

A Killer 5051

Chapter 5051: : Chain Pit (1)

Sanlu Shulan received a warm hospitality in the fish repair family.

After thirty years of life in the metal world, Sanlu Shulan has already forgotten the taste of all kinds of delicious food in the Underworld. Now, under the warm hospitality and careful care of the Super God Family of Xiuyu, Sanlu Shulan I once again enjoyed all kinds of delicious delicacies in the Netherworld.

However, Sanlu Shulan did not forget her responsibility because of the hospitality of the Super God Family of Xiuyu. Almost every day, no, almost every half a day, Shulan Sanlu sent people to ask about Xiuyu Lonely and discuss with Donggong Zhentian. As a result, he will also ask his father, Sanlu Shangqing, the patriarch of the Sanlu Super God family, why he has not yet arrived in the Underworld.

"Sister Shulan, I'm afraid that my father can't get away now!" Xiu Yu Junfeng stuffed a thumb-sized fruit into his mouth and chewed a few times. The fruit was full of juice, and the juice was running along the corners of Xiu Yu Junfeng's mouth. It kept flowing down, a few drops still fell on Xiu Yu Junfeng's chest clothes, dyed some ugly colors on the snow-white clothes, but Xiu Yu Junfeng didn't notice it at all, or he had already noticed it. But he didn't care too much, and continued: "In the past thirty years, Chu Jiangnan, who has been enchanted by the Nether Academy, has repeatedly killed the powerhouses of the Sanlu Super God family. Now Sanlu Shangqing is leading people to encircle Chu Jiangnan. You may not know the realm of Chu Jiangnan's cultivation base. After this guy became enchanted again, his cultivation level became more diligent. According to my father, his cultivation level should have almost reached the peak of a demigod by now, breaking through. Getting to the realm of quasi-god is just around the corner."

"So, not to mention that Lord Sanlu Shangqing couldn't get out. Now the widows of the Sanlu Super God Family have already broken through, and they are all trying their best to deal with Chu Jiangnan. This is why Sanlu Chao who came to the Underworld this time The cultivation bases of the super domain masters of the God Family are generally very weak..." At this, Xiu Yu Junfeng's face flashed with disdain.

Xiuyu Junfeng is the lonely young son of Xiuyu. In terms of appearance, Xiuyu Junfeng is definitely a handsome guy. It can be said that Xiuyu Junfeng is the face value responsible for the super **** Xiuyu family, but this guy is definitely Xiuyu has the most sloppy talent for cultivation among his lonely children. By now, this guy is 50 or 60 years old, he still looks like 20 or 30, but his cultivation level has not even reached the level of a cultivator. .

If it weren't for the fact that he was the lonely son of Xiuyu, this waste would have been beaten to death.

Such a waste, unexpectedly once asked Sanlu Shulan for a kiss.

This happened when Sanlu Shulan was only five or six years old.

At that time, Sanlu Shangqing was very angry when he heard the news. At the time of paralysis, Xiuyu Junfeng was already a strange girl in his thirties. He actually thought of Xiang, the super

little Lolita Sanlu who was only five or six years old. Shulan started, if it hadn't estimated the face of the patriarch of the Super God Cultivation Family, this waste would have already been killed!

Xiu Yu Junfeng's request for marriage was declined without hesitation by Sanlu Shangqing, and this guy didn't care at all.

It's just that now Sanlu Shulan has come to the Super God Cultivation Family, and the super master-level masters of the Super God Cultivation Family have their own business to be busy. The reception of San Lu Shulan is left to this waste, this Those dark thoughts buried deep inside the waste began to stir again.

Sanlv Shulan heard of the direct conflict and battle between the Sanlv Super God Family and the Nether Academy, and she couldn't help but feel deeply worried.

She was worried about the clansmen of the Sanlu Super God Family, and at the same time worried about the Nether Academy.

At this time, Sanlu Shulan was very conflicted, and his mood was also very complicated.

Li Tian is the elder of Nether Academy, and the relationship between Li Tian and the old dean and senior elder of Nether Academy is extremely close.

The conflict between the Sanlu Super God Family and the Netherworld Academy has intensified to a certain extent, and in the end the most difficult thing to do is her Sanlu Shulan.

"It stands to reason that we shouldn't leave Sanlu Shulan in the Super God Clan at this time. However, only Sister Shulan is currently in contact with the Sea Monster Clan, even if the Super God Clan wants to shake hands with the Sea Monster Clan. Yanhe, sister Shulan must also come forward..."

Before Xiu Yu Junfeng finished speaking, he was unceremoniously interrupted by Sanlu Shulan.

Sanlu Shulan was really angry!

She has stayed in the Super God Family of Xiuyu for three days. If she had known the situation of the Super God Family of Sanlu and Nether Academy, she would have left the Underworld.

"Then what is the result? What about the deliberations of the three super **** families? I have been waiting here for three days. Haven't the results been discussed in three days? If there is no result so far, then don't hang me again. Here, you go back and tell Master Lonely, Xiuyu, that I am leaving the Underworld now...!" Sanlu Shulan said emotionally.

"This... hey, you also know that my position in the Super God Family of Xiuyu is not so prominent from time to time, and it is not easy for me to see my father!" Xiuyu Junfeng said with a helpless expression.

The fire in Sanlu Shulan's heart burned instantly.

What do you mean?

Is this to imprison me Sanlv Shulan?

"If this is the case, then I can only leave without saying goodbye. When I see Uncle Xiuyu again in the future, I will plead with him!" As soon as Sanlu Shulan was about to use teleport, she suddenly

felt a powerful force. The coercion fell from the sky, and the wheels were on her instantly, making Sanlu Shulan unable to move!

"you....."

Sanlu Shulan couldn't believe her eyes, she didn't expect that this powerful pressure was actually displayed by Xiu Yu Junfeng in front of her.

The eighth level of Super Domain Master!

There is absolutely nothing wrong, that is, the eighth-level pinnacle of Super Domain Master!

How can this be?

Isn't this guy the biggest waste of the Super God Family? How could his cultivation level be higher than mine?

Sanlu Shulan's mind suddenly became a little confused.

A cold smile flashed across Xiu Yu Junfeng's face, he got up from the chair, walked slowly to Sanlu Shulan, and reached out to touch Sanlu Shulan's face, "Super God family, it sounds like The scenery is infinite, but it is also dangerous. The struggle within the family is probably more fierce than the outside struggle. If I were not pretending to be stupid, I am afraid that I would have been lying in the coffin and become dead bones. , You guessed it right, my cultivation level is the eighth-level pinnacle of Transcendent Master! Hey, didn't you think I was worthy of you before? What about now?"

Speaking of Xiuyu, Junfeng stretched out his hand to pull at Sanlu Shulan's clothes, and then reached out and held Sanlu Shulan, touching with both hands frantically.

hiss!

With the sound of silk tearing, Sanlu Shulan's body was already exposed to pieces of snow-white skin.

At this moment, two consecutive figures appeared in the room instantly, it was Xiuyu's loneliness and Donggong's shaking the sky.

"Beast, when I was busy preparing for the present to shake hands with the Sea-Monster Clan, you **** could do such a thing..." Xiu Yu lonely stretched out his hand to catch, Xiu Yu Junfeng couldn't help but flew back, instantly. He had fallen into the hands of Xiuyu's loneliness, Xiuyu's loneliness seemed to be really angry, raised his right hand, and hit Xiu Yu Junfeng with two punches in a row.

boom!

boom!

With the strong spiritual fluctuations, Xiu Yu Junfeng's body bowed like a shrimp, and fell to the ground softly. Xiu Yu's loneliness seemed incapable of understanding his hatred, and he kicked Xiu Yu Junfeng's body and flew out. Outside the window, the anger on his face was slightly eliminated, "Niece Shulan, I am to blame for this matter. If I am not busy preparing gifts for the Sea-Monster tribe, this animal also..."

"gift?"

"Yes, after discussions with our three super-god families, now we have decided to shake hands with the Sea-Monster Clan to make peace. Since it is a handshake with us, how can it be meaningless to say that we are all ready together now, I know you are in a hurry Back to the Ming Continent, rush back to the Sanlu Super God Family, but I also ask you to take the team gifted by our Super God Family to the Sea-Monster Clan territory now!" Xiu Yu said silently.

"Okay, let's set off now!" Sanlv Shulan said without any hesitation.

Chapter 5052: : Chain Pit (2)

Solitary Xiuyu brought Sanlu Shulan to the meeting room of the Super God Xiuyu family, where there are already more than 30 powerful people from the Super God Xiuyu family waiting.

"These thirty warriors will follow you to the Sea-Monster Clan. Each of these warriors carries a space ring in their hands, and what is stored in these space rings is our Super God Fish Cultivator family giving it to the Sea-Monster. Gifts from the clan, people who come here, all take out the gifts for Miss Shulan to look at..."

Following the solitary word of Xiuyu, these thirty-odd warriors of the Yuxiu family took out from the space ring one after another.

These gifts are very heavy, including minerals, metals, and gems produced in the territory of the Super God Family of Xiuyu, as well as many furniture items used by human society, and even wine produced by the Li Tianjun regiment. Of course, these are nothing. , The most important thing is a map.

This is the map of Hades.

Xiu Yu Ji Liao took the map and shook his hand. The map opened. Under the control of Xiu Yu Ji Liao, the map slowly floated in mid-air.

