

A Killer 5001

Chapter 5001: : End

These slaves, who looked almost the same as the animals, raised their heads suddenly, and saw three strong men without any metal shackles standing at the entrance of the cave, staring at them coldly, and behind the three strong men. Yes, it is the current supreme ruler of Yin Continent...Long Yin, the watchdog of the powerful wolf riders!

However, Long Yin's current appearance is not good, and I don't know if it is an illusion or other willingness. This Long Yin's cultivation strength seems to be much weaker.

"Master Long Yin..."

"Master Long Yin..."

The powerful spiritual gold clan who were responsible for guarding these slaves flew to Long Yin and saluted him!

It seems that the various riots that took place on the Yin Continent have not affected this place. These powerful men of the Lingjin clan do not know that their Lord Long Yin is now defeated by the man with scales in front of them!

Tang Xiaolong kicked off the slaves who pressed the ground on him three times, and looked up at Li Tian, Ye Jingjing and Beast Boy, and said with a look of surprise: "Ye Jingjing?...you...how are you here? Could it be...have you also been caught here by a **** like Long Yin?"

Having said that, Tang Xiaolong felt a little bit different again, and his gaze couldn't help falling on the beast boy, and finally on Li Tian!

Li Tian has changed too much!

This layer of cyan scales on the whole body made Li Tian look as if he had become a strong man of another race, but... Tang Xiaolong still recognized Li Tian at a glance.

Tang Xiaolong was excited and ecstatic, but in the deepest part of his heart, somehow he felt a little grievance, his nose was sour, and he couldn't help crying, "Little...little boss, is it really you?Woo, I finally see you again!"

There was a smile on Li Tian's face, and he nodded slightly to Tang Xiaolong, but the smile quickly passed by, and then stared at the brute-like powerhouses coldly, and continued to repeat him just now. That sentence: "Come on, try it with him?"

Li Tian's cultivation realm is only in the early eighth level of Transcendent Master, but... entering the metal pit under this mountain range, any strong man without metal shackles is not something that their slaves can provoke. Hearing Li Tian's words, these powerhouses trembled in their hearts, and subconsciously stepped back!

"Lord Long Yin, these guys are..." A spiritual gold clan who flew to Li Tian's side still doesn't know what the identities of Li Tian, Beast Boy, and Ye Jingjing are. Seeing that Li Tian is so arrogant, he can't help being a little bit Unhappy, asked subconsciously.

But before he finished asking, he saw Li Tian's figure suddenly flashed, and instantly appeared in front of this spiritual gold clan expert.

"You... what do you want to do?"

This spiritual gold clan expert was frightened and took a step back subconsciously, and his spiritual power rose instantly, as if he was ready to take action against Li Tian at any time. Unfortunately, his reaction speed was still a bit slow. Before he finished speaking, Li Tian suddenly stretched out the palm of his right hand and slammed it on the head of the superdomain master, the spirit gold clan expert, and pressed it down firmly.

Cang!

The head of this spiritual gold clan expert was knocked on the metal ground, and there was a metal-like crash!

All the strong men present felt that the spiritual power on Li Tian's arm began to fluctuate violently, and then they saw a little purple dragon flying out of Li Tian's hand, passing directly through it. The head of a strong spiritual gold clan then rose into the sky!

The super domain master's seventh-level peak of the spiritual gold clan powerhouse did not have time to resist in front of Li Tian, his head was swallowed by the purple dragon's lightning, and that lightning continued to consume this spiritual gold clan power Body!

overbearing!

Tough!

If you don't agree, just go ahead!

One action of Li Tian, one move "Eighteen Claws of the Dragon" instantly attracted the attention of all the strong in this space.

These powerhouses looked at Li Tian dumbfounded, wondering who Li Tian was, and who gave him such courage to dare to fight these spiritual gold clan powerhouses in front of Long Yin.

"Lord Long Yin..."

"Damn, I dared to do something to our Lingjin clan, looking for death..."

"Fuck him!"

In an instant, seven or eight elites of the spiritual gold clan flew to Li Tian, wanting to do something against Li Tian.

But when they had just flew over ten meters, they suddenly discovered that their nominal boss Long Yin had no reaction on his face when this happened. For a while, these powerhouses even felt that they were wrong.

"Humph!"

Before Li Tian moved, the beast boy beside him snorted and flew directly!

The Beast Boy is the cultivation base of the ninth-level mid-level Superdomain Master. After twenty years of cultivation in the Shenji Mountain of the Chen Continent, his cultivation level has not improved, but he is now within the ninth-level peak state of the Superdomain Master. Across the line, his cultivation strength can definitely be regarded as one of the strongest in this underground kingdom!

boom!

boom!

boom!

The beast boy's continuous attacks instantly caused the bodies of the three spiritual gold clan experts to set off fireworks, completely disappearing in this world!

The other elites of the Lingjin clan stepped back, looking at Li Tian and Beast Boy in surprise, as well as Long Yin!

"grown ups....."

"grown ups....."

But no matter what these spiritual gold tribes call Long Yin, Long Yin's face is gray, and he still has no statement!

"Fuck! How can these guys be so powerful?"

"What happened outside? Why do I feel that Master Long Yin didn't seem to react at all to these guys slaying the powerful spirit gold clan!"

"Could Lord Long Yin already lost to these guys?"

"Are these guys here to save us? If this is the case, then we will be free immediately!"

Freedom, for these slaves trapped in the underground world, it is completely impossible to achieve!

After Long Yin came to Yin Continent, the outside world adopted a quantitative assessment management method. As long as he performed well, he might be released, but once he was imprisoned here, he would have cut off the way for these slaves.

Many slaves showed a trace of desire in their eyes, and looked at Li Tian and others eagerly.

However, the desire of these slaves turned into terrifying despair in the next second!

Li Tian suddenly jumped down from above, unscrupulously began to behead the slaves who had surrounded Tang Xiaolong!

boom!

boom!

boom!

These slaves all wore metal bracelets, and their whole body cultivation was imprisoned for 90% of stocks. Faced with a super power like Li Tian, these slaves had no chance to escape, so they were directly cut by Li Tian. kill.

"The paralyzed dare to move my Li Tian's brother! Beast boy, Ye Meijing, kill with me, kill all the slaves here, and leave none of them. I will let them know the fate of touching my brother!"

Chapter 5002: :Long Yin is gone

From Li Tian's hands, these slaves have been doomed to a tragic ending!

boom!

boom!

boom!

The bodies of these slaves were continuously beheaded by Li Tian, Beast Boy, and Ye Meijing, and the entire space became a death hell!

Li Tian, he just came to rescue Tang Xiaolong from the beginning. He didn't think about doing anything to these slaves. However, these slaves touched Li Tian's inverse scales and wanted to do that shameless thing to Tang Xiaolong. This situation must be unbearable for Li Tian!

Therefore, they can only use their blood and lives to repair the mental trauma they caused to Tang Xiaolong!

The slaves began to flee frantically!

It is a pity that they have nowhere to escape. Li Tian and others' cultivation strength is not weaker than theirs. What's more, these slaves still have metal bracelets on their bodies. Their cultivation strengths can't be displayed at all, they can only helplessly. Watching their heads being harvested by Li Tian and others, watching the crystals in their bodies being dug out by Li Tian and others!

The fate of the strong of the Lingjin clan is also sad!

Although these guys have not been imprisoned in their cultivation strength, they will become weak chickens in front of absolute powerhouses like Li Tian and Beast Boy, facing the attacks of Beast Boy and Li Tian, especially Li Tian's. Attack, these guys can't stop even a round, and they will be second in an instant!

However, these spiritual gold clan powerhouses can display all cultivation bases after all, and there are always ordinary fish that slip through the net.

Li Tian did not pursue or stop these fish that slipped through the net. The Yin Continent is completely chaotic anyway. Even if these Lingjin tribes can escape from here alive, they will still be caught by other slaves. The powerhouses besieged, of course, if they could escape from Yin Continent by chance, it would be their fate.

The metal bracelets and shackles on Tang Xiaolong's body have been cut away by Li Tian's red wing god. Although Tang Xiaolong was severely injured, he was still much stronger than those slaves with metal bracelets and shackles, and he did not hesitate. Joined the battle!

Tang Xiaolong's goal is very singular, he only targets those brutal slaves!

