

A Killer 5111

Chapter 5111: Someone likes to die

The strong!

Demigod powerhouse!

Li Tian judged that he was a semi-god powerhouse through the fluctuation of spiritual power.

In the entire mirror world, only Chu Jiangnan should have the power of a demigod.

Just as Li Tian guessed that the coming was Chu Jiangnan, he suddenly thought of the demigod-level powerhouse behind the gate of **, and even the Peacock Pluto who had entered the ghost.

wrong!

There is more than one demigod powerhouse in the realm.

Li Tian increased his vigilance in an instant.

When the Demigod powerhouse teleported to Li Tian's body, it really confirmed Li Tian's judgment.

This guy is not Chu Jiangnan.

It's a ghost beast!

A giant ghost beast that is more than ten meters tall and has two sharp fangs a bit like a saber-toothed tiger!

"Hahaha, I think there is only one demigod in the whole mirror world. I didn't expect to meet another demigod here. I am so lucky! Little guy, are you also a trial person from the Nether Academy? Hey, just like these unlucky testers, you will soon become a lunch for me, let me have a good meal!" The saber-toothed tiger demigod said with a smile.

Li Tian only noticed that there was a large string of human skulls hanging on the body of this giant beast.

There is no skin or hair on these skulls, just bald white bones.

Needless to say, they must be the testers who came in at Nether Academy, and I don't know who they are.

Li Tian's face had changed slightly at this time.

When he followed the Fifth Shuiyue and appeared in this mountain range and knew that there were a few guardian beasts in this mountain range, Li Tian knew that the mirror world might not be peaceful, but what he worried most still happened.

There is a demigod-level powerhouse in the mirror world. As a result, apart from Chu Jiangnan, the other Netherworld Academy has absolutely no possibility of escape when encountering him in succession, and... the most important thing is this saber-toothed tiger-like half The presence of a strong **** here means that in the world of the mirror world, there is also a strong demigod saber-toothed tiger.

Even if someone escapes to the mirror world by chance, they will also encounter attacks from such a demigod powerhouse.

"There are always people who like to die. It just happens that I have just broken through to the demi-god-level realm, so let me truly feel the battle of the lower demi-god-level powerhouse! You...this ugly cat, get ready Did you die?" Li Tian sneered.

The saber-toothed tiger was startled and laughed wildly.

"Hahaha, it's been a long time since I heard anyone dared to talk to me like this. The last time I talked to me like this... I don't think about it. That **** guy tricked us into this secret realm. That's just right, I Now I will kill all the powerhouses of the Nether Academy he created. After I kill you, I will enter the mirror world, and kill all the guys hiding in the mirror world!" Sabre-toothed tiger strong Said with a sneer.

For the saber-toothed demigod who has been a demigod powerhouse for tens of thousands of years, he has mastered the rules of this secret realm. He knows the demigod elementary who has just entered the half-god realm and the demigod who has mastered the rules. The difference between the strong in the middle stage.

So he was listening to Li Tian's words as a joke.

Li Tian's brows wrinkled slightly again.

It turns out that this guy was also deceived into the secret by the founder of the Nether Academy, but this guy was lucky enough to break through to the half-god realm in the secret realm. This allowed this guy to survive in this secret realm, or wait until his life was exhausted. , This guy has to die too.

But what can it do?

Demigod powerhouse?

Before breaking through, Laozi used the Quasi-God Crystal and the Primordial Azure Dragon to kill.

Now that Lao Tzu's cultivation level has reached a demigod, are you still afraid that you will not succeed?

The spiritual power of the saber-toothed tiger was climbing, just like Li Tian had just broken through to a demigod. The spiritual power of this guy was burning, and that burning spiritual power seemed to be able to burn the space of this secret realm.

Hum!

Hum!

A powerful halo of energy was released on the saber-toothed tiger strong demigod, as if it was a water wave, it swiftly moved around.

However, this energy wave is not a water wave.

Li Tian can clearly feel the influence of this spiritual wave on him.

Hum!

Li Tian also wanted to release this powerful spiritual energy wave, but the energy wave he released was not complete, especially after being affected by the energy wave of the saber-toothed tiger demigod, the energy wave released by Li Tian was already complete. It was terrible.

Huh!

Li Tian wanted to teleport to the saber-toothed tiger and attack the saber-toothed tiger demigod, but when his figure was about to appear next to the saber-toothed tiger demigod, the saber-toothed tiger's powerful claws broke through the void and directly shot Li in the process of teleporting. Heavenly body.

Li Tian was like a fighter plane that had lost kinetic energy, slamming into a mountain.

boom!

As a shadow flicked across the air, Li Tian's body slammed into the mountain peak. The mountain peak was like a building block for a child's base, and it collapsed directly by Li Tian.

The boulders splashed all over, falling continuously and hitting Li Tian.

If Li Tian is not a demigod, these boulders alone can smash Li Tian into meat sauce.

Whoosh!

Li Tian's figure flew out from the falling stones of the huge boulder in an instant, but Li Tian did not rush to attack, but stared at the saber-toothed tiger demigod with his eyes like a vulture.

"Hey, how about it, do you feel the difference in our strengths from time to time? Demigod, do you feel glamorous and powerful, don't want it? Haha, I used to think so too, but when I met that dead liar, I know that the level of the realm we are looking forward to day and night is completely vulnerable to those who have reached the level of gods. The so-called demigods are just slaves to the gods! I am a slave, so are you Slave! The difference is that my slave has already started, and you have just climbed into the threshold of the demigod!" The saber-toothed tiger demigod sneered.

Li Tian did not smile.

Because of the mysterious woman of Wanshen Mountain, and because of the prehistoric Qinglong, Li Tian has a deeper understanding of demigods than ordinary Netherworld experts.

Therefore, Li Tian knew that although the saber-toothed tiger demigod's words were ugly, they were not alarmist. This is why so many demigod-level powerhouses in the Nether Realm were unwilling to ascend into the God Realm by day.

"Yes, you are right! However, I am not the same as you. Your vision is too low. You only see yourself as a servant of God, so you dare not leave the mirror realm or ascend to the ***** realm. So you can only stay here like a bereaved dog. And I? I, Li Tian, is now a demigod, but I will become a quasi-god, a god, and I will dominate my own destiny, so anyone who hinders me will become me. You are no exception!" Li Tian said coldly.

When he said these words, Li Tian suddenly released a more powerful spiritual power, this spiritual power formed countless Zeng Shui waves and continuously waved in all directions!

But at this moment, Li Tian used teleport again.

The sharp fangs of the saber-toothed tiger pierced the void like a steel knife and pierced Li Tian!

"Big talker, you go to death for me!"

Chapter 5112: Dragon scales for saber teeth

Li Tian conservatively estimated that the cultivation level of his opponent Sabretooth Tiger Demigod had reached the mid-demigod stage, because the two fangs of the Sabretooth Tiger could actually pierce the void and attack Li Tian when Li Tian teleported.

At least Li Tian, who had just broken through to a demigod, couldn't do that now.

Li Tian's eyes were quicker, his hands suddenly grabbed one of the sharp teeth of the saber-toothed tiger, and the dragon scales that had receded on his body appeared again at this moment.

boom!

A violent energy wave came in mid-air, and Li Tian's whole person continued to retreat, while the sharp teeth of the saber-toothed tiger slid Li Tian's dragon scales and pierced it.

Although Li Tian had already reacted, the dragon scales on his body were still picked up by the saber-toothed tiger's teeth, and Li Tian's body was blasted down from mid-air, hit the ground heavily, and plunged into the ground again. There is no more movement.

The huge saber-toothed tiger demigod still stayed in the air. His figure flashed and changed into a somewhat bloated, fat human appearance, but the fat man's height reached more than two meters, and he weighed two hundred kilograms. The most important thing is that although his two persistent teeth are shortened, they are like a vampire. They can't fit in his mouth at all and are exposed.

At this time, the big fat man was holding a blood-stained dragon scale in his hand.

Boom!

The saber-toothed tiger demigod bounced the dragon scale up with his thumb and then quickly grasped it in his hand, with a disdainful expression on his face and said, "Unbearable!"

While talking, the big fat man flew down from the sky.

"Although you are vulnerable, you are also a demigod-level powerhouse after all. Your godhead is still very helpful to my improvement and cultivation, and...hehe, if the dragon scales on your body can meet the right ***** soldiers A forger can also forge a good armor, or at least a quasi-sacred weapon."