"When is the time to repay the wrongs? Our Super God Cultivation Family is actually tired of this life of fighting with each other. So when I heard your proposal, I and our Super God Cultivation Family were already moved. It's just that the matter is very important. Later, after discussing with the Eastern Palace Super God Family, especially the White Horse Super God Family, we decided to show our sincerity. We are willing to divide the entire Nether Cry Sea and all these areas and give it to the Sea-Monster Clan. Habitat. Of course, if the Sea-Monster Clan is not satisfied, we can sit down and talk in detail!" Xiuyu lonely pointed his finger at a large area on the map that had already been circled in other colors.

To be honest, when Sanlu Shulan saw this area, she was deeply moved by the loneliness of fish-fishing.

Nether Weeping Sea, the area of this sea area alone is much larger than that of the ordinary Venerable Nation, and the large area drawn now has a total area of at least three times the size of the Venerable Nation of the domain master level. Such a large piece of land is enough for the Sea-Monster Clan to thrive here.

As he said, Xiuyu Lonely rolled up the map, and solemnly handed it to Sanlu Shulan's hands, and continued: "But I said ugly things first, shake hands and make peace. This is what our Xiuyu and Baima Super God family can get. The greatest sincerity has been shown. If the Sea-Monster Clan is still not satisfied, then we can only once again join the Eastern Palace Super God Family and the

White Horse Super God Family to do something with the Sea-Monster Clan, Sanlu Shulan, don't forget you. You are a member of the Sanlu Super God Clan, and you are also a member of the four Super God Clan. You must consider this matter from the stand of the Super God Clan. Also, it's best if the Sea-Monster Clan is willing to negotiate peace. The clan is not willing to negotiate, you must pay attention to your safety and never let yourself fall into a dangerous situation!"

Sanlu Shulan was deeply moved by the care of the elders, such as Xiuyu's loneliness.

"Uncle Xiuyu, don't worry! It's just... about Xiuyu Junfeng..."

Before Sanlu Shulan finished her words, she was interrupted by Xiuyu's loneliness and unceremoniously. It can be seen that Xiuyu's loneliness is still very angry. It seems that such a guy in the family makes him very faceless. After a few seconds, Xiuyu lonely sighed and said: "You are such a good boy. You can still think of him after being so wronged. The tiger poison does not eat children. Even if that animal is not a thing anymore, he is mine after all. Son, I didn't really kill him either, but... when you came back from the Sea-Monster Clan with good news, I personally took him to the Sanlu Super God Family to plead with Sanlu Shangqing."

Sanlu Shulan is not good at what to say, and with more than 30 gift-giving experts from the Xiuyu family, they have left the residence of the Xiuyu Super God Family and teleported continuously to the coast of the Nether Cry Sea, seemingly to make Sanlu Shulan no longer has any doubts. The cultivators sent by the Super God Cultivation Family to give gifts are generally very low, and their cultivation realm is the highest and they have not reached the realm of the Transcendent Master. Many people only have the cultivation realm. In the early stage of the domain master, it was even the realm of the venerable.

But even so, the appearance of Sanlu Shulan with so many powerhouses quickly attracted the attention of the superdomain master-level powerhouse who was responsible for guarding and patrolling in the sea of crying.

Sanlu Shulan first comforted everyone. She flew over the Netherworld Weeping Sea and shouted loudly at the sea: "I am Sanlu Shulan. A few days ago, I followed the sea monster clan's meat **** and firewood. Territory master-level powerhouse Sanlu Shulan who returned from the secret realm, now I have important things to ask to see Haiqin, and I hope that the powerhouse of the Sea-Monster Clan who is responsible for patrolling can come out to see me!"

A direct war between two races is different from a fight between the two. Even if Sanlu Shulan leaves the Sea-Monster Clan for a few days and wants to enter the Nether Cry Sea again, especially to the territory of the Nether Cry Sea, he must follow The routine is out, otherwise she is now carrying so many strongmen from the Super God Family of Cultivating Fish, if she rushes into the Nether Cry Sea, she will probably not be controlled by her.

Soon, a super-domain master-level sea monster emerged from the sea, and it happened that this sea monster had seen Sanlu Shulan.

This sea monster has no good feelings for the Sanlu Super God family, but he also knows that Sanlu Shulan is the woman of Li Mu. Strictly speaking, Sanlu Shulan is still the future daughter-in-law of Haiqin, the patriarch of the sea monster. Thinking about it, this Sea-Monster clan powerhouse also became polite to Sanlu Shulan.

"I don't know what happened to Miss Shulan's return?"

Sanlu Shulan fell down, stepped on the sea, and saluted the sea-monster clan powerhouse. Then he said, "I have convinced the Xiuyu and the White Horse Super God Clan. These two families are now willing to fight with the sea. The monster clan is back to shake hands and make peace. Have you seen the strong men on the coast? These are all from the Super God Cultivation Family who followed me to send them! I have a big gift to give to Haiqin!"

Looking at the powerful fish-cultivating super-god clan standing on the coast who only had the realm of the domain master or even the venerable realm, this sea-monster clan was a little uncertain.

"Or I will send someone back to inform Master Haiqin, let Master Haiqin..."

Sanlu Shulan's time is very tight, and she is still worried about the conflict between the Sanlu Super God Family and the Nether Academy, so now she must explain to Hai Qin the meaning of the Xiuyu Super God Family as soon as possible, even for the time being Sea Monster Family He Xiuyu and the White Horse Super God family cannot reach a consensus, but at least they can stop the two sides from hostile attacks during wartime, avoid escalation of conflict, and avoid greater hatred.

"What are you afraid of? Don't you still believe me? Even if you don't believe me, don't you believe in the strength of the Sea-Monster Clan? Look... One of the strong men of the Super God Clan following me can be dangerous. Sea-Monster tribe? Don't worry, everything is done in accordance with Sea-Monster tribe's rules, blindfolded, and close your minds. If you find any one of you is unruly, you can kill it on the spot, and after these powerful people enter the Sea-Monster tribe, You can also be imprisoned temporarily..." Sanlu Shulan explained.

In order to convince the Sea-Monster clan powerhouse to believe her, Sanlu Shulan even took out the map prepared by Xiuyu Lonely, "Isn't the Sea-Monster clan's plan to be able to return to land? Now this opportunity In front of my eyes, the Sea-Monster Clan will be able to live in this vast land in the future!" Sanlu Shulan explained.

The super domain master of the Sea-Monster clan was also very excited.

"If this is the case, then I have no reason to continue blocking. But this still has to follow the old rules!"

"it is good!"

As the Sea-Monster clan released a sonar-like signal, another five or six super-domain masters appeared in this sea area, and Sanlu Shulan reached out to greet the masters of the super-shen family. Flew over, and then followed the rules of the Sea-Monster Clan, entered the Netherworld Cry Sea under the care of five Sea-Monster Clan superdomain master-level experts, and swam toward the Sea-Monster Clan's territory.

"It's finally over! The war between the Sea-Monster Clan and the Super God Clan is finally over!" Sanlu Shulan and others have disappeared into the sea, and a smile appeared on the face of the Sea-Monster Clan's super domain master powerhouse. , Said to himself, at this moment, he suddenly felt a slight fluctuation of spiritual power around him, and this sea-monster clan powerhouse had a trace of alertness in his heart.

puff!

As a knife shadow flashed past, the Sea-Monster Clan who possessed the super domain master realm was already in a different place.

"Half... Demigod..."

It is a pity that this vigilance came too late. At the moment when the blood in the body of this Sea-Monster clan powerhouse had not dyed the sea red, his corpse was sent into the space ring by Xiuyu Lonely.

Immediately after...

Huh!

Huh!

Huh!

The super domain master-level powerhouse teleported continuously on the sea surface.

Fish repairing, white horses, and the super domain masters of the Eastern Palace Super God family who came to the underworld are all dispatched!

Chapter 5053: : The oil runs out

Sanlv Shulan's face was full of joy.

This kind of joyful expression was something she couldn't hide in anyway.

Just as excited as Sanlv Shulan, there were several Sea-Monster superdomain masters who followed her.

The war is coming to an end. This kind of news is something to celebrate for anyone who has lived in the shadow of war all the year round. For this reason, these Sea-Monster clan powerhouses are on their way to the Sea-Monster Clan's underwater world. The good news has already been told to other fast-moving Sea-Monster clan powerhouses.

"Finally... is it finally over?"

"Haha, it must be true. Haven't you seen that the Super God Xiuyu Family has sent someone to ask for peace?"

"Woo, but why does the Super God Cultivation Family suddenly ask for peace? Is this a conspiracy?"

"Conspiracy? How is it possible! They don't even know the location of our underwater city, what conspiracy can they play with us? Could it be that these few domain masters who have been blindfolded and blocked the sense of God and even the venerable Grade guy?"

"Maybe I have too much heart! But in general, this is a good thing, the war is finally over!"

"Woo, if this day can come a few days earlier, even if it is a month earlier, my father will not... woo." The sea-monster clan's patrolling powerhouse cried with joy.

Another strong Sea-Monster clan said with some dissatisfaction: "You should cry for such a happy thing. You should think that in the future, our children and grandchildren will not be involved in the war again. They will never have any more. Threatened! Oh, why do I want to cry too?"

Sanlv Shulan is the only strong person who has not been blindfolded and sealed off her spiritual consciousness. Whenever she hears this kind of discussion, Sanlv Shulan will be moved involuntarily.

