

A Killer 4781

Chapter 4781: : Little Tianyi's Nightmare

Xiao Tianyi just did it manually, no matter how Li Tian called Xiao Tianyi's name, he still didn't respond at all.

"Is it my illusion?" Li Tian whispered.

Whether it is an illusion or not, Li Tian will not give up.

He used his spiritual power to check Xiao Tianyi's body in all directions, and found that he was thinking too much.

At this moment, although Xiao Tianyi's eyes could be opened, his pupils were completely white, and there was no brilliance in his eyes.

Xiao Tianyi's breathing was fairly steady, and if he didn't consider his eyes, it was not much different from falling asleep.

However, Li Tian always felt that something was wrong with Xiao Tianyi, and always gave him a strange feeling.

At this moment, Li Tian suddenly felt Xiao Tianyi's body, suddenly emitting a series of faint spiritual power.

This is the first time Xiao Tianyi has actively released spiritual power since he fainted.

"Xiao Tianyi, wake up...!"

"Xiao Tianyi, wake up soon...!"

Li Tian grabbed his arm abruptly and whispered Xiao Tianyi's name.

"Little Tianyi, I am Li Tian's father..."

Xiao Tianyi seemed to have heard Li Tian's voice and moved his fingers slightly.

At this moment, a black spot the size of a needle appeared in Xiao Tianyi's all white pupil, and then, the black spot gradually expanded.

The size of a millet grain... the size of a pea... In the end, the entire pupil turned into black, a kind of deep black.

Looking at Xiao Tianyi's eyes, Li Tian felt that his soul could be sucked in by the black pupils.

If Li Tian hadn't seen too many weird things, he would have started screaming at this time.

But at this moment, Li Tian saw Xiao Tianyi suddenly sit up, and his all-black pupils stared at Li Tian without speaking, just staring at Li Tian like this.

If Xiao Tianyi's eyes were normal, even if Xiao Tianyi watched it all day, Li Tian would not have any thoughts.

However, now Xiao Tianyi is obviously abnormal!

The daring Li Tian, who was seen by Xiao Tianyi, was horrified, and his back was cold.

Nima, the sun is shining outside, and the temperature, let alone, is in the summer of more than 30 degrees!

At this moment, Li Tian thought of all kinds of bad thoughts in his mind, but every thought passed by in a flash.

"He is my Li Tian's child, and he became like this to save me Li Tiancai. How can I have this idea in my heart?" Li Tian kept criticizing himself in his heart, and then Li Tianxiang After taking a step forward, he reached out and hugged Xiao Tianyi in his arms.

"Little Tianyi! Go home!" Li Tian said tenderly.

Li Tian could feel that Xiao Tianyi's body in his arms was cold, as if he had just taken a cold shower.

As Li Tian yelled these words, Xiao Tianyi's body trembled slightly, and then, Xiao Tianyi stretched out his two small arms and just hugged Li Tian.

"Dad Li Tian, what's wrong with me? I seem to have a very long and long dream-a nightmare!" Xiao Tianyi said.

Li Tian's figure trembled slightly, no matter what Xiao Tianyi became, at least he was finally back to normal now!

"It's okay, there is a father by your side, even if it is a nightmare, there will be a father who wakes you up!" Li Tianrou said.

It's because Xiao Tianyi is not a human being. Although Xiao Tianyi is called Dad Li Tian since his birth, Li Tian has never sincerely regarded him as his own child.

Little Tianyi is like a pet raised by Li Tian. No, it is not even as good as a pet. In Li Tian's subconscious, he still regards Xiao Tianyi as an inhuman monster.

However, after Xiao Tianyi gave himself up to Li Tian this time, the layer of ice in Li Tian's heart finally melted.

Is blood important? Does it matter what kind of little Tianyi is?

It doesn't matter!

Xiao Tianyi is Xiao Tianyi, he is my child of Li Tian!

"Papa Li Tian, take advantage of my waking up, let me talk about my dream, or I am afraid I will forget it soon!" Xiao Tianyi said.

Li Tian let go of Xiao Tianyi, nodded and said, "Okay, you speak, Dad listens to you!"

Situ Ningbing heard Li Tian calling Xiao Tianyi's name, and he teleported to Xiao Tianyi's room with a'huh', and saw that Xiao Tianyi had woke up, with an expression of joy on his face involuntarily, and heard Xiao Tianyi say To tell his nightmare, Situ Ningbing sat on the other side of Xiao Tianyi and began to listen to Xiao Tianyi's dream...

...

The dark sky wheel covers the earth, there are no stars, no sun and moon in the sky, and no trace of light can be seen.

However, the sky is not dark, the red fire-colored earth exudes dazzling light, and the red light of the earth shines in the sky, making it even darker.

Although the earth is shining with red light, there are plants everywhere on the ground. The blue plants are like crystal blue plants.

Xiao Tianyi suddenly appeared here.

"Where is this? Why am I here?"

"Father Li Tian, where are you?"

"Mother Ningbing, Uncle Tang Xiaolong?"

Xiao Tianyi shouted loudly to the empty surroundings.

However, apart from his echo, there was no sound around him.

Little Tianyi thought of what happened just now.

"Isn't I fighting the Donggong Demon Eye just now? Why did I suddenly appear here?"

"Could it be...did I cross it?"

Although Xiao Tianyi didn't know what crossing was, he had heard of Li Tian's father, and now he suddenly came to a strange place, he immediately thought of crossing.

"wrong!"

Xiao Tianyi suddenly wanted to understand.

"I'm afraid I am already dead!"

When he thought of this, Xiao Tianyi felt he was heartbroken.

"I will never see Li Tian's father and them again..."

The more Xiao Tianyi cried, the more sad he became. Even if he was a super domain master, Xiao Tianyi was still a child after all, and his mind was far from reaching maturity.

Little Tianyi didn't know how long he had been crying.

"You die, I'm not a human being anyway..." Xiao Tianyi comforted himself.

The lonely little Tianyi looked around, even if it was a ghost, he didn't want to be alone.

He wants to find someone...no, find a ghost and ask, what exactly is this place.

Even if Xiao Tianyi had already figured it out, but deep down in his heart, he still wanted to return to the Nether Realm and back to Li Tian and others.

After all, Li Tian is his family.

Within the sight range, there were no figures and no roads, and Xiao Tianyi was walking aimlessly on this red and light land.

I couldn't see a single figure, nor any creatures, except for the blue glowing plants all over the land.

Not knowing how long he had been walking, Xiao Tianyi suddenly saw two high mountains appeared in front of him.

The two mountains are black and black, and the sky is the same color.

However, there is a hint of light on these two high mountains.

Xiao Tianyi was overjoyed, he wanted to use teleport, teleport to the front of these two mountains to see what happened.

However, Xiao Tianyi found that his teleportation could not be used at all.

Xiao Tianyi can only run, speed up and run toward these two mountains!

Looking at the mountain running to death, Xiao Tianyi did not expect that with his super domain master level strength, he would run for two consecutive days and two days without reaching the bottom of the mountain.

However, at this moment, Xiao Tianyi suddenly discovered that the ground under his feet did not know when it became soft, just like cotton, and the red light did not know when to disappear, but it was replaced by endless The darkness!

The following content is not the main text, but it is very important, very important, and very important.

Enough updates in these two days, right? Are you happy?

Next, I want to make a game with everyone:

1. Game background:

My good friend, good brother, and a book friend of this book, wrote a short story "Flying Wings" based on real experience. The story is only 3,000 words. It was created to commemorate his college roommate who died in a car accident.

Chapter 4782: : Weak Spirit

Xiao Tianyi stretched out his hand and found that there were some dark hairs under his feet, and under this hair was nothing but his head!

The densely packed heads lay flat on the ground, endless.

Even if Xiao Tianyi was half-human and half-corpse, he still dared to feel a panic in his heart at this time.

"Where is this place, why are there so many heads!" Xiao Tianyi thought flusteredly in his heart.

But no matter what, this is after all the first "dead thing" Xiao Tianyi encounters here, even if it is a dead thing, Xiao Tianyi's heart is still somewhat happy!

Xiao Tianyi forcibly endured the fear in his heart, reached out and lifted a head from the hairy ground, and took a closer look...There were two copper bell-sized eyes staring at Xiao Tianyi...

With a scream, Xiao Tianyi threw this head out, turned around and fled back!

After escaping a few steps, Xiao Tianyi suddenly stopped again.

"No, why does this head look so familiar?" Xiao Tianyi said to himself.

Xiao Tianyi stretched out his hand again and grabbed a head casually from the ground.

Seeing this head, Xiao Tianyi suddenly laughed: "What? It turned out to be a bull's head! Really, I scared the baby to death!"

Xiao Tianyi threw this bull's head aside, and then reached out and grabbed another head, which was still bull's head!

Bull heads are big and small, and their hairs are long and short, but Xiao Tianyi grabbed a few heads in a row, all of them are bull heads!

Like the head just now, the two copper bell-sized eyes on the bull's head were staring straight at Xiao Tianyi.

"The dead bull head still wants to scare me, huh!"

Xiao Tianyi snorted coldly, and there was an aura condensed into a blade in his palm for an instant, and then he threw the bull's head directly, playing with the aura blade as a 'cutting fruit', but the aura blade was cut on the bull's head. When I went up, there was a metal crash, and the bull's head was blown out by the aura blade, but there was no damage.

"what!"

Xiao Tianyi couldn't help taking a breath!

How can this be? Xiao Tianyi is now a powerhouse with the strength of the super domain master realm, let alone an ordinary bull head, even if it is steel, Xiao Tianyi's knife can be cut like tofu.

However, this bull's head is still stronger than Xiaotianyi's aura blade!

Xiao Tianyi's heart suddenly became more confused.

where is this place?

Why do these bull heads appear here?

Why are these bull heads harder than his aura blade?

These questions filled Xiao Tianyi's little head, Xiao Tianyi was a little unconvinced, and stretched out his hand again to lift a head, wanting to test his aura blade again.

However, this time, what Xiao Tianyi lifted from the ground was no longer a bull's head, but the thing that Xiao Tianyi lifted from the ground for the first time, a horse's head!

Xiao Tianyi threw the horse's head up again, and then screamed. In an instant appeared in his hands a giant aura blade that was nearly two meters long and half a meter wide. Xiao Tianyi didn't have any reservations this time. The strong killer move, the greatest strength, the most surging spiritual power, slashed heavily towards the head of the horse that had landed.

call!

As Xiao Tianyi slashed the giant knife and a strong wind blew from behind Xiao Tianyi, the giant blade still slashed on the horse's head with ease.

Cang!

There was a louder metal crash, and the horse's head was directly chopped off by Xiao Tianyi's blade, as if it was a home run in a baseball. The giant blade of spiritual power seemed to be overwhelmed as it burst. Open, become aura and dissipate.

However, Xiao Tianyi could clearly see that the horse's head had not been chopped up. It can even be said that Xiao Tianyi's aura blade just barely cut a trace on the horse's head.

This time, Xiao Tianyi was really shocked!

Super domain master-level powerhouse, with a full blow, there is only such an effect, how is this possible?

This has completely subverted Xiao Tianyi's understanding.

You know, in the earth world, Xiaotianyi is the most powerful existence. He can collapse a dozen-storey building with one palm, and his spiritual blade can easily slash a meter thick. Steel plate.

Even in the Nether Realm, Xiao Tianyi's strength is still strong, the venerable, domain master-level powerhouse allows him to kill, the hardest metal mineral in the Nether Realm, the ore that is dozens of times harder than diamond, Xiao Tianyi has a claw. If you go down, you can also pinch five fingerprints. If Xiao Tianyi makes the strongest blow, that ore can also be crushed by Xiao Tianyi.

