent, Meng said to take meaning!

Obviously, the Ziyang Thunder Bear did not give the two hapless brothers a chance to become benevolent!

Huh!

Huh!

The figure of Ziyang Thunder Bear instantly teleported to the front of Donggong Gujin and Donggong Hidden Sword.

The ancient sword of Donggong came up and displayed his strongest killer move. The spiritual power of the whole body turned into an ancient sword that was more than ten feet long and shining with golden light at the same time, slashing heavily at the purple flame thunder bear.

The strongest blow from a domain master-level powerhouse is extremely powerful.

Before the slash of this ancient sword fell, the dust under the feet of the purple flame thunder bear had already begun to fly. It seemed that when this sword was slashed, the entire square would be divided into two!

Facing the strongest blow of the Donggong Ancient Sword, the Purple Flame Thunder Bear smiled!

"Damn, Lao Tzu is not Donggong Buchan's opponent, he was beaten into a bear by Donggong Buchan's little Wang Ba Laozi, but do you little scumbags want to make ground on Lao Tzu too? Wishful thinking!"

The purple flame thunder bear roared fiercely, and with this thunderous roar, a bowl of purple lightning spurted out of his mouth!

Purple lightning blasted on the ancient sword. This ancient sword, which is known as the strongest strike of the Donggong ancient sword, was like glass, and was instantly melted by the purple lightning!

Huh!

Ziyan Thunder Bear stretched out his hand and grabbed the dull Donggong Ancient Sword in his hand. With a slight force on his palm, one arm of the Donggong Ancient Sword was crushed by the Purple Flame Thunder Bear.

"Little bugs, dare to show their ugliness!" Ziyan Thunder Bear said with a sneer.

The ancient sword of the Donggong is completely ashamed!

He knew the huge gap between the domain master and the super domain master, but he didn't expect that the strongest attack of his Donggong ancient sword would be so vulnerable!

Ziyan Thunder Bear carried the ancient Donggong sword and teleported back to Li Tian. He threw it away, and threw the ancient Donggong sword at Li Tian's feet, and said: "I will leave this to you to deal with, and I will catch another one. !"

Ziyan Thunder Bear is now completely bullying and bullying the weak. If the material elder knows that Ziyan Thunder Bear is like this, he should be happy or happy for him!

Huh!

The purple flame thunder bear instantly came to the Donggong hidden sword again!

The expression of Donggong Tibetan Sword is ugly, and the beads of sweat on his forehead keep dripping down again, it seems that he is extremely painful!

"Since you are in such pain, then let me help you relieve the pain!" Ziyan Thunder Bear sneered, easily crushing the two arms of the Donggong Hidden Sword, and then carried the goods to Li Tian.

The Territory Broken Tower and the Great Emperor Qinshan, although they have reined in the precipice, they saw the Purple Flame Thunder Bear so domineering. When the Purple Flame Thunder Bear killed the Emperor Zichuan, these two guys teleported and fled!

As for the other emperors, they have already escaped without a trace!

The Yecheng incident should have almost come to an end by now.

The ancient sword of Donggong and the hidden sword of Donggong fell into Li Tian's hands. If nothing happens, they will definitely die.

The powerhouses onlookers, because of the words of the Azure Spiritual Domain Master, are also very worried now. After seeing the Azure Spiritual Domain Master left, at least dozens of powerful people followed Yecheng.

...

Li Tian looked at the Donggong Ancient Sword and Donggong Hidden Sword kneeling in front of him, just like a villain. He slightly picked the chin of the Donggong Ancient Sword with the spear tip of the Heavenly Qiong Spear, and said with a sneer: "Blood Territory Lord, Zichuan the Great and I have a bit of hatred. I can understand that they want to kill me. Yushuang Domain Lord has taken my Red Slash, wanting to take possession of it, and I can understand that they want to kill me. But I and Donggong The Super God family has no grievances and no grudges, but I don't know why you want to die with me?

"Why? Why on earth?"

"I don't want to kill people, I don't want my hands covered with blood, but you are forcing me, forcing me to kill you, since your desire to die is so strong, then I can only meet your needs!"

"But since you are all dying, leave all your spiritual power to me! Hehe!" As soon as the voice fell, Li Tian's left palm slammed onto the head of Donggong Ancient Sword, and Li Tian's arm grew out of it instantly More than a dozen transparent tentacles!

These tentacles drilled in along the seven orifices of the ancient Donggong sword, and began to frantically absorb the spiritual power in the veins of the ancient Donggong sword!

Chapter 4684: : Cut weeds and roots (2)

When the tentacles entered the body of the Donggong Ancient Sword, the Donggong Ancient Sword uttered a vague shout, but soon the Donggong Ancient Sword had no consciousness, and Li Tian could only let Li Tian swallow his spiritual power!

The eyes of Donggong's hidden sword yin bird were finally full of blood, and there was only a cold hatred in these eyes. It seemed that Li Tian could not be smashed!

Li Tian kicked the waste that had been crushed by the purple flame thunder bear to the ground.

"What do you look at? Lao Tzu is the winner of this incident. Do you still want to kill Lao Tzu with your eyes? If Lao Tzu's body has a limited range of tolerance, you can't absorb the spiritual power of both of you at the same time, otherwise you too Could this end!"

"Hey, but don't worry, my fate will be worse than the Donggong Ancient Sword! You will be swallowed into the body by Lao Tzu like the material elders, and become the spiritual energy storage that resides in Lao Tzu's body!" Li Tian said with a sneer. .

The Ziyen Thunder Bear is too wasteful of resources and wants to kill the Donggong Ancient Sword and the Donggong Hidden Sword. This kind of thing Li Tian will absolutely not tolerate!

What a joke, if I want to quickly cultivate to the domain master level, he can rely on the spiritual power of these domain master level experts, how can such precious resources be wasted like this!