"ended!"

"It's finally over!"

...

Nether crying sea bottom, the sea-monster tribe's submarine city.

In the high tower where the elder of the Sea-Monster clan was located, Hai Qin knelt on the ground, tears on his face falling uncontrollably.

The clan elder who had led the Sea-Monster Clan to stand for tens of thousands of years finally came to the end of his life.

In fact, her life should not be so short in the realm of the clan old demigod level.

Unfortunately, before the clan elder led the Sea-Monster clan into the Nether Weeping Sea, she had dark wounds on her body. After so many years, the clan veteran has worked hard to train the Sea-Monster clan powerhouse, and wanted to bring the Sea-Monster clan back to land, even at the end of life Jun Shi and Haiqin joined forces to open up the mystery of the metal world.

"Clan elder..." Li Xiaoyu cried bitterly.

"Mother-in-law..." Li Wuque cried heartbreakingly.

Kneeling down behind Haiqin are the sons and daughters of Haiqin, which are the 'products' of Li Tian before entering the secret realm and after Haiqin Yushui Huan, Li Xiaoyu and Li Wuque.

Li Xiaoyu, male, nicknamed Xiaoyuer, inherited more than half of Li Tian's appearance, and also inherited Li Tian's talent for cultivation. Under Haiqin's meticulous cultivation, Li Xiaoyu used less than 30 years of In time, his cultivation realm had reached the second-level peak realm of the domain master.

Li Wuque, female, nickname Hua Wuque, inherited Haiqin's beauty, and also inherited Haiqin's cultivation talent. With the special care of his elders, Li Wuque's cultivation level is higher than Li Xiaoyu. Many of them have reached the early stage of the ninth level of the domain master.

The little fish and the flowers are perfect, this is the name Li Tian gave when he left the Sea-Monster Clan.

"Mother-in-law, I have a demi-god crystal here, you quickly absorb the spiritual power in this crystal, I...uuuu...I don't want the mother-in-law to leave us!" Li Wuque would take one out of her skin. The demigod crystal reached out and handed it to the clan elder, but the clan elder did not accept it.

The clan elder is very clear about her body. She knows that she doesn't have much time. Even if there is a steady stream of demigod crystals for her to practice, it is just barely hanging her life, and it will not change her body. .

"Let's put it away! No shortage, this is something your father tried so hard to come back. It shouldn't be wasted on an old woman like me. Put it away and practice by yourself!" The clan elder

coughed several times and then paused for nearly a long time. After thirty seconds, her breathing gradually calmed down, "Don't cry, don't be sad, I've already looked down on life and death, but... it's just that I haven't seen the Sea-Monster return to land on the day... ..."

The spiritual power of the clan elder has already begun to escape uncontrollably. Now the clan elder is lying on the soft couch, and his body is rapidly becoming shriveled, but at this time the clan elder's eyes are exceptionally bright, she She seemed to be looking at the top of the tower, and she seemed to think of her lost youth.

"The clan elder, Li Tian will be back soon. After he comes back... after he comes back..." Hai Qin's tears couldn't stop streaming down, but she didn't say what she said because Hai Qin knew the clan very well. Now that the oil is exhausted and the lamp is dead, it is impossible to wait until Li Tian comes back.

"Li...Li..." As if thinking of Li Tian, the clan elder wrinkled a smile on his face.

Thinking of Li Tian, the clan elder feels very relieved. She thinks that letting Haiqin and Li Tian go together is the most correct decision in her life, so that the Sea-Monster Clan and Li Tian are tied together forever. As long as Li Tian rises, the Sea-Monster Clan can return to life on land sooner or later.

"Haiqin, although I haven't seen the day when the Sea-Monster clan returns to land, I can imagine it! I believe in you and Li Tian! One day our Sea-Monster clan will leave the sea and return to land. Our children and grandchildren will live upright in the sun like the human race..." This sentence seems to have exhausted the last trace of the clan elder's strength. After the clan elder finished speaking, his body has dried up like a corpse, and Her breathing was already like hairspring.

"Mother-in-law..."

"Clan elder..."

"Old Clan!"

For a while, the tower was sad and weary, and almost all the Sea-Monster tribes present were distraught.

At this moment, suddenly a super domain master-level powerhouse who was in charge of patrolling outside the city of Haiti rushed in. This guy was panting, his face could not help showing a trace of excitement, and he shouted loudly: " Master Haiqin, the Super God Family of Xiuyu... begged our Sea-Monster clan for peace..."

"what?"

All the Sea-Monster tribes were shocked by this sentence.

The Sea-Monster clan expert saw the angry clan elder sitting up abruptly, his heart was startled, and his voice trembled and continued: "It's true, it's Sanlu Shulan with the super ***** of Xiuyu. The powerhouse of the family came to give gifts. I have already seen the map drawn by the Super God Xiuyu family. We...our Sea-Monster Clan can finally return to the ground!"

"Clan elder, did you hear that?" Hai Qin knelt down in front of the elder, stretched out his hand and grabbed the shriveled hand of the elder and said.

The clan elder seemed to want to say something, but in the end her mouth opened a few times, but she didn't say a word, but soon there was a smile on her face, a smile of relief, and then... The body fell down and stopped breathing.

Hai Qin did not care about the grief in his heart, stretched out his hand to wipe the tears from the corner of his eyes, stood up abruptly, turned and shouted: "Everyone of the Sea-Monster Clan listened to the order, ready to fight..."

Chapter 5054: : Siren's Death (1)

Ready to fight?

All the Sea-Monster superdomain master-level powerhouses present felt that they had heard it wrong? Or is the patriarch Haiqin wrong because of the elders?

"Clan... Patriarch, are you okay?" Rouqiu asked with some uncertainty, "You just said you were going to fight?"

"Master Haiqin, the Super God Cultivation Family wants to negotiate peace with us. They appointed Master Sanlu Shulan to lead over thirty powerful men to give gifts to our Sea-Monster Clan to express their desire to shake hands with us. Sincerity of Yanhe! I... I just saw it. There are many rare treasures and many items that are only used in human life. Of course, these are not the key points. The most precious thing is given by the Super God Family The roll of map on the map has clearly marked the territories given to us by the two super **** families, Xiuyu and Baima, the area of that territory..."

"To shut up!"

The super domain master-level powerhouse who ran in to deliver the message was severely interrupted by Hai Qin before he finished speaking.

"That's just a roll of maps..."

Haiqin's psychology is very clear. There is no direct contradiction between the Sea-Monster Clan and the Donggong Super God Family, and the contradiction with the White Horse Super God Family is not so strong, but the contradiction between the Sea-Monster Clan and the Xiuyu Super God Family is absolutely irreconcilable. of.

For tens of thousands of years, there have been at least tens of thousands of venerable and domain master-level powerhouses of the Sea-Monster Clan who have died in the hands of the Super God Xiuyu Family, and the price the Super God Xiuyu Family has paid for this is also painful. The history of the Super God Family with Xiuyu is a history of blood and tears fighting each other.

Talking with the Super God Family of Xiuyu?

How can this be?

There is only one explanation for this situation, and that is that Sanlu Shulan was used by Xiuyu Lonely, and Sanlu Shulan arrived in the sea-monster clan's seabed city in order to find the sea-monster clan's details on the seabed. Location, its purpose is naturally to talk about the Sea-Monster tribe uprooting.

Hai Qin even suspected that the strong men of the Super God Family of Fish Cultivation would soon arrive in the territory of the Sea-Monster Clan, and the battle would begin soon.

"According to my order, in addition to Sanlu Shulan, immediately kill the other strong men who came to give gifts from the Super God Cultivating Fish Family. As for Sanlu Shulan, you should immediately be imprisoned! Wuwei, Rouqiu you two immediately organize the sea The super domain masters of the monster clan strengthen their patrols outside the city under the sea and prepare for battle! Xiaoyuer, Chaihuo, you go to inform the emperor Star, the emperor Canghai, and organize the members of the sea monster clan to start transferring..." The more the critical juncture, On the contrary, Hai Qin's heart became calmer, giving orders quickly and continuously.

Haiqin's status in the Sea-Monster Clan is absolutely noble, and now Haiqin is serious, and no one dares to question it.

Everyone is acting.

The entire underwater city fell into chaos.

Huh!

Huh!

Wuwei He Rouqiu led five super domain master-level powerhouses to appear next to Sanlu Shulan and other powerful Xiuyu super **** family powerhouses who came to give gifts.

There was a disagreement...Wait, Wuwei and Rouqiu didn't even say a word and did it directly. It was just a few moments. When Sanlu Shulan returned to the United States and Europe to react, those cannon fodder givers were quickly killed. For a while, the hall was flooded with broken corpses, and blood flowed into rivers.

"You... The Sea-Monster Clan is really barbaric bastards... Our Super God family put down Yan before and came to negotiate with you. Didn't expect that your savage group of lower creatures would dare to do something to our Super God family?" Sanlu Shulan Waking up from the shock, he roared with anger on his face.

Although Sanlu Shulan did not admit it, in her heart she never regarded the Sea-Monster tribe as a human being. Deep down in her heart, the Sea-Monster tribe is a few lower creatures than human beings, if it weren't because of Li Mu. For the reason, Sanlu Shulan would not even come to the Sea-Monster Clan's territory, and naturally would not make peace with the Sea-Monster Clan.

