

A Killer 4791

Chapter 4791: : It is calculated

"Lee... Master Li Tian... We are here to invite you to participate in the opening ceremony of the Beast Contest..." A powerful man in the mid-level ninth level of the Venerable was beaten with blood and no teeth in his mouth. Just know that he was knocked out, and he said vaguely with a crying face.

"Do you invite us to the opening ceremony so that you can break into my residence at will, regardless of the rules of the Colosseum? If you know your despicable behavior, even if I kill you now, the Colosseum may also Can't say anything?" Li Tian said coldly.

"Yes... I'm sorry, the opening ceremony of the Colosseum has already begun. We are too anxious to make such a low-level mistake. Please forgive us anyway! Lord Li Tian! Yes... I'm sorry!" Said with a sad face.

The best thing Li Tian can do is play stupid.

Are you shameless in the Colosseum?

Well, I Li Tian is more shameless than you.

Didn't you let my little blue tile and ninety-nine fighting beasts fight at the same time?

Yes, my little blue tile is not a ghost beast.

However, if you are not kind in the first place, I am not kind to go back.

The regulations of the Beasts Contest did not say that all Beasts must attend the opening ceremony, nor did it say that those participating in the opening ceremony should not be late.

Although Li Tian's small actions can't hurt the Colosseum at all, but Li Tian still has to use this method to disgust the Colosseum people.

You see, now Li Tian led the people to beat the Colosseum personnel in a fair manner, and these guys have to apologize to Li Tian.

How cool these slaps are!

Regarding Li Tian's decision, Tang Xiaolong, Parallel Products and others, who were full of fire in their hearts, raised their hands in favor.

...

When Li Tian and others rushed to the Colosseum with a few small things, the opening ceremony was almost over.

Little Qingwa and Xiaoyasha don't need to be on the stage, and Xiaoqingwa can directly prepare for the next opener match.

Domain Master Xue Tao received the news that Domain Master Li Tian had arrived, and the stone hanging in his heart finally fell to the ground, but as soon as he wanted Li Tian to dare to beat the people in the Colosseum, Xue Tao felt his face burned.

Domain Master Xue Tao wanted to question Li Tian why he treated his Colosseum staff in this way, and finally decided to give up.

"Let him and his fighting beasts run wild for more than ten days!" Domain Master Xue Tao said comfortingly.

After the opening ceremony, many beasts hurriedly withdrew from the Colosseum, followed by the first beast match of the race.

Xiao Qingwa stretched his body in Li Tian's arms, and Tang Xiaolong was like a masseuse, constantly relaxing Xiao Qingwa's muscles and bones.

"Relax, don't be nervous, escape if you can, hide if you can, and use your best advantage. As for winning and promotion, don't think about it, wait until the other beasts are almost fighting before you start counterattack!" Li Tian is like a coach, constantly arranging tactics for Xiaoqingwa.

It doesn't matter if Xiaoqingwa can understand it!

About half an hour later, the much-anticipated beast game officially began.

The host first explained that because of emergency training, Xiaoqingwa and Xiaoyasha were late and did not appear at the opening ceremony of the Colosseum.

This reason was given by Li Tian.

For Li Tian's lame excuse, the audience booed the loudest.

Then, the host began to introduce the rules of this game, that is, there are no rules, no time limit, only the beast that can stand alive in the Colosseum in the end can be promoted.

A set victory, win, advance! Lost, die!

This time, there is no need to introduce the beasts in particular, the host directly announced the start of the game.

Rumble!

The metal fence in the passage was opened, and Xiao Qingwa looked back at Li Tian and walked into the Colosseum firmly.

The little guy's body is small, but among the hundred beasts, his strength is also one of the strongest. Other beasts are also cultivated above the ninth level, and even the beasts of the emperor rank Several, but other fighting beasts are not only well-known.

Xiaoqingwa is the most famous beast.

Xiao Qingwa came out, and the audience responded with a warm... boo.

Immediately afterwards, other fighting beasts swarmed in.

Although Li Tian had already prepared in his heart, he knew that the other beasts in this beast match were hard bones, but when these beasts appeared, Li Tian was still shocked.

These fighting beasts seem to have undergone rigorous training, and they won't grind their teeth bravely like ordinary strong fighting beasts. However, these fighting beasts release a frightening aura.

"Little Dragon!"

Li Tian suddenly called out Tang Xiaolong's name.

Tang Xiaolong had also seen the fighting beast on stage, and when he heard Li Tian calling his name, he nodded slightly, and Tang Xiaolong's eyes also showed a solemn color.

He could feel that these fighting beasts had experienced a hundred battles and were powerful men who had killed many ghost beasts, just like special soldiers in the beast world.

If a fighting beast can release such a fearful aura, it is just a coincidence, but ninety-nine fighting beasts can release such a breath at the same time, then it has to be doubted. It started as a conspiracy.

But Li Tian still didn't understand.

In order to deal with the small blue tiles, is it necessary for the Colosseum to deliberately create such a big battle?

What do they want?

Want Xiaoqingwa to die? Or something else?

Li Tian could not understand, nor could he.

At this time, the onlookers on the scene were also very scared by this kind of battle.

Among the ninety-nine beasts, only a few appeared in the opening ceremony of the Colosseum just now, but more beasts did not appear.

If these fighting beasts are separated one by one, although they still seem to feel very powerful, they are far from the present momentum.

So many beasts are not just beasts, they are more like beasts.

Guru!

The Orc domain master on the ring involuntarily swallowed his saliva.

In my heart, I was already thinking: "If I were changed into the Colosseum and faced with so many powerful beasts, would it be possible for me to leave alive?"

Soon the Orc domain master shook his head.

The super **** families, ancient families, and the big powers in the innermost circle of the Colosseum also looked at each other.

General Sanlu frowned slightly, thinking in his heart: "I didn't expect the Colosseum to cultivate so many powerful beasts in secret. There are several emperor-level beasts, but what exactly do they want to do? ?"

"If they want to show off their strength, then their goal has been achieved! The 200,000 venerables at the scene have been scared. The Colosseum is already a very powerful existence in the hearts of these venerables!"

"But... I'm afraid the real picture of the Colosseum is not here!"

Like General Sanlu, representatives of other major families on the scene frowned slightly.

Only the mother's face had a slight imperceptible smile.

The East Palace Super God family was not surprised by the rise of the Colosseum, anyway, no matter how the Colosseum rose, it could not be the East Palace Super God family opponent.

Now the mother was just thinking about how little Qingwa, the little thing, would be torn to pieces by the wolves-like beasts in this beast match.

Hum!

The domain displayed by a domain master-level powerhouse instantly rounded the entire Colosseum.

Immediately afterwards, the ground of the Colosseum began to shine like a starry sky, and these lights were gradually connected, and there was a strong energy fluctuation in the Colosseum field in an instant.

This powerful energy fluctuated in a flash, and unexpectedly merged with the domain cast by the domain master.

The domain cast by this domain master seems to be more stable and more reliable.

The host led the audience to begin the countdown.

With a 'start', this beast match finally started!

Whoosh!

Whoosh!

Whoosh!

The group of wolves-like fighting beasts really targeted Xiao Qingwa from the beginning, and in an instant, a dozen black shadows pounced on Xiao Qingwa.

Xiao Qingwa's body is small, but his reaction speed is not satisfied. When he feels the energy fluctuations in the space, he has already flashed out several tens of meters with a 'swish'. Xiao Qingwa is really a good baby, fully implement Li Tian's escape tactics, can escape without fighting.

However, the small blue tile escaped the culling of more than a dozen black shadow fighting beasts, but several other fighting beasts rushed to the small blue tile, and the other fighting beasts were all right.

Li Tian's most worried thing happened, these fighting beasts shamelessly besieged Xiaoqingwa.

"I **** Nima!"

Li Tian finally couldn't help but explode.

"The paralyzed abandonment, it's no match!" Li Tian's heart was full of anger, and he wanted to use an attack to break open the domain in the Colosseum, and then let Xiao Qingwa escape.

However, Li Tian's attack only had an impact on the domain in the Colosseum. The domain was like a balloon blown by the seal. It shook slightly, but did not break open.

"How is it possible? Is it possible that I, a domain master-level expert, can't break the domain displayed by another domain master? Parallel goods, do it for me! Paralyzed, even such a calculation, I ***** Nyima!" Li Tian Said.

At this time, Li Tian seemed to be able to release the anger in his heart only by swearing.

Situ Ningbing hurriedly stopped the parallel imports, then grabbed Li Tian, and said, "Never! Since the Colosseum dares to calculate us like this, they must be prepared. If we do this, it would be equivalent to an open provocative fight. At the animal farm, the consequences will be even more urgent and unpredictable at that time!"

Li Tian was also dizzy, Situ Ningbing said very reasonable, but Li Tian couldn't listen.

Am I going to watch Xiao Qingwa die here?

Whoosh!

Whoosh!

Several figures appeared in the passage of the Colosseum where Li Tian and others were located.

Each of these figures were dressed in black robes embroidered with the logo of the Colosseum, and even their heads were covered in the hats of the robes.

"Lord Li Tianyu, please respect yourself. If you are trying to disrupt this Colosseum game, then don't blame us for being rude to you!" said one of the black robe men coldly.

Super domain master-level powerhouse, the Colosseum has super domain master-level powerhouse!

Chapter 4792: : Hidden strength

Appearing here are the four superdomain masters of the Colosseum.

The Colosseum has only four super-domain master-level worshipers, and they appeared at the Colosseum at the same time today, and they surrounded Li Tian at the same time, warning Li Tian not to make trouble.

Whoosh!

Domain Master Xue Tao appeared in front of Li Tian, bowed slightly to Li Tian, and then said with a smile: "Master Li Tian, you are deliberately late. It has already embarrassed us in the Colosseum. Now you still want to destroy the battlefield. The beast game, which makes us more embarrassed. Impulse is the devil, and impulse may not solve the problem. If I were you, I would choose to continue watching the beast game. I must face your little blue tile and your golden-eyed lion A little confident!"

Then the domain master Xue Tao took a few steps forward, before he and Li Tian directly used the domain, and then said in a low voice: "Golden Qing Qing Lion is only the lowest level form of this Jin Qing beast, even if the Little Blue Tile is now in the realm of the emperor. , It's still hard to get rid of the fact that the lowest level form! Don't you want your little blue tile to become a purebred blood-eyed lion? Hey, we can help you!"

"Oh, by the way, I advise you not to think about leaving the Colosseum before the end of the beast match, otherwise, I believe that our Colosseum, Donggong Super God Family, and Lingwen

Ancient Family will be happy to fill the world. Chase you down!" Domain Master Xue Tao changed his previous attitude and said with a sneer.

Li Tian was very angry.

But at this time anger has completely solved the problem.

After the domain master Xue Tao said this, he smiled triumphantly and turned and left. The four superdomain master worshippers behind him had disappeared when the domain master Xue Tao appeared.

"Li, what did Domain Master Xue Tao tell you?" Situ Ningbing asked anxiously.

Tang Xiaolong, Parallel Products, and Water Bird all looked at Li Tian with worry.

"They want to force out the blood-eyed lion state of Little Blue Tile..."

"Blood-eyed Lioness?"

Li Tian nodded slightly.

Li Tian recalled the scene of encountering these golden-eyed lionesses in the gloomy forest with You Anrou. It was this term spoken by the people in the Colosseum at the time. Only then did Li Tian know that the next form of golden-eyed lionesses is blood eyes. Leo.

Through the dark and soft explanation, Li Tian knew that not all golden-eyed lions can evolve into blood-eyed lions.

However, once the golden-eyed lion becomes a blood-eyed lion, the strength of the lion beast can reach the realm of domain master.

However, Li Tian knew that the Colosseum would never take any pains to help Li Tian.

Moreover, Xue Tao's last words were clearly torn, threatening Li Tian.

"They must have some ulterior motive?" Li Tian was full of doubts.

"No matter what their purpose is, at least it means that the little blue tile in this beast match should not be any threat! Maybe the little blue tile may actually break through to the realm of the domain master!" Li Tian can only comfort him so much. .

