

A Killer 4811

Chapter 4811: : Half-final, difficult victory

At this moment, Lingwen Beast suddenly released even more powerful spiritual power!

It was as if the Lingwen Beast was a ball of flame, and the flame burst out instantly.

boom!

The domain where the little blue tile was displaying was blasted away instantly, and if the spirit power of sparks splashed constantly hitting the surrounding area, a large area of land that had been specially crafted and treated on the ground would be lifted away in an instant, and the little blue tile was released. The area of the spiritual power mirror instantly increased by two or three times, resisting the impact of aura like these sparks.

The spiritual power mirror, under this impact, is like heated glass, constantly twisting, as if the mirror spiritual power will break in the next second.

But at this moment, the spiritual power of Xiao Qingwa's body suddenly skyrocketed, and the spiritual power mirror on the claws of Xiao Qingwa revealed an extra layer of light, cyan aura, and then another layer, golden aura. ...

The spiritual power mirror that felt that it was about to split in an instant has returned to normal because of the small blue tile's spiritual power. At this time, the spiritual power mirror is like sunglasses under the sun, shiny and extremely beautiful.

The aura released from Lingwen Beast still splashed around like sparks.

After blasting away the domain of the small blue tile, it blasted once again on the domain displayed by the master-level powerhouse of the Colosseum.

It's crackling, a whole mess!

And the curtain of that domain is like pebbles slamming into the water continuously, ripples.

In the audience, almost all the audience were shocked by this sudden scene!

"I...I'm not mistaken! Little Qingwa has continuously used the instantaneous domain, what a powerful existence this is!"

"But the more powerful one is Lingwen Beast, he even broke the small blue tile domain, and now even the domain master of the Colosseum is undergoing a serious test!"

"If, without this domain, do you think we would be bombarded to death in an instant, there is no possibility of even running away?"

"Please don't bring me in when you talk nonsense in the future! I don't want to die! Besides... the domain master-level powerhouse of the Colosseum has the help of a large array under the Colosseum, how could it be that way? Is it easy to be bombed?"

"Yes, don't forget that there are still so many super domain master-level powerhouses in these auditoriums, and the powerhouses of the super ***** family have expired, nothing will happen!"

The innermost auditorium of the Colosseum, there is a partitioned area here, just like a live broadcast room of TV and radio in the earth world, and the host and domain master of the Colosseum sit in it.

It's just that, except for the transparent surface of the Colosseum, the walls and floors of this space are all sealed, and people outside cannot see it.

At this time, the domain master of the Colosseum, his face flushed, and white gas was continuously ejected from his nostrils, and his body and skin were trembling slightly at this time.

Suddenly, with a click, the chair leg under the domain master-level expert broke instantly.

"Damn! I'm a domain master-level powerhouse, how could I easily break the domain by this kind of fighting beast!" The domain master instantly knelt on one knee and said with a pained expression.

This sudden change made the host not be light, and the host jumped up involuntarily and let out an exclamation.

"God...Oh my god, what did I see? Is this the real strength of Lingwen Beast? It's too powerful and terrible! However, everyone can rest assured that our Colosseum passes through the world. Manufactured by the imaginary spirit, the head of the craftsman, countless beast games have been held in the first Colosseum. Even if there is no domain master-level powerhouse, the Colosseum's own defense system will not let everyone. Threatened!" the host said.

After the host's explanation, the audience was relieved.

In the channel.

Tang Xiaolong exclaimed: "Little boss, this Lingwen Beast is really powerful. If we could avoid this Lingwen Beast, let Lingwen Beast and Ugly Fighting Beast meet in the semifinals, let them both It's great if the tigers fight each other!"

What Tang Xiaolong was talking about was nonsense. The entire schedule of the Beast Arena was arranged by the Colosseum, so how could it be as you wish.

Situ Ningbing's brows wrinkled slightly. She also knew that the Lingwen Beast was very powerful, but she didn't want to beat the Lingwen Beast to be so powerful.

Situ Ningbing looked at Li Tian who did not speak, but saw that Li Tian's face was as usual, and the corners of his mouth were even slightly raised, revealing a confident smile.

If it were not for Li Tian to have absolute confidence in the little blue tile who has advanced to the blood-eyed lion, he would not show such a smile!

In the audience, Xue Taoyu watched the game.

"Hey, little Qingwa, I know your goal is the mutant blood-eyed lion, but you want to fight with your fellow females, but you must win the battle in front of you to be eligible, and only you win Lingwen Fighting Beast, defeating Lingwen Fighting Beast, you can enter the finals!"

In fact, the initial arrangement of the Colosseum was not like this. Their plan was for Xiao Qingwa to meet the Mutant Blood Eye Leo in the next few rounds after he was promoted to the Blood Eye Leo, and then the Mutant Blood Eye Leo all the way. Singing forward, in the finals, the Lingwen Beast was beheaded and won the final victory.

But because he was worried that Li Tian would retire unruly, he could only change the schedule.

"Fortunately, everything is still going according to plan!" A smile appeared on Xue Tao's face.

In the audience, the mother no longer had any fantasies about any fighting beasts.

She already wanted to understand now, it was just a domain master level fighting beast. For a superdomain master level powerhouse like her, it was really easy to get rid of such a fighting beast.

It was too angry and too anxious at the beginning to think about unreliable methods.

And now, before the end of the fighting beast game, that is, seven or eight days, the mother can wait.

Fifth Shuiyue looked as usual. She was very concerned about Li Tian and also very concerned about Li Tian's fighting beast.

It is precisely because of this that she knows the strength of Xiao Qingwa, Xiao Qingwa cannot fall here, and it is even impossible to fall in the finals.

Xiao Qingwa's opponent was only himself.

Xiuyu looked at the Colosseum with a lonely gaze, but his line of sight was not on the Beast, but in the passage where Li Tian was.

"Li Tian, I don't want to be your enemy because of Chu Jiangnan, but..."

Baima Jingang glanced at the direction where the Super God Xiuyu family was, and then slowly closed his eyes.

Like an old monk entering concentration, his heart is calm.

Just like his letter to Li Tian, White Horse King Kong has already figured it out, and Xiao Qingwa will not fall down here!

"Li Tian, I just hope you can remember my kindness, when the time comes..."

Master Wu of the Little Human Race looked at the...passage, he was watching if Li Tian had brought the girl with Red Sleeve, if the girl with Red Sleeve had not come...

Master Wu looked at the Fifth Shuiyue again... with a serious face.

This is not a serious little human race, oh no, it is a little human race without seriousness!

Sanlv super **** family, general Sanlv looks as usual.

For him, this is just an ordinary beast match.

He never cared about who lost and who won.

Now, what he was thinking about was how he would cooperate with the Donggong Super God Family after the Fighting Beast game ended in seven days.

Calm was restored in the Colosseum.

The ground of the entire Colosseum seemed to have been plucked.

Everything was normal for Xiao Qingwa, but before he knew it, he had been pushed to the edge of the Colosseum, and behind him was the towering Colosseum wall.

This time the clash, it looks like the little blue tile is still slightly down.

However, after such a strong outbreak, the lines on Lingwen Beast seemed to be a bit dim.

Lingwen Beast still stood in the center of the Colosseum.

This is a look like Tarzan is equal to the front and the face changes. Of course, this one has no face.

As long as the little blue tile doesn't understand, this product seems to absolutely not attack first!

In the passage on the other side, Young Master Ling Wen was the first time he had watched Ling Wen beast fighting so close.

Originally Young Master Ling Wen thought that with this attack of Ling Wen Beast, even if he couldn't kill the small blue tile, he could at least be severely wounded, and the area of the Colosseum should also be blown away.

But he didn't expect Xiao Qingwa to be able to display its domain!

"Sure enough, the beast with human consciousness can only be stronger if you open your mind!" Young Master Ling Wen folded his hand, shook his head slightly, and continued: "It seems that I am very much in this beast game this time. It may be defeated! I am really unwilling!"

But what can you do if you are unwilling, this Lingwen Beast is not powerful!

"But it doesn't matter, I will fight Li Tian soon, and I will win it back then!" Young Master Ling Wen quickly figured it out, and said with a smile on his face again.

After finishing speaking, Master Ling Wen turned and walked out of the passage, he was no longer in charge of the Ling Wen beast in the Colosseum!

Since it is no longer possible for the Lingwen Beast to win, what use does he keep the Lingwen Beast?

The strongest blow!

The strongest blow that consumes more than half of the spiritual power of the whole body can be such a result, don't worry!

Of course, other people in Ling Wen's ancient family would definitely help him clean up the mess, so Young Master Ling Wen would be so pretentious.

...

At the top of the Colosseum headquarters, the old man with his wheels covered in white light stood in front of the window again, his withered palms shaking uncontrollably.

"Finally it's about to wait until this day, and there are still seven days left. As long as there are seven more days, my plan will be fulfilled. As long as it succeeds, all this effort is worth it!"

"The Colosseum will rise and become a powerful existence like the ancient family and the super **** family, and I...hahaha, will also become a powerful existence that will last forever!"

"Little blue tile, mutant blood-eyed lion, it's all up to you!" The old man's outstretched hand suddenly clenched, and the spiritual power on his body fluctuated slightly again.

Then, there was a violent cough in the room.

Chapter 4812: : Advance

In the Colosseum, Lingwen Beast seemed to have realized that he was abandoned and stood alone in the middle of the Colosseum!

Lingwen beasts are so rare because they are not ordinary ghost beasts.

This kind of ghost beast is born by nature, and it is possible to form after tens of thousands of years of nature's gestation. When it first formed, this kind of ghost beast could not become a ghost beast. They are like plasticine, hidden in the Lingwen. In the bamboo sea of the ancient family territory.

Every year, young talents in Lingwen's ancient family who have reached the age of fifteen and under the age of eighteen will enter the bamboo sea to find this special "ghost beast". Some people have great luck and can be in Zhuhai within three to five days. Find it in the sea, and some people have very bad luck. It is possible to waste three years here, and it may not be possible to find it.

The "Nether Beast" that was just recovered from the bamboo sea can't be called Lingwen Beasts. They need to follow their masters to practice the techniques passed down by the ancient Lingwen family in the long years to come. During the cultivation process, this ghost beast would continuously draw spiritual power from his master.

After several decades in the short term, and hundreds of years in the long term, runes will gradually appear on this ghost beast, and only when such runes appear, they are qualified to be called Lingwen beasts.

Of course, these Lingwen beasts are not the most complete form of Lingwen beasts, because the current Lingwen beasts still have no bones and are soft and lying. Only his master uses spiritual power to refine them and make them possess with the master. The ability to figure out his mind can be regarded as a complete Lingwen Beast.

In this process, the forms of these Lingwen beasts will also be fixed.