Sanlv Shulan feels that their Super God family can put aside their subordinates to ask for peace and peace, but these strong men of the Super God family are killed by these barbaric **** instantly. This is not just the insult of the Super God family. The thing is that the Super God Family was provoked by the Sea-Monster Clan.

why?

Sanlv Shulan once flashed such a thought in her mind. She wanted to know why the Sea-Monster tribe would suddenly do it, but this thought only flashed past.

It is hatred!

It must be hatred. The hatred of the Super God Family and the Sea-Monster Clan made these whispering creatures, the Sea-Monster tribe, unable to understand the current situation.

Sanlv Shulan was shocked, but her heart was more disappointed.

Things have developed to the point where it is now, and it is completely impossible to continue the peace talks. Next, the Super God Fish Cultivator family will madly retaliate against the Sea-Monster Clan. When the time comes, the Nether Cry Sea will become a sea of blood and a sea of fire. A sea of death!

Sanlu Shulan was very injured, and now she has no hope for the peace talks between the Super God Cultivation Clan and the Sea-Monster Clan.

Whether the Sea-Monster Clan can support Li Tianjun's return from the metal world is the Sea-Monster Clan's own business.

The battle starts quickly and ends quickly.

After just a few breaths, the strong fish-cultivating super **** family in the entire hall has been slaughtered. Only San Lu Shulan was surrounded by the sea-monster strong, and the meat ball's face was staring a bit angrily. Looking at Sanlu Shulan, he said: "Sanlu Shulan, we will not hurt you for the sake of Master Li Mu, but I hope you can cooperate with us..."

Sanlv Shulan shook her head slowly, her voice trembling and said, "Even if your Sea-Monster Clan and the Super God Cultivation Clan have disagreements, but the two armies should not be killed in battle. These messengers from the Super God Family of Fish Cultivation killed them! Now..."

Sanlv Shulan suddenly didn't want to say any more nonsense.

She knew that everything was over in the peace talks.

All she wanted now was to leave this ghost place as soon as possible, and then let the Sanlu Super God Family stay out of the matter.

"I am really disappointed with you. Now I am leaving the Netherworld Cry Sea. From now on I will no longer ask about the Sea-Monster Clan and the Super God Cultivation Family. You had better not stop me, otherwise..." Sanlu's Xiu For the realm not to be weak, apart from the patriarch Haiqin and a few super domain masters above the eighth level, no one in the Sea-Monster clan can stop Sanlu Shulan.

When she said this sentence, Sanlu Shulan was already running her spiritual power.

Shulan didn't want to catch the fire, but she didn't want to be trapped by the Sea-Monster Clan.

"Sanlu Shulan, you idiot, our Sea-Monster Clan is going to be killed by you! The Super God Cultivation Family is just using you. If you want to prove your innocence, you'd better not do it, and it's best not to waste us. Time!" Li Wuque shouted angrily.

"Utilize me? Haha, how is it possible? If you want to add a crime, even if you want to kill the messenger of the super **** Xiuyu family as a gift, you don't need to impose this crime on me..." Sanlu Shulan said Before finishing talking, suddenly there was a violent energy fluctuation, and then the entire underwater world began to shake violently.

Boom~

Boom~

Chapter 5055: : Siren's Death (2)

The reaction of the Sea-Monster Clan was not unpleasant, but the Super God Clan arrived faster.

Sanlu Shulan hadn't caught it yet, and the patriarchs of the three super-god families, Xiuyu Lonely, Donggong Zhentian, and White Horse King Kong, led hundreds of super-domain masters from the three super-god families to the Sea-Monster Clan. The outskirts of the underwater city.

"This is the Sea-Monster Clan's submarine city? It is magnificent! Even compared to the imperial city of any Venerable Nation in the Nether Realm, it is not inferior! Haha, I didn't expect the Sea-Monster Clan to build such a magnificent city on the ocean floor. , It seems that we still need to know about the Sea-Monster Clan again." Xiuyu's lonely face was triumphant, and he couldn't help but sigh with emotion when he saw the magnificent undersea city.

The Eastern Palace Super God Family is far away in the Nether Continent, and has not had much contact with the Sea-Monster Clan. Now seeing the Sea-Monster Clan's submarine city, Donggong Zhentian, a demigod-level powerhouse, also feels a little weird, "Then you You need to hurry to get to know it. After this battle is over, Jin Hui may be completely beheaded by the Sea-Monster Clan, just like a corpse clan, completely disappearing into the Nether Realm, and you may have no chance to get to know it by then!"

It can be seen that the patriarchs of these two super **** families are in a particularly good mood.

Unlike these two patriarchs, King Kong White Horse was somewhat helpless.

White Horse King Kong is actually very optimistic about Li Tian, and also very optimistic about Li Tianjun regiment.

Especially when he was in the Colosseum, the White Horse King Kong layer deduced several times, and he probably knew the future fate of Li Tian.

However, this time King Kong White Horse hesitated.

Everything is not static, just like the White Horse King Kong's deduction against Li Tian and the Li Tian army. Before this time, White Horse King Kong made many deductions against Li Tian, but the result of the deduction made the White Horse King Kong. Everyone can't understand it.

According to the results of the deduction, it is ambiguous whether Li Tian can return to the Nether Realm, and even if Li Tian can return to the Nether Realm, Li Tian's future destiny is gradually blurred. This makes White Horse King Kong very hesitant, and White Horse King Kong is now leading The powerhouse of the White Horse Super God Family came to the Sea-Monster Clan territory, which has already explained his attitude.

The two super domain master-level powerhouses who are responsible for patrolling outside the city of the sea-monster see the mighty powerhouse of the super-god family, at least thousands of obstacles are bound to die, but they still rushed forward without hesitation. , These two super-domain master-level powerhouses hold the mentality of death, and want to rush into the crowd of these super-god family powerhouses to explode, in order to cause the greatest harm to the super-god family powerhouses.

However, in front of the demigod-level powerhouses, even if the superdomain master-level powerhouses want to explode, it is a luxury. These two Sea-Monster clan superdomain master-level powerhouses have not had time to explode, or even have time to operate their spiritual power. Performing any attack will be easily killed by Xiuyu's lonely two fingers.

The corpses of these two Sea-Monster clan powerhouses were floating in the sea water, blood was constantly flowing out of their bodies, but they were completely diluted by the sea water in an instant.

"Get ready to do it!"

The three patriarchs of the super **** family looked at each other and nodded at the same time.

"According to our previous plan, Haiqin must die, and none of the superdomain masters of the Sea-Monster tribe will remain. As for the other trash of the Sea-Monster tribe, you can kill as much as you can. The Sea-Monster tribe below the realm of Venerable It can be ignored, even if they let them escape, they won't be a big climate!" Xiuyu said solitaryly.

Speaking of Xiuyu's loneliness, the spiritual power has been activated, releasing a half-moon-shaped divine power cut that is at least seven or eight hundred meters high, and directly rushes to the protective shield outside the city of the sea, followed by the two patriarchs of Donggong Zhentian and Baima Jingang. Also do it at the same time.

What Donggong Zhentian released was a spiritual arrow with the thickness of a bucket that was more than kilometer in length, and the strength of the White Horse King Kong was indeed weaker than the two demigod-level powerhouses of Donggong and Xiuyu, but even so, White Horse King Kong was also close to the demigod, and a King Kong glittering as high as several dozen feet appeared.

Boom~!

Boom~!

Boom~!

As the three patriarchs began to attack at the same time, the defense of the Sea-Monster Clan's underwater city was instantly broken.

The sea fell from the sky, frantically rushing towards the city under the sea, and the streets of the city under the sea were instantly attacked by the sea.

The Sea-Monster tribe, living at the bottom of the sea for many years, will naturally not be afraid of the sea, but when the sea water that falls from the sky invades the entire undersea city, the ordinary Sea-monster still feels deep despair.

The attack of the demigod powerhouse finally landed on the seabed city after cutting through the defensive layer!

Rumble!

Rumble!

In an instant, at least dozens of buildings in the underwater city were attacked and collapsed.

Whoosh!

Whoosh!

Whoosh!

At this time, the strong of the Sea-Monster Clan must respond.

At the moment when the protective layer of the seabed city was attacked, many super-domain masters and master-level sea-monster clan powerhouses were killed under the leadership of Haiqin.

The reason why the Sea-Monster tribe can survive in the underwater world of the Nether Cry Sea is because they have faced only the attack of the Super God Family of Xiuyu, and they hide in the vast underwater world of the Nether Cry Sea. The family has to pay a heavy price to deal with the Sea-Monster tribe, but now, the hiding place of the Sea-Monster tribe has been discovered, and at the same time, facing the joint attack of the white horse and the strong of the East Palace Super God family, the battle has not yet begun to win. Libra is leaning towards the super **** family.

As soon as the super domain master-level powerhouse of the Sea-Monster tribe rushed out, he would immediately receive two, three, or even more opponents, and even Haiqin was no exception. As for those domain master-level powerhouses, the number of Sea-Monster tribes is huge, but it is a pity that domain master-level powerhouses do not play a decisive role when facing superdomain master-level powerhouses.

boom!

The corpses of a strong siren clan exploded in the sea.

boom!

A building of the Sea-Monster tribe is constantly collapsing.

boom!

...

Screams, screams, screams, and cries continued to come.

"impossible....."

"impossible....."

"Why did this to me!"

