

A Killer 4991

Chapter 4991: : Already prepared

When Li Tiangang killed Shangyin Continent, Long Yin already knew the news that the three women had been rescued!

anger!

Long Yin was quite angry!

Even if it is a dog that has been raised for more than ten years, it will be a little emotional, not to mention that Xingchen Xiaoyue and the vicissitudes of life are the chicks he has protected for more than ten years!

Of course, Long Yin could not talk about feelings for the stars, Xiaoyue and the vicissitudes of the sea. What Long Yin thought was revenge, which was to ruthlessly ravage these two women. It would be best to defeat Li Tian in front of Li Tian. Enjoying his women as much as they want, so as to make Li Tian more painful!

But... now these women have been rescued!

"Who is it? Who can save them from so many spiritual gold clan experts?" Long Yin looked back at the news, knelt down in front of him, a super domain master sixth-level spiritual gold clan expert, really Can't wait to blast this waste to death with a palm!

Feeling the murderous aura released from Long Yin's body, this powerful spiritual gold clan looked terrified, and his body was trembling involuntarily: "Long Yin is big...sir, he is an eighth-level super domain master with blue scales all over his body. The guy in the early stage was taken away! This guy is very powerful..."

Snapped!

Long Yin flew a kick and kicked the head of the super domain master of the Lingjin clan, and kicked the guy's head back ninety degrees, and then stomped the guy's head viciously. With a sneer, he said: "A strong man in the early stage of the Super Domain Master's eighth level? Such rubbish? Are you playing me?"

Murderous aura gradually filled Long Yin's body!

For so many years, because of the continuous supply of demi-god crystals from the wolf riders, Long Yin has become stronger and more brutal!

Out of the stars, Xiaoyue, and the vicissitudes of life, the female slaves of the entire Yin Continent, as long as he sees them, no one can escape from under his crotch. Once these female slaves are tired of Long Yin, they are personally taken by Long Yin. The number of beheaded is less than four or five hundred, and the number of other women who were thrown into the metal pit to die is countless!

This is just a woman!

As for the other male slaves, everyone is miserable!

Male slaves can provide pleasure to Long Yin only when Long Yin wants to kill!

Every month, those slaves who are at the bottom of the 'performance assessment' will be sent to Long Yin's metal hall!

Among these powerhouses, there is no shortage of powerhouses with super domain master realm!

But what can that happen?

In the Yin continent, Long Yin is now the emperor! Long Yin is a tyrant! Long Yin is the sky!

The rules and regulations for controlling slaves formulated by Long Yin are Tian Tiao!

Anyone who dares to resist will be killed!

Every year, in Yin Continent, there are thousands of superdomain master-level powerhouses who died in Long Yin's hands alone!

Even those who are strong in the Lingjin clan, as long as there are strong ones who dare to go against Long Yin's will, they can hardly escape this tragic end!

It is precisely because of this long-term beheading that Long Yin will always have this daunting taste in his body!

This is **** and murderous!

"Big...sir...I really didn't lie to you! That cyan scaly guy has chased you down to the Yin Continent. At this time... I'm afraid it is killing all over the continent! Oh, and the lord is calling you directly Name, if you want to find you, I'm afraid he will be here soon. Now, except for the adults, no one can stop him anymore!" The spiritual gold clan powerhouse said tremblingly.

"Belling my name? Could it be...Li Tian?"

Long Yin didn't know why there was a sudden tremor in Long Yin's heart, and then there was a frantic expression on his face!

That's right!

It must be Li Tian!

It seems that for so many years, only Li Tian can leapfrog and kill other strong men. I didn't expect that after coming to the metal world, the strength of this **** would still be so sturdy!

In the early stage of the eighth level of the Super Domain Lord, it was possible to kill the eighth-level peak power of the Super Domain Master of the Lingjin Clan, but hundreds of powerful people of the Lingjin Clan could not stop him!

Interesting, it is getting more and more interesting!

Li Tian, don't you like to kill?

Haha, let you kill enough, and I can send out the entire Yin Continent for you to kill!

Now, I'm waiting for you in my metal palace, let me see if you can kill me in front of the powerhouse at the ninth level of the super domain master!

Thinking of this, the murderous aura on Long Yin's body skyrocketed again. Then, Long Yin picked up two demi-god-level crystals from the space ring, as if he was eating peanuts, and threw these two crystals directly into his mouth. , The biting rattles rattles!

The spiritual power released from the crystal began to escape from Long Yin's mouth, but Long Yin didn't care at all!

Now his cultivation level has reached the pinnacle of the ninth level of the super domain master. No matter how much spiritual power he refines, his cultivation level will not break through. Therefore, spiritual power is not important. What is important is that Long Yin has to pass These demi-god crystals are used to cultivate divine power!

Hum!

At this moment, a powerful force appeared on Long Yin's feet. The spiritual gold clan expert who was stepping on his feet was instantly crushed under this powerful pressure, and then followed by a pound of weight. Bing's power continued to spread from Long Yin's feet. This spiritual gold clan powerhouse did not even have the last chance to beg for mercy, so he was completely decomposed!

"Li Tian, I am here waiting for you!"

Long Yin's body flashed and landed on a huge metal platform. Sitting with his legs crossed, he began to slowly refine the two crystals he had just swallowed! And at the moment he landed on this metal platform, Long Yin's hands revealed four more demigod crystals!

...

Li Tian is still beheading!

Since these powerful men of the Lingjin clan fled back to the Yin Continent, they seemed to have been brainwashed. No one would be afraid of death and rush towards Li Tian with a mentality of death!

In just a blink of an hour, hundreds of strong men from the spiritual gold clan appeared next to Li Tian, some of them were promoted to small garbage, some ordinary goods of the domain master realm, and the super domain master realm strong, don't Not to mention, if these spiritual gold clan powerhouses can press on Li Tian at the same time, even if they only change into metal cubes, the weight alone can crush Li Tian here.

It's just a pity that even if these spiritual gold clan powerhouses want to crush Li Tian, they can't do it!

Li Tian's speed is too fast!

Li Tian's attack power is too strong!

Whoosh!

A figure flashed past these strong men in a row, and within less than a minute, Li Tian had already rushed out of this group of people, and then... the spiritual gold tribe strong men behind him were caught by those dozens The purple dragon swallowed up not much scum!

"Kill! This guy is the intruder, kill him!"

"How dare you come to our Yin Continent to go wild, brothers come with me and kill him!"

"Ultra Domain Master is only a role promoted in the early stage of the eighth level, leave it to me to get him!"

The powerful people of the Lingjin clan are also brazen. They have clearly seen four or five hundred powerful people of the spiritual gold clan in Li Tian's hands, but they can only hold on for less than two minutes, and they dare to yell like this.

Of course, the more they shout, the faster they die!

"Hey, you don't need to worry if you want to die. I will let you know what it's like to die soon!" Li Tian sneered, and the pair of huge red wings behind him flapped twice in a row, and they were here in an instant. In front of the clamoring strong man!

boom!

Chapter 4992: : The duel begins

boom!

boom!

It's "Dragon with Eighteen Claws" again, and it's another purple dragon!

Behind him, those purple flood dragons that had just swallowed other superdomain masters of the Lingjin clan, had not yet fully completed their mission, disappeared instantly, and were released one by one through Li Tian's palm attack again!

With every palm blast, at least one super domain master of the Lingjin clan will be hit, and then quickly fall to the ground!

Hey!

Hey!

The purple water dragon passed by, and in the next second it would automatically find a target to attack other superdomain masters! As for those domain master-level and even noble-level garbage? Don't worry, there will soon be slaves released by Beast Boy and Ye Meijing to harvest their lives!

