

A Killer 4901

Chapter 4901: : One arrow kill

The more the merrier!

Since Hong Zhan, the shameless guy, stayed in Li Tian's heart, Li Tian always felt that there was something missing in his hand and he couldn't do anything. Now, with the Bull Head Sword in his hand, Li Tian didn't expect him to fight. The combination of the Bull Head Sword is so skillful.

Moreover, the power of the Bull Head Sword is also quite good, and Li Tian actually feels like he can't put it down.

Li Tian's psychology even began to figure out how to calculate the Bull Head Sword or the Ponytail Spear, so that these two super domain master powers of the tool spirit race will follow Li Tian and be used by him, the same as these two super domain master masters. The strong come to fill the gaps in Hong Zhan.

"Master Li Tian, this Yuanyang Destroying God Arrow can be drawn out immediately! Work harder!" Rat Head Sword said excitedly with a smile on his face.

From the initial fear and fear to the excitement now, Ratsoudao felt that he had never been so cool!

This is a fairyland!

This is Qingfeng Tower!

My rat head knife can even show off on the roof of Qingfeng Tower!

Ratshou Dao felt that he had lived in vain in the past, and his past cultivation skills were all for nothing. As a powerful super domain master of the tool spirit clan, Ratshou Dao has never been so beautiful!

He felt that he was now the center of the entire fairyland, in the fairyland, all the superdomain master-level powerhouses seemed to be watching him.

However, the mouse head knife at this time does not feel afraid, because he knows that there is a beast boy on the 17th floor of Qingfeng Tower, the strong man with the ninth-level mid-level of the super domain master, because he knows that there is still beside him Li Tian, that crazy guy with a red wing **** outfit!

There is even an illusion in Ratshoudao's heart that Beast Boy and Li Tian are protecting him!

At this moment, there was a faint alertness in Ratshoudao's heart, and he subconsciously raised his head.

In the distance, the light spot flew towards Qingfeng Tower at an extremely fast speed!

The speed of the light spot is extremely fast, and there is a slight spiritual power fluctuation on the light spot!

"What is it?"

"Could it be that there are other Artifact Spirit Races or Spirit Gold Race powerhouses flying here again?"

The mouse head knife didn't take this light spot to his heart, he was still pulling out the Yuanyang Deshen Arrow!

The Yuanyang Miserable Arrow has been loosened, just use more strength to pull the Yuanyang Miserable Arrow from the top of the Qingfeng Tower!

"Look at me!"

The whole body of the rat head sword began to surging, and his arms used the greatest strength to force the Yuanyang Deshen Arrow out.

"Hahaha, this artifact was pulled out by me!" The Mouse Head Knife held up the Yuanyang Destroyer Arrow, and said with a wild smile.

At this moment, Li Tian's heart suddenly had a trace of alertness, and he suddenly looked back at the light spot galloping from a distance!

No, this is not a light spot!

It was a metal arrow shot over!

Although this arrow applied less than one-tenth of the spiritual power on the Qingfeng Tower, Li Tian couldn't help but feel a little fear in his heart!

This is the power of the ninth-level super master!

When Li Tian felt the arrow, the metal arrow was less than a hundred meters away from Li Tian. For the flying arrow, the distance of one hundred meters is almost instant!

Li Tian's pupils enlarged involuntarily, but the Bull Head Sword in his hand was subconsciously swung out by Li Tian!

Huh!

A cold light flashed!

Cang!

The metal arrows and the blades of the bull's head sword intersect, making a harsh metal rubbing sound!

Immediately, Li Tian felt a slight pain in his cheek, but found that the metal arrow had flew past his cheek.

An inch-long wound appeared on Li Tian's cheek. This was not caused by the arrow, but the spiritual power carried by the arrow pierced Li Tian's cheek, and blood began to flow down the cheek!

At this moment, Li Tian heard a scream from behind him.

Li Tian turned his head abruptly, but saw that the mouse-head knife that was holding the Yuanyang Deshen's Arrow trying to fend off the metal arrow had been shot through his body by this arrow.

"Lee... Master Li Tian... I..."

There was a trace of pain on the face of the mouse head knife, and the goods turned into a blade in an instant, and the Yuanyang Mie Shen arrow that he had just held in his hand also flew out! Li Tian

was shocked by the sudden change. The Rat Head Sword is a super domain master-level powerhouse. Even if his cultivation base is underground, he shouldn't be killed by an arrow!

Fortunately, the metal arrow that hit the rat's head knife burst instantly after it shot through the rat's head knife.

"I fuck!"

Li Tian cursed secretly in his heart, his figure flashed, and he grabbed the rat-head knife that had been transformed into its original shape in his hand, one hand knife, the other hand sword, nervously looking towards the cloud!

who is it?

Have such a powerful strength?

Killing the mouse's first knife with one arrow, this kind of strength, without the Red Wing God outfit, Li Tian would definitely not be able to do it!

At this moment, the second and third arrows shot out from the clouds!

Li Tian didn't dare to neglect the slightest, he used his heart and two purposes. The Rat Head Knife and Bull Head Sword were used by Li Tian without leakage.

But even so, the second arrow shot still shot a gap in the blade of the rat's head knife, and the third arrow struck the bull's head sword with a continuous piercing sound. The two arrows were left and the other right, while rubbing Li at the same time. The shoulders of the sky flew over.

In an instant, the flesh and blood on Li Tian's left and right shoulders was blurred!

The blood instantly dyed his clothes red, and Li Tian only felt that his arms suddenly became extremely heavy!

"Damn, who the **** is, I haven't even seen the figure, I've been hurt like this!" Li Tian was very unwilling, but he was a little helpless!

Whoosh!

Beast Boy grasped the corner of Qingfeng Tower with one hand, and when his figure was vertical, he jumped up from the seventeenth floor. Beast Boy glanced over and noticed the rat head knife in Li Tian's hand.

"The rat head knife... is it hung up?"

"Yep!"

"No injustice! The person who can kill the mouse's first knife with one arrow is probably the owner of Qingfeng Tower. We finally attracted him! Haha, are you ready? Let's join hands to **** the Fire Meteor Bow in his hand... Yes, Where is the Yuanyang Deshen Arrow? Did you put it in the space ring?" Beast Boy asked.

I fuck!

Li Tian realized that the moment the mouse head knife was seconded, the Yuanyang Mighty God Arrow did not fall on the top of the Qingfeng Tower. "The mouse head knife was turned back to its

original shape by the second. Yuan Yang was holding it in his hand. ... Yuanyang Deshen Arrow, seems to have flown away by itself!"

The Beast Boy's expression changed, and a powerful murderous aura was released from his body!

"How could this be?"

Li Tian shook his head!

Mutual accusations can't solve any problems. What's more, at this time, the owner of Qingfeng Tower has already flew towards Qingfeng Tower by pretending to step on the clouds, and has appeared within Li Tian's sight!

Feeling the surging spiritual power fluctuations on the host of Qingfenglou, Li Tian said with a little nervousness: "Let's find a way to **** the Jihuo meteor bow first, and then look for Yuanyang Desire Arrow!"

Chapter 4902: : Three arrows together

"Hey, if you want to **** the divine bow in my hand, if you have the courage to grab it, then you have to have the life to get it!" As Li Tian was talking to the beast boy, the host of Qingfeng Tower had already flown over. Li Tian and Beast Boy stared at Li Tian and Beast Boy at a distance of tens of meters, and said with a sneer.

Just two seconds after his words, the owner of Qingfeng Building suddenly saw that the Yuanyang Mie Shen Arrow on the top of the tower had disappeared, and couldn't help being angry, "Did you steal the Yuan Yang Mie Shen Arrow? If you hand it over now, I can consider leaving you a whole body! Otherwise..."

While saying this, the original poster of Qingfenglou had already stretched out his hand to draw a heavy metal arrow from the quiver behind him again!

Li Tian couldn't help feeling a little flustered when he saw that the host of the Qingfeng Tower was pretending to be a victim of an arrow on the string.

At such a close distance, if this guy shoots an arrow, I am afraid that Li Tian's current cultivation strength will not be able to hide it. Then don't be like a rat head knife, and an arrow will be second, it will be unsightly!

"Beast Boy! This guy is very strong. It took the mouse's head knife in a second. I still have no way to skillfully use the Red Wing God outfit, so..."

Before Li Tian had finished speaking, the Beast Boy used his actual actions to shut Li Tian up!

Huh!

The Beast Boy's figure flashed, and the next second he appeared in front of the host of Qingfeng Tower.

"Leave the whole body to yourself!"

With that said, the beast boy directly reached out and grabbed the set fire meteor bow in the hands of the owner of Xiang Qingfeng Lou!

At this moment, boom! With a cry of the earth, the metal arrow of the poster of Qingfenglou shot out!

Whoosh!

The moment this metal arrow shot out, with surging spiritual power, it rushed towards the outstretched palm of the beast boy.

"Not good!" Li Tian whispered in his heart, and involuntarily began to worry about the safety of the beast boy. However, to Li Tian's surprise, the metal arrow that was shot out was caught by the beast boy as soon as it left the bowstring. live!

The beast boy was safe and sound, but even so, the beast boy's body was still flying a few meters back with a powerful arrow!

"Is this the strength of your Qingfeng poster? But so!"

The metal arrow fell into the hands of the beast boy, and it started to melt like a popsicle under the scorching sun, and quickly disappeared into the beast boy's hands.