Sanlv Shulan had already rushed out of the hall. At this time, the sea had submerged the city under the sea, and the sea in the city gradually recovered its calmness. However, Sanlu Shulan was very sad and desperate in her heart. She did not know that fish repair was lonely and the East Palace was lonely. Why did Zhentian and White Horse King Kong use her like this?

Sanlv Shulan wanted to teleport to Xiuyu's solitude and questioned him face to face, but now Xiuyu's loneliness, White Horse King Kong, and Donggong Zhentian are besieging Haiqin. The battle of this demigod powerhouse is not her super As far as the domain master can interfere, if Sanlu Shulan enters the fighting circle rashly, she is likely to be killed instantly.

Sanlu Shulan even has reason to believe that these guys like Xiuyu Lonely may ignore her completely, directly behead her, and then put the blame on the Sea-Monster Clan, because...in this battle, I didn't even see Xiuyu. Anyone in the Super God Family.

Sanlu Shulan has the desire to die, she really wants to let the Sea-Monster clan powerhouse point her nose to scold her, or even attack her, so that the six in her heart will feel better, but... The powerful sea-monsters such as Rouqiu and Li Wuque abandoned Sanlu Shulan as soon as the battle took place, and they are now fighting against the powerful of the Super God family.

boom!

A group of strong spiritual power exploded behind Sanlu Shulan, the magnificent building behind her was bombed and collapsed, huge stones kept falling from the top of her head, Sanlu Shulan did not escape, the present She really wanted to be smashed to death by these huge stones.

Desperate, the godless Sanlu Shulan felt like a ghost, no one of the super **** family powers who had already entered the city would kill her, and the sea monster clan powerhouses completely ignored her existence.

At this moment, Sanlu Shulan saw a familiar figure—Xiu Yu Junfeng.

"This **** guy is safe and sound?" Sanlu Shulan was instantly furious.

Chapter 5056: : Siren's Death (3)

Whoosh!

Sanlu Shulan teleported to Xiu Yu Junfeng in an instant, and stretched out his hand to block Xiu Yu Junfeng's attack on a strong Sea-monster.

The Sea-Monster Clan who was rescued was also the strong man who returned from the metal world like Sanlu Shulan, but the strong man's eyes did not show any gratitude to Sanlu Shulan, instead he spat at Sanlu Shulan. , If it weren't for the underwater water, the saliva would definitely fall on Sanlu Shulan's face.

"The cat is crying and the mouse is crying. There is no need for you as a **** to fake mercy. Now that our Sea-Monster clan looks like this is thanks to you as a bitch. If I can survive by luck, I will definitely tell Li about your ugly face. Master Mu, let Master Li Mu see your slut's face clearly..." This Sea-Monster Clan superdomain master said angrily with both eyes.

puff!

A sharp sword of spiritual power has pierced the throat of this sea-monster clan powerhouse.

"Hey, I'm afraid you no longer have that chance!"

At the moment when this strong man was speaking to Sanlu Shulan, Xiu Yu Junfeng had already appeared behind him. Originally, he had the advantage of Xiu Yu Junfeng on his cultivation base. Now this sea-monster clan powerhouse's mind and will Chaos, was easily attacked by Xiuyu Junfeng.

Gurgle!

Gurgle!

Bright red blood continued to flow from the throat of this Sea-Monster clan powerhouse with bubbles, but he could not say a word.

Sanlv Shulan wanted to rescue him again, but she had just teleported to Xiuyu Junfeng's body, but was pushed away by the dying Sea-Monster clan forcefully. The resentful eyes seemed to tell Sanlu Shulan. Even if he dies, he doesn't need you to save him.

Xiu Yu Junfeng sneered twice on purpose, as if he was saying, "Sister Shulan, now you know how ignorant such low-level creatures of the Sea-Monster Clan are, right? Hey, but what the Sea-Monster Clan said is right. No problem, if you still want to keep good with your little lover, if you

don't want your little lover to know that you brought the super **** family powerhouse to attack the Sea-Monster Clan, then you should follow me to kill now , Completely behead all the strong men of the Sea-Monster Clan, even if your little lover can come back from the secret realm alive, he will not know that you betrayed the Sea-Monster Clan, or that you betrayed the Li Tian Army..."

"Shut up! You shut up!" Sanlu Shulan was upset, and shouted at Xiu Yujunfeng.

"Are you worried that your little lover knows the truth and doesn't want you? Hahaha, don't worry, he doesn't want you and I want you, you know I Xiu Junfeng treats you sincerely, from when you were young to now, My thoughts about you have never changed." Xiu Yu Junfeng's eyes flashed with licentiousness, and he deliberately licked his tongue on his lips, and even lustfully grabbed his right hand under his crotch. Two.

Sanlu Shulan felt an unprecedented nausea. As the anger in her heart rose sharply, Sanlu Shulan couldn't stand it anymore. The spiritual sword in her hand finally pierced Xiyu Junfeng, huh! Huh! Huh! After three consecutive swords, Sanlu Shulan stabbed towards the key point of Xiu Yujunfeng.

"Hey, is it because some shameful things happened between me and you, you are going to kill me now? Hahaha, don't worry, we know what happened between us, you know me, and it's my father He Donggong Zhentian knows that as long as we don't say it, the two of them will definitely not preach, and promise not to break your reputation." Xiu Yu Junfeng easily avoided Sanlu Shulan's attack, and It seemed that he was deliberately irritating Sanlv Shulan, and his words were constantly thinning Sanlv Shulan, and his hand was very dishonest, and he touched Sanlu Shulan's hips or **** from time to time.

"You are shameless!"

Sanlu Shulan was not Xiu Yu Junfeng's opponent. He easily resolved several consecutive attacks. Instead, he was wiped out by Xiu Yu Junfeng, and Sanlu Shulan cursed in a desperate manner.

"Shameless? Hahaha, if this is considered shameless, then you betrayed the Sea-Monster Clan, your little lover, and the Li Tian army, is this shameless? Oh, yes, of course it is not shameless. Because you were originally a member of the Super God Family, you just did one thing you should have done. There is one more thing I forgot to tell you. When we arrived in the Sea-Monster Clan's underwater city, the East Palace shook the sky. Your lord has already sent someone to the Nether Continent. When the Sea-Monster clan is destroyed, the news here must have reached your father's ears. It is the Sanlu super **** family that can be divided into a part of the demigod level crystals while enjoying its achievements. , Your Lord Sanlu Shangqing should never refuse!" Xiu Yu Junfeng said with a sneer.

"What...what?"

Sanlv Shulan who heard the news was completely shocked.

Step by step, things developed in accordance with the premeditated development of Xiuyu's loneliness and Donggong's shaking the sky, and now the four super **** families are finally gradually tied together. Even if Sanlu Shulan is the woman of Li Mu, but things have developed to this point, the Sanlu Super God family still wants to stay out of the matter, and it is impossible to avoid conflicts with Li Tian's army.

"Is it a surprise, is it a surprise? Haha, look back, such pictures are rare..."

Sanlu Shulan subconsciously looked back at the city under the sea.

Within sight, the corpses of the Sea-Monster tribe were everywhere, and there were ruined walls everywhere. In less than ten minutes, the sea-monster tribe's submarine city had become a ruin, thousands of corpses of the Sea-mon Floating in the sea.

Terrible.

Who would have thought that such a powerful Sea-Monster Clan would be destroyed in such a short time!

Sanlv Shulan felt a bad breath in her chest, and she felt the smell of blood everywhere around her body. Even the entire expanse of the ocean had turned blood red. It was Sanlu Shulan who had an illusion. , She felt that the corpses of the Sea-Monster tribe were slowly floating towards her inadvertently.

The eyes of those corpses still seemed to have resentment, staring at her tightly.

"sorry Sorry!"

Sanlv Shulan felt very painful, she really didn't mean to lead the Super God family to attack the Sea-Monster Clan, but... Sanlv Shulan wanted to escape from here, she no longer dared to see the power of the Super God family The slaughter of the Kraken tribe.

Sanlv Shulan suffocated a sigh, and floated weakly towards the sea...

...

The battle continues.

Facing the siege of two demigods and a powerful existence close to the demigods, Haiqin could only parry.

If the clan elder is still alive, Haiqin and the clan elder's two demigods will join forces, and it should not be as disastrous as they are now, but... the clan elder has already left.

Haiqin knew very well that the Sea-Monster Clan was destined to be defeated today.

But Haiqin had to fight because she knew that before the start of the battle, Xiaoyuer had secretly evacuated with a group of Sea-Monster tribes, and now she can only continue to fight, and only by continuing to fight can the super-god family's strong Stay in the city under the sea.

just.....

Hai Qin couldn't help looking in the direction of Li Wuque, where there was Li Wuque's figure.

Li Wuque's cultivation level has not yet reached the superdomain master realm. Even if there are other superdomain master powerhouses beside her, in this kind of battle, these powerhouses have no time to take care of Li Wuque. Just now, Li Wuwei took the initiative to attack a super-god family's third-level super domain master, but after just a face-to-face, she was severely wounded and fainted, and her body had drifted in the sea without knowing where to go.

Haiqin's pain is not just because of Li Wuque.

"The Sea-Monster clan powerhouse you want to take orders, in order to protect our Sea-Monster Clan, kill me..." Hai Qin roared.

Chapter 5057: : Siren's Death (4)

Haiqin's scream was like a secret signal, and for a while, the Sea-Monster Clan of the Venerable and Territory Level rushed towards the powerhouses of the Super God Family.

