

A Killer 5021

Chapter 5021: :With the total death

The artifact powerhouse was dead, and the activated artifact Thunderbolt changed back to its original appearance again. The Honghuang Qinglong sent the two arms with the gloves to Li Tian before disappearing.

Li Tian pulled the glove out of the two arms and held it in his hand and looked at this artifact repeatedly. It was ordinary, really ordinary. If it weren't for the black bead in Li Tian's heart that was trembling slightly, If it hadn't been for Li Tian to see Gallup turning into a powerful artifact in front of him, even if the glove fell in Li Tian's hands, Li Tian would only treat it as ordinary equipment.

Only the name of the glove sounds loud: Zhen Lei!

Li Tian's beginning recalled the record of Zhenlei in the murals of Baonei of the Spirit Clan. It is a pity that Li Tian's memory of Zhenlei is blank!

"It shouldn't be. Since it is a divine tool, and this guy has activated this divine tool, how could he be so weak? Could it be that this guy hasn't fully mastered this divine tool? Zhen Lei! Zhen Lei, so How could a loud name be so fragile?" Li Tian muttered to himself somewhat puzzled.

Li Tian is now sure that his red wing ***** outfit is much stronger than the thundering diamond ***** outfit. If Li Tian uses the red wing ***** outfit and encounters a super powerful existence like the Honghuang Qinglong, Li Tian believes that he is not The opponent of the Great Blue Dragon, but at least it will not lose so miserably!

Li Tianzheng wanted to study the thunder-shattering glove, and the Ziyan Leixiong and others had already rushed to Li Tian.

"Brother Li Tian, you are awesome! Hahaha, it's just that you haven't seen you in just 20 years, you are now a powerful existence that can easily kill the ninth level of the superdomain master!" Ziyan Thunder Bear stretched out His bear paw patted Li Tian's scales hard and said.

"This is not just a super domain master ninth-level peak powerhouse, but also a magical weapon powerhouse... By the way, brother Li Tian, what's the matter with the scales on your body? When I first saw you, I didn't even recognize You are here, if it weren't for someone in the fairyland around you to call out your name, I wouldn't believe that you look like this now! Come, come, come, tell us about you for more than 20 years What have gone through, why did you suddenly become so strong? Is there any secret to cultivation? By the way, what is the trick you just used? What's the matter with that dragon? , Didn't you go to the secret realm of the Sea-Monster Clan? How could you appear in this metal world?"

Disha Tianjiu asked several questions in a row, and in the end even he himself felt a little embarrassed. He put his arms around Li Tian's neck and said with a smile: "I just want to laugh when I look at you, hahaha, the whole body is scaly Guy, but now you look more like our brother!"

Li Tian also hugged the Earth Evil Sky Eagle, and then reached out his arm to hug the Purple Flame Thunder Bear.

"Go, let's say as we walk, go back to Qingfeng Tower!"

I haven't seen a good brother for many years. Naturally, I have a lot to say. Just like the earth evil eagle was curious about what happened to Li Tian, Li Tian was also curious about how these guys appeared in the metal world. He answered the earth evil. Tianjiu's question was also asking his concerns.

"Why did you come to the metal world? Did you also go to the Sea-Monster Clan?"

Ziyan Thunder Bear glanced at Sanlu Shulan who was following them, sighed and said, "Brother Li Tian, since you left the Netherworld, the Donggong Super God Family and the San Lu Super God Family are all about to move and have been looking for Chances are that the kingdoms of the Venerables and the powers that are close to you will take action. The two kingdoms of the Venerables of the Star Territory Lord and Emperor Canghai have been destroyed, and then the East Palace Super God Family and the San Lu Super God Family united to attack the dark The forest, the dark forest was brutally charred, and the many ghost beasts in the dark forest fled to the depths of the dark forest!"

The Donggong Super God Family and the San Lu Super God Family actually united to attack these people, and Li Tian was angry, "Where are the Star Territory Lord and the Great Emperor? They..."

"The two of them fled to the Holy Peak, but the Eastern Palace Super God Family and the San Lu Super God Family seem to be cutting off all your wings in the Nether Realm. These two Super God families have joined forces to attack the Holy Peak. We Full resistance is not an opponent of the Super God family at all..." Earth Evil Sky Eagle said immediately.

"What happened later? They didn't...fall?" After Li Tian came to the fairyland, he didn't see the figure of the Star Domain Master and the Great Emperor Canghai.

"No, they also followed us into the metal world, and they are now practicing miracles in the Hai Continent! These two guys and the Super God family have the hatred of destroying the country, and the hatred of subjugation, they are extremely hard in their cultivation, and now their cultivation is also Has reached the super domain master realm!"

Ok!

Hearing the Purple Flame Thunder Bear saying that the Star Domain Master and the Great Emperor Canghai were still alive, Li Tian finally let out a sigh of relief.

If the two of them fall, then Li Tian really doesn't know how to face the stars, Xiaoyue and the vicissitudes of life.

After talking with the Ziyan Thunder Bear and others, Li Tian knew that the Hai Continent was the territory of the Metal Steel Orcs, that continent was far from the fairyland, and because of the existence of the Metal Steel Orcs, there were not many cultivators in the miracles of the Hai Continent. , So the safety of the two of them does not need to be considered too much.

"Super God Family...I will settle accounts with you after I Li Tian returns to the Netherworld!" Li Tian clenched his fists and said.

Hearing Li Tian's words, Sanlu Shulan was stunned after Li Tian and the others. Her eyes looked at Li Tian's back with some complicated expressions, and finally sighed helplessly.

"Are you worried about Li Mu? Don't worry, since the Li Tian brothers said that the guy he sent out called... the Beast Lord is trustworthy, then Xiao Li Mu will definitely be fine, let's talk about Li

Tian. Brothers chatting with the old Xiong and Tianjiu can also be seen. Li Mu will definitely not have an accident!" Tiangang Yanli was half a position behind Li Tian. After a short pause, Tiangang Yanli continued: "A lot of No matter what we can control, even if the Li Tian brothers do not trouble the Super God family, the Super God family will definitely not let the Li Tian brothers go, so we should come back sooner or later. Since we can't control it, just let the flow go. , If you really decide to be with Li Mu boy, then you have to learn to face the hatred conflict between Li Tian brothers and the Super God family!

Sanlu Shulan nodded slightly.

But Sanlv Shulan thought in her heart that if the day when the Super God Family defeated and killed Li Tian and others, she would definitely beg her father to kill her and Li Mu together. To live and die with Li Mu.

As for Li Tian winning?

Sanlv Shulan had never thought about it this way before, after all, the Eastern Palace Super God Family and the San Lu Super God Family both had semi-god powerhouses.

Chapter 5022: : The powerful actor

Li Mu really wanted to see his father Li Tian fighting against a god-level powerhouse, but when Li Mu was flying in the direction of Li Tian's battle with the Beast Lord and Yin Mo Yin Niu, he saw a sneaky shadow. But quickly rushed towards the small courtyard where Li Mu was just now!

It's Jin Zhongtian!

When Jin Zhongtian saw Li Tian suddenly appear, he was completely frightened and dumbfounded when he saw Li Tian blasting the powerful magic weapon.

Li Tian!

Why did the ***** Li Tian come to Wonderland at this time?

If Li Tian can come to Wonderland early, then Jin Zhongtian does not need to betray Li Mu. If Li Tian comes to Wonderland at night, then Jin Zhongtian's betrayal of Li Mu will have cooked rice and cooked rice.

but.....

but.....

Jin Zhongtian's heart was full of regret. He hated himself and wished to slap himself severely.

But even if he beat his face into a pig's head, it might not help.

But Jin Zhongtian didn't want to just admit defeat.

After the battle between Li Tian and the artifact powerhouse Gallup began, he wanted to take advantage of the chaos to escape. Unfortunately, he found that the entire main island of the fairyland had been blocked, and any superdomain master-level powerhouse wanted to leave the fairyland. It is said that they are blocked by the powerful forces.

If anyone wants to forcibly leave, then the strong of the major forces will gather to attack, and instantly kill the strong who wants to forcibly leave.

Jin Zhongtian was terrified.

He can only give up his intention to leave Wonderland temporarily.

The more dangerous the place, the safer it is. Since it is temporarily impossible to escape from the fairyland, Jin Zhongtian can only choose to stay in the fairyland.

