

A Killer 4691

Chapter 4691: : Li Jia Youlin (1) (3rd more)

In the midst of boredom, these guardians once again brought the topic to the door of the restricted area.

There was a three-level master who looked helplessly at the gate of the forbidden area, shook his head and said, "I really don't understand why Lord Yu Frost wants to guard the door of this forbidden area. The door of the forbidden area cannot be lost. , What can I protect? Besides, with the strength behind the Lord of Frost, can anyone dare to destroy the gate of this restricted area?"

"Destruction? Don't be kidding. According to my estimation, it is to prevent someone from entering the Netherworld from another world!" said a senior fifth-level expert.

"Haha, what if someone enters the Netherworld from another world? Have you forgotten that kid a few years ago? At that time, he was beaten by us and didn't even dare to say anything!" The third-level powerhouse said with a smile.

"Don't you understand? Once you were bitten by a snake for ten years, you were afraid of the well rope. According to legend, thousands of years ago, the strong man in that world once came to our Netherworld, and the strong man swept the entire Nether with his own power. Realm, at least dozens of domain master-level powerhouses have fallen. In the end, many domain masters joined forces to behead that powerhouse!" A Venerable fifth-level powerhouse said disdainfully.

As a result, the Venerable's fifth-level powerhouse had not finished speaking, he was beaten in the face by another powerhouse: "Please, don't say anything, okay, the real situation is simply not like this!"

"As if you have an inside story, then you tell us what the situation is really like?" the man asked unconvincedly.

The strong man showed a slight dazzling color, sitting cross-legged and said: "First of all, the world outside the gate of the forbidden zone also has strong men, such as the strong man from another world thousands of years ago. His cultivation strength is quite sturdy!"

"According to the analysis of rumors, that person's cultivation strength is at least above the realm of the domain master, and may even be stronger than this! Because the strong from another world can sweep all the strong as soon as they enter the Netherworld!"

"However, our strong men in the Nether Realm are not weak, especially..." Said that this strong man deliberately sold the door, looking at the tent in the distance!

"Damn it, tell me, if your story is different from what we've heard, and it convinces us, then let you come first after a while!" The other guardians said one after another.

This strong man was satisfied and continued: "Especially the Super God Family and Nether Academy! Have you heard of these terms? Super God Family, tusk, nether Academy, tusk!"

This guy has a stubborn expression on his face, as if he can say these nouns, he is greater than other strong people!

However, few of the guardians of the gate of the restricted area have heard of these two names!

The vanity of this strong man was greatly satisfied. Under the urging of others, he continued to say: "The Super God Family and Nether Academy are the true masters of the entire Nether Realm. Their strength is beyond your understanding! It is said that! The cultivation realm of their powerhouses is above the realm of the domain master, and there are even more powerful existences than this! It may be a god!"

The other guards of God suddenly laughed!

"God? Well, you really only know more than us, and even God has said it!"

The strong man expressed his anger and said, "Don't believe it, the Netherworld is not what we imagined! There are mountains outside the mountains, and there are people outside the world. There are certainly not a few people who are stronger than the emperor and the domain master. The eighteen emperors and twenty domain masters are just the objects we ordinary people look up to!"

"For example, the powerhouses from another world just mentioned, it was those powerhouses who surpassed the domain master level before they joined forces to kill them! Believe it or not, this is true!"

"So, contentment is always happy, and the realm strength of a noble person like us, guarding the gate of this forbidden zone, getting the corresponding reward, without danger and easy, it is still very good! Of course, the only bad thing is these Women, food, and fine wine are all extravagant hopes for us!" The strong man swallowed involuntarily.

This action immediately caused a burst of laughter from other strong men!

"This is your joy of contentment? I think the birds under your crotch are about to soar into the sky!"

As he said, these guardians laughed wildly again.

At this moment, a strong energy fluctuation suddenly came from the door of the restricted area!

"It's the gate of the forbidden zone! Has anyone come to the Netherworld through the gate of the forbidden zone?"

"Hey, isn't this something obvious? It seems that someone feels that we are too lonely and deliberately finds something for us to do!"

"A few years ago, a hapless guy passed through the gate of the restricted area, but the kid was beaten by us even when he came out! Later he was thrown directly into the Lycra Desert. I am afraid he is already dead now!"

"Oh, my hands are a little itchy when you said that, wait for me to come first, I want to vent!"

"What if it's a woman? A woman from the stars?"

"Haha, then our brothers will be blessed!" These guardians said with a lewd smile.

While talking, the guardians who were squatting in the darkness slowly stood up, flexing their hands one after another, some even put their hands in their crotch and grabbed two of them hard!

The door of the forbidden zone began to glow slightly, and the energy fluctuations became more obvious.

Huh!

A petite figure appeared at the gate of the restricted area.

"Woman, really is a woman from another world, hahaha, brothers, let me go first!" The strong man who told the story just now roared, and he teleported to the gate of the restricted area with a teleport!

But in the next instant, this powerful man with the fourth-level realm of the venerable flew back! boom!

This guy's body slammed into the other guardians, and the two directly hit the ground.

Blood kept dripping from this person's body, and this guy made miserable screams in pain. It seemed that he didn't seem to be a powerful person with the fourth-level cultivation base of the Venerable.

"No... not a woman, but a boy!"

"boy?"

The other guardians are a little confused!

What is rhythm?

A boy with such strength, could he instantly wound a storyteller man with the fourth-level realm of the Venerable?

Could it be that it is not people who come out of the gate of the restricted area, but the evildoer?

"You must have been negligent, let me come this time!" The expert of the Venerable's fifth-level realm spit on the ground and instantly teleported to the gate of the restricted area.

Under the faint moonlight, everyone saw that the weapon in the hands of the strong man of the Venerable's fifth-level realm, like a flying butterfly, kept slashing towards the boy.

But the boy was calm and calm, he didn't panic, but after a dozen moves, the boy was already in the upper hand!

boom!

The boy suddenly blasted a punch, hitting the weapon in the hands of the Venerable fifth-level powerhouse. The weapon was suddenly shattered, but the boy's fist had fallen on the body of the Venerable fifth-level powerhouse!

The Venerable fifth-level expert let out a scream and flew out directly, but a ***** hole appeared on his chest. Even the heart had been shattered. Seeing that it is unlikely to survive. Up!

Huh!

The boy also teleported into the crowd, with a sneer on his face and said: "Which of you knows Li Tian! If you can tell my father where, maybe I can consider not killing you!"

Chapter 4692: : Li Jia Youlin (2) (first more)

These guardians are almost crying!

Who the ***** are you? Why is the cultivation realm of this little boy so strong?

This is exactly the rhythm of beating the guardians of these noble realms!

Could it be that this little ***** started practicing from his mother's womb?

Also, did this little ***** come here to find his father?

But his mother, who knows who his father is!

By the way, the name Li Tian sounds quite familiar, and seems to have heard it somewhere!

Is it the man who entered here through the gate of the restricted area a few years ago?

That man's cultivation base was poor and pitiful at the time, and it seemed that he was only at the first level of the Venerable, but why is the strength of this little boy in front of him so abnormal?

But, after all, these guardians are powerful at the noble level!

Even if they underestimated the boy in front of them at first, had a bad start, suffered a big loss, and suffered some losses, they were still quite confident in their own strength!

Especially these guardians have been slaughtered for a long time, their hands are covered with blood!

The venerables glanced at each other, and they all saw the killing intent in each other's eyes!

"My dear son, what do I want to do with your father? Is your mother impatient and wants Lao Tzu to go back and serve?" Among all the guardians present, the guardian whose cultivation reached the fifth-level peak of the Venerable said with a sneer.

The eyes of the other guardians swept toward the tent involuntarily!

The patriarch in the tent turned out to be Taishan collapse in front of him without changing his face, completely immersed in the joy of fish and water between men and women, but he didn't even know that people were already dead outside.

It seems that because of the abnormal fluctuations in spiritual power outside the tent, this guardian Venerable has been stimulated, and his actions are getting wilder and wilder!

The boy's original hippie smile disappeared, replaced by a cold!

"There is a kind of saying what I just said again!"

Seeing the boy's expression, these guardians shuddered involuntarily!

Seeing that Venerable Level 5 guardian who had fallen to the ground just now and could not die again, these guardians suddenly realized that they seemed to have no advantage except for the number of people.

"Hey, although it is not suitable for children, but since you like to listen, I will tell you about it! Your mother Sichun, I want you to come here to find Laozi and serve her! What posture do you think I should use..."