It has only been ten minutes since Li Tian arrived in Yin Continent, but now Li Tian has reached the hinterland of Yin Continent for at least dozens of miles. Where Li Tian has passed, the super domain master of the Lingjin clan is strong. Almost none survived!

"Kill!"

"Fuck these Lingjin clan doglegs!"

"Kill! I will kill all these dogs even if I die today!"

"I am paralyzed, I have been imprisoned here by these ***** for hundreds of years! In these hundreds of years, this is the happiest day of my life!"

Behind Li Tian, less than a kilometer away, the slaves released by the beast boy and Ye Meijing were screaming, roaring, and killing unscrupulously!

Those Lingjin tribe domain masters or venerable fellows who remained behind Li Tian just escaped from the death shadow of the purple dragon, but fell into the hands of these slave powerhouses again!

These slave powerhouses come from different worlds, have different forms, and have different levels of cultivation, but their anger towards these spiritual gold races is the same!

Being looted and plundered by these ***** spiritual gold clan powerhouses, and finally lost their freedom, and then living in the dark metal mines inferior to a dog's life, always fearful, afraid that the task will not be completed that month, and eventually Die here.

Now, the anger and hatred of the past can finally be doubled back!

And the best way to return the anger is to kill!

Suddenly, behind Li Tian, chickens and dogs jumped!

Breaking out are all fighting, all out are dead and injured!

There are spiritual gold tribes and slaves, but no one backs down, even ordinary slaves at the venerable level will not back down!

Corpse?

There will be naturally, and there are many more!

After all, the Lingjin clan is a metal form of life, and if they don't have enough strength to kill them, they will easily get in.

But what can this be?

These slaves have been oppressed for too long, too long, even if they die, they want revenge!

The flames of revenge were burning, and more and more slaves were released!

A single spark can start a prairie fire!

The fire began to spread, and the spreading trend far exceeded Li Tian's expectations.

"My lord, I'll come to you to lead the way! Go straight for five kilometers, and you will be the palace of that ***** Long Yin!"

"My lord, Long Yin is the watchdog of the wolf-riding powerhouses. He has the cultivation base of the ninth-level pinnacle realm of the super domain master, my lord, you...you must be able to kill that dog." There are constantly super domain master-level powerhouses from Li Flew out from behind the sky and rushed to Li Tian, insisting to be a guide for Li Tian!

Li Tian sneered and said: "Kill him, I am as easy as slaughtering a dog!"

Whoosh!

Whoosh!

Countless figures continue to rush towards the metal palace where Long Yin is located!

Faintly in the distance, a magnificent metal palace has gradually appeared in front of Li Tian!

Seeing the roof of this magnificent metal palace, the voices of the powerhouses who were talking to Li Tian just now couldn't help but tremble.

"My lord, this...this is the palace of the dog of Long Yin!"

"We...we won't accompany the adults to kill that dog! I...we will kill other Lingjin tribes to rescue more slaves and deal with Long Yin together!"

"Yes, in just over ten years, Long Yin's cultivation level has reached the ninth level of the super domain master. That talent and strength must not be underestimated. This adult must be more careful, we are The slaves can't help much, they can only support the adults spiritually!"

Li Tian nodded slightly, did not speak!

Li Tian also didn't expect that these slaves, who only had the initial realm of the super domain master, and whose cultivation level did not exceed the eighth level of the super domain master, could help him!

Besides, Li Tian alone is enough to deal with a guy like Long Yin at the ninth level of the super domain master!

Huh!

Huh! !

Li Tian's speed is getting faster and faster!

Following Li Tian's super domain master-level powerhouses flew out from Li Tian's left and right directions, and continued to kill other spiritual gold clan powerhouses.

There are fewer and fewer opponents appearing in front of Li Tian, but no matter who it is, there is only one dead end to block Li Tian!

Li Tian is getting closer and closer to the black metal palace of Long Yin.

"Long Yin..."

The red wing ***** outfit behind Li Tian flashed a strange red!

Immediately, hundreds of red demon knives flew out from the giant wings of the red wing ***** outfit, and went straight to the metal palace!

Each of these red demon knives has the appearance of a red slash, and the same ***** said this strange red light. Each demon knives carries a powerful murderous aura, but when all these demon knives come together to form one This powerful murderous aura has completely materialized when he handles an even larger demon sword.

From a distance, the red demon light wheel covers this huge sword!

At this moment, the sword seemed to be held tightly by an invisible hand, and then slashed hard at the magnificent metal palace.

boom!

A loud noise!

Without any accident, a crack more than one foot wide appeared on the eaves of this giant metal palace. No, to be precise, the red light cut from this giant monster knife actually divided the entire metal palace into two. !

You must know that this metal palace covers an extremely large area, and has been specially forged. To Tang Xiaolong, a super domain master, the seventh-level peak powerhouse, it can only blast out more than one foot deep on the metal wall. Imprint, it is impossible to break in, let alone be cut open!

However, now this metal palace was cut open by Li Tian's Red Wing God!

Whoosh!

A figure flew out of this metal palace, it was Long Yin!

The moment Long Yin flew out, he blasted seventeen or eight punches at the giant red cut continuously. The fists released from the fists of each punch hit the giant red demon sword, and every punch fell, that The giant red demon sword must tremble a few times!

It turned out to be a god!

That's right, it's Shenwei!

The moment Long Yin flew out, he had already exerted supernatural power on his fists and feet!

boom!

boom!

boom!

Finally, the red demon sword formed by thousands of red wings condensed from successes and failures was blasted away, changed back to feather-like red swords, and flew back to the wings behind Li Tian again!

"Li Tian...you are finally here!"

Chapter 4993: : Long Yin, how do you want to die?

"Long Yin..." An anger flashed across Li Tian's face, coldly calling out Long Yin's name, and then a few more words came out, "Long Yin, how do you want to die?"

A majestic spiritual power was released on Li Tian. The powerful murderous aura contained in this spiritual power caused the temperature around Li Tian to drop sharply, and even a thick layer appeared on the metal ground under Li Tian's feet. The frost, and this white frost is still spreading around!

Whoosh!

After Long Yin shattered the red demon sword condensed by the red wing **** outfit, his figure fell to the ground as soon as he flashed, standing less than 100 meters away from Li Tian.

Li Tian was looking at Long Yin, and Long Yin was also looking at Li Tian.

A few seconds later, a trace of disdain flashed across Long Yin's face, and even this trace of disdain still had such a pleasure.

"Death? Relying on your current super domain master's eighth-level initial cultivation realm? Or on the basis of your monster-like scales, or the pair of red wings behind you? Li Tian, please don't be funny Okay? Do you think that Long Yin is still on the battlefield of death, or the follower behind you in the Netherworld?" At this point, the smile on Long Yin's face gradually disappeared, and his voice became higher and higher. "Speaking of strength? My Long Yin is much stronger than you now!"

boom!

The powerful divine power released by Long Yin caused the white frost under his feet to retreat quickly.

Soon, maybe within a second or two, even the white frost under Li Tian's feet has disappeared.

Shenwei!

See Shenwei again!

Li Tian hasn't used Long Wei, Long Yin has already used his power twice in a row!

"Hahaha! Li Tian, no matter how many changes you have, and no matter how awesome you behave, it doesn't matter if you leapfrog, or kill the superdomain master eighth-level peak powerhouse in a flash, here in my Long Yin, you still put it away Your face, because... Lao Tzu is now on top of the metal world!" Long Yin said with a wild smile.

In the past ten years or so, Long Yin has also heard the story of the Red Wing Divine Costume. He knew that if Li Tian had the power to slay the ninth-level early powerhouse when he used the Red Wing Divine Costume. You can even kill two people in a row.

