

A Killer 4821

Chapter 4821: : God war (2)

"However, I once agreed with the Li Tian brothers to fight the decisive battle after the end of the fighting beasts, and I also promised to keep him safe before the decisive battle, how could I break the trust?" Young Master Ling Wen said.

"My son, this is not to be discredited, but to judge the situation! The gentleman does not stand under the dangerous wall, and now the Colosseum, the East Palace Super God Family, the San Lu Super God Family, the Fish Cultivation Family, the Sea Monster Family, and the Netherworld The academy has already fallen into this matter. Any one of them is far above our Lingwen family, and even the little human race is stronger than our Lingwen family. If we rashly intervene in this matter now, it may be against us. The Wen family has been brought in forever!"

"If you want to help Lord Li Tianyu, you might as well protect the Lord Li Tianyu brother and his flying treasure ship!" This super-domain master elder of the Lingwen family quickly analyzed the battle in the Colosseum and gave Lingwen The son made the judgment he thought was the most reasonable!

The muscles on Young Master Ling Wen's face twitched slightly, and finally nodded in agreement, "Go, if anyone dares to hit Brother Li Tian's flying treasure ship idea, then he is going against my Young Master Ling Wen, you just let go and kill! "

...

In the Colosseum!

Li Tian is still struggling to support!

When the Shuiguizu communicated with the Shuigui Guzi, Li Tian learned the correct usage of the spiritual power of the gods: swallow.

Not everyone can use the spiritual power of the gods. Under the realm of the cultivation base and the disciple, if the spiritual power of the gods is swallowed, it will burst and die instantly.

A strong person in the realm of cultivation can only stimulate 1% of the effect of the spiritual power of the gods, while a strong person in the realm of the venerable can stimulate 10% of the spiritual power of the gods. The effect of, only the domain master level realm can perfectly stimulate the effect of the spiritual power of the gods.

However, once the cultivation base surpasses the domain master, the effect of the spiritual power of the **** will gradually weaken, and when the cultivation realm reaches the semi-god state, the spiritual power of this **** will completely become an aphrodisiac medicine!

Now, Li Tian had fully activated the spiritual power of this god, and Li Tian felt that his cultivation realm had risen to the pinnacle realm of the superdomain master in an instant. It seemed that it was only a thin line away from the half-god realm.

Li Tian understands that all this is only a superficial effect, because the illusion brought to him by the spiritual power of the gods, once the effect of the spiritual power of the gods disappears, Li Tian will fall back to the realm of the domain master again, and even give Li Tian Causes negative effects such as vein damage.

However, Li Tian has no choice!

Xiao Qingwa can die for Li Tian resolutely, but Li Tian can't just watch Xiao Qingwa go to death!

"Sacred weapon, hey, little thing, the magic weapon like the spear of the heavenly spear can be used as a fire stick by you. You are really a violent thing. Since you have taken the old man's happy chasing the moon stick, it is better to use the heavenly spear. Keep the spear with the old man!"

The old man Bai Guang shook Li Tian's Qiqiong Spear with a palm, and then flipped his wrist again, reaching out to grab Li Tian's arm.

Ouch!

Little Qingwa roared, his figure flashed, and he rushed towards the old white light! It was a mouthful to the old man's dry arm. A cloud of white light exploded from the old man's arm, and the little blue tile was blown out again, dropping gold stars continuously from his body.

Li Tian took the opportunity to dart backward, and the Qiqiong Spear in his hand slammed the old man Bai Guang again.

Ninety-nine black fire purple dragons poured into the body of the white light old man at the same time, and...then there was nothing. Then, the body of the white light old man shook suddenly, as if it had swallowed the black fire purple dragon directly. Cause any harm.

"It's useless! Your attack has no effect on me..."

Tick!

Tick!

Two drops of blood flowed from Li Tian's arm, slid along his arm to the elbow position, and then dripped to the ground. At this time, on Li Tian's body, the skin cracked like dry ground, his muscles turned out, and his body was everywhere. It was a trace of blood flowing through, and it looked terrifying.

This is the result of Li Tian's battle with the white light old man.

Every time he attacked the white light old man, regardless of the final effect, the power Li Tian exerted was beyond his current body!

The spear of the sky, a peerless artifact.

But perhaps because the spear of the sky was not originally Li Tian's weapon, in Li Tian's hands, as the old man Bai Guang said, it was used as a fire stick. The spear of the sky was originally extremely powerful. None of them were displayed.

Whoosh!

Whoosh!

Li Tian's feet were a little on the ground, and the figure leaped back several times, pulling away from the white light old man, and came to the little blue tile.

After a long time of fighting, the old white light was still there, but Li Tian found that his body was exhausted.

Li Tian's heart became more and more fearful.

His gaze swept around the Colosseum. The Fifth Water Moon, parallel imports, and waterfowl were all caught in a fierce battle. The sea monster girl Haiqin was simultaneously fighting against the siege of Xiuyu lonely and the mother. Master Wu is resisting General Sanlu, and the entire Colosseum has long been in ruins.

There are collapses everywhere, flesh and blood everywhere.

Fortunately, Situ Ningbing and Tang Xiaolong had already escaped.

Fight if you can't beat, and run away.

This is Li Tian's current life-saving principle.

Suddenly Li Tian stretched out his hand to press on Xiao Qingwa's body, and wanted to take the Xiao Qingwa to hide in the space of Void Yasha to avoid the old white light.

However, when Li Tian pressed his arm on Xiao Qingwa and wanted Void Yasha to take Xiao Qingwa into the space of Void Yasha, he found that he had lost contact with Void Yasha.

Cast teleport, the same is true.

"Hey, kid, do you want to escape?"

"How can you escape in front of my demi-god powerhouse? Obediently give the little blue tile to the old man, and then give the spear of the sky with both hands, the old man may spare you a dog!" Bai Guang The old man said.

Li Tian found that his domain, instant, and heavy all seemed to be unable to be displayed, even if he took the spiritual power of the gods, he still couldn't display it.

At this moment, Li Tian felt that the spiritual power in his body's veins had begun to show signs of decline at this time.

This slight fluctuation of spiritual power has already been discovered by the old man Bai Guang.

The white light old man was suspended in the air, his face flashed quickly, and he smiled and said: "Boy, do you feel that the spiritual power in your body has begun to decline? It seems that the effect of your god's spiritual power has been It's almost the end!"

"Boy, can you imagine how I should kill you after you lose the power of God's spiritual power? Have you heard of the soul lighting method? Hey, I will take your soul out of your body half and twist it into one. Root the wick, and then ignite your soul so that your soul... ahem!"

Bai Guang coughed sharply.

When Li Tian found that the old man Bai Guang coughed, his spiritual power was surging, and the white light seemed to escape and dissipate.

This shows that when the old thing fought with Li Tian, it was not that he did not want to take Li Tian as soon as possible. It was just that the white light old man could no longer exert his full strength, and he could not help but consume the spiritual power of the gods and was in the peak state. day.

In connection with the failure of the day-time ascension that the old man Bai Guang said, he already had to catch the crystal-eyed golden lion, and Li Tian instantly understood.

That's it, then...

Li Tian put another drop of God's spiritual power that he had hidden in his hands for emergencies directly into Xiao Qingwa's mouth.

Guru!

The spiritual power of God was swallowed by the little blue tile!

drink!

Li Tian roared, "Little Qingwa, kill this old dog with me!"

Before the words fell, Li Tian's figure had already rushed over again.

Can't display the full strength of the Sky Spear?

It doesn't matter!

Qiong Spear of the Sky was regarded as a fire stick by Li Tian?

It doesn't matter!

Is the power blessed by God's spiritual power declining?

It still doesn't matter!

Anyway, your old dog is also uncomfortable, if so, then it depends on which of us lives harder.

Having swallowed the spiritual power of the gods, the little blue tile felt a mysterious force starting to wander in his body veins. He had just been promoted and transformed into a crystal-eyed golden lion beast, and he immediately felt the spiritual power in his body veins. It seems to be alive.

Power, a power far beyond what the little blue tile can now control!

"What the **** is this? Why does my strength suddenly increase? I feel that I am now only a thin line away from the semi-god state! Could it be...Did Li Tian's father just gave me the spiritual power of God? ?" Xiaoqing Wa suddenly felt excited.

That's right, even if the spiritual power of the gods only improves the cultivation base of Xiao Qingwa in a short period of time, even if the cultivation base is improved in a short period of time, the approach makes Xiao Qingwa feel what it feels like to be in a semi-god state at close range.

Moreover, in this process, Xiao Qingwa can also feel something that is useful for future cultivation. that's enough!

On the other side, Li Tian has once again been fighting with the old man Bai Guang. Li Tian's moves are open and close. Although it seems that there are many loopholes, the old man Bai Guang does not dare to resist!

It's just that the wounds on Li Tian's body broke open again, and the blood was flowing!

Ouch!

A roar! The little Qingwa's limbs used force, and the little Qingwa stepped on a big pit on the surface of the Arena in an instant, and the little Qingwa's body flashed with a golden light, and once again rushed to the old white light!

Li Tian and Xiao Qingwa, one person and one beast, are also the powerhouses who have swallowed the spiritual power of the gods and temporarily reached the ninth-level pinnacle realm of the superdomain master, desperately fighting with the white light old man.

Injured?

It is inevitable, but can this be so?

Time is limited. If you don't work hard, then you will put your life in the hands of others!

At this time, you can only break the boat and put it to death in order to survive!

boom!

boom!

boom!

Spiritual power flies around in the Colosseum, and the ground crisscrosses the Colosseum, making it a mess.

The spiritual power of the old man Bai Guang surging more and more, his voice finally revealed a trace of panic.

"Boy Li Tian, don't you want to die? It will be no good for any of us to continue like this. As long as you give me the little blue tile, we can discuss it together! What do you want? I can meet your requirements! Even I can help you break through quickly, the pinnacle of the domain master and the realm of the super domain master can..."

At this moment, Li Tian, Xiaoqingwa, Baiguang old man, Xiuyu Lonely, Donggong Mudan (maternal mother), and Haiqin, a girl of the Sea-Monster tribe, all showed their vigilance at the same time.

A magical power descended from the sky.

Chapter 4822: : Ascend by Day

boom!

This supernatural power directly hit the old man Bai Guang!

The old man white light let out a scream and was directly hit on the ground of the Colosseum.

The entire Colosseum roared and collapsed completely.

And the island where the Arena of Beasts is located also made a rumbling sound at this moment, sinking at an extremely fast speed!

In the Colosseum, all the strong men flew up at the same time and scattered around. Their figures instantly appeared more than ten nautical miles away, and then stared at the island where the No. 1 Colosseum is located.

The sea is surging and the waves are surging to the sky.

