

## A Killer 4771

Chapter 4771: : Ling Wen's War Book

"Everyone... every audience... the final winner of the game in our factory is..." The host's voice came over the Colosseum.

Almost all the audience shouted in unison: "Little Yasha!"

Although Xiaoyasha is shameless, although he has found a helper, but... he is the final winner, this is an indisputable fact!

Anyway, most gamblers bought Xiaoyasha to win, that's enough!

From the audience, cheers continued.

Xiaoyasha, the last victor, walked slowly around the Colosseum and accepted the worship of these stupid humans!

Xiaoyasha advances to the next round!

Xiaoyasha returned to Li Tian, huh! A teleport appeared on Li Tian's shoulder, and said triumphantly: "Master Li Tian, you didn't expect it, hahaha, the cloud swallowing beast has been subdued by me now, and this cloud swallowing beast will be my mount in the future! "

On Xiaoyasha's face, Li Tian saw an idiom, "The villain gets the best."

What caused Li Tian's headache was that all the tens of thousands of people present saw the Cloud Swallowing Beast. If Young Master Ling Wen asked, how he really wanted to explain it.

"Explanation? No need to explain. Isn't acting stupid always your strong point, Master Li Tian? Oh, no, it's not acting stupid, it's really stupid!" Xiaoyasha was even more smug.

Riding on Xiaoyasha triumphantly, Li Tian stretched out his fingers and flicked the little guy's head vigorously: "Don't be stunned, I'm your master. If this is not big or small, I'll take yours next time. Knock your head into a Buddha!"

Xiaoyasha expressed strong protest!

Li Tian said disdainfully: "This is just a qualifying match, and the opponent is not very strong. Even if it wins, there is nothing to be happy about! When you enter the finals of the race and meet a truly powerful opponent, you will have this again. Performance, no matter how proud it was at that time, it was almost the same!"

In any case, this was a hearty victory after all, and Li Tian's heart was still quite happy.

The only pity is that there is no TV station in this world, and no tabloid reporters. Otherwise, Li Tian really wants to pretend to be a force during the interview.

It's a pity...forcing Xiaoyacha to install it!

...

After Xiaoyasha's battle ended, Li Tian let Xiaoyasha into the space, and then he boarded the auditorium as an audience.

The qualifying rounds were continuous and uninterrupted. When Li Tian boarded the auditorium, the host began to introduce the participating beasts in the next beast competition.

As for the corpses left by the last beasts in the Colosseum?

This is not important at all, these flesh and blood and corpses can more stimulate the next fighting beasts, this kind of game is wonderful!

Sure enough, the beasts of the next beast game appeared one after another. Seeing the corpses left in the field, these beasts suddenly seemed extremely excited!

The battle began as the audience counted down dozens, and finally started with the host's 'start'.

Before coming to the Colosseum, Li Tian thought of the beasts in the Colosseum as bullfighting, cockfighting, and dogfighting competitions. There are winners and losers, and there may be injuries, but what Li Tian did not expect is The Beast is so \*\*\*\* and cruel!

A fighting beast that was obviously coming out for soy sauce, only the 7th-level peak of the Venerable, just showed its face, and was immediately bitten on its neck by the nearest giant fighting beast, with its head still in the giant fighting beast's mouth. in.

With a 'click', the head of the poor soy sauce fighting beast was bitten, and blood and brains spattered from the beast's mouth.

The audience shouted excitedly, screamed, and kept stepping on the ground with their feet, making deafening noises, while the host constantly mobilized the atmosphere of the audience, and the whole stadium was in full swing.

Li Tian is just an outsider, but in this environment, he can also feel the spiritual power in the body's veins flowing involuntarily.

Hot blood, this is probably the so-called hot blood!

To be honest, the strength of the beasts participating in this beast competition is not as high as that of the beast competition that Xiaoyasha participated in. These beasts will not display their dazzling skills, but I have to admit that this battle The beast game is more \*\*\*\* and more pleasing to the eye!

The battle that lasted for half an hour was always a scene of killing each other.

Finally... the ultimate winner of this fighting beast is a fighting beast with the ninth-level peak of the sage!

However, one of the front limbs of this fighting beast was torn off, and it was directly bitten into pieces by another fighting beast and swallowed.

Therefore, there is no winner in this beast game, and the only winner cannot continue to participate in the next round.

These fighting beasts, seemingly just to show their faces at the grand beasts competition held only once in five hundred years, are like fireworks, bright for a few seconds, and then disappear forever in the sky.

After watching this battle beast game, Li Tian did not continue to stay in the 6th Colosseum.

This kind of low-level fighting beast game is enough to watch. Earth people like Li Tian will definitely feel psychologically uncomfortable after watching too much.

Get up, walk out of Colosseum No. 6, take off, and fly directly to his home.

The qualifiers have just begun, and the islands of the Colosseum are obviously more lively than the previous few days, and there are other strong players flying past in the sky.

This beast match is definitely the most grand and lively one in thousands of years.

In the sky, from time to time, there will be emperor-level and domain master-level powerhouses galloping past, presumably these emperor-level and domain master-level powerhouses are some ancient family, or the servants of a mysterious family!

Ten thousand years later, the Netherworld seems to be returning to the glory of ten thousand years ago!

There are many emperors like dogs, and the domain owners are walking everywhere!

Now, Li Tian, the domain master, is not so conspicuous.

Flew back to his home, before landing, Li Tian had already seen that the female Venerable who had returned early was with the Venerable Messenger who was serving for Young Master Ling Wen, hooking up, and I didn't know these two guys. When did they hook up together!

Seeing Li Tianfei coming back, an awkward expression flashed across the face of the Venerable Messenger, but he soon returned to normal.

This is the Colosseum. They are all employees of the Colosseum. What's the embarrassment to talk about love in their own territory.

When Li Tian landed, the sender immediately moved forward and bowed slightly to Li Tian, then raised a roll of animal skins above his head again, and said, "Master Li Tian, this is a letter from Master Ling Wen to Master Li Tian. !"

Without reading the letter, Li Tian can guess the content of this letter.

He took the animal skin and opened it, and the content of the letter was really different from Li Tian's guess... completely different.

There is no impermeable wall in the world, and it has only been less than an hour for Xiaoyasha to bring out the Cloud Swallowing Beast at the Colosseum No. 6. This Young Master Ling Wen already knew the result.

Young Master Ling Wen probably knew that he had no face to return to the Cloud-Swallowing Beast, so he gave the Cloud-Swallowing Beast to Li Tian.

But this is not the point!

The point is, this letter is actually a war letter from Young Master Ling Wen!

Chapter 4772: : Shuiyue is here

Although Young Master Ling Wen's self-cultivation was very good, Li Tian could feel a resentment among the lines in this war letter.

Li Tianzhen wanted to pull Xiaoyasha out and gave him a hard meal!

"Tell you to pretend! Tell you to pretend again! This is causing me trouble again!"

However, Li Tian did not do so.

It's just a battle book!

In comparison, Young Master Ling Wen didn't know how much better than the Donggong Super God Family!

No sneak attack, no plot.

Even if you play tricks occasionally, it's fair.

"If you want to fight, I will fight with you"

Li Tian knows the rules, and once again wrote a few spiritual power characters on this animal skin letter: Come here!

...

Li Tian originally thought that the Star Territory Lord and Canghai Great Emperor would come to the Colosseum, but the beast competition had already begun, and they were not seen. Naturally, there was no way to see the stars and Xiaoyue.

Lost the East Ou, reap the mulberry.

Although the stars and Xiaoyue did not appear, but another huge breast...cough, a woman appeared.

Entering the residence, Fifth Shuiyue was sitting on a chair and chatting with Situ Ningbing.

"Elder Shuiyue? Why are you here?" Li Tian asked in surprise.

Fifth Shuiyue's eyes flashed with soft light, and she said with a charming expression: "What? Can't I come to the Beasts Contest?"

"Haha, how could it be? It's really brilliant for Elder Shuiyue to come to participate in the Beasts Contest. It's a blessing for the Colosseum Sansheng!" Li Tian said with embarrassment.

Situ Ningbing gave up the work to Li Tian, and made a cup of tea for Li Tian, and said, "Elder Shuiyue is here on behalf of the Nether Academy to participate in the Beasts Convention. The old dean and the great elder of the Nether Academy are worried about the Donggong Super God Family. It will be detrimental to us, specially arranged for Elder Shuiyue to protect our safety in the future!"

Situ Ningbing is now a student of the upper academy of the Netherworld Academy in name. When Li Tian is away, she needs to accompany the Fifth Shuiyue, but now that Li Tian returns, Situ Ningbing naturally wants to cede the main seat to Li Tian.

Li Tian's time in Nether Academy was relatively short, but there were many intersections with Fifth Shuiyue.

Except for the old dean, the great elder and the writing elder, the Fifth Shuiyue knew him best.

Moreover, the most important thing is that Fifth Shuiyue is Li Tian's double cultivation partner in Nether Academy.

Double repair partner!

Thinking about the broad mind of Fifth Shuiyue, Li Tian couldn't help showing a trace of intoxication in his eyes.

your sister!

It's been a long time since I did anything ashamed. Seeing the girl Fifth Shuiyue, Li Tian almost couldn't control it.

"Elder Li Tian hasn't seen him for a few years. Your cultivation is really improving. Now you have reached the realm of the domain master. It's really gratifying!" Fifth Shuiyue said.

Li Tianlai did not come in a hurry, and the fifth Shuiyue's voice changed, and then he said: "Has Elder Li Tian forgotten that we are a dual cultivation partner? Over the past few years, Elder Li Tian's cultivation has improved by leaps and bounds, but I still stay in the original state, Elder Li Tian...you are responsible to me!"

The phrase 'you have to be responsible to me' is extremely ecstasy, Li Tian only felt that his whole body bones were about to be crisp.

Looking at the Fifth Shuiyue Elder, he found that this little wave hoof secretly licked his lips at Li Tian, staring at Li Tian in a blurry manner, as if he was about to eat Li Tian now.

Li Tian believed that if Situ Ningbing wasn't here, the guy Fifth Shuiyue might rush over and rectify Li Tian on the spot!

