

A Killer 5191

Chapter 5191: Bull head is here again

Niu Tau flattered and said: "It's still a good adult!"

King Chu Jiang enjoyed this kind of flattery, and said: "Niu Tau, you work hard, I am optimistic about you!"

Bull's head looked bitter.

Because of King Chu Jiang's words, Niutou could only bite the bullet and go to Zhong Li Tian and others to exchange crystals.

"These guys don't look like ordinary characters..."

...

Chuling City, Zhushenfang

This is the base camp of the Pavilion of the Gods.

The Pavilion of the Gods, among the nine major forces, is considered a rising star, a force that has emerged in the last century.

At this time, in the meeting hall of the Pavilion of the Gods, the lord of the Pavilion of the Gods was sitting at the top of the hall. Behind him was a huge white wall. At this time, Li Tian and others appeared on the white wall. Portrait.

It's just that these portraits are somewhat abstract. If you don't look carefully, even if Li Tian is standing here, it is difficult to recognize them.

Pavilion Master Zhuge Lang's gaze slowly swept across the other powerful men seated in the hall, and slightly nodded: "Everyone, I call you back today to tell you that there are a group of great people in Chuling City now. The cultivation level is extremely high, and most of them have reached the semi-god state, and even the quasi-god state. Such a high-level powerhouse has appeared in Chuling City, and it has never happened in the past 100 years! Call everyone today, that's I hope you can contact them as soon as possible. If you can, I hope these guys can be used by my pavilion of the gods, if..."

Having said this, Zhuge Lang's eyes suddenly flashed a cold light, and he said coldly: "If these people cannot be used by me, but are invested in other forces, then the next step is when you perform, I don't want to have Such a strong one joins any hostile forces!"

The vast majority of the people sitting in the hall are the ghosts of Chuling City, and these ghosts are the strong men cultivated by the Pavilion of the Gods.

The cultivation realm of these ghosts is not high, most of them are only the realm of the venerable, and even the realm of the domain master.

However, the ghost is not a place that absolutely depends on the realm of cultivation before alive, more depends on the mastery of the rules of the ghost.

Just like this, Li Kuafu entered the ghost mythical creature in just a few decades, and will quickly rise to become the super power of the lower nine-level ghost mythical creature.

All the ghosts in the Pavilion of the Gods suddenly laughed.

"What about the strong demigod, since they come to the ghost, then they must abide by the rules of the ghost. The strong demigod is only a high level of cultivation before death. After death, the strong of the half **** will enter the ghost, and their strength is probably Not as bad as ordinary ghosts, let alone our pavilions of gods and ghosts!"

"That's right, the pavilion owner can rest assured that the strength of the nine major forces in Chuling City is almost the same. This balance has been maintained for decades. This balance is the situation that our nine major forces all hope to see. Definitely won't let them disturb Chuling City!"

"Master ghosts don't take action for the time being, so as not to frighten the babies, let us deal with this kind of wooing and killing!"

...

Chuling City, Shengrufang.

This is the base camp for Confucian and Taoist practitioners.

"Is it a strong man from the earth world?"

"I'm not sure for the time being, but based on the clues, it can be concluded that these powerhouses should be inextricably linked to the earth world!"

"It must be thoroughly investigated. If... if these powerful people really come from the earth world, then we must let them join our Saint Confucian Square..."

"My opinion is that it is the best to join our St. Confucianism. If they are unwilling to join our St. Confucianism, we should give the second best. It is subtle to build a good relationship with them!"

"That's right! Now, immediately send people to contact them, if necessary, we can give them some help and protection. I believe that if everyone is from the earth world, then we will definitely have a certain common language!"

In St. Confucian's Place, several great Confucians who were on the earth world before their lifetime have happily decided.

A few ghosts in the lupine scarf took the lead.

At the same time, several other major forces in Chuling City also began to act.

It's just that some forces' performance is unusually obvious, while some forces' reaction will not be so intense.

...

Meng Po's residence.

Li Tian and others have no idea about this.

All of them are seizing the time to comprehend the rules in the ghost mythical creature.

It may be difficult for some people to understand why Li Tian and others' cultivation level has clearly reached the semi-god state, but why they become so weak after entering the ghost mythical creature that they can't even teleport and fly.

For example: it is like a torch that is already burning. If the external environment remains unchanged, the torch should continue to burn. However, if the torch is placed in an environment with extremely high oxygen content, does the torch burn? Will be more prosperous? And if you put the torch in an oxygen-deficient room, the torch will probably go out, let alone burning.

The same is true for practitioners.

What Li Tian and others have to do now is to be familiar with the rules of ghosts, understand the rules of ghosts, master the rules of ghosts, and then their strength will naturally increase.

"Actually, you can leave it to me to do things like ghosts. You don't need to rush to understand the so-called rules of ghosts. With me, I will definitely protect your safety. Send it to Master Li Kua! And, Dad Li Tian, can you always ignore my existence? You must know that in the Li Tian army now, I am the only one who has not been affected by the ghosts!" Xiao Tianyi was a bit resentful
Looking at Li Tian.

Li Tian stretched out his hand and touched Xiao Tianyi's dog head, and said with a smile: "No one would ignore your existence. If it wasn't because of your existence before, do you think Niu Tau would exchange paper money for our crystals? I'm afraid that Niu Tau would have been If you have a murderous heart, there must be an idea of looting treasure by killing!"

"Really?" Xiao Tianyi's face was overjoyed, and he couldn't help laughing. "But, why didn't I find that Niu Tau had something wrong with us?"

Li Tian smiled and said, "That's because you are too naive! Bullhead is not a good man and believer. This guy knows that we have crystals in our hands, and will definitely continue to come to us to change crystals. Then..."

"It's a bit unkind to talk bad about people behind your back!"

Before Li Tian had finished speaking, Niutou's voice came from outside the house.

In an instant, Niutou came uninvited, and instantly appeared in Li Tian's house.

Li Tian's heart suddenly felt a little disliked, right? If you have the strength, you can trespass into the houses?

"Hey, you just came to Chuling City, maybe you are still a little uncomfortable. I am a bull head but a ghost. In the entire Chuling City, except for the city lord's mansion, we all have the right to break in..." When the bull's head flipped over, there was an extra token in his hand.

"If you see it, this is the proof!"

Chapter 5192: Threat of the Pavilion of the Gods

This is a token forged from unknown metal.

At the top of the token is the image of two ghost heads with blue-faced fangs. On the left and right sides are a string of strange runes that Li Tian has not seen before, and in the middle of the token is the word'Ling'.

On the back of the token, the head of the bull head is carved to prove the identity of the bull head.

With this token, you can easily pass through the city wall without queuing into the city, and you will not be attacked by the layer of light film on the city wall. Also with this token, the bull head can

trespass into the residence, otherwise bull head It was also unable to teleport into the room currently rented by Li Tian.

It really is a good thing.

Li Tian played with the bull's head token and wanted to take it as his own. As a result, Li Tian wanted to put the token in the space ring, but found that it was impossible.

"Hey, return the token to me! Every ghost chase token has a mark left by the city lord. This token can only be used by the corresponding ghost chase, so even if the token is in your hands, At best, it is just a piece of broken copper and iron!" Niutou said.

Li Tian snorted coldly, and threw the token to the bull head, "Okay, now your token is displayed, can you go now? We have traveled a long distance to the ghost mythical creature, and now we are very sleepy and need to rest, so you can go slowly. We will not send it!"

A trace of unnaturalness appeared on Niutou's face.

"Why? Still not leaving? Wouldn't it be possible for us to keep you and invite you to finish your meal?"

Li Tian knew that Niu Tau's sudden visit must have something to do, but Li Tian and others had just moved into Meng Po's residence, Niu Tau came here shortly afterwards, which made Li Tian feel that they had been affected by Niu Tau. Violations.

Naturally, Li Tian also had reason to suspect that Niutou had no good intentions towards them.

"Li Tian, isn't it so good? We can be regarded as acquaintances. Are you so ruthless, really good?" Niutou also looked at Li Tian with resentment.

"Say if you have something, let it go if you have a fart! Don't think that we can't turn our faces with you if we know you!" Li Tiandao.

Niu Tau didn't dare to neglect, and said quickly: "Li Tian, can you give me another crystal! You know, I'm just a little ghost, there are ghost servants and ghost waiters on me, I will get some back from you Crystal, as a result, I didn't control my ostentatious mouth, so I made a statement. As a result, some ghost agents and ghost waiters asked me to tell you your message, and they would exchange crystals with you!"