The face of the original poster Qingfeng couldn't help changing slightly, and he drew three heavy metal arrows from the quiver behind him.

Boom!

Boom!

Boom!

Three arrows fired at the same time at the beast boy!

In addition to injecting surging spiritual power on these three metal arrows, the original poster of Qingfeng also blessed a trace of divine consciousness, so that these three metal arrows have the ability to track automatically.

The three arrows leave the bowstring at the same time, but the three arrows shoot at the beast boy from different directions!

The expression on Beast Boy's face remained the same. Facing three metal arrows shot from different directions, Beast Boy's figure continued to evade. Seeing that no matter how he avoided, the arrow chased him like a tarsal maggot. The corners of the beast boy's mouth curled up slightly, but his brows were a bit more angry!

"I'm really afraid you won't make it?"

The beast boy grabbed two arrows at the same time with his left and right arms.

These two arrows were caught by the beast boy, but the powerful force carried by the arrows flocked to the beast boy from both sides.

This time, he couldn't be carried by the arrow and flew to the left and right at the same time!

But...this is not difficult for the beast boy.

I saw a wave of energy on the left and right arms of the beast boy at the same time, and this energy wave was directed at the two arrows.

Immediately, the two shares met!

boom!

boom!

There were two loud noises on the left and right arms of the beast boy.

Although the Beast Boy's cultivation level is stronger than that of the Qingfeng original poster, the arrows are shot from the Jihuo Meteor Bow, and the power of each arrow is increased by at least dozens of times. It can be judged by killing the mouse's head knife with one arrow. How powerful is an arrow!

With two loud noises, the two numbered arrows held by the beast boy and the beast boy burst instantly, turning into crimson metal fragments and flying in all directions.

A lot of metal fragments fell on the Qingfeng Tower, making a clinking sound, and there were also metal fragments falling on the guests watching the Qingfeng Tower. As a result...the hapless guy was just watching the excitement and watching the game. That's it, was seriously injured by this metal fragment!

At the moment when the two metal arrows burst, the third metal arrow, under the control of Qingfeng Louzhu's divine consciousness, directly shot at the face of the beast boy!

The beast boy didn't dare to neglect, his head twisted slightly to the side, and he wanted to open his mouth to bite the galloping arrow. The beast boy's eyes were quick and he bit the arrow in an instant.

However, at this moment, this arrow suddenly sent a surging spiritual power than the two arrows just now!

boom!

The arrow that had just been bitten exploded!

The original poster of Qingfeng is not an ordinary guy. When he saw the boy of the beast, he realized that the boy was stronger than him. If he confronted hard, the original host of the Qingfeng knew that he might not have the advantage, so he was shooting the first arrow by the boy of the beast. When he caught it, this guy had already thought about the Yin Beast Boy.

Therefore, when he fired the three arrows together, the three arrows were injected with different spiritual power, especially the third arrow, which was injected with a spiritual power equivalent to one-third of his full strength. It is shot out through the set fire meteor bow, and the power has increased dozens of times.

The beast boy's reaction was not unpleasant. At the moment when the third arrow exploded, he had already released the strongest spiritual resistance, and the beast boy had deliberately avoided the vital points of the body, but even so, the beast boy's was still Half of his cheek was blown off, and half of his body was blown up!

The beast boy looks as miserable as it is!

However, this is not the true purpose of Qingfeng poster.

This guy knew that the beast boy could not die so easily. At the same time he controlled the third arrow to shoot at the beast boy, the figure of this guy flashed and appeared on the roof of the Qingfeng Tower!

Huh!

Huh!

Huh!

The Fire-Meteor Bow in the hands of the Qingfeng original poster was regarded as a blade by him, and the bow string of the Fire-Meteor Bow was cut to Li Tian by him as a blade!

Li Tian didn't dare to neglect, and used all his strength, while retreating backwards, while desperately blocking with the bull's head sword and rat head knife in his hands, but...the two are too different in strength, Li Tian thought he could resist one or two. , But the moment he shot, he found that the bowstring cut off half of the blade of the rat head knife and scratched his arm!

Although Li Tian evaded in time, a wound several centimeters deep was cut on his arm by the bowstring, and blood was flowing!

The bull-head sword in the other hand was slightly stronger than the rat-head sword, but the bowstring still cut the blade of the bull-head sword through a huge gap, and the bull-head sword in Li Tian's hand was shaking uncontrollably. It seems that this guy may be ready to **** at any time.

The most serious thing was that Li Tian had no way to stop the bowstring cut laterally. If Li Tian were cut by this bowstring, he would definitely be split in two instantly!

At this moment... a pair of huge wings grew from behind Li Tian instantly!

Cang!

Chapter 4903: : Murder and Treasure (1)

The bowstring was blocked by Li Tian's red wing **** outfit, and the metal-like crashing sound echoed on the roof of Qingfeng Building!

"this is....."

The original poster of Qingfeng was quite surprised. His collection of fire meteor bows was superb, as evidenced by the fact that the Bull Head Sword in Li Tian's hands was cut open by the bowstring!

Under normal circumstances, a domain master-level powerhouse like Li Tian, even if he is a domain master's ninth-level peak powerhouse, even if he is required to use his full strength, I am afraid it will be difficult to stop this episode of Fireball Bow and Bowstring. Beheaded, the super-domain master-level powerhouses who died under the bowstring of Qingfeng Lou's master have already exceeded the number of hands, let alone domain master-level garbage.

But at this time, the original poster of Qingfeng saw Li Tian's wings suddenly stretched out behind him blocking his bowstring!

Even, the original poster of Qingfeng felt that the Fire Meteor Bow in his hand was shaking suddenly at this moment!

"What is this stuff?"

The owner of Qingfeng Lou has been practicing in retreat all the year round, and has rarely talked about Qingfeng Tower. The news that Li Tian has the Red Wing Divine Costume has only recently spread to Wonderland, and not everyone recognizes the Red Wing Divine Costume!

However, the fact that the original poster of Qingfeng doesn't know the Red Wing Divine Costume does not mean that other Wonderland powerhouses do not know the Red Wing Divine Costume!

When the Qingfeng poster was fighting with the beast boy, many super domain masters above level 6 in Wonderland flew up one after another, surrounding the Qingfeng Tower with a distance of kilometers. They also wanted to see the true strength of the Qingfeng poster.

At this moment, many of these powerful people onlookers recognized the Red Wing Divine Costume instantly, and when the Red Wing Divine Costume easily blocked the attack of the Qingfeng original poster, the expressions on these guys' faces became more exciting, or in their eyes. A flash of greed, or staring at Li Tian dumbfounded.

"Red Wing God outfit!"

"Is this the legendary Red Wing God outfit?"

"This guy with the Red Wing God outfit should be Li Tian, who of you has the ability to go up and grab the Red Wing God outfit!"

"Idiot, don't think that Li Tian is only a domain master-level cultivation base, but he possesses a **** outfit, but he can kill a super domain master's eighth-level powerhouse. Who dares to approach Li Tian rashly now?"

"Yes, we still watch the changes and see if the Qingfeng poster can defeat Li Tian. If the Qingfeng poster can defeat Li Tian, it will not be too late for us to do it again!"

"Once the Red Wing God outfit falls into the hands of the Qingfeng original poster, it may be too late for us to do it again by then!"

"The treasure bow owned by the original Qingfeng is already very powerful. If he is in possession of a red-winged divine outfit, he will be truly as powerful as a tiger. At that time, there are probably not many people in this fairyland that will be his opponents! So..."

"So if you want to do it, you must find a good opportunity. You must not let this red wing **** outfit fall into the hands of the Qingfeng landlord!"

Some powerful groups are still discussing how to join forces, and then the fisherman will profit.

However, some strong men have completely lost their minds when they see the Red Wing Divine Costume.

Whoosh!

Whoosh!

Continually, super domain master-level powerhouses flew up, slowly approaching Qingfeng Tower!

Qingfeng Tower looked at Liu Lu and listened to all directions. Although the voices of other strong people were not loud enough, he also knew that the pair of wings on Li Tian's body were not ordinary.

It is not the first time that the Qingfeng poster has done the murder and treasure. Since someone has brought it to the door, how can he miss such a good thing!

The owner of Qingfeng Lou flew seven or eight meters back, standing on the edge of the corner of Qingfeng Building, letting the wind blow his clothes, and shouting at Qingfeng Building: "Qingfeng Building listened to the order, Qingfeng Building was attacked. , Immediately please all guests out

of Qingfeng Tower. If there are any violators, they will be regarded as enemies of Qingfeng Tower, and there will be no mercy!"

"drink!"

In the 17th floor Qingfeng Building, there was a loud shout at the same time.

When the timid guests heard the words of the Qingfeng Louzhu, they flew out of the Qingfeng Tower one after another, and those super domain masters with a slightly stronger cultivation base did not dare to provoke the strong wind building. Only those strong men with very powerful forces were unwilling to leave here, but they did not disobey the Qingfeng Tower and fly out for the time being, and then plot!

Whoosh!

Whoosh!

Two or three seconds after the owner of Qingfeng Tower shouted this sentence, more than a dozen superdomain masters of Qingfeng Tower flew up and surrounded the city in a circle, separating Qingfeng Tower from other onlookers. Come, as for the strong people who have already rushed in, they didn't care at all, because this Qingfeng Tower is not only the strong one, Qingfeng Louzhu!

At this moment, from the 17th floor of Qingfeng Tower, two figures suddenly flashed out. They were the two great guardians of Qingfeng Tower!