If their owners are normal humans, then these Lingwen beasts may become dragons, lions, tigers, leopards, bears and other forms of ghost beasts, or weapons such as swords, spears, swords and halberds, and if their If the owner is more aggressive, he will become a ghost beast like a wine bottle.

Young Master Lingwen's Lingwen Beast obviously encountered a second-hand master, so this Lingwen Beast had no eyes and no head, just like a wine bottle.

Of course, Young Master Ling Wen is the heir of the ancient Ling Wen family, and his fortune is not even better than the ordinary Ling Wen family.

For example, there are at least seven or eight Lingwen beasts, and these Lingwen beasts appear next to Lingwen in various forms, such as the folding fan in the hands of Lingwen.

Now, the performance of this wine bottle Lingwen beast disappointed Master Lingwen. Even if the Lingwen beast can get out of here alive, he has been abandoned by Master Lingwen. Waiting for the fate of this Lingwen beast is like being beaten in. The same as the concubines of Leng Gong.

But this guy can't speak, otherwise he would definitely kneel on the ground, and shouted, "No...no...please don't leave me!"

Jiuzun Lingwen was standing in the middle of the Colosseum. Although he couldn't speak, he didn't even think like Xiao Qingwa, but he could still feel a kind of autumn wind and warmth.

why?

I haven't lost yet, why have I been so abandoned?

Is it because of my honor?

But it's not my fault that I look like this!

It is better to die vigorously than to be abandoned and become useless. !

At this time, the Lingwen beast finally awakened a trace of human consciousness.

But this kind of consciousness is extremely extreme. At this moment, this Lingwen beast thought of exploding!

It seems that only self-explosion can break the domain displayed by this domain master, and only self-explosion can make his life brilliant.

As for the explosion, Lingwen Beast will return to the dust, and then wait for thousands of years.

Thinking of this, the lines on this wine bottle Lingwen beast suddenly sparkled again.

Surging spiritual power kept surging from inside the body to the veins, and the aura released from the veins radiated everywhere.

When it falls on the ground, a big pit will appear on the ground immediately. When it falls on the curtain of the domain, the curtain will tremble slightly, attacking the little blue tile's spiritual power mirror, and the spiritual power mirror will push The little blue tile slowly backed away.

"This... what does this Lingwen beast want to do?"

In the audience, a strong man immediately realized that the situation was wrong and subconsciously shouted.

"This... he is going to blow himself up!"

"Blast? Domain master level ghost beast wants to blow himself?"

"Oh my God, this Colosseum is going to be destroyed!"

The audience was in a mess in an instant. The vast majority of the audience, they just possessed the Venerable Level 5, Level 6, and Level 7, and 8 cultivation bases. How could they possibly endure the blow of the master-level powerhouse.

Not to mention them, even if it is a domain master-level powerhouse, it is impossible to survive this kind of self-destruction.

If it explodes itself, the island where this arena is located may completely fall and disappear completely on the vast ocean.

At this time, watching what fighting beast game, escape is the most important!

No one thought that in the semifinals, the battle between Xiaoqingwa and Jiuzun Lingwen would actually stage the scene of the first qualifying match.

Whoosh!

Whoosh!

There are constant Venerable-level spectators who flew up, and instantly escaped from this Colosseum, escaped from this island, and fled to the screen dozens of nautical miles away.

Domain Master Xue Tao wants to stop these audiences, but no matter how he yells, those audiences will not attack him at all.

"Damn it, why does this happen!"

"He must be stopped. In any case, this wine bottle Lingwen beast can't explode!"

"Where is Master Ling Wen? Damn, this is his fighting beast..."

However, at this time, the auditorium in the Colosseum had become a mess.

The host's voice was trembling, and he also yelled in Jiesdili: "Don't panic, don't mess, there are super domain masters at the Colosseum, there will be no danger..."

However, the panic has been caused, how can he stop it.

For a time, nearly 200,000 Venerable-level spectators in this Colosseum all fled. In the process of escaping, at least nearly a hundred Venerable-level powerhouses were directly injured and fell to the ground.

But even so, these Venerable Powers must climb out of here, otherwise they will be buried on this island.

"Mother, you must take action and help us in the Colosseum this time!"

"Xiuyu is lonely, your cultivation has reached the half-god state, as long as you take action, there will be no problems..."

The domain master Xue Tao and the Colosseum powerhouses on the scene have turned to the super domain master-level powerhouses and the super powers of the super **** family for help.

After all, it was the host's rescue, and no one would refute their face. Besides, this was just a self-destruction of a domain master-level powerhouse. It could still be easily dealt with with the cultivation of the mother, the lonely fish repairer, and the white horse king Kong.

However, the face of the Colosseum was lost.

But this is not the point. The point is that in any case the Colosseum must keep the small blue tiles safe, otherwise, this is really a steal!

However, they have forgotten one important point. In this Colosseum, it is the little frog and the wine bottle Lingwen beast that are really fighting.

Xiao Qingwa didn't want to make his promotion match look like this.

Xiao Qingwa suddenly gave up his defense, and his figure appeared in front of the wine bottle Lingwen Beast in an instant.

Whoosh!

Whoosh!

Whoosh!

Several auras shot out from the body of the wine bottle Lingwen beast, and directly shot through the spiritual protection layer of the little blue tile, penetrated the body of the little blue tile, and shot out from the other end.

At the same time, the thin, paper-thin spiritual mirror on the claws of Xiaoqing Vali had already slanted into the body of the Wine Bottle Lingyun Beast.

Tick!

Tick!

Seven or eight wounds appeared on Xiao Qingwa's body, and every wound was a penetrating wound.

At the wound, blood began to ooze slowly, and then slowly dripped down along the villi.

The fluff on Xiao Qingwa's body had been dyed blood red, and a pool of blood was left under his body again.

"It hurts!"

"Suffering such a severe injury, you must eat maltose!"

"Well, that's it. After the fighting beast game is over, I will go and ask Li Tian for maltose!"

Xiao Qingwa grinned in pain and looked down at his wound.

If you look at these wounds carefully, you can see that the wounds seem to have been burned by flames. The muscles at the wounds have shrunk, with a little burnt on the sides.

At this time, the lines on Lingwen Beast's body suddenly dimmed, and then half of the body of this wine bottle Lingwen Beast, which was like a bronze cauldron, slowly slid down, and then fell to the ground with a bang.

When Lingwen Beast gave up its defense and wanted to die with Xiaoqingwa, it had already exposed too many flaws and was directly cut by Xiaoqingwa.

Xiao Qingwa was the ultimate winner, but Xiao Qingwa did not have a hint of joy.

He even wanted to fight this Lingwen Beast in an upright manner, even if his little Qingwa was seriously injured, Xiao Qingwa also wanted to slay this Lingyun hand with integrity.

However, he didn't expect that this situation would become like this because of Master Ling Wen's spoiler.

There are no ordinary spectators in the auditorium.

As for those strong in the super ***** family, strong in the ancient family, strong in the mysterious family, or strong in the super domain master level, they seemed to have expected such a situation to occur, so they were not surprised.

The domain master next to the host had already been frightened and sweated all over.

This is the domain he used, but he couldn't stop the Lingwen Beast from exploding, and once the Lingwen Beast exploded in his domain, then he would definitely be the most impacted.

Now that everything is over, it really feels like a catastrophe.

The host next to him has been scared to pee!

He was really scared to pee, but now he behaves quite calmly, shouting with the same passion as before: "Little Qingwa...Little Qingwa did it! At this critical moment, Xiao Qingwa came forward and cut. Kill the Lingwen Beast!"

"He is not only the winner of this game, he is also the hero of this Colosseum! Let us remember his name, he is the blood-eyed lion-little blue tile!"

"Little Blue Tile-Advance!"

Chapter 4814: :shameless

No **** heard Li Tian's call, so no **** would come to rescue Li Tian.

Seven days passed in a flash.

During these seven days, the Colosseum continued to have fun.

However, anyone who has a snack can feel that the Colosseum is coming.

This time, no one pointed it out, but many strong people believed that if there was a conflict in the Colosseum this time, the scale of the conflict would far exceed the battle of Yecheng.

The Venerable is the standard equipment, the Emperor is the foundation, the domain master is the main force, and the super domain master is the core.

What's more, it seems that the Colosseum now has not only the super domain master-level powerhouses, but these powerhouses standing above the super domain masters are the key to determining the direction of victory.

These viewers know that once conflict breaks out, it will inevitably be a battle that will fall apart.

At that time, there may be danger.

However, curiosity made these strong men who were aware of the situation choose to stay.

If you missed the battle of Yecheng, you can't miss the battle of the Colosseum!

The finals were held at the Colosseum One, and it was still dark that day, and the staff of the Colosseum appeared at the Colosseum, and began to prepare for this most important day.

Outside the Colosseum, the spectators who had already bought tickets gathered together excitedly, waiting to check in.

"Little Blue Tile and Mutant Blood-Eyed Lioness, who do you think will win the final victory?"

"Do you want to talk about it? It must be a mutant blood-eyed lion!"

"That is, the host of the mutant blood-eyed lion, the right time, the right place, and the people, have already occupied, plus the strength of the mutant blood-eyed lion is already much stronger than the little blue tile, it is strange not to win!"

"Hey, I heard that the mutant blood-eyed lion seems to be a female brother of Xiao Qingwa. If this is true, it will be even more exciting!"

"Yes, I also heard about it, but the mutant blood-eyed lion is so ugly, why is it a female compatriot with Xiao Qingwa?"

The audience looked around and saw that there were no staff from the Colosseum on the left and right, and then said in a low voice: "According to one of my extremely good brothers, the mutant blood-eyed lion was not born like this from a mother..."

The surrounding audience suddenly became interested.

"Say it, say it!"

"It is said that at the time the Colosseum found nearly a hundred golden-eyed lions in the dark forest. However, the personnel of the Colosseum will only leave one of the female compatriots behind, and the others will be disposed of. Then, In total, the Colosseum brought back more than twenty golden-eyed lion cubs. These cubs grew up drinking blood water. When these cubs possess the cultivator-level strength, they must begin to undergo strict and cruel elimination training."

"Drink blood? I wipe it, the Colosseum is too abnormal!"

"More than that! Every beast stands out from the ***** battle. Even if it is an ordinary beast cultivated in the Colosseum, starting with a cub, it will eventually stand on the Colosseum. This beast will at least be killed. More than a thousand fighting beasts."

"The training that the Golden-eyed Blue Lion undergoes is even more rigorous and cruel. They also need to constantly bite other ghost beasts, and then come out of the corpses of these ghost beasts, and even if they can become qualified fighting beasts, these The golden-eyed lions need to go through more cruel internal fighting among the same clan!"