When the big fat man said this, he stretched out his hand to pull out Li Tian's corpse who had fallen into the ground. Just when his hand was about to touch it, the big fat man's heart suddenly felt a little uneasy.

Huh!

The big fat man teleported into the air a kilometer away, looking down at Li Tian's direction, and muttered to himself with a gloomy expression on his face: "Is it my illusion? Why did I just have a seed and he is not dead? What about the illusion of absoluteness?"

"Impossible! I have not encountered a powerhouse who has reached the Demigod rank among the trialists in Netherworld Academy. Except for that ***** Chu Jiangnan, I am not his opponent, the other demigods are just one move. Beheaded by me!"

In any case, the saber-toothed tiger demigod still felt that he should be careful and vigilant.

The demigod figure of the saber-toothed tiger flashed and returned to its original form again.

The huge saber-toothed tiger showed two sharp teeth, like a cannonball falling from the sky, directly hitting Li Tian's body that was stuck in the ground.

"Hey, even if you are a demigod, I don't believe that you can survive such a powerful attack!" The saber-toothed tiger demigod said with a sneer.

A demigod, that is a strong one who has touched the rules and mastered the rules.

The same teleportation, the teleportation of the demigod-level powerhouse has not ended yet, one of the fangs of this saber-toothed tiger has pierced Li Tian.

A power that destroys the sky and the earth descended from the sky, and the ground around Li Tian's body made a faint sound, and then it continued to sink.

This pressure alone is enough to crush ordinary people into meat sauce.

The target of the saber-toothed tiger is Li Tian, but the trees, flowers and plants within a radius of ten kilometers cannot take advantage of the powerful pressure, and instantly explode, and I don't know how many ordinary beasts died instantly. They don't even die. Know how he died.

The figure of the saber-toothed tiger demigod appeared, and one of his fangs had been easily pierced into the ground harder than steel, and the other had already pierced Li Tian's body.

Ok?

The saber-toothed tiger demigod had an illusion that the fang that pierced Li Tian didn't seem to pierce Li Tian, as if it was blocked by the dragon scales on Li Tian.

"This... how is this possible? Is the dragon scale defense on this guy so strong?" The saber-toothed tiger demigod suddenly realized the danger.

At this moment, a red light slashed out of Li Tian's body.

Huh!

The red light that was cut out was also hundreds of meters long. This red light carried a powerful murderous intent, and the wheels covered the saber-toothed tiger demigod.

Cang!

The red light slashed on the saber-toothed tiger's proudest teeth in an instant, and the saber-toothed tiger demigod felt his teeth tingle.

"Innocent, my two saber teeth are the hardest parts of my body. Even if it is a demigod peak powerhouse with a full blow, don't want to shake it at all. You just broke through to the demigod level, and you want to cut it off." The saber-toothed tiger demigod smiled somewhat.

Click!

However, as soon as his words fell, the saber tooth on the left of the saber-toothed tiger demigod had already been cut off and fell.

what! ~

The saber-toothed tiger demigod sensed a sharp pain from his saber teeth, and he couldn't help but let out a scream.

Li Tian's figure flashed and jumped out from the ground, holding the saber tooth that was more than twice as thick as his body with one hand and was more than three meters long.

"Palsy, you picked off a dragon scale on my body, and I will cut off one of your saber teeth. Now, we are even!" Li Tian showed a sneer on his face, and counted coldly.

This saber tooth Li Tian couldn't think of any use for the time being, but since it was an object of a demigod-level powerhouse, it must be an ordinary match. Li Tian flipped the saber tooth into the space ring.

"No...impossible...absolutely impossible! How did you do it?" The saber-toothed tigers are already a little suspicious of life.

With a slight movement of Li Tian's fingers, he opened the palm of his right hand, and Hong Zhan appeared in his hand, turning back and forth in his palm.

"Artifact! Understand? But looking at your stunned look, you don't understand! But you will understand soon, because...evening is never my Li Tian's style, as long as you put another one With saber teeth left, I can consider leaving you a dog!" Li Tiandao.

Li Tian is definitely a bitch.

He was worried that the red cut in his hand would not be attractive enough for the saber-toothed tiger demigod, but there was another quasi-god-level crystal in his left hand. Li Tian believed that the saber-toothed tiger might be afraid of the red-cut, but he would definitely covet the sword-toothed crystal. !

In this way, the saber-toothed tiger demigod is not willing to run away, and will fight him desperately.

Li Tian's guess was correct. When the Sabre-Toothed Tiger Demigod saw the Quasi-God-level crystal in Li Tian's hand, his eyes could not help showing a trace of greed. However, the Sabre-Toothed Tiger Demigod suddenly understood that this one had a Quasi-God-level crystal in front of him and possessed an artifact. The guys are definitely not ordinary people.

Therefore, the saber-toothed demigod... escaped!

"I rub! Are you still a demigod? You can endure the hatred of broken teeth? Don't run if you are paralyzed!"

Chapter 5113: Next target

Not running is a fool!

The one that saber-toothed demigod runs is called a fast!

When Li Tian reacted, the grandson had already used teleport continuously and completely disappeared.

Li Tian continuously teleported, trying to catch up with the saber-toothed tiger demigod, but was thrown away by the saber-toothed tiger demigod.

"I rub! Isn't it too a man? If it is me... Haha, I will run away when encountering such a powerful and handsome opponent!" Li Tian said narcissistically.

Now, Li Tian's cultivation level has reached a demigod, and he has begun to gradually master the rules.

For example, attack during teleportation.

"I still need more practice! It seems that only the saber-toothed demigod can be my opponent in this secret realm, so there is no way, your saber-toothed demigod is harder, even if you escape to the end of the world, I will chase you down! "

Huh!

Li Tian's figure also disappeared.

...

boom!

Tang Xiaolong fisted and killed a ghost beast in the ninth-level peak realm of the super domain master.

Huh!

Huh!

Tang Xiaolong was panting heavily, sweat beads dripping from his forehead, Tang Xiaolong leaned against the ghost beast whose head had been smashed by him, his face was full of satisfaction.

The same is in the ninth-level peak realm of the superdomain master. Tang Xiaolong also has the help of the artifact boxing thunder, but he did not expect that the strength of the ninth-level peak ghost beast in front of him is so powerful. It took three days and three nights to kill the opponent.

"If the little boss was here, he would definitely laugh at me! Damn, the secret realm has been here for a few years, but my cultivation realm has no intention of breaking through. Could it be... can I just Go to the Mirror Realm? Kill or swallow the mirror image that belongs to me in the Mirror Realm so that I can break through to the demigod?" Tang Xiaolong was a little confused.

In the past four years or so, Tang Xiaolong had encountered many students or teachers from the Nether Academy, but he did not meet Li Tian, and he did not even meet other strongmen in the Li Tian army.

The more so, the more Tang Xiaolong felt that the other powerhouses of the Li Tianjun regiment might have broken through to the semi-god realm, or had entered the mirror world.

"In the last half month, if my cultivation level still remains the same in the last half month, then I will enter the realm world!" Tang Xiaolong made up his mind secretly.

Thinking of this, Tang Xiaolong didn't think too much about it. The condensed spiritual power became a sharp blade, cut the body of this bear-shaped ghost beast, and dug out the crystal of the ninth-level peak realm of the superdomain master in the ghost beast.

Then Tang Xiaolong chopped off the bear paws again, shaved the fur of the bear paws with a sharp blade of spiritual power, and prepared to barbecue the bear paws!

For Tang Xiaolong, who was in the ninth-level pinnacle realm of the Super Domain Lord, it was never a problem to make a fire and pick up a horse.

With a quick cut, a tree with the thickness of a bucket collapsed. When the consciousness moved, the tree flew directly, and then chopped it into equal-length firewood with a few strokes of the spiritual power blade.

This is also what Tang Xiaolong has learned in his spare time in recent years.

The raging flames began to burn.

Some moist firewood will make a crackling sound.

Tang Xiaolong used a bamboo pole wearing a bear's paw and placed it on the edge of the flame to grill the bear's paw.

There is no earth world condiment crops that Tang Xiaolong is familiar with in the secret territory, but there are some crops from the underworld, and Tang Xiaolong also collected a lot.

Hey!

The bear's paw, which was already a little scorched by the spiritual blade, was constantly bubbling with oil and water. When the oil dripped on the flame, a faint spiritual power would immediately float in the flame.