Huh!

The boy's figure flashed, and instantly appeared next to the Venerable's fifth-level peak powerhouse, a group of spiritual power like flame shining on his fist, and he blasted over with the power of a meteorite falling from the sky!

The Venerable fifth-level pinnacle powerhouse was taken aback. In this little boy, he felt a fear of death!

In an instant, the Venerable's fifth-level peak powerhouse completely released the spiritual power of his body, condensed on his arms, forming a thick spiritual power arm armor in front of him!

boom!

With a loud noise, the spiritual armbands on the arms of this Venerable's fifth-level pinnacle man were shattered, and his body flew out directly into the simple tent!

puff!

The Venerable's fifth-level pinnacle man's head was inserted into the tent. Although this punch did not kill him, the Venerable's fifth-level pinnacle man had his arms broken.

The intense pain made the man at the fifth-level pinnacle of Venerable Life almost fainted, but when he thought of the little murderer outside, his heart called pain!

He spoke to insult the parents of this little killer god. If he couldn't kill the little killer god, he would probably be here today!

"My lord, help..." the Venerable fifth-level pinnacle expert shouted to the Venerable who was in the tent.

The Venerable in the tent came to the gate of the forbidden area in the last six months. This Venerable possesses the Venerable's eighth-level initial realm, and his cultivation is the strongest among all guardians!

It is precisely because of this that, of course, he comes first to enjoy women!

The strong man at the eighth level of the Venerable was full of intoxication and was sprinting non-stop, and the woman under his crotch was already weakened, and the body was at the mercy of the strong man at the eighth level of the Venerable.

"Help? When I'm finished enjoying it, naturally it's up to you. I'm in a hurry!"

This Venerable eighth-level pinnacle powerhouse did not take the spiritual power fluctuations outside the tent into his heart. He mistakenly thought that those spiritual power fluctuations were nothing more than these idle painful guys gesturing with each other.

He sprinted harder again, and then he stretched out his hand to push away the woman under his crotch.

Ok?

Coming down from the woman's belly, this venerable eighth-level early powerhouse immediately felt the strangeness!

Huh!

This strong man with the eighth-level early stage of the Venerable was teleported out of the tent, standing naked in the moonlight, he saw that there was already a mess outside the tent!

The guards who guarded the gates of the restricted area fell to the ground at this time!

died!

This guardian powerhouse, except for him, the Venerable eighth-level elementary realm powerhouse, and the Venerable fifth-level peak powerhouse who is still hanging on the tent, everyone else is dead!

A boy who seemed to be only thirteen or fourteen years old, stood beside this pile of dead bodies, his expression as usual!

"It's you?"

The corner of the boy's mouth showed a slight sneer of disdain, and he confidently pointed his right thumb at himself and said, "It's me!"

The corners of the strong man at the eighth level of the Venerable's early stage bounced slightly, and said with a sneer: "Very good! Very good! As expected, he is a hero!"

The strong man in the early eighth level of the Venerable had offended the corpse a year ago. The corpse found a reason to be sent to the gate of the forbidden area and acted as the guardian of the gate of the forbidden area. In his heart, he never gave up the idea of returning to the main mansion of the Frost Territory.

However, at this time the guardians of the gates of these forbidden areas have already died in front of him. If this matter is known by the Frost Domain Lord, I am afraid his hope of returning to the Domain Lord's Mansion will become despair!

Even because of this, he might be punished more severely!

It's done, this Venerable 8th-level early powerhouse has no way to change. He only hates himself for being too immersed in boys and girls, and too relaxed.

What made this venerable eighth-level early powerhouse feel incredible is that he could not see through the cultivation of the boy in front of him.

But what can it do?

He is a strong man with the eighth-level early stage of the Venerable. He is still full of absolute self-confidence in his strength!

Huh!

This Venerable 8th-level early strong man moved!

Quietly like a virgin and moving like a rabbit, at the same time this figure flashed, a powerful pressure fell from the sky and fell on the boy!

The strong man in the early stage of the eighth level of the Venerable was placed outside, condensed into two **** sickles nearly ten feet long on his arms, and the left and right hands intersected, and the blades of the two sickles were slashed at the boy at the same time!

"go to hell!"

Chapter 4693: : Li Jia Youlin (3) (2nd more)

This move seems simple, but it is also the one that these venerable eighth-level early powerhouses are best at!

Teleportation, gravitational coercion, and the release of spiritual power were all done in one go. With this move, this Venerable 8th-level early powerhouse harvested the heads of many Venerable 7th-level peaks and Venerable early-level powerhouses.

He believes that as long as the boy in front of him has not reached the eighth level or higher in his cultivation, he will definitely not be able to escape from his deadly strangulation!

The blades of the two sickles were shining, and they had been cut on the boy's body. The boy was still dumbfounded, and was about to be divided into two, completely cut in the waist!

A triumphant smile appeared on the face of the strong man at the eighth level of the Venerable!

Then a weird scene happened at this moment!

The boy was indeed split into two by the fatal strangulation, but the moment he split into two, the boy had disappeared, and the sickle was only a ghost!

"how is this possible?"

"How can this be?"

"How did this boy escape from my deadly strangulation?"

how is this possible?

Is this boy a ghost?

Has the ***** little boy's cultivation level surpassed me?

Venerable mid-level eight?

The eighth-level peak of the Venerable?

Or the ninth level of the Venerable?

Do not!

Totally impossible!

This boy seems to be only thirteen years old, how could the cultivation of a thirteen or fourteen-year-old boy reach such a realm against the sky!

"Be careful, adults, this kid is a strong man from another world who came through the gate of the forbidden zone. We must not use our common sense in the underworld to judge his cultivation level!" The fifth-level peak strong man hung on the tent finally fell from the tent. After coming down, he reminded me!

The voice of the strong man who blocked the pinnacle had not fallen yet, and the boy's voice suddenly appeared in the ears of the strong man at the eighth level of the Venerable: "What are you thinking about? Don't you know how distracted during the fight? Do you want to lose your life?"

The Venerable Eighth-level powerhouse turned his head abruptly, but saw that the boy had appeared beside him without knowing when!

Huh!

Huh!

Huh!

The figure of this Venerable eighth-level powerhouse flashed, and the spiritual sickle on both arms kept slashing at the boy!

"Kill him! Must kill him! Otherwise..."

The expression on the boy's face was very calm, and he could still laugh out loud in the face of the repeated attacks of this Venerable eighth-level expert!

"Weak, so weak! Is this the strength of the strong men in the Nether Realm?"

The more the Venerable Eighth-level powerhouse fought, the more frightened!

He couldn't see through this boy's cultivation realm, but the more so, the more fear he became!

Emperor!

It must be the realm of the emperor!

This Venerable 8th-level early powerhouse suddenly felt a sense of powerlessness!

The boy in front of him is only thirteen or fourteen years old, and his strength is already so defying. Is this the true strength of another world? No wonder that for thousands of years, no strong man in the Underworld has dared to go to another world through the gate of the restricted zone!

At this time, this Venerable's eighth-level early realm powerhouse suffered a great blow! He really wanted to quit, and now he would take back his spiritual power and let the boy handle it!

Huh!

The boy's figure disappeared for a moment, and then a scream came from the direction of the tent!

But the little boy has teleported to the side of the Venerable fifth-level peak powerhouse, and the two arms of the fifth-level peak powerhouse have been weakened, and it seems that the little boy has broken it!

The fifth-level peak powerhouse yelled!

"Little bastard, so cruel and cruel at a young age, how did I teach you your father!"

"I should shoot you on the wall at the beginning, lest you, **** kid, treat you like this to me!"

"Hey! Good scolding!"

A gloomy expression flashed on the boy's face, and a red light flashed on his palm, quickly drawing towards the cheek of the fifth-level pinnacle expert!

Snapped!

Snapped!

Snapped!

After a few consecutive slaps, the cheeks of this Venerable fifth-level powerhouse have become bloody!

Click!

Click!

With two more sounds, the two legs of this Venerable's fifth-level pinnacle were also broken by the little boy!

Ah~!

The venerable fifth-level pinnacle powerhouse fell in a pool of blood, howling like a pig!

In the early stage of the eighth-level of the venerable, the powerhouses were a little broken!

This little boy is so **** cruel!

How could he be so cruel at a young age!

Huh!

The little boy teleported again and appeared next to the Venerable Eighth-level powerhouse. He looked at him with a sneer and said, "You didn't escape? So I looked down on you a bit! Should you continue to fight? Or surrender to me, Become my followers?"

