

A Killer 5181

Chapter 5181: Good brother toast

Li Tian was really hurt.

Li Mu, Xiao Qingwa, now even Ziyang Thunder Bear and other worshipping brothers will stay.

"Just be happy!"

Li Tian didn't know whether he should be happy or sad.

Ziyang Thunder Bear and others stayed in the Nether Realm. They are already the strongest part of the Nether Realm's cultivation realm. At least his brothers will no longer be in danger, and if they follow Li Tian to the ghosts, At that time, there will definitely be various dangers, and maybe someone will hang up again.

"Happy? Hahaha, we really can't bear Li Tian brothers, if Li Tian brothers can stay in the underworld and stay with us, then we will be really happy!" Zi Yan Lei Xiong said.

Li Tian shook his head helplessly.

"I really can't promise you this. I have a reason to go to the ghost, you know!"

Tiangang Yanli nodded, reached out and patted Lao Xiong's thick back, and said with a smile: "We should not embarrass Li Tian brothers. Today we are here to say goodbye to Li Tian brothers. We decided to take Lao Niu with him. The bones and relics will return to the dark forest. When you leave the Nether Realm, our brother will not send you off, lest you will be moved and cry!"

"Get out of here, who will be moved, who will cry!" Li Tian cursed.

Tiangang flame raccoon dog and earth evil eagle eagle don't care.

"Li Tian, is there still Niulan Mountain? Before we left, our brothers drank happily once, as it was for you to practice!" Zi Yan Lei Xiong said.

Brother wants to drink, how can I say no.

Last time he returned to the earth world, Li Tianke brought back a lot of fine wines from the earth world.

It's not too late to taste it with all the brothers, so I have to say goodbye.

Niulan Mountain is a repertoire for the brothers to drink together, can it not be?

Li Tian took all the wine he had brought back from the earth world out of the space ring, including Niulanshan Erguotou.

"Hahaha, so many fine wines, you can feel drunk by looking at it!"

"This box of fine wine looks good, I'll accept it first!"

"I wipe, I invite you to drink, do you want to take it away?"

"Look at your promise, do you want us to go to the earth world to find wine and drink?"

These two goods, while drinking, hand in hand with the sheep, box by box to their space ring.

"Damn, I just show it to you, let you know that Li Tian has a lot of fine wines, I want you to change your mind..."

"I wipe, your hands are too fast, save me some!"

"I will dry this bottle of wine first..."

"If you don't get drunk or return today..."

"Well, today our brother will not be drunk or return!"

"I have fresh fruit from the dark forest here..."

"Li Tian, my good brother, did this cup"

Li Tian didn't know how much wine he drank, how many bottles? How many boxes? Or more.

For the powerhouses in the pinnacle of the demigods, this bit of alcohol is still very sleepy to make them drunk!

"Continue to drink... No spiritual power is allowed!"

"Haha, Old Xiong, the **** has turned back to its original form..."

"I wipe, you still laugh at me, don't you pee and take pictures of yourself..."

"Next, I would like to invite Li Tianlai, a pop music king-level singer in the Underworld, to sing a song "Good Brothers Toast". Welcome everyone..."

Li Tian only felt that his head was groggy, and he felt a little spinning and floating when he looked at everything, but his heart was so true that he felt that he hadn't relaxed like this for a long, long time.

Li Tian held a wine bottle in his hand as a microphone, and sang loudly with all his strength:

The wind blows tonight

How precious tonight

Brothers are happy

Smile and tears

Calmly face

Take wine as a song

Singing drunk tonight

Yueermei Tonight

It's rare to be drunk to fly dreams

No good wine

The taste of hug

I want to have a good time tonight

Cheers to brother

Look, brother, the "Red Flag of Victory" flies in the wind

How much hardship does not regret

Turn failure to ashes

Come on, brothers all raise their wine glasses

Brothers

Toast

I am not drunk

...

Li Tian finally got drunk.

Drunk is almost unconscious.

Li Tian had a long, long dream between half drunk and half awake. He dreamed that he had returned to Liaocheng again, and returned to that dilapidated little restaurant...

When Li Tian woke up, it turned out to be the afternoon of the next day.

"Little boss, little boss, you wake up!" Tang Xiaolong's voice came from his ears.

Li Tian Yigulu climbed up from the ground, his eyes still a little unconscious and looked around.

The place hasn't changed, it's still the Netherworld, or his room.

The ground was messy, with empty wine bottles and dilapidated cartons everywhere, as well as leftover fruits and peels.

However, the three fellows, Ziyang Thunder Bear, Tiangang Tears, and Earth Evil Tianjiu, have disappeared.

Also disappearing with them were the many fine wines Li Tian took out of the space ring.

"Where is the old bear?" Li Tian asked Tang Xiaolong, turning his aura to completely refine the alcohol in his body.

"Purple Flame Thunder Bear? I didn't see them when I came!"

"Where are Liu Jimeng and Ye Meijing?"

"They left here yesterday!"

Li Tian sat on the soft collapse, but his eyes were a little blurred.

"Little boss, get up quickly, the mysterious woman on the Ten Thousand Gods Mountain is already a little angry, and wants you to prepare immediately, we will set off to the ghost mythical creature immediately!" Tang Xiaolong said.

Li Tian stood up and used his spiritual power attack to decompose all the empty wine bottles and cartons in the room into dust with spiritual power.

"How long have I been drunk, will anyone else come to me during this period?"

Li Tianzhen was worried that other people would also tell him that they would stop going to ghosts and continue to play with Li Tian.

"No!"

Li Tian really took a breath now.

"But... the double-horned monster was beheaded by the kid Li Mu"

Li Tian woke up suddenly.

"Why? What happened?"

"Shuangjiao left Ten Thousand Gods Mountain, and he went to the country of ordinary people, killing thousands of people, can't you eat it..., Li Mu talked about double horns beheading when he was angry. Now all the cultivators in Wanshen Mountain know that cultivation is impossible. It is a good thing to easily intervene in the world of ordinary people!!"

Li Tian nodded helplessly.

Although the two horns chose to follow Li Tian, but the two horns didn't want the purple flame thunder bear and other ghost beasts, that guy hadn't learned to control his beastly, so it was good if he was killed by Li Mu.

The two corners died, so everyone who followed Li Tian to the ghosts was finally determined.

Li Tian, Tang Xiaolong, Situ Ningbing, Situ Lime, You Dark Soft, Little Tianyi, Black Smoke Tuan'er, and Three Little Yashas. Among them, Xiao Tianyi's cultivation is still the ninth-level peak of Transcendent Lord, but this does not affect Little Tianyi enters the ghost mythical creature.

As for the mutant crow, he has found true love in the Nether Realm and he is unwilling to leave.

"Let's go, it's time to leave!" Li Tian said.

Chapter 5182: Goodbye Netherworld

The obscene ***** finally chose to ascend in the day and kill him back to the gods.

In this regard, Li Tian can only send blessings, wishing the obscene ***** all the best.

In fact, Li Tian still has a regret in his heart.

That is, since the battle of Wanshenshan, he has never seen the stars, Xiaoyue, and Emperor Xingchen.

It seemed that they finally chose to live in seclusion. Since they didn't want to see Li Tian, Li Tian didn't reluctantly and did not look for them.

On the contrary, the vicissitudes of life and Tang Xiaolong have been tired of being together, as if they were trying to create a little dragon before Tang Xiaolong left.

Speaking of such things, Tang Xiaolong didn't feel ashamed at all, instead he showed some pride.

"Little boss, Xiaolong, my ability is just right. Before you left the mirror world, the vicissitudes of life already had mine... Hey, if we return to the underworld in the future, maybe I will be a group of children, Children and grandchildren..."

Li Tianzhen wanted to beat Tang Xiaolong.

This guy who doesn't turn his mind, you have left the Netherworld. Even if your ability is really strong, you will get a twin after a shot. How come you have a group of children? If it is really a group of children, then you guy with a green head can raise a horse?

But seeing that Tang Xiaolong was so happy and so naive, Li Tian was not willing to attack him.

"You go to the ghost, do you agree with the vicissitudes of life?" Li Tian asked.

Tang Xiaolong's expression immediately became serious, "Little boss, don't you want me to follow you to the ghost mythical creature? This...how does this happen? We are the best brothers. Even if we go down the knife and go to the pan, Tang Xiaolong must Follow you!"

To be honest, Li Tian was really moved.

"I didn't say not to ask you to follow me, as long as you are willing to follow, I am naturally happy! It's just that you just left them after the vicissitudes of life have just been pregnant with your children, so it's not good!"

"Hahaha, little boss, didn't I learn from you, you see, I was in the Sea-Monster Clan..."

Before Tang Xiaolong finished speaking, Li Tian gave it to him on his head.

