

A Killer 4981

Chapter 4981: : Suppress and win

"Hurry up! No, I'll go to meet him personally!" Li Tian said.

The beast master looked at Li Tian with a look of astonishment, "My lord will meet him in person?"

Li Tianqu didn't have time to explain to the Beast Lord, and of course he didn't bother to explain to the Beast Lord.

Li Tian stood up, his complexion was as usual, and he walked out in large strides. After walking a few steps, he stopped again and turned around to greet the beast boy and the others.

"Beast Boy, Ningbing, Beautiful Scenery, Dreaming, Come and meet me together!"

In an instant, there were waves of discussion in the entire first floor of Qingfeng Building.

"What on earth does Li Tian want to do?"

"I don't know, I doubt that Li Tian will kill the stewards of the seven forces in one go?"

"Should... Li Tian shouldn't have the guts yet!"

"Courage? He is the Great Demon King! The Holy Beast Hall will be destroyed if he says it is destroyed. Would he still be afraid of the powerhouses of the other major forces?"

"But Lord Li Tian said just now that the other seven forces will not be ranked. This shows that..."

"Explanation! Wait and see! Holy Beast Island is just the first step. From now on, anyone who dares not to respect Li Tian, Qingfeng Tower, Holy Beast Island will be the best end!"

"Fuck, I feel we are really hard pressed!"

"It's not just hard work! Woo..."

As a result, Li Tian didn't want to destroy the other seven forces as they said, but enthusiastically invited the seven stewards into Qingfeng Tower.

The enthusiasm seemed like Li Tian and these stewards were good brothers who hadn't seen them for many years. Only when the seven stewards saw the heads of the three holy beasts on the table, the scene was slightly embarrassed for a moment.

"How many times have I said that today I have a VIP invitation. What do you mean by putting the heads of these three beasts here? Are you trying to scare anyone? Stupid! Everyone here, who is not a famous figure in Wonderland Is there a super master in the metal world? Who can these three beast heads scare? What are you waiting for? Why don't you take these three heads away?" Li Tian seemed to be a little angry and reprimanded the beast. Said.

The beast master felt a little wronged.

Your old man told me to put these three heads here.

"Know a fart, kick it away!"

Beast boy, Situ Ningbing and the others instantly understood.

The beast master could only lift up three heads again in an aggrieved manner!

"Quickly, big guys, please come to the table! I'm really sorry. I originally wanted to invite the big guys from the Eight Great Forces of Wonderland to attend together, but the sacred beasts of the Holy Beast Island were unfortunately killed. I really feel very sad. !" Li Tian also made a heartbroken expression.

Your heartache?

It hurts!

Didn't you kill these three holy beasts?

Here the cat is crying, the mouse is fake and merciful!

The powerhouses of these forces didn't want to understand what kind of medicine was sold in Li Tian's gourd.

He didn't know what Li Tian wanted to do now, and looked at each other, and didn't know how to pick up Li Tian's words!

"Lord Li Tian, please sit down!"

"Lord Li Tian, please sit down!"

Li Tian was not polite, and sat in the top position.

"Ningbing, serve wine!"

There is also a little Niulanshan wine in the space ring of Ningbing.

Li Tian originally planned to keep this wine until he meets with Tang Xiaolong before drinking it!

Situ Ningbing immediately took out a few bottles of fine wine from the space ring and placed them on the tables of a few big men. The Beast Boy arranged for someone to bring some exquisite food on this table.

But this treatment makes the bigwigs of these seven forces feel that they are much better than others.

However, Li Tianyue is so polite, and the stewards of these forces are more disturbed!

"Li... Master Li Tian, I don't know if this welcome banquet is..."

"Several adults are late for a while, then I will tell the adults about the purpose of this huge banquet..."

Having said that, Li Tian roughly recounted his purpose, and used his spiritual power to condense into the appearance of Tang Xiaolong and others, so that the stewards present could read it again.

"That's the way it is. I, Li Tian, absolutely have no plans to live in Wonderland for a long time, nor do I want to ***** the fairyland chassis with the adults present. As long as I can find the person I am looking for, I will take my person and leave immediately. Wonderland, it is very possible that I will never see Wonderland again! So, here I especially want to beg everyone to give me Li Tian a face and help me find my brother!"

Having said that, Li Tian stood up, bowed deeply to the stewards of the seven major forces, and then turned and bowed to the other forces present!

Now even the other stewards felt a little messy.

"It turned out to be just looking for people. Although looking for such a person in the metal world is like looking for a needle in a haystack, this matter is fixed by our supreme palace! Lord Li Tian can rest assured, starting today, looking for your brother Tang Xiaolong will be About our Supreme Palace!"

"Yes, and we burned the city tower, we are also willing to help Master Li Tian!"

"And we..."

The seven forces have expressed their views!

Paralyzed, scared the baby to death.

I just wanted to entrust us to find someone. Why didn't you say it earlier?

It's Mieqingfeng Tower, and it's Sacred Beast Island, so why bother to go so far!

But in fact, their own psychology understands that if Li Tian didn't have so much foreshadowing, would they willingly help Li Tian find someone?

Who is Li Tian?

The demon!

Why do other forces help you find someone?

But now it is different.

Li Tian has made a promise that if he finds Tang Xiaolong, he will come to open the fairyland, and will also give the Holy Beast Island as a gift to the seven powers.

And the seven forces would not receive death threats from Li Tian, and Li Tian treated them with courtesy, and they naturally agreed.

By killing Qingfeng Tower and Saint Beast Island, Li Tian suppressed the other two hundred relatively weak powers, and then attracted the seven forces of Wonderland, so that things can be solved happily and beautifully!

After a full meal,

Li Tianyou personally sent the stewards of the seven forces out of Qingfeng Tower.

And the generous gifts they brought, Li Tianyou sent someone back intact.

At this point, the stewards of the seven major forces in Wonderland felt that Li Tian really did not want to destroy them.

I was more convinced by Li Tian.

As for the life and death of more than 200 other small forces?

This is not the scope of these seven forces.

If you don't want to be destroyed, then take the time to send someone to find Li Tian's brother.

You see, Li Tian's thank you gift is quite generous!

For the entire Qingfeng Tower industry, what do you still want Li Tian to do to be satisfied?

On that day, the stewards of these forces stayed and strongly demanded that Li Tian paint portraits of Tang Xiaolong and others at that time.

Li Tian was eager to do this, and used a crystal of a super domain master ninth-level early realm powerhouse as a price, and these portraits were taken away that day.

In the next few days, the number of people going in and out of Wonderland increased significantly.

As for Qingfeng Tower, Li Tian also made a huge advertisement.

Tang Xiaolong and others have become the protagonists of this advertisement. This advertisement clearly states that if they can provide effective clues, they can also obtain a crystal of the super domain master ninth mid-level realm strong, and even more can be provided. Reward.

In this way, the idle cultivators of Wonderland also took action.

In just fifteen days, Li Tian received a lot of information.

Within a month, there are hundreds of valid messages.

After sorting and summarizing, all this information finally points to one place: Yin Dalu!

Chapter 4982: :Tang Xiaolong's Trial

Li Tian decided to find Tang Xiaolong.

Although I don't know if Tang Xiaolong can be found here, when Li Tian heard Tang Xiaolong's news, Li Tian was already fidgeting.

Had it not been for Situ Ningbing's many times to persuade Li Tian, ask Li Tian to collect more information, and then make a decision, I am afraid that Li Tian would have already left the fairyland when he heard the first news.

Now, with all kinds of information gathering and all kinds of analysis pointing directly to Yin Continent, Situ Ningbing and others are not comforting.

Li Tian handed the Qingfeng Tower to the Beast Lord, and many slaves he released to take care of it, and he took the Beast Boy, Situ Ningbing, Ye Jingjing, Liu Jimeng and others on the space battleship. Feiyin mainland.

These little guys of the Sea-Monster tribe, these little guys of the Qi Spirit tribe were crying and shouting to follow Li Tian.

Looking for life and death, Li Tian had no choice but to take them!

Li Tian knew that if he found Tang Xiaolong and the others this time, he should continue to search for other artifacts, and it is very likely that he would never return to Wonderland.

Therefore, Li Tian gave a sacred beast's beast crystal to the beast master, which can be regarded as a reward for the beast master.

And tell the beast master that if he has not returned within three months, the beast master will be completely free and let the beast master find another way out.

Beast Lord actually wanted to follow Li Tian to Yin Continent, he felt that his cultivation level could at least help Li Tian.

Seeing Li Tian's resolute attitude, Beast Lord could only give up.

The news that Li Tian was leaving the fairyland to find Tang Xiaolong soon spread throughout the real fairyland.

The stewards of the major forces in the immortal territory personally came to Qingfeng Tower to send Li Tian, and the strong men of these forces brought in various food materials and treasures. I wish Li Tian victory and success.