He quickly put on make-up and disguised appearance, then gave up flying and quickly moved towards the small courtyard where Li Mu had been before.

This small courtyard is a slum area. Jin Zhongtian now has makeup and disguise. As long as he escapes into the slum area, his probability of surviving will be greatly improved. At this time, Jin Zhongtian has not forgotten the copper hammer. Saint.

He was thinking that if he could be tied to the Bronze Hammer Sage, and hidden with the Bronze Hammer Sage, after the limelight passed, their chances of escaping from the fairyland would be even greater.

What Jin Zhongtian didn't expect was that there were strong men from various forces everywhere along the way.

The powerhouses of the major forces were suppressed by the powerhouses for half a year, and at this time the anger of these guys was completely released.

Jin Zhongtian saw with his own eyes that several super domain masters who had followed Gallup in the early stage of the ninth level were strangled by a group of powerful people, and those powerful people were smashed to pieces. In the end, it can be seen how the strong men of the major forces hate Gallup!

Jin Zhongtian didn't dare to fly, didn't dare to make a public appearance, so he could only sneak in the direction of the small courtyard.

Faster!

Hurry up!

Jin Zhongtian was still thinking about rushing to rescue the Bronze Hammer Saint before the battle between Li Tian and the artifact powerhouse was over.

But when he was about to arrive at the small courtyard, he could no longer feel the spiritual power fluctuations in the small courtyard!

"Is the battle over? Or that the bronze hammer saints can't escape the fate of being strangled by the joint, and have been beheaded?" Jin Zhongtian was even more flustered. He wanted to enter the small courtyard to see, but he did not. Can't find the courage.

"Bronze Hammer Sage Ten ** I'm afraid it's too bad, now I can only rely on myself!" Jin Zhongtian looked around, walked through a dilapidated street, lowered his head and accelerated towards the slum area. .

At this moment, Jin Zhongtian suddenly felt that there seemed to be two divine consciousness swept across him.

Have I been discovered?

impossible!

These idiots in the metal world don't seem to have a deep understanding of disguise makeup, as long as they are not Li Mu and others, the powerhouses of other major forces may not know me a little person.

Jin Zhongtian didn't dare to show any flaws, he still lowered his head and walked into the street, but...Jin Zhongtian suddenly discovered that there was a strong man in the mid-level ninth level of Transcendent Master in the depths of this street. The moment Tian raised his head, he saw the strong man sneering at him.

Jin Zhongtian didn't know if he had been exposed, he could only bite the bullet and walk in.

"Jin Zhongtian!"

Suddenly a familiar voice came from behind Jin Zhongtian, Li Mu!

Li Mu is not dead!

This super domain master's ninth-level mid-level powerhouse is exactly the beast master.

The beast master stared at Jin Zhongtian stubbornly. When Li Mu called out Jin Zhongtian's name, Jin Zhongtian was still quite calm. There was no disorder in his footsteps, no body tremors, and no reason for Li. When the curtain called his name, he stopped, still speeding inward.

This kind of psychological quality is not something ordinary people have, but the more so, it turns out that this guy is Jin Zhongtian!

The beast master did not move, nor did Li Mu who followed Jin Zhongtian.

When Jin Zhongtian was about to pass by the Beast Lord, the Beast Lord sneered and said, "It's a member of the dark organization..."

Hearing these words, Jin Zhongtian's body trembled slightly.

The frequency of this shaking was very small, but the beast master still caught it keenly.

"Do you still want to escape from here?" The beast master suddenly reached out and stopped Jin Zhongtian.

"You... have you admitted the wrong person, I don't know you!"

Jin Zhongtian was quickly thinking about how to escape from here, but when he saw the cold eyes of the beast master, he knew that it was almost impossible to escape. Jin Zhongtian gave up and he turned and looked towards Li Mu.

"The initial stage of the ninth level of the super domain master? Li Mu... you... your cultivation level has reached the initial stage of the ninth level of the super domain master? It's really gratifying! No wonder I can't find you, Lord Li Tian already You are in Wonderland. Come with me to see Master Li Tian!" Jin Zhongtian opened his mouth and came, this was just a temptation from him.

Jin Zhongtian was gambling, and Li Mu didn't know that it was Sanlu Shulan and others who betrayed him.

"Really?" Li Mu asked with his mouth curled upwards and raised his eyebrows.

"Can this be fake? The story of Master Li Tian's return to Wonderland has spread, so hurry up and go over..."

"Hehe, I didn't expect the acting of the members of the dark organization to be so good. If it weren't for Uncle Yin Mo Yin Niu to come to me earlier, I'm afraid I would have been fooled by you! Jin Zhongtian, you dog thief, today it depends on how you continue to act..." Li Muqiang endured the pain on his body and had already condensed a long sword of spiritual power, Jian Zhi Jin Zhongtian said with a sneer.

"Acting? Brother Li Mu, have you heard any rumors that are unfavorable to me? I am a good brother of Long Yin, so how could I harm you?" Jin Zhongtian was still pretending, but his voice couldn't bear it. The place of residence began to tremble, even if the tremor was almost negligible.

Ouch!

"Boy Li Mu, what are you talking about with this kind of garbage? The battle between the Li Tian brothers and the super **** powerhouse seems to have ended, and the huge blue dragon has disappeared..." The Yin Demon Silver Bull floating in the distance roared. Shouted.

"Brother Li... Li Mu, there are always people who want to harm me. You can't believe what they say, I... I..." Jin Zhongtian wanted to continue to explain, but Li Mu's figure was already here in the blink of an eye. Arrived in front of him, huh! A sword smashed down and split his body in two easily!

puff!

The blood was sprayed out and sprinkled on the ground, Jin Zhongtian's body fell to the ground, and those who were already dead could no longer die!

"A sword will cost his dog's life, it's really cheap for him! For this kind of garbage, it should be like this..." Beast Lord said coldly, then raised his fist and blasted at Jin Zhongtian's body again. After dozens of punches, Jin Zhongtian's corpse was directly mashed into fleshy flesh, and then he stopped!

Chapter 5023: : A long talk between father and son

The powerful artifact was beheaded!

None of his eighth-level and ninth-level followers of the superdomain master slipped through the net!

As for those followers whose cultivation level is not very high, they are all trapped in the fairyland at this time.

Wonderland is liberated!

The word liberation was learned by Li Tianxue from the managers of the major forces in Wonderland.

At this time, the stewards of all major forces in Wonderland gathered together and were loyal to Li Tianbiao.

Although Li Tian didn't like this set, he could only accept it reluctantly. After all, the stewards of the major forces had a lot of credit for saving Li Mu.

After some entertainment, Li Tian released all the women trapped in Qingfeng Tower!

Many of these women were family members of the major forces, and they cried for a while.

As for those female idle cultivators, after being released by Li Tian, they were suddenly excited and did not know how to express their gratitude to Li Tian. These women who had been tortured many times even offered to thank Li Tian with **. Li Tian quickly refused.

Paralyzed, this is thanks?

This obviously wants to stick to Lord Li Tian!

For this kind of shameless behavior, the beast master just wanted to say that he had the ability to come at me.

The result...hehe, the beast master satisfactorily accepted the gratitude instead of Li Tian, and the women just left Qingfeng Tower.

When the women who should be given away are all sent away, and the strong people who should be interviewed are finished, Li Tian finally has time to have a good chat with Li Mu.

Li Mu forcibly broke through to the early stage of the ninth level of Transcendent Master, and his physical damage was still very large. Fortunately, Li Tian obtained Gallup's Space Ring when he killed Gallup and also got Gallo. Put all the treasures left in the space ring.

Unfortunately, there is only one demigod crystal that is the most precious.

Li Tian handed Gallup's space ring to Li Mu, and said: "You are now a super domain master ninth-level powerhouse, but you don't have your own space ring. This space ring will be given to you as a father. Your coming-of-age gift! There is also a demi-god crystal in it, hurry up and practice, and after conditioning your body, I will take you through it!"

After receiving the space ring that Li Tian handed over, Li Mu's face showed a hint of joy, but soon his face turned gloomy, "Father, now my cultivation level has reached the ninth level of the super domain master, we ...Do we still have a chance to leave the metal world? Actually, the metal world is quite good. Here are the fathers, as well as the purple flame thunder bear, the Tiangang flame raccoon, the earth evil sky eagle, the Yinmo Yinniu, but... here No mother..."