"More than 20 golden-eyed lions, only four will survive in the end. Then, the Colosseum seemed to have mastered some mysterious power and transformed these four golden-eyed lions. , As a result, these four fighting beasts became what they are now."

"You mean this mutant blood-eyed lion is not a female compatriot of Xiao Qingwa?"

"At least not all!"

"So that's it! But even if it's not all, it's a fateful showdown. Who would have thought that the little blue tile that slipped through the net could survive the cruel dark forest and become so powerful!"

"Now I am looking forward to it more and more!"

"It's just that this time I hope it won't be like the semi-finals again, it's too scary!"

"Hahaha..."

At this time, the sun has risen, and the staff of the Colosseum are organizing the audience to enter the arena in an orderly manner.

With 200,000 spectators, even if thirty-six channels are opened at the same time, it will not take a few minutes to enter all of them.

...

This day has finally come!

In the residence, Li Tian got up early in the morning, and then let a few little guys soak in the hot springs from the space where he brought Xiaoqing tile and Xiaoyasha into the Qiong Spear of the sky. Li Tian went into battle again and gave Xiaoqing his spiritual power. Tile massage, exercise muscles and bones.

By the way, I checked the injury on Xiao Qingwa's body with spiritual power, and it has completely recovered.

Of course, as a reward for Xiaoqingwa, the maltose that Xiaoqingwa wants to eat must of course not be less.

In the residence, Tang Xiaolong, Situ Ningbing, parallel imports, and waterfowl were all waiting for Xiaoqingwa and Li Tian. They were all ready to go.

Outside the residence, several staff members wearing Colosseum costumes stood up. It can be seen that these Colosseum personnel are almost all domain master-level powerhouses, and there are even two super domain master-level powerhouses.

When Li Tian was so involved in the opening ceremony, the Colosseum was also nervous, lest Li Tian would make another moth.

No, last night, these domain master-level powerhouses thought that Li Tian was standing outside their residence in the name of service. Today, just two days ago, two super domain master-level powerhouses wearing black robes also mixed into the crowd.

This time, Li Tian will not escape!

It wasn't because of the threat of the Colosseum, nor was it just because of Xiaoqingwa's request.

The door of the residence was opened, and Xiao Qingwa sat on Li Tian's shoulders. Li Tian led the Li Tian army and set out.

"You came out of my residence last night. Aren't you worried that Li Tian will run away?" Li Tian said bitterly when he just left the courtyard.

The expressions on these domain owners of the Colosseum suddenly became rich.

"Master Li Tian is a guest of our Colosseum. We are all serving for Master Li Tian. There is absolutely no meaning in Master Li Tian's words!" said a domain master.

Li Tian was happy.

Since you are here to serve, I would be rude to Li Tian if you are not allowed to serve.

"Ah~!" Li Tian staggered and suddenly fell to the ground. Then Li Tian let out a scream, clutching his legs with both hands, with a painful expression on his face, and said: "No way, my leg is broken, it hurts... ..It hurts! It seems that I will not be able to go to the Colosseum. Let's abstain in this beast match!"

The domain owners of these Colosseum were suddenly messed up.

Oh my god, you are a domain master, you can break your leg even when you walk?

Do you think we are idiots?

Also, your performance is too exaggerated, not real at all, can you pretend to be more like it?

However, what these domain owners are most afraid of is Li Tian's abstention.

Anyway, now that the game has not started, Li Tian can declare abstention, and, logically speaking, announcing abstention, the mutant blood-eye Leo won the championship, except that the audience did not buy it, this is really a happy scene for everyone.

But is the Colosseum to win the championship?

They paid so much, isn't it just for the little blue tile and the mutant blood-eye Lioness to meet in the finals?

"Master Li Tian... Master Li Tian... Don't you mind!"

Although it was a pretense, the staff of these Colosseum had to pretend to care about Li Tian.

"My leg is broken and I can't walk anymore! There is no way to participate in this beast match!"

The corner of the domain master's mouth was beating awkwardly.

Shameless! Shameless!

"Or, let's send Master Li Tian to the place to rest, and let Master Situ Ningbing or Master Tang Xiaolong accompany Xiao Qingwa to participate in the beast match?"

Li Tian waved his hand and said: "No, if I don't go, it will affect Xiao Qingwa's mood. Sometimes Xiao Qingwa will probably refuse to appear on the stage. Are you not here to serve me? Why don't you go to the Colosseum with me behind?"

"Just... the person in the black robe, come and carry me!" Li Tian pointed at one of the super domain masters and said.

This super domain master-level powerhouse wearing a black robe is full of black lines.

Not to mention the broken leg, even if both legs are amputated and sawed off, it will not affect the flight.

Li Tian is clearly looking for fault on purpose.

This superdomain master-level expert was slightly angry, and his aura fluctuated slightly.

He really wanted to interrupt Li Tian's two dog legs now!

The domain owner of the Colosseum standing next to Li Tian was shocked.

Super domain master-level adult, how can he be a character who can carry you Li Tian.

"Don't bother him with this kind of thing, let me come!" The domain master immediately squatted down, picked up Li Tian on his back and flew up.

Li Tian's shamelessness showed again: "Xiaolong, don't your legs hurt?"

"Ah~!"

Easy, Tang Xiaolong's leg was also broken!

Another poor domain master carried Tang Xiaolong on his back.

If it weren't for the lady who was worried about Situ Ningbing, the parallel imports and waterfowls were water ghosts and could not be easily exposed. It is estimated that the legs of Situ Ningbing, parallel imports and waterfowls would have to be broken.

For a shameless person like Li Tian, these domain owners of the Colosseum really have no choice.

Seeing that the people in the Colosseum were carrying Li Tian and Tang Xiaolong on their backs, the other venerables who kept flying high in the sky suddenly admired them.

"I see it, this is the service that can only be enjoyed after entering the finals, tusk, if I..."

The sky is big and the Colosseum final is the biggest.

If it were not for the overall situation, these domain master-level powerhouses would really want to throw Li Tian and Tang Xiaolong into the sea from a high altitude to feed the sea beasts.

...

At Colosseum One, Li Tian and Tang Xiaolong's legs miraculously recovered.

"Thank you so much to both of you. After the hard work of both of you, Xiaolong and I have got enough rest. You see, it's all right now!"

With that said, Li Tian pulled Tang Xiaolong into a cheerful dance of "Little Bear and Doll Dancing".

These domain owners want to cry without tears!

Nima!

How about you pretend to be a while, so that our faces can look a little better.

Seeing that Li Tian was about to fall, the domain lord hurriedly supported Li Tian, just like sending off the uncle Xiang, Li Tian, Tang Xiaolong and others entered the passage of the Colosseum.

"Huh! I don't know when I die, I still have the mind to play such tricks!" one of the black robe domain masters said coldly.

Chapter 4815: : The final begins

Colosseum One is full of seats.

The major super **** families, ancient families, mysterious races and super domain masters have also been seated.

Colorful flags fluttered above the Colosseum.

"Dear audience...Dear audience! After more than two months of competition, this year's Beasts Competition finally ushered in the finals. Today, there are Donggong Super God Family and San Lu Super God Family..." Start introducing the guests present.

Every time the host introduces a big power or a big person on the seat, these people will stand up and wave to the audience!

It's just that the audience has already seen these great figures in the opening ceremony and later in the competition. Now they naturally can't lift their energy. So no matter how enthusiastic the host is, the audience is still talking about what they are interested in. topic.

"Now I'm introducing the two beasts who have entered the finals. The first one is the mutant blood-eyed lion...cough cough, the ugly beast known to the audience. This beast is entering the semifinals. Before, he accidentally broke through and evolved into a blood-eyed lion. Now he has a domain master realm. That's right, you heard it right. This fighting beast has four heads, all of which are already domain master realms!"

"And his opponent, Xiao Qingwa, everyone is also very familiar. In the first game of the race, they have already broken through and evolved to the blood-eyed Leo. They have reached the realm of domain masters, and in the next game, it is all the way. Cleared the generals and easily reached the semi-finals. The semi-finals held 7 days ago must be still fresh in your memory. At that time, the opponent of Xiaoqingwa was the favorite Lingwen beast, and Xiaoqingwa was the half-cut Lingwen. finals."

"It's just that this fighting beast was also injured in the game. After seven days of cultivation, I don't know if it will affect his normal performance in this game! Let's wait and see!" said the host.

"Next, we welcome our beasts into the arena. The one entering the Colosseum from the east passage is our mutation...Blood-eyed Lioness!"

Rumble!

The metal fence rose, and the four-headed mutant blood-eyed lion rushed out. This time, the mutant blood-eyed lion ran a circle around the audience, and then screamed, no, four roars .

The roar resounded like thunder in the sky above the Colosseum!

The roar was intimidating, and in the audience, the timid audience was trembling slightly by the roar!

"champion!"

"mine!"

"Little Blue Tile!"

"To kill!"

Since the mutant blood-eyed lion reached the realm of the domain master, he has been learning to speak, but his mutant blood-eyed lion does not speak continuously, and can only say a few words at most.

Now, this mutant blood-eyed lion used these short words to swear that this is his home court, and here he is the master.

"Next, we welcome another of our participating beasts. The one who enters the Colosseum from the west passage is our little...blue...wa!"

Rumble!

The metal fence rose, Xiao Qingwa broke free from Li Tian's arms and rushed into the Colosseum.

There is no flaunting power, no screaming upwards.

However, the mutant blood-eyed Lioness would not let go of this opportunity for provocation.

Whoosh!

A huge figure flashed past, and the mutant blood-eyed lion had already appeared in front of Xiao Qingwa.

The four heads blocked Xiao Qingwa's smaller body from different directions.

What is this going to do?

The game has not been announced yet!

All the audience held their breath, wondering what will happen next.

"you!"

"Nowadays"

"Will be"

"Tear!"

The four heads of the mutant blood-eyed lion said grimly.

puff!

Xiao Qingwa seemed to be frightened, fart untimely!

Although the fart sound was very small, the audience heard it very clearly.

No way?

Could it be that Xiao Qingwa was frightened?

impossible!

Although Xiao Qingwa is small, he is also a blood-eyed lion. How can he be frightened by another blood-eyed lion?

The audience on the ring showed surprise expressions.

On the seat of the Donggong Super God Family, the mother finally laughed!

"Haha, little thing, do you finally know that you are afraid this time? It's a pity that it's too late! The mutant blood-eyed lion will definitely tear your body to pieces today!"

In the passage, Situ Ningbing and Tang Xiaolong couldn't believe their ears.

"Little Qingwa fart?"

"Ok!"

"Scared?"

"do not know!"

Li Tian is also full of black lines!

"I'll rub it! I knew I wouldn't eat so much maltose for this guy!"