"Fuck Nima, I still want to move Lao Tzu! I do..."

Tang Xiaolong was really frightened by these beasts. He almost thought that his chrysanthemums were not protected. Now that he has turned over, these beasts must be doubled. Tang Xiaolong's body is metalized with technology, and his two Arms and palms can be metalized into sharp blades, and then Tang Xiaolong becomes a 'chicken-cutting madman'. He ferociously cut off the little dingdings of the beasts, and then forcefully stuffed them into the beasts' mouths. !

Fuck!

This could not alleviate the anger in Tang Xiaolong's heart, and then this guy would insert a metal stick directly into the chrysanthemums of these beasts, and then it would stick it out of the beasts' mouths, and then watch the beast-like slaves fall down. There was a scream on the ground.

Cruel?

Cruel!

Tyrannical?

tyrannical!

Is it inhuman?

Fuck your paralyzed humanity!

In this metal world, when you talk about humanity with these alien races, they will tell you about fists!

At least dozens of Sea-Monster tribes who followed Li Tian into the metal world were eaten as food by foreign races. How could humanity come from?

Beast Boy, Li Tian, and Ye Meijing had no objection to Tang Xiaolong's practice, and even those slaves who panicked and fled around were already accustomed to this scene.

boom!

boom!

boom!

The battle continues, but it is gradually coming to an end.

In the space of this underground cave, there are tens of thousands of slaves, thousands of Lingjin tribes, and it took only ten minutes before and after, at least a few thousand superdomain master-level slaves were organized into the hands of Li Tian and others. The remaining thousands of slaves are hiding in the corner of the metal cave, looking at Li Tian and others with horror, shaking! As for those strong spiritual gold clan, probably only 70 or 80 escaped from here alive, and the other strong spiritual gold clan were all beheaded and refined by the beast boy.

call!

Li Tian let out a sigh of relief, and now the anger in his heart has calmed down.

In this slaughter, Li Tian only used the Red Wing Divine Costume for a while, and never used the Primordial Azure Dragon from beginning to end, but even so, Li Tian already felt a deep fatigue!

This is the sequelae of the red wing ***** outfit!

But fortunately, dealing with these little rubbish, there is no need to even use the Red Wing God costume.

"My lord... we are willing to surrender, we are willing to follow the adults, please forgive us!"

"Please forgive us, we have never been disrespectful to this metallized adult!"

"Yes, it's all those animals doing..."

Nearly 3,000 super-domain master-class slaves knelt down beside Li Tian, crying and kowtow to Li Tian begging for mercy.

The remaining slaves have a lot in common with the humans in the earth world and the nether world from the appearance. It is for this reason that Li Tiancai left these guys at the end.

Li Tian ignored these crying slaves, but flew in front of Tang Xiaolong.

"Little Dragon..."

"Little boss...oh, I miss you so much, little boss, I thought I would never see you again!"

Tang Xiaolong rushed to Li Tian, stretched out his hands to embrace Li Tian, crying.

In this picture, seeing the beast boy's heart reacted, he even wondered if Li Tian and Tang Xiaolong had some kind of ulterior relationship.

"Xiaolong, you have worked hard!" Li Tian asked Tang Xiaolong to hug him, patted Tang Xiaolong's back with both hands, and said with respect.

"No hard work! Little boss, your cultivation level has reached the early stage of Super Domain Master eighth level, then can we still return to the Nether Realm?" Tang Xiaolong let go of Li Tian, and reached out to touch the scales on Li Tian. Asked worriedly.

"Relax! Now I know that there are two ways to leave the metal world. The first way is to collect twelve artifacts from the metal world. Now I have collected two artifacts, but this method has a certain degree of danger. The second method is the method used by the wolf-riding powerhouses that Long Yin said...Well...Where is Long Yin?" Before Li Tian finished speaking, he suddenly discovered that Long Yin had disappeared!

Li Tian's gaze swept across the cave quickly, and there was no Long Yin in the cave.

Whoosh!

Beast Boy and Ye Meijing flew to the entrance of this space in an instant and chased them out, but soon they returned and walked back.

"Long Yin seems to have escaped!"

"Damn guy, he must have escaped while we were killing these slaves! Li Tian, shall we chase? If we chase out now, maybe we can catch up with Long Yin!" Ye Jingjing asked.

Li Tian shook his head and said, "No! Our purpose here is to save the dragon. Now Tang Xiaolong's safety is more important than anything! As for chasing the dragon Yin? The caves under this mountain range are crisscrossed in all directions, we must be chasing after him. No! But it doesn't matter, our next goal is to be a strong wolf rider!"

Chapter 5003: : The powerful artifact appears

Long Yin fled, and Li Tian didn't care.

In the next few days, Li Tian led people to collect all the superdomain master slaves!

The principle of voluntary is still adopted!

Many slaves chose to leave Yin Continent. After all, for them, there are only sad memories here. They don't want to stay here and recall the hard times in the past. Of course, these slaves are more worried about the comeback of the strong wolf rider.

They still don't have enough confidence in the strong like Li Tian.

However, there are those who leave, and there are many super-domain master-level powerhouses, especially those from outside races whose appearance is almost similar to human beings. Many choose to stay and follow Li Tian!

Li Tian is not the savior, and Li Tianlai did not intend to save these slaves.

It was just that when Li Tian and Long Yin were fighting, the beast boy and Ye Meijing released a large wave of slaves in order to create chaos. As a result, these slaves regarded Li Tian as the savior.

In this regard, Li Tian expressed a lot of pressure!

Li Tian has his own thoughts. With such a ticket to drag the oil bottle, it is obvious that this is not something Li Tian wants to see, but...someone is willing to follow Li Tian, willing to work for Li Tian, and Li Tian can't find it Their reasons.

But when the beast boy counted the number of superdomain master slaves willing to follow Li Tian, Li Tian was still taken aback by the huge data!

"Seven thousand? You said that there are seventy thousand super domain masters who are willing to follow me Li Tian?" Li Tian couldn't believe his ears.

The beast boy nodded, and said in a more serious tone: "Yes, there are 70,000 superdomain master-level powerhouses! However, most of the superdomain master-level powerhouses' cultivation strengths are at the elementary level, and they can reach the realm. Only 10% of the super domain masters are above level 5, while the cultivation level can reach the super domain master 7 or above less than 1,000, and the number of cultivation bases above the super domain master 8 level is only a few dozen."

Is the cultivation level weak? Not weak anymore!

If you can completely conquer these 70,000 super domain master-level powerhouses, if you can bring them back to the nether world by then, will you be able to easily destroy the four super **** families? ?

But Li Tian just thought about this kind of thing!

After all, the main purpose of these guys coming to the Netherworld is to practice. Now that they have gained freedom, maybe many people will soon hang out on leaving the Yin Continent and leaving the metal world. The reason why they are still willing to stay in the Yin Continent is because Now Li Tian can provide them with enough protection, especially those who have reached the seventh level of Super Domain Master.

Moreover, the miracles of Yin Continent also have a very powerful attraction to those cultivators.

Those who are not my race must have different hearts. What these guys think in their hearts is just to use Li Tian's umbrella to protect them.

But what can it do?

Even if these powerhouses are really willing to follow Li Tian, Li Tian may not have the strength to bring them all to the Netherworld. Since they are using each other, they don't need to bear any psychological burden. Thinking of this, Li Tian didn't feel any burden in his heart. After a little thought, he immediately issued an order, "All those who are paralyzed, take it all!"

"Receive all? Except for the Powerful Spirit Clan, the other powerhouses are probably not trustworthy!" Situ Ningbing, the Bull Head Sword and Ponytail Spear of the Spirit Clan looked at Li Tian suspiciously.

"Yes, they are not trustworthy, but this does not prevent them from being used by me. I received them according to my needs, and threw these guys into the miracle cave first. Let them all hurry up to practice, including other sea monsters. Clan powerhouses, send them out when I need it!" Li Tian said with certainty.

Things were settled in this way, and Li Tian forcibly asked them to enter the miracle practice by Tang Xiaolong, the vicissitudes of life, and the stars.

In a short period of time, their cultivation level may not be able to improve, but they can't reach thousands of miles without accumulating steps. They have to eat one bite at a time.