"Come here!" Li Tian beckoned Li Mu to stand in front of him, and reached out to stroke Li Mu's head.

In a blink of an eye, Li Tian has not had time to touch his head like now, Li Mu has grown so big!

It's been thirty years since I left the earth world and came to the underworld. I came to the metal world. Although there is a clone of Li Tian in the earth world, Li Tian also began to miss Duanmu Ying, Bai Jing, and grandpa and others. Up.

"Li Mu, we must have a way to leave the metal world, so you should hurry up and cultivate to the ninth-level peak of Transcendent Master. I need help now, and urgently need help. When we leave the metal world and return to the underworld, There is a high possibility that a direct war with the Super God Family will be fought, and then I hope you can fight with me!" Li Tian said kindly.

"Really? Can we really leave the metal world?" Li Mu was very excited at first, but soon his expression on his face became unnatural. Some did not dare to look at Li Tian's face, lowered his

head and said, "My father, After the child came to the metal world, he and Sanlu Shulan already had a husband and wife relationship..."

"Hahaha, this shows that my Li Mu has grown up!"

"My Father, I want to say if we return to the Netherworld, can I not participate in the battle with the Sanlu Super God Family? And if I have to fight, can I spare Sanlu..." Li Mu His voice was so low that in the end he couldn't even hear what he was saying.

Li Tian raised his brows slightly, but he was not angry at Li Mu's request.

"Li Mu, although the Sanlu Super God family has offended to be a father many times, it is not so unkind to be a father. If the San Lu Super God family is willing to fight with me, Li Tianhua and become a jade silk, then it is for you and San Lu Shulan. Li Tian could not blame the Sanlu Super God family for his marriage. But the premise is that if Li Tian and I go to war with the Donggong Super God family, the Xiuyu Super God family, and the White Horse Super God family, he San Lu Chao The God Family must be on my side, otherwise..." When Li Tian said here, he had already released a powerful murderous aura.

This is already Li Tian's biggest bottom line.

After all, Li Tian's father, Li Kua's father died in the hands of the four super **** families.

Although it was Li Kuafu's previous life, this kind of hatred could not be resolved in a few words.

However, for Li Mu, Li Tian was also willing to give in.

It's just that if the Sanlu Super God Family doesn't know good or bad, then it's not that Li Tian didn't give them face.

Li Mu didn't know much about the hatred of his fathers, but Li Tianneng said that Li Mu felt very surprised. "My father, I will try my best to convince Sanlv Shulan, let Sanlv Shulan convince his father again..."

Li Tian didn't want to get too entangled in this matter, and asked about Li Mu's life and cultivation in the metal world over the past ten years.

When Li Mu talked about the troubles in cultivation, Li Tian gave Li Mu some pointers.

Speaking of Li Tian, he also felt a little uncontrollable on his face.

The cultivation level of his son Li Mu is already higher than that of him. Every time he thinks of this kind of thing Li Tian is pointing to Li Mu, he always feels hot on his face.

When Li Mu left, Li Tianyou asked Li Mu to invite his four brothers in.

Just like what Li Tian said just now, returning to the Netherworld, Li Tian will probably go to war directly with the Super God Family. This is not because Li Tian wants to fight the Super God Family, but Li Tian knows the Super God Family. He wouldn't wait until Li Tian's cultivation level was raised to the half-god state. At that time, Li Tian was forced to fight hastily.

This is also one of the reasons why Li Tian agreed to let Sanlu Shulan persuade the Sanlu Super God Family.

Therefore, Li Tian wanted to let all the powerhouses who followed him improve their cultivation strength as much as possible before they left the metal world.

If everyone's cultivation strength can be raised to the ninth-level peak of the super domain master, and they have twelve artifacts, then there will be the help of the Sea-Monster Clan Haiqin, and the help of the mysterious woman, Li Tian believes that the four super It shouldn't be difficult to even uproot the God Family.

Purple flame thunder bear, Tiangang flame raccoon dog, earth evil sky eagle, Yinmo silver bull all walked in.

To be honest, the cultivation of these four guys is not weak anymore. After all, their time to come to the metal world is shorter than that of Li Tian and others, but they still cannot meet Li Tian's requirements, nor can Li Tian meet. , Li Tian directly pulled out the crystals of a few Transcendent Master 9th-level peak realm powerhouses directly from his spatial ring, and handed them to them.

"Big brothers, I don't want to say more than that. I just hope that the big brothers will hurry up to heal their injuries and cultivate. When we return to the Netherworld, I need your big brothers to help me smooth the four super ***** families..." Li Tian Said.

Chapter 5024: : Knuckles Thunder

After sending away the Ziyang Thunder Bear and others, Li Tian took out all the artifacts in the space ring again.

In addition to the Demon Sword Red Slash that cannot be taken out of his body, Li Tian now has the two artifacts: Jihuo Meteor Arrow (Canadian Yuanyang Deshen Bow) and Knuckle Thunder, and he needs to leave the metal world. Find another nine artifacts.

The only thing that makes Li Tian feel relieved is that the other nine artifacts are now in the metal world.

Li Tian had also asked the Beast Boy about this, but the Beast Boy didn't know much, and the explanation was unclear.

But Beast Boy's guess is that those who are strong with the artifact will be guided by the artifact to the metal world.

Li Tian sneered at this.

He didn't come to the metal world under the guidance of the divine tool, but was tricked into this secret realm by various means by the sea-monster Haiqin.

In fact, Hai Qin was not bad-hearted, after all, before Li Tian entered the metal world, he was just a piece of money in front of Hai Qin.

The other Haiqin is a demigod-level powerhouse, and he controls the entire Sea-Monster clan. That is really white and rich, but what about Li Tian? Haha, at that time Li Tian was only in the realm of the domain master...well, let's not talk about these sad past events.

Jihuo Meteor Arrow and Yuanyang Deshen's Bow must be dark and soft weapons in the future, but they are temporarily in Li Tian's control.

Li Tian picked up the Yuanyang Deity Extinguishing Bow and Jihuo Meteor Arrow, secretly urging his spiritual power.

He could feel the abnormal spiritual power fluctuations in the black bead in his atrium, but he didn't know whether it was because of the existence of Red Slash in the atrium, or for other reasons. Li

Tian, who possessed this set of artifacts, was unable to change into redness. The wing ***** outfit looks the same.

Li Tian could only put the Jihuo Meteor Arrow and Yuanyang Mishen Bow into the space ring.

He picked up his gloves again and thundered!

Putting on his gloves, Li Tian suddenly felt a strange feeling, as if his hands were full of power.

But this was not what Li Tian needed. He also used his spiritual power to try to change the diamond costume.

When Li Tian was using his spiritual power, he could clearly feel that the glove was rooted in his palm in an instant, and the glove was shining with dazzling light on the thunder, but Li Tian tried continuously. After more than a dozen times, this glove just couldn't change into a diamond costume.

Li Tian could only give up, but Li Tian discovered in the process of experimenting that this glove thunderous seems to have great potential to be tapped.

Perhaps it was because the time for the glove thunder to fall into Gallup's hands was too short, and Gallup had not fully exploited the full potential of the glove, or it was because Gallup could already easily get the glove thunder. The ground beheaded the ninth-level peak powerhouse of the super domain master, making him lose the motivation to continue exploring the potential of the glove.

"Not bad! Not bad! After leaving the metal world, give this glove thunder to Tang Xiaolong, presumably the thunder glove in Tang Xiaolong's hands will have a greater effect!" Li Tian thought in his heart.

There are nine other artifacts. Now Li Tian knows that six of them are where they are located. They are located in the Si, Wu, Shen, You, Haida and Ugly Continents. Although the other three artifacts, the boy, are definitely in the metal world, they are Unable to determine location.

Li Tian took out the cloud map and looked at the positions of several continents on the cloud map.

The entire metal world is like an irregular dial. The twelve continents are located at twelve points, but this point can only be approximate. After all, the metal world is not like the earth world. The continents are on the same sphere. .

"The closest to the fairyland is the Si Continent, so let's go to the Si Continent next!" Li Tian whispered to himself.

