

A Killer 4711

Chapter 4711: : King Kong Light and Shadow

The number of these strong people who came to the beach was not many, only a dozen!

However, the strength of these ten or so strong is extremely strong, each strong possesses the strength of the super domain master realm!

Huh!

On the beach sky, a figure suddenly appeared.

This person is the current patriarch of the White Horse Super God Family, White Horse King Kong!

White Horse King Kong was dressed in white and flew in mid-air with fluttering robes. Although he looked like a man in his 50s and 60s, he was still handsome.

White Horse King Kong glanced across the beach, and instantly locked on a big demon!

He saw the White Horse King Kong stretch out his right hand and patted the great demon from a distance. A huge golden palm print fell from the sky, like the palm of a Tathagata.

This great demon was being entangled by a super domain master-level powerhouse of the Super God Cultivator family, suddenly realized the threat from the sky, suddenly raised his head to look towards the sky, and subconsciously made a resisting action.

boom!

The palm prints slapped the big demon's arms, and the big demon's arms were instantly broken.

The castration of the palm print was slightly reduced, and it still fell heavily on this great demon.

puff!

The big demon spit out a mouthful of blood, and his body flew out in an instant, hitting the ground, smashing a large hole with a diameter of more than 100 meters.

An injured little demon didn't rush to escape, but was hit by the body of the great demon, and the damage he suffered was aggravated, making him unable to survive.

Huh!

White Horse King Kong's figure flashed, and appeared again above the injured great demon. White Horse King Kong's head was down, his feet were facing the sky, his palms were stretched forward, and he smashed down towards the great demon from the sky.

The speed of the White Horse King Kong is extremely fast. In the blink of an eye, the White Horse King Kong has already appeared at an altitude of no more than a hundred meters from the Great Demon. At this time, a golden light of naked King Kong appeared faintly around the body of the White Horse King Kong!

The big demon roared all over, ejecting countless icy arrows from his mouth, one after another at the White Horse King Kong.

Before the Frost Arrow shot hit White Horse King Kong's body, it hit the circle of King Kong light and shadow around White Horse King Kong's body, making a crackling sound.

The light and shadow of the King Kong are as stable as Mount Tai, but the Frost Arrow shattered into ice scum!

boom!

The White Horse King Kong continued to descend. When it was less than ten meters away from the big demon, the White Horse King Kong suddenly turned his body, **** down, and hit the big monster heavily.

The light and shadow on the White Horse King Kong shone radiantly, and instantly turned into a King Kong several hundred meters tall.

The body of this great demon is tens of meters huge, even if it falls on the ground, it looks like a hill, but it is instantly smashed into fleshy flesh by the light and shadow of the white horse diamond!

Another great monster of the Sea-Monster has fallen!

...

On the surface of the Nether Weeping Sea, the three-dimensional carp that swallowed the lonely body of Xiuyu finally turned into a dragon...human!

That's right, the carp became a dragon man with long horns on his head and a tail behind him..., this dragon man looked like a dragon three-pointers, seven-pointed like a lonely fish.

And this dragon man's body has a dense layer of broken scales, which look like fish scales, but they are much harder and stronger than the fish scales, and the dragon man's legs are five dragon claws, although his arms Let this look like a dragon claw, but the end is already a human arm.

This dragon man is lonely in fish repairing!

Xiuyu's lonely face burst out with excitement involuntarily. He clenched his hands into fists, feeling the rising power of his fists, watching the faint dragon scales on his fist hands, and the two dragon whiskers on his mouth could not help shaking. stand up.

"Hahaha, it takes no effort to break through the iron shoes and find nowhere to find it. I finally broke through to the demigod promotion!"

"Half-god, is this the strength of the half-god? Sure enough, although it is only a thin line away from the peak realm of the super domain master, it is a world of difference in strength!" Xiu Yu laughed lonely!

Suddenly, Xiuyu lonely and suddenly raised his head to look at the golden dragon that had already flown into the sky, and grabbed the golden dragon with his palm!

That Golden Dragon is the super domain master pinnacle powerhouse, seeing this lonely action of Xiuyu, he has already realized the danger! He teleported violently, trying to instantly take out the attack range of Xiuyu Jichao.

However, he still underestimated the demigod's strength.

As soon as the golden dragon's figure flashed, the teleportation was interrupted.

It was as if an invisible thugman had grabbed the golden dragon's body. The dragon scales on the golden dragon were instantly crushed into dozens of pieces, and blood and dragon scale fragments

fell from the sky. And the golden dragon uttered a miserable cry, twisting his body a few times in mid-air, and flew quickly in the direction of Xiuyu's loneliness!

"Hey, this is the power of a demigod! Hahaha, I finally stepped into the realm of solitude of Xiuyu!" Xiuyu lonely said with a wild smile.

...

The face of the siren girl is gloomy! The Sea-Monster Clan's hundreds of thousands of years of preparation were destroyed by the intervention of Chu Jiangnan, the accidental breakthrough of Xiuyu's loneliness, and the participation of the White Horse Super God Clan.

Now, on the beach, the Kraken tribe is being slaughtered! Above the sea of crying, Jin Long was twisting her body, but she couldn't escape, and she, being entangled by Chu Jiangnan at this time, couldn't escape at all!

The girl of the Sea-Monster tribe was unwilling to look up to the sky and shouted, "Retreat!"

The sound swept across the sea, and the waves that were convoluted instantly hit between the lonely fish repairing and the golden dragon. Just now, it looked like a pinched golden dragon. He instantly regained his freedom. He twisted his body and fell like a loach. Into the sea of crying, disappear into the ocean in an instant.

On the beach and land, the sea-monsters heard the orders of the sea-monster clan girls and threw down their opponents, their figures flickered, appeared on the shore, jumped, jumped into the sea, turned back to the deity again, and swam into the deep sea.

There is also the hapless little demon. When he jumped, it happened to be when the waves were on his legs. The hapless little demon was planted on a rock, and his head unexpectedly entered the rock. Then he was followed by the Xiuyu and Baima Super God family. The strong man harvested his head.

The domain masters and super domain masters of the Super God Cultivation Clan jumped into the sea and began to chase the sea monster!

The super domain masters of the White Horse Super God Family were about to jump into the sea, but were blocked by the White Horse King Kong.

"Don't chase the poor! Our mission has been completed, now we retreat immediately!" White Horse King Kong said.

The super domain masters of the White Horse family don't know what Baima King Kong thinks in their hearts. At the beginning, they decided not to repair the fish super **** family. He said that he did not participate in the fight against the sea monster clan. He led more than a dozen super domain masters. He was the one who helped, and it was him who did not let the remnants of the Sea-Monster Clan go after him.

However, the status of White Horse King Kong in the White Horse Super God Family must be lofty. Although these super domain masters have doubts in their hearts, they dare not question the White Horse King Kong, and they disappear in an instant without waiting for the gratitude of the Super God Family. Without a trace.

Xiuyu lonely lost the target Golden Dragon, and the figure appeared in front of the sea-monster girl!

"Chu Jiangnan, kill this demon girl with me!" Xiu Yu lonely shouted to Chu Jiangnan.

Chapter 4712: : You can't kill

"Kill me? Hahaha, do you deserve something like a dog?"

The sea-monster girl suddenly laughed wildly when she heard the words of Xiu Yu's loneliness. Her feet were a little bit on the surface of the sea. The surging sea just now stood still, as if it had become a mirror.

Immediately afterwards, the young girl from the Yuchou clan jumped, her body leaped in mid-air, spinning a few times, rubbing the lonely body of Xiu Yu, the sea-monster girl instantly slapped Xiu Yu's lonely back!

boom!

With this palm slapped, Xiu Yu Liao felt his body as if he had been hit by a mountain, and the spiritual power in his veins was surging, seeming to be surging out uncontrollably!

The dragon scales on Xiu Yu's lonely back were instantly broken into pieces. Some dragon scale fragments were even embedded in Xiu Yu's lonely body, and blood dripped down his body.

"This... how is this possible?"

"The loneliness of fish repair and this girl are both demigods! But why do I still have no power to fight back in front of this sea-monster clan girl? Could the difference between our previous strengths be so great?"

"Could it be...Is it a god-level powerhouse in this half-god realm who has to be divided into three or six or nine grades? I...I...Fuck!" Xiu Yu's lonely heart was startled, thinking in confusion.

Chu Jiangnan watched Xiu Yu's loneliness and was blasted, and shook his head slightly!

More than that, the semi-god realm is divided into three, six, nine levels, and even the venerable, domain master, and super domain master are divided into nine levels and three levels.