The powerful spirits of the spirit clan were finally reunited in the Yin Continent. Unfortunately, this is not something to be particularly happy about, because many of the powerful spirits of the spirit clan have already fallen, and most of the strong ones who survived are also Some crooked melons and cracked dates, the cultivation realm can reach the eighth level of the super domain master, there is not even one, so the road to the rise of the spirit clan is still very long.

Only after experiencing life and death can you understand the preciousness of life and understand the true meaning of life.

Through the adventurous journey of the metal world, the darkness of Li Tian gradually heats up.

While practicing, You Anrou will always haunt Li Tian, even if Li Tian has become like a lizard now, You Anrou has repeatedly hinted that Li Tian wants to have some romantic things with Li Tian.

But the kindness of You Yinrou was rejected by Li Tian.

Li Tian didn't want to, but didn't dare!

He doesn't know if his current appearance is only a temporary change or will change permanently. He doesn't know whether his body genes have been completely changed now? Therefore, Li Tian was worried that if he and Youanrou had a haircut, the little guy he would come out would look like him now, it would be really unacceptable.

Therefore, Li Tian could only temporarily refuse.

During this period of time, Li Tian was not idle either. While he was practicing, he was waiting for revenge from the powerful wolf riders. After all, it was Li Tian who occupied the world ruled by the wolf-riding powerhouses, and also embarrassed their watchdog Long Yin, but what Li Tian didn't expect was that he had waited for more than half a year. The strong rider did not appear.

During the past six months, Li Menghu sent many strong men to investigate the whereabouts of the wolf-riding strong men, but the results were not ideal. These strong men did not bring back the news Li Tian wanted, and even some strong men did. I don't know if I want to leave the Yin Continent or the metal world. Many of these strong people have left quietly without reappearing.

In this regard, many powerhouses who stayed in Yin Continent had a lot of criticisms, but Li Tian still went his own way, just seizing the time to let Situ Ningbing and others practice in the secret realm.

During this period, the Beast Boy has also begun to determine the clues of other artifacts. Don't say, the Beast Boy seems to have a certain special ability for the artifact. In half a year, the Beast Boy has even determined the ownership and location of the five artifacts. .

The beast boy came to grind Li Tian whenever he had time, and fiddled with Li Tian every day to retrieve these artifacts.

The wolf rider did not appear, Li Tian could only obey the beast boy's meaning.

But at this moment, the beast master who had been bought by Li Tian from Ningfeng Tower came to Yin Continent alone, and once again went to Li Tian.

The beast master looked very miserable. After seeing Li Tian, he knelt down in front of Li Tian with a thump, "My lord...A very abnormal guy has arrived in the fairyland. We lost the Qingfeng Tower. The other brothers... It's dead! This strong man also has a magical tool, a powerful magical tool..."

Chapter 5004: : Fetish'rules'

Li Tian thought he would not return to the fairyland after he found Tang Xiaolong, but when the beast master told Li Tian that the strong man in the costume was in the fairyland, Li Tian couldn't help but want to go back to the fairyland for a while. A ***** pretending to be strong, who is the most powerful existence.

Of course, Li Tian's goal is a magic outfit, which is one of the twelve artifacts.

Li Tianzheng is back to Wonderland!

As for Li Tian's idea of going back to Wonderland, Beast Boy raised his hands in favor!

In the past six months, Li Tian sent many powerful men to look for the whereabouts of the strong wolf riders, but these strong wolf riders seemed to have disappeared suddenly, and there was no news, so leaving the metal world through the strong wolf riders might not work temporarily. .

The beast boy is worried!

He encouraged Li Tian to ***** other artifacts many times, but Li Tian, a bitch, just stood still, which made the beast boy feel very injured.

Now that's all right, Li Tian is going back to the fairyland to fight against the powerhouse with artifacts. Of course, Beast Boy will not object.

Just as Li Tian was about to leave Yin Continent and return to Wonderland, something suddenly happened at this time, something that caught Li Tian and others by surprise!

Thunder and rain!

That's right, it was thunder and rain!

Since coming to the metal world, Li Tian has never seen thunder and rain!

Endless black clouds rolled up, and the wheel covers the entire Yin Continent.

The pressure of the dark cloud is very low, it seems that you can touch the dark cloud with your hand, but if you want to fly and pass through the dark cloud, it is completely impossible!

Rumble!

Thunder and lightning!

The Yin Continent was shrouded in endless darkness, and the lightning and thunder in the dark clouds looked extremely dark and hideous!

Click!

A giant lightning flashed across the sky, as if it was cutting through the dark cloud, instantly illuminating the entire Yin Continent. After passing through the thick dark cloud, this lightning fell on the Yin Continent again!

boom!

The area of Yin Continent struck by lightning shook violently. Then, a large crater with a diameter of more than seven or eight meters appeared on the land of this continent, and the metal around the large crater was also bombarded by the lightning. Crimson.

Hey!

The powerful electric current swims in all directions from around the big pit, and travels rapidly along the huge metal continent of Yin Continent, and finally disappears into the endless darkness!

Metal world!

Metal continent!

These metals are strong conductors, and the lightning falling in the sky can pass almost half a continent before finally disappearing.

From the time the first lightning appeared, the dark clouds began to fall continuously, and every lightning would hit the land of the metal continent, and a deep pit would be blasted out. Looking around, the entire sky is full of such powerful Lightning, these lightnings seem to form a huge net, covering the entire Yin Continent.

Rumble!

The thunder continued from far to near, and then exploded in the ears.

The number of lightning gradually decreased, and at this time rain began to rain in the dark clouds.

Huh! Huh! Huh!

The raindrops fell from the sky and hit the land of Yin Continent, and there was even a clinking sound.

But the moment after the raindrops fell on the ground of the metal continent, there was this belching sound from the rainwater on the metal land. The rainwater has a strong corrosive effect and has chemically reacted with the metals on the land, and is constantly bubbling. .

Super domain master-level powerhouses are constantly flying up, seeming to want to escape from Yin Continent, but... these powerhouses are suspended in the midair of the cave, avoiding the lightning attack, but not avoiding the rain. Attack.

These super powers, once they get wet by the rain, their bodies will soon be melted and turned into bones.

Then these bones will be melted again in the raindrops falling behind, making a clicking sound, and finally disappearing completely.

"It turned out to be strong acid!"

Seeing this scene, the expressions of Situ Ningbing and others who were hiding in the miraculous cave of Yin Continent changed!

Who would have thought that what fell from the sky turned out to be strong acid!

Unlike the acid rain on the earth, this is completely aqua regia, it is concentrated sulfuric acid!

No, even more terrifying than aqua regia and strong sulfuric acid!

The beast boys and the powerful spirit clan who are also hiding in the cave have serious expressions on their faces at this time. It can be seen that these natives are extremely afraid of this strong acid rain.

"Beast boy, has it ever happened in the metal world before?" Li Tian asked with a frown.

This is the first time Li Tian has encountered this kind of weather in the metal world for more than 20 years. Fortunately, the beast boy predicted this kind of ghost weather in advance and strongly urged Li Tian and others to hide in the Yin Continent's miraculous cave. Maybe It is that the miraculous cave has a certain powerful force. Lightning did not fall on this mountain range, and there was no strong acid falling in the sky of this mountain range. It is precisely because of this that Li Tian and others could stand in the cave unharmed and watch the others. The strong are struggling and die!

The beast boy stood at the entrance of the cave and looked at the distant sky with a dignified expression on his face, but he was puzzled, and said: "This is not a vision, it should be an artificial act!"

"Artificial? How is this possible? Even a demigod can't control the weather, right?"

"Aren't we never seen a demigod, even a demigod doesn't have this powerful strength, right?"

"Does there still exist demigods in the metal world? This is totally unreasonable! Beast boy, do you know something?"

This sentence of Beast Boy was too shocking. Li Tian, Situ Ningbing, Ye Meijing and others asked in surprise.

At this moment, Bull Head Sword, who has not spoken, took the stubbornness and said with a serious face: "You are all foreign testers, so you stopped staying in the metal world, also to improve your cultivation. Many strong people are doing cultivation. After ascending, you will choose to leave the metal world, so your understanding of the metal world is also half-knowledge."

"Let me talk about it!" The Beast Boy seemed to be thinking about how to explain the matter. In the end, he decided to start from the beginning. "Every world has a mythical story of every world, and there will be every The myths and legends of the world, the metal world is no exception."

