

A Killer 5221

Chapter 5221: escape

escape?

What a joke!

Wulun is Situ Ningbing or Situ Lime, but they are both powerhouses in the pinnacle realm of the demigods, powerhouses with arrogance, and existences standing at the peak of the nether world, even if they come to the ghost realm now, Even if you are now besieged by the strong of Senluofang, how can you easily give up and escape easily?

The two women looked at each other, and both read perseverance in each other's eyes.

What about the quasi-ghost king?

Li Tian is a strong man who can kill the fourth-level evil spirits. He is already qualified to get the title of ghost king. As Li Tian's women, their goal is also the ghost king!

The quasi ghost king? That is the stepping stone for them to obtain the title of Ghost King!

Situ Ningbing and Situ Qingning nodded slightly towards each other and immediately joined the battle.

"Jie Jie! Things that do not live or die, dare to stay here!" A strong man in Sen Luo Fang sneered. After these strong men in Sen Luo Fang swallowed their companions, their cultivation soared, almost all Qualified to win the title of ghost king, naturally did not pay attention to the two women Situ Ningbing and Situ Qingning.

At this time, endless black smoke appeared in the sky of the ancient city.

These black smoke are like billowing clouds, constantly rolling in the sky.

And the breath of death released from the powerhouses of Sen Luofang seemed to have some connection with the black smoke in the sky.

"Give it to me!"

Several Senluofang powerhouses stretched their hands in the air at the same time, with words in their mouths. With the roar of these Senluofang powerhouses, the black smoke in the sky continued to fall, and Situ Ningbing and Situ Lime Wheel covers it.

In an instant, Situ Ningbing and Situ Qingning's eyes completely turned into darkness.

This darkness is different from the darkness where there is no light in the metal world. The darkness is completely negligible for the cultivator, but when the black smoke fell, Situ Ningbing felt her sight completely disappeared, even her trial. They are all a foot away from the black smoke in front of them.

More importantly, Situ Ningbing felt that the spiritual consciousness she released could not penetrate this black smoke.

"Get close to me, don't mess!"

Situ Qingning's back was leaning against Situ Ningbing, holding the butcher knife tightly and blocking the front.

The black smoke has blocked the sight and the divine consciousness. Any rash action may cause them to fall into isolation, so the best way for them now is to leave their backs to each other and then look for the black smoke. flaw.

Situ Ningbing didn't have any delay. She leaned back against Situ Lime, and she let out a long sigh of breath. The two-in-one umbrella in her hand opened up and stood in front of her. Although she couldn't see anything in her eyes, her eyes The pupils stared at the black smoke in front of them piercingly.

In the distance, the powerhouses of Senluofang seemed to be unaffected at all, watching the two women back to back cautiously, showing a sneer of laughter.

"In our maze of Senluofang, even if the strong ghost king comes, they will become deaf and blind, not to mention you rubbish! You just beheaded the two strongmen of Senluofang by luck , Do you really think you have the title of Ghost King? Hahaha, do it! Whoever kills Situ Ningbing, whoever owns the weapon in her hand!" One of the strong people of Sen Luofang laughed wildly.

With this mad laughter, many powerful people in Senluofang suddenly became ecstatic.

These powerhouses can see that the strangely shaped umbrella in Situ Ningbing's hand is an extraordinary thing, and it is likely to be a legendary artifact.

The desire for artifacts made these powerhouses more and more crazy. Three or four Senluofang powerhouses rushed towards Situ Ningbing and Situ Lime, and another Senluofang powerhouse directly chose to fight. The other powerhouses around him started, and within a few minutes, they swallowed the comrades who had not had time to rush over.

boom!

Suddenly there was a loud noise in the sky, and the momentum of the powerful Senluofang who had been swallowed had undergone earth-shaking changes!

The momentum of the strong man in Senluofang is constantly rising. If the strong man only has the strength of the ghost servant at the beginning, after he swallows the other strong ghost servants, his cultivation level is already He reached the strength close to the Ghost King, and now, after he swallowed another strong man with the Ghost King strength, his true strength finally reached the Ghost King.

Although the effect of increasing strength through this swallowing of companions will not last long, but for the ghost king level powerhouse, it seems that it is completely enough to deal with Situ Ningbing and Situ Lime.

"Hey, what a powerful power! This should be the power of the ghost king level, this infinite power is really refreshing! Today... these two women are mine!" The powerful face of Senluofang Zhenning laughed wildly.

He didn't seem to be in a hurry to deal with Situ Ningbing and Situ Qingning, his sturdy body flew slowly in mid-air, constantly approaching the two women who had fallen into a bitter battle.

Huh!

The ghost king-level Senluofang powerhouse suddenly stretched out his hand, and suddenly tore the strongman closest to him, then opened his mouth, and slammed down at the strongman, no more than two to three. Within seconds, the strong man was instantly torn into pieces by the ghost king-level Sen Luofang strong man, and then the ghost energy of the strong man was absorbed and swallowed into his body instantly.

The powerhouses of Senluofang were shocked, and at the same time they gave up attacking the two women, staring at the ghost king-level powerhouse in amazement.

"You... dare to violate the owner's password and attack your own people without authorization... Don't you fear that Fang will take the initiative to get angry and stuff you into the grave of Senluofang and turn you into fertilizer for other strong people?" someone ranted.

"Hey! As long as I can get the title of Ghost King, then I will have a way to keep my strength in the realm of Ghost King forever. Who is the master of Senluofang? Let me swallow it, become my ghost obediently, let you become stronger with me!" The ghost king said with a wild laugh.

"Damn it, wishful thinking!"

"This guy is absolutely crazy, he dares to do something to himself!"

"We unite, first kill this traitor, and then turn around to deal with the two women!"

For a time, the remaining strong men of Senluofang shared the same hatred, and at the same time targeted the ghost king-level strong men.

Situ Ningbing and Situ Lime were covered in black smoke by wheels, still being cautious, not knowing what happened.

They only felt that the black smoke of the wheel cover in front of them seemed to be gradually dissipating, and the shadow of the powerful Senluofang in the black smoke not far away had gradually appeared.

Ok?

The consciousness released by Situ Ningbing suddenly felt a touch of familiarity, and she suddenly raised her head and looked towards the sky!

But at this moment, a red light flew from a distance, instantly unfolding all the black smoke, and slashed at the ghost king-level Senluofang powerhouse!

Li Tian...coming!

Chapter 5222: The lord arrived

In the battle that lasted less than two minutes just now, three more powerhouses in Senluofang were swallowed up by ghost king-level powerhouses.

And the strength of the ghost king class powerhouse has improved slightly!