Asshole things, what is bad to learn, must learn this.

At the beginning, Li Tian was forced to improve his cultivation strength as soon as possible, but the current situation is different. There are no enemies in the Netherworld, and Tang Xiaolong is completely unnecessary. Besides, if Tang Xiaolong wants to go to a ghost, he can wait until the child is born, even he can watch the child grow up.

But again, Li Tian did not say anything.

He knew that since Tang Xiaolong had made a decision, he must have obtained the consent of the vicissitudes of life, at least the vicissitudes of life had already acquiesced.

The vicissitudes of life had long known about Li Tian's going to the ghost mythical creature. Under such circumstances, she decided to follow Tang Xiaolong and became pregnant with Tang Xiaolong's child. This is true love.

For true love, Li Tian can only bless.

"Hey, hold these crystals. Before you leave, find time to give them to the vicissitudes of life. I am a hero, a hero, and I hope that one day in the future I can see the little dragon in the God Realm!" Li Tian rings from the space He turned out a bag of crystals and handed it to Tang Xiaolong.

Tang Xiaolong smiled, and you're welcome. He stretched out his hand and sent the bag of crystals into the space ring. "My son, Tang Xiaolong, naturally has no scumbag. I have left the crystal horse to the vicissitudes of life. If his talent for cultivation is excellent If he can be like Li Mu, then I will wait for him in the God Realm. If his cultivation talent is average, then it may not be a good thing to be an ordinary rich man. Then I will ask Li Mu to take care of their mother and child. Don't be bullied!"

Li Tian is full of black lines again.

The vicissitudes of life did not choose to enter the Ten Thousand Gods Mountain, she also chose to live in seclusion, not to mention the vicissitudes of the vicissitudes of cultivation, it is impossible

for the Great Emperor Canghai to watch his grandson being bullied. This kind of cultivation second generation ancestor does not bully others. It's already a blessing.

While talking, Li Tian and Tang Xiaolong had already flown back to Wanshen Mountain.

Near the main peak of Wanshen Mountain, it has now become the domain of Nether Academy, and only the temple is temporarily in the hands of mysterious women.

In the temple, Situ Ningbing, Situ Qingning, Youanrou and others are already waiting for Li Tian.

After seeing Li Tian and Tang Xiaolong, they immediately surrounded Li Tian in the middle.

"The things in the Netherworld are all arranged?"

"Yeah! There should be nothing wrong, that is... the purple flame thunder bear and others have chosen to stay in the Nether Realm and don't follow us to the ghosts!"

"We already know these things. If everything is in order, then we will go to the ghost mythical creature now!"

As he said, everyone's eyes slowly fell on the mysterious woman on the shrine of the temple.

"Li Tian, you have been a little bit reluctant recently! If it weren't for me to find you, would you stay in the Nether Realm forever?" the mysterious woman said coldly.

Li Tian knew this was a mysterious woman beating him!

If there is no such relationship as Li Kuafu, Li Tian can completely ignore the mysterious woman, but the mysterious woman is the wife of Li Kuafu's previous life. To some extent, Li Tian is a generation later than the mysterious woman.

"Haha, how can it be? Tang Xiaolong and I set off as soon as we heard from you, without any delay!" Li Tian smiled.

The mysterious woman did not continue to struggle with this kind of thing. She slowly stood up from the **** seat and looked around for a while. Then she breathed out and said to herself: "Leaving the Netherworld this time, I guess I will never come back again. Either the God Realm succeeds in revenge and stays in the God Realm forever, or he falls completely!"

It can be seen that the mysterious woman still has some nostalgia for the Netherworld.

It is no wonder that the Netherworld is a place where mysterious women lived and grew up before becoming gods, just like the earth world is equally important to Li Tian.

The difference is that the mysterious woman has lived in the underworld for longer, longer!

After a few seconds, the expression on the mysterious woman's face gradually disappeared, replaced by coldness.

"Come with me!"

After that, the mysterious woman appeared outside the temple on the top of the Pantheon Mountain as soon as she flashed.

Li Tian, Situ Ningbing, Situ Lime, Tang Xiaolong, Youanrou, Xiaotianyi, Three Yaksa, black smoke flew out.

The mysterious woman did not stop, and continued to fly to the southeast.

Li Tian and the others can only fly with them.

Under the Ten Thousand Gods Mountain, Li Mu stood on the ground, looking up at Li Tian and others, waving his hand.

"My father, goodbye!"

Behind Li Mu, the teachers and students who finally chose to stay in the Nether Academy waved with tears on their faces.

"Goodbye, Elder Li Tian!"

"Goodbye Tang Xiaolong!"

"Goodbye Master Situ Ningbing!"

In the Wanshenshan Mountains, feeling powerful spiritual fluctuations flying in the sky, Elder Lei and others flew out of different valleys and mountains, saluting Li Tian and others.

"Goodbye....."

Chapter 5183: Kido

Whoosh!

Whoosh!

Following the mysterious woman, Li Tian and others kept flying north.

Flew over the quiet continent, and flew over the sea.

The surrounding temperature is dropping sharply, and large chunks of floating ice have appeared on the sea.

"Isn't this the direction to the Territory of the Youlong Clan? Could it be that the passage leading to the ghost is in the Territory of the Youlong Clan in the far north?"

Li Tian refrained from asking, but soon his judgment was confirmed.

The mysterious woman took Li Tian and others and fell on the territory of the Youlong clan.

"I wipe, what is going on here? Why are these guys dead?" Tang Xiaolong saw the dragon bones all over the floor, wondering, "Aren't these the legendary mysterious race Youlong clan? Little boss, Shui Guiguzi is the patriarch of the Youlong clan. Could it be that the Youlong clan was killed by the super **** family? Xiaotianyi, originally the Water Guiguzi asked you to come to the Youlong clan to subdue the Youlong clan. It seems that this is unnecessary now!"

"I did it!" Li Tian said.

Hearing what Li Tian said, everyone was taken aback.

"Little boss, I didn't expect you to be so perverted that you would destroy the whole Youlong clan!"

Li Tian's face was full of black lines.

"When I came to the Youlong Clan, I hoped that the Youlong Clan could help us Li Tianjun to deal with the Super God Clan together. Unfortunately, these guys of the You Long Clan were actually

subdued by the Super God Clan and have become the running dogs of the Super God Clan. I want to give my head to the Super God Family in exchange for their territory!"

"So you destroyed the whole Youlong clan?" the mysterious woman asked.

"Why not? It's the style of my generation to be happy and enmity."

"Haha, commit more crimes, you will know that there will be such consequences when you enter the ghost mythical creature!" said the mysterious woman.

"In this way, in the battle of Ten Thousand Years ago, you killed more people..." Li Tian suddenly stopped talking. He remembered that when he was in the earth world, he directly destroyed Luzon Island. , That time I don't know how many people died in his hands.

But Li Tian didn't show the slightest fear on his face.

there is always a solution to a problem!

Once you will become famous, the bones and bones will be dry, ordinary generals will need the lives and deaths of tens of thousands of people to become famous, let alone become gods!

Although Tang Xiaolong, Situ Ningbing and others were very curious, since the mysterious woman was unwilling to explain, Tang Xiaolong and others stopped asking.

Flying over the iceberg, Li Tian and others soon came to the hot spring of the Youlong clan.

There is such a hot spring in this ice world, Li Tian and others suddenly felt strange.

Especially the faint spiritual power that is still coming out of the hot spring, this made Li Tian and others feel surprised.

"It's here, this is the gateway to the ghost mythical creature!"

"Aren't you kidding me anymore? I see a spring here, it looks like a hot spring pool, where is the passage?" Tang Xiaolong asked puzzled.

Situ Ningbing wanted to reach out and pull Tang Xiaolong, but he didn't hold Tang Xiaolong, so he could only let Tang Xiaolong express his doubts.

"Do you think this is a hot spring? In my eyes, this is a pan of oil! What you can't see does not mean it doesn't exist!"

"You pan, are you kidding us again? Are we all blind?"

"It's not blindness, but your cultivation is not enough!"

A word almost choked Tang Xiaolong to death.

"Black smoke group, what do you think?"

Everyone's cultivation level is not low, but only the mysterious woman and the black smoke group have reached the realm of quasi-god.

The black smoke ball floated on Li Tian's shoulder like a cloud of smoke, hummed twice, and said disdainfully: "I watch it with my heart!"

puff!

Everyone laughed.

The mysterious woman is not talking nonsense, and said to Li Tian: "My cultivation level is limited. If I want to open the passage of ghosts, I need the black smoke group and you to assist me. As for other people, for unnecessary trouble, you'd better Let them enter the space of the Void Yasha, and let them come out after we enter the ghost mythical passage and the passage area is stable!"

"Do not....."