Almost in an instant, the entire island sank!

The white-light old man who had just been invincible just now floated on the huge sea.

At this time, the white light of his whole body has dissipated, revealing a scrawny body.

The white light old man is really a dog!

And above this body, standing proudly is the current patriarch of the Shuigui Clan, Shuigui Guzi!

Powerful in the Demigod Realm!

Another strong man in the realm of demigods!

All super **** families, ancient families, and mysterious races were shocked!

Who is he?

Why kill the old white light?

The sky was still clear just now, but now it was lightning and thunder!

The dark clouds are very low, and huge sea waves seem to be able to rush into the sky.

Water Ghost Guzi stood on the corpse of the dimmed old man, his eyes slowly sweeping around.

Suddenly, the water ghost Guzi grabbed his arm forward.

Whoosh!

Donggong Mudan, the old woman, was like an old dog, she caught the water ghost millet directly in her hand!

"You old dog, it doesn't count to kill my brother, you still want to kill my nephew today!"

"You...who are you?"

"Unexpectedly... dare to be so rude to me, don't... don't you fear the angry fire of the Eastern Palace Super God Family?"

The mother only felt that the hairs all over her body had been erected, the cold sweat on her back, the expression of despair appeared on her shriveled face, and the sound was as unpleasant as a **** pinched around her neck.

"Huh! Why do you ask so much? Just die with peace of mind!"

At this moment, Donggong Mudan finally thought of what the White Horse King Kong said to him.

However, even if she regretted it, it was too late.

Click!

Without seeing the force of Shuigui Guzi's arm, Donggong Peony's head was already tilted to the side.

I saw the water ghost Guzi's claws, the spiritual power suddenly fluctuated, as if countless knife shadows appeared on his palm instantly.

puff!

Blood spurted out, Donggong Mudan's body fell towards the sea, and the water ghost Guzi held Donggong's head in his hands, slowly scanning the surroundings.

Donggong Peony is dead and can't die anymore!

The prestigious Donggong Peony, the second-ranked mother of the Donggong Super God family, was so easily cut off by the water ghost Guzi's spirit knife, and her head was in a different place.

Whoosh!

As soon as the water ghost Guzi raised his arm, he threw the mother's head directly towards the Donggong River.

boom!

Mother's head hit Donggong Jianghe's arms, and then a wave of spiritual force dispersed from Mother's head.

Wow!

Donggongjiang's face flushed, he spit out a mouthful of blood, and fell from the air holding his mother's head.

Fell into the sea.

Shui Gui Gu Zi's sight flashed over the people of the four super ***** families.

"Four super ***** families, who else is going to try?"

Xiuyu was lonely and stepped back a few steps stared by the water ghost Guzi.

White Horse King Kong's body trembled slightly.

General Sanlu was so frightened that he almost dropped the giant axe in his hand.

"Hahahaha!"

Shuigui Guzi is crazy!

He looked up to the sky and laughed wildly.

"Brother Kua father, you died in the hands of these incompetent people, really wronged!"

"I intended to kill all these people and bury them with you, but after all, I can't shake the foundation of the four super ***** families! What we haven't completed is left to your son to complete!"

Donggongjiang River floated up from the sea, and almost no inch of his skin was intact, facing the water ghost Guzi, he was motionless, worried that the water ghost Guzi would enter him and beheaded.

"Hahaha!"

The water ghost Guzi laughed wildly again.

Pointing to those of the Donggong Super God Family, he sneered and said, "Want to know who Lao Tzu is?"

"Go back and tell Donggong old dog that I am Li Kua's brother Shuiguiguzi who was killed by you more than 7,000 years ago!"

"Donggong Mudan, this old dog was killed by Lao Tzu, want revenge? Come to the God Realm to find Lao Tzu, Lao Tzu is waiting for him in the God Realm!"

At this moment, all the strong were completely shocked!

Piff was angry and blood splashed on the spot!

The white light old man, the strong man in the half-god realm, was instantly killed!

Donggong Mudan, the ninth-level mid-level powerhouse of Super Domain Master, directly screwed his head off.

Present, who else is his opponent!

Rumble!

Thunder and lightning!

A series of buckets thick purple lightning fell from the sky, constantly hitting the sea!

The surface of the sea was instantly smashed and boiled, flakes of fish and shrimp floated from the bottom of the sea, and disappeared completely by the next flash of lightning.

"White... soaring in the day!"

Haiqin, a girl of the Sea-Monster tribe, was terrified.

"You guys follow Li Tian back to the Underworld, I will hide first!"

With a panic expression on his face, Hai Qin hurriedly said to the elites of the Sea-Monster clan who surrounded him. Before these elites objected, Hai Qin had already restrained his breath and fled to the distance.

"Bai...Ascension by day! So this is Ascension by day!"

Xiuyu's lonely face also showed a look of fear.

When a cultivator's cultivation reaches the half-god state, it may cause a vision of the heavens and the earth, and then soar into the ***** realm in the daytime.

However, more demi-god realm powerhouses would not choose this way, they are avoiding the punishment!

The powerhouse in the half-god realm, in the Nether Realm, is a god-like existence, the highest level existence, and the master of the entire world.

Even if they can suppress the cultivation base, they can easily kill the super domain master-level powerhouses easily, even if hundreds of super domain-level powerhouses join forces, they may not be able to hurt the semi-god realm.

However, what if they enter the realm of God once?

The God Realm is an unknown existence, like the demi-god realm, which is low-powered. When it comes to the God Realm, it is only for abuse, and a new reincarnation is about to begin. Therefore, the semi-god realm powerhouses in the Nether realm now In hiding, all in hiding, unwilling to reveal their identity, and escaped the punishment with secret secrets.

However, the water ghost millet in front of him unexpectedly took the initiative to usher in the Heavenly Punishment. No wonder he can instantly kill the white light old man, no wonder he can instantly kill Donggong Peony.

Seeing Haiqin, a girl of the Sea-Monster tribe, fled, Xiuyu Lonely realized that this day-time ascent was definitely not something worthy of his learning experience here. If he continued to stay here, he might be punished by God.

"You return to the family by yourself, I'm leaving now!"

Xiuyu Lonely also learned the appearance of Haiqin, a girl of the Sea-Monster tribe, restrained her aura, and fled to the distant sea.

Several god-level powerhouses, die to death, escape!

White Horse King Kong hesitated for a moment, then turned and flew away!

And the super domain master-level powerhouses who followed him also followed the White Horse King Kong.

Seeing this situation, other ancient families, mysterious races, and super domain masters did not dare to stay here anymore, turning around and fleeing.

The five-hundred-year-old beast contest at the Colosseum was held in a vigorous manner, but ended dismal in this way.

The Colosseum is still there, but from now on, the Colosseum will probably be removed from the most powerful force forever, and it may become a target for the weak and the strong, and it will be eaten away by other families or chambers of commerce.

"Hahaha! Cowards!"

boom!

A bucket of purple lightning fell from the sky and hit the water ghost millet!

Shui Gui Guzi suddenly stretched out his hands, as if he was performing a dragon capture technique, grabbed the purple lightning, directly dragged the purple lightning down from the sky, and hurled it towards the Colosseum II in the distance. !

boom!

Lightning hit the Colosseum II.

The Colosseum shivered violently, then fell apart, and soon sank to the bottom of the sea!

"Ok... so powerful! This is a demigod!"

Other venerables, domain master level powerhouses, even if they are dozens of nautical miles away from the water ghost valley, are still scared by the strength of the water ghost valley.

However, at this moment, another sky thunder fell from the sky.

But it was smashed into the crowd of venerables watching the excitement.

In an instant, the bodies of these powerful people with the fourth and fifth levels of the venerable four and five realm burst suddenly, and they were instantly decomposed and disappeared completely.

Even those strong people at the eighth or ninth level of the Venerable, their bodies seemed to be on fire, and their bodies fell into the sea involuntarily, screaming constantly.

Watching the excitement is risky, and the hundreds of thousands of spectators and strong men in the Colosseum flee into the distance like crazy.

There are even domain masters who couldn't even estimate the flying treasure ship, and they were thrown in the Colosseum.

The water ghost Guzi laughed wildly, and suddenly he looked at Li Tian again.

"Li Tian!"

"Uncle, are you going to... fly up?" Li Tian's eyes couldn't help asking with some moist eyes.

If it weren't for saving him, Shuigui Guzi didn't need to be full of vitality at all. He could control his spiritual power, converge his breath, escape the catastrophe, continue to be at ease in the Netherworld, and continue to be the patriarch.

"do not Cry!"

"Remember what I said just now! You have to get rid of the four super ***** families!"

"This world doesn't need them who are above ordinary cultivators!"

"Your cultivation level has not reached the peak of the demigod, so remember not to ascend! If you have any questions, you can go to Wanshen Mountain and meet his woman, she will help you!"

"I will leave it to you the Water Ghost Race, Blood Wolf Race, and Youlong Race!"

Shui Gui Gu Zi said calmly.

However, it seemed to Li Tian that it was Shuigui Guzi who was explaining his funeral.

Li Tian knew that it must be his father's predecessor, Li Kuafu, who had told him something about the God Realm, and let the water ghost Guzi know that the God Realm was by no means the fairy cloud curled up in people's imagination, singing and dancing.

Entering the God Realm with the cultivation base of the Half God Realm, I'm afraid it may not have good results!

In the sky, dark clouds dissipated and white clouds overlapped.

Among the white clouds, a heavenly gate appeared faintly.

The water ghost Guzi's body has been floating upward involuntarily.

Countless white lightning fell from the sky, like ten thousand arrows piercing the heart, but the water ghost Guzi was unable to resist. The clothes on his body were blown away instantly, and strands of spiritual energy rose up on him.

The powerhouse in the realm of the gods even uttered heartbreaking screams at this moment.

Li Tian suddenly thought of Xiao Tianyi's dream. If that person is his father Li Kuafu, then Li Tian should let the water ghost Guzi know, "Uncle...my father Li Kuafu is now in a ghost,...he...very it is good!"

Shuigui Guzi suddenly laughed! His hearty laughter came from the sky, "Hahaha, very good, just fine!"

Chapter 4823: : Underworld

Li Tian watched one of his elders in order to protect himself, soaring day by day.

Enter the God Realm!

The sky thunder is still falling!

Open the heaven gate, the power of the sky thunder is stronger.

The two islands of the Colosseum were struck by lightning again and sank to the bottom of the sea again.

The majesty of sky wrath is indeed not something ordinary people can resist. Even the strong of the venerable level will be shattered and decomposed by the sky thunder in an instant. Thinking about it this way, Long Yin was in the early time when the sea-monster girl Haiqin escaped the punishment. It was really lucky to survive the bombardment of the sky.