Take the domain master as an example, it is also divided into three small realms, the initial stage of the domain master, the middle stage of the domain master, and the peak of the domain master, but these three small realms are divided into three levels.

It's just that after the Battle of the Ten Thousand Gods Mountain, there were only more than twenty domain masters in the entire Netherworld, except for those super **** families and ancient families.

It is precisely because the number of domain master-level powerhouses at this time is too small, domain masters are unwilling to divide these few domain masters into ninth-level third-class, so they are collectively called domain masters.

However, those domain masters all understand that even if everyone is a domain master-level powerhouse, each other's strength is still strong or weak!

The loneliness of fish repairing certainly knows this truth.

In the super domain master realm, the fish repairing solitude is a super domain master ninth-level peak powerhouse, that is, a super domain master Dzogchen realm powerhouse, only a line from the demigod.

And Xiuyu's lonely strength, in the Netherworld, in addition to the demigod Chu Jiangnan, the mysterious woman, and the current sea-monster girl, he is definitely the strongest. I am afraid that his strength will also be in the White Horse King Kong and Donggong Zhen. Heaven, Sanlu Shangqing.

It was just that he suddenly broke through to the demigod, making Xiuyu lonely and arrogant for a while, ignoring that he, the newly promoted demigod, could never win in front of the sea-monster girl.

This sea-monster clan girl also had a murderous heart on Xiuyu's loneliness. After blasting Xiuyu's loneliness with a palm, she blasted a second palm, and this palm was obviously stronger than the first palm. a lot of.

Huh!

Chu Jiangnan instantly appeared beside Xiuyu Lonely, reaching out to block the sea-monster girl's palm attack.

boom!

The demigod is against the demigod, and the power of this simple palm-to-hand is amazing, and the sea surrounding them for hundreds of miles exploded instantly, as if thousands of shells had fallen on the sea.

Xiuyu was lonely and escaped from the danger, but his body was suddenly stiff at this moment, as if Xiuyu's loneliness had lost control of his own body in this second.

Whoosh!

Xiuyu plunged to the sea lonely.

The girl of the Sea-Monster tribe didn't expect to kill Chu Jiangnan in the middle of the way. This time she held her hands against her. She did not have the upper hand. A ray of blood had flowed from the corner of her mouth, and her body flew out lightly and fell into the water.

Seeing the girl of the Sea-Monster clan being injured, a murderous look flashed in Chu Jiangnan's eyes! This murderous aura had nothing to do with grievances, but Chu Jiangnan didn't want to see a strong alien with strength similar to him.

Sooner or later, Chu Jiangnan will ascend into the realm of God in daylight, but if there is such a strong alien attacking nearby during the ascension, let alone ascending into the realm of God, I am afraid that Chu Jiangnan will die without being buried. place.

Anyway, the Sea-Monster Clan has already been offended, so for example, do it more thoroughly and behead the Demon Emperor girl of the other clan.

No, not only the sea-monster girl, but also the loneliness of fish repairing!

Solitude of Xiuyu has now reached the realm of a demigod. If he continues to practice, it will endanger me, Chu Jiangnan, sooner or later. If this is the case, it is better to take the opportunity to kill Solitude of Xiuyu together, and then lay blame on the sea-monster girl...

Thinking of this, the spiritual power of Chu Jiangnan's whole body suddenly exploded, and the sky and the earth changed color slightly. Clouds swept over, covering the sky and the sun, and the dark wheels covered the entire sea!

Chu Jiangnan's eyes suddenly turned crimson, and some black lines continued to appear on his body. At the corner of his mouth, two sharp teeth appeared on the left and the right.

Xiuyu, who had fallen in the sea, saw the appearance of Chu Jiangnan lonely, and couldn't help showing a frightened expression on his face.

"This...this is Chu Jiangnan? Why do I feel that there is such an evil power in Chu Jiangnan!" Xiu Yu thought in his lonely heart.

The girl of the Sea-Monster tribe, half of her body floating out of the sea, was also shocked by Chu Jiangnan's appearance. At this time, he felt an unprecedented evil in Chu Jiangnan!

With an evil aura enveloping Chu Jiangnan, the spiritual power of Chu Jiangnan's body is rapidly increasing.

Chu Jiangnan, who was originally only the sixth level of the mid-level demigod, broke through to the ninth level of the half-god peak at this moment. If the power in him continues to increase, Chu Jiangnan is likely to directly enter the quasi-god state. As a result, Tian Lei forced him into the ascent.

At this moment, a woman with long hair fluttering suddenly appeared in the sky.

"Hey, I want to kill the lonely fish and the sea-monster girl, as long as I am here, you can't kill!" the mysterious woman sneered.

With, huh! This mysterious woman instantly appeared behind Chu Jiangnan and put her foot on Chu Jiangnan's body. Chu Jiangnan staggered and plunged into the sea of crying.

Chu Jiangnan's eyes gradually returned to their original appearance, and the black lines on his body had already receded, the dark clouds in the sky disappeared, and the red sun shone on the sea, sparkling!

"I...what's wrong with me? Could it be..." Chu Jiangnan could not help feeling a moment of fear in his heart!

Chu Jiangnan looked up, the sky was spotless, and the mysterious woman was no longer there.

"Could it be her again! This woman..."

The girl of the Sea-Monster tribe who was still floating on the sea just now saw the mysterious woman appear and plunged into the Nether Cry Sea. The figure quickly flickered in the deep sea and disappeared.

...

On the top of a mountain thousands of kilometers away, King White Horse slowly stood up, and said eloquently: "You can't kill it, you can't kill it!"

Chapter 4713: :Invitation card

Everything in the world changes rapidly.

At the beginning, Baima King Kong calculated that the loneliness and life of fish-fishing had expired, so he was unwilling to help the super-god fish-fishing family against the Sea-Monster Clan.

However, as the White Horse King Kong continued to deduce, he calculated that the loneliness of fish repairing could come back to life, and even the strength soared. Therefore, the white horse King Kong led the elites of the White Horse family to the Nether Cry Sea to help the fish repair super **** family.

However, the White Horse King Kong soon promoted that the sea-monster girl did not show her death, and there would be a mysterious powerhouse to help. White Horse King Kong did not want the White Horse Super God family to participate in the battle of several demigods, so he repelled the Sea-Monster family. , He led the tribe to leave.

Now, everything is consistent with the deduction of King Kong White Horse.

...

The battle between the Sea-Monster Clan and the Super God Cultivation Clan that took place in the Nether Cry Sea of the Underworld ended like this.

There is no real winner in this battle!

The super **** family of Xiuyu has suffered heavy losses.

Those domain masters and super domain masters that they chased into the Netherworld Weeping Sea were strongly counterattacked by the Sea-Monster tribe, and none of the domain masters and super domain masters who had chased into the deep sea escaped!

At the end of the battle, the Super God Cultivation Clan only lost ten of the super domain master-level powerhouses, and the death toll of the domain master-level powerhouses reached 53. The loss to the elite of the Cultivation Cultivation super **** family reached nearly one-third. One.

The loss of the Sea-Monster clan seemed to be even more severe. They were sniped by members of the Super God Cultivation Fish Clan, and attacked by members of the White Horse Super God Clan. Nearly fifteen of the Sea-Monster tribe fell, while the number of Little Monsters was even greater.

With this battle alone, the Sea-Monster Clan may hardly want to make a comeback in a short time!

But for the Super God Family of Xiuyu, although their losses were heavy, their gains were even greater! Because their Patriarch, Patriarch Xiuyu was lonely in this battle, unexpectedly broke through to the demigod!

There is an extra demigod in the family, and the loss of ten super-domain master-level powerhouses, if this is a business, the super-god fish-cultivation family is still worthwhile.

Unfortunately this is not a sale.

There are clansmen and family members behind these super domain masters and domain master-level powerhouses. Even if the people in the Netherworld are used to seeing life and death, even if the fish super **** family will not treat the families of these powerhouses, the pain of losing family members is They need to bear it by themselves.

Xiuyu lonely thanked Chu Jiangnan, and sent someone to the White Horse Super God Family to send a letter thanking the White Horse Super God Family for their help, and set up a team led by Super Territory Master Powers on the shore of the Nether Cry Sea. , Many domain owners as the backbone members of the inspection team, and this led the remnants to return to the Super God Family.

...

After the battle ended, Chu Jiangnan left the Underworld quietly.

In this battle, the demigod Chu Jiangnan lifted his whole body and was not injured, but Chu Jiangnan accidentally released the darkness in his heart again.

Suddenly attacking the old dean and the great elder, bearing the notoriety of bullying the ancestor and defecting from the Nether Academy, these things kept appearing in Chu Jiangnan's mind, which made him fall into fear and pain!