Li Tian still doesn't know the realm of cultivation that this artifact possesses, nor does he know where the powerful artifact is located in the mainland. Fortunately, Beast Boy said that if two artifacts are close to each other, Both artifacts will react, and the closer they are, the stronger the reaction will be.

However, the premise is that the artifact has not been put into the space ring, nor has the artifact been absorbed into Li Tian's body like Hong Zhan, but even so, it seems like finding a needle in a haystack, not an easy task.

"I should have brought the beast boy with me. If this guy is there, it should be easier to find the artifact!"

Li Tian currently has too few people to use, especially those who can stand alone with Super Domain Master level 9 or higher cultivation level, there are only Beast Boy and Beast Master.

If you bring a beast boy, then Tang Xiaolong and others who are cultivating in the Yin Continent will not be guarded, in case there are those who are not long-eyed, the ninth-level peak powerhouse of the super domain master will come to conflict with Tang Xiaolong and others, Tang Xiaolong and others. If people have three long and two short ones, then Li Tianke is really a bit outweighed.

But if you bring Tang Xiaolong and others to find the artifact, it will affect the cultivation of Tang Xiaolong and others.

"It seems that it is time for these powerhouses in the fairyland to carry forward their style..." Li Tian's face showed a sly smile, and he began to plan how to use the major forces of the fairyland for his use.

...

Three months later, the mainland!

David is one of many practitioners who have come to the metal world to test.

He has not been in the metal world for a long time, less than a hundred years, but his cultivation realm has improved very quickly, and now his cultivation realm has been promoted to the middle of the seventh level of the superdomain master.

Don't underestimate David's mid-level 7 superdomain master's cultivation base, because he possesses a weapon that shocks him, so ordinary superdomain masters below the mid-level 8th realm may not be his opponents. .

It was this weapon that allowed David to overcome danger many times during the nearly 100 years of coming to the metal world.

But David's psychology is very clear, he has not encountered an absolute strong.

If you encounter a strong person in the ninth-level realm of the super domain master, even if he possesses this weapon, he will probably be more fortunate.

Therefore, David has been seizing the time to cultivate. He is ready to leave the metal world as soon as his cultivation level reaches the peak of the seventh level of Transcendent Master.

On this point, David's ideas coincide with Gallup.

David looked up at the huge gorge where he was, looked at the dense metal spikes on both sides of the gorge, and then think about the strong man in the early eighth level of Transcendent Master who was killed by him just now, David's His brows frowned slightly.

Just now, two superdomain masters at the eighth level were besieging David. With this weapon, David used this weapon to kill the superdomain master at the early eighth level, but another superdomain master at the mid-eighth level. The guy escaped by luck.

"That guy definitely already knows my secret. I have to leave here as soon as possible and leave this **** Si continent, or else..." David didn't dare to think further, looked around, and saw no one around, he quickened The speed of flight, fly forward carefully.

Just after flying for a while, David suddenly noticed that he did not know when there was another figure behind him!

David turned his head abruptly and saw a super domain master who was full of scales in the early eighth level, following him.

call!

David was relieved.

"I was paralyzed and scared me, hehe, you are the **** thing, you sent it to me, just in time for me to grab something, and then go to Wonderland..." In an instant, David decided to do a murderous act.

Chapter 5025: : Even with you

"Hey, kid! Why are you following me? Are you looking for death?" David asked with a trace of anger on his face.

"Follow you? Is this gorge your private domain? Isn't other cultivators allowed to enter? Besides, is it me looking for death or you looking for death? If I am not mistaken, your cultivation realm is just a super domain master It's only the middle of the seventh level, and my cultivation realm is the early eighth level of the super domain master!" said the guy with scales all over.

This scaly guy is not Li Tian, but it just so happens that his cultivation level is also in the early stage of Transcendent Master 8th level.

Moreover, the scales on this guy are not dragon scales, but fish scales!

That's right, the strong man in the early stage of the Super Domain Master's eighth level is a fish scale man. He still has an antenna on his head. There is also a small ball of meat on the top of that antenna. If not, this guy has two With two arms and two legs, it is somewhat similar to the lantern fish.

David couldn't help but laugh a little when he heard this guy's words.

"The gentleman is magnanimous, the talent is hidden **! If you have the courage to follow me, why don't you have the courage to admit it? Yes, your cultivation level is at the beginning of the eighth level of the super domain master, but... hey, in my eyes the super domain master The cultivator in the early stage of the eighth level is the most trash existence." David said with a smile.

"What are you talking about? Boy, you have successfully angered me, prepare to die!" The fish-scale expert glared his eyes angrily, and the lantern-like meat ball on his head instantly turned red!

"Wait, don't deny it in a hurry, let me explain to you why you are rubbish! First of all, if your cultivation level is the pinnacle of the seventh-level superdomain master, then you may still leave the metal world and leave this After the world, when you return to your world, you are the most powerful existence questioning. But... your current cultivation realm is at the beginning of the eighth level of Transcendent Master, which means that you have been trapped in the metal world forever, you Can't leave the metal world anymore, then take the cultivator who stays in the metal world forever as an example. You will find that your cultivation level is the lowest level, and any strong person with a cultivation level that exceeds the eighth level of the super domain master can abuse you. , You can kill you. Now you can neither do without the metal world, nor can you

dominate the metal world, so you say you are not rubbish!" When David said this, he already He pulled open his clothes, revealing a weapon that he wore to protect his chest: Ghost Tooth Mirror!

This ghost tooth mirror is David's backing. It is with this artifact that David can leapfrog and kill the super domain master's eighth-level early, mid-stage, and even the super domain master's eighth peak.

"Don't deny it, be more confident, you are rubbish!" David has been slowly running his spiritual power, and a few white fangs are growing on the ghost tooth mirror worn on his chest, and the fangs are faintly shining. Han Guang, Ghost Tooth Mirror has revealed a hideous face.

However, the expression on David's face is no longer as confident as before, and his expression has also become hideous. In this hideous facial expression, you can even see that there is still pain on David's face. expression.

That's right, David doesn't have demigod crystals. It's almost impossible for him to activate the Ghost Tooth Mirror. Behind the Ghost Tooth Mirror that the strong fish scales can't see, the Ghost Tooth Mirror has rooted, with a few white roots. It has penetrated into the flesh from David's chest, and is integrated with David's body and David's atrium.

Every time the Spiritual Power activates the Ghost Tooth Mirror, David seems to have walked through the ghost gate, and the pain caused him, the super domain master of the seventh mid-level, to feel shudder.

However, there is a reward for the effort. As long as David can endure the pain, he can use the power of the Ghost Tooth Mirror to instantly increase his true strength. It is precisely because of this that David dares to be arrogant in front of this fish scale practitioner. .

An anger flashed across the face of the strong fish scale.

He could see that the Ghost Tooth Mirror on David's body was definitely a treasure, and this treasure seemed to be quite powerful. If he was a little careless, he might capsize in the gutter, but...the strong fish scale is not that. This kind of weak guy, although he doesn't have an artifact on his body, his body has its own artifact, which is the meat ball on the top of his head.

The fish scale powerhouse actually had the opportunity to break through to the early stage of the ninth level of Transcendent Master several decades ago, but in order to cultivate his flesh ball, his cultivation level has not been improved, but this does not mean that he is really Strength is the early eighth level of Super Domain Master.

The strong fish scale stared firmly at the ghost mirror on David's body. So far, he has not made the determination to fight David to the death.

The reason why the strong fish scales followed David is that he witnessed the scene of David using the Ghost Tooth Mirror to kill the strong players in the early stage of the eighth level of the super domain master. It is precisely because of this that the strong fish scales have the idea of killing people and winning treasures.

It is dangerous, but is it not a chance?

The brain of the strong fish scales is running fast, and he is calculating how to get the greatest gains at the least cost.

"This guy must still regard me as an ordinary superdomain master's eighth-level early stage powerhouse. This is just right. When I am surprised, I will kill him with one blow, and this treasure will be my own. I own this treasure, coupled with the tentacles on my body, as long as I cultivate to the ninth-level pinnacle realm of Transcendent Master, I can definitely dominate the entire metal world." The fish scale powerhouse has already begun to plan his future in the metal world. Life again.

Not all cultivators are willing to become demigods, such as the strong fish scales. His greatest ideal is to be the king and hegemon in a certain realm.