"I'm going to see Xiao Tianyi!" Situ Ningbing also saw the little movement of Fifth Shuiyue, his face flushed slightly, and said.

But Li Tian stretched out his hand to hold Situ Ningbing and said, "Elder Shuiyue has come here all the way, why don't we treat Elder Shuiyue well, go and call out the parallel imports, Waterfowl, and Tang Xiaolong, and we will help Elder Shuiyue wash away the dust. !"

When I was in the library, Li Tian had almost forgotten what Fifth Shuiyue said, but Li Tian clearly remembered that Fifth Shuiyue wanted to enter the underground library through Li Tian.

Li Tian's psychology is shadowed. He feels that Fifth Shuiyue's motive is impure, and all the charms used on him are probably for this purpose!

Situ Ningbing didn't know the little secrets of Fifth Shuiyue and Li Tian, nor did he know Li Tian's true thoughts.

"Okay! Let's have a banquet. Elder Li Tian's wine, I miss it!" Fifth Shuiyue smiled slightly, and had no objection to Li Tian's proposal!

Soon, parallel imports, water birds, and Tang Xiaolong all walked out of their respective rooms. Before Li Tian came back, Fifth Shuiyue probably learned about Li Tian's recent experience through Situ Ningbing, so two water ghost tribes appeared. When in front of him, Fifth Shuiyue would not feel surprised.

Situ Ningbing went to the Flying Treasure Ship again, and invited Xue Ji and Liu Jimeng back from the Flying Treasure Ship.

The three small Yasha, the black smoke ball, and the small blue tile were also brought out of space by Li Tian, and of course, there are the latest cloud swallowing beasts that have returned to Xiaoyacha.

In this dwelling, there are all kinds of fruits and vegetables in the Netherworld. Although Li Tian and others are not gods who do not eat grains, they can still do not need to eat for a long time. A small amount of fruits can meet their physical needs.

Li Tianyou brought out a few boxes of fine wine from the space of Void Yasha. If he drinks wine, he must drink good wine. Of course, Niulanshan Shenma will not take it out.

There are various brands of red wine, beer, foreign wine, and white wine, and the parallel imports are straight-forward!

"I'm in vain. It turns out that there are so many fine wines in this world. I still call myself the Bacchus God of Water Ghost!" Parallel said.

Tang Xiaolong immediately laughed mercilessly: "A glass of drunk Bacchus? Hahaha, this is the first time I have seen you!"

"Damn, I drank a jar of wine, that's not a glass!" The parallel imports blushed and their hair was red.

At the beginning of the banquet, everyone got together and enjoyed it all.

Except Xue Ji and Li Tian!

Xue Ji was still having a temper with Li Tian, talking and laughing with Liu Jimeng, but seldom talked to Li Tian, which made Li Tian's heart feel very twisted.

In order not to let this twist affect his mood, Li Tian deliberately flirted with Fifth Shuiyue, and from time to time he also came to drink a glass of wine.

For Li Tian, Li Tian's women already know quite well.

If Li Tian is not allowed to eat, Li Tian may do it again.

However, if Li Tian is asked not to get in touch with flowers and to treat a woman exclusively, then Li Tian will definitely not be able to do it.

The people present are all masters of cultivation, and everyone's wine power cannot be measured by ordinary people in the earth world.

Those brothers Sanjin and Brother Sijin on the Internet before the end of the earth world, if they see Li Tian and others drinking, they will definitely be scared to pee, and they pee more than they drink.

This banquet was drunk from noon until midnight.

Liu Jimeng and Xue Ji's cultivation is relatively weak. The two of them were the first to be slightly drunk and too strong to drink, so they returned to the mortal world to rest. Situ Ningbing saw that Xue Ji and Liu Jimeng were in a bad mood, and put down their wine glasses to accompany them!

The black smoke group did not drink, sitting and watching the excitement, from time to time, the whole fruit on the table was stuffed into his mouth, and then... the whole body became fat, this guy melted directly with the magma in his body, and I didn't know him. Can you sing a taste.

The three little Yashas took the Cloud-Swallowing Beast to entertain themselves, and they enjoyed themselves.

Little Qingwa is a ghost beast. After licking the wine, he shook his head, crawling to the side like a puppy and dozing off.

Because Tang Xiaolong despised the amount of the parallel imports, he was dragged by the parallel imports to compare the drinks. The water bird also made a fuss, and the three guys were fighting together.

As a result, the three guys were all drunk and fell asleep directly on the ground, holding the wine bottle.

"You... are drunk!" Fifth Shuiyue's cheeks flushed, and his body swayed slightly, pointing to Li Tian and said with a smirk.

Li Tian didn't know how much wine he drank. Anyway, in the hundreds of square meters of the reception hall of this residence, there were wine bottles everywhere. He shook his head suddenly, his tongue was a little tingling, and said: "I I'm not drunk, I can still drink!"

"Hey... come again to have a glass of wine? My double repair partner?" Fifth Shuiyue stood up, her legs fluttered slightly, and when she stood up, she swayed from side to side, and her body swayed along with her. &milk!

Tongyan big breasts, the fifth Shuiyue is the representative of Tongyan big breasts!

Li Tian's eyes were a little straight, he picked up his wine glass and stood up. The arms of the two crossed, but Li Tian was not in a hurry to drink, and he didn't know what his mind was thinking, so he said, "Then do it again. , It's a pity... we double repair our partners at any time, but...but...but nothing happened!"

"You...you dare not! You are not... a man!" Fifth Shuiyue's head was placed on Li Tian's shoulders, his huge \*\*\*\*\* kept rubbing against Li Tian's arm, and said vaguely.

Jiuzhuang was guilty, Li Tian had been suppressed for a long time, and now he was so...provoked by Fifth Shuiyue, a flame suddenly rose in Li Tian's abdominal cavity.

"I don't dare? Hey, there is nothing I dared to do!" Li Tian sneered, raised his head and drank the wine in the wine glass, crushing the wine glass directly into powder, and he was surprised at the fifth moon In the call, Li Tian hugged her directly.

"You... what do you want to do?"

"Double cultivation with you!" Li Tian's brain seemed to be awake suddenly, but he was firmer on this thought in his heart, and said domineeringly.

Fifth Shuiyue's cheeks are red, her arms are wrapped around Li Tian's neck, her face is charming, her face is intoxicated...

Humph!

Li Tian held the Fifth Shuiyue upstairs, kicked his own door with his feet, strode the meteor and walked a few steps, and directly threw Fifth Shuiyue on his soft collapse, and the body of the fifth Shuiyue was still When she did not fall on the collapse, the clothes on her body had already exploded under the effect of Li Tian's spiritual power.

Do you think Li Tian will rush up?

Hahaha, you are all too naive!

Li Tian threw the Fifth Shuiyue on the soft cave and said: "Wait a minute, I will come when I go!"

Then... Then Li Tian really disappeared instantly!

Chapter 4773: : Absurd dream

Fifth Shuiyue was dizzy, but when Li Tian put the pigeons like this, it was immediately messy.

What do you mean?

I stripped my old lady naked, and she was already on your bed, but you left like this? Are you still a man?

At this moment, Fifth Shuiyue really wants to kill Li Tian!

Heaven, earth! I think my Fifth Shuiyue is outstanding, any man will drool when he sees me, but...

At this moment, the spiritual power in the air of the room fluctuates slightly.

Huh!

Li Tian appeared again, and Li Tian held another woman in his arms, it was Liu Jimeng!

At this moment, Jiu Jin came up, Liu Jimeng's head was dizzy, and his consciousness was confused. Only in his subconscious, Liu Jimeng could feel Li Tian holding her.

In the long drought and rain, Liu Jimeng has forgotten when the last time she and Li Tian had sex. Therefore, being hugged by Li Tian's strong and powerful arms, Liu Jimeng was drunk, but still couldn't help but joke Gaspd.

There was a lewd smile on Li Tian's face.

That's right, it's a lewd smile!

Li Tian is a man first, and the so-called protagonist, the strong second.

He was holding his wife and his wife in his arms, it is normal for him to show this lewd smile!

Li Tian gently placed Liu Jimeng on his soft body, squinting his eyes slightly, and then couldn't help but compare with Fifth Shuiyue.

Liu Ji's dream wins in her appearance, and Fifth Shuiyue wins in her fullness!

At this time, Fifth Shuiyue had already guessed what Li Tian wanted to do!

Fifth Shuiyue's face became even more red, and the deer jumped wildly in her heart, shy and embarrassed not to look at Li Tian.

"This guy can really play!"

However, Li Tian disappeared again!

Less than a minute later, Li Tian came back again, this time she was holding Xue Ji in her arms!

Xue Ji was in a bad mood, and she was drunk fiercely.

Being held by Li Tian, tears from the corner of Xue Ji's eyes rolled down from ancient times, and she murmured that Li Tian was bullying her.

The corner of Li Tian's mouth curled slightly, he smiled, and he was bullied, what's the matter?

Then Li Tianyou put Xue Ji next to Liu Jimeng on the soft collapse.

Fortunately, this softness is big enough, let alone only three women, even if there are 30 more women, this softness is enough to accommodate!

However, Li Tian didn't seem to be satisfied, this time after he teleported and disappeared, the woman in his arms was Situ Ningbing!

Situ Ningbing didn't know what Li Tian wanted to do at the beginning, but when she saw the other three women in the room, Situ Ningbing understood completely.

Situ Ningbing was not drunk, but at this time, she had to pretend to be drunk.

Li Tian put Situ Ningbing on the soft cave again.

There was a huge soft collapse, covered with soft silk. Four women with different figures and faces were lying together like this.

One day, he jumped, jumped up, and fell lightly on the collapse, and his left and right were the naked fifth water moon and the most beautiful Liu Jimeng on the battlefield of death!

Reaching out to touch the smooth skin of the Fifth Shuiyue, Li Tian felt as if he was touching silk, and he felt very comfortable!

When Fifth Shuiyue was wearing clothes, she was charming and alluring to Li Tian, but now when she is really lying on Li Tian's collapse, she bury her head like a frightened quail. In his arms, motionless, let Li Tian touch her!

wrong!

Li Tian sat up suddenly.

Although the four beauties are around, Li Tian always feels that something is missing.