"The legend of the metal world has gone through several important periods, called the ancient times, the age of the gods, and the dark age. In the age of legend, only the fairyland in the entire metal world has human civilization. These human civilizations are just like you. They are all human cultivators."

"With the awakening of the talents of human cultivators in the fairyland, the cultivation of these humans has gradually improved. These people are not satisfied to stay in the small world of the fairyland and begin to explore the unknown world... Then the humans discovered the twelve regions. , I also discovered a way to use some metals in the twelve regions to improve their cultivation. The cultivation of these cultivators has advanced by leaps and bounds, and mankind has entered the age of the gods. The legendary metal world of the age of the gods is half god, quasi Gods are not considered gods, and these gods have also begun to create all kinds of magical things. According to legend, our three major races were created by the gods."

"Human hearts are endless, so is the same with gods! The metal world has entered the age of the gods, and these gods have begun to find a way to leave the metal world. According to legend, the gods have created a treasure with supreme divine power, which is called the 'rule' It's just that after the gods created the "rules", they didn't seem to use the "rules", and then the gods of the metal world disappeared at the same time, mysteriously missing."

"After that, the metal world entered the dark age, which is now the age, an age without gods!"

Chapter 5005: :Goodbye, Li Tian!

In the earth world, there is Noah's Ark in the myths of certain western countries.

Myths, after thousands of years of circulation, can only be described by legends who can't tell the truth.

The history of the metal world has a long history of civilization than the earth world. The dark age alone has a history of at least several million years. No one can confirm whether the 'rules' of the gods really exist, and now Yin This phenomenon that can't be explained by common sense in the sky above the mainland seems to be equally appropriate to explain it with the 'rules' of the gods!

Rumble!

The sound of thunder still came from the sky, and the thunder and strong acid rain never stopped.

But at this moment, Li Tian and others suddenly discovered that the thick dark cloud flew to both sides at this moment, as if the dark cloud was cut open by a peerless king.

And when the dark clouds flew to both sides, a cloud of light gradually appeared on the entire sky curtain, which was out of sight!

This group of light instantly illuminates the entire Yin Continent, just like day!

"Look, what's that?" Suddenly, Ye Meijing beside Li Tian pointed to the sky in surprise and shouted.

Following Ye Meijing's fingers, everyone saw that there was a soft light in the thick dark cloud. This soft light was not very conspicuous when it was wheeled in the thick dark cloud, especially when there was lightning and thunder. The soft light is easily overlooked, but now the dark clouds have gradually dispersed and turned into a cloud of gray and white. The soft light is very conspicuous.

More importantly, this group of soft light was still floating, floating towards the sky above the mountain where Li Tian and others were.

It is very big. When looking from a distance, this group of soft light seems to be the size of a fist, but when this group of soft light floats over, Li Tian and others suddenly discovered that this group of soft light is actually very big, let alone the sky above the cave.

Rumble!

A burst of thunder sounded from the soft light, which gave Li Tian a different feeling, as if the thunder sound was the roar of the engine of the 'rules' of the gods.

Occasionally, lightning flashes in this white light. Once the lightning flies out of the white light, it will immediately become a lightning dragon, and then fall on the ground without any suspense. Pass a big hole!

Hey! Electricity is still flowing on the ground!

At this time, the spot of light that appeared in the darkness of the sky gradually turned into a white beam of light, which fell from the sky and finally landed on this white light. This beam of light looks like a passage from a distance, and it can be clearly felt that the outer circle of this beam of light is shining with white light, but the middle is actually hollow!

"This, what exactly is this?"

At this moment, Beast Boy, Bull Head Sword and others also looked at each other at a loss.

At this moment, someone suddenly pointed to the white light and shouted: "Look, there seems to be someone in the white light..."

Everyone's pupils dilated involuntarily!

Sure enough, some shadows appeared in this white light!

These shadows are looming, but they can already be seen. These shadows are creatures with four legs, and they look like a fierce beast.

"Could it be... a powerful wolf rider?" Situ Ningbing said suddenly.

There are a lot of four-legged creatures in the metal world, but it seems that only wolf riders can be closely related to the Yin Continent.

Rumble!

The thunder in the white light is getting louder and louder!

Click!

A flash of lightning flew out of the white light, and instantly rang in the ears of Li Tian and others.

At this moment, a shadow suddenly entered the beam of light from the white light, and then lightly began to fly towards the spot of light in the sky through the beam of light!

"This this....."

"Could it be..."

"impossible....."

Almost everyone's sights were shocked by the sudden appearance of this picture. Everyone stared at the sky dumbfounded, but at this time they had an idea in their hearts at the same time, that is, these powerful wolf riders seemed to be after destroying the Yin Continent. Leaving Yin Continent, leaving the metal world!

Whoosh!

Li Tian's figure jumped out of the cave in an instant, and flew towards the white light!

"Lee..."

Situ Ningbing followed Li Tianfei out, and then Tang Xiaolong, Ye Meijing, Xingchen Xiaoyue, Beast Boy, Meat Ball, Firewood, many Sea-Monster tribes, and powerful spirit tribes all chased them out because they agreed This is the powerful wolf riders using the fetish'rules' to leave the metal world!

If Li Tian and others want to leave the metal world, now is the best time for them to ***** the 'rules' of the gods!

The red wing ***** outfit appeared behind Li Tian instantly, and Li Tian was the fastest!

Click!

A flash of lightning suddenly fell from the sky, and it hit Li Tian directly!

How fast the lightning was, but even so, the red wing ***** behind Li Tian turned around and easily avoided the lightning.

"Be careful!" Li Tian reminded him.

However, when Li Tian yelled this sentence, the lightning had already fallen, and the three Sea-Monster clan powerhouses had no time to evade, and they disappeared completely by the lightning strike, and there were no bones left. , But the lightning disappeared after smashing several Sea-Monster clan powerhouses, and did not continue to fall, falling on the mountain where the miraculous cave was located.

From the beginning to the end, the mountain range where the miraculous cave is located, there hasn't been a flash of lightning. Li Tian guessed that this should be the reason for the miracle.

Click!

A lightning bolt fell from the sky!

This lightning bolt has at least the thickness of a bucket. Even if you are tens of meters away from the lightning, you can feel the terrifying power contained in the lightning.

At this moment, Li Tian thought of a word: Heavenly Tribulation.

It was like the catastrophe faced by the demigod that soared by day.

If this lightning strikes an ordinary superdomain master-level powerhouse, this superdomain master-level powerhouse will be the same as the other clan powerhouse who was struck by lightning just now. There will be no dead face bones left, even if this Lightning fell on these super-powerfuls such as Li Tian or Beast Boy, and they might suffer severe damage if they were not dead!

Li Tian didn't dare to take it lightly. He worried that if these brothers and women behind him would accidentally be struck by the lightning, then the consequences would not be something Li Tian was willing to bear. He turned to face the crowd flying out of the cave. Yelled: "Go back! Let me come alone!"

No one wants to make jokes about life, and these powerhouses are no exception. Situ Ningbing and others turned around and flew back into the cave.

Li Tian speeded up and flew towards the white light!

Standing on the ground, it seemed that the white light was not far away from him, but when it really flew, Li Tian knew that it was not easy to fly near the white light, especially when he had to face it. Intensive lightning bombardment!

Looking up, there were at least a dozen shadows in the beam of light, and those shadows were slowly flying towards the light spot in the sky. At this moment, a familiar voice came from the white light: "Goodbye, Li Tian! I am waiting for you in the God Realm..."

Chapter 5006: : Back to Wonderland

Long Yin!

This is the voice of Long Yin!

Li Tian, who was flying in midair, was shocked. At this moment, Li Tian could only look at the sky in astonishment, and even forgot to continue flying to the 'rule' of the artifact!

Tang Xiaolong, the vicissitudes of life, and the stars in the cave were completely shocked. They looked at each other with expressions of disbelief.

After a while, there was a sound of discussion in the cave.

"Nima, it turned out to be a ***** like Long Yin!"

"Let me go, when did Long Yin, a bitch, get entangled with the wolf riding powerhouse again?"

"Is this the rhythm of skyrocketing?"

"It has only been more than half a year before and after being beaten as a dog last time. This bitch's cultivation level has actually broken through to the ninth-level peak of the superdomain master?"