This little boy is really domineering!

The body of the strong man in the early eighth level of the Venerable was constantly trembling, his expression on his face was uncertain, a little hesitant, not knowing how to return to the little boy!

Although the strength of this little boy is great, can he be more powerful than the master of Frostland? What's more, there is another giant behind the Frostland Lord!

At this moment, a wave of energy fluctuated from the door of the restricted area again, and then another small figure appeared in the darkness!

This venerable eighth-level early powerhouse still couldn't see through the black shadow's cultivation realm, but the murderous aura released from the black shadow was not inferior to the domain master realm powerhouse!

This Venerable eighth-level early powerhouse is instantly messy, don't want it!

Damn it, let people not live!

First it was a perverted little boy of the emperor rank, and now there is a little black shadow in the realm of the domain master!

In an instant, this Venerable eighth-level powerhouse had a decision!

It is still important to save your life first, after all, the murderous aura released by this little black shadow also has the realm of domain master!

"I am willing! I am willing to follow the adults!" said the noble head underground, the strong man kneeling in front of the little boy at the eighth level of the Venerable.

The little shadow who had just exited the gate of the restricted area laughed immediately.

"Li Mu, you kid has already accepted the little brother as soon as he arrived in the Netherworld, you kid is going against the sky!"

That little boy is Li Mu, Li Tian's eldest son!

This is a super genius boy who is only fourteen years old, but his cultivation level has reached the realm of the emperor!

"Brother Tianyi don't want to make fun of me, in front of Brother Tianyi who has beaten invincible hands in the earth world, I am still very low-key!" Li Mu said.

The little black figure that passed through the gate of the restricted area was the former little Tianyi!

Fourteen years after the end of the crisis of the end of the earth, Xiao Tianyi's age has reached fifteen years old, but his figure still maintains the appearance of a seven or eight-year-old boy, looking a bit shorter than Li Mu.

But now the realm of Xiaotianyi's cultivation base has reached the terrifying realm of Super Domain Master!

That's right, you read that right, Xiao Tianyi's cultivation strength is the realm of the super domain master!

He is now the strongest in the entire earth world!

Li Tian's clone of the earth world was uneasy recently. He always felt that Li Tian's deity in the underworld seemed to have encountered some difficulties, so Li Tian sent Xiao Tianyi and Li Mu over to the underworld to assist Li Tian's deity. Help!

"You are also low-key? I really admire you two brothers!"

"That kid Li Bai used absolute force to dominate the entire earth world in only two years, and then he pretends to make private visits everywhere. He said he is really low-key! You kid's cultivation level is against the sky, and now I am the only one. You and Li Tian's father are your opponents, you are also called low-key!"

"Tsk tusk! Li Jia Youlin, really low-key!"

The strong man in the early eighth level of Venerable Kneeling on the ground was completely messy!

The nether world is really lively!

Chapter 4694: : Father and son meet again (3rd more)

"Raise your head and tell me your name!" Li Mu said.

The man at the early stage of the eighth level of the Venerable immediately raised his head with a complimentary expression: "In return to the adults, the younger one is named Huang Ze, the little leader of the guardian of the gate of the forbidden zone!"

Li Mu said with a disgusted expression on his face: "What? Are you confident about your figure? Do you want Lao Tzu to see when you see it?"

Huang Ze's expression is quite embarrassing!

I was anxious to fight Li Mu just now, and I didn't have time to wear the shirt!

Huang Ze rolled back to the tent and got dressed!

The woman in the tent was stunned by everything in front of her!

As a woman, an ordinary woman without the strength of cultivation, her life is lower than that of ants. If it were not for a bit of beauty, she could serve as a toy for these men, she would not know what else to do!

Apart from drifting with the crowd and letting these men have fun, this woman doesn't know what else she can do!

Seeing Huang Ze walking into the tent, this woman knew that her tragic fate was about to begin again. I am afraid that she would be dedicated by Huang Ze to the little brother in front of her, and then act as that little brother's personal plaything!

After all, she had a similar experience before!

It's not that this woman had never thought of fleeing, but the aircraft that was originally parked near the gate of the restricted area, after Li Mu showed strong strength, the aircraft flew away silently!

Huang Ze glanced at the woman, and thought of sending this woman to his little master Li Mu.

This idea was also a flash in the past and was quickly rejected by him!

How powerful is Li Mu? I don't know how many women are kneeling in front of Li Mu. How can they play the **** he played with as hard as he is!

Of course, there is another reason, and that is the so-called 'a couple in a day' Hundred Days' grace!

After all, this woman has already been 'day' by Huang Ze, plus this woman's good figure, handsome appearance, and superb skills make Huang Ze, who has not been in the rain for a long time, a little cherished!

Huang Ze said to the woman, "Would you like to follow me? Now I have surrendered to the little lord outside the tent. There must be no place for me in the kingdom of Venerable Frost. If you are willing to follow me, Then we will share joys and sorrows, I will ask the little lord to forgive you for not dying if...

Before Huang Ze finished speaking, the woman nodded quickly and said, "I am willing!"

As soon as the woman's voice fell, a few powerful spiritual fluctuations suddenly came from outside the tent!

Huh! Huh! Huh! Several figures appeared outside the tent!

Before stepping out of the tent, Huang Ze already felt the powerful spiritual power released from these visitors!

Emperor!

Emperor!

Domain owner!

Here comes another ticket!

Huang Ze suddenly panicked!

Could it be that Lord Yu Frost is back?

Could it be that Lord Yu Frost already knew that the gate of the restricted area had been changed?

Huang Ze blocked the woman behind him, a little hesitant, whether to rush out, even the two groups of people fighting against each other flashed in his mind, and finally he thought of profiting.

But this kind of thought passed by!

Huang Ze knew that if he hesitated a little bit, once his little master had won this battle, the only way to wait for him was death!

Huh!

Huang Ze teleported to Li Mu's body, blocked the thin Li Mu with his body, resisted the fear in his heart, and pretended to say: "Whoever wants to hurt my master, just step on my body! "

No one else appeared here, it was Li Tian, Tang Xiaolong and Ziyan Thunder Bear!

Looking at the corpses all over the floor, Li Tian and others focused their attention on Li Mu!

Of course Li Tian had recognized Li Mu and Xiao Tianyi, but Li Tian still couldn't believe that the two in front of him were Li Mu and Xiao Tianyi.

At this moment, Doubi Huang Ze teleported out and stood in front of Li Mu, with an expression of being loyal to the Lord and going to death with justice.

"father!"

"Papa Li Tian!"

Li Mu and Xiao Tianyi also recognized Li Tian, and they shouted almost in unison.

"father!"

"Papa Li Tian!"

Huang Ze fell on his knees with a chuckle, looked up in Li Tian's direction, and repeated what Li Mu and Xiao Tianyi shouted.

Li Tian laughed instantly.

"Go away, I don't have a son as ugly as you!"

Needless to say, Li Mu has reached out his hand to push Huang Ze's teasing aside, ran a few steps quickly, and jumped into Li Tian's arms!

In the eyes of ordinary people in the earth world, Li Mu is the grandson of Mu Yunlong, the greatest commander of the earth, and the younger brother of the strongest teenager on earth, Tianyi, but he still has the most important identity, that is, Li Tian's son!

Li Mu jumped into Li Tian's arms, and now he is not Li Mu, a powerful emperor, or a 14-year-old boy!

"Father! I miss you so much!"

Xiao Tianyi has teleported to Li Tian's side, holding Li Tian's thigh with both arms, and said coquettishly: "Dad Li Tian, I miss you too!"

Huang Ze is a bit stupid!

Where did the super-powerful murderer go?

The cute little Zheng in front of me is too cruel boy just now?

Emperor-level powerhouse, young man, you are the Emperor-level powerhouse!

Even if it is not domineering and majestic, you can't show this posture!

No matter how unwilling Huang Ze was in his heart, Li Mu still hugged Li Tian's neck with a happy expression on his face.

This picture is so beautiful that Huang Ze is a little afraid to see it!

Li Tian's heart was filled with joy and excitement!

He didn't expect Li Mu and Xiao Tianyi to come to the Netherworld!

"Li Mu, come down to speak, how come you get into someone's arms with such a big child?" Li Tianyan said angrily.

"No! I'm so old. How many times have you held me? I haven't seen each other for more than three years in a blink of an eye. Can't I still act like a baby in your arms? I'm your son!" Li Mu is determined not to follow!