"Sprinkle this on, the bear paw should be more delicious!"

Tang Xiaolong was already drooling. He raised the bamboo pole, ignoring the heat from the bear's paw, and bit it down forcefully.

"Fuck, it's really delicious. Although we are not a chef, the meat of this kind of ghost beast with a very high cultivation level is inherently delicious. I really want to taste it with the little boss!"

Tang Xiaolong was burning his tongue out, but he didn't stop, and what he ate was called a quick one.

The higher the cultivation level of the Nether Beast is, the longer his corpse will be preserved, which means that the corpse of the bear-shaped Nether Beast that was bombarded by Tang Xiaolong will not rot in a short time. Even if it does not rot, the longer it is left, the quicker the deliciousness will be lost.

At this moment, Tang Xiaolong suddenly felt the spiritual power in the surrounding air fluctuate slightly.

Tang Xiaolong immediately inserted the bamboo pole next to the fire, and turned around to look vigilantly in the direction of spiritual power fluctuations.

At this time, a giant saber-toothed tiger has appeared here!

The cultivation realm of this giant saber-toothed tiger has actually reached the realm of a demigod, which instantly filled Tang Xiaolong's heart with a sense of crisis.

What only made Tang Xiaolong strange was that the saber-toothed tiger demigod's saber tooth was broken, which made him look extraordinarily funny.

"Boy, are you laughing at me?" The saber-toothed tiger demigod roared, "Do you know what happened to the last guy who laughed at me?"

As he said, the saber-toothed tiger demigod moved, and a head still carrying blood rolled in front of Tang Xiaolong.

"I...I fuck!"

Tang Xiaolong knew this head. Half a month ago, in a bamboo forest hundreds of miles away, Tang Xiaolong met the owner of this head.

The owner of this head is a student of the Netherworld Academy. After entering the secret realm for a few years, his cultivation realm has advanced by leaps and bounds, and he has reached the initial stage of the superdomain master level.

At that time, this guy also invited Tang Xiaolong to drink, thanked Tang Xiaolong and Li Tian, and imagined his happy life in the Netherworld Academy after he left the secret realm and followed the little boss to overthrow the Super God Family.

However, now this guy is dead.

"Oh? I didn't expect that your reaction would be so intense, so would your reaction be a bit more intense when you see these heads?" The saber-toothed tiger demigod moved, and several heads flew out of his space treasure. , Gu Lulu rolled in front of Tang Xiaolong.

Tang Xiaolong stared at these heads, and he found a familiar face.

This is an elder from the Netherworld Academy, possessing the seventh-level super domain master pinnacle state. In the past few years of cultivation, perhaps he has reached the ninth level of the super domain master, but... facing a semi-god powerhouse, he is still dead. No suspense.

"Are you **** sick? Why are you killing so many people?" Tang Xiaolong roared angrily.

The saber-toothed tiger demigodly smiled.

"I am a demigod powerhouse. I will kill anyone I want to kill, especially these guys in Nether Academy! Paralyzed, if it weren't for the **** of Nether Academy, I wouldn't have entered this secret realm, if not Nether Academy. The **** of the academy, my saber tooth will not be broken! I don't share the same spirit with the Nether Academy, and you will be my next goal!"

Chapter 5114: Nice job

When the saber-toothed tiger demigod appeared, Tang Xiaolong knew he was in danger, and when he saw so many heads, Tang Xiaolong was already ready for battle.

It is difficult to escape from the power of a demigod. Even if Tang Xiaolong's cultivation level has reached the ninth level of the super domain master, it is also difficult to reach the blue sky. However, Tang Xiaolong is not without a chance, because Tang Xiaolong is also a powerful artifact. , And he also possesses demigod and quasi-god crystals.

Without unnecessary nonsense, Tang Xiaolong flipped it over, and a demigod crystal had appeared in his hand.

"Demi-God Crystal?"

The eyes of the saber-toothed tiger demigod could not help flashing a little strange.

He killed quite a few strong men in the Nether Academy, but most of them clinked poorly, not even a space ring, and there were no crystals in these strong men (most of the students in the Nether

Academy were After getting the crystal presented by Li Tian, I can't wait to refine and practice after entering the secret realm.) Only the superdomain master-level elder has a space ring in his hand, and there are only two superdomain master ninth-level peak realms in the space ring. Crystals.

In this secret realm, the saber-toothed tiger demigod has only seen crystals above the demigod level on the guy who cut his saber teeth.

The eyes of the saber-toothed tiger gradually showed greed.

"Hey, I have nothing to do with that **** dragon-scale guy, can't I still deal with you? If you obediently offer this demi-god crystal to Lao Tzu, Lao Tzu can consider forgiving you not to die, otherwise, I You will be broken into pieces!" The Saber-toothed Tiger said with a sneer.

However, he hadn't finished speaking yet, Tang Xiaolong had already swallowed the demigod crystal directly.

"If you want a crystal, defeat me!" Tang Xiaolong roared.

With this roar, the surging spiritual power instantly began to flutter on his body.

"It's useless! Your cultivation level is still far from the demigod. You are not my opponent at all. Since you don't know what is good or bad, then I can only kill you!"

When the saber-toothed tiger demigod said this, he had already teleported again, and his saber tooth pierced through the void and directly pierced Tang Xiaolong!

Cang!

A metallic impact sounded from his saber teeth.

Ok?

The saber-toothed tiger demigod had expected Tang Xiaolong's saber teeth to give Tang Xiaolong the coolness that did not appear.

"What is this? Isn't it... God can't pretend?"

Seeing that Tang Xiaolong's body instantly turned into a diamond-like appearance, the saber-toothed tiger demigod showed an expression of disbelief in his pupils.

See also artifact.

Who is this guy?

What is his relationship with the guy who cut off the scales of my saber teeth before?

These thoughts flashed through the saber-toothed demigod's mind, and he quickly understood what to do.

It's like the saber-toothed tiger demigod just said, he has nothing to do with the demigod Li Tian, but he can still deal with Tang Xiaolong, who only has the ninth level of the super domain master.

Tang Xiaolong was afraid for a while.

If he hadn't just smashed the demigod crystal and had borrowed the supernatural power of the demigod crystal, now his body would have been pierced.

"Damn it, the attack power of this saber tooth is too strong!"

However, Tang Xiaolong had no time to fear, as if it was a natural instinct, Tang Xiaolong's iron fist had fallen on the saber tooth of the saber-toothed tiger like a storm.

boom!

boom!

boom!

Continuous bombardment!

The saber-toothed tiger is dumbfounded!

Doesn't this guy know that his cultivation level has not yet reached a demigod?

Does he think he can deal with demi-god-level powerhouses if he possesses the artifact?

The saber-toothed tiger demigod's head slammed, and the powerful divine power instantly shook Tang Xiaolong away.

Paralyzed, the little trash from the ninth-level peak of the super domain master, dare to scream at the demigod-level powerhouse!

court death!

The saber-toothed tiger demigod constantly bombarded Tang Xiaolong with divine power.

Even if Tang Xiaolong used teleport, he couldn't avoid the chase of the saber-toothed tiger demigod.

boom!

boom!

boom!

The divine power continuously fell on Tang Xiaolong's diamond-like costume, with strong impacts and violent explosions, and Tang Xiaolong screamed in embarrassment and screaming.

There is no way, the gap in strength cannot be made up by a demigod crystal.

If Tang Xiaolong's cultivation level reaches a demigod, then it will cause the resonance of the thunder-shattering outfit on his body, and then his true strength will be stronger, then his attack will be great for the saber-toothed demigod. Kill.

Unfortunately, Tang Xiaolong's cultivation level was insufficient.

"It's important to save my life. If I die, everything will be over!"

Tang Xiaolong made a decision in an instant.

Turning it over, a quasi-god crystal fell in his hand.

"Quasi...quasi...quasi ***** grade crystal?"

The saber-toothed tiger demigod felt like he was going crazy.

What he is struggling to pursue is the continuous breakthrough of the cultivation level, so he has extraordinary attachments to crystals, even those of the ninth-level peak realm of the Transcendent Master, but he is in the secret realm, the saber-toothed tiger demigod It is hard to seek and not get.

He didn't expect that the two ***** guys he met would have so many crystals to waste.

"this is mine....."