Who knows that the little blue tile who already has the super domain master promotion will also fart!

Well, at least no one has ever heard a fart on this occasion.

On the Colosseum, the mutant blood-eyed lion was shocked.

What does this fart mean?

The four heads of the mutant blood-eyed lion sniffed their noses vigorously at the same time: the mutant asked!

Xiaoqingwa: Expert!

This is a dialogue between two blood-eyed lions.

puff!

In the auditorium of the Colosseum, the audience laughed at the same time!

Your sister, smelling fart has become an expert!

You are domain master level fighting beasts, and they are all high-level ghost beasts, do you want to be so funny!

"Hahaha!"

Li Tian laughed on the metal fence and shed tears

The mutant blood-eyed lion seemed to have realized something, and his four heads showed hideous faces at the same time, roaring at the little blue tile.

"I need to!"

"Tear!"

"Eat it!"

"you!"

Hum!

This time, it was a domain wheel guard cast by a super domain master-level powerhouse in the Colosseum.

Now, there is no need to hide their strength in the Colosseum, so their super domain master worship has also moved from behind the scenes to the front.

The strength of these two fighting beasts is extraordinary, and only the domain of the super domain master-level powerhouse will not be easily destroyed to ensure the safety of the audience on stage.

"Dear spectators, dear spectators, the game has not yet started. The Colosseum is already full of gunpowder. The next game must be very exciting. Now, please count down to ten with me...10...9...8...The game...began~" the host said.

With the host's 'begin' elongated ending, the game officially begins!

The four heads of the mutant blood-eyed lion bite at the small blue tile at the same time angrily, and the big mouth of the blood basin seems to tear the small blue tile into pieces in an instant!

Huh!

Xiao Qingwa's figure disappeared from these four heads in an instant.

When the little blue tile appeared again, it was already tens of meters away from this mutant blood-eyed lion.

"Teleport! Appeared!" an audience exclaimed.

"It's rare and weird, what's the matter? It is said to be teleport, even the appearance of domain is normal!"

As soon as the audience's words fell, a domain appeared between the little blue tile and the mutant blood-eyed lion.

It was performed by the mutant blood-eyed lion, in this domain, he is the absolute master.

"Want to escape?"

"Can't escape!"

Huh!

The mutant blood-eyed lion instantly teleported to the top of Xiaoqingwa's head. His sturdy limbs used to support his body stepped down from high altitude. On these limbs, the colorful and surging spiritual power condensed into sharp crystals. Smashed into the little blue tile!

If Xiao Qingwa is stepped on, his body is likely to be smashed into meat sauce!

Xiao Qingwa raised his head and looked up, his eyes firm, and his body also released five colors of spiritual power, and his forelimbs were upward, and on his forelimbs, these five spiritual powers formed a sharp thorn with a length of more than two meters. The two small blue tiles receded slightly bend, and suddenly exerted force.

"How is it possible? The domain owner of the mutant blood-eyed blue lion, the little blue tile can move?"

"That said, it must be that Little Blue Tile has at least broken through the mutant blood-eyed Lioness's control over him!"

Sure enough, at this time, the domain displayed by the mutant blood-eyed blue lion broke instantly!

However, this domain is not important. The purpose of the mutant blood-eyed lion is to use his absolute power to smash the little blue tile to death.

If the little blue tile wants to escape and avoid, then the mutant blood-eyed lion must use the domain in order to prevent him from escaping. Now that the little blue tile is trying to die by himself, and is facing the difficulties, should he continue to use the domain? It's not so important anymore.

One fell from the sky!

A Jedi counterattack!

The two figures met in mid-air, and slammed together!

boom!

Domain master to domain master!

This violent collision sound was louder than thunder, and the entire Colosseum seemed to tremble at this moment.

The domain displayed by the super domain master-level powerhouse also fluctuates slightly at this moment.

The collision of spiritual power, spiritual power wanton!

The five colors of spiritual power cover the small blue tile and the mutant blood-eyed lion wheel!

Then there was a loud bang!

In the spiritual smoke, a shadow quickly fell down and hit the ground.

The ground trembled, and even the entire stadium of Colosseum One shook violently a few times!

It was like an earthquake. The audience on the stage felt their heads sink, but the shaking had ended.

"Who's winning?"

"I do not know!"

"Does this need to be asked? It must be a mutant blood-eyed lion. It is condescending to approach him, and his four heads are indeed stronger than Xiao Qingwa!"

Regarding the analysis of this audience, the vast majority of the audience has no objection!

It seems that the Mutant Blood-Eyed Lioness's victory is a logical and expected thing.

Of course, if you look at the approval rate through the amount of bet this time, the approval rate of the Mutant Blood-Eye Lioness is far stronger than that of Xiao Qingwa!

"I can't see it. Just now I clearly heard the scream of a fighting beast, and that sound seemed more like the voice of a mutant blood-eyed lion!" One of the few viewers who supported Xiao Qingwa insisted.

"Does it use so much noise? You can see the result soon! Maybe the winning or losing of this battle will be decided!"

In the Colosseum, the surging spiritual power gradually decreased.

The spiritual power of the wheel cover on the two fighting beasts also slowly dispersed.

A huge hole appeared on the ground of the Colosseum!

The mutant blood-eyed lion is pressing on this big pit!

"The outcome has been determined, and the little blue tile has been crushed to death inside!"

Suddenly, someone exclaimed: "Look, look...little...little blue tile is actually on the mutant blood-eyed lion!"

Chapter 4816: : The best partner

The audience took a closer look and found the small blue tile on the huge body of the mutant blood-eyed lion.

A spiritual force spike over two meters protruded from the claws of the little blue tile, and it had all pierced the back of the mutant blood-eyed lion, and blood was slowly leaking from the wound.

The little blue tile is like a dragon-slaying warrior. Standing on the back of this mutant blood-eyed lion, it's just that the size of the little blue tile is too small, and the color of the fluff on his body is the same as that of the mutant blood-eyed lion. It's the same, if it weren't for the red circle around the neck, I'm afraid the audience would not have spotted him.

Hum!

There was a burst of discussion on the scene.

"How is it possible? Am I wrong?"

"What happened just now? Little Qingwa is clearly below. How could he appear on the body of the mutant blood-eyed lion instead?"

"Impossible! Absolutely impossible!"

These audiences still can't believe everything in front of them!

In the innermost auditorium, Master Xue Taoyu stood up abruptly, his face also showing shock.

Although he was very close to the Colosseum, the battle took place in front of his eyes, but he was stunned that he could not see what had happened.

"Could it be... Could it be possible that our plan will be subject to change?"

"No...impossible! Certainly not!"

"I want to reach the super domain master level, I will never allow any accidents to happen!"

Domain Master Xue Tao rushed to the railing in an instant, and shouted at the mutant blood-eyed blue in the Colosseum across the domain: "Mutated blood-eyed blue lion, stand up for me and go to fight!"

The East Palace Super God Family, which is the closest to the Blood Medicine Domain Lord, raised her eyebrows slightly.

"Sure enough, if there is a master, there must be a slave! Like Li Tian, he is a shameless and shameless person!"

The movements of the little blue tile and the mutant blood-eyed lion were great, and the spiritual power released was enough to block the sight of other venerables and even the domain master-level powerhouses, but the grandmother of the superdomain master-level peak could see clearly.

The two fighting beasts collided in mid-air, and the small blue tile only resisted for a while before being pushed down from high in the air.

However, at this moment, the little blue tile suddenly disappeared. In the next second, the little blue tile appeared on the back of the mutant blood-eyed blue lion, and then Xiaoqing successfully attacked!

If the little blue tile is teleporting, any slight fluctuation in spiritual power will cause the discovery of the mutant blood-eyed lion, and the little blue tile's sneak attack will definitely not succeed.

"You can't go wrong, it must be Xiaoyacha! Li Tian, the fighting beast that can disappear out of thin air without any spiritual power fluctuations!" Mother thought in her heart.

The truth is so!

Since your mutant blood-eyed lion has four heads, don't blame Xiao Qingwa for finding a helper too!

And this best helper is of course Void Yasha!

In the passage, Li Tian laughed haha.

"Sure enough, Xiaoqingwa is now more and more of my style!"

"The same shameless!"

"Can I be your compliment to me?"

"Yes!"

"Well, I will not be proud, I will continue to work hard!"

there is always a solution to a problem!

No matter what the Colosseum has plans, their ultimate goal must be Xiaoqingwa. In that case, Li Tian only needs to make Xiaoqingwa the most popular victory!

Li Tian's eyes moved involuntarily to a spot vacant in the VIP auditorium of the Colosseum.

That azure blue cane is placed here.

How dazzling, dazzling makes people feel refreshed.

"Hey, I Li Tian said that I would come to take away the quasi-artifact, it seems I will do it soon!" Li Tian thought in his heart.

However, at this moment, things changed again in the Colosseum.

The mutant blood-eyed green lion that was pierced by a sharp spirit pierced its body seemed to have heard the call of the master Xue Taoyu, and suddenly jumped out of the pit, ignoring the blood on his body, his four heads, eight fronts With surging spiritual power, the claws grabbed and bit at the small blue tile.

Huh!

The little blue tile teleported again, but it had already appeared hundreds of meters away.

"Xiaoyasha is right. Although this mutant blood-eyed lion has a strong cultivation base, his body is too large. When encountering a petite and powerful fighting beast like me, his huge body does not have any advantage. !" Xiao Qingwa thought in his heart.

Yes, it feels like a fight between a lion and a mosquito.

No matter how strong the lion is, he wants to kill the mosquitoes and slap the mosquitoes to death, it is definitely not easy.

Of course, the body of the mutant blood-eyed lion is bigger than that of the lion, and the body of the little blue tile is also much bigger than the mosquito bite.

However, the truth is the same.

And this is the weakness that Xiao Yasha discovered during the battle with the mutant blood-eyed lion.

Of course, this weakness is not the only one. With the help of Xiaoyasha, Xiao Qingwa has taken the initiative and advantage.

...

The battle continues!

The host's voice kept ringing over the Colosseum.

"Simultaneously, Xiao Qingwa used teleport to avoid it!"

"Shine! The mutant blood-eyed lion has caught up!"

"Domain! This time it is the field where the little blue tile is displaying! The space of this field is very small, and it can only trap the mutant blood-eyed blue lion in it!"

"Broken! Although the mutant blood-eyed lion is injured, it does not seem to have been affected much. It has already broken through the small blue tile domain in a flash. From this aspect, the strength of the mutant blood-eyed lion It must be on top of the little blue tile!"

No matter how the host blows, the audience in the audience has maintained a sense of reason, and they can see that after taking advantage of the small blue tile, he is not actively continuing to attack, but is constantly evading and non-stop. To avoid.