"You know, you and I hit it off right away. I have regarded you as my brother. How could I betray you? Therefore, I am determined not to say that my crystal was exchanged from you. As a result... The crystals you exchanged here were forcibly replaced by them! Now, I am so poor! If you still have crystals, give me another one!"

"Look, I brought all the paper money, and I will definitely not lose you!" Niutou flipped over, and a pocket of paper money appeared in his hand, then looked at Li Tian with a little pitiful look.

"Get out! Get out!"

Li Tian really turned his face this time!

Paralyzed, several superdomain master-level crystals, one demigod-level crystal, and one quasi-god-level crystal, only in exchange for a small amount of paper money, you are still greedy and want to continue to change.

There will be two again, and there will be three again.

Li Tian knew that if he agreed to Niutou's request this time, there would soon be a third, fourth...

At that time, the crystals Li Tian obtained in the metal world will probably fall into the pocket of the bull's head.

"Brother Li Tian, don't be so ruthless, you certainly don't want ghosts to come to you, do you? Ghosts and ghost servants are not as easy to talk as I am!"

Seeing that the bull's head was soft, his expression was cold, and he decided to come hard.

Li Tian sneered, "Okay, let me see the strength of ghost servants and ghost servants first! Bullhead, are you a ghost? Then tell me first, you belong to the nine major forces. What about that house? Let the force you belong to directly attack me if you don't prevent it!"

The cow head was startled, and then the expression on his face gradually returned to normal.

He put away the bag full of paper money, "Brother Li Tian, we met, and I don't want to make things froze. If you already know it now, then I won't hide anything from you. I'm behind. Yan Luodian, have you heard of Yan Luodian?"

"Yan Luo Temple?"

Li Tian only felt that his worldview was really about to be destroyed.

Niutou, Mengpo, and Yan Luodian, aren't these all terms that are only found in **** in Chinese myths.

"Yan Luodian? Should there be horse-faced, black and white impermanence? Life and death judge, Yama of the Ten Temples?" Li Tian sneered.

There was a look of surprise on Niutou's face, and then he gradually returned to normal. He sneered and said: "I really underestimated you. You know so much about our Yan Luo Temple. It seems that you have come here prepared! , Then we will open the window to speak brightly. Now you have two choices, or you can join our Yama Temple and become a part of our Yama Temple, or...?"

"How about it? Could it be possible that Yan Luo Temple can still cover the sky with one hand in Chuling City?"

Another voice came from outside the room, and immediately after another figure flashed, it already appeared in front of Li Tian and Niu Tou.

"Pavilion of the Gods? Your news is really good enough, but if you want to **** someone from our Yan Luo Temple, it would be too small to look down on our Yan Luo Temple!"

Huh!

A cold light flashed in Niutou's eyes, and an iron chain appeared in his hand in an instant.

The temperature in the room dropped below freezing in an instant, and the ghost in Niu Tau and the Pavilion of the Gods was arrogant, and it seemed that it was possible to have a big fight.

"Want to fight with me? Bullhead, I will give you such a chance in the Guizai trials next month!"

The Guizai of the Pavilion of the Gods sneered, but did not accept the move. The ghost gave an order. The card, facing Li Tiandao: "You should have heard of our pavilion of the gods, our pavilion

owner of the pavilion of the gods is very interested in you, as long as you follow our pavilion of the gods, we can protect your safety and guarantee In this Chuling City, don't try to move you by any forces!"

Li Tian was very upset.

These paralyzed guys completely used Li Tian's residence as a back garden, and came as they wanted.

Moreover, one by one talked arrogantly, as if he were the king of heaven.

"Dad Li Tian..." Xiao Tianyi wanted to do it angrily.

Li Tian stretched out his hand to stop Xiao Tianyi's impulse and said with a smile, "What if we refuse?"

"Reject? Of course it is possible, but for those of us who are not available to the Pavilion of Gods, don't any other forces want to get it!"

"Is this a threat?"

"It's not counted, it's!" The Gui Chai of the Pavilion of Gods has a kind of arrogance on his face, and continued with a sneer: "I know that your cultivation skills were very strong during your lifetime, but if you want to get ahead in the ghosts, then You must participate in the selection of ghosts, but if you do not join our pavilion of the gods, we can guarantee that you will not pass the selection of ghosts, and there may even be some kind of accident in the selection process..."

Chapter 5193: The strongest pimp

Before the ghost messenger of the Pavilion of the Gods was finished, a figure appeared in front of him instantly.

This figure appeared extremely fast, and the ghost had just reacted, and a fist shadow had already flown towards his face door.

The ghost of the Pavilion of the Gods was shocked. He wanted to teleport and escape, but found that he didn't know when the bull's head stepped on his tail, and there was no possibility of him teleporting away.

boom!

A powerful force exploded flowers on the face of Guichai of the Gods Pavilion, the ghost screamed, and his body flew outside the house.

No one else did it, but Xiao Tianyi.

After fighting the ghost chase, Xiao Tianyi looked at his fist, and some did not dare to look at Li Tian's eyes, his voice trembled slightly and said, "Dad Li Tian, I...I didn't hold it back!"

"It's a beautiful job, I've long wanted to leave this dog day!" Li Tian reached out and touched Xiao Tianyi's head again, giving Xiao Tianyi an encouraging look.

Xiao Tianyi was encouraged, and wanted to do something with Niu Tau, Niu Tau shivered and teleported outside the house.

"Okay, okay, you dare to fight the ghosts of the pavilion of the gods, and soon you will know how terrifying the anger of the pavilion of the gods is! At that time, no matter how strong your cultivation is, you will be affected. You will die in Chuling City for up to three months, no, up to two months!" The ghost servants of the Pavilion of the Gods jumped like thunder outside the house, almost jumping on their feet to scold Li Tian and the others.

"Father Li Tian, let me go and kill this rubbish!"

As soon as Xiao Tianyi's voice fell, he teleported out of the house in an instant.

As soon as Xiao Tianyi came out, the ghost chase of the Pavilion of the Gods fled.

"Brother Li Tian, you have provoked the Pavilion of the Gods. I am afraid it will be a bit troublesome now! Or join us in the Yan Luo Temple. Then we will have our Yan Luo Temple to protect your safety. I see who dares to move you!" Take advantage, immediately began to persuade Li Tian.

"Get out! Or fight with you!" Li Tian said coldly.

Niutou was startled, and then shook his head, "Brother Li Tian, please do it yourself! The door of our Yan Luo Temple is always open for you. If one day you have nowhere to go, you can come to my Niutou. I can't guarantee anything else, at least With my bull head here, you will still have a bit of status in the Yan Luo Temple..."

The battle that took place in the courtyard of Li Tian soon shocked the mysterious woman, Situ Ningbing, Tang Xiaolong, etc., and they all came to the courtyard where Li Tian was located at the fastest speed.

"Just what happened?"

"Li, did you have a conflict with Bull Head?"

"Niutou, do you want to die? Or let me Tang Xiaolong practice with you first?"

Niu Tou gave a bitter smile, and said to Li Tian, "It seems that you have a deep prejudice against me! Then I won't bother you, so I will leave!"

Everyone returned to Li Tian's house, and Li Tian briefly explained what had happened to everyone.

"I didn't expect that we would have been targeted as soon as we arrived at Chuling City. It seems that if we come from Chuling City in the future, I am afraid it will be difficult!" Situ Ningbing sighed.

"What are you afraid of? It's just some clowns, Xiao Tianyi can clean them up easily. Are we still afraid that they won't succeed?" Tang Xiaolong said.

Everyone directly ignored Tang Xiaolong.

"The situation in the Ghost City Chuling City is far more complicated than we know. The use of our spirits will only make us passive, Li, what do you think?" Situ Ningbing asked.

The corner of Li Tian's mouth turned up slightly, and he smiled and said, "Although we are struggling now, this fool who passed through the Pavilion of the Gods, at least I know that within two months, before the selection of the Gods, the Pavilion of the Gods will not start. It will move us, so we still have enough time to understand the rules of ghosts!"

"Two months is enough!" said the arrogant and cold mysterious woman.

"But we can't relax our vigilance in these two months, Xiao Tianyi, you will have to work harder in these two months!" Li Tian said to Xiao Tianyi.

Xiao Tianyi was full of joy, with a firm gaze in his eyes, and clenched his fists and said: "Father Li Tian, leave your safety to me. Those ghosts dare to find trouble again. I promise to fight them everywhere. tooth!"

At this moment, Po Meng's voice came from outside the house.