The saber-toothed tiger demigod teleported again, he wanted to ***** this quasi-god-level crystal from Tang Xiaolong's hand.

However, he missed it again.

When Tang Xiaolong felt the fluctuations in spiritual power, he had already crushed this Quasi-God Crystal in his mouth.

boom!

In an instant, surging spiritual power rushed out, completely surrounding Tang Xiaolong.

These powerful spiritual powers contain the purest spiritual power and powerful divine powers, and they are rushing into Tang Xiaolong's body veins at this time.

Tang Xiaolong felt that his veins were about to burst, and his body skin was rapidly swelling, as if countless ants had penetrated into his body skin, constantly devouring his flesh and blood.

Pain and itchiness.

However, Tang Xiaolong's glove thunder was extremely excited at this time, madly devouring Tang Xiaolong's spiritual power that was too late to refine and swallow.

Rumble!

Rumble!

A thunderous sound came from Tang Xiaolong's body.

At this time, the saber-toothed tiger demigod had appeared in front of Tang Xiaolong, and his saber teeth had already pierced Tang Xiaolong.

"Get away!":

Tang Xiaolong felt that his body was about to explode and was upset, and the saber-toothed tiger ***** ran into him.

Tang Xiaolong's figure flashed, he violently hugged the saber-toothed tiger demigod's saber-tooth fangs with his left arm, and then his right fist slammed into the saber-tooth like a storm.

boom!

boom!

boom!

Every time Tang Xiaolong dropped a punch, the unbearable pain on his body was a bit less, and every punch fell on this fist as if there was a thunder explosion.

The saber-toothed tiger is in a panic!

"I... my saber teeth..."

Click!

Broken again!

What's worse, at this moment, behind the saber-toothed tiger demigod, a voice he didn't want to hear was heard: "Little dragon, good job!"

Chapter 5115: Brothers join forces

The person who came was Li Tian.

What Li Tian was most worried about was the saber-toothed tiger demigod beheading the people of Li Tian's army in the secret territory, so he had been chasing the saber-toothed tiger demigod for months.

However, Li Tian passed by the Saber-toothed Demigod many times.

Looking at the corpses of the students in the Nether Academy, Li Tian only felt more uneasy in his heart.

He was afraid that one day these corpses would become the corpses of the powerful Li Tianjun regiment, and he was afraid that one day he would see the corpses of Tang Xiaolong, Situ Ningbing, Liu Jimeng and others.

Therefore, even if time is tight, Li Tian will not give up easily.

Just now, Li Tian suddenly felt a violent energy fluctuation coming from hundreds of miles away.

This is the energy fluctuation of a demigod-level powerhouse.

Li Tian knew that the saber-toothed tiger demigod had encountered an opponent he couldn't easily kill.

Therefore, Li Tian will arrive when Tang Xiaolong is fighting the saber-toothed tiger demigod.

"Little boss... oh, help!" Tang Xiaolong saw Li Tian, his heart was overjoyed, his eyes were sore, and his tears almost fell!

Seeing Li Tian, the saber-toothed tiger demigod could no longer care about his broken saber tooth, and just wanted to escape from here as soon as possible.

Abnormal, abnormal!

Who are these two guys?

The paralyzed ones have artifacts, they all have quasi-god-level crystals, and...they are all **** dead.

Such an opponent, the saber-toothed tiger demigod did not want to meet.

The saber-toothed tiger demigod wanted to escape, but Li Tian didn't give him this chance at all.

Huh!

A red light instantly slashed out from behind the saber-toothed tiger demigod. The red light was still in front of Li Tian a second before, but after only a tenth of a second, the red light had already appeared in front of the saber-toothed tiger.

The saber-toothed tiger didn't dare to make any big support, the double grasping cohesive power slammed in front of him, and the remaining half of the saber teeth desperately pierced the red light!

Cang!

The red light cut by Hong Zhan fell on the saber teeth, and there was a loud noise.

The saber-toothed tiger only felt that his half of his saber teeth seemed to have been loosened, and if he continued to fight, his half of his teeth might not be able to keep it.

More importantly, the saber-toothed tiger demigod discovered that Li Tian mastered the rules too quickly.

It has only been a few months since Li Tian has a better grasp of the rules than he is.

You must know that the red light just now seemed to be alive. It was cut by teleporting.
escape!

The saber-toothed tiger demigod made a decision in an instant.

But the Sabre-Toothed Tiger knew that Li Tian had a better grasp of the rules than him, and it was definitely not easy for him to get rid of Li Tian.

Therefore, the saber-toothed demigod can only show its housekeeping skills!

Ouch!

Ouch!

After the saber-toothed tiger moved away from Li Tian continuously, Yang Tian roared.

As he roared, a light ball the size of a basin appeared in the mouth of the saber-toothed tiger demigod.

Seeing this light group, Li Tian couldn't help but change slightly.

Although Li Tian didn't know what this light group was, Li Tian could already feel the supernatural power surging in that light group.

It is completely condensed from the divine power of a demigod-level powerhouse, and this attack power can be imagined.

"This is the natal soul! It is something that can only be possessed in the body of a strong demigod or above..." A voice appeared again behind the saber-toothed tiger demigod.

Hearing this sound, the saber-toothed tiger demigod almost bit his tongue and killed himself.

"You paralyzed, are you trying to play my rhythm?"

Li Tian saw the figure suddenly appeared, but his face showed a smile.

"Chu Jiangnan? Long time no see!"

It was Chu Jiangnan who appeared here, the man who already possessed the peak amount and strength of the demigod.

"Li Tian, I haven't seen you in just a few years. You really have broken through to the realm of a demigod. It's really gratifying!" Chu Jiangnan smiled slightly.

"Chu Jiangnan, I will tell you later, let me kill this **** guy first!" Li Tian smiled with a red sword in his hand.

Chu Jiangnan nodded, "I didn't intervene before! Tang Xiaolong, if you want to break through the demigod realm, you'd better join forces with Li Tian. A battle with a demigod powerhouse will improve your cultivation. It must be helpful!"

Tang Xiaolong cried out instantly.

"Little boss, our brothers can finally join hands! Master Chu Jiangnan, I will join forces with the little boss to deal with this guy, and I have to ask you to stop this guy from escaping! At that time, I will give this guy's personality to you!"

The saber-toothed tiger demigod really feels like he's in trouble.

He could barely deal with Tang Xiaolong who had swallowed the Quasi-God Crystal.

He is already quite embarrassed to deal with the demigod Li Tian, no, now he is almost no longer Li Tian's opponent.

Now there is a Chu Jiangnan, it is impossible for him to escape from here.

The saber-toothed demigod has given up his plan to escape.

When meet on a narrow road, the brave wins.

At this time, the only idea of the saber-toothed demigod is to kill one.

Even if he can kill one, his fate is worth it.

"Hey, since you want to die, then I will do it for you! Chu Jiangnan, you ***** fellow come on with you too! I promise you can't kill you!" The saber-toothed tiger sneered half-heartedly.

Pretending to be?

Keep pretending!

Pretend to be Nima!

As a model of pretending to be the world, when Li Tian's mind moved, Hong Zhan had already flown out, and directly slashed towards the saber-toothed tiger half god.

When Hong Zhan was about to slash towards the Sabretooth Demigod, Li Tian had already teleported and appeared behind the Sabretooth Demigod.

Cang!

Hong Zhan slashed on the broken tooth of the saber-toothed tiger, splashing a spark.

At the same time, Li Tian had already appeared behind the saber-toothed tiger demigod, but it was Li Tian who had recruited all the dragons.

The saber-toothed tiger demigod was flustered, and after reluctantly accepting Hongzhan's move, the natal soul that he was shouting in his mouth was sprayed out by him!

The ball of light spurted out, and the dragon claws of the prehistoric blue dragon slammed into the primordial soul, but the primordial soul slid a few times in the dragon claws of the prehistoric blue dragon, took off the claws, and slammed into the prehistoric blue dragon.

Even if Honghuang Qinglong reacted fast enough, he was still hit.

The body of the prehistoric blue dragon, which was fully condensed with spiritual power and divine power, shook suddenly and was almost broken.

"I... Fuck, this blue dragon turned out to be... turned out to be..."

The most powerful attack of the saber-toothed tiger demigod did not attack Tang Xiaolong or Li Tian, but instead attacked the wild blue dragon. Although one hit hit, it was completely useless. The saber-toothed tiger demigod almost vomited blood with anger.