Then, Ziyan Thunder Bear obeyed Li Tian's persuasion, stayed under the knife, and captured these two guys alive.

But Ziyan Thunder Bear didn't expect Li Tian to be more cruel, and would actually ***** these two goods to death! Regarding what Li Tian did, Ziyan Thunder Bear can only say: Nice work!

Huh!

The purple flame thunder bear teleported to the vicious dog!

The Yin Demon Ting Niu Territory Lord, Tiangang Flame Raccoon Territory Lord, Earth Fiend Heavenly Eagle Territory Lord, Female Territory Lord, and Dark Soft, etc. just woke up. The Purple Flame Thunder Bear is now in the Super Territory Lord realm and is unique. He will naturally not give up This is a show-off opportunity.

As for the embarrassment of him being beaten into a dog by Donggong Buchan, only a mysterious woman knows that Ziyan Thunder Bear would never tell it by herself!

After the female domain master woke up, she looked at Li Tian and saw that Li Tian was safe, and the female domain master showed a relaxed expression on her face.

Huh!

The female domain master disappeared!

Some people are gone, some people still stay here.

The strong ones who remain, not only want to continue to see the heroic appearances of Li Tian, Tang Xiaolong, and the purple flame thunder bear, but more because these strong men are disturbed by the words of the Qing Lingyu master, and urgently need it. Find a strong backing.

For now, the most powerful in the Netherworld are still the four super ***** families and the Nether Academy. These five houses are definitely the thickest five legs. If you hold your thighs, these five retreats are the best choices.

However, no matter it is the four super ***** families or the Netherworld Academy, how could they easily recruit these 'garbage' of unknown origin and weak cultivation base!

These powerhouses are not stupid. They saw that Li Tian was surrounded by powerhouses in the super domain master realm like Ziyan Thunder Bear, and with the help of god-level uncles.

Although Li Tian's thigh is not very strong, if he can Hugging this leg, it must be excellent too!

It's just that they also understand that Li Tian is at a critical juncture, and if they bother Li Tian now, the result is not ideal!

The most calm among these powerhouses is the Great Emperor Canghai, the Star Domain Master, and the Dragon King Domain Master!

After the Dragon King domain master saw the female domain master teleported away, he also left Yecheng with a group of strong people.

Seeing that Li Tian and Tang Xiaolong were both safe and sound, Emperor Canghai saw that the stone in his heart had fallen to the ground, and he was about to leave, but was stopped by the star domain master.

"Emperor Canghai, your performance today really surprised me, but now we have offended the East Palace Super God Family. If you leave like this, are you afraid that the East Palace Super God Family will trouble you?" Star Domain Master said with a smile.

The Great Emperor Canghai stood still, turned around and looked at the Star Domain Master!

It didn't take long for Emperor Canghai to announce that he became the realm of the domain master. Except for fighting side by side today, except for their daughter who is a classmate of the Nether Academy, he and the star domain master hardly have much overlap.

The Great Emperor Canghai quickly swept across the stars and Xiaoyue and landed on the Master of the Star Domain, nodding his head with relief, and said, "The greatest fear of the Great Emperor Canghai is trouble, but the most feared thing is also trouble!"

"What I did today will probably be passed on to the Donggong Super God Family tonight. They will definitely think that I am Li Tian's helper, and I have been labeled as Li Tian! Since the Donggong family wants Trouble with me, let them come!"

"There is no turning back arrow in the bow. Since this is the result, I can only follow the result!"

"I also agree with the words of the Green Spirit Domain Master. The Netherworld has already begun to be turbulent, and the weak of the Netherworld in the future can only stay warm, otherwise they will be overthrown by this monstrous wave! Since I already have the label of Li Tian on my body, I have no choice, so I plan to unswervingly support Li Tian!"

The Star Domain Master glanced at Xingchen Xiaoyue, then shook his head, and said: "Ye Cheng originally wanted to watch the excitement, but he was involuntarily implicated in the struggle between the Super God Family and the Netherworld Academy. I am afraid now. Like you, I was also labeled Li Tian."

"It's just that Li Tian's wings are not hard right now. If he wants to persevere in the next storm, he must have more people recognize him and support him! So I decided to continue to stand behind Li Tian, not being him. Backing up, we must share the wind and rain with him!"

The reason why the Yecheng event was able to attract almost all the ninth-level experts, emperors, and domain masters born in the Netherworld here is precisely because they all smelled a hint of danger.

Now, the prelude to the Great Chaos in the Underworld has been opened!

"The master of the Azure Spirit Realm took away a group of people. It seems that the ancient family behind him is ready to exert its strength! The Lord of the Dragon King also took away a group of people. It seems that their family is not willing to wait for death! They were also unknowingly taken away by the spokespersons of other ancient families and mysterious races!"

"The most important thing for us now is to let Li Tian know about the recent changes in the Netherworld! Then let Li Tianxian set up the banner, only then will there be other strong people willing to submit!"

"What deserves our attention are those ancient families and mysterious races that have already taken action. The strong ones in these families and races don't have to be the weak now born!"

The two domain owners talked about the future trend of the Netherworld and what Li Tian should do, and Li Tian is still absorbing the spiritual power in the body of the ancient sword of the East Palace!

What Li Tian didn't expect was that the Donggong Hidden Sword, whose arms had been crushed, still had its killer's mace. At this time, the Donggong Hidden Sword was brewing his strongest attack!

"Li Tian, now you are close to me, I see how you can avoid my strongest blow!" Donggong Hidden Sword tried to endure the pain, thinking with a sneer in his heart.

Chapter 4686: : Cut weeds and roots (3)

Donggong Tibetan Sword's natural practice is the Tibetan sword technique!

This is a special cultivation technique that uses the spiritual power in the veins as the knife and the body as the scabbard!

The most mysterious thing about this kind of exercise is that even if the arms of the Donggong hidden sword are abolished, as long as his body is preserved, he can use this trick!