"Did you offend the Pavilion of the Gods just now? Did you offend the Yan Luodian? Hey, do you guys know that you have caused a big disaster? Go away, you immediately move out for me, and I don't want the rent. , God killer, are you trying to kill me?" Po Meng cried and walked in from outside the house.

"PoMeng, the Temple of Yama, and the Pavilion of the Gods are strong, are we weak? Give us two months, and then we will let you know how powerful we are!" Tang Xiaolong said angrily.

"Two months? You have just arrived in Chuling City, and the Pavilion of the Gods has already opened the door. If you let you live for another two months, wouldn't you want to demolish my house? No, no, no resolutely, you today You must go! If... if you don't go, then I will report to the City Lord's Mansion. If the people from the City Lord's Mansion come, then they won't be as easy to talk as I am." Meng Po said.

After listening to Meng Po's words, Li Tian laughed instead, "Meng Po, although you deliberately suppressed your cultivation level, if I guess correctly, your cultivation level should not be weak, right? So, you will be afraid of Yama Temple? Are you afraid of the Pavilion of the Gods? Be honest, how much rent do you want to increase!"

"You...you can actually see it?" Po Meng asked in surprise.

Li Tian smiled again and said: "You set up a stall at the gate of the city, selling your Wangyoutang. It is at least tens of miles away from the gate, but the conflict that just happened here, you will soon know that. It can be seen that your cultivation is not weak, this is one of them."

"Second, if you have such a large family business in Chuling City, if you don't have any real talents, I'm afraid it would have been taken over by other powerful forces. And, the most important thing is that I have observed that this area of yours is just right. Located between the Yan Luo Temple and the Pavilion of the Gods, the position is excellent. We can understand that this is the buffer zone of the two powers. Of course, we can also understand that Meng Po, you have enough strength, but you are in between the two powers. Negotiate!"

After listening to Li Tian's words, Po Meng suddenly laughed.

"Boy Li Tian, you really have eyes like a torch! I have something to do with the King Chujiang of the Yan Luo Temple. Three out of ten ghosts in the Yan Luo Temple were introduced to them by my hand. As for the Pavilion of the Gods, even What can you do if you give them some courage? My mother-in-law Meng's products must be high-quality products. You can live with me without worry, but the rent is..."

Huh!

Huh!

Li Tian casually threw out two hundred million yuan of ghost coins.

Po Meng smiled unceremoniously, and then said with a smile on her face: "Li Tian, the ghost servant of Shengrufang wants to see you. Give me a face for Po Meng, and see you! Maybe you will. Are there any unexpected gains?"

Chapter 5194: Invitation from Shengrufang

Li Tian finally understood why Po Meng wanted to sell Wangyou Tang at the gate of the city.

This guy is just a pimp, as long as he finds the right ghost, this guy will use various temptations to let these ghosts drink Wangyoutang, and then sell these ghosts to the major forces connected with her.

Pimps are considered to be polite enough, if you are not polite, you say that Meng Po is a "ghost dealer".

But Li Tian did not reject Meng Po's proposal, he decided to meet with the ghost chase of Shengrufang.

...

The ghost sent by Shengrufang had the face of a Chinese in the earth world, and a feather fan and a towel, which gave people a very comfortable feeling.

The most important thing is that this ghost who claims to be Shi Shengtao is very polite and polite to Li Tian and others, which makes Li Tian not only have a good impression of Shengrufang.

"I don't know what Shengrufang is looking for?" Li Tian was not confused by Shi Shengtao's surface, he asked suspiciously: "Doesn't you want us to join Shengrufang? If this is the case, or avoid it. Respect, we will not join any forces!"

"Master Li Tian misunderstood! Before I came, I used to have the same idea. After all, everyone has the love of talent. The cultivation level of Master Li Tian and others is not on the eighteenth floor of the ghost. See it often. But since Master Li Tian is unwilling to join any forces, even at the expense of these forces, I have given up this idea!"

"Don't worry, we, Shengrufang, do what we say. Although we are also one of the nine major forces in Chuling City, we, Shengrufang, never do anything embarrassing. Regardless of this, Lord Li Tian can investigate. "

Shi Shengtao's two words made Li Tian feel a little more fond of Shengrufang.

But Li Tian didn't speak, and he went to the Palace of the Three Treasures. He was still waiting for Shi Shengtao to continue.

"Master Li Tian, although it is very presumptuous, I still have something to ask Master Li Tian. According to our information, I know that Master Li Tian is inextricably related to the earth world, and I wonder if Master Li Tian came from the earth. The world?" Shi Shengtao said.

Li Tian's heart trembled.

Although Shengrufang did not perform as strong as the Pavilion of the Gods and the Hall of Yama, their ability to grasp information was extraordinary.

"Oh, how did Shengrufang know that I have a relationship with the earth world?" Li Tian asked.

When Li Tian asked, Shi Shengtao knew that Li Tian had already admitted.

"When he entered Chuling City, Master Li Tian had come into contact with several ghosts. Among them were the bull head ghosts of Yan Luodian, and several ghosts who had just appeared in Chuling City. Three of those ghosts came from the earth world. , It is through this judgment that Lord Li Tian should have a relationship with the earth world." Shi Shengtao said.

Li Tian couldn't help but sigh for the powerful intelligence network and analytical ability of Shengrufang.

"Yes, I, Tang Xiaolong, and Situ Ningbing are all from the earth world. When I first come to ghosts, seeing ghosts wearing earth world costumes will inevitably have some intimacy." Li Tiandao.

Hearing Li Tian's affirmative answer, Shi Shengtao's face could not help showing a trace of excitement: "Our main core members of Shengrufang are all ancient Chinese from the earth world. Therefore, we should have many common topics, even common interests. So, if Master Li Tian is willing, we at Shengrufang are willing to cooperate with Master Li Tian."

"Cooperation?"

"Yes, your cultivation level is not low, and you will definitely not stay in the bottom of the world for a long time. We, Shengrufang, think that we can't accommodate the great gods, so we are willing to cooperate with you." Shi Shengtao said.

Li Tian suddenly became interested.

Obviously, the proposal of Shengrufang is more of Li Tian's mind than the proposals of several other major forces.

Moreover, Shengrufang... the name sounds so imaginative.

"Then talk about it, how do you cooperate?" Li Tiandao.

Shi Shengtao did not continue to say, he laughed and laughed at himself: "Master Li Tian, the villain is just a little ghost of Shengrufang. This kind of errands can be done by the villain. As for the cooperation. Things, the villain does not have this qualification! If Master Li Tian is willing, you might as well come to Shengrufang as a guest. Then we will definitely welcome you.

"Lee, this is wrong!"

"What's wrong?"

"We have just arrived in Chuling City, and now all the major forces are eyeing us. We have offended the Temple of Yama and the Pavilion of the Gods. If we accept the invitation of Shengrufang and rush to visit Shengrufang, will we be Do other forces mistakenly believe that we have taken refuge in Shengrufang?" Situ Ningbing said.

"It's the little student who didn't think about it well. I hope Master Li Tian, adults forgive me!" Shi Shengtao once again apologized and saluted Li Tian and others, and then continued: "If not, I will first go back to report to Master Li Tian and others There will be an owner to decide the situation of the meeting."

"No need! If we even visit Shengrufang to consider the feelings of other forces, then how will we rise in the future, how will we become equal to the other nine forces, even..." Li Tian did not finish

his words, he turned around To Shi Shengtao, he said, "You go back first, and we will definitely visit Shengrufang in person tomorrow!"

Shi Shengtao was overjoyed, did not stay too much, and left the residence of Meng Po from the ground.

After seeing Shi Shengtao leave, Situ Ningbing and others surrounded Li Tian again. As for the high-cold mysterious woman, she was unwilling to participate in such trivial things, and went to continue to understand the rules of ghosts.

"Lee, what are your thoughts on this cooperation?"

Li Tian smiled, revealing an unpredictable smile, "Since Shengrufang wants to cooperate with us, then naturally I can't be too polite. We haven't found a clue about the rules of ghosts. Let the powerful people of Shengrufang give us some pointers!"

"Of course, cooperation emphasizes win-win cooperation. Since most of the core members of Shengrufang are the Chinese ghosts of our earth world, we have no reason not to help Shengrufang. At that time, perhaps the entire Chuling City will only have Sheng Confucianism is also a force..."

The purpose of Li Tian and others is only to gain the trust of the city lord, and follow the lord to find Li Kuafu, let alone Chuling City, even the whole ghost, Li Tian is not interested.

Take precautions, and then everyone talked about it for a long time. They discussed all kinds of accidents and emergencies they could think of, and also made various countermeasures and plans. Li Tian waited for people to end this meeting.