"Damn beast, give me a few punches!"

Tang Xiaolong's diamond fist continued to blast towards the saber-toothed tiger demigod like a meteor.

Rumble!

Rumble!

With two consecutive punches, Tang Xiaolong hit the saber-toothed tiger demigod.

"Huh? Isn't this guy a demigod? Why was he hit by me so easily?" Tang Xiaolong still had doubts in his heart.

boom!

At this moment, the body of the saber-toothed tiger demigod burst suddenly.

Chapter 5116: The hero is late

The saber-toothed tiger demigod was killed by Tang Xiaolong!

"I... Am I becoming a god?" Tang Xiaolong looked at his fist, and couldn't believe his eyes.

Li Tian's face was also full of surprise!

Li Tian had seen the power of the saber-toothed demigod.

Even if Tang Xiaolong swallowed the Quasi-God Crystal, he couldn't kill the Sabre-Toothed Tiger Demigod with a single punch, he was not Superman with a single punch!

Chu Jiangnan sighed slightly and said, "What an idiot, I want a way to hurt both sides. Do you really think you can hurt Tang Xiaolong and Li Tian from here?"

"What is going on?" Li Tian asked suspiciously.

"It's actually very simple. The primordial primordial **** is the most important thing to inject into the body of the demigod powerhouse, and the essence of the cultivation base. This idiot wants to use the primordial **** to attack you, but the idiot chose the wrong opponent. , Attacked your wild dragon."

"and then?"

"After the natal soul comes out of the body, his cultivation level will drop rapidly in a short time, which means that Tang Xiaolong is not killing a demigod sword-toothed tiger!" Chu Jiangnan said.

Tang Xiaolong's excitement just now dissipated.

"Woo, little boss, I'm so hard, this guy doesn't want to let me know something in battle even if he is dead, I will **** it!" Tang Xiaolong said with a sad face.

Li Tian also felt upset.

This feeling is like having all kinds of foreplay and all kinds of training with a stunning beauty, but when the real gun is about to dry, it shoots in one second.

It's weird to be cool!

"Xiaolong don't cry, stand up and shove...cough cough, there will be bread, and there will be demigod-level powerhouses too!" Li Tian didn't know how to comfort Tang Xiaolong, his cultivation breakthrough, now he is in his current realm. It was piled up with countless crystals, and more importantly, my own understanding.

Chu Jiangnan smiled and said, "Tang Xiaolong, how difficult is it to become a demigod? Have you forgotten your mirror image in the mirror world? With your current cultivation level, kill him, swallow him, and you can become Demigod, so don't worry!"

"Can I not be in a hurry? The little boss is already a demigod-level powerhouse now, and other people estimate that there are already demi-god-level powerhouses. I claim to be the closest partner of the little boss. If my cultivation is always the tail of the crane, Then I will lose face! By the way, Chu Jiangnan, do you know how far the cultivation level of others has reached?" Tang Xiaolong asked.

"Situ Lime broke through and became a demigod three months ago!"

I fuck!

Li Tian never expected that the woman Situ Qingning would also become a demigod, and the time of his breakthrough should be almost the same!

"How did she do it?" Li Tian asked.

"Enter the mirror world and successfully swallow the mirror!" Chu Jiangnan said.

Tang Xiaolong felt stupid, "I knew why I should stay here to practice? I should have entered the mirror world earlier."

"In fact, it is not. If you have not touched the threshold of the semi-god realm now, even if you enter the mirror world, even if you swallow or kill the mirror image in the mirror world, your cultivation level may be difficult to break through. Demigod. Because you don't even understand what divine power is, how can you understand the rules, be familiar with the rules, and control the rules?" Chu Jiangnan said, shaking his head.

Tang Xiaolong nodded and continued to ask: "Then others, huh?"

"Situ Ningbing killed the mirror image a year ago and became a demigod!"

Li Tian took a breath.

Situ Ningbing and Situ Qingning had never thought that they had already become demigods, and the cultivation really depends on their talents.

Moreover, Situ Ningbing actually beheads the mirror image, which is really not easy.

"Liu Jimeng, where is Ye Meijing?" Li Tian asked.

Chu Jiangnan shook his head, "The two of them have limited talents, and the ninth level of the super domain master is already their limit."

Li Tian couldn't help being disappointed.

Chu Jiangnan's sentence has already sentenced them to death for their cultivation, which means that it is no longer possible for the two of them to climb to the semi-god state.

"Other people, don't sell it anymore. I am now anxious to know who else has reached the demigod level. If we leave the mirror world, can we go through the super-god family?" Li Tian asked hurriedly. .

"Li Mu! Demigod!"

Li Tian clenched his fists.

The tiger father had no dogs, and Li Mu really became a demigod powerhouse.

"Li Tian, half god!"

"Nonsense, of course I know this!" Li Tian said uncomfortably.

and many more!

Li Tian suddenly realized something, "Is it my clone?"

"Yes! Your clone broke through into a demigod two years ago, and... two years ago, he left the mirror world and returned to the nether world!" Chu Jiangnan said.

Li Tian not only took a breath this time, "This guy actually reached a demigod two years earlier than me, and the crystals that this guy has are not as many as mine. It's really a pervert. This talent for cultivation has nothing but me. No one! Ahem, the most important thing is that I have dug a big hole for myself and left a very strong opponent!"

"Indeed, your clone left you a message, would you like to listen?" Chu Jiangnan said.

"tell me the story!"

"He said: There will only be one Li Tian in the entire prehistoric universe, and that Li Tian is him, not you!"

I fuck!

Li Tian almost spit out old blood.

Paralyzed, isn't this clone already anti-guest?

"Fuck, I even dared to threaten Lao Tzu to come, if it weren't for Lao Tzu's benevolence, I would have **** you..." Li Tian's face was cold, he really wants to find the clone Li Tian now, and take the clone Li Tiangan. dead.

"The cultivation base of the obscene **** has been promoted and has reached the peak of the demigod! Little Tianyi did not break through. This may be related to his race. The little blue tile broke through to the demigod, but... the upper limit of the little blue tile has arrived. It is impossible to continue to break through..." Chu Jiangnan whispered.

"How about the old dean and the great elder? This time the students of the Netherworld Academy. The teachers are the absolute main force. As long as they can have one-tenth, not one-percent of the strong can break through to the demigod..." Li Tian He hadn't finished speaking, he had already seen Chu Jiangnan's face changed slightly.

There was an ominous premonition in Li Tian's heart.

"The great elder broke through to the half-god realm, but... the old dean was severely injured while fighting the mirror image. Although he barely swallowed the mirror image, his cultivation level did not rise and fell, and... the old courtyard The end of growth is approaching!" When Chu Jiangnan said this, tears couldn't stop flowing down.

Chu Jiangnan was a traitor from the Netherworld Academy, but at this time his tears were true.

Li Tian also felt embarrassed.

"Li Tian, go to the Mirror World. I want to let the old dean leave before he has defeated the four super **** families and the Netherworld Academy is re-established!" Chu Jiangnan said.

Chapter 5117: Mirror world

Li Tian has no reason to refuse!

"Good!" Li Tiandao.

Through communication, Li Tian knew that Chu Jiangnan had already swallowed his mirror image when he entered the secret realm last time, so there is no mirror image of Chu Jiangnan in the current mirror world. It is also true that Chu Jiangnan can freely shuttle between the mirror world and the secret real world.

Because Chu Jiangnan's current cultivation realm has reached the peak of a demigod, the quasi-god is not far away.

In the entire secret realm, apart from the Peacock Pluto who has entered the ghost after the gate, no one in the secret realm is an opponent of Chu Jiangnan, so Chu Jiangnan can be unimpeded, and there is no strong person to challenge Chu Jiangnan without any obstacle.

Moreover, Li Tian knows that the mirror images in the world of mirrors are unique.

For example, the mirror image belonging to Li Tian can be defeated by Chu Jiangnan, but it cannot be killed or swallowed. There are only two reasons for the disappearance of this mirror image. The first body has fallen, and the second is in the battle between the body and the mirror. Either party was beheaded or swallowed.

Li Tian asked about the four dumb dumbs again, and Chu Jiangnan said that the dumb dumbs also passed the mirror world smoothly.

So it can be seen that the four cute fools did not dare to enter the world of the mirror world because of the fear in their hearts. When they overcome the fear, they can also burst out their unbelievable potential.