But now, this little Tianyi felt that his cultivation strength seemed to weaken.

Of course, Xiao Tianyi, who is unwilling to admit defeat, refused to accept this result. He tried a dozen times in a row, but every time a bull head or horse head was easily knocked off by him, Xiao Tianyi except for his hands numb and sore. , There was no breakthrough.

Xiao Tianyi felt a little collapsed.

This feeling is as if you have been working hard for twelve years, preparing to take the college entrance examination, and you have lost on the simplest kindergarten questions.

This kind of frustration is really hard for him to accept.

"This bull's head can't even be cut off by me, so who can cut these heads off? Is it a demigod? A quasi-god? Or a god?" Xiao Tianyi said mockingly.

At this moment, three white shadows galloped over from a distance.

The three white shadows galloped from different directions, but their goal was the same, which was to rush towards Xiaotianyi.

When Xiao Tianyi saw these three white shadows, he felt as if he had seen three angels. Not only did he not feel the slightest sense of crisis, but on the contrary, he was still happy.

"Here, I am here!" Xiao Tianyi exclaimed excitedly.

While this guy shouted, he rushed towards one of the white shadows.

The speed of those white shadows was obviously much faster than Xiaotianyi, Xiaotianyi had just rushed out a few steps, and one of the white shadows was less than ten meters away from Xiaotianyi.

Although the entire world is covered in darkness, Xiao Tianyi can clearly see this white shadow!

A piece of clothing like a white robe, but with a horse's head on top of the body, uh... I can say that the horse's head is not on this white shadow's body, but... it seems to be mosaic It's the same on this white-robed man.

"Is this the legendary Centaur?" Xiao Tianyi thought in his heart.

The centaur looked at Xiao Tianyi angrily, and roared, "Is this horse head yours?"

"No!" Xiao Tianyi denied.

The centaur bypassed Xiao Tianyi and rushed forward several tens of meters. Suddenly he seemed to realize something, and returned to Xiao Tianyi again, looking at Xiao Tianyi in doubt and asked, "Who are you? Why haven't I seen you before?"

There are also other white shadows who are also puzzled. One of the two white shadows is holding the bull's head and the other is holding the horse's head. These two guys also surround Xiaotianyi, looking at him suspiciously, waiting for the effect Xiao Tianyi's answer.

Although Xiao Tianyi didn't react very quickly, he already understood it now.

These white shadow men should not have long heads, as if they were a ball of light, and their whole body was white, but because Xiao Tianyi's "cutting fruits" became a 'playing baseball', this bull head and horse face were taken by Xiao Tianyi. The beater flew out and hit these white shadows.

Then, the bull's head and horse face were embedded in the white shadow, as if these white shadows had grown on the bull head and horse face.

"My name is Xiao Tianyi, I don't know what I will appear here, do you know how to get to the Netherworld here? I want to find my father Li Tian!" Xiao Tianyi said.

These three white shadows looked at Xiao Tianyi, and the white shadow who asked the first question continued to ask: "Then this bull head and horse face are from Beatty?"

"Well! I didn't mean it! I'm sorry!" Xiao Tianyi bowed and apologized very sincerely.

The three white shadows were not angry, and said with a smile: "Although these heads are fun to put on their heads, they will bring us a murderous disaster. You have to trouble Xiao Tianyi, you pull these heads off for us. !"

"Unplug it?"

Xiao Tianyi has heard of pulling radish and tug of war, but has never heard of pulling his head!

But since this matter was caused by Xiao Tianyi, Xiao Tianyi can only be responsible for them.

"Then I'm going to start pulling my head, you want ninja points, it might hurt a little!" Xiao Tianyi said.

Speaking of Xiao Tianyi stretched out his hands and wanted to press on the bull's head and pull the head from Bai Ying's body, but when his hand stretched out, his hand passed through Bai Ying's body easily. Pressed on the bull's head.

"Don't be afraid, our body is like this!" said the centaur beside Xiao Tianyi.

Xiao Tianyi was relieved now.

It is not difficult to pull the bull head out, it is almost effortless to pull the bull head out easily.

After the bull head was pulled out, the white shadow in front of Xiao Tianyi revealed his true face.

The whole body is still white, and the whole body is a whole, without arms, legs, or even neck, just like a ghost.

Then Xiao Tianyi pulled out the bull head and horse face from the other white shadow head.

"You look so strange...Haha, I'm sorry, I'm rude! I take the liberty to ask you, what exactly is this place? What kind of race are you?" Xiao Tianyi asked.

One of the white shadows looked at Xiao Tianyi suspiciously and said: "I feel that you look strange, don't you see it? There are only these bull heads and horse heads, and weak spirits like us. What kind of race are you? At least you must introduce yourself before you ask others!"

Xiao Tianyi put out his tongue embarrassedly, and said, "I am a human! Born in the earth world, from a place in the underworld! Do you have any questions?"

The three white shadows shook their heads at the same time...Uh, well, they don't have necks. When they shake their heads, their whole bodies are swaying, it feels like a convulsion.

"I trouble you to answer my question now. I have been here for a long time, but I still don't know what place it is!" Xiao Tianyi said.

The three white shadows shook their heads again... shook their bodies. One of the white shadows said: "We only know that we are weak spirits. Our task here is to eat these tauren noodles. As for the other questions you asked, it is too profound. , We can't answer you!"

Xiao Tianyi felt very disappointed. He bowed to the three white shadows to express his gratitude, and then said: "Excuse me!" Then Xiao Tianyi was about to turn around and leave.

"Xiao Tianyi, if we were you, we would not leave here like this. If you meet a strong spirit, there will be danger. They will chop off your head, throw it here... and be eaten by us!"

"Well, I don't know if Xiaotianyi, your head is delicious!"

"Haha, just kidding, let us help you, let you pretend to be us first, and when Qiang Ling comes here again, you can mix in our team, leave here and go to the mountain in front. Then there will be a chance to solve the doubts in your heart!"

With that said, regardless of whether Xiao Tianyi agreed or not, this white shadow opened a big mouth...The upper part of the entire body turned into a big mouth, and directly swallowed Xiao Tianyi in one bite.

Xiao Tianyi seemed to sink into the white slurry water, a layer of white light gradually appeared on his body, even his pupils became white!

Chapter 4783: : Qiang Ling

After a few minutes, Xiao Tianyi vomited with the weak spirit again, and was vomited directly from the weak spirit's mouth.

At this time, Xiao Tianyi's figure did not change in any way, but his eyes had already turned pure white, and his body, like these weak spirits, was covered with a layer of white light.

Xiaotianyi has become a copycat version of a weak spirit!

Then, Xiao Tianyi began his weak life!

Every day, Xiao Tianyi is like a lonely ghost, wandering in this vast land of turning horse faces.

After getting along with these three weak spirits, these weak spirits brought Little Tianyi back to their group. Only then did Xiao Tianyi discover that there are many, many, many weak spirits in this vast land.

However, these weak spirits are surprisingly lazy, like ghosts without bones, lying on the ground softly, lazily devouring the heads of the bull's head on the ground.

Little Tianyi didn't expect that these weak spirits, who run as fast as the wind, would be like this among the group, feeling lazier than sloths.

And these weak spirits crawled on the ground, and soon the white light on their bodies would gradually disappear, and they would merge with the tauren face under their bodies.

This is the work of these weak spirits, and they devour these heads.

Xiao Tianyi embarked on a long journey of weak spirits in the cottage.

There is no day or night here, Xiao Tianyi estimated the time roughly, probably after a few days, maybe three or four days, or maybe seven or eight days, suddenly a black cloud floated in the distant sky.

Well, actually Xiao Tianyi didn't see anything.

After all, the shady is black, and the dark clouds are also black, but Xiao Tianyi felt a powerful energy fluctuation in the sky.

"It's the strong spirit! The strong spirits should have returned triumphantly!" Da Bai said to Xiao Tianyi.

Da Bai was the first weak spirit Xiao Tianyi encountered. This guy was white all over, and when he was swallowed into his stomach, he still had a warm feeling. Therefore, Xiao Tianyi named this guy Da Bai.

"Qiangling seems to have not been defeated in the last ten years. It is precisely because of this that we will have bullheads and horse-faced heads that are endlessly enjoyable!" Xiaobai said.

Xiao Bai is another weak spirit, a little smaller than Da Bai, so Xiao Tianyi named this weak spirit Xiao Bai, and another weak spirit called Bai Bai. This guy basically doesn't speak. The next time I speak, it feels like I want to say goodbye to you, so Xiao Tianyi named this item Baibai.

"Xiao Tianyi, hide among the three of us. These powerful spirits are very powerful. If they anger the powerful spirits, they will not hesitate to kill us without hesitation!" Dabai said.

Xiaobai smiled and said, "But it doesn't matter. We can't die. Even if we cut our body in half and shred it, our body will automatically return to its original shape in a few days, so these powerful spirits Killing us is in vain!"

"If Qiang Ling is angered and throw you on that mountain, see if you dare to be arrogant!" Dabai said.

Sure enough, after hearing these words, Xiaobai couldn't help but turned around and looked at the two mountains, and then said in a trembling voice: "Even if I die, I don't want to go to those two mountains anymore. I am... too Horrible!"

Xiao Tianyi didn't know what was on the two mountains. He asked Dabai and Xiaobai, but these two guys didn't answer.

When Xiao Tianyi asked for nothing, the only answer he got was: Haha!

The strong spirits flew closer and closer, and Xiao Tianyi discovered the power of these strong spirits, but the energy released from these strong spirits made Xiao Tianyi's heart lingering.

"What a powerful energy fluctuation, are these guys not gods? Is it that I have reached the **** realm now?" Xiao Tianyi thought to himself.

But soon Xiao Tianyi shook his head and denied his thoughts.

Because the difference between this place and the God Realm Xiao Tianyi imagined was too far, if he had to say what it looked like, Xiao Tianyi felt it was more like hell.

The world of the dark wheel cover is full of corpses, weak spirits like ghosts, and the heads of bull heads and horse faces...

and many more!

Xiao Tianyi seems to have discovered something extraordinary.

"Could it be... Am I dead? This is hell?"

Xiao Tianyi's heart was suddenly shocked, and his heart was suddenly filled with inexplicable sadness.

There is nothing terrible about death, but Xiao Tianyi can't bear Li Tian, Tang Xiaolong and his family!

No longer able to tolerate Xiao Tianyi's back, the dark clouds in the sky gradually approached.

"You are crying for a wool... If you are crying and discovered by these powerful spirits, your head will be chopped off by the time. If it is serious, you may be thrown onto those two mountains. By then you will be too late to cry. !" Da Bai said.

"I didn't cry..." Xiao Tianyi said.

"You are crying!" Xiaobai said.

"I really didn't cry..." Xiao Tianyi insisted.

"Ha ha!"

The chat ends huh!

The dark clouds in the sky landed in the middle, flying lower and lower, Xiao Tianyi could see clearly that the fundamental cow that flew down from the sky was not a dark cloud, but a black feather with a pair of huge wings and a bunch of sharp grip. It looks like a birdman!

When these powerful spirits were about to land, things suddenly fell from their bodies.

Although Xiao Tianyi was still a little away from these birdmen, he could clearly see that the things that fell were the heads of bull heads and horse faces.

These bird people are like birds... (It feels so nonsense!), flying at low altitude, hovering over this vast expanse of land, constantly dropping their heads.

In just a few minutes, the number of these birds was only in the hundreds, but they lost at least tens of thousands of heads.

After all their heads were lost, these birds fell on the ground, and the black feathers on their bodies faded in an instant, and their entire bodies were covered in black light. However, they were not like weak spirits. These guys are tall and tall, if you don't consider their legs like cranes, these guys are definitely long-legged Obamas!