Purple and white thunders continued to fall, hitting the surface of the sea, forming a dense lightning grid between the sea and the sky.

Li Tian stood proudly holding the Qiong Spear of the sky, and the sky thunder kept flashing by his side and disappeared.

"Li, let's leave here, it's too dangerous here!" Situ Ningbing flew from the flying treasure ship to Li Tian's side, pulling Li Tian's shoulder.

Situ Ningbing can understand Li Tian's feelings at this time, but... the gentleman does not stand under the dangerous wall, the current sea area is perilous, once the sky thunder falls, it is difficult to guarantee that other super **** families will make a comeback.

Li Tian looked at the gradually disappearing Tianmen, pure white clouds once again covered the entire sky.

"go!"

Li Tian didn't continue to stay, and took the little blue tile, the elites of the Sea-Monster tribe and others to fly with Situ Ningbing to his own flying treasure ship.

The flying treasure ship accelerates and flies over the sea and sky at supersonic speeds.

He drove hundreds of nautical miles away quickly, and had already left the Tianlei area, only then did Li Tian order to stop.

Looking back, the Colosseum in the distance was like the eye of a storm. The white clouds curled into a spiral, like an ice cream hanging upside down, but there was lightning on the ice cream, which could sink the island.

The Colosseum is over!

At this time, only the large island of the Colosseum headquarters has not yet sunk, but the island is already in ruins.

The tree fell and the humiliation scattered, and the old white light died, the superdomain masters, domain owners, and venerables of the Colosseum directly ran away, even the body of the white light elderly did not take care of the body.

"Li, where are we going now? Are we going to the Underworld?" Situ Ningbing asked.

Li Tian shook his head, "Just wait here, when the sky thunder is gone, we will go back!"

"go back?"

"go back!"

Li Tian was firm, and Situ Ningbing was not asking.

Li Tian has his consideration and estimation in everything he does. Since Li Tian wants to go back, there must be a reason to go back.

At this moment, Young Master Ling Wen walked out of the cabin, and behind him were two super domain master powerhouses of the ancient Ling Wen family, as well as other members of the family, and of course the many women of Young Master Ling Wen. Guys!

"Brother Li Tian!" The folding fan in Master Ling Wen's hand opened 'swishly', gently shaking the folding fan, and walking towards Li Tian, "Brother Li Tian still remember our agreement? I don't know if Brother Li Tian has time now, we Competitive trials, so that my son Ling Wen can fulfill a wish!"

Li Tian glanced back at Young Master Ling Wen, a glimmer of cold flashes in his eyes, and said coldly: "After this incident, Li Tian can see who is a friend and who is an enemy. I thought we would be the most Good friends, it turned out that it was just an agreement in the end. Are you sure you want to fight me now? You will lose miserably!"

Li Tian's tone was firm, his eyes were sharp, and his voice was cold and terrifying.

"Winning or losing is not the point. The point is that after I fight with the Li Tian brothers, at least I won't have any regrets, even if I return to the Lingwen family now..." A wave of fluctuation flashed in the eyes of Young Master Lingwen. By the action, Li Tian could see that Young Master Ling Wen seemed unwilling to return to the family, but he was probably not qualified to choose his own way. This was probably the misfortune of living in these ancient families.

"Okay! Since you want to fight with all your heart, then let me Li Tian to fulfill the promise!"

Li Tian's feet were a little bit on the flying treasure ship, and his figure flew out with a whistling sound.

The folding fan in Master Ling Wen's hand was retracted, and he chased it out with the same action.

The super-domain master-level powerhouses behind Young Master Ling Wen did not say anything to stop them, because they understood that this was the last chance for Young Master Ling Wen to be willful. Once he returned to the family, Young Master Ling Wen would assume family responsibilities. , He is no longer his own.

The figures of the two flew out instantly.

In mid-air, the spiritual power of Li Tian and Young Master Ling Wen had already exploded.

It seems that after the baptism of the water ghost Guzi ascending in the daytime, the spiritual power of the two is stronger than before.

With a flick of his wrist, the folding fan in Master Ling Wen's hand slammed forward. The folding fan was as fast as lightning, but when it was about to fly to Li Tian's side, the folding fan suddenly showed its fangs.

That's right, it's the fangs!

As mentioned in the previous article, Master Lingwen's Lingwen beast is not just a wine bottle Lingwen beast. The folding fan in his hand is also a Lingwen beast, but this Lingwen beast is in the form of a folding fan.

Now the folding fan was in front of Li Tian, and the picture on the folding fan suddenly released strong spiritual power fluctuations. The spiritual power mountain of the realm flew out from the folding fan and fell from the sky, and it was about to hit Li Tian.

And on this big mountain, the waves are fanning, and there are hundreds of strange talisman stickers on it!

The mountains fell from the sky, and the terrifying pressure was the momentum, even the surface of the sea sank slightly, and the sea water was flowing around.

However, Li Tian suddenly roared, his figure flashed, his body was already jumping in the air, his hands clasped the Heavenly Qiong Spear, as if he were playing baseball, he was heavily drawn on this mountain of spiritual power!

boom!

The weight of this mountain of spiritual power is more than several hundred thousand tons, but it was directly thrown out by Li Tian with a spear like this.

Rumble! Loud noises like the sky thunder continued to sound inside this spiritual power mountain, and the spiritual power mountain that had flown out suddenly exploded in mid-air, and instantly fell apart.

The folding fan of Young Master Ling Wen made a hissing sound at this moment, but it was torn, fluttering and falling down like a butterfly, floating on the sea.

Although this folding fan is not as powerful as the Wine Bottle Lingwen Beast, it is also a Nether Beast of the first-level peak realm of the domain master, but... in Li Tian's hands, it was only a move.

"As expected to be Li Tianyu, as well as Li Tianyu who can kill the strongest in the Emperor Realm!" There was a slight surprise on Young Master Ling Wen's face, but he didn't pay attention to what he wanted to see. This is Li Tian, or, such Li Tian is not enough to excite him.

Young Master Ling Wen sneered, and flipped through his hands, but there were a few more things in his hands. They were a bronze bell, a small blue sword that was one inch long, a black inkstone that was half a square square, and a foot long. Xylophone.

Then... all these things were thrown to Li Tian by Young Master Ling Wen.

Similarly, these are all Lingwen beasts of Master Lingwen.

It is very difficult for ordinary strong people to obtain a Lingwen Beast, but Young Master Lingwen can bring out so many Lingwen Beasts at will. This is the local tyrant, this is the rich second generation.

Jingle Bell!

The bronze bell was thrown out, and it rose at the sight of the wind. In an instant, the bell became the size of a pot, and the bell continued to grow.

The crisp bell sound was not just the sound from the bell. The spiritual ripples formed by the sound drifted around like water waves, and Li Tian could see clearly. On the sea, it seems that because of the sound of the bell, the waves are surging, and the huge waves continue to rush towards the sky.

Li Tian only felt a slight sinking of his head, and the spiritual fluctuations of this voice had always had some influence on Li Tian.

At this moment, the little cyan sword kept doubling up again.

That's right, one divides two, two divides into four, and so on. In a flash, sixty-four small blue swords have been divided into eight steps.

The little sword shone with aura, and there was a chill on it. Before the little blue sword flew out, Li Tian could already feel the murderous aura on the little blue sword.

And that Fang Yantai was his mother's too much, directly hitting Li Tian, and even if he missed a hit, a piece of black ink flew out of the inkstone like a squid. If it weren't for Li Tian's skill, Dodging in time, this mass of ink had already swallowed Li Tian in.

The quietest thing is that xylophone, suspended high in the distance, automatically playing a moving movement for Li Tian.

However, Li Tian understands that this xylophone is definitely not a good kind. The sound waves released by this movement are like super sinking waves released by bats, like radar. Any movement of Li Tian is under the control of this xylophone. within.

And this xylophone is the brain of these Lingwen Beasts, it is this xylophone that controls the many Lingwen Beasts' attacks on Li Tian.

"Hey, it's kind of interesting, but it's the ancient Lingwen family, sure enough! But..."

The smile on Li Tian's face suddenly disappeared, and a trace of coldness flashed in his pupils.

"Do you have Lingwen Beast?"

Li Tian suddenly threw the Qiong Spear of the Sky in his hand, and the Qiong Spear of the Sky flew directly into the sky with a purple bronze bell.

At this time, the diameter of the bronze bell was at least several tens of meters in size, and the spear of the sky was like a small toothpick in front of the bell.

Jingle Bell!

The bell kept shaking, and the spirit wave was affecting the flying speed and direction of the Heavenly Qiong Lance.

However, this is not Li Tian's real goal.

At this moment, he put his hands together, purple lightning in his left arm and black flames in his right arm.

boom!

The two strands could be completely fused together, but the spiritual power of the black fire purple dragon was forcibly separated by Li Tian.

These two surging spiritual forces collided in Li Tian's palms.

Suddenly, the black flame on Li Tian floated out, and quickly condensed into a huge black figure in mid-air.

This giant figure looks like it has three faces, each face is not very clear, only the eyes are flowing purple lightning, and his giant body has six arms, at this time, two of them It turned out to be the Black Fire Dragon and the Purple Lightning Dragon, which were condensed from black fire and purple electricity. Two of the arms were holding giant tridents of black fire and purple electricity, and the last two The black or purple flames were floating on the palms of their arms.

"Dark Pluto!"

This is the name Li Tian gave to this trick! It was this trick that Li Tian had cultivated under the guidance of Shuigui Guzi! It's just that this trick is still not a complete form.

However, it is enough to deal with the shrimp soldier crab general Lingwen Beast!

Chapter 4824: : The domain owner is the strongest

In the distance, on the flying treasure ship.

"What kind of trick is the little boss? Why have you never seen the little boss use it before?"

Tang Xiaolong could feel the horror aura released from the dark underworld king, even if it was more than a dozen nautical miles away, Tang Xiaolong could feel the feeling of fear, and the spiritual power in his body could not help but fluctuate slightly.

You know, Tang Xiaolong gained a lot in the battle that just ended.

In the face of Xue Tao's attack on the domain master, Tang Xiaolong suddenly broke through and was promoted to the domain master realm at the very moment.

A fist blasted the domain master Xue Tao and witnessed the water ghost millet soaring in the daytime, which gave Tang Xiaolong a new understanding of power.

Now Tang Xiaolong, his cultivation level has reached the pinnacle of the domain master.

Situ Ningbing slowly shook his head, and said, "After experiencing so many things, Li has gradually gained some things that I can't understand."

"For example, he has never discussed this trick with me, nor has he performed it in front of me. It is estimated that...under the guidance of the water ghost Guzi, he has an epiphany to use this trick! But, not yet. Know the power of this trick!"