These two guardian level powerhouses have the cultivation base of the supradomain master's eighth-level peak realm. They arrived at the Qingfeng Tower earlier, and they knew that their cultivation realm was not yet the beast boy, the superdomain master's mid-level ninth-level master. Opponents, so the two of them did not rush to join the battle.

Now that the Qingfeng master has arrived, and the Qingfeng master is in the air, these two guardians no longer have any worries!

Huh!

Huh!

The blades in their hands flashed two cold rays of light, and the two superdomain master-level experts who had just approached the Qingfeng Tower were swept away by the cold light before they could fully react!

One of the Super Territory Master Sixth-level powerhouse was cut off with a single knife. The ear was picked up, blood ran through, and he screamed while holding his head, while the other Super Territory Master-level powerhouse with a slightly weaker cultivation level, His reaction was slow for a while, half of his head was cut off by the cold light, and his whole body fell directly onto the ground!

"Who dares to disobey the orders of our Qingfeng poster!"

The two guardians carried the **** blades and roared at the same time.

Those powerhouses who finally rushed to the edge of Qingfeng Tower could rush to Li Tian immediately and participate in the snatching of the Red Wing Divine Apparel, but they were blocked by these two law guards, but now they had to retreat with fear. .

Seeing that the strong men rushing towards him were blocked, Li Tian's heart was relieved secretly.

It is said that two fists are hard to beat four hands, and a hero can't stand a pack of wolves.

Li Tian now has the Red Wing God in his body, his strength is instantly improved, and he has the qualification to compete with the ninth-level super domain master.

However, he is only a domain master-level powerhouse after all. Against a Qingfeng Lou master, he now only has a defensive role. If there are more than a dozen, dozens of super domain master-level powerhouses, then don't let him. The bones of the sky are gone?

What's more, although the beast boy is not dead, the situation is not optimistic. If Li Tian and others want to retreat from here, then Li Tian must hurry to get acquainted with and control the Red Wing Divine Costume, so that he can at least support it. To the beast boy completely recovered.

"Hehe, now no one else dares to disturb us anymore, let us have a good fight!" The Qingfeng poster stared at Li Tian and said with a sneer.

The original owner of Qingfeng could feel that the Red Wing God outfit had a mysterious connection with the Fire Meteor Bow in his hand. When the Red Wing God outfit changed, the Fire Meteor Bow in his hand seemed to undergo some changes, but , This kind of change is completely insignificant compared to the change of the Red Wing God outfit.

The original poster of Qingfeng is very anxious.

He has owned the Jihuo Meteor Bow for thousands of years, but after thousands of years of penetration, the Qingfeng poster still has no way to master the secret of the Jihuo Meteor Bow, and even he can't surrender the Yuanyang Deshen Arrow!

Now, Li Tian, who has a red wing ***** outfit, appeared in front of him, as if he was telling Qingfeng that the bow in his hand is an artifact, and the reason why this artifact has not changed is because he has not mastered the opening of the door. The keys are the same.

At this time, the original poster Qingfeng had already regarded the Red Wing God costume as his personal property, and had already regarded Li Tian as his own!

Li Tian didn't get angry after listening to the stinky words of the original poster Qingfeng.

Now, he is already communicating with the Red Wing Divine Costume, constantly releasing his spiritual knowledge and spiritual power in an attempt to control the Red Wing Divine Costume, but... Li Tian is indeed in vain!

The Red Wing God outfit is not under Li Tian's control.

Fortunately, when Li Tian's body was threatened, the Red Wing Divine Armor's ability to automatically protect the Lord was still worthy of recognition.

At this moment, hundreds of feathers flew out of the huge wings in an instant. These feathers were shaped like red blades, and the spiritual power surged above them. The surging spiritual power made Qingfeng's original poster feel lingering.

"Yes, this is it, this is what I have been pursuing!"

"The trash domain master in front of me has a magical tool that can exert such a powerful force. If this magical tool falls into my hands, and I fully understand and master this magical tool, then what height will my cultivation strength rise to?"

A trace of enthusiasm flashed across Qingfeng's face.

Although he could feel the extraordinary power of the feather blade released by this red wing ***** costume, he was still very excited!

The original master of Qingfeng once again took out three metal heavy arrows from the quiver behind him, and injected different spiritual powers into the three arrows, and at the same time released three gods to apply them on the arrows, and then set the arrows. On the bowstring, three arrows are launched to Li Tian!

Whoosh!

Whoosh!

Whoosh!

The moment the three arrows left the bowstring, the feather blade released by the red wing ***** outfit also flew, flying towards the Qingfeng master with a thunderous momentum!

The original poster Qingfeng didn't dare to neglect, and controlled one of these arrows to fly towards these feather blades with their divine sense. At the moment when they intersected with these feather blades, this arrow exploded violently, and the scarlet metal fragments continued to fly in all directions. In the violent explosion, the feather blade swayed like a boat in the ocean.

Because of this explosion, the power of these feather blades decreased. When they attacked the Qingfeng Lord, they were easily bounced off by the Qingfeng Lord with the Fire Meteor Bow in his hand!

At this time, the original Qingfeng had already controlled the other two arrows to shoot at Li Tian from the left and right at the same time.

Huh!

The huge wings behind Li Tian flapped twice, and Li Tian flew back lightly.

However, you must know that these two arrows have the spirit of Qingfeng. This arrow is chasing Li Tian like a tracking missile. There is no way to avoid it. In a flash, the two arrows point to Li Tian at the same time. !

The corner of Qingfeng's mouth turned up slightly, and he sneered and shouted: "Blast it for me!"
boom!

boom!

With the loud noise, white smoke and scarlet flames instantly surrounded Li Tian. The scarlet metal fragments splashed by the explosion of the metal arrow continued to fall on the Qingfeng Tower, and there was a sound of 'cracking'. This time, the explosive power of the arrow is much greater than the power of the bomber boy just now!

The onlookers were at least a kilometer away from Li Tian, but the shock wave produced by the explosion made the hearts of those strong in the distance lingering!

"There are no imaginary scholars under the prestigious reputation, this Qingfeng poster is indeed a well-deserved reputation!"

"Fortunately, we didn't do anything just now, otherwise I am afraid we would have been blown to pieces and no bones left!"

"It's a pity that the smoke is too thick. I don't know if Li Tian can survive this explosion!"

"I'm afraid it's difficult. Didn't you see the beast boy? That guy is also a super domain master ninth-level powerhouse. An arrow released by the Qingfeng landlord exploded and exploded his body into a flower. There is no one yet. Completely slow down, facing the attack of the two guardians of Qingfeng Tower, he is now at a disadvantage!"

"Aren't we just watching the Red Wing God pretend to fall into the hands of the original Qingfeng?"

"Or... Qingfeng Louzhu still has a few arrows, can he still kill us all? Besides, this wonderland is not only the ninth-level powerhouse he thinks is the superdomain master, once other superdomain masters The ninth-level powerhouse is also participating here. I am afraid that this red wing divine outfit has nothing to do with us! We are in danger, should we unite and do it now?"

The desire for the red wing ***** outfit, the desire for strength improvement surpassed their fear of death, and some people were deliberately agitating, the hearts of these powerful men who were watching gradually began to boil with greed in their eyes. Staring at the direction of the smoke from the explosion.

"Just do it! People are dead and birds are in the sky, afraid of a dick!"

"Okay, count me!"

"And me! Damn, I've been fed up with the days when the chopsticks dominate us!"

Soon, dozens of superdomain masters of the sixth and seventh ranks formed an alliance, and they agreed to attack at the same time to ***** the red wing ***** outfit.

However, when this alliance was formed, the members of the alliance had their own ghosts in their hearts. Everyone wanted to let others go to death and pick up the leaks by themselves. As a result, everyone seemed to be eager to move, but no one really rushed out foolishly.

In the direction of the explosion, the smoke dispersed, and Li Tian, who was tightly wrapped in the Red Wing God costume, was safe!

"This... so powerful defense! If you have this red wing divine outfit, even the ninth-level super domain master will not be afraid. What are you waiting for? Hurry up..."

"Haha! You can do it, you can go, you will be beep if you can't!"

This is an infinite loop. All the strong want to ***** the Red Wing Divine Costume, but the attack of the strong man like Qingfeng Lou Zhu can't help the Red Wing Divine Costume. What can they do if they rush up?

"Still waiting for other opportunities!"

In the distance, a touch of surprise flashed across the face of the original poster Qingfeng. He did not expect that the Red Wing Divine Costume had such a strong defense power, but after being

surprised, the original poster Qingfeng was a little bit more excited, "This is the artifact. Ah! This is a **** outfit! If... if I can penetrate my set of fire meteor bow, then..."

The original poster of Qingfeng has not dared to imagine!

His hand grabbed the quiver behind him again. This time, he grabbed the remaining five metal arrows at the same time!

"Just give it a go!"

Chapter 4904: : Murder and Treasure (2)

The expression on Qingfeng's face gradually became serious.

Shooting five metal arrows at the same time is just a blinding method. His real purpose is to control the five metal arrows with his spiritual sense, just like shooting the beast boy, and deliberately create a time difference, so that Li Tian's red wing **** is installed at the moment of unfolding. , And then severely injured Li Tian with an arrow.

The original poster Qingfeng was a bit entangled. He felt that Li Tian should be more important than the Red Wing Divine Costume, after all, Li Tian mastered the method of controlling the Red Wing Divine Costume. However, the original poster Qingfeng also knew that it was a good idea to capture Li Tian unscathed, but it was not realistic in actual combat, and even Li Tian might pose a threat to him!