However, on the ground of the Colosseum, the blood flowing down from the mutant blood-eyed lion of the fighting beast!

The little blue tile seemed to be waiting for a chance to kill the mutant blood-eyed lion with one blow.

It's just that the mutant blood-eyed lion doesn't know.

"Are you scared?"

"Damn bastard!"

"Don't run away!"

"Come to fight!"

Each head of the mutant blood-eyed lion was full of anger, and each of his heads was roaring at the little blue tile.

"moron!"

"Big ugly!"

"Ugly pigs make more trouble!"

"Expert!"

Little Qingwa's body continuously teleported, constantly avoiding the attack of the mutant blood-eyed lion, but Xiao Qingwa's mouth did not show any weakness.

The mutant blood-eyed lion could feel the blood flowing from his wound. With the blood flowing, the body he supported seemed to start to react a little slow. He wanted to stop and control his spiritual power to stop the bleeding.

However, once the mutant blood-eyed lion stopped attacking, the little blue tile immediately countered, and the speed of the little blue tile was faster, and the counterattack seemed to be stronger.

"Domain! This time it is the domain displayed by the mutant blood-eyed lion. He seems to want to control the little blue tile in the domain, but has he forgotten that his domain cannot control the little blue tile. This is futile. !"

"Sure enough, the domain of the mutant blood-eyed lion was broken! I seemed to feel a hint of danger. The mutant blood-eyed lion's reaction slowed down, and his attack weakened. The little blue tile started to fight back!"

"Look at it, the counterattack is so sharp, it seems that it can hurt the mutant blood-eyed lion at any time. If it is not good, the mutant blood-eyed lion can't stand it anymore. He is shrinking, he is giving way, and the battle situation is instantly reversed! "The host is explaining.

However, at this moment, the head of the mutant blood-eyed lion showed a grim smile.

"Domain! Gosh, what did I see? In the field, in the field in the field, in the field in the field! The four layers of fields are generated continuously, and the little blue tile is trapped in this field!"

That's right, the mutant blood-eyed blue lion knew that being unable to attack for a long time would put him in danger, so he deliberately showed weakness in order to make the little blue tile underestimate the enemy, and then he counterattacked and killed the little blue tile with one blow.

Now, done it!

The mutant blood-eyed lion trapped the little blue tile directly in the domain he was displaying, and it was a four-layer domain where four heads were simultaneously displaying!

In the audience, the audience couldn't believe what happened before their eyes.

In the domain of the domain, this is the first time they have seen it in the Colosseum.

However, now there is a fourth-level domain, no, plus the outermost domain, this is already a fifth-level domain!

Even if the little blue tile can break through the domain, how can he break through the four layers of domain continuously?

And will the mutant blood-eyed lion give him another opportunity to break through these four layers in succession?

Obviously, it will!

When the mutant blood-eyed lion was shaking his head triumphantly, a small figure suddenly appeared on his wooden head. It was the little Yasha who lost to the mutant blood-eyed lion in the semifinal!

"Blade of the Void!"

The void placed on the head of the mutant blood-eyed lion was instantly torn, and then a huge suction from the void sucked the wooden head in again!

The audience looked silly!

After the praying mantis catches the cicada and the oriole, no one thought that this guy would come out in the end.

Haven't you been eliminated in the semifinals?

Why has he become Xiao Qingwa's helper now?

How can you be so shameless.

However, no matter whether it was shameless or not, Xiao Yasha once again controlled the mutant blood-eyed lion.

Moreover, this is really under control.

If Xiaoyasha doesn't take the blade of the void, the mutant blood-eyed lion will not be able to break free!

Of course, his other three heads can kill the relatives righteously, cut off this wooden head, and then run away in an instant.

However, it is obvious that the other minds do not have this idea.

The mutant blood-eyed lion was in a panic, and his other three heads kept thinking about fleeing in other directions, not wanting to be sucked into the void by this void blade.

boom!

boom!

boom!

boom!

The little blue tile broke through the four layers in a row!

Huh! Xiaoyasha teleported to Xiao Qingwa's side.

"My strength is limited. I don't have much time to control him. I'll leave it to you! If you can't win anymore, then I'm really disappointed!"

"Look at my performance!!"

Xiaoqingwa and Xiaoyasha even high-five to celebrate.

Whoosh!

A cyan figure flashed through the air, and in less than a second, the little blue tile had instantly appeared beside the mutant blood-eyed lion and then plunged directly into the wound of the blood-eyed lion.

Chapter 4817: : The Mutation of the Little Blue Tile (1)

After the little blue tile entered the body of the mutant blood-eyed lion, the void blade trapped on the wooden head disappeared!

It's as if Sun Monkey flew into Princess Tiefan's belly and messed with Princess Hemlock.

Xiao Qingwa got in from the wound and immediately began to destroy the body of the mutant blood-eyed lion.

Ouch!

Ouch!

The four heads of the mutant blood-eyed lion kept screaming!

His four heads bit his body madly, trying to tear the little blue tile out of it.

"Crazy, crazy!"

"Is this mutant blood-eyed lion already crazy! It's actually biting his body like crazy!"

In the audience, Master Xue Taoyu jumped into a rage.

At this time, he wanted to rush into the Colosseum to help the mutant blood-eyed lion fight together.

But he can't!

Although he can't, it doesn't mean that others can't!

In the host's live broadcast room, the superdomain master-level powerhouse wearing a black robe had a slight sneer on his face.

"How many years have we prepared for the Colosseum for this day, how can we allow you to destroy it! Little Blue Tile, from the time your cultivation reaches the Emperor Realm, you are destined to be the goal of our Colosseum!"

Hum!

The Colosseum, this area of the wheel cover on the Colosseum began to fluctuate slightly!

The mutant blood-eyed lion that seemed to be mad just now kept gnawing at his body and calmed down!

In the body of the mutant blood-eyed lion, the small blue tile that was destroying the body and the veins of the mutant blood-eyed lion felt his body involuntarily slipped out, as if someone stretched out his arm to push him out. Pull the same.

The shamelessness of the Colosseum is once again fully demonstrated!

In the auditorium, most ordinary audience members did not know what was going on. All they saw was that the mutant blood-eyed lion stopped struggling, as if it had already resigned.

The slight fluctuation of spiritual power still caused the gap between Li Tian in the channel.

Li Tian's eyes widened!

"I'm **** your mother! How can you be so shameless? Actually doing tricks on the domain!"

"Parallel, water bird, break this domain for me!"

At this moment, in the auditorium, Fifth Shuiyue coldly snorted, "Are you going to be shameless? All sorts of calculations by Elder Li Tian of our Nether Academy, I just closed one eye. However,

now entering the finals, even under the full view of everyone, still engaging in such small moves, really when we super domain master-level powerhouses are fake?"

The voice of the Fifth Shuiyue elder echoed over the Colosseum!

Hum!

An even more powerful force gushed out of the fifth Shuiyue Elder's body, and directly blasted on the domain displayed by the super domain master-level powerhouse of the Colosseum.

The curtain of this domain shook abruptly a few times, and then it fell apart like a cracked glass shell.

Ouch!

Ouch!

The mutant blood-eyed lion roared continuously, and blood burst from his body instantly. The body of this mutant blood-eyed lion was immediately stained red with blood, and his body was almost completely devoid of complete skin. fur.

Even if the audience on the scene were fools, they knew that it was the Colosseum who was making ghosts again, and they were discovered and destroyed by the Fifth Water Moon Elder!

The audience is angry!

They feel that they have been fooled!

Yes, their strength is not strong, and they cannot fight the Colosseum, but... they are also qualified to express their anger!

"Little Blue Tile... Little Blue Tile..."

These audiences support Xiaoqingwa with what they can do.

In the beginning, only the gamblers and spectators who bet on the little blue tile to win were shouting, and soon this voice spread from all corners of the Colosseum.

"Little blue tile...little blue tile...little blue tile!"

At this moment, the mutant blood-eyed lion screamed again, and then one of the heads fell weakly. The two blood-colored eyes on this head gradually turned dead gray, and the spiritual power on this head should also dissipate. , There is no spiritual fluctuation.

The mutant blood-eyed lion represented by this head is dead!

Then came the second head... the third head... the fourth head...

In just a few minutes, the incredible mutant blood-eyed lion fell to the ground and turned into a corpse!

And the little blue tile still stayed in the corpse of the mutant blood-eyed lion, he looked for the beast crystal in the corpse!

This is the beast crystal of the domain master-level ghost beast. If used for cultivation, it can cultivate a powerful person of the ninth level or even the emperor level.

"Little Blue Tile..."

"Good job!"

The audience shouted excitedly.

"Little Blue Tile!"

"Little Blue Tile!"

All the audience were shouting the name of Xiao Qingwa, and they waited for Xiao Qingwa to come out of the body of the mutant blood-eyed lion and accept the worship of their 200,000 people.

Li Tian had already taken Situ Ningbing, Tang Xiaolong, and parallel imports from the passage, entered the Colosseum, and came to Master Xue Taoyu.

"Domain Xue Tao, I'm not welcome with this quasi-sacred tool!"

Li Tian didn't wait for Xue Taoyu's master to react. He leaped and jumped to the high platform where the blue cane was placed. He reached out and took the quasi artifact in his hand, then raised his arms and shouted, "Little Qingwa, he is The well-deserved king of beasts!"

From the audience, there was once again a roar like a tsunami.

Domain Master Xue Tao's heart is full of anger!

The bamboo basket fought for nothing, and the mutant blood-eyed lion lost to the little blue tile, which was completely unexpected to him.

"Lord Li Tianyu, please put that quasi-artifact back to its original position!" Master Xue Taoyu said coldly.

Li Tian smiled slightly and flipped through it. He had sent the Quasi-Artifact into the space of Void Yasha!

How can you just give up the artifact you got!

"Master Xue Tao, isn't this quasi-artifact not the champion prize of this Beast Contest?"

"Yes!"

"Then my little blue tile is the final winner?"

"Yes!"

"Then I am surprised. Since Xiaoqingwa is the champion, and this quasi-artifact is the champion prize, why should I put back what should belong to me? There are hundreds of thousands of people in this Colosseum. Looking at the domain master Xue Tao? Instead of entangled with this, the domain master Xue Tao might as well investigate the matter of the domain master arbitrarily intervening in the fighting beast game in the game just now!" Li Tian said aggressively.

Master Xue Taoyu's face sank and said, "Master Li Tianyu, if I want to say that the reason why my Colosseum interferes with the beast competition without authorization, it is also because someone violates the rules of the game, hum! Your beast Xiaoyasha is in the semifinals. China has lost to the Mutant Blood-Eyed Leo and has lost the qualification to enter the finals. However, Xiaoyasha participated in the finals without authorization, which changed the course of the game. I think everyone in this room is obvious to all. !"