But what can this be?

The early stage of the ninth level of the super domain master and the peak of the ninth level of the super domain master are completely two concepts!

Especially the ninth-level peak powerhouses of the superdomain master who can control and display their powers. They are powerful existences that can already see the half-god realm. A superdomain master ninth-level peak powerhouse can kill many superdomain masters in the early stage of the ninth level. Realm strong.

Therefore, Long Yin believes that Li Tian is nothing to worry about. He can completely defeat Li Tian, just like he broke Li Tian's red wing ***** pretend, he will knock Li Tian down on his knees like a dog. In front of him, licking his feet begging for mercy!

At that time, Long Yin will bring back the powerful men of the Lingjin clan to personally capture the stars, the moon, the dark and the soft, and the sweetness of the sea.

By the way, there are Li Tian's other women, Situ Ningbing, Ye Meijing, Liu Jimeng, and even Duanmuying, Bai Jing, and Ouyang Shiqing Long Yin who remain in the earth world do not want to let them go!

Then, in front of Li Tian, happily rushing these women every day! Take revenge on Li Tian and make Li Tian suffer!

Thinking of this, Long Yin's face showed a slight smile step by step.

If the things that happened in the fairyland during the recent period can reach Yin Continent, and can reach Long Yin's ears, Long Yin may not be as clamorous as he is now, nor will he have such unrealistic ideas!

"Long Yin, how do you want to die?"

Li Tian repeated it again.

And as these words were asked, Li Tian's momentum rose again, and the red wing ***** outfit behind him flashed a few strange reds again, and the wings of the red wing ***** outfit had slowly

moved from the sides behind him. Stretching forward, every red-cut feather on the Red Wing God's outfit seemed to be an angry behemoth, staring at Long Yin!

It seems that as long as Li Tian's mind is moved, this red wing divine outfit will once again release thousands of sharp weapons to slash Long Yin!

Li Tian's words completely angered Long Yin!

Long Yin roared and roared: "Li Tian, do you know that I dislike you the least? That's your pretending appearance! Who do you think you are? What place do you think this is? Want to kill me, you Do you have that strength? I want to pretend, you have enough strength!" The roar did not stop, and then Long Yin roared, "Beast Run" was displayed by Long Yin in an instant!

"Like to pretend to be forced? Then I will fulfill you! Go to hell!"

The mighty divine might was released from Long Yin, and a suffocating breath descended from the sky, oppressing the entire earth!

The endless darkness all around seemed to swallow everything, the whole world suddenly seemed to be depressed, and the spiritual power on Long Yin's body was like a small knife, cutting the dark surroundings, constantly floating out, even if the distance was almost 100 meters, Li Tian could also feel this powerful breath.

Rumble!

Rumble!

Thousands of giant beasts rushed out of Long Yin, rushing, roaring, and roaring towards Li Tian.

Rumble!

Rumble!

These behemoths seem to be able to squash Li Tian in an instant, just as they smashed Tang Xiaolong!

The corners of Long Yin's mouth turned up slightly, his eyes staring at Li Tian coldly, waiting for this pleasing scene to appear!

Hedong for thirty years, Hexi for thirty years!

Li Tian was really surprised. He didn't think that Du Long Yin would have been able to stand at the pinnacle of the metal world and become the most powerful existence in just over ten years.

If Long Yin and Li Tian can still maintain the previous relationship, then Li Tian would definitely be willing to call him brothers and sisters with Long Yin.

Unfortunately, there is no if!

Long Yin should not touch Li Tian's brother and attack Li Tian's woman again.

So let's not say that Long Yin has become the ninth-level peak of Super Domain Lord, even if Long Yin eventually becomes a demigod, Li Tian will kill him!

Li Tian sneered, and then the red wing ***** outfit on his body flickered a few times!

Whoosh!

Whoosh!

Whoosh!

Thousands of red demon swords flew out of Li Tian's Red Wing God outfit!

On one side is the behemoth of Bengteng, and on the other side is the red demon sword flying out. The two instantly met between Li Tian and Long Yin!

Rumble!

The beast's feet were trembling as they stepped on the ground.

But as the Hong Zhan released by Li Tian kept flying past, these behemoths began to fall!

Shenwei?

As if someone didn't!

The Red Wing Divine Apparel is the magical sword artifact that is most spiritually driven by the black bead in Li Tian's heart. How can it not possess the power of God, and how can it be afraid of it?

Long Yin's pupils continued to enlarge, and his face showed an expression that could not be believed! "No...impossible! You're just a trash in the early eighth level of Transcendent Master. Even if you have a Red Wing Divine Equipment, how can you keep my Dragon Yin's attack low?"

"Long Yin, how do you want to die?" Li Tian said coldly.

The Red Wing God outfit is nothing but Li Tian's method to deal with the ninth-level peak powerhouse of the general super domain master.

For Long Yin?

Li Tian wants to ruin this guy with the highest level of attack!

With Li Tian's spiritual power running, a wave of blue spiritual power continuously poured out of Li Tian, and a cyan dragon has begun to appear in its embryonic form behind Li Tian!

Chapter 4995: : One Thought of Benevolence (2)

sneer?

What do you mean?

Could it be that this guy can do anything wrong at this time?

Li Tian controlled the great blue dragon behind him and stretched out his claws, claws toward Long Yin!

At this moment, an arrow appeared in Long Yin's hand!

Seeing this arrow, Li Tian's pupils involuntarily enlarged!

Yuanyang Deshen Arrow?

What appeared in Long Yin's hands was the Yuanyang Deity Extinguishing Arrow that Li Tian followed to the Beast Boy to ***** at Qingfeng Tower!

But why did this Yuanyang Destroying God Arrow appear in Long Yin's hands?

Was it just like Hong Zhan chose me, did Yuanyang Extinguish God Arrow finally choose Long Yin?

Long Yin had already swallowed a semi-god-level crystal just now, and now this Yuanyang Desperate God Arrow appeared in Long Yin's hands, could it be...could it be... Li Tian suddenly thought of a bad picture.

Sure enough, at the moment the Yuanyang Destroying Arrow appeared in Long Yin's hand, the arrow plunged into Long Yin's body just like Hong Zhan had penetrated into Li Tian's body. At this moment, The dragon claws of the great blue dragon controlled by Li Tian have already claws towards Long Yin!

Li Tian and even the horror of the great dragon, even if this dragon claw can reach Long Yin, Long Yin's body will instantly be blown to pieces by the powerful Long Wei!

However, when the dragon claws of the rumbling dragon fell on Long Yin's body, Long Yin's body suddenly changed drastically!

In an instant, the tenth-level sharp metal thorn came out of Long Yin's body, just blocking the dragon's claws!

These metal thorns turned out to be Yuanyang Extinguish God Arrow!

In other words, after this artifact enters Long Yin's body, when Long Yin is threatened, this artifact will automatically protect the lord!

Squeak!

The power of the Primordial Azure Dragon is immense, even when Hong Zhan faces the Primordial Azure Dragon, Hong Zhan will be afraid, this Yuanyang Destroying God Arrow is no exception! The wild blue dragon caught the metal long thorns protruding from Long Yin, and these metal long thorns would suddenly squeak. It seems that this metal long thorn might be caught by the wild dragon at any time!

The smile on Long Yin's face appeared for less than a second, and disappeared in an instant, replaced by panic!

"How is it possible...this...this big bug has such a powerful strength?"

However, the panic on Long Yin's face didn't appear for a moment, and it instantly turned into coldness!