If this is the case, then he cannot be merciful. If Li Tian survives by chance, then he can torture Li Tian, and if Li Tian accidentally hangs up, then he can only spend a lot of money to invite the fairyland to be good at anatomy. The other experts in the study jointly dissected Li Tian and studied Li Tian as a white mouse.

By then, even if there are any secrets in Li Tian's body, it will definitely be discovered by research.

Thinking of this, the corner of Qingfeng's mouth could not help but reveal a smile!

In the distance, the beast boy's body is recovering!

As a mid-level ninth-level super master, the strength of the beast boy is beyond doubt.

The Beast Boy did not expect that the Qingfeng poster with a set of fire and meteor bows would be even stronger than him, and the Qingfeng poster was playing insidiously, making him unfortunate! Fortunately, at the critical moment, Li Tianshi showed the Red Wing Divine Costume. Li Tian, who has the Red Wing Divine Costume, can temporarily fight the Qingfeng original poster, otherwise they might be even more sad now!

However, the beast boy did not feel relieved because he knew the insidiousness of the Qingfeng poster. Now, seeing that the Qingfeng poster was sending out five arrows this time, a trace of panic flashed across the face of the beast boy, and one move forced a guardian back. , Shouted at Li Tian: "Li Tian...Be careful!"

Huh!

The Beast Boy's voice fell, and the weapons in the hands of the two Qingfeng Tower's guardians flashed with cold light. The cold light fell on the Beast Boy, and a wound would be cut instantly. Although the Beast Boy is a metal and steel clan, it would not bleed because of it. Injured, but this wound can effectively prevent his recovery.

"Hey, at this time, you should consider your own safety first! The beast boy of the metal iron race is really good. You said that if we capture you alive, and then use a cage to control and tie you to the front door of our Qingfeng Tower, then the scene must be spectacular?" One of the guardians deliberately provoked the beast boy with cold words.

Humph! The beast boy snorted coldly.

The metal and steel orcs are also unbearable in the metal world. Too many metal and steel orcs have been subdued by the foreign powerhouses and become their mounts, even watchdogs. The beast boys have a strong cultivation base, and they will not be degraded. So far, but whenever he saw the miserable appearance of his clan, the beast boy felt very uncomfortable!

However, this is the law of this world, this is the rule of survival in this world. The Beast Boy is not a savior, and there is no way at all. All he can do is to improve his cultivation level, find a suitable goal, and then help him leave this **** early. world.

The Beast Boy's strength gradually recovered. When fighting with the two Transcendent Masters, the eighth-level strong guards, he also gradually mastered the initiative. As long as he was given a little more time, as long as Li Tianneng blocked the Qingfeng master for a while, the Beast Boy would let these two ignorant guys taste the fate of despising him!

At this moment, the bowstring of the Jihuo Meteor Bow in the hands of Qingfeng Lou made a clear sound! Five metal arrows have flown out at the same time! Five metal arrows, like five meteors falling from the sky, with majestic spiritual power, shoot towards Li Tian with an unstoppable attitude!

"So strong!"

"Qingfeng Tower can stand in the fairyland for many years, there really is a reason!"

"It depends on whether the Red Wing Divine Apparel can withstand the strongest blow from the original poster Qingfeng this time!"

"The opportunity is coming. As long as there are any flaws, I will definitely not miss the opportunity to **** the Red Wing God outfit!"

"Hey, through this battle, I discovered a secret. It turns out that the Fire Meteor Bow in the hands of the original Qingfeng is also superb. After a while, the other strong people will definitely want to **** the Red Wing Divine Costume. I will do the opposite. Walk along the road, and directly **** the strong bow in the hands of the original Qingfeng..."

The ninth-level super domain masters who were standing on the ground just now, looking up and watching have quietly flew up. The greed in their eyes has betrayed their ideas, and some powerful people have even changed the set fire meteor change in the hands of the Qingfeng master. Also had a keen interest, decided to take the opportunity to kill people and win treasures!

Whoosh!

Whoosh!

Whoosh!

The five metal arrows that had been applied with divine consciousness spread out after they were shot, flying towards Li Tian in different directions.

Li Tian knew that his red wing ***** outfit had been exposed, and he could also feel the eagerness of other strong men. He also wanted to solve the battle as soon as possible and grab the fire meteor bow, but... paralyzed, at the time of the battle, he could not control his life or death. The strongest Red Wing God outfit, this made Li Tian very angry!

Owning the Red Wing Divine Costume was supposed to be very exciting, but Li Tian could not control the Red Wing Divine Costume. This feeling was as if his neck was pinched tightly by the Red Slash, and he might end up at any time. Life, this feeling is ***** fucking!

Even if he can't control his own life, what use does Li Tian want to cut? What's the use of Red Wing God?

Li Tian is angry!

He screamed at Hong Zhan with his mind, "Hong Zhan, did I give you a face?"

Hum! Hum!

Hong Zhan, who turned into a red wing ***** outfit, kept flapping his wings. Li Tian could feel that Hong Zhan heard his words!

"Hong Zhan, do you want to control me? Just like the dragon head powerhouse you once controlled? Let me be your puppet, let me be your slave?"

Hum! Hum!

"Unfortunately, you can't control anyone!"

"Has the dragon head powerhouse you controlled become your puppet?"

"Yes!"

"Has the dragon head powerhouse you controlled become your slave?"

"nor!"

"Do you still want to repeat the same mistakes, let me explode again, and then you once again become a demon knife and fall into other worlds?"

The five metal arrows are getting closer and closer to Li Tian, and even the surging spiritual power released from that metal arrow can hurt Li Tian's skin. Li Tian has already felt his skin aching! But... Hong Zhan remained the same.

Li Tian roared angrily: "Hong Zhan! What are you still hesitating? Come on! Control me now! Let me see you Hong Zhan..."

Hum!

Li Tian only felt Hong Zhan tremble violently in his heart a few times, and a faint female voice came from Hong Zhan's knife, "With me, he can't control you!!"

Chapter 4905: : Murder and Treasure (3)

This...this voice is...

Li Tian felt that he had heard this sound, but he felt extremely strange!

In Hong Zhan, that human soul awakened!

But who is the owner of this voice?

For a while, Li Tian couldn't remember it at all!

Li Tian was very curious, he wanted to know who made this voice, but when Li Tian wanted to talk to this voice again, the voice disappeared!

But... Since this voice sounded, Li Tian felt that he and Hong Zhan had another layer of connection!

It's just that this seemingly insignificant relationship can make Li Tian difficult to control Red Zhan, difficult to master the Red Wing Divine Equipment!

Whoosh!

Whoosh!

Whoosh!

Five metal arrows flew towards Li Tian with the aura of ruining the world, and the arrows were already within easy reach of Li Tian.

hiss!

Li Tian's clothes were torn apart by the surging spiritual power instantly, and small wounds appeared on his skin!

Danger is approaching!

At this moment, Li Tian's figure suddenly flashed and disappeared!

Teleport!

This is Li Tian's second teleport after entering the metal world!

You know, even the ninth-level super domain masters such as Beast Boy and Qingfeng Louzhu can't use teleport in the metal world, but Li Tian teleports and disappears!

For a while, the crowd around the audience was in an uproar!

"This...this...is it teleport?"

"Damn it, it really seems to be teleporting!"

"Impossible, absolutely impossible! It should be the Red Wing God outfit that made Li Tian this kid's speed reach our visual limit to have this illusion!"

"That's right! In the metal world, how can anyone use it to teleport?"

Among the strong onlookers, even the strong onlookers standing on the ground of Qingfeng Tower, their weakest cultivation base has reached the realm of the venerable. In the original world they are in, none of these strong can use teleport. , Who has never seen teleport before, but here is the metal world, since they entered the metal world, all the strong seem to have lost the ability to use teleport.

But now...

"Look at it... the original poster of Qingfeng..." Suddenly, another strong exclaimed.

The onlookers who were still discussing just now moved their gazes to the direction where the Qingfeng Lord was, but found that Li Tian did not know when they had teleported to the Qingfeng

Lord, and the red wing ***** outfit wings behind Li Tian had released hundreds of them. Thousand-handled red cutting blades, these blades are like flying vampire bats, surrounding the Qingfeng master and constantly attacking him.

"Go away!"

"Go away!"

"Ah~!"

The original poster of Qingfeng is desperately resisting these red cutting blades with the Jihuo meteor bow in his hand, and from time to time, the red cutting blades are flying out by the Jihuo meteor bow! But... the hero can't stand a pack of wolves, and the hands of the original poster of Qingfeng can withstand the hundreds of vampire bats? Besides, even if the fire meteor bow Otsuka was collected in the hands of the Qingfeng landlord, the red cutting blade would instantly resurrect after flying back to the wings of Li Tian's red wing ***** outfit, becoming more powerful and flying back, continuing to attack him. !

puff!

puff!

puff!

It took only two or three seconds to teleport from Li Tian's display to the fact that many powerful people noticed the Lord Qingfeng. However, there were hundreds of wounds on the body of the Lord Qingfeng. These wounds do not seem to be shaken by the surging spiritual power. His skin was cracked, but a real wound!

The blood is constantly flowing from the body of the Qingfeng original poster, floating to the ground, like a rain of blood! Who could have imagined that Qingfeng Lou Zhu, a super domain master of the ninth level, would be beaten by Li Tian, who has a red wing ***** outfit!