Situ Ningbing was not asking Li Tian either.

This is the Colosseum. Obviously, it is not suitable to talk about some things, and only after going back, we will talk in detail.

...

In the auditorium of Colosseum One, the audience continued to talk.

Although the attack performed by Li Tian just now did not break the domain of the Colosseum, the audience present were not weak in their cultivation, and they could clearly feel the spiritual power fluctuations.

"It seems to be Li Tianyu! I didn't expect Li Tianyu to be so bold and want to destroy the beast match in the Colosseum!"

"It's no wonder that if your fighting beast is calculated like this, would you be angry?"

"I'm angry, I must be angry! But, fighting beasts, after all, fighting beasts, I will never provoke the Colosseum because of a fighting beast, right? That's a shame!"

"So, you are still you, and Li Tian has become the domain owner!"

"you....."

There are not a few in the audience like similar voices.

Because... The beast game in the Colosseum is boring, just like a cat and mouse game.

The strongest people in the innermost layer of the Colosseum, such as the super **** family and the ancient family, are more concerned about how the Colosseum will treat Li Tian. Will they directly expel Li Tian and expel Li Tian from the Colosseum? Like last time, Li Tian will be punished.

Fifth Shuiyue is a little worried.

Young Master Ling Wen frowned, he didn't know what he was thinking, he didn't even pay attention to the fighting beast game.

White Horse King Kong looked calm and gentle, as if everything had nothing to do with him.

The mother was delighted.

In the Colosseum, dozens of beasts kept chasing them, and they couldn't stop at all.

Xiao Qingwa felt that Li Tian's tactics were not reliable at all. No matter how he escaped, so many fighting beasts would catch up like tarsus maggots. The most important thing is that these fighting beasts did not fight each other at all. Even if Qingwa escaped, there was nowhere to escape.

Had it not been for the speed of Xiao Qingwa far above these fighting beasts, Xiao Qingwa might have been in a different place at this time.

While running away, Xiao Qingwa looked helplessly towards the passage where Li Tian and others were.

He didn't want to run away anymore.

His little blue tile is a noble golden-eyed lion. He is eager to fight, eager to win like the black smoke group and Xiaoyasha, which makes Li Tian happy.

At this moment, Li Tian's roar suddenly came from the passage: "Little blue tile!... blue tile... tile!"

This voice is constantly rolling like thunder in the sky, constantly echoing in the Colosseum!

Everyone's attention was attracted by Li Tian's roar, the audience was not talking, and the entire Colosseum was extremely quiet.

All the super powers looked at the passage where Li Tian was at the same time, they wanted to know what Li Tian wanted to shout.

There was a raging flame in Li Tian's eyes, this was the flame of anger, this was the flame of battle.

He raised his breath again, and roared: "There is no escape, no need to escape!"

"Little Blue Tile, fight for me!... War... War~"

war!

Fight then!

Suddenly, Xiao Qingwa didn't run away, but suddenly turned around, sliding back four or five meters on the ground, and then staring fiercely at the other fighting beasts that kept rushing towards him.

Huh...chh!

Huh...chh!

Huh...chh!

Little Blue Tile's rapid breathing became slower and slower, but the fighting beasts were getting closer and closer to Little Blue Tile.

These fighting beasts roared, exposing their fangs and claws, and rushed towards the small blue tile.

The spiritual power on the fangs fluctuates, and the spiritual power on the claws flashes.

As long as these fighting beasts can touch the small blue tile, with the strength of these fighting beasts, they can definitely tear the small blue tile to pieces in an instant.

At this moment, the little blue tile suddenly moved!

Whoosh!

A cyan shadow flashed, and the small blue tile was like a cyan lightning, constantly shuttled directly across these fighting beasts.

No, the speed of the little blue tile is faster than lightning.

"So fast!"

The audience in the auditorium of the Colosseum finally saw Xiao Qingwa's move. This shot shocked all the audience in an instant.

Before, they felt that Xiao Qingwa's escape speed was fast enough, but now, they found that Xiao Qingwa was faster when fighting.

Huh!

Huh!

Huh!

Little Qingwa's sharp claws were constantly caught in mid-air, and every time it fell, the body of a fighting beast must be torn apart.

Click!

The little blue tile landed on the ground, but the dozen or so fighting beasts that rushed towards the little blue tile in mid-air let out bursts of painful roars and fell on the ground, twitching their bodies constantly.

Blood, flesh and blood, hidden inside, scattered all over the ground.

"Okay... so strong! Little Qingwa has such a powerful strength, but why did he run away in the first place? If he showed this murderous aura, this domineering, how could other fighting beasts dare to chase him like this? "

"No... I don't know, is this a tactic arranged by Li Tian?"

"It seems a little bit different. If it's a tactic, why would Li Tian want to break open the domain?"

"I really don't understand it!"

In the audience, the audience talked in a low voice.

At this moment, the audience suddenly exclaimed: "Look, the Emperor-class fighting beast has attacked the small blue tile!"

That's right, from the very beginning until just now, the emperor-class beasts have hardly chased the little blue tile, and now the counterattack of the little blue tile has finally allowed other emperor-class beasts to show their strength.

At this time, only one Emperor-level fighting beast attacked the small blue tile with more than a dozen of the middle-level ninth-level fighting beasts.

Although this emperor-level battle beast has the strongest cultivation strength, he is not the main attacker. Instead, he hides behind the other mid-level ninth-level battle beasts, constantly shooting cold arrows and sneaking on the little blue tile.

Huh!

Huh!

In the domain, the cyan shadow of the small blue tile kept flashing.

At this time, the little blue tile seems to be a confident young man, facing the siege of so many beasts at the same time, his eyes are firm, his skills are agile, and he is not flustered at all. There is a slight fluctuation.

The spiritual power on the claws of the little blue valley is like ice, while the spiritual power on the claws of other fighting beasts is like fire. Even the emperor-level fighting beast has more spiritual power on his claws. Like water. From this detail of the spiritual power fluctuations on the sharp claws, you can see the difference between these fighting beasts and the little blue tile.

thump!

thump!

More than a dozen fighting beasts fell under the claws of the little blue tile.

Just two times, nearly thirty fighting beasts have fallen to the ground.

Only the emperor-class fighting beast that had hidden the farthest escaped.

Little Qingwa put her paw on her mouth and licked the blood on her paw with her tongue. She still had a cold and arrogant expression. After Xiao Qingwa licked the blood from her paw, Xiao Qingwa actually extended her paw. , Waved his paws at the beasts surrounding him in the distance, as if to say: "Come on, let's go together!"

"what!"

In the Colosseum auditorium, tens of thousands of people took a breath at the same time, unable to believe they stared at the small blue tile first.

"Is this the strength of Li Tian's fighting beast? Is this the strength of the emperor-level fighting beast? It's too powerful, right!"

Li Tian grasped both hands on the metal fence and looked inside through the metal fence. He also looked at Xiao Qingwa in disbelief, but his heart was already full of joy.

"This...this guy is hiding his strength. Is it because I'm afraid of hurting my pride? Hahaha, this guy!"

Chapter 4793: : Blood Eyed Leo (1)

The highest top floor of the Colosseum headquarters.

That one seemed to be "paralyzed", and the old man who had been sitting in the chair finally stood up.

His body is covered with a layer of white aura, and the whole person looks extraordinarily holy. If he is given another staff, even if he is pretending to be a god, some people will believe it.

It's just that the old man's two arms and two legs were skinny, as if they had been sucked up in an instant, skinny, without a trace of vitality.

The old man's arms were like dry wood, reaching out to the crystal window, and the white light on his face was constantly fluctuating, as if the old man seemed particularly excited.

"Little Blue Tile, show your fangs! In this battle beast game, you are the protagonist. All other beasts are serving you. Use your fangs and your claws to Shred all the fighting beasts!"

"The golden-eyed lion is too weak, too weak. Only by becoming a blood-eyed lion can it be considered as completing the most basic transformation. This is only the first step in transformation..." the old man said to himself .

...

No one knew what happened at the top of the Colosseum.

They were completely shocked by what happened on the Colosseum!

Little Qingwa, this fighting beast is so powerful!

So powerful that even half-orc domain masters can feel fear!

In the auditorium, from the initial noisy to the now quiet, all the audience seemed to be enjoying the opera, and no one spoke.

In the center of the Colosseum, a dozen more beasts have fallen in a pool of blood.

At this time, the four emperor-class beasts and the remaining dozens of beasts in the Colosseum are uniting and attacking the small blue tile.

These ninety-nine beasts understand that in this Colosseum, only one beast will survive, so why can the only one be themselves? And if they want to have the possibility of becoming themselves, then the first thing these fighting beasts have to do is to kill the strongest fighting beast Xiaoqingwa.

This is the message sent by Domain Master Xue Tao to these fighting beasts.

It is precisely because these fighting beasts will unite, thinking about killing the little blue tile first.

The facts are as true as the domain master Xue Tao said, but so far, the little blue tile has not been injured, but the fighting beasts around them continue to fall.

Huh!

Huh!

The auras of several emperor-class beasts are constantly rising, and the hairs on these hugely elevated beasts explode, as if they have become steel needles, and these beasts' fangs and claws are on. The spiritual power is more intense, and the entire body is covered by these spiritual powers.

boom!

The claws of one of the fighting beasts blasted towards the little blue tile, but was avoided by the little blue tile, and then hit the ground.

The earth seemed to tremble a few times!

With a miss, the fighting beast with the emperor-class realm was already aware of the danger, but his claws hurried back before they came, and a blue light flashed from his claws, followed by him. The claws fell off.

puff!

Blood spurted from the forelegs of this fighting beast that had been severed by a sharp blade, and the surging spiritual power gushed out directly from here, and the fighting beast fell to the ground, screaming in pain.

It was Xiao Qingwa who had cut off his forelimbs.

Whoosh!

Xiao Qingwa's body appeared on the head of this emperor-level fighting beast, licking the blood on his paws again, looking at ease.

This is not like fighting at all, but like enjoying food.

In the auditorium, the audience was shocked again.

The commotion began again in the abnormally quiet auditorium just now.

The cultivation bases of these audiences were at least those of the Venerable Level 5 and 6, but at this time they were deeply impressed by this fighting beast.

All kinds of beautiful words are no longer enough to describe the little blue tile!

Hearing the noise of the audience, the host realized that he was also unknowingly shocked by Xiao Qingwa's performance. He hadn't said anything for a while, and it was him at this time. When people should behave.

The host coughed a few times and cleared his throat. Then he said: "Dear audience, audience! An emperor-class beast has fallen. This is the first emperor-class beast to fall in this beast game. Fighting beast. You are not mistaken, and I was not mistaken. Since Xiaoqingwa started to

counterattack, more than fifty-three beasts have fallen under his claws, but Xiaoqingwa has a trace of it. There are no wounds. This is the power of the Golden Eye Lioness!"

"Golden-eyed blue lion, also known as the golden-eyed beast, is only a high-level ghost beast that only lives in the dark forest. This kind of ghost beast can only grow into a mid-level ninth-level ghost beast under ordinary circumstances. , Under special circumstances, you can reach the emperor-level realm, just like the small blue tile in front of you. However, this is not the end of the golden-eyed blue lion power. If through special training, the golden-eyed blue lion can evolve. Become a blood-eyed lion."

"And the cultivation of the blood-eyed lion can already reach the realm of the domain master!..."

As the host of the Colosseum, you must be familiar with all kinds of beasts. Only at this time can the supporters use their expertise to make the audience buy it. Only at this time, the host can feel that he can Slightly ***** the limelight from the little blue tile.

In the audience, those who know something about Golden Eye Lions nodded from time to time.

A Venerable audience sighed and sighed: "This golden-eyed lion is indeed the ghost beast with the most abnormal genes! It has not yet evolved into a blood-eyed lion. It is already so abnormal. Once it has evolved into Blood-eyed Lioness, then how terrible this guy will be!"

There are also audiences full of expectations.