Tang Xiaolong was about to see how the legendary ghost mythical passage was opened, and when he heard the mysterious woman say this, he let out a scream.

In the metal world, when Li Tian used a magical tool to forcibly open the passage of the metal world to the underworld, Li Tian knew that he wanted to open the passage between the two worlds at will. It was a very dangerous process, and he passed through the unstable passage , There will also be great danger.

No matter how Tang Xiaolong was crying and crying, Li Tian still let Void Yasha send everyone in.

"Red Wing God outfit!"

Li Tian moved his mind, and used his spiritual power to make Hong Zhan form a red wing **** armor to protect his body.

The expression on the mysterious woman's face was very serious, and she slowly flew to the hot spring with the spear of heaven in her hand.

As the mysterious woman continued to operate her spiritual power, a wave of spiritual lightning appeared on the Heavenly Qiong Spear gradually, and then the mysterious woman slammed the head of the Heavenly Qiong Spear into the hot spring water.

The mighty Quasi-God-level might was released from the mysterious woman and spread to the surroundings. The ice layer under Li Tian's feet kept creaking, and soon cracks appeared.

Whoosh!

Li Tian immediately flew up.

"How can we help you?" Li Tian asked.

"Wait a moment, you can see it!" said the mysterious woman.

Li Tian and Heiyan Tuaner's eyes stared at the hot spring. The hot spring was steaming, and the spiritual power of smoke and mist slowly floated up. Soon the spring water in the spring looked like boiling water. The same, constantly tumbling.

"Ok?"

Li Tian suddenly saw the spring water that was still clear just now gradually changed its color. At first, the color changed to a turbid pale yellow. Soon the color in the spring water continued to deepen and gradually turned into blood red.

"Isn't this a frying pan? Would it become blood?"

The black smoke group was sitting on Li Tian's shoulder, looking at the hot spring, and said, "It's a good frying pan, but there is a guardian beast at the bottom of the frying pan. At this time, the

mysterious woman's spear has pierced it. After removing the body of this guardian beast, this blood flows from this guardian beast."

"Why can't I see?"

"Because your cultivation level is low!"

I rub!

Li Tianzhen wanted to kill the black smoke group, this **** dare to talk to himself like this.

Click!

Click!

The ice layer of the ice sheet is constantly cracking, and the face of the hot spring is constantly expanding.

Gradually, Li Tian saw a dark shadow floating on the Internet in the hot spring.

Could it be that this shadow is the guardian beast of the ghost tunnel?

At this moment, the mysterious woman suddenly shouted: "Li Tian, black smoke group, you two are ready to do it! The cultivation level of this guardian beast is not lower than ours. It is not easy for us to defeat him, so just take this The guardian beast is drawn out from the hot spring. When that happens, we will jump directly into the hot spring and quickly go downstream. As long as we can pass through the bottom of the pot, we can enter the ghostly mythical tunnel..."

Chapter 5184: Phoenix

Ouch!

With the cry of a beast cutting through the sky, the whole earth trembled suddenly.

That hot spring, no, or the blood in the oil pan was constantly pouring out, and the snow-white ice sheet was instantly stained red with blood.

It's so dazzling.

Ouch!

There was another scream.

The huge shadow in the oil pan instantly broke through the ice layer, revealing half of his head.

"Fuck! What kind of monster is this, how can it be so huge?" Seeing this half of his head, Li Tian couldn't help cursing.

It's not that Li Tian was shocked. This monster looks a bit like a bird. Now only half of its head is exposed. That head is a bit bigger than the iceberg surrounding this hot spring. How big is the whole head? , How huge the whole body is, this is beyond Li Tian's imagination.

Even if Li Tian had seen the great dragon, he was shocked at this time.

Also shocked was the black smoke group.

"A monster in the pinnacle realm of Quasi-God, this is a bit difficult!"

The black smoke group reminded Li Tian that Li Tian was only shocked just now, only to realize that this behemoth was indeed the pinnacle of Quasi-God.

Li Tian couldn't help being a little big head.

The scene of the battle against Donggong's pardon at the time is still vivid. If Donggongxun had not lost his skill and was unwilling to entangle and fight with Li Tian and others, it would not be easy for Li Tian and others to win.

"war!"

"It's numb, fight it!"

Li Tianyi gritted his teeth, and Hong Zhan within his body cut out several red lights in an instant.

Huh!

Huh!

Huh!

Hong Guang cut on the behemoth's head with a strong aura, and instantly cut a four to five feet long wound on the behemoth's head.

It was bloody, the blood was constantly flowing from the wound, dripping into the hot spring water, and the blood red color dyed by the hot spring water became more vivid.

Ouch!

The monster suddenly raised its head and screamed, and the huge eyeballs stared at Li Tian, as if the look alone could kill Li Tian.

Li Tian, the powerhouse at the pinnacle of the demigod, couldn't help but tremble when he saw this look.

"I'm paralyzed, I want to scare me, can I still be afraid that you won't succeed?"

Li Tian knew very well that there should be no retreat in his heart during the process of cultivation, otherwise the path to cultivation will be more difficult and dangerous, and it will even affect the final upper limit of cultivation.

Huh!

Huh!

Huh!

Several successive red lights slashed out again.

Every red light fell on the behemoth's head, and a huge wound would be cut immediately, and blood would continuously flow down his head, looking so shocking.

but.....

This behemoth is really huge. The red light that Li Tian cut out can cause certain damage to the behemoth, but the behemoth just seems to hurt the behemoth with a needle, and it is impossible to hurt it. This behemoth.

Ouch!

Li Tian's continuous attacks finally angered this behemoth.

With a roar, the head of the giant beast suddenly appeared completely from under the ice surface, and the blood basin was biting at Li Tian thinking about it.

The speed is extremely fast, even if Li Tian is only half a minute slower, Li Tian will be swallowed directly by the huge beast's mouth.

Whoosh!

Li Tian flew into the sky.

"I wipe it! How long is this guy's neck!"

Li Tian didn't expect that after the monster's head was stretched out, he would always chase after Li Tian. Li Tian had already flown into the clouds of a thousand meters high in an instant, and the behemoth's head would have followed him for a thousand meters. Passing through the clouds almost bit Li Tian.

Li Tian's heart was beating wildly.

I thought that the iceberg was already high enough, but now it seems that this product is a behemoth of the same level as the Great Blue Dragon!

At this time, the mysterious woman and the black smoke ball had already flew up, and they were constantly attacking the giant beast.

boom!

boom!

The sound of continuous explosions came from below Li Tian, and the giant beast kept screaming.

From the beginning of the battle to the present, this behemoth has always been under attack. Except for biting Li Tian, there hasn't even been any effective counterattack. For a while, Li Tian has an illusion, "Why do I feel this giant? The strength of the beast is like that, it is not as much as the pressure caused by the Eastern Palace Amnesty? Is this guy a parallel import?"

However, at this moment, Li Tian suddenly realized a hint of danger.

Li Tian felt that he was being spotted by a poisonous snake.

Li Tian turned around abruptly, but saw that another giant head had appeared behind him.

Two-headed monster?

No wonder it's paralyzed, why did you play the mantis and catch the cicada and the oriole behind?

Whoosh!

Li Tian's figure flashed, and instantly avoided the head behind him.

Although he avoided, Li Tian still had lingering fears.

If Li Tian hadn't reacted sharply enough, now he might have become another Chinese food in the belly of his head!

call!

call!

The monster's two heads suddenly spouted a gas of gas from each of their mouths.

The gas sprayed out of one of the heads was a white mist. After the white mist appeared, Li Tian felt that the surrounding temperature dropped instantaneously, and even snow began to fall in the clouds in the sky, while the gas sprayed out of the other head was heated. Even if Li Tian is at least a few hundred meters away from his head at this time, Li Tian can still feel the horror of the heat wave, and it seems that he can steam the water on a person in an instant.

Fortunately, although the attack released by the behemoth's head was a piece of kill, it was not so sharp yet. Li Tian used a teleport and easily avoided it.

"Master Li Tian, be careful, this... this monster has another head coming up!

Below, suddenly came the scream of black smoke.

Li Tian was shocked.

Another head? Could it be that the three-headed monster failed?

This is a mysterious monster, with such a huge body, so many heads, and such a strong cultivation strength.

Li Tian did not retreat this time, but moved forward, his figure flashed, and instantly appeared on the head of the giant monster monster that was spraying ice and gas.

The Hong Zhan inside the body flew out instantly and fell into Li Tian's hands, and then Li Tian slammed the monster's head.

puff!

The sharpness of the red cut was beyond the imagination of this monster.

The skin of the monster, which was hundreds of times harder than steel, was instantly pierced by the red cut in Li Tian's hand.

Ouch!

This giant beast hurts, shaking his head constantly, trying to shake Li Tian and Hongzhan off his head.