Xiao Tianyi looked at Li Tian pitifully, and said, "Dad Li Tian, I want to hug too!"

Li Mu said that Li Tian's heart was sour!

In this blink of an eye, his son Li Mu was already fourteen years old, and his Li Tian did not hold Li Mu several times!

But when I think about it, it's not right!

There is a clone of Lao Tzu in the earth world. Could it be that Lao Tzu's clone stays in the earth world to make soy sauce, and can't even accompany children at the very least?

Not wanting so much, Li Tianyi stretched out his hand, held Xiao Tianyi in his arms, and said, "Why did you come to the Nether Realm? Did something happen to the earth world?"

"Also, what's the matter with that funny comparison just now? His cultivation realm is at the beginning of the eighth level of Venerable. How did you subdue him? Did he kill these corpses for you?"

Li Tian found that he could not see the strength of Li Mu and Xiao Tianyi at all, so he didn't know how powerful Li Mu and Xiao Tianyi were.

"Father! The earth world is now our Li family's world, what can we do! Dad said that you may be in danger here, so that brother Tianyi and I will come to the Netherworld to help you!" Li Mu said.

The earth world is unified?

The world of our Li family?

Li Tian suddenly felt that he was messier than Huang Ze!

"Hurry up and tell Dad in detail!"

Chapter 4695: : Enchanted Father and Son (4th more)

Li Mu began to talk about what happened in the past few years when Li Tian left the earth world.

The first thing I talked about is naturally Li Tian's clone in the earth world!

This clone of Li Tian is different from the clones of other domain masters!

Li Tian's clone and deity share spiritual power. Even if Li Tian's deity and clone are in different worlds, their cultivation realm can be shared!

That is to say, when the realm of Li Tian in the underworld reaches the emperor, the realm of Li Tian in the earth world will simultaneously reach the emperor!

It's just that the main duty of Li Tian's clone in the earth world is to accompany his family and nurture his children, so his cultivation is not as prominent as Li Tianlai's in the Netherworld.

Of course, the avatar of Li Tian in the earth world is not useless, he still needs to continue to search for "Qing Yun" and continue to practice "Qing Yun" responsibilities!

In the three years and less than four years since Li Tian's deity left the Netherworld, it really allowed Li Tian to find a copy of "Blue Clouds" in a Maya civilization site in the North American continent!

However, Li Tian in the earth world is still quite bitter, Situ Ningbing is not by his side, he can only put away "Qingyun"!

After talking about Li Tian's clone, Li Mu handed over a volume of "Blue Clouds" to Li Tian!

Looking at this roll of animal skins "Blue Clouds", Li Tian's heart is happy!

It has been more than three years since I came to the Netherworld. Li Tian's cultivation base has increased a lot, but he did not find "Qingyun". I don't know whether this "Qingyun" did not stay in the Netherworld, or Li Tian has no such chance for the time being !

Li Mu paused and began to tell Mu Yunlong's story!

Mu Yunlong is definitely a man with a story!

Since being accompanied by Li Tian's clone, Mu Yunlong has not been in power, has not been in power, and has lived the life of an ordinary old man with no desires.

However, Mu Yunlong looked at China as one of the best in the earth world. Whether it is economic or military strength, it is the most powerful country in the earth world. Coupled with the existence of Tianmen, a behemoth that transcends technology, China is a well-deserved superpower.

It is precisely because of this that the 'ambition' in Mu Yunlong's heart began to breed.

As a soldier who has witnessed China's humiliation, Mu Yunlong's greatest ideal is to watch China's rise.

Whoever commits China will be punishable even though it is far away!

This ideal has been realized after the end of the world, but there is a more crazy idea in Mu Yunlong's heart, that is, to bathe the entire earth world under the luster of the Li family.

Mu Yunlong has ideas and ambitions, but he does not say.

However, he will cultivate Li Bai's ambition intentionally or unconsciously while educating Li Bai!

It's just that Mu Yunlong didn't expect that Li Bai was crazier than he thought.

When Li Bai was only eleven years old, he actually knew how to use all kinds of forces to bring the other great powers in the entire earth world into chaos. Then he quickly divided these powers by

thunder. Let Huaxia annex many small countries, and wherever it has been fought, it has to gradually become a subsidiary country of Huaxia!

In another year, all the countries of the earth world died out, replaced by various provinces of China!

Now, Mr. Mu Yunlong's biggest hobby now is to accompany the little guy Li Bai for private visits in various microservices!

If there are dissidents, then Li Bai will use Tianmen powerhouses to eradicate dissidents!

Li Tian analyzed that the main reason why Li Bai could unify the entire earth world within two years is that China has the world's most powerful force!

Don't talk about hypocritical things, conquering the world by force, whether it is ancient and modern, the earth world or another world, is the same.

Of course, after the earth world experienced the apocalyptic crisis, ordinary people's gratitude for the country is no longer as strong as before the apocalyptic. They can become a part of China and enjoy the benefits of China. These ordinary people will naturally not object.

"Tell me quickly... Tell me quickly!" Xiao Tianyi said to Li Mu anxiously.

Li Mu glanced at Xiao Tianyi and said, "Brother Tianyi, you are non-human, and your story is beyond ordinary people's imagination, so let's keep the last for you to tell my father!"

With that said, Li Mu began to tell the stories of several mothers.

The stories of the mothers are much simpler!

These mothers Duanmuying, Bai Jing, and Ouyang Shiqing are all strong women in the earth world.

Of course, the reason why Li Tian was able to do such a beautiful thing would be impossible without the support of these mothers!

Now, these mothers have retreated to the second line and handed over the entire earth world to Li Bai to control. Their daily lives are the sun, the beach, and the waves!

After telling the story of the mothers, Li Mu began to tell his story!

The nine sons of the dragon are different!

When Li Bai showed his talents in politics and military divisions, Li Mu was already on top of his cultivation base!

Li Mu worshipped into Tianmen and studied under the old man Wuji.

In the beginning, Li Mu practiced step by step, and his performance was nothing special.

But one day, when Li Mu was looking through the "Blue Clouds" obtained by Li Tian's clone, Li Mu suddenly opened up!

This guy began to show his talent in cultivation!

Li Mu can't describe Li Mu with genius and super genius, this guy is a monster!

Even Barbarian and others wondered if Li Mu was reborn after being taken over by a super powerhouse.

In just a few months, Elder Wuji had nothing to teach Li Mu, and Li Mu's cultivation level at that time had reached the early stage of Venerable First Level!

Half a year later, Li Mu, Li Tiantian Gate, followed Li Tian's avatar, and tried in the secret territory of various legends in the earth world!

And Li Tian avatars each other!

As a result, Li Mu's enchanting attributes broke out again!

Li Tian broke through to the third-level realm of the Venerable, and it took less than a week for Li Mu to break through to the third-level realm of the Venerable!

Li Tian broke through to the sixth level of the Venerable, and Li Mu could break through the sixth level of the Venerable in less than two weeks!

Li Tian broke through to the realm of the emperor, and Li Mu had reached the realm of the emperor in less than a month this time!

Of course, even though Li Mu is enchanting, he can't practice the technique of Xiatianyi, otherwise perhaps the two super domain masters who are now appearing in front of Li Tian are already strong!

Ziyan Thunder Bear is numb!

For him, Li Tian is enough evil!

It has only been a few years since I came to the Netherworld, and my cultivation level has reached the emperor!

More importantly, Li Tian, the emperor, is the emperor who can kill the domain master-level powerhouse.

But who would have thought that Li Mu, Li Tian's son, was even more evil than Li Tian!

It is conceivable that Li Mu's future achievements may not be under Li Tianxia!

"Brother Li Tian, give this kid to me and let him follow me to the top of the holy peak!" Ziyan Thunder Bear said with some excitement.

Chapter 4696: : Rise of Tianyi (1) (5th more)

Li Tian looked at Ziyan Thunder Bear with some surprise, he didn't expect that Ziyan Thunder Bear would have such thoughts.

Ziyan Thunder Bear looked as usual and continued, "Brother Li Tian, do you believe in destiny?"

Li Tian nodded!

Li Tian doesn't believe this!

So far, all the legendary stories that Li Tian has experienced are all arranged by himself!

"I feel that your son Li Mu is the apprentice God arranged for me, let him follow me, I promise to train him to become a super domain master level powerhouse! If possible, maybe he can penetrate the stone monument on the top of the holy peak. , Enter the little stone house and break through to become a god!" Ziyan Thunder Bear said vowedly.

I go!

Li Tian didn't know how to answer the Purple Flame Thunder Bear!