After a few minutes of preparation, the spirit sword in the body of the Donggong Hidden Sabre was ready, and it could break out and slash towards Li Tian at any time.

However, since it is a natal practice exercise, once the Donggong Tibetan Sword is used, it will basically be declared dead!

Therefore, the Donggong Tibetan Sword cannot be acted rashly, he demands that it must be killed with one blow!

Li Tian didn't feel the danger coming, and was still silent in the joy of absorbing the ancient sword of Donggong!

At that time, after Li Tian absorbed part of the spiritual power of the Lord of the Frost Territory, he could no longer absorb the spiritual power of another Territory Lord, and the arrival of the god-level uncle gave Li Tian a fat beating, which was regarded as a solution to Li Tian's Urgent.

Now, Li Tian can ***** the Donggong Ancient Sword to death, and he is also safe and sound.
boom!

At this moment, the spiritual strength cultivation of Donggong Ancient Sword finally fell into the realm of the Emperor!

Li Tian's face involuntarily showed joy, and the moment Li Tian showed joy, his spirit was extremely relaxed, and his sensitivity to danger had been reduced to a minimum!

"It's now!"

The body of Donggong Tibetan Sword suddenly moved!

I saw that the Donggong Tibetan Sword that had fallen to the ground suddenly stretched out two **** hulala arms. In these two arms, a spirit sword was held tightly and fell heavily towards Li Tian.

Li Tian suddenly smiled. The Qiong Lance of the Sky that he was holding tightly in his left hand violently picked off the sword with ease.

"Hundred-legged insects die but are not stiff, I still understand the truth! Since I dare to let you kneel down in front of me, then Li Tian has the confidence to resist easily!" Li Tian said proudly.

The extreme happiness creates sorrow, and Li Tian hasn't finished saying these words. Sudden change!

puff!

A blood spattered from the body of Donggong's hidden sword, and it was scattered on Li Tian!

The body of the Donggong Hidden Sword was slashed away from the inside to the outside without any warning, and then a slashing force followed the blood to Li Tian.

The speed of this slashing force is beyond Li Tian's imagination, and the slashing power is so powerful that it has definitely reached the strongest attack in the realm of the domain master. More importantly, the slashing of the life technique of the Donggong Hidden Sword is based on him. A tricky machine at the cost of life!

Li Tian has been unavoidable!

The danger has come, but Li Tian has no way to react!

Li Tian could already feel the spiritual power of that slash cut through his clothes, and his skin already felt a little pain!

Death, Li Tian once again felt that death was so close to him!

This time you pretended to be forced to fight again!

The **** obscene god, if it wasn't for him to share the fruits of victory and devour the Donggong Hidden Knife to make up for his wounded heart for not getting the gods, at this time the Donggong Hidden Knife has become a corpse!

But now, even if Li Tian complains about molesting God, it is futile!

What's more, Li Tian hasn't had time to complain about molesting God!

All this changes too fast!

When the brothers of Canghai Great, Star Territory Lord, Youanrou, and Li Tian felt the spirit power fluctuations here, the spirit knives that came out of the body of the hidden sword in the East Palace had already slashed on Li Tian with the blood.

At the same time, Donggong's hidden knife spit out a mouthful of blood!

"Li Tian, I think who can save you this time? Hahaha, don't you want my Donggong hidden sword to die? Even if my Donggong hidden sword dies, I will pull you back!" Donggong hidden knife thought in his heart .

It's a pity that the wise man must have lost everything. The Donggong Hidden Sword counted all Li Tian's reactions. He just didn't think of the black smoke ball on Li Tian!

When Donggong's Hidden Knife's Spirit Knife cut through Li Tian's body and the skin was not as deep as a pinky finger, his knife could no longer move forward an inch, no, even half an inch!

In the abdomen of Li Tian's body, the black smoke group used his body to condense into a short stick as black as charcoal, and this short stick just blocked the slash of the Donggong Tibetan sword!

Hey!

Hey!

The short rod and the spirit knife intersected, making a harsh sound.

Donggong Zangdao stared blankly at the short rod suspended in mid-air, and his eyes darkened suddenly.

This is the rhythm of unlovable, dying!

Damn your sister!

Is Lao Tzu going to hang up like this after the raid?

Seven or forty-nine black electric dragons appeared on Li Tian's right-handed Heavenly Qiong Spear in an instant!

This is not an ordinary black, but a black electric dragon combined with a black flame and a purple electric dragon!

Ouch!

The forty-nine black electric dragons instantly blasted the spirit knives cut out by the two **** arms behind the Donggong Tibetan Sword into shards and swallowed them. Then Li Tian's right hand pierced the Donggong Tibetan spear. The heart of the knife!

At this moment, Li Tian suddenly felt a powerful wave of spiritual power in the air near him, and then the Great Elder appeared beside Li Tian.

"Keep people under the gun!" The Great Elder shouted to Li Tian.

If the Great Elder didn't call these words, Li Tian's actions might be half a minute slower, but when he heard the words of the Great Elder, Li Tian's hands moved faster.

puff!

The Qiong Spear of the Sky has pierced the heart of the Donggong Hidden Sword. Dozens of black electric dragons followed the Qiong Spear of the Sky and got into the body of the Donggong Hidden Sword. In a flash, the Donggong Hidden Sword was swallowed by black flames. .

You can't die anymore!

And Li Tian's left arm, those transparent tentacles instantly retracted, and then seven or forty-nine purple electric dragons got into the seven orifices of the ancient sword of Donggong!

Hey!

Almost at the same time, the Donggong Ancient Sword and Donggong Hidden Sword, holding hands, went to Huangquan happily together!

Li Tian didn't know why the Great Elder came here suddenly, let alone why the Great Elder asked him to "keep people under the gun", but this is not the point. The point is that Li Tian is unlikely to let the Donggong Ancient Sword and the Donggong Hidden Sword be two. This guy will survive!