It's just that the four cute and stupid unicorns and only the two horns successfully broke through to the semi-god realm. The other unicorns, triangles, and four horns, who claim to be smarter than the unicorn, still stay in the ninth level of the super domain master.

Moreover, because these guys have been trapped in the realm world all year round, they are already full of longing for the Netherworld. Regardless of the efforts of Chu Jiangnan and others, only the two horns of the four cute stupid stay in the mirror world waiting for Li Tian, the other three Only have left the mirror world.

??

Huhu!

The wind kept ringing in my ears, passing through the white clouds, the sky in front of me was getting smaller and smaller.

Take off from the secret world and fly high, like an hourglass, intersecting the two worlds somewhere in the middle of the sky.

If you are standing on the ground, you will never feel here. If you open it with the naked eye, this area seems to be no different from the ordinary sky.

Only a slight spiritual power fluctuates here, but this slight spiritual power fluctuation seems to be the same as the energy fluctuations of the strong when teleporting, and it is almost invisible beyond a kilometer. If you stand on the ground, Or flying at low altitude, this spiritual power fluctuation is completely impossible to detect.

"Crossing this area is the realm of the mirror, the real world in the mirror! Are you ready?" Chu Jiangnan, who was suspended in the air, pointed to the area where the clouds flow quickly.

Li Tian and Tang Xiaolong nodded at the same time.

"Okay, then we're going in!"

Chu Jiangnan's figure shot into this area like an arrow.

Then, Li Tian saw Chu Jiangnan's figure twisting and turning in this area, as if there was a powerful force tearing Chu Jiangnan apart.

In an instant, Chu Jiangnan had disappeared.

Li Tian looked at Tang Xiaolong, and Tang Xiaolong also looked at Li Tian at this time.

"Little boss, you and my brothers have gone through all kinds of Longtan and Tiger Dens. This mirror world is nothing but pediatrics for you and me."

Li Tian nodded slightly.

"Little boss, I said that if?? I mean, if my cultivation realm can't break through, and I can never enter the semi-god realm, then am I not able to follow you? Because the little boss is definitely going to break through the ghosts, white Soaring!"

It turned out that Tang Xiaolong was worried about this, no wonder he was silent all the way.

Li Tian suddenly laughed loudly.

"Xiaolong, what is the fear in your heart? What is your demon? As a cultivator, talent and opportunity are important, but the most important thing is xinxing. No matter when, where, and what kind of environment, We all have to be confident in ourselves."

"It's like when I returned to the earth world from another realm, and my cultivation skills have been lost, but I always believe that I will once again stand at the pinnacle of cultivators in the earth world, precisely because of this kind of thinking, this kind of mind, I will continue to work hard in this direction and work hard. It is precisely because of this that my cultivation level will continue to improve. Li Tian gradually became the strongest in the earth world. After entering the Netherworld, I quickly rose. In the metal world, I, Li Tian, is the most powerful existence. Now, after leaving this secret realm, I also believe that I will stand on top of the cultivators in the Underworld!"

"Tang Xiaolong, you are my Li Tian's brother. I hope you can stand behind me and become my strongest backing whenever you want. Therefore, I have a little confidence in myself. Moreover, you are the legendary King Asura Don't you want to see with your own eyes the world you once controlled??"

End of Li Tian's words.

You can never wake up a person who pretends to be asleep. For the same reason, if a person's heart is full of fear, even if you enlighten him, it will be difficult for him to completely eliminate the fear in his heart.

At this time, Tang Xiaolong still needs to overcome it by himself.

Tang Xiaolong fell into deep thought. He seemed to be reminiscing about the past. From the first time he saw Li Tian, one recalled his fall during the battle on the top of Tianshan Mountain.

"Hey, I'm a person who has died once. If I am not afraid of death, am I still afraid to practice?" Tang Xiaolong's face gradually showed a smile, "The little boss is right, I am Ashura Wang, is a man as brave, fearless and powerful as the little boss, little boss?? Huh? What about people?"

When Tang Xiaolong fell into the memory, Li Tian had already flown into the area connected by the mirror world and the secret world.

What a wonderful area!

Li Tian could actually see his body being stretched and distorted by this twisting space, as if Li Tian's body had become an abstract painting, but the whole process was safe and painless, as if he was walking through a door Just as easy and simple.

Passing through this area, Li Tian found that he was still floating in the air, but unknowingly, his head was facing the ground and his feet were facing the sky.

"I wipe it! I'm nervous for nothing!" Li Tian immediately adjusted.

Looking back at the area behind him, Li Tian waited a few minutes for Tang Xiaolong to not come.

"Xiaolong, I can only help you with this kind of thing, and then it's up to you. If you can fight side by side with me, then the ghosts, the gods, and our brothers will fight together. If you can't get through this in your heart Daoguankou, then you will be Tang Xiaolong in the Nether Realm! I will not allow any demigod to threaten you in the Nether Realm!" Li Tian couldn't help showing a trace of murderous involuntary on his face when he was speaking.

This is also a question that Li Tian has been considering.

After the eradication of the four super **** families, the Netherworld belongs to them.

This kind of thing must be handed over to one's own hands.

"Don't think about so much for the time being, it's time to look for my mirror image!"

Thinking of this, Li Tian's figure disappeared in a flash.

Chapter 5118: Mirror Image

The mirror world and the secret world are almost the same.

In this mirror world, there are also mountains that are exactly the same as those in the secret realm.

In this mountain range, there is also a gate of ***, and the gate of *** has also been destroyed.

Li Tian has a feeling that his mirror image should be in this mountain range.

This feeling is amazing.

It is clear that Li Tian has no connection with his mirror image, but Li Tian is so sure.

Whoosh!

A figure quickly flew over the mountains in the world of mirrors.

Li Tian's gaze swept around quickly, he was looking for his own mirror image.

After entering the world of the mirror world, Li Tian has seen the mirror images of several powerful men in succession.

Then?? Li Tian, a slut, tried to attack the mirror image that had only the first level of the superdomain master.

Li Tian guessed that this mirror image should be the mirror image of a certain student or a certain faculty member of the Nether Academy, so he attacked without pressure.

Needless to say, the mirror image was useless to fight back, and was strangled by Li Tian almost instantly.

But when Li Tian turned and left, the mirror image that had been strangled was resurrected.

It's really ***** like a dark thunder monster in the online game world, it can never be finished.

It is a pity that this fellow Chu Jiangnan didn't continue to follow Li Tian after he entered the world of the mirror world. Otherwise, Li Tian could also ask Chu Jiangnan for advice on how to completely kill the mirror image that did not lose to him.

Whoosh!

"Why not? This is unreasonable! According to my urine?? Cough cough, no, according to my habits, my mirror image should be near this area!" Li Tian searched in the mountains. After a round, he did not find his mirror image, which made Li Tian feel depressed.

"Is it because I guessed wrong? It's paralyzed, the world of the mirror world is so big, if that grandson?? Ahem, if my mirror is hiding, where can I find that bastard? It's better not to let me find you , Otherwise I will screw your head off and kick the ball!" Li Tian said fiercely.

??

Tang Xiaolong finally came to the mirror world.

"Hey, little boss, here I am!"

Tang Xiaolong saw Li Tian suspended in midair and flew towards Li Tian excitedly.

However, Tang Xiaolong only flew less than fifty or sixty meters, and he suddenly realized a hint of danger.

"He is not the little boss!"

Tang Xiaolong suddenly had such an idea in his heart.

Looking at Li Tian in front of him, if he looks at him, the guy in front of him is almost exactly the same as Li Tian. Even if Li Tian is here, he might think that this guy is his mirror.

Could it be??

Tang Xiaolong suddenly realized that the guy in front of him was the mirror image of the little boss Li Tian.

"You are not the boss, you are the mirror!"

"It seems that you are not so stupid!" Mirror Li Tian looked at Tang Xiaolong with a grinning face.

"What are you doing here? The little boss must be looking for you everywhere!"

"Hey, let him find it, my goal is you??"

Tang Xiaolong suddenly felt a chill in the back of his head. At this moment, he seemed to be stared at by a fierce poisonous snake.

why?

how is this possible?

Shouldn't the opponent of this mirror image be the little boss? Why are you staring at me?