"Lord Li Tianyu is really a lucky guy. It would be great if I could have such a golden clear beast!"

While the audience was still praising the golden-eyed lion, the Colosseum suddenly changed again.

When Xiao Qingwa used sharp claws to tear apart the bodies of more than thirty fighting beasts and snapped off the necks of the king-class fighting beasts, Xiao Qingwa was finally injured.

This is the result of the determination and courage of the other imperial-level fighting beast. A half-foot-long wound appeared on the small body of the small blue tile. The wound is not deep. Where is the imperial-level fighting beast? When the sharp claws touched the small blue tile's fur, the small blue tile had already reflected and made a counterattack, but the appearance was miserable. The blood dyed the blue fur on this half of the small blue tile's body. Blood red.

But the Emperor-level fighting beast had paid the price of its life. This imperial-level fighting beast had a thick neck like a bucket, and it was directly bitten off by the small blue tile.

Seeing that Xiao Qingwa was injured, most of the audience and supporters in the audience let out a sigh of relief, as if they had been waiting for Xiao Qingwa to be injured.

Xiao Qingwa's gaze was still firm. After killing the royal beast, Xiao Qingwa casually tore the body of the royal beast and began to swallow the beast crystals of this beast unscrupulously.

The little blue tile was injured. The happiest thing was naturally the other two emperor-level beasts in the Colosseum. These two beasts looked like comrades who had cooperated for many years. They looked at each other and rode on the little blue tile. The opportunity to swallow the beast crystals suddenly launched an attack at the same time.

One of the fighting beasts has a very simple attack method. Like most ghost beasts, it flaps, tears, bites, slaps, and catches. The other fighting beasts have always attacked in a very special way. It can

continuously eject light green spirit bullets from the throat. These are very small, only the size of a pea, just like BB bullets fired from a gun.

A fighting beast attacked the small blue tile, while the fighting beast kept covering.

This coordination is also subtle enough.

Whoosh!

Whoosh!

Before the spirit bullet hit Xiao Qingwa's body, it instantly shot through the body of the Emperor-class fighting beast that fell on the ground.

It was also unlucky. Behind this emperor-level fighting beast, there were also a few ninth-level fighting beasts who wanted to sneak attack on the small blue tile, but they were pierced by the spirit bullet shot through the dead body and fell to the ground. .

"Plants vs. Zombies?" Tang Xiaolong said suspiciously, staring at both eyes.

With this pea-like emperor fighting beast cooperating with cover, in addition, fighting beasts have always clearly felt that they are handy in fighting. If it were not for Xiaoqingwa's speed to be too fast, they had already gained the upper hand.

Whoosh!

Whoosh!

Xiao Qingwa's figure is constantly moving in the Colosseum. It seems that Xiao Qingwa is also quite jealous. This pea fighting beast is constantly approaching him through this method of movement, but the emperor fighting beast is obviously not Will give him a chance.

The result...Unfortunately, the other beasts who have not fallen to the ground.

These fighting beasts were accidentally injured. In just a few minutes, there were only three fighting beasts left in the entire Colosseum: Little Blue Tile, Pea Beast, and Emperor Beast.

In the auditorium, an imperial audience slapped his leg hard, and said with a suddenly realized expression: "I wipe it, I finally understand. At first, the beast that shoots the spirit bullet was worried about accidentally injuring his teammates, so it didn't attack the young man. The blue tile, and the little blue tile later used the trick and let the beasts that shoot the bullets get rid of the other beasts. I'm so ***** smart!"

The victorious Libra has leaned towards the little blue tile, and the remaining two fighting beasts will sooner or later become the dead souls under the claws of the little blue tile.

Li Tian and others finally smiled.

"Little Blue Tile is really too powerful. If I enter this Colosseum, I can barely be as good as Little Blue Tile." Tang Xiaolong said excitedly.

call!

Li Tian also sighed, the stone hanging in his heart fell to the ground.

"This time the little blue tile has not evolved into a blood-eyed lion. I don't know whether it is a blessing or a curse. Now it is necessary to immediately discuss the countermeasures for the fifth consecutive water moon and the Sea-Monster tribe."

However, at this moment, there was a burst of exclamation from the audience.

Li Tian suddenly turned his head to look at the Colosseum, took a breath, and said in surprise: "This...what is going on?"

Chapter 4794: : Blood Eye Leo (2)

Colosseum.

In the auditorium, all the audience were shocked.

"What happened just now? Why did Xiao Qingwa..."

No one could answer his question, and everyone looked at the Colosseum dumbfounded.

Just now, Xiao Qingwa was approaching the Pea Fighting Beast immediately, and Xiao Qingwa's sharp claws had even moved towards the Pea Fighting Beast!

If there is no accident, then the body of this pea fighting beast will be instantly cut by the claws of the small blue tile, and the victory or defeat will be determined within a second.

However, at this moment, Xiao Qingwa's body that was already in mid-air twitched abruptly. The severe pain made Xiao Qingwa's whole body tremble, and Xiao Qingwa's outstretched claws shook slightly. It was across the Pea Fighting Beast.

hiss!

A nearly one foot long wound was drawn on the Pea Fighting Beast's face, blood flowed out of the wound, and instantly dyed a piece of fluff on the wound red.

The Pea Fighting Beast escaped such a catastrophe because of Xiaoqingwa's accident!

The little blue tile fell to the ground, and although he barely stood up, his body was trembling again and again.

How could the Pea Fighting Beast miss this opportunity for revenge, puff! puff! The Pea Fighting Beast is constantly ejecting green pelicans from its mouth, and these pea-sized pelicans are constantly bombarding Xiao Qingwa's body.

puff!

puff!

These pea-like spirit bullets shot through Xiao Qingwa's body in an instant.

Then he came out from behind the little Qingwa, struck the air, and hit the curtain of the 'domain' heavily. The curtain of this domain was like being thrown into stones on the surface of a calm lake, causing layers of ripples.

The blood continuously flowed down from the wound on Xiao Qingwa's body.

In just ten seconds, a pool of blood had gathered under Xiao Qingwa's feet.

Tick!

Tick!

Blood kept dripping from the bullet-hole wound.

"How could this be?"

"Why is this?"

Li Tian rushed forward two steps, came to the fence, firmly grasped the metal fence, and shouted at the small blue tile: "Little blue tile..."

Hearing Li Tian's yelling, Xiao Qingwa looked at Li Tian.

There was panic in Xiao Qingwa's pupils. This was the first time Xiao Qingwa showed this expression since entering the Colosseum.

Little Qingwa was trembling constantly, as if there were countless mice hidden under the fur of Little Qingwa, and these mice were constantly walking away.

Xiao Qingwa was in pain, but he did not give up!

He is resisting!

He is struggling!

He is yelling unwillingly!

Surging spiritual power gushes out of Xiao Qingwa's body and continues to spread on his body!

However, everything is in vain!

Spiritual power gushes from the wound where the little blue tile has been shot through, and these spiritual powers are no longer under his control.

Having fully occupied the advantage, the little blue tile that could kill the Pea Beast and another Emperor-level beast immediately, but because of sudden changes, lost the active position. At this time, the little blue tile is a living target.

puff!

puff!

The spirit bullet continued to shoot through Xiao Qingwa's body.

Trembling~

Shaking~

The little blue tile still seemed to lose its breath, and it seemed that it might fall to the ground at any time.

However, Xiao Qingwa still insisted!

Li Tian felt that he and Xiao Qingwa were close at hand, but he could do nothing. He could only watch the pea fighting beast's spirit bullet penetrate his body, and watch Xiao Qingwa's body covered with blood. Dyeing red, can only watch Xiao Qingwa's spiritual power scattered.

"Do not!"

"Do not.....!"

"Do not.....!.....!"

These three 'no' words roared out of Li Tian's mouth. From Li Tian's roar, one could hear Li Tian's anger, Li Tian's unwillingness, and Li Tian's helplessness. At the last word, Li Tian's throat had become hoarse, and his entire face was terrifying!

Why is this happening?

What happened just now?

How could there be such a big change in just the blink of an eye?

Could it be... Could it be that the Colosseum was messing up?

It must be so!

The domain where the little blue tile is located is displayed by a domain master-level expert in the Colosseum, and is displayed in the Beast Array under the Colosseum arena.

In this domain, the domain master-level powerhouse who casts the domain is the master. As long as the powerhouse is willing, he can completely control everything in the domain, and Little Blue Tile has no way to resist.

"It's the Colosseum, it must be the Colosseum! Ningbing, you can contact the Sea-Monster Clan, contact Haiqin, parallel imports, and water ghosts. No matter what you use, you must enter the Colosseum and contact the fifth Shuiyue, Flying Yasha, you fly back to your home, to meet Xiaotianyi, Xiaolong, you go to the flying treasure ship, tell the flying treasure ship to fly to Colosseum No. 1 to pick us up..." Li Tian's face is savage, his body is trembling slightly Said.

The threat of the Colosseum and Xiao Qingwa's experience caused Li Tian to lose his mind now.

He wants to resist!

He wants to save Little Blue Tile!

Whatever the Colosseum!

Don't worry about the Eastern Palace Super God Family!

Let them go!

Even if I am an enemy of the whole world, Li Tian will not hesitate!

"Good!" The sentiment was excited.

Anger is contagious. At this time, Situ Ningbing and the wisdom of Li Tianjun are also full of anger.

Apart from the deliberate mischief of the Colosseum, Situ Ningbing couldn't think of any reason why Xiao Qingwa could suddenly play abnormally!

If you want to fight, fight, even if Li Tian is an enemy of the world, as Li Tian's woman, Situ Ningbing will stand beside him!

At this moment, whoosh! A figure appeared in the passage.

"Master Li Tian, please slow down!"

It was a man, at a super domain master level, but Li Tian had never heard this man's voice.

who is it?

Could it be that the super domain master powerhouse of the Colosseum came to stop him Li Tian?
impossible!

This time, no one should even think about organizing Li Tian!

Whoosh!

This figure has appeared in front of Li Tian.

The face was compassionate, giving people a very peaceful feeling, and the clothes this man wore were definitely not Colosseum costumes.

"Master Li Tian, this is a letter from the head of my clan from me to give you. Please also Master Li Tian to make a decision after reading this letter!"

A roll of animal skin has been lowered in front of Li Tian, Li Tian took the animal skin in doubt, opened it, and quickly read the spiritual power text on it.

There are very few words on this animal skin, and the main text contains only four words: "Watch the changes!"

This meaning is really simple and clear. Don't act rashly by Li Tian, but also tell Li Tian through these four words that there will be nothing wrong with Xiao Qingwa!

Li Tian's arm trembled slightly, and asked, "Is this true?"

What surprised Li Tianneng, and his heart had begun to shake again, was the signature of the letter: White Horse King Kong!

"Haha, my family chief has never made a mistake. What he said is what it is!" When this person said this, he was full of confidence and respect, completely treating his family chief as a god.

"Lee...what's wrong?"

"Little boss..."

"Li Tian, what are we doing?"

Situ Ningbing, Tang Xiaolong, parallel imports, and water ghosts all looked at Li Tian suspiciously. They didn't know what was written in the letter Li Tian was holding.

At this moment, the animal skin scroll in Li Tian's hand suddenly shattered into gravel-like powder, which slipped from Li Tian's palm and disappeared before it fell to the ground.

Everyone's faces showed surprise again.

With this hand, you can see the strong cultivation base of the letter writer!

This is equivalent to the "burning after reading" of the earth world, which belongs to high technology.

The letter had been destroyed, but Li Tian didn't care at all. With a smile on his face, he bowed slightly to the figure, and said with a smile: "If it weren't for an adult to remind me, I would have made a big mistake. Li Tian remembers your kindness, and I will repay Li Tian if there is a chance in the future!"

White Horse King Kong, the current patriarch of the White Horse Super God family.

After Li Tian offended the Eastern Palace Super God Family, Li Tian began to pay attention to collecting information on the Super God Family, but Li Tian was only a powerful emperor at the time, and the information he could collect was extremely limited, just like the little ones in the earth world. Hot pot does not know that there is a stronger existence above the domain master, nor does it know that there is such a behemoth as the super **** family.