However, this ghost king-level powerhouse is already at the peak of existence in the entire ancient city.

however.....

Huh!

A red light cut through the sky!

The ghost king class powerhouse was directly flew out by this red light!
moment!

All the black smoke around has disappeared!

Li Tian's body has appeared in the sky, and under his feet is the great dragon released by Li Tian!

Li Tian at this time seems to be a **** descending from the earth, mighty and extraordinary!

The surging spiritual power released from his body is slowly drifting around him, like flames, like sea water, and like ice. The surging spiritual power seems to have a certain purification ability, making it even The surrounding area filled with death air instantly became clear and clean.

Hong Zhan was floating about three meters in front of Li Tian, his face was slightly cold, his eyes were sharply staring at the ghost king Senluofang powerhouse who had been slashed by him, and said coldly: "Even my women dare to move. , You really don't know how to write dead words!"

In the distance, as the black smoke disappeared, the onlookers finally saw the picture inside the black smoke. At this time, these powerful men looked at Li Tian dumbfounded.

After a while, these powerhouses slowly recovered and began to talk.

"This...who is this guy?"

"Li Tian? Don't you even know Li Tian's name?"

"Qinglong! Why is there a Qinglong here? How terrifying is this guy who can step on Qinglong?"

"It seems that the previous rumors are true. Li Tian is probably really capable of killing level 4 evil spirits!"

"There is really a good show here! Li Tian, Qinglong and the ghost king-level Senluofang powerhouse, who is stronger?"

"Although I am a bystander, but now I also feel the blood boiling, this kind of picture has not been seen for thousands of years!"

The Tanhua Lang from Shengrufang let out a sigh, his heart filled with work, but his expression on his face was very excited.

"Hahaha, it's Master Li Tian! It's Master Li Tian, our alliance with Saint Confucianism! This time there are some delicious fruits of Sen Luo Fang!"

...

When Situ Ningbing and Situ Qingning saw Li Tian, their faces showed a hint of joy at the same time.

Whoosh!

Whoosh!

The two flew to Li Tian and came to Li Tian's side.

"Li, are you nearby too?"

"Li Tian, it's great for you to be there in time!"

Li Tian nodded slightly, pointing to the only two Senluofang powerhouses with the strength close to the ghost king and said: "These two guys will be solved by you. As for the strongest one, let me be the two. Please help me!"

Situ Ningbing's mouth showed a slight smile, and his heart was full of sweetness.

But the smile on her face also flashed by.

"Okay, let's watch our performance now!"

In the distance, the ghost king-level powerhouse who was slashed by Li Tian was buried in the rubble after crashing into countless buildings.

Li Tian controlled the wild blue dragon and slowly moved towards the gravel pile.

At this moment, the strong ghost king flew out of the gravel with a whistle, his body suspended in mid-air, his eyes like a kind of ignited flame, and he swept around angrily: "Damn, who attacked? I!"

In an instant, he saw Li Tian standing on the Qinglong.

Then the strong ghost king suddenly looked stunned and his pupils expanded involuntarily.

The surging spiritual power released from Li Tian is already enough to make him feel terrified, and the supernatural power on Honghuang Qinglong makes this ghost king-level powerhouse feel desperate!

It seems that there is only one person who can possess such a powerful strength in the entire game field!

"You... are you Li Tian?" The strong ghost king even trembled in his voice.

Li Tian smiled slightly, "It seems that you know my fame, if you dare to touch my woman, then it means you are really looking for death!"

The ghost king-level powerhouse suddenly laughed wildly: "Yes, I know you Li Tian. There were rumors that you killed the fourth-level evil spirit. At that time, the powerhouse of Senluofang didn't believe it. Now it seems that the legend It's true, that means you are now qualified to be the title of Ghost King. Hey, I don't know who is stronger, the guy who has the title of Ghost King or me, who has the power of Ghost King..."

"Of course you are stronger! But..." Li Tiancai didn't want to argue with him for these meaningless fame, but when his voice changed, he said with a smile: "But you will be beheaded by me soon!"

The ghost king of Senluofang just showed a slight smile on his face and suddenly turned into anger, "Okay, let me see your true strength!"

Sleeping with the roar of the ghost king of Senluofang, his body was instantly filled with ghost energy. His whole body seemed to be changing, and in a flash, he turned into a demon, and rushed directly to Li Tian.

"Good job!"

Li Tian didn't retreat but moved forward, his feet lightly tapped on the dragon head of the Great Blue Dragon, and he had once again controlled this Red Slash to the strong ghost king.

boom!

boom!

...

Outside the ancient city, the lord of Chuling City has already arrived in front of the Maid Ghost King.

After a simple salute, the city lord Blood Demon Burning immediately began to watch the battle, and soon Li Tian's battle with the ghost king of Senluofang attracted his attention.

"I didn't expect Senluofang to cultivate such a powerful existence in secret. Fortunately, it was Li Tian's accidental collision that exposed Senluofang in advance. Otherwise, the balance of the nine powers in Chuling City might be affected by Senluofang. If it breaks, then the city lord's mansion will inevitably have a battle in Senluofang, and it is inevitable that the lives in Chuling City will be overwhelmed!" The city lord Blood Demon Burned his heart secretly.

"Sir City Lord, what do you think about World War I?" Mai Gui Wang asked.

Actually, the psychology of the Maid Ghost King is very clear. Li Tian's current strength is definitely better than that of the ghost king of Sen Luofang. This battle will definitely be an easy torture, but at this time he is willing to listen to the views of the small town lord and find opportunities by the way. Slap the flattery of the lord!

"There is no suspense! Li Tian will win easily!" The blood demon burned.

"Although I can see that Li Tian may have a slight advantage, it may be difficult to win!" Maigui Wang said.

"No! Li Tian is not a dead soul. Although he used a certain method to cover up, his true strength is the pinnacle of a demigod, and the weapon in his hand must be a divine weapon. These alone are enough to make Li Tian easily Winning based on ground, coupled with the blue dragon he summoned, I am afraid it is the legendary prehistoric dragon, so there is no suspense in this battle!" The blood demon Fen laughed.

As soon as the words of Blood Demon Burning fell, the powerhouse of Sen Luofang had been slashed out by Li Tian's Red Chop again.

But this time, before his flying a few hundred meters, he was suddenly caught by the dragon claws of the great blue dragon, and then... it was a spike.

The Maid Ghost King pretended to be shocked and looked at the blood demon burning and said: "My lord is so insightful! His subordinates are less than a ten thousandth of an adult!"

Blood Demon Burning was a little bit complacent, and nodded slightly: "This is the end of the ghost contest trial! Maid Ghost King, open it, I want to meet Li Tian in person, and we finally have a chance to go from the eighteenth floor to the ghost city. The domain is out!"