It's not that Li Tian doesn't believe in the cultivation base and strength of the Purple Flame Thunder Bear, but after all, the Purple Flame Thunder Bear is a ghost beast, and Li Mu is a human being. The cultivation methods of the two are not the same. What if there is an accident?

Besides, Li Mu possesses enchanting attributes, isn't it a simple matter to become a super domain master powerhouse?

Li Tianzhi wanted to send Li Mu to the Nether Academy. First, he could continue to strengthen the connection between Li Tian and the Nether Academy, and second, he could let Li Mu learn from the strong masters, senior elders, etc.!

Maybe Li Mu is the second Chu Jiangnan, and he can also break into the realm of a demigod!

"Li Mu, I have three choices here! First, I will send you to the Nether Academy to learn from the old dean of the Nether Academy, and guide you with the strength of the old dean. The old dean once directed a god! "Li Tian gave Li Mu a general explanation of Nether Academy, his relationship with the old dean and the elder and others!

"Second, you can follow the old bear to the core area of the dark forest, go to the top of the holy peak and the old bear to penetrate the four stone monuments of the holy peak, with your talent, and the top of the old bear!" Li Tian said Li Mu's situation and the identity of the Purple Flame Thunder Bear Nether Beast were explained to Li Mu!

"Third, you can follow me! When the time comes, the Lord of the Dark Territory will give you some pointers, and you can also ask Situ Ningbing to give you pointers on the practice of "Blue Clouds", but the cultivation of all of us is limited, and more depends on your own understanding! "

Li Tian gave three roads, which in general have their pros and cons!

"I chose to follow the old bear to the dark forest!" Li Mu said.

Li Tian was a little dumbfounded!

This bear kid, let me wipe it, doesn't this kid understand what I mean?

"Haha, I said, I have my own arrangements! Brother Li Tian, see if you don't, even if you are reluctant, Li Mu, this little nephew still chose my old bear!" Ziyan Thunder Bear excitedly Said.

Li Tian had no choice but to agree with Li Mu's choice!

"This child, the old bear is the Purple Flame Thunder Bear, your father and my eldest brother, and he will be called Uncle in the future. I have to follow me and call me the old bear! Also, powerful ghost beasts abound in the core area of the dark forest. Yes, don't cause me trouble when you follow the old bear to the dark forest!" Li Tian said.

Ziyan Thunder Bear suddenly laughed wildly!

"Brother Li Tian, the upper beam is not right and the lower beam is crooked. Have you caused less trouble in the underworld? Besides, who is my old bear afraid of? Even Donggong Buchan dared to kill, even Donggong Super God family Dare to offend, are you afraid that other people will fail?" Ziyan Thunder Bear said to Li Mu again: "And your father, that is the strong man who killed the Lord of Frost and devoured the material elder!"

"Good boy, don't be afraid! What are you afraid of getting into trouble? With your uncle, your father Li Tian and me!"

My day!

My day!

My day!

How can you educate children like this!

This is my Li Tian's son, you are educated in this way!

But when he thought that Li Mu was now a strong man in the realm of Emperor Zun, and followed the Li Tian clone of the earth world for several years, Li Tian still selectively shut up!

Huang Ze on the side is really stupid!

Looking at Ziyan Thunder Bear and Li Tian with a dumb look!

"What is the origin of these two guys, the Lord Yushuang was killed by them!"

"No, the name Donggong Buchan is a bit unfamiliar, but Donggong... Donggong... is it the Donggong Buchan of the Donggong Super God Family?"

As a strong man in the early stage of the eighth level of the Venerable, Huang Ze has heard of the super **** family a little bit, and he also knows the surnames of the four super **** families. Now when he hears the words of the purple flame thunder bear, Huang Ze has a kind of sundial a feeling of!

"Fortunately, hahaha, fortunately I jumped out of the tent at first, otherwise now..." Huang Ze thought excitedly.

...

With a few words, Li Mu's future has been arranged!

Xiao Tianyi, who came to the Netherworld with Li Mu, suddenly became a little unhappy, and said angrily: "You haven't heard me tell my story? You are not allowed to go, after listening to my story, it will not be too late! "

Xiao Tianyi's words made everyone laugh involuntarily!

"Come on, let Xiao Tianyi tell his story, or you have to suffocate him!" Tang Xiaolong said.

Seeing Tang Xiaolong talking, Li Mu and Xiao Tianyi looked at Tang Xiaolong suspiciously.

"You... Are you Uncle Tang Xiaolong? Are you a little black monkey? How come you are now... so ugly! Not at all pleasing!" Li Mu said with a disgusting expression.

"You... are you Tang Xiaolong's father? As expected, it's not as good as before!" Xiao Tianyi also said.

Tang Xiaolong's face is full of black lines!

What kind of appreciation is this **** level!

More than three years ago, Tang Xiaolong was a little black monkey when he left the earth world. Now Tang Xiaolong is a tall, wealthy and handsome man. Even Li Mu and Xiao Tianyi did not recognize this physical change.

"Yes... it's me! I disappointed you when I became ugly... ooh!" Tang Xiaolong cried and said, "That's not the point, don't you tell your story, Xiaotianyi? I can't wait!"

"Don't change the subject, how did you become 'ugly' Tang Xiaolong? We are very interested in listening to this topic!" Ziyang Leixiong said with a smile.

Everyone laughed for a while before returning to the subject!

Xiao Tianyi began to tell his story!

Xiao Tianyi cultivates "The Corpse Sutra", which has extremely strict requirements on the environment and methods of cultivation.

In the ten years since Li Tian entered the battlefield of death, when the end of the world was not over, Xiao Tianyi used the corpses of zombies to improve his cultivation.

But in ten years, Xiao Tianyi's cultivation base has not improved much.

Later, Situ Ningbing gave Xiao Tianyi some suggestions. After Li Tian entered the Netherworld, Xiao Tianyi followed Situ Ningbing's suggestion to visit various legendary tombs both inside and outside of ancient and modern times!

Not to mention, by absorbing the corpses in those legendary tombs, Xiao Tianyi's cultivation base is indeed advancing by leaps and bounds! Then, Xiao Tianyi took a look at Zhun Huaxia's tomb of the Yellow Emperor in Qiaoshan!

"Then what?" Li Tian couldn't help being attracted by Xiao Tianyi's story, and asked!

Chapter 4697: : Rise of Tianyi (2) (6th)

"Then? Humph, you must never dream of it!" Xiao Tianyi said with a smug expression on his face: "Let us go back to three years ago and the place back to the earth world..."

In the name of scientific investigation, Xiao Tianyi got the consent of the Chinese authorities to drive north from Beitang all the way to Diling County in two hours!

About one kilometer north of Diling County is Qiaoshan.

Qiaoshan Mountain is densely forested, the mountain is thick and majestic, and Jushui circulates on three sides.

Especially after the rain and the sky clear, the entire mountain peak is as clear as washes, and the light is flowing, verdant and verdant, and the scene is so beautiful!

The Huangdi Mausoleum is located in Qiaoshan!

This is the place where ancient Chinese emperors and celebrities worshipped the Huangdi!

In the last days, the zombie virus invaded, but the area where the Huangdi Mausoleum is located and the surrounding area of tens of kilometers have not been attacked by the zombie virus, so the Huangdi Mausoleum is well preserved and has not been damaged!

Therefore, Huangdi Mausoleum is even more mysterious!

It is for this reason that Xiao Tianyi locked the target here!

Xiao Tianyi had scientific research personnel to help, and soon opened the Huangdi Mausoleum from the side!

As expected, the underground tomb of Huangdi Mausoleum is really huge!

More importantly, just the exposed corner of the mausoleum shocked all the archaeologists!

Because the information exposed in the corner of the tomb is completely beyond the cognition of all archaeologists.

At this time, the Chinese authorities urgently issued a blockade order!

But the actual situation is that a team of experts and experts from the China Special Operations Group led by Xiao Tianyi continued to excavate and conduct scientific research on the Huangdi Mausoleum.

Xiao Tianyi is naturally the captain of this team of experts.

The mausoleum of the Huangdi Mausoleum is really magnificent. It took thirty days to excavate from the exposed corner of the mausoleum. Only then did the entrance to the tomb passage of the mausoleum be dug.

Just after finding the entrance to the tomb passage, strange things began to happen!

Those in the China Special Operations Group who were responsible for the excavation, except for Xiao Tianyi, suddenly died in front of the tomb crossing.