Li Tian's hand merely grasped Hong Zhan, his mind moved, and he controlled Hong Zhan to chop away from the behemoth's head towards the neck.

Paralyzed, even if your head is bigger than the iceberg, Lao Tzu can not miss it.

But as soon as Hong Zhan had cut less than a hundred meters away, Li Tian saw that several more heads appeared in the clouds.

"One, two, three... seven, eight, nine... nine heads!"

This is not the most important thing. What's important is that a huge claw appeared in the cloud and mist, as if it was the top of Mount Tai, shooting towards Li Tian.

Chapter 5185: Go fast

It is the claws of this nine-headed bird!

This claw is so big, I don't know the geometry!

The sharpness of the claws is frightening!

Li Tian did not flinch, and lightly tapped his feet on the head of the nine-headed bird, and flew in the direction of the sharp claws of the nine-headed bird.

However, at the moment Li Tian flew out, Hong Zhan had already entered his body instantly, and then changed into a red wing ***** outfit.

Li Tian flapped his wings, his body turned like a spinning top, with the sharp claws of a nine-headed bird like a drill.

However, at this moment, Li Tian saw the sharp claws of the nine-headed bird and was instantly rounded by a layer of surging spiritual power, and then...Boom!

The sharp claws of the nine-headed bird hit Li Tian.

Although there was a red wing ***** armor, but the powerful bombardment Li Tian endured caused him to spout a mouthful of blood unrecognizable, and Li Tian's body fell directly from the sky.

boom!

Li Tian's body smashed into the ice, at least tens of meters deep into the ice.

"What a powerful guy!"

Li Tian's body was trapped in the ice. He wanted to use his spiritual power and fly out of the ice. But after running his spiritual power several times in a row, the spiritual power in his body still wandered around surgingly, completely unaffected by it. His control, if he forced his spiritual power to operate, Li Tian would have a feeling that his body veins would burst.

The powerhouse of the quasi-god peak realm, even if it is just a creature with little wisdom, the nine-headed bird with absolute strength is not comparable to Li Tian, the half-god peak!

Fortunately, Li Tian still has a red-winged ***** outfit, otherwise, the attack of the nine-headed bird would instantly shoot Li Tian into a cloud of blood.

Li Tian can't worry now, can only let the spiritual power in the body veins gradually stabilize.

It's just...At this time, the temperature in the ice layer may have dropped to below zero Baidu. Li Tian only felt that there was constant cold air penetrating the red wing divine costume, invading his body, and even cold air had entered his body veins. .

...

In the sky, a ball of black smoke turned into a cloud of smoke, constantly shuttled back and forth among the nine heads of nine birds.

The black smoke group witnessed Li Tian being photographed into the ice field. But he has no time to care about Li Tian. If it weren't for the black smoke group and the mysterious woman who are attracting the vast majority of the nine-headed birds, then Li Tian might not have been injured anymore.

"Master Li Tian is true, don't you know that our purpose is to seduce these nine-headed birds from the oil pan? These nine-headed birds are the patron saint of ghost passages, and they are immortal, even if they are killed soon Ghosts will be reborn, and then..." Heiyan Tuaner sighed, looking like Li Tian mourning his misfortune and angering him.

Gradually, the smoke on the black smoke group spread out more and more. In this black smoke, some sparks gradually appeared, just like a volcano covered by a thick smoke wheel, which will erupt at any time!

Most of the body of the nine-headed bird is still buried under the ice sheet. The black smoke group must help the nine-headed bird to rush out from under the ice sheet as soon as possible. After this, the black smoke group waits to avoid the nine-headed bird. The bird quickly rushed into the oil pan and entered the ghost mythical tunnel.

Hey!

Hey!

In the distance, the spear of the sky in the mysterious woman's hands was continuously releasing spiritual lightning.

These spiritual lightning pierced the sky, constantly bombarding the head, claws, and body of the nine-headed bird, but it was like Li Tian attacking the nine-headed bird. Although these lightnings could damage the nine-headed bird, but thought To defeat the nine-headed bird, that is completely wishful thinking.

The mysterious woman was very upset at this time.

She knows how powerful the nine-headed bird is, and also knows what nine-headed bird is most attracted to. That's why the mysterious v-bird wants to ask Li Tian to help her.

But now Li Tian was blasted into the ice.

Now, even if they got into the oil pan, the nine-headed bird had not left the oil pan and would soon catch up with them.

In that oil pan, that is the world of nine-headed birds, they are now entering, it is completely seeking death.

Fortunately, Heiyan Tuaner, a powerhouse in the mid-level quasi-god realm, can still help the mysterious woman, otherwise...

Just thinking of this, the mysterious woman suddenly felt the spiritual power of the surrounding air suddenly surging, and then the black smoke of the black smoke continuously sprayed out crimson lava in the body, which is also condensed by spiritual power. , But these magma contain powerful divine might.

The surrounding temperature rose sharply.

The magma is like a meteor, constantly blasting towards the nine-headed bird.

At this moment, the wings of the nine-headed bird finally stretched out, flapping a few times in a row, and a strong gust of wind rose from the ice sheet, forming two violent tornadoes, convolving the cold wind and ice rushing towards The smoke from the black smoke ball.

Similarly, these two tornadoes are also not ordinary tornadoes. The wind blade contains a powerful divine power, but this divine power is much stronger than the power released by the black smoke group.

boom!

The black smoke collided with the tornado.

The tornado instantly convolved black smoke towards the sky.

Immediately afterwards, the black smoke released by the black smoke group seemed to be dismembered in an instant, torn apart, and the spiritual magma that had just been ejected was like a tomato crushed by force, splashing around.

However, there is no divine power in this magma.

"Damn, this guy's attack turned out to be so sharp, and the black smoke group is not his opponent!" the mysterious woman secretly said.

The Qiong Spear in the hands of the mysterious woman flicked, and the figure flashed, and it appeared on one of the heads of Nine Birds!

Hey!

A touch of determination flashed in the mysterious woman's eyes, and the heavenly spear in her hand slammed into the head, and then the spiritual power of the mysterious woman continued to change into spiritual lightning, and she kept drilling into this head, just , The mysterious woman as an attacker, her face became more solemn at this time, and her body started to tremble at this time.

Within a dozen seconds, the breath of the mysterious woman became much weaker.

Immediately, the mysterious woman released her hand, allowing her body to fall continuously.

And the spear of heaven on the head of the nine-headed bird is still constantly absorbing the surrounding spiritual power, and the surging spiritual power is constantly pouring into the head of the nine-headed bird.

The mysterious woman is still falling down, but there is already a smile on her face.

boom!

A loud noise came from the sky, and the head of the nine-headed bird could not withstand the influx of spiritual power, and finally exploded.

Plasma, flesh and blood, and broken bones splattered from the bursting head of the nine-headed bird.

Whoosh!

The mysterious woman's figure flashed, and she grabbed the Qiong Lance of Heaven in a cloud of blood.

It seemed that the mysterious woman had a great advantage, but at this time, the aura of the mysterious woman was already much weaker.

At this moment, Li Tian finally flew out of the ice field.

Li Tian held a god-level crystal in his hand and swallowed it instantly.

Ouch!

In the sky, a giant dragon appeared.

Seeing the Great Blue Dragon, the remaining eight heads and pupils of the nine-headed bird instantly turned blood red, and the entire body rushed out of the ice sheet.

The nine-headed bird flapped its wings and headed straight towards the prehistoric dragon.

Seeing that Li Tian was still flying upwards, the mysterious woman stretched out her hand to hold Li Tian and said, "Hurry up, go into the pan!"

Chapter 5186: The ghost is here

thump!

Li Tian was dragged into the pan by the mysterious woman.

The hot blood was still boiling, and the temperature in the oil pan was definitely above several hundred degrees. The spiritual power released by the mysterious woman forced the hot blood away, but even so, Li Tian felt his body as if it were Corn kernels under high temperature are about to become corn flowers.

The mysterious woman pulled Li Tian and kept sneaking down.

"The black smoke ball is still outside!"

Li Tian struggled a few times and wanted to go out.

"Fool, it's much smarter than you!" the mysterious woman angered.

Sure enough, as soon as the mysterious woman's voice fell, a cloud of black smoke fell into the blood and moved quickly towards Li Tian and the mysterious woman.

After a few seconds, the cloud of smoke turned into a cloud of black smoke.

"Master Li Tian, let's go quickly, your prehistoric blue dragon can't resist for a few minutes, and the nine-headed bird will return to the pan by then!" The black smoke group ran after Li Tian and said.

This blood sea oil pan is definitely not an ordinary place. Li Tian wants to use teleport, but as soon as he uses his spiritual power, there is a sharp pain in his body. It seems that a mysterious force presses Li Tian on the blood sea oil pan. In the middle, you can't move at all!