"Elder...you...why are you scaring me! Originally I just wanted to scare them a bit, but you suddenly appeared frightened and killed them both at the same time! Little Li Tian, my enemy, the elder should There is no opinion!" Li Tian said with some trepidation.

The deal is done, and the bodies of the Donggong Ancient Sword and Donggong Hidden Sword have been swallowed. What can the Great Elder do?

"Elder Li Tian, you...you shouldn't be so reckless!"

"Don't look at the grandeur of the old dean, but when the Nether Academy and the Donggong Super God Family are fighting, this Nether Realm will be shaken, as long as you save people from here, there is still a chance for this matter, but you are now Killing two domain master-level powerhouses in a row, this time... It seems that the East Palace Super God Family and Nether Academy can only be immortal!" said the elder.

Chapter 4687: : Vertical flag

At this moment, the great elder suddenly saw Donggong Buchan's head stuck with a wooden stick on the ground.

The great elder seemed to have been struck by lightning, his head buzzed, and the great elder stood stunned and instantly lost his consciousness. His voice trembled and said, "This...what is going on? Donggongbu explained the head. Why did you die here?"

Huh!

Ziyan Thunder Bear teleported over, his face slightly flushed and said: "This...this was killed by my old bear, what's the matter? Allow them to want to kill Brother Li Tian, don't you allow us to kill them? Whose reason is this! My old bear disagrees!"

The elder looked at the purple flame thunder bear, and remembered Li Tian's worshiping brother that the elder in charge had mentioned.

"You're the Purple Flame Thunder Bear? Sure enough, the elder in charge was only ordered to teach you the Nether Beast Art. In such a short period of time, your cultivation level has reached the super domain master! No wonder King White Horse said the East Palace Bu Chan has already shown his death, and died in the hands of a genius like you, he is not wronged!" The Great Elder came back from the Underworld, and now he still doesn't know what happened in Yecheng this day and night. thing.

But the great elder is after all the great elder of the Netherworld Academy. Of course, when he saw Donggong Buchan's death here, which kind of absent-mindedness only lasted for a while, he was completely awake.

After being said by the great elder, Ziyan Thunder Bear became more embarrassed, and thought in his heart: "Fuck, it would be nice if my old Xiong had such a strong cultivation base! At least when he tells such a lie, My old bear will not be so panicky!"

Ziyan Thunder Bear subconsciously reached out and touched his space ring, thinking of the "Heaven's Fall and Earth's Crack" cultivation technique in the space ring, there was a fire in his heart!

There will be this day soon!

Now my old bear already has martial skills, plus there are three stone tablets on the top of the holy peak, I have not penetrated, as long as I can see through the remaining stone tablets, old Xiong, my cultivation strength will definitely rise to a higher level, maybe I can reach it. Xiuyu loneliness, god-level men and mysterious women are strengths.

While thinking about the Ziyan Thunder Bear's mind, Li Tian had already invited the Great Emperor Canghai, the Lord of the Stars, the Dark and Soft, and the Lord of the Yin Mo Yin Niu, the Lord of the Divine Buzzard, the Lord of the Tiangang Flame, Tang Xiaolong, He came over, and then briefly told the elder what happened in Ye Cheng.

Hearing that Li Tian injured the Frost Territory Lord and 'killed' the traitorous material elder, the old face of the elder was relieved and said: "Kill it, kill it! Just like the Purple Flame Thunder Bear said. , Is it possible that they are only allowed to kill Li Tian, and Li Tian is not allowed to fight back and kill them?"

"The Netherworld is always respecting the strong and eating the weak. Their fall can only show that their skills are not as good as others! This time the Donggong Super God family is ashamed, they will definitely not give up, Elder Li Tian, follow me back to the Nether Academy. Nether Academy is guarding you, I see who dares to come to the Academy!"

Li Tian looked at the Great Emperor Canghai, the Star Territory Lord and others, and said calmly: "What about them? They started because of me. They are now involved in this battle. Can Nether Academy give the Canghai Empire and the Star Territory? The Lord's State also provides asylum?"

Li Tian's proposal is reasonable, after all, Li Tian is the elder of Nether Academy.

The Grand Elder hesitated a little, and said: "I need to go back to discuss this matter with the old dean and the elders. You also know that our Nether Academy has never participated in any power struggle activities. It is precisely because of this. The college can stand for tens of thousands of years!"

The Great Emperor Canghai and the Star Domain Master looked at each other.

The Great Emperor Canghai said: "There is Elder Lao! However, the Nether Academy is different from the four super **** families, and there is no precedent for protecting our empires and territories. Brother Li Tian said that it is difficult for a strong man!"

The great elder had such concerns in his heart. Hearing that Emperor Canghai could be so sensible, he felt a little more fond of Emperor Canghai.

The Star Territory Lord continued: "Since we dare to stand up to help Li Tian, we don't worry about the Eastern Palace Super God Family's revenge. If Li Tian you really want to protect our Canghai Empire and the Star Territory Lord Kingdom, it's better for you. Come for shelter!"

"Me? My cultivation is only in the realm of the emperor, how can I provide shelter to you in the realm of the domain master? No, no, no, no!" Li Tian waved his hand and said.

The Great Emperor Canghai said with a smile: "Brother Li Tian, don't underestimate yourself. Although your cultivation is only in the realm of the emperor, but after this Yecheng war, Li Tian, your name has resounded throughout the entire Nether Academy. The cultivation base of the realm, killing the digital domain master-level powerhouse, now you are sharp and sharp, coupled with your worship brothers, and the existence of the super ***** uncle, no matter who wants to move you Li Tian, It must be estimated!"