Although the Li Tian mirror image in front of Tang Xiaolong is only a mirror image, this guy is also a real demigod powerhouse. If this guy wants to deal with Tang Xiaolong, Tang Xiaolong is definitely not his opponent.

"Does it feel weird and unexpected? Hey, you idiot who has not succeeded or failed, following Li Tian will only ruin Li Tian's big things. How many times have Li Tian been in danger because of you, you say this What's the use of you being alive? If that's the case, let me get rid of you sooner!" said Li Tian, mirror image.

So far, few people have really studied thorough mirroring.

However, based on Chu Jiangnan's past experience and calculations, the mirror world is a mirror that will reveal the most evil and ugliest side in people's hearts.

For example, if a guy who was originally very kind, his mirror image in the world of the mirror world after entering the secret realm is evil, it is precisely because of this that after Chu Jiangnan swallows his mirror image, he will become more bloodthirsty. Enchanted.

Does that mean that if an evil person enters the mirror world, his mirror image in the mirror world is kind?

Ha ha!

If you have such thoughts, it can only show that you are really naive.

There is no evil, only evil!

Mirror Li Tian is not joking.

Tang Xiaolong had already felt the murderous aura from that guy.

escape!

Paralyzed, if you die in the hands of the mirror image of the little boss, you will be really wronged to die!

Tang Xiaolong wanted to understand instantly.

But?? Where can I escape?

It seems that Li Tian and Chu Jiangnan are the only ones who can prevent the mirror image of Li Tian, who have reached the Demigod level!

"Damn it! Where can I find someone who can deal with this mirror image?" Tang Xiaolong was anxious.

The mirror image Li Tian is slowly approaching.

"I'm paralyzed. If it doesn't work, I will return to the secret world first, and wait until the little boss kills or swallows his mirror image before I come in."

However, Tang Xiaolong just had this idea in his mind, that Li Tian mirror image has blocked Tang Xiaolong's path.

"Do you still want to escape from here? You are still stupid! Do you think I will be as stupid as you and let you escape from me?" Mirror Li Tian sneered.

Huh!

Tang Xiaolong's retreat was broken and he could only escape towards the mirror world.

Fortunately, teleportation in this world is not affected.

Huh!

While Tang Xiaolong used teleport to leave, Tang Xiaolong's mirror image appeared here at the same time.

"He is my deity, so naturally I can only kill him!" Tang Xiaolong mirrored to Li Tian mirrored.

"Get out of the way, otherwise I will kill you!"

The murderous aura on Li Tian's mirror image was even stronger, and as the murderous aura on his body continued to rise, a giant prehistoric blue dragon appeared behind him.

That's right, it's the Great Blue Dragon!

It was almost exactly the same as the prehistoric blue dragon released by Li Tian, and the same was true of the power repair base.

However, the dragon eye of this prehistoric blue dragon is crimson, full of blood, but there is no slight fluctuation of brilliance in the dragon eye of this prehistoric blue dragon, and there is no vitality.

Tang Xiaolong's mirror image did not back down because of this!

He didn't flinch in a single step, but a wicked smile appeared on his face.

"My deity is a trash, following Li Tian like a dog, picking up bones behind Li Tian to eat, but I won't! You are not qualified to use this kind of trick to intimidate Lao Tzu!" Tang Xiaolong Jing's spirit With a move, the diamond costume appeared on his body instantly.

Chapter 5119: Little dragon on mirror

No matter how confident Tang Xiaolong is in the mirror, the difference in strength cannot be made up for by self-confidence.

As soon as the diamond costume on the mirror image Tang Xiaolong appeared, a red light flew out of the mirror image Li Tian and slashed on the mirror image Tang Xiaolong.

Cang!

The violent impact sounded from the mirror image of Tang Xiaolong's body, resounding across the sky.

"This... so strong!"

Mirroring Tang Xiaolong's face was full of unbelievable expressions, and his body suddenly burst in the next second.

boom!

The diamond flew out in all directions casually.

Instantly be seconds!

The moment without suspense was second!

Mirrored Li Tian teleported and went to chase Tang Xiaolong.

A few minutes later, the mirror image of Tang Xiaolong condensed again.

"Hehe, the strength of a demigod powerhouse is really extraordinary..."

...

Tang Xiaolong felt that he was forced to die.

What the **** is going on?

Shouldn't the little boss's mirror go to the little boss?

Why do you want to shoot me?

Mirror Li Tian's words were harsh, but Tang Xiaolong didn't take it to heart.

As a cultivator, if you don't even have this kind of disposition, then Tang Xiaolong should not be confused.

"You must find a way to find the little boss, and let the little boss take care of him! Fuck!"

Tang Xiaolong didn't dare to stay in place anywhere, his figure constantly flashed on the ground.

The mirror world was as vast as the secret world. Although Tang Xiaolong wanted to find Li Tian, he didn't know where to look.

"Wait, isn't the little old meeting the mountain range where the gate to ** is? I remember the little boss said this mountain! Yes, it is here!" Tang Xiaolong made a decision in an instant and changed the direction of Teleport to escape. Teleported to the mountains towards the gate of **.

Huh!

Huh!

The figure flickered continuously.

Each teleportation is at least tens of kilometers or even hundreds of kilometers.

A few minutes later, Tang Xiaolong had teleported into the mountain range, and his heart was slightly relieved at this time.

Entering the mountain range, Tang Xiaolong released his spiritual sense and wanted to find Li Tian, but he went in a short time without finding the whereabouts of Li Tian.

Whoosh!

Whoosh!

Tang Xiaolong no longer teleports, and uses flying instead.

His figure flew quickly over the mountains of the mountains, and his eyes quickly swept around.

Wherever you go, don't want to escape Tang Xiaolong's eyes with any disturbance.

The mirror world, just like in the secret realm, there are mirror images of beasts and wild beasts. If it weren't for these mirror images, it would be almost impossible to be killed by the deity.

"No! Not here!"

"No, neither here!"

Tang Xiaolong's figure was constantly flying, and at this time he was no more than five or six hundred kilometers away from the gate of **, but he still did not find Li Tian.

This is not good news.

Tang Xiaolong's heart couldn't help but began to doubt.

"The little boss can't find the mirror here, so he has left here? If this is the case, then I'm in danger!" Tang Xiaolong thought to himself.

At this moment, Tang Xiaolong suddenly felt a faint energy fluctuation coming from a few kilometers in front of him.

Tang Xiaolong stopped flying abruptly, seeing intently that it was not Li Tian who else was in front of him.

"Little boss!" Tang Xiaolong almost cried.

"Little dragon, come here, I'll protect you!"

Tang Xiaolong speeded up and flew towards Li Tian.

"No! How did he know that I was in danger? Could it be...this guy is the sight of Li Tian!" Tang Xiaolong suddenly realized that there was a problem with Li Tian in front of him.

However, Tang Xiaolong was less than 500 meters away from Li Tian at this time. At the moment he realized the danger, Tang Xiaolong felt as if he was being stared at by a poisonous snake, and the mighty divine might instantly locked Tang Xiaolong.

"Hey, you are really stupid to death, you can't even tell me and your little boss, you really deserve to die!" Mirror Li Tian smiled grimly.

Laugh at your sister!

boom!

boom!

boom!

When Tang Xiaolong's mind moved, the diamond attire appeared on his body. In order to escape for his life, Tang Xiaolong swallowed a Quasi-God Crystal without hesitation.

This is a complete act of death, just like when Li Tian swallowed two quasi-god-level crystals in the Sanlu Super God family in a row, the damage to the body would be very serious.

However, Tang Xiaolong had no choice at this time.

Extending the head is also a knife, and shrinking the head is also a knife. If you don't swallow the Quasi-God-level crystal now, Tang Xiaolong probably still has no chance.

boom!

The spiritual power was continuously released from the Quasi-God-level crystal, impacting Tang Xiaolong's body veins and Tang Xiaolong's diamond costume.

Swelling, pain, suffering!

Tang Xiaolong was dying uncomfortably, he felt that he was about to die.

But at this time, the diamond costume on Tang Xiaolong was shining with dazzling light, and the surging spiritual power inspired the attributes of the diamond costume, and a rainbow-like halo appeared outside the diamond costume.

This aperture seemed to contain powerful energy, which made Tang Xiaolong's heart more dependent.

Mirror Li Tian didn't expect Tang Xiaolong to have such courage when he arrived, his face was slightly startled, but he soon returned to normal.