These women are pretending to be drunk, and the feeling of sleeping together is not pleasant at all!

Suddenly, a crazier and bolder idea appeared in Li Tian's mind.

Huh!

Li Tian disappeared again!

Fifth Shuiyue is almost \*\*\*\*\* crazy!

What exactly does Li Tian want to do? Did you take off my clothes? Would you let me sleep with the three women?

Obviously, although Fifth Shuiyue is the elder of Nether Academy, she is still very stupid and naive, and she can't even think of how violent Li Tian is.

Huh!

Huh!

Huh!

One by one, young girls with enchanting figures and beautiful faces appeared in the room. It was the stewardesses who were sent into the void Yasha space by Li Tian.

Three...

Five...

Ten...

Fifteen...

Situ Ningbing no longer wanted to pretend to be drunk, she wanted to pretend to be dead.

"Li Tian! Your courage is getting fatter and fatter!" Situ Ningbing thought bitterly.

Fifth Shuiyue didn't pretend to be drunk, she was already frightened by Li Tian's bold thoughts.

Your sister, there are a total of twenty women, have you eaten?

Huh!

Li Tian appeared!

"Haha, ladies, I know that you have been coveting this uncle for a long time, and today this uncle will meet any of your requirements, come on and have fun!"

As Li Tian's voice fell, the clothes on these dozen girls exploded in an instant.

Various ketone bodies and various flesh colors appeared in front of Li Tian.

then.....

then.....

(I'm omitting the 3 million words I am best at describing here. Well, that's 3 million words!)

(For readers who don't like this part, you can assume that nothing has happened!)

...

It was the next day after waking up, Li Tian's head was still dizzy.

What happened last night seemed real, but it felt very absurd.

Li Tian stretched out his hand and touched his side, empty.

Li Tian felt a little soft throughout his body, as if he was stepping on a cloud.

Li Tian got up from the collapse, looked around, he was alone on the collapse, and the room was also empty!

"It seems that there must be too much pressure recently to have such an absurd dream! But... hey, this dream is still good!"

After getting up, getting dressed, and after a simple wash, Li Tian came downstairs.

Downstairs is still a mess, with empty wine bottles everywhere, and melon peels everywhere.

"Huh? Isn't it a dream last night?" Li Tian also had some doubts in his heart.

The three guys Tang Xiaolong, Parallel Products, and Water Bird still hold empty wine bottles, and the one sleeping is called a sweet one.

Li Tian couldn't bear to disturb their sleep.

The three little Yasha, the Cloud Swallowing Beast, and the little blue tile have disappeared, thinking they have entered the space of the Void Yasha.

Li Tian wanted to find Situ Ningbing or Xue Ji to solve his doubts.

At this moment, a wisp of black smoke drifted in front of Li Tian's eyes.

Whoosh!

Then this wisp of black smoke fell on Li Tian's shoulders and changed into black smoke.

Now Li Tian's shoulder is the seat of these little things. Almost all the little guys like to sit on Li Tian's shoulder and talk to him.

"Master Li Tian, there is my beast match today. You promised to take me to the beast match! Now the beast match is about to start, shall we go?" said the black smoke group.

It seems that we can only find the answer after the game is over.

"Well, let's go now!" Li Tian said.

Chapter 4774: : The first show of the black smoke group

The venue for the black smoke group is also the Colosseum 6!

As soon as Li Tian and Heiyan Tuan'er arrived at the Colosseum, they were immediately surrounded by enthusiastic spectators.

They really appreciate the shamelessness of Li Tian's Beast Xiaoyasha, especially Xiaoyasha won the final victory unscathed, and Xiaoyasha was also the only Beast among the beasts who were promoted to the No. 6 Colosseum yesterday. .

It is precisely because of this that those audiences love the house and Wu, and they also like Li Tian very much.

Of course, they also hope that Li Tian's Fighting Beast Black Smoke Tuan will also surprise them today.

"Master Li Tian, today I placed a heavy bet on your fighting beast to win!"

"Master Li Tian, I bet on time, I bet your fighting beast can win within a quarter of an hour!"

"My bet is that your beast can kill nine other beasts!"

These gamblers and spectators seemed to want to narrow the distance of Li Tian in this way, and kept shouting to Li Tian in the crowded crowd.

At this moment, there was a cold snort from the crowd. Although the voice was not very loud, it was extremely harsh.

Huh!

The spectators who were squeezing around just now stepped aside in an instant, revealing the Venerable who had just sneered at Li Tian.

This is a Venerable Lemur tribe with fur all over his body. The cultivation base is very weak, only the Venerable's fifth-level realm. Suddenly surrounded by so many audiences, he is treated like a

monkey, especially by Li Tian. The famous domain master-level powerhouse stared at him, and he couldn't help but seemed a little flustered.

"What do you mean? Are you doubting Master Li Tian's fighting beast strength?"

"Yes, didn't you watch yesterday's fighting beast game?"

Li Tian hadn't spoken yet, and the crowd of the audience suddenly became a little unhappy.

"No... I didn't mean that. I also like Master Li Tian's beasts, but... It's just that the beasts of today's beasts are much stronger than yesterday's beasts." He spread out the skins of the beasts in his hand, as if he had found strong evidence, and continued: "Look, this beast's data is more than 20 meters tall and its cultivation level has reached At the top of the ninth level of the sage, this is an emperor-level beast! Such a beast is eligible to participate in the main race, and even...may even become a champion beast!"

"There is also this fighting beast, which also possesses the ninth-level early stage of the venerable..." The venerable pointed his finger at another fighting beast, and his voice was not trembling.

"Hahaha, when I am the audience at Colosseum No. 6 are all blind, someone knows the goods!"

Suddenly a sound like thunder came from the sky. Everyone looked up and saw an orc with a height of seven or eight meters and green skin all over, riding on a giant beast of more than twenty meters. Came over, and it was this guy who was talking.

"Half-orc domain master! It turns out that this fighting beast is his mount. No wonder it will have the emperor-level strength." Suddenly an exclamation came from the crowd.

That's right, the guy who appeared in front of Li Tian was a half-orc.

The skin on his body is all green, only his hair is black, and his eyes are round and bloodshot, like glass \*\*\*\* that he played with as a child, but they are much bigger than glass balls. There is no eyelashes on this guy's eyes, and his two sharp lower fangs are exposed, and the corners of his mouth are constantly flowing down with slimy saliva, giving people an extremely disgusting feeling.

Half-orc domain master, this is a domain master Li Tian saw.

Li Tian didn't seem to have seen this guy before in Yecheng, and he didn't know if this guy was hiding deep, or didn't go at all.

"Li Tian, I've heard of you!" The half-orc domain master took two steps before he came to Li Tian, condescending, looking at Li Tian with a disdainful face, and then said: "You are crazy. The emperor realm beheaded to the Frostland Lord, this kind of thing hasn't happened in the Nether Realm for thousands of years! However, that's because you didn't meet me! If you meet my Orc Lord, I promise to take your bones crumb!"

Li Tian frowned slightly.

He didn't like the tone of this guy very much, he liked the taste of this guy, and he didn't like the madness of this guy.

Are you \*\*\*\* sick? I didn't provoke you, why would you talk to me in this tone?

Seeing Li Tian's silence, the half-orc domain master was even more rampant. He continued to sneer and said, "Do you know why my fighting beast participates in the qualifying competition? I just want to be so crazy because I can't understand you My mount participates in this beast competition! My beast possesses the peak realm of the emperor..."

"That's how it is? Don't say it's the emperor's peak advancement, even if you personally enter the beast competition, you are still looking for death!" Li Tian disdainfully interrupted the half-orc domain master.

The half-orc domain master seemed to have heard the funniest joke in the world, holding his belly and laughing wildly.

"I finally know why you are so unpopular! Li Tian, I will make your arrogance pay the price! Today, my fighting beast will definitely kill your fighting beast with an overwhelming advantage, as for you... ...I believe we will have a battle sooner or later!" The Orc Domain Master said with a sneer.

After finishing speaking, the half-orc domain master suddenly rose up with a green spiritual power like spiritual fire, and a series of murderous auras were released from the green spiritual power on his body. The onlookers involuntarily stepped back dozens of steps, and at the same time released their spiritual power to resist the murderous aura of the domain master.

In the Colosseum, he can't use heavy, instant, and domain. This guy provokes Li Tian in this way. However, Li Tian did not move a step from beginning to end, and the spiritual murderous intent he released did not hurt Li Tian. , Did not even scare Li Tian.

This guy's face was a bit embarrassed, he received his spiritual power, smiled and said, "Don't be afraid, this is the Colosseum, I won't really do it!"

"Why don't you do it? Since you want to find death, then I can fulfill you! However, before that, let's play the beast match first!" Li Tian said with a sneer.

The half-orc domain master was startled, his face gradually increased a little more anger, and then this guy bent down and brought his head close to Li Tian, deliberately pretending to whisper: "Li Tian, I will let you be rampant for a few more days. Annoyed the Donggong Super God Family, do you think you can leave this sea alive?"

After finishing speaking, the guy turned around and left, and his emperor-class fighting beast followed behind him, looking like a dogged and defiant one.

"Black smoke group..." Li Tian said coldly, gritting his teeth.

"Leave it to me!" said the black smoke group.

Chapter 4775: : Red Fire Liancheng (1)

The game has not yet started, and there are more than 70,000 seats in the auditorium of the Colosseum No. 6 with full seats.

There are spectators standing in the passage, and some spectators flying in mid-air, even so, there are still spectators flying towards the Colosseum.

"Damn, are these spectators going in the wrong place? This is just a qualifying match. As for so many people?" They were already sitting in the spectator stand, and the spectators didn't know why, said Zun Jia in confusion. .

The audience beside him asked with a smile, "I said this brother, don't you know?"

What do I know? Could anyone from the Super God Family come to watch the battle? Or is there someone from an ancient family participating in the war? "Venerable Jia is even more puzzled, turning his head and saying.

The audience Yi Venerable's face involuntarily showed a clear expression, and said: "Haha, I know you definitely don't know! Let me tell you why this ordinary qualifier is so popular. !"

"Appreciate further details....."

"Just now..."