Although these stewards may be cursing that Li Tian should die in the Yin Continent, it is best to be divided by the five wolves of the Yin Continent's wolf riding powerhouses, and die without a place to be buried. It's also best not to go back to the fairyland again, to harm the fairyland, but there is still a smile on their faces.

It's really hypocritical.

This time, Li Tian was not polite, and put away all the gifts from the stewards, and let many small ones carry them into the space battleship of the Spirit Clan.

The current Qi Ling clan is finally exaggerated.

The space battleship of the Artifacts once again turned back to its original form, and turned back into that giant space battleship.

The design of the Spirit Clan on the space battleship is also dazzling, for fear that others will not know that this is the battleship of the Spirit Clan.

Of course, it was also Li Tian who gave the spirit clan such courage!

It is estimated that the name of the Great Demon King Li Tian has been spread far!

Rumble!

The Qi Ling clan space battleship leaves the docking area of the fairyland, speeding up and flying towards the dark direction!

Li Tian was very excited. He had been sitting on the metal seat in the driving area as if he were a supervisor. He urged the Bull Head Sword and Ponytail to hurry up and hurry up!

After leaving the fairyland, within two days, Li Tian was surprised to find that the direction of the Jihuo Meteor Bow turned out to be the Yin Continent!

"Hey, it seems that going to Yin Continent this time will definitely bring great gains!"

"Xiaolong, now my Li Tian's notoriety has almost resounded through the entire metal world, why don't you still come to me?"

...

Yin continent!

Tang Xiaolong and You Anrou have only recently appeared in Yin Continent.

Twenty years ago, Tang Xiaolong and You Anrou got Yuanyang Deshen Arrow, which gave them a certain degree of self-protection ability in the metal world.

The two of them also wanted to continue searching for the stars and the vicissitudes of life.

However, even if You Dark Rou possesses Yuanyang Destroyer Arrow, her strength is only limited to dealing with the powerhouses of the Super Domain Master's eighth level!

Once the opponent's cultivation reached the super domain master's eighth level or higher, Yuanyang Desperate Arrow could not display its full strength in her hands.

After searching for the stars, the moon and the vicissitudes of life several times, they were almost surrounded by powerful wolf riders.

In desperation, Tang Xiaolong and You Anrou could only leave Yin Continent temporarily, and after three years of interstellar wandering, they arrived at Ugly Continent and began to practice at the miraculous place of Ugly Continent.

The miracle of Ugly Continent is a Tongtian Pagoda built on the top of Mangniu Mountain!

The Tongtian Pagoda is divided into nine floors, also known as the nine-story demon tower!

This nine-story tower is over ten thousand feet tall!

The spire of the tower rushes straight into the endless darkness!

And each tower is an independent space, and monsters of different levels will appear in each tower.

These monsters are completely condensed from the rich spiritual power in this Tongtian Tower, and they can't be killed.

This feeling is like playing an online game, even if you can clear all the monsters in this area, new monsters will be refreshed here soon!

The Tongtian Pagoda in Ugly Continent is even more dangerous than the Miracle Mountain in Chen Continent, but there is a reward for high danger. After the monsters in each tower are cleared, there will be something that can quickly improve the cultivation level of the practitioner. The treasures appear in the tower, where they appear randomly, and the number of them appears uncertain.

When slaying these monsters that appeared, the cultivation level of these cultivators can already be improved to a certain extent, and there will be additional rewards, which is very attractive to many cultivators. It is precisely because of this that strong people from all over the Ugly Continent, and even from all over the metal world, swarm into the Tongtian Pagoda, cultivate and spawn monsters!

To enter the Tongtian Tower, there are special requirements for cultivators.

First of all, in the Tongtian Pagoda and Mangniu Mountain, no practitioners are allowed to kill each other, otherwise there will be divine might descend from the sky, and the gods will punish the killers.

Secondly, the Tongtian Pagoda also has requirements for the cultivation of entering the tower. There must be a group of nine to twelve people to enter the tower. Single person cannot enter the tower.

Therefore, in front of the gates of the Tongtian Tower, there will be cultivators from different places shouting to form a team here, and Tang Xiaolong and You Yinrou have good luck, and they just happen to encounter a super domain master-level powerhouse. Niu teamed up and were willing to take them with these 'trumpets', and then they followed this strong man into the tower of Tongtian!

Started their long journey of cultivation.

Tongtian Tower, like an online game, gradually increases the level of monsters on each level.

Entering the Tongtian Pagoda, Tang Xiaolong and others have been playing on the lower three floors of the tower five years ago.

Tang Xiaolong and You Yinrou had good luck, each grabbing a treasure that could raise the realm of cultivation.

Their cultivation realm was also quickly elevated to the super domain master level one realm.

But even so, there have been casualties in their team!

Once there are fewer than nine people in this team, the difficulty of the monsters encountered in the team's battle will increase.

There is no way, they can only come out of the tower and team up again.

Then, this time, they even formed a super domain master eighth-level strong.

In the long trial that followed, Tang Xiaolong and You Yinrou gradually established a deep friendship with this super domain master eighth-level powerhouse.

Only then did Tang Xiaolong know that this super-domain master-level powerhouse was once a slave of Yin Continent, responsible for mining various metals.

And the reason why this strong man wants to forever climb the Tongtian Pagoda and sprint to the ninth-level peak powerhouse of the super domain master is for revenge!

It was also through this strong man that Tang Xiaolong knew that the actual person in charge of Yin Continent was Long Yin!

And the stars, Xiaoyue and the vicissitudes of life are in Long Yin's hands!

Long Yin, that's our brother!

Tang Xiaolong and You Anrou felt relieved, and began to seize the time to cultivate.

After Tang Xiaolong and Youanrou came out of the Tongtian Tower, they went straight to Yin Continent.

It is a pity that it is not the brothers who are waiting for Tang Xiaolong and You Anrou to gather, but...fight!

Chapter 4983: : Meet

After entering the metal world for more than 20 years, Tang Xiaolong felt that his cultivation level had improved a lot.

Tang Xiaolong's current cultivation realm is the seventh-level pinnacle of Super Domain Lord!

The dark and soft cultivation realm has also reached the pinnacle of Super Domain Master 7!

The reason why they have cultivated to this realm and not continue to practice is because the two of them also know that after the cultivation realm reaches the eighth level of the super domain master, they will be trapped in the metal world forever and cannot leave.

However, because Youanrou has the Yuanyang Destroyer Arrow, even if it is a powerful person in the early stage of the ninth level of the superdomain master, Youanrou has a battle!

And if it was a sneak attack, You Dark Rou could even kill the super domain master ninth-level early powerhouse!

When Tang Xiaolong was cultivating in the Tongtian Tower, he refined some kind of protection, unexpectedly awakening some special spiritual power in his body!

This kind of spiritual power can instantly metallize Tang Xiaolong's body, as if he had changed into the form of a spirit clan.

Tang Xiaolong is no stranger to this appearance. When he practiced "Ten Refining Body", his body skin was almost in the same state.

However, the current Tang Xiaolong has a stronger defense and a stronger combat effectiveness after focusing on special abilities!

It's just... Tang Xiaolong has become strange again.

This time, he is no longer a black and small black monkey, but a lot stronger!

Even under the activation of this special ability, Tang Xiaolong's height was actually a few centimeters higher.

Much taller and more masculine than before!

And Tang Xiaolong had also fought with a certain spiritual gold superdomain master at the early stage of the eighth level. Tang Xiaolong was able to blast his opponent directly out with a punch, at least able to fly a few kilometers!

If it weren't for the powerful tool spirit clan who knew that he was not Tang Xiaolong's opponent, when Tang Xiaolong attacked him, he realized the danger and just wanted to escape, Tang Xiaolong would definitely be able to kill this opponent.

Leapfrogging is no longer Li Tian's patent!

Tang Xiaolong and You Anrou are also full of confidence in their hearts!

Leaving from Ugly Continent, Tang Xiaolong and You Anrou took a looted space battleship to the Yin Continent!

The continent ruled by the strong wolf rider.

Whoosh!

Whoosh!

Before reaching the Yin Continent, the space battleship was immediately surrounded by metal cubes of the Lingjin clan!

Not to mention, there are hundreds of metal cubes that surround the space battleship from all directions.

These metal cubes are large or small, but each individual is at least thousands of cubic meters in size, densely packed, like a meteorite suspended in space!

Now, Tang Xiaolong and You Anrou are no longer unfamiliar with the Lingjin Clan, coupled with the improvement of their cultivation strength, they are not afraid of these Lingjin Clan in their hearts.

The space battleship couldn't move, Tang Xiaolong and You Yinrou took the initiative to walk out of the space battleship, floating in the darkness.