The metal world is obviously the best choice.

There is no ***** here. The ninth level of the super domain master is the strongest existence. If there is an artifact that can increase strength in his hand, after the cultivation realm reaches the ninth level of the super domain master, he can really stand on top of the metal world. .

Of course, the fish-scale powerhouse cultivates in Si Continent all the year round. He doesn't hear things outside the window and concentrates only on cultivation, so he didn't know that in the remote fairyland there was an artifact powerhouse who had surpassed the ninth level of the superdomain master and died. In the hands of another great devil.

The Ghost Tooth Mirror on David's chest is still defending slightly. The body shape of the Heart Guard has become at least ten times larger, and it can protect half of David's body behind the Ghost Tooth Mirror. The white fangs on the mirror have also grown longer and longer, just like thorns.

David knew by observing words and colors that this strong fish scale seemed to be confident, he couldn't help becoming more vigilant.

At this moment, David and the fishscale powerhouse saw another fellow of the Transcendent Master's eighth-level early stage flying over. This fellow fell less than a hundred meters away from the two of them, and then smiled sly. Looked at them both, "You two continue, I will cheer you guys!!"

The hearts of David and the strong fish scale suddenly felt bad, and the two greeted this guy in unison, "Who the ***** are you? Get out of here, or fight with you!"

Chapter 5026: : Two together

"It seems that there is not so much hatred between you guys. You have been aiming at me so soon! What's the point of fighting and killing? Is there any problem that I can't sit down and communicate? Give me a Face, everyone sit down and talk!" Li Tian said with a smirk.

That's right, the strong man in the early stage of the Super Domain Master's eighth level is Li Tian!

It has been nearly a month since Li Tian came to the mainland of Si. During this month, Li Tian relied on the direct mutual induction of the artifact. Li Tian has been looking for the owner of the artifact in the mainland of Si. Unfortunately, if the artifact is in a normal state, The induction between the two artifacts was too weak, and Li Tian searched for a month before he could roughly determine the location of the owner of the artifact.

Just as Li Tian's patience was about to be worn away, the owner of the artifact in Si Da, who was in front of him, actually forced the artifact to fight with the two super domain masters at the eighth

level. Li Tian immediately judged David's distance. He didn't seem to be far away, Li Tian was like a wolf smelling blood, speeding up and flying towards David.

It's a pity that the induction power of the powerful artifact only lasted for less than a few minutes before suddenly disappearing again.

But that's it. Li Tian has basically locked David in a radius of tens of miles. Li Tian began to speed up and fly along the Grand Canyon, and soon he found the site where David had just fought. , And the glove that Li Tian wears can already clearly feel the location of another artifact.

What needs to be explained in advance is that the artifact is only in the hands of a strong person at the ninth level of the super domain master, and at the same time, this strong person must have at least one demi-god crystal in his body, so that he can feel other artifacts at close range. The position of the artifact, and the owner of the artifact needs to have a complete artifact, such as the set of Jihuo Meteor Arrow and Yuanyang Deity God Bow.

Of course, the activation of the Meteor Bow and Yuanyang Extinguish God Arrow is a set of artifacts, so the interaction between them will be stronger.

"Give you face? Hahaha!" The strong fish scale suddenly laughed, "What are you, why should we give you face! If I am not mistaken, your goal is also this guy's protective shield Right!"

When the strong fish scale said, David couldn't help but tighten.

David felt that he was cautious everywhere. Apart from the fact that he was accidentally discovered by the fish-scale powerhouse when he was fighting just now, no one else has discovered that he has a treasure in the past few decades. But seeing the sky, there is another one. A strong man focused on his treasure.

Fortunately, the cultivation realms of these two guys are both at the early stage of the eighth level of Super Domain Master.

Li Tian paid attention to the expression on David's face. He did not deny his thoughts in his heart, nodded slightly, and then said: "Yes, my goal is the artifact he wears on his chest, but I don't like to do it the least. It's bullying, so I'm willing to sit down and talk to him. If I'm not mistaken, your goal is also that artifact. Since our goals are the same, then we can sit down and talk together!"

Hearing Li Tian's words, the strong fish scale seemed to have heard the funniest joke in the world. He looked at Li Tian, his mouth could not help showing a trace of sarcasm, "Hey, kid, don't blame me for not reminding you that his treasure is poisonous. , But not everyone can ***** it! I saw with my own eyes a super domain master's eighth-level early powerhouse was instantly killed by this guy's treasure, don't blame me for not reminding you, so...now you still want this Treasure? I'm afraid you will have your life to grab it, and you will not have the life to take possession of this treasure. If you are interested, stand aside obediently...

David was a little upset.

This treasure is on him, but the strong fish scales and... the strong dragon scales seem to have already believed that this treasure is theirs, and he has not put him in the eyes of the treasure owner, this kind of being despised. It feels really upsetting for David.

David sneered and said, "There are many people who want to grab my treasure, but...the strong guys with this idea have now become corpses, stop talking nonsense, don't both of you want to grab my treasure. Is it? Let the two of you go together..."

Li Tian laughed!

He was smiling happily.

"Why is it so difficult to be a good person? I already said that I don't like bullying and bullying. Your magical tool is good, but unfortunately you are not strong enough to possess this magical tool. Leaving this magical tool on your body will bring you killing. Woe to me, I just persuade you to give me this treasure, and in return I am willing to give you a few crystals of the ninth-level pinnacle realm of the Transcendent Master!" Li Tian already has a few more shining crystals in his hands.

Seeing these few crystals, a trace of greed flashed in the eyes of David and the strong fish scale at the same time.

Piff is not guilty of his crime. If Li Tian's cultivation level is the pinnacle of the ninth level of the superdomain master, then it is reasonable and reasonable for him to have these crystals, but...now the strength shown by Li Tian is only the beginning of the ninth level of the superdomain master , Then he appeared in front of David and the strong fish scale with so many crystals, it was like a big fat sheep swaggering among the wolves.

David, the fish-scale powerhouse subconsciously took two steps towards Li Tian at the same time. At this moment, the two of them had chosen to deal with Li Tian with eloquence.

Li Tian took out this crystal absolutely deliberately. It can be seen that Li Tian really possesses the attributes of a slut, but what makes Li Tian even worse is that he saw David and the strong fish scale walking towards him at the same time. He even pretended to be a little afraid, and said in a trembling voice: "I...I just want this crystal to be your divine tool. If you don't agree, then I will leave..."

"Go? Hey, is it too late to leave now!"

"Don't you still want to **** my crystals? My strength doesn't have to be that you are weak... Forget it, since you want to give these three crystals to you!" Li Tian said Put it on the ground and step back a few steps in a row.

There was an ancient saying that two peaches killed three scholars. Today Li Tian wanted to kill two cultivators with three crystals, but unfortunately...none of these two cultivators moved the three crystals that Li Tian placed on the ground of the ninth-level peak realm of Transcendent Master. , The eyes of both fell on the space ring in Li Tian's hands.

Li Tian shook his head helplessly!

It seems that his desire to obtain the artifact gently has been shattered!

"Have you two made up your mind to do something to me?"

"Hey, it seems you are not stupid!"

"Then before the war, can I make a small request!"

"Request, it depends on your request!"

David and the strong fish scales have gradually approached Li Tian, both of them have sneers on their faces.

"Since you are both committed to death, then let's not waste time, let's go together!" When he said this, Li Tian's body actually began to rise suddenly, and his spiritual power began to surge. Two purple dragons were released from his left and right hands at the same time!

Chapter 5027: : Ghost Tooth Mirror is a monster

"Jiaolong?"

"Long Wei?"

Both the faces of David and the strong fish scale showed horrified expressions at the same time, and at the same time they stepped back.

At this moment, the two guys even wanted to turn around and run away, but at the moment they turned around, they heard Li Tian's cold voice, "You have the courage to give me a look at how to run away. I think you are running away fast, or The Fire Meteor Arrow in my hand shoots fast!"

At the moment when two purple dragons were released at the same time, Li Tian had already grasped the Jihuo Meteor Arrow and Yuanyang Mie Shen Bow in his hands, bent the bow and set the arrow, moving clouds and water, and the spiritual power on the Jihuo Meteor Arrow was even With great power!