Venerable Jia, the audience, explained the conflict between Li Tian and Venerable Half-orc in a vivid and jealous manner.

"It turned out to be like this, haha, then the intensity of this beast match might not be bad for the race! No wonder so many venerables are flying in this direction. It seems that I have come to the right place this time!" The Venerable said with a smile on his face.

At the same time, from time to time such a voice will be heard throughout the audience.

The audience who witnessed all of this just now told them the stories that happened just now to audiences they did not know.

In less than half an hour, tens of thousands of people in the audience already knew the incoming chakras, and those spectators who called for their friends, when they called their friends to the Colosseum No. 6 to watch the game, The seats that belonged to them were already occupied by other audiences.

In this regard, these audiences suddenly felt like they wanted to scold their mothers, and because of the problem of seating, many audiences even formed hatreds. After the beast match ended, they went to the battlefield or directly flew to the sea to resolve the conflict!

Li Tian didn't know what happened in the audience.

At this time, Li Tian had already walked into the passage with the black smoke ball.

...

"Dear viewers, the much-anticipated qualifiers of the Beasts Contest will begin soon, do you miss me? I am your favorite host\*\*\*....." The host's voice resounded above the Colosseum, still familiar. The voice is still familiar.

There was a boo of dissatisfaction from the audience.

"Ahem, less gossip, let's get to know the contestants of today's beast game!"

"The first beast to appear is the Unicorn Black Spotted Panther from the Underworld. Although the underworld rarely participates in beast competitions, any beast that appears on the stage has strong strength. Oh, it really didn't. Wrong, the cultivation base of the first battle beast to appear has reached the early stage of Venerable Ninth Level!"

"It's amazing, and I noticed that this fighting beast is faster than lightning, and other fighting beasts must be careful!"

As soon as the host's voice fell, a dark shadow flashed from the passage opposite Li Tian.

This is not teleportation, but the speed is almost the same as teleportation, it's not the beast who is good at speed!

There was a burst of cheers from the audience, especially the enthusiastic shouts from the audience in the Underworld.

"The second beast to appear is..."

The host's voice constantly echoed over the Colosseum. He introduced a beast. From the passage, a beast came out and walked into the Colosseum.

"The ninth battle beast that appeared on the stage was...Wow, guess what I saw? It turned out to be the battle beast of the half-orc domain master. The half-orc domain masters are all resounding existences in the underworld, the former master of the underworld Among the twenty people, he has his place. This time, the Orc domain master actually carried his mount Wu Hao to compete!"

"Dear spectators, dear spectators, Wu Hao is a ghost beast of the ninth-level peak of the Venerable, and a beast with the strength of the emperor. This is definitely the most powerful one in this beast competition. I'm sure , This fighting beast game will definitely not last too long! Therefore, everyone in the audience must keep your eyes open and not blink at any time, otherwise you will miss the most exciting battle scene!"

The host still used his very infectious words to flash the emotions of the audience.

Boom!

Boom!

Wu Hao walked out of the passage arrogantly, and every time he dropped a foot, the ground of the entire Colosseum seemed to tremble, and the body of this beast had already released surging spiritual power, and these spiritual powers continued. Drifting to the other fighting beasts, unscrupulously provoking those fighting beasts!

Rampant, as rampant as his master half-orc domain master.

However, this beast has rampant capital.

"Okay, let us continue to pay attention to the other beasts that will appear on the stage. The next beast to appear is the last one of us to appear. This is also for a good reason. His owner is Li Tianyu. Lord, everyone remembers yesterday's Beast Beast game, and his Beast Beast Xiaoyasha also left a deep impact on everyone."

"However, it was not Xiaoyasha who appeared today, but a fighting beast called Black Smoke Tuaner. Below, we are invited to enter the last fighting beast to appear..." the host said.

There was a lot of discussion in the audience.

"Black Smoke Ball? This name was given by that stupid? Not domineering at all!"

"Tsk tusk, I'm lazy to comment on this ghost name!"

"Hey, the host, you seem to forget to report the black smoke group's cultivation level!"

"Does the level of the fighting beast have to be kept secret?"

"Haha, keep a secret yarn... I'm sorry, I have missed the word, I mean, the highest level of cultivation of the fighting beast is the realm of the emperor, and there will never be a domain master-level powerhouse willingly to become a ghost beast. Fight the beast!"

Amidst the audience's discussion, the black smoke group slowly appeared on the stage.

Seeing the black smoke ball, the audience on the stage suddenly boiled again.

"Aren't you \*\*\*\* teasing me? Is this a fighting beast?"

"How can it not be a fighting beast? Is it because of his small size?"

"Yes, such a small fighting beast is not enough for other fighting beasts!"

"Haha, you don't understand it, the condensed ones are the essence. Li Tian's fighting beasts are all the size of a black smoke ball. Let us wait and see now!"

Regardless of the audience on the stage, the host started the countdown directly, and after counting down to ten, he shouted: "Start!"

As soon as the host's voice fell, hum, immediately there was a domain master-level powerhouse to display the domain, and the wheels were in the entire Colosseum.

And the domain master's domain wheel covers the Colosseum, and the battle in the Colosseum has begun!

Wu Hao, who is the closest to the black smoke group, exploded in spirit, and directly slapped the black smoke group with a paw.

boom!

There was a loud noise, and the earth trembled suddenly.

And the black smoke ball has been smashed away by this black claw!

"Could it be... this is the end?" The black scorpion beast thought in his own heart with some disbelief.

Chapter 4776: : Red Fire Liancheng (2)

All the spectators on the Colosseum couldn't believe everything in front of them.

Is this too fake? Did Lord Li Tianyu use such a thing to fool everyone?

Could it be that the host didn't even report the cultivation level of this fighting beast?

The crowd was so excited, these audiences seemed to have been fooled and cursed angrily.

The half-orc domain master sitting in the audience involuntarily showed a bit of pride.

He shouldn't have to go to the audience, just like Li Tian, standing in the passage, he can watch the game up close.

But this guy was just for showing off, just to hear other audiences compliment him, so it was in the audience.

As for how he got his seat?

For a strong domain master, is it difficult to find a few seats?

"Congratulations, congratulations to the half-orc domain master, your fighting beast instantly killed Li Tian's fighting beast, this kind of strength really makes me feel admired!" The several noble-level audiences around the half-orc domain master split. Said to the half-orc domain master.

The half-orc domain master stretched out his hand and touched his beard. The halazi at the corner of his mouth was flowing faster, and he said with a smile: "Nothing, all this is in my expectation. The goal of my black beast is this fight. The champion of the beast competition, that quasi-artifact is already in my bag!"

"Of course, I have watched all the next qualifiers than the list of beasts. There are very few beasts reaching the realm of the emperor, but adults also need to pay attention to Li Tian's other beast, the small Yasha. Fighting Beasts are equally powerful!" Another audience member said.

The corner of the orc's mouth glanced upwards, and said with disdain: "I've heard of the name of that little fighting beast, but it's just a vain name. If Xiaoyasha really meets my black beast, he will know what absolute crushing is!"

...

The black smoke ball was stepped on, but Li Tian, who was standing in the passage, did not feel the slightest sense of tension.

The black smoke group, as early as a few years ago, already had the strength to resist the domain master.

Especially when fighting the blood domain master, the black smoke group absorbed the power of the less blood gods. After so many months of refining, the current black smoke group's cultivation level has reached the domain master. The level that Li Tian figured out.

However, if Li Tian had to fight against the domain master-level powerhouse, then the last thing Li Tian wanted to encounter was the black smoke group.

"Black smoke group, you promised me! I don't want to take it too long!" Li Tian whispered.

At this moment, Li Tian felt a sudden wave of spiritual power at the feet of the black beast.

This means that the fluctuation of spiritual power is very weak, but Li Tian suddenly widened his eyes, and subconsciously shouted: "Finally!"

Yes, it is finally done.

As soon as Li Tian's words fell, the black beast suddenly let out a scream.

Ouch!

This roar was a roar of pain, as if this fighting beast was suffering from great pain.

Li Tian saw that the claws of the fighting beast had turned crimson in an instant, and then, the claws of the fighting beast had disappeared halfway in an instant.

The hot magma melted in half.

...

"Dear audiences, audiences, what did I see? The black smoke group is not dead, he is not dead! The black smoke group is starting to fight back against the black beast in this way, oh my goodness, the black smoke group The beast is already injured." The host shouted shortly and hurriedly.

It can be heard that the host is very excited and excited at this time.

In the auditorium, the Orc Domain Master stood up abruptly, with an expression of disbelief, and roared: "How is this possible? My black beast is a strong man in the realm of the emperor. How could it be possible just to start fighting? Already injured?"

Several spectators around the Orc Domain Master suddenly shut their mouths. They stared at the center of the Colosseum dumbfounded, with expressions on their faces as if they had seen a ghost!

"Impossible! Impossible! Emperor-level powerhouses, even if they encounter domain master-level powerhouses, have the power to resist, how could the claws of this black beast be melted in an instant?" A voice continued Sounded in their minds.

"What kind of ghost beast is this black smoke group? Why is it so awkward?"

More viewers are curious about Smoky. Compared to the ugliness and arrogance of the half-orc domain owner, these audiences are more supportive of Li Tian and his Smoky.

It's just that Li Tian is in the passage, and the Orc Domain Lord is in the audience, so even if the audience supports Li Tian, they dare not show it too much. Only a few people are cheering for the black smoke group.

"Come on black smoke group!"

"Come on, kill him!"

There is no need for these audiences to shout for cheer, the black smoke group's belly is filled with anger.

A puff of black smoke was released from the body of the black smoke group, and it continued to diffuse to the surroundings.

The spiritual power fluctuations in the black smoke are very obvious, and the black smoke seems to contain extremely high temperatures. Even if it is far from the center of the Colosseum, the audience feels that the surrounding temperature has suddenly increased.

The black smoke was filled, and the other nine fighting beasts were all covered by the black smoke.

These fighting beasts wanted to resist, but they found that there was black smoke wherever they went.

Jiji!

A fighting beast screamed by the hot black smoke, and the fluff on the fighting beast suddenly caught fire.

"Wow, what's the matter? This is just some black smoke, so the fighting beast's body is on fire?"