"Too Nima is awesome, how did this grandson cultivate? Isn't he taking aphrodisiacs?"

"Fuck, last time Master Li Tian was kind and soft, and his benevolence made Long Yin escape. I didn't expect that Long Yin would reach the demigod state earlier than Master Li Tian..."

Situ Ningbing looked at Li Tian's figure floating in midair with some worry.

Long Yin is the guy stepped on by Li Tian, but this guy seems to be Xiaoqiang who can't be killed. Now standing on the top of the metal world again, Situ Ningbing is really worried that Li Tian's state of mind will be caused by Long Yin's sudden reappearance. Make a change.

At this time, Li Tian was shocked besides being surprised!

"how is this possible?"

This is Li Tian's first thought.

Half a year ago, it was on this continent that Long Yin was abused into a dog by himself, and his cultivation level had fallen to the early stage of the super domain master level.

But in a blink of an eye, Long Yin's cultivation realm returned to the ninth-level peak of Transcendent Master once again, which was faster than Li Tian's cultivation on the top of Miracle Mountain.

At this time Li Tian even started to doubt life a little!

The most important thing is that what Long Yin said just now, is Long Yin about to enter the God Realm now? Is it about to break through to the demigod realm soon?

In an instant, Li Tian adjusted his mentality.

Li Tian felt incredible, but this was a fact before his eyes. A person has a person's destiny and fortunes. The entire universe cannot revolve around Li Tian alone. Li Tian is not only the protagonist of the whole world. Since Long Yin has already come in front of Li Tian, Li Tian can only adjust his mentality. , Practice hard, leave the metal world as soon as possible, and break into the half-god realm as soon as possible.

call!

Li Tian let out a sigh of relief, seeing that Long Yin was about to fly into the God Realm, he was a lot more relaxed, as if he had an extra goal in his heart, instantly full of power.

In the beam of light, those figures kept floating upwards, and finally disappeared completely in the white spot of light. What is certain is that those figures that disappeared in the spot have left the metal world!

Li Tian can see Long Yin's figure, and even see Long Yin smiling at Li Tian! Looking at the figure of Long Yin in the beam of light in the sky, he thought to himself: "Okay, then we will see you in God Realm!"

Soon after Long Yin's figure disappeared, more than a dozen figures gradually disappeared.

And after all these figures disappeared, the light group floated up slowly, and finally disappeared together with the light spots in the sky. Thunder, lightning, and dark clouds also disappeared completely, and the metal world fell into Endless darkness.

Long Yin and wolf riders have all disappeared, and the world has returned to calm again!

Tang Xiaolong and others all flew to Li Tian and surrounded him.

Situ Ningbing, You Yinrou, Xingchen Xiaoyue and others surrounded Li Tian caringly.

Li Tian smiled slightly and turned to the crowd and said: "The wolf riders still left the metal world. It seems that my plan of 'mantis catching cicadas' has failed. Now we want to leave the metal world. There seems to be only one way to go. It's..."

A trace of excitement appeared on the face of Beast Boy, "Is it finally going to start?"

"That's right! Beast boy, tell me all the whereabouts of the artifacts you know, all twelve artifacts will belong to me, Li Tian!" Li Tian said firmly with his eyes.

"Little boss, I want to be with you..."

"And me! I'll go too!"

"Haha, kill, kill, kill! We are finally going to kill again!"

Tang Xiaolong, Sea-Monster Clan, and Qi Ling Clan were all excited, but Li Tian directly rejected their request to fight!

"The beast master will follow me, and the rest of you are practicing in the miracles of Yin Continent, hurry up and practice together! Those who can cultivate to the ninth level of the super domain master, don't leave me at the beginning of the ninth level of the super domain master. The cultivating Superdomain Master's eighth-level realm, don't leave me at the Superdomain Master's seventh-level peak! When I return to Yin Continent again, it will be the moment we leave the metal world!" Li Tian said.

...

wonderland!

The powerhouses in Wonderland really feel like they are getting too bad, otherwise how could their fate be so sad?

First, the Great Demon King Li Tian came to the fairyland and beheaded the strong men of Qingfeng Tower and Holy Beast Hall, killing others and gaining power. The powerhouses of Wonderland pretended to be grandchildren, and finally sent Li Tian this great devil away, but it didn't take long before another powerhouse who was not much worse than Li Tian came!

The same artifact powerhouse!

The same glory!

The same majesty!

No, this powerful artifact is more cruel than Li Tian.

At least Li Tian still made sense and released the slaves in Qingfeng Tower.

But what about this powerful artifact?

The paralyzed guy was cruel, and the strong man Li Tian stayed in the Qingfeng Tower, except for the beast master, escaped, everyone else was killed by this guy. As for the other powerful forces in Wonderland, if there is a slight intention to disobey this guy, this guy will completely eradicate these forces without hesitation and uproot them.

The current fairyland is where everyone is in danger, no one dares to disobey the meaning of this magical powerhouse.

Moreover, all forces in the fairyland now have to surrender to this powerful sacred tool, and must make offerings according to the will of this powerful sacred tool. Women, women, women... Of course, even if you don't make the offerings on schedule. , This powerful artifact will always visit the major forces for various reasons, as long as he sees the woman he likes, no matter who the woman belongs to, he will be rude, and talk about it later!

And this animal has even more perverted behaviors. This animal is especially obsessed with the two **** of meat on women's breasts. Once the animal gets excited, it will eat them all day, and will give the two **** of meat to the woman under his crotch alive. Bite it down, eat it!

What's even more crazier is that this guy absolutely does not allow anyone to escape from his hands. As long as he shows the meaning of wanting to escape from the fairyland, this guy will take his group of mad dogs with him and take this whole All the forces were killed, and the fairyland fell into terror, and those forces in the fairyland even began to expect Li Tianneng to return to the fairyland soon.

It was in this situation that Li Tian took the beast master back to the fairyland!

Chapter 5007: : Find the target

Many cultivators who came to the metal world to practice are actually very hard. If they are not careful, they may become the slaves of others, they may become food for other races, and they may lose their lives. Therefore, Many cultivators with lofty ideals and ambitions will be severely slapped in the face by the ruthless reality when they come to the metal world. After slaps again and again, many of these cultivators will die in this endless dark world. There are many people who will choose to escape back to their world. Only a few cultivators will emerge suddenly and become the most powerful existence in the metal world, while more cultivators will persist in hard work and stay in the metal world forever. I hope my cultivation realm can break through to the super domain master's seventh-level pinnacle as soon as possible, and then return to their world to start acting.

There are many people who are pressing hard, and Jin Zhongtian is one of them!

Ten years ago, Jin Zhongtian and Long Yin came to the metal world together and began their journey of training in the metal world, but when they came to the metal world, they met the wolf riding strong, and then Long Yin followed the wolf riding strong Became the master of Yin Continent, and the other three practitioners began to live a precarious life of cultivation.

Worse still, the few of them were quickly separated.

Jin Zhongtian felt that he was like a bereaved dog, fleeing everywhere, hiding everywhere, just to survive.

After that, Jin Zhongtian went to the miracle of Ugly Continent, where the miracle was, Jin Zhongtian met a noble man in his life, the cultivator who possessed the mid-level ninth level of Transcendent Master, for Ba Jie, the strong man, Jin Zhongtian gave his own chrysanthemum without hesitation.

After presenting the chrysanthemum, Jin Zhongtian began to be sheltered by this super domain master ninth-level mid-level strong man, and he was able to get the guidance of this big man, and even looted some super domain master-level strong men. Given the strong crystal to him, Jin Zhongtian's cultivation realm began to improve rapidly. Jin Zhongtian believes that it will not take 20 years for his cultivation realm to reach the peak of the seventh level of the superdomain master. Then he can look for it. Long Yin and other people can leave the metal world.

It's a pity that when Jin Zhongtian's cultivation level reached the early stage of the fifth level of the superdomain master, the man behind him had reached the peak of the ninth level of the superdomain master. This is known as the bronze hammer saint. The guy wants to leave the miracle and go to the fairyland to create a piece of his own world, and the bronze hammer saint also brought Jin Zhongtian to the fairyland.

However, what Jin Zhongtian didn't expect was that on his way to Wonderland, the Bronze Hammer Saint encountered a super abnormal existence, a super powerhouse with a divine tool. The Bronze

Hammer Saint at the ninth-level peak of the Super Domain Lord is not that guy's opponent. The Bronze Hammer Saint who doesn't want to die can only succumb to this artifact powerhouse.