Out of these birdmen came out a burly-looking birdman, his gaze swept across the group of weak spirits coldly, with a trace of dissatisfaction on his face, and some angrily said: "We went out for two. In ten days, you have only cleared out such a small area?"

After this sentence came, Xiao Tianyi felt as if countless knives had been slashed across his body, cutting his skin, making him painful.

Xiao Tianyi saw that the white light bodies of the Ruoling Race had small wounds, as if they had been cut by a knife, and the faces of these weak spirit races also showed pain.

However, these wounds do not worry about the life of the weak spirit race, and their bodies soon recovered automatically!

"It seems that you must be sent to Soul Eater Mountain, otherwise you will never be able to correct this laziness!" The strong birdman continued to say coldly.

Xiao Tianyi was confused now, he couldn't even understand what the birdman was saying.

But obviously, the other weak spirit races understood what the birdman said. The weak spirit race who was just like a sloth suddenly fell to the ground and began to madly devour the head of the tauren on the ground at this speed. , It is breathtaking.

"Huh? Do you want to go to Soul Eater Mountain?"

The strong birdman saw Xiao Tianyi stunned in place, his face couldn't help showing a trace of anger, his body instantly released a more powerful energy fluctuation, and asked angrily.

boom!

A strong force directly flew Xiao Tianyi out, at least a few hundred meters away, and smashed into the heads of the bull's head and horse face.

Xiao Tianyi felt the spiritual power in his body's veins rushing wildly, a mouthful of blood had poured from his abdominal cavity to his throat, and he swallowed it abruptly.

If Xiao Tianyi spit out blood, then his identity must be exposed. At that time, what kind of consequences will be waiting for him, then no one can tell.

Xiao Tianyi didn't dare to neglect, lowered his head, drilled in these heads, pretending to swallow these bull-headed heads.

"Are these weak spirit races belong to the top? Do they have to be drawn with a whip to work?" said the strong birdman.

A birdman in the bird crowd said disdainfully: "These guys are dogs that can't change their feces. It seems we can add a few more supervisors like the adults suggested!"

Several birdmen talked about the way to deal with the lazy bones and weak spirit races, riding on these birds people did not pay attention, Da Bai, Xiao Bai, and Bai Bai squeezed from the many weak spirits.

"Xiao Tianyi, I told you to be careful a long time ago, why didn't you listen to me? Now you know how powerful these powerful spirits are. Are you guys seriously injured? Does it matter?" Da Bai was angry again, and again It was a bit unbearable.

"It's okay! It hurts a little bit!" Xiaoyasha said.

Through this birdman's attack, Little Tianyi has determined the strength of these powerful spirits!

To be honest, the strength of these powerful spirits is average!

It can be seen from the damage caused by the impact of their spiritual power on Little Tianyi!

However, in this ghost place, Xiao Tianyi's cultivation base seems to be subject to certain restrictions, Xiao Tianyi's instantaneous, heavy, and domain cannot be used, and even the flow of spiritual power is much slower.

The birdmen of the strong spirit race were not unaffected.

One goes and the other goes, Xiao Tianyi is not the opponent of these powerful spirits.

If it were in the Netherworld or the Earth World, Xiao Tianyi would never lose so badly!

Xiao Tianyi bit his lip and thought viciously in his heart: "Strong Spirit Race, my father Li Tian will definitely come to rescue me, and I will definitely not spare you by then!

This is the child's psychology, Xiao Tianyi has forgotten that his strength has already surpassed Li Tian.

These strong spirits didn't let the weak spirits waste much time.

It was like a shift, another group of weak spirits were driven here from a distance by another group of birders, while Xiao Tianyi and others were driven by this group of birders like animals to the middle of the two mountains.

"Xiao Tianyi, we are going back! On the way back, you may encounter your kind, a powerful guy, he is the leader of these powerful spirits, if...if you can get close to him and get His protection, then you will know everything here!" Da Bai said.

"Similar? Are there other humans here? Who will it be? Who is so powerful and can be the leader of these powerful spirits?" Xiao Tianyi thought in shock.

Chapter 4784: : The mysterious man

The journey is very long, and the birdmen are flying in midair, looking triumphant.

The weak spirit race was driven away like a sheep.

But the movement speed of these Ruoling races was not slow, Xiao Tianyi needed Da Bai and Xiao Bai's help to barely keep up with the speed.

Through chatting with Dabai, Xiao Tianyi knew why these spirit races swallowed bullhead horse face like sloths. Their bodies are not invincible holes. After swallowing them to a certain extent, they will become full. If they continue to swallow, they will explode. The possibility of death!

If these weak spirits eat themselves to death, then God will not forgive them, and they will disappear forever.

And now, these Ruoling races have been swallowing for more than 20 days, and there is no way to continue swallowing them, so they will be rushed back, rest, digest well, and then go on to the next round of swallowing.

Xiao Tianyi finally knew that these bullhead and horse-faced heads belonged to the evil ghost tribe. And their heads were naturally cut down by these powerful spirits and brought back!

These evil ghost tribes are very, very powerful, and they have almost the same abilities as the Ruoling tribe, resurrecting from the dead.

Even if they cut off their heads, just stitch the heads and bodies of these evil spirits together, and then wait until the spring is planted in the ground. In autumn, the dead evil spirits will be resurrected, as if it is the same as reaping a new evil ghost clan.

Xiao Tianyi felt that he was listening to legendary stories.

How could this be, come back from the dead?

Such things actually happen?

In order to prevent this from happening, the strong spirit race will bring these heads back, let the spirit race swallow them, and avoid waiting for the war to come, these heads will be snatched back by the evil ghost race and planted as seeds. Ground.

After half a day of rushing, Xiao Tianyi and others finally came to the foot of the two towering mountains that became Soul Eater!

Only by looking up close can Xiao Tianyi be able to see exactly what this mountain looks like! This mountain is not a mountain, but black dry bones, all kinds of dry bones, but these dry bones seem to be glued together with something, which forms this kind of mountain.

No matter how dense these dry bones are glued together, there will be gaps in the middle, but in these gaps there is a bright light. This is the light that Xiaotianyi saw from far, far away!

After Dabai introduced, Xiao Tianyi finally knew that the soul eater is trapped in these two bone mountains. It is another creature. The soul eater can swallow the soul of the dead, but if the living is too close to them, these soul eater can also Devour the soul of the living.

It is precisely because of the existence of the Soul Eater Mountain that the heads of the evil ghost tribe's tauren face were left here.

These Soul Eaters have been trapped here for many years, and Da Bai doesn't know who these Soul Eaters are trapped here, and how they are trapped here, he has no way to answer the doubt about Xiao Tianyi.

Besides, Da Bai is a weak spirit. His only function is to eat. He told Xiao Tianyi with certainty that the information he said may not be accurate.

In this regard, hehe resolutely in vain.

...

There is a passage under the two Soul Eater Mountains, and you cannot see this passage from a distance. Only when you stand at the foot of the mountain can you see the huge passage of this passage.

The height of this passage is more than a hundred meters, and the width on both sides is also fifty or sixty meters.

However, even so, when all the strong spirit races fly here, they will automatically line up and pass through the middle of the passage as much as possible.

Once sucked in by those soul eaters, even if they can come out alive, they will lose a layer of skin.

Moreover, the more important thing is that a large part of the soul of the living will be swallowed up by the Soul Eater. The pain of the soul injury is a hundred times more painful than the physical injury.

Xiao Tianyi obediently listened to Da Bai's words, whether or not what he said was true.

After nearly five or six hours, everyone passed through this passage without any risk.

Passing through here, the eyes suddenly open up.

The feet are not soft heads, but solid soil. The sky is no longer dark and no light can be seen. At least when you stretch out your fingers, you can see a shadow.

A thick cloud layer can be seen looming in the sky, and there is a faint starlight behind the cloud layer.

After passing through the Soul Eater Mountain, Xiao Tianyi and the others finally saw people gradually appearing in front of them without long walking.

People are bird people, and smoke is black smoke.

There are sturdy trees everywhere, but there is no leaf on the trees, just like the dead Populus.

There are some plants under the tree, but they are not green, but blue plants.

In these trees, you will see some bird nests from time to time!

Each bird's nest is at least seven or eight meters in diameter. Later, when he saw a birdman flying and landing on the tree, Xiao Tianyi realized that the bird's nest was actually the house of these powerful spirits.

"Little Tianyi, from now on, you have to pay attention. If you see an adult, you must seize the opportunity. If you miss this opportunity, we will have to wait a long time before we have another chance!" Dabai reminded.

Xiao Tianyi nodded slightly.

At this moment, Xiao Tianyi saw a house appeared in a forest, a lonely house.

From the outside, this house looks a bit similar to the houses in the south-central China of Earth World.

Xiao Tianyi's heart suddenly lifted, his eyes staring straight in that direction, wanting to see what the adult in the legend of the strong spirits looks like.

Getting closer and closer, as the team continued to advance, the house was already in front of them.

At this moment, a human shadow appeared in Xiao Tianyi's eyes.

Seeing this shadow, Xiao Tianyi was in a daze!

"No...impossible...it's impossible..." Xiao Tianyi murmured as if he had a ***** expression on his face.

The reason Xiao Tianyi had this reaction was because he felt a sense of familiarity in this man, as if he had some connection with the man in front of him before.

However, Xiao Tianyi couldn't see the man's face clearly.

This man with the figure of a human being has a black smoke on his face.

"Xiao Tianyi, hurry up!" Da Bai and Xiao Bai kept reminding him behind Xiao Tianyi.

But Xiao Tianyi still had no response, and his mind was still immersed in this kind of surprise at this time!

Seeing that these weak spirits were about to walk by the side of this house, Xiao Tianyi suddenly woke up.

Huh!

Little Tianyi's feet were on the ground, and he sprang out of the weak spirit group in an instant, and his feet kept moving on the ground continuously, like a white lightning, rushing towards the mysterious man.

The reaction speed of the strong spirits was not slow at all. They spotted the little Tianyi in an instant, and several strong spirits spread their wings and flew towards the little Tianyi.

At this moment, the enigmatic man also saw Xiao Tianyi, and saw him stretch out his hand to Xiao Tianyi. Xiao Tianyi instantly accelerated and flew forward as if being caught by the collar. The white light of the wheel cover on Xiao Tianyi's body disappeared.

Seeing the little Tianyi coming out from under the white light, a few strong spirit birds fell to the ground with a thud, and their heads confessed to the mysterious man with a panic expression on their faces and their bodies trembling constantly.

"You all retreat, it's not your fault!" the man said.

Xiao Tianyi was held in his hand by this man like a chicken. The black smoke on this man's face was condensed into a black smoky face. He looked at Xiao Tianyi suspiciously and said, "The next guy, why did you come to this place? This is not where ordinary people should come!"

After the initial panic, Xiao Tianyi calmed down and said, "I don't know why I appeared here. I dare to ask the lord, what is this place?"

"Here? Hahaha, you don't even know what place it is when you came here? What a silly ghost! It's just that I can feel a sense of deja vu from you as a kid, let me tell you , This is the third floor of the ghost domain!" the man said.

"Ghost Domain? What is this place?" Xiao Tianyi then asked.

The man put Xiao Tianyi on the ground, looked at the Soul Eater Mountain in the distance, and said, "In the prehistoric universe, where there are gods, they are called the gods, and where there are mortals, they are called the earth. There are also places where ghosts exist. , It's called Ghost Domain!"

Although Xiao Tianyi had already been mentally prepared, he still felt a little uncomfortable when he heard this man say this.

"It turns out I really died! It turns out that I really died..."

The little guy was so in love, he couldn't help but began to wipe tears.