The second day.

Li Tian led Tang Xiaolong, Xiao Tianyi, Situ Ningbing, and others to leave Meng Po's residence in a mighty manner, and walked towards Shengrufang, without any intention of evading other forces.

Chapter 5195: Beat him

This is what Li Tian wants to tell other forces staring at them that I want Lao Tzu to succumb to you like a dog?

dream!

In Chuling City, the streets crisscross, and the streets are full of ghosts.

However, when these ghosts saw Li Tian and the others, they couldn't help but avoid them, and automatically gave way to Li Tian and the others.

"Is it a ghost?"

"It should not be. I have an impression of all the ghosts in Chuling City, but I have never seen them!"

"But the ... murderous aura released from them is really strong! How could there be such a powerful murderous aura if it wasn't for the ghost?"

"Idiot, it's not murderous, it's spiritual power! Only cultivators can release it!"

"Look at that young boy, the spiritual power released from his body... why is it stronger than that of ghosts? Isn't that young boy a legendary ghost?"

"Idiot, that's not called spiritual power, the murderous aura released from the young boy!"

"Don't look directly into their eyes, these guys are probably not their opponents, if they anger them, be careful to bring us a disaster!"

In Chuling City, the vast majority of ghosts are ordinary undead from all walks of the universe and have no cultivation, so they are full of fear of cultivators, and super domain master ninth-level powerhouses like Xiaotianyi are already like gods in their eyes. The presence.

Of course, the little Tianyi is not affected by the rules of the ghost, so they feel that the little Tianyi is a powerful ghost.

Xiao Tianyi's proud face was involuntarily smiling.

"Dad Li Tian, have you heard that, they are afraid of us, they are afraid of us! Hahaha, I like ghosts!"

Xiao Tianyi's words made Li Tian's heart tremble.

Does Xiao Tianyi want to stay on the eighteenth floor of the ghost mythical creature?

"Little Tianyi, this is only the lowest level of ghosts, these ghosts are the weakest guys, you have been confident in them, that is the lowest end. Then I will take the ghosts to the upper nine floors, and the strongest of the ghosts The ghost chase and the ghost use tricks, then you will like the ghosts on the 9th floor more!" Li Tiandao.

"Really? Then we'll make a decision!" Xiao Tianyi said excitedly.

Tang Xiaolong lifted his head up, his face slowly confident.

In the Netherworld, Tang Xiaolong's cultivation level did not break through to a demigod until the last battle. Before that, Tang Xiaolong had been forced by other strong men to crush him, no matter how high his cultivation level was. To this kind of tens of thousands, hundreds of thousands, even millions of ghosts worshipped looking up.

"Little boss, I like it here too! If we can become the tenth most powerful force in Chuling City, and then we will walk on the street, will they admire us more then? Hahaha, I can't wait To see this day!"

"It's really worthless. Isn't your future a sea of stars? Isn't it a **** realm that soars by day?" Void Yasha landed on Tang Xiaolong's head with a look of disdain.

"Cut, how can a little thing like you know this feeling?"

Situ Ningbing, Situ Qingning, and Youanrou all just sneered, and they were already used to Tang Xiaolong and the others.

At this moment, Xiao Tianyi suddenly grabbed Li Tian and looked far away vigilantly, "Be careful, everyone!"

As soon as the voice fell, several figures flashed from a distance instantly, surrounding Li Tian and the others.

These shadows... are really shadows. They are almost black. They don't seem to be different from the black smoke group. However, the murderous aura released from these shadows at this time made Li Tian and the others tremble. The cultivation level of these guys is not high, but in this

ghost mythical creature, the murderous aura they released can cause so much pressure on Li Tian and others, which shows how powerful their strength is.

Seeing these shadows, the ghosts who had been talking about Li Tian and others just now fled around in terror. In a flash, the crowded streets just became empty and widened, and Li Tian and others were several kilometers away. There is no ghost in sight.

"Yes...the powerhouses of Senluofang..."

"Who is not good for them to provoke, why should they provoke Senluofang?"

"The people who provoke Senluofang, it seems that no one can leave Chuling City alive!"

"But these guys are not weak, but they don't know if they can withstand the attacks of the powerful Phantoms who live in Senluofang!"

"There's a good show here! Senluofang took the shot, and the ghosts nearby are hiding!"

"Nonsense, what can you do if you don't hide? When the guys in Senluofang are angry, they dare to kill even ghosts!"

The talk of the ghosts thousands of meters away let Li Tian know that the phantom powerhouse of Senluofang was surrounding them.

Senluofang, the most mysterious existence among the nine forces in Chuling City.

This force does not have the strong as ghost messengers, ghost messengers, etc., but they are the absolute kings of the underground forces in Chuling City.

Assassinate if they don't agree, or assassinate if they don't agree.

In addition to the City Lord's Mansion, even the other eight forces are quite jealous of Senluofang.

"I don't know what this means?" Li Tian didn't have the slightest panic on his face, his eyes slowly swept across these phantom powerhouses, and asked with a sneer.

"Hey, I'm a demigod-level powerhouse before I was alive, and I didn't even have the slightest fear when seeing our Phantom powerhouse!" One of the Phantom powerhouses came out slowly and said with a smile: , Now give you a choice, follow us!"

I rub!

Is this Nima's choice?

You are not a monkey invited to tease!

At least you should also say, 'are you going with us? Or follow us? "

In this way, Li Tian also has a little face, pretending to reluctantly choose to go with you.

But now, this is totally not giving Li Tian a chance to choose!

"What if I say I don't want to go?" Li Tiandao.

"I believe you won't make such a choice! No one has ever dared to refuse the invitation of our Senluofang. The last time we refused the invitation of our Senluofang is already gone!" The Phantom Strong said.

"Well, then I choose to go with you!"

I rub!

In an instant, Tang Xiaolong and the others broke their eggs in an instant.

Little boss, what is your integrity?

Wasn't it just so awesome?

How could it be a turning point in an instant?

Also, if now we choose to follow the phantom powerhouse, how will we be in the ghosts by then!

What would Yan Luodian think of us?

Will the Pavilion of the Gods see us like this?

Would Sheng Confucianism see us that way again?

What would the other ghosts in Chuling City think of us?

Just when the Phantom powerhouses thought that their mission could be completed easily, Li Tian gasped and changed his voice, "However, I am afraid that the little Tianyi next to me will not agree to my unscrupulous answer!"

"Right, Xiao Tianyi?" Li Tian asked, reaching out and touching Xiao Tianyi's head.

Xiao Tianyi nodded vigorously, "Hmm!"

"Then you believe it or not, with my current strength, I can easily kill them? With only one finger?" Li Tian stretched out his finger and asked Xiao Tianyi!

Xiao Tianyi's head shook like a rattle.

"Although Dad Li Tian's cultivation base is very strong, but...After entering the ghost mythical creature, Dad Li Tian's strength has been greatly affected, I don't believe it!"

"I don't believe it, do you? What are you doing standing there? Beat him!"

Chapter 5196: Street fighting

The battle started without warning!

Although Li Tian and others could not teleport or fly, their strength was greatly restricted.

But... the cultivation realm of Li Tian and others is still there.

Even if they can't teleport or fly, their strength will not become weak and windy!

However, the kills that Li Tian and others can cause to these phantom powerhouses are extremely limited.

As soon as Li Tian's words fell, Xiao Tianyi's figure flashed, and a punch hit the face of one of the phantom powerhouses.

Just like the ghost chaser that Xiaotianyi bombarded the Pavilion of the Gods before, the phantom powerhouse didn't even have a chance to react, and his entire body was blown out.

When the body of this phantom powerhouse fell, it pressed on a few ghosts again, and those ghosts didn't even have the opportunity to scream, the souls that were crushed flew away and died instantly!

"Quick...Run away!"

"Come on, it's okay, someone murdered...no, some ghost killed a ghost!"

"Okay... such a powerful strength, is this fighting a bull from a mountain? You can kill three or four ghosts with one punch!"

"Fool, run away, the battle between these peerless powerhouses, we little ghosts are not even qualified to watch the battle!"

For a while, the ghosts who were still a few kilometers away just now fled away again. At this time, these ghosts really wished to have two legs!

After the ghosts escaped, other powerful figures gradually appeared on the empty streets.

The ghosts of the Yan Luodian Temple, the ghosts of Niutou and others, the ghosts of the pavilion of the gods, the ghosts of the Zixiaofang... etc., except for the strong of Shengrufang, the other seven powerful ghosts have It's just that these ghosts just watched the battle between Li Tian and others from a distance, and no ghosts wanted to intervene in this battle!

boom!

boom!

boom!