Then Jin Zhongtian followed the bronze hammer sage, followed the divine weapon powerhouse to the fairyland.

Jin Zhongtian wanted to climb up. He always wanted to become stronger and stronger, and he would return to the Nether Realm after his cultivation level reached the seventh level of Transcendent Master. When he became the Great Elder of the Dark Organization, he even thought of it. Present again the chrysanthemum for the miraculous man.

It is a pity that this powerful artifact is only interested in female sex, and Jin Zhongtian's act of offering chrysanthemums disgusts this powerful artifact.

The powerful artifact was angry and almost killed Jin Zhongtian.

As the man behind Jin Zhongtian, the Bronze Hammer Sage interceded for Jin Zhongtian at this time. Only then did the powerful artifact forgive Jin Zhongtian's life, but the price was that Jin Zhongtian would be a artifact within ten days. The strong seeks a superb beauty in the immortal territory to dedicate to the magical strong, in exchange for his dog's life.

Lieyan's job is not easy to do!

Especially after many beauties in the immortal realm have been ruined by the powerful artifacts, the powerhouses of the major forces have now hidden their female families, leaving only some women who seem to affect your appetite. The difficulty of finding beautiful women in this environment can be imagined.

"It's been seven days. If I can't find it anymore, then I will be in danger!" Jin Zhongtian was walking on the streets of the fairyland, looking around with his head down and looking bitterly. The figure that moved his heart.

In these seven days, Jin Zhongtian saw only one woman who could still see, and then... this woman became Jin Zhongtian's (sex) slave. Don't ask why, since she works for the powerful, Moreover, he lived a precarious life, and Jin Zhongtian could not treat himself wrongly.

Of course, it's just a woman of this kind. Jin Zhongtian can play by himself. If you give a woman of that kind to a powerful artifact, Jin Zhongtian believes that he will definitely die.

Therefore, Jin Zhongtian has to continue to find the right woman!

"It's getting harder and harder to find beautiful women in the fairyland now. Do you want to risk lurking into other forces to find the female family members hidden by the major forces? With such a low cultivation base, maybe I haven't had time to sneak in, and I will be discovered by the strong from other forces. I am afraid that I will be killed by those strong." Thinking of this, Jin Zhongtian was inexplicably annoyed.

At this moment, a figure suddenly flashed across the crowd in the street market!

Ok?

Jin Zhongtian suddenly discovered that this figure was so familiar, he seemed to have seen this person somewhere.

"Where did I see this guy? Why can't I remember it suddenly?" Jin Zhongtian looked at the figure of that person and thought in his heart. Suddenly, Jin Zhongtian's eyes widened involuntarily, "It's him! How could he appear in the metal world?"

Jin Zhongtian had already remembered that when Yecheng Huangzun's kingdom was destroyed, and Li Tian went to save Yecheng Huangzun and the others, he had seen this guy, "Yin Mo Yin Niu! I didn't expect this guy to cultivate now. The Wei realm has reached the sixth-level pinnacle of the Super Domain Master, which is a bit higher than my cultivation realm..."

Jin Zhongtian quietly followed.

"Could it be that Li Tian has also come to the fairyland?"

Jin Zhongtian quickly rejected his idea.

Before coming to Wonderland, Jin Zhongtian had heard of the notoriety of the Red Wing God costume Li Tian.

After arriving in the fairyland, the magical powerhouse almost wiped out all the powerhouses that Li Tian left in Qingfeng Tower. The hatred between the master of the red wing divine outfit and the magical powerhouse had already arisen. If Li Tian was in the fairyland, he could not help but look for it. The artifact powerhouse settled accounts.

Digging into a small alley, Jin Zhongtian followed the Yin Mo Yin Niu.

Ahead is a small courtyard with endless lows, which is a slum in the fairyland.

"Yeah, why should I keep my gaze on the street? Maybe there are beautiful women in this area!" Thinking of this, Jin Zhong listened to a smile involuntarily on his face. He looked at the evil spirit. Yin Niu walked a few steps quickly and looked around, but did not find Jin Zhongtian, causing the figure of Hou Yin Mo Yin Niu to flash into the small courtyard in front of him.

"This guy is just a ghost beast, and not a pretty girl. As for such sneaky? Could it be Jinwu Cangjiao..." Jin Zhongtian suddenly thought of a possibility, with a sneer on his face, followed by Yin. Mo Yin Niu walked into the courtyard behind him.

Chapter 5008: : True or false

It has been months since Li Mu came to Wonderland!

He came to the fairyland after hearing the rumors about Li Tian, the owner of the Red Wing God Costume, only when Li Mu brought Sanlu Shulan, Purple Flame Thunder Bear, Earth Evil Sky Eagle, Tian Gang Flame Raccoon, Yin Mo Yin Niu and everyone. When he came to the fairyland, Li Tian had already left the fairyland and went to the Yin Continent!

It was confirmed that the owner of the Red Wing Divine Costume was his father Li Tian, so Li Mu and others were ready to leave the fairyland immediately and go to the Yin Continent to continue searching for Li Tian and Tang Xiaolong, but they hadn't had time to leave before the magical powerhouse had arrived in the fairyland, And swept through the fairyland with absolute strength and dared to challenge all the ninth-level super domain masters who ruled the fairyland.

In this way, Li Mu and others were temporarily trapped in the fairyland.

Li Mu and others tried to leave several times, but there was Sanlu Shulan, a beautiful girl, and they couldn't forcefully break through the encirclement. After several attacks, Li Mu and others did not

find a suitable opportunity to leave the fairyland, so they had to temporarily rent here. The shabby courtyard is waiting for the opportunity to make long-term discussions!

"It's all my fault..." Sanlu Shulan looked at Li Mu and muttered to herself in a low voice.

Li Mu stretched out his arm and hugged Sanlu Shulan, smiled slightly and said: "You must not blame yourself, this is not your fault, wait for the Yin Mo Yin Niu to come back and we will discuss it! If there is really no chance to go together, then You stay here first, and I will look for my father."

Speaking of Li Tian, a touch of embarrassment flashed across Sanlu Shulan's face, and she whispered: "I don't know if Master Li Tian will accept me... Sometimes I really want to stay in the metal world forever, here. Without the super **** family, there would be no enmity between the Sanlu family and your father's army." Sanlu Shulan paused for a while, looked up at Li Mu, and asked affectionately: "Li Mu, if... I mean if one day we can return to the Netherworld, then if Lord Li Tian and the Sanlu Super God Family clashed, how would you choose?"

Li Mu stretched out his hand and stroked Sanlu Shulan's head and said: "Let the elders resolve the grievances of the elders..."

"Haven't you ever thought of turning fighting into jade? Whether it's Li Tian or my father, whoever is hurt, we won't feel good if we are caught in the middle, so Li Mu, can you promise me if we can? Must stop the conflict between Lord Li Tian and the Sanlv Super God Family, okay?" Sanlv Shulan said.

During the years in the metal world, Li Mu rescued Sanlu Shulan from the death ***** many times. Because of this, the relationship between the two gradually became harmonious and they finally came together. Sanlu Shulan was Li Mu's first. This woman is also the only woman in Li Mu so far. Li Mu still dotes on Sanlu Shulan, but once the relationship between his father Li Tian and Sanlu's supershen family is involved, Li Mu is a bit blinded.

In the Netherworld, it was the Sanlv Super God family who was embarrassing Li Tian everywhere, and it was the San Lu Super God family who wanted Li Tian's life. Li Mu knew that even he might not be able to stop his father Li Tian's revenge and anger, so he didn't Willing to answer this question from Sanlu Shulan.

At this moment, Li Mu suddenly felt a slight energy fluctuation in the courtyard outside the window, followed by the three uncle-level powerhouses, the purple flame thunder bear, the Tiangang flame raccoon, and the earth evil sky eagle, who were practicing in the next room. He rushed out of the room and fell into the courtyard!

"There seems to be someone, you hide in the room and don't move, I'll go out and have a look first!" Li Mu said.

When he walked out of the room, Li Mu saw that Ziyen Thunder Bear and the other four had surrounded a fifth-level super domain master in a courtyard that was only tens of square meters.