The Chinese authorities immediately recruited dozens of members of the special operations team again, and it is bound to find out the cause of the death of these special operations team.

The members of the second group of special operations did not dare to be careless. They made all the preparations they thought were safe, passed various safety equipment, and then they were equipped with weapons.

It can be said that the members of these special operations teams are armed to the teeth this time!

Xiao Tianyi led people into the tomb passage and into the tomb.

Everyone is equipped with a high-definition camera when entering the tomb!

The role of this high-definition camera is definitely not what you think to capture the information in the mausoleum.

More erroneous, in order to explore the real cause of death of those who died before!

Entering the tomb, all the experts of the special operations group were shocked by the sight in front of them!

There is a smell of ancient tombs here and there. If you say that this is the future world, these special operations team experts also believe it!

The responsibility lies, the experts of these special operations teams have no time to think, hurry up and start various tests with the instruments in hand!

"The air quality is up to standard! It can meet the normal standards required for breathing!"

"The soil quality is up to the standard, no harmful substances, no radioactive substances!"

"..."

Experts continue to report data. It is certain that from the analysis of these data, the environment here can be said to be the most suitable for human life!

These experts are a bit stupid! They couldn't believe these data, let alone they didn't believe it, even if these data were transmitted to the ground and let the heroes invited by the China Special Operations Department analyze them, they would not believe the data!

Speaking of this, Li Tian's mind suddenly made up for the scenes he saw in the death battlefield, the underground maze of the Supreme Mansion of the refugee city!

In that scene, Li Tian saw the scene of a huge alien spacecraft falling, and also saw all kinds of aircraft that far exceed the civilization and technology of the earth world shuttle in the sky!

"Could it be Huang Di..." Li Tian stopped thinking about it!

Xiao Tianyi continued: "All the data is normal. This is the most abnormal! The experts tried to take off the gas masks and began to breathe the air in the mausoleum. They found that there was no peculiar smell in the tomb. They breathed for a few minutes without any adverse reactions!"

"The members of these special operations team are still too young! They began to explore the secrets in this mausoleum, but at this moment, an accident happened suddenly! One of the special operations team members suddenly flew up..."

Xiao Tianyi can be pretty sure that none of the special operations team members present have reached the second-level state of the Venerable. It is impossible for them to fly, and they do not have a sling, so there is only one explanation for this situation. There is this kind of mysterious species invisible to others!

Sure enough, when Xiao Tianyi finished his conjecture, the skin of the flying guy suddenly began to crack, and blood continued to flow from this guy's body. Only a few seconds later, this guy suddenly burst open!

boom!

The clothes this person was wearing, the various weapons equipped on him, and the flesh and blood of his skin all exploded!

Blood, internal organs, and rotten meat fell into the mausoleum, but quickly disappeared, as if a drop of water fell on dry sand!

The other members of the special operations team suddenly became panic, and really wanted to be escaped from the tomb.

But everything was too late. When they turned around, the bodies of these guys burst open one after another!

Dozens of members of the special operations team were completely dead in less than a minute!

What's even more frightening is that in this mausoleum, they can't see their bodies at all. It seems that these people have never existed before!

The only survivor is Xiao Tianyi!

"Then what?" Tang Xiaolong asked!

Xiao Tianyi smiled slightly and said: "Everything is impermanent, there must be demons. You think that as long as a living person enters the tomb, he will soon explode and die, but I am safe! What do you mean by this?"

"It means I don't need to be afraid at all! I am ignorant and fearless, but fearless is strong! I continue to look for what I want in this mausoleum, the bones of Emperor Huang!"

"The Emperor is worthy of his heart. I have been trapped in this mausoleum for more than ten days. It really allowed me to find the bones of the Huang Emperor on a crystal platform!"

"You can never imagine that Emperor Huang's corpse is well preserved, and the whole person is lifelike, as if he is asleep! You can even feel that corpse is breathing! It seems to wake up at any time!"

"Do you know what I found on the body of Emperor Huang? You absolutely can't imagine that Emperor Huang, the emperor of the ages, is not a normal death!"

"Because Emperor Huang's corpse has corpse spirits hidden!"

Chapter 4698: : Rise of Tianyi (3) (7th more)

"The corpse spirit? What is this? Is this a mysterious creature in your earth world?" Ziyang Thunder Bear asked.

When the Purple Flame Thunder Bear asked, it could be determined that this corpse was not a creature in the Nether Realm!

Li Tian and Tang Xiaolong shook their heads at the same time!

This is the first time they have heard of this ranking!

If it is said that Xiao Tianyi encountered a ghost, Li Tian and Tang Xiaolong might have said why!

Several people looked at Xiao Tianyi curiously at the same time, and signaled Xiao Tianyi not to sell Guanzi and continue to tell his story!

Only then did Xiao Tianyi show a contented expression on his face, saying: "The corpse spirits are not creatures of the earth world. According to the records of the "Zombie Sutra", after the death of the human body, there will be very small records of corpse spirits!

"Is it a ghost?" Tang Xiaolong asked stupidly and innocently.

"No! Ghosts are the souls that live in the body after the body dies. Those souls that are seen and beaten by ordinary people are regarded as ghosts!"

"The corpse spirit is independent and special besides the soul! The corpse spirit can keep the body of the dead indestructible for a long time, but at the cost of devouring the soul of the dead!"

"According to the "Corpse" records, the corpse spirit swallows the soul of the dead and can transform the soul into the energy required by the corpse spirit to maintain the corpse spirit's continued existence!"

"And the corpse spirit that contains powerful energy is the treasure that a corpse cultivator like me dreams of! Refining the corpse spirit to get half of the energy contained in the corpse spirit, you

know that the corpse spirit in the tomb of the Emperor Huang, that is swallow After thousands of years of history, the energy of these corpse spirits is no longer what it used to be, but it still makes me feel envious!"

"An emperor in the ages, the Huangdi has three corpse spirits in his body. By refining three corpse spirits with a lifespan of thousands of years, I will have one-third of the strength of the Huangdi in a short time! Because of this, my cultivation can reach the realm of the super domain master!" Xiao Tianyi said.

Who do you think he wants to make sense? Li Tian has exhausted all kinds of fortunes and hardships, and now his cultivation is also the realm of the emperor, but his son Li Mu easily reached the realm of the emperor!

And how about Xiaotianyi?

This guy is even more unreasonable!

It's just being a second tomb thief, and he has the realm of the super domain master!

Does this make other cultivators alive?

People are really ***** good than people, shop around!

It's just that Li Tian envy can't envy it!

Xiao Tianyi's current cultivation base is entirely based on chance!

Luck can't stop it. Fortunately, there is only one Huangdi in the earth world. After that, the corpse spirits Xiao Tianyi encounters are far less than the growth of the cultivation base brought to him by the corpse spirits in the Huangdi mausoleum.

So if Xiao Tianyi wants to continue to improve his cultivation in this way, it seems unlikely!

Compared to Xiao Tianyi, Li Tian is clearly a young man with better luck and good practice!

Li Tian can do two things with one heart, but he does cultivation all the time!

"In the Huangdi Mausoleum, I stayed for nearly a year! During this year, the Chinese authorities did not get my return report, and sent several groups of people into the mausoleum. Unfortunately, these people are the same as those in the special operations team. , There is no return!"

"When I refine the energy contained in the three corpse spirits into my energy, Huang Emperor's corpse becomes a shriveled layer of skin and bones, as if Huang Emperor was instantly thin!"

Xiao Tianyi's eyes rolled around, with an expression of extreme excitement on his face, and asked: "Guess what I saw on the skinny corpse of Huang Emperor?"

"Is it an artifact?"

"magic weapon?"

"Space ring?"

Of course I didn't guess right!

The expression on Xiao Tianyi's face was even more smug, and he said, "I know you can't guess it, so let me tell you!"

"It's a suicide note! Does it feel horrible? Does it feel unexpected? Hahaha, I also felt very surprised and horrified at the time! You can imagine that it is a suicide note carved on the skin of Huangdi's thigh!"

The interest of Li Tian and others was immediately mobilized, and at the same time they asked: "The suicide note? What is written on it? Is it a practice technique? Or is it a legendary treasure?"

Xiao Tianyi couldn't help showing a trace of regret, and said: "Unfortunately, the text on the suicide note is ancient text, I don't know it!"

"At that time, I wanted to cut the suicide note from Huangdi's thigh and take it back to the experts. Unfortunately, my bone knife just touched Huangdi's thigh, and Huangdi's body, together with his bones, instantly transformed For nothing, become ashes!"