"Yes, this kind of battle is interesting, so you are qualified to be Li Tian's brother! But... no matter what your performance, you will die in my hands today. Of course, you will not be lonely, if If you are willing to wait a moment on Huangquan Road, Li Tian will be with you soon!" Mirror Li Tian sneered.

When he said this, the mirror image Li Tian had already used his supernatural power, and the crimson dragon-eyed dragon had appeared behind the mirror image Li Tian.

Without much words, the great blue dragon launched a sudden attack on Tang Xiaolong the moment he appeared.

boom!

boom!

boom!

The dragon claws of the Honghuang Qinglong kept grabbing Tang Xiaolong.

The powerful divine power hit the aperture of the diamond **** outfit, and the aperture vibrated suddenly, as if it was possible at any time to not crush the dragon claws of the prehistoric blue dragon.

But what if it is crushed?

How can a man be slaughtered?

Tang Xiaolong shot!

In fact, long before he entered the secret realm, Tang Xiaolong was eager to fight Li Tian to test his own true strength.

Now is the best opportunity!

"Hahaha, let's fight!"

boom!

boom!

boom!

Tang Xiaolong used his gloves to shake thunder to continuously bombard the prehistoric blue dragon released by the mirror image Li Tian.

Thunder rolls.

For a time this endless mountain range was completely devastated.

When Tang Xiaolong used the Quasi-God Crystal to activate the thunder-shaking attribute of his fist glove, every attack from Tang Xiaolong was extremely lethal.

boom!

boom!

boom!

Fist to dragon claw!

"Idiot, do you think I will give you a fair chance to fight?"

Mirror image Li Tian sneered, Hong Zhan flew out of his body in an instant, followed by a giant red light that was hundreds of meters long and slashed towards Tang Xiaolong.

Chapter 5120: Li Tian's Heart

As soon as the red light came out, Tang Xiaolong realized the danger!

This was a blow made by a semi-god powerhouse with all its strength, and this blow was also cut out by the magical weapon demon sword red.

Therefore, the power of this knife is extraordinary!

Tang Xiaolong didn't dare to be negligent, abandoning everything, crossing his arms in front of him.
boom!

Hong Guang slashed over, shattering the aperture outside Tang Xiaolong's diamond armor in an instant.

After shattering the aperture, the power of the red light was only slightly affected, and then it slashed towards Tang Xiaolong again.

boom!

This time, that powerful red light slashed on Tang Xiaolong's arms.

Tang Xiaolong only felt a force that was far beyond the scope of his endurance stranded on his arms, and the rock-solid diamond costumes on those arms seemed likely to be shattered at any time.

However, Tang Xiaolong's body flew out before the diamond costume was broken.

boom!

boom!

boom!

Tang Xiaolong's body hit several mountain peaks in succession.

The mountain he hit was like tofu dregs and collapsed instantly.

A series of more than seven or eight mountain peaks were hit by Tang Xiaolong, and Tang Xiaolong was hit by a pile of huge rocks and crushed under the rocks.

Only then did the huge red light fade.

However, the attacks of demigod-level powerhouses are definitely not limited to this.

After Tang Xiaolong was knocked into the air, the red light continued to fly forward for nearly 10,000 meters.

Under the red light, several mountain peaks were cut off in an instant, and then... these mountain peaks were directly destroyed by the powerful divine power.

"Unbearable!" Mirror Li Tian stood on the pile of rocks where Tang Xiaolong was buried, with a sneer on his face.

Mirror Li Tian could feel that under this pile of rocks, Tang Xiaolong's spiritual power fluctuated very violently.

This is also easy to understand.

Tang Xiaolong forcibly swallowed the Quasi-God Grade crystal, which would have done a lot of damage to his body.

Now he has withstood the full blow of the demigod-level powerhouse like Li Tian, the powerful power of Tang Xiaolong's body and veins is unstable. At this time, the side effects of the quasi-god-level crystals have been highlighted. If Tang Xiaolong gets If it is not adjusted in time, then the lighter will get into trouble, and the heavy one will explode and die.

Mirror Li Tian's heart moved, and with the fluctuation of his spiritual power, the giant rocks under his feet flew up one by one. Less than two minutes later, the dying Tang Xiaolong appeared in front of Mirror Li Tian.

"Leave your waste to your mirror image to deal with! I believe he will be happy to cut off your dog's head like this!"

"Fuck... there is... don't go, I can continue to fight with you! I will... I will... puff..." Tang Xiaolong wanted to stand up and continue to fight the mirror image Li Tian, but he just turned Spiritual power, a mouthful of blood spurted out.

"Don't be brave, you will die and look ugly now, be brave, hey, it won't be fun then!" Mirror Li Tiandao.

Regardless of Tang Xiaolong, he was still running his spiritual power.

However, when Tang Xiaolong was using his spiritual power, the diamond costume on his arms began to fall apart, cracking, cracking, and falling continuously.

puff!

Tang Xiaolong spouted blood again, and when he shook, he fell to the ground.

At this time, the air in the distance fluctuated slightly.

"It seems that your mirror image has arrived. If you want to fight, go to fight!"

Huh!

A figure appeared.

It is not a mirror image of Tang Xiaolong, but Li Tian.

"Little...little boss...oooo!"

When Tang Xiaolong saw Li Tian appear, he could no longer restrain the excitement in his heart, tears raging.

"My deity? Hey, we finally meet!" Mirror Li Tiandao.

Li Tian scanned the mirror image of Li Tian and fell on Tang Xiaolong. Seeing Tang Xiaolong covered in blood, Li Tian's heart was full of anger.

"Hey, did you feel surprised? Did you feel surprised? You don't need to thank me, this kind of stupid following you will only lower your IQ, so I will help you take care of him!" Mirror Li Heavenly.

Huh!

Li Tian ignored the existence of the mirror image Li Tian, teleported to Tang Xiaolong's side, and stretched out his hand to help Tang Xiaolong sit up.

"You don't need to run your spiritual power randomly, sit here now, adjust your spiritual power, and see how I avenge you!" Li Tiandao.

"Little boss...oh, this guy is almost exactly the same as you, and his cultivation has reached the half-god state just like you, and he has the same moves you have, so...the little boss must be careful!" Tang Xiaolongdao.

Li Tian grabbed Tang Xiaolong's hands and patted the back of his hand vigorously.

"Don't worry, there is me!"

Li Tian stood up slowly, carefully looking at his mirror image.

Like looking in a mirror, the mirror image of Li Tian is indeed the same as him.

Moreover, when Li Tian arrived, he had also seen the great blue dragon behind the mirror image Li Tian, and also saw the red sword performed by the mirror image Li Tian.

Another famous saying in the earth world is that man's greatest enemy is himself.

At this time, the enemy Li Tian faced was his mirror image. This was an unprecedented challenge Li Tian encountered.

"you are not me!"

"Hey, it's hard to say, I am your mirror image, and it is your truest reaction in this world!"

"No! You are not even qualified to be my mirror image!"

Mirror Li Tian's eyebrows twitched slightly, but he was not angry.

"Do you know the biggest difference between you and me?" Li Tiandao.

"Different? Hey, it seems that we have no difference at all! You have dragon scales? I have..." When Li Tian said this sentence, he started to run his spiritual power, and that black dragon scale instantly covered his body. "You have Red Slash? I have too! You can release the wild blue dragon, and I can also release the wild blue dragon. If we want to say the difference between us, then I am more decisive than you, a guy like Tang Xiaolong who is not successful enough to fail. , Should have been beheaded long ago..."

Li Tian was shaking his head slightly.

"No, what you are talking about is just appearance. The biggest difference is really here..." Li Tian stretched out his hand to his heart, but there was a smile on his face, and said with a smile: "My place is not entirely mine. It belongs to Tang Xiaolong..."

In the distance, Tang Xiaolong's heart trembled!

"It belongs to Situ Ningbing, to Li Mu, Li Xiaoyu, Li Wuque, to the entire Li Tian army, and to Li Tian's relatives. The power I pursue is not absolute authority, not to override anyone else. They are my most important people. In order to protect them, I must become stronger and stronger! No matter who it is, these relatives who hurt me will have to pay a heavy price! In order to protect my relatives , Do not hesitate to be an enemy of anyone, even God!"

"This is our difference!"

Tang Xiaolong was moved by Li Tian's words with tears, and he clapped involuntarily.

"Little boss, **** him!"