In the Shuigui Clan, when he met Shuiguiguzi, Li Tian and Shuiguiguzi communicated with each other. Through the Shuiguiguzi, Li Tian learned about the current four super **** families in the underworld. Among them, Li Tian had the deepest impression of the Baima Super God family White Horse King Kong, and the power of White Horse King Kong!

Li Tian respectfully sent away the super domain master powerhouse, the expression on his face was calm.

"I was impulsive just now. Impulsive is the devil. What I said doesn't count. Now, follow me to take a good look at Xiaoqingwa..." Li Tian said.

Tang Xiaolong, parallel imports, and water bird really wanted to kill Li Tian.

What was written in the letter and who wrote the letter, but Li Tian didn't tell them anything. This made them feel as uncomfortable as a cat scratching their heart.

"You are not allowed to ask about water, nothing happened just now!"

Situ Ningbing already understood something, and ordered.

"Well, your husband and wife are the same. If you don't let you ask, then we won't ask. In the future, if you want to talk, we won't listen to you. It will kill you!" Tang Xiaolong thought in his heart.

In the Colosseum, do you think that the battle is over when Xiao Qingwa is injured and fell in a pool of blood?

In this fighting beast game, only one fighting beast can stand and walk out from here.

When the little blue tile was unable to resist, the emperor-class fighting beast suddenly attacked the pea fighting beast!

Before the two fighting beasts killed Xiao Qingwa, they started a decisive battle.

puff!

The spirit bullet shot through the body of the emperor-class beast.

Huh!

The Emperor-class fighting beast scratched the pea fighting beast's body with one claw.

Both fighting beasts have seen the dawn of victory, as long as they reach each other, he is the only winner!

In the Colosseum, the atmosphere is quite depressing, and even the host's commentary is no longer so passionate.

Everyone felt as if they had been deceived by the Colosseum, and it felt as if the Colosseum was controlling the game.

The anger and unwillingness made these audiences choose to be silent and make no sound, in order to protest the misconduct of the Colosseum.

However, they obviously wronged the good intentions of the Colosseum.

"Quick...Quick...look, Xiao Qingwa is not dead, he...he stood up again..."

"Oh my god, Xiao Qingwa is transforming... his hair, his body, his eyes... my god..."

Chapter 4795: : Blood Eye Leo (3)

The bright red blood turned into a crimson flame, and the blood in Xiao Qingwa's body was also burning.

But this is not a real flame!

These flames are spiritual power, spiritual power that flutters like flames.

Sitting in the audience, looking from a distance, this spiritual power is the flame burning.

On the ground, the pool of fresh blood also turned into flame spiritual power, slowly floating up and blending into the flames on Xiao Qingwa's body.

The blood color on the fluff of Xiaoqingwa's whole body gradually faded, turning to revealing green again, but this green is no longer the same as before, messy, but like water washed with water, clear and pure.

"It's amazing, I seem to have seen the death come back to life"

"Fart, can this be resurrected from the dead? Xiao Qingwa was not dead in the first place, he is just the phoenix nirvana, waiting for the moment of transformation!"

The audience likes to watch all kinds of slings, but they do not reject this kind of ***** reversal.

However, Xiao Qingwa's body was still shaking at this time, and it seemed that Xiao Qingwa was still suffering tremendously.

Suddenly, the crowd exclaimed again.

The Pea Fighting Beast and the Emperor Fighting Beast that were still fighting just now, when they saw the blue tile slowly standing up, they stopped at the same time, and then began to attack the small blue tile again.

The emperor-class fighting beast flashed and appeared in front of Xiao Qingwa. The claws with surging spiritual power slapped Xiao Qingwa directly. Xiao Qingwa was like a kite with a broken wire. Just flew out.

boom!

With a loud noise, after flying several hundred meters, Xiao Qingwa's body directly hit the end of the domain, and then fell from the air.

puff!

puff!

The pea fighting beast's spirit bullet was like a machine gun, constantly sweeping through Xiao Qingwa's body.

The spirit bullet continuously passed through Xiao Qingwa's body, and the blood flowed out again, and Xiao Qingwa's body was almost shot into a sieve.

boom!

The little blue tile fell to the ground, motionless.

"It's useless, it's useless! He was injured too badly. Even if Little Blue Tile can stand up now, even if he can transform, the other two fighting beasts will not give him this opportunity tomorrow!"

Especially Xiaoqingwa's fans said sadly.

Yes, everyone knows that today, only one beast can go out alive in this Colosseum. The kindness to the enemy is the cruelty to oneself, so whether it is the royal beast or the pea beast, they are Will not let Xiaoqingwa stand up again.

be quiet!

The Colosseum fell into deathly silence again.

How could this be?

Say good metamorphosis?

What about the blood-eyed Leo?

This time, they didn't complain about the Colosseum anymore, because this time they saw it very clearly that the little blue tile had not yet completed the transformation, but was bombarded and killed by the Pea Beast and the Emperor Beast!

do you died?

The little blue tile fell to the ground motionless.

The blood has since dyed Xiao Qingwa's body red.

Damn it, can't you give everyone a surprise to the audience?

The blame can only blame the little blue tile for its transformation. If... if the little blue tile's transformation takes a few minutes at night and waits for the Pea Beast and the Emperor-level Beast to lose, then the little blue tile can be completely reversed.

but.....

There are not so many ifs in this world!

The Pea Fighting Beast seemed to be worried about Xiao Qingwa's death and resurrection again. Some dozen spirit bullets were ejected continuously and shot at Xiao Qingwa's body.

This time, when the spirit ejected on Xiao Qingwa, Xiao Qingwa's body did not move, or even tremble!

died!

This time it should be really dead!

But the Pea Fighting Beast was not happy, and he would continue to fight. If he couldn't kill the Emperor-level Fighting Beast in front of him, then the Pea Fighting Beast would only end in the same way as Xiao Qingwa.

This situation is unwilling to accept the Pea Fighting Beast.

Similarly, Huang Zun Beast Yue did not want to see his corpse and Xiao Qingwa's corpse placed together!

The two fighting beasts began to fight again.

Li Tian's palm was tightly clenched into a fist, watching Xiao Qingwa fall again and fall in a pool of blood, Li Tian's heart felt abnormally uncomfortable.

White Horse King Kong, do you have a score?

If something happens to Xiao Qingwa, I, Li Tian, will definitely find you the White Horse Super God Family.

"Little boss, who did you read the letter to you just now? Don't you believe what you see before you, do you have to believe what others say? Don't you have the heart to watch Xiao Qingwa die in front of you? Is it?" Tang Xiaolong yelled to Li Tian angrily when he saw Xiao Qingwa fall in a pool of blood again.

"Little Dragon!" Situ Ningbing shouted sharply.

Tang Xiaolong realized that he had lost his temper.

Little Qingwa was found in the gloomy forest by Li Tian and You Anrou. Li Tian and You Anrou brought them together. The feelings between Li Tian and Xiao Qingwa were much deeper than those between Tang Xiaolong and Xiao Qingwa.

"Little boss... I'm sorry!"

"It's okay, trust me, and believe in the little blue tile!"

There is still spiritual power fluctuating on Xiao Qingwa's body, which proves that Xiao Qingwa is still alive.

As long as you live, there is hope!

Of course, Li Tian also hopes that the White Horse King Kong is right!

There were twists and turns in this beast match, and the emotion that the host had finally mobilized just now dissipated because of the fall of Xiao Qingwa again.

The host should be from an objective perspective to host, but... But in this kind of beast competition, who can absolutely stand from an objective perspective? No matter how professional and professional the host is, his identity is first of all a person, if he is a person, he will have his own emotions, and if he is a person, he will have his own preferences.

Just like the host of a basketball game and a football game before the end of the earth, you want him to preside over the game from an absolutely objective standpoint, it is almost impossible!

As the fighting beast competition continues, the host's emotions and preferences, no matter how good they are hidden, will slowly reveal themselves: "Dear audience..., the little blue tile has fallen

again! Can he stand up? Will there be any miracles? A golden-eyed lion who has not completed its transformation, will he fall down like this? If you like the little blue tile, if you support the little blue tile, then please follow me and cry out Qingwa's name!"

"Little Blue Tile... Little Blue Tile..."

"Little Blue Tile... Little Blue Tile..."

Sure enough, among the nearly 200,000 spectators at the scene, at least half of the spectators followed the host and began to call out Xiao Qingwa's name.

Xiaoqingwa is just a fighting beast, but it seems that it is not just a fighting beast.

The audience at the scene seemed to see a lonely hero!

Xiaoqingwa alone, went deep into the tiger's den, and fought against ninety-nine powerful opponents!

Xiao Qingwa fell, but he was an indomitable soldier!

Even if he fell, he was looking for self-breakthrough and the possibility of standing up again!

Xiao Qingwa stood up again, but facing a formidable opponent, the exhausted Xiao Qingwa still couldn't turn the tide.

However, these audiences saw the spirit of being strong, unyielding, and not giving up.

This kind of spirit is unknowingly affecting some people and moving some people.

This is just a fighting beast, but they also hope that this fighting beast can stand up again and defeat his enemies!

At this time, there is no need to pretend, no need to be cool.

"Little blue tile! Little blue tile!" The shouts of the audience were like ocean waves, wave after wave.

On the seat of the East Palace Super God Family, the mother's face was blue.

"This ***** host, don't forget that you are from the Colosseum, and your Colosseum and my Dongcheng Super God Family are in an alliance. At this time, you dare to support Li Tian and Xiao Qingwa... However, All this is in vain. Although the current little blue tile has spiritual power fluctuations, it is already powerless!"

Thinking of this, a slight smile appeared on Mother's face.

"Little blue tile! Little blue tile!"

On the right side of the seat where Mother was sitting, Fifth Shuiyue stood up and shouted to the Colosseum.

"Little blue tile! Little blue tile!"

On the left side of the seat where the mother was sitting, Young Master Ling Wen also stood up and shouted after the audience.

The face of the mother who had just smiled turned green again.

"Netherworld Academy supports Li Tian, I can understand that your ancient Lingwen family is also..."

The seat where the mother was sitting was directly opposite, dozens of little guys in the little human race also jumped up, and shouted with excitement: "Little frog, little frog..., haha, so funny..."

In the Colosseum, I don't know if I heard the shouts of the audience, Xiao Qingwa's body twitched abruptly, as if a powerful electric current passed through Xiao Qingwa's body.

At this time, the beast crystal of the emperor-level powerhouse that was swallowed by the little blue tile suddenly split at this moment. The spiritual power released from this beast crystal turned out to be five colors of gold, wood, water, fire, and earth. In this spiritual power, there are more than a dozen small insects that look like silk threads.

Following these spiritual powers, the little insect began to rush into Xiao Qingwa's body and veins frantically. Wherever this little insect went, Xiao Qingwa's body gradually recovered.

Bang bang!

Bang bang!

Little Qingwa's heart started beating again!

"Quick...look...Little Qingwa really stood up!"

Not only stood up, but the wound on Xiao Qingwa's body had also miraculously recovered.

boom!

A powerful surging spiritual power descended from the sky, penetrated the domain, and landed on Xiao Qingwa's body.

At this time, Xiao Qingwa finally completed the transformation in a very short time.

His eyes had completely turned scarlet, as if two flames were burning in his pupils, and the fluff on the neck of his head had also become blood red.

The head is green, the eyes are red, and the body is completely green.

From a distance, the little blue tile looked like... wearing a circle of little red flowers!

What is even more terrifying is the momentum and surging spiritual power on Xiao Qingwa.

In the auditorium, the audience was boiling!

"Little Blue Tile...Crush!"

"Fuck those two pretending beasts!"

"Kill them...Kill them all!"

"Fuck, **** these despicable beasts to death!"

"Haha, if Xiao Qingwa wins this time, at least it will be my credit..."