"Could it be...are we going to..."

"That's right! You go with me too!"

Chapter 5223: Meet in advance

Inside the game.

All the strong looked at Li Tian dumbfounded.

In fact, at this time, these strong men did not dare to use the term strong to call themselves.

What is the strong?

Those who can easily kill the ghost king realm from the command room are the real strong ones.

And in this game, who has such strength?

The answer is obvious, Li Tian!

Before, the onlookers who ate melons were more or less doubting the previous legend, but when they witnessed Li Tian's battle today, they realized how ridiculous their previous doubts were.

What about the fourth-level evil spirit?

With Li Tian's current strength, I'm afraid the Promise Evil Spirit appears, and he has the power to fight.

In the distance, in the east, seven or eight onlookers fell to the ground in shock.

Puff! Puff!

These powerful men fell to the ground one after another.

At this time, all the onlookers had a thought in their hearts, "Is this the true strength of Lord Li Tian?"

Seeing that the strong men from the east fell to the ground one after another, the strong men from the west, south, and north also automatically fell to the ground, one after another.

For a while, around Li Tian, he knelt down in darkness.

The powerhouses are all arrogant people, but after knowing that Li Tian has the power to kill the ghost king, the last bit of arrogance in the hearts of these powerhouses disappeared without a trace because of Li Tian's killing of the ghost king powerhouse.

Li Tian's gaze slowly swept over these powerful men who were kneeling on the ground, and the corners of his mouth couldn't help but tilt upward.

After killing the fourth-level evil spirits, Li Tian no longer has any interest in these ghost envoys and ghost servants. Now, after killing the ghost king-level powerhouses, these guys are even more invisible to him.

There are more than 20 days before the end of the game. If Li Tian can meet the fifth-level evil spirit in the remaining days, then he must fight the fifth-level evil spirit. If there is no way to meet the fifth-level evil spirit, right Li Tian said there was no loss.

Now he has the qualifications to obtain the title of Ghost King.

The battle between Situ Ningbing and Situ Qingning did not last long. A few minutes after Li Tian's battle ended, the two also slashed their opponents cleanly, almost close to the strength of the ghost king. .

After receiving the Great Blue Dragon, Li Tian came to Situ Ningbing and Situ Qingning.

"Two beautiful women, how do you feel? Do you want to go with me and find a few fourth-level evil spirits to kill them?" Li Tian smiled.

Before Situ Ningbing had time to speak, Situ Qingning directly rejected Li Tian's invitation.

"Does the strength of the two of us be so unbearable in your eyes? Can we only rely on your protection to survive? Li Tian, you are not the only power in the pinnacle realm of the demigod here, me and Ningbing We are also strong in the pinnacle realm of the demigods. Apart from the difference between our artifacts and the Great Blue Dragon and you, there shouldn't be that big difference in our strength!" Situ Qingning said coldly.

Li Tian was suddenly a little embarrassed!

He did not expect that Situ Qingning would not give him face so much and directly rejected her.

"Li, don't mind, she has this kind of temperament!" Situ Ningbing said, holding Li Tian's arm.

Li Tian chuckled.

Although Situ Qingning followed him, but to be honest, she had nothing to do with Li Tian, and it was not unreasonable that she did not give Li Tian face so much.

"I won't mind! You are her clone, and my heart is that you are my wife. In theory, she is also my wife. Although I am machismo, I will not be as knowledgeable as my own wife!" Li Tianxiao Dao, stretched out his hand and went to Lou Situ Lime.

Situ Qingning's complexion was cold, but Li Tian didn't seem to see the change in the expression on her face at all. She was about to get angry, at this moment, there was a loud noise from the underground of the ancient city.

Rumble! ~

Rumble! ~

From far to near, the loud noise became louder and louder, and the earth gradually began to shake, as if it were an earthquake.

Boom!

Boom!

The towering buildings in the ancient city continued to collapse, and cracks on the ground that widened more than a foot and invisible at first appeared, as if the entire earth was about to crack, as if a predatory beast was about to emerge from the ground.

"What's the matter? Could it be that the fifth-level evil spirit is about to appear?" Situ Qingning asked in surprise.

Li Tian also looked dazed.

When the fourth-level evil spirit appeared, there was a lot of movement, but there was no such big movement!

"You two are following me closely. If it is a fifth-level evil spirit, none of us should be brave. Let's deal with it together!" Li Tiandao.

This time Situ Qingning did not refuse any more, she and Situ Ningbing nodded at the same time.

At this time, the powerful men who were still kneeling on the ground just now heard the loud noise and involuntarily flew off the ground.

The faces of these powerful men are full of shock.

"This... what does this mean?"

"The game has just started a few days ago. Is it coming to an end?"

"Impossible! The Ghost Chase trials have never stopped halfway since ancient times!"

"Hahaha, you guys, what's so strange about this, Lord Li Tian can kill the existence of the ghost king. He is now the biggest loophole in this ancient city. If the game continues, once Lord Li Tian is willing, He can slaughter all the strong ghost servants in this ancient city. Therefore, when the game is over, we can get away with it, so why not?"

When the strong man said so, the other strong men nodded in agreement.

"Yes, although we have no chance to go further, as long as we survive, there will be opportunities. Don't we just wait for a hundred years? We can't afford to wait!"

"It's finally over! Although the game started in just a few days, why did I feel so long?" Another strong could not help but let out a sigh. In the eyes of these strong, this time The rocky mountain is the most beautiful scenery in the ancient city.

Hearing the opinions of these strong players, Li Tian and others knew that this was the movement at the end of the game.

It just made Li Tian wonder why the Gui Chai trial ended early?

Just then, Li Tian felt a strange fluctuation in the air around his body, and then he saw the strong men in the distance disappearing in an instant, and he was only slightly taken aback, and was immediately inhaled. Group in the dark.

It was just a blink of an eye, and the light in front of him became a little brighter, and then noisy discussions appeared in Li Tian's ears.

"Is this the legendary Li Tian? Did he really kill the fourth-level evil spirit?"

"Idiot, what a level 4 evil spirit is, he is the super strong who killed the powerful ghost king of Senluofang!"

"Look, it's the city lord's Blood Demon Burning. How could he come to the ancient city?"

Chapter 5224: Meet by the lord

The ghost race trial lasted less than a few days, but in these short days, more than half of the participants have fallen.

More than half of these falls were killed by other contestants, and only half were killed by evil spirits in the ancient city.

At this moment, the faces of those strong men who had already made up enough to obtain the Ghost Difference Qualifying Talisman in just a few days could not help showing a hint of joy, and they were afraid of being beheaded by other strong men in the next game. There is even some pride.