"It's the black smoke, the black smoke group, it turns out that this name is so vivid!"

"These fighting beasts are dangerous. They are really in the same line. This black smoke group is as shameless as yesterday's Xiaoyasha. Now, the most powerful black beasts have been injured and fallen to the ground. Kill the black smoke group!"

"Beheaded? Don't be funny anymore, okay? Now that the black smoke has begun to spread everywhere, the first thing these fighting beasts must think about is how to avoid the black smoke!"

"Fly, idiot! Just fly high in the sky!"

The domain displayed by the domain master is like an upside-down bowl, and in the eyes of everyone, only the top of the domain has no black smoke at this time, and these fighting beasts can only get a chance to fight back if they escape in this place. !

Sure enough, the fighting beasts seemed to have heard the shouts of the audience in the audience, and they flew up.

Even the fighting beast that was already on fire, and the black-legged beast that had already been burned off, had already flown.

The half-orc domain master looked angrily in the direction where Li Tian was, wishing to kill Li Tian in his heart.

You know, this half-orc domain master is only second-rate among the twenty domain masters, but he has an emperor-level mount. It is precisely because of this that his combat effectiveness can be ranked in the forefront. .

But now, his mount has been burnt out a claw, even if his mount cultivation level is not affected, but the combat ability will inevitably be weakened.

Even if the fighting ability is not weakened, but the black beast that has lost its claws looks so twisted and shabby.

Obviously, the Orc domain master thinks too much.

Since the Black Smoke Group had already taken action, the Wu Hao Beast could not be allowed to leave here alive.

Gradually, the black smoke has completely filled the domain master, and the beasts flying in the air are once again covered by the black smoke wheel.

Those fighting beasts who were burning fiercely kept screaming, this picture...tsk, this is terrible.

Of course these fighting beasts didn't want to sit still. The nine-headed fighting beasts had formed an alliance at this time, and even these fighting beasts helped the burning beast put out the fire. The nine-headed fighting beasts wanted to fight the black smoke group together.

However, they couldn't even see the shadow of the black smoke ball.

There is black smoke everywhere in the entire domain. It can be said that the entire domain is the domain of the black smoke group!

The black smoke group is the master of this field.

And at this moment, a red light suddenly appeared on the surface of the arena of the thick smoke wheel!

No, this is not red light, but magma rising from the ground!

This is not ordinary magma, the strong spiritual fluctuations make the audience in the audience rush to fear.

These audiences can't help thinking in their hearts, what kind of effect will this magma burn on them?

Those timid audiences began to doubt whether the domain owner's domain could withstand the destruction of this magma.

Sure enough, at this moment, the red light on the ground suddenly rushed into the sky.

In an instant, all the black smoke in the entire domain turned into crimson magma, and those fighting beasts that avoided the black smoke were swallowed by the magma in the blink of an eye.

Screaming and struggling.

After all, Beast Beasts of the Venerable Beast Level would not be instantly refined by these magma.

But the pain was even more obvious, and the screams made the audience on the stage feel terrified.

All the spectators were staring at the Colosseum intently.

The host has forgotten to continue hosting.

The host is only the mid-level ninth level of the Venerable. He always felt good about himself before, but this black smoke group caused him inexplicable pressure, making him feel like a trash.

This is not over yet.

At this moment, a 'click', a crisp sound like glass shattering came out.

what happened? What sound is this?

"You... look at it... your domain... the domain is about to break..." an audience member said tremblingly.

Only then did the other audience discover that the wheel cover was in the center of the Colosseum, and the domain master-level powerhouse displayed dozens of cracks like glass that was thrown on the ground.

"Dear audience...Dear audience, emergency, emergency, please evacuate all spectators from the Colosseum now... Evacuate immediately..."

The host finally made a voice, but the voice lacked the slightest sense of beauty and was dry, as if someone was pinching his neck to speak.

Hum!

After a few seconds of pause, the spectators in the auditorium of the Colosseum flew up and flew into the sky in a panic.

This flight didn't matter. The Lords who had been flying in mid-air before were rushed to each other in an instant, and some unlucky ones were knocked down directly.

It was just a few seconds, and the auditorium at the Colosseum No. 6, which could accommodate seventy to eighty thousand people, was instantly empty.

Only the eyes of the Orc domain master were still staring at the Colosseum.

His Wuqiu Beast has become a magma statue, although it has not been fully refined, but its whole body is wrapped in hot magma.

"Li Tian...I must kill you! Revenge for my Wu Hao Beast!" The half-orc domain master stared at the passage where Li Tian was and roared angrily.

boom!

The magma still broke through the domain cast by the domain master-level powerhouse, and the entire domain was blasted away.

The crimson magma rushed straight into the sky, reaching a height of tens of meters in an instant.

The venerable spectators in the sky kept fleeing everywhere, either using instant flashes or flying.

At this time, these spectators also ignored the regulations of the Colosseum.

Go to your mother's rules, wouldn't I still be burned to death by this magma if I didn't use it for an instant?

The moment the magma rushed into the sky, it turned into black smoke again and dissipated in an instant.

On the ground of the Colosseum, the magma has gradually turned into black rocks. The nine-headed beasts, standing in the center of the Colosseum in different poses, are no longer lively beasts!

Like a statue!

Standing on the head of the statue of Wuqiu, the black smoke group said to Li Tian, "Master Li Tian, are you still satisfied?"

Li Tian pretended to say: "So-so!"

Chapter 4777: : Red Fire Liancheng (3)

Li Tian's forced pretense, the black smoke group must give full marks.

However, the black smoke group likes it very much.

This is his promise to Li Tian.

Just leave it to the black smoke group.

In the sky, the spectators who escaped from the dead flew slowly back again, but although they could no longer see the crimson lava, they did not dare to fly directly above the Colosseum, but watched from a distance. The center of the Colosseum.

"This...this is the strength of the black smoke group? Your sister, what is the difference between this and the domain master level powerhouse?"

"Domain master level powerhouse? Don't be funny, I feel that the strength of the black smoke group has reached the realm of super domain master level powerhouse!"

"No, it's a demigod..."

"Hahaha, some people's faces are swollen! Just now some people were screaming. This is a blink of an eye and the other beasts in the Colosseum have been burned to death!"

"Yes, it is also known as a fighting beast of the emperor's level, and the locust is about the same!"

"Poor, poor, imperial-level fighting beast, it came on the stage so loudly, it only slapped such a paw, and the result... Tsk tsk, it's shameful!"

It's not too big to watch the excitement, these audiences said coldly, their tone and expression spar mocked.

Boom!

Suddenly, there was a loud noise from the auditorium, but the audience at the Colosseum at the feet of the Orc Domain Master suddenly collapsed, and a puff of dust rose, and at this moment, a figure rushed out of the dust, which was the last one to stay Orc domain master in the audience.

Hum!

A strong pressure fell from the sky and directly fell on the black smoke ball in the Colosseum.

The half-orc domain master's figure had already arrived in front of the black smoke group in an instant, his oil-green arm was shining with spiritual power, and his palm was like a sharp claw, and he slammed into the black smoke group.

"Little thing, dare to do this to my mount, I want you to die!"

All of this is between electric light and flint, the speed is too fast, the audience in the sky did not react.

Suddenly there was a trace of anxiety in their hearts. The half-orc domain master cast heavy and then cast a moment. This is the rhythm he wants to kill the black smoke group. Now it depends on how Li Tian responds, just look at the black smoke group. How did you fight back!

Huh!

A figure flashed out of the passage of the Colosseum instantly, it was Li Tian.

When the half-orc domain master's arm was about to catch the black smoke group, the spear of the sky in Li Tian's hand had already stabbed out, just blocking the black smoke group's body.

Hey!

A black fire purple dragon on the Qiong Lance of the sky rushed directly on the arm of the half-orc domain master with purple lightning.

what!

The half-orc domain master let out a scream. At this moment, his arm was smashed by the skin of the black fire purple dragon. Purple lightning continued to pierce his skin, and the purple arcs were also devouring him. skin.

The half-orc domain master used teleport again, and fled directly to dozens of meters away.

The entire Colosseum No. 6 was quiet.

Everyone looked at all this dumbfounded.

what happened?

Did the Orc Domain Master and Li Tian Domain Master fight?

Could it be that the Orc domain master suffered?

"Let me wipe, Li Tianyu is too sturdy, right? The half-orc domain owner has been famous for a long time!" Finally, one of the audience swallowed and couldn't help but said.

"Lord Li Tian, when he was in the realm of the emperor, he could kill the fierce people of the frost domain master. Now that his cultivation has reached the realm of the domain master, other domain masters are naturally not his opponents!"

"Is the domain master Li Tian already the first person at the domain master level?"

"Fortunately, we are not Li Tianyu's opponent. Otherwise, with the simple move just now, we might have been wiped out!"

Li Tian levitated in the air, standing beside the black smoke group, with sharp eyes, staring coldly at the Orc domain master, and said with a sneer: "What? Can't you afford to lose? Before the Colosseum game, you weren't very awesome. Do you want to teach me a lesson? Now, whose fighting beast is kneeling?"

"Also, didn't you say that you will have a battle with me sooner or later? Now is a good opportunity, do you want us to go directly to the ocean? Take a look at my new domain master and your old domain master, who is more awesome!"

The half-orc domain master has taken out the green tree from the space ring and fell on his arm. At this time, his arm is recovering at an extremely fast speed.

Faced with Li Tian's provocation, this time the half-orc domain master chose to evade. He also sneered and said: "Li Tian, don't be rampant, wait until the end of the fighting beast game, then you will know that you will be rampant for you today. Paying such a painful price!"

After finishing speaking, the Orc domain master turned and flew to the main island of the Colosseum, leaving a vote to watch the lively audience mess in the wind.

"This... is this over?"

"Just now I was bragging, but now my arm is smashed by a spear, is it just that?"

"I'm afraid it won't be that simple. The half-orc domain master is deeply rooted in the Netherworld, and there are other powerful forces behind him. Although Li Tian has the upper hand temporarily, it is also very beautiful. I am afraid that he is in the Colosseum. After the fighting beast game is over, there will be a lot of trouble!"