Shenwei!

This is supernatural!

David is desperate.

He never expected that this guy, who only had the eighth-level initial realm of Transcendent Master, could release such a powerful divine might.

The strong fish scales even have the heart to die.

He wanted to escape, but he didn't dare to escape at all.

The fish-scale powerhouse rushed out. The two purple dragons were suspended in mid-air. He could not deal with the mighty power released from this dragon. Even if he escaped the two purple dragons by chance, he Can there be more powerful bow and arrow shooting?

At this moment, the heart of the strong fish scales collapsed!

He hated why he didn't have to think about robbing David's divine tool under his own control. It was a divine tool. Is it possible for an ordinary little character like his cultivation level who has not yet stood at the peak of the metal world?

"Big...Big brother, if you have something to say, I don't want this thing, you sit down and talk, can I go first?" The strong fish scale said with a trembling voice.

"What do you think?"

"It should not be possible!"

"Can you sit together and talk now?"

"Yes... of course, you are the eldest brother, we will do what you say!" The strong fish scales put away his face, flattered, and sat on the ground with his head lowered, not daring to have any rebellion. Li Tian means.

"It's up to you now. What if you sit down and talk to me? Or do you want to survive?" Li Tian asked with a sneer on his face pointing at the Jihuo Meteor Arrow in his hand.

David sighed. He knew the principle of "man is a knife and I am a fish", and it is no longer operating spiritual power. The ghost tooth mirror he wore on his chest has changed back to its original shape and turned into a metal mirror the size of a palm, and said: "Treasures are worthy of heroes, I am willing to give you this treasure of mine, I just hope you can hold your hands high..."

With that said, David was sitting on the ground and had torn off the ghost tooth mirror that he was wearing on his chest.

This ghost tooth mirror has grown on David's chest before, and the ghost tooth mirror has taken root and sprouted, and that root has already been attached to David's body and face. When the ghost tooth mirror was torn off, although David had already completed the mentality Prepared, but the intense pain still made David yell out.

The white follower of the Ghost Tooth Mirror has been dyed red with blood, and the whisker was still squirming when it was pulled out of David's body, as if it were a big worm, but soon the whisker retracted In the Ghost Tooth Mirror, the entire Ghost Tooth mirror becomes a metal mirror-faced heart-guard with a smooth reverse side of the real face.

David was trembling all over, and pulling out the Ghost Tooth Mirror caused some damage to his body. If it weren't for his body to be strong and his cultivation level to be good, just this one shot would be enough for him. For the life of David, Davy was holding the Ghost Tooth Mirror with blood in both hands, the sweat on his forehead kept flowing down, and his whole body couldn't help but trembling and said to Li Tian: "My... I will give it to you now..."

There is no need for Li Tian to use magical tools to deal with these two little guys, he just deliberately pretended to be force in front of these two little guys.

Not to mention, Li Tian's appearance of "bending a bow and shooting a big eagle" is just as domineering as he is!

This forced pretense can definitely get full marks.

Li Tian put away the set of fireball arrows and Yuanyang Mie Shen bow, and reached out to take the ghost tooth mirror.

As soon as he took the Ghost Tooth Mirror, Li Tian's hand sank. This Ghost Tooth Mirror was only the size of a palm. He didn't expect it to be so heavy, but for Li Tian, who was in the early stage of Transcendent Master's eighth level, it was thousands of catties, tens of thousands. He can completely ignore the weight of the catty now.

As soon as the Ghost Tooth Mirror started, Li Tian immediately felt the spiritual power in the black bead in his heart fluctuate violently. The spiritual power in Li Tian's body veins also began to surging, and the Ghost Tooth Mirror had just received the roots in the mirror. Suddenly, Su suddenly came out frantically.

In an instant, the entire arm of Li Tian's right arm was entangled by this white Sensen's roots, and some of the roots have actually been drilled under the scales on Li Tian's body, wanting the softest combination of scales and body skin. Drilled in.

Zheng!

Suddenly, a shrill cry came from inside Li Tian's body!

It was Hong Zhan's Zhengming!

This clank is extremely loud and deafening!

David and the strong fish scale looked at Li Tian in horror, wondering why the clank of swords came from Li Tian's body.

Li Tian didn't expect that the Ghost Tooth Mirror in his hand would cause Hong Zhan to react so strongly. Thinking about it carefully, Li Tian suddenly understood.

Hong Zhan is a demon sword. He once wanted to occupy Li Tian's body. Although this ghost tooth mirror is a divine weapon, this thing is a real monster. Otherwise, when David wears it, it will not take root and grow and wear it. Wei's body grows together.

The so-called one mountain can hardly tolerate two tigers, the demon sword and the monster want to occupy Li Tian's body, then there will inevitably be a 'fishy storm' battle, and the clank of the red sword is a demonstration against the ghost tooth mirror. The Zhan demonstration was obviously effective.

At the moment this clank sounded, the roots of the Ghost Tooth Mirror were all about to retract, turning into a harmless ordinary metal mirror.

"I'm paralyzed, Lao Zi Hong Zhan has not been refined yet, and now I have to find a way to refine the ghost tooth mirror! But... I want to leave the metal world, now I have to collect all twelve artifacts, and I have to let my colleagues own Twelve artifacts, what a fuck!" Li Tian thought uncomfortably.

Thinking of this, Li Tian was in a bad mood for an instant, and his eyes changed when he watched the strong fish scale and David.

"Big...Big brother, now this treasure already belongs to you, can you get me out?" The strong fish scale asked with a trembling voice.

"roll!"

Hearing Li Tian's words, the strong fish scales seemed to have been pardoned, with a look of excitement and flying on the ground, thinking of flying away into the canyon!

As soon as he flew, the two purple dragons that Li Tian first released suddenly rushed towards the strong fish scale. Before the strong fish scale had time to resist, he was strangled by the two purple dragons in an instant. The body exploded in mid-air. Die again.

"How about you?"

"Uncle, uncle, I'll take you away!" David was completely frightened, and said with a sad face on his knees.

Chapter 5028: : Besiege

Li Tian was not willing to kill David in the end.

It was not that Li Tian conscience discovered it, but the guy David claimed that he had a secret in the metal world.

This secret is enough to exchange his life!

Now, David is willing to tell Li Tian this secret, but the premise is that Li Tian needs to swear that he will never hurt him, let alone kill him, and he also needs Li Tian to give three crystals of the ninth-level peak realm of the Transcendent Master. he.

"Hey! Do you think you are still qualified to bargain now?" Li Tian said with a sneer.

David has slowly stood up and said with a smile: "No, I am a fish, and now I am a piece of meat on your cutting board. If you want to kill me anytime, you can! But if you do it now If you behead me, it will make my blood dirty your hands at best, and it will not do you any good. But now my piece of rotten meat is still worth using!"

"Then you have to tell me what kind of secret it is!"

"Yes! Everyone knows that there are twelve continents and fairyland in the metal world of the week. There are 13 areas in total, but, do you know that besides these thirteen areas, the metal world also hides another unknown place? Place. I strayed into that place by chance, but I found that the place seems completely different from the metal world, which means that the place may not be controlled by the existing rules of the metal world at all, or even... even... ...Maybe because my cultivation base is too low, I can feel the magical tool in that place, but it's hard for me to really say it!"

Sure enough, Li Tian couldn't stand the temptation, agreed to David's request, and then made a symbolic oath!

As soon as Li Tian finished swearing, David eagerly stretched out his hand to the three Transcendent Master 9th-level pinnacle crystals that Li Tian placed on the ground, picked them up and held them in his hands, and then said, "I don't know what this adult is called?"

"Li Tian!"

"Oh, it turned out to be Lord Li Tian, this name seems to have been heard somewhere! It doesn't matter, anyway, a strong like you will definitely not be an unknown person..."

"No more nonsense..."

"I believe that a person like Li Tian won't turn back, after all, I just swore a poisonous oath!"

"Hmph, the premise is that you take me to find the place, otherwise, I don't mind letting you taste a bit of pain first!" Li Tian said with a sneer flashing in his eyes.

"Don't... don't! I can tell you the specific location of that place, but I won't follow you..." When David saw that Li Tian was a little angry, he immediately admitted it, but this guy seemed to be very scared of what he said. In the place where he couldn't help showing a trace of panic, he insisted on his bottom line and said.