"Now, I persuade Lord Li Tianyu to put the quasi-sacred tool back first, and then accept our Colosseum's trial. Otherwise, you are a provocation to the Colosseum. Don't blame the Colosseum on you, Li Tianyu. !"

What Xue Taoyu said seemed pretty good, but there were also some people in the audience who believed that it was indeed Li Tian who was at fault.

If so, the Colosseum arbitrarily intervenes in the game process, but it is maintaining fairness and justice!

Li Tian sneered and said, "I can't agree with Xue Tao's words! I did have a small Yasha who was eliminated in the semi-finals, but what proof do you have that the eliminated Xiao Yasha came out today? Where is Xiaoyasha?"

Huh!

Huh!

Two figures flashed past, but Dixing Yasha and Feitian Yasha had already appeared on Li Tian's shoulder.

Then Li Tian's heart moved, and Void Yasha also fell on Li Tian's head in a flash.

"I...I rely on, Li Tian actually has three identical Xiaoyasha fighting beasts!"

"Isn't the eliminated Beast beast and the Xiaoyasha that just appeared on the Colosseum?"

"Looking at Li Tian's firm eyes, I'm afraid it's really the case!"

Di Xing Yasha, Feitian Yasha, and Void Yasha, these three Yashas are somewhat different in appearance, especially Feitian Yasha, with a pair of meat wings behind them! However, after Li Tian's meticulous dressing, it is difficult to find the direct difference in appearance between Dixing Yasha, Feitian Yasha and Void Yasha!

At this time, the three Xiaoyachas were wearing the same costumes and had the same appearance. Except for a few people such as Li Tian, it was impossible for others to see the difference between them.

"Master Xue Tao, I admit that a small Yasha was eliminated in the semifinals, but I am not the one who played today! Presumably, Master Xue Tao should have no objection now!" Li Tian said with a sneer.

Domain Master Xue Tao was a little dumbfounded.

Li Tian actually had three identical Xiaoyashas, he had never gotten this information before!

Domain Master Xue Tao seemed to feel that there was something wrong in it, he wanted to know whether these three Xiaoyasha had the same ability.

However, Li Tian didn't give him any more opportunities, and directly sent the three small Yasha into the space.

There is no rule that the beasts produced in the beasts cannot appear in combination. Formally, therefore, the young master of the void took the small glutinous rice ***** to the battle, but it was not stopped. Instead, the Colosseum increased in the subsequent beasts. Some restrictions on Void Yasha.

"This this....."

Domain master Xue Tao has some words!

Li Tian just shamelessly refused to admit that he had interfered in the beast match, and he insisted that Xiaoqingwa and Void Master are an inseparable combination. The reason why it was revealed in the finals was because of the six hole cards in hand.

"My son should be rude!"

A voice came from the sky, and then a white light flashed.

An old man with his whole body covered in white light slowly descended from the sky with an unmatched aura!

This old man is the white light old man in the top secret room of the Colosseum headquarters.

The old man Bai Guang appeared on the stage with his aura, and nearly 200,000 ordinary Venerable spectators were instantly deterred by this aura and thumped! thump! Kneeling down one after another.

"God... turned out to be a strong demigod!"

Chapter 4818: : The Mutation of the Little Blue Tile (2)

Ordinary Venerable-level powerhouses have already knelt down, and those super **** families, ancient families, mysterious races, and super-domain master-level powerhouses also showed surprise on their faces.

What is hidden?

Unconsciously, this Colosseum already had a god-level powerhouse.

No wonder the Colosseum is so confident!

What exactly does the Colosseum want to do?

"Lord Li Tianyu, the children have offended so much just now, please forgive him! As for the matter of our Colosseum's unauthorized intervention in the game that Li Tianyu said, our Colosseum will naturally give you an explanation..."

When the white light old man said this sentence, the aura on his body suddenly increased, and a powerful aura that surging to make the hearts of the super domain masters trembles from his body, suddenly, this white light old man suddenly Earthmoving stretched out his hand, the superdomain master-level expert who was still in the host's 'live room' just flashed a black shadow, and it had fallen into the palm of the white light old man's hand like dry wood.

Click!

This super domain master-level powerhouse, before he could say a word, he already obediently went to receive a box lunch!

Present, everyone was shocked by the aura of the white light old man.

This is a super domain master-level powerhouse, who was so easily beheaded.

Everyone, even a strong person like the mother, felt a slight chill on the back of their neck.

"Is this way of handling me, is Lord Li Tianyu satisfied?" said the old man Bai Guang.

Li Tian was almost scared to pee.

Your sister, the superdomain master-level powerhouse, and the superdomain master-level powerhouse in your Colosseum, has just been used by you, so you can kill it easily. Do you still have electrohumanity?

Even though Li Tian had seen Chu Jiangnan, the water ghost millet, the sea-monster girl, and the loneliness of Xiuyu, so many demigod-level powerhouses, but Li Tian was still trembling by the voice of the white light old man.

"Full...satisfied..."

"Satisfaction is good! Lord Li Tianyu, your little blue tile has won the final victory of this beast match. Our Colosseum wants to invite Lord Li Tianyu and your beast to stay in this Colosseum for a few days, presumably Li Tianyu The Lord won't refuse!" The white light old man suddenly stretched out his hand, with his dry palm, suddenly grabbed Li Tian's arm, and said in a cold voice.

Guru!

Li Tian only felt that his whole body seemed to be controlled by a powerful force. He swallowed saliva involuntarily in his throat. He wanted to say, 'I have work to do, so I won't disturb the Colosseum!', but since The voice from his throat was: "Thank you for the kind invitation from the Colosseum. It is better to be respectful than to obey!"

Li Tian felt that this voice was not his voice at all, and this was not what he wanted to say first!

Is this the strength of a demigod realm powerhouse?

Li Tian's heart kept trembling, this time it was really because of fear!

Thinking back to Li Tian's appearance in front of Xiuyu loneliness a few days ago, Li Tianzhen felt that he was really impatient at that time!

Cultivators, venerables, domain masters, super domain masters, demigods, there is no end to cultivation!

At this time, Li Tian really missed his days in the earth world.

"Hahaha, Li Tianyu is a master of the times. Although the final of the Beast Contest is over, this little blue tile competition has just begun. Why don't you continue to watch the little blue tile one-man show with me?" Said in an indisputable voice.

Everyone present, only Xiuyu Lonely broke through to the half-god state, and only he was the most qualified to say no.

But Xiuyu was lonely but looked as usual, and sat down slowly.

The powerhouses of other super **** families, ancient families, and mysterious races also sat down one after another without saying a word.

In this way, Li Tian was controlled by the old white light, and accompanied him to sit in the seats belonging to the Colosseum. Although Situ Ningbing, Tang Xiaolong and others were unwilling, they could only sit in the Nether Academy with Fifth Shuiyue. Location.

"Elder Shuiyue...little boss...little boss does not matter!" Tang Xiaolong asked anxiously.

At this time, Tang Xiaolong was also shocked by the white light old man, but as he was only at the Emperor-level realm, it was not easy for him to face a demigod-level powerhouse without kneeling.

Of course, this is also because the demigod-level powerhouse, the old white light, did not really display the power of the demi-god, otherwise the body of the 200,000-level power-level audience at the scene will be cut into pieces by the power of the demi-god. The entire Colosseum One will flow in blood.

More of course, the body of the old white light couldn't let him release the power of a demigod.

"Elder Li Tian Jiren Tianxiang, there must be no problem!" Fifth Shuiyue said comfortingly.

Fifth Shuiyue had no bottom in her heart at this time, but she couldn't tell the truth at this time!

Situ Ningbing's complexion was as usual, and her heart was more pinning her hopes on Haiqin, the sea-monster clan girl, but so far, Haiqin has not appeared.

"The Colosseum, if there is anything wrong with Li, Situ Ningbing will not give up!" Situ Ningbing thought in his heart.

On the seat of the East Palace Super God Family, the mother was not happy or angry, as if she already knew the cards of the Colosseum.

"Li Tian, this time our Donggong Super God Family, Sanlu Super God Family, and Xiuyu Super God Family are united. With the addition of the Colosseum, you will not be able to fly with wings!" A smug smile appeared on the mother's face.

Lingwen ancient family.

Young Master Ling Wen, the powerhouse of the ninth-level peak realm of the domain lord, seemed a little inadequate at this time.

"Brother Li Tian, since you and I have agreed to a battle, even if you are about to die, Lord Ling Wen will fight you before you die... Well, that's it..." Young Master Ling Wen thought in his heart .

Xiuyu looked at the Colosseum with a lonely expression!

White Horse King Kong closed his eyes and rested, as if the whole world had nothing to do with him.

Master Wu of the Little Human Race said with regret: "Lord Li Tianyu, if you are unpredictable... I will take care of the Fifth Water Moon Elder for you!"

...

In the center of the Colosseum, the body of the mutant blood-eyed lion fell to the ground.

Everyone just said a few words, the body of this mutant blood-eyed blue lion has begun to rot quickly!

The flesh and blood on the corpse of the mutant blood-eyed lion had turned black at this time, and blood was still flowing from far away. This feeling was like a box of ice cream falling on the ground in midsummer.

The air is filled with an unpleasant smell of rotten flesh, which is pungent, like strong sulfuric acid in front of your nostrils, making you feel nauseous.

The little blue tile is still inside the body of the mutant blood-eyed lion.

All the strong men are very curious, what exactly does the white light old man want to see, is it just watching the corpse decay in the sun?

This hobby is too...the taste is heavy!

At this moment, the corpse of the mutant blood-eyed lion suddenly jumped!

That's right, that was already dead, and the rotting body would jump?

hiss!

A sound like a piece of cloth being torn apart came from the body of the mutant blood-eyed lion, and then, a huge gap cracked in the body of the mutant blood-eyed lion.

Immediately afterwards, a light radiated from this gap!

hiss!

hiss!

hiss!

On the corpse of the mutant blood-eyed lion, the sound of the cloth being torn was constantly heard. Without a sound, there would be an extra gap in the corpse, and the light inside would radiate from it.

What's inside the body of the mutant blood-eyed lion?

Needless to say, there is only the little blue tile. Could it be that the light is released from the body of the little blue tile?

Is the purpose of the Colosseum to be a small blue tile?

This answer is ready to come out, even if the brain is on the lap of the eldest son, he can already think clearly and understand.

But what happened to Xiaoqingwa? What kind of changes will happen?

There was such an expectation in the hearts of everyone present, looking forward to the next change of Xiao Qingwa.

Next to Li Tian, Domain Master Xue Tao couldn't help showing a fanatical expression on his face.

I didn't do it, it was a fanatical expression.