"Who are you? Why do you want to follow the old bull sneakily?" Ziyen Thunder Bear, who already possesses the seventh-level pinnacle realm of Transcendent Master, stared at Jin Zhongtian angrily, and asked coldly.

Jin Zhongtian did not expect that he had just entered the small courtyard with Yin Mo Yin Niu, and he was immediately discovered by Yin Mo Yin Niu, and then instantly he was surrounded by four

super domain masters, and these four super domains The main level powerhouse, except that Yinmo Yinniu is the fifth-level mid-level realm of the superdomain master, the other powerhouse cultivation bases are all the mid-level 7th-level superdomain master or its seventh-level peak realm.

"Don't get me wrong, don't get me wrong, I have absolutely no malice!"

Li Mu walked out of the room, the Yinmo Yinniu Super Domain Master looked at Li Mu, and said, "Mu kid, what to do with this kid!"

"Kill him!" Li Mu said coldly with a flash of light on his face.

"Don't...don't...I have seen you all, you are all from the Netherworld, right? I am also from the Netherworld, my name is Jin Zhongtian, and I am a core member of the dark organization! By the way, Long Yin is my good brother, He is also in this secret realm now. Long Yin and Li Tian are the best brothers, you should trust me now!" Jin Zhongtian waved his hand quickly and explained.

In a word, all the people present were surprised.

"Do you know Long Yin?"

"Of course, we came to this secret realm with Long Yin at the beginning, but... hey, luck is not good, we met the super strong when we first came to the metal world, and we were also broken up. But I know that Long Yin is now It should be in Yin Continent, and Master Li Tian seems to have gone to Yin Continent half a year ago. Maybe they are together now!" Jin Zhongtian paused, glanced at the window of the main house, and entered the courtyard. Although it only took less than a minute, the graceful figure that flashed by in the front room proved that his guess was correct. There was indeed a woman in this small courtyard. Jin Zhongtian rolled his eyes and continued: "The current fairyland is big. Not as good as before, I don't know why several people stay in the fairyland instead of going to the Yin Continent to look for Lord Li Tian?"

"Hey, we..."

Cough!

Before Yin Mo Yin Niu's words were finished, he was interrupted by the cough of Tian Gang Yan Li, "Since you and Long Yin are good brothers, then why don't you go to Yin Continent to look for Long Yin? It is said that Long Yin is in Yin Continent now But it is equivalent to a dominant existence!"

Jin Zhongtian sighed and said: "Hey, it's a long story. It's not that I don't want to leave, but that I can't leave at all. It is really not easy for a cultivation realm like me to survive in the metal world. Don't say leaving the fairyland to the Yin Continent. Since everyone is from the Netherworld, then I will not hide it from you. I am now a slave to the powerful artifact. I am responsible for finding beautiful women for the powerful artifact. If I show a slight desire The thought of leaving the fairyland, I will be easily beheaded by the powerful magical weapon!"

This is not false, and Jin Zhongtian seems to be quite sincere.

"What about you? If you want to leave Wonderland, it shouldn't be difficult. If there are any difficulties, maybe I can help you solve some..."

Chapter 5009: : Defensive heart

Jin Zhongtian's tone was very sincere, but he didn't finish what he said. When he saw everyone there were still doubts, Jin Zhongtian continued: "I'm not helping you for free. You must know that I am only the lowest level under the power of the artifact. Existing, I also need to bear certain risks when I help you, so I hope that after you get out of trouble, if Lord Li Tian can return to the fairyland again, please save me from the tiger's mouth!"

Li Mu looked at Jin Zhongtian. He couldn't see any fraud from the expression on Jin Zhongtian's face, but Li Mu politely declined, "Thank you for your kindness. We have no plans to leave Wonderland for the time being, since you are Long Yin. My friend, if my father returns to the fairyland again, then I will definitely ask my father to save you!"

A trace of dissatisfaction flashed in Jin Zhongtian's eyes. He did not expect that he said so sincerely that Li Mu was still guarding him like a thief.

In fact, Jin Zhongtian had heard of Li Tian's legend. He also knew that Li Tian's current cultivation might not be weaker than the magical weapon. He was unwilling to take the woman hidden behind Li's curtain, but left it to Jin Zhong. The days are running out. He only has a few days to find other beauties. If he can't find the right one, he will die.

Therefore, Jin Zhongtian can only make a desperate bet now, and walk to the black one by one.

However, Jin Zhongtian can stand out from the hundreds of people in the dark organization, not only because of his cultivation strength, but also because of his xinxing.

The expression on Jin Zhongtian's face remained as usual, and he nodded slightly, and said: "If this is the case, then I won't bother you. If you need my Jin Zhongtian's help, you can come to Qingfeng Tower to find me... "

Jin Zhongtian did not stay for a long time again, and exchanged a few words with Ziyang Thunder Bear and others before turning around and leaving the courtyard.

After Jin Zhongtian left, Yin Mo Yin Niu frowned and said: "Jin Zhongtian is willing to help us, why don't I ask him for help? I don't think he is malicious! Do you think he is not credible?"

Tiangangyan raccoon smiled slightly, and said softly: "I don't think this person is worthy of trust. Of course, the people who are secretly organized may not be trustworthy! The premise of encountering old knowledge in another country is that this is old knowledge, not the original festival. People, the dark organization is the leader of the Super God family in the Netherworld. They are not distracted by Li Tian, so I support Li Mu on this point!"

"Then I don't understand. Since the dark organization is the leader of the super **** family, and Sanlu Shulan is a member of the super **** family, he will never sell Sanlu Shulan, right?" Yin Mo Yinniu is puzzled. To say.

"Hehe, if this is the Netherworld, Jin Zhongtian would definitely not dare to have any thoughts against the Super God family. It is a pity that this is a metal world, and the tentacles of the Super God family can't touch here, and Jin Zhongtian just now What has been said is very clear, he is now looking for beautiful women for the powerful artifacts, and if he chooses between his own life and the life of the super **** family Sanlu Shulan, I am sure he will choose to sell Sanlu Shulan!" Di Shatian Eagle said.

Li Mu nodded slightly, and continued: "Let's stay in Wonderland for the time being according to the previous plan, and wait for the opportunity! The powerhouses who stayed in Wonderland by Father Father have been wiped out for more than half a year, Father Father will not sit idly by. Let's wait here for another month. If Father Father hasn't come to Wonderland in one month, then we will leave Wonderland again!"

Li Mu's thoughts were very conservative, but things did not develop in the direction he expected. After Jin Zhongtian left the small courtyard, he immediately returned to the Qingfeng Tower and found his man, Bronze Hammer Sage.

"Bronze Hammer Sage, this time you must help me anyway!" Jin Zhongtian made a charming expression, and said with a grieved expression on his body, leaning on the Bronze Hammer Sage.

The stinky shameless Bronze Hammer Sage is also an animal that thinks in his lower body. He also particularly likes Jin Zhongtian, a hippy and fleshy guy. When he is so provoked by Jin Zhongtian, the Bronze Hammer Sage immediately feels something in his lower body. Unspeakable excitement, he reached out from behind with one hand and grabbed Jin Zhongtian's two arms, pressed his lower body against Jin Zhongtian's buttocks, swallowed his saliva, and grabbed Jin Zhongtian's head with the other hand. Tugged hard to his mouth, sneered and said: "You little ** can't seduce the magical powerhouse, and now you want to let me help you like this? Do you think too much of yourself?"

Jin Zhongtian was in pain, but he didn't scream, instead he panted, "I just like to watch you jealous! Just say you can help me? The magical powerhouse only gave me ten days. Now The time left for me is running out. Would you like to watch me be beheaded by a powerful divine weapon, and there will be no way to serve you from now on?"

"Hey, Xiao**, what exactly do you say needs my help? Have you found the right target, but you don't have the strength to do it?" The Bronze Hammer Saint stretched out his tongue and licked Jin Zhongtian's cheek, Asked with an obscene smile.

"You still know me as a saint."

"What is the level of the opponent's cultivation? If the little ***** is the original great power in the fairyland, I advise you to save this heart. Except for the powerful artifacts, the powers of these major forces will not Put my bronze hammer saint in his eyes!" said the bronze hammer saint.

"Don't worry, adults, it's definitely not the major forces in the fairyland. Their cultivation level is below the eighth level of the super domain master, so as long as the adults do it, there will never be any problems!" Jin Zhongtian said with a charming smile.