Among the powerful men of the Lingjin clan who surrounded the space battleship, more than a dozen people changed into human forms, and they surrounded Tang Xiaolong and You Yinrou again!

"Slaves! Slaves who took the initiative to deliver to the door!"

"Catch it back, catch it all!"

Twenty years have passed, the cultivation strength of these Lingjin tribes has not improved much.

The vast majority of the spiritual gold clan powerhouses are in the super domain master realm, and there are not many who can reach the sixth level or higher of the super domain master in their cultivation realm. Only their leaders have the super domain master 8 initial realm.

Tang Xiaolong snorted coldly, and said, "You really blinded your dog's eyes. Do you know who I am? You want to catch me too? Don't go back and ask your boss Long Yin if he agrees!"

"Long Yin? Who is it? Can I eat it?"

"Idiot, it's the one that the wolf-riding powerhouses are looking for... the guy who takes care of this place!"

"Hey, what is the relationship between you and our Lord Long Yin?"

Several experts of the Lingjin clan talked a few words, and raised their heads to ask Tang Xiaolong.

Through the conversations of these spiritual gold clan experts, Tang Xiaolong knew that these spiritual gold clan really knew Long Yin, and that Long Yin was really an adult of these guys.

"It seems that the slave powerhouse who tried in the Tongtian Tower did not tell lies, so it is really possible that the stars, Xiaoyue and the vicissitudes of life will be in the hands of Long Yin!"

Thinking of this, Tang Xiaolong's face was slightly embarrassed.

"It's okay to tell you, Long Yin is my brother!"

"brothers?"

"That's right! Long Yin and I are brothers who are born to death. Even if you adults see me, you need to be polite to me! So, why are you still stunned? Why don't you let us go and see your dragon? Master Yin!"

"Hey, easy to say! Let's lead the way!"

The Lingjin clan powerhouses don't care if Tang Xiaolong and Youanrou have met Long Yin.

If they know, then these spiritual gold races have not suffered any loss, they are just leading the way.

And if Long Yin and these two guys don't know each other, hehe, that's fun.

This man can just be caught and used as a slave. It must be such a high level of cultivation that it would be very useful to be a slave!

As for this woman? Gee, that's better!

Every time a female slave was captured, Lord Long Yin would choose a few to serve him.

And the woman in front of her looked quite similar to the race of Master Long Yin, this kind of woman was the favorite of Master Long Yin!

Several Lingjin tribes changed into metal cubes to lead the way, while other Lingjin tribes still surrounded Tang Xiaolong and Youanrou!

"These dog things dare to treat us like this. After I see Long Yin, I must let him punish these metal bumps!" Tang Xiaolong whispered a little dissatisfied.

After more than half a day of flying, Tang Xiaolong and You Anrou were brought to the metal palace by these metal bumps.

The Lingjin clan who had gone to report long ago has invited Long Yin out, and there are stars, Xiaoyue and the vicissitudes of life behind Long Yin!

Seeing Long Yin from a distance, Tang Xiaolong became excited!

"It's Long Yin, it really is Long Yin! How did he get to the metal world!"

"There is also the stars and the moon, the vicissitudes of life, they are really here! It's really great!"

Tang Xiaolong increased his flight speed, and after landing, he galloped towards Long Yin quickly.

When he was more than ten meters away from Long Yin, Tang Xiaolong opened his arms and shouted at Long Yin: "Long Yin, my good brother, I didn't expect it to be you! It's so great to see you. All right!"

Ten meters...

Eight meters...

Five meters...

Long Yin didn't move, but looked at Tang Xiaolong with a specious smile on his face!

Behind Long Yin, when Xingchen Xiaoyue saw Tang Xiaolong and You Yinrou, the faces of both of them showed a touch of joy at the same time.

But... she didn't see Li Tian and others, the joy on her face turned into a dead gray!

Three meters...

Two meters...

Tang Xiaolong is within easy reach of Long Yin!

Long Yin also opened his arms, as if he wanted to give Tang Xiaolong a hug!

but!

At this moment, Long Yin's momentum suddenly climbed!

"Ultra... Super domain master ninth-level peak powerhouse?" Tang Xiaolong asked in shock.

At this time, Long Yin had already kicked Tang Xiaolong. Then, Long Yin's figure flashed forward, and another series of stormy attacks on Tang Xiaolong!

boom!

boom!

Chapter 4984: : Dragon Yin's Power

Stormy attack!

Tang Xiaolong felt that every move of this fellow Long Yin seemed to want his life!

Is this person in front of me just looking like Long Yin?

Is this guy in front of him just with the same name as Long Yin?

Tang Xiaolong's brain couldn't understand it!

Fortunately, when Tang Xiaolong kicked him for the first time, Tang Xiaolong had already used his ability to instantly metalize his body.

boom!

boom!

boom!

Long Yin's attacks continued to hit Tang Xiaolong, as if he was hitting a bronze man with a heavy hammer!

Youanrou wanted to help Tang Xiaolong very much, but at the moment Long Yin started her hands, dozens of experts from the Lingjin clan rushed towards her!

The cultivation bases of these powerful men of the Lingjin clan are much stronger than those of the Lingjin clan that just surrounded them. Youanrou has already drawn out the Yuanyang Desire Arrow, but now this artifact can only be used as a sword by Youanrou. !

"Xiaolong! He is not Long Yin! Fight back, fight back!" Yinrou shouted!

Hahaha!

Long Yin laughed wildly!

But the movements of his hands and feet did not stop!

Fortunately, Long Yin didn't use his supernatural power, otherwise every attack would be enough to cause Tang Xiaolong to suffer severe damage!

"I am not Long Yin? That's right! I am no longer the incompetent Long Yin in the past! Now, my Long Yin's cultivation has reached the ninth level of the super domain master, and is one of the most powerful beings in the technological world. , Even if you don't deliver these wastes, I will find you one by one, and then unscrew your heads one by one!" Long Yin said grimly.

This is Long Yin!

But it's not Long Yin!

While Tang Xiaolong was fully defensive, he glanced at the vicissitudes of life and saw that the vicissitudes of life were worrying for him.

But... the vicissitudes of cultivation level is now only in the early stage of the super domain master first level, she can't intervene in the battle of this kind of powerhouse.

"Hey, my sweetie is worried about me, how can I only get beaten in front of my most beloved woman?"

drink!

Tang Xiaolong roared!

Immediately afterwards, Tang Xiaolong's aura rose sharply!

In an instant, Tang Xiaolong's cultivation strength had reached its peak!

Tang Xiaolong raised his right arm high and blocked Long Yin's attack for several consecutive times, and then he swiped his left fist hard and slammed it at Long Yin!

"Hey, it's just trash at the seventh level of Super Domain Master, dare to..."

Before Long Yin's nonsense was finished, he flew out instantly!

boom!

Long Yin was blown out by Tang Xiaolong for hundreds of meters, and his body hit the magnificent metal palace, and it stopped!

And Long Yin's body left a humanoid mark on the metal wall more than a foot behind.

boom!

Long Yin fell off the wall again!

At this moment, the surroundings instantly became quiet.

All the powerful spirit clan are looking at Long Yin at the same time!

This is the powerhouse at the ninth level of the super domain master, and he was blown out by this metal guy!

Who is this guy?

His cultivation realm is clearly only the seventh-level pinnacle of Super Domain Lord!

Long Yin slowly got up from the ground. He stretched out his right thumb and wiped the corner of his mouth, and saw that there was already a trace of blood on his thumb.

"Tang Xiaolong, hey, it's Tang Xiaolong! In the apocalyptic era of the earth world, I admire this brute force in you very much. I didn't expect that after the metal world, your brute force would be stronger than the earth world. Ten times, a hundred times! I am very pleased!"

"But... do you know who you are hitting?"

Long Yin raised his head abruptly, waiting for Tang Xiaolong with an angry look, and roared: "The uncle you just beaten me, Long Yin!"

When Long Yin yelled these words, a trace of supernatural power was released from him!

Divine power, this is the divine power that Long Yin has cultivated in Yin Continent for twenty years, swallowing and refining more than a dozen crystals of a semi-god realm god-level powerhouse.

Within a few kilometers, all the strong could not help but startled!

"Shenwei! It's Shenwei!"

Tang Xiaolong is dark and soft. They have not stepped into the last two floors of the Tongtian Tower for so many years. They have cultivated for more than ten years, and they have never realized the power of God.

Now, in Long Yin's body, they felt a powerful and terrifying power!

"Sang Tian, Stars and Xiaoyue, follow us!" Tang Xiaolong leaped forward and stretched out his hand, trying to catch the vicissitudes of life!

A figure flashed past, and appeared in front of Tang Xiaolong and Yi Haisangtian in an instant. Then Tang Xiaolong felt a sharp pain in his abdomen, and then Tang Xiaolong flew out directly!

boom!

Tang Xiaolong felt that his internal organs were all shattered by Long Yin's punch.