The violent explosion sounded continuously in the air.

Xiao Tianyi was more and more courageous as he fought, and he was fighting against six or seven Phantom powerhouses at the same time with his own power. Even so, those Phantom powerhouses were still beaten down, and there was no power to fight back.

boom!

Another figure of a strong phantom flew out and fell to the ground.

This time, the phantom powerhouse was not getting up, but kept rolling on the ground.

In his phantom body, a thick layer of bones appeared.

These white bones are only the size of a little finger, but there are at least thousands of them densely packed.

At this moment, these bones are constantly releasing frosty cold air. The cold air has affected the ability of the phantom powerhouse. The phantom powerhouse tried to get up from the ground several times, but eventually they all slipped to the ground and continued. Rolling in pain on the ground.

"Humph! You trash can even dominate the ghosts, today I will let you know how powerful my Little Tianyi is!" Xiao Tianyi said with a sneer.

boom!

boom!

boom!

Li Tian looked at the phantom powerhouse on the ground in doubt, and asked Tang Xiaolong beside him in doubt: "Have you seen Xiao Tianyi perform this trick before?"

"Hey, little boss, it's no wonder Xiao Tianyi said that you ignore his existence. This is the skill that Xiao Tianyi learned when he was fighting with the mirror power in the mirror world. This skill may not be so effective against ordinary monsters, but, It is quite useful to deal with mirror images and phantoms." Tang Xiaolong said.

Li Tian nodded slightly, Xiao Tianyi had grown up now.

Although Xiao Tianyi did not become a demigod, his cultivation strength has really improved a lot.

It's no wonder that when the ghost chase of the pavilion of the gods was beaten, it was called a domineering, and the ghost chase of the pavilion of the gods did not even have the opportunity to resist.

In addition to this battle, Xiao Tianyi had already swept all the Phantom powerhouses alone, which made Li Tian and others prepare for a long time and was useless.

In the distance, the ghosts of the various forces who were watching the battle finally showed a trace of shock.

"Niu Tau, why have you never reported that there is such a strong man next to them? This guy's true strength has at least reached the ghostly, and may even have reached the ghost waiter!" The horse face next to the bull's head was holding a handle. Knowing what kind of material forged metal fork, said with some dissatisfaction on his face.

Niu Tou coldly snorted, and said uncomfortably: "Can a ghost like us be able to see through the cultivation strength of a strong ghost? When I met this guy, this guy deliberately hid his strength, otherwise I How dare to force them to exchange crystals with me?"

"What you said seems very reasonable, but I can't refute it!"

Behind the horse face, there is a ghost wearing a pointed hat more than half a meter high, black clothes, green face, fangs, and tongue protruding from the waist. This ghost is the impermanence of the ghost of Yan Luo Temple. Heiwuchang's hand is holding a soul-catching stick refined from a thousand-year-old mulberry tree, and a few scribbled white characters "I am catching you" are written on the black hat above his head.

"It seems that we must report the latest information to King Chujiang as soon as possible, lest King Chujiang makes a wrong judgment and will bring unnecessary disaster to the Yan Luo Temple early!" Hei Wuchang said.

Ma Mian said with some disdain: "Disaster? It's too serious for them, right? Even if this guy really has the power of a ghost, but what can it be? Could it be the opponent of Lord Heiwuchang?"

"So, there is no cure for idiots! You only saw the strength of this guy, haven't you thought about the strength of Li Tian and others?" Hei Wuchang looked helpless and continued: "Li Tian and others They have just come to Chuling City now, they have not yet mastered the rules of ghosts, and they are indeed not our opponents now, but...don't forget that their cultivation level has reached the

realm of a demigod, or even a quasi-god. If you master the rules of ghosts, can you know the consequences?"

"Maybe, Li Tian will be the second Li Kua father by then!"

When talking about Li Kuafu, Niutou, Mamian and other ghosts shut up at the same time.

When Li Kuafu came to the ghosts, his cultivation level was weak and pitiful, probably at the realm of cultivators. At that time, all ghosts did not put Li Kuafu in their eyes, but Li Kuafu seemed to be born specifically for ghosts. The same, the same is the mastery and insight of the rules, ordinary ghosts can only master the first-level rules, but Li Kuafu can master the rules within the rules through the first-level rules.

In other words, since that time, Li Kuafu started the road to rise. In just a few years, he swept through the bottom three layers of the ghost mythical creature. In just a few decades, Li Kuafu did everything. This kind of powerhouse becomes the ruler of the lower nine levels of ghosts.

"Sen Luo Fang wanted to take the lead this time, but accidentally kicked it on the steel plate. Now, it seems that Sun Luo Fang has only one way to go, or else he will fight Li Tian to the end and rush to Li Tian and others to understand thoroughly. Kill Li Tian and others before the rules of ghosts, or they can only be eliminated by Li Tian and others! The rise of Li Tian and others is probably unstoppable!" Hei Wuchang said.

"No...impossible? Could the ghost king-level powerhouses of the other nine major forces sit back and watch? Watching Li Tian and others rise?" Ma Mian asked again.

"Ghost King? This is just the adults putting gold on their faces! Don't forget that we are on the eighteenth level of the ghost mythical creature, the weakest level. Our ghost king cultivation base is also the weakest, only the upper nine levels. The King of Ghosts is the real King of Ghosts. This is why Li Kuafu is still trapped in the lower nine levels of the ghosts, unable to move forward." Hei Wuchang said.

"Didn't you just say that Li Kuafu has mastered the rules outside the rules, he is already very powerful?"

"Idiot, the ghost kings of the upper nine levels are no worse than Li Kua's master of the rules, but those ghost kings have extremely strong cultivation realms. Any ghost king is at least a demigod, even a quasi-god realm, Li Kua If the father wants to enter the upper nine levels, his cultivation realm must break through to the semi-god realm, even the quasi-god realm!" Hei Wuchang said.

The ghost servants and envoys of the Yan Luo Temple saw that there was no need to stay here anymore. Under the leadership of Hei Wuchang, they left the street and returned to the Yan Luo Temple to report to the King of Chu Jiang.

Seeing the powerhouses of Yan Luodian leave, the powerhouses of other major strengths also chose to leave.

However, at this time, the ghosts and messengers of these forces already have their own judgments in their hearts.

Different from yesterday, these ghost envoys now know that Li Tian and others have already set a few quotas for the ghost elections next month, and even Xiao Tianyi has already set a quota for ghost envoys.

For Senluofang, other great forces are still gloating more.

It's too ugly to eat, and if you want to swallow the crystals on Li Tian alone, it will cost you!

Seeing the ghosts leave, Li Tian's mouth tilted upward, revealing a smug smile.

Xiao Tianyi was really murderous this time. The six or seven Phantom powerhouses who came to attack Li Tian and others were all rounded up by Xiao Tianyi. At this time, except for the three Phantom powerhouses who were still resisting. , The remaining four Phantom powerhouses have fallen to the ground.

Different from the previous picture, these phantom powerhouses have turned into a pile of broken bones, and the shadows on their bodies have long since disappeared.

At this moment, I received a loud roar from a distance: "He Fangxiao, the younger generation, dare to hurt our guests at Shengrufang!"

Immediately afterwards, more than a dozen figures flew from a distance in an instant, and fell around Li Tian and the others. It was the ghosts and ghosts of Shengrufang.

With the participation of the ghost messengers and ghost envoys of Shengrufang, the remaining three phantom powerhouses did not even have the opportunity to resist, they were killed one by one.

"Master Li Tian, our Saint Confucian Square is preparing to welcome the adults. We waited and waited for the arrival of the adults. Only then did we know that the adults were attacked! Our Saint Confucian Square was late, and I hope Master Li Tian will forgive me. Shi Shengtao apologized, and when he came up, he apologized to Li Tian.

Li Tian sneered in his heart.

Shengrufang, is this your sincerity?

Very good, as long as you still want to continue working with me, I won't let you vomit bleeding!

"Hahaha, the stone ghosts have said that. Shengrufang can lend a helping hand in a hurry. It is too late for us to be grateful!" Li Tian said with a sneer in his heart.

Chapter 5197: Daru Qinhu

Li Tian and the others followed Shi Shengtao and other Sheng Confucian's ghosts, and they drove at speed for nearly half an hour before they arrived at Sheng Confucian's.

Looking at the ancient Chinese-style buildings in the endless earth world in front of them, Li Tian and others really felt like they had traveled back to ancient times.