At the beginning, as the dean of Nether Academy, although the strength of the old dean could not be said to be invincible in the world, it was also the existence that made the patriarchs of the four super **** families jealous.

However, Chu Jiangnan Heart Demon invaded...

"Old Dean..." Chu Jiangnan's hair is messy, his clothes are ragged, his cheeks are dirty, his eyes are red, and he kneels on the ground, tearing his hair with his hands, and hissing in pain.

After so many years of fighting with the inner demon, Chu Jiangnan thought that he had already defeated the inner demon. As long as he made up for the regret in his heart, he could ascend and enter the realm of the gods.

However, he did not think of an evil thought in his heart, just an evil thought, but instantly knocked him back to his original shape again, and the heart demon was still in his heart.

"Kill..., kill Xiuyu Lonely, the Nether Realm does not need a new demigod!"

"Kill..., destroy the super **** family, let these hypocritical guys go to hell!"

"Kill..., kill the Li Tianjun regiment, as long as the mysterious woman looks at it, it's your enemy!"

The heart demon was harassing, a crazy voice kept yelling in Chu Jiangnan's heart, bewitching, Chu Jiangnan now is like a madman, and he can't see that Chu Jiangnan at this time is still alive.

"Get out of my heart, you devil..." Chu Jiangnan yelled hysterically.

"Hey, don't pretend to be a saint. Isn't this Netherworld a world where the weak and the strong eat? You are not wrong, I am not wrong, kill them...Kill them you are the only **** in this Netherworld!"

"no no....."

Chu Jiangnan suddenly got up from the ground and stumbled forward a few steps, huh! Instantly teleported and disappeared.

...

What happened in the Nether Continent has not yet passed back to the Nether Continent.

The Li Tianjun regiment took control of several fallen domain masters and emperor kingdoms, including the Frost Territory Lord and the Blood Territory Lord.

Regarding what Li Tian did, other domain masters, emperors, and even the super **** family and ancient families did not have any reaction. It seems that these big forces have acquiesced to the rise and existence of the Li Tian army.

Li Tian's heart was a little uneasy.

What Li Tianjun defeated this time represented the alliance of the Donggong Super God Family, and even Donggong Buchan was beheaded. How could the Dong Gong Super God Family sit idly by?

Before the storm, it is often extremely calm.

Although there is Xiao Tianyi, a super domain master-level powerhouse beside Li Tian, Li Tian still has no confidence in his heart. Li Tian dispatched all the Heavenly Assassin Legion, and let these Legion members begin to collect all kinds of information, especially the information of the Eastern Palace Super God Family, and strive to know oneself and the enemy.

During this period, Li Tian also seized the time to refine the aura in the body's veins, striving to break through to the realm of the domain master as soon as possible.

Time passed, and a month passed in a blink of an eye.

According to the information sent back by the members of the Skythorn who were sent to the location of the East Palace Super God Family, the East Palace Super God Family still has no movement, as if they have accepted this reality.

"No..., the Donggong Super God Family will never stop here!"

Originally in the residence of Lord Frost Territory, in the practice room, Li Tian closed his eyes tightly and sat cross-legged on the ground.

Li Tian is seizing the time to refine spiritual power.

Although he can do two things with one mind, he still tries not to think about these issues to avoid distraction.

"Little boss...Little boss..."

In the corridor of the underground exercise room, Tang Xiaolong screamed like thunder.

When Li Tian was practicing, only Tang Xiaolong and other cronies dared to disturb Li Tian so unscrupulously.

Tang Xiaolong appeared here, and Li Tian didn't want to cultivate at ease.

Rumble!

Tang Xiaolong, a steel door weighing more than a hundred thousand catties, easily pushed open, and Tang Xiaolong walked in.

"Xiaolong, what's going on, see what excites you!" Li Tian stood up and said.

Tang Xiaolong was very excited. He waved a metal plate in his hand and said, "Little boss...This is an invitation letter from the Colosseum for the little boss to participate in the Beast Contest held every five hundred years!"

Chapter 4714: : Get it back

"The Colosseum? I'm not familiar with them!" Li Tian said.

Li Tian's knowledge of the Colosseum still remained before the encounter between the dark forest and the small blue tile.

Later, Li Tian was practicing on the top of the holy peak, and then he was "kidnapped" by the elder in charge and entered the Nether Academy. Then he was controlled underground by the **** of obscenity, and then was the Yecheng event. There have been intersections in the arena, and the understanding of the amphitheater is limited.

Of course, it's not that the Colosseum is silent in the Netherworld, but on the contrary, the Colosseum is famous in the entire Netherworld.

In the earth world, people have too many entertainment items, movies, dramas, music, sports, games, there is always one suitable for you.

But in the Netherworld, people's lives are too boring. Whether you are a venerable or a domain master, your living environment will not change much for your strength improvement. Therefore, these venerables, Regardless of the domain owner, in addition to cultivation, it can be described as a leisurely pain.

It is precisely because of this that the Yecheng event attracted so many powerhouses to watch the battle.

It is precisely because of this that Niulanshan Erguotou wine will be welcomed in the Netherworld.

Apart from drinking and watching Miki dancing, the biggest hobby of these cultivators is to gamble!

And the largest casino in the entire Underworld is naturally the Colosseum!

The great thing about the Colosseum is that there is a shadow of the Colosseum in any kingdom or empire of the Netherworld.

As long as there are beast fighting activities, those monks and venerables will rush into the Colosseum like crazy to watch the beast fighting game.

Of course, the most important thing is to place a bet before watching the Beasts game!

Sometimes important beast competitions will attract emperors and domain masters. In the Netherworld Colosseum, the "Beast" which describes the techniques of beasts and the information of beasts is often sold. "The release of the Colosseum made a lot of money!"

Those powerful fighting beasts will even become stars and have a huge number of fans in the Underworld.

And the Battle Beast Conference held every five hundred years will make the entire Nether Realm boil.

Monk? Sorry, this time the Colosseum Conference was held at the headquarters of the Colosseum, and the practitioners were not even qualified to enter the arena.

Lord? Hey, it depends on whether your cultivation level has reached the ninth level of the Venerable. If you have not reached the ninth level of the Venerable, I'm sorry, you can enter the Colosseum headquarters at most and listen to the news outside.

Only those strong at level 9 or above are eligible to enter the Colosseum competition venue.

Only the emperor, the domain master, and representatives of the mysterious race, the ancient family, and the super **** family can enter the guest seats and watch the beast match up close.

Tang Xiaolong looked at Li Tian, walked a few steps forward, with a smug expression on his face, he smiled, and said with certainty: "Little boss, now your name is very resounding in the entire Netherworld. In the Netherworld, apart from you, the little boss, who can kill the strong master of the domain with the realm of the emperor, and who dares to say no to the Donggong super **** family? The Colosseum invites the master of the emperor, the master of the domain, There must be a seat for the little boss, otherwise, the beast match in this Colosseum will be an incomplete match!"

"Hey, this is the truth!" Li Tian knows that Tang Xiaolong can't flatter, but this truth is better than flattering! After a short pause, Li Tian looked at Tang Xiaolong and said, "Since you are inviting the emperor and the master-level powerhouse, did you also receive the invitation?"

Tang Xiaolong smiled and touched his hair a little embarrassedly and said, "It's not just me, Situ Ningbing has also received the invitation. In addition, Xiao Qingwa and Vicious Dog have also received invitations, but they are not as guests. , But was invited as a fighting beast!"

"Beast fighting? Can Xiao Qingwa and the vicious dog also participate in the fighting beast contest?" Li Tian asked somewhat unexpectedly.

The Colosseum has a history of tens of thousands of years. There are beast contests of different sizes every year, every month, and every day. However, the beast contests held every five hundred years are the most grand and grandest.

The Colosseum will send the best beasts they have cultivated over the past five hundred years to participate in the competition and accept any organization or individual beast challenge.

However, in the past ten thousand years of history, the strongest beast selected by the Colosseum is the mid-level ninth-level peak realm of the Venerable, and there is still a little gap between the realm of the emperor.

But this time is different, the Colosseum is full of confidence, because they have cultivated nine emperor-class beasts in the past five hundred years.

If the Emperor Zichuan, Emperor Canghai and others had not announced that their cultivation level reached the domain master at the same time, the Colosseum might continue to conceal the reality that they possessed the emperor-class beasts.

But now that the entire Netherworld has entered a period of turbulence, it is necessary for the Colosseum to show their strength, and this five-hundred-year beast competition was the most suitable time.

The Colosseum has nine emperor-level beasts, which gives the Colosseum a certain level of confidence in an instant. Even if their beasts are only the emperor-level realm, they have not been able to pose enough danger to the domain owner, but this is also That's enough.