In the abdomen, there was a sharp pain, colic, and continuous pain!

Tang Xiaolong's metal body, even if it was a full blow from a super domain master's ninth-level early realm powerhouse, it was impossible to be blasted away. At this time, cracks appeared.

It is as if the long-dried ground has cracked.

With just such a simple blow, Tang Xiaolong's metal body disappeared in an instant.

He lowered his head again, but found that his abdomen had turned into a blood hole!

Gurgle!

Gurgle!

The belly has been shattered, blood is flowing, and the internal organs can be seen clearly.

This is where Tang Xiaolong will die.

Puff!

Tang Xiaolong sat paralyzed on the ground, but felt that it was just a punch, and the spiritual power in his body and veins seemed to be stagnant!

Super domain master ninth-level peak powerhouse!

This is the true strength of the ninth-level peak powerhouse of the Super Domain Lord!

too scary!

Tang Xiaolong felt that with his cultivation as the realm, there was still a battle with the super domain masters in the early and mid-level realm, but it was like encountering Long Yin's current realm, Tang Xiaolong had only a dead end.

"Hey, go? Come to Yin Continent, without Long Yin's permission, who of you can go? Where to go! Today, you Tang Xiaolong can't go anywhere! Only... die!" Long Yin's expression Said grimly.

Tang Xiaolong persisted in pain. He saw Long Yin slowly approaching him step by step, as if the **** of death was approaching him.

Especially, when Long Yin uttered the last word 'death', the murderous aura on his body was completely released.

At this moment, it seemed that the surrounding dark air was distorting with Long Yin's murderous aura, and the whole world suddenly felt bleak.

Is my Tang Xiaolong going to die here today?

Do not!

I can't die here!

I finally got out of the Tongtian Tower!

My cultivation level finally reached the seventh-level pinnacle of Super Domain Lord!

I finally met with the vicissitudes of life again, how could I die here?

Hum!

Tang Xiaolong turned out the green tree casually, poured out the whole bottle of green tree on the wound, and metalized it again.

Then Tang Xiaolong gritted his teeth and slowly stood up. Although his body was trembling, his eyes were firm!

"Long Yin, you bastard! Then come on!"

Chapter 4985: : Tang Xiaolong, a fiasco!

Long Yin laughed wildly!

He didn't know where Tang Xiaolong's courage came from, so he dared to challenge him.

Since coming to the metal world, Long Yin has deeply experienced the benefits of strong cultivation.

Although, the metal world is dark.

However, here, Long Yin got everything he wanted.

Status, cultivation, women, respect...

The only ones who left Long Yin's heart lingering now were the brothers Li Tian and Tang Xiaolong.

Li Tian was like a spike stuck in Long Yin's throat.

As long as Li Tian does not show up next to him and Long Yin does not get rid of Li Tian, he will sleep and eat!

As for Tang Xiaolong?

Ha ha!

Long Yin had never put Tang Xiaolong in his eyes.

This is true before the end of the earth world, after the end, this is true in the underworld, and it is the same in the metal world now!

Therefore, since Tang Xiaolong wanted to die, Long Yin had no reason to disappoint him!

Shenwei!

Long Yin used his divine power again, and his spiritual power began to burn on him. Long Yin looked like a super Saiyan!

war!

cut!

Long Yin roared, his body flashed, and he charged again!

With Long Yin's roar, his arms were like fully spread wings, using all the strength of his body, and pushing forward!

boom!

One move "Beast Run" was displayed by Long Yin!

In an instant!

Tang Xiaolong saw that there seemed to be thousands of giant beasts rushing out of Long Yin's arms!

Each of these behemoths is at least the size of a calf!

With hideous faces and exposed fangs, these prehistoric behemoths condensed by spiritual energy, their spiritual power is surging, and a powerful murderous aura is released from these behemoths!

The world is bleak!

It seems that the ground of the entire Yin continent is trembling violently!

More importantly, Tang Xiaolong felt that these giant beasts seemed to possess this powerful force that he could not resist at all!

It made him feel fear from the bottom of his heart!

It made him feel desperate from the heart!

This is Shenwei!

For Tang Xiaolong, who has not yet cultivated his power, any power is an insurmountable height!

Tang Xiaolong is also laughing!

Tang Xiaolong did not flinch!

He can't hold back!

Isn't it war?

Isn't it death?

I, Tang Xiaolong, has died once, but have I ever feared death?

Moreover, I, Tang Xiaolong, is the reincarnated ***** of Shura, so how can I shrink back!

Tang Xiaolong stopped on the spot, his legs separated, and his posture was opened. The spiritual power on his body was rapidly gathering!

Even in the face of thousands of troops, Tang Xiaolong will not shrink back!

Because he has his fists, he has a pair of iron fists!

Tang Xiaolong's body has been metalized, and now his iron fist is a solid iron group!

He believes that let alone a few wild beasts rushing over, even if it is a giant dragon, he can kill them with an iron fist!

drink!

Tang Xiaolong's left arm was in front of him, and his right arm pulled back hard!

He is waiting!

Waiting for these behemoths to come over!

In fact, the distance between Long Yin and Tang Xiaolong is not far.

The speed of these behemoths is super fast, a hundred meters, it only took less than two or three seconds.

These giant beasts have appeared in front of Tang Xiaolong!

It's now!

drink!

Tang Xiaolong roared again, and the iron fist of his right arm blasted heavily on the behemoth that rushed forward with a layer of dark light!

boom!

One hit kill!

Even if this giant beast possesses such a trace of power.

But under the bombardment of Tang Xiaolong's iron fist, that giant beast's body still shattered, becoming sporadic spiritual power, dissipating around it.

However, Tang Xiaolong was too late to breathe.

Because behind this giant beast, there are more giant beasts rushing over!

boom!

boom!

boom!

kill!

kill!

kill!

Tang Xiaolong's double fists struck out in series, constantly slamming on the behemoth that rushed over!

With every punch, Tang Xiaolong can kill a giant beast!

but!

Tang Xiaolongquan felt that he was in a quagmire, and these giant beasts continued to flow in. No matter how he killed them, he couldn't kill them at all!

Ouch!

At this moment, the thousands of giant beasts that rushed towards Tang Xiaolong looked up to the sky and roared at the same time!

While running, while screaming to the sky!

With this long roar, Tang Xiaolong suddenly felt the aura of these giant beasts suddenly rise!

At this time, Tang Xiaolong already felt that he had begun to struggle a little!

But when these giant beasts screamed up to the sky, Tang Xiaolong suddenly felt the aura of these giant beasts, which could completely suppress him!

boom!

It was another punch!

But this time, the giant beast rushing in front of Tang Xiaolong did not burst into pieces, but the powerful force knocked Tang Xiaolong back hundreds of steps!

After a hundred steps, the behemoth of spiritual power in front of Tang Xiaolong suddenly disappeared!

I don't know if it was killed by Tang Xiaolong or the beast disappeared automatically.

Tang Xiaolong has no time to think!

When the giant beast in front of him disappeared, two giant beasts on both sides of the giant beast rushed towards him at the same time!

Fight with two fists!

This time, Tang Xiaolong's left and right arms blasted at the heads of the two giant beasts again!

However, behind the behemoth that disappeared just now, another beast ran into it!

Two fists are hard to beat the tens of thousands of behemoths!

Tang Xiaolong was directly hit and flew!

Tang Xiaolong felt his internal organs churning!

The blood in the veins seemed to boil instantly, rolling involuntarily.

puff!

Tang Xiaolong still did not hold back!

A mouthful of blood came out!

However, this is not over yet!

In an instant, more than a dozen giant beasts jumped up suddenly, opened their mouths, and bit at him!

Click!

Click!

Even if Tang Xiaolong's body has been metalized, even if Tang Xiaolong's body is much harder than steel, but the fangs of these giant beasts are still biting Tang Xiaolong, making a clicking sound.

Tang Xiaolong could clearly feel that the metalized skin on his body was being torn by these giant beasts with their fangs!

pain!

pain!

Tang Xiaolong is not a spiritual gold clan, nor is he a tool spirit clan, nor is he a beast boy!

He has a painful nerve, this kind of pain is so obvious!

Tang Xiaolong is falling continuously!

In fact, he fell to the ground instantly!

Then the claws of the thousands of giant beasts began to trample on Tang Xiaolong's body!

In the distance, Long Yin's mouth showed a sneer!

"Don't say that your body is only metalized, even if you Tang Xiaolong is really a piece of metal, you will be trampled into mud by my giant beast!"

"Long Yin! Let him go! I will follow you from now on!" The vicissitudes of life was full of pain on his face, begging for mercy to Long Yin!

Long Yin's face was not as happy as she had imagined, but rather angry.

"Bitch girl, have you been waiting for this waste for more than ten years?"