Chuling City covers an area of nearly half of the eighteenth floor of a ghost mythical creature. The huge city is divided into fifty squares. Each square covers an area of at least one million square kilometers, with endless buildings. The endless horizon shows how magnificent Chuling City is.

The cultivation of Li Tian and others are not weak. Although they cannot teleport or even fly in the ghost mythical creatures, their moving speed is extremely fast, and they have reached supersonic speed, otherwise just walking through this square It takes a lot of time.

At the entrance of Shengrufang Street is a huge archway. The antique archway is as high as hundreds of feet. You can clearly see this archway from tens of thousands of meters away. On the left and right pillars of this archway, there are carved various weird patterns and animal patterns.

There are common creatures such as bats and foxes in the earth world, as well as exotic animals such as blue dragons, phoenixes, and unicorns. There are also some that Li Tian has never known before. Creatures that have not been seen.

Of course, as the iconic building of St. Confucianism, it is natural that the great scholars of St. Confucianism have splashed ink and even the inscription of the city lord of Chuling City. The light spiritual power is uploaded from the archway, giving people a sense of majesty and solemnity. .

The archway is the boundary!

Inside the archway is Shengrufang, and outside the archway are other buildings.

At this time, the ghost messengers and envoys of Shengrufang all stood under the memorial to welcome the arrival of Li Tian and others, and the leader turned out to be a great scholar of Shengrufang, who was wearing a white beard and silver hair. The ground robe, holding a paper fan, although Chuling City is not hot, but this big scholar still pretends to fan the fan.

Seeing Li Tian and the others, the ghosts, ghost messengers and others behind the big Confucian bowed slightly to Li Tian and the others. The big Confucian just smiled and nodded, even if he had greeted Li Tian and the others.

"Master Li Tian, this is the great Confucian Qin Hui in our Saint Confucian Square..." Shi Shengtao introduced.

Qin Hui?

"Could it be that Qin Hui from the Song Dynasty in ancient China?"

Tang Xiaolong and Situ Ningbing were also shocked!

"Although it is not accurate, that Qin Hui is also an old man!" Qin Hui fanned a fan with a trace of contentment on his face, shook his head and said, "The old man is a great scholar in the first world, and a champion in the third world. Only a handful."

There was a look of contempt in Qin Hui's eyes, as if Li Tian and others were just **** in his eyes.

For Qin Hui, Li Tian had heard of his notoriety and knew that he was the big villain who killed Yue Wumu, so he did not know Qin Hui.

But since Qin Hui is a historical and cultural celebrity, Li Tian has to show some face.

Li Tian clasped his fists in his hands, bent slightly in accordance with the etiquette of the ancients, and said politely: "Under Li Tian, I have seen Master Qin! Your name is like thunder!".

When Qin saw Li Tian being polite to him, he became more and more proud.

"You're Li Tian? It doesn't seem to be the case!"

Li Tian felt a little unhappy in his heart, but he didn't show it.

The old man in front of him was Qin Hui, except for those who traveled through, who could see the living ghost Qin Hui.

Qin Hui considers himself a predecessor and is a great Confucian. As a cultural person, it is excusable to look down on Li Tian's hard-working cultivator.

"The villain disappointed Master Qin!"

Shi Shengtao was a little embarrassed, and said to Qin Hui: "Master Qin, this is not a place to talk, or invite Master Li Tian to the Great Confucian Hall first, and go to meet other big Confucians first?"

Qin Hui's eyes widened, and angrily said with some dissatisfaction: "Does my affairs still need your little ghost to arrange?"

Shi Shengtao was very frightened, his whole body trembled, and he stepped back in succession.

"No... dare not, the adult atones, the villain absolutely doesn't mean it!"

Humph!

Qin Hui snorted before continuing to look at Li Tian, still with an arrogant expression: "Li Tian, since you are also from the earth world, speaking of ghosts, we are also a family, then as your ancestor, It is the great scholar of Shengrufang again, I have to say a few words to you!"

Li Tianqiang endured the roar in his heart, his expression already a little coldly said: "Master Qin has something to say, just say it!"

"Okay, then I won't be polite with you. It's already the second day since you came to Chuling City, presumably you already have a certain understanding of Chuling City, and you also know the strength of our Shengrufang. Then I will let me introduce to you, our Saint Confucianism is now one of the nine powers of the Ghost City Chu Lingcheng. Among these nine powers, our Saint Confucianism can at least be ranked in the top eight..."

Li Tianzhen wanted to slap Wang Anshi's face.

The old shameless thing is already second to last, but Nima is ashamed to say the top eight!

Qin Hui did not have this kind of awareness, and still said triumphantly: "Our Saint Confucianism was once a powerful organization that was able to rank among the top three of the nine forces. To be honest, regarding the cooperation between Saint Confucianism and yours, I am not too much. Yes! Now, what we need more is people who can join Shengrufang and can immediately help Shengrufang, so from this perspective, you are very suitable."

The expression on Li Tian's face was completely cold.

What do you mean by being paralyzed? Do you want us to join Shengrufang?

Is it because you are Qin Hui, we should join Shengrufang?

Qin Hui completely ignored Li Tian's expression and continued to rely on Lao Sell Lao, "Of course, I know that you are not willing to join Shengrufang, but as your ancestors, I have a better mind. I can reluctantly accept you as disciples. As long as you can serve me and satisfy me, I can naturally give you pointers at that time, and your understanding of the rules of ghosts will be faster and more accurate!"

"Of course, if you want to be a disciple of my Qin Hui, you must at least show some sincerity, for example, at the apprenticeship ceremony, to give a generous gift to the teacher. But... the two-sleeved breeze for the teacher does not like this cliché. Therefore, the apprenticeship will be avoided."

"Oh, we have to serve Master Qin. We must be satisfied with Master Qin to become Master Qin's disciple. But we don't know what benefits can we have after becoming Master Qin's disciple?" Situ Ningbing was also angry. , And forced to endure the anger and asked with a joking expression.

"Vulgar! Vulgar is not tolerable, and rotten wood is not to be carved! If you have not yet apprenticed a teacher, just think about the benefits. What can you do? You must first apprentice, first of all, like other disciples, first serve me for thirty years, here For thirty years, all your income must be handed over to me, and then only those who perform well, I will accept him and let him become my official disciple... Wait, Li Tian, what is your expression? What means?"

"If you have something to say, put the knife down..."

Chapter 5198: Great Confucian Hall

Really shameless old thing, I give you face, don't you use the face given by Laozi as a mess?

I want you to worship you as a teacher?

I want you to serve you free of charge for thirty years?

I want Lao Tzu to enshrine all the 30 years of income to you?

Would you like to order Bilian?

Since you rely on the old to sell the old, don't blame me for pretending to be crazy!

Hong Zhan was already in Li Tian's hands, and the powerful murderous aura released from Hong Zhan shocked all the strong under the archway of Shengrufang, including Qin Hui.

Do you really think that Xiao Tianyi is the only one who depends on Li Tian?

Don't forget that Li Tian has Hong Zhan!

Red Slash is a divine tool, and it is not an ordinary divine tool, but a divine tool with autonomous consciousness.

In the ghost mythical creature, although the power of the red sword is also imprisoned by some powers, the soul in the red sword should originally belong to the ghost mythical creature. Therefore, the soul in the red sword is not affected at all, just like Xiao Tianyi. What he showed now was still the strong man in the early stage of the demigod.

Great scholar?

so what!

Li Tian sneered, and lightly tapped his finger on Hong Zhan, and the blade of Hong Zhan immediately heard the sound of a knife: "Old man Qin, do you think the Hong Zhan in my hand is worth how many great scholars?"

"Li...Li Tian, what do you mean? Don't you dare to kill me?" Qin Hui's voice trembled, and he involuntarily leaned back slightly, with a look of fear on his face, and continued: "This is Shengrufang, you have the ability to move me to try!"

Shi Shengtao and other ghosts, ghosts, were startled by Hong Zhan that Li Tian suddenly released from his body.

Because they felt a powerful force in this Hong Zhan's body, it was a powerful force that did not lose to the ghost king.

The cultivation strength of the great Confucian scholars of Shengrufang is very powerful, much stronger than ghost envoys and ghost servants, but they are still not even worse than ghost kings.

Li Tian was angry and had already moved the knife. Shi Shengtao and other ghost servants suddenly felt that the matter was a bit big, and they came out to persuade them.

"Please Li Tian, please be happy and angry, Master Qin definitely doesn't mean to embarrass you!"

"Lord Li Tian, please put away your weapon. The powerful force released from this weapon will cause the ghosts in the workshop to panic!"