"Mu Xiu Yu Lin, the wind will destroy it, a genius like Li Tian, this is also an inevitable result!"

In the Colosseum, the black smoke group looked at Li Tian and said, "Master Li Tian, you know he can't hurt me, why do you want to make a move?"

"Because I am your master!" Li Tian's answer was extremely simple.

...

The first appearance of the black smoke group ended in this way, and that day, the black smoke group's matter had spread in this Colosseum.

The Colosseum headquarters, the top floor of the best building.

Domain Master Xue Tao appeared here again.

He stood in an objective position as much as possible, and described what happened at Colosseum 6 today to the old man sitting in the chair.

"Father, today at least tens of thousands of venerables violated the rules of the Colosseum and used teleportation. The two domain masters, the half-orc domain master and Li Tian domain master, also violated the regulations. Now, this The thorny problem lies in front of us, how are we going to solve it?" Domain Master Xue Tao said.

This is equivalent to a group incident, this kind of thing is the most difficult to solve.

Can't you please leave all those who violate the rules of the Colosseum out of the Colosseum?

Moreover, the most important thing is the solution of the domain master Li Tian and the half-orc domain master. If the two of them can't solve their problems, then the others will probably be convinced.

The old man sitting in the chair said: "The law does not blame the public, and those who use teleportation must be warned. As for Li Tian and the Orc Domain Lord, although there are reasons for the matter, they must not be forgiven so easily! Let's The two of them wrote a letter of guarantee to ensure that they would not violate the rules of the Colosseum and post it publicly!

"This time, everything is focused on fighting beasts! For the fighting beasts, I can discard even the quasi-artifacts, and the rules of the Colosseum are naturally less important!"

"Father, I understand, I will handle this matter properly! But in the next game, should our Colosseum send transcendent master class worshippers..." Xue Tao deliberately didn't say anything, but The old man makes the decision.

The old man waved his hand slightly, and said: "Now other super \*\*\*\* families and ancient families will guess the true strength of our Colosseum, but this is just a guess. As long as I don't show up for a day and the worshippers don't show up, they will always Nor can we guess our true strength."

"As for this kind of thing, you can go to the Super God Family or the Ancient Family for help, especially the East Palace Super God Family. They will definitely be happy to do such a thing! As long as the East Palace Super God family promises benefits, they I will definitely not refuse!"

"Understand, I will do it now!"

Huh!

Domain Master Xue Tao disappeared!

The light on the chair disappeared again, and the old man also disappeared.

...

Li Tian returned to his residence with the black smoke group. What happened at Colosseum No. 6 had already been reported, but the people in this residence did not know.

Tang Xiaolong rubbed his eyes and looked at Li Tian, and said, "Little boss, are you going to participate in the fighting beast competition? Wait a minute, I will wash my face, and I will go too!"

"It's over! Get up quickly and pull the two guys, the water bird and the parallel importer, back to the room. They look anxious. How much wine did you drink yesterday!" Li Tian said helplessly.

Speaking of this, Li Tian resounded the dream of last night again.

"Little Dragon? Did the Fifth Water Moon Elder come to the Colosseum?" Li Tian asked.

Tang Xiaolong nodded and said, "Last night, I saw that the little boss went upstairs with Elder Shuiyue in a daze last night. Am I wrong?"

I rub, it's not a dream!

Isn't it a dream for me to imprison 20 women last night?

But where did they go?

At this moment, Situ Ningbing, Xueji, and Liu Jimeng walked in from the outside surrounded by the fifth month.

These women were dressed up in a beautiful way, seeing Li Tian and their faces flushed slightly, and a spring light flashed in their eyes.

Fifth Shuiyue, the lady who looked at Li Tian's eyes was evasive, no longer the kind of domineering before.

Of course, there is Xue Ji.

Xue Ji looked at Li Tian's eyes with a touch of tenderness, but more panic.

Seeing this scene of you Li Tian was finally relieved.

I knew it was so simple to resolve the conflict with Xue Ji, I should have done it long ago!

"This is..." Li Tian asked.

Situ Ningbing's gaze also dodges Li Tian. Seeing that all the women are silent, he can only stand up and say: "I went out shopping. The clothes of our sisters are not suitable for Elder Shuiyue, so I went shopping for Elder Shuiyue. I chose clothes that fit."

Situ Ningbing is really good or bad.

Li Tian couldn't help but think of the spring scenery last night.

Hahaha, the clothes of Fifth Shuiyue were blown up last night!

Fifth Shuiyue's face turned red, and she secretly blamed Situ Ningbing for not burning her on her body. He could only change the subject and said, "Elder Li Tian is so prestigious. After winning a complete victory, the beasts of Elder Li Tian are now the favorites to win the championship! However, Elder Li Tian violated the rules of the Colosseum today, so pay attention to the Colosseum!"

Chapter 4778: : Unfair treatment

Although Fifth Shuiyue spoke to remind Li Tian, Li Tian did not take it seriously.

After all, he was not the only one who performed Shun in the Sixth Colosseum. Besides, Li Tian violated the rules of the Colosseum because of the half-orc domain owner. If he is to be punished, he must be first. Punish the Orc Domain Master!

However, it is obvious that Li Tian's ideas are too naive.

That night, the Colosseum sent people to Li Tian's residence.

It was not someone else who was sent, but the domain master Xue Tao that Li Tian knew.

Invite the domain master Xue Tao to the residence and prepare according to the position of the host and the guest. The female veteran quickly made tea for the two domain master-level powerhouses, and then the female veteran stood quietly behind the master Xue Tao.

"I don't know what the Lord Xue Tao said here?" Li Tianxian asked.

Domain Master Xue Tao made an embarrassed expression, took a sip of tea and said, "Lord Li Tianyu, take the liberty to bother, today at Colosseum No. 6, did Li Tianyu conflict with the Orc Domain Master?"

"Yes!" Li Tian nodded and said.

This kind of thing cannot be concealed at all, and there is no need to conceal it.

"Then I don't know if the female veteran of the Colosseum told you the rules of the Colosseum when you came to the Colosseum Island?" Xue Tao said.

"You have informed!" Li Tian said again.

"So during the conflict, did Lord Li Tianyu use teleport?"

"Yes!" Li Tian said again.

The expression on Master Xue Taoyu's face was even more exciting, with a tangled look. After a while, he said: "Master Li Tianyu, our Colosseum has regulations. No guest or guest is allowed to perform heavy or instant in the Colosseum. , Yu, and our female venerable has already told it, but I don't know why Lord Li Tianyu has committed the crime knowingly?"

Li Tian suddenly laughed.

"Master Xue Tao, don't talk secretly in front of the celebrities. Since you have come to my residence, the Colosseum must have been investigated very clearly. Do you need me to repeat it? The rules of the Colosseum are mine. Violation, I am Li Tian upright and upright, dare to act! However, this is because there is a reason! I first ask, I don't know how the Colosseum intends to deal with the other venerables who are performing Shun in Colosseum VI this time?" Li Tianfanke asked mainly.

Master Xue Tao seems to have known that Li Tian is not easy to deal with. The expression on his face has not changed at all, and he still said with a tangled look: "Master Li Tian, also knows that this time there is a reason. Those audience members did not intend to Violation of the regulations of the Colosseum. Therefore, after a careful decision by the Colosseum, the more than 9,780 spectators who violated the regulations of the Colosseum and used teleportation were given light punishments. Pay a certain amount of fines!"

Li Tian nodded slightly and said, "What about me and the Orc Domain Master?"

"Because you and the half-orc domain master are both domain master-level powerhouses, and this time things are more caused by the conflict between the two of you, so the punishment for your two domain master-level powerhouses will be slightly heavier. ..."

Li Tian looked at the domain master Xue Tao, and did not speak.

Domain Master Xue Tao smiled bitterly and continued: "You two domain masters need to sign a declaration stating that during this Beast Contest, you must not violate the rules of the Colosseum again..."

This punishment is not unacceptable to Li Tian, but Li Tian's heart hopes that he can be punished more severely on the Orc Domain Lord, and it is best to drive him directly to the Colosseum.

Domain Master Xue Tao did not look at Li Tian's expression, and continued: "Also, because of the panic caused by this time fighting beasts, the results of this time fighting beasts were invalidated, and the beasts of the two domain masters canceled their continued fighting. Eligibility for the competition..."

"what?"

Li Tian was furious when he heard this punishment, and stood up abruptly, staring at Domain Master Xue Tao with an angry expression!

"What do you mean? The beast of the half-orc domain master has died in the hands of my black smoke group. My black smoke group is the ultimate winner. Now you actually told me to cancel the match between the two beasts. Qualification, do you think this is fair?" Li Tian said angrily.

Domain Master Xue Tao said with a look of embarrassment: "It's not fair, but there is no way! You know, Li Tianyu Tuaner's strength has surpassed the domain master realm, and ordinary fighting beasts can't compete with him at all, and, If we don't punish like this, I'm afraid there will be no way for the Black Smoke Group's beasts to be played! This is also a heavy loss to our Colosseum!"

"So, please forgive me! In order to make up for the loss of Li Tianyu from the black smoke group's retirement, our Colosseum can make an exception to let Xiaoyasha directly enter the main game, and no longer need to participate in the remaining two qualifying games!" Xue Tao The domain master said.

This is nice, saying it was compensation for Li Tian, but he let the black smoke group sacrifice for no reason.

Approaching the strength of Xiao Tianyi, you don't need such compensation at all, he can easily advance and enter the race easily.

Unfair, very unfair!

"Little boss, we are not immune to this kind of bird air, now we retire and let the Colosseum play by itself!" Tang Xiaolong said angrily.

Behind Tang Xiaolong, although the parallel imports and the water ghosts had reduced their breath, they couldn't help but erupt at this time.

"The Colosseum is clearly bullying Brother Li Tian, Brother Li Tian, we grabbed the prize, and we just leave, see who dares to stop us!" Parallel goods were so irritated that they could not speak.

Li Tianzhen wanted to retire now, and he also wanted to grab the quasi artifact directly to express his dissatisfaction.

However, he cannot do this.

First of all, the first point, Li Tian has promised Young Master Ling Wen to compete with his fighting beast in the race.