"Let him go, I am your woman, otherwise..."

"Hahaha, you really think of yourself as a sweet potato, you are just a woman, the cheapest woman! My Long Yin now has the cultivation level of the ninth level of the super domain master, what kind of woman am I Can't get it? Huh?" Long Yin suddenly reached out and grabbed the vicissitudes of life's sweet hair, pulled hard, and dragged his vicissitudes of life towards his hips!

Chapter 4986: : Can you escape?

Xingchen Xiaoyue is very angry!

Although her cultivation realm is far inferior to Long Yin, but at this time she can't choose to protect herself!

Besides, even if Xing Chen Xiaoyue chooses to stand on the sidelines, can she get a good end?

Not all!

In the past, perhaps Long Yin might still fear Li Tian in his heart, and still retain the stars and Xiaoyue. Now Long Yin is not what he used to be, and he is even more ambitious with the ninth-level peak realm of Transcendent Master.

Xingchen Xiaoyue's complexion was solemn, and the spiritual power on her body began to increase in an instant, and the spiritual power condensed into a sword in her hand!

As Xingchen Xiaoyue muttered something, immediately, the long sword pointed towards Long Yin!

A ball of fire fell from the sky!

The metal world is infinitely dark, and this firelight cannot illuminate the entire world, but now this firelight has attracted Long Yin's eyes!

This is not a fire, but a star falling from the sky!

It's just that the stars are extremely small, and they are rubbing quickly as they descend from the sky!

When it fell to a distance of 100 meters above Long Yin's head, the volume of this star was already less than ten square meters!

Long Yin kicked the vicissitudes of life away, and the small star that fell to the sky slammed a punch!

A wave of light flew out from Long Yin's fist, instantly destroying the meteorite to pieces!

"Bitch girl! I have raised you for more than ten years, and treat you as a guest. You actually shot me for Tang Xiaolong's woman today?" Long Yin suddenly turned his head and looked at the sweet star Xiaoyue who had lifted the sea, cursing!

Long Yin was very angry!

At this time, he just wanted to kill Tang Xiaolong, and then pull all the stars and the moon, the vicissitudes of life, and the dark and soft into his metal palace, and then release as much as possible and enjoy the carnival!

Long Yin has a hideous face, slowly approaching the stars and the moon!

He wants to give Xingchen Xiaoyue some color, let Xingchen Xiaoyue know the price of doing it on him just now!

Just now!

Long Yin suddenly felt a powerful spiritual power coming from behind him!

This powerful spiritual power even made Long Yin feel a little scared!

And this fearful spiritual power, like a sword light, pointed directly at his Long Yin's back!

Long Yin's figure flashed, he suddenly leaped to the side, and turned his head subconsciously, only to see that this powerful spiritual power actually came from You Yinrou!

At this moment, You Dark Rou is holding a bow and an arrow in the other!

The Yuanyang Desperate Arrow in You Yinrou's hands was shining with strong light. The diameter of this strong light was 30 or 40 centimeters, and the length of the strong light was more than ten meters!

Feeling the power of the Yuanyang Destroying Arrow in Youanrou's hand, the Lingjin clan experts who had surrounded Youanrou just now showed horrified expressions on their faces at the same time, and then they involuntarily flinched back.

Precisely because of this, this gave the dark and soft more space to condense this arrow!

"Long Yin! You chopsticks, go to death!" The dark and soft complexion was like frost, and roared!

Whoosh!

Yuanyang Deshen Arrow was shot out!

Click!

The strong bow in the hands of You Yinrou, followed by the strong bow of You Yinrou for thousands of years, after shooting this arrow, the bowstring broke and the bow body broke!

This shows how powerful this arrow is!

This strong light continued to move forward after killing a Lingjin clan superdomain master 7th-level peak powerhouse.

boom!

Yuanyang Deshen Arrow flew past those spiritual monsters!

These behemoths of spiritual power, who had already reached the end of the crossbow, burst open instantly!

boom!

boom!

boom!

Thousands of behemoths of spiritual power were wiped out in an instant, and the scene was particularly spectacular!

However, Yuanyang's speed at which the arrow shot Long Yin only slightly slowed down!

"Hey hey, it is the Lord of the Dark and Soft Domain, even if he comes to the metal world, he is still so tough! But..."

Long Yin sneered twice and played "Beast Run" again!

Thousands of giant beasts rushed out of his arms, and this time directly rushed towards Yuanyang Mie Shen Jian!

Yuanyang Deshen Arrow is a divine weapon, but the strong bow in You Yinrou's hand is too ordinary!

Moreover, there is no demi-god-level strong crystal or beast crystal in the veins of the dark and soft body. The arrow shot with all its strength has reached its limit!

Fortunately, after twenty years of running in with each other, this Yuanyang Mie Shen Jian and You Yin Rou had already had a kind of close relationship.

It is precisely because of this that the arrow that was shot is also under the control of Gloom and Soft!

The giant beast released by Long Yin still thought to be a torrent, and Yuanyang Deshen Arrow was like a swordfish in this torrent!

Yuanyang Deshen Arrow did not head-to-head with these giant beasts, but kept dodge, and finally went straight to Long Yin!

Long Yin's eyebrows twitched slightly, and there was another playful abuse on his face, "Want to kill me? Just do this skill? You are still too tender!"

You Yinrou knew that she was not Long Yin's opponent, even if he gave up his life, he would not be able to kill Long Yin!

Therefore, after she shot the arrow, she immediately shouted at the stars and the vicissitudes of life: "Go!"

The stars, the moon and the vicissitudes of life, immediately flew up, fleeing towards the endless darkness and softness!

"Want to go? How could it be so easy!"

Just as Long Yin wanted to stop him, Yuanyang Mie Shen Jian had flown in front of Long Yin!

Long Yin roared, and once again displayed his supernatural power, suddenly stretched out his hand and grabbed the Yuanyang Deshen Arrow in his hand!

boom!

There was a violent explosion from the powerful aura on Yuanyang Deshen Arrow, but under the control of Long Yin's divine might, it did not cause substantial damage to Long Yin!

Yuanyang Deshen's Arrow fell in Long Yin's hands!

"Hurry up and leave this guy to me to solve it!"

Tang Xiaolong, who was almost trampled in mud, finally stood up swayingly, roared, and rushed to Long Yin desperately!

Behind him, is the dark and soft, the stars and the moon, the vicissitudes of life!

Once these three women fall into Long Yin's hands again, the result is bound to be miserable!

At this time, as a man, Tang Xiaolong would guard them even if he died!

Tang Xiaolong's speed was extremely fast, and he rushed to Long Yin in an instant, hugged Long Yin with his arms, and flew out!

"Damn trash! Isn't it okay to fall on the ground properly? I have to stand up and look for death?" Long Yin roared, and slammed the Yuanyang Desire Arrow he had just grabbed into Tang Xiaolong's back!

puff!

The body, which was not known how harder than steel, was actually like paper, and was pierced in an instant.

"Little Dragon!"

"Little Dragon!"

The vicissitudes of life shouted in pain.

"Quickly go! Otherwise, none of us can leave today!" You Yinrou took the vicissitudes of life, and flew away constantly.

"Catch it to me! You want to live!" Long Yin shouted to the powerful Lingjin clan.

Whoosh!

Whoosh!

In an instant, dozens of Lingjin clan experts flew up, chasing Youanrou and the others!

Long Yin stabbed Tang Xiaolong a few more times, and then kicked Tang Xiaolong away, and said with a disdainful expression to the powerhouses of the left and right Lingjin clan, "Look at him dead?"

"My lord, I'm still angry!"

"Hey, it's really hard! Put on the shackles, push into the mine, and tell the other slaves that you must greet this kid!"

"Yes!"

Tang Xiaolong was dragged down by the powerful Lingjin clan!

Long Yin looked at You Yinrou and others who had already flown away, but his face was not worried at all.

"This is Yin Continent, can you escape?"

Chapter 4987: : Enemy of the enemy

If you can escape, you must escape, if you can't escape, you must escape!

You Yinrou knew very well that if these women fell into Long Yin's hands, the result would be unpredictable!

Fortunately, Long Yin ordered the arrest, which made Youanrou and others even worse in their cultivation level, but they also had the possibility to escape!

Whoosh!

Whoosh!

Whoosh!

The three women supported each other, speeding up and fleeing toward the endless darkness!

"Haha, hurry up! We are about to catch up!"

"Yes! Hurry up! If you are caught up like this, it won't be interesting!"

Behind him dozens of super-domain master-level spiritual gold clan powerhouses laughed wildly, these spiritual gold clan powerhouses were not afraid that the three women could escape.

This is the Yin Continent, even if it can escape from the Yin Continent, it is the territory of the Lingjin Clan.

Besides, even if you can get to the outer layers of the Yin Continent, there are still a lot of spiritual gold clan powerhouses.