Suddenly, an exclamation came from the crowd.

"Look, the lord is here!"

"This is the first time I have seen the city lord so close in thousands of years since I came to the ghost realm. Did the lord city know that I have been awarded the title of strong ghost servant, so he came to meet us?"

"Idiot! The most important thing to be a ghost is to have self-knowledge! Do you think we weak can enter the eyes of the city lord?"

"Although you are a senior, but I do not agree with this view of you. It is not easy to get the title of Ghost Servant. I only have such a qualification in just a few days. Why is it weak? It's possible for the bad guys to be received by the city lord. Why can't I, the ghost servant, guys?"

"It's not that you can't! When have you seen Lord City Lord walk out of the City Lord's Mansion and come to the ancient city of the game?"

"This...this is the first time I have seen it!"

"Isn't that over? Don't you see it now? The city owner must have got the instruction of the city owner to end the game early this time, and the city owner is only willing to do so. There is only one reason, that is, Li Tian !"

All the contestants suddenly realized.

Even if they didn't see Li Tian beheading the ghost king-level powerhouse with their own eyes, these powerhouses had almost heard of Li Tian beheading the fourth-level evil spirit.

Li Tian, a person who participates in the trials for the first time, can be awarded the title of Ghost King Strong, and he is naturally qualified to be received by the city lord.

"Hahaha, I don't care who the Lord City Lord meets, anyway, I am very happy to see Lord City Lord!"

"That's right, especially for those of us who participated in the Gui Chai Trial for the first time, we can meet Lord City Lord, which is a great encouragement to us!"

With excited expressions on the faces of several newcomer contestants, they subconsciously squeezed in the direction of City Lord Blood Demon Burning.

However, these guys have not squeezed in front of the city lord, at least a dozen meters away from the blood demon burn, the Maid Ghost King behind the city lord released a powerful murderous aura, and in an instant, nearly a hundred contestants had not had time to get close. After touching the idol Blood Demon Burning in their hearts, it instantly burst into a cloud of black smoke, which was then absorbed into the body by the City Lord Blood Demon Burning.

Seeing this picture, almost all the participants in the competition stepped back, lest they inadvertently collide with the blood demon burning and attract the killer.

Li Tian, Tang Xiaolong, Xiao Tianyi, and a few of the powerful Li Tianjun regiments' bodies were empty in an instant, and everyone's eyes fell on them almost simultaneously.

The surroundings are extremely quiet, and all the strong are looking forward to what will happen next.

Li Tian, who was chatting with Tang Xiaolong and others, felt the surroundings suddenly quiet, and his gaze fell from Xiaolong to the body of the Chuling City Lord Blood Demon Burning, who was less than a hundred meters away from them. Li Tian felt a powerful force that he had never felt since he came to the ghost domain.

Li Tian couldn't help looking at the city owner seriously.

The Blood Demon Burning does not belong to traditional human beings, but the Blood Demon Race.

The skin of his whole body is crimson, his body is half taller than ordinary human beings, and there is a pair of flame wings behind him, even if he is a dead soul, but his body still keeps him falling. The appearance before entering the ghost domain, the hair on his body is clearly visible.

Seeing Li Tian noticed him, Blood Demon Burning stopped.

He was waiting for this Li Tian to take the initiative to come to him with the other strong men of Li Tian army.

However, Li Tian's sight only glanced at him, and he quickly ignored the existence of Blood Demon Burning, and continued to lower his head to chat with Tang Xiaolong and others, and continued to chat about their respective battles and all the gains during the game that just ended. .

"This guy Li Tian is too big to be seen by people, so I went to teach him again, let him kneel over and greet the Lord of the City!" The Maid Ghost King behind the Burning Blood Demon said with a bit of displeas.

Blood Demon Burning's brows wrinkled slightly, but he stretched out soon, and smiled: "Li Tian is a guy who can kill the strong ghost king. Are you sure you want to go and trouble him?"

"Hehe, I'm bragging! How dare my three-legged cat play an axe in front of adults!" Mai Gui Wang accompanied the smiling face, turning his eyes, and immediately explained: "Perhaps Li Tian is not disrespectful to adults. He just came out of Chuling City and didn't know the adults! Now that the adults condescend to meet him, he will definitely be grateful, and he will definitely be willing to sacrifice his life for the adults!"

Although Blood Demon Burning knew that the Maid Ghost King was flattering, he was still very happy.

"I hope so!"

Blood Demon Fen kept walking towards Li Tian, the distance between the two of them was getting closer and closer, and Li Tian raised his head again and looked at him.

Li Tian didn't know Blood Demon Fen, but when other powerful people around were whispering, Li Tian already knew that Blood Demon Fen was the city lord.

However, sometimes when it's time to pretend, you still have to pretend!

Before, Li Tian and others were anxious to attract the attention and attention of the Blood Demon Burning. Now that the Blood Demon Burning has come outside the ancient city and even mentioned the end of the game, then Li Tian knew that they must have caused the Blood Demon Burning. Pay attention, and their status in the heart of Blood Demon Burning should not be low.

Now is the best time to sell.

"I wonder what your Excellency do?" Li Tian asked.

The Maid Ghost King was angry and said coldly: "This lord is the lord of Chuling City. When you see lord of the city, don't you hurry up to salute?"

Li Tian immediately pretended to be particularly surprised.

"The city lord? It turned out to be the lord of the city. Li Tian and the powerful men of the Li Tian army salute the lord!" Li Tian clasped his fist.

The Maid Ghost King's eyebrows twitched slightly again. He had not had time to get angry, but the blood demon burned back to Li Tian, "Don't be polite, Li Tian, it's the first time for you and your army to participate. You can get such an achievement through the selection of ghosts. As the city lord of Chuling City, I am really pleased. I don't know if you are willing to follow me? I can appoint you and the other strongmen of the Li Tianjun regiment. title!"

Li Tian was extremely excited, and immediately nodded, but his face showed a trace of embarrassment, "But... back to Lord City Lord, I still have a few requests that require Lord City Lord's consent, otherwise I can't agree to please forgive me!"

"If you have any request, just speak up!"

"The Lord Entering the City has agreed, so I have something to say! I want to kill a few small characters..."

Chapter 5225: Li Tian's Revenge

"That's it?" The Blood Demon Fen said dismissively: "If you want to kill anyone, just do it. With your current cultivation base and strength, I don't need me to help you do it, right?"

"No need! Just get your consent!" Li Tian nodded.

"Any other requests? Let's put them forward together!" The blood demon burned.