The strong men standing on the ground and watching were shocked by the power of the Red Wing Divine Costume. Some strong men were stunned, some were fearful, some were envious, and some were scared of damaging the fish pond. Choose to avoid.

"Too...too terrible! Is this the power of the Red Wing Divine Costume?"

"Li Tian with the red wing ***** outfit is only the realm of the domain master. He now has such a powerful strength. If... if this guy's cultivation realm reaches the realm of the super domain master, does that mean he is completely possible? Possessing close...no, reaching the half-god state?"

"It's a pity that we can only look up to this state, and we can only envy the Red Wing God!"

At this moment, the battle regeneration in the sky changes!

Many super-domain master-level powerhouses in Qingfeng Tower saw the Qingfeng master being abused and rushed to Li Tian, wanting to rescue the Qingfeng master!

However, at this time, the irrational Qingfeng original poster who had been abused used his spiritual sense to control five metal arrows to fly towards him one after another. When they were still ten meters away from him, the five metal arrows exploded at the same time. Come!

boom!

boom!

Crimson metal shards splattered everywhere!

Those Qingfeng Lou people who were about to rush to the Qingfeng Lou's body were sorrowfully involved in this explosion!

Even if these guys are superdomain master-level powerhouses, they are in embarrassment in the face of the sudden explosion. Only a few superdomain master-level 5 or 6-level powerhouses get away with all their bodies. As for other superdomain master-level powerhouses, they must Without being injured by the metal fragments, one head fell to the ground, or the bones were completely blown into pieces of meat, turning the rain of blood into a storm!

Wow!

A layer of flesh and blood fell on the ground instantly!

The ninth-level super master of Qingfeng Lou was also violently impacted. His body was directly lifted by the shock wave generated by the explosion of five metal arrows and hit the top of Qingfeng Tower heavily! The Qingfeng Tower is all metal from the metal world, and the weight is as heavy as a mountain, but even so, the Qingfeng Tower shook violently a few times!

However, this explosion caused the hundreds of vampire bats surrounding the Qingfeng poster to be blown up like withered leaves, fluttering to the ground. The Qingfeng poster was a blessing in disguise, the feather blade released from the Red Wing God costume. Escaped!

"Okay... what a powerful guy! I didn't expect the Red Wing Divine Costume to be so powerful, and now I am not his opponent!"

The original poster of Qingfeng was a little flustered in his heart. At this time, he just wanted to escape from the fairyland as soon as possible, and then find a place where there is no one to take a good look at the bow of the fire meteor. If possible, the poster of Qingfeng hopes his The Fire Meteor Bow can also possess the power of the Red Wing God outfit. Then he will meet again in Wonderland and find Li Tian for revenge!

Seeing that Li Tianjiang Qingfeng was injured, the ninth-level super domain masters who had been hiding in the crowd in the sky just now couldn't help but start to shake in their hearts. They wanted the red wing divine outfit very much, but they were afraid of repeating it. The mistakes of the original poster of Qingfeng.

However, at this moment, four or five super domain master-level powerhouses suddenly shot at the same time, but their target was not Li Tian, but... Qingfeng Louzhu!

boom!

The Beast Boy's body finally recovered, and he blasted the surprised guardian, blasting the **** guardian's head into shards, and then shouted at Li Tian: "Li Tian! Hurry... they are all going to grab it. Bolide bow... do it!"

Chapter 4906: : Murder and Treasure (4)

Beast boy is a super domain master ninth-level strong, but now there are five or six super-domain masters ninth-level strong participating in the battle. With his strength alone, it is obvious that he is

unlikely to be an opponent of so many strong people. At a critical moment, Beast boy can only pin his hope on Li Tian again!

There was a time when his Qingfeng poster was in Wonderland, which was admired by all, but now?

The wall fell down and everyone pushed it, and broke through thousands of people!

These red singles actually wanted to take advantage of the fire, and the whole body of the original Qingfeng could not help trembling. "You guys who have suffered a thousand swords, dare to fall into the stone? Really..."

The original poster of Qingfeng only received skin trauma, his cultivation level did not receive much loss, he still has the power to fight, so angry he wants to give these guys who fell into the rock a little bit of color, let them know His Qingfeng poster is not dead yet!

However, the voice of the original poster of Qingfeng hasn't finished yet, huh! Li Tian's figure flashed again and appeared beside him.

Seeing the appearance of Li Tian Teleport, the ninth-level super domain masters who wanted to rush over to take advantage of the fire just stopped one after another and looked at each other!

They want to ***** the Fire Meteor Bow, but they have the Red Wing God outfit that is afraid of Li Tian. If they rush up now, they are likely to become cannon fodder and be injured by Li Tian's Red Wing God outfit, but if they return now, Then they put the face of these super domain masters ninth-level powerhouse there again?

A misstep caused eternal hatred, and now it is really hard to move forward!

Li Tian was full of disdain for the performance of these powerhouses, and the corners of his mouth curled up slightly, ignoring their presence, and then looking down at the Qingfeng host, with a cold expression on his face, and some impatiently said: "Jihuo Give me the meteor bow, I can spare you not to die!"

"dream!"

This is the answer of Qingfeng poster to Li Tian!

Shike can not be humiliated. The Qingfeng original poster is like a robber who blocked the road. He originally wanted to rob and rob, but after doing it, he found that he was not the opponent of the person he wanted to hijack. Not only did he not succeed in hijacking. On the contrary, he still needs to be robbed by the target he hijacked, and he even has to call out the tools of crime, but any robber with a bit of backbone will not compromise!

Li Tian appreciates Qingfeng's answer.

This kind of backbone opponent deserves his respect, but...Li Tian is very dissatisfied with Qingfeng's answer!

The Bull Head Sword in Li Tian's hand was pointed at the Qingfeng building, but it was bounced by the Qingfeng building with a fire-collecting meteor bow, and then the Qingfeng building abruptly jumped up from the top of the Qingfeng building. The fire-collecting bow in his hand was cut constantly by him as a knife. Xiang Litian!

Huh!

Huh!

Cang!

The bowstring was again blocked by the winged red wing ***** outfit behind Li Tian, and the red wing ***** outfit was intact!

Li Tian knew that the environment he was in now did not allow him to drag him down. The red wing ***** outfit behind him was like two arms. He violently blocked the fire-collecting meteor bow, and then madly stabled at the Qingfeng original poster.

With both wings and hands attacked several times in a row, the original poster of Qingfeng was already stretched out and chaotic!

This time Li Tian was not giving the Qingfeng Tower host meeting, but accelerated the attack speed!

puff!

puff!

Although the original poster Qingfeng didn't want to admit it,...the red wing ***** outfit's wings were indeed stronger than him. He reluctantly blocked a few times, and the two wings of the red wing ***** outfit pierced the left and right ribs of the original poster. Pierce directly! !

The host of Qingfeng could feel that the ribs on the left and right sides of his body broke instantly, and the severe pain instantly swept through the host of Qingfeng. The host of Qingfeng was forced to endure the pain, his face was gray and looked at the cause under his chest. Wings composed of red chopping blades.

puff!

The host of Qingfeng spouted a mouthful of blood, and the blood fell on the Red Wing God's suit. The smell of blood was even stronger. The host of Qingfeng had no spirits and his body shook a few times, but he used a fire-collecting bow to reach the roof of Qingfeng Tower. He didn't fall to his knees, but his voice trembled slightly.

"I... I lost?"

"...Ahem...Do you want to set the bow of the fire meteor? Take it if you want, but..."

"Ahem, man is about to die, can you tell me the secret of this episode of Bolide Bow now? Don't let me die regret..."

Qingfeng Lou Zhu, a generation of Tianjiao in Wonderland, looks ugly like a dog at this time, but Li Tian has no mercy at all, "It's okay to tell you, Jihuo Meteor Bow is indeed an artifact, but... this artifact wants to play his role. , Then you must at least have a demi-god crystal or beast crystal in your body veins. Only in this way can you stimulate the divine power of the artifact..."

"Demi-god...cough cough, you lied to me...you are just ***** in the realm of the domain master, dare you say that you have it..." The original master Qingfeng felt that he had been greatly deceived and insulted, his face The muscles on the upper part began to twist at this moment, cursing Li Tian.

Li Tian slowly shook his head, and the Red Wing God's outfit used a slight force, and opened it in both directions at the same time!

hiss!

The body of the original poster of Qingfeng was torn in half instantly!

Blood, minced meat, and smelly internal organs hulled all over the floor.

The two halves of Qingfeng Lou's body fell to the ground, and to death, he finally merged with his Qingfeng Tower!

Li Tian walked two steps quickly and came to the body that was holding the Fire Meteor Bow. Li Tian wanted to pick up the Fire Meteor Bow, but found that after the death of the original Qingfeng, his palm still held the weapon tightly. Helpless, Li Tian could only wave the Bull Head Sword, and cut off all the fingers of the Qingfeng poster!

"Bull Head Sword, you can transform back into a human form!"

Turning the Bull Head Sword back into a human form, let him carry the Rat Head Sword.

And Li Tian?

Behind him is a red wing ***** outfit, holding a fire-shooting star bow, proudly standing on the top of Qingfeng Building, majestic and majestic!

"Qingfeng...The original poster of Qingfeng is dead?"

"This guy's red wing costume is really abnormal, too powerful!"

"I am afraid that the sky of the fairyland will change. Will you dare to be an enemy in the future?"