"Yes, Li Tian, if you take this time to raise your own banner, quickly occupy and integrate the kingdom of the blood domain master, Yushuang domain master, Zichuan the Great, Huanglou Huangzun, etc., in uniting the sea Empire, my kingdom, and the dark forest, I see who dares to move us easily! Li Tian, only when we are strong together can you really provide us with shelter!" said the star domain master.

My day!

Li Tian suddenly felt a yellow robe added to his body!

A day ago, his mind was still thinking about how to rescue the three Nether brothers and their fathers, but now, the star domain master actually wants him to set up his flag, play his own banner, and fight against the super ***** family and the ancient family.

Why did Li Tian feel an inexplicable feeling of excitement in his heart? It seems that at this time, Li Tiancai felt that he had gained a firm foothold in the Netherworld for the first time!

Xingchen Xiaoyue witnessed Li Tian's sturdiness with her own eyes. At this time, she saw Li Tian's eyes were no longer cold, but there was a trace of worship in her eyes involuntarily!

"Li Tian, you can!" Xingchen Xiaoyue said with a low eyebrow.

Li Tian's gaze was towering over the stars and the moon...Ahem, Li Tian's gaze was caught by the star domain master, and Li Tian was suddenly embarrassed!

"Li Tian, I believe you can!" You Anrou said firmly.

Among so many people, only the Purple Flame Thunder Bear knows how powerful and powerful Li Tian's backstage is. At this time, he is naturally unwilling to be reconciled, his expression excited, and firmly said: "Brother Li Tian, no matter what Every time, my old bear believes in you!"

Everyone says that Li Tian is OK, but how can a man like Li Tian say that he can't?

Li Tian held the Qiong Spear of the Sky tightly, held the Qiong Spear of the Sky with excitement, and shouted, "Fight up the flag! Fuck it!"

Chapter 4688: : JaiXi must report

The other powerhouses who are still in Yecheng are suddenly a little excited!

It seems that being able to follow Li Tian is also a good choice. After all, Li Tian is a fierce man who can fight against the Donggong Super God Family!

"Master Li Tian, accept us? We are willing to follow Master Li Tian!"

"That is, we are all staying here now, maybe the Donggong Super God Clan will also treat us as an accomplice of Li Tian... No, it is an accomplice, it is not right, it is an alliance! In this case, Li Tian will fulfill us! "

"That's right, since Master Li Tian you have set up the flag now, we are willing to come here sincerely, and hope that Master Li Tian can accept us!"

The cultivation bases of these powerhouses are not very strong, most of them are in the early stage of the ninth level of the Venerable, and there is not even a powerhouse of the Emperor Venerable!

But this number is really quite a lot. There are only thirty-two strong people in the early stage of the ninth level of Venerable, and nine strong people in the mid-level of the ninth level.

The faces of the Great Emperor Canghai and the Star Territory Master couldn't help showing excitement. They hoped that Li Tian could raise the flag. They didn't expect that this matter would be confirmed so quickly, and there are still so many powerful men willing to follow Li Tian!

The Great Elder looked at Li Tian, and suddenly felt a sense of loss in his heart, as if something originally belonged to the Netherworld Academy...people, unknowingly, they lost it!

Li Tian has decided to stand up and go it alone, but Li Tian is not an idiot either!

Li Tian knew that this time he could achieve a complete victory, and the most important credit was of course because the Nether Academy was carrying the East Palace and the Sanlu Super God Family in the front!

As the old warrior said, Nether Academy and the two super **** families may not be able to fight at all, but it also repeats that the Nether Academy is so powerful, how can Li Tian destroy the Great Wall by himself!

"Elder, Li Tian, I am always the elder of Netherworld Academy. This time I thank you, Nether Academy, the old dean, and the elder, thank you to the other elders. I, Li Tian, can retreat safe and sound. Li Tian will never forget my kindness!"

"Now I raise the flag not because my Li Tian has stiff wings and I want to fly out of this home in Nether Academy, but because I have a more important responsibility on Li Tian's shoulders to resist. Whenever, as long as Nether Academy has a call , Li Tian will be back to the academy in the first time!"

"Although I said it was setting up the flag, everything is still messy, and we still need to hurry up to deal with it. So for the time being, I won't go back to the Nether Academy with the Great Elder. I will confess the crime to the Great Elder first. I will smooth things out and go back to the Nether Academy!" Li Tian said.

The Grand Elder showed a gratified expression on his face, grabbing Li Tian's hand, and firmly squeezed and said: "We did not misunderstand you! Nether Academy is also your strong backing, Li Tian, we don't cause trouble, but we are never afraid of trouble. !"

The great elder did not stay in Yecheng for too long, and after a few words with Li Tian and the others, he left Yecheng. But before the Great Elder left, he took away Donggong Buchan's head!

After that, Li Tian handed over the ninth-level powerhouses who were willing to follow him to the Great Emperor Canghai and the Star Domain Master, who would audit these powerhouses in a unified manner, and Li Tian began to quickly arrange tasks!

Li Tian asked the Yinmoyin Bull Territory Lord and the Earth Fiend Heavenly Eagle Territory Lord to go to the Venerable Kingdom of the Blood Domain Lord, and the two Domain Master-level powerhouses would control this Venerable Kingdom!

Li Tian's attitude is very clear. If anyone resists, he will kill him!

With the actions of Li Tian's two brothers, it should not be difficult to control this kingdom of the Lord!

Li Tian let Tiangangyan Liyuyu and Youanrou go to Zichuan Empire.

The Zichuan Empire is an empire, different from the ordinary state of the Lord, in addition to absolute force, it also needs certain skills!

Li Tian's idea is very simple, just like in Nanchu County, he only needs to find a puppet emperor. In this respect, there should be no difficulty with dark and soft following.

The Venerable Kingdom of Huanglou Huangzun was left to Tang Xiaolong and the vicissitudes of life, and Li Tian asked them to take the blue tiles together!