On the flying treasure ship, several domain masters from the ancient Lingwen family, the sea monster family, and the water ghost family are also looking at the direction of Li Tian and Young Master Lingwen.

At the beginning of the competition, Young Master Lingwen hadn't done anything except throwing the Lingwen beast.

Young Master Ling Wen is a tentative attack.

However, Li Tian is a shameless guy, and his youngest son Ling Wen is just a tentative attack. Li Tian has already begun to release his big move.

Who is the strongest domain master, the battle has officially begun.

boom!

The Qiong Spear of the Sky that Li Tian threw out suddenly pierced the bronze bell.

Ouch!

The bronze bell Lingwen Beast let out a scream, the talisman on his body instantly caught fire, and then the whole body continued to fall, just as the wheel was covering the dark underworld king.

However, this was only an instant of time, and the body of this bronze bell beast exploded in an instant.

The bronze bell Lingwen beast is dead!

This Dark Pluto had just condensed into an entity, but his fighting ability was definitely not covered.

The black arms of the two clenched tridents stretched out instantly and stabbed on the inkstone and the xylophone at the same time.

Click!

Click!

There were two consecutive sounds.

The inkstone and xylophone shattered at the same time.

Amazing!

At this time, the little blue sword of Young Master Ling Wen finally flew out.

This small cyan sword flew over Nether King's arms, and instantly one of Nether King's arms was cut down!

However, the dark underworld king's arm did not dissipate as a result, instead he flew directly out of his hand and stabbed the master Lingwen's deity with the trident!

Young Master Ling Wen's eyebrows twitched slightly, stretched out two fingers, and clicked on the trident at a very fast speed.

The trident seemed to be bearing a mighty force of gravity, and it fell down suddenly.

boom!

The trident and half of his arm fell into the sea, and then drifted away like a black smoke.

"Huh, the Underworld King!"

At this time, the palms of the dark underworld carrying black flames and purple flames were divided into left and right, and at the same time they patted the small blue swords.

boom!

The left and right arms were folded together, and the little cyan swords crackled and cracked in both palms.

In an instant, the four Lingwen beasts released by Master Lingwen were bombarded and killed!

The dark underworld king's body trembled slightly, but the arm that had been severed by the cyan small sword grew again.

Then...The Dark Pluto was in mid-air, striding towards Young Master Lingwen!

Qiongmao of Heaven has returned to Li Tian.

Whoosh!

Li Tian's figure drew a trace in the sky, and in a flash he had already arrived in front of Young Master Ling Wen.

"Young Master Ling Wen, since you are going to fight, then I will fight with you! However, I am in a bad mood today, and your beating is settled!"

"Hey, what a shameless Li Tian, I treat you as a brother, but you want to be my old man, so shameless!"

"Okay..., then let Lao Tzu also see and see your strength, and display all your abilities. Just this dark thing is not enough for Lao Tzu to see!"

Young Master Ling Wen also learned Li Tian's words. The heir to the dignified ancient family was even like a ruffian. However, Young Master Ling Wen was very happy, feeling that he was able to vent all the dissatisfaction in his heart through swearing.

While they were talking, Li Tian and Young Master Ling Wen had already attacked each other seven or eight times.

As the ninth-level peak powerhouses of the two domain masters, heavy, instant, and domain, these skills are all displayed in an instant, and they have been exerted on each other when their minds move. However, the strength of the two is quite close, you come and I go, no one should think of taking advantage of the domain of heavy harmony, and furthermore, the two of them can't even display it for an instant, they can only fly.

Huh!

Young Master Ling Wen suddenly had a long sword in his hand!

This long sword is only three feet long and black in its entirety, but on the black blade, it is full of strange lines.

As soon as the long sword came out, the spiritual power flickered on this pattern, and the sword energy on the blade was continuously chopped in all directions!

"Good sword!"

Li Tian could feel that this sword should also be a quasi-artifact!

Whoosh!

Whoosh!

Li Tian's figure kept dodge the sword qi, but he could still feel that his clothes were cut by the sword qi in an instant, and the piece of cloth flew down from the air like a butterfly, but the butterfly-like piece of cloth was shattered by the sword qi again .

Huh!

Huh!

Although Li Tian tried his best to avoid, the strong sword aura still pierced the spiritual power released from his body, leaving two ***** marks on his body.

"Fuck!"

Li Tian was angry instantly!

Li Tian's figure dodged several times in a row and was already approaching Young Master Ling Wen.

Of course, if Young Master Ling Wen wants to injure Li Tian, he must also be close to Li Tian, otherwise the farther the sword energy released by the sword in his hand will fly, the weaker the power will be.

Huh!

Huh!

Two more sword qi flew past Li Tian.

Li Tian shook his right wrist, and the Qiong Spear of the Sky was slammed against Young Master Ling Wen like a dog stick by Li Tian.

Young Master Ling Wen's body is turned back, so... Li Tian can chase faster!

The Qiong Spear of the Sky flew around with Li Tian's body, continuously hitting Young Master Ling Wen.

Young Master Ling Wen raised the ancient Ling Wen sword in his hand to block him.

boom!

The moment the Qiong Spear of the sky fell, Young Master Ling Wen felt his body almost fell from the sky, and his arm was numb, and the ancient Ling Wen sword in his hand was trembling slightly.

However, before Young Master Ling Wen could react, Li Tian's Heavenly Qiong Spear had been smashed down again!

boom!

boom!

boom!

Young Master Ling Wen felt that he was about to vomit blood.

We are civilized, can we be more elegant when we fight?

"Brother Li Tian...you...do you think you can defeat me with such brute force?...you..."

Young Master Ling Wen wanted to pretend to be forceful, but Li Tian didn't say anything at all, as if he was crazy. When the Heavenly Qiong Spear kept smashing down, the black fire spirit power on the Heavenly Qiong Spear actually began to destroy Young Master Lingwen's The lines on the Lingwen ancient sword.

This Lingwen ancient sword is the only quasi-sacred weapon of the Lingwen family, and it has been sacrificed with spiritual power by countless seniors in the family, and it has its current power.

It's just that Young Master Ling Wen's strength is limited, and he still can't display the full power of this quasi-sacred tool, but...if Li Tian's brute force destroys this ancient Lingwen sword like this, he won't be able to attack first. The predecessors of the Wen family confessed.

At this moment, the Dark Underworld King was already standing behind Li Tian, like a patron saint released from Li Tian, constantly cooperating with Li Tian to attack Young Master Ling Wen.

This Dark Pluto was formed by using Li Tian's spiritual power, but this is not the most complete form, so the combat power is less than 70% of Li Tian's current power. It's not easy to really hurt Young Master Ling Wen, but, This product is like a fly flying in front of you. It can't hurt you, it can make you sick, and make you tire of it!

In less than a minute, Young Master Ling Wen had once again blocked Li Tian's bombardment more than dozens of times with the ancient sword of Ling Wen.

On Young Master Ling Wen's arm, the skin that had been smashed by Li Tian, the second force of Heavenly Qiong Spear, burst open.

Young Master Ling Wen is angry!

"Fuck! Do you really think I'm afraid you won't make it?"

Young Master Ling Wen exploded, and the ancient Ling Wen sword in his hand suddenly released a red sword qi that was ten feet long.

This sword Qi cut against Li Tian's Heavenly Qiong Spear, but...but... the moment it was cut out, it was smashed by Li Tian's Heavenly Qiong Spear.

Young Master Ling Wen took the opportunity to fly back several tens of meters.

hiss!

Young Master Ling Wen tore off his robe fiercely, with his hands claws, tearing his clothes to shreds, revealing the white flesh of his body.

On the flying treasure ship, seeing Young Master Ling Wen suddenly making such an 'indecent' action, the faces of the two superdomain masters of the ancient Ling Wen family showed surprised expressions at the same time, and even the voices of words began to be somewhat different. Trembling.

"My son...Is this my son..."

"Do you want to stop the young man? His cultivation is not yet enough, and it may cause both losses..."

The super domain master-level powerhouse shook his head slowly, and said, "Forget it! Don't you see the son playing very happy? This is the first time I have seen this in thousands of years. The son is so happy, damn...hehe...actually, it's nice to occasionally say bad words!"

Another super domain master-level powerhouse is a bit silly, but it is the first time he has seen the partner beside him swearing.

In the distance, in the sky, Li Tian finally stopped, but at this time, Li Tian's spiritual power was surging, and the shadow of the dark underworld behind him became more concrete. Li Tian rolled his eyes and said: "Ling Master Wen, are you **** crazy? I'm not uninterested in men. Put on a **** pair, or I will kill you with a dog stick!"

"Hey, Li Tian, you are the first domain master to force Lao Tzu to use our ancient Lingwen family secret technique. No matter what the battle is today, you Li Tian will be my lifelong friend of Lingwen!"

After a short pause, Young Master Ling Wen suddenly smiled and said, "Are you ready? I'm here!"

Chapter 4825: : Both loser

Young Master Ling Wen has broken his studies.

He is clearly a descendant of an ancient family, and he claims to be Lao Tzu!

This sour...

Regardless of Young Master Ling Wen's pretense, Li Tian carried the Dark Underworld, holding the Qiong Spear of the sky and once again came to Master Ling Wen, his wrist shook, and the Qiong Spear of the sky slammed into the chest of Young Master Ling Wen. .

Whoosh!

The Qiong Lance of the Sky carried the black fire through the spiritual power released from Young Master Lingwen and reached the target.

"Fuck! This **** doesn't hide!"

The moment Li Tian's Heavenly Qiong Spear stabbed out, he could feel that Young Master Ling Wen didn't mean to evade at all. If this spear went down, it would be swallowed with the power of the Heavenly Qiqiong Spear and the metamorphic power of the black fire spirit. , Even if Young Master Ling Wen did not die, he would be seriously injured.

When Li Tian realized the danger, he started to stop.

It's just that everything is too late, the Heavenly Qiong Spear still pierced Young Master Ling Wen's skin and pierced Young Master Ling Wen's heart!

Li Tian is very regretful!

However, Li Tian's eyes soon showed shock.

"day!"

This was not Li Tian's swear word, but Li Tian saw Young Master Ling Wen's body instantly covered by yellow runes, and there was a sun pattern on his chest.

At this time, the pattern of the sun was releasing strong light, and these strong lights were rapidly wandering along the pattern on Young Master Ling Wen, and Li Tian's Qiqiong Spear of Heaven pierced the center of the pattern.

The Qiong Spear of the Sky stabbed a little into the body of Young Master Ling Wen, but the skin was not broken, and no blood flowed out.

"Fuck! This is all right?"

There was a mysterious smile on Young Master Ling Wen's face, his arms slowly raised above his head and then slowly opened, and behind him, there was a bright light instantly.