In order to show one's own strength, but also to hold this Beast Contest into a triumphant and complete congress. The Beast Contest in the Colosseum has also been specially added to the Emperor-level Beast Contest.

The emperor class, as the name suggests, that all fighting beasts must reach the emperor realm!

Li Tian's little blue tile and vicious dog showed the strength of the emperor rank and close to the imperial rank in the battle of Yecheng, so the little blue tile and vicious dog would receive the invitation.

"Little boss, this time Xiaoqing Wa was invited to participate in the Emperor-level Beast Fighting Competition, and since the power level of the Vicious Dog has not reached the Emperor-level Beast, the Vicious Dog can only be invited to participate in the Venerable Ninth Level Beast Fighting Competition!" Tang Xiaolong said.

"It's not profitable to get early, if you win, is there any reward?" Li Tian said very realistically.

Speaking of rewards, Tang Xiaolong became excited again.

He took out a piece of animal skin that was dyed red in all directions, handed it to Li Tian, pointed to the various prizes painted on the animal skin, and said with excitement: "Little boss, look, these are The prize for this beast contest."

"It can be seen that these prizes are quite generous. The final winning reward for the cultivator-level beast is ten spiritual sources; the final winning reward for the beasts of the ninth level and below is an emperor-level ghost beast crystal. , The prize of the final winner of the ninth-level battle beast of the Venerable is a beast crystal of a domain master-level ghost beast."

"As for the prize of this special Emperor-level beast, only a few question marks are drawn on it, but according to the gossip, the prize of this emperor-level beast is a quasi-artifact!" Tang Xiaolong explained. .

"Quasi artifact?"

Li Tian was very surprised!

If the Colosseum has a quasi-sacred weapon, and if you don't use it, and even use it as a prize, will there be fraud?

This thought flashed through Li Tian's mind, and Li Tian began to get a little excited again!

Although Li Tianyou has the Heavenly Qiong Spear now, his strength has been greatly improved, but who would dislike his **** weapon too much?

"Haha, let's go, then let's get the quasi-sacred tool back!" Li Tian clenched his fists, waved his fists, and said excitedly.

Chapter 4715: : On the road (first more)

The Netherworld is so big, Li Tian wanted to see it.

It has been three years since Li Tian came to the Netherworld. Except for a year when he was trapped underground by the molesting gods, at other times, Li Tian was almost silently practicing or fighting in various ways.

The women who followed Li Tian, Situ Ningbing, Xueji, Liu Jimeng, and Ye Meijing, were almost trapped in the Qiong Spear of the Sky.

At that time, Li Tian's strength was weak, he could hardly protect himself, and was forced to do so. But now, Li Tian and Situ Ningbing already possess the realm of Emperor Venerable, and Li Tian's entire legion strength is greatly improved.

Except for the super **** family that made Li Tian jealous, other domain masters and emperors, in Li Tian's eyes, were the five fighting scums.

Therefore, since the Colosseum invited Li Tian to watch the beast match, Li Tian took advantage of this opportunity to take Situ Ningbing, Xue Ji, and Liu Jimeng on a walk-and-go trip.

Originally, there should be Ye Meijing and stars on this trip.

It's just that the kingdom of Yecheng Venerable is destroyed, and the strength of Yecheng Emperor has plummeted. Now Ye Meijing and Ye Liangchen's brother and sister are in Yecheng, accompanied by Yecheng Emperor, and by the way, they are restored!

As for Xingchen Xiaoyue, after Yecheng's battle was over, Li Tian once invited Xingchen Xiaoyue to accompany him, but was refused by Xingchen Xiaoyue on the grounds that he wanted to return to Nether Academy. It is estimated that he should have returned to Nether Academy.

Followed by Li Tian are Tang Xiaolong, the vicissitudes of life, Xiao Tianyi, and the other two protagonists invited by the Colosseum: Xiao Qingwa and the Vicious Dog!

This team was pulled out, except for a few powerful existences such as the Super God Family, it is estimated that no one would dare to provoke Li Tian and others.

Li Tian and others can walk sideways!

The last time Li Tian rushed from Niujia Village to Nanchu County took an ox cart, but this time Li Tian and the others took an aircraft!

Aircraft, you can understand it as a flying magic weapon.

It is a kind of flying equipment made by the most magical race of the Underworld, the Ethereal Race. This aircraft looks like a ship and is also called a flying treasure ship in the Underworld.

It's just that the flying height of this kind of flying treasure ship is limited, the highest can reach kilometer, this is already the limit of flying treasure ship, far from reaching the altitude of the earth world airplane.

This flying treasure ship relies on the spiritual power in the burning spiritual soil to provide flight energy. Therefore, this flying treasure ship is not something ordinary people can have.

In the entire Netherworld, only domain masters, super domain masters, super **** families, ancient families, etc. who have spiritual soil mines have this kind of flying treasure.

However, as the saying goes, you get what you pay for. Although the flying treasure ship consumes a lot of flight, the advantages of this treasure ship are also obvious. The flying treasure ship has stable flight, controllable speed, and fast flight speed, and the flying treasure ship can fly freely through which Over the kingdom of the Venerable, who is forbidden to teleport.

A few lounge chairs, a parasol, red wine, drinks, and fresh fruits from the Underworld are really proud of life.

On the flying treasure ship, in addition to the original operator being a man, Li Tian deliberately chose twenty young girls from the Underworld to become 'Stewardess'.

These young girls are controlled between the ages of 18 and 22, and they are all fair-skinned, tall and beautiful, and have excellent temperaments.

More importantly, these little girls are all without makeup, which is absolutely natural and pollution-free.

But these girls fell into Li Tian's hands, and they were **** mildew for eight lifetimes.

Li Tian even let these little girls bet to wear the bikini he distributed after washing them for nothing.

These girls were frightened by Li Tian's lewdness and dared not refuse.

At this moment, they shyly shyly shuttled back and forth in front of several recliners with blushing cheeks, providing services to Li Tian, Tang Xiaolong and others.

This picture, tusk... Li Tian was drunk thinking about it.

When these flight attendants knew their fate, they were ready to be ruined by the 'beast' of Li Tian.

But they got on the flying treasure ship, and walked for more than five days from the Lord of the Frost Territory, and Li Tian did not take advantage of any of them.

This made these flight attendants breathe a sigh of relief, but at the same time they felt that Li Tianqi was inferior!

Of course, when seeing the beautiful looks of Situ Ningbing, Xue Ji, and Liu Jimeng, these flight attendants were really ashamed to lower their heads.

Situ Ningbing and the others only smiled at Li Tian's mischief.

Li Tian is now able to kill the emperor of the domain master-level powerhouse. If he doesn't even have this pomp and the right, it would be a failure!

...

The flying treasure ship slowly flew between the clouds and the earth, the breeze blowing, cool and comfortable, lying on the recliner, stretched out his hand, as if stretched higher, you can touch the white clouds.

If you don't want to lie down on a lounge, you can bring a good wine, come to the side of the boat, look down and you can see the beautiful scenery under your feet.

Especially when the flying treasure ship flies over ordinary counties and tribes, the eyes of ordinary people on the ground are full of envy.

The flying speed of the treasure ship is not too fast now. At this speed, one month later, it can definitely reach the Colosseum headquarters.

Li Tian and the others are not in a hurry, anyway, there is still some time before the start of the beast match in the Colosseum.

The headquarters of the Colosseum is located between the Netherland and the Netherland, on the seven large islands and hundreds of subsidiary islands close to the Netherland.

There is a small island in the center of the archipelago called the main island. The headquarters of the Colosseum is on this smallest island in the center.

The other six islands and hundreds of small islands surround the central island. Looking down from the sky, these islands are like flower stamens.

Therefore, the islands in this Colosseum have a unified name: Bird Shit Island.

Well, the name of this bird **** island has nothing to do with Huarui.

However, since the Colosseum took control of Birdshit Island, the names of these islands have gradually been called Colosseum Island.

Fighting Beast Island is less than a hundred nautical miles away from You Continent, and a venerable person teleports from the coast, and can teleport over instantly.

However, it is obviously not realistic to teleport from the Lord of Frostland's Venerable Kingdom.

There is a distance of nearly 35,000 kilometers between the two. There are dozens of small states and small counties, tribes, and even other emperors, territories, and some mysterious races in between. Ancient family territory.

The flying treasure ship flew slowly, not far from the sea coast.

Li Tian is enjoying the beautiful scenery along the way, and has absolutely no idea of causing trouble.

But Li Tian didn't have the idea of causing trouble, but trouble came automatically.