The same is Huangzun, Tang Xiaolong is much stronger than Huanglou Huangzun, and now there is the same abnormal guy, Xiaoqingwa, who dares to resist, it will only become Xiaoqingwa's food.

In the end, he stayed in the kingdom of the Lord of the Frost Territory. Because of the gate of the forbidden zone of the master of the Frost Territory, Li Tian was not at ease with whom the Lord of the Frost Territory had entrusted Li Tian, so he could only go there!

Those who are willing to follow Li Tian's ninth-level powerhouse, none of them are the masters of the kingdom of the venerable, which made Li Tian's heart a little disappointed!

His mother is already a ninth-level powerhouse of the Venerable, and she is not yet the leader of the Venerable Kingdom. No wonder he is following me, Li Tian!

But this is also good, that is, they have no worries!

Li Tian also assigned these powerful people to the Tiangangyan raccoon domain master, Yinmoyin cattle domain master, Tang Xiaolong and others, and let these powerhouses follow them to new jobs and make contributions!

The tasks of the Great Emperor Canghai and the Star Territory Master have been completed. All they have to do is to return to their area and raise the banner that Li Tian painted for them, indicating that they are now under Li Tian's protection!

The only thing left is the kingdom of Lord Frostland!

This Venerable Kingdom is more important to Li Tian than any Venerable Kingdom, because the gate to the forbidden zone to the earth world is in this Venerable country.

Li Tian is from the earth, he has the responsibility and obligation to protect the earth world from the powerhouses of the underworld. Of course, Li Tian will send Windsor back to the earth world!

Ziyan Thunder Bear is now the strongest person around Li Tian, naturally following Li Tian.

Li Tian entered the space of Void Yasha again, and visited the three sons of the Netherworld and their fathers who were rescued by him!

The father of the three sons of the Netherworld was grateful to Li Tian, and even wished to kneel down a few for Li Tian, but it was a pity that they had no legs, and it was impossible to kneel!

The legs of Yecheng Huangzun, Zhao Family Huangzun, and Dragon Emperor Huangzun all had 'powdered' fractures, and there was no cure at all. Liu Yihui chose to amputate them!

These three emperors were already very satisfied to save their lives.

When I heard that Li Tian had set up the flag and decided to include the three kingdoms of venerables in his asylum, these three venerable kingdoms turned out to be in tears, excited and wondering what to say.

Li Tian saw that their amputated legs had been soaked in the green trees and were healing quickly, and Li Tian brought them all out of the void of Yasha!

Ye Meijing was also left in Yecheng by Li Tian!

As for the Third Young Master Nether, because of Zhao Ritian's goods, the Third Young Master Nether and Li Tian will inevitably have a gap, although they are still close, they can no longer be intimate!

In Yecheng Li Tian left three ninth-level powerhouses, let them assist the three emperors to slowly regain their country!

Everything has been arranged, now it's time to go to the kingdom of Lord Frostland!

No, go to the gate of the restricted area first!

Damn, the shame of being beaten up in the Netherworld should be washed away!

Chapter 4689: : Reactions from all parties (1) (first more)

In the Battle of Yecheng, the news of Li Tian's final victory was like putting on his wings, and it was transmitted to the major forces in the Netherworld within a few days.

You Dalu, one of the four super-god families, the Sanlu Super-God Family, is in charge of the hall, brightly lit!

Sanlu Shangqing, the current patriarch of the Sanlu Super God family, and the twenty-four elders in the family who have reached the realm of the super domain master are all listed.

At this time, the Sanlu Secret History elder in charge of intelligence collection is reporting on the intelligence obtained by assisting the battle of the Eastern Palace Super God Family! These pieces of information are all top secret, except for the patriarch and the twenty-four elders, even the powerhouses of the superdomain master realm in the other clan have no right to know!

Regarding the defeat of the Donggong Super God Family, the Sanlu Super God Family neither had the same enemies nor gloated over misfortunes. They used the intelligence during the battle to analyze the future direction of the various forces in the entire Netherworld.

"This time the outcome of the Yecheng War has become a foregone conclusion, but in the course of this Yecheng War, there is a lot of intelligence worthy of our attention."

"The first is the White Horse Super God Family. According to the information, when he met White Horse King Kong at Donggong Buchan, Baima King Kong personally received Donggong Buchan and explained the face to Donggong Buchan, asserting that Donggong Buchan showed a dead face!"

"Through this information, we can analyze that although the White Horse Super God Family did not directly participate in this Yecheng battle, they still have some guidance on the Donggong Super God Family, but Donggong Buchan, this fool, did not recognize the White Horse King Kong. The importance of his words and deeds!" Sanlu Secret History said.

Sanlu Taishi, who was in charge of the real-time record of the Sanlu Super God family, slowly opened a roll of animal skins placed on the table in front of him, stretched out his hand to stroke the text on the animal skins, and slowly said: "Ten thousand years ago, I already had half of it. The Donggong Batian of the power of the gods united the White Horse family, the fish repair family, our Sanlu family, and other ancient families and mysterious races, and instigated almost all the domain masters of the Nether Realm to block the gods from the Ten Thousand Gods Mountain.

"In the Battle of the Ten Thousand Gods Mountain, although successfully killed and wounded a god, the Nether Realm also suffered heavy losses. The domain master-level powerhouses were almost slaughtered, and the super domain master-level powerhouses fell thousands. We The four super **** families also suffered heavy losses!"

Sanlu Taishi's age is high, and the onset of eye disease caused blindness in both eyes. However, the status of Sanlu Taishi is lofty, and all the elders present did not dare to despise him. Everyone patiently listened to Sanlu Taishi slowly speaking about that time. Big event'.

"However, according to the records of the survivors' words compiled at the time, it is certain that Donggong Batian had rescued the White Horse Buddha under the hand of the goddess at that time, but it is a pity that the strongest member of the White Horse family, the White Horse Buddha, eventually fell. Wanshen Mountain, and their white horse family artifacts are also lost in Wanshen Mountain!"