Precisely because of the existence of Tianluodiwang, in addition to the outstanding slaves who can be released from the Yin Continent, no one has ever escaped from here alive!

Xingchen Xiaoyue turned around while escaping, and continuously cast the meteorite pendant, trying to stop the Lingjin tribe who chased them.

However, Xingchen Xiaoyue is only the first level of the super domain master, and the attack power she releases is limited, especially for these metal spirit gold tribes, even if they can't harm these spirit gold tribe powerhouses, they are used by them. The energy wave smashed.

The meteorite bursts and is as brilliant as fireworks!

"Haha, what a beautiful view!"

"Come on, one more shot, we promise you won't be so hard!"

Behind them, the strong men of the Lingjin clan laughed and didn't care about Xingchen Xiaoyue's attack.

"Our attacks will hardly cause effective damage to these guys. Let's take the time to escape first. If we really can't escape by then, I will cover you and you will continue to escape! Leave me alone!" said You Anrou.

No one answered!

There is an ominous premonition in the hearts of the three beauties.

However, no one wants to sit still!

This is Tang Xiaolong's life in exchange for their chance to escape!

Whoosh!

Whoosh!

Whoosh!

...

The space fighter flew rapidly in the endless darkness.

"Master Li Tian, we are about to arrive in Yin Continent soon. We have already turned on the driverless mode and are ready to fight side by side with Master Li Tian!"

The Bull Head Sword and Ponytail Gun came out of the cockpit and reported to Li Tian!

"Why are you so nervous? Take it easy!"

"My lord, you don't know. The Yin Continent used to be under the control of the Lingjin Clan. It was still peaceful, but then a mysterious force suddenly appeared behind the Lingjin Clan to support them. The Lingjin Clan quickly rose. The tribes are like wild dogs, looting and plundering the strong everywhere, and then turning these strong men into slaves and transporting them to the Yin

Continent. Many strong men of our Spirit Clan are also trapped in the Yin Continent. Now this continent has become a living grave!"

The mysterious power mentioned by the Bull Head Sword is the powerful wolf rider!

More than 30 super domain masters at the ninth level of the realm, in the metal world, can already be called a powerful existence.

Even in Wonderland, there is no such a powerful force in any powerful force!

It is precisely because of the support of the wolf riding powerhouse that in the battle with the Lingjin Clan, the Qi Ling Clan will be defeated.

"Graves of the living? Are you too mad to destroy your prestige? Mysterious power? Isn't it the wolf riding powerhouse? Yes, the wolf riding powerhouse strength is very powerful, but for now, I don't believe that there are still people in the metal world who are opponents of Master Li Tian." Beast Boy said uncomfortably.

What else did the Bull Head Sword and Ponytail Gun want to say, and when they saw Li Tian's already a little unhappy face, he shut up immediately.

Yeah, what else can they worry about?

The guy in front of them is a super power that can easily kill even the ninth-level peak powerhouse of the super domain master, super terrifying existence!

At this moment, the cloud picture carried on the arm of Bull Head Sword suddenly received a message from the space warship early warning system.

"Lord Li Tian, there are a large number of spiritual gold clan powerhouses approaching our space battleship! Now there are almost five kilometers away from us, what should we do?" A panic flashed across Niutoujian's face!

This is the psychological shadow that the Lingjin Clan has already caused to the Qi Ling Clan.

As long as they heard of the powerful Lingjin clan, these guys would have no masters and would inevitably panic.

The best way to treat mental shadows is to kill!

Kill as many spiritual gold clan powerhouses as they come, until the Qi Ling clan re-establishes confidence!

"What to do? Cold!"

"Assemble all the powerful spirit clan, kill with me! Kill until the collapse of the spiritual gold clan!" Li Tian said simply and rudely.

"kill!"

"kill!"

"kill!"

The bull's head sword and the horse-tailed gun were accompanied by him.

Gradually, the other siren clan in the space battleship also shouted!

Morale is like a rainbow!

There is nothing to hesitate!

The space battleship hatch opened, and Li Tian flew out with the beast boy, Ye Meijing, Situ Ningbing, Liu Jimeng, Bull Head Sword, and Ponytail Spear. Behind Li Tian and others, he followed a ticket to the Spirit Race.的小喽 Hello.

There is still endless darkness in front of me!

In the darkness, these shadows flew quickly toward the space battleship!

"Come on!"

Following Li Tian's order, everyone followed Li Tian and flew out towards the powerful Lingjin clan!

The distance between the two is getting closer!

Soon, Li Tian discovered that these spiritual gold clan powerhouses seemed to be chasing something. There were three thin figures constantly fleeing in front, but their speed was indeed getting slower and slower, and these runaways and those spiritual gold chasing The distance between the strong clan is getting closer!

Seeing the figures of those being chased, Li Tian suddenly felt a strange feeling in his heart!

The enemy's enemy is his friend, no matter what, Li Tian decided to save the three escapees first.

Getting closer!

"Li, it seems to be dark and soft, stars and Xiaoyue..."

The sixth sense of a woman is terrible. Li Tian and others are still at least more than two thousand meters away from the chased. Situ Ningbing just glanced at it and could feel that the chased was actually the dark, soft, star, and Xiaoyue!

Dark and soft!

Stars and Xiaoyue!

Then the other figure must be sweet!

Is it just Tang Xiaolong?

Li Tian was worried about Tang Xiaolong in his heart, but this was not the time to think about why Tang Xiaolong would not be by Xingchen Xiaoyue and others.

Whoosh!

Li Tian led everyone to speed up and flew over!

far away!

Xingchen, Xiaoyue and others have already seen the giant space battleship of the Spirit Clan, and it is precisely because of seeing this battleship that it accelerates towards here.

boom!

boom!

You dark softly turned around and performed several consecutive attacks, releasing surging spiritual power, which stagnated the chasing of the strong Lingjin clan for a while.

"Look, the hatch of the space battleship has been opened, and someone flew out of it..."

"Maybe they want to save us... we are finally saved... fly away"

Chapter 4988: : Bad news!

Li Tian saw the dark and soft!

I also saw the powerful men of the Lingjin clan chasing behind You Yinrou!

At this moment, Li Tian had only one thought in his heart: These spiritual gold clan powerhouses must die!

Don't ask why?

There is no why!

Powerful, just so capricious!

Whoosh!

The figure of Li Tian flew at an accelerated speed, and his flying speed was even faster than that of other powerhouses!

Li Tian came to the fore, and within a few moments, he was in front of You Yinrou and others!

"It's okay! I'm here!" Li Tian said.

"Thank you! But, you are probably not their opponent..."

You dark looked at Li Tian, she could feel a familiar feeling from Li Tian.

However, the man in front of him is a bit strange!

"You are... Do I know you!"

You Yinrou was a little excited, and stretched out her hand to hold Li Tian's scaly arm!

"It's Li Tian..."

Xingchen Xiaoyue saw Situ Ningbing, Ye Meijing, and Liu Jimeng flying over from a distance, suddenly burst into tears, and cried excitedly.

"Li Tian?"

"Is it really you? Why did you become like this?"

"Let's go quickly, those spiritual gold races have caught up!"

The dark and soft star Xiaoyue stretched out his hand to hold Li Tian, wanting to flee with Li Tian!

"Where is Xiaolong?" Li Tian asked!

The vicissitudes of life, who was also very strong just now, suddenly started crying, "Master Li Tian, you must avenge Xiaolong! Xiaolong escaped in order to cover us and was killed by Long Yin..."

"Xiaolong He..."

"Let's leave here first and come back for revenge when we have the strength."

Xiaolong is dead?

Li Tian only felt dizzy for a while!

"How did Xiaolong die?"

and many more?

Long Yin?

Long Yin has also come to the metal world?

Also, was Tang Xiaolong killed by this fellow Long Yin?

For a time, Li Tian only felt all kinds of swelling in his head!

However, Li Tian's heart was already full of anger at this time!

Before entering the secret realm, Li Tian was most worried about his close people. After twenty years of hard cultivation, Li Tian now deservedly stood on the top of the metal world.

He is admired by thousands!

He has made countless strong men frightened!

But what can this be?

Tang Xiaolong unexpectedly had an accident!

Li Tian stretched his hand to hold the vicissitudes of life, his hair pointed upwards, his eyes were cracked!

"Tell me! How did Xiaolong die?"

"Li Tian, this is not where we talk..."

You dark soft watched the Lingjin clan powerhouses getting closer and closer, reaching out to drag Li Tian to escape, but was thrown away by Li Tian, and said angrily: "Shut up!"

Don't say that Li Tian now has the strength to kill the ninth-level peak powerhouse of the superdomain master. Even if Li Tian does not have this strength, even if he is demonized and falls into the devil way, he must use the power of Hong Zhan to avenge Tang Xiaolong!