Although various accidents have occurred, things are still going on according to the second set of the Colosseum plan.

If the mutant blood-eyed lion can defeat the small blue tile in the final of the Colosseum game, then this is the most ideal way. Then the Colosseum does not need the white light old man to go out in person, the Colosseum can retain the quasi-artifact, and they The plan can also be completed.

And if there is an accident and the mutant blood-eyed lion is defeated by the little blue tile, then the Colosseum will open the second set of plans, and the appearance of the white light old man is the second set of plans!

Only in this way, the Colosseum will inevitably give other super-god families and ancient families the words to overpower others, but... what can be done? As long as the plan is successful, the Colosseum will always have a god-level powerhouse, and other super-god families, even if they have opinions and ideas, then have to weigh whether it is worth the conflict with the Colosseum.

Domain Master Xue Tao seems to have seen the hope of victory.

"Superdomain master level powerhouse...Haha, I will soon become a superdomain master level powerhouse!"

The white light old man, his entire body was now covered by the white light, and he could see his appearance clearly.

However, as the corpse of the mutant blood-eyed lion in the center of the Colosseum changed, the spiritual power of the white light old man surging more and more, and the white light covering him would also slowly fluctuate.

Li Tian accidentally saw the face of the white light old man. Although that face was only flashed by, it was covered by the white light wheel again, but Li Tian felt as if he had seen a ghost, and his whole body was shaking involuntarily.

"Don't be afraid, if you fail to ascend in the daytime, you will become this dignified face! Hehe, but all this is about to end..." The old man Bai Guang did not speak, but this voice has already appeared in Li Tian's mind .

Soaring by the day?

failure?

Could it be... Did this white light old man ever want to ascend into the God Realm? But it failed?

Chapter 4819: : The Mutation of the Little Blue Tile (3)

Li Tian didn't know how to describe his feelings.

Whether in the earth world, in another world, or in the underworld, almost all cultivators want to climb to the final peak.

In order to climb to this peak, even at all costs, it seems that only standing at the last peak is the real winner in life.

Li Tian is not the case.

This white light old man, he may have stood at the height of the highest peak of the Netherworld, and he has also been energetic and lashing out at Fang Yao, but now, the old man's body is as dry as wood, and his arms and legs seem to be possible at any time. Would break, and his cheek...

Li Tian stopped thinking about it.

At this time, in the Colosseum, the corpse of the mutant blood-eyed lion had been completely exploded, and the bones and flesh and blood were turned into broken foam and bombed everywhere.

As a group of colorful and dazzling lights flashed out, the little blue tile jumped out from inside.

"Oh my god, this...what...what is going on?"

There was an exclamation from the audience in the Colosseum.

The little blue tile is still a little blue tile, at least from the appearance of his appearance.

However, the current little blue tile is not like the little blue tile. The surging spiritual aura wanders freely within the body of the little blue tile. The body of the little blue tile is like a balloon that is blown up. The whole body is Bulged up.

And on the bulging body, the cyan fluff is constantly falling down, as if it has been exposed to nuclear radiation. When the wind blows, these cyan fluff will drift away with the wind, and then reveal the bare skin of the little blue tile.

This skin is no longer ordinary flesh-colored skin, but crystal clear, crystal-like skin.

Through the skin, you can see the blood flowing in his body, the skeletal muscles in his body, and the surging spiritual power in Xiao Qingwa's body.

In Xiaoqingwa's body, he originally had only one beast crystal, but now he has five beast crystals: gold, cyan, blue, red, and yellow, corresponding to the five spiritual powers of gold, wood, water, fire, and earth. The purest color.

These five beast crystals are arranged in the shape of a five-pointed star formation.

It can be seen that there is a mysterious connection between these five beast crystals, repelling each other and growing together.

It is precisely because of this that the spiritual power continuously released from the five beast crystals will eventually change into a violent red color, and then radiate from the crystal clear body of the little Qingwan, giving people a more mysterious and unpredictable feeling.

However, at this time Xiao Qingwa's two blood-red eyes had faded, turning into pure white, or more accurately, transparent.

In these two eyes, there was not a trace of impurities, a trace of luster, and a trace of spiritual power fluctuations.

This change in Xiao Qingwa's body is still going on, and he seems to be completely unaware, allowing his body to change uncontrollably.

The audience, the super **** family, the ancient family, the mysterious race, and the super domain masters were all shocked by all this.

It was the first time they saw this kind of change happen to the ghost beast. At this moment, their eyes would look at the old white light from time to time. They wanted to know what kind of ghost beast the little blue tile would eventually evolve into. .

The white light old man they saw was under the white light, and after the initial excitement, the white light old man had gradually calmed down, and the spiritual fluctuations on his body had been completely controlled, and he could not see the white light old man at all. Really.

It can be said that in the entire Colosseum, except for Li Tian, no one has seen the true face of the old man with white light.

"Lord Li Tianyu, according to the "Inheritance of the Beast God", the golden-eyed blue lion has four forms. The first three forms are: golden-eyed blue lion, blood-eyed blue lion, crystal-eyed golden lion, and small blue tile. The form that is currently undergoing transformation is the crystal-eyed golden lion beast. Hey, isn't it beautiful and dazzling?" The white light old man's voice appeared in Li Tian's mind again.

"It's a pity that this crystal-eyed golden lion beast should have belonged to me. It was you, Li Tian, that broke my plan, and it was your shamelessness that made my plan come to nothing. But it doesn't matter, all of this is still under my control. . If you want to survive, you must use this crystal-eyed lion beast as compensation!"

"Don't even think about resisting. In front of a god-level powerhouse like me, any of your resistance will be futile. Once you make the wrong decision, your brothers, women, and friends will be buried for you, and even the entire fight Hundreds of thousands of people in the animal farm will die because of you!"

Oh my god, we can't afford this responsibility!

It's obviously that you want to **** Lao Tzu's little blue tile for a long time, and those who take me, these innocent people are threatening Lao Tzu, how come they died because of me?

"Lord Li Tianyu, don't talk secretly in front of real people. For today's day, our Colosseum has prepared for a long time and paid a lot. As long as you give this beast to me, everyone will be happy, and our Colosseum will remember you. Kindness, and I will owe you a love! At that time, you will be the most honorable guest of our Colosseum!"

"You know, the kindness a demigod powerhouse owes you is much more important than this crystal-eyed lion. If you want, I can even help you solve some troubles, such as the Donggong Super God Family Mother! But it's not now."

This is all bullying and temptation.

Li Tian refused, so he was the worst enemy of the Colosseum.

Li Tian agreed that the Colosseum would be Li Tian's help, and even the old man Bai Guang could help him solve the grandmother.

This is a very good deal!

But... to your mother's business, Xiao Qingwa is Li Tian's ghost beast, and it is the ghost beast Li Tian watched grow up. Li Tian took more care of Xiao Qingwa than Li Bai and Li Mu. , And, after the little blue tile became a domain master powerful Nether Beast, but like Xiao Tianyi called Li Tian's father!

Xiao Qingwa is not only Li Tian's combat partner, but also his family.

"I refuse!" Li Tian said categorically.

In fact, Li Tian can behave a little more smoothly, at least he shouldn't refuse to turn the old man so.

But Li Tian couldn't do it!

Li Tian will not exchange the lives of his family for his surreptitious life!

Don't you want the little blue tile?

I won't give it!

Since the old man Bai Guang didn't dare to act so openly now, it showed that he was still a little jealous, and this was Li Tian's opportunity.

As long as Li Tian seizes the opportunity, he will immediately send everyone into the space of the Qiong Lance of the sky, and hide more temporarily.

Moreover, Li Tian believed in Haiqin, a girl from the Sea-Monster clan.

"Haha, Lord Li Tianyu, you don't need to rush to answer, I believe you will agree!" said the old man Bai Guang.

In the audience, all the powerhouses present can be said to have ghosts.

Mother was very proud of her.

Although the Colosseum is suspected of using their Donggong Super God Family, they are not using the Colosseum!

Now the Colosseum actually has a demigod powerhouse. It can be said that the Colosseum has the qualifications to sit on an equal footing with the Donggong Super God Family.

For the East Palace Super God Family, they are not afraid of the rise of any power. Anyway, no matter how they rise, the position of the East Palace Super God Family in the Underworld will never change. The East Palace Super God Family values the family more. Honor and face.

Therefore, Li Tian must die!

And now, Li Tian has been controlled in the hands of the white light old man in the Colosseum, and the mother has reason to believe that Li Tian will die, and it will be ugly!

Taking ten thousand steps back, even if Li Tian wouldn't die in the Colosseum, it wouldn't matter.

The beast match in the Colosseum has ended. In the next few days, other major forces will leave the Colosseum, but Li Tian has to continue to be a guest at the Colosseum, which gives the Donggong Super God family a chance.

"Whether you die or not this time, my Donggong Super God Family will fight you to the end!"

"Li Tian...you are still dead!"

The evolution of the small blue tile on the Colosseum was nearing completion when the mother was devoting to plan Li Tian.

At this time, the small blue tile's body has grown fluff again, but this time the fluff that grows out is no longer cyan, but golden shiny gold, as if the small blue tile's body was plated with gold. .

This golden color has a metallic texture, and it makes Xiaoqingwa more majestic.

Moreover, the body of the little blue tile has become more than ten times larger than before. At this time, the body of the little blue tile has reached two or three times the size of a normal male lion in the earth world.

However, Xiao Qingwa's pupils were still crystal clear, like crystals.

From time to time, this pair of pupils will flash a ray of colorful light, and it seems that Xiaoqingwa's pupils will not appear so hollow!

Ouch!

Ouch!

Little Qingwa roared in the sky.

Following Xiao Qingwa's roar, his aura suddenly rose!

boom!

boom!

boom!

Xiaoqingwa is breaking through continuously!

In just a few seconds, Xiao Qingwa had already broken through the super domain master realm.

Ouch!

Following Xiao Qingwa's roar again, a bright light of the thickness of the bowl's mouth sprayed out from Xiao Qingwa's mouth and went straight into the sky!

In the sky, the clouds were dissipated by this powerful spiritual shock wave, and instantly, there was no white cloud in the sky above the Colosseum One.

The sky is blue, and the small blue tiles under the sky are brilliant!

"I...I fuck! This is my little blue tile?"

"Super Domain Master Realm! Little Qingwa's cultivation base has broken through to the Super Domain Master Realm!"

A sense of pride in Li Tian's heart spontaneously!

Li Jiahuer!

Li Bai, super domain master level.

Xiao Tianyi, the super domain master realm.

The little blue tile is also a super domain master realm!

Looking at it this way, Li Tian, who was Laozi, had the lowest cultivation base.

The back wave of the Yangtze River pushes the front wave, and Li Tian does not want to die on the beach!