Chapter 4796: : Blood Eye Leo (4)

"This is the blood-eyed lion? This is the first time I have seen a domain master-level ghost beast!"

"Fortunately, this time I not only bought tickets to watch the opening match, but also saw such a wonderful game, and more importantly, I bet that Xiaoqingwa will win..."

The maternal grandmother, the super domain master's peak-level powerhouse, did not hide her anger at this moment, and released a murderous intent on her body.

Fifth Shuiyue, the lady's **** shook, and she was in a flaunting posture, and she smiled and said: "Mother, you are old, it is best not to get angry, your body is important!"

Of course, the strength of Fifth Shuiyue is not the opponent of Grandma. She is not really flaunting her might, just using her figure... Sure enough, Fifth Shuiyue shook her chest, Donggong Jianghe and other strong Donggong super gods. The person swallowed involuntarily.

The people's hearts are scattered, and the team is not easy to lead.

"Little wave hoof, when my old lady was young..."

...

Looking at Xiao Qingwa, a long-lost smile appeared on Li Tian's face.

Li Tian can be sure that Xiao Qingwa's cultivation level has reached the domain master.

However, the small blue tile still maintains the form of a ghost beast, and it is not known whether the small blue tile cannot be transformed into a human form, or whether the small blue tile has not changed temporarily.

Li Tian was finally relieved.

Pea Fighting Beast?

Emperor Fighting Beast?

I bought a hiking bag last year!

You kind of try now with Xiaoqingwa!

Pea Fighting Beast, Emperor Fighting Beast was trembling with fright!

They were able to damage the little blue tile because of various accidents, not because they really possessed such strength.

Now, the small blue tile is more powerful and the cultivation base is stronger.

What are they doing to fight against the little blue tile?

But... it's death everywhere, why not resist?

"Little Blue Tile... Little Blue Tile..."

In the audience, the shouts did not mean to stop, but became louder and louder.

Xiao Qingwa walked a few steps forward slowly amidst the cheers of everyone.

Just when all the audience thought that Xiaoqingwa would tear the Pea Beast and the Emperor-level Beast to pieces, Xiao Qingwa slowly walked past the two trembling beasts, completely ignoring the two. The existence of a fighting beast.

Then... Xiao Qingwa started his foraging journey.

Xiao Qingwa continuously slapped and killed the fighting beasts that had been attacked and injured by him in the battle just now, and then pretended to be dead, and then swallowed the beast crystals in the bodies of these fighting beasts recklessly.

One is the same, and ten are the same.

Even for those fighting beasts that were already dead, Xiao Qingwa had to make up a claw.

The audience seemed to already know what Xiao Qingwa wanted to do, and they did not urge Xiao Qingwa.

Now it is very easy for Xiaoqingwa to kill these two beasts, but it is definitely cheap for these two beasts!

Waiting for death is more frightening than death.

The audience still yelled the name of Xiao Qingwa in a rhythmic manner.

Ten minutes later, all the ninety-six beast crystals had entered Xiao Qingwa's belly.

In the entire Colosseum, there was no complete body of the beast, but all the audience did not feel the **** and horror of the scene. Instead, there was a feeling of hatred in their hearts.

Next, it's the Pea Fighting Beast and the Emperor-level Fighting Beast!

"Torture! Hey, it must be torture!" Someone in the audience whispered to himself with an expression of excitement on his face.

But he guessed wrong!

When the pea fighting beast and the emperor-level fighting beast saw the little blue tile approaching, the two fighting beasts had already collapsed. They looked at each other as if they were cherished, and at the same time they opened their blood basin and bit their mouths. The other's neck!

Click!

Click!

Two fighting beasts bit each other's neck at the same time!

Gurgle!

Gurgle!

Blood flowed down from the neck. However, something sad happened. These two fighting beasts were both emperor-class beasts. Their vitality was far more tenacious than their own imagination, and their necks were bitten by each other. , These two fighting beasts are not dead!

What a sad story!

At this moment, these two fighting beasts can only watch their lives slowly go by with the loss of blood.

Pain is nothing, the most important thing is that they have to continue to bear the fear of death.

Little Qingwa took his steps and walked slowly towards them.

Xiao Qingwa's body is very small, but at this time, the two fighting beasts who fell on the ground felt that Xiao Qingwa's eyes showed a trace of contempt.

It seemed that these two emperor-level fighting beasts had never been opponents in his eyes.

Little Qingwa did not attack the two fighting beasts, but easily tore open the pea fighting beast's body and swallowed the beast crystals in the pea fighting beast's body.

Without the beast crystal, the Pea Fighting Beast immediately became an ordinary beast.

Severe pain is not something ordinary beasts can bear!

The Pea Fighting Beast roared like a pig, and then gradually...dead in the roar.

There is the last beast, the beast of the emperor class!

The little blue tile did the same, making this emperor-class fighting beast also endure such pain once!

The battle is over!

The domain owner of the Colosseum received the domain he used, and the strong **** smell in the Colosseum immediately hit his face.

The entire battle scene was more intuitive, and the audience suddenly burst into applause.

This applause was given to Xiaoqingwa, but also to themselves.

"Won!"

"Little Qingwa really won!"

"Haha, the little blue tile has evolved into a blood-eyed lion. This... this is really surprising!"

"I have witnessed the evolution of the golden-eyed lion to the blood-eyed lion. With this beast match, I can play for a lifetime!"

"After the fighting beast game is over, I will go out to take an adventure. I have lived in the Colosseum for so long. I have forgotten that I am a powerful person at the venerable level. I have forgotten my ideals! I will go to the dark forest! "

"I also want to go to the dark forest! For my ideals, for my dreams, and for being able to break through myself, but... If I'm lucky enough to catch a golden-eyed lion cub, then... Haha, after selling it, I can The Colosseum has lived a lifetime!"

With smiles on the faces of the spectators in the Colosseum auditorium, they were openly talking about the beast match, the future beast match, and themselves.

Xiao Qingwa's victory was not only Xiao Qingwa's own victory, but also the victory of the entire Colosseum audience.

It was the live audience who gave Xiao Qingwa strength, and it was the live audience who gave Xiao Qingwa courage. They are Xiao Qingwa's reborn parents!

Of course this is what they think.

In the passage, Li Tian's eyes were a little wet.

This battle is like a roller coaster, making Li Tian feel aggrieved and at the same time feeling happy.

I was so angry and aggrieved just now, now everything is worth it.

"Little boss, little Qingwa really won!"

"Haha, the little blue tile really won!...Woo, even the little blue tile is already at the domain master level, I am Tang Xiaolong or the emperor...I am not as good as a dog... Fighting beast... Oh!" Tang Xiaolong was crying with joy.

Rumble!

The metal fence door opens slowly!

Li Tian, Tang Xiaolong, and Situ Ningbing immediately rushed into the Colosseum from the passage. They grabbed the small blue tiles, raised them above their heads, and threw them high.

"Won!"

"Little Qingwa has advanced!"

"Now, see who can stop the little blue tile!"

On the innermost circle of the auditorium, the grandmother of the Donggong Super God Family and others have already exited angrily.

The mother really wanted to pull Master Xue Taoyu over now, hang up and beat him up, and wanted to torture Master Xue Taoyu. What is going on? Why did the Colosseum say differently from the result?

Fifth Shuiyue's feet lightly flew to Li Tian's side, opened the way with his huge breasts, and kept squeezing to Li Tian's side.

Several domain master-level teachers who followed Fifth Shuiyue to the Colosseum looked at Fifth Shuiyue with doubts.

"Elder Shuiyue seems to be familiar with Li Tianhe!"

"You don't understand it! It is said in the Netherworld Academy that Li Tian used a love poem to knock on the heart of the Fifth Shuiyue Elder, the two of them..." Then there are some content that is not suitable for children.

Young Master Ling Wen retracted the folding fan in his hand, stood in front of the railing in front of him, looked at the excited Li Tian and others, and said in a low voice: "This is really getting more and more interesting. I thought my Lingyun beast would There is no opponent, but I did not expect that Li Tian's little blue tile has also reached the realm of the domain master, and also maintains the form of the ghost beast!"

"Hey, Brother Li Tian, I really hope that my fighting beast and your little blue tile can successfully meet in the Colosseum finals. Then, after my Lingyun beast defeats your little blue tile, we will fight in Vietnam. , I will beat you down again. Only in this way, will it not be in vain for my painstaking effort in coming to the Colosseum!"

"Now, I should also be ready to participate in the beast competition! Oh? It turned out to be in the Colosseum VI. It seems that if my beast wants to be famous, I have to learn from the domineering Li Tiandou beast!"

In the passage, the parallel imports and the waterfowl also had smiles on their faces, and their hair had changed color because of joy.

"At such a happy moment, Li Tian should find a way to celebrate, hehe, this time I want to drink three hundred bottles of Niulanshan!"

"Do you just pursue it like this? I want to go with Wuliangye, and with the Wuliangye that has been stored for eight thousand years!"

"You don't understand, Niulanshan is delicious!"

These two goods turned out to be happy for drinking, which is really unreasonable.

...

This battle ended like this!

The staff of the Colosseum entered the Colosseum, they pulled the dead beast from the Colosseum and began to clean the Colosseum.

"Go home, go back to have a celebration banquet, to celebrate the promotion of our little blue tile!" Tang Xiaolong said.

Li Tian smiled and said: "There must be a celebration banquet. The last time I was drunk, I didn't taste any taste..."

The faces of Situ Ningbing and Fifth Shuiyue blushed instantly!

"Ningbing, why are you blushing?"

"Energetic!"

"Why is it yellow again?"

"You need to control it!"

Then Tang Xiaolong let out a scream.

Li Tian took Xiao Qingwa, Situ Ningbing and others to leave.

Because they are not super domain masters, not super **** family, so in the race, they can't fly, so they can only go out through the channel.

At this time, several Beast Beasts and Beast Beast owners poured into the passage.

At this moment, Xiao Qingwa suddenly jumped out of Li Tian's arms and stared at the opposite passage.

"What happened? Is there any fighting beast in the opposite passage? Is it Young Master Lingyun's fighting beast?" Li Tian wondered.

Chapter 4797: : Ugly Fighting Beast

Li Tian knew what the beast was in the passage over there, and Li Tian could not see the opposite passage.

However, Li Tian could feel the surging spiritual power of the beasts in which channel.

"They are really powerful guys. There are four imperial beasts, imperial, imperial, imperial, and imperial beasts. I'm afraid that this beast competition will be as tragically as the battle that Xiaoqingwa participated in. The beast game is almost the same."

Li Tian wanted to watch this fighting beast game. After all, he doesn't have to worry about fighting anymore, he can treat him as an ordinary spectator.

Unfortunately, Li Tian didn't have a ticket!

At this time, the staff of the Colosseum had already come to the passage and politely asked Li Tian and others to exit the passage.

Little Blue Tile still didn't want to leave, Li Tian could feel that Little Blue Tile seemed to want to fight the beast on the opposite side!

"Let's go, Little Blue Tile, we should go home! As long as the fighting beast on the opposite side can advance, you will most likely meet at that time, then you will fight again, and now I'm going back and I'm asking you guys to take medicine. Soup!" Li Tian said.

Only then did Xiao Qingwa jump into Li Tian's arms, and followed Li Tian and others out of the passage.

...

After the opening match, the second game of the race was held immediately.

After watching the opening ceremony and the opening match, the super **** family, ancient family, and super domain masters have no interest in watching this low-level battle anymore, leaving the Colosseum one after another.

But more spectators, they bought a pass, a pass that can watch several beast matches in a row, and they bet to participate in the beast match gambling, naturally they don't want to leave.

The host has already begun to introduce the beasts participating in this beast competition, but the audience in the audience is still silent in the excitement of the previous beast competition.

They were still talking about the beast match just now, or talking about some gossip about the big families and forces, and they looked at the Colosseum without a glance.

The second game of beasts was not as crazy as the first opener, but it was not too much.

There were a total of 36 beasts participating in this beast contest, and only one beast was able to leave in the end.