No, Li Tian's flying treasure ship flew into a vast tropical jungle. In this jungle there is a big river with turbulent water. Although the whole picture cannot be said to be beautiful, this uninhabited primitive jungle has a mysterious feeling.

Li Tian's flying treasure ship just flew over this big river. Suddenly, the river that was flowing down the river suddenly "erected". The water course suddenly changed and rushed into the air. It just shot Li Tian's flying treasure ship impartially .

boom!

The flying treasure ship shook violently, and the wine bottles, wine glasses, and fruit platter on the table in the middle of the recliner crackled all over the floor.

The flying treasure ship suddenly fell down at this moment!

Chapter 4716: : Mysterious race (2nd more)

Unprepared, several young girls fell off the flying treasure ship.

The remaining flight attendants were pale in fright, and desperately grasped everything they could hold with their hands on the ropes and railings of the flying treasure ship, even Li Tian's legs and Tang Xiaolong's arms.

They screamed and screamed in panic to vent the fear in their hearts.

"Xiaolong! Pick up the treasure ship! Don't let the treasure ship fall!" Li Tian shouted at Tang Xiaolong.

Following that, Li Tian's legs were a little bit on the treasure ship, and his body turned into a shadow and flew out.

Huh!

Huh!

Li Tian swiftly flew down, and repeatedly teleported several times in mid-air, throwing the girls who had fallen onto the treasure ship.

Those girls who were thrown up by Li Tian were easily caught by Situ Ningbing, Xiao Tianyi, and the vicissitudes of life, and sent them into the cabin.

Below the flying treasure ship, Tang Xiaolong held up the flying treasure ship with his arms high, using all his strength to prevent the treasure ship from falling.

The weight of this flying treasure ship has exceeded 100 tons, and the flying treasure ship has lost its flight kinetic energy. Under the condition of gravitational acceleration, the weight of the flying treasure ship is now close to 300 tons!

Tang Xiaolong has now reached the realm of Emperor Zun, his "Ten Refining Body" has already broken through the realm of Dzogchen, and his own strength has reached an amazing level, but even so, the flying treasure ship is still declining!

drink!

Tang Xiaolong roared.

With this roar, Tang Xiaolong's spiritual power exploded, and Tang Xiaolong's body was completely wrapped in this spiritual power.

Through his spiritual power, you can see Tang Xiaolong's whole body bursting with blue veins, his whole body turned black again, and his muscles are like black steel, exuding a metallic luster.

If Tang Xiaolong wears the red underwear outside at this time, he is super god!

No, Tang Xiaolong is much better than Super God!

Tang Xiaolong's mouth showed a smug sneer.

The flying treasure ship is very heavy, but compared to the fist of the King of Fighters, Tang Xiaolong is not unbearable.

It was just that Tang Xiaolong was in mid-air at this time, and there was no support under his feet. He could only rely on burning his spiritual power to fly to prevent the flying treasure ship from falling.

Under Tang Xiaolong's prevention, the flying treasure ship's falling speed became slower and slower. When it was less than 100 meters from the ground, the flying treasure ship finally stopped falling and was suspended in mid-air.

Rumble!

At this moment, the flying treasure ship finally recovered the kinetic energy of space and slowly flew up again.

"Little dragon, guard the treasure ship!"

Li Tian flipped over, the Heavenly Qiong Spear had appeared in his hand, Li Tian also came to a free fall, and his figure flew towards the river at the fastest speed!

Hey!

Seventy-seven forty-nine small fishes emerged from Li Tian's right arm, and instantly transformed into seven or forty-nine purple electric dragons with thick bowls.

These purple electric dragons coiled around the Qiong Lance of the sky and surrounded Li Tian's body. Li Tian's whole person was like a purple lightning, descending from the sky!

When things happen impermanent, there must be demons. Li Tian has never seen the water of a big river rushing into the sky, like a water cannon, 'hitting a plane'. Therefore, Li Tian believed that this must be caused by someone.

That being the case, Li Tian didn't plan to spare these troublemakers lightly!

Sure enough, when Li Tian's body was still a hundred meters away from the surface of the river, the river water sprayed again and rushed towards Li Tian.

"Hey, it's getting more and more interesting! What is it so sacred, who pretends to be like this, and see if I will not blast you out today!"

Li Tian roared, the Heavenly Qiong Spear in his hand pierced forward suddenly. The Heavenly Qiong Spear had not yet crossed the river, and dozens of purple electric dragons could not bear to rush into the river.

The dragon is like a river, like a fish in water!

The purple electric arc kept swimming along the river water, and the fish, shrimp and crab in the river water were constantly blown up and turned into powder instantly, disappearing into the air.

Crackling!

This river water is just ordinary river water, but this purple electric dragon is the spiritual dragon that Li Tian condensed by practicing "Blue Cloud".

Under the attack of the purple electric dragon, the river water was quickly swallowed at a speed visible to the naked eye. The river water became shorter and thinner like a heated popsicle placed in a scorching sun, not a microwave oven!

"Hey!"

Li Tian gave a sneer, the Qiong Spear in his hand suddenly stab, and the remaining dozens of purple electric dragons gush out again.

The river water that rushed into the air burst again, and the faces of dozens of figures in the river water finally showed a trace of panic.

As if to avoid the purple electric dragon's attack, the river water suddenly broke from the middle, and a section of the river fell rapidly and fell into the river again, flowing forward.

The other half of the river lost the continuous river support behind it, and it was completely swallowed up by the purple electric dragon in just a few seconds.

Looking down from a high place, Li Tian saw dozens of faint shadows in the big river running upstream, quickly fleeing towards the depths of the tropical rain forest.

"Come as you want, leave as you like, you regard this as a free market?" Situ Ningbing's mouth curled slightly, and he gave a cold smile, and in an instant Situ Ningbing had teleported to the upper reaches of the river.

Hey!

Condescendingly, Situ Ningbing plunged his arms into the river water suddenly, following the purple arc flashing across her arms, dozens of purple lotus flowers bloomed on the river surface.

The lotus on the surface of the river is tall and tall, like a goddess who can only be seen from a distance and cannot be played with. The goddess under the river surface has already exposed its minions.

At the root of the lotus flower, countless purple arcs form a dense purple grid, blocking the entire river surface.

The fish that descend along the river, no matter the size of the fish, as long as they touch the purple power grid, if there is no time to escape, they will be instantly wiped out by electricity.

"Tsk tsk, last time in the Yecheng battle, I didn't pay attention to Ningbing, and I didn't expect that Ningbing's current cultivation base was so powerful!" Li Tian sighed with relief.

Do you think Situ Ningbing's purple lotus is tightly like this?

Then you are so wrong!

At the moment when the purple grid was formed, the flower branches of the lotus swayed, and the lotus petals fell off and fell into the river surface and water.

The petals of these purple lotus flowers went down the river, attacking the shadows in the water like a cannonball.

In the river, the dozens of shadows have already realized the danger of the purple lotus. At the moment when the lotus flower fell off, these shadows jumped out of the river one after another.

Whoosh!

Whoosh!

Whoosh!

These shadows fell on the tall tropical trees on both sides of the river, holding various weird weapons in their hands, staring at Li Tian and the others.

"Be careful, everyone, they are the mysterious water ghost race that has disappeared!" The vicissitudes of life standing on the flying treasure warned.

Chapter 4717: : Water Ghost Race (3rd more)

In the long history of the Underworld, many powerful races will mysteriously disappear for various reasons.

Of course, these races did not completely disappear in the Nether Realm, but just disappeared from people's sight, such as the Water Ghost Race.

The water ghost tribe used to be active in various waters, rivers, lakes, and even areas near the mainland's coastal waters on the mainland.

The water ghost tribe is good at water and good at fighting. However, tens of thousands of years ago, the water ghost tribe suddenly disappeared from the sight of everyone. In the later tens of

thousands of years of history, the water ghost tribe rarely showed up, only in the Nether Academy. In the books, only the water ghost tribe is recorded.

But he did not expect that this water ghost clan would appear today and would attack Li Tian's flying treasure ship.

"Mysterious race? Just rely on this look? It's really disappointing!" Li Tian asked disdainfully looking at these water ghost tribes.

The members of these water ghost tribes have rickety bodies, and the tallest water ghost tribe is only less than 1.5 meters in height, just like old men of old age.

The skin of the Shuigui tribe is light green, similar to the color of spinach juice, but their skin is smooth, and there is this layer of slimy liquid on the surface of the skin.

These water ghosts do not have eyebrows, and their eyes are not slender, but round, as if they are protruding. Their hair is brown, and there are fish-like gills under their left and right ears. Nothing can be seen on their naked bodies. Male or female, there is a small tail like a fish fin behind him.