Ten... a hundred... a thousand...

These venerable and domain master-level powerhouses are definitely not the opponents of the superdomain master-level powerhouses, but... these sea-monster clan powerhouses are constantly attacking with mortal confidence, as long as they can rush Within a range of more than ten meters around the super ***** family powerhouse, these noble level and domain master level powerhouses will choose to blow themselves without hesitation.

boom!

boom!

boom!

Sea-monster clan powerhouses continue to choose to explode, and for a time this kind of self-detonation in the entire underwater city will continue one after another.

What a helpless choice!

But for these venerable and domain master-level powerhouses who cannot escape, the self-destruction of the same death is their biggest killer. Even if they can't die together with the super-level master-level super ***** family powerhouses, as long as they can hurt them, these seas The Yaozu powerhouse felt that his self-destruction was worthwhile.

What a stupid choice!

However, thousands of powerful Sea-monsters have made this choice. No one backs down, no one is afraid. The powerful Sea-monsters are constantly attacking. With a determination to die, his eyes are firm.

"Hahaha, did you see that these stupid Sea-Monster tribes actually used this stupidest method to die with us. What a pity, what a pity, what they met was the most elite and powerful of our Super God family. The most powerful fighters of our three families, these venerable, even domain master-level garbage blew themselves up, and want to really hurt these warriors, that is tantamount to a dream!" Xiuyu's lonely face was revealed. He said with a strange smile.

There is little reason to be content with the loneliness of fish repair now.

After such a battle, even if the Sea-Monster Clan is not completely wiped out, it will definitely be hit hard. From then on, the Super God Cultivator Family will no longer have to worry that a strong Sea-Monster Clan will suddenly come out to make trouble in their backyard.

And before the start of the battle, Xiuyu Lonely told the powerhouses of the Super God Family Xiuyu to kill those powerhouses of the super domain master level, and only those super domain master level powerhouses could bring them out of the secret realm. The crystal, the crystal of the demigod.

According to the instructions of the loneliness of the fish repairing family, these powerhouses of the fish repairing super ***** family are all beheading and killing the super domain master-level powerhouses of the sea monster clan. As far as the current harvest is concerned, the fish repairing

super **** family is definitely the biggest. After the battle is over, and when it comes to the rewards, the Super God Cultivator family can gain more initiative and get more crystals.

Of course, this must be thanked by one person, that is Sanlu Shulan.

Thinking of this, Xiuyu Lonely glanced at the direction where Sanlu Shulan appeared just now.

Sanlu Shulan has disappeared, and his lonely youngest son, Xiu Yu Junfeng, is now beheading and plundering.

Seeing Xiuyu Junfeng's figure, Xiuyu's lonely heart could not help showing a trace of relief.

Xiuyu Junfeng is the most lonely child of Xiuyu's lonely children.

If it weren't for this guy's cultivation realm that was discovered by Xiuyu lonely when he broke through to the super domain master realm, maybe this guy would continue to reluctantly install waste materials in the loneliness of Xiuyu. That's why, when Xiuyu lonely discovered that After this guy's cultivation level had reached the super domain master unknowingly, he put all his efforts on Xiu Yu Junfeng.

The various resources of the Super God Xiuyu family secretly all directed towards Xiuyu Junfeng, and Xiuyu's loneliness, in order to protect this son, seldom let him come out and show his face, and his purpose is to stop talking and make a blockbuster. Now it seems that everything is still proceeding in accordance with the plan of repairing the lonely fish.

If it wasn't for deceiving Sanlu Shulan into the pit, if it were not for completely eradicating the Sea-Monster Clan, Xiuyu's loneliness would certainly not push Xiuyu Junfeng to the front so quickly.

...

Haiqin's cultivation level is not weak.

According to the three-level demi-god powerhouse, Haiqin's cultivation is now in the mid-level demi-god, not far from the peak of the demi-god. Confronting the White Horse King Kong, who has just touched the threshold of the demi-god, has reached the early demi-god level. The loneliness of fish repairing at the peak and the shaking of the sky in the Eastern Palace in the mid-demigod stage made Haiqin barely defeated.

However, the current situation is indeed true that Haiqin does not have much advantage. Instead, he is restricted everywhere. Attacks are not dangerous. The defense is dangerous. This is mainly because Haiqin has just experienced the fall of the clan elder and witnessed the Kraken. The death of the clan, seeing the sea-monster clan powerhouses continue to fall, and now that Li Xiaoyu and Li Wuque are still unclear, her heart will inevitably be a little messy.

boom!

Suddenly a violent explosion came from a distance. With the violent explosion, the seawater on the entire bottom of the sea began to surging, and even because of the explosion, a huge underwater vortex was formed on the bottom of the sea. The rotating force of this vortex was enormous. It has caused a certain impact on the strong people on the seabed.

The Sea-Monster Clan definitely has an advantage over the Super God Clan in the sea. Hai Qin didn't care about the cause of the explosion. She took the opportunity to continuously attack the

White Horse King Kong, and as a flash of light flashed, the White Horse King Kong released. That golden King Kong was instantly shattered.

puff!

Baima Jin spit out a mouthful of blood, but his body suffered a lot of damage.

Haiqin was about to continue chasing King Kong White Horse, but the two guys Xiuyu Solitary and Donggong Zhentian joined forces to kill.

Haiqin can only give in temporarily.

Huh!

Haiqin appeared out of thousands of fans.

Huh!

Huh!

Several sea-monster clan figures appeared beside Haiqin.

"Clan... Patriarch, Meat... Lord Meatball blew himself up and died!" A super domain master-level expert said bitterly.

"What? Meatball exploded? Just now the power of that self-detonation is almost close to the super domain master's eighth-level peak or even a super domain master's ninth-level powerhouse. How could it be a meatball?" Hai Qin felt sad, even Many are incredible.

Meatball's cultivation level is not low, especially if there is flesh and demi-god crystals, unless the eighth-level and ninth-level supernatural masters of the super ***** family can cause damage to him, I am afraid it can hurt him. He didn't have many, so Hai Qin didn't know why Rouqiu chose to blow himself up.

"The patriarch... Lord Meatball said... he said..."

"what did he say?"

"Master Rouqiu said that today is probably the end of our Sea-Monster clan. Instead of being beheaded by the powerhouses of the Super God family, rather than being killed by the super-god family, instead of falling into the hands of those beasts, it is better to die with those beasts, so... He crushed the demi-god-level crystal in his mouth, forcibly broke through and died with several super-domain masters of the super-god family."

This is really a sad story.

But the death of the meat ball is worth it, because his blew death also caused the fall of five super domain masters of the super ***** family, and at the same time caused at least ten super domain masters of the super ***** family to be subjected to varying degrees hurt.

Of course, the self-detonation of the meat ball is equally harmful to the Sea-Monster Clan, but...what can it be?

Does the Sea-Monster Clan still have options?

If you watch your own kind keep using bomb-like self-detonation to attack the enemy, would you be indifferent?

Blew himself and died, his soul was destroyed, but is there any other choice for Meatball?

"Meatball!" Hai Qin clenched his fist.

boom!

Meatball's self-destruction seemed to be the fuse, and other superdomain masters of the Sea-Monster clan continued to explode.

"Beasts of the Super God Family, let Grandpa die with you!"

Another sea-monster clan superdomain master-level expert screamed.

boom!

"Patriarch, we can explode, but...you can't do anything, let me cover you to leave!" Several superdomain masters around Haiqin also crushed the crystals in their mouths, tearing them down. The super **** family powerhouse rushed.

Chapter 5058: : Siren's Death (5)

People always die!

Seeing the fearless self-sacrifice spirit of the Sea-Monster clan powerhouse, Hai Qin was only moved.

When moved, Haiqin is more helpless and self-blame.

As the patriarch of the Sea-Monster Clan, she has no ability to protect the safety of the Sea-Monster Clan. Instead, she needs her own people to protect her in this way, and Hai Qin feels quite painful deep in her heart.

"Master Patriarch, go away..."

"Master Patriarch, go away..."

"Master Patriarch, go away..."

The super domain masters of the Sea-Monster Clan almost screamed at Hai Qin with a crying voice.

boom!

boom!

A super domain master of the Sea-Monster clan exploded and died, they used this most stupid way to attack the super **** family's powerful.

The tears from the corner of Haiqin's eyes couldn't stop flowing down.

There is no so-called belief in gods in the Netherworld, but all the strong believe in reincarnation.

Even if it is dead, many strong people can face it calmly, because they know that after death they will start again in another way.

But... there is only one exception to death, and that is to blow himself up.

Explode, the soul in the body will completely disappear and disappear completely.

Therefore, few strong men have the courage to go on the road of no return.

But today, when the Sea-Monster tribe is under the combined attack of the three super-god families, when the Sea-Monster tribe is about to be destroyed, the strongest of the Sea-Monster tribe use this most brutal way to protect the territory of the Sea-Monster tribe. , To defend the glory of the Sea-Monster Clan.

"The courage is commendable, this kind of brave spirit touched me a little, but...Today the Sea-Monster Clan is destined to be annihilated, and no one can leave!" Xiu Yu said with a sneer twice, this pretending guy , Without Donggong Zhentian by his side, he could not be Hai Qin's opponent with his strength.

"Patriarch Xiuyu, I don't know if the widows of the Super God Family of Xiuyu have already left the customs. With the cultivation of the two of us, it seems a bit difficult to keep Haiqin!"