"My goal is not Chuling City, our goal is to go to a higher level ghost realm..."

Before Li Tian's words were finished, Blood Demon Burning immediately laughed, "It seems that our ideas coincide! Do you think I like to be the lowest-level city lord of Raoshi? As long as we have enough strength, who I don't want to go to a higher level ghost realm! When you finish dealing with the murders first, then we will prepare to go to a higher level ghost realm. We will go straight to the ninth level of the ghost realm to meet the highest ruler of the lower ninth ghost realm-Li Kua father!"

Li Tian, Mysterious Woman, Situ Ningbing and others couldn't help but trembled in their hearts, and there was a hint of joy on their faces at the same time. They came to the ghost domain for two months, and finally they had to wait until this day.

"Li Tian, you should handle your affairs first. After you have finished, you will come to the City Lord's Mansion to find me. Then I will personally grant you, Xiao Tianyi, Tang Xiaolong, Situ Ningbing, Situ Lime, Black Smoke. Tuaner Youdanrou player is titled as the strongest ghost king..." the blood demon burned.

"What?" Li Tian was a little surprised.

He can get the title of Ghost King, it doesn't make any sense, but why can even other people get the title of Ghost King?

And the strength of the mysterious woman can be said to be the strongest, why did she not get this title?

Li Tian saw the mysterious woman's face as usual, as if everything Blood Demon Burning said had nothing to do with him.

As soon as the words of the blood demon burned, the powerful people watching around suddenly boiled.

"What? I heard it right!"

"This... how is this possible? Almost everyone in the Li Tianjun regiment has the title of Ghost King?"

"What happened during the game? Who can tell me!"

"Our attention is all on Li Tian, who would have thought that the strong men of the Li Tian army were so powerful!"

"It's terrible! Fortunately, Lord City Lord ended the game ahead of schedule. Otherwise...we are probably all bad luck!"

Blood Demon Burning did not explain to Li Tian. In the shock of the powerful men, he took the Maid Ghost King and other powerful men from the City Lord's Mansion to leave the ancient city.

Watching the city lord waiting to leave, the other powerful people onlookers breathed a sigh of relief.

When they looked at Li Tian again, their eyes were full of respect and fear.

Ghost King Strong!

The guys in front of them are almost all ghost kings!

The balance of the nine forces in Chuling City was finally broken by Li Tian.

In the future, who would dare to underestimate Li Tian, who would dare to underestimate the Li Tian army.

"Everyone, do you know who Li Tian is going to kill?"

"Kill a few small characters"?

Li Tian's words are very light, but these powerhouses know very well that the person Li Tian wants to kill is absolutely extraordinary.

"It looks like the guys at Senluofang are going to suffer!"

"Yes, those **** idiots dare to be disrespectful to Li Tian!"

"We'd better stay away from Li Tian, he has now got the permission of Lord City Lord, he can kill anyone he wants!"

As soon as it was said, these powerhouses trembled in their hearts, and one after another backed away.

Tang Xiaolong's eyes were filled with excitement.

"Haha, little boss, are we finally going to do it again? Who is our goal?"

Li Tian immediately gave a brief account of Situ Ningbing and Situ Qingning's presence and his encounter with the strong siege of Senluofang during the game. Tang Xiaolong was immediately filled with indignation!

"Damn, Sen Luofang is looking for death! Little boss, let me kill them!"

"And me, I also want to participate in the battle!" Xiao Tianyi smiled.

Li Tian nodded slightly, "Don't worry, you will naturally be indispensable this time! I promise to let you kill enough at a time! But...before this, there is another guy who must die! Go, now follow me back to Chuling City! "

...

The news of the early termination of the ghost trial trials was immediately passed back to Chuling City.

The stewards of the major forces in Chuling City looked at each other, not knowing what happened. However, soon the latest news came back. When they knew that there were seven strong men in the Li Tian army who would be awarded the title of strong ghost king, the stewards of these nine powers were really happy. Several worries.

Of course, no one is happiest than the great Confucians of Shengrufang.

"Li Tian is our ally, the stronger his strength, the more beneficial it will be to Shengrufang!"

"Yes, according to reliable information, our Saint Confucianism was a little helpful to Li Tianjun in the game. Our Saint Confucianism and Li Tianjun have had a deep friendship in the battle!"

"It's still our ghost king, wise and martial artist, and met Li Tian in advance!"

The great Confucians gathered together and discussed excitedly.

"Huh! You short-sighted guys, the rise of the Li Tianjun regiment may not be a good thing for us at Saint Confucianism. Li Tianlangzi's ambition, maybe he will find a way to merge with our Saint Confucianism. Then I see how you can be happy. Get up." Qin Hui said coldly.

"Master Qin Hui, I think you should still care about your affairs! According to reliable sources, someone has bought into other powerful ghost servants to be disadvantageous to Li Tian. Those who can do this are also in the entire Chuling City. There are only a handful, we hope it is not Master Qin Hui!"

"Why... how could it be me! Although I look at Li Tian not pleasing to my eyes, he is our alliance, how could I attack him? It's not me! It must not be me!" Qin will be a little flustered, and quickly explained. .

"It's not your best! According to intelligence, Li Tian has already obtained the consent of Lord City Lord to kill other strong people. That is to say, theoretically, he can now kill anyone anywhere..."

The voice of the great scholar fell, Qin Hui fell from his chair with a bang, his body trembled, and there was a ghost in his heart. The other great scholars were not idiots, and immediately knew that

there was definitely something about Qin Hui here, everyone. Deliberately distanced himself from him to show that they were not familiar with this guy.

But at this moment, the strong like Shi Shengtao of Shengrufang had returned.

Qin Hui immediately rushed to Shi Shengtao's side and asked, "Where is Li Tian? Where is Lord Li Tian?"

"Enlighten Master Qin Hui, Master Li Tian has gone to Senluofang after returning to Chuling City. According to his subordinates, Li Tianjun is going to do something against Senluofang!"

Qin Hui took a deep breath and said in his heart: "It seems that my affairs should not be exposed. This is the best way. From now on, as long as I don't provoke Li Tian, this matter will be..."

"However, Master Li Tian once told me that he will come to Shengrufang soon to visit Master Qin Hui..."

Before Shi Shengtao's words were finished, Qin Hui fell to the ground with a thud, and immediately after his body began to twist as hard as possible, then... it turned into a black smoke and scattered around.

"Qin... Master Qin was scared to death..."

An exclamation came from inside Shengrufang.

Chapter 5226: Ten layers of ghost mythical creatures

Senluofang was destroyed!

It was destroyed without any suspense!

The battle lasted no more than an hour from the beginning to the end.