Of course, these water ghosts are not completely naked, they are still wrapped in a piece of water, which looks like their clothes.

The whole person can only be described in two words, that is, a monster!

Of course, this is to look at them from the perspective of the people on earth. For the multi-racial Netherworld, these water ghost tribes are not unacceptable.

At this time, the hands of these water ghost clan powerhouses were holding cone-shaped weapons that were forged from any metal.

There are many gaps in these tapered weapons, just like hollowed-out weapons. In these hollowed-out spaces, there are faint water waves flowing, and there are even strange little fish the size of a pinky finger swimming back and forth in the hollowed out area.

This weapon seems to be crushed with a little effort, but there is also some light spiritual power flowing on this weapon.

What made Li Tian feel most surprised was that the foreheads of these members of the water ghost tribe had the word 'sin' on their foreheads!

"* ¥ @ ¥ " One of the water ghost clan had a bit of anger on his face, and said a few words to Li Tianjili.

Li Tian was taken aback. Li Tian didn't even understand these few words. This was the first time Li Tian heard a language he couldn't understand since he came to the Netherworld.

But Li Tian noticed that when the water ghost clan was angry, the brown hair on his head would glow with a faint green light.

"what?"

Li Tian looked at Situ Ningbing suspiciously, but saw that Situ Ningbing also shook his head slightly.

Situ Ningbing had recovered part of the memories of the Netherworld, but she didn't even understand what these water ghosts said.

"The vicissitudes of life, can you understand?" Li Tian asked the vicissitudes of life again.

The vicissitudes of life shook his head slightly and said, "I only saw the paintings of some of the mysterious races that have disappeared in the Nether Academy. I haven't learned the words of the water ghosts, but they seem to be very hostile to us!"

Li Tian can also see it, but what makes Li Tian feel puzzled is that it is the first time he has come to the sky over this area, and it is also the first time he has seen the water ghosts. What kind of deep hatred would allow these water ghosts to sneak attack on Li Tian's flying treasure ship.

"Do it!" Tang Xiaolong grinned and said with a sneer on his face.

Li Tian nodded slightly!

Huh!

Tang Xiaolong teleported to a water ghost in an instant, and his iron fist slammed at the water ghost squatting on top of tropical trees.

Chi Chi Chi Chi!

A trace of panic flashed across this water ghost's face, his mouth screamed like a monkey, and his body fell back, avoiding Tang Xiaolong's iron fist attack.

The water ghost tribe's feet were like monkeys, clutching the tree trunk, and after turning around the tree trunk, the body went around behind Tang Xiaolong. The hollow weapon in his hand slammed into Tang Xiaolong's back.

"Hey, the bug trick wants to hurt people too? Dreaming!"

That punch just now was nothing more than Tang Xiaolong's tentative attack. That punch looked very mighty, but it didn't exert Tang Xiaolong's full strength.

Tang Xiaolong saw that the water ghost clan did not escape, instead he wanted to compete with him. He couldn't help but feel a little excited. His body suddenly twisted back in mid-air, his entire arm carrying surging spiritual power like a heavy rod, hitting it horizontally toward the water ghost tribe.

boom!

Tang Xiaolong's iron fist arm hit the hollow weapon, and there was a loud noise. The tropical tree under the water ghost clan's feet instantly broke into debris, and even the dirt on the ground was flying.

However, the hollow weapon of the Shuigui tribe is safe and sound.

Moreover, in just a moment, the water flow on the hollow weapon somehow turned Tang Xiaolong up!

Dungeon!

This is the water prison of the water ghost tribe, and Tang Xiaolong is actually trapped in this water prison.

What made Li Tian even more surprised was that the small fishes in the hollowed-out weapons looked like leeches. They got into Tang Xiaolong's arms. Tang Xiaolong's face was flushed, but his arms were weak. Hanging weakly.

"What...what's going on? Why do I suddenly fail to use my energy? And, what's wrong with my spiritual power, how can I feel uncontrollable?" Tang Xiaolong sat slumped. In the dungeon, through the dungeon as if through the glass, looking at the water ghost grinning at him, thinking weakly in his heart.

In one round, Tang Xiaolong was controlled instantly, which made Li Tian and Situ Ningbing suddenly surprised.

Judging from the fluctuations in the spiritual power of these water ghosts, their cultivation is only the Seventh or Eighth level of the Venerable. Tang Xiaolong can completely kill the small garbage in this realm, but he did not expect it to be this now. This situation.

Those water ghost tribes screamed excitedly, holding up the hollow weapon in their hands, making faces at Li Tian, Situ Ningbing and others.

Fuck, what the **** are these things? What happened just now? Why is Tang Xiaolong, who is at the emperor level, controlled by such an ugly ghost!

At this time, the water ghost who had controlled Tang Xiaolong grinned at Li Tian, carrying a hollow weapon with a water cell hung on it, as if he was carrying a big baggage with a wooden stick, and turned and fled.

My day! What's happening here!

Five water ghosts suddenly started their hands, rushing towards Situ Ningbing, Li Tian, the vicissitudes of life, Xiaotianyi, and the Flying Treasure Ship!

Chapter 4718: : Kneeling to beg for mercy (4th more)

The Shuigui tribe captured Tang Xiaolong, but didn't hurt Tang Xiaolong, but wanted to take Tang Xiaolong away from here.

This made Li Tian understand that these water ghost tribes may be drunk and warm, but their real purpose is probably to lead Li Tian and others to the depths of the tropical rain forest.

What is their purpose?

It will never be an invitation to Li Tian to be a guest in the depths of the tropical rainforest. If this is the case, then Li Tian does not have to guess!

Seeing a few ugly water ghosts leaping forward with their teeth and claws, Li Tian's mouth showed a slight smug smile.

With the strength of these water ghosts, still want to hurt Li Tian and catch Tang Xiaolong alive? It's just wishful thinking!

"Little Tianyi, catch them alive!" Li Tian shouted.

As soon as Li Tian's words fell, a spiritual realm released by Xiao Tianyi instantly covered the flying treasure ship, Li Tian and others, and all the water ghosts.

The members of the water ghost clan were terrified!

Their bodies stayed motionless in the air, staring dumbly at the Xiaotianyi standing on the flying treasure ship!

"% ¥ ...Domain...Domain master level...% ¥ #!"

The strength of these water ghost tribes is limited, and their knowledge probably stays at the domain master level at best.

It's just that they dreamed and didn't expect that the strength of the little guy in front of them had reached the superdomain master realm, and he was an out-and-out superdomain master.

In the domain of Xiaotianyi, Xiaotianyi is a god!

In this spiritual realm, Xiao Tianyi deliberately restricted and controlled Li Tian, Situ Ningbing, Xue Ji and the flying treasure ship, so Li Tian and others could still move freely.

"Domain master? Hahaha, it seems that your mysterious races are really the frogs at the bottom of the well. He is much stronger than the domain master class powerhouse! Huh? So these water ghost races can also speak our language...Xiao Tianyi, first Save people!" Li Tian said.

Huh!

Xiao Tianyi instantaneously teleported in front of the escaped Shuiguizu, stretched out his finger and gently touched the water prison, the water prison broke open in an instant, and Tang Xiaolong fell out of the water prison.

However, Tang Xiaolong's appearance was not good. At this time, his face became more and more flushed, but his limbs seemed to have lost too much blood, showing an extremely unhealthy white.

"Dad Li Tian, godfather Tang Xiaolong's health is so weak, he obviously doesn't have any wounds on his body, but I feel that he is now seriously injured!" Xiao Tianyi hugged Tang Xiaolong, looking at a little bewildered. Li Tian asked.

Li Tian looked at Tang Xiaolong who was weak, with a trace of anger flashing across his face, huh! Li Tian teleported to Tang Xiaolong's side, put his hand on Tang Xiaolong's veins, and released a small fish into Tang Xiaolong's body.

Li Tian wanted to use this little fish of spiritual power to see what unexpected situation happened in Tang Xiaolong's body and veins, so that Tang Xiaolong, an emperor-level powerhouse, could become like this in less than two minutes. .

When the spirit power fish entered Tang Xiaolong's veins, Li Tian couldn't help but startled.

At this moment, the spiritual power in Tang Xiaolong's body veins seemed to be solidified, turning into a state of grease.

"Little...little boss, I feel bad, and I don't dare to use spiritual power, as if it will explode at any time!" Tang Xiaolong said in a trembling voice.

"Don't worry, Xiaolong, these water ghost tribes have been captured alive by us. I must have a way to save you, otherwise...huh! I don't care if they are mysterious races or not, I want them to disappear completely!" Li Tian showed his face. Said coldly.

Huh!

Li Tian teleported to the water ghost clan member who had just tried to escape.