Now, Long Yin's distance from Li Tian is only four or five to make up the distance, and it is not impossible for Long Yin to deal with Li Tian!

puff!

puff!

puff!

The spikes of three consecutive Yuanyang Desperate Arrows came out of Long Yin's chest and took Li Tian's head straight!

This Yuanyang Deshen God Arrow also carries a powerful divine might!

As long as there is a spike that can stab Li Tian, Long Yin believes that Li Tian's head will bloom in an instant, and then become a cold corpse!

But... it's also a divine weapon, Li Tian's Red Slash is not inferior to Long Yin's Yuanyang Deity Extinguishing Arrow. At the moment the Yuanyang Extinguishing God Arrow was stabbed, Li Tian's Red Wing Deity was already in front of Li Tian!

Cang!

Cang!

Cang!

Three clear metal crashes came out, and Li Tian was safe and sound!

"No... impossible!"

Long Yin was shocked again!

He didn't expect that the close attack could be blocked by Li Tian's Red Wing God!

Li Tian stared at Long Yin, with a cold smile on his face and said, "Long Yin, what tricks do you have, please show it to your heart's content!"

"Trick? Hahaha, I think how many times you can withstand my attacks!"

At this time, the side effects of Yuanyang Deshen Arrow entering Long Yin's body gradually became prominent, and Long Yin became more manic and more arrogant, and with his screams, he kept stabbing out of his body!

puff!

puff!

puff!

The arrow of Yuanyang Deshen's Arrow also carried the flesh and blood of Long Yin's body, like a violent storm, continuously stabbing Li Tian's Red Wing God!

However, all this is in vain!

Long Yin is only getting a Yuanyang Deshen Arrow now, and the Fire Meteor Bow used with Yuanyang Deshen Arrow is still in Li Tian's space ring!

Li Tian only needs to control, no, there is no need for Li Tian to control himself at all. The Red Wing God can perfectly block Li Tian's attack with one of its wings.

Of course, Li Tian can actually retreat, or fly directly to avoid it, but Li Tian did not do so. What he wants is to defeat Long Yin in all directions, so that Long Yin loses his body in front of him. Kill Long Yin!

"Hehe, I'm afraid you are going to be disappointed! You are far from my opponent now!" Li Tian sneered, and as his mind moved, another red-winged god-equipped wing slashed towards Long Yin!

This is not a wing!

This is Red Slash, the wings formed by countless red slashes, so even if this Red Wing God outfit is beautiful, its powerful lethality will never change! Long Yin's eyes showed a trace of desperate fear.

He wanted to avoid the attack of the red wing ***** costume, but he found desperately that he was caught by the big bug behind Li Tian, and there was no way. Get out!

The current Long Yin is like a tortoise stuck in the gap, unable to move at all!

"Damn..."

puff!

The wings of the red wing gods slashed across Long Yin's cheeks, and fell to the ground!

A huge wound from the cheek to the base of the thigh appeared, and the blood spurted out suddenly, spreading on the Red Zhan that stood in front of Li Tian!

A fascinating red light flashed on Hong Zhan again!

The wound is not deep, but it is shocking!

The Shenwei carried by Hong Zhan followed Long Yin's wound and got in!

The Yuanyang Desperate Arrows that Long Yin swallowed were obviously not as strong as the Red Wing Divine Equipment's defense. I don't know if it was because of the incomplete pair of artifacts or because these artifacts were originally different!

However, this does not solve the hatred!

Li Tian's heart moved again, and the wings of the Red Wing God outfit slashed towards Long Yin again!

"Ah~!"

Long Yin finally let out a desperate scream, but with his scream, another shocking wound has appeared on his body!

Yuanyang Deshen Arrow continued to stab from his shot, stab Li Tian, stab the wild blue dragon in the sky. At this time, Long Yin was like a hedgehog, but the spikes on his body could not protect him. To himself!

"Li Tian, you ***** son of a bitch, kill me if you have the ability..." Long Yin roared!

"Kill you? The beauty you think! Killing my brother Tang Xiaolong, you die like this easily? Dreaming!" Li Tian said with a sneer.

Long Yin was taken aback, and then understood that it must be the news that Tang Xiaolong, who had been told by You Yinrou and others to Li Tian, was dead. Thinking of this, a sneer flashed across Long Yin's face, "Li Tian, Tang Xiaolong is not dead, but... ...You better let go of me now, otherwise you will never think of Tang Xiaolong's whereabouts..."

Chapter 4996: : One Thought of Benevolence (3)

Tang Xiaolong is not dead?

Tang Xiaolong is not dead?

Hearing this news, Li Tian suddenly felt that the whole world became clear in an instant.

His heart was beating wildly, and the murderous aura on Li Tian at this time gradually began to dissipate!

"You...you said Xiaolong was not dead?"

"That's right! That overpowering guy who used his man's arm as a trash car has already been beaten to death by me, and then hidden by me! If you don't want Tang Xiaolong to die, you'd better let go of Lao Tzu obediently, kneel down and knock her head. Acknowledge your mistakes, and then present your woman to someone from you, maybe I will consider telling you where Tang Xiaolong is being held!" Long Yin laughed wildly, with an expression of indifference to Li Tian.

Li Tian's heart began to shake a little!

He didn't know if Tang Xiaolong was really alive, and he didn't know if Tang Xiaolong was really hidden by Long Yin.

With this fluctuation in his heart, Li Tian's dragon claws that controlled the Honghuang Qinglong grasping Long Yin slightly loosened, and the red wing gods that stood in front of him slowly moved away...

At this moment, Long Yin's pupils flashed coldly, and a sharp metal long thorn came out of Long Yin's body and directly pierced Li Tian's head!

Li Tian's red wing **** outfit didn't stop it!

boom!

There was a loud noise on Li Tian's head, and a piece of scale on Li Tian's forehead was pierced and split, and blood began to flow slowly from Li Tian's forehead, but this sharp long thorn did not Just as Long Yin imagined, pierced Li Tian's head directly!

After that Yuanyang Deshen Arrow pierced this scale, it was held tightly by Li Tian's arms!

Fortunately, Li Tian had already defended against Long Yin, and fortunately, Li Tian had already exerted supernatural power on his scales when he was fighting!

Otherwise, Long Yin's sneak attack might really succeed!

"Long Yin! It seems that I don't need to keep you anymore!" The blood flowed from his forehead, Li Tian could feel the throbbing pain from his forehead, but the pain was not enough to make Li Tian feel painful, it really made him painful The thing is, what Long Yin said may be a lie. In this way, Tang Xiaolong might have suffered misfortune!

Squeak!

Squeak!

Li Tian's heart moved, and the dragon claws of the Great Blue Dragon once again grasped Long Yin's body!

This time, the power of this prehistoric Azure Dragon's claws, Longwei, is a bit stronger than before!

I saw the metal spikes pierced by the Yuanyang Deshen Arrow slowly bend at a speed visible to the naked eye, gradually turning into barbs, and in turn slowly stabbing towards Long Yin!

"no no....."

Long Yin really knew the fear this time!

He knew that no matter what method he used now, he couldn't be Li Tian's opponent!

dead?

Long Yin suddenly didn't want to die now!

He already knows the way to deal with Li Tian!

A Long Yin is definitely not Li Tian's opponent, but what if we add more than 30 super domain masters with ninth-level wolf riders? If these wolf-riding powerhouses get a magical weapon like Yuanyang's Destroying Arrow, even if Li Tian is powerful, he will definitely kill Li Tian!

Therefore, at this moment Long Yin decided to give in!

"Li Tian... Brother Li Tian, you can't do this to me..."

"It's true that I can't do this to you, I should be more cruel to you!" Li Tian's red wing **** outfit two wings once again stood in front of him, one wing defended, and the other slashed towards Long Yin again!

puff!