Following the introduction of the host, the beasts continued to enter the Colosseum through the passage.

At this moment, there was a cry of exclamation from the audience. This cry of exclamation attracted everyone's attention to the Colosseum. Their eyes were quickly searching in the Colosseum, wanting Find a fighting beast enough to cause everyone to exclaim.

"Fuck...this...what kind of monster is this?"

Sure enough, there were constant exclamations in the audience soon.

And this exclamation was even louder than the transformation of the little blue tile into a blood-eyed lion.

"This...Is this a blood-eyed lion?"

"Your blood-eyed lion has four heads? Although the heads and half of the body of this fighting beast are all golden-eyed lions, yes, this is not a blood-eyed lion. How do I think about it? The beast is like a mutated monster! It grows naturally, and it will never appear like a fighting beast!"

"I don't have a golden-eyed lion in my house, but I haven't seen the appearance of the little blue tile just now. If you look at this beast, if you don't consider that this beast has four heads, it's a golden eye. Leo!" the audience said unconvinced.

That's right, at this time the Colosseum is a beast with four heads.

The four heads of this fighting beast are exactly the same as Xiao Qingwa, but...the head is larger, and these four heads share a common body, which is also much larger than Xiao Qingwa's body.

"I admit it is a mutated golden-eyed lion, but it is absolutely impossible to be a blood-eyed lion. With such an ugly blood-eyed lion, it will almost ruin the three views!"

"Eh, okay, I admit that what you said makes sense. Compared to this monster fighting beast, I still prefer the little blue tile..."

In the audience, the beast that was constantly talking about it was slowly looking at the other beasts that appeared in the Colosseum!

Thirty-five other fighting beasts are not weak in cultivation strength. The weakest one has reached the early stage of the ninth level of the Venerable, and there are even a few Emperor-level fighting beasts, but this one is extremely ugly. But the fighting beasts snorted, as if they were despising these fighting beasts.

Once other fighting beasts dared to stare at this extremely ugly fighting beast, the four heads and eight eyes of this extremely ugly fighting beast would release a murderous aura, directly forcing other fighting beasts not to face him. , Had to lower his head.

The host continued to introduce: "This beast came from our Colosseum by accident. After years of training, this beast now has the emperor-level realm. What's more powerful is that the four beasts The head, like four independent fighting beasts, also possesses the emperor-level realm. You see, the murderous aura emanating from this fighting beast, even other imperial-level fighting beasts dare not face it!"

"This is the king of beasts, and only a beast with such a strong aura and a strong aura can be called a king! Presumably everyone has seen it, yes, this beast does possess it. The bloodline of the golden-eyed lion, but this beast is not a blood-eyed lion. If this beast is fortunate to evolve into a blood-eyed lion, there will be two blood-eyed blue lions in this beast contest. Lion, then whether it is the race or the final, this will make a big mark in the history of our Colosseum!"

"Now, let us wait and see what kind of performance this beast will behave in this beast match!" said the host.

Behind the host, Master Xue Tao smiled and watched the host finish reading the lines. Then he smiled and clapped and said: "It's not a loss to be a professional host. You just got the host speech,

and you can master these words skillfully. The host speech! And I can play it on my own, effectively driving the emotions of the audience, which is really amazing."

The host immediately said with a humble expression: "The grown-up is overwhelmed, and the villain just relies on his mouth to eat. It's just a shameful skill."

This is the first time the host has seen this fighting beast with four heads.

He didn't know that the Colosseum would have such a powerful and ugly beast.

Of course, ugliness is not the point, but strength is the point.

To be honest, the host is also looking forward to the two beasts with the same bloodline, if they fight in the Colosseum, what kind of sparks will be sparked.

Domain Master Xue Tao also had a slight smile on his face.

Because the **** Li Tian didn't play the cards according to the plan of the Colosseum and disrupted the arrangement of the Colosseum, Lord Xue Taoyu had to temporarily ask his father to ask his father to allow him. Then he operated in the dark. The other beasts who want to participate in this beasts game are replaced by ugly golden-eyed lions with four heads.

These four golden-eyed lions are exactly the four small golden-eyed lions that the Colosseum personnel had caught in the dark forest.

It's just that now they have become like this, and all this is the handwriting of the old man on the top floor of the Colosseum headquarters.

Domain Master Xue Tao believes that as long as this beast with the same blood line as Xiao Qingwa is present, the news will spread throughout the Colosseum as soon as it has wings. At that time, even if Li Tianyao leaves, I am afraid Xiao Qingwa Not willing.

Approaching, Xiao Qingwa had already felt the existence of this fighting beast just now!

Domain Master Xue Tao really wants to give him a compliment for his wit. The only thing that worries him is that now this beast appears early, and now there is still a long time before the beast finals, will there be any changes in this? .

"For this Colosseum game, our Colosseum has been preparing for so long. Whoever wants to destroy our Colosseum's plan will become our enemy of the Colosseum. For this time the plan can be successfully achieved. The Colosseum will do whatever it takes!" Master Xue Taoyu said coldly.

At this moment, the host suddenly felt the temperature of the surrounding air drop, and a chilly sensation immediately spread across his neck.

"Let's start!" Domain Master Xue Tao said.

The host quickly adjusted his emotions and continued to host: "Dear viewers, now all of our participating beasts have entered the arena, and our beasts competition will begin immediately. Let's count down...10...9... ...8....."

With the host's start, hum! The Colosseum was once again cast by a domain master next to him.

At the same time, the beasts on the Colosseum started fighting.

In this battle beast, there are 36 battle beasts in total, but the situation in this battle beast is exactly the opposite of the previous one.

The beasts Xiaoqingwa participated in, the other ninety-nine beasts were all the beasts cultivated in the Colosseum. It is precisely because of this that those beasts would jointly attack Xiaoqingwa, but this kind of thing the Colosseum I will definitely not admit it.

In this battle beast competition, only four headed, ugly beasts belonged to the Colosseum, while the other 35 beasts belonged to other contestants.

For this reason, these four ugly beasts have become the targets of other beasts. Although the other thirty-five beasts did not attack him at the same time, they have slowly formed an encirclement to force this ugly beast. Fighting beasts surrounded the middle.

"I rub! It turned out to be this kind of rhythm and this kind of tune! But... I like it!"

"It seems that in this arena competition, as long as the strongest is sure to become the target of public criticism, I used to blame the Colosseum!"

"They are all golden-eyed blue lions, basically facing the same situation, now it's up to this ugly beast to fight!"

"Although it is ugly, but I hope this ugly beast can advance, and it would be better to evolve into a blood-eyed lion. This is more interesting."

Audiences, every word you say, I keep talking about it.

When the battle started, the audience was immediately shocked by the domineering display of this ugly fighting beast!

"I rub, so strong! As strong as Xiaoqingwa!"

"No, I feel stronger than when Xiao Qingwa was in the Emperor Realm!"

"This is really a good show..."

Chapter 4798: : Crazy torture

In Colosseum No. 1, two fighting beasts in the mid-level ninth realm broke out with their strongest combat power at the same time.

However, before the two fighting beasts touched the Ugly Fighting Beast's hair, two of the Ugly Fighting Beasts' heads directly bit their necks, and then the other two heads bit out the two Beasts at the same time. Buttocks, then tear it hard!

hiss!

These two fighting beasts were directly divided into corpses.

Blood was sprayed out, and the corpse was hidden inside, and the whole picture was full of blood!

There was a trace of contempt in the eyes of this ugly fighting beast, and he didn't care if the other fighting beasts were shocked, click! Click! In a few seconds, the corpses of these two fighting beasts were torn into pieces, and then spit on the ground.

The other fighting beasts in the Colosseum were shocked by this scene, and they flinched backwards, even the few Emperor-level fighting beasts trembled in fear.

The battle has lost the suspense since then, and then this battle beast game has become the crazy killing of this ugly beast.

Xiao Qingwa just killed his opponent and swallowed his opponent's beast crystals.

And this ugly fighting beast is even more crazy, even if all fighting beasts have been killed, this ugly fighting beast will completely crush the body.

As for the beast crystals of the beasts?

This ugly fighting beast didn't care, and was torn into pieces along with the beast crystal.

In less than half an hour, the entire Vicious Colosseum was covered with broken meat, shredded fur from the beasts, and internal organs. The filthy things and blood filled the entire Colosseum, even if it was separated from the domain. The audience can still smell a disgusting smell.

The Ugly Fighting Beast finished this unsuspecting battle cleanly.

...

Before the start of this beast game, a beast game was also being staged in Colosseum 6.

In this battle beast competition, there are also 36 beasts participating in the competition.

One of the seeded players is naturally the Lingwen beast of Master Ling Wen!

This Colosseum can only accommodate 80,000 people, and today the audience is full of seats.

And here, more than 50,000 spectators are fans of Young Master Ling Wen Dou Beast.

Young Master Ling Wen's fighting beast is now famous in the entire Colosseum.

In particular, the performance of Young Master Lingwen Yun-Swallowing Beast in the arena has conquered hundreds of thousands of gamblers and spectators.

Of course, the Cloud-Swallowing Beast was accidentally lost to Li Tian's Little Blue Tile, which more or less affected the number of Young Master Lingwen's Beast Beast fans.

However, this Young Master Ling Wen has a foundation!

And most importantly, this is only Colosseum No. 6, and gamblers who can't buy tickets for Colosseum No. 1 are also a good choice to come here to watch the game.

Before the battle of the beasts began, there were constant deafening shouts.

Without exception, the only one shouted in these shouts was the name of a fighting beast: Lord Lingwen...s fighting beast 'Lingwen Beast'.

This kind of fighting beast also only lives in the area controlled by the ancient Lingwen family. It is not common in the Colosseum or the entire Nether Continent, and even more than 90% of the audience have never seen Ling. Tattooed beast!

The audience was so enthusiastic that the host's voice was completely overwhelmed.

There is no way, who calls him the host, even in this case, the host still ignores all the noise and continues to go through all the processes according to the plan.

The beasts followed the host's introduction, pay attention to their appearance.

Then... something that looked like a bronze cauldron came out of the passage and stood dangling in the center of the Colosseum.

"I wiped it, who did you take out the bronze cauldron? Is it because you want to drink?"

"The Colosseum is really getting more and more rubbish, holding such an important game, there can be so much difference!"

"Trash Colosseum, bad review!"

"Fuck, don't you understand, this is the legendary Lingwen beast, don't pretend if you don't understand!" Suddenly an audience member said.

"This...this is Lingwen Beast? You didn't lie to me?"

Lingwen Beast has a strange shape, and its body is even more strange, bald and without fur.

But it's not ugly.

Because there are many complicated inscription patterns on the body of Lingwen Beast, just like tattoos.

If Tang Xiaolong sees Lingwen Beast, he will definitely shout in surprise: "Fuck, is this Lingwen Beast the young and Dangerous boy among the Nether Beasts?"

Haha, although it's still a joke, it's similar.

It is precisely for this reason that Lingwen Beast has this name.

Lingwen Beast appears in the Colosseum, there is always a feeling that this product is small in the mountains, and despise other fighting beasts, but...but...where is your **** head?

That's right, this product has no head at all, or it has two heads, it can also be said that this product is full of heads.

Without facial features, you can say where his head is.

Fortunately, this guy still has limbs, otherwise no one would put him into the beast.

Lingwen Beast appeared, and the audience was greatly satisfied.

"Fuck, this is Lingwen Beast? It really blinds my dog's eyes!"

"It's **** bright and blinding my dog's eyes. I always thought that fighting beasts should at least look like dogs. It turns out that this kind of thing can also be a fighting beast!"

"This Lingwen beast looks so awesome, I like this kind of fighting beast!"

"You like to have a hairy use, you can't get it if you like it!"

"What if I can't get it? I can support Lingwen Beast, as long as there are Lingwen Beast games in the future, I will buy him to win!"

"Typical tyrant, let's be friends. I recently placed a bet and I couldn't even wear pants when I lost."

"roll!"

Young Master Ling Wen was suspended in mid-air, but he was the noble Young Master Ling Wen, and he would definitely not go to the channel to watch the game.