Long Yin!

Long Yin!

Long Yin!

I treat you like a brother!

You **** dare to hurt my brother!

I'm going to your mother!

At this time, Li Tian could not wait to draw the dragon's muscles, peel the dragon's skin, eat the dragon's flesh, and drink the dragon's blood!

Situ Ningbing, Ye Meijing, Liu Jimeng and others have all flown over!

Seeing that there was another beast boy in the middle of the ninth level of the Super Domain Master who was flying over with Li Tian, You Yinrou and others were slightly relieved!

And at this moment, the powerhouses of the Lingjin clan have slowly gathered around!

In the beginning, there were only fifty or sixty of these strong spiritual gold clan, but soon more strong chased up from behind, just in a flash, more than five hundred strong spiritual gold clan general Li Tian Waiting for everyone in the middle.

"Hey, it's really a space battleship of the Spirit Clan, and it really is the waste of the Spirit Clan!"

"I didn't expect that the garbage from the Qi Ling tribe would dare to send it to the door!"

"Hey, haven't you seen it? The Artifact Spirit Race is with the beast boy of the Metal Steel Orc Race. It seems that they are allied!"

"Hahaha, super domain master ninth-level powerhouse, I'm so scared!"

"I'm so scared too! But... this is the Yin Continent! How come these idiots come to the Yin Continent? Isn't it because they want to rescue all the Spirit Clan captured by our Lingjin Clan? Hahaha, there are so many people here, one, two, three...Wow, there are dozens of them. Do they want to wipe out all the Lingjin tribes on Yin Continent?"

These spiritual gold clan powerhouses have long been accustomed to this endless darkness, and they have a special ability to other powerhouses of metal nature, so when Li Tian and the others just flew out of the space battleship, these spiritual gold clan powerhouses We have already discovered this space battleship belonging to the Spirit Clan, and then quickly sent a signal, and hundreds of powerful Spirit Clan came around.

And seeing that most of the powerhouses surrounded by them are tool spirit races, the faces of these spirit gold race powerhouses can't help showing a hint of joy.

Only when they saw the beast boy, they felt a little surprised!

There are more than 500 spiritual gold clan powerhouses, most of them are in the initial stage of the super domain master. About fifty or sixty spiritual gold clan powerhouses have reached the seventh or eighth level of the super domain master, and there are only a few domain masters* * Powerful in the pinnacle realm.

Therefore, even if they see a beast boy in the mid-level ninth level of the super domain master, these guys are not panicked.

No matter from the number of people or from the point of view of cultivation, the Qi Spirit Race looks much weaker here.

Suddenly surrounded by more than five hundred strong men of the Spirit Clan, the strong men of the Qi Spirit Clan were involuntarily scared and squeezed tightly together!

The dark and soft, the stars, the moon, and the vicissitudes of life are not very beautiful!

Originally thought that they would be able to get out of danger when they met Li Tian, but they didn't expect everyone to be in trouble together now.

But, I don't know why, as long as Li Tian is by his side, there is always hope in these women's hearts!

Li Tian stood in front of everyone!

He is very angry now!

The flow of spiritual power in Li Tian's body veins was super fast, and Li Tian felt that his whole body was about to explode.

It must be released, and the anger in the heart must be released!

At present, Li Tian can only do one simple word: kill!

Kill Long Yin!

Li Tian took a step forward, his aura began to rise!

"Go away!"

"I'm looking for Long Yin!"

"Whoever dares to stand in my way, there is only death!"

Li Tian simply used a few simple words to express his anger in his heart!

"Haha, Super Domain Lord's eighth-level early stage! What a powerful existence!"

"I'm so scared!"

"Look for Master Long Yin? You don't take a ***** and take pictures of yourself, so are you worthy?"

"Yes, we Master Long Yin loves women the most. If you take the initiative to wash the women behind you and give them to Master Long Yin, the adults may reward you with a bone to eat, and then you may be able to see Long Yin. grown ups!"

Li Tian, the Lingjin tribe's unscrupulous mocker, because in the endless darkness behind them, there are hundreds of Lingjin strongmen constantly coming!

"In this case....."

Whoosh!

Li Tian suddenly moved!

Chapter 4989: : I'm here

In just an instant, Li Tian's figure suddenly appeared in the crowd of strong spiritual gold clan!

Ouch!

Ouch!

A dozen purple dragons rose into the sky!

The strong spiritual gold clan who was not clean just now was pierced by a purple dragon, and his body was immediately swallowed by some purple spiritual power!

Hey!

This spiritual gold clan powerhouse felt the fear of death!

These purple spiritual powers can even swallow his body, this is a rare scene of this spiritual gold clan expert!

Hey!

This Lingjin clan expert was terribly scared!

In this kind of fear and despair, the Lingjin tribe instantly transformed into a huge metal block!

Rumble!

This huge metal cube is, to say nothing, more than a hundred cubic meters huge. As soon as this metal cube appeared, it instantly smashed all the other spirit gold tribes close to him into flight.

However, this is "Eighteen Claws of Falling Dragon" performed by Li Tian. Even any purple dragon with dragon power can kill the strong of the superdomain master's seventh or eighth level cultivation realm. This spirit gold guy is in The moment the change became a metal cube, his body had begun to shatter uncontrollably.

And the speed of swallowing those purple energy hasn't slowed down because of the fragmentation of his body, but the speed of swallowing faster.

In less than two seconds, this guy completely disappeared into the endless darkness!

And Li Tian's figure was constantly flashing, and every time he appeared in a crowd of strong spiritual gold clan, there would be a dozen purple dragons flying into the sky in an instant!

A dozen purple dragons...

More than 30 purple dragons...

Ninety-nine purple dragons...

It was only more than ten seconds before and after, Li Tian had already released all the purple dragons he could release!

The killing begins!

If it was said that Li Tian and others were still at a disadvantage in terms of numbers, after more than ten seconds, the 99 purple dragons released by Li Tian could completely wipe out the disadvantage in terms of numbers.

Even after all these purple dragons appeared, this had become an unequal massacre!

More than five hundred powerful spiritual gold clan?

How can that be!

But it was Li Tiansuo's release of the purple dragon one-to-five, killing a few more people!

boom!

boom!

boom!

The bodies of the spiritual gold clan powerhouses continued to be shattered, and their bodies kept falling down with metal bumps.

However, it will soon be swallowed by the purple spiritual power on the metal lump!

This... is Li Tian's current strength!

You Yinrou looked stunned, and at this time she suddenly discovered that Li Tian's cultivation had reached the early stage of Super Domain Master 8!

But...why did the strong at the early eighth level of Super Domain Master possess such a powerful combat effectiveness?

Li Tian's moves do not seem to have changed much from the Netherworld, but the scales on Li Tian's body, the purple dragons released by Li Tian, and the dragon power on these purple dragons all show that Li Tian is now Powerful!

This is a guy who can instantly kill other super domain masters in the early eighth level, and even the existence of peak powers!

What exactly has Li Tian experienced over the years?

boom!

boom!

boom!

The bodies of the spiritual gold clan powerhouses are constantly being sorted around, and even burst open.

Youanrou was completely speechless in surprise.

Just now, they were just played cat-and-mouse by dozens of powerful spiritual gold tribes, but now, just a few minutes before and after, these powerful spiritual gold tribes have been wiped out!

Xingchen Xiaoyue's eyes shone with the light of worship!

This is strength!

This is the strong one!

In the past, although Li Tian was the elder of the Nether Academy.

However, Xingchen Xiaoyue is indifferent to Li Tian!

Because Xing Chen Xiaoyue was arrogant at that time, she felt that with Li Tian's strength, she didn't deserve the position of elder at all.

Even though Li Tian's cultivation base continued to improve, even reaching the realm of the domain master, Xingchen Xiaoyue still felt that Li Tian was just lucky.

Even if Li Tian wants to enter the secret realm of the Sea-Monster Clan and invite Xing Chen Xiaoyue to participate, Xing Chen Xiaoyue does not have much affection for Li Tian, let alone the so-called love.

However, in the past twenty years in the metal world, Xing Chen Xiaoyue was regarded by Long Yin as Li Tian's woman, so that Xing Chen Xiaoyue was not treated by Long Yin's humiliation.

And in the past twenty years, after countless psychological hints, Xing Chen Xiaoyue gradually accepted the fact that she is Li Tian's woman is not a fact!

Once accepting this fact, Xingchen Xiaoyue wants to understand Li Tian and understand Li Tian!

And this process of understanding and understanding Li Tian turned out to be completed through the vicissitudes of life!

Xingchen Xiaoyue suddenly discovered that the vicissitudes of life had better understand Li Tian through Tang Xiaolong's understanding.

In twenty years, Xingchen Xiaoyue and the vicissitudes of life have become friends who talk about everything, and Xingchen Xiaoyue has gradually learned many things about Li Tian's past.