The owner of Senluofang was blasted into slag, and the buildings occupied by Senluofang suffered severe losses. The ordinary ghost experts in the square fled.

Li Tian and the others were safe and sound, and wiped out Sen Luofang with absolute strength and a crushing attitude.

Li Tian originally planned to go to Shengrufang to hang Qin Hui and beat him up, but before he destroyed Senluofang, the three ghost kings of Shengrufang led many great scholars to help, Li Tian It is also indispensable to give face to the three ghost kings and prepare to let Qin Hui off for the time being.

But Li Tian soon learned the news that Qin Hui was actually scared to death by him.

Li Tian had to carry this black pot on his back.

After destroying Senluofang, Li Tian led the Li Tian army's powerful men everywhere with majestic strength!

Yes, they fought from the east of Chuling City to the west of Chuling City, and from the south of Chuling City to the north of Chuling City.

With the exception of Saint Confucianism, the powerhouses of other forces really feel like a Japanese dog.

But he didn't dare to provoke Li Tian, and could only apologize to Li Tian.

Li Tian was content to lead Tang Xiaolong and others to the first hearse!

In Chuling City, the city lord Blood Demon Burning held a grand ceremony to win the title of Ghost King Strong for Li Tian and others.

What surprised Li Tian was that Xiao Tianyi was the first to win the title of Ghost King. Later, Li Tian knew that Xiao Tianyi had already killed a fourth-level evil spirit before he killed a fourth-level evil spirit. Xiao Tianyi has always been very low-key and would not preach to Li Tian everywhere.

The remaining eight powerful ghost king-level powerhouses in Chuling City are all present, congratulating Li Tian and others, the status of the three ghost kings of Shengrufang in Chuling City is also rising.

After the ceremony, Li Tian and others were invited by the blood demon to the assembly hall of the City Lord's Mansion.

Without any preparation, the blood demon burned straight to the point: "Li Tian, now the lower ninth floor of the ghost mythical creature is under strong pressure from the upper ninth floor. It is now time for us to make contributions, so I want to go to the ninth floor of the ghost mythical creature as soon as possible. You recommend to Li Kuafu, the king of the lower ninth floor of the ghost, we will fight with Li Kuafu. It is very likely that we will not return to Chuling City. If everything goes well, we may all be able to become the others on the lower ninth floor. The City Lord, I don't know if you want to!"

"Yes, I don't know if it's time for us to leave, Lord City Lord?" Li Tian asked.

Hearing Li Tian's affirmative answer, the blood demon burned a hanging stone to the ground, and smiled slightly: "It shouldn't be too late. If you don't mind, we will leave in three days. Is that good?"

Naturally, Li Tian and others would not refuse.

Immediately after the city lord Blood Demon Burning, Li Tian and others chatted about the current situation of the lower nine-level ghost domain.

I don't know, after hearing the explanation of Blood Demon Burning, Li Tian knew that the situation in the lower nine levels of ghost realm was not optimistic.

On the eighteenth floor of the ghost realm, the overall power of each layer is increasing. I think that the reason why Li Kuafu was able to kill the ninth floor of the ghost realm in just a few decades and become the strongest king of the lower ninth floor, there is Part of the reason is that Li Kuafu's cultivation talent is very strong, and another part of the reason is that the overall strength of the lower nine layers of the ghost domain is relatively weak.

And now, Li Kuafu has unified the lower ninth floor of the ghost realm and then launched an attack on the upper ninth floor of the ghost realm. However, he has received an unprecedented sniper. At least for nearly 20 years, Li Kuafu has not had any more. The opportunity is one step forward. Every time he leads the strong to attack the ninth floor, almost the entire army is wiped out.

Now the lower ninth floor and the ninth floor are in a stalemate, and the ninth floor has begun to counterattack, and the flames of war have burned to the upper ninth floor.

Listening to the words of Blood Demon Burning, the mysterious woman couldn't help but slightly start to worry about Li Kuafu.

"In that case, why don't we set off now and arrive earlier, so we can help Kuafu as soon as possible!" said the mysterious woman.

The sight of Blood Demon Burning fell on the mysterious woman.

This mysterious woman did not perform very well in this ghost contest trial, but the blood demon burn can clearly feel that the strength of this woman is definitely not simple, and Li Tian and others are particularly in awe of this woman. It even made the blood demon burn that this mysterious woman might be the strongest in the Li Tianjun regiment.

"Don't know your opinions?" The blood demon burned.

"We agree that if we can start now, then we can start!" Li Tiandao.

Now that Litai and others agreed, Blood Demon Burning stopped hesitating and immediately began to make arrangements.

On the eighteenth floor of the Ghost Domain, each floor has a passage leading to the upper floor.

Different channels have different opening methods and time.

For ordinary ghosts, they can only wait for the channel to be opened once in a hundred years before they have a chance to enter the upper level of the ghost domain, but for the blood demon burning, this is not a problem at all.

In the city lord's mansion, there is a transmission channel leading to the upper level of ghost domain.

Everyone was ready and went directly to the portal in the city lord's mansion.

The Maid Ghost King took the lead, and Li Tian and others walked into the portal one by one, and the blood demon burned behind the palace.

With the glare flashing in front of them, Li Tian and others only felt a flower in front of them, and instantly they arrived at the City Lord's Mansion on the seventeenth floor of the Ghost Domain.

At the portal of this city lord mansion, there are two portals, one is the portal to the upper level, and the other is the portal to the next level.

The guard at this level of the portal saw that the city lord of Chuling City had come in person, knowing that the Blood Demon Burning and the others were going to the tenth level of the ghosts, and they did not dare to stop them.

Then Li Tian and others went through the portal, as if they were constantly changing elevators, going up one by one.

Seventeen-story ghost...

Sixteen-story ghost...

...

Thirteenth floor ghost domain...

Twelve-tier ghost domain...

The way is unimpeded.

This is the benefit of the identity of the city lord of the city lord mansion.

Soon Li Tian and others have arrived at the eleventh floor of the ghost domain.

The guards of the eleventh-level ghost realm knew that the Blood Demon Burning and others were from the lowest level of the ghost realm, and involuntarily despised Li Tian and the others,

"Everyone, now the flames of war have been burned in the tenth-level ghost realm. If you go up now, you will most likely become cannon fodder. If you are smart, you should stand still like the strong men of our level. Therefore, I advise you not to die..."

The strength of this guard is not weak. In this ghost realm, although he is titled as the strong ghost servant, his true strength is no longer weaker than the strong ghost king in the eighteenth floor of the ghost realm.