Because of Li Tian's spiritual power, that powerful force imprisoned Li Tian. When he went to Xia Qian, Li Tian felt that the resistance was unknowingly increased several times, and the speed of sneaking was much slower.

"Idiot, if you dare to use your spiritual power at will, don't blame me for turning my face!" the mysterious woman angered.

I wipe it, don't blame anyone who does not know!

Li Tian didn't dare to use his spiritual power anymore, just followed the black smoke group and the mysterious woman desperately to sneak down.

After sneaking for about three or four minutes, a loud noise suddenly came from the sky.

Li Tian knew that the prehistoric blue dragon formed by swallowing god-level crystals had finally completed his mission.

Immediately afterwards, a huge black shadow instantly fell from the sky into the sea of blood, it was the nine-headed bird.

At the moment when the nine-headed bird entered the sea, the sea of blood swayed from side to side, which made Li Tian and others sneak a bit slower.

However, the speed of the nine-headed bird sneaking downward was extremely fast.

At this time in this sea of blood, Li Tian and others could not use their spiritual power at all, which means that they had only one way to go, which was to keep sneaking, and enter the ghostly mythical passage in the land of blood before the nine-headed bird caught , Otherwise the consequences will be unimaginable.

escape!

Keep running down!

Li Tian felt that time passed so fast for the first time!

For the first time, Li Tian felt that the danger was so close to him!

One of the heads of the nine-headed bird was shattered, and the remaining eight heads were even more ferocious. The cold light released by the angry eyes was enough to make Li Tian feel chilly.

Li Tian found that their advantage of entering the sea of blood first and sneaking down was constantly being eroded, and the nine-headed bird was getting closer and closer to them.

Even Li Tian could already ask the **** smell of blood flowing from the head of the nine-headed bird being smashed.

However, Li Tian still didn't see a shadow of the so-called ghost mythical passage at the bottom of the blood sea.

Paralyzed, are we going to die here today?

No, absolutely not!

Lao Tzu abandoned the identity of the strongest man in the earth world, and abandoned the identity of the overlord of the underworld, just to enter the ghosts, how could he die here?

Li Tian thought of Xue Ji in the mythical creature, of Li Kua's father in the mythical creature, thought of the fifth water moon in the mythical creature.

Li Tian's heart was a little bit more determined!

Damn, your nine-headed bird can't run spiritual power in this sea of blood, so why is your speed faster than Lao Tzu?

Is it because you have wings and can paddle?

Doesn't I have wings?

Li Tian was attentively communicating with the red wing **** outfit on his body.

"Now I can't use spiritual power, and you can't use spiritual power either, but I need your help. I need the wings of the Red Wing God to move the water..." Li Tian said to Hong Zhan through his heart.

Wow!

Wow!

The fool in the red wing **** outfit finally controlled the two wings of the red wing **** outfit to move.

Whoosh!

Whoosh!

With the help of the Red Wing God outfit, Li Tian's speed was indeed much faster.

"Hurry up, hurry up!"

"Hurry up, hurry up!"

"Hurry up, get more!"

Gradually, Li Tian saw that a black hole appeared at the point of the blood sea, and a whirlpool-like pattern was formed on the hole, and light spiritual power fluctuations came from the hole.

This is the passage from the underworld to the ghosts.

There is only one passage in the entire Netherworld!

In addition, there is only one way to enter the ghosts, and that is to die!

Li Tian finally showed a smile on his face, he felt that he had never been so happy before.

This feeling of escaping from the dead is more pleasant than his cultivation level reaching the peak of the demigod.

The corners of the mysterious woman's mouth also tilted upward slightly.

In the end, she still had to rely on Li Tian. It seemed that she had waited for Li Tian in the Nether Realm for more than 10,000 years, and she did not waste it.

The black smoke group didn't feel like that.

Moreover, the black smoke group seems to be at ease in this sea of blood, not as hard as Li Tian and the mysterious woman.

"It's here, go in!"

Whoosh!

Whoosh!

Whoosh!

The three figures instantly got into this black whirlpool!

...

Li Tian felt that his body was distorted, crushed, and reorganized.

The violent pain completely exceeded Li Tian's imagination.

Li Tian saw that the light in front of him was constantly refracting, and the whole world had completely changed into various kinds of light.

The mysterious woman in her eyes seemed to have turned into a soft light at this time, suspended in the air, and seemed to be falling continuously.

The black smoke ball is full of flames, black smoke billowing.

However, the flame completely changed, no longer in the shape of a flame, but as if it were composed of countless diamond-shaped patterns. As for the black smoke, Li Tian felt like a paste-like texture.

"Ghost mythical creatures are different from other worlds. Living people entering ghost mythical creatures must endure such pain, and their bodies must also undergo such tempering!" The mysterious woman's voice sounded in Li Tian's mind.

Li Tian felt that everything in front of him was imaginary, and even the voice of the mysterious woman seemed to have countless echoes in his head.

For example: "The body must undergo such tempering...it must also undergo such tempering...and must undergo such tempering... undergoing such tempering... tempering..."

Gradually Li Tian felt that his body began to regain consciousness.

He saw that the mysterious woman changed from the soft light into a human form, and the black smoke group also changed back to its original appearance.

In front of them, but they are still in the ghost tunnel.

As if he was on a slide, Li Tian followed the mysterious woman and the black smoke group uncontrollably fell down the passage.

I don't know how long it took, a bright light suddenly appeared in front of him, and the surroundings fell into endless darkness.

The ghost is finally here!

Chapter 5187: Striving to be a son

Ghost mythical creatures are dark.

There is no sun, and there is darkness all around.

But this darkness is different from the darkness of the metal world.

In the ghost, there seems to be an unclear dim light in the sky.

This dim light shone from the sky above and hit the ground, forming a soft light blue.

Li Tian had gradually adapted to this level of light, and brought Situ Ningbing and others out of the space of Void Yasha.

Li Tian felt surprised that although Situ Ningbing and others were in the space of Void Yasha, but Li Tian and others encountered when they walked through the passage, Situ Ningbing, Tang Xiaolong and others had the same experience.

The only thing that didn't encounter this was Xiao Tianyi.

"Little boss, are we to the ghost? Where are we in the ghost? Where should we go now?" Tang Xiaolong asked, looking around the surroundings curiously.

Li Tian wanted to fly up, fly to a high place and then look for a direction, but he found in the ghost mythical creature, he could not fly at all, let alone teleport.

"It seems that the ghost mythical creature has suppressed our cultivation base very much. Although we are all demigods or even quasi-god-level powerhouses, among the ghost mythical creatures, we seem to be no different from ordinary people!" Li Tian said helplessly, shaking his head. .

Standing on the endless wasteland, all around are bare and without any buildings.

Li Tian turned his head to look at the mysterious woman, "Can you tell us where we are now?"

The mysterious woman glanced at Li Tian and said: "I have come to the ghost mythical creature for the first time, so I am just like you!"

One sentence directly blocked Li Tian.

I wiped it, so everyone's eyes were blackened.

"Okay! I recognize this. Now we have followed you to the ghost mythical creature. At least you should tell me what should we call you?" Li Tian was a little upset.

"Call? It's just a code name. How did you call me before, and then you will call me! Now the most important thing is not this, but we have to find the creatures in the ghosts, or ghosts, as soon as possible, otherwise we are now We don't even know where we are at the level of ghosts, let alone look for Father Li Kua." The mysterious woman said.

What she said seemed very reasonable, and Li Tian was unable to refute it.

"Hahaha, at this time I must be my Feitian Yasha showing great power!" Feitian Yasha flapped its wings and flew up sharply, with a smile on his face.

Li Tian is full of black lines again.

In the past, the cultivation base of Li Tian and others was too high, and there was no opportunity for the little Yashas to play.

"Well, then please fly higher, look farther, and guide us!" Situ Ningbing said.

"Hey, be more sincere. Be more sincere and less routine, maybe I can fly higher..."

Before Feitian Yasha's words were finished, Tang Xiaolong suddenly discovered, "Little boss, look at it, there seems to be someone in the distance...no, it's a ghost!"

Following the direction Tang Xiaolong pointed out, Li Tian really saw that at the end of this wasteland, it seemed that some shadows were slowly moving forward.

"Let's go over and take a look!"

After speaking, Li Tian and the others speeded up and galloped toward the ghosts that appeared in the horizon.

Getting closer and closer to those shadows, Li Tian discovered that those shadows were a large group of ghosts.

Most of these ghosts are in a state of nothingness, floating in the air, but these ghosts are hideous and look like they are not good ghosts.

"What are you doing here? Why don't you join the team quickly? Don't you want to die?"