Xiao Tianyi looked disappointed, as if he had missed something vital!

"Since you don't know the text above, how did you know that it was a suicide note?" Tang Xiaolong didn't believe Xiao Tianyi's words, and grabbed a loophole in Xiao Tianyi's words and asked.

Xiao Tianyi seemed to have expected Tang Xiaolong to answer this question, smiled slightly, and said: "I can't remember the entire suicide note. Can I not even remember a few words? The words I don't know don't represent the whole China. No one knows! Tang Xiaolong is dry, your IQ needs to be improved!"

Tang Xiaolong was despised by Xiao Tianyi again. This kind of love to hear and see is really pleasing!

Li Tian said regretfully: "It's a pity that Huangdi is an emperor in China through the ages, a legendary character! It is a pity that the suicide note has been destroyed, and we have no way of knowing what is recorded in the suicide note!"

"Yes, it's really a pity!"

This concludes the story of Xiaotianyi, and the important part is finished!

It's just that this little guy has a strong desire to talk, and it is rare for anyone to listen to him telling stories, so it is still difficult for him to continue the follow-up story happily!

Little Tianyi said that by the time he finished refining the three corpses, it was already nearly a year later.

During this period, the tomb passage had already been sealed, but fortunately, his cultivation level had been unknowingly improved, so he could escape from the underground tomb!

Of course, like the labyrinths, underground palaces, and mausoleums in movies and TV dramas and novels, when Xiao Tianyi came out of the ground, the Huangdi Mausoleum had collapsed and everything in the mausoleum had been destroyed.

After listening to the story of Xiao Tianyi, Ziyang Thunder Bear took Li Mu and left. Huang Ze, who was taken as an entourage by Li Tian, and the remaining woman were lucky enough to follow Li Tian!

As for the Venerable 5th-level pinnacle powerhouse who spoke insulting Li Mu, when Li Mu and Xiao Tianyi were telling the story, they lost too much blood here!

Sending away Ziyan Thunder Bear and Li Mu, Li Tian did not leave in a hurry!

The gate of the forbidden zone is the only passage from the underworld to the earth world. If you want to protect the earth world, the gate of the forbidden zone must be protected!

However, who will protect it is another tricky question!

"Go to Windsor and Liu Yihui first..."

Chapter 4699: : It is better to forget each other in the rivers and lakes

Space of Qiong Spear of the Sky!

Ever since Windsor decided to return to the earth world, she felt like a stone fell in her heart!

Li Tian's weight in Windsor's heart is getting lighter and lighter. Only when he occasionally thinks of it, will there be a trace of sorrow in Windsor's heart.

Time is the best medicine to cure emotional injuries!

Windsor persuaded Liu Yihui long ago to bring the dead otaku back to the real world again, and then asked Li Tian to send her and Liu Yihui into the world of Qiong Spears!

Take two members of the sky thorn, wandering around the world in the world of the spear of the sky!

The space of the Heavenly Qiong Liao is an unknown place that has hardly been developed. It is definitely the most suitable for tourism and exploration.

Moreover, although there is a brewing factory in the space of the Heavenly Golden Spear, the environment of the entire Heavenly Golden Spear world has not been destroyed in the slightest!

This is very attractive to both Windsor and Liu Yihui from the earth world!

Find a bay and enjoy the blue sea and blue sky!

Find a mountain and enjoy the adventure of Qifeng!

Find a grassland and enjoy the low wind and grass!

Find a stream of water and enjoy Linxi's envy!

For more than a year, except when Li Tian was asked to stand by in the space of Void Yasha to rescue the three sons of the Netherworld and their father, Windsor and Liu Yihui left their footprints everywhere in the space of the Qiong Spear of the Sky. .

Liu Yihui's skin became dark, his muscles became strong, the long hair on top of his head and the beard on his face made him look like a rough man!

I don't know how many times stronger than the image of an otaku who wore slippers and was a fool!

For more than a year, in addition to protecting Liu Yihui and Windsor from being attacked by creatures in the Qiong Lance of Heaven, the two members of Skythorn will give them some guidance!

Liu Yihui's cultivation talents are average, but Li Tian's resources are abundant!

Lingyuan, a precious thing, was let go of Liu Yihui and Windsor's practice!

Now, although Liu Yihui's cultivation level has not broken through to the cultivation realm, it is almost the same as the disciple realm!

As long as Liu Yihui maintains this cultivation method, continue to practice!

You will reach the realm of cultivators in a short time!

At that time, Liu Yihui will return to the earth world, that is really a violent doctor!

In the earth world, there is definitely a little future!

Windsor is not very interested in cultivation now, but didn't Windsor like Li Tian before? Didn't you want to narrow the distance between her and Li Tian through practice? At that time, Windsor's cultivation realm had reached the realm of cultivators without knowing it!

But Windsor's cultivation also stopped here!

The earth world has returned to normal, and the strength of the cultivator realm is enough for Windsor to protect itself!

Some people say that if you want to forget a relationship, the best way is to start a new relationship.

But there is another song in the lyrics: It is not easy to forget you!

It was in this mood that Windsor and Liu Yihui wandered all over the world. Gradually, the two also cultivated a deep revolutionary friendship.

But this revolutionary friendship is just revolutionary friendship!

After all, Liu Yihui always thinks that Windsor is Li Tian's woman, even if it is not now, she will definitely be in the future!

...

After leaving Yecheng, Windsor and Liu Yihui did not continue to travel around the world. They stayed in the city under the jurisdiction of Liu You. They were waiting for this Li Tian!

Windsor knew that Li Tian won a complete victory, and sooner or later the gate of the restricted area would return to Li Tian's hands. As a result, her time to return to the earth world is getting closer!

Windsor didn't know what she was thinking in her own mind.

Over the past year or so, she and Li Tian have seen only a handful of times, and the two have not been together for more than ten minutes!

Windsor thought she had put Li Tian down, but when the time to leave was getting closer, Windsor felt a little empty in her heart!

A kind of loss!

Kind of sad!

Kind of sad!

A kind of reluctance!

Liu Yihui is also uncomfortable!

He has decided to return to the earth world with Windsor!

In fact, he was a little happy in his heart. After spending more than a year with Windsor, Liu Yihui really fell in love with the girl Windsor.

This kind of thing is normal. A man and a woman get along for a year. If there is no spark, then there is a problem.

It's like a large-scale live-action survival show "Mountain on the Top of the Mountain" before the end of the earth world. There are fifteen people, including men, women, old and young, who have lived together for a year. Some of these guys have sparked the spark of love. !

Liu Yihui and tangled!

On the one hand because of his feelings for Windsor, and on the other because of his gratitude to Li Tian!

In the last days, it was Li Tian who brought Liu Yihui out of the Fourth Hospital in Fancheng, and gave Liu Yihui a platform to use his skills and reuse Liu Yihui. Without Li Tian, it is still unknown whether Liu Yihui can survive until the end of the end times!

However, emotional matters...

Liu Yihui took a breath and looked at Windsor, with a serious expression saying: "Windsor, go see Lord Li Tian, go to the Giant Stone Temple and wait for him, he will definitely ask to see you soon!"

Windsor looked up at Liu Yihui.

"Liu Yihui, what do you mean?"

Liu Yihui smiled slightly and continued: "I know you like Lord Li Tian, and Lord Li Tian likes you too! Once you return to the earth world, you may have fewer chances to meet Lord Li Tian!"

Liu Yihui did not consider that there is a clone of Li Tian in the earth world.

"So, if you have something to say to Master Li Tian, then you can talk about it! If you have anything to do with Master Li Tian, then you can do it! I support you and don't leave your life behind Regret!" Liu Yihui said.

Windsor looked at Liu Yihui with a bright smile on his face: "You don't regret it?"

Huh!

A faint energy flashed, and a figure appeared in the room instantly, it was Li Tian.

"What do you regret later? Does it mean leaving the Netherworld? If you regret it, it is still too late. Then, in the house of the venerable under the control of my Li Tian, let the Void Spirit Race build you the most magnificent and most powerful building in the Netherworld. Then build dozens of branch hospitals in other Venerable Kingdoms and empires, and then let you Liu Yihui be the president!" Li Tian said.

Seeing Li Tian, Liu Yihui's face was a little embarrassed!

Just now, although Liu Yihui didn't say it explicitly, his meaning is very clear. If Windsor really wants to have a close physical contact with Li Tian, Liu Yihui will not object to it, and it is acceptable!