The man was slightly moved, and said, "I think your basic cultivation is pretty good. At least you have a little practice in this ghost domain, and you will definitely become a member of the tiger general. Are you willing to follow me? We smooth the whole ghost domain three. Floor!"

When he said this, the man exuded a kind of domineering attitude.

Xiao Tianyi didn't know how vast the entire ghost realm was, but in this man's mouth, it felt that it was a simple matter to smooth the entire third level of the ghost realm.

"I want to go home! Can I go back?" Xiao Tianyi asked with a sad face.

"Go home? Your soul is not complete. If you are in the realm and your family hasn't given up on you, you might really be able to go back, but it's difficult! You should stay and follow me! Let's smooth out the whole ghost domain three After the level, continue to sweep down. Sooner or later, I will become the master of the entire ghost realm and the **** of the ghost realm!"

The man said this, he could not help but stretched out his hand to press on Xiao Tianyi's body.

Whoosh!

A wisp of black smoke floated from the man's black smoky face and directly penetrated into Xiao Tianyi's body. Xiao Tianyi's entire body began to change gradually, especially his two eyes, the changes became more obvious. All the pupils turned black unexpectedly.

Xiao Tianyi was stunned for an instant!

Because just now, when he clearly saw the black smoke on the man's face, he revealed his true face for a moment, and the man's true face seemed so familiar... so familiar...

At this moment, the man stood up suddenly!

In the gray-black sky curtain, a crack suddenly cracked. A huge, to say nothing, a thousand-foot-long arm stretched out from this crack, and directly grabbed Xiao Tianyi.

With the appearance of this arm, a voice constantly echoed in the sky: Xiao Tianyi, go home with Dad!

A smile suddenly appeared on Xiao Tianyi's face. With the smile, tears in the corner of his eyes flowed involuntarily.

"Papa Li Tian, I will go home with you!"

"Papa Li Tian..."

The smile on Xiao Tianyi's face froze!

Xiao Tianyi's body was held by this huge arm, and he kept flying towards the sky.

However, Xiao Tianyi's eyes were staring at the man standing on the ground!

Chapter 4785: : Long Yin is here

"Dad Li Tian, the feeling that mysterious man gave me is really...really familiar, but now I wake up from the dream, I can't really say this feeling! I don't know why!" Xiao Tianyi said.

After Xiao Tianyi's dream was finished, Li Tian and Situ Ningbing were surprised and speechless!

Is this a dream?

No, this is clearly Xiao Tianyi's soul wandering in the ghost domain.

Li Tian stretched out his arms to hug Xiao Tianyi, stretched out his hand and gently patted Xiao Tianyi's back, and said, "This is just a dream, and forget it when you wake up!"

This is not a dream, because Xiao Tianyi's pupils are still completely black now.

But Li Tian has no better explanation!

Perhaps Li Tian should ask Tang Xiaolong, after all, he is also a man who has died once, perhaps his experience can give Li Tian some inspiration.

But now, Li Tian only wanted to comfort Xiao Tianyi, so that the scared child would not think about what happened in his dream.

Situ Ningbing glanced at Li Tian, did not speak to Li Tian, and reached out to stroke Xiao Tianyi's back, and said, "Listen to Dad Li Tian, this is a dream! Mother Ningbing and your Dad Li Tian did it before. There have been many absurd dreams, but as long as it is a dream, there will be a time to wake up. Ningbing's mother is called Xiaoqingwa, Three Little Yashas, Black Smoke Tuaner, and our newest small glutinous rice ***** to play with you. ?"

Xiaotangyuan is the name of the cloud swallowing beast.

Because this guy looks so much like glutinous rice balls, he has this name!

Li Tian called all the little things to Xiao Tianyi's room to accompany Xiao Tianyi.

But before they came in, Li Tian had already told Xukong Yasha through his mind that no one was allowed to raise Xiao Tianyi's eyes.

...

In Li Tian's room, only Li Tian and Situ Ningbing!

Huh!

Li Tian led Situ Ningbing into the space of the Qiong Lance of the Sky.

There used to be hundreds of thousands of people living in the Qiong Lance space of the sky, but now the three big cities are empty.

Li Tian and Situ Ningbing did not enter the city, but moved to a beautiful place with mountains, water, and beautiful scenery before they stopped.

As soon as he took his seat, Situ Ningbing said, "Li, what do you think?"

Li Tian shrugged slightly, shook his head and said: "I can't find the clue at all. I don't even understand what happened to Xiaotianyi's experience, and what will happen to Xiaotianyi's experience for us. influences!"

"No, I'm asking you what do you think about that mysterious man? When Xiao Tianyi talked about his "dream", there were a few key words, such as the residence of China in the earth world, the human body in the earth world, and the kind Familiar feeling!" Situ Ningbing said.

Li Tian frowned slightly, shook his head again, and said: "Xiao Tianyi knows a lot of people. Could it be that after the death of his familiar people, the soul entered the ghost realm? Xiao Tianyi felt this way?"

"I don't rule out this possibility, but I'm wondering if there is another possibility..., for example, that person should be someone you are familiar with. In this person, there will be something related to you. That's why Xiao Tianyi feels this way!" Situ Ningbing boldly speculated. Seeing that Li Tian had no objection, she threw a bolder idea out: "Li, do you think this person will be yours... .."

Situ Ningbing hadn't finished speaking, but Li Tian was already stunned.

Will it be possible?

In Li Tian's world, nothing is impossible!

Li Tian was a little agitated, his right hand fingers trembling slightly, and then he quickly pressed his right hand with his left hand, his eyes looked vaguely and constantly looking for the target on the ground, and finally fell on a rock and grew out. On the lonely grass.

"If... if it was me who counted in the ghost realm, maybe I could solve this mystery!"

"But how can I solve this mystery? How can I enter the ghost realm?" Li Tian muttered to himself in a daze.

Situ Ningbing looked at Li Tian and said, "Li, at least now we know that there is such a place called Ghost Domain. At least we know that he is likely to be..."

"I understand!" Li Tian already wanted to understand.

"I will continue to grow stronger, become a super domain master, become a god, and even become a stronger existence than a god. At that time, I will naturally enter the ghost domain and will naturally meet him!"

Seeing Li Tian's expression, Situ Ningbing was relieved.

She was really worried that Li Tian would fall into this demon.

The two did not stay in the Qiong Spear of the sky for too long. After solving some of the doubts in their hearts, the two teleported out again hand in hand.

Just a few minutes after teleporting out of the Qiong Lance of the Sky, the female venerable walked into the residence.

"Master Li Tian, someone outside the courtyard is visiting, he said he is your good brother Long Yin!" said the female venerable.

Before the words of the female venerable were finished, Li Tian's body turned into a shadow and flashed past her.

Long Yin, saw this guy again.

When I saw him last time, Long Yin was still outside Yecheng blocking Li Tian from entering the city, and the two did not communicate much.

Now this guy has also come to the Colosseum to participate in the Beast Fighting Conference. Li Tian thought in his heart to use the best wine to pour this guy to death.

Whoosh!

Li Tian's figure has come outside the courtyard.

Seeing Li Tian filling out from the residence, Long Yin's face was already smiling excitedly from ear to ear.

"Brother Li Tian, we finally met again. Last time Ye Cheng said goodbye, I thought I would never see Brother Li Tian again. I didn't expect that Brother Li Tian was not only safe, but even more diligent in his cultivation. Congratulations, I really envy me!" Long Yin took two steps forward, opened his arms, and wanted to give Li Tian a big hug!

At this time, Li Tian saw Haiqin and the strong sea-monster behind Long Yin, especially when he saw Haiqin, Li Tian's eyes were involuntarily shining with small stars, super strong, super beautiful, these two dragons. It's really surprising that this kid is there!

"Long Yin, I really didn't expect it. This is just a few months away. Your cultivation is as diligent than before. More importantly, have you found your favorite woman in the Nether Realm?" Li Tian was sincerely happy for Long Yin. Said.

Long Yin looked embarrassed, let go of Li Tian, and introduced to Li Tian: "This is Haiqin, the patriarch of the Sea-Monster tribe. The few behind her are the elites of the Sea-Monster tribe. It's a pure relationship between men and women. Brother Li Tian dare not talk nonsense and misunderstand others!"

"You mean I still have a chance?" Li Tian said deliberately lightly.

Long Yin suddenly said unwillingly: "Dare you..."

"Hahaha, don't worry, we are brothers!" Li Tian turned to Hai Qin and said, "I'm sorry to be negligent. We are brothers for many years. Please forgive me. My brother is rarely tempted by girls. ..."

Before Li Tian finished speaking, he was interrupted directly by Long Yin.

"Li Tian, we don't come here a long way, don't you just block us here and not even let us in the room?"

"Haha, sorry, sorry, everyone please!"

After entering the residence, everyone sat down according to the subject and guest position.

Hai Qin's gaze swept across Li Tian's face quickly, her face was very polite, but her heart was not full of disappointment.

The fact that Li Tian killed a domain master-level powerhouse in Yecheng with the realm of Emperor Zun was reported to the Underworld. Li Tian has been blown away. Even if Haiqin removes the water when listening, it feels like Li Tian is Quite strong guy.

But now, Li Tian is just a powerful domain owner!

How much help can such people be to their Sea-Monster tribe?

At this moment, the two guys, Waterfowl and Parallel, came in from outside.

"Brother Li Tian, there are customers! Let's talk first, let's go have a drink!" The parallel imports said with a greedy expression.

Seeing these two guys, the expression on Hai Qin's face finally changed.

The domain master level realm powerhouse already has the super domain master level helper, which is better than her demigod level powerhouse with the super domain master level power helper, but there are more to pull the wind, and you can also react through this side. Li Tian does have a means.

More importantly, Haiqin of the Sea-Monster Clan can feel that parallel imports and water ghosts are not humans.

"With Li Tian's current cultivation base strength, he is still a little bit close, but he still has some means. Maybe our Sea-Monster Clan can still find some re-emergence opportunities in him!" Hai Qin thought in his heart.

Li Tian didn't know the purpose of Long Yin's trip, so naturally he didn't know what Hai Qin was thinking at this time.

When meeting with Long Yin, Li Tian found that he was excited for three minutes and passionate for three minutes.

Three minutes later, Li Tian was completely unable to treat Long Yin as a brother like Tang Xiaolong.

In order to avoid embarrassment, Li Tian asked without words: "Long Yin, are you also planning to participate in the beast competition when you come to the Colosseum this time? Are your secret organizations still engaged in numerous activities?"

"Participating in the Beast Beasts Conference as an organization representative is just showing a face and being familiar. Besides, with my strength, I can't raise Beast Beasts. Even if I have Beast Beasts, Beast Beasts are barely the life of the mount. How strong are they? On the contrary, it is the Li Tian brothers. Now there are so many talents, Xiaoqingwa, Black Smoke Tuaner, Xiaoyasha, people have heard your name before entering Beast Beast Island!" Long Yin was a little envious To say.

The two of them talked about something that was useless, except that after Long Yin introduced Haiqin at the beginning, they didn't say any constructive topics.

Hai Qin couldn't help but interrupted and said: "If Long Yin, you want a fighting beast, I can help! A fighting beast below the emperor level can be found for you at any time. As for the emperor level fighting beast, this It depends on chance!"

Hai Qin thought that as long as she said this, Li Tian would definitely be interested in her, and then he would take the initiative to chat with her.

However, she thought too much, Li Tiansi didn't dare to be interested, and continued to talk about some useless things with Long Yin, and directly put her aside!

"This bastard, dare to despise me so much!" Hai Qin thought with a bit of annoyance.

Chapter 4786: :alliance

Although Hai Qin was unhappy, she couldn't turn her face.