Blood was splashing, Li Tian's complexion was as usual!

"Li Tian... if I hadn't had me guarding the stars and Xiaoyue for more than ten years, if I hadn't had guarded the vicissitudes of the sea for more than ten years, the two of them would have already become corpses, or other powerful men. The food in your mouth may even become the **** slave of other strong men!"

"Although I am sorry for you, but you have to admit that I am guarding them, and I am your benefactor! You can't treat me like this! And...and... Tang Xiaolong is really not dead, he was sent in by me. In a mysterious mine somewhere in the Yin Continent, without me, you would never have been able to find him!"

"Furthermore, Tang Xiaolong is seriously injured now. If he is not treated in time, he will most likely die soon. So... Brother Li Tian, Lord Li Tian, you can't do this to me... Just let me go. I am willing to take you to find Tang Xiaolong!" Long Yin said hurriedly.

Li Tian can't judge whether Long Yin's words are true or not, but at this time Li Tian can only believe that it is true or not!

It's just that if you let Long Yin go, maybe Long Yin will play other tricks!

Li Tian looked at Long Yin, watching Long Yin's body gradually bend and bend, and the Yuan Yang Deshen Arrow thorns that have pierced into his body!

It is necessary to find a way to take the Yuanyang Desperate Arrow from Long Yin's body, otherwise, this is a hidden danger after all!

Li Tian has no other better way, he can only think of the Fire Meteor Bow now!

Back in Wonderland, Li Tian knew that Yuanyang Miingshen Arrow was approaching with Jihuo Meteor Bow, and suddenly flew away. I don't know if he can seduce Yuanyang Mishen Arrow with Jihuo Meteor Bow now!

Huh!

Li Tian flipped over it casually, and the set fire meteor bow placed in the space ring appeared in Li Tian's hands!

Hum!

Hum!

Li Tian could clearly feel that the Jihuo Meteor Bow was moving in the direction of Long Yin, and Li Tian also saw the metal spikes transformed from Yuanyang Divine Extinguishing Arrows pierced from Long Yin violently shaking!

"Ah!~"

Long Yin suddenly heard a painful scream!

"Li Tian...Li Tian, this...what is in your hand, why am I so painful?"

If Li Tian has the ability to see through, or if he releases a divine sense into Long Yin's body, he will see the Yuanyang Destroying Arrow in Long Yin's body spinning frantically in his body veins! However, Li Tian could feel the spikes on Long Yin's body as if he wanted to retract, but because the dragon claws were tightly grasped, he couldn't move anyway!

Li Tian's heart moved, and the dragon claws of the Great Blue Dragon loosened a few inches, and the spikes that appeared on Long Yin's body suddenly retracted!

Then Long Yin knelt down in front of Li Tian holding his head!

Long Yin was very painful, so painful that he kept tearing his wounds with his claws!

The wound on his body was soon torn bigger and bloody, and it looked terrifying!

"Come out...you ***** thing, come out to me!"

In less than a minute, Long Yin had completely turned into a ***** man, ***** and bloody, looking extremely terrifying!

However, Li Tian was not soft-hearted because of this!

Now let Long Yin suffer a little bit of pain, so that he can obey Li Tian obediently!

At this moment, Li Tian saw Long Yin's chest, and a spike suddenly appeared. Then, the spike suddenly flew out of Long Yin's body, and flew up with a piece of flesh and blood. It seems to want to fly far away!

Still want to go?

dream!

Li Tian's heart moved, and this Yuanyang Destroying Arrow was instantly grabbed by the prehistoric blue dragon released by Li Tian, and then handed over to Li Tian!

Yuanyang Deshen Arrow! Set fire meteor bow!

It finally fell into Li Tian's hands!

Long Yin, who had lost the Yuanyang Deshen Arrow, fell to the ground like a dead dog, panting heavily.

And as Yuanyang Deshen's Arrow shot through Long Yin's body, the spiritual power of Long Yin began to drift uncontrollably, and Long Yin's cultivation base began to plummet!

The ninth level of the super domain master...

In the early stage of Super Domain Master Nine...

At the beginning of the eighth level of Super Domain Master...

At the beginning of Super Domain Master Level 6...

Long Yin's eyes are dead gray!

"Why... why is this?"

Seeing Long Yin's appearance, Li Tian's heart gradually calmed down.

The grievances of the past kept reappearing in Li Tian's mind, and then a smile gradually appeared on Li Tian's face.

This smile does not mean happiness, nor anger, but rather a little bit of a smile!

Because Li Tian knew, he finally got rid of Long Yin from his heart!

As long as Tang Xiaolong can be found, as long as Tang Xiaolong is still alive, Li Tian doesn't mind letting Long Yin go!

As for the future, Long Yin's life and death have nothing to do with Li Tian!

Chapter 4997: : Yi Nian Zhi Ren (4)

The battle ended without suspense like this!

Li Tian put away the great dragon, put away the red wing ***** outfit!

A strong sense of exhaustion struck, and Li Tian almost couldn't stand still!

The use of the Red Wing God outfit will still have a great impact on Li Tian!

Li Tian took a few deep breaths, and continuously adjusted his spiritual power, and then slowly adjusted it!

The surrounding area, several kilometers away, was surrounded by slaves unknowingly!

At this time, although the Honghuang Qinglong had been put away, the shock on the faces of these slaves had not diminished.

"This...who is this guy? Can he unleash such a powerful killer move?"

"I don't know! It seems that during the time we were trapped, a great guy appeared in the metal world!"

"I know... I know... This lord is the legendary master of the Red Wing God costume..."

"Legend? Why don't we know there is such a legend?"

"It is a legend in the past ten years that the owner of Qingfeng Tower in Wonderland was beheaded by this guy! You know that is Wonderland. This guy is still in the uninhabited state. After killing the owner of Qingfeng Tower, he snatched the owner of Qingfeng Tower. With the divine bow in his

hand, he swaggered away from the fairyland, and no one in the entire fairyland dared to chase him down! Oh, yes, this happened twenty years ago!"

"When did the strong in Wonderland become so embarrassed?"

"Bao Bao? It's not the strong man in Wonderland, but the adult is too awesome! Now you can see how awesome this adult is by looking at Long Yin's dog look!"

"Long Yin is planted, but... there are powerful wolf riders behind Long Yin, more than 30 super domain masters above level 9..."

These slaves were talking about it, but when they said that the wolf rider was strong, they all chose to shut up instantly!

The strength of the wolf rider is far beyond what these guys know of the ordinary strong. It is precisely because of this that the wolf rider can rule an entire continent in the metal world. In the past ten years, the wolf rider He has successively captured the 'Mao Continent' and the 'Si Continent'.

For a time, the wolf riding power is in the limelight.

And even the most powerful force in Wonderland will retreat to the wolf riding powerhouse!

"Fortunately, when this adult came to the Yin Continent, these wolf-riding powerhouses had already gone to other continents. Otherwise, even if he was strong, he would not be able to deal with more than 30 superdomain masters at the same time, right?" The slave sighed.

In the distance, the beast boy among the crowd listened quietly to these slaves' comments.

The wild blue dragon released by Li Tian shocked the audience, and after Long Yin was defeated, the surrounding spiritual gold clan experts realized that they knew that Li Tian's perverted strength was that Long Yin had nothing to do, so I didn't hesitate. Turn around and flee.

In just a few minutes, at least more than one hundred thousand spiritual gold clan experts on the Yin Continent have fled the Yin Continent. Now on this endless continent, there are still Lingjin clan experts flying up and flying towards In the endless darkness, perhaps these spiritual gold tribes will become wanderers, but they can also fly to other continents to find their master wolf riding powerhouse.