The Secret History of Sanlu nodded slightly, and said: "After the Mount of Ten Thousand Gods, the four super **** families have less and less exchanges. This time the Donggong step went to the Underworld. The White Horse King Kong personally received him and pointed him. It seems that the White Horse family still thinks about it. Donggong Batian's kindness! The future does not rule out the possibility of cooperation between the White Horse Family and the Donggong Family!"

"Second, you all know that this time Xiuyu lonely came forward and intervened in the stalemate between Donggong, Sanlu, and Nether Academy. According to intelligence, Xiuyu loneliness and Nether Academy's traitor Chu Jiangnan had a secret deal, but what is the secret deal? What, I don't know yet!"

The patriarch Sanlu Shangqing waved his hand and said, "This transaction is very important, and we must investigate it clearly!"

"Okay! Then I continue?" Looking at Sanlu Shangqing nodding slightly, Sanlu Secret History continued: "Based on this piece of information, we can analyze it. Although Chu Jiangnan betrayed the Nether Academy, he still has some interest in the Nether Academy. Feelings, if Nether Academy is hurt, Chu Jiangnan will not sit idly by!"

"The most important thing is Chu Jiangnan's attitude towards Li Tian. According to intelligence, the reason why Li Tian can break through to the realm of Emperor Zun in a short period of time is also inextricably related to Chu Jiangnan!"

"Also, it's the Super God Family of Xiuyu! Through the loneliness of Xiuyu hiding from Donggongbu, but not seeing it, but secretly trading with Chu Jiangnan, it can be analyzed that the attitude of Super God Xiuyu towards Donggong Super God family is not counted friendly!"

There was a slight smile on Sanlu Taishi's face, and he reached out to touch the animal skin roll in front of him, and said: "The Super God Cultivation Family has not fallen into the stone. The action against the Super God Family in the East Palace is already the Super God Family in the East Palace. Benevolence and righteousness are exhausted! Donggong Batian thinks that what he did is perfect, but through some intelligence collection and summary, we can still analyze that the death of Xiuyu Super God family Xiuyubai cannot be separated from Donggong Batian!"

"It's just a pity, people are not as good as heaven..."

Everyone is still waiting for Sanlu Taishi to continue to tell the history of the Battle of Wanshenshan, but Sanlu Taishi suddenly stopped talking.

The Secret History of Sanlu continued: "There is one more thing that deserves special attention, which is the cause of death by Donggongbu!"

"Is there anything wrong with Donggongbu's death?"

"As we all know, Donggong Buchan died in the hands of Li Tian's brother, Ziyan Thunder Bear, but according to the analysis of Ziyan Thunder Bear's strength, he does not have the strength to kill Donggong Buchan, which means that Donggong Buchan is very likely. It died in the hands of other people, under the guise of the life of the Purple Flame Thunder Bear!"

Sanlu Shangqing's expression suddenly became serious, and said, "Who might have moved the hand?"

"Two possibilities, first Chu Jiangnan! Second, the woman from Wanshen Mountain..."

Sanlu Shangqing heard this sentence with a shocked expression on his face, and stood up abruptly, and said in a trembling voice: "What? That woman? Isn't she trapped in Wanshen Mountain? Isn't it her... The cultivation base has been restored?"

"No, I have to report this to my ancestors!"

Sanlu Shangqing left the many elders in the main hall and hurried out!

...

You Continent, Donggong Super God Family!

As the parties involved in this big incident, although the Donggong Super God Family cannot be described as a defeat, it is also very embarrassed.

The dignified Eastern Palace Super God Family gathered many domain masters and many emperor-level powerhouses in the Netherworld, just to deal with a Li Tian who had only recently broken through to the emperor realm, but the result?

Yu Shuangyu, the slave of the Eastern Palace Super God family, was killed!

Two domain master-level clansmen of Donggong Hidden Sword and Donggong Ancient Sword were killed!

Donggongbu explains the difference in the body of this super domain master-level powerhouse and the young generation leader of the Donggong super ***** family!

This made the Donggong Super God family face disgraced!

The most polite thing is that the patriarch of the Super God Family of Xiuyu, Xiuyu loneliness, this pretending to be forced to act as a peacemaker!

Donggong Mudan (old woman) shut herself in the training room without seeing anyone in order to punish herself!

"Li Tian, this little doggie, I didn't expect that you still showed fangs. If I can't kill you, I, Donggong Peony, will go to see Donggong Batian with a face even after death!"

Chapter 4690: : Reactions of all parties (2) (2nd more)

Tuk tuk!

There was a knock on the door outside, and before Donggong Peony stood up to open the door, a man in a black robe had already pushed in! The figure of the black-clothed man flashed, and Da Ma Jindao sat on the Grand Master's chair, looking at Donggong Peony with a gloomy expression!

Seeing the visitor, Donggong Mudan showed a trace of trepidation on his face, and quickly stood up, knelt down in front of this person, bowed his head and saluted this person.

"Patriarch, you... how did you get out?"

The visitor is no one else, it is the patriarch of the Donggong Super God Family that is shaking the sky!

Donggong Zhentian is the brother of the former patriarch Donggong Batian. The two are about the same age, but they are very different in their cultivation talents.

Donggong Batian's cultivation base tens of thousands of years ago had entered the semi-god realm, and he was one of the few strong men in the entire Nether Realm who could ascend into the ***** realm, but Donggong Zhentian's cultivation base was only at the fifth level of the cultivator!

It is a template for waste materials!

But when Donggong Batian was seriously injured and he passed away soon after he was severely injured, Donggong Zhentian's cultivation talent was thoroughly stimulated. It took less than 10,000 years for this guy to be promoted from the fifth level of the cultivator. It has almost reached the realm of a demigod now!

However, he retreats thousands of years ago and delegated the management power of the Donggong Super God Family to Donggong Mudan, the purpose of which is to attack the semi-god realm.