"Now the flames of war have burned to the tenth level of the ghost realm, you, as the powerhouses of the lower nine levels of ghost realm, don't work hard for the lower nine levels, I can understand, but your cynicism and sarcasm mean something?" Blood Demon Fen couldn't help but exasperated.

"Hahaha, Lord City Lord, I'm kindly persuading you, but you don't know what's good or bad. The so-called emperor takes turns to do it. Today, when he comes to Li's house, now Li Kua's father is in power. He rules the lower nine ghost realms. After the father's death, naturally there will be other powerful people who will rule the lower nine levels of the ghost realm. We will still be our guards, and we will still be our assholes, what to do with us!" The guard sneered.

"What you said may have some truth. It's just the bird's ambitions? Trash like you is only worthy of being a guard for a lifetime! Lord City Lord, we don't care about their gossip, let's keep going up!" Li It's cold.

"You...you dare to insult me by words, really looking for death..." the guard said angrily.

But as soon as his death word was spoken, a spear suddenly pierced his chest. The guard looked back at the woman standing behind him unwillingly, and instantly turned into a cloud of smoke, completely dead.

The mysterious woman took the spear of heaven and turned and walked into the portal!

A sneer appeared at the corner of Li Tian's mouth, and followed the mysterious woman into the portal.

Chapter 5227: War

Huh!

As soon as Li Tian came out of the portal, a cold light rushed towards his face door, his pupils involuntarily enlarged, but he saw a withered ghost slashing towards him holding a sword.

Yu Guang swept around, Li Tian suddenly found that there was already a mess around him, where there was the tenth floor of the Checheng Lord's Mansion in the ghost domain, and there were

strong men fighting each other around the mysterious woman who had just passed the portal. Several strong people have been surrounded!

"This...what's going on?"

Li Tian was shocked, but his shot was not slow in the slightest!

Do not retreat but advance, one side of the body, escaped the blow of the withered ghost general, and then...

Huh! A ray of red light instantly slashed out of Li Tian's body, and he turned to the withered ghost general!

It was Hong Zhan who was cut out from Li Tian's body!

Consoling the withered bone ghost general is also the primary realm of the ghost king. He never thought that among the strong who came up from the next level of ghost domain, there would be such a strong strength. He subconsciously stretched out the Daguang knife in his hand to block. But the red light directly cut the Daguandao, and then split the withered ghost into two!

At this time, Tang Xiaolong, Situ Ningbing and others had already walked out of the portal behind Li Tian.

Everyone has the same expression as Li Tian.

They didn't expect that the tenth floor of the ghost realm was so unbearable.

Looking around, apart from the two towering portals, one north and one north, there is no more intact building.

There are rubble everywhere, rubble everywhere.

On these rubble and rubble, at least tens of thousands of ghosts have fallen into a melee.

The biggest difference between Ghost Domain and other places is that although the battle here is fierce, there are no corpses on the ground. After all the strong are beheaded, they will instantly turn into a cloud of black smoke, and then completely disappear between heaven and earth.

On the ground, there are very few weapons.

When he first arrived, he encountered such a big battle, and Li Tian was somewhat confused.

His gaze swept around quickly, trying to find the figure of his father Li Kuafu.

However, with devastation and ghosts everywhere, he couldn't find Li Kuafu at all.

"Little boss, what shall we do now? Who is the enemy among these strong men who are fighting?" Tang Xiaolong said.

Situ Ningbing and Situ Qingning also looked at Li Tian.

At this time, the Blood Demon Burning and the Maid Ghost King also walked out from behind the portal.

Seeing the scene of the war before him, the Blood Demon Burning couldn't help being a little surprised.

"This... why is it like this? The last time I came to the tenth floor of Ghost Territory, it wasn't what I am now! Could it be... Could Father Li Kua be defeated?" The blood demon burned.

Maigui Wang said: "Sir City Lord, what should we do now? Now that we rush into the battle, I am afraid that we will become cannon fodder as the lower guard said!"

Blood Demon Burning was a bit hesitant.

He didn't want to become the city lord of the upper ghost realm all the time. He had no chance before, and now with the help of Li Tian and others, it is entirely possible for him to realize this dream.

"My Lord City Lord, keep the green hills and you are not afraid of being burned. As long as we can preserve our strength, we can't say that we can enter the upper ghost realm. At least the lower nine ghost realms will definitely have a place for us. When people are recalled, we will go directly to the eleventh level ghost realm, and we will first occupy the eleventh level ghost realm. If... Li Kua has a chance to fight back and kill the upper ghost realm, then we will follow Li Kua Father kills it together, and if Father Li Kua loses to the upper ghost realm, we will directly take refuge in the upper ghost realm. In this way, this tenth ghost realm is also in our bag!" Mai Gui Wang said.

"Well, you are right!" Blood Demon Fen nodded.

Then Mai Gui Wang went to Li Tian and told Li Tian his thoughts.

As a result, Mai Gui Wang hadn't finished speaking, he was reprimanded and rejected by Li Tian.

Paralyzed, the purpose of Lao Tzu is to come to the tenth floor of the ghost realm and find Father Li Kua, who cares about you!

"Well, you Li Tian, you treachery fellow, if it weren't for the Lord City Lord's wise eyes and beads to appreciate you, would you have today? Now Lord City Lord cherishes you and is unwilling to let yours be damaged here for no reason. Dare to refuse Lord Santo..."

"Fuck your mother! Count your noises! What are you beeping here!"

Before the Maid Ghost King had finished speaking, he felt a strong wave of energy coming from behind him. Then a diamond-like arm pierced his chest. As soon as he turned his head, he saw another diamond arm blasting towards him. His head.

The mighty Maid Ghost King, never dreamed that he would be killed by Tang Xiaolong, an excellent sneak attack.

With a puff of black smoke rising, the Maid Ghost King fell.

In the distance, Blood Demon Burning was taken aback by the situation in front of him.

"It's the opposite, it's the opposite...you..." the blood demon Fen roared angrily.

And at this moment, he saw You Anrou raise the Jihuo Meteor Bow in her hand, and the Yuanyang Extinguishing God Arrow in her hand had been aimed at him, and the blood demon Fen knew the power of You Anrou, and her heart trembled, scared. Turned around and fled into the portal leading to the next floor.

As soon as Blood Demon Burning appeared on the eleventh floor of the ghost realm, he was besieged by the strong of the eleventh ghost realm.

"You are paralyzed, you are only the city lord of the lowest ghost realm, and you dare to be presumptuous in the ghost realm of ours!" At the yelling bells of these strong men, the blood demon burned before he could make a scream. Was bombed into a cloud of black smoke.

Of course, Li Tian didn't know this kind of thing.

At this time, Li Tian led Tang Xiaolong and others all following the mysterious woman.