And this Colosseum No. 6 does not have VIP seats in the P middle. Young Master Ling Wen is a member of the ancient family. He is flying in midair to watch the game, and no one will say anything.

Because of the appearance of Lingwen Beast, the host finally gradually controlled the whole process. With the countdown, the game officially began.

Hum!

The domain wheel cast by the domain master covers the entire Colosseum.

Thirty-five fighting beasts immediately fought in search of their opponents.

And Lingwen Beast, this fellow like a bronze cauldron, was standing in the very center of the Colosseum at the beginning of the stage, and invisibly took the initiative to be besieged by other fighting beasts.

Then, these thirty-five fighting beasts found the Lingwen Beast at the same time and regarded the Lingwen Beast as their own opponent.

"Fuck! Lingwen Beast was surrounded from the beginning, I am afraid this Lingwen beast is dangerous!"

"I can't see it, it is clear that Lingwen Beast deliberately walked to the center and wanted to be surrounded!"

As soon as the words of the venerable audience fell, a red light flashed across the lines on Lingwen Beast's body, and then, these lines seemed to release countless lasers...yes, they were like lasers.

This laser was released from all parts of Lingwen Beast's body, and it shone on the other 35 fighting beasts at the same time.

Then...there is no more.

These thirty-five fighting beasts seemed to have been cut open with a sharp knife at the same time, and their entire bodies split instantly!

There is no torture, just kill directly!

Thirty-five fighting beasts, the strongest cultivation beast possessing the mid-level ninth level of the Venerable, and the weakest beast possessing the mid-level ninth level of the Venerable, were instantly killed in this way.

In the auditorium, all the audience was stupefied instantly!

They looked at the Colosseum dumbfounded, their jaws almost falling.

At this moment, the audience at the scene remembered a qualifier for the beasts held in this Colosseum, where the black smoke group had done this kind of thing.

The host had prepared a lot of speeches, but in an instant he was stupid.

Commentary?

Explain your sister, how do you explain this kind of game?

This Lingwen beast is here to disrupt the situation!

This ultra-perverted fighting beast should be directly blacklisted and will never be able to participate in a fighting beast!

How to play with this kind of beast?

This feeling is like playing basketball. NBA superstars ravage the players of a certain Chinese middle school team.

There is no challenge, there is no challenge at all.

The scene was very quiet.

After a few seconds of silence, the entire scene suddenly burst into shouts like mountains and tsunamis.

"I'm going... I'm going... I'm going..., please tell me this is not true, it is definitely not true!"

"it is true!"

"I fuck... I fuck... I fuck... That's awesome, this is a daily rhythm!"

"Day is not day! But the sun and the earth are still possible!"

The audience is crazy!

"Haha, I have watched two such games in this Colosseum, one is the black smoke group's beast match, the other is the Lingwen beast match, it is really exciting, but it is too fast. It's over if there is no orgasm!"

"I really want to see what the black smoke group looks like when fighting this Lingwen Beast, who can be stronger!"

"Unfortunately, the Black Smoke Group has already been retired. We are unlikely to see such a grand occasion in this Beasts Competition!!"

In the sky, Young Master Ling Wen nodded slightly, without any joy on his face, as if all this was in his expectation.

"There isn't even a battle beast of the emperor rank. This is obviously a Lingwen beast who looks down upon me. That's why I don't want to play with your trash. It's meaningless and there is no challenge. Right now, only Li Tian's. Little Qingwa, that blood-eyed lion makes me feel something..." Young Master Ling Wen said to himself.

It's just that Young Master Ling Wen didn't expect that in this battle beast competition, it was not just the world of Xiaoqingwa and Lingwen beasts, but also the ugly beasts...

...

Li Tian's residence was full of joy and excitement.

Xiao Qingwa won the promotion and successfully evolved into a blood-eyed Leo. This is definitely a day worth celebrating.

Li Tian's poo bag brought back the twenty girls who had been hiding Situ Ningbing in the Flying Treasure Ship to celebrate with Li Tian.

Li Tian was really drunk last time.

He was certain that he had done the Fifth Shuiyue, and Xueji, Situ Ningbing, and Liu Jimeng were all covered in rain and dew, but did Li Tian touch the other more than 20 girls? I don't remember clearly.

That being the case, the past cannot be counted, and we will start over again.

Chapter 4799: :bad news

Twenty or so beautiful girls, Yingying Yanyan, twittering, do nothing, this is also a beautiful landscape.

Li Tian held the wine glass, drank it, stretched out his arms, hugged the two as much as possible, and said excitedly: "Mine is all mine! You are all mine tonight!"

After saying this, Li Tian couldn't help but think of the fairy of the Sea-Monster Clan, she was really a fairy!

There was a little anger in my heart.

Your sister, if you agree to form an alliance with me, you will send me some elites of the Sea-Monster Clan, but now they are missing.

Really fucking, if I have this opportunity to deal with you, I will push you down, and then... Then a beautiful picture appeared in Li Tian's mind.

Situ Ningbing was holding a glass of fine wine, with a calm expression watching Li Tian embrace the many beautiful women.

Unknowingly, Situ Ningbing and Li Tian have been around for more than 20 years, and it is not an exaggeration to describe them as an old husband and wife.

If there were not so many things that happened later, she and Li Tian should be relaxing in a resort in the earth world at this time!

But so boring?

It's fine now!

Even if there are so many women around Li Tian, Situ Ningbing knew in his heart that she would always be the first in Li Tian's heart!

that's enough.

With that, Situ Ningbing looked at Xue Ji.

There was also a smile on Xue Ji's face at this time, but Situ Ningbing could feel that smile was somewhat reluctant.

Situ Ningbing is Li Tian's woman. She feels that she is like the empress in the harem, qualified and obliged to help Li Tian manage the many sisters.

A few days ago, Li Tian and Xue Ji had been facing each other sincerely. After communicating at a negative distance, Xue Ji no longer complained to Li Tian, but Situ Ningbing understood that Xue Ji's desire to become stronger had not diminished at all. Little Qingwa broke through to the realm of the domain master and was stimulated by a stronger smile.

In terms of cultivation, Situ Ningbing really couldn't help Xue Ji much.

"Blue Clouds" Xue Ji could not practice. After she came to the Netherworld, although Xue Ji's cultivation has improved, she still can't keep up with her and Tang Xiaolong.

This contradiction was not prominent at the beginning, because Li Tian's cultivation base was also weak, and Li Tian experienced and saw few strong people. Xue Ji could help a little bit more, but now Li Tian has reached it. Domain master realm.

Regardless of those rivals or friends who have intersection with Li Tian, they are always the emperor, the domain master, and the super domain master.

There are even demigod-level powerhouses.

At this time, Situ Ningbing and Tang Xiaolong just barely supported them.

Also in the same environment are Liu Jimeng and Ye Meijing. If their cultivation level is not enhanced, then they can only adjust their mentality and become like vases in Li Tian's life. If they do not want to be vases, then they must The idea is cultivated.

"Fortunately, the Sea-Monster Clan now controls a venerable-level secret realm. After the Colosseum game is over, you can go to the Nether Cry Sea where the Sea-Monster Clan is located for a trial. At that time, you will see if Xue Ji is like this. It's an opportunity for you!" Situ Ningbing thought in his heart.

Situ Ningbing looked at Liu Jimeng again!

This girl is really beautiful, and it is not an exaggeration to describe it as an adult fish, a wild goose, and a shameless flower.

Moreover, Liu Jimeng was once a genius in the battlefield of death, Situ Ningbing tested Liu Jimeng's cultivation skills.

Not bad, this little girl practiced quietly, and now she has reached the initial stage of the ninth level of the Venerable!

It was even stronger than Xue Ji, no wonder Xue Ji was anxious.

It seems that Li Tian's accumulation of various natural materials and treasures is still very effective for this genius!

But it was not enough. Li Tian needed more help from the strong.

You can't always rely on other foreigners such as Shuiguizu.

Situ Ningbing thought of Ye Meijing again.

"What a poor person, Li Tian originally wanted your father and daughter to reunite, but he didn't expect to harm you. It's just that Li Tian has the intention to kill the enemy now, and he is unable to recover. I hope you don't blame Li Tian in the ghost!"

Situ Ningbing didn't know that Ye Meijing and Ye Liangchen had already escaped, and they were chasing Li Tian's footsteps and rushing to the Colosseum.

"Ning Bing, Xue Ji, my two great beauties, come and drink with me!" Li Tian got up and came to Situ Ning Bing's body. He stretched out his arms and hugged Situ Ning Bing and Xue Ji.

Tang Xiaolong saw Li Tian cuddling left and right, and then thought of his woman.

"My sweetie, I knew I shouldn't have been separated from you!"

Then, Tang Xiaolong began to fight with parallel imports and water ghosts frantically, and was quickly drunk.

"You must be happy in life, don't make the golden bottle empty to the moon! It's so wet, so wet! God, I will toast you a glass of wine!" Fifth Shuiyue walked behind Li Tian and pressed her pair of giant **** on Li Tian's shoulder, he smiled and said with a charming face.

It was definitely not the first time when the Fifth Shuiyue and Li Tianshui blended together, this Li Tian can be sure!

However, Li Tian now has no virgin complex either.

This is the Netherworld!

The ages of these women are calculated in hundred years.

And the age of Fifth Shuiyue is legendary, if she is still a virgin, it will be even more terrifying!

It's been a long time since she enjoyed the love of men and women, and Fifth Shuiyue was also immersed in cultivation, and she couldn't remember such a thing.

However, I just tried double repair these few days, and it immediately aroused the desire of Fifth Shuiyue.

Now, Fifth Shuiyue is obviously a naked tease!

Li Tian stretched out his hand on Fifth Shuiyue's buttocks and patted gently, "Haha, I will chant other poems, wait until you come to my room at night, I will teach you well..."

"We also want to learn, we also want to..." Several stewardess women immediately surrounded Li Tiantuan and said.

"Okay, okay! All of you have a share, come to fight tonight, is it a puppy..."

To say that the cheapest person in the entire Colosseum is probably Young Master Ling Wen.

No, as soon as Li Tian finished saying this sentence, he heard the voice of Young Master Ling Wen coming from outside the residence: "Brother Li Tian is so Yaxing, it is my liking to reciting poems right, not tonight, brothers will come to your house and make peace. Do you recite poems together?"

Li Tian spit out the wine directly.

I'm going to your mother, can I still chat happily in the residence in the future.

And this guy is too immoral, right?

Are you still the son of an ancient family?

Actually learned to lie on the wall.

And, for your sister, can your "Yin Poem" be the same as Lao Tzu's "kinky wet"?

Still want Lao Tzu to play with you? Go dreaming!

However, if you want to invite me when you get wet in the future, I can consider it!

Li Tian decided to pretend to be dead and ignore this grandson!

"Brother Li Tian? Brother Li Tian? Are you at home? I heard what you said?" Young Master Ling Wen shouted without discouragement.

Li Tian continued to play dead.

Outside the residence, Young Master Ling Wen had no choice but to ask the female venerable to help him pass the report: "Tell me, please tell me that Young Master Ling Wen has something important to see..."

In the end, Li Tian didn't pretend to be dead, so he could only invite many beauties into the space of Qiong Spear of the sky, let them look for a beautiful place, continue to drink for fun, it is best to have mountains and waters, and Boat, so you can play boat at night...cough cough!

Sin! Sin!

When Young Master Ling Wen came in, he saw Nima in the living room of Li Tian's residence. Tang Xiaolong, parallel imports, and water ghosts fell on the ground. He was as drunk as a dead pig. Li Tian's cheeks were red. , Eyes blurred, after seeing him, immediately stretched out his hand to drink with him.

"Mr Ling Wen, you are here at the right time. We are celebrating my little blue tile's successful promotion and evolution into a blood-eyed lion. Oh, by the way, I don't think your face looks pretty, Mr. Ling Wen. Is your fighting beast already lost and out?"