The life and death of these Lingjin tribes has nothing to do with Beast Boy. What Beast Boy noticed is that Li Tian has already obtained Yuanyang Destroyer Arrow!

In this way, Li Tian already owns two of the twelve artifacts, and looking for the other ten artifacts, the beast boy can leave this damned world.

Thinking of this, a smile flashed across Beast Boy's face.

He is excited about his ability to form an alliance with Li Tian, and he is also excited about meeting Li Tian and becoming Li Tian's friend!

Even if there is no artifact, this guy can now kill the ninth-level peak powerhouse of the superdomain master with the eighth-level initial state of the superdomain master. This is also uniquely powerful. The heart of the beast boy even began to hope that in the future Li Tian will reach Kind of achievement!

At the same time, Ye Meijing was also looking at Li Tian!

Since Li Tian came out of Miracle Mountain, Li Tian has appeared in the metal world in a manner of crushing everything. Any opponent who opposes Li Tian will not end well. Of course, this also includes the incredible Dragon Yin!

There is sweetness, excitement, and even an indescribable sense of pride in Ye Meijing's heart!

Because Ye Meijing knew that she was Li Tian's woman and Li Tian was his Ye Meijing's man. Although this man does not belong to her completely, although this man does not necessarily love her wholeheartedly, it is not important at all. The important thing is that it is enough for her to have a relationship with this man.

Just like the superstars in the earth world, those star fans may have the idea of the star he chased in their hearts, but they probably won't have the unrealistic idea of monopolizing the star. This star, as long as they can These celebrities interact, they are already excited and don't want it!

And Li Tian is now Ye Meijing's superstar!

Ye Meijing knew that they would definitely return to the Netherworld, so deep in her heart, Ye Meijing had begun to fantasize about how to avenge her father!

Thinking of this, Ye Meijing's face also showed a sweet smile!

Very contented smile!

Li Tian is now a superstar, a superstar that has attracted much attention!

Li Tian knows that at least all the slaves within a radius of tens of miles are watching him, as if he was the focus of the whole wonderland when he was in Wonderland. Li Tian has long been accustomed to this feeling. There is no joy or anger in the comments of those slaves!

Li Tian touched the wound on his forehead, and there was no serious problem.

He had cleaned the wound with the green tree just now. The wound had already stopped bleeding and new flesh had grown out. After the new flesh had grown out, another new scale grew out, covering Li Tian's exposed skin again. !

"why why....."

Li Tian looked at Long Yin, who was kneeling on the ground and pale, and couldn't help but shook his head slightly! From just now to now, Long Yin's cultivation base has been plummeting, and now Long Yin's cultivation base has plummeted back to the initial stage of the super domain master level, and it seems that there is still the possibility of falling to the domain master realm at any time!

Different from Li Tian on the miraculous mountain, he has cultivated for 20 years. Long Yin's spiritual power cultivation is derived from the crystals of the demigod level. These crystals allow him to quickly improve his cultivation, but this cultivation is after all Unsteady, once he encounters the current situation, his cultivation will naturally plummet.

Long Yin raised his head, his pupils stared at Li Tian coldly.

Li Tian involuntarily showed a sneer.

As for Long Yin's current level of cultivation, even if Li Tian didn't use the Red Wing Divine Equipment and let him attack, it would be difficult to cause any damage to Li Tian, who has this layer of prehistoric dragon scales!

"Long Yin, take me to find Tang Xiaolong!"

Chapter 4998: : How to leave

Long Yin did not resist, he slowly stood up, took off his broken clothes, took out the green tree from the space ring and wiped the wound on his body. After the wound on his body gradually healed, he took it again. Get out a set of clean clothes and put them on!

During this period, Long Yin didn't say a word, but he didn't deliberately delay time.

Li Tian looked at Long Yin silently like this, Li Tianxin is now like water, without any emotions!

When Long Yin had all packed up, Beast Boy and Ye Meijing had already come to Li Tian.

Long Yin's vision did not deviate in any way, and he did not even glance at the Beast Boy or Ye Meijing.

"Let's go!" Long Yin said.

"Where to go?" Ye Meijing asked suspiciously.

"Xiaolong is not dead yet, he was sent to a certain mine, and now Long Yin wants to take us to find Xiaolong!"

"what?"

Ye Meijing couldn't help screaming!

Exclamation of excitement!

Ye Meijing, who was watching from a distance just now, was still wondering why Li Tian left Long Yin and didn't kill him. It turned out that Tang Xiaolong was alive!

This is definitely a piece of happy news!

This is not only because of the vicissitudes of life, but also because Ye Meijing knows the relationship between Li Tian and Tang Xiaolong. Of course, Ye Meijing and Tang Xiaolong have known each other for decades. The relationship is more like family!

The beast boy took a breath!

He could feel that because of the news that Tang Xiaolong was still alive, Li Tian's murderous aura was not so severe.

This is good news. After all, Beast Boy still has a deep understanding of the side effects of these artifacts. He is also worried that Li Tian's excessive reliance on artifacts will cause Li Tian to lose his nature now, which is absolutely unacceptable to Beast Boy. reality!

Less gossip, return to the book.

Li Tian, Ye Meijing, and Beast Boy all flew up and followed Long Yin to the hinterland of Yin Continent.

Flying in the air to see Yin Continent, the battle in Yin Continent continues.

It's just that with the defeat of Long Yin and the escape of the powerful Lingjin clan, there is no suspense in the current battle.

More and more slaves were rescued, and once these slaves were rescued, they would immediately participate in the killing.

Those who have not had time to escape from the Lingjin clan will soon be surrounded by these slaves, and then be killed by these slaves in every possible way!

Long Yin became the target of the public. All the slaves were cursing and cursing Long Yin, and even some strong men would fly up and want to beat Long Yin. Long Yin was a mouse crossing the street, of course because of the existence of Li Tian. , These slaves only vented their anger and dissatisfaction in this way, and did not really kill Long Yin.

Long Yin leads the way, but there are those who dare not fly too far, and only under the protection of Li Tian can Long Yin be intact!

Several people continued to fly forward, and the Yin Continent under their feet was riddled with scars and rags everywhere.

Looking at the continent he once ruled, Long Yin was a little bit sad. Long Yin didn't even know that even if Li Tian let him go, the wolf riders would continue to take him in, giving him a chance to make a comeback. .

"Long Yin, what are you digging in the Yin Continent? You can dig the entire continent into this kind of appearance?" Li Tian asked suspiciously.

Long Yin's expression was startled, as if he wanted to tell Li Tian the secret he knew, but this reaction only lasted less than half a second, and Long Yin decided to say it.

"According to the wolf riding powerhouses, the metal world millions of years ago was not what it is now. At that time, the metal world gave birth to many demigod-level powerhouses, and even quasi-god and god-level powerhouses. This world is A reduced version of the God Realm. Because of this, the metal world has access to other small realms!"

"These gods in the metal world will come to other small worlds from time to time, and often cause panic and panic in other small worlds. This kind of thing has lasted for at least several million years, but... I don't know from that day. The gods suddenly disappeared, and the metal world seems to be restrained. No matter how they enter here and think about how to cultivate, their cultivation will never be able to break through to the semi-god realm, and once the cultivation of these cultivators reaches beyond Domain masters above level 8, they will be imprisoned in the metal world forever, unable to leave!"

"But it is also because of this that the cultivators who enter the metal world only need to comprehend miracles to quickly increase their cultivation level. It is precisely because of this that the metal world has also become a place for many world cultivators to improve their cultivation level. Treasure land!"