Thinking of Li Tian again, all kinds of sweetness will appear in Xing Chen Xiaoyue's heart!

It is this sweetness that allowed the stars and the moon to spend the most difficult twenty years in the dark days!

However, now that Li Tian is by Xing Chen Xiaoyue's side, Xing Chen Xiaoyue realized that she still knew too little about Li Tian.

In just twenty years, Li Tian has become so powerful, so powerful that it seems to be the sun, moon, and stars in the sky, enough to make Stars and Xiaoyue look up!

But this time, Xing Chen Xiaoyue knew that she would never miss it again, and would never give up!

"Li Tian..."

The vicissitudes of life are crying!

She saw a pair of wings suddenly appeared behind Li Tian!

After the appearance of this pair of wings, Li Tian seemed to be completely changed!

Killing decisively, Li Tian can easily kill more than a dozen early super domain masters of the Lingjin clan with every gesture!

And if it is the powerhouses of the Lingjin clan in the realm of the domain master, even if Li Tian releases a red slash, he can kill a large piece in an instant!

It's slaughter!

The spiritual gold clan powerhouses have absolutely no power to fight back!

The other powerhouses who followed Li Tian didn't even need to take action, and hundreds of spiritual gold clan powerhouses were slaughtered!

More Lingjin clan powerhouses are fleeing. They did not expect such a powerhouse like a demon king to appear. As long as they flee slowly, they will be killed at the moment when Li Tian hasn't seen Li Tian clearly. Drop!

Li Tian has completely fallen into madness!

Lingjin wants to escape?

Run away from your sister!

This guy Li Tian is doing two things with one heart, controlling the purple dragon to be slashed, and at the same time unleashing the power of Red Slash to kill!

If you are standing on the edge of Yin Continent now, you will see in the endless darkness, countless spiritual gold clan powerhouses are like exploding fireworks, falling one after another when their lives are most brilliant!

"Li Tian...If you can arrive a few hours early, Xiaolong might not be surprised!" The vicissitudes of life looked at Li Tian with some complicated eyes!

revenge!

Beheaded!

Li Tian's figure did not stop because of the escape of the spiritual gold clan powerhouse!

This guy killed all the way, and at this time had already flown directly to the land of Yin Continent!

"Long Yin, I'm here!"

Chapter 4990: : Kill Shangyin Mainland

Seeing that Li Tian had already killed the Yin Continent, the powerhouses of the Qi Ling Clan were very excited, shouting that they would follow Li Tian to kill, and liberate the entire Yin Continent from the hands of the Lingjin Clan.

I rub!

If Situ Ningbing hadn't known that the cultivation base of these counsellors was terrible, and she had always kept calm, she might have really let these counselors kill!

"Shut up!" Situ Ning shouted coldly.

The powerful spirit clan fainted immediately, but their eyes still showed a desire for killing!

"Beast boy, Ye Meijing, you two have the highest cultivation base here. Even if you encounter the eighth-level peak of the general superdomain master, or even the ninth-level superdomain master, you have enough strength to deal with it. Now, you two will chase Li, fight alongside Li Tian. You must pay attention to safety!"

Fighting side by side with Li Tian has always been Situ Ningbing's privilege. Now Ye Meijing was named by Situ Ningbing to follow Li Tian, and his heart was both excited and excited.

Ye Meijing and Beast Boy nodded and flew out from the crowd, speeding up to chase Li Tian.

"Everyone else followed me back to the space battleship. The Bull Head Sword and Ponytail Spear took your spirit clan powerhouses back and drove the space battleship to the nearest edge of Yin Continent, ready to pick up Master Li Tian and their retreat!"

"Master Ningbing, our Spirit Clan has already come to the Yin Continent, how can we say we want to set foot on the Yin Continent? Besides, now Master Li Tian is the supreme and invincible, we can rescue our Spirit Clan from being trapped by following him. Powerhouses in Yin Continent, you don't let us help Master Li Tian now, but instead want us to return to the space battleship. Isn't this... Isn't this a bit unreasonable?" Bull Head Jian said reluctantly.

"That's right! Our Spirit Clan has been insulted by the Lingjin Clan for many years, and now we can finally exhale for a while, but Master Ningbing wants to deprive us of such a right.

"Yes, we are not convinced! We have to fight too!"

"Fight, we have to fight alongside Master Li Tian!"

These powerful Qi Ling clan clamored one after another, unwilling to obey Situ Ningbing's arrangement!

"I also want to follow Li Tian to the Yin Continent, I want to watch Master Li Tian kill the **** Long Yin with my own eyes!" The vicissitudes of life insisted!

"Shut up all to me!"

A trace of anger flashed across Situ Ningbing's face, and he firmly opposed it!

That's right, Situ Ningbing had followed Li Tian to fight the last few times, but Situ Ningbing knew clearly that she was a hindrance every time, which made Li Tian distracted in the battle. It was precisely because of Situ Ningbing that made such a decision.

"I can understand your desire to fight, and even I want to fight more urgently than you! However, the Yin Continent Crouching Tiger, Hidden Dragon, this is the continent ruled by the wolf-riding powerhouses. The sixth, seventh, and eighth-level powerhouses are already very common in this continent, and even the powerhouses at the ninth level of the super domain master are not a few, so this battle is no longer our level and realm to participate in. , We will only cause Li Tian trouble if we follow, we are just seeking a dead end!"

"We are in Wonderland. No other strong person dares to provoke us. That's because of the existence of Li Tian, but no matter how strong Li Tian is, he only has two arms and two legs. He can kill Chaoyu. The master of the ninth level peak, but he does not have absolute strength to protect everyone's safety!"

"Do you want to fight side by side with Li Tian? Yes, at least until your cultivation base reaches the Super Domain Master's eighth level. In our team, except for the Beast Boy and Ye Meijing, the cultivation bases reach the Super Domain. Outside the master's eighth-level peak realm, who of you has reached this realm in cultivation?"

be quiet!

The surroundings were quiet instantly!

That's right, when they were surrounded by the hundreds of powerful spirit tribes just now, these powerful spirit tribes still had the slightest aura of power, and all of them cringed, wishing to squeeze into the innermost crowd!

Situ Ningbing stretched out his arm to embrace the vicissitudes of life, and said softly: "I know your mentality is hard to wonder, and I want to avenge Tang Xiaolong, but you must know that the most painful thing now is not you, but Li. If If you really want to see Li revenge for Xiaolong, then just listen to my arrangements and don't be arrogant."

The vicissitudes of life turned his head and looked at Li Tian and others who had killed Shangyin Continent, nodded slightly!

"I'll listen to you!"

...

On the Yin continent, the killing continues!

Li Tian has been beheading more than a thousand strong men in a row!

Most of these powerhouses are powerhouses in the super domain master realm, but the anger in Li Tian's heart has not been released by killing these spiritual gold clan powerhouses. On the contrary, Li Tian has completely killed the red. Eyes, he felt the blood all over his body was burning now.

To kill Long Yin!

To kill Long Yin!

This idea kept appearing in Li Tian's mind!

Ninety-nine-nine and eighty-one purple water dragons surrounded Li Tian's body. Wherever the water dragon passed, no one of the spiritual gold tribe could stand up alive!

The surging spiritual power continued to emerge from Li Tian. Once a purple dragon was smashed to pieces, or his power was lost, Li Tian would immediately release a new purple dragon!

Spiritual power?

Black beads!

The wild dragon!

Li Tian now possesses spiritual power that has already surpassed ordinary demi-god realm powerhouses!

Long Wei?

The wild dragon!

The bones of the great dragon!

Li Tian can release Longwei unscrupulously without any worries!

Therefore, Li Tian is all the way

Coupled with the red wing **** outfit, even if there are occasional spiritual gold clan experts who can break through the heavy interception of the purple dragon, and can rush to Li Tian, they will be instantly killed by the red wing released by the red wing **** outfit on Li Tian!

The beast boy followed Li Tian from a distance.

Seeing Li Tian beheading all the way to the ground, there are the stumps of Lingjin tribe's limbs and broken arms everywhere, the beast boy feels his heart is trembling!

There is both excitement and fear!

Li Tian is too powerful, if there is no demigod powerhouse, the beast boy really doubts who can control Li Tian now!

And if the twelve artifacts can be collected, what level of cultivation level will Li Tian reach?

The beast boy can't imagine this kind of thing!

What the current beast boy can do is to follow Li Tian, mend the strong men of the Lingjin clan who have not completely died, and release the slaves trapped in the metal cave!

Many of the released slaves have also reached the realm of the super domain master. When they heard that a super strong had killed the metal palace where Long Yin was located, after several instigations by the beast boy, these slaves suddenly rushed in angrily To go out, you must follow Li Tian to contribute to the liberation of the entire Yin Continent!