Suddenly, a voice fell from the sky, and then a figure of a tauren dragging an iron chain appeared in front of Li Tian and the others.

I rub, is this the legendary bull head?

But why can this bull head teleport?

Niu Tou saw Li Tian and the others, obviously a little surprised, "What's going on? You are all cultivators, and your cultivation level is not low. Why do you appear on the eighteenth floor of the ghost?"

"Brother Bull Head, this is the eighteenth floor of the ghost mythical creature? Dare to ask where this team is going?" Li Tian bowed and asked.

Niu Tau shook the iron chain in his hand, and he could feel that Li Tian and the others were not low in cultivation, so he did not embarrass Li Tian and others. He explained with a smile: "It seems that you should be gangsters. Die, here is the ghost mythical creature, the eighteenth layer of the ghost mythical creature, the bottom! All creatures must enter the ghost mythical creature after death. After the ghost mythical experience, they can reincarnate. Now let's go to Chuling City first. All of the fools have to pass through Chuling City, then you will all understand!"

"Thank you!"

After some discussion, Li Tian and others decided to go to Chuling City first, and then make plans.

Niu Tou smiled, but stared at the space ring in Li Tian's hand, and said, "Hey, since you are cultivators, then you should have a lot of treasures in your hands? Would you like to make a deal with me and take your Give me some treasures first, and I will give you some paper money? You must know that the eighteenth layer of ghost mythical creatures, paper money is the only currency, without paper money, you will not have the city fee. By then, you may not even be able to enter Chuling City." Turning over the bull's head casually, a large amount of colorful paper money appeared in his hand, and this guy deliberately raised the paper money in front of Li Tian with an expression of determination.

Seeing these paper money, Li Tian suddenly had tens of thousands of alpacas crashing past.

"You actually want to use this thing to exchange treasures with us? Are you crazy?" Tang Xiaolong called out first.

There is no other reason. The paper money in Niutou's hand is exactly the phantom coins of the earth world, but at this time there is a faint gleam on the phantom coins, which looks a little tall.

"Hey, you don't understand this! Now that the lower nine layers of the ghost are all under Li Kuafu's rule, naturally, this paper money from the earth world has become the most important currency! That is for me to get a little bit. Treasure is willing to come up with this kind of paper money to exchange with you!" Bull Head smiled.

Li Tian and others suddenly felt a little messy.

What is meant by breaking through the iron shoes and finding no place to find it is all effortless. In just a few decades, Li Kua's father was able to completely rule the lower nine levels of ghosts. It is really a cow!

"Father Li Kua? Is Father Li Kua from the earth world? I am Li Tian and I am his son!" Li Tian counted excitedly.

"Hahaha, I am also the son of Li Kuafu, but Li Kuafu does not recognize me." Niutou looked at Li Tian with contempt and sneered.

I rub!

There are still people vying to be sons!

What a ruin of the Three Views!

"I'm really Li Kua's son!"

"Hehe, there are hundreds of billions in Kuafu's father's son. If you don't believe me, ask these dead souls behind me, who wouldn't want to be Kua's father's son?"

"Brother Niutou, I really am Kuafu's father's own son..."

"We are also Kuafu's father's son, Big Brother Niutou, please let us go!"

Chapter 5188: Chuling City

I'll take a big fuck!

Li Tian helpless!

"Brother Bull Head, these ghosts are...? Why do they ask you to let them go?" Situ Ningbing asked suspiciously.

Niutou suddenly laughed again, "This group of poor ghosts cannot enter Chuling City, so they commit crimes outside of Chuling City. As a ghost servant of Chuling City, I naturally want to capture them!"

"and then?"

"Then? As long as I'm caught, it's possible to spare them so lightly, the ghosts with a little cultivation base will be pulled to do coolies, and those without cultivation bases will be pulled directly to press the oil. If they can survive by luck, they will be invested in the animal life. Animals, if you can't make it through, then your soul will fly away!"

Niutou said very lightly, but the ghosts behind Niutou looked dead, and couldn't help shaking in the end.

"Brother Niutou, please let me go! I was alone when I was alive, and naturally no one would burn paper money for me after I died. I was so poorly clinked. If Lord Niutou let me go, I would be willing to be a bull for the Lord Turner. !" A thin ghost begged for mercy.

"Being a cow and a horse? Don't you look down on me?"

Niutou became angry at once, and started to make a difference.

Huh!

The iron chain in the bull's hand was pulled on the ghost in an instant. The iron chain seemed to be spiritual, and it was wrapped around the ghost in an instant. It was pulled hard by the bull's head and pulled directly out of the ghost group. The palms lined up on the ghost, and the ghost's emptiness floated away in an instant, and quickly disappeared completely.

"died?"

"Yes, this time it is completely dead!"

There was a commotion in the ghost group. Several ghosts looked at the bull's head in fear, and saw that the bull's head was chatting with Li Tian and others, turning around and fleeing to the distant wasteland.

"Huh, I really don't know how to live or die!"

Seeing a few spells in Niutou's mouth, the iron chain in his hand flew out instantly.

Snapped!

Snapped!

Snapped!

After a few sounds, the iron chain drew on these escaped ghosts, and then these ghosts flew away in an instant.

"It's finally quiet now, let's continue to discuss our transaction! Is there a crystal of a super domain master ninth-level realm powerhouse? One crystal can be exchanged for 100 million paper dollars!" Niutou said.

Niutou's face was fixed with Li Tian and others' expressions.

Li Tian's brows wrinkled slightly, and he quickly calculated in his mind how many chances of winning would be if everyone did not agree to Niutou's request.

"I'll exchange it! This is a demigod crystal, this is a quasi-god crystal, these are exchanged for me into paper money, as for the remaining superdomain master crystals, we will give them to the bull's head. Brother!" Situ Ningbing turned out a skin bag from the space ring, opened the skin bag, and stuffed it to Niutou.

New Head was shocked.

His hand holding the paper money was trembling slightly.

"Quasi-God-level crystals, there are Quasi-God-level crystals, you... your cultivation realm is really strong, since you are so polite, then I can't ruin my reputation. You will take all these paper money, and I will Escort you to Chuling City safely. If... I mean if you still have crystals to change, you must remember to find my old bull, I still have a bit of status in Chuling City!" said Niu Tau.

Niutou couldn't wait to complete the transaction, tied the leather pouch with crystals around his waist, touched the pouch, his smile on his face was so brilliant.

Ghost mythical creatures are different from other worlds, their spiritual power is quite thin, and it is more difficult to improve their cultivation realm than ascending to the sky.

Moreover, the ghosts are basically ghosts, and there are no crystals in the bodies of these ghosts, so the crystals of these powerful people will appear especially precious.

Niutou can be replaced by a Quasi-God-level crystal, a Demi-God-level crystal, and several superdomain master-level crystals at one time, which is enough to make Niu Tau's cultivation realm a big step up.

With this pleasant deal, Niutou was in a great mood, and then... even directly released all the remaining ghosts.

"How did you release all these ghosts?"

"Hahaha, the crystals I just replaced are enough for me to practice for a few years. By then, my cultivation level will be upgraded again. When my cultivation level is improved, I have a great chance of being invited. Go to the seventeenth floor of the ghost mythical creature, these lonely wild ghosts will have no effect on me!" Niutou smiled nicely.

Along the way, Li Tian and Niu Tau can be said to have nothing to talk about. When it comes to Chu Lingcheng, Li Tian and Niu Tau seem to have become good brothers. Niu Tau even wants to become brothers with Li Tian, but After hearing Li Tian say that most of his brothers died tragically, Niutou gave up this plan again.

"Everyone, the city in front is Chuling City. I can only send you here. If you want to enter the city, you have to pay the entrance fee. After you enter the city, we have the opportunity to talk again!"

Niutou completed his mission, turned around and floated into Chuling City, and then he couldn't wait to practice.

Chuling City is definitely a big city.

Through Feitian Yasha's sight, Li Tian saw that the city could not be seen at a glance, and its scale far exceeded Li Tian's imagination.

The walls of Chuling City are not high, but there are gates everywhere on the walls. At this time, a steady stream of ghosts gather outside the city gates, waiting in line to enter Chuling City.

Sure enough, as Niutou said, if you want to enter Chuling City, you must pay a certain entrance fee.

Many pauper ghosts want to break into the city of Chu Ling, drifting towards the city wall, and want to fly in from over the wall, but their bodies have just appeared on the wall, and a layer of light suddenly appeared on the wall. Then, those who want to break the city The ghost of Lingcheng was wiped out in an instant.

"Tsk tusk, luckily we exchanged some paper money with Niutou, otherwise we might not be able to enter Chuling City!" Tang Xiaolong sighed.

Lined up, waiting to enter the city.

Within Li Tian's sight, there were at least hundreds of gates and hundreds of teams, but the speed of entering the gates was very slow.