She directly interrupted the conversation between Li Tian and Long Yin, and said, "Li Tian, don't talk secretly in front of celebrities. My Sea-Monster Clan came to you, Li Tian this time, to make an alliance with you Li Tian! If you have this If you don't have such a plan, then we two will talk about the alliance alone. If you don't have such a plan, then we will turn around and leave now!"

Simply neat, and there is no lack of domineering exposure.

This woman Haiqin is not simple.

This is Li Tian's judgment for Haiqin.

When I saw Long Yin just now, Li Tian was dazzled by Huanxi. Now that I think about it carefully, Li Tian has not seen the strength of this woman Haiqin.

"If Haiqin is a Sea-Monster clan, analyzing her transformation into a complete form of human form, her cultivation strength may at least have reached the pinnacle of Transcendent Master, and it is even possible that her cultivation will be even higher, since So, then why should I not align with such a strong man?" Li Tian suddenly wanted to understand.

Li Tian smiled slightly and said, "Master Haiqin is really good, so let's find a suitable place to talk? Should we go to your room or mine?"

If this sentence is spoken in the earth world, it definitely has other meanings.

But now, Li Tian said this sentence in full view, he swears to the lamp, he absolutely has no such idea.

Unfortunately, Long Yin didn't think so.

Long Yin's eyes were about to kill Li Tian, and he kept cursing Li Tian in his heart: "You bastard, there are already so many women, now you still want to attack the woman I like? ?"

"No, you must not let you ruin my plan!"

"Why don't you go to my room!" Long Yin interjected.

One of the Sea-Monster clan superdomain masters looked a little unhappy, but he maintained a relatively polite and polite expression, and said, "Lord Long Yin, this is about the Sea-Monster tribe and the Li Tianjun unity alliance, Lord Long Yin Don't interfere!"

"Yes, I would like to thank Master Long Yin for taking care of the little girl, and also thank Master Long Yin for recommending him. Regardless of whether our Sea-Monster Clan and the Li Tian Army can form an alliance this time, I will do my best to express our gratitude to Master Long Yin. I can find an emperor-level fighting beast for Master Long Yin!" Hai Qin said.

After speaking, Haiqin smiled at Li Tian again and said: "Since we have come to your residence, let's go to your room!"

Li Tian shrugged helplessly, his expression seemed to say: I am very innocent, this is Haiqin asking me to go to my room.

"Xiaolong, take Long Yin and a few adults of the Sea-Monster tribe to the bar with waterbirds and parallel imports!" After Li Tian made arrangements, he took Hai Qin to his room.

Looking at the backs of Li Tian and Hai Qin, Long Yin almost cried out in the toilet.

...

The alliance is extraordinary, and Li Tian will not blindly make promises just because Haiqin is a woman.

Li Tian didn't go to his room with Hai Qin, but took Situ Ningbing into the space of Qiong Lance of Heaven again.

Of course, Li Tian's heart is somewhat pretentious. He just wants to use this artifact to tell Hai Qin that Li Tian is also a man with a little background.

Sure enough, as soon as he appeared in the space of the Qiong Spear of the Sky, Hai Qin's expression couldn't help but change slightly.

"It seems that my choice this time is right. I didn't expect Master Li Tian to possess such a magical tool! It seems that Master Li Tian's rise over the years is definitely not accidental!" Hai Qin said.

Li Tianzhuang forced success and immediately turned the topic off track.

"We don't have to compliment each other. I call you Haiqin, and you can call me Li Tian! I don't know why, Haiqin, why did you think of forming an alliance with me, Li Tian? After all, this Netherworld is stronger than my Li Tian army. There are many powerful organizations and families!" Li Tian said.

"The four super **** families in the underworld, the great ancient family, and the mysterious race, the great chamber of commerce, and even the Colosseum all have this very powerful power. However, what I value more is not the immediate power, and Is the future!"

"And, if I'm not wrong, parallel imports and waterbirds, these two should be the legendary mysterious water ghost race powerhouses. This shows that the strength of the Li Tian army is definitely not as weak as it is now shown. There are at least the shadows of several major forces, such as the Water Ghost Race, the Dark Forest, and the Nether Academy. Therefore, the current Li Tianjun regimen does not need any family weakness! This is one of them!"

"Second, I always believe that the enemy of the enemy is my friend! The enemy of our Sea-Monster Clan is the Super God Family, mainly the Fish Cultivation Super God Family, but we also have a holiday with the White Horse, Donggong, and Sanlu Super God Family. , And your Li Tianjun regiment, your enemy is also the Super God Family, we have the same goal, we have the same interests, then we are completely possible alliance!" Hai Qin said.

In front of Haiqin, Situ Ningbing felt her aura weakened a bit, but she adjusted her breath and said, "Then what benefits can we Li Tianjun get? After all, our Li Tianjun's main enemy is now The Eastern Palace Super God Family, once the alliance with the Sea-Monster Race, we at least need to face the threat of the two Super God Family at the same time, and even because of our alliance, it is very likely that the four Super God Family will unite."

Hai Qin looked at Situ Ningbing, smiled slightly, and said, "This must be the female domain master's clone, Situ Ningbing is now!" Seeing Situ Ningbing nodded, Hai Qin continued: "You are

right. The four super **** families are likely to unite, but they are unlikely to be intimate! As early as the end of your battle in Yecheng, our Sea-Monster clan had a large-scale battle with the super **** family. At that time, the Super God Xiuyu family asked the other three super God families for help. However, only the White Horse Super God family in the Underworld offered help, while the Donggong and Sanlu Super God families did not help. Four super **** families have their own ghosts!"

"But how can we guarantee that our cooperation is close? After all, it's the first time we met, the first time we talked about cooperation!" Situ Ningbing said.

Hai Qin looked at Situ Ningbing, and moved his gaze from Situ Ningbing to Li Tian, then his face turned slightly red, and said: "Our Sea-Monster Clan can abandon everything for the rise of the Sea-Monster Clan. I am dissatisfied with you, I Haiqin's current cultivation base has reached a demigod, but for the rise of the Sea-Monster Clan, I have been suppressing my cultivation base, so that there is no daylight rise! It is precisely because of this that on the way to and from the Colosseum, I suffer from heaven again. Punishment, and Long Yin was implicated at this time..."

"This is a digression, I mean me, our entire Sea-Monster Clan, can make any sacrifices!"

Although Haiqin is a demigod powerhouse, she is a woman after all, and she is not thorough at all, but her cheeks are already red!

As a woman, Situ Ningbing already knew what Hai Qin meant.

Situ Ningbing stared at Li Tian fiercely, as if saying that it was you again.

Li Tian shrugged helplessly, as if to say: This is my bird business... well, I really care about my bird business, but she took the initiative to send it to the door, and... she is a sea monster. , I am not Xu Xian!

Situ Ningbing ignored Li Tian. She has now taken over the alliance negotiations, and then asked: "How do we form an alliance? What do we need to do with Li Tianjun? And what benefits can Li Tianjun get?"

"If the two of us form an alliance, as long as the time comes to defeat the Super God Cultivation Clan, our Sea-Monster Clan will have a foothold on the land, even if there is only an area the size of the Venerable Kingdom, we can accept it. After the alliance, I Several powerful Sea-Monster clan powerhouses will follow Li Tian, and follow Li Tian's orders in the future. If any one of us is attacked by other super-god families, the other side needs to fight unconditionally to help each other!"

Haiqin paused for a while, and said: "If the East Palace Super God Family is going to be against you after this Colosseum game is over, I am willing to take action personally and send them on the road! No matter how many super domain masters come!"

What Hai Qin said was a domineering, Li Tian was exuberant.

He worried about things for a long time, but he didn't expect that because of the appearance of the Sea-Monster Clan, because of the appearance of Haiqin, it would be so easy to solve!

Li Tian really couldn't wait, so he rushed up and kissed the sea.

Of course, this is not indecent, just out of gratitude to Haiqin.

"Li, are you absolutely?" Situ Ningbing asked.

Li Tian was already overjoyed, nodded quickly, and said, "To form an alliance, you must form an alliance!"

"Don't worry about answering, one more point must be made clear in advance. As far as I know, the four super **** families, the Nether Academy, and some ancient families and mysterious races control certain small secret realms. It was because of the secret realms. The reason is that our Sea-Monster Clan, Water Ghost Clan and other races will be driven out of the mainland..."

Li Tian only knew that there was a mysterious secret in the underground library of Nether Academy, but he didn't expect that other super **** families would also control these secrets.

Haiqin continued: "If you have a secret realm, you must share it with our Sea-Monster tribe, and the secret realm our Sea-Monster tribe now controls can also be shared with your Li Tianjun regiment!"

This is totally unexpected!

Li Tian has not even seen the shadow of the secret realm, except that the Nanchu County has occupied the big place, and then has occupied several territories and the emperor's kingdom. He only needs to open one for Haiqin. Bad checks, you can go to the secret realm controlled by the Sea-Monster Clan to try it out. Where can you find such a good thing!

"Must, haha, this is a must, our Li Tianjun regiment can also make any sacrifices to form an alliance..."

When the **** Li Tian said these words, his eyebrows were raised several times, as if he was giving Haiqin secretly.

Long Yin has fainted in the toilet!

Chapter 4787: : Before the competition

Situ Ningbing had already turned on the immunity mode for Li Tian's mischief.

After all, a few days ago, this guy had done crazy things!

Double fly?

Haha, that's just a fraction!

Young you are still TooyoungToosimple!

Li Tian, this little bitch, plays with heartbeat, plays with excitement, and plays with more than 20 flying...

Cough!

Situ Ningbing quickly pulled her thoughts back.

With Li Tian, his thoughts will inevitably become impure.

Situ Ningbing can accept Li Tian's fancy, Li Tian's stallion, but Situ Ningbing does not want to see Li Tian and Long Yin, the pair of former tearing brothers continuing to tear!

"Girl Haiqin, take the liberty to ask, what is your relationship with Long Yin...?" Situ Ningbing asked.

"Long Yin? I should have said it before, he is just the victim who passed by when I was punished!"

"Don't you have any other relationships?" Situ Ningbing continued to ask.

Hai Qin smiled slightly, she knew what Situ Ningbing was worried about.

"I said that our Sea-Monster Clan can make any sacrifices, but that is only for the Li Tianjun regiment. Long Yin's purpose following me is probably almost the same as mine. He just wants to use my power and strength to become stronger. !" Hai Qin said.

Situ Ningbing was not worried anymore.

After all, feelings... Well, well, transactions like transactions require equivalent exchange.

If Haiqin and Li Tian are entangled, let alone whether they have feelings or not, but they can get what each other wants from each other.

It's like the marriage of wealthy families, this is actually a political game.

And Long Yin now seems to be a poor boy who wants to 'marry into the rich'. He works very hard and is willing to make sacrifices for this. However, among the rich, there are no ladies who must marry him!

Situ Ningbing was even thinking that if Long Yin could understand the truth, and didn't mess around or make troubles unreasonably, then he could continue to be friends with Li Tian happily.

However, if Long Yin turned his face with Li Tian because of this kind of 'force', and continued to be forced with Li Tian as before the end of the earth world, then Situ Ningbing wouldn't mind getting rid of Long Yin!

Li Tian didn't know Situ Ningbing's thoughts, otherwise he would definitely award Situ Ningbing the best wife of the year.

After reaching an alliance with Haiqin, Xiao Tianyi also awoke. The pressure brought by the Donggong Super God family to Li Tian disappeared, and Li Tian suddenly felt that the whole world was sunny.

The only headache for Li Tian is how to explain to Long Yin!

Li Tian would never push a super power like Haiqin into Long Yin's arms, it was an act done by a fool.