Donggong Zhentian looked at Xiuyu lonely, Asked with an imperceptible smile at the corner of his mouth.

The foundations of the four super **** families are not just the clan chiefs of the family, not just the super domain master-level powerhouses of the family, but the widows of the four super **** families, these widows were the strong men who participated in the battle of the ten thousand gods back then. , The cultivation base of these powerhouses was already in the super domain master realm back then. After the baptism of the Battle of Wanshenshan, these widows all began to practice in retreat.

After so many years of cultivation, the cultivation level of these elders has long been different from what it used to be.

Take the Donggong Super God family as an example. There are not many elders in their family, but they have reached thirteen. Among these thirteen elders, the weakest in cultivation level is no worse than the White Horse King Kong. The cultivation of the other elders has reached the demigod.

However, these elders are the mysterious powers of the super **** families, and they will never be easily revealed.

Just like the Sanlv Super God family, if it weren't for the enchanted Chu Jiangnan attacking the Sanlv Super God family members, the widows of the Sanlv Super God family would definitely not show up.

This is also why the mysterious woman in Wanshen Mountain clearly possesses a lot stronger strength than Xiuyu lonely than Donggong Zhentian and Sanlu Shangqing, but none of them killed the Super God Family and completely eradicated the Super God Family.

Today, if the Super God Cultivation Clan wants to completely eradicate the Sea-Monster Clan, the widows of their clan can't not participate, otherwise it would be really difficult to keep Haiqin with their strength.

Xiuyu loneliness knows the idea of Donggong shaking the sky, but Xiuyu loneliness is hard to tell.

The widows of the Super God Cultivation Family are the mysterious powers in the Super God Cultivation Family. These widows who have experienced life and death are not inferior to the realm of cultivation, but they have seen the two powerhouses of Wanshen Mountain. They knew that their cultivation level was stronger than that of Xiuyu, but compared to the one from Wanshen Mountain, there was still a gap, and the gap was still very large.

Therefore, these widows only want to practice in retreat, and they only want to continuously improve their cultivation level. Unless the Super God family is in the most critical time, the widows of the Super God Family Xiuyu are really unwilling to show up easily.

The existence of the Sea-Monster Clan is obviously not dangerous to the survival of the Super God Cultivation Family, so...

"Hurry up and do it. If Haiqin is allowed to escape, even if we can severely damage the Sea-Monster Clan, we will fall short!" Xiuyu's loneliness did not catch the Donggong's words, and his figure flashed and appeared next to Haiqin, continuously attacking Haiqin.

"Old fox!"

Donggong Zhentian cursed secretly. Seeing that Xiuyu Lonely was blocked everywhere when he singled out Haiqin, he did not dare to neglect, teleported to Xiu Yu Lonely, and cooperated with Xiu Yu Lonely to attack.

The Sea-Monster Clan's sea-monster city has become ruins. Except for the small group of Sea-Monster Clan who escaped with Li Xiaoyu, the Sea-Monster Clan's ten ** who remained in the sea-monster city have become corpses, even Chaoyu. The number of master-level powerhouses who are still alive and still fighting has no more than ten.

Haiqin knew that the Sea-Monster Clan was over, and it didn't make much sense for her to stay.

In the depths of Haiqin's heart, she was actually more willing to fight with other powerful Sea-Monster tribes, even if she died here, she had no regrets. However, if this is the case, then she would be too worthy of those superdomain masters who continue to blow themselves to death...

"I don't know where Li Xiaoyu has escaped now? As long as he can successfully escape to the passage of the sea, the Sea-Monster Clan has hope of continuation..." Hai Qin thought in his heart.

The Nether Cry Sea is an inland sea, but the Nether Cry Sea and other oceans in the Nether Realm are actually connected to each other, and the connecting channel is the sea channel in the seabed, but this channel is extremely hidden, and only in the Sea Monster clan The patriarchs know.

When Li Xiaoyu led a sea-monster clan to escape from the city under the sea, Haiqin had already handed over the map of the seabed where the child paper passage was located to Li Xiaoyu, and the symbol was also handed over to Li Xiaoyu. The space ring of authority of the patriarch of the Kraken clan.

In other words, Haiqin had already made the determination to die.

A slight smile appeared at the corner of Hai Qin's mouth.

escape?

Haiqin will definitely!

But Hai Qin knew that she could not escape towards the passage of the sea, otherwise once the Super God family followed, the Sea-Monster tribe who finally escaped would be completely finished. Hai Qin had already made up her mind that she would never let the Super God family continue to do whatever she wanted. She wants the Super God Family to pay a heavy price for this.

boom!

boom!

Haiqin continuously operates supernatural power.

The powerful divine power seems to want to make the Nether Cry Sea upside down, the spiritual power of Drunk Hai Qin's body is constantly rising, and the Nether Cry Sea is surging.

boom!

A bucket of purple lightning fell from the sky, smashed into the sea, passed through the water, and landed on the seabed city.

Xiuyu's loneliness and Donggong's heart were shocked, and they shouted in unison: "Could it be...is this guy going to ascend into the God Realm in daylight?"

Chapter 5059: : Haiqin Soaring

Lightning keeps falling from the sky!

A few electric snakes kept smashing into the Nether Cry Sea!

When Hai Qin started to fight back against the Super God Family in this way, it was destined to be a scene where both sides suffered.

This is the day soaring!

This is the sky thunder disaster caused by the demigod powerhouse!

The sky thunder that keeps falling is not something that the super domain master can bear.

boom!

Suddenly a violent explosion sounded not far from Xiuyu's solitude, but it was a super domain master-level expert of the Eastern Palace Super God family who had not had time to dodge. He was struck by lightning from the sky and instantly turned into pieces of meat. And the corpses of other Sea-Monsters around this superdomain master-level powerhouse... also were not spared, they were also involved and exploded.

Xiuyu was stunned by his loneliness.

The East Palace was stunned.

King Kong White Horse was shocked.

They never thought that Haiqin, a demigod-level powerhouse, would actually die.

After Shuiguiguzi, there will be another semi-god-level powerhouse in the Netherworld who will fly into the gods in daylight.

At this time, Haiqin's spiritual power was constantly rising, and powerful spiritual power surrounded Haiqin.

Lines of lightning fell from the sky and into the sea. This powerful current was rapidly transmitted in the sea water, and it seemed that the entire sea area was boiling at this moment.

boom!

A strong man from the White Horse Super God family couldn't dodge it. He was also struck by the sky thunder and burst instantly. When the powerful White Horse Super God family burst, he also involved a super domain master of the East Palace Super God family. .

Although the strong man of the Eastern Palace Super God family escaped by chance, half of his body has disappeared in an instant. His cultivation level instantly plummeted to the domain master realm, and the spiritual power on his body has been uncontrollable. Escaped outward.

This guy is dead.

Xiuyu's lonely heart was somewhat ecstatic.

The few who were struck by the sky thunder in a row were all strong men in the East Palace and the White Horse Super God family. Of course, this kind of death and poor dao friend is worthy of surprise.

Although the four super **** families are working closely together, the relationship between them is not as close as it seems. For the loneliness of fish repair, as long as the people of the fish fish super **** family do not die, even the white horse and the east palace super **** family No matter how many people die, he will not feel sad.

unfortunately.....

The loneliness of repairing fish did not last long.

boom!

boom!

boom!

As the sky thunder continued to descend, the Super God Cultivation Family finally died.

And it started when three consecutive super domain master-level powerhouses were hit by the sky thunder, and they were instantly decomposed by the sky thunder.

Then... there is no more...

This is skyrocketing, definitely not a joke!

From the moment the first lightning fell, the lightning fell rapidly and densely, and the current Sea-Monster Clan's underwater city had become a dangerous area.

For a time, the super domain master-level powerhouses of the three super **** families were in danger.

Of course the Sea-Monster Clan wanted to kill, but if it was at the cost of his own life, this would not be acceptable to the super domain master-level powerhouses of these super **** families.

"Clan... Patriarch, what should I do?"

"It's too dangerous here. The Sea-Monster clan powerhouse has almost been beheaded, and now even their patriarch Haiqin is going to ascend in daylight. The Sea-Monster clan is finished, shall we continue to stay here?"

"Master Patriarch... We..."

The powerhouses of the White Horse Super God Family tried their best to avoid the sky thunder and asked the White Horse King Kong one after another.

The White Horse King Kong had been seriously injured in the battle with Haiqin just now, and he had already thought of evacuation in his heart. Now he saw that the battle has become such a situation, which is beyond their control, and which white horse super **** family is the guy? The strong man kept asking, and White Horse King Kong finally issued an order to retreat.

"All the powerful members of the White Horse Super God Family... all retreat..."

Whoosh!

Whoosh!

Whoosh!

Saying to withdraw and then withdraw, the powerhouses of the White Horse Super God Family are teleporting almost simultaneously.

In an instant, there were no more powerful people in the White Horse Super God family, and they fled dozens of nautical miles away, then drilled out of the water and flew in the air to look into the distance.

"Damn it, it was fast enough to escape..." Xiuyu was somewhat dissatisfied with Lonely.

But what can he do if he is dissatisfied, let alone the strong of the White Horse Super God family, when the sky thunders are constantly falling, the strong men of the Fish Cultivation Super God family have also chosen to escape the danger zone, but the white horse Super God family is strong. The distance the person fled was just a little closer.

That's just a hundred meters with fifty steps.