At this time, there were still ghosts suddenly appearing outside Chuling City.

All kinds of human beings of all races, all kinds of clothing, all kinds of skin colors, all kinds of appearances, from different worlds, and different interfaces, may be encountered outside the city of Chuling.

At this moment, a ghost wearing the costume of a human being on Earth suddenly appeared beside Li Tian.

"This...what is this place? Isn't it... can't I pass through?"

"Hahaha, I actually passed through."

"I'm paralyzed. After reading such a traversing novel, Lao Tzu finally caught up with the traversing army and is finally going to traverse."

Then Li Tian and Tang Xiaolong said in unison: "Fool, this is a ghost! You are dead!"

Chapter 5189: Meng Po who sells soup

Although everyone is from the earth world, Li Tianke has no obligation to help him.

This ghost, there are at least hundreds of thousands of ghosts from the earth world every day. Does Li Tian have to help?

Entering Chuling City, Li Tian suddenly felt a kind of crossing.

In Chuling City, different ghosts from the entire universe gathered here, and architectural styles from all walks of the universe appeared.

Just looking at these various buildings will give people a kind of beauty.

But before Li Tian and others took a few steps, someone stopped Li Tian and others.

The one who stopped Li Tian was an old woman who appeared to be 50 or 60 years old. The old woman was full of hair and wrinkles on her cheeks. The wrinkles could completely trap flies, and there was a porcelain in her wrinkled palm. The bowl, the bowl is green soup, at this time, the soup is still floating with a wisp of white smoke, slowly rising!

The old woman grinned, showing her yellow teeth, and said with a smile: "Friends from afar welcome to Chuling City. The hospitable Chuling City has prepared a steaming soup for you. Please dry this bowl of hot soup. You will definitely forget the pain and troubles of your previous life, and you will definitely find your own happiness in Chuling City!"

Seeing the decoction, Li Tian couldn't help frowning slightly, waved his hand to refuse.

"No need!"

"It's not good to refuse an old man's request like this. Drink it. This is the legendary Wangyou soup. After drinking, you are guaranteed to be happy like a fairy and forget all the troubles of the past! Not expensive, a bowl of soup only costs 100 ghost coins. You can't buy a hundred ghost coins and lose money, you can't buy a hundred ghost coins, but you only need a hundred ghost coins, you can get unprecedented happiness!"

I rub!

How can this set of words be so familiar?

Could this old woman also come from the earth world?

Li Tian suddenly became interested, and he casually clamped a paper money of 100 million ghost coins in his hand, and said to the old woman: "You answer a few questions first. If these questions satisfy me, the 100 million is yours! "

"My lord, just ask, old lady, I must know that everything is endless!"

The old woman's eyes curled when she saw the billion ghost coins, she squeezed out a ball of shit, and watched Li Tian almost spit it out.

"What's your name?"

"Old woman Mengpo! It has been more than 7,000 years since I came to the ghost mythical creature!"

Hearing this name, Tang Xiaolong and Situ Ningbing were shocked.

It really is Po Meng!

So this bowl of soup in Meng Po's hands must be the legendary Meng Po soup!

No wonder this old woman said that she can forget the troubles of the past, that's how it is!

Li Tian was also shocked.

However, Li Tian was even more shocked that since Po Meng existed in the legend of Huaxia, it means that in ancient times, someone in Huaxia must have been to the ghost mythical creature, and then wrote some of the ghost mythical **** into the legendary hell.

In this way, all the puzzles can be completely explained.

"Mengpo, I will ask you again, now how can I let Li Kuafu notice me in the shortest time? I want to see Li Kuafu!" Li Tian asked.

Po Meng looked at Li Tian suspiciously, but soon the expression on his face returned to calm.

"Guest, it's not an old woman who wants to hit you. The whole ghost is down to the 9th floor. I don't know how many ghosts want to be appreciated by Li Kuafu, want to see Li Kuafu, but there are not many ghosts who can really see Li Kuafu. !and so....."

Hearing this, Li Tian put away the paper money directly, and a trace of displeasure flashed across his face.

Po Meng suddenly became anxious, and quickly waved her hand and said: "The old woman hasn't finished her words yet, please don't worry, the guests! Listen to the old woman slowly!"

"Chu Ling City is just the lowest city in the eighteenth floor of the ghost mythical creature. Most of the ghosts who come here are ordinary people and don't have much cultivation skills, but they are so heroic, handsome, tall and wise, like a guest. There are not many cultivators. Therefore, what the guests need to do now is to make the City Lord Chuling City notice you!"

"Chu Ling City Lord?" Li Tian asked in doubt.

"That's right! Although Chuling City is the lowest level city, don't underestimate Chuling City. Chuling City is the largest city in the eighteenth floor of the ghost. It occupies half of the eighteenth floor of the ghost. The position of the city lord of the spirit city in the lower nine levels of the ghost is also particularly important."

"If the guest can get the attention of the city lord of Chuling, it is entirely possible that the lord will be specially recruited by the lord to enter the lord's personal guard, then if the lord is summoned by Li Kuafu, you may see Father Li Kua!"

"Of course, the city lord of Chuling City has everything available every day, so it is not easy to get the attention of the city lord! But as long as you have enough strength, you can apply for the ghost errand of Chuling City. When you are a ghost errand, as long as you Do two more big things, then naturally the City Lord of Chuling City will pay attention." Meng Po said.

Tang Xiaolong snorted coldly, and said angrily: "Little boss, you are too cautious. We are all powerhouses in the semi-god realm. We directly smashed to the city lord mansion. I don't believe that the city lord dare not come out to see us. , The big deal is that we kill the city lord, and go up one more level, to the next level of ghosts!"

"This guest, would you like to make a bowl of Wangyou soup?" Po Meng's face showed a sarcasm involuntarily.

"You Meng Po, our little boss has said very clearly, don't drink your Lao Shizi decoction..." Tang Xiaolong said angrily.

Situ Ningbing and others all laughed out loud, "Little Dragon, Po Meng meant you should take medicine!"

Tang Xiaolong was about to get angry, but Li Tian stretched out his hand to embrace Tang Xiaolong.

"Mengpo, my brother is a single-celled organism. He doesn't go through the brain when he speaks. Please forgive me."

Po Meng nodded slightly, and then said: "I can feel that your cultivation level is very strong. If you read it correctly, your cultivation levels may have reached the semi-god realm or higher, but ghosts are different from any other. One realm, entering the ghost mythical realm, maybe your cultivation level has not been affected in any way, but the ghostly mythical creature has the law of the ghost mythical creature, you half-god realm, in the ghost mythical realm, I am afraid that at most, you can display the strength of the cultivator realm, so you think It was a wishful thinking to attack the City Lord's Mansion."

"It's no wonder that we can't use teleport, or even fly. But... on the way to Chuling City, we met Gui Cha Niu Tau, why is Niu Tau's cultivation realm far less powerful than ours, but he has only used teleport?" Situ Qingning asked suspiciously.

"Bull head? He is a ghost, you have mastered the rules of ghosts!"

"Mengpo, you haven't finished what you just said, how can we get the city lord's attention?" Li Tian asked.

"It's very simple. Participate in the ghost contest. As long as you can pass the selection, you can become ghost ghosts. Then you will have a great chance to meet the lord of the city. More importantly, you can only become ghost ghosts. , There will be more opportunities to get in touch with the rules of ghosts!"

Chapter 5190: Ghost Selection

Every day, hundreds of millions of ghosts will come to Chuling City on the eighteenth floor of the ghost mythical creature. At least tens of millions of ghosts cannot pay the cost of entering the city, and have to leave Chuling City temporarily and become lone ghosts. Do some things for criminals.

And at this time, there needs to be some strong cultivators to clean up these unruly ghosts.

In this regard, Chuling City will compensate the ghosts to a certain extent, and this compensation is generally through currency, which is the paper money method that Li Tian and others have seen before, and another method is through job training. That is to say, several powerful ghost envoys in Chuling City came to explain the rules of ghosts to the ghosts, thereby enhancing the masters of the rules of the ghosts, and then enhancing the strength of the ghosts.

But the ghost difference is not always fixed.

For example, a self-improving ghost like Niutou will continuously improve his cultivation base through various methods, which will enable him to have stronger competitiveness, so that he can enter the upper level of ghosts and become the upper level. The ghost of the ghost.

Of course, there are ghosts who will encounter powerful ghosts and die in battle.

If there are ghosts who leave, and if there are ghosts who die, there will be ghosts who fill in.

Li Tian and the others are lucky, and the ghost selection meeting will be held every 100 years. It will be held in a few months.

Li Tian asked Po Meng if there was any other way to enter the upper level of the ghost.