Haiqin has already understood the hearts of Li Tian and Situ Ningbing, and said with a slight smile: "Long Yin's affairs are left to me to deal with! He just wants to become stronger, and I can give him the Emperor Rank. The Nether Beast, you can also make an exception to let him enter the secret realm trial controlled by our Sea-Monster Clan. This is the biggest concession I can make in the face of his being your friend. If..."

Hai Qin didn't finish her words, but a trace of murderous aura suddenly flashed across her body.

Boom!

Just a murderous aura, a small mound not far in front of Li Tian collapsed in an instant, as if it had been directly shattered by someone!

I fuck!

Li Tian was really scared!

This is a murderous demigod!

Recall the power of the demigod when climbing the holy peak in the dark forest. This murderous aura was even more terrifying than the power of the demigod.

"This is the best...hehe, this is the best!"

Li Tian even regretted it a little bit, and shouldn't secretly send Qiubo to Haiqin in a sorrowful manner. In case she was in bed later, Li Tian's effort did not satisfy her...cough cough, thinking too much, thinking crooked!

...

After coming out of the Qiong Spear of the Sky, Hai Qin went to talk to Long Yin.

Li Tian didn't know what they were talking about.

Li Tian only knew that that night, Long Yin drank and overturned Tang Xiaolong, Water Bird, Parallel Imported Products, and several four Sea-Monster elites.

Then Long Yin found Li Tian drunkenly, and wanted to talk about life with Li Tian!

Is Li Tian afraid that he will fail?

Seeing Li Tian, Long Yin looked at him with resentment, and said nothing in the end. He sighed helplessly, turned and left.

It seems that Long Yin is really injured this time!

Haiqin also left with her already drunk elites of the Sea-Monster clan, and agreed to leave these elites to Li Tian. As a result... Li Tian was also very injured!

In the entire Colosseum, the fastest response is always Young Master Ling Wen!

Li Tian didn't know what this guy thought, it was almost three o'clock in the morning, and the guy came to Li Tian's residence and wanted to meet Li Tian.

If Li Tian didn't know that there were enchanting women around this guy, I'm afraid he would suspect that this guy had another attempt.

Fortunately, Li Tian is now a cultivator. As long as he closes his eyes and rests for a while, he will not be sleepy all day long. The night rest can be between rest and no rest.

Otherwise, if Li Tian is sleeping, especially a few days ago, when Li Tian was sleeping with many women and was disturbed by this guy, Li Tian would definitely find a way to kill this guy.

In the living room of the residence, Li Tian looked directly at Young Master Ling Wen, with a slightly unhappy expression, "Master Ling Wen, do you like me?"

"I..." Young Master Ling Wen was messed up in an instant.

He is the son of Ling Wen's ancient family, and the entire family, only he can inherit the title and name of Ling Wen.

Of course, he also takes on the task of inheriting the family, how could he like a man like Li Tian!

Pooh!

Although Young Master Ling Wen didn't say the last word 'Bah', Li Tian could see clearly through his mouth.

Li Tian was relieved immediately, patted his chest and said, "Haha, you scared me to death, I thought you were going to get involved with me!"

"Fuck?"

"This is not the point. The point is why you came to me so late?" Li Tian said with an unhappy expression again.

Only then did Young Master Ling Wen said, "Brother Li Tian, you know it is dangerous for you to do this!"

"Danger?"

"Yes, the Sea-Monster tribe is very powerful, and it has begun to rise within thousands of years. However, the Sea-Monster tribe is not human after all, and they are not even as good as the Water Ghost tribe. Relatively speaking, the Water Ghost tribe can make others better Accept! But you are not only entangled with the Shuigui clan, now you are also connected with the Sea-Monster clan..." Young Master Ling Wen said with a worried expression.

Li Tian looked at Young Master Ling Wen's worried face. If he didn't know that this guy was just for a battle with him, Li Tian would be moved.

"Master Ling Wen, I don't know what you said? But do I have other choices now? The East Palace Super God Family is the most powerful family in the entire Nether Realm. My little character is targeted by the East Palace Super God Family, I I can't resist at all! Since death is possible anyway, why don't I be vigorous?"

"Hahaha, to use a word in my hometown, the princes and generals are kind, are the super **** families inherently noble than others? Whether they are strong or noble, as long as they don't interfere with me, but, if It interferes with me, even thinking of killing me, so don't blame me and them for breaking the net!" Li Tian said.

If he was willing to pull the emperor off the horse, Li Tian really had this kind of courage in his heart!

Young Master Ling Wen also nodded slowly, and said: "You seem to be drinking poison to quench your thirst now. Sooner or later you will know that non-my races will have different hearts! I just hope...don't affect our agreed battle!"

I'm going to your sister, can you speak well?

The previous words made Li Tian moved so much that he didn't want it, but immediately after this sentence, it really revealed his purpose.

Well, after all, the original purpose of this product was to compete with Li Tian. If he didn't stab the knife in the back, Li Tian should have been grateful.

"Li Tian, in fact, I admire you very much, I admire your courage and courage, you dare to fight, dare to fight, you will not be like me, your destiny has been doomed from birth...it's so boring!" Young Master Ling Wen sighed Said.

Li Tian was about to vomit blood.

Young Master Ling Wen is the highest state of pretending to be force, invisible pretending to be force, this lethality is enough.

This feeling is as if, before the end of the earth, the son of a certain richest man in China pretended to say, 'he never cares if he makes friends if others are rich or not'.

The aloft Young Master Ling Wen was born from a higher starting point than many people's struggles. This ***** thing is boring.

With people like you, there is really no way to play and chat happily.

Young Master Ling Wen's thoughts, Li Tian already understood, but this time this guy didn't pretend to say, "Before the fight, Li Tian will be fine." It seems that he has realized that the situation is no longer his Young Master Ling Wen. The ancient family of Lingwen can intervene sideways!

...

Three days later, the qualifying games officially ended.

A total of 47 fighting beasts entered the race.

Li Tian did not expect that there would be so many fighting beasts entering the race.

Behind these forty-seven beasts, it is unknown how many beasts were killed, how many beasts lost their fighting ability and became waste.

These are not issues that Li Tian should consider. Li Tian cares about the opponents of Xiaoqingwa and Xiaoyasha.

In the past few days, Li Tian ran to the bulletin board in front of the Colosseum headquarters to see his opponent in the race.

In fact, Li Tian didn't have this need at all. After all, a domain master-level powerhouse like him was served by a female veteran. As long as there is new news, the female veteran will definitely notify him as soon as possible.

Soon, Li Tian felt something was wrong. Every time he went out and returned, he always felt that someone was staring at his residence.

Li Tian asked parallel imports and waterbirds to go out to investigate.

These two goods will be back soon.

Sure enough, as Li Tian had guessed, it was not someone else who was staring at Li Tian, but the enemy of the Sea-Monster Clan, the Super God Cultivation Clan.

However, the Super God Xiuyu family did not do anything excessive, probably just to investigate whether Li Tian and Haiqin are really 'getting together' together!

There is no direct conflict between Li Tian and Xiuyu Super God Family, and Li Tian is not too concerned.

On the eve of the start of the beasts, the rules and schedule of the beasts were officially released.

Seeing the animal skins sent to him by the female veteran, Li Tian suddenly felt like he wanted to scold his mother!

"I'm going to your grandma's opener, can the Colosseum be more shameless? You even targeted me like this!" Li Tian roared angrily in front of the female venerable.

Chapter 4788: : Unanimously look bad

I have seen a bully, but I have never seen such a bully.

The first battle of the opening ceremony of the Colosseum was an unruly melee. The opponent of the little blue tile turned out to be a hundred beasts in the mid-level ninth level of the eighth-level peak.

Although theoretically speaking, in this case, the opportunities are equal, and the chances of promotion for all Beasts are the same.

But this ***** can't be understood by theory at all.

What if the other ninety-nine fighting beasts unite to deal with Xiaoqingwa's one fighting beast? No matter how strong the little Qingwa is, it is probably impossible to defeat so many fighting beasts!

Not to mention the small blue tile, even if it is a domain master-level powerhouse, if you don't consider the display of the domain, being besieged by so many beasts, I am afraid that you will die in the Colosseum.

After Situ Ningbing, Tang Xiaolong and the others watched the arrangement of this fighting beast match, they were also very angry!

"Little boss, we can't swallow our anger like this anymore, otherwise the Colosseum will think we're bullying!" Tang Xiaolong said angrily.

Parallel goods and water ghosts followed suit.

"Yes, we retired, grabbed the quasi artifact and left, what can they do to us?"

"That is, I won't take part in the Bird Race! I looked at the schedule of the Beasts at the back, but there was no such arrangement. This is clearly aimed at Xiaoqingwa!"

If this game is a black smoke group, Li Tian will not have any worries in his heart, even if it is ninety-nine fighting beasts, it is no use.

Heiyan Tuan's skill of the Red Fire Linking City group technique can turn other fighting beasts into barbecues. However, Xiaoqingwa is just an ordinary fighting beast. It used to be that Xiaoqingwa was awesome because of the advanced Netherworld Li Tian saw. There are not many beasts, but once, after seeing various high-level ghost beasts in the Colosseum, Li Tian would not have such arrogant thoughts.

Li Tian also wants to retire, it seems that only this way can express his determination.

However, at this moment, it seemed that he felt Li Tian's heart, Xiao Qingwa jumped up and jumped up, and the two of them tore the animal skin to pieces, then squatted on the ground with two big eyes open, pitifully Looked at Li Tian.

This cute look makes Li Tian feel like it.

"Do you want to participate in the beast match?" Li Tian crouched in front of the little blue tile and asked.

Little Qingwa really understood Li Tian's words and nodded.

"But this beast match is very dangerous. You need to fight with ninety-nine beasts. You are likely to be besieged by other beasts. You are likely to be injured or even fall!" Li Tian said again .

Xiao Qingwa shook his head, and then nodded heavily, and his eyes showed a firm expression, as if telling Li Tian that he is a golden beast, even if it is a strong opponent, he will not be afraid, no Back down.

At this moment, Li Tian felt as if he was back when he first met Xiao Qingwa.

At that time, Xiao Qingwa had not opened his eyes, but was insulted by his little brothers, but in order to survive, Xiao Qingwa would choose to swallow his mother's body.

After that, Li Tianhe and Youanrou took Xiaoqingwa to eat and drink in the gloomy forest, which allowed Xiaoqingwa to survive the difficulties and survive.

At this time, this time in the Beast Contest, Xiao Qingwa has not shown any performance and will retire. He must be very unwilling in his heart!

Considering the problem from the standpoint of Xiao Qingwa, Li Tian can also understand Xiao Qingwa's thoughts.

"Okay, since you have decided, then I will support you! Tomorrow, let our little blue tiles show their power, whether it is ten, one hundred, or more fighting beasts, let them come more fiercely Some more!" Li Tian raised his arms and shouted.

...

The entire Colosseum has become a sensation as soon as the main race schedule of the Colosseum is out.

"I'm not mistaken, right? The opening match is so terrifying? A hundred fighting beasts are fighting each other. Isn't this the king of beasts who can survive?" a venerable said excitedly.

The venerable around him directly attacked him and said: "Then first is to survive. This opening ceremony is the cruelest fight and elimination match. Only to fight out of the hundred beasts and escape alive, then this fight The beast will advance."

"I think it's very suspenseful. In such a melee, it is possible that the final result will be both losers, and the final result may be just a fight, and no beast can advance from it!" Another Venerable also held a pessimistic attitude. Said.

However, his words were quickly interrupted by a laugh: "Your thoughts are too pessimistic. In the opening match of this beast match, there was the little green tile of the beast who once injured and swallowed the domain master-level powerhouse. With the strength of a small blue tile, it doesn't seem to be so difficult to advance from this hundred fighting beasts!"