"However, because of that imprisonment, many cultivators had to leave the metal world before their cultivation level reached the eighth level of the super domain master, but the last two levels of the super domain master's realm were also the most difficult to improve and hard to reach. What's more, after this, you still need to attack the semi-god realm, and the powerhouses who have left the metal world, even if they are 10,000 superdomain masters of the seventh-level peak powerhouse, they may not be able to give birth to a semi-god-level powerhouse. Because of this, some cultivators have begun to think about whether they can directly raise their cultivation level to above the ninth

level of the super domain master in the metal world, or even directly cultivate to the semi-god level, and then leave the metal world?" Long Yin seems to be Just like asking Li Tian, he turned to look at Li Tian and asked.

"Impossible! Since our metal steel orcs were born in the metal world, there has never been a demigod powerhouse, let alone a powerhouse of the superdomain master above level 8 who can leave the metal world, if If so, I wouldn't want to go all out to find the League of Lord Li Tian to find..." The Beast Boy didn't finish his words, but he couldn't help but stop when he said here.

First, the beast boy didn't want Long Yin to know that they were looking for twelve artifacts.

Second, if you find twelve artifacts, this is also a way to leave the metal world, so he thinks what Long Yin said may also be possible!

Li Tian did not speak, and Ye Meijing did not speak. Both of them looked at Long Yin, because they knew that Long Yin must know some secrets. Otherwise, they wouldn't have such a question. Directly raise the realm of cultivation to the ninth level of the super domain master!

"There is no absolute in everything, not knowing does not mean it does not exist! When I came to the metal world, I met a wolf rider, and the wolf rider's cultivation level has reached the super Territory lord ninth level, and when he told me, even if the wolf riding powerhouses have cultivated to the ninth level of the superdomain lord peak, they still have a way to leave the metal world! So...I suspect that these wolf riding powerhouses are only doing this Stop digging for classmates, it is related to this matter!" Long Yin said.

Chapter 4999: : The miracle of Yin Continent

Li Tian's heart beat faster involuntarily!

He exchanged glances with Beast Boy and Ye Meijing, and then Beast Boy and Ye Meijing saw an expression in Li Tian's eyes. This expression is called a thief!

Although I have not been following Li Tian for a long time, the beast boy knows that Li Tian, a bitch, must be thinking about how to play a mantis catching cicada and oriole, using wolves to ride the strong, without paying any price. Under the premise of being able to leave the metal world.

Don't tell me, what the beast boy guessed is really true.

Does Li Tian want to get twelve artifacts?

Of course!

Twelve artifacts, send one to each of your brothers and wives, and then form a corps of artifacts. What a powerful feeling!

And if these twelve artifacts can be used reasonably and effectively, and they are all armed to Li Tian, his cultivation realm will instantly rise, directly entering the semi-god realm, quasi-god realm, and even directly reaching the god-level realm.

But Li Tian is not stupid, high returns inevitably herald high risks! Through the wall murals in the Treasure of the Spirit Clan, Li Tian knew clearly that even though twelve artifacts were equipped at the same time, the final result was not necessarily a good end. Therefore, now there are other ways to do it. Leaving the metal world, Li Tian would certainly be willing to try.

But this thing can't be anxious. After all, this matter is not in Li Tian's grasp. Even if Li Tian wants to leave the metal world, he still has to use Long Yin's relationship to first understand that the wolf riders have reached it. To what extent, and how will the wolf riders leave the metal world.

It's a pity that Long Yin was unclear, and he didn't know whether it was because he was just a watchdog of the wolf-riding powerhouses and didn't know the inside story, or that Long Yin was unwilling to tell Li Tian these things.

Li Tian and the others were a little disappointed at once, but they weren't in a hurry now. The top priority was to save Tang Xiaolong.

Li Tian also remembered that when Long Yin was fighting with him, he used the demigod crystal that he swallowed. There is no demigod in the metal world, so where did this demigod crystal come from? Li Tian remembered very clearly that in the murals of the Qi Spirit Clan Treasures, those strong men of the zodiac also got demi-god crystals, but the mural did not depict where these crystals came from. But it can be analyzed from this that although the metal world does not have a demigod, there must be demigod crystals, and the number of such crystals may not be a minority.

"Long Yin, where did you get the demigod crystals?" Li Tian asked with some confusion.

Long Yin did not hide it, and said sincerely: "Those crystals were given by the wolf-riding powerhouses. It is precisely because of the support of these crystals that I can cultivate to the super realm in just a dozen years. Domain master ninth level pinnacle!"

Sure enough, Long Yin's words confirmed Li Tian's judgment from the side.

Li Tian didn't want to think that these demigod crystals were brought over from their world by the powerful wolf riders.

In other words, there may still be this big treasure in the metal world, hiding many treasures of demigod crystals.

Could it be that this treasure has fallen into the hands of the wolf-riding powerhouse, or how could they have so many demigod crystals?

Li Tian's heart began to feel a little lost again, he felt that he had missed a good opportunity to make a fortune!

In an instant, Li Tian thought of the gift given to him by the Great Dragon: Dragon Map!

The golden dragon booklet is now almost completely opened by Li Tian. What is depicted on the dragon map is the map of the entire metal world, but the treasure location marked on the dragon map is in the middle of the entire metal map, not more than the fairyland. Thousands of miles away.

Li Tian also asked the Beast Boy about the place, but unfortunately, Beast Boy's answer to Li Tian is that the place is empty, there is nothing empty, there is only an endless dark space! Therefore, although Longtu is almost unfolded now, Li Tian has no way to hunt for treasure.

Don't think about this kind of thing!

Follow Long Yin to continue flying forward!

It didn't take long to fly, and mountains suddenly appeared in front of me.

The mountains in the metal world are naturally metal, but just looking at the mountains from a distance, Li Tian feels that the mountains are majestic and unnecessary!

But in terms of the height of the mountain range, the height of this mountain range is not as high as the miraculous mountain, but this mountain is more magnificent. If the miraculous mountain is a towering tree, the mountain in front of you is an endless forest.

Each has its own merits!

And here is where the miracle on Yin Continent is!

Do you think the miracle of Yin Continent is this mountain range?

If you really think so, then you will be wrong!

The miracle of Yin Continent is not the mountain, but the countless caves in this endless mountain range!

Thousands of caves are connected to each other to form a huge mountain world!

The closer you are to the mountains, the fewer these metal caves will be, and the number of slaves will gradually decrease, but on the contrary, an inexplicable and powerful pressure has already appeared, this is divine power.

Seeing doubts on the faces of Li Tian and others, Long Yin quickly explained: "This is where the miracle of Yin Continent is located, and in the center of the cave of this miracle, there is a huge pit, this pit One stretches downwards, here is the most secret metal cave on Yin Continent, and the slaves who can enter here must have a cultivation level above Super Domain Master 7! So... Tang Xiaolong was sent to Here!"

Having said that, Long Yin had already taken Li Tian up the mountain range, and entered a cave at will! Long Yin didn't seem to want to escape, he turned around and waved to Li Tian and the others, asking them to continue to follow him into this cave!

The three looked at each other, no one flinched, and followed Long Yin to this cave! As soon as he entered the cave, Li Tian and others immediately felt that the spiritual power in the cave was actually very strong.

Originally, Li Tian thought that the cave would be darker after entering the cave, but after they walked for a while, the cave gradually became brighter. At the beginning, the light was only a faint light, but as it got deeper and deeper, the light in the cave turned the entire cave into daylight!

It is as if the entire cave is covered with white paper lamp tubes, and Li Tian and others are walking in this lamp tube.

Miracle, what is a miracle?