If Li Tian retires, he will surely anger Young Master Ling Wen again, which is tantamount to deliberately offending the ancient family behind Young Master Ling Wen, which is not in Li Tian's interest.

Secondly, if Li Tian really retires and grabs the quasi-artifact, then Li Tian will immediately become a target.

At that time, the Donggong Super God family can justly attack Li Tian, and even other super God families and ancient families will join them.

"Lord Li Tianyu, I'm a errand guy, please don't make me embarrassed! Lord Li Tianyu is still a long one! With the strength of Xiaoqingwa and Xiaoyasha, they are completely likely to win the championship!" Said in a pitiful manner.

Speaking of this, he could have taken out a piece of animal skin and spread it in front of Li Tian, waiting for Li Tian to sign it.

Looking at the words on the animal skin, Li Tian's heart was full of anger.

Half-orc domain master, we don't share heaven!

Li Tian stretched out his finger and signed his name on the animal skin with spiritual power.

call!

Domain Master Xue Tao let out a sigh of relief, and said with a slight smile: "It is really embarrassing for Master Li Tianyu, but the face of the Colosseum can't be lost, so...well, let's not say anything. In the next few days, Lord Li Tianyu, relax! Looking forward to Lord Li Tianyu's Beasts getting good results in the race!"

...

The domain master Xue Tao and the female venerable left.

The atmosphere in the residence is not good at all.

The faces of the three women of Situ Ningbing, Xue Ji, and Liu Jimeng were very ugly.

Tang Xiaolong, parallel imports, and waterbirds were even more furious. If Li Tian allowed them, these three would really dare to take away the semi-artifacts now.

"Li, it seems that Elder Shuiyue really got it right. Do you think this is the Colosseum specifically for us?" Situ Ningbing said.

Li Tian sat down and drank the tea.

"If the Black Smoke Group participates, this time the champion will definitely be the Black Smoke Group. No matter what fighting beast the Young Master Ling Wen sends, I will win me, but now... Is it because the Ling Wen family wants to target us?" Li Tian said.

At this moment, a voice came from outside the residence, and it was the voice of Young Master Ling Wen: "Brother Li Tian, it seems that your ill-talking behind your back cannot be changed! Young Master Ling Wen of the Ling Wen family came to visit Li Tian. brothers....."

I rub! Why did this guy come to visit now, and also listened to Li Tian's words.

Regardless of whether Li Tian was willing or not, Li Tian could only invite Master Ling Wen in.

Li Tian didn't let Situ Ningbing make tea for Young Master Ling Wen. He didn't even give up his seat. He asked angrily, "I don't know how Young Master Ling Wen can advise? I have already received your battle book. It's earlier than the fight time!"

"Hahaha, I'm really worried that Brother Li Tian can't stand this kind of unfair treatment and will run away early, so I have to stare at Brother Li Tian!" Young Master Ling Wen sat down with a feeling of being a master. Pour himself a cup of tea, then said with a smile.

Suddenly Situ Ningbing realized something and interjected and asked, "Does Young Master Ling Wen already know that the Colosseum will target us like this?"

"It's not that the Colosseum is targeting you, but it should be said that this treatment can maximize the benefits of the Colosseum! Brother Li Tian, do you know who the Orc Domain Master is?" Young Master Ling Wen asked.

"Is it a member of the Super God Family?"

"Yes, it is the members of the Super God family! Before the Colosseum made this decision, it first visited the Super God family. It seems that they have reached a certain consensus before they can make such a decision! Said, it is the Donggong Super God Family that really wants to target you!" Young Master Ling Wen said.

When Young Master Ling Wen said so, all this can be explained!

"East Palace Super God Family, and East Palace Super God Family!" Tang Xiaolong said angrily.

After thinking about it, Li Tian was not so angry anymore.

Although he was treated unfairly, Li Tian knew that all of this was caused by the Donggong Super God Family!

Li Tian and the others have already beheaded the three super domain master-level powerhouses of the East Palace Super God Family, don't they allow the East Palace Super God Family to behave?

What really worries Li Tian is whether the Donggong Super God Family will attack Li Tian again after the Beast Fighting is over.

"Brother Li Tian, you will have nothing to do before you fight with me! Goodbye!" After Ling Wen finished speaking, he turned around and left.

Li Tian looked at this incomprehensible, just come and leave, and asked: "What does he mean?"

Chapter 4779: : Unwelcome guests

Tang Xiaolong stomped forward, reached out his hand and touched his chin, a breath of force came out spontaneously, and then said as he walked, "Judging by my years of experience..."

boom!

Li Tian jumped up and knocked directly on Tang Xiaolong's head.

Crisp and loud!

"Little boss, why are you hitting me!" Tang Xiaolong said with an aggrieved expression.

"Who told you to act in front of me..."

Only the state officials were allowed to set fires and the people were not allowed to light the lights, and the house suddenly burst into laughter.

...

Regardless of whether Li Tian felt comfortable or not, the matter was a foregone conclusion.

The efficiency of the Colosseum is high. In the evening, the incidents of violations of the Colosseum rules in the group that occurred in the Colosseum 6 during the day were notified.

The key points are Li Tian and the half-orc domain master.

Many people applauded the punishment of Li Tian and the half-orc domain master.

"No loss is the Colosseum. It really can be fair and strict, and it won't even give you the face of the master-level powerhouse. I will give it a thumbs up!"

"That is, even the domain master-level powerhouses are still punished, so what can we say? This fine, I admit it!"

Before the announcement, the two venerables said loudly after reading the announcement, as if they were deliberately trying to attract the attention of others.

Of course, this is their purpose.

The Colosseum promised a lot of benefits to them, and they naturally wanted to wave the flag for the Colosseum.

Under the guidance of these two venerables, many venerables who hold that more is worse than less nodded one after another.

"This is a mass incident, and there are many unexpected elements. At least the punishment for me is acceptable to me!"

"Punish money and avoid disaster! Penalty, don't be kicked out of the Colosseum, as long as you take a bet and keep your eye on it, you may be able to win it easily."

"That is, anyway, I have won a lot in the past few days, so be punished! If you are kicked out of the Colosseum, you will never be allowed to enter the Colosseum, that would be a huge loss!"

Some people agree with the punishment of the Colosseum, while others disagree.

Behind these venerables, there was a cold snort of disdain: "Huh, although I can accept this punishment, it is clearly against Li Tianyu's lord! Li Tianyu's beast has already won, and the half-orc All of the fighting beasts were dead, but they canceled the match with all the fighting beasts of the two. The blind man can also see that this is the colosseum's suppression of Li Tianyu."

"You can't say that. According to the gossip, Li Tianyu's black smoke group fighting beast is already in the realm of the domain master. The domain master-level strong fighting beast participated in the

fighting beast competition. There is nothing wrong with it, but Li Tianyu deliberately concealed it. The strength of the black smoke group led to this mass incident. I feel that the Colosseum is an extra-legal favor to Li Tian. Relatively speaking, the half-orc domain owner is punished more severely..."

The one who was talking was the entourage of the Donggong Super God Family, who deliberately discredited Li Tian.

"What do you say? The half-orc domain master first attacked Li Tian's fighting beast, how could he be innocent?"

"Ahem, I didn't say that the Orc Domain Master was innocent, I mean he was punished more severely than Li Tian's punishment! Think about it, the Orc Domain Master's fighting beast is a ghost beast with the realm of emperor. , That is the right arm of the half-orc domain master. In the entire Nether Realm, there are not many Nether Beasts of this level. If the cultivation base of this fighting beast is placed on humans, it is a powerful person at the Emperor level, then But he is a strong man who is respected everywhere!"

"But what? Because Li Tianyu concealed its strength, the beast of the half orc domain owner died unexplainably! I know you will say that life and death in the Colosseum are inevitable, and the other beasts are not all dead. Already? This is correct, but the dead are the greatest, and the beasts of the Orc Domain Lord are dead, and will be disqualified from the competition. This is the damage to the Orc Domain Lord. It is in his wounds. Sprinkle salt on it!"

This guy's mouth is absolutely nothing to say, and he can turn black into white.

It was originally the fault of the Orc Domain Master, but now it seems that Li Tiankeng has become the Orc Domain Master.

A trio of city tigers, a lot of money.

Under the deliberate guidance of the Colosseum and the Donggong Super God Family, this originally extremely unfair thing to Li Tian was turned around.

Many of the no-brained Venerables followed the crowd and accepted this concept step by step, and even in their hearts, the sensory impression of Li Tian was much worse.

Of course, not all venerables will be brainwashed by the Colosseum. No matter what the people who bought the Colosseum, they firmly believe that the Colosseum pitted Li Tian this time.

They cannot promote this kind of 'negative energy' emotion, but they can support Li Tian with practical actions.

In just one night, the bet on Xiaoyasha and Xiaoqingwa's first race victory and promotion doubled several times.

...

The qualifying matches are still in full swing, and all this has nothing to do with Li Tian.

The Fifth Shuiyue has stuck to Li Tian, and lives in Li Tian's residence every day, and does not go to the residence of Nether Academy.

In this regard, Li Tian expressed helplessness.

There is no way, as a man has such a big charm, this is also a kind of distress.

You see, Li Tian accidentally pretended to be forced again, but the judges were helpless with Li Tian's pretend to be forced!

Haha...

Talk less gossip and return to the book.

The qualifying matches have nothing to do with Li Tian. What Li Tian can do every day is to accompany Xiao Tianyi.

As mentioned earlier, Xiao Tianyi has opened his eyes, but just like a vegetative, he has no thinking and cannot speak.

As Xiao Tianyi's father, Li Tian felt uncomfortable.

In the past few days, he has been with Xiao Tianyi every day, holding Xiao Tianyi's hand, and telling Xiao Tianyi's past stories.

There are stories about Li Tian before the end of the earth world, and stories about Li Tian in another world. The story is more about the story after getting acquainted with Xiao Tianyi.

If there is no apocalyptic crisis, Xiao Tianyi should be a healthy and lovely child!

Now Xiao Tianyi may already be able to go to high school.

Because of the end of the world, Xiao Tianyi still looks like a child now.

When Li Tian was telling the story, he would also press his hand on Xiao Tianyi's injury, release his spiritual power, enter Xiao Tianyi's body veins, use his spiritual power to dredge Xiao Tianyi's veins, and ensure Xiao Tianyi's body health.