Ouch!

Little Qingwa roared again!

This time, Qingwa's roar turned out to be directed at Li Tian!

However, fortunately, Xiao Qingwa did not release the shock wave this time!

Immediately afterwards, Xiao Qingwa began to run wildly towards Li Tian!

"Old man Bai Guang, let go of Dad Li Tian..."

Chapter 4820: : God war! (1)

Li Tian was so moved that he was about to cry!

Little Qingwa, who is not his own, but is better than his own...Well, how can I change that.

Little Blue Tile, who had just broken through to the realm of Super Domain Lord, realized that Li Tian was now under threat, and rushed to Li Tian and the old white light desperately.

When facing the powerhouses of the semi-god realm, all the superdomain master-level powerhouses present would involuntarily shrink back.

Because this is a weakness of human nature, even if they have reached the realm of the super domain master, they cannot overcome this psychological fear.

And Xiao Qingwa, like a loyal dog, when the owner is threatened, he knows that he is not an opponent of the enemy, he will still rush up bravely to protect the owner's safety, and this is Xiao Qingwa's instinct!

Seeing the little blue tile rushing towards the white light old man, the strong men present couldn't help being moved by the courage shown by the little blue tile, but everyone agreed that the little blue tile was looking for death!

"Hey!"

The old man Bai Guang sneered, let go of Li Tian, his figure flashed, and he appeared on the Colosseum. His feet lightly touched the ground, and his figure was like a big Peng bird, soaring and landing on Xiaoqing. Wa on the back.

"Since you are asking for death, don't blame me for being rude to you!"

The white light old man slammed the small blue tile's back with his claws like dry wood, and instantly pierced the back skin of the small blue tile, and directly grabbed the small blue tile's spine. The white light old man only needs to pinch it gently. It can instantly break the backbone of the small blue tile.

Little Qingwa let out a painful scream!

Facing the powerhouse of the demigod, even if he had already broken through to the super domain master realm, he should have been the small blue tile of the super domain master's seventh peak realm, and still had no resistance.

Being subdued in an instant, Xiaoqingwa is in danger!

"Do not!"

Li Tian roared, regardless of whether his strength could withstand the attack of a demi-god powerhouse, the Heavenly Qiong Spear used a drop of God's spiritual power in his hand, and it teleported to Xiao Qingwa's side. , The Qiong Spear of the Sky in his hand brought ninety-nine black fire and purple dragons to the old man Bai Guang.

crazy!

The entire Colosseum is crazy!

Xiao Qingwa is a madman, and Li Tian is also a madman!

Facing the white light old man in the half-god state, Li Tian did not choose to escape!

boom!

"Run away!" Fifth Shuiyue pulled Situ Ningbing and Tang Xiaolong behind her, her feet were a little on the seat, and she appeared next to Li Tian in an instant, attacking the old man Bai Guang!

"Oh? It turned out to be the spiritual power of God? Then I underestimated you Li Tian!"

Facing the attack of Li Tian and Fifth Shuiyue, the white light on the old man Bai Guang suddenly fluctuated. His withered palm blocked the spear tip of the Qiong spear from Li Tian, and his other arm waved away. The white light old man and the third or four-meter fifth water moon was instantly hit by the white light flying from this arm, like a broken kite flying out, and smashing into the auditorium of the Colosseum!

Boom!

The auditorium near the east of this Colosseum could not bear this kind of power and collapsed suddenly. At this moment, I don't know how many Venerable audiences were directly smashed into meat sauce!

Hum!

With a movement of spiritual power on Xiuyu's lonely body, the coercion released by the white light old man was instantly eliminated.

coax!

"Since...free! We are finally free again!"

"Flee... the god-level powerhouse fights, runs slowly but will die here!"

"escape....."

In the auditorium, the regained power of the Venerable Spectators felt that the coercion on their bodies disappeared, and they immediately felt like a survivor. They did not care about much, and they used teleportation and flight. Escaped wildly from the island where the No. 1 Colosseum is located.

The three super domain masters wearing black robes in the Colosseum were enshrined, and their figures flashed and attacked Situ Ningbing and Tang Xiaolong at the same time.

Huh!

Huh!

Parallel goods, water birds, and the badly injured Fifth Water Moon stood in front of them.

"Don't worry about us, run away, we will definitely escape with Li Tian!" The parallel imports shouted to Situ Ningbing.

Situ Ningbing glanced in the direction where Li Tian was, and saw that Li Tian was reluctantly fighting the white light old man by virtue of the magical weapon of the heavenly spear and the spiritual power of the gods. He was downwind everywhere, but he would not worry about his life. , Followed Tang Xiaolong's turn to teleport, and wanted to teleport to the flying treasure ship, and flee the Colosseum with the many sisters on the flying treasure ship.

The face of the grandmother of the Donggong Super God Family showed an unconcealable smile.

"I still need to wait a few days, but I didn't expect to come back so quickly!"

"The Li Tianjun regiment and my East Palace Super God Family have disagreements. Who would dare to stop my mother today is to be an enemy of my East Palace Super God Family!" The mother yelled, but her figure flashed, but it was already displayed. The teleporting Situ Ningbing and Tang Xiaolong were caught from the void, and said coldly: "No one wants to escape today!"

Suddenly, the mother felt the top of her head shine, and the golden figure of the white horse King Kong was blocked in front of the mother in a flash.

"White Horse King Kong, do you want to be an enemy of my Donggong Super God Family?" Mother roared ferociously.

White Horse King Kong smiled slightly, folded his hands together, and said: "No, no, I think Situ Ningbing and Tang Xiaolong are not due to die, it is best for the mother not to intervene without authorization, otherwise changing the way of heaven will be a catastrophe!"

"Are you sure to stop me?" Mother asked with an angry look on her face.

White Horse King Kong's smile remained unchanged and said: "No, I am not blocking you, but I am saving you!"

The mother gritted her teeth and said: "White Horse King Kong, if you don't want to turn your face with the Donggong Super God family, you'd better let me go. My Donggong Mudan doesn't believe that anyone else in this Colosseum can kill me and I need you. Come to rescue me?"

White Horse King Kong shook his head slightly, turned his body sideways, and said helplessly: "My White Horse Super God family has done everything possible to do so. Seeing you begging for death, please feel free!"

Speaking of White Horse King Kong, he turned his body sideways and walked away.

Just now, the White Horse King Kong and the White Horse Super God family blocked them. Although Donggong Jianghe and others had used coercion to control Situ Ningbing and Tang Xiaolong, they did not dare to act arbitrarily. Now that the White Horse King Kong stepped aside, they too There is nothing to be polite.

Hum!

The powerful pressure oppresses Situ Ningbing and Tang Xiaolong. This is the pressure exerted by the super domain master-level powerhouse. They both felt that the bones of their bodies were about to be crushed, and the people of the Donggong super **** family But he already showed a grinning smile and rushed at both of them.

Mother's two sharp claws are like death sickles, and they slammed at the heads of Situ Ningbing and Tang Xiaolong!

On the front line of life and death, at this moment, a graceful figure appeared.

boom!

boom!

This figure slapped the grandmother two consecutive palms in the air, and the grandmother, who had reached the pinnacle of the Transcendent Master, flew out before seeing the other's face clearly. Had it not been for Donggong Jianghe and other Donggong family members behind her to catch her, she would have smashed into the auditorium of the Colosseum and collapsed the auditorium.

"Mother, don't you mind!" Donggong Jianghe asked eagerly.

puff!

A mouthful of blood spurted from the mother, spraying the plackets of her clothes wet.

"Who....."

It was Haiqin, a sea-monster girl who appeared in front of Situ Ningbing and Tang Xiaolong, and behind Haiqin was the elite powerhouse of the sea-monster.

"Hurry up..."

Before Hai Qin's words fell, Xiu Yu's lonely figure flashed towards Hai Qin!

Xiuyu's loneliness can't do anything to Li Tian, but to the Sea-Monster Clan, he is not at all soft.

With the loneliness of Xiuyu, the super domain masters of the Super God Family also attacked the elite of the Sea-Monster Clan.

"Hey, it seems that I can't do anything if I don't!" General Sanlu held a giant axe, his figure flashed, and he attacked the Sea-Monster Clan at the same time!

General Sanlu was forced by the pressure of the mother, and had no choice but to agree to the Sanlu Super God Family's attack on Li Tian.

But his heart also refused!

At least the Sanlu Supershen Clan hasn't directly conflicted with Li Tian yet, but he doesn't have this kind of psychological burden when he is attacking the Sea Monster Clan now.

Attacking the Sea-Monster Clan will not only save his general Sanlu from such embarrassment, but also get the favor of the Super God Cultivator Family, which is really killing two birds with one stone!

Whoosh!

A small figure flashed past, and General Sanlu's giant axe had just been smashed, but he saw a fishbone sword with only finger lengths in front of his giant axe, and Master Wu, the owner of this fishbone sword, was watching. Hold him.

"Little human race? Are you trying to die?"

...

After being rescued continuously, Situ Ningbing and Tang Xiaolong finally got the opportunity to use teleport again.

However, at this time, the domain master Xue Tao of the Colosseum went to teleport to Tang Xiaolong's side, and suddenly reached out to grab Tang Xiaolong, and said: "Master Li Tianyu has decided to stay in the Colosseum for a few days, so you will stay as guests!"

"roll!"

Tang Xiaolong's body was surging with spiritual power, and he turned to face Master Xue Tao and punched!

With a punch, Tang Xiaolong only felt that the spiritual power in his body began to surging uncontrollably at this time, and then with a 'boom', a more surging spiritual power fell from the sky instantly and poured into him. In his body, Tang Xiaolong felt his whole body relax for a while, but his face showed a hint of joy.

Intentionally planting flowers but not blooming, unintentionally planting willows into shade!

Tang Xiaolong didn't want to beat him, but he would break through his cultivation base at this time and reach the realm of the domain master.

However, Tang Xiaolong broke through to the domain master level in an instant, but Xue Tao domain master had not expected it. He only heard Xue Tao domain master wow, spouting a mouthful of blood, and his body had already flown out!

"Go!"

Tang Xiaolong flashed with Situ Ningbing's figure, and finally fled from the Colosseum!

The other ancient families, members of the mysterious race, have already flown out of Colosseum One, standing on a high altitude and watching the battle in the Colosseum. Young Master Ling Wen looked like he was about to move and wanted to save him. Li Tian and others were caught by the two superdomain master-level entourages behind him.

"My son, never! Now this Colosseum has three powerhouses in the semi-god realm alone. This is no longer for our Lingwen family to intervene. If Lord Li Tianyu survives a catastrophe, you will fight him sooner or later. If Li Tianyu fell from then on, he would naturally still be the first person on the top of the domain owner!"