After all, the place where Li Tian fought is also worthy of his life, Liu Yihui's love and protection! Windsor's expression was calm.

"Lord Li Tian, has the gate of the restricted area been taken back? Can Liu Yihui and I return to the earth world?" Windsor said.

Li Tian nodded slightly.

"I didn't expect that you still want to return to the earth world. If so, then I won't force you! Originally, I had a lot to say to you and Liu Yihui, but now I don't know where to start!"

"I will send you to the gate of the forbidden zone. You can go through the entrance gate and go back to the earth world! There is a heaven gate at the end of the earth world. Then I will write a letter back and let Li Bai or Duanmuying arrange for you..."

Before Li Tian finished speaking, he was interrupted by Windsor.

This should be the first time Windsor interrupted Li Tian's speech: "It is better to forget each other in the world! Returning to the earth world, I will live in seclusion with Liu Yihui, and you will treat it as if the two of us had never appeared in yours. In life!"

Chapter 4700: : Tianyi shot (1)

She left gently, just as she came gently!

She waved her sleeves without taking away a cloud!

Windsor is gone!

She and Liu Yihui passed the restricted area hand in hand.

Coming out of the Qiong Lance of Heaven, Windsor never looked back at Li Tian.

...

Li Tian's psychology is very unpleasant!

This is what it does!

Windsor likes Li Tian, Li Tian should take advantage of the situation to overthrow Windsor, and then put Windsor into his own harem, but Li Tian can't pass the barrier in his heart anyway!

"Perhaps this kind of ending is the best ending, I wish you happiness... but never sex... Hahaha!" In the end, Liu Yihui was walking with Windsor, thinking of Liu Yihui's awkward appearance. Li Tian can only bless them so much.

Li Tian handed the gate of the restricted area to He Feng and his spiritual land bandits to guard!

Because of Li Tian, these spiritual land bandits can finally see the sky again, and all these spiritual land bandits are grateful to Li Tian! Swear to the death to guard the gate of the restricted area!

Of course, these spiritual land bandits guarding the gate of the restricted area is only a temporary stopgap measure. If there are more suitable candidates, Li Tian will definitely put the gate of the restricted area under his own control.

After everything was arranged, Li Tian took Tang Xiaolong, Xiao Tianyi, Huang Ze, and Huang Ze's girlfriend (pao), teleported back to the mansion of Lord Yu Frost as soon as the next day broke!

Li Tian and Tang Xiaolong are pretending to be addicted. When these two goods enter the mansion of Lord Frost, they deliberately control their spiritual power, making them look like they are just the beginning of the ninth level of the Venerable in the eyes of others. Realm only.

Of course, this naturally has the advantages of doing so!

From Huang Ze, the Venerable Lord of the Frost Territory, entered the Domain Lord's Mansion and gathered all the Venerables in the mansion!

Outside the main hall of the main domain of the Frost Territory, nearly a hundred sages stood in front of the main hall.

The cultivation bases of these Venerables are different, the lowest cultivation base is only the Venerable's first level, and the highest cultivation base has reached the middle of the ninth level of the Venerable, and is even about to reach the emperor's realm!

At this time, the benefits of Li Tian and Tang Xiaolong's convergence of spiritual power were highlighted, and the strength of the two of them did not appear to be prominent among these nobles.

Huang Ze came with a mission. He stood on the steps and coughed lightly. His gaze slowly swept across the strange faces of all Venerable Zaicheng before he announced loudly: "The Lord Yushuang is in Ye The city was killed by Li Tian during the battle, and has now fallen. Now there is no leader in the kingdom of Lord Frostland. He was specially ordered by Li Tian to take over the kingdom of Lord Frostland and renamed the name of the kingdom! From now on , The new Venerable Kingdom must be included under Li Tian! Belong to Li Tian...!"

There was a sneer from the audience!

And the person with the sneer is the closest follower to Lord Frost Territory, the strong man who possesses the mid-level ninth-level peak of the monk, and the patient venerable!

"Hey, Venerable Huang Ze, if I remember correctly, you should have been sent to the gate of the restricted area to guard the gate, but I don't know why you are here?"

Venerable Patience took a few steps forward slowly, walked out of the crowd, stopped in front of Huang Ze but five steps away, and said disdainfully: "I don't know where your courage comes from, how dare you Looking for these two things, I want to control the kingdom of the Lord of Frost Territory!"

"Don't say I don't give you face, Venerable Huang Ze, if you get out with your people now, I can be kicked in the head by a donkey, and I am not as knowledgeable as you! Otherwise...don't blame us for not polite!"

"Venerable Patience, I think you are impatient!" Huang Ze cautiously looked at Li Tian's face, and shouted at Venerable Patience angrily.

Venerable Patience said without a smile: "Hey, I am Venerable Patience, how can I be impatient to live!"

"You said that Lord Yu Frost has fallen, how is this possible? Haha, who doesn't know that Lord Yu Shuang is even stronger after possessing the Red Slash clone. In the entire realm of Nether Realm, how many people are his opponents!"

"Hey, don't say that the Lord of the Frost Territory has not fallen, even if the Lord of the Frost Territory has fallen, there are many other powerful people in the Lord of the Frost Territory, and the support of the Eastern Palace Super God Family. When you reach the realm of cultivation, only the trash from the ninth-level and the eighth-level of the Venerable will be scattered!"

As he spoke, Venerable Patience suddenly released a powerful force, and for a while, there was a feeling of killing a hundred flowers. It seemed that he was about to completely suppress Huang Ze and Li Tian and others in an instant.

Venerable Patience has been upset in the past few days. Whenever this happens, Venerable Patience will be extremely impatient. He knows that something big is about to happen!

Not to mention, this special feeling of Venerable Patience has always been accurate.

He had suspected that the Lord of Frost Territory would fall in Yecheng before, but he had no evidence.

Now, when Huang Ze said such things, Venerable Patience had believed in ten to ninety percent of them! However, Venerable Patience does not want to just hand over the Venerable Kingdom of Lord Yu Frost!

Especially the **** handed to Huang Ze at the beginning of the eighth level, remembering that he brought two slightly stronger rubbish!

Venerable Patience is still confident!

In the country of Lord Frost Territory, Lord Patience is the most trusted person of Lord Frost Territory!

He believes that as long as he raises his arms, all the venerables in the mansion will stand behind him, with an absolute advantage, to kill Huang Ze, Li Tian, Tang Xiaolong and others!

As for Xiao Tianyi, he looks like a child, and is directly ignored by Venerable Patience!

Huang Ze's expression is a bit ugly, but his strength is not the opponent of Venerable Patience. He can only attack Venerable Patience in words: "Venerable Patience, do you know who the two people in front of you are? You really don't know. What is the writing of dead words!"

"Hahaha, I am also very curious, what exactly are these two? Humph, after I will kill you, I will engrave a big death word on your face, so that you can know how to write the death word. Yes!" Venerable Patience said with a sneer.

Immediately, Venerable Patience slowly raised his right hand, turned his head and said to the other Venerables behind him: "Brothers, there are people who curse that our Lord Frostland is dead and want to take over this Venerable Kingdom. , To take over this Domain Lord's Mansion, can you agree to it?"

"No!"

"Fuck them!"

"Kill them!"

"Where did the miscellaneous pieces come from, dare to go to the kingdom of Lord Lord of the Frost Territory to run wild!"

Behind Venerable Patient, seven or eight Venerables with different cultivation levels shouted in a mess.

Huang Ze angrily burst into blue veins on his face!

"You...you...this is looking for death! Don't blame me for not reminding you..."

Li Tian took a step forward, reached out his hand to stop Huang Ze, with a sneer at the corner of his mouth, looked at all the venerables under the steps, and said: "It seems that you are not planning to let us take over this domain lord mansion, but I want to know. Who else?"

Venerable Patience sneered and shouted again: "Brothers, let this fool look at us in the mansion of Venerable Frost Territory, who else is there!"

"Wow!"

"Wow!"

This time, the Venerables behind Venerable Patience shouted at the same time, and these Venerables released their spiritual power at the same time, demonstrating to Li Tian, Tang Xiaolong and others!

"Get out!"

"Fuck them!"

"Little trashers dare to run wild in Frost Domain Lord's Domain Lord's Mansion, looking for death!"

Li Tian laughed!

Tang Xiaolong laughed!

Xiao Tianyi smiled!

Huang Ze hesitated and smiled!

"Leave all the bodies of these guys to you! Little Tianyi, let me see your strength!" The smile on Li Tian's face suddenly disappeared, and he said coldly.