The caution of Li Mu and others convinced Jin Zhongtian that there was a beautiful woman hidden in the small courtyard.

But Jin Zhongtian didn't want to offend Li Mu and others, so he went to the courtyard once to celebrate the bronze hammer saint.

With the strength of the bronze hammer saint's cultivation base, Li Mu and others can definitely be deterred, and they can also enter the room to confirm whether the beauty exists.

If confirmed, then the Bronze Hammer Saint can take action and plunder the beautiful women, and his task of finding beautiful women for the powerful artifact can be completed.

If there is no beauty, then Jin Zhongtian can also come forward at that time to resolve the conflict between the bronze hammer saint and Li Mu and others, and he can also forge a good relationship with Li Mu and others. Then if he can live and wait until Li Tian If he returns to the fairyland again, this good destiny may save his life.

After listening to Jin Zhongtian's words, the Bronze Hammer Holy One fully agreed.

"Hey, just give me this kind of thing. I don't want to watch you just like that. Come... Give me pleasure, take care of me, and when I'm comfortable, go right away. That little courtyard..." Before the words were finished, Jin Zhongtian suddenly heard from the room!

Chapter 5010: : Mayfly shakes the tree

It happened suddenly!

Li Mu, Ziyang Thunder Bear and others never thought that the small courtyard in the slum where they were hiding would be spotted, and it turned out to be a super domain master's ninth-level powerhouse who was staring at them!

The sudden intrusion instantly disrupted the deployment of Li Mu and others!

Purple flame thunder bear, earth evil vulture, Tiangang flame raccoon, Yinmo Yinniu, and Li Mu, each of the five super domain master-level powerhouses is like an enemy, staring nervously at the intruder. , As long as the intruder makes slight movements, these five superdomain master-level powerhouses will definitely pounce on them, and work together to encircle the intruder.

Fortunately, there is only one intruder. At least Li Mu and others have an advantage in number. Unfortunately, the intruder's cultivation has reached the ninth level of the super domain master, even if they are five super domain masters. Together, they will not be the opponent of this intruder!

This person who broke into the slum, Li Mu and others to rent a small courtyard is no one else, but is Jin Zhongtian's old friend and good bronze hammer saint!

"Please leave here immediately..."

Before Li Mu's words were finished, he was interrupted by the bronze hammer saint with a sneer, "Hey, it seems that you haven't figured out the situation. Now the fairyland is the world of the magical power, and I am the magical power. Followers, how dare you tell me the Holy Bronze Hammer to leave?"

Upon hearing the words of the powerful divine weapon, Li Mu only felt his head buzzing for a while, and subconsciously wanted to glance in the direction where Sanlu Shulan was hiding, but Li Mu's thoughts only flashed by. Soon he adjusted his mentality, and quickly calculated in his head how to deal with this guy who claimed to be the saint of bronze hammer!

The gaze of the Bronze Hammer Saint slowly swept across Li Mu and others who surrounded him, and the corners of his mouth could not help but show a trace of disdain.

Li Mu, the seventh-level pinnacle realm of Super Domain Lord!

Purple Flame Thunder Bear, Super Domain Master's seventh-level pinnacle realm!

Tiangang flame raccoon, the seventh-level pinnacle realm of Super Domain Lord!

Earth evil eagle, super domain master's seventh mid-level realm!

Yin Mo Yin Niu, the fifth mid-level realm of Super Domain Lord!

For any superdomain master ninth-level peak powerhouse, it is easy to kill five powerhouses who have not yet reached the superdomain master's eighth-level peak. Therefore, the bronze hammer saint completely ignores Li Mu, etc. Human existence.

"Why? Do you still want to do it? Hahaha, let alone a few of you, just like you guys, even dozens of Laozi can be easily beheaded, if you are familiar, obediently kill you all Take out valuable things to honor Lao Tzu, and if there is a woman, then call out the woman to Lao Tzu..." At this point, the sight of the saint of bronze hammer has fallen on Li Mu, to be honest, Li Mu's appearance She has repeatedly inherited Duanmu Ying's looks, and the delicate skin and tender flesh looks more handsome than Jin Zhongtian. "Don't worry, I'm not interested in women. I just confirm whether you harbor beautiful women!"

The figure of the bronze hammer saint flashed and appeared beside Li Mu in an instant. He stretched out his hand and touched Li Mu's cheek, showing a lewd smile, "The little guy is so thin and tender. It's mouthwatering, little guy, do you want to protect your woman and your friends? If you want to, then you can follow Lao Tzu to Qingfeng Tower to ensure that there will be no other people who dare to enter you except for the powerful. Small courtyard!"

Seeing the appearance of the strong bronze hammer, Li Mu immediately flashed a word in his mind: glass!

This strong bronze hammer looks like a big and thick man, but he didn't expect to be such a person. Looking at it, Li Mu felt sick!

The speed of the strong bronze hammer was so fast that Li Mu had no time to resist, the strong bronze hammer had already touched Li Mu's cheek, and suddenly Li Mu felt that the goose bumps on his whole body had risen!

nausea!

The psychological response is very good!

Seeing Li Mu's spiritual power instantly skyrocketed, the strong copper hammer suddenly stretched out his right hand and pressed it on Li Mu's shoulder. With his right hand into claws, he firmly grasped Li Mu's shoulder bones, and said with a sneer: "Lao Tzu is the powerhouse at the ninth level of the Super Domain Lord. Except for the artifact powerhouse, few people in the metal world are my opponents! I have said clearly enough, it is best not to anger Lao Tzu, otherwise Lao Tzu Kill all these guys around you, and then give the woman you hide in the room to the magical powerhouse! As for you, I'm afraid I can't escape Lao Tzu's claws, so you'd better be obedient!"

The strong bronze hammer threatened Li Mu, but between the words of the strong bronze hammer, the four super-domain master-level powerhouses, the purple flame thunder bear, the earth evil sky eagle, the Tiangang flame raccoon, and the Yinmo Yinniu, released their spiritual power at the same time. Rush to the strong copper hammer.

The entire small courtyard is rounded by surging spiritual power. Fortunately, the entire small courtyard is made of metal. Otherwise, the surging spiritual power alone is enough to make the courtyard walls or houses of the small courtyard shake or even collapse.

"Hey, although you bears are also men, it is a pity that the strange-looking Lao Tzu doesn't like it, so..." When the Bronze Hammer Saint said this, the spiritual power condensed from him was instantly Condensed a copper hammer that was at least seven or eight meters high.

This spirit power copper hammer is controlled by the heart of the strong copper hammer, and the strong copper hammer has a movement. This copper hammer swept across the army with one move, and forced the purple flame thunder bear and others back, and the Yinmo silver bull domain master reacted slightly After half a beat, he was hit by this spiritual copper hammer, flew out and hit the metal courtyard wall, and the whole person was plunged into the metal.

Wow!

Yin Mo Yin Niu spouted a mouthful of blood, and his body fell off the courtyard wall again.

It was just a simple blow, and there was no fancy attack at all. The Yin Demon Silver Bull in the mid-level fifth level of the Super Domain Lord was vomiting blood violently, and the bones on his body did not know how many broken!

Seeing that the Yinmo silver bull had fallen to the ground, it was continuously drawing blood spraying out, the earth evil sky eagle's figure flashed, immediately came to the Yinmo silver bull, turned out the tree green, let the Yinmo silver bull take the tree Qing was taken as an internal medicine, while the Purple Flame Thunder Bear, Tiangang Flame Raccoon and Li Mu were full of anger, and attacked the Bronze Hammer Saint at the same time!

"Hahaha, it's really overwhelming to shake the tree. Lao Tzu's reluctance to kill you does not mean that Lao Tzu dare not kill you! Since you want to die, then Lao Tzu will satisfy your wishes!" Suddenly opened, the copper hammer formed by the condensed spiritual power behind him slammed into the purple flame thunder bear!

boom!

The reaction of Ziyan Thunder Bear was not unpleasant, but he was locked by this copper hammer, and he dodged several times in a row. After smashing a courtyard wall and a house, he still smashed the Ziyan Thunder Bear heavily!

The purple flame thunder bear roared and went wild in an instant!

This is the special ability possessed by the ghost beast after reaching the super domain master realm!