"It doesn't matter, this is just a beast match. Now that your beast is out, can our agreement be cancelled? When you have a suitable beast, we will start the new appointment again. The fighting beasts and you and me are put together."

Young Master Ling Wen threw away Li Tian's arm in disgust.

"Brother Li Tian, should I praise you for being open-minded or open-minded? Do you know that the first day of the fighting beasts game is not over yet, and now it has spread crazy outside!"

"I know that my little blue tile is a blood-eyed lion. This is a high-level ghost beast that may not be encountered in thousands of years. Those who have not seen the world will inevitably be surprised, inevitably, will be surprised, so let them pass on. Right! By the way, has your fighting beast advanced?"

"I'm still going to buy a ticket to watch the next round of your fighting beast, if I get eliminated, I won't buy it!"

"Brother Li Tian, first, my fighting beast easily advances. Secondly, not all your fighting beasts are spread out, but there is another more powerful golden-eyed lion fighting beast. According to the schedule, If your two fighting beasts can win, your little Yasha will meet this golden-eyed lion in the semifinals, and your little blue tile will meet my Lingwen beast in the semifinals. !"

"Semifinals, it's okay... just kill your fighting beast... what? In addition, the golden-eyed lion that has always been strong?"

Li Tian couldn't pretend anymore, he was sober in an instant.

Could it be that Xiao Qingwa was in the Colosseum because he felt the presence of another golden-eyed lion, so that he would have that kind of performance?

"Master Ling Wen, how much do you know about this golden-eyed blue lion fighting beast? I didn't see the game today!" Li Tian asked anxiously.

Seeing that Li Tian finally returned to normal, Young Master Ling Wen didn't mind Li Tian deliberately pretending to be drunk, and said solemnly: "According to my tribe's description, this golden-eyed lion has four heads, each of which has each. The front half of the body, but the second half of their body is shared. This is just a strange appearance, and more importantly, each of the four heads of this golden-eyed green lion possesses an emperor-level realm, which is better than the small blue tile. It's even stronger when it hasn't evolved into a blood-eyed lion."

"That means this golden-eyed blue lion is not as powerful as the little blue tile, so what is it! But it is just another beast to die!"

Young Master Ling Wen said firmly: "No, the owner of this golden-eyed lion is the Colosseum..."

Chapter 4800: : Enemy friend

Fuck!

Li Tian seems to understand something!

It's not like, I already understand!

The reason why the Colosseum wants to help the little blue tile break through and evolve into a blood-eyed lion is probably to make the little blue tile fight with this beast in the game.

It turned out that before I received the invitation letter, the Colosseum had already calculated Laozi.

Lao Tzu thought it was Lao Tzu's reputation that made the Colosseum take it seriously!

Fuck!

Li Tian still doesn't understand why the Colosseum is doing this, but the anger in Li Tian's heart has burned again.

"You are looking for me to talk about this? If it's okay, go back, and I won't leave you to drink!"

Young Master Ling Wen suddenly became messy!

Your sister, can you still point your face in life!

When you cross the river and demolish the bridge, you, Li Tian, are still standing on the bridge, and you start to demolish the bridge!

"No... it's okay..." Young Master Ling Wen said with a black face.

Li Tian nodded slightly and said, "Young Master Ling Wen, although you are a descendant of the ancient family, I still have to remind you that I would like to ask for my appointment in the future, otherwise it would be really embarrassing!"

"reservation?"

"You don't understand? No wonder you are called the ancient family! An appointment is an appointment..., well, if you have something to ask me, then please contact my secretary, the female veteran outside the residence, in advance and tell you what happened. If you want to see me, then, I will arrange our meeting according to my time, and then I will let my secretary inform you. In this way, we will show our politeness and will not rush to visit others or waste each other. Time, for

example, if you came to me today and I am not in the residence, wouldn't this waste your precious cultivation time?" Li Tian said.

How could the dual-core brain of Young Master Ling Wen surpass the eight-core brain of Li Tian?

After Li Tian said this, Young Master Ling Wen thought about it, and suddenly he felt a sense of relief.

"Yes, your method is really good! Hahaha, I will pretend to be yours in the future...hehe will meet with guests."

Sending away Young Master Ling Wen, Li Tian had no desire to continue drinking.

Now, a group of nameless anger in his body is burning, and he must vent it. Otherwise, it will be quite detrimental to the body!

Huh!

Li Tian entered the Qiong Spear of the Sky!

then.....

The ship shakes...

Shan Zhen...

earthquake.....

seaquake.....

Yun Zhen...

...

On the second day, there was Xiaoyasha's beast match.

Because the game was in the afternoon, Li Tian was not in a hurry to take Xiaoyasha to the Arena of Beasts.

He told Situ Ningbing what Master Ling Wen had said. Situ Ningbing organized parallel imports, water birds, and Tang Xiaolong to investigate information about this beast, and by the way, he bought tickets for the game called Ugly Beast in advance.

He wants to take the little blue tile to observe!

Knowing oneself and one another can survive all battles, and Li Tian has suffered enough from his arrogance.

Then, Li Tian went to visit Haiqin of the Sea-Monster clan.

Long Yin, a man with a glass heart, had already left the Colosseum, saying that he wanted to be quiet.

Haiqin didn't know who Jingjing was, so he didn't stop him.

Li Tian appeared outside the sea-monster clan's residence, and through contact with the Venerable outside the residence, he quickly saw Haiqin.

Enter the living room and do it according to the subject and guest.

Then Hai Qin used a small domain to trap her and Li Tian in the domain.

This is the 10,000-year old fritters, how skilled.

Worry about ears on the wall, first use domains to separate yourself from the outside world.

Li Tian learned another trick.

It turns out that the legendary soundproof enclosure is the domain!

"What's the matter with me? Isn't it the one who came to ask the guilt?"

I rub!

The woman was really embarrassed to say.

"How dare, how dare! It's just that I have encountered a problem recently. If it is not handled properly, it may cause a conflict between us in the Colosseum. At that time, it is possible that the Eastern Palace Super God family will also intervene, so I want to fight you in advance. Say hello, so be prepared, after all, we are allies!" Li Tian said shamelessly.

No way, since it is an ally, and it has been said that it is a blessed and difficult ally, then this kind of crisis must always involve allies, otherwise there is no sense of existence for allies!

Hai Qin looked as usual and said, "You really will use the alliance!"

"You will praise me! But I am not proud!"

Haiqin finally laughed!

"I have done some investigations on the Colosseum in the past few days. I will first share my investigation briefly with you."

"First of all, the beast match held in the Colosseum is definitely not the previous beast match held every five hundred years. They have greater conspiracies and secrets. As for what the conspiracy is, I haven't found it out yet. "

"Secondly, the strength of the Colosseum is definitely not as weak as they have shown to the outside world. The Colosseum has at least more than 20 domain master-level powerhouses, and the super domain master-level powerhouse enshrines four people. You are in the channel. The four old ghosts I saw..."

Li Tianyixi said, "So you know, I think you don't care about me! It's just four old ghosts, and my people can deal with them!" Said this guy shamelessly to reach out to Haiqin Hands.

The result...Of course, it was just thrown away.

"Don't be happy too early, there are more powerful existences above these four old ghosts. Right at the top of the Colosseum headquarters, although he is well hidden, I still found some clues, but this is still How strong are the people who haven't shown up, now I dare not jump to conclusions!"

Li Tian's brows couldn't help but frown.

How good is this Nima!

The most powerful of Li Tian and the others are Little Tianyi and Parallel Goods, but their current cultivation base is also the super domain master realm.

This super domain master realm is relatively general. Both domain masters and super domain masters have strict levels. It is precisely because of the strict levels that domain masters and super domain masters are strong and weak.

Take Li Tian as an example, his cultivation realm is now the highest level of the domain master, and Li Tian's actual combat ability has reached the ninth level of the domain master on time.

While Xiao Tianyi's cultivation level before fainting was probably the third-level peak of Transcendent Master, parallel imports' cultivation base was the fourth-level peak of Transcendent Master, and Water Bird, slightly worse than Xiao Tianyi, had already reached Transcendent Master III. Mid-level.

The vicious dog that had already left by then, this one is a powerful existence at the eighth level of the super domain master.

And the Donggong Demon Eye, who was beaten by the evil dog for a second, his cultivation level was the pinnacle of Super Domain Lord's seventh level, and he was already a very powerful existence.

It is a pity that he encountered a more powerful dog than him.

Of course, all strengths cannot be absolutely divided by strength levels.

There are also various influences such as spiritual strength, martial arts, ethnic surprise, environment, and state.

Of course there is the most abnormal halo, haha, for example Li Tian!

Of course, Li Tian not only has aura, but also the Lord God's favor (it is the Lord God, I said to have light, but Li Tian's woman was stripped off...).

Otherwise, Li Tian would not be able to kill the domain master with the emperor-level realm!

The saddest thing is the material elder!

This guy was once a super domain master-level powerhouse. Even if the cultivation base fell to the domain master realm, it was a very powerful existence, but it was of no use. He met Li Tian and the obscene ***** of obscenity, he Who does not die?

It is precisely because he has achieved Li Tian's current cultivation.

Talk less gossip and return to the book.

No one in the Li Tianjun regiment can say that he can resist the demigod, no, even if he can hold the ninth-level super domain master.

Therefore, Li Tian naturally hit this kind of crooked brain on Hai Qin again.

The wise Haiqin of ice and snow naturally knew Li Tian's thoughts, and said with a slight smile: "Don't think about it! I can't take action. The best I can do is to contain the loneliness of the fish repair family and the fish repair family. He is the current patriarch of the fish repair family. The demigod, a little weaker than me! There is also the White Horse King Kong. I don't understand his cultivation base. I don't know if he has reached the demigod. Therefore, our other sea-monsters will help you in time!"

"White Horse King Kong? Hahaha, I know him..."

After Li Tian said it, it suddenly occurred to him that he didn't know White Horse King Kong at all. The connection between Baima King Kong and Li Tian is just a letter, and it is obvious that Baima King Kong uses the 'burn after reading' technique, just to let others know that he is in contact with Li Tian.

Li Tian didn't know why the White Horse King Kong would help him!

Hey, this relationship is really messy!

Haiqin continued: "In addition to the Colosseum, there are now four super **** families on the Beast Beast Island. The Donggong Super God family is the old monster mother of their family leading the team. There should be Donggong Jiangshan and Donggong under the team. Demon Tong and several other super domain masters, domain master peak powers, it's just that Donggong Jiangshan and Donggong Demon Tong encountered accidents during their mission..."

"I killed it!" Li Tian said with certainty.

"Killed by you? Haha! The strongest of the Eastern Palace Super God family is the grandmother, who possesses the cultivation base of the mid-level ninth level of the super domain master. If the grandmother wants to attack you, if I am not by your side, you immediately run away, don't Any hesitation!"

Well, despised!

If this is not true, Li Tian would not believe what he said.

"The Donggong Super God Family is secretly connected to the Sanlu Super God Family. The Sanlu Super God Family is leading the team this time, General San Lu, who is the strengthening of the Super Territory Master's seventh-level peak realm, and there are several other Super Territories. Master-level young man, you should also be careful of the Sanlu Super God Family!"

"The Super God Cultivation Family and the Super God White Horse Family have little to do with you, so I will not introduce them one by one. Besides, the ancient Lingwen family, they are led by Young Master Lingwen, who is the ninth level of the domain master. The pinnacle powerhouse, but these superdomain master-level powerhouses are hidden in their family, and the specific cultivation level is unknown! Little human race, almost every one of this race has the strength of the superdomain master realm, and the Donggong demon pupil And Donggong Jiangshan is dead in their hands, not you!"

Li Tian was instantly slapped in the face, no wonder Haiqin would haha him.

"This is impossible... Although it is not in my hands, it is also in the hands of my vicious dog!"

"Is this important? In the next few days, I will send someone to release the death cause of Donggong Demon Eye and Donggong Jiangshan. Do you say that I am promoting you? Or is it promoting the little human race?"

"Remember, the enemy's enemy is our friend!"