This water ghost clan was floating in mid-air as if it was performing a hold technique, with two protruding eyes looking at Li Tian full of horror.

"*&% ¥ ¥ ……."

"&……% ¥ &……."

This Shuigui tribe guy said something in panic, as if begging for mercy.

But this begging for mercy does not have the attitude that begging for mercy should have, such as kneeling down and begging for mercy.

Snapped! Snapped!

Li Tian slapped the member of the water ghost clan twice!

The slap was loud, but Li Tian felt that his hand was on a piece of grease, not slippery.

Even so, the face of the Shuigui clan member was swollen, and the sharp and broken teeth in his mouth were slapped and dropped by Li Tianliang.

"What happened to my brother? What did you do to him? Give you three minutes to restore my brother to the original state, otherwise..." Li Tian pointed to Tang Xiaolong and asked angrily.

"& ¥ #……."

This water ghost clan seemed to be very wronged and angry, with blood in his mouth and grunting, without saying a word.

"Ah, I didn't expect that you are still a man, you would rather die than surrender, I really want to see if your knees are hard, or my heavenly spear is hard!" Li Tianmu said grimly.

With Tang Xiaolong's appearance, Li Tian couldn't kill all these water ghost tribes, but it didn't mean that Li Tian could let these water ghost tribes arrogant.

Hey!

The Heavenly Qiong Spear in Li Tian's hand flicked, and several thick-mouthed purple electric snakes had appeared on the Heavenly Qiong Spear.

The horrified expression on the face of the member of the water ghost clan became stronger, and he kept murmuring something, as if he was begging for mercy, but looking at his expression, it seemed more like cursing Li Tian.

Huh!

The Heavenly Qiong Spear in Li Tian's hand slammed forward, and the Heavenly Qiong Spear instantly pierced into one of the thighs of this water ghost tribe.

Under Li Tian's control, the purple electric dragon did not get into the body of the water ghost, but the purple arc that leapt from the purple electric dragon still swallowed a few pieces of skin on the thigh of the water ghost.

The water ghost clan let out a scream, but still stood upright!

"It's really a man. With this kind of attack, his legs are about to break, but he still doesn't move!" Li Tian said with emotion, "However, if you move my brother, even if you kill all the things that are inferior to you pigs and dogs, , Can't eliminate the hatred in my heart!"

It seems that Xiao Tianyi hasn't seen the murderous intent released from Li Tian for a long time, and he shivered involuntarily, walked to Li Tian tremblingly, and pulled Li Tian's sleeves and said, "Dad Li Tian, this ...This water ghost clan is controlled by my domain. They can't move, so they can't kneel down and beg for mercy, so..."

I fuck! So this is ah!

Caring is chaotic, Li Tian has forgotten this!

"Hahaha, that's really embarrassing, but this water ghost clan can speak our language, but he would rather die than surrender, stab him, and teach him a lesson!"

Li Tian continued with some embarrassment: "Xiao Tianyi, bring me all these water ghost tribes here. If they can't restore the dragon to the original state, then I will really kill!"

Li Tian stretched out his hand to **** the hollow weapon in the hands of the water ghost clan, and wanted to break the hollow weapon to show his determination, but he folded it several times, and the hollow weapon was safe.

"Hey, there is something weird about this hollow weapon..."

Chapter 4719: : The mysterious technique of the water ghost tribe

This weapon is weird!

First of all, the hardness of this weapon has far exceeded Li Tian's expectations.

You must know that Li Tian is now a powerful emperor. Although his power is not as strong as Tang Xiaolong, it is far from being measured by the power of ordinary people. Even if Li Tian is given a steel bar with the thickness of a finger, Li Tian can also control it. The steel bars are used as rubber bands to play with.

However, this hollow weapon of the Shuigui tribe seems to be very weak. A little bit of effort can do this, but what Li Tian didn't expect is that he has already exerted all his strength, but this hollow weapon is steady. !

Huh!

Huh!

Li Tian performed several teleports in a row, teleporting to other members of the water ghost clan, and snatching the hollow weapons in their hands. When these weapons were compared with each other, Li Tian immediately saw the difference in these hollow weapons.

The hollow area of this weapon is actually liquid like water. Of course, these liquids are not complete liquids. It seems that they should be liquid spiritual power condensed from the outside of spiritual power.

And in these liquid spiritual powers, there are still some small fish swimming, but this is not entirely a small fish, you can feel it, these small fish have a faint spiritual power fluctuation.

However, the Shuigui clan members who were fighting with Tang Xiaolong just now and were about to flee had no small fish on their weapons, nor liquid-like spiritual power.

Li Tian suddenly heard the scene of the water ghost clan members fighting Tang Xiaolong, and he instantly understood what was going on with Tang Xiaolong now!

It must be the ghost of these little fishes!

Li Tianping is holding Tang Xiaolong, huh! Teleport to the flying treasure ship, and then put Tang Xiaolong flat on the deck of the treasure ship!

"Xiao Tianyi, get me all the water ghosts!" Li Tian stood up suddenly, staring at these water ghosts coldly, and shouted to Xiao Tianyi.

Xiao Tianyi stretched out his right hand and moved his fingers lightly. The members of the water ghost clan trapped in the field fell on the ground like a fish jumping out of a lake and fell on the flying treasure ship. on.

Although these water ghost tribes are alive and kicking now, their faces are ugly, and even the look in Li Tian's eyes is full of fear.

Snapped! Snapped!

Li Tian threw the hollow weapon of the Shuigui clan on the deck of the Flying Treasure Ship. The Qiong Spear of the Sky in his hand flicked, and the tip of the Qiong Spear of the Sky had reached the neck of the Shuigui Clan who had hurt Tang Xiaolong.

The tip of the spear has gently cut the skin of the water ghost clan's neck. As long as Li Tian gently pushes forward, there will be an extra hole in the water ghost clan's neck!

Hey!

The purple electric dragon swims with the powerful spear of the sky, as long as Li Tian gently stabs the spear of the sky forward, he can kill the members of the water ghost clan!

"I don't want to say what I have said again, now you better let my brother Tang Xiaolong return to the original state, otherwise..."

Li Tian hadn't finished speaking, the Heavenly Qiong Spear in his hand flew out of Li Tian's hand as if it had wings.

The Qiong Spear of the Sky drew a shadow in the air, and instantly stabbed the head of one of the water ghosts.

The water ghost clan let out a low moan, then slowly fell to the ground!

Hey!

The purple electric dragon instantly poured into the blood hole that appeared on the head of the water ghost, swallowing the water ghost in a few seconds!

The other Shuigui clan members suddenly screamed in horror, and involuntarily retracted a few steps.

Fear, this time they are really full of fear for Li Tian.

Several Shuigui clan members pointed their fingers at Li Tian, then pointed their fingers at Tang Xiaolong and the hollows, and said a lot of words in their mouths, and they didn't know if they were afraid or cursing Li Tian again.

Kill the chicken and the monkey!

The same is true in this ghost world.

The lives of these water ghost clan members are far less important than Tang Xiaolong in Li Tian's eyes. Besides, these water ghost clan are the guys who attacked Li Tian. If they don't let them pay a price, how can this make Li Tian feel happy? !

Yi Spear At this time, the water ghost on Li Tian's face was not at all relaxed. He only saw his finger lightly. The Qiong Spear that day returned to Li Tian's hand again. Li Tian's wrist shook, and the situation remained the same , The Qiong Spear of that day had once again reached the neck of the Water Ghost Race.

The terrified fart of the water ghost clan with broken legs peeed, and as a light yellow liquid sprayed out of the water ghost clan, a scent of anger instantly drifted over the flying treasure ship.

"It seems that I overestimated these water ghost races, and their courage is nothing but that!" Li Tian said with a sneer.

The expressions on the faces of the members of the water ghost tribe were more colorful, and the hair on the top of their heads was already green, as if they were covered with grass.

After a few seconds, the Shuigui clan member seemed to gradually calm down, pointed at the hollow weapon that had been emptied, pointed at Tang Xiaolong, and whispered again.

It seems to be saying that he can save Xiaolong.

nonsense!

If this water ghost clan can't just Tang Xiaolong, and there is no way to restore Tang Xiaolong to its original state, the next time he will die is this water ghost clan member.

However, Li Tian was still not at ease. He reached out his hand and grabbed the head of the member of the water ghost tribe, and began to perform "Soul Detention Dafa".

The fighting power of this water ghost tribe is average, but Li Tian now has to know what the water ghost tribe is talking about and see how he saves Tang Xiaolong.

With Li Tian's "Soul Detention Dafa" controlling the water ghost tribe, Li Tian already understood what was thinking in the water ghost tribe's mind, and what he said murmured in his mouth.