Hong Zhan now seems to be the nuclear weapon in Li Tian's hands. Just use it to scare people. Li Tian wants to cooperate with Shengrufang for a win-win situation. Naturally, he will not do it easily.

The corner of Li Tian's mouth turned up slightly, and he continued to point at Qin Hui with Hong Zhan and said, "Old man Qin, you can continue to beep, but in this ghost, the strength of Hong Zhan in my hand is stronger than mine. I can't help it. If Hong Zhan accidentally beheads you, then I can only apologize to Shengrufang!"

Due to the anger on Qin Hui's face, the expression on his face gradually changed from horror to anger, and finally gradually turned into horror. An angry Qin Hui fled into Shengrufang, while jumping and cursing: "Li Tian, you yellow-mouthed kid, I dared to do this to me, a great scholar who has been famous for a long time. As long as I am still in Shengrufang, I will definitely prevent Shengrufang from cooperating with you!"

Accident, this is totally an accident.

Shi Shengtao and other ghosts were embarrassed to death, and kept apologizing to Li Tian.

Li Tian waved his hand slightly, and asked in a puzzled manner: "Shi Shengtao, as far as I know, Qin Hui is a well-known traitor in China in the earth world. How can he become a great scholar among ghosts?"

Shi Shengtao replied: "Looking back to Master Li Tian, this...this...Although Master Qin was of poor character when he was alive, after several reincarnations, Master Qin's cultural attainments are still worthy of recognition. It is precisely because of this that Master Qin can claim It is a great scholar!"

Well, after all, this is a matter for Shengrufang, and Li Tian can't decide.

However, Li Tian had already put Qin Hui on the blacklist. If Qin Hui dared to do anything excessive, Li Tian wouldn't mind beheading Qin Hui.

After such a small episode, Shi Shengtao led Li Tian and others into Shengrufang and came to the Great Rudian.

The Great Confucian Temple is the highest power center of Shengrufang. Many decisions and decisions of Shengrufang are released from here.

The same is true of the original decision to cooperate with Li Tian and others.

Walking into the Great Confucian Hall, Li Tian and others were immediately shocked by the grand hall.

Li Tian had seen various halls and temples, but all the halls and temples he had seen before were not as magnificent as the Great Confucian Temple.

The hall is full of double-hugging pillars, and on these pillars, all the calligraphy of great Confucian scholars, either magnificent, powerful, or majestic, or flowing, or unrestrained, Li Tian feels here All calligraphy, even if it is any pair of auctions that get the earth world, are sky-high prices.

Tang Xiaolong and others were also shocked.

"Little boss, this... this hall is ten times bigger than Jinghai City Airport before the end of the world! It is completely invisible at a glance!" Tang Xiaolong said.

"If you only pay attention to the magnificence of the buildings, and only pay attention to these calligraphy, then we have already fallen short. Don't you feel that there is such a great righteousness in this hall? Here are ghosts, and the great scholars are also ghosts. There will be this kind of righteousness, this is what is really powerful!" Situ Ningbing said.

After Situ Ningbing said this, Li Tian and others immediately felt this righteousness.

Unlike the gloomy ghosts, this righteous energy made Li Tian and the others feel a little bit comfortable. After all, they were not real ghosts, but physical creatures.

"Sure enough, there is a lot of righteousness!" Li Tian couldn't help sighing.

There was a smile on Shi Shengtao's face. "Everyone knows something. This is due to the great efforts of the great Confucians. Once the great Confucianists in the Saint Confucian Palace fully release their righteousness, at least in this Saint Confucian Square, If there are ordinary ghosts, I am afraid that they will be hurt by Haoran's righteousness. At least one in ten ghosts will die under Haoran's righteousness!"

After listening to Li Tian, he couldn't help but admire him in awe.

"This is the real great Confucian. I didn't feel the aura of righteousness in Qin Hui at the beginning!" Li Tian said with a smile.

Shi Shengtao was a little embarrassed suddenly, and said with a smile: "Lord Li Tian, sirs, the little ones are just little ghosts. Every time you enter this hall, you will feel uncomfortable. Now the little ones can only send adults here. The outer hall of the Great Confucian Hall, the big Confucians of Sheng Confucian Square are waiting for you in the inner hall, and the adults are also asked to continue walking along the main hall until they reach the end, passing through the door, which is the inner hall, and the younger ones leave first. !"

"Ok!"

Shi Shengtao left, and Li Tian and the others continued walking inside.

I walked about four or five kilometers, and then I reached the end of the hall. A huge wall appeared in front of me, and on the wall were also inscriptions by various Confucian scholars.

And under this inscription, there is a small door only as high as one person.

"Master Li Tian, please come in, we have been waiting here for a long time!"

Chapter 5199: Three ghost kings

Enter the inner temple.

Li Tian's people found that the inner hall of the Great Confucian Temple was much smaller than the outer hall.

The inner hall is only about 100 square meters square and square. Compared with the magnificent hall, it is completely a slum.

The inner hall is not only small in size, but also crowded.

There are dozens of huge wooden seats in the inner hall of more than 100 square meters, each of which is almost twice the size of a single sofa.

It's just that these seats are placed on the left and right sides, leaving only a two-meter-wide channel in the middle.

A beam of light shone from the top of the inner hall, and it happened to fall in the two-meter-wide passage, making it even more dark on the left and right sides of the passage.

But for Li Tian and other cultivators, even the darkness of the metal world is like daylight to them, not to mention there is still light here.

Li Tian saw that the chair on the right was already full of figures, while the chairs on the left were all empty.

"Master Li Tian, everyone, please sit here!" A deep and slightly vicissitudes of voice came from the front.

Li Tian just noticed that there were three seats on the front, and on these three seats were three majestic old men.

It's just... Li Tian couldn't see the appearance of these three old men clearly, which surprised Li Tiandun.

Li Tian was not polite, and strode over and sat down in the leading position on the left, while Situ Ningbing, Tang Xiaolong and others sat down next to Li Tian in order.

Although it was close at hand, Li Tian still couldn't see the true colors of the three in the middle, which made Li Tian even more puzzled.

What surprised Li Tian was that this **** Qin Hui was sitting directly opposite him.

"Master Li Tian, we meet again!" Qin Hui smiled coldly.

Judging from the seating arrangement, the three in the middle are the highest level of existence in the Great Confucian Temple, perhaps the ghost king in the legend of Sheng Confucianism.

And Qin Hui's status in Shengrufang should be second only to the existence of these three ghost kings, and it can be regarded as a high position. No wonder it is so arrogant and domineering.

Facing the provocation of Qin Hui, Li Tian directly chose to ignore it.

This **** Qin Hui was so angry that he was blowing his beard and staring, sneered in his heart, he must show Li Tian a good look.

"Master Li Tian, Shengrufang really wants to cooperate with you, but we still have a doubt in our hearts. I don't know if Master Li Tian can explain it?" The Ghost King sitting in the middle asked.

"Oh? It just so happens that I also have a few doubts in my heart, and I also want to hear Shengrufang's explanation! But since you raised it first, then please speak first!" Li Tiandao.

The ghost king in the middle was not polite, and continued: "In this universe, after all creatures die, their souls will come to the ghosts. This is the normal rule for ghosts, but we are puzzled by Li Tian and other people. He is not dead, why did he come to the ghost?"

Worthy of being a ghost king, after Li Tian and others entered the ghosts, no ghosts have ever discovered that they are alive. Look at Li Tian and others thoroughly.

Since it has been seen through, Li Tian has not concealed it.

After all, this kind of thing has been concealed for a while, but it cannot be concealed for a lifetime. Li Tian and others will also participate in the selection of ghosts. If they meet other ghost kings, they will definitely be seen through, and when that time comes, Li Tian and others will be more passive.

"The three ghost kings are really good at cultivation. Since they have been seen through, then I have nothing to hide! Yes, our life is not exhausted. We entered the ghosts through the ghosts channel!" Li Tiandao.

"What is your picture? Why do you want to participate in the selection of ghosts?" The ghost king on the right rushed to ask.

Originally, Li Tian wanted to say that he was the child of Li Kua's father and wanted to find Li Kua's father, but before Li Tian spoke, Situ Ningbing explained first: "Our goal is not in Chuling City, nor is it in the tenth ghost On the eighth floor, the reason why we came to Chuling City is completely an accident. And the reason why we came to the ghost is to find someone, or more accurately a dead soul Xue Ji, she is my good Sister, also Li Tian's beloved wife..."

Situ Ningbing paused when he said this, and Li Tian's body was taken aback, and then there was endless sadness on his face.