"Aura shines!"

As Young Master Ling Wen called out this extremely pretending name, the group of strong flames behind him shattered instantly, spreading around like radiation.

Although Li Tian had already taken refuge, when the strong light shone on Li Tian's body, Li Tian could still feel that his body skin seemed to be on fire.

"Dark Pluto!"

In an instant, Li Tian moved the Underworld King from behind to front of him.

The strong light continued, and the strong light could still shine on Li Tian through the body of the Dark Pluto.

Li Tian felt that his skin was burned, painful and itchy.

In the distance, on the flying treasure ship.

Tang Xiaolong and Situ Ningbing were shocked by the sudden change of Young Master Ling Wen.

Especially when the strong light flickered, Tang Xiaolong even had the illusion of a sun in the sky.

A dozen nautical miles apart, Tang Xiaolong still felt a scorching heat when the strong light came over.

And under the body of Master Ling Wen, the sea water was constantly evaporating, and the white smoke on the sea surface rose, and after a few meters in the air, it would disappear again.

"What a perverted skill!"

"Aura shines! No wonder Young Master Ling Wen dares to claim that the domain master is the strongest. If... if this aura shines on him at close range, I am afraid that his body will be instantly burned without a trace!" Tang Xiaolong said with lingering fear.

Seven or eight meters behind Tang Xiaolong, the two super domain masters of the ancient Lingwen family frowned slightly.

"Young Master Ling Wen's 'Aura of Light' is far from Consummation. I'm afraid there is no master's three-strength power yet!"

"Yes, the reason why our ancient Lingwen family can stand under the four super-god families so strong is precisely because the master, the old master who has passed away, has cultivated aura to the extreme, even if it is a demigod. If you don't perform the strongest attack, the strong in the realm will be afraid of three points!"

"Hey, the powerhouse of the demigod is even more cherish their lives. Except for the water ghost millet who just used the strongest attack to save Li Tiancai, the other demigods are not capable of suppressing more than half of their strength? It is not a trouble to trigger the sky For fun!"

The two super domain master-level powerhouses were talking about it and they crooked the building, but they were still immersed in the joy and pleasure of this chat.

Surprised expressions also appeared on the faces of the Super Territory Master of the Sea-Monster Clan, the parallel imports of the Water Ghost Clan, and the Water Bird.

The 'Aura of Light' released by Master Ling Wen is so powerful that even a super domain master first-level peak powerhouse will be burned when facing the Aura of Light.

"It's really a difficult opponent. Fortunately, Li Tian's Dark Underworld King is also very powerful. It seems that the black flame is just enough to restrain this aura, otherwise..." The parallel imports have no longer dared to speak.

...

In the sky, Li Tianqiang endured the severe pain on his body.

In front of Li Tian's Dark Pluto, he was under the attack of aura, the body formed by the black fire spirit power was translucent at this time, you can see the aura penetrating the past, you can also see the black fire Zhong is constantly devouring aura.

Li Tian could feel that there seemed to be some kind of abnormal change in the dark underworld king, as if the dark underworld king's body was more real and more concrete, and the underworld king's strength seemed to be continuously improving in a short time.

The problem that Li Tian hadn't solved by practicing hard before was solved under the aura of Master Ling Wen.

If it were not for Li Tian who was still trying to hide behind the Nether King and was suffering from his body, Li Tianzhen wanted to give Young Master Ling Wen a thumbs up!

Although the aura is powerful, it is not endless.

At this time, the power of aura is gradually weakening, and the hot feeling on Li Tianshang gradually slows down.

Getting weaker...

Getting weaker...

Just like the winter sun, Li Tian can't be hurt anymore!

"It's now!"

Li Tian decided to fight back!

Li Tian's figure flashed out from behind the Dark Underworld King, the Qiong Spear of the sky in his hand flicked, and it was about to hit Young Master Ling Wen's head.

puff!

At this moment, Young Master Ling Wen suddenly spouted a mouthful of blood.

The blood was so hot that Li Tian couldn't avoid it, and was sprayed with the blood.

boom!

The spiritual power in Li Tian's body began to burn instantly at this moment.

If playing with fire and self-immolation, Li Tian not only screamed in this flame!

Even if Li Tian had already controlled the spiritual power on his body, his body was still burned horribly. Almost all of his clothes were destroyed. His long black hair was burned by this spiritual fire for more than half, now it seems to be curled. Wool sheep are as ugly.

"I fuck..."

Young Master Ling Wen must be jealous of our handsome appearance, so he used this method to ruin my handsome appearance!

Although Li Tian didn't use his full strength, he still hit Young Master Ling Wen with a stick.

"Thank you! Li Tian! I...very happy..."

puff!

Young Master Ling Wen showed a satisfied smile at Li Tian, spouted a mouthful of blood again, and then plunged into the sea!

Chapter 4826: : Looting treasures

Li Tian was soaked in Shuqing's soup, his burns gradually recovered under the magical effect of Shuqing.

Because of the forcible use of the "Eurasian Light", Young Master Lingwen's veins were damaged and the injury was not serious, but at least for a short time before the veins were restored, he should not use his spiritual power.

Young Master Ling Wen left Li Tian's flying treasure ship with the help of his clansmen, and Li Tian finally dismissed the dystocia opponent.

In this battle, it is impossible to say who will lose and who will win.

It was the result of losing both. If Li Tianneng was more shameless, then he won.

Approaching the beating of Young Master Ling Wen, he also said 'thank you' to Li Tian.

From the space of Void Yasha, the sky thunders above the Colosseum in the distance have gradually disappeared, and a few sky thunders will fall occasionally, which is basically no major problem.

Tang Xiaolong, Situ Ningbing, Xue Ji and others all gathered around.

"Little boss, you are really awesome! Young Master Ling Wen claims to be the first person in the realm of the super domain master, and he was beaten by you to spurt blood continuously, hehe, now little boss, you are the strongest domain master!" Tang Xiaolong This guy has also learned how to slacken his beard and slap a horse, no, this is clearly telling the truth!

It's really teachable.

Li Tian looked at the Colosseum, "Let's go back to the Colosseum!"

"Back to the Colosseum?"

Everyone was surprised by Li Tian's decision. The Colosseum has become a ruin. What can I do now when I go back...

"Could it be..." Situ Ningbing seemed to have guessed what Li Tian was thinking, and asked.

The trees in the amphitheater are scattered, but don't forget that the Colosseum has been rooted in the Underworld for tens of thousands of years. It can be said that they are a wealthy country. Although the islands of the Colosseum have been sunk, the main island is still there. Still, especially with so many minerals used to forge weapons, and heaven and earth treasures used to upgrade cultivation, how could Li Tian violently violently leave these things on the Beast Beast Island alone?

What's more, the Colosseum has already received the "Beast God Inheritance". If the "Beast God Inheritance" can also be obtained, even if it is useless to Li Tian, it will always be useful to Li Tian's brothers such as Xiaoqingwa and Ziyan Thunder Bear. Right!

Li Tian nodded slightly and said, "Yes, if it weren't for the white light old man in the Colosseum, Uncle Water Ghost Guzi wouldn't have to ascend, I just want to find his corpse, whip the corpse..."

Well, Li Tiandao is not deliberately concealing the truth, but he really wants to whip the corpse!

Only whip the corpse can make Li Tian eliminate his hatred in his heart.

Of course, the whip corpse must first find the corpse. When the old white light was holding Li Tian's arm, Li Tian clearly saw the old white light wearing a space ring on his hand.

This is the space ring of the demigod realm powerhouse, I don't know how many treasures there are!

"Yes! Must whip the corpse!" Tang Xiaolong said indignantly.

Although the three super-domain master-level powerhouses of the Sea-Monster Clan are puzzled, they can think of Li Tian's true thoughts based on their little brains. Besides, their patriarch has clearly told them three, let them follow Li How dare they not listen to it in the days of chaos.

Since Li Tian said to look for the body of the old man Bai Guang, then look for it!

Many powerful men once again teleported to the sea near the Colosseum, and began to look for the body of the white light old man, and the flying treasure ship quickly flew towards the Colosseum.

Li Tian arranged for the Sea-Monster Clan and the Water Ghost Clan to follow Situ Ningbing to find the body of the old man Bai Guang, and he took Tang Xiaolong, Xue Ji, Xiao Qingwa, Xiao Tianyi and others to the main island of the Colosseum.

The main island suffers from less lightning attacks. The topography of the island has not changed. It is only because of the fire caused by the sky thunder. The crater on the island is being swallowed by the fire at this time, and the green plants around the crater have been consumed. It burned to black, and none of the buildings and residences built on the outermost slopes were spared, all being devoured by the fire.

Looking at this situation, Li Tian couldn't help feeling a little sigh.

Half a day ago, the Colosseum still existed, but now it has become like this.

"Di Xing Yasha, put out the fire!"

"Ok!"

Dixing Yasha landed on the beach and got into the ground.

Soon the mountains in front of me began to undulate, and mud was constantly turning up from the ground. The mud was like ocean waves, covering the mountain fire.

Rumble!

Jixing Yasha's ability to move mountains and reclaim the sea is definitely not covered. If it is not considered that Li Tian will go to the headquarters of the Colosseum to ransack it, Jixing Yasha may turn the entire Colosseum main island upside down.

In a few minutes, the crater completely changed. The raging flames were all covered by mud, and all the dwellings on the hillside had completely disappeared. The green plants disappeared and replaced by bare mud, but the mud had a little more black color.

Flying over the crater, the town of the Colosseum is in front of you.

The once prosperous, busy streets are already empty, empty, like a ghost town.

"Little boss, what are we doing here?" Tang Xiaolong asked puzzledly.

"Do you like money?"

"like!"

"Do you like treasures?"

"like!"

"Do you like artifacts?"

"like!"

"This city is already empty. The accumulation of thousands of years in the Colosseum is ours. You can take it whatever you want!" Li Tian stretched his hand across the city and said with a smile.

"Little...little boss, don't we...hahaha, I know...I know!"

Tang Xiaolong was so excited that he rushed directly at the tallest headquarters building in the Colosseum. A few small things followed Tang Xiaolong, and his figure disappeared in a flash.

"Xue Ji, wait a minute!"

Li Tian shouted at Xue Ji, who was about to join the raid team, stretched out his hands to hold Xue Ji's shoulders, and said, "I know, in the past few years, I have ignored your cultivation, ignored your feelings, and neglected. It's you! It's my fault, sorry!"

"We are a husband and wife, and my love for you has never changed. The past is, the present is, and the future is too!"

Xue Ji stretched out her right hand to cover her mouth. Her eyes were a little moist. She choked up and did not say what she wanted to say.