"You are so naive. All legends are inevitably watery. Have you ever seen Xiao Qingwa defeat the domain master and swallow the domain master? If Xiao Qingwa really has such strength, then he still needs to participate in the beast contest. This is just an error! In terms of stepping back 10,000 steps, even if Xiao Qingwa is the strongest, then his name will inevitably become the target of

public criticism. It is very likely that the game has just begun, and Xiao Qingwa will become the other ninety. The goal of the nine-headed fighting beasts, these fighting beasts are likely to defeat the little blue tiles first, and then they will kill each other!" said a Venerable who seemed particularly wise.

After being said by this Venerable, the Venerable who was still optimistic and felt that Little Blue Tile would definitely be promoted could not help but wrinkle slightly.

"So how should the bet bet this time? The odds for Xiao Qingwa to advance are very high!"

"Because the odds are high, this is risky. At that time, I felt that it would be safer to directly vote without Beasts' promotion! Of course, we can also choose other entrusted betting methods, such as this..."

This is the situation in front of the Colosseum betting station in the town.

In Master Ling Wen's residence, seeing the skin of this battle beast race schedule, a cloud of spiritual power flashed across the hands of Master Ling Wen, and the skin was instantly blasted into powder.

"No, I have to organize Li Tian, this arrogant fellow. If his fighting beast dies, then what is the point of my fighting beast going on than fighting?"

Young Master Ling Wen stood up abruptly, but he stopped after taking a few steps, and returned to sit on the chair.

"I already know that this guy is arrogant and arrogant, how could he listen to me? Hey, now I can only count on that Xiaoyasha to be promoted smoothly, so that my Lingwen beast can defeat Tunyun at that time. The beast guy is fighting!"

Soon, Young Master Ling Wen wanted to understand. A faint smile appeared on his face. He picked up the teacup, but was not in a hurry to drink tea. He smiled and said to himself: "That's good, let Li Tian this kid It's okay to be frustrated!"

At the top of the crater, the residence of the Eastern Palace Super God family.

The mother also held a piece of animal skin in her hand, but she did not spread the animal skin. In front of her stood a man who was somewhat similar to Donggong Jiangshan. This person was Donggong Jiangshan's clan brother Donggong Jianghe. .

"Mother, the Sea-Monster Clan has indeed had some connection with Li Tian, but since they met once, they have never seen each other again. Do you think there will be any unexpected changes after the Battle Beast Conference is over? "Donggong Jianghe has been in charge of staring at the Sea-Monster Clan in the past few days, and he is here today to report to the mother.

The wrinkles on the mother's face stretched slightly, and she smiled and said, "Accident? What's the accident? I am still worried that the Sea-Monster Clan will not contact Li Tian. Since they have already contacted Li Tian, it seems that they are already An alliance agreement has been reached. Now, it depends on the Super God Family of Xiuyu. As long as they can contain the Sea-Monster Clan, Li Tian is just a turtle in the urn."

The mother stretched out her hand, shook the animal skin in her hand slightly, and continued: "Furthermore, there is also the Sanlu Super God family. Now even the Colosseum is secretly helping us. Li Tian is dead this time!"

"The Colosseum? They..." Donggong Jianghe didn't finish speaking, his eyes showed an expression of disbelief, and he said in surprise.

The mother smiled slightly and said, "Do you think the Colosseum is still the former Colosseum? No matter how well the old monster on the top floor of the Colosseum headquarters is hidden, it is impossible to hide from the eyes of the head of the East Palace. It's not the existence of this old monster, I am afraid the Colosseum has already changed hands!"

"Since they have selfishness in the Colosseum, and their selfishness does not conflict with our interests, why would they oppose cooperating with us? You see, the arrangement of the first Colosseum match is a good proof! Xiao Although the Blue Tile is only an Emperor-level Nether Beast, if we remove this Nether Beast, it will definitely weaken the strength of Li Tian's Legion, and it will also deal a great blow to him. When we do it again, it will be Have more confidence!"

The animal skins in the hands of the mother hadn't been spread out, and she already knew the content. This was the result of the secret connection between the Donggong Super God Family and the Colosseum!

"This is just the beginning, the next goal is Xiaoyasha!" Madam said grimly.

At the same time, the major forces, such as the Super God Family of Xiuyu, the Super God Family of Sanlu, and the Little Human Race, were unanimous in their first battle against the Little Blue Tile. They can now feel that the Colosseum seems to be deliberately targeting Li Tian, aimed at Xiaoqingwa.

However, they would not say without evidence.

Besides, this kind of thing didn't happen a few times in the Netherworld that year, and they were not surprised.

"Tomorrow's fighting beast game is quite exciting compared to it, let's go take a look!"

At the top of the Colosseum headquarters building, Domain Master Xue Tao appeared here again.

"Father, the beast match has been arranged according to your requirements. Now the entire Colosseum is full of enthusiasm. Everyone is not optimistic that Xiaoqingwa can advance. There are even many voices in the Colosseum targeting us... .."

The old man with the wheel in the white light smiled and said: "It doesn't matter, those who make big things do not stick to the trivial, as long as we succeed this time, they will shut up by then! I really look forward to the performance of this little guy tomorrow!"

Chapter 4789: :ready

In the White Horse Super God family, White Horse King Kong sits on the ground with his legs crossed, his eyes closed, his fingers are constantly pinching, he is calculating.

Only this time, the estimated state of White Horse King Kong has lasted for more than half an hour.

Suddenly, King Kong White Horse opened his eyes, but the corners of his mouth turned up slightly, and he kept shaking his head. Several members of the White Horse Super God family looked at him

suspiciously, but King Kong White Horse shook his head and said: "The secret of heaven must not be revealed! "

...

The opening ceremony of the Colosseum is held on the largest island except the main island of the Colosseum, which is Colosseum One.

After the opening ceremony, there is the opening game.

During the opening game, only Colosseum No. 1 held a beast match, and other Colosseum will not be held for the time being.

After the opening game is over, the other five Colosseum will hold the beast competition.

The next day, as soon as the sky became bright, Li Tian stopped practicing.

Li Tian directly brought the Little Blue Tile, Black Smoke Tuan'er, and Little Yasha into the space of the Qiong Spear of the Sky.

Come to a natural hot spring, let the little blue tiles, black smoke balls, and Xiaoyasha run into the hot spring to relax their muscles and bones.

Li Tian did not hesitate to spend his money and sprinkled various precious medicinal materials in this hot spring.

If this kind of medicinal material is placed in an ordinary fee-based cultivation country, every kind of medicinal material may be said to have been looted. In these ordinary venerable countries, every kind of medicinal material is invaluable, because these medicinal materials have great benefits to the cultivator.

But now, Li Tian soaked these medicinal materials into the hot spring all at once.

It's not that a few small things haven't bathed in hot springs, but it was the first time they saw Li Tian this guy so generous.

"Comfortable. Although these medicinal materials rarely improve our cultivation, they can also relax our muscles and strengthen our skin. It would be great if we could soak such medicinal soup every day!" Dixing Yasha stretched out and said with a happy face.

Feitian Yasha directly attacked her unceremoniously, and said: "Look at Master Li Tian's painful appearance, how could it be possible for us to soak in such a medicinal soup every day. This time, we are thanks to Xiaoqingwa's blessing. There will be such treatment, and I don't know when it will be next time!"

"Uh! Uh!" Xukong Yasha said with a look of understanding Li Tian.

How could Li Tian give up such a good opportunity? He also jumped directly into the hot spring, feeling the faint spiritual power in the medicinal soup.

"Hey, have you finished talking about the three little Yashas? If you are finished, we will immediately roll over and give Xiao Qingwa a massage. Today he is our protagonist!" Li Tian said.

Li Tian's words immediately caused these three Xiaoyachas to wailing non-stop.

"It's okay, this makes it unpleasant to take a bath!"

"Dixing and Feitian go to massage Xiaoqingwa. I am also a contestant. Although my competition is tomorrow, Master Li Tian, you can't be so favoritism!" Xu Kong also sang strongly in protest.

However, the protest was invalid.

"Tomorrow I'm going to explain the matter of heaven! Today Xiaoqingwa is the boss!" Li Tian said firmly.

At this time, Xiao Qingwa started to pretend that he didn't understand what Li Tian and the others were talking about. He crawled on the edge of the hot spring, stretched his whole body, letting the white water vapor curl up around him, his face was comfortable. .

"We massage, what about the black smoke group? He must also be together, otherwise we will resolutely not do it!" The three Xiaoyashas formed a unified alliance in an instant.

Li Tian smiled and said: "Black Smoke Tuaner? He also has his task, you only need to do your thing!" Then, Li Tian said to the Black Smoke Tuaner: "The water temperature of this hot spring is slightly lower. It's a bit low, how can you evaporate the medicinal properties of the medicinal soup? Black smoke group, come on, use your power to control the temperature of the water, the temperature is slightly higher, but it can't be hot..."

After Li Tian had finished speaking, the three Xiaoyasha's faces instantly bloomed, and they chuckled.

...

The sun has slowly risen, shining on Colosseum One.

At this time, in Colosseum One, there had long been the presence of the staff of the Colosseum.

These venerables are like oxen, constantly turning the land in the center of the Colosseum, and then burying some strange triangular metal blocks in the mud, and then leveling the mud, and then using the boulder mud Consolidate.

At the entrance of the Colosseum, there are already many spectators waiting for the ticket to enter the Colosseum.

After entering the race, if you want to continue to watch the game, you must pay for tickets.

Don't be unwilling. Even if you pay for tickets, not everyone can buy them.

What's more, the Colosseum also has certain requirements on the level of spectators in the race. If you can't meet the requirements, I'm sorry, even if you have money, you won't sell you tickets. Even if you ask someone to buy the tickets, you Don't want to go in.

Tickets for the Colosseum race are divided into several types, starting from the innermost circle near the center of the Colosseum and gradually outwards, the closer to the center of the Colosseum, the higher the ticket price.

However, in the inner circle, you can't buy tickets if you have money. This is the VIP area of P. It is reserved for the four super **** families, the nether academy, the ancient family, the mysterious race, and the super domain master. seat.

In this circle, each seat is at least 20 meters wide and 20 meters high. It is less than one meter from the edge of the Colosseum. It is really possible to watch the game up close.

And every seat in this circle is made of the most solid and precious nanmu in the Netherworld. The chair surface of the seat made of nanmu is wrapped in soft animal skin, which is full and soft. The animal fluff, sitting here, is definitely enjoyment.

And this kind of huge seat is enough for the giants to sit easily. As for other non-giants, they can sit, lie, crawl, or fall asleep here.

Outside of this circle are the seats sold outside.

One after another, spectators have entered the arena, and almost every spectator who enters has a few small animal skins in their hands, and these small animal skins are naturally the voucher for placing a bet.

"Haha, I didn't expect that I could buy such a front seat. I really made a profit this time!" A ninth-level expert walked into the Colosseum and said with excitement.

If there is also earth world technology here, perhaps this venerable will definitely take a few photos of himself, and then send a circle of friends: "The Beasts Race is about to start, the opening ceremony, I look forward to..."

It is a pity that this is not the earth world, nor does the Netherworld have the technology of the earth world.

But this does not affect the appearance of this guy. He sits on the seat next to the innermost circle, with a mad look that Laozi is the best in the world. From time to time, he will look back to the back with a triumphant expression on his face. expression.

The audience kept coming to the scene, and everyone was whispering, talking about the upcoming beast match, the various beasts participating in this beast match, and also about Li Tian and Xiaoqingwa. Of course, Some people will talk about other things such as the Super God Family.

No one would pay attention to the silly **** sitting in front.

And at this moment, several powerful men flew over from the distant sky.

You don't need to look at it to know that these powerhouses are probably the powerhouses of the big families, and only those strong people of the big families are eligible to fly into the arena in the race. Other spectators should come in obediently.