However, Donggong Zhentian's retreat cultivation was not ideal. After a thousand years of cultivation, he was still at a loss. His cultivation still remained at the peak of the super domain master realm, and he did not even see the threshold of the demigod realm.

Donggong Zhentian knows that his cultivation has reached a bottleneck. If there is no chance, even if he continues to retreat for thousands of years, or even tens of thousands of years, his cultivation

will still not make any progress, and it may even touch the demons of his heart and become confused.

As a last resort, Donggong Zhentian can only give up halfway and give up retreat!

The mood of Donggong shaking the sky at this time can be imagined, it is terrible!

But as soon as he left the customs, he heard worse news: Donggong Buchan, the former leader of the Donggong Super God family, was beheaded, and the Donggong Ancient Sword and Donggong Hidden Sword were beheaded! How could Donggong Zhentian sit back and ignore this kind of embarrassment to the Donggong Super God family to the entire Nether Realm!

The temperature in the training room dropped suddenly, Donggong Mudan knelt on the ground, and she could even feel the ground like an ice layer, giving her a icy feeling.

But Donggong Peony dare not look up!

Donggong Zhentian is now not only close to the demigod, but also his temperament has undergone some changes!

In the Donggong Super God Family, Donggong Zhentian is the sky!

No one dares to violate this ancestor!

Although Donggong Mudan and Donggong Zhentian are of the same age, their cultivation base also possesses the super domain master realm, and its strength is comparable to the peak existence of the super domain master realm such as the old dean.

But in front of Donggong Zhentian, a super power who is infinitely close to the demigod realm, she even feels difficult to breathe.

Donggong Zhentian stared at Donggong Peony with gloomy eyes, and said coldly: "Peony, do you know wrong?"

Donggong Mudan's head was lowered lower, and he kept saying: "Peony knows it was wrong!"

"Very good, very good! So how are you going to end it now?" Donggong Zhentian said.

Donggong Peony raised her head slightly, looking up at Donggong Zhentian, and said in a trembling voice: "Know! I'll send someone...no, I personally take charge of Li Tian, and I must kill Li Tian!"

The expression on Donggong Zhentian's face was only slightly better, and he said to Donggong Mudan: "Mother, get up, this time it's not you, but the two super **** families, fish repairing and white horses. You can deal with Li Tian's affairs. Leave it to others to do it, and send a few more super domain master-level powerhouses! The face of our Eastern Palace Super God family can't be lost like this!"

After a short pause, Donggong Zhentian continued: "A few days later, you will go to the Underworld with me, and we will visit Xiuyu and the White Horse Super God Family together!"

...

Underworld, the white horse super **** family!

After seeing the information passed back, King Baima couldn't help shaking his head slightly, and there was no clear cloud on his face.

"I have already said that you show your face to death, but you still do your own way. The results now prove once again our white horse family's facial expression skills! It is a pity, a pity, a young talent, a genius who hopes to hit the half-god realm, has just fallen. !"

White Horse King Kong stood in front of the window, looking out the window. The sky outside the window was covered by a thin cloud, and the moonlight of the crescent moon could still shine through the thin clouds, but there was light rain in the sky.

White Horse King Kong shook his head and said: "Trouble! This is really troublesome! Let me figure it out, this old killer..."

...

In the Super God Xiuyu family, the members of the clan who had already received the news did not have any emotional fluctuations, and everyone still seized the time to cultivate according to Xiuyu's lonely instructions.

Cultivation is the first priority for everyone in the Cultivation Super God Family! The fish repair family also uses the strength of cultivation to measure a person's status and value within the family.

At this time, Xiuyu solitude is still on the way back from the quiet continent, but even if the patriarch is not in the clan, everything is unfolding according to the plan of Xiuyu solitude!

There is now a distinguished guest in the clan, it is Chu Jiangnan who is called a god-level uncle!

It has been several days since Chu Jiangnan came to the Underworld, but in the Fish-Xiu family, except for the first elder who took charge of the family and Chu Jiangnan, everyone in the clan didn't even know that Chu Jiangnan was coming!

The rain beats the plantain, and the patter!

The light of bean yellow illuminates the room, and Chu Jiangnan lies on the soft couch, closing his eyes and resting!

At this moment, the first elder knocked gently on the wooden door and said, "My lord, it's time to go!"

Chu Jiangnan's eyes opened suddenly, and his figure disappeared in a flash!

...

The same time, different locations.

The extremely ancient families and mysterious races in the Nether Realm have also received news of Li Tian's victory!

Some of this ancient family have already geared up and are ready for birth, while others are still cautiously waiting for the opportunity.

On the contrary, the mysterious races turned out to be ecstatic when they got the news!

"Haha, it seems that the dominance of several super **** families over the underworld has declined, and it is the time for us unpopular races to rise!" The patriarchs of these mysterious races said excitedly.

All this seems to have nothing to do with Li Tian. After several days of trekking, Li Tian finally stepped into the kingdom of Lord Frostland again.

The door to the restricted area!

The news of Lord Yu Frost's death has not been completely delivered to Lord Yu's Venerable Kingdom!

At this moment, in the dark night, four or five venerables who guard the gates of the restricted area squatted together and whispered. They glanced at a simple tent not far away from time to time, and then smiled knowingly on their faces.

The candlelight beats, and the figures of a man and a woman shine on the tent through the candle light!

The wheezing sounds coming from inside the tent, and the sound of flesh and flesh colliding with each other, coupled with the shadow puppet-like scenes, everyone understands what is being done in the tent at this time!

Guarding the gates of the restricted area is a chore, and these guardians are like being sent here, and they rarely have the opportunity to get close to women.

It took five full years for these guardians to wait for such an opportunity, so these men cherish the opportunity in front of them very much. They will use the most brutal moves and the greatest strength to vent their desires!