Li Tian is a big man. In the past few years, he has never said such nasty things to anyone.

Even in the earth world, when they got married, Li Tian didn't seem to confess so affectionately.

"I know!"

"Xue Ji, my goddess, in order to make up for my mistake, please allow me to give you a gift!"

"Now, close your eyes!"

Xue Ji closed her eyes, and the deer jumped wildly in her heart.

"What gift is it?"

"Could it be the quasi-artifact that Xiaoqingwa won back?"

Li Tian didn't let Xue Ji wait too long, he flipped it over, and the azure blue walking stick had appeared in his hand.

For Xue Ji, there is no better gift than a quasi artifact!

"You can open your eyes!"

Xue Ji slowly opened her eyes, and the azure blue cane was already suspended in front of her, shining with a faint blue aura...

"Li Tian!"

Xue Ji plunged directly into Li Tian's arms, and blocked Li Tian's mouth with her fiery lips.

Warm, soft, smooth...

At this moment, a gloomy man's voice suddenly came from behind Li Tian.

"Hey, the Colosseum was so murdered by you, you still dare to return to the Colosseum again, really recklessly! And...hey, you can really play!"

Chapter 4827: : Lure the enemy deep

Li Tian looked back abruptly.

A hundred meters away, a super domain master-level powerhouse wearing a black robe embroidered with the Colosseum logo was looking at Li Tian with a sinister sneer, his face full of greed and licentiousness.

Li Tian remembers this super domain master-level powerhouse, he was the one who followed Xue Tao domain master to threaten Li Tian in the passage!

This product should be regarded as the weakest among the four super domain master realm powerhouses, only the super domain master first level initial realm.

"A funny guy!"

Li Tian couldn't help feeling that he wanted to laugh.

You said that your teasing is more difficult than escaping, and you even sent it to your door to find death.

Super domain master-level powerhouses are very powerful, but you, a super domain master-level initial little tease, pretend to be a big-tailed wolf in front of me, Li Tian!

We must know that although our current cultivation base has not reached the peak of the ninth level of the domain master, but our strength can be tied with the ninth level of the domain master like Ling Wen, and even have a slight advantage.

"Huh? You know me?"

Obviously, this super domain master-level powerhouse did not clearly hear what Li Tian said, even when Li Tian was calling his name "Dou Bin"!

"All these years have passed. I thought that the Netherworld had forgotten my existence. I didn't expect someone to call my name today. That's right, I am the domain master Dou Bin who has been legendary for a long time in the Netherworld. For so many years, I followed the old man Bai Guang To make me stronger..."

Domain Lord Dou Bin was already a ninth-level peak powerhouse before he invested in the Colosseum.

But he was trapped in this realm for more than ten thousand years. During these ten thousand years, he devoted himself to cultivation until he was subdued by the white light old man.

After the white light elder's enlightenment, Dou Bin's domain master finally broke through, reaching the initial stage of the super domain master level.

Originally this time, the old man Bai Guang made heavy promises to all the worshipers, Lord Xue Taoyu, etc. Only when things were done, the old man Bai Guang would help many powerful people to improve their cultivation again.

But... all this was ruined because of Li Tian!

"Excuse me, I have no interest in your story. If you don't want to die, just go away, don't spoil Lao Tzu's interest!" Li Tian sneered.

"Hahaha, Lord Li Tianyu has such a big tone, but he doesn't know who gives you such confidence in our Colosseum!"

Huh!

Huh!

Huh!

As soon as Li Tian's words fell, a few figures flashed out next to the powerful super master, but they were enshrined in the black robes of the other two Colosseum, and...one was wearing the costume of the Sanlu Super God family, Super domain master powerhouse with a giant axe in his hand.

Li Tian couldn't help feeling that things seemed a bit wrong.

It seems that the three black robes of the Colosseum enshrine the high branch of the Sanlu Super God family. No wonder they dare to return to the Colosseum. No wonder they dare to be so arrogant. But their return to the Colosseum makes Li even more so. God understands that there must be treasures in this Colosseum, otherwise these black robes will not return.

Li Tian's mind had already communicated with Xukong Yacha, asking him to inform Xiaoqingwa and Xiaotianyi to come over as soon as possible to 'drunk driving'.

Right now, in front of Li Tian, there are three black robes dedicated to the super domain master, as well as a super domain master of the Sanlu super ***** family, but the cultivation strength of these four super domain master-level powerhouses is not strong, Li Tianhe Xiaoqingwa and Xiaotianyi work together, and there will be no problems dealing with them.

Li Tian was worried that people from the Sanlu Super God family appeared. I am afraid that Situ Ningbing and others who were looking for the body of the white light old man on the sea would be ambushed by the San Lu Super God family and even other super God families. A quick fight must be made.

Huh! The spear of the sky appeared in Li Tian's hand instantly, and Li Tian blocked Xueji behind him, beckoning and saying, "It turns out that the Sanlu Super God family gave you three funeral dogs. No wonder you dare to come out and bark your teeth. Since you are willing to die, Then I am willing to bury it! Come, you three dogs will go together, or one by one!"

The three black robe enshrines are the dogs of the mourning family, but...that's not what Li Tian said.

"Good brother, clever little thief, let me, Super Domain Master Dou Bin, come and see you on the road in a few days!"

Dou Bin Super Territory Master gave a cold snort, but his gaze swept across the blue cane in Xue Ji's hand. The three of them in black robes were enshrined in their embarrassed escape. On the way to escape, they met General San Lu and others of the San Lu Super God family.

Under the big tree, it is good to enjoy the cold, Dou Bin, the super domain master, wants to take refuge in the Sanlu Super God family.

The three super domain masters hit it off and agreed to join the Sanlu super ***** family. Moreover, in order to show their sincerity, Dou Bin super domain master also wanted General Sanlu to stoke out the fact that the Colosseum had the "Beast God Legacy". The members of the Sanlu Super God family returned to Beast Island, looking for the whereabouts of "Beast God Inheritance".

General Sanlu promised that as long as they "Inheritance of the Beast God", everything else can be enshrined by the three black robes.

Now, the quasi-sacred tool of the blue cane is in front of the super domain master Dou Bin, and behind him there is the big tree of the Sanlu Super God family, there is no reason not to take it.

When Dou Bin said that sentence, he had already displayed the domain instantly, wheeling the entire main island of the Colosseum, and then, with a flash of his figure, he appeared in front of Xue Ji, reaching out to grab Xue Ji, and wanted to This quasi artifact was taken away.

Hum!

Dou Bin's super domain master's domain was instantly broken!

The domain master Xue Tao has no time to think about why his domain was broken, and by whom.

There was only a blue cane in his eyes, only Xue Ji!

"court death!"

Behind Li Tian, the Underworld King appeared instantly.

After a battle with Young Master Ling Wen, the current Underworld King has gradually improved. Lightning wandered in both eyes, and in the pure black body, because of the absorption of the aura of Young Master Ling Wen, there was a bit of brighter color, making the whole body more textured.

An aura of death was released from the Nether King's body, as if within a few hundred meters of Li Tian's body, he was covered by the huge body of the Nether King.

Facing the claws of Dou Bin's super domain master, the tridents in the two arms of the Dark Pluto stabbed Dou Bin from the left and right at the same time. Even if he could grab the blue cane in Xue Ji's hands, his body would be affected by this spiritual power trident. pierce.

drink!

It's just that the quasi-sacred tool in Xue Ji's hand is already close at hand. How could Super Domain Master Dou Bin give up so easily? His figure is unabated, his face is hideous, and a phantom appears on his body instantly, which stretches out two at the same time. With two arms, he grabbed the two arms of the Underworld King, and his claws still grabbed Xue Ji's blue cane.

A trace of panic appeared on Xue Ji's face!

This azure blue cane is a quasi-sacred weapon, a gift from Li Tiangang in her hand, how could Xue Ji let go!

But... Facing the attack of the super domain master-level powerhouse, Xue Ji was shocked by the aura released from the super domain master Dou Bin. She couldn't move. She wanted to avoid her body but couldn't help but couldn't move at all!

"Go to hell! It's just a strong person in the early stage of the superdomain master level, and I dared to be arrogant in front of Lao Tzu. Just when I Li Tian can't leapfrog to kill the superdomain master level powerhouse, no!" Li Tian roared With a sound, the Heavenly Qiong Spear in his hand lowered forward and blocked Xue Ji's body.

Dou Bin did not grab the blue cane with his claws, but he grabbed Li Tian's spear of heaven.

"Artifact..."

"This... turns out to be a divine weapon. Is this the legendary spear of heaven?"

For a while, Super Domain Master Dou Bin was stunned by the surprise at this moment, and the arm holding the Qiong Spear of the Sky trembled slightly.

At the same time, the two tridents of the Dark Pluto stabbed over, and the powerful spiritual power instantly shredded the phantom released from the body of Dou Bin's Super Domain Master. The two tridents pierced with black flames and purple lightning. Dou Bin super domain master.

The Qiong Spear of the sky was grabbed by Dou Bin Super Domain Master, but Li Tian's mouth showed a sneer.

Hey!

Several purple electric dragons coiled around the spear of the sky and rushed towards the arms of the super domain master Dou Bin.

Li Tian is very good!

Regardless of the purple electric dragon or the black fire purple dragon, there is no way to get the parallel imports, but the cultivation base of the parallel imports does not know how many levels stronger than the super domain master Dou Bin, Li Tian does not believe that his purple electric dragon is a display!

Hey!

Dou Bin Super Domain Master finally realized the threat. Although he looked dissatisfied, he released his arm instantly, teleported and fled back.

Xue Ji finally breathed a sigh of relief!

Li Tian's Qiong Spear of the Sky stabs forward, pointing directly at the Super Domain Master Dou Bin, and said with a mocking expression: "A dog that can only bark and cannot bite! It's you, right?"

"You...you don't want to be rampant!"

Dou Bin Super Domain Master was very angry, but... he really had no choice but to take Li Tian with this dish.

"Hey, want the artifact in my hands? Want the quasi artifact in Xueji's hands? Come on, you dogs come at the same time! Whoever has the ability, whoever takes it! If not, you can join hands to deal with me!" This time Li Tian used the tip of the Qiong Spear of the Sky to slowly point at a few people, and even the Super Domain Master-level powerhouse of the Sanlu Super God family who held a big axe had not let go.

Together?

These black-robed super domain master-level powerhouses are mobs, driven by the same interests, they may join forces, but now the heavenly spear artifact and blue cane quasi-sacred tool have only two weapons, but they have three super domain masters, how about Join hands.

This is the reason why two peaches kill three people.

Being humiliated by Li Tian, there are people from the Sanlu Super God family watching behind him, and the faces of the three black robes worshipped a little bit.