Hahaha!

Li Tian laughed out loud, but the laughter was full of chill.

"Which one of us do you think is an idiot? If you don't take me, how can I tell if what you told me is true or false? If that's the case, then I assume you haven't told this secret, and now I will send you to the west!" Li Tian's right hand was completed, and his mind moved, there was already a purple dragon in the palm of his right hand.

This flood dragon swam back and forth in the palm of Li Tian's right hand. Although it was small, the powerful dragon power released from that flood dragon did not cheat at all!

David looked bitter.

He found that he had dug himself a big hole, and now he has to jump in.

The secret place that David said that only he knew actually existed, but he definitely didn't want to go to that place again.

However, now David seems to have no other choice but to submit to Li Tian.

David put away the three crystals, but maybe it was because of the loss of the ghost tooth mirror, maybe because of his injury, but his face didn't mean the slightest joy, and he followed Li Tian in despair. Flying in the miracle canyon.

Although David is very upset now, he soon feels lucky that he can follow Li Tian.

The miraculous canyon in the Si continent is different from the miraculous mountain in the Chen continent and the miraculous cave in the Yin continent. The miraculous canyon is like a crisscross spider web, extending in all directions.

Li Tian did not rush to take David to find that mysterious place, but continued to fly towards the heart of this canyon, because Li Mu, Ziyang Thunder Bear and others were cultivating in this canyon at this time and were about to leave the mainland of Si. , Li Tian must inform Li Mu and the others, and leave with him.

Li Mu David had not been flying with Li Tian for more than half an hour, and he was immediately surrounded by a dozen or so super masters of the ninth level of the initial realm, and the guy who brought these super domain masters to the ninth level of the initial realm turned out to be from David The strong man in the mid-level eighth-level super domain master who escaped in his hands.

The strong man in the mid-level eighth level of the Transcendent Master stared at David, and said with a sneer: "Hey, let's see where you run now! Hand over the treasure obediently, maybe I will consider keeping it. Your whole body!"

The treasure this guy is talking about is Ghost Tooth Mirror.

"Big...sir, you have to save me..." David's face changed.

Sure enough, as Li Tian said, this treasure will bring death to David.

Now David feels very grateful, and he even secretly rejoices that he has given the Ghost Tooth Mirror to Li Tian, otherwise he will definitely become the target of these guys, and he might be really hit by then. Not even bones left.

Li Tian nodded slightly, scanned for a week, and said impatiently: "Before I get angry, you guys get out, otherwise don't blame me..."

"Hahaha, whose crotch didn't step up to reveal something like you!"

"Is this idiot responsible for being funny?"

"The garbage in the early stage of Super Domain Master's eighth level, dare to ***** Lao Tzu's lines!"

"What nonsense, you can't be merciful in this metal world, so let's do it quickly. If there is really any treasure, it will be troublesome if someone else looks at it!"

Before Li Tian had finished speaking, he was mocked by the guys who surrounded him.

In this world of strength, Li Tian's Super Domain Master's eighth level initial cultivation base was really inconspicuous.

"Master Li Tian, they are laughing at you. Would you like to show them some color?" David is not a good bird either.

"Puff! I'm about to laugh at Dad! Just show us the color of such garbage? You are really funny too!"

"To tell you the truth, I have given the Ghost Tooth Mirror to this adult for free, and now what you want is in the hands of this adult..." David continued to add fuel to the fire.

"Little trash, is what this guy said true?" Sure enough, the eyes of the many powerful men who surrounded Li Tian and David stared at Li Tian, and one of the super domain masters in the early stage of the ninth level looked fierce Stared at Li Tian and asked.

Li Tian couldn't help frowning slightly, then shook his head uncontrollably, and said to himself: "It's really hard to be a good person. It seems that I'll still be my Devil Li Tian!"

Chapter 5029: : Who is this guy?

The super domain master's eighth-level mid-level powerhouse did not hear Li Tian's words clearly. As soon as his figure flashed, he reached Li Tian's body, reached out his hand to push Li Tian, and sneered with a mocking face on his face: "Forcing me to talk about something. What? They are all ***** people who are dying. Are you trying to curse us in circles?"

The moment this super domain master-level powerhouse appeared in front of Li Tian, David's face showed a sneer, because he knew that this guy who fought with him and escaped by chance would not be so lucky this time.

Super domain master level powerhouse, even if only the super domain master first level initial state, his attack ability is strong and martial, it is undoubted that he is like this big fool, appearing unsuspectingly in front of Li Tian is absolutely dangerous Things.

If Li Tian is willing, Li Tian can kill him at any time!

It's a pity that this super domain master's eighth-level mid-level powerhouse seems to be too self-confident. He seems to think that they have surrounded Li Tian and David now. Li Tian must not dare to touch her, so this stupid lack of talent He dared to appear in front of Li Tian in such a grand manner, and even reached out and pushed Li Tian like a little ruffian.

Unfortunately, this guy chose the wrong person.

At the moment his figure flashed, Li Tiandi had already controlled his right hand, and instantly released two purple dragons blasting on this guy.

It has to be said that Li Tian's control of spiritual power has reached the realm of perfection. From condensing spiritual power to attacking Li Tian, he is well controlled in the palm of his right hand until the bombardment falls on this super. On the domain master's eighth-level intermediate powerhouse, that spiritual power dissipated in an instant and disappeared in an instant.

boom!

Two purple flood dragons instantly poured into the body of this super domain master eighth mid-level powerhouse!

"You ***** dare to fight back?" The super domain master's eighth-level mid-level powerhouse did not expect that at the moment when he pushed Li Tian, Li Tian also slapped him with a palm. He couldn't help but feel as if he was being despised by Li Tian. , Staring at Li Tian angrily and said.

At the same time as saying this, this super domain master's eighth-level mid-level powerhouse has already begun to use his spiritual power, wanting to kill Li Tianxian.

However, at the moment when he was running his spiritual power, this guy suddenly found that the spiritual power in his body veins seemed to be completely out of his control, and a sharp pain suddenly came from his abdomen.

The severe pain came and disappeared faster. Just now this guy still felt pain in his abdomen, but in a flash, the abdomen no longer felt like this. This guy subconsciously looked down at his abdomen, but found him I don't know how much of his body has disappeared after some meeting, and the purple spiritual power surging out of his body veins is devouring his body frantically.

From Li Tian's fight back to attack the Super Domain Master's eighth-level mid-level powerhouse, to this guy looking down and discovering that his abdomen was swallowed by spiritual power, the total time was not more than three seconds, but less than three seconds, this guy He has lost his combat power... No, to be more precise, this guy has lost his vitality.

In the next second, this guy's entire body was swallowed by spiritual power, only the hands and legs that fell on the ground were still being quickly swallowed by the electric current released by the purple dragon, but the purple dragon from beginning to end They were all controlled by Li Tian to be the size of a friend's little finger, and the attack started from the inside of this guy's body. After three seconds, the purple flood dragon released by Li Tian had dissipated under Li Tian's control, and only those involved were left. Spiritual power continued to swallow.

"This...this...what is going on?"

"No... I don't know! He died without seeing the path at all..."

"Could it be that this scaly guy is messing up again?"

"Impossible! His cultivation is only at the early stage of the Super Domain Master's eighth level. It is completely impossible to quietly kill the small road in front of us Super Domain Masters at the ninth level of the early stage!"

"But... only this guy has contact with Xiaoji..."

Obviously, Li Tian's wonderful attack was not seen through by these guys, but because of this, these besieging guys felt more and more fearful. Just now, these super domain masters at the ninth level

of the early powerhouses still looked like nothing happened, but now they are. There was an expression of horror on his face, and his eyes were full of doubts when he looked at Li Tian.

"David, tell these guys, who killed this **** called...Xiaolu just now!?" Li Tianke was not soft-hearted because of the doubts and panic expressions on the faces of the guys besieging him. He has made up his mind. Kill all the garbage who dare to offend him.

David was taken aback.

To be honest, he just stood behind Li Tian, less than three meters away from Li Tian. In such a broken distance, David only felt the spiritual power on Li Tian's right hand fluctuate slightly, and then it happened. What happened just now.

But even if you think with your toes, Li Tian must have done the death of that garbage named Xiaolu!