The main purpose of the mysterious woman is to find Li Kuafu, while the main purpose of Li Tian is to find Xue Ji.

Father Li Kua is very easy to find. He is now the ruler of the lower nine levels of ghosts. As long as Li Tian and others can gain the trust of the city lord of Chuling, they can leave the 18th floor with the lord at that time. If it goes well, I will see Li Kuafu soon.

But what about Xue Ji?

Xue Ji has been dead for more than 30 years, and Li Tian didn't know whether Xue Ji's ghost had entered the cycle of reincarnation, or whether he continued to wait for him in the ghost.

Even if Xue Ji is waiting for Li Tian at the Ghost Mythos, there are 18 floors of the Mythical Ghost. On which floor is Xue Ji?

Even if it is in the first spirit city of the ghost mythical creature, the size of the first spirit city and how many dead souls there are, this is an astronomical figure. To find Xue Ji, it is also a needle in a haystack.

Therefore, it is even more difficult to find Xue Ji.

However, Li Tian would not let go because of difficulties, even if it was a needle in a haystack, Li Tian would have to clean the sea.

The three ghost kings could feel the true feelings revealed from Li Tian, they were silent for a moment, and at the same time they applauded: "I didn't expect Master Li Tian to be so affectionate. It is really admirable!"

Situ Ningbing continued: "We came to Chuling City this time just to get close to the City Lord of Chuling City. We want to find the people we are looking for through the City Lord or your forces. If... there is no us in this layer of ghosts. Those who are looking for, we will enter the next level of ghosts, so please rest assured that we will not threaten your power in Chu Ling City!"

"Of course, if someone wants to threaten us, then we will definitely not sit back and die. I believe that today happened in the city. You already know the results of the Senrofang attack!"

As soon as Situ Ningbing's voice fell, Qin Hui slapped the arm of his chair suddenly and jumped to the ground.

"Why? Are you threatening our Saint Confucian Fang to fail? Our Saint Confucian Fang has never been afraid of any threat since it was established for thousands of years!" Qin Hui was very angry, holding his fist and bowing to the three ghost kings: "Three Adults, people who are not my race must have different hearts. Li Tian and others are not ghosts. Maybe they have other plots. We must not let our guard down! In my humble opinion, it is better not to get involved with them. If we confront Senluofang again because of this, then we will only lose more than the gains!"

Chapter 5200: Ghost King agreed

Li Tian smiled.

This is where he is more confused.

This guy Qin Hui is like a shit-cutter. For example, this time Shengrufang wants to cooperate with Li Tianjun. However, this guy Qin Hui is completely on the opposite side. Li Tian didn't know why Shengrufang could tolerate the existence of a guy like Qin Hui.

"Dear Ghost King, it seems that Shengrufang has not yet reached a unified consensus on the cooperation with us! This will only make us feel more confused. If you don't mind, or we will wait in the outer hall temporarily, waiting for you After Shengrufang reached a unified consensus, we will continue with the next topic!" Li Tian said a little unhappy.

"Huh! This is an internal problem of our Saint Confucianism. It is not your turn to be blamed by an outsider! If you want to leave, please feel free. I am afraid that after leaving Saint Confucianism, your Li Tian army will become the other eight. The power's public targets, when you come back and ask us Saint Confucian Fang, this is a bit unsightly!" Qin Huidao.

Tang Xiaolong was already angry.

"Little boss, this bird is attacking us with a gun and a stick, or I will kill this treacherous minister first..."

"Xiaolong, shut up!" Li Tian yelled at Tang Xiaolong and continued, turning to face the three ghost kings and continuing: "My brother speaks so straightforwardly. If you collide with the three ghost kings, I will tell Li Tian first. The three ghost kings and the great scholars apologize! But..."

Li Tian's voice changed, and he said coldly: "What my brother said is exactly what I think! Since the old thief Qin has repeatedly obstructed, then I will put it here today. First of all, the Li Tian army is not Will join Shengrufang. There is no discussion about this matter. It is even better if you don't even have this idea. Secondly, if you want to cooperate with our Li Tianjun regiment, then you must show a cooperative attitude and talk about cooperation with us. At the time, I don't want to see the old thief Qin Hui again. Third, we are still trying to figure out the rules for the practice of ghosts after we came to Chu Lingcheng. We need Sheng Confucian to send a great scholar to discuss with us the rules for the practice of ghosts. Of course, Saint Confucianism can also be decisive about this, but please don't doubt our ability. Since we can reach the peak of a demigod or even a quasi-god in less than a hundred years, we only need to give us a little time. We must be able to master the rules of ghosts. By then, our Li Tianjun regiment may no longer have to cooperate with Shengrufang! Fourth, we need to participate in the ghost contest. Shengrufang needs to help us so that we can pass the selection smoothly. , Become a ghost! Of course, Shengrufang can also refuse this point. Without the help of Shengrufang, we may just have to spend more energy. No one can stop us from approaching the city lord's mansion and the city lord of Chuling City. Fifth. , I need you Shengrufang to investigate Chuling City from now on and help me find the whereabouts of my deceased wife Xue Ji. Sixth, as for what Shengrufang requires from us, wait until we become ghosts and can enter the City Lord's Mansion. , Come up again, we will do our best to complete!"

Qin Hui felt that Li Tian must be crazy, and jumped up furiously again, "Huh! It's really whimsical, whimsical! This is not just an insult to my great scholar, it's despising our entire Saint Confucian Square!" Three ghost kings, this kind of unequal cooperation, let's not forget! According to my intentions, immediately drive these fanatics out of Shengrufang, and let them know how powerful our Shengrufang is. Offended Senluofang, to At that time, how can the strong of Senluofang allow them to continue to be at ease?"

Li Tian sneered.

"St. Confucian Square can agree to these requests I made, and it can also reject us, but I believe that today as we show strength in the street battle, other forces will also understand us! Other forces The King of Ghosts will also re-evaluate our Li Tianjun regiment and readjust its attitude towards our Li Tianjun regiment."

Li Tian turned to Situ Ningbing and said: "Ningbing, did the ghosts and bull heads say that their Yan Luo Temple has power distribution on ten of the eighteenth floors of the ghosts? Maybe in the search for Xue Ji, the Yan Luo Temple is against us. Help will be greater!"

"Threat! This is a complete threat!"

The three ghost kings didn't speak, and looked at each other, then nodded slightly.

"Qin Hui Da Confucian, it seems that you have a big prejudice against Li Tian and others, or else please temporarily avoid it..." Ghost King Road on the left.

Qin Hui was startled, and then screamed.

"What? You asked me to avoid it temporarily? Did I hear it wrong, or did you say it wrong, Lord Zuogui Wang? It is them who should really leave, it is the Li Tianjun regiment."

"Qin Hui Qin Daru, do you still need me to repeat what I said?" Zuo Gui Wang said a little displeased.

Following the left ghost king's dissatisfaction, he immediately released a surging aura of righteousness. These righteous auras were like a soft light that instantly illuminated the entire inner hall. In the dark, he was sitting on the seat on the right. The Confucian scholars closed their eyes one after another, while Qin Hui's body was trembling slightly.

"Okay... OK... I'll leave now, but... I won't stop there! I really want to see how you regret it then!"

Qin Hui was very angry and walked away.

"You all retreat too!" said the ghost king in the middle.

The other great scholars glanced at each other, stood up at the same time, bowed to the three ghost kings, and bowed to Li Tian and others, and walked out slowly.

Quiet again in the inner hall.

"Master Li Tian said just now that he still has doubts about our Saint Confucian Square. Now there are no other great Confucian scholars here. Feel free to say it!"

Li Tian looked at the small door leading from the inner hall to the outer hall, then turned his head a moment later, and said with a smile: "What I wonder is why people like Qin Hui became the great scholars of Shengrufang..."

Hearing Li Tian's question, the three ghost kings laughed at the same time.

"Master Li Tian knows something. This is also the helpless act of our Shengrufang. You should have seen it just now. Apart from Qin Hui, all the great scholars in our Shengrufang are all righteous, and any ghosts are in front of us. Unable to hide."

"But it is precisely because of this that our Sheng Confucian Fang is struggling in Chuling City. To put it bluntly, the entire Sheng Confucian Fang, even the City Lord's Mansion of Chu Ling City, do not like Sheng Confucian Fang, because our great scholar of Sheng Confucian Fang They may cause great harm to any other forces. It is for this reason that we need such a person to communicate with other forces..."

"Master Li Tian, we can agree to all your requests, and we can even help you solve the problem of your identity that you are not a fool!" The ghost king said in the middle.