This member of the water ghost tribe is called Shui Sheng, with the eighth-level mid-level cultivation base of the Venerable, and is an ordinary member of this water ghost tribe team.

What Shuisheng said just now was almost the same as Li Tian had guessed. Shuisheng could really restore Tang Xiaolong to his original state.

However, aquatic life must be used to rescue Tang Xiaolong himself, otherwise Tang Xiaolong will always be what he is now!

Hearing what Shui Sheng said, although Li Tian didn't know whether it was true or not, he was shocked in a cold sweat.

Damn it, fortunately, this aquatic life was not beheaded, otherwise, my little dragon brother would really become such a waste material!

Aquatic is now controlled by Li Tian, and even honestly, he knows everything about Li Tian.

It turns out that the water ghosts are born with two spine bones. These two vertebrae can make the water ghosts straighten their spine, and their bodies are also tall and straight!

According to legend, one day, the whole Shuigui clan began to believe in a mysterious power, and the source of this power was one of their spine.

Using this spine and the unique metal minerals from the big rivers and lakes of the Netherworld to forge this hollow weapon, using this hollow weapon can make these water ghosts stronger.

However, the body of the Shuigui tribe with a spine was squashed, and the exercises they used to practice could not continue to practice because of this change in body structure.

Even if they continue to practice, their achievements will be as they are now, reaching the eight or ninth rank of the Venerable at most.

But they have no way to go back to the past, they can only continue to live like this from generation to generation.

This is really a sad story.

The story goes back to the present, the hollow weapon in Shui Sheng's hand is his spine, and the liquid gradually appearing on the hollow weapon is the spiritual power released by them.

Immediately afterwards, small fishes were continuously drilled out of the aquatic body, diving into the liquid, swimming freely.

However, through aquatic life, Li Tian knows that these things that look like small fish are not small fish, but parasites on these water ghosts.

These water ghost clan members use their spiritual power to raise parasites, and for a long time, these parasites can fight for them.

However, these parasites also have males and females. The parasites that enter Tang Xiaolong's body are male parasites. Now, what Aquatic has to do is to use these female parasites to seduce the male parasites.

Seeing Shui Sheng tremblingly holding the hollow weapon and slowly approaching Tang Xiaolong, Li Tian's heart was already in his throat.

"Water ghost tribe, it is a mysterious race, if you can conquer a few water ghost tribe for your own use, then..., hahaha!"

Chapter 4720: : Full Blood Resurrection (Part 1)

The ideal is perfect, the reality is very skinny!

Although the talents are eclectic, but seeing the ugly appearance of these water ghost tribes, Li Tian's heart is unavoidable.

"Don't think about these things, let's talk about it when Xiaolong recovers!" Li Tian thought in his heart.

Shui Sheng had already arrived in front of Xiaolong, stretched out his hand to support Tang Xiaolong, let Tang Xiaolong sit on the ground cross-legged, and then he raised the hollow weapon in his hand over Tang Xiaolong's head and shook it a few times to the left and right.

Huh!

The spiritual water on the hollow weapon floated out of the weapon in an instant, forming a water jail again and trapping Tang Xiaolong in the water jail. In the water jail, the small fishes were swimming around Tang Xiaolong in groups.

In fact, these small fish release a special frequency of female parasites when they swim, but this frequency is only acceptable to male parasites.

This feeling is like... the ears of a dog can hear sounds that humans cannot hear.

Therefore, when these female small fish parasites are swimming around Tang Xiaolong, they are doing all they can and scratching their heads to seduce the male small fish parasites that have penetrated into Tang Xiaolong's body.

It's just that Li Tian doesn't understand the commotion of such low-end creatures, so he can only understand that these little fish parasites are swimming around Tang Xiaolong.

Suddenly, the vicissitudes of life pointed to Tang Xiaolong's body and shouted: "Look at it..."

Li Tian and the others involuntarily took a few steps forward and surrounded Tang Xiaolong.

Small holes appeared on Tang Xiaolong's skin. These small holes were only the size of a pinhole, as if they had been bitten by a mosquito.

Immediately afterwards, a sharp little needle-like thing protruded from this and small hole, shaking from side to side like an antenna.

This is the release of a certain part of the body of the male small fish parasites. Through this part, these small parasites can keenly feel whether there are female parasites outside.

Feeling the special frequency released by the female fish parasites, the male fish parasites in Tang Xiaolong's body began to drill out.

I saw that Tang Xiaolong's left and right arms were instantly bitten by the male fish parasites with a wound. These wounds were not big, and the largest was only the size of the little finger, but the dense wounds appeared on Tang Xiaolong, which was still extremely scary. of!

The only thing that made Li Tian satisfied was that even though there were so many wounds on Tang Xiaolong's body, there was no blood flowing from these wounds.

Whoosh!

Whoosh!

These male fish parasites continuously drilled out of Tang Xiaolong's body, entered the dungeon and swam around the female fish parasites, and then happily...coitus!

These little fish parasites were shamelessly surrounding Tang Xiaolong doing something shameless and shameless.

Gradually, Tang Xiaolong's limbs returned to **** color, and his cheeks were no longer flushed.

The hearts of Li Tian and others hanging in their throats just landed.

"Little Dragon..."

The vicissitudes of life wanted to pounce on Tang Xiaolong, but was stopped by Li Tianzu.

"Don't go over now..." Li Tian said.

Shui Sheng glanced at Li Tian with some gratitude, let out a sigh, and whispered a few more words.

Although others don't understand, Li Tian understands that this is the Shuiguizu Shuisheng expressing gratitude to Li Tian.

It can be seen that Shui Sheng, who is greedy and fearful of death, was under tremendous psychological pressure during the rescue process. If he was a little careless and had an accident, his head would not be able to keep it!

The work of aquatic life is not over yet. Although the male fish parasites in Tang Xiaolong's body have all emerged, Tang Xiaolong is still in the water prison.

Aquatic must control and guide these small fish parasites into his hollow weapon again, and the reproduction ability of these small fish parasites is strong. If their offspring float into Tang Xiaolong's wound, the consequences will be disastrous.

Shui Sheng adjusted his breath and focused all his attention on the water prison, controlling the spiritual power of the water prison to slowly flow toward the hollow weapon in his hand.

This action probably lasted for nearly ten minutes, and all the water spiritual power on the dungeon and the small fish parasites in the dungeon were all drawn into the aquatic hollow weapon.

After getting Li Tian's consent, the vicissitudes of life rushed to Tang Xiaolong's side and looked at Tang Xiaolong with a caring look, showing various concerns for him.

Tang Xiaolong adjusted for a moment before he jumped from the ground.

The angry Tang Xiaolong tried to blast the water into slag, but he was very afraid of the hollow weapon of the water ghost clan, so he could only sulk on one side.

Seeing that Tang Xiaolong was safe and sound, Li Tian focused his attention on the aquatic hollow weapon again.

At this time, the copulation of the small fish parasites has also been completed. The male small fish parasites seem to have been sucked dry, their body size has become smaller for dozens of times, and they are floating weakly in the water.

But those female fish parasites are a lot fatter!

"Hey, there are ghosts under the peony flower. I didn't expect this parasite to be like this. Tsk tsk..." Li Tian exclaimed with a smirk.

However, at this moment, the female small fish parasites suddenly opened their mouths, biting at the male small fish parasites.

In just a few seconds, the male parasites were torn into pieces and entered the female parasite's abdomen.

"I....."

Li Tian was completely speechless.

To be honest, although these small fish parasites are small, Li Tian was frightened by this picture.

Your sister, you guys were playing together happily just now, and it was just a few minutes that you turned your face so quickly that you didn't recognize people... well, they are not people, they are just parasites.

A picture of the human body appeared in Li Tian's mind. He couldn't help but shivered, turning his head to look at Situ Ningbing and Xue Ji.

Fortunately, Situ Ningbing and Xue Ji did not show the expressions of fangs and claws.

"% ¥ # @ * & " Shui Sheng grumbled a bunch of words, explaining to Li Tian why these parasites did this.

In fact, without aquatic explanation, Li Tian also understands that certain organisms in the earth world retain this characteristic.

Li Tian can understand.

However, the scene of dozens of female fish parasites simultaneously attacking those male fish parasites still left Li Tianxin's lingering fear.

After a few more minutes, the bodies of the female parasites seemed to be inflated balloons, getting fatter and fatter, especially their belly, which was bulging and seemed to be about to explode.

When Li Tian just thought of this, the female fish parasites really exploded, and more text-sized fish parasites appeared in the hollow weapon.

It's densely packed, and looks a bit oozing!