"What about him, we are just ordinary cultivators. No matter whose hands the fairyland is in, our cultivation and life are not what they used to be?"

"If one day, I can have such a beautiful scenery, even if it only allows me to be beautiful for a day, death will be worth it!"

"Yes, we are ants... ants..."

On the ground in front of Qingfeng Tower, those venerables and domain masters raised their heads and looked up at Li Tian, full of horror.

In the sky, dozens of super domain master ninth-level powerhouses, and hundreds of super domain master-level powerhouses, when they saw Li Tian split the Qingfeng master with a red-winged ***** outfit, they all backed away, with a trace of their faces involuntarily revealed Fearful, so many powerful people, no one dared to rush forward and ***** the Fire Meteor Bow in Li Tian's hands!

The beast boy flew to Li Tian's side and looked at Li Tian in surprise.

"Don't look at it, I haven't fully controlled the Red Wing Divine Costume, right now..." Before speaking, Li Tian's wings had disappeared, and he got into his back body again, "Go..."

Chapter 4907: : Kill another person

"Don't panic! The original poster of Qingfeng has just died, and no one dares to move us yet! When I kill another person, you continue to pretend!" Beast Boy whispered.

Li Tian was full of black lines and cursed secretly in his heart, "Damn, what is pretentiousness?"

Seeing those who are staring at the Wonderland Superdomain Master-level powerhouses, Li Tian can only nod his head, "Okay! That's just pretending!"

The owner of Qingfeng Lou was beheaded, and the deaths of the people in Qingfeng Lou were disastrous, and the entire Qingfeng Lou suddenly became headless.

There are only a few superdomain masters of level 5 and 6 who looked at the other guardian of Qingfeng Tower in a bewilderment, hoping that this guardian can guide them and lead them out of a way to survive. However, it is here. The Shimon boy flashed, and flew back to the guardian in an instant.

This guardian possesses the eighth-level peak cultivation base of the super domain master, and his cultivation base strength is not weak.

But now he is facing the beast boy who has been resurrected with full blood. He was injured just now, and the two of them couldn't kill the beast boy together.

Feeling the murderous aura released from the beast boy, the guardian did not hesitate and turned around and fled. Unfortunately... the strength of the beast boy suppressed him in all directions, and even the flying speed was far faster than the guardian. The guy escaped less than ten meters, and was chased by the beast boy from behind, smashing his head with a palm.

Poor guy, after being killed, he never escaped the poisonous hand, and was picked by the beast boy, picking out the crystal in his body.

The beast boy then discarded the body of the guardian.

boom!

The corpse fell on the ground and fell into a pool of blood!

On the ground, the onlookers retreated one after another, looking at the puddle of snow mud on the ground, and then seeing other Qingfenglou strongmen fleeing, the expressions of everyone changed slightly!

The trees fell down and scattered. These powerful people have long been used to seeing this kind of scene, but... this Qingfeng Tower is one of the most powerful forces in the fairyland. In a flash, it was directly wiped out on the fairyland. Except for the Qingfeng Tower, which is still towering, there will be no Qingfeng Tower in Wonderland anymore.

In the sky, the faces of the other ninth-level super domain masters are also uncertain!

These super domain masters are trapped in the metal world and seem to have no pursuit, but who is willing to be trapped here forever? Even if the name of the fairyland is beautiful, this place is not their original world after all. Many of these powerhouses hope to go further and reach the half-god realm, and then the broken void escapes from the metal world.

However, although the huge wings of the Red Wing God outfit on Li Tian have disappeared, these powerhouses don't know why the Red Wing God outfit's wings disappeared. In addition, Li Tian's aftermath of killing the Qingfeng poster is still there, and many powerful people also Don't dare to attack Li Tian rashly.

But there are always those who are not afraid of death!

"The red wing ***** outfit on boy Li Tian has disappeared. Every time the red wing ***** outfit is displayed, there must be a time interval. This boy is now pretending, let's not be afraid of him! Kill him, ***** the set fire shooting star bow, ***** the red Wing God costume..." Suddenly a strong man in the crowd shouted.

This guy is just a bold guess, he doesn't dare to attack Li Tian rashly now, but if he can only shout a few words and let others try to test the truth, why not do it!

Sure enough, this guy's words made many super domain masters ninth-level powerhouses ready to move! Although these powerhouses did not directly attack Li Tian, they unknowingly surrounded Li Tian. It is difficult for Li Tian to get out easily anymore.

Whoosh!

The Beast Boy flew back to Li Tian and stood on the top of the Qingfeng Tower, his eyes were like a sword, and he swept across the crowd coldly, and said with a sneer: "It seems that you still don't have a long memory. If you really want to be like the Qingfeng poster Come to die, please come up to die for so long!"

Although Beast Boy, a super domain master ninth-level powerhouse, was by his side, but Li Tian was still not at ease.

With so many powerhouses, if someone really dared to rush forward and discover that Li Tian was just bluffing, then he might be torn to pieces by these brute powerhouses!

"Li Tian, can your Red Wing God outfit be released? If it is possible, then I will cooperate with you and kill another super domain master ninth-level powerhouse, and use his head to establish your prestige. See who dares to come up and die!" The Beast Boy also asked with some guilty conscience.

"let me try again!"

In fact, just now, Li Tian has been in constant communication with Hong Zhan in his heart. On the one hand, he hopes to persuade the demon knife Hong Zhan to let this ***** give up the unrealistic idea of controlling Li Tian. On the other hand, Li Tian also hopes to communicate with the soul in Hong Zhan, so that this soul can temporarily suppress the artifact spirit in Hong Zhan, control Hong Zhan, and then release the Red Wing Divine Equipment to help Li Tian tide over the difficulties!

It's a pity that Hong Zhan's tool spirit seems to have fallen into the demon way, completely transformed into a demon sword, not a bird Li Tian at all!

Fuck!

Li Tian was angry, but there was no way at all!

This feeling is like the obscene ***** who was lodged in Li Tian's body at the beginning. Li Tian knew that he existed, but there was nothing he could do with him!

And Hong Zhan who fell into the demon way is not the same as the obscene god. The obscene ***** can at least be fooled by Li Tian, and he knows to cooperate with Li Tian, and he also knows to help Li Tian through the difficulties, but what about Hong Zhan? Unless Li Tian is alive and dead, this thing is not a bird Li Tian.

The soul in Hong Zhan also disappeared without knowing what the reason was.

But Li Tian knew that it was not that this soul was unwilling to help Li Tian, but that she was too busy now!

It seems that I saw Li Tian and Beast boy whispering here, and the Huhou clan, who had some grudges with Beast boy and Li Tian, decided to unite with the powerful force of Xianrendong in Wonderland. Huhou clan bandits sent out four at the same time. There are thousands of super domain masters at the sixth level to test Li Tian's fictitiousness and reality. This fairy cave is to shoot two super domain masters at the early stage of the ninth level to attract beast boys.

The guys in the fairy cave have long round bodies, and their bodies are covered with hairy barbs, like chestnuts that are not yet mature.

As for the two Super Domain Masters, the ninth-level junior powerhouses only had their faces exposed, and they looked like cracked chestnuts, but don't underestimate these two guys. Although their appearance is not good, their cultivation strength is not weak. In addition, they were just temptations, and they didn't really want to fight the beast boy to death, and the beast boy really couldn't help them for a while.

As soon as the beast boy was led away, these tiger roar clan powerhouses immediately surrounded Li Tian.

The Bull Head Sword wanted to protect Li Tian, but he stood in front of Li Tian, but he was immediately beaten by these powerful men. The Bull Head Sword transformed into a weapon in just a few seconds. There were gaps in this weapon, if it wasn't the Bull Head Sword. If his cultivation base is not weak, he might have been beaten back to his original shape at this time!

The Bull Head Sword was beaten by a group, and these lemur clan powerhouses saw Li Tian not intervening, and were even more unscrupulous, "Hey, if we can die under the Red Wing God's costume, then it will be worth our death! Come on, let's take a closer look. Look at your red wing costume!"

At this moment, Li Tian's body suddenly floated with red and black spiritual power.

Li Tian's slowly raised his head, his pupils were full of fascinating blood, and a wicked smile hung at the corner of his mouth: "You want to die, then I will fulfill you..."

Chapter 4908: : Near demon like demon

"This...this is..."

Seeing the changes in Li Tian's appearance, the faces of these powerful tiger roar tribes could not help showing a trace of panic. Their purpose was to test Li Tian, but now Li Tian just released the surging spiritual power from his body enough to make them feel fear.

Although these tiger roar robbers didn't turn around and flee, they had already begun to retreat.

Huh!

Huh!

In an instant, Li Tian's red-winged **** outfit wings spread out again!

Seeing the red wing **** outfit, these tiger roar clan robbers couldn't help but enlarge their pupils.

"Red Wing God outfit..."

"This Red Wing God pretended to be surprised... as if there was no weakness at all!"

"Li Tian... Li Tian looks terrifying, even stronger and terrifying than before!"

"Illusion, all of this is an illusion, you go together and hack this guy to death!"

But anyway, the Tiger Roar clan bandits were still frightened by the red wing **** costume behind Li Tian. These guys lost their helmets and abandoned their armor, turned around in a panic and fled in all directions.

"Escape? Can you escape?" Li Tian's mouth had a weird smile.

Hundreds of Red Feather Blades flew out of the wings of the Red Wing God outfit!

Wow!