In the past few days that Li Tian accompanied Xiao Tianyi, many strong men arrived at the Colosseum.

For example, on the sea, the little human races who killed Donggong Jiangshan and Donggong Yaotong, for example, the giant domain master who fought against You Yinrou in Yecheng.

Of course, for the Colosseum, these powerhouses are welcome, especially the little human race. This race may not be able to invite the Colosseum to invite before.

However, when the strong from another race arrived uninvited and arrived at the Colosseum, the entire Colosseum was an instant sensation!

And Domain Master Xue Tao also teleported to the top of the building for the first time, asking his cheap father for instructions!

Chapter 4780: : Long Yin Counterattack

At the entrance of the main island of the Colosseum, several venerables of the Colosseum stood at the entrance, their faces full of fear, and their bodies involuntarily retracted back. Even if the sun was shining brightly, these venerables still shivered in fear .

Because these guys who appeared in front of them are so powerful!

Strong enough to make them feel fear and despair!

"Is this the way the Colosseum welcomes guests? Is the invitation letter in my hand fake? Since it is stipulated that no one can take five people with me, why doesn't it work for me? Afraid that we won't get to the island?"

A tall and tall man with long black hair and yellow skin was talking in front of these shivering venerables. There was not the slightest anger on his face, but every word he said made it difficult. The sages before him felt powerless to refute.

One of the venerables bowed slightly and said, "Lord Long Yin, you have the invitation from our Colosseum, so you can go to the island naturally, but...but the few behind you...I'm afraid we can't live. I also ask Master Long Yin to stay calm and not restless. We have already sent someone to ask the patriarch, and I must have a reply soon!"

That's right, it was Li Tian's good friend who appeared on the Beast Beast Island, and Long Yin, who also came from the earth world!

Long Yin is the most famous assassination and hidden talent member of the Netherworld.

The dark organization also got an invitation from the Colosseum.

Many elders in the dark are unwilling to do this kind of publicity. It is also to give newcomers more opportunities. The good thing about coming to the Colosseum to watch the beast game falls on Long Yin.

Long Yin is now the youngest elder of the dark organization, and he is also qualified to participate in such activities on behalf of the dark organization.

After getting this opportunity, Long Yin's performance in the dark was getting better and better. After receiving the invitation, Long Yin went to the Underworld to perform a secret mission.

This secret mission, Long Yin, performed beautifully. Under Long Yin's leadership, he organized sixteen strong men of the mid-level ninth level of the Venerable and successfully assassinated a strong man with the power of the emperor. Except for one serious injury and four minor injuries, no one fell.

After the mission was completed, the other venerables of the dark organization returned to the headquarters of the dark organization on the flying treasure ship, while Long Yin, holding the invitation letter, moved towards the Colosseum by teleporting.

The moon is full of cloudy and sunny, and people have misfortunes.

Long Yin did not expect that a sudden storm hit Long Yin in the vast ocean!

Long Yin, who already possessed the mid-level ninth-level realm of the venerable, never thought that a strong man like him would become a victim of the storm.

Sky thunders fell from the sky one after another, the sky seemed to be shattered, and the sea seemed to have overturned at that time.

In Long Yin's eyes, the whole world was in darkness, only the howling sea breeze and the lightning and thunder in the sky.

At that time, Long Yin wanted to teleport and escape, but for the first time he saw the terrifying power of the sky, and the Venerable-level powerhouse could not teleport out of the storm.

Then, the hapless Long Yin was concentrated by a sky thunder and fell into the sea.

If you survive a catastrophe, you will have a blessing. Long Yin did not expect that he, who fell into the sea and suffered heavy injuries, would be rescued by the guys behind him, these non-human powerhouses.

The energy emanating from these guys made Long Yin feel scared, but Long Yin's heart yearned for it at the same time.

Having lived in the Netherworld for several years, Long Yin no longer rejects any race, not to mention the leader of these powerful men is still a beautiful girl, a girl named Haiqin.

The girl's cultivation base is stronger, which has completely exceeded Long Yin's expectations and guesses.

In the process of communication, Long Yin learned that the girl and her tribe were Sea-Monster tribe.

That's right, the people behind Long Yin at this time were not others, but the Sea-Monster Clan who had defeated the Super God Family of Xiuyu in the Nether Cry Sea.

It's just that Long Yin didn't know the conflict between the Sea-Monster Clan and the Super God Cultivation Clan.

The sea-monster clan girl, Hai Qin told Long Yin that they were going to the quiet continent to find Li Tian.

Hearing this news, Long Yin was shocked immediately.

Li Tian, this unfathomable woman is going to find Li Tian.

That guy Li Tian is so lucky, why do such beautiful women want to find Li Tian?

More importantly, this woman had never seen Li Tian, she had only heard of Li Tian's name.

At that moment, Long Yin's heart was desperate!

He felt that the whole world had abandoned him!

But the truth of the matter is not as Long Yin guessed. This Sea-Monster girl Haiqin just wants to cooperate with Li Tian and wants Li Tian's help.

Hearing the news, Long Yin was immediately happy.

Long Yin is too eager to become stronger, even if he has various opportunities, his cultivation base is also advancing by leaps and bounds, and now his cultivation base has reached the middle of the ninth level of the Venerable.

But Long Yin felt that he was still looking up at Li Tian.

There is a chance to meet the powerful Sea-Monster girl, Long Yin decided to seize this opportunity anyway.

Even Long Yin secretly decided in his heart that he must take this Sea-Monster girl down so that he can become the man of the Sea-Monster King.

This guy immediately began to brag in front of the Sea-Monster girl, bragging about his revolutionary friendship with Li Tian.

And, I promised that as long as he followed and he Long Yin, he would definitely see Li Tian.

Then Long Yin, who knew that Li Tian would go to the Colosseum, took the sea-monster clan girl and several of her clansmen to the Colosseum.

As a result, the Colosseum welcomed him Long Yin to enter, but refused to enter the Sea-Monster Clan.

Isn't this hitting Long Yin?

Long Yin was the man who wanted to become the Sea-Monster King, how could he be rejected like this!

Therefore, Long Yin didn't care why the Colosseum would reject the Sea-Monster Clan, he used his lips to fight for reasons.

"Girl Haiqin, don't worry, we can definitely go in!" Long Yin turned around and said, he seemed to feel that this sentence was not convincing, and then said: "Li Tian is my brother, my brother, if the Colosseum does not allow If we go in, I will invite my brother Li Tian out and promise to let you see above!"

The sea-monster girl Haiqin didn't show her domineering arrogance. She completely took away her aura. At this time, she was like a girl next door, polite and gentle, and said, "Thank you, Master Long Yin, for your help, if you haven't met you ..."

"If I didn't meet you, where would I be, how am I going to be, and whether my life will continue..." Long Yin sang with joy in his heart.

The sea monster clan powerhouses behind the sea monster girl, although they have transformed into human form, they still retain the characteristics of the sea monster clan. These brawny men also smiled at Long Yin, full of gratitude. if.

These are the domain masters, even stronger than the domain masters. Now they are so polite, so humbly they cried to Long Yin. Long Yin was moved, and he even felt that he had already embarked on it. At the pinnacle of life and career, marrying this rich and beautiful girl from the Sea-Monster tribe is just around the corner.

At this moment, the spiritual power in the air fluctuated slightly.

Huh!

A figure appeared here, it was Domain Master Xue Tao!

"I'm sorry to keep the distinguished guests waiting for a long time. I have asked the patriarch. The patriarch of our Colosseum has agreed to enter the Colosseum, please..." Master Xue Taoyu cast a wink and let the other venerables move away. Then he continued to say sideways: "Come here, take Master Long Yin and all the distinguished guests in, because Master Long Yin is a good brother of Master Li Tian, when choosing a residence, choose the nearest one!"

Immediately a venerable flew up and led Long Yin and others into the Colosseum!

When Long Yin and others had already flown away, a cold light appeared on the face of Master Xue Tao.

"Don't be afraid of opponents like gods, but teammates like pigs, Li Tian, you think the people your brother invited can help you and allow you to escape from the palm of the Donggong Super God family, but you forgot to Xiu Yu Super God The family is also in the Colosseum!"

"Hey, this is really fun! Donggong, Xiuyu, Baima, Sanlu, four super \*\*\*\* families gathered together, Lingwen ancient family, Nether Academy, little human race also gathered here, now the Colosseum Although it is not as good as the Wanshen Mountain 10,000 years ago, it is almost the same!"

...

Li Tian was still with Xiao Tianyi in his residence.

Anyway, Li Tian can do both, even if he is with Xiao Tianyi, he can still practice.

Since entering the Netherworld, except that Li Tian became a bitter earth miner at the beginning, Li Tian's journey has been relatively smooth.

However, along the way, it is true that Li Tian has practiced and promoted very few, or almost none.

At the beginning, there was a blood spiritual source that could provide Li Tian with surging and powerful spiritual power. Later, when he encountered a threatening god, he could provide Li Tian with spiritual power through absorption.

But what about later?

Li Tian's goal is not just a domain master, super domain master, but a demigod, quasi-god, and god.

Once the threatening god's cultivation level reaches the super domain master, then the threatening \*\*\*\* can come out of Li Tian's body. Li Tian will lose this most convenient method of cultivation. What should he do when that happens?

Li Tian is not afraid of practicing, he is practicing anytime and anywhere.

It's just that Li Tian is more eager to improve his strength faster and faster.

Now, Li Tian is still a teenager in the eyes of the powerhouse of the Netherworld, but he knows in his heart that he is no longer a teenager, his son is already a teenager, and he is now an uncle-level figure.

People in the earth world may not have the same time as the cultivators in the Netherworld.

"Hey, what can I do if I think so much. The road has to be taken step by step, and the meal needs to be eaten one bite at a time. I still think about how to reach the super domain master state and how to deal with the Donggong super \*\*\*\* family!" Li Tian sighed, Said to himself.

At this moment, Li Tian suddenly felt that his arm holding Xiao Tianyi moved slightly!

"Little Tianyi?" Li Tian exclaimed suddenly with joy.