"Since you want to die with all your heart, then we will fulfill you, this artifact, a quasi artifact, the three of us, whoever grabs it is whoever gets it!" a black robe enshrined proposed.

"it is good!"

"can!"

Dou Bin super domain master nodded at the same time as the other black robe worshipper.

Hum!

It was also the domain cast by the super domain master-level powerhouse, and instantly the wheel was on the main island of the Colosseum.

Three black robes enshrine, do it at the same time!

Take Li Tian and Xue Ji directly!

People don't kill themselves for their own sake, and the other two black robe enshrines are directed at Li Tian at the same time. Their purpose is a famous piece of music, which is the magical

instrument of the Qiqiong spear of the sky, while the super domain master Dou Bin is directed at Xueji. .

However, as soon as their figures flashed, the domain they had just displayed was broken again.

Immediately afterwards, Dou Bin Super Domain Master felt an extra shadow in front of him!

Huh!

The heart-piercing pain came from his body. The moment when the super domain master Dou Bin lowered his head, he saw that his body had become two halves...

Chapter 4828: : Imaginary and Wei snake

"This... how is this possible?"

Dou Bin Super Domain Master was full of horror.

He doesn't want to die, he just broke through to the super domain master realm not long, he has not enjoyed enough to stand in the super domain master realm, he still wants to hit a higher level realm, but...now, he The body has been split in half.

The body that was divided into two lost the ability to fly, and fell down involuntarily!

Dou Bin, the super domain master-level expert, wanted to find the murderer, but saw a beast with golden light suddenly appeared in the void!

"Little...Little Blue Tile...Golden Lion with Crystal Eyes..."

At this moment, Dou Bin super domain master finally died convinced!

That's right, it was Xiao Qingwa and Xiao Tianyi who appeared beside Li Tian.

Pretend to become a habit, and habit becomes natural.

Li Tian, who pretends to be a pig and eats a tiger, will not miss this opportunity to pretend.

Isn't the black robe enshrined very awesome? Don't you want to grab our artifact?

of course can!

Is the blue cane quasi-artifact enough?

If it is not enough, there will be our magical weapon, the Heavenly Qiong Spear!

As long as you rob, as long as you three bereaved dogs dare to relax their vigilance and rob, this is to die, and Li Tian will naturally give them this opportunity.

Dou Bin Super Domain Master...dead!

All this is between the electric light and flint, the other two black robe worshipers did not react to what happened, and they were already attacked by a young man.

Although this boy looks extremely young, his strength does not seem to be inferior to Xiao Qingwa, who possesses the super domain master realm, or even stronger.

Seven skeleton warriors condensed from spiritual energy, holding white bone spirit knives, standing with the Big Dipper array, constantly slashing these two super domain masters, and the young man stood with his arms By Li Tian's side, he didn't mean to shoot.

"So strong! This young man is just a skeleton warrior condensed with spiritual power. He has such a powerful combat power..."

The two black robe worshippers were frightened by the abilities displayed by Xiao Tianyi, and they were terrified.

However, the man behind the two of them holding a giant axe is not simple. He is a super strong at the initial stage of the eighth level of Transcendent Lord, and is the top five strong general San Lu in the San Lu Super God Family. This Although the two black robe enshrines were panicked, they were not in a panic. They were still desperately supporting them, hoping to get the help of General Sanlu!

However, these two black robes are disappointed!

General Sanlu still looked at the two of them coldly, without any intention of doing anything.

"General Sanlu...you..."

One of the black robe enshrines unwillingly looked at General Sanlu. He hoped that General Sanlu would rescue them. But looking at the expression of General Sanlu, his heart sank to the bottom of the sea instantly, knowing how much his hope was. Slim.

Because what he saw on General Sanlu's face was solemn and cautious!

Ouch!

With a roar, Xiao Qingwa instantly solved Dou Bin's Super Domain Master and joined the battle.

Huh!

Huh!

Xiao Qingwa's figure kept flashing, these two super domain master-level powerhouses only felt a flash of King Kong in front of them, and both of them felt a pain in a certain position of their bodies at the same time.

"So fast!"

However, the speed of Xiaoqingwa can be even faster!

Whoosh!

Several golden lights, golden lights flashing like a few mirrors, flashed from the necks of these two super domain master-level experts.

These two super domain master-level powerhouses only felt a cold in their necks, and then blood was sprayed from their necks and sprayed onto their faces. These two super domain master-level powerhouses smelled a ***** blood. I felt hot for a while.

The two super domain master level experts looked down at the same time, only to find that their bodies had fallen towards the ground... Immediately afterwards, the two of them completely lost consciousness.

dead!

With a smile on Li Tian's face, he watched Xiaoqingwa perform his stunts to kill two superdomain master-level powerhouses, and watched Xiaoqingwa appear to him with the heads of two superdomain master-level powerhouses in his mouth. By your side.

"Dad Li Tian, this head is here for you! We can go to the territory of the blood wolf clan!" Xiao Qingwa shook the two **** heads and said to Li Tian.

Li Tian reached out and took the two heads in his hands, and threw the space ring on his fingers casually.

This **** thing is still delicately placed in the ring of space like a vacuum.

In this way, General Sanlu witnessed the scene of three superdomain master-level powerhouses being killed instantly, and the giant axe in his hand grasped tighter.

It's not that General Sanlu didn't want to help the two black robes, but...li Tianyi's little Tianyi next to him put a lot of pressure on him. As long as General Sanlu took action, then Xiao Tianyi would no longer be just a skeleton war condensed with spiritual power Soldiers attack.

Now, General Sanlu finally knew why Mother had to get rid of Li Tian.

Li Tian is a scourge.

It has only been a few years since Li Tian came to the Netherworld, and this guy's cultivation level has reached the realm of the domain master.

Compared with Li Tian, any genius in the Netherworld in the past did not even have the qualifications to call himself a fool.

Moreover, Li Tian has gathered a large number of helpers with the super domain master realm: little blue tile, little sky wings, purple flame thunder bear, parallel imports, water birds, sea monsters... and even the strong of the demigod realm. Help Li Tian!

Li Tian is not the master of peace. In the past few years, how many strong people have died in his hands.

Even in the face of the four super **** families, Li Tian still has no awe, and even dared to fight the four super **** families!

Li Tian must die!

This is the judgment in General Sanlu's heart!

If Li Tian does not die, the powerhouses of the four super **** families may fall!

Not to mention other domain master-level powerhouses, super domain master-level powerhouses!

The Sanlu Super God family has not yet faced Li Tian head-on, but at this time General Sanlu has already felt the danger!

"Do you want to take risks and block Li Tian here..."

Soon General Sanlu dispelled his unrealistic idea.

"I regretted it at the beginning. Although I agreed to the mother's proposal before, I still had the idea of rejection in my heart. But now, it seems that it is difficult for me to kill Li Tian by my general Sanlu, even if the other super domain masters now join forces. ..."

Suddenly, General Sanlu suddenly realized that the clansmen he sent out to search for the body of the old white light might be in danger at this time.

"Lord Li Tianyu, we may have misunderstood you and our Sanlu Super God Family in the past..."

General Sanlu is absolutely rough and fine. He decided to temporarily cooperate with Li Tianxu and the snake, not to anger Li Tian to ensure that the members of the Sanlu Super God family can leave here alive. Once he waits for General Sanlu to return to the family, then he will definitely suggest The Sanlu Super God Family and the East Palace Super God Family will eradicate Li Tian as soon as possible!

Li Tian smiled and said, "There are some misunderstandings..., but since there is a misunderstanding, it must be resolved, right?"

"Yes! Today..." General Sanlu hadn't finished speaking. He suddenly felt a violent energy fluctuation in the sea more than ten kilometers away, and then a familiar spiritual power suddenly disappeared. .

"It seems that the misunderstanding has been resolved!" Li Tian said with a sneer, "Do it!"

Chapter 4829: : Three British Generals (1)

General Sanlu raised his eyebrows slightly, and the muscles at the corners of his mouth twitched slightly.

It is a blessing, not a curse, but a curse that cannot be avoided.

He was still imagining the snake with Li Tian. He didn't expect that in the ocean, a super domain master of the Sanlu Super God family would be instantly killed.

In this way, even if Li Tian was willing to reconcile with the Sanlu Super God Family, General Sanlu would definitely not agree!

"Li Tian, I wanted to let you go, but you wanted to die. If that's the case, then I can only fulfill you today!"

General Sanlu suddenly roared, the spiritual power of his whole body skyrocketed, and a giant axe kept spinning in his hands. With the rotation of the giant axe, ice Ling flew out from the giant axe.

"Xuanbing Spirit Axe"

This is considered the housekeeping skill of General Sanlu.

The temperature in the surrounding air dropped abruptly, and the ice ling was still shining in the sun, like a crystal, but the ice ling was definitely not a crystal, but a weapon with extremely powerful lethality.

It is worthy of being a strong person in the early eighth level of Transcendent Lord, and it is worthy of being a super strong person in the top five of the Sanlu Super God family. At the moment when the ice flies out, Li Tian suddenly has a world where he has been in the ice and snow. It is an endless snow field, full of snow and cold wind.

In such a world, Li Tian felt that he was so small, no matter what kind of resistance he made, everything seemed futile.

There was a trace of deep despair in Li Tian's heart, a sense of powerlessness swept over his body, and a trace of discouragement in his heart. Li Tian even wanted to give up resistance, so he let the flying snow cover him and buried him in In this world.

Of course, Li Tian knows that everything in front of him is an illusion, and he still retains such a trace of consciousness, but even if you know it is an illusion, you know that everything is fake, but you are still powerless to resist, this will make you Really feel desperate.

A piece of ice that was at least ten meters long shot over, as if to penetrate Li Tian's body, as if to nail Li Tian directly on the vast snowy field.

"Dad Li Tian, be careful!" At this moment, Li Tian suddenly heard a shout, and then a figure flashed through the snow flying all over the sky, saving Li Tian from the attack of the ice.

The illusion disappeared in an instant, and Li Tian's Yu Guang saw a ten-meter-long ice Ling flying past him.

call!

Li Tian was shocked in a cold sweat!

Good girl, I was almost pierced by this ice.

Contrary to Li Tian's situation, Xue Ji was not affected at all. The blue cane exerted a stronger power in her hands, constantly smashing away the ice that was attacking her with spiritual power. Unfortunately, Xue Ji's repair Because her strength was indeed too weak, even if she tried her best, Xue Ji was still stretched and barely supported.

It was a blessing for Xue Ji not to be second instantly, and it was rare to be able to barely support her.

Of course, the reason why Xue Ji can persist in this way is relying on the blue cane in her hand, but if this situation continues, Xue Ji will inevitably be killed.

Ouch!