"Hey, of course it was Master Li Tian's method. Do you know that you are afraid now? It's a pity that everything is late..." Before David finished speaking, he was interrupted by the panic of the besiegers.

"Li Tian? That Li Tian?"

"Master Li Tian? Is it Li Tian, the Great Demon King of Wonderland?"

"Full body scales, Super Domain Master's eighth-level initial cultivation base, and... Could it be... Are you the Li Tian lord of Wonderland?"

Although their speculation has not been confirmed by Li Tian, the guys who surrounded Li Tian just now began to retreat one after another, all of them looked like enemies, their eyes trembled, and they seemed to be afraid of Li Tian. To the point, it seems to be looking for the right opportunity to prepare to escape.

"Li Tian? Is it famous?" David was rather puzzled.

While David was still talking to these super domain masters, Li Tian had already started to move!

Huh!

Huh!

Huh!

It's Teleport!

Li Tian actually showed teleport!

As soon as the teleportation came out, Li Tian's identity was confirmed.

But when the teleportation came on display, these ninth-level super domain masters who had besieged Li Tian had fallen into endless despair!

puff!

The palm of Li Tian's left hand is the dragon claw, which directly pierced the body of one of the strong men, and directly grabbed the crystals in the body of these strong men.

"You...you are really Li Tian...the big devil..."

The strong man did not wait for Li Tian's answer, he had already knelt down in front of Li Tian, and could not die again.

The blood continued to flow out along the wound, Li Tian did not show any mercy on his face, kicked the dead body away, teleported again and began to attack the next strong, against the character in the initial stage of the ninth level of the super domain master, Li The sky doesn't need to show all the effort.

In less than a minute, the battle is over!

None of the ten or so super domain masters at the ninth level are spared!

David knelt and watched Li Tian's killing, and muttered to himself in amazement: "Li Tian...Who is this guy?"

Chapter 5030: : Twelve artifacts

Who is this guy?

Ever since David yelled this sentence, more people in the metal world have yelled this sentence.

Sometimes this sentence was shouted by onlookers when Li Tian easily killed a superdomain master ninth-level peak powerhouse, sometimes some powerful people called Li Tian, the superdomain master at the beginning of the eighth-level peak. The guy in the realm behind him could not help but sigh with the followers of the first, middle, and even peak of the ninth level of the super domain master.

The name Li Tian is definitely the loudest in the metal world. Unfortunately, there is no TV network in the metal world. Li Tian's name is only passed on by word of mouth. Those strong people can remember Li Tian's name. It's not easy, even if you have heard of Li Tian's name, there are still a few who have actually seen the deity of Li Tian.

Half a year later, Li Tian brought David, Li Mu, Ziyang Thunder Bear and others to the Shen mainland.

A certain artifact powerhouse hiding in the Shen Continent was enthusiastically placed. To tell the truth, this artifact powerhouse is not a bit better than David. Of course, this guy is still a bit far behind the artifact powerhouse in Wonderland. .

Li Tian politely explained his intentions to this powerful artifact, and then Li Tian was ridiculed ruthlessly.

Helpless Li Tian could only choose to use force to solve the problem, kill the guy who laughed at him, and then take the divine tool "Eight Desolation Refining Ruler" that originally belonged to him as his own.

A year later, Li Tian took David, Li Mu, Ziyang Thunder Bear and others to the Wu Continent. It is slightly different from the story that happened in Shen Continent. This guy with the artifact is completely weak, then Xiu Because the strength is far worse than David, of course, this guy doesn't know that the "Liangyi Umbrella" in his hand is a legendary artifact.

Li Tian seemed to be a bad uncle. He used a crystal of the ninth level of the Transcendent Master to replace this artifact in his hand. So far, the two umbrellas belonged to Li Tian.

Two years later, Li Tian and other people appeared on the You Continent, and the artifact that fell on the You Continent, Huaguang Fan, accidentally fell into Li Mu's hands, and the original owner of Huaguang Fan, who owned The guy in the mid-level ninth level of the super domain master accidentally got in a different place.

In response, Li Tian gave Li Mu a thumbs up and gave a thumbs up.

Three years later, in the Hai Continent, Li Mu took the Ziyan Thunder Bear and others to meet the Star Territory Lord and the Great Emperor Canghai who were cultivating here a few years later.

Oh, now the star domain master's cultivation realm has broken through to the super domain master realm, reaching the initial stage of the super domain master third level, the Canghai Great Emperor's cultivation realm is slightly worse, and also reached the super domain master second peak.

After several encounters, they launched a hunt on the Hai Continent. They searched for the beast with this artifact from more than 30,000 super-domain master level metal and steel beasts, and then Li Tian did not take action. , A group of people besieged the beast and snatched back the Sky Demon Cone!

At this point, among the twelve artifacts, the Demon Sword Red Chop, Jihuo Meteor Arrow (Yuanyang Deshen Bow), Knuckle Thunder, Ghost Tooth Mirror, Eight Desolate Refining Ruler, Liangyi Umbrella, Huaguang Fan, Sky Demon Cone The top-notch artifacts have all fallen into Li Tian's hands, and the twelve artifacts are getting closer and closer.

Among the twelve artifacts, there are also four artifacts: rouge map, imperial sword, claw thorn ruyi, and nine-color Tianyin seal. Poor David followed Li Tian and others in the metal world. It seems that Li Tian completely forgot the secret place that David knew.

David wanted to bring up this matter to Li Tian, but Li Tian didn't seem to be very caring. There were several times when David wanted to show Li Tian this secret in his heart, but Li Tian directly ignored it. Lost.

David is no longer reluctant.

After all, he felt that he could follow Li Tian, that was really a lucky thing, because he had witnessed many killings with his own eyes.

This kind of killing is often unfounded or even without warning. For example, David followed Li Tian and others and encountered several attacks by powerful metal world bandit gangs, and every time they were attacked by bandit bands. At that time, David would be excited.

If there were no such abnormal super powers as Li Tian, David would probably only feel panic.

But because of the existence of Li Tian, the members of the bandit gang always have an illusion that they don't know who is robbing whom.

The members of these poor bandit gangs, the top ten will be easily beheaded by Li Tian and his Li Tian army, and they become crystals for cultivation. If you meet Li Tian and others in a good mood, these bandit gangs They will save their lives, and then they will be reduced to prisoners, captured by Li Tian and others as slaves.

Following Li Tian, David even forgot his original intention, and forgot his idea of returning to his original world.

However, after more than three years, after Li Tian found all the artifacts he knew, he could not find other artifacts in a short time, and finally talked about this matter.

"David, I have been busy searching for the whereabouts of the artifact for the past three years. Now we have a short time. You can take us to the location of the secret you know. I really want to see this secret you know. Is it the same place as I know!" Li Tian said.

The secret place that Li Tian knew was the dragon gift that the great dragon gave to Li Tian, and that is where the treasure was located.

In the past few years, although Li Tian did not go to the miraculous location to practice again, but Li Tian's cultivation level has steadily climbed to the peak of the eighth level of Transcendent Master, and the scroll dragon picture in Li Tian's heart is also It has gradually revealed everything.

Through the dragon map, Li Tian seemed to know that the treasure of the great dragon was located in a place corresponding to the fairyland.

It's just that the dragon map can only show the plan view, but it can't fully show the metal world, which is a completely three-dimensional world like outer space.

However, through communication with David, Li Tian felt that the treasure place that Longtu was referring to was the secret that David was referring to.

David didn't understand Li Tian's words very well.

"My lord, it's so difficult that you already know the secret?"

David had only been to that secret place once, but this only time made David remember deeply.

That is where people feel fear, more despair.

David believed that if Li Tian had been to that place, he would not be as calm as he is now.

But... Li Tian's expression didn't look like a fake, so when David heard Li Tian talk about Dragon Picture, David was actually a bit daunted! However, David still listened to Li Tian's arrangement, led Li Tian and others, and drove the sky warship to the secret location quickly.

The journey is far.

I don't know how long it has been. According to David, they are not far away from the mysterious place.

At this moment, Li Tian suddenly felt that the thunder in the glove in his hand seemed to feel the existence of something, and he trembled abruptly. The Huaguang fan that had fallen into Li Mu's hands was also slightly weak at this time. Trembling.

"Could it be... is it a divine tool?"