These red cutting feather blades are like vampire bats. Forty or fifty red cutting wings surrounded a tiger roar robber. As the blood began to splatter, the tiger roar robbers made miserable screams, just a few seconds. After the clock, those red cutting wings flew back to the wings of the red wing **** outfit.

And the bodies of the robbers of the Tiger Roar clan, as a gust of wind blew by, instantly shattered!

But Li Tian didn't stop there!

Huh!

Li Tian Teleport appeared in front of these two immortal Super Domain Masters who resembled a chestnut-cracked ninth-level early powerhouse!

In fact, before Li Tian teleported, the two super domain masters of the Immortal Cave had already seen Li Tian kill those Tiger Roar clan robbers. They were aware of the danger and did not dare to neglect, and wanted to get out as soon as possible. But... the strength of the beast boy is not what they want to come and go.

After a short delay, Li Tian has already come to their lives!

The blood-stained red wings of the gods had a strong smell of blood on the wings, and Li Tian didn't need to release a murderous aura at all. Just this desperate smell of blood made the two powerhouses in this fairy cave full of Trembling.

"Misunderstanding! This is a misunderstanding... Our Immortal Cave just came to say hello, let's leave now..."

"That's right... Let's go now!" Another strong man also echoed.

"Hey, come as you want, leave as you want, how can it be so easy!"

Li Tian sneered twice, and the red cutting feather blades on both wings kept flying out and slashing towards the two powerhouses in the fairy cave!

"You...If you do this, our fairy cave will turn around?" One of the strong men said angrily while blocking.

Another strong man also echoed and said loudly: "Yes, do you really think that we are afraid of you in Xianrendong? The brothers of Xianrendong all stand up..."

However, their so-called brothers, after seeing Li Tian's red wing divine costume unfolding, instantly strayed away, and even the powerful people onlookers consciously flew back thousands of meters.

The Beast Boy was no longer able to get in, so he could only fly to the side and watched Li Tian attack the two powerhouses.

These two powerful men could barely resist the ten red wing feather blades. When they spoke, the wounds on their bodies had been increasing, but... at this time Li Tian approached again, and the red behind Li Tian Wing feathers are like battle axes, slashing at these two guys at the same time!

Strike Huashan!

These two super domain masters at the early stage of the ninth level already felt the danger, and at the same time raised their weapons to resist!

Cang!

Click!

The weapons in their hands were instantly cut off by the wings of the Red Wing Divine Costume, and the Red Wing took advantage of the trend, and the bodies of these two chestnut-like guys were instantly divided into two, and those who were already dead could not die again! Li Tian's voice flickered twice, and directly grabbed the crystals of these two guys from the **** bodies and sent them into the space ring!

Li Tian, the Red Wing God outfit, instantly killed two super domain masters at the ninth level of the initial powerhouse, the whole world was quiet!

Huh!

Huh!

Li Tianchi's red pupils slowly swept around, he was panting heavily, Beast Boy yelled Li Tian's name several times, but Li Tian didn't seem to hear Beast Boy's call at all. Sound the same.

Suddenly, Li Tian's figure flashed, and once again teleported to the crowd of onlookers who were thousands of meters away!

The Red Wing God outfit cut across and vertically, and flesh and blood flew across the crowd!

The weakest cultivation bases of these powerhouses are the superdomain master level realm, but at this time, with the red wing **** outfit, Li Tian looks like cutting melons and vegetables. There is no superdomain master level powerhouse. Can stop Li Tian, no one can cause Li Tian the slightest trouble!

kill!

kill!

kill!

The clothes on Li Tian's body were completely stained red with blood, and the blood dripped down slowly along the wings of the Red Wing God outfit!

powerful!

metamorphosis!

Crazy!

It was like a tiger breaking into the flock, it was a massacre!

The red wing **** outfit is completely bug-like, and a practitioner with the red wing **** outfit can dominate the entire metal world!

Seeing that this is the case here, the strong men who were still holding the mentality of watching the theater just now scattered, hiding as far as they can hide, and those super domain masters who have just thought about grabbing the Red Wing God outfit just now. The strong did not dare to stay at all, and turned around and flew towards the small island outside the main island of Wonderland!

Don't stay here for long!

Li Tian, the beast's strength is too sturdy, it's better to hide away!

In just a few seconds, in the sky of the entire fairyland main island, apart from Li Tian, Beast Boy and the Bull Head Sword that fell on Qingfeng Tower, there was no strong presence. On the ground near Qingfeng Tower, everywhere. It's all minced meat and blood. After seeing Li Tianda's murder, the audience of those good things turned around and fled.

Some powerhouses chose to escape back to their own power range, while more ordinary powerhouses escaped directly from the fairyland and escaped on their space battleship!

Li Tian haunted, the real powerhouses of Wonderland fled one after another!

The red wing **** outfit is so powerful! This is the domineering red wing **** outfit!

However, at this time Li Tian seemed to be a little delirious, his pupils were bloodshot, there was no trace of luster, and his body was full of blood, full of evil spirits!

At this time Li Tianjin is like a demon!

Li Tian suddenly turned his head and looked at the beast boy!

Beast boy suddenly felt as if he had been locked in by death. Although he knew the relationship between him and Li Tian and the alliance, but at this time, Beast boy's mentality began to beat the drum.

"Li... Li Tian... it doesn't matter you!"

"Li Tian... Our opponents have been beaten away by you..."

Li Tian stared at the Beast Boy, a few seconds later, Li Tian finally recovered a little bit of consciousness in his eyes.

"Beast boy, save the Sea Monster Race!"

After saying this, Li Tian's demon spirit disappeared instantly, his wings retracted again, and Li Tian fell from a height as if his whole body's strength had been exhausted!

Whoosh!

Chapter 4909: : Twelve Earthly Branches

Li Tian fell into a faint, but he did not lose consciousness!

He could feel the beast boy transforming back to his original shape, causing him to fall on the beast boy's body, and he could also feel the bull head sword taking care of him, but Li Tian was weak and unable to move at all!

At this time, if you can see Li Tian's veins through his skin, you will find that at this time, there is no trace of spiritual power in Li Tian's body veins, and all the spiritual power has been evacuated and returned to the atrium.

But in Li Tian's heart, it was another scene at this time!

The spiritual power lake still exists, but the spiritual power in this lake is no longer rippling blue waves, but like a badly polluted pond. The spiritual power exudes a stinky smell, which seems to be bloody. But it seems to be rotten again.

The sky of the atrium was originally a black flame, but now the black flame's spiritual power has also changed into a black blood color. The entire sky is this color, giving people a feeling that the sky is about to collapse, which is depressing and inviting. Crazy and desperate!

Look at the red sword hanging in the air, the beast crystal of the demigod realm still entwining the white light old man.

Only at this time, Hong Zhan had completely changed his appearance.

The body of the red sword was surrounded by a group of black and **** spiritual power, releasing a spirit of evil spirits.

Demon knife, finally demonized!

Demonized completely out of Li Tian's control!

The evil spirit of Hong Zhan's sword was exposed. If Li Tian continued to use Hong Zhan's ability to fight, then Li Tian would definitely follow the mistakes of the dragon head powerhouse and eventually become a puppet of Hong Zhan.

If Li Tian did not return to the metal world, if Li Tian did not have this semi-god beast crystal, if Li Tian did not let Hong Zhan enter his body, Hong Zhan might not be demonized so quickly, and it might even be possible. Will not demonize.

It's a pity...There are not so many ifs, and it's done, Li Tian can only accept this reality.

Therefore, under this circumstance, Li Tian Zhuangshi broke his wrist and decided to seal Hong Zhan before he completely refined Hong Zhan, or before the soul in Hong Zhan completely controlled it!

Li Tian used the evil spirit of Hong Zhan as the price of his whole body vein spiritual power being polluted by the evil nature of Hong Zhan, letting Hong Zhan temporarily use it for him, releasing the Red Wing God outfit!

Hong Zhan is a self-righteous idiot!

He could control Li Tian, but he didn't want Li Tian already thinking of a way out when he used Red Slash.

At the moment when the Red Wing God outfit retracted, Li Tian forced all his spiritual power back to his atrium, and automatically sealed all the veins from the atrium to the veins. In this way, Li Tian temporarily sealed Hong Zhan. And in the atrium!

The price Li Tian paid was that his whole body cultivation was not used by him now!

Li Tian is now an ordinary cultivator. Before he cultivated sufficient spiritual power in his body, Li Tian's cultivation strength could not even reach the realm of the domain master.

However, Li Tian was very happy. There was a smile at the corner of his mouth. With a touch of spiritual knowledge, he said to Hong Zhan: "Hong Zhan, our past affection ends here. From now on, It depends on which of us cultivates faster. It is you who refine this beast crystal in the semi-god realm and break through my seal to control me, or I completely refine you and make you unconscious..."

Hum!

Hong Zhan's blade suddenly released a red light, slashing towards Li Tian's spirit!

Before Li Tian finished speaking, he was completely erased by the red light released by Hong Zhan!

Hong Zhan was so angry!

Li Tian smiled happily!

At the beginning, returning to the earth world from another world, Li Tianxiu with the red sword was lost!

Now, Li Tian took Hong Zhan back to the metal world, and his cultivation level finally fell from the sky to the ground.

Without the huge spiritual support in his atrium and the help of Hong Zhan, Li Tian, who has the seventh-level cultivation realm of the domain master, has at most the strength of the seventh-level domain master.

But the prerequisite is to wait for Li Tian to cultivate enough spiritual power!