Whoosh!

Those powerhouses fell on the seats in front of the ninth-level powerhouse of the venerable. They were not others, they were the generals of the Sanlv Super God family and others.

When General Donggong was flying in the sky, he saw this pretending man with Erlang's legs tilted up, and his heart was a little uncomfortable. After he landed on his seat, this pretending man was still holding Erlang's legs, and General Sanlu immediately flew. In front of this pretending man, he said coldly: "Why don't you put your legs down, or I chop off your legs, you choose!"

"Sanlu...Super God Family..."

This Venerable ninth-level powerhouse was terribly frightened. It was the first time he saw the super-domain master-level powerhouse of the super **** family at such close distance. In a cold sweat, he immediately lowered his legs with a face. Panic and afraid to look into General Sanlu's eyes.

Pretending to fail,...so embarrassing!

Acting is risky, so be cautious!

At this time, this Colosseum No. 1 auditorium, which can hold hundreds of thousands, or nearly 200,000 spectators, has more than 100,000 spectators entering the arena one after another, and there are already behind this Venerable ninth-level powerhouse. Many viewers.

Seeing people from the Sanlu Super God family reprimand this pretending man, the other viewers had expressions of misfortune, but they did not dare to show it in front of the strong of the Donggong Super God family. ...It's also very painful!

Oh, I knew that the seat was bought to the back, it was too dangerous here!

The audience continued to rush in through the thirty-two passages, and the auditorium gradually became noisy, and the seats in the auditorium were basically full.

A powerful super domain master-level powerhouse flew over with an expression of incomprehensibility on his face, but when they saw that the Sanlu Super God family had actually arrived at the Colosseum, they immediately dismissed this incomprehension. Put away his expression and sat down in their seat obediently.

Most of these super-domain master-level powerhouses belong to some not-so-famous big families. Although in the eyes of ordinary venerables and domain masters, these people are already super-existent, but compared to the super-god family, they are A lot weaker.

The Super God Family of Xiuyu arrived at the Colosseum...

The mysterious little human race arrived at the Colosseum...

When every powerful race arrives at the Colosseum, the audience on the scene will come out with a cry of exclamation.

The ancient Lingwen family arrived at the Colosseum...

The White Horse Super God Family arrived at the Colosseum...

At this time, there were fewer and fewer vacancies in the innermost circle of the Colosseum.

As the most powerful super-god family, the person led by his mother was naturally the last to arrive.

However, this is another case of pretending to fail. After the excitement of so many super **** families, mysterious races, and ancient families before entering the arena, the audience is also very excited to see the Donggong super **** family, but there is no more The freshness of the beginning.

The mother didn't care, she always had a faint smile on her face.

"There will be a good show to watch soon..."

Chapter 4790: : Abandon the game?

As the host of this Colosseum Contest, the old man behind the Colosseum did not appear on the scene. The master Xue Taoyu who managed on his behalf has already appeared in the audience and is greeting the major families and forces one by one. .

"Dear audience! Dear audience! Welcome to the Colosseum to participate in the 500-year Super Beast Contest. This hand Beast Contest is the most grand in nearly ten thousand years, and we are

fortunate to have invited the Donggong Super God Family, Sanlu Super God Family..." The host began to introduce the major clans and powers in the main venue.

Of course, the host only introduced the most important powers that can stay at the top of the crater. As for the other large families and powers, they were omitted.

The Colosseum of this specification was held only 500 years ago, but the opening ceremony of the Colosseum was extremely brief.

All the strong people present, including the personnel of the Colosseum, are looking forward to the opening battle.

However, the process still has to be completed. It takes a lot of money to approach the Colosseum to hold this beast match. Through the "gambling" of the beast match, the Colosseum can easily say that all the investment is earned back. And there is a surplus.

In order to let all the audience know about the Beasts who will appear in the future, the most important part of the opening ceremony is the entrance of the 'Beasts'.

All beasts entering the main race need to enter the arena to show their strength as much as possible.

On the other hand, the strong audience members can bet rationally based on the information about the beasts in their hands and what they saw with their own eyes.

As the host kept shouting out the title of the beasts, the beasts continued to walk into the Colosseum with great power.

Now, the beasts who are eligible to enter the race, the weakest cultivation base has reached the initial stage of level 9.

Every time a beast appears, the audience will cheer. They are holding the beast information in their hands and comparing it with the beast in front of them. If these beasts can satisfy them, they will be here. Only the mental power records are left on the information of the beasts that you look at. If you don't see it, then these beasts will be automatically eliminated when they next bet.

As the host kept calling out the names of the beasts, the number of beasts in the center of the Colosseum has also increased.

At this time, the number of beasts entering the main race had reached several hundred, and at this time, the cultivation level of the beasts who appeared again had reached the mid-level ninth level of the sage.

This is a very important link, so even if those strong from the super **** family and the ancient family do not bet, they must wait patiently.

At this moment, the host called out a name: "Xiaoyasha, the owner of the fighting beast is the lord of Li Tianyu! Please see Xiaoyasha on stage below!"

Xiaoyasha's name has been completely started, especially after the black smoke group was canceled from the Beasts Qualification Tournament, Xiaoyasha got more attention, at this time Xiaoyasha has become an all-star among the beasts. .

Hearing the name Xiaoyasha, there was a burst of enthusiastic applause at the scene. From time to time, there were also venerable and powerful whistles, and some people even stood up in the audience's stands, wanting to see Xiaoyasha's true face.

Approaching Xiaoyasha also competed in the qualifiers, and then directly advanced to the finals. Many Venerable audiences at the scene have not seen Xiaoyasha's true face. These gamblers and audiences seem to be super fans. Anxious to see their idol.

However, Xiaoyasha, who should have entered through the 16th passage, did not come out.

"Haha, it seems that our Xiaoyasha was frightened by the enthusiasm of the audience, come, let us welcome Xiaoyasha to the stage with more enthusiastic applause and cheers!" The host's voice echoed above the Colosseum One .

"Little Yasha... Little Yasha..."

"Little Yasha... Little Yasha..."

The audience at the scene had excited expressions on their faces, their hands clapped non-stop, and their mouths kept shouting Xiaoyasha's name.

However... I couldn't call it out, yes, Xiaoyasha didn't come out.

There was an immediate commotion in the audience.

what does it mean?

Is Xiaoyasha going to abandon the game?

If Xiaoyasha abandons the game, does that mean Xiaoqingwa also abandons the game?

This kind of abandonment has not happened in the Colosseum, but it is rare.

The opening ceremony is about to end. To start the opening match, Xiaoqingwa and Xiaoyasha have abandoned the game?

In the audience, Fifth Shuiyue's brows frowned slightly, but she wondered with some worry whether Li Tian had really abandoned the game with his fighting beast!

Against Li Tian in the Colosseum, it is not impossible for you to abandon the game.

However, it is necessary to communicate with the Colosseum in advance, so that the Colosseum can make announcements and adjust the subsequent beast games.

However, now Li Tian suddenly stopped coming. This was a malicious abandonment of the game.

At that time, the Colosseum will definitely shirk all the responsibilities on Li Tian. In this way, all gamblers and spectators will vent their grievances on Li Tian, and Li Tian will become the target of public criticism.

Even if Li Tian's Fighting Beast attends the opening ceremony and enters the official competition venue, and then finds a reason to declare abstention, the grievances of these live audiences may be smaller.

Fifth Shuiyue wanted to find Li Tian, so Li Tian had to rush to the scene as soon as possible anyway, but she could only think about it.

The current Fifth Water Moon represents Nether Academy, not just herself.

In the audience, a half-orc spectator couldn't help revealing a glimmer of joy. This half-orc was no one else, but the half-orc domain master.

Even if the Orc Domain Master was invited to participate in the Beast Contest, he was not qualified to sit in the front row.

What's more difficult is that his fighting beast has died, and he doesn't even have the qualification to enter the Colosseum for free.

However, in order to be able to see the scene where Xiao Qingwa was torn apart by ninety-nine ghost beasts, he specially bought a ticket to enter the Colosseum.

Now that this situation occurs, this guy is immediately happy, and deliberately said loudly: "Haha, I am a hero when Li Tian, but I didn't expect to be such a bear. Before the game started, he has already abandoned the game. It's so disappointing!"

In the audience, there are many people with such thoughts, but more people just whisper, but no one is like the half-orc domain master.

The voice of this product was a little higher than the voice of the host, and all the audience in the Colosseum could clearly hear it.

In the auditorium of the Lingwen ancient family, Young Master Ling Yun couldn't help frowning slightly.

For the half-orc domain master, Young Master Ling Yun also knew him before, but now this situation makes Young Master Ling Yun feel a little...disgusting!

Of course, Young Master Ling Yun was even more angry with Li Tian at this time.

"This guy, he won't have escaped from the Colosseum now! If this is the case, after the end of the fighting beast competition, I will definitely use the forces of the Lingyun family to chase you down!"

What Young Master Ling Yun thought was that he and Li Tian were released in the Vietnam War.

There was an error at the scene, and the master Xue Tao of the Colosseum turned out to be the most restless.

"Broken, if Li Tian abandons the game, then even if this Beast Fighting Contest can be successful, then Father's plan will have failed. This will be for our entire Colosseum..."

Domain Master Xue Tao didn't dare to think anymore.

"Does this **** fellow have to force us to tear our faces at the Colosseum?"

Several orders were conveyed from the master Xue Taoyu's mouth, and beside the master Xue Taoyu, there were also venerable powerhouses leaving the Colosseum.

As a host who hosted a Beasts Contest after five hundred years of ten circles, the host's response was not unpleasant.

He knew that there was a sudden omission at the scene. If this omission is allowed to continue, the scene will likely be chaotic. The host hastily adjusted his emotions and said with a smile: "Please take care of the audience, now we The staff of is actively contacting Lord Li Tianyu, and I must have an answer soon. Now, let us continue to welcome the next beast to appear..."

Contact me!

The venerables of the Colosseum searched the entire Colosseum Island No. 1 but did not see Li Tian.

"This bastard, won't he really abandon the game!"

"Hmph, if he doesn't show us the beast scene, don't blame us at the Colosseum for turning his face on him!"

"It's just a domain master level powerhouse, our Colosseum is no longer what it used to be, domain master level powerhouses, even...!"

"Shut up, how can you talk nonsense like this..."

"By the way, this product is still in the residence now, hasn't it come out?"

"And possible!"

Whoosh!

Whoosh!

Whoosh!

More than a dozen staff members who wore Colosseum costumes and possessed the ninth-level strength of the Venerable, flew out of the island where the No. 1 Colosseum was located, and flew towards Li Tian's residence.

Soon, the staff of these Colosseum came to Li Tian's residence.

The female veteran immediately greeted him. Those who had not yet come and saluted, there was a venerable little leader who hurriedly said: "Li Tian, this... can an adult be in the residence?"

"It seems...have already gone to participate in the beast match?" These guys are coming fiercely, and this female sage is not sure.

The venerables among the visitors were immediately angry, and snorted coldly, and said: "You didn't even stare at Li Tian, don't you know him... If Li Tian ran away from the race this time, you will definitely be there by then? Good fruit!"

With that, these venerables rushed directly to Li Tian's residence.

But they just rushed forward a few meters, and a few figures flashed out of their residence. It was Tang Xiaolong, Situ Ningbing, parallel imports, and waterfowl. Each of them was holding it in their hands and stepping on a few Venerables under their feet. Several consecutive slapped slaps at these venerables.

"Who said we are going to abandon the game?"

"Who allowed you to break into my house without authorization?"

Li Tian slowly walked out of the residence, and behind him was the black smoke ball, Xiaoyasha, and Xiaoqingwa!