Xiao Qingwa roared, his figure flickered, and instantly flew under Xue Ji's body. With his head lowered, he arched Xue Ji up and placed it on his body.

The golden blue tile all over is now a male lion, and beside the lion's limbs, each has a colorful spiritual power mirror. The small blue tile uses this spiritual power mirror to resist the release of General Sanlu's Xuanbing axe. The spiritual power that came out was Bingling.

Crackling!

Crackling!

The spiritual power ice slammed on the spiritual power mirror, making a crackling sound, and the spiritual power mirror was like a water surface, constantly rippling.

Xiao Qingwa's body was in mid-air, backing non-stop!

Little Qingwa, after swallowing the beast crystals in the body of the ugly fighting beast, has evolved into a crystal-eyed golden lion, and has the cultivation base of the super domain master realm, and his cultivation base is not weak. , It should be almost the strength of the fifth level of the super domain master.

However, in front of General Sanlu, the super domain master's eighth-level early powerhouse, the strength of the little blue tile was not enough, and the little blue tile could only defend fully.

Xiao Tianyi's seven spiritual force skeleton soldiers are relatively stronger. These skeleton soldiers are still strong, and the spiritual force bone knife in their hands will instantly cut off the ice that flies towards them. For a while, the ice in the mid-air seems to splash. Icicles continued to fall from high altitude, and disappeared instantly after falling dozens of meters.

When Xiao Tianyi first arrived in the Netherworld, his strength and almost the fifth and sixth level of the super domain master, although Xiao Tianyi did not practice much in these short months, but after a battle with the Donggong demon pupil, Xiao Tianyi fainted, dreams, or souls, after being baptized by ghosts, his cultivation level unexpectedly reached the seventh-level peak advancement of the superdomain master, and his cultivation level was not much different from that of General Sanlu.

General Sanlu was very surprised!

The power of his profound ice spirit axe is indeed not enough to kill a strong person of the level of Xiao Qingwa in seconds, but the ice attack released by this profound ice spirit axe can affect the opponent's character, and even produce hallucinations.

According to General Sanlu's expectation, that woman would definitely be killed in the first time. Li Tian, a domain master with strength close to that of the super domain master, would at least suffer a heavy blow even if he was not instantly killed, Xiao Qingwa's If the cultivation base is stronger, I am afraid it will also get hurt.

The only variable is that boy, Xiao Tianyi.

However, things completely exceeded General Sanlu's expectations, and his move turned out to be futile!

"This woman's mental power is so powerful. If she gets the right cultivation method, her cultivation level will definitely advance by leaps and bounds. Then she will definitely be a strong enemy of our Sanlu Super God family!"

"Even if you can't kill Li Tian, I must kill this woman today!"

A flash of killing intent flashed in General Sanlu's eyes, and the mysterious ice spirit axe in his hand rotated faster, and the sky of the entire Colosseum island was covered by ice that continued to swirl out of this mysterious ice spirit axe.

As General Sanlu's offensive became more aggressive, Xiao Qingwa's resistance became more and more difficult!

If there weren't those seven spiritual power skeleton soldiers in front of Xiao Qingwa, the spiritual power mirrors on Xiao Qingwa's limbs would have been shattered.

Super domain master eighth-level early powerhouse, the top five super powerhouses in the Sanlu Super God family, extraordinary!

The strength of this general Sanlu seems to be stronger than the Donggong Demon Eye, and his attack is even more domineering!

With the assistance of Xiao Tianyi, Li Tian can also only passively defend.

But... Xiao Tianyi looked relaxed, but he didn't know if he was unsure, or looking for opportunities, but he was not in a hurry to fight back.

Click!

Suddenly, a spiritual power mirror on Xiaoqing Vali's claws shattered.

"opportunity!"

The movement on General Sanlu's hand stagnated, and suddenly, he moved!

At the same time, Xiao Tianyi abandoned Li Tian and moved with it!

Chapter 4830: : General of the Three British Wars (2)

General Sanlu's figure flashed, and he appeared in front of Little Blue Tile, slashing at Xue Ji with a forceful gesture of smashing Huashan, as if he wanted this axe to divide Xue Ji and Little Blue Tile in two.

The reaction speed of Xue Ji and Xiao Qingwa is not unpleasant!

Xue Ji raised the azure blue cane, her whole body exploded, and she used all her strength to resist!

The moment when a spiritual power mirror of Xiao Qingwa's forelimbs was shattered, he had once again condensed a spiritual power mirror, and at the moment General Sanlu's profound ice spirit axe was cut down, he jumped up, using his forelimbs to left and right spiritual power mirror. Stand in front of the giant axe!

boom!

boom!

With two loud noises, the two spiritual power mirrors were shattered one after another.

The fragments of the spiritual power mirror are flying around like glass!

Whoosh!

Whoosh!

It struck across Xiao Qingwa's body, Xue Ji's body, and General Sanlu's body.

The wound appeared, and the blood was flowing along the wound!

Xiao Qingwa suffered such an attack, and his whole body instantly fell more than ten meters down.

boom!

General Sanlu's profound ice spirit axe finally slashed towards Xue Ji, but was resisted by the blue cane in Xue Ji's hand.

Although the two-sided spiritual power mirrors of the small blue tile offset most of the power of General Sanlu's mysterious ice spirit axe, and the fall of the body of the small blue tile also caused the black ice spirit axe's slashing power to be partially resolved on the ground.

However, the full slash of this superdomain master-level powerhouse is still not something Xue Ji, whose cultivation base has not reached the realm of the emperor, can resist.

Click!

Click!

General Sanlu seemed to hear the sound of Xueji's two arm bones breaking instantly...No, it doesn't seem that Xueji's arm bones did break instantly, and General Sanlu could already see the white bones from Xueji's right elbow. Stabbed everywhere, dripping with blood!

Xue Ji's right hand has lost power, and the profound ice spirit axe slid down along the blue cane, and slashed on Xue Ji's right shoulder!

puff!

Blood splashed. Although the power of this axe had been weakened several times, it still cut a wound that was at least two inches long on Xue Ji's right button, and blood continuously poured out of the wound!

General Sanlu didn't want to give up this opportunity to kill Xue Ji, but the seven spiritual force skeleton soldiers had rushed behind him, and the Sensen White Bone Spirit Sword slashed towards General Sanlu's back at the same time!

Lose for both?

Or die together!

General Sanlu suddenly raised the giant axe in his hand and waved it backward, shouting grimly at the seven spiritual force skeleton soldiers: "Go!"

From this profound ice spirit axe, a white light flashed out, a white light as white as ice, which cut through the seven skeleton soldiers.

These skeleton warriors had already used the spiritual power bone knives in their hands to resist, but the spiritual power bone knives in their hands made a sound of "click", instantly broke, the white light slashed, and seven spiritual power skeleton soldiers His body shattered instantly.

It turned into white bones and fell down, and quickly disappeared completely.

Huh!

Xiao Tianyi had already appeared behind General Sanlu, and saw Xiao Tianyi's left hand slamming onto General Sanlu's shoulder, but his right hand had condensed into a long spur of spiritual power, slamming towards the back of General Sanlu's heart. Go in!

puff!

This psychic thorn is piercing General Sanlu's body!

When the psychic long thorn pierced an inch of General Sanlu's body, it was as if it had been pierced on a steel plate, and could no longer continue to pierce a bit forward.

General Sanlu turned his head back abruptly, staring at Xiao Tianyi with a terrifying face, flames in his eyes, angrily seemed to want to smash Xiao Tianyi into pieces!

However, Xiao Tianyi's hand movements did not slow down in the slightest, and surging spiritual power continued to gush out of Xiao Tianyi's body.

Xiao Tianyi gritted his teeth and said, "Dare to hurt my Xue Ji's mother, you will die for me!"

The long thorns of spiritual power pierced a few minutes into it again. In General Sanlu's body, something as hard as a steel plate seemed to be pierced instantly.

Ah~!

General Sanlu suddenly let out a scream. At this moment, a white spiritual energy sprayed out from the wound just like water vapor from the spout of a boiling kettle!

Xiao Tianyi only felt that his spiritual thorns were instantly softened!

"This....."

Ah~!

General Sanlu continued to scream, and the giant axe in his hand was cut towards Xiao Tianyi's abdomen.

A cold light flashed on the axe blade, and a slightly fluctuating white aura had already slashed over!

Xiao Tianyi's heart suddenly felt a little uneasy. He put his foot on General Sanlu's body and moved his body backwards. A hundred-meter-high white skeleton appeared in front of him, blocking the mysterious ice spirit axe. before.

boom!

Xuanbing spirit axe slashed on the body of this giant skeleton.

Crunch!

Crunch!

The axe blade of the Xuanbing Spirit Axe stood on the bones of the giant skeleton body, making piercing noises constantly.

But it was only a moment, the body of this giant skeleton collapsed!

Rumble!

Rumble!

Like a tall building collapsed, these bones were constantly pressed down, as if to suppress General Sanlu.

However, it is obvious that General Sanlu is stronger. As he continuously sprays white spiritual energy gas, General Sanlu seems to be mad. The mysterious ice spirit axe in his hand keeps flying, pressing the giant skeleton off. The fallen bones were directly bombarded into **** by the profound ice spirit axe.

Li Tian appeared on Xiao Qingwa's body instantly, hugging Xue Ji from behind!

Blood is constantly pouring from Xue Ji's shoulders and arms!

Very badly injured!

The shoulder blades had been chopped up, the bones of the right arm were broken and stabbed from the elbow. The blood had completely dyed Xue Ji's clothes red!

Xue Ji's face turned pale and her lips trembled slightly: "Li...Li Tian..., I...I can finally fight with you...I'm so happy! Thanks...Thank you, for facing this When a powerful... enemy didn't send me into... space..."

"Little fool, stop talking!"

Li Tian didn't know how to treat such a serious injury.

The bone has been broken, it must be connected!

The wound is huge, blood is flowing, and the bleeding must be stopped!

"Li... Li Tian, if I... die today, this is also me... the happiest day to come to the Netherworld with you! Thank you... the gift you gave me! I love it... Thank you You let me fight with you...I..."

There is no trace of blood on Xue Ji's face. The green tree in Li Tian's hands keeps appearing. Several small Yashas surround Li Tian, constantly pouring the tree green on Xue Ji's wound. The wound is recovering, visible to the naked eye. The speed is recovering, but... blood still comes out of the wound!

"Li Tian...I...I can't do it..." Xue Ji's voice trembled badly, tears in her eyes turning, "Li...I...I can't bear you...I...Kiss me..."

The arm holding Li Tian's arm suddenly slipped, and a teardrop fell from the corner of Xue Ji's eye, but... Xue Ji... but... left!

"Do not....."

"Do not....."