"There are several choices for ghosts entering Chuling City. The first is to directly enter the cycle of reincarnation and leave the ghosts. However, there are not many people who make this choice. The eighteenth level of the ghosts is the lowest level of the ghosts. The same Those who enter the wheel track through this layer will not have any choice when they are reborn. As the number of ghost mythical creatures not only increases, and finally enters the reincarnation of the reincarnation, they are all small reincarnation experts. In the worst case, you can enter a wealthy family and watch. If you are lucky, you can even become emperors and generals. Those who are lucky enough to be the best reincarnation masters may even reincarnate and enter the cultivation family!"

"Therefore, there are no ghosts who do not want to go up, but the ghosts that can go online are approaching, and the competition at every level is extremely cruel, one in a million, one in ten million, or even one in a billion. The most important thing is that if you want to enter the upper level, you need a long wait. At the same time, the opportunity to enter the upper level ghost will be opened every 100 years. It's a bad time for you to come, it just ended yesterday The passage to the upper level is closed!" Po Meng said.

"It seems that we should be ghosts!" Situ Ningbing said.

The mysterious woman sneered, "Let you do this kind of boring thing! I must seize the time to master the rules of ghosts, and when you and Kuafu want to meet, I can help Kuafu!"

Po Meng looked at the 100 million yuan ghost coin in Li Tian's hand. Li Tian did what he said, and after asking, he gave the ghost coin to Po Meng.

Po Meng took the ghost coin, her eyes were all cracked, and as a result, another ball of **** was squeezed out.

Seeing Li Tian's unhappy expression, Po Meng immediately wiped off the filth from the corner of her eyes and smiled with a yellow tooth: "Hey, a few adults, the selection of ghosts will not be held until next month. During this period, Several adults need to find a suitable place to live. Entering Chu Ling City is only the first step. If the ghosts who do not have a place to live will soon be captured by the ghosts, or forced to become ghost slaves, or directly dragged. Go out to squeeze oil!"

"So, we still have to find a place to live? I wonder if there is a hotel in Chuling City? Or is it a place rented out by a clan?" Li Tian asked.

Po Meng stretched out her finger, pointed at herself, and said, "I have a place to rent here, so I can guarantee good quality and low price!"

Li Tian saw the feces in the corners of Meng Po's eyes several times, and worried that Po Meng's rented house might also be messy. She just wanted to refuse Po Meng, but Po Meng continued to say: "Several adults come out for the first time. City, I'm afraid I don't know that the situation in Chuling City is complicated. If a few adults are willing to rent my Mengpo's house, I can explain it to the adults when I am free."

As she spoke, a sly smile appeared on Po Meng's face.

Huh!

Li Tian took out a ghost coin worth 100 million yuan, "Come, tell me, do you have time now?"

"Yes, yes, my wife Meng is not doing this Wangyoutang business today. I have time!" Po Meng reached out and took the ghost coin in her hand, smiling completely from ear to ear.

Po Meng asked Li Tian and others to sit down first, and then said, "Although the lower nine levels of ghosts are currently under the control of Li Kuafu, there are too many ghosts in each level. These powerful ghosts Come from different interfaces, come from different worlds, naturally different forces will be formed. Now there are nine great forces in Chuling City, and you will know about these nine great forces soon if you stay in Chuling City. I will tell you now. The thing is, these nine major forces have delimited certain areas, and they control the areas under their control underground. Feel free, if you rush into the areas of other forces, the consequences will be very serious!"

"Also, everyone is going to participate in the selection of ghosts. However, this kind of low-level official posts that are important in Chuling City is naturally the nine forces must fight for. So if you want to participate in the selection of ghosts, the most It's good to join a certain force so that you can get the help of the corresponding force and give you more opportunities to succeed!" Meng Po said.

"Everyone, what do you think?" Li Tian asked.

"It seems that we really underestimated the ghosts, and also underestimated the powerhouses of the ghosts." Situ Ningbing said.

"Since we are from the earth world and the nether world, then we must join the forces involved here!" Tang Xiaolong said.

The mysterious woman sneered, with a disdainful expression on her face, and said coldly: "Nine powers? Humph, we came to Chuling City, we are the tenth power!"

Hearing the words of the mysterious woman, Tang Xiaolong and others were taken aback for a moment, and soon a smile appeared on their faces.

That's right, they are all semi-god-level powerhouses. Even if the ghosts have a great restriction on the cultivation strength of everyone, they are still strong in their bones, and the blood of the strong is still flowing in everyone's body, succumbing to others? They really haven't thought about this kind of thing.

"The top ten? This pattern is still too small, since we want to attract the attention of the city lord, why not play the big one!" Li Tian sneered.

Tang Xiaolong was taken aback.

Situ Ningbing and Situ Qingning were surprised.

Hei Yan Tuan'er, Xiao Tianyi and other colleagues clenched their fists.

"Hahaha, good! Then we will play a big one!"

Po Meng suddenly felt that she seemed to provoke a group of lawless people.

It is impossible for her to take back what she said just now, and not want to rent her place to Li Tian and others!

Li Tian and others followed Po Meng to her residence.

Looking at a large building covering an area of several hundred acres, Li Tian felt the deep hatred from Meng Po.

These buildings are the architectural pattern of ancient China, with pavilions, terraces and pavilions, elegant environment and reasonable layout, which are completely the rhythm of high-end villas!

Po Meng is also a well-known charter wife in Chuling City.

Li Tian and others were very satisfied with Po Meng's residence. They chose three courtyards of different sizes to rent them.

Li Tian is in a courtyard with Situ Ning, Situ Lime, and You Dark Soft Lord.

The mysterious woman was alone in a courtyard, while Tang Xiaolong and Hei Yan Tuan were in a courtyard.

Then Li Tian and others began to live in Chuling City, and they also began to comprehend and practice the rules of ghosts.

What Li Tian didn't know was that after they moved into Meng Po's residence, they had already fallen into the sight of the nine major forces.

...

Chuling City, Yan Luofang.

"My lord, this is the crystal that I exchanged with them! Please have a look!"

The bull head was half kneeling on the ground at this time, and standing in front of him was a bearded man wearing an ancient Chinese costume and a beaded crown. This man was the king of

Chu Jiang of the Ten Temple Yama, who was in charge of the eighteenth of the Ten Temple Yama. The temple of ghosts and mythical creatures.

The realm of King Chujiang's cultivation is only the ninth-level pinnacle of Super Domain Lord, but he has lived in Chuling City for millions of years, and his mastery of the rules of ghosts has reached the point of perfection.

In the meantime, he stretched out his hand, and the skin in Niutou's hand flew lightly into the hands of King Chujiang.

"A demi-god crystal, a quasi-god crystal, it seems that some great guys have arrived in Chuling City!"

"Master Hui, their cultivation realm is above you and me. Except for one's cultivation realm which is the ninth-level pinnacle of the Transcendent Master, the cultivation realm of the other strong men has reached the half-god, and even has the standard. A strong man in the god-level realm." Niutou replied.

Whoosh!

King Chu Jiang threw the skin back to the bull's head again.

"You exchanged this crystal back, and it's naturally yours. You must hurry up and cultivate. When your cultivation level rises again, you will naturally have the opportunity to enter the upper level of ghosts. As long as you are good enough, we Yan Luo Temple will give you enough stage. Father Li Kua only mastered the lower nine levels of mythical creatures in name. We must know that our Yan Luo Temple has powerful forces on ten of the eighteenth levels of mythical creatures!" Chu Jiang said.

"Thank you, my lord, I will certainly not let my adults down!" Niutou said with joy in his heart.

King Chu Jiang turned out another pocket of paper money in his hand and threw it in front of Niutou, with an unpredictable smile on his face, and said: "The time has come for the organization to test you. Replace this pocket of paper money with crystals! I believe you It can definitely be done!"

Niutou suddenly became a bit stupid, and his face was a little ugly and whispered: "Big...sir, I don't know if they still have enough crystals...this...will this..."

"Whether it's their business, whether to change it or not is your business, I believe you, you can definitely do it!" King Chu Jiang gave Niu Tau an encouraging look.

Niutou looked helpless, so he could only pick up the skin bag on the ground. When he was about to leave, King Chu Jiang stopped Niutou again.

"These guys' cultivation level is not weak. If they can't be used by us, they might become a big trouble for our Yama Temple in the future, so... you know what to do?" Chu Jiang said.

Niutou trembled in his heart, made a beheading gesture, and looked at King Chu Jiang with questioning eyes.

"Idiot, it's not our turn to do this kind of thing. You can spread the news that they have a lot of crystals, and other forces will naturally look for them at that time. If they agree to other forces, they

will switch zones to other forces. Crystal, then such a guy is not enough to make us jealous. And if they don't agree to other forces, then the powerhouses from other forces will come and kill them!"