Li Tian looked at the Qingfeng Tower further and further behind him, and crawled weakly on the beast boy.

The beast boy flies very fast and very smoothly, but the bull head sword that has changed into a human shape seems to be afraid of Li Tian falling, stretched out a hand, and held Li Tian tightly.

After this battle, Bull Head Sword suffered a lot of scars on his body, but he felt very good!

Especially watching the scene of Li Tian beheading the ninth-level super domain master, the cold metal lump of the Bull Head Sword is full of passion!

Li Tian, unconsciously, has become a strong and hero in the eyes of Bull Head Sword!

Because he had to save the Sea Monster Clan, the Beast Boy did not rush to leave the fairyland.

The Metal Steel Orcs possessed a certain powerful ability, with the help of this ability, he could know where the ponytail was now.

Then, the Beast Boy rounds with the ponytail gun at the fastest speed.

After simple communication, the beast boy took the ponytail and rushed directly into the lair of the guys who bought the Sea-Monster tribe through the auction, and then opened the killing ring, bringing dozens of domain masters to the pinnacle of ** level, and the super domain master's early stage All of them were slaughtered.

Naturally, the crystals in the bodies of these guys were also put away by the beast boy.

Then, the beast boy flew out of the fairyland with the Sea-Monster tribe, the ponytail spear, the bull head sword, and Li Tian swayingly.

Obviously, I have seen Li Tian crawling on the beast boy without physical strength, but no one dared to stop him!

Returning to the space battleship, the beast boy handed all the Sea-Monster tribe to Situ Ningbing, and then recounted the course of Li Tian's battle in general. Fly to a large area!

And Li Tian hid in the training room in the Beast Boy's space battleship and began to practice again!

...

Metal World, the twelve regions, are named after the twelve territories such as Zi Chou Yin Mao.

What the spacecraft of Li Tian and others is going to is the large area called 'Chen' which is the closest to the fairyland.

The speed of the space battleship is extremely fast, exceeding the speed of sound, but even at such a fast speed, it is impossible to reach the Chen area without ten days and a half!

At the same time, in the "Yin" area closest to the "Chen" area, the space warships on board by Tang Xiaolong, Youanrou and others crashed again.

Tang Xiaolong, Youanrou and others crawled out of the broken space battleship. This is the first time they have been free since entering the metal world!

"Damn it, what the **** is this place? We entered the secret realm to try, but..." Thinking of the sad past experience, Tang Xiaolong couldn't help but shudder!

Even in the Netherworld, because Li Tian is always by his side, Tang Xiaolong always feels that he is very strong and his cultivation is also very strong.

However, when they came to this world, they were captured instantly, and they didn't even have a chance to resist. At this time, Tang Xiaolong knew that he was just a frog at the bottom of the well!

This trial in the secret realm is just another bet!

Looking at the endless dark wheels around him, wherever he looked, there were hard metal land everywhere, Tang Xiaolong didn't have the slightest joy of regaining freedom, "Lord of the dark domain, I...I think the little boss. Oh, I don't know where the little boss is now?"

As soon as Tang Xiaolong cried, You Yinrou stretched out her hand and held her mouth, "Hush, look ahead, it seems that we are not out of danger yet!"

Chapter 4910: : Lingjin Clan Land

When people are unlucky, drinking cold water will suffocate their teeth. This sentence can not be more appropriate for Tang Xiaolong.

After finally taking a robber attack, Tang Xiaolong, Youanrou and others escaped from the enslavement of the Lingjin clan, but who would have thought that the place where the space battleship crashed was actually the land of the Lingjin clan.

In the distance, in the direction of the dark and soft fingers, there are always more than a dozen metals of different sizes floating in the sky. Unlike the metal cubes that Li Tiangang entered into the metal world, these metal cubes look like metal cubes when they are floating. Immediately changed into a human form. The only thing these guys are different from humans is that when they are in human form, these guys look like aliens in the oldest science fiction film in the earth world.

With a bald head and body, two big eyes turning around in circles, but no eyelids, no eyebrows and eyelashes, it always feels strange from the perspective of human aesthetics.

Of course, when they came to this secret realm, Tang Xiaolong and others had already seen all kinds of strange races, and they had not never seen this look of Lingjin race.

The appearance is not important, mainly depends on the strength!

What made Tang Xiaolong and Youanrou feel depressed is that the strength of these guys clearly far exceeds the realm of the domain master. It is conservatively estimated that these guys have reached the peak of the ninth level of the domain master, or even the super domain master.

At this time, these powerful men of the Lingjin tribe would change into metal cubes floating in the air, flying towards the space battleship, and then change into the form of metal human beings, rushing faster.

"Damn it, it must be the violent impact of the space battleship crashing and hitting the ground that attracted these spirit gold tribes!" Tang Xiaolong said grumblingly.

"Now we are dead. We just escaped from the wolf den and entered the tiger's mouth. This time we are really dead!" The Sea-Monster Clan beside Tang Xiaolong said with a sad face.

A strong foreigner sneered and cursed: "I'm afraid of a bird, I annoy you cowards the most. Damn, since you have come to this secret realm for trial, you should be prepared to lose your life at any time. Now we I had a chance to escape once from the dead. This is already a profit. Those who are not afraid of death will rush with me and we will kill them together. Damn, kill one is enough, kill two and earn one."

In addition to Tang Xiaolong and Youanrou who escaped from this crashed space battleship, there were also two Sea-Monster clan masters of the eighth level, and a domain master of the sixth-level weapon spirit clan, four or five. Only strong foreign races from other worlds.

These foreign races have sharp-billed monkey gills and a pair of bird-like wings behind them. They have long human bodies, but their legs and arms are much thinner. They look somewhat similar to the Lei Zhenzi in ancient Chinese legends. , But there are some differences from the Thunderbirds in the Underworld.

At this time, the strength of cultivation Tang Xiaolong and You Yinrou were the weakest, and the number of races, these foreign races from other worlds were also dominant. Therefore, one of the

strong foreign races took the initiative to become the leader of this miscellaneous army. Organize everyone to fight back.

Among these cultivators who had escaped by chance, this guy had the strongest cultivation base and had reached the ninth-level peak realm of the domain master.

"Why, do you have any opinions?" This guy was a little displeased when he saw what he said. An anger flashed in his eyes, and his eyes swept across the crowd and asked.

"Don't dare, don't dare! But... both in terms of cultivation strength and quantity, we are far from these spiritual gold races, and now we rashly attack them, it is no different from an egg touching a stone..."

"Huh, how do you call a rash attack? Sneak attack, don't you understand? Now we're in the dark, they're in the light. As long as they approach, we will suddenly kill them. We can definitely catch them by surprise. Even if we can't win, we can kill at least. A few people, make enough money!"

This guy is completely crazy now!

These alien tribes are even harder than Tang Xiaolong and others. They entered the secret realm several decades earlier than Tang Xiaolong and others. However, they were forced to be captured by the Lingjin tribe and become Lingjin before they had a good understanding of the metal world. Slave of the tribe.

In the past few decades, these powerful foreigners have been enslaved by the Lingjin tribe. Every day they wear metal shackles and are driven by the Lingjin tribe, enter a dark metal cave, excavate metal, and engage in heavy labor.

In that dark cave, all the strong have no hope. Every day there are strong deaths due to various reasons, and even every day the strong cannot bear this kind of life and choose to commit suicide.

I think that these foreign races entered this secret realm in a group. At that time, their number reached thousands of people, but in the past few decades, when the metal in the cave was hollowed out, these foreign race powerhouses were left. Four or five of them.

If they were captured by these spiritual gold clan, the result would also be death.

It will even die worse!

So when these foreign races saw the Lingjin tribe, they all chose to fight to death!

There was a thought in these guys that they would die together. Naturally, they decided to fight to death, so they would certainly not allow Tang Xiaolong and others to escape from here.

"ready....."

Those who are strong in the Lingjin clan are getting closer.

Tang Xiaolong pulled You An Rou quietly, and whispered to You An Rou: "Wait a while for the fight to start, you just run away, and I will block for you, if... if you have a chance to see the little boss, Tell the little boss that Tang Xiaolong is willing to be a brother with him in the next life!"

There was a rare smile on her face.

Tang Xiaolong is Li Tian's brother. At this time, he could think of protecting her to escape, and her heart was very moved.

However, Youanrou didn't want to run away again.

Even if his domain master level cultivation is not enough to see this metal world, but...you dark soft is the dark soft, one of the top twenty domain masters in the nether world!

Shi can be killed but not insulted!

Rather than fleeing like a bereaved dog, it is better to be killed in battle.

"Xiaolong! If you have a chance, you will run away! I'll be there for you!" While saying this, You Yinrou pulled out her weapon from her space ring: a heavy bow with three heavy arrows. Quiver.

Those who are strong in the Lingjin clan are still a kilometer away from Youanrou and others, but at this time, the Lingjin clans have discovered the existence of Tang Xiaolong and others.

"Hey, the **** slaves are still alive! Kill them to pay homage to our dead clan!" The Lingjin clan screamed and rushed over.

It has been discovered that there is no way to speak of a sneak attack.

"kill!"

These powerful foreigners, like Lei Zhenzi, roared desperately, and rushed out!

The powerful spirit clan and the strong sea monster clan followed closely behind.

You Yinrou calmly carried her quiver behind her back, stretched out her hand and drew a heavy arrow, bent her bow to shoot!

Boom!

The bowstring rang, and the arrow flew out with a swish!

Cut through the black sky!