"This guy Haiqin has already spurred the sky thunder. If we continue to stay, even if we are in the sea, we will also spur the sky thunder. By then, we will probably have to fly up in the day. This is not what we want to see. The result!" Donggong Zhentian said.

After that, Donggong Zhentian didn't care what Xiuyu Lonely made to make a decision, he had already issued the retreat order to the strong man of the Donggong Super God family.

Whoosh!

Whoosh!

Whoosh!

The strong man in the Eastern Palace Super God family seemed to have received a pardon, and he escaped clean in an instant. Even Dong Gong Zhentian teleported to more than a dozen nautical miles away. The strong man in the Super God Family Xiuyu had not yet received it. The patriarch ordered to retreat, but another part of the strong followed the Donggong Super God family and fled.

"The Patriarch..."

Xiuyu was lonely and somewhat helpless.

If it weren't for Haiqinyu's death net to break, he had absolute confidence in beheading all the strong men of the Sea-Monster Clan.

But now, the sky thunder keeps falling, and if the strong of the Super God Cultivation Family continue to kill the Sea-Monster Clan, then the Super God Cultivation Family will probably also suffer a huge loss, and this loss is the lonely one. The patriarch is unwilling to bear it.

"retreat!"

Lonely, Xiuyu killed a strong man of the Sea-Monster tribe. Only then did he stare at Haiqin resentfully and issue the retreat order.

There was always a smile on Hai Qin's face.

Ascension in the daytime, for the cultivators, venerables, and domain master-level powerhouses, this is so far out of reach, and even in their hearts they have the expectation that they can ascend in the day.

However, how helpless Haiqin chose to fly today.

But... it's all worth it.

"The Patriarch..."

"Master Haiqin..."

"Woo, our Sea-Monster Clan is really over..."

The remaining seven Sea-Monster Clan superdomain master-level powerhouses surrounded Haiqin, watching Haiqin tearfully.

"Don't feel sorry for me, I'm just flying up!"

"But... if it wasn't for saving us, you can escape by yourself, patriarch!"

"Don't be stupid, get out of here, leave here with the remnants of the Sea-Monster Clan, go to the passage of the sea, the position of the passage of the sea is..., follow the little fish and them to escape to other oceans. ... Until Li Tian comes back, no one of you is allowed to show up..." When saying this, Hai Qin's body was already rushing toward the sea.

After a few seconds, Haiqin broke through the water!

The sky, the gate of heaven is open...

Chapter 5060: : Fusion Artifact

Booming~

Hai Qin soars away with an extremely nostalgic feeling...

Click!

The sky thunder is still falling, but its power is much weaker than the straight cut.

Tianmen slowly closed under the gaze of the powerful, and finally disappeared!

In the Netherworld, in just over thirty years, another demigod-level powerhouse soared away.

When the sky thunder fell on the nearby sea, the corpse of the Sea-Monster tribe gradually rose from the surface, densely covering the entire sea.

The patriarchs of the three super **** families began to get Haiqin to fly through the Tianmen, and it took only three hours.

However, the Sea-Monster Clan had endured the catastrophe during these three hours.

It is conservatively estimated that at least more than 500,000 Sea-Monster tribes died tragically in this battle.

The madness gradually weakened, the heavy dark clouds in the sky gradually dispersed, and the sea of Nether Cry returned to its former calm.

The battle should almost be over by now, counting the number of people, Xiuyu's lonely face is not very beautiful.

Killing a thousand enemies hurts 800, this time the three super **** families have joined forces, coupled with the use of San Lu Shulan to make a surprise attack, the super **** family has the advantage.

However, after a battle, there were eleven superdomain master-level powerhouses from the Fish Cultivation Super God family. Among them were the superdomain master-level powerhouses of the Sea-mon clan beheaded, and there were also the superdomain master-level powerhouses of the Sea-Monster clan. The self-destruction and death were all killed, but more of them were accidentally killed by the thunder that fell when Haiqin soared.

The complexion of Donggong Zhentian is not very beautiful. The Donggong Super God family also had seven super domain master-level powerhouses who fell in this battle. Four of these seven powerhouses died under the thunder of the sky. In comparison, The White Horse Super God Family suffered the least loss, but they also had five super domain masters who were buried in the sea.

The combination of the three super **** families was wrong, and the trail lost 23 super domain master-level powerhouses. Such losses are no longer in the plans of the three patriarchs.

Xiuyu was lonely and gloomy. Although he admired Haiqin's self-sacrificing spirit, it didn't mean that he could let the rest of the Sea-Monster tribe. "All the strong men of the Super God Xiuyu family follow me. , We re-enter the city under the sea, and now the patriarch of the Sea-Monster tribe has ascended, the Sea-Monster tribe is a group of dragons without a head of scattered sand, which just provides us with an excellent opportunity, today we are going to kill all the strong Sea-Monster tribe!"

"Wow!"

"Kill all the Sea-Monster Clan and eradicate the Sea-Monster Clan completely!"

The strong men of the Super God Family of Xiuyu were excited, and followed the loneliness of Xiuyu into the sea again.

however.....

When the Super God Xiuyu and others enter the city under the sea again, there will still be traces of the Sea-Monster clan superdomain master-level powerhouse here and there.

Subsequently, the Super God Xiuyu family began to look for the traces of the remaining Sea-Monster tribe in the Nether Cry Sea, but wanted to find a few super-domain master-level

powerhouses who wanted to hide in the vast sea. This is no different from a dream, Xiu The loneliness of the fish can only give up.

...

Metal world!

Li Tian didn't know what happened in the Netherworld.

Li Tian is now studying how to integrate the artifact.

This is absolutely advanced science and technology. After a month of study, Li Tianxiao has achieved something.

He can now fuse six artifacts at the same time.

For example, now Li Tian is carrying a red wing ***** costume behind his back, but his body skin has become diamond skin, and this diamond skin is wearing a thin layer of clothing like cicada wings, and there is a ghost on his chest. Dental mirror...

Now Li Tian's appearance can't be said to be so cool, but because of the changes in various artifacts on him, it seems that the whole person is weird.

Weird is weird!

Anyway, this state indicates that it is temporary, as long as you can fuse all the twelve artifacts, break the void and leave this damned place.

Unfortunately, at this time, Li Tian encountered a problem.

He wanted to continue to integrate the seventh artifact, but no matter how hard Li Tian tried, he could not successfully integrate.

"Why the ***** is this?"

"Impossible! I have found the law of fusion of artifacts. Although it was difficult before, it was very smooth!"

"No...it's not right..., it's a god, do you want to kill me with the Fusion Artifact?"

The repeated failures made Li Tian feel very distressed and irritable.

Li Tian didn't look at anyone at this time.

Tang Xiaolong, Situ Ningbing and others all seized time to practice in the miracle cave, and didn't have time to pay attention to him, which made Li Tian even more annoyed.

When irritable, the mood is not very good.

Li Tian wants to vent and release when he is in a bad mood.

The best way to vent and release is to fight, which is to kill!

Unfortunately, Yin Continent is now Li Tian's world, who dares to look for death at this time?

For this reason, Li Tian always takes a space battleship away from the Yin Continent, and then deliberately appears in the endless darkness, provoking a robber expecting a short-eyed robber. Li

Tian seems to be standing in a corner of the street doing bad things Practicing women, looking forward to having that kind of powerful hunk come to him.

just.....

"Master... come and have fun..."

Li Tian, a bitch, really wants to vent. Even the slaves who have surrendered to him are not let go. They even seduce these slaves and super-domain masters, hoping that these slaves can show their brains for a while, and then come to him. Li Tian could suddenly turn his face and punch out their shit.

It's a pity... Li Tian is still disappointed!

Those slaves who surrendered to Li Tian knew that Li Tian seemed to be coming to his aunt recently, and they were not in a good mood. Seeing a weird smile on Li Tian's face, they immediately flew far away, and even got directly into the space battleship. ,Out of sight out of mind.

"It's really disappointing! I suddenly start to miss my days in Wonderland..." Li Tian said to himself uncomfortably.

The beast master followed Li Tian and smirked, "Master Li Tian, it's all killing anyway, why do you have to find so many reasons? Or I will catch a few strong men back for you and let you kill them to vent. ?"

Li Tian couldn't help but glanced at the beast master.

He just doesn't want to kill the innocent indiscriminately. Eh... well, in fact, Li Tian kills innocent people. It's just that maybe Li Tian knows that he is about to return to the Nether Realm, and gradually measures him by the rules of the Nether Realm. By myself.

The beast boy also followed Li Tian.

"Li Tian, is it because your cultivation level has not reached the ninth-level peak of the superdomain master? It is because your cultivation level has not reached the ninth-level peak of the superdomain master, so the artifact you can integrate The number is naturally limited."

"Is this the reason? It's not possible, right? My current strength is so easy that even a powerful person in the ninth-level pinnacle realm of the super domain master can easily be killed.

The beast boy sighed helplessly, and said: "Cultivation level and true combat power are two concepts, okay! Since there is no other way now, why not try to improve your cultivation level as well? Super Domain Lord Is the ninth-level pinnacle realm so unattractive to you?...Fuck!"

Before the beast boy finished speaking, he saw Li Tian squeeze a few demi-god crystals directly into his mouth. As the surging spiritual power was released on Li Tian's body, Li Tian's cultivation was instantaneous. Just soar!

"The ninth-level pinnacle realm of Super Domain Master is that simple!"