This is a ***** miracle!

Entering the cave, Long Yin's speed did not slow down, even if dozens of differences appeared in front of him, Long Yin could make a choice without any hesitation. In this cave like a maze, Long Yin It's as easy as walking in your own backyard.

After wandering in this cave for almost an hour, Li Tian and others finally came to the pit that Long Yin said!

If he hadn't seen it with his own eyes, Li Tian would definitely not believe that there would be such a huge deep hole in this dense cave like a spider web!

Standing on the edge of the pit, at a glance, there is no bottom!

And the spiritual power in this pit is more concentrated, it seems that these spiritual powers can be held in the hands of the hand!

"Tang Xiaolong is below!" Long Yin said.

Chapter 5000: : Give him a try?

This is a pit!

Tang Xiaolong feels like he is a big deal!

After being beaten by Long Yin and then being taken to this ghost place, he was shackled and pushed directly into this deep pit. Although he would not be thrown to death, he was originally injured, so he was pushed forward. There are also deep pits thousands of feet deep.

Looking up at the top of his head, he could no longer see the entrance to the pit above his head. Then, look at the two powerful spiritual men who escorted him into the pit. Tang Xiaolong knew that if no one came to rescue him, he It is estimated that he will be here for the rest of his life. From then on, he has been an out-and-out fraud!

"What are you looking at? Keep going!"

Tang Xiaolong just raised his head and glanced, and his gaze swept across the faces of these two spiritual gold clan powerhouses. These two spiritual gold clan powerhouses punched and kicked him again. Tang Xiaolong knew very well. All this is Long Yin's arrangement!

Tang Xiaolong was wearing a metal bracelet on his hands. This kind of bracelet can greatly weaken Tang Xiaolong's spiritual cultivation. Tang Xiaolong also wears a wrist-thick metal chain on his neck. Doesn't have this kind of function, it is more that Long Yin, a bitch, used to humiliate Tang Xiaolong.

Wow! The metal chain was yanked hard by the strong spiritual gold clan, and Tang Xiaolong, who had just stood up, was dragged down by the strong at the early stage of the Transcendent Master's eighth level. With his face on the ground, Tang Xiaolong was dumped by a dog. , Blood was thrown out of his mouth.

Another strong man from the Lingjin clan kicked Tang Xiaolong's upturned butt! Although these two feet don't carry strong spiritual power, but kicking on Tang Xiaolong's sex, the pain is naturally indispensable!

"Who allowed you to stand up? Before getting our consent, you must crawl like a dog!" The Lingjin clan powerhouse behind him was full of disdain, and he said that he gave Tang Xiaolong another fat beating!

boom!

boom!

boom!

Outside the Metal Palace, after Tang Xiaolong received the most basic hemostatic treatment, he was sent here by Long Yin. He stopped and stopped along the way. This is how Tang Xiaolong was beaten over! The wound that finally stopped bleeding after being beaten by these two Lingjin tribes several times, opened again, and blood slowly flowed down his wound!

Tang Xiaolong wanted to stand up several times and even wanted to fight these two spiritual gold clan powerhouses, but as soon as he used his spiritual power, the metal ring on his wrist would restrict him, causing the spiritual power in Tang Xiaolong's body to be instantly Being imprisoned, unable to fully function.

"Hey, the **** who became Lingjin slaves dare to gnaw at us? I really don't know if you should praise you for being brave, or you are an idiot!" The Lingjin expert kicked Tang Xiaolong again, and said. : "Keep going and come to this cave. You don't want to go out alive in the future. Oh, yes, even if you die, you don't want to leave here!"

The spiritual gold clan powerhouse dragged Tang Xiaolong's body, no matter how Tang Xiaolong resisted, they seemed to be dragging a dead dog, and they started to move forward again!

At the bottom of this huge deep pit, there are only four caves around. The Lingjin clan powerhouse dragged Tang Xiaolong and walked towards a cave seemingly at will. After entering the cave, he walked less than a kilometer, and the cave suddenly Cheerful, it has become a huge space that can't be seen at a glance!

The heights are scattered, and here is like a mine pit. Everywhere, there are superdomain master-level powerhouses digging the metal under this cave under the supervision of the spiritual gold clan powerhouse!

The two spiritual gold clan experts who brought Tang Xiaolong untied the metal chain tied to Tang Xiaolong's body, kicked Tang Xiaolong down from the cave, fell almost fifty or sixty meters and then smashed it heavily. On one platform.

"This is a new slave, you all go over and say hello! Don't beat it to death, save it for you to play slowly in the future!"

This Lingjin clan powerhouse showed a sneer that everyone knew. As soon as his voice fell, the slave powerhouses closest to Tang Xiaolong jumped several times in a row and jumped in front of Tang Xiaolong, and then grabbed it. Tang Xiaolong began to explore!

This is something these guys are looking for useful!

Tang Xiaolong's clothes had already been dyed red with blood, and these things were naturally inaccessible to them, and then soon slaves stared at the space ring in Tang Xiaolong's hand. Then, these slaves began beating wildly. Tang Xiaolong wanted to **** some edible ingredients or other things from Tang Xiaolong's spatial ring.

Of course, if they can kill Tang Xiaolong, they can erase the mark on the space ring, so they can open the space ring, but the spiritual gold clan powerhouses do not allow them to do so!

Tang Xiaoke suffered all kinds of insults, and even some humanoid slaves actually acted on Tang Xiaolong!

"Hey, kid, just enjoy it slowly, come here, there is enough for you to enjoy!" The Lingjin clan powerhouse standing at the entrance of the cave said with a sly smile on his face.

Tang Xiaolong is a true iron-blooded man, but surrounded by such a group of beasts, he still feels a little hairy in his heart, especially these beasts are still using their hands, which makes Tang Xiaolong really want to kill these dog days!

But...in the end, Tang Xiaolong had to give in and took out all the things in his space ring. Many slaves who were assigned to the things took this thing away with joy, but there were still a few slaves who were still entangled in Tang. By the dragon.

"Hey, I don't know if there is something hidden in other places on your body? Come, let me search for you, you two, hold this kid for me, let me look for him behind his **** Look for!"

"Brother, there is only one hole behind this butt, this hole is suspicious, I don't know if there is anything in it!"

"Hey, let Lao Tzu poke with a stick, don't you know?" These superdomain master-level slaves all have animal appearances. After receiving some hint from the spiritual gold clan powerhouse, they have already begun to prepare Trial violation of Tang Xiaolong!

Tang Xiaolong struggled desperately, but these **** still pressed him, making him unable to break free!

"I'm going to fuck!"

Tang Xiaolong's mouth exploded with vulgarity, he kept twisting his body, and then accelerated his spiritual power.

pain!

Tang Xiaolong felt that his body veins seemed to be torn apart!

Not to mention, after suffering this kind of pain that inhumans can endure, Tang Xiaolong really gains. His body is gradually metallized, and even if he is controlled by a metal bracelet, his cultivation level is slightly different. Boost!

Seeing that Tang Xiaolong became like this, these beasts pressed Tang Xiaolong and asked suspiciously: "Big Brother...this...what's going on here?"

"Fuck your sister!"

Tang Xiaolong raised his head abruptly and knocked **** one of the beasts' heads, and the blood flowed from the beast's head instantly. This guy was also knocked back for seven or eight steps before it stopped!

"Boy, are you very stubborn? Come here, you guys will come over to me. Even if you become a metal guy, I still want to **** you..." The beast who was called the eldest brother made a casual move. Seven or eight superdomain master-class slaves flew over and suppressed Tang Xiaolong one after another!

And at this moment, there was a sneer from the cave at the entrance: "You can try it!"