Don't know the enemy and hate it simple, whoever rushes towards them, Li Tian and others will kill.

These seven ghost king-level powerhouses cooperate with each other, and their strength should not be underestimated. Even the upper nine-level powerhouses, as long as their cultivation level has not reached the ghost king level, it is absolutely not a big threat to Li Tian and others. However, the stronger the strength shown by Li Tian and others, the greater the number of powerhouses surrounding them. Unknowingly, Li Tian and others have fallen into a hard fight!

"Do you know where my father Li Kuafu is? There are too many enemies to kill at all. What should we do now?" Li Tian asked.

With the assistance of Li Tian and others, the mysterious woman can finally relax.

"You guard me, wait for me to release the trick, and wait until Li Kuafu can feel the spiritual power released by me, then he will naturally come to us!" the mysterious woman said.

"Good!" Li Tian and others roared at the same time.

In an instant, a circle appeared beside the mysterious woman.

Li Tian, Tang Xiaolong, Situ Ningbing, Black Smoke Tuan'er, Situ Lime, You Dark Soft, Xiao Tianyi, and three small Yashas surrounded the mysterious woman in the center.

The mysterious woman plunged the spear of the heavenly spear violently into the ground, and the spear tip of the spear of the heavenly spear faced the sky. As the spiritual power of her body continuously poured into the spear of the heavenly spear, the spear of the heavenly spear instantly There was a burst of lightning.

Chapter 5228: Get stronger together

After Li Kuafu came to the ghost domain, he started his journey to dominate the ghost domain.

In the first thirty years of coming to the ghost domain, Li Kuafu everything went smoothly. With his talent and strength, he quickly flattened seven of the lower nine floors of the ghost domain. Later, Li Kuafu gradually met the strong With strong resistance, he still successfully reached the tenth level of the ghost domain and became the king of the lower nine levels of the ghost mythical creature.

What really made Li Kuafu fall into the quagmire of the swamp was that he overtly began to challenge the ninth level of the ghost domain.

Enemies on this level are unprecedentedly powerful. Li Kuafu led his men and followers, hitting the ninth level several times and were beaten back without exception.

If only this is the case, Li Kuafu can at least rule his lower nine levels of ghost realm, but... during the most recent expedition to the ninth floor, during the fierce battle, Li Kuafu accidentally hit the nine ghost realm. The son of the city lord.

In the war, such things are inevitable, but therefore Li Kuafu also completely angered the lord of the 9th city of the ghost domain, the ghost king Qingshuang!

This Cyan Frost Ghost King was once a powerhouse at the pinnacle of the quasi-god. He entered the ghost domain after his death. The cultivation of the Cyan Frost Ghost King went further. Although he did not break through to become a **** with the body of the dead, he also easily won it. On the ninth floor of the ghost domain, he became the city lord of the ninth floor.

When Qingshuang Ghost King died, his only son fell with him. Afterwards, Qingshuang Ghost King retrieved his son and kept his son with him, lest his son should have any accidents. Unfortunately, people are not as good as the sky, Qing The son of King Frost Ghost was still beheaded by Father Li Kua.

Then...Qingshuang Ghost King was completely angry and sent the most powerful elite in the city lord's mansion to chase and kill the strong like Li Kuafu.

Even though Father Li Kua had returned to the tenth level of the Ghost Domain, the Ghost King Azure Frost did not stop there.

In just one month, the tenth floor of the Ghost Territory was charcoal, the city was destroyed, and Li Kuafu's men and followers died in countless battles, but the ninth floor of the strong are still pouring in continuously.

And so far, Qingshuang Ghost King has not made a move.

If the Qingshuang Ghost King shot, Li Kuafu knew that he might not even have the opportunity to escape to the lower ghost domain.

"My lord, we won't be their opponents at all if this continues. Why don't we retreat to the eleventh level of the ghost realm, and then reincarnate directly through reincarnation, so it's better than fighting here and being beheaded and disappearing forever!"

"My lord, you can't fight anymore! If you continue to fight, the brothers who follow you will die desperately. I'm afraid I won't even have a chance to escape!"

After Li Kua's father beheaded a powerful junior ghost king, he was surrounded by several of his subordinates.

These subordinates whirled tears and bitterly persuaded Li Kua's father, hoping that Li Kua's father would listen to their advice and lead them to reincarnation, in the hope of a comeback in the next life.

Li Kua's father had already gotten red, but where did he listen to the advice of these brothers, he was still fighting.

Om~!

In the air of the sky, a strong energy wave suddenly spread.

The thunder-like voice in the sky slowly came from far and near, "The ghost king of Cyan Frost City listened to the order and immediately blocked the portal from this level to the next level of

ghost domain, and other powerful people began to look for Li Kuafu's figure must be killed by Li Kuafu!"

Hearing this voice, the strong men around Li Kua's father couldn't help but tremble slightly.

"My lord...If you don't leave, it will be too late! The Ghost King Azure Frost is already here! And...according to the information, Ghost King Azure Frost invited the other two city masters from the eighth floor and seventh floor of the ghost realm this time. In any case, we cannot be their opponents!"

"My lord! We are not greedy for life and fear of death, we just don't want to see heroes like adults fall completely!" The powerful men fell to their knees with thumping and thumping, but they all said this Li Kuafu.

Li Kuafu's eyes were filled with endless reluctance and unwillingness.

Rebirth twice, beheaded twice, but he has never been so happy as in the ghost realm. Now, asking him to retreat to the lower ghost realm, asking him to abandon these brothers who fought with him, Li Kuafu felt that he couldn't do it at all.

At this moment, Li Kuafu suddenly felt a faint and strong spiritual wave from a distance.

Feeling this spiritual power fluctuation Li Kuafu's body was startled, and subconsciously rushed in that direction.

...

The spear of the heavenly spear in the mysterious woman's hand was continuously releasing lightning.

Every lightning bolt has at least the thickness of a bucket, and every lightning bolt carries an aura of destruction.

Around the mysterious woman, ghost realm powerhouses constantly rushed towards her, but before these powerhouses rushed to the mysterious woman's side, they were instantly killed by that powerful lightning.

Li Tian is already watching it!

He never thought that a mysterious woman would be so powerful!

Among those strong men who rushed over, even the weakest cultivation base is strong. The eighteenth-level ghost servant strong man in the ghost realm is strong. The slightly stronger guy is almost the junior ghost king realm, and there are more powerful ones. It is stronger than Blood Demon Burning.

But no matter who it is, once these powerhouses rush over, they will be killed by lightning immediately.

Amazing!

It's not so awesome.

Tang Xiaolong, Situ Ningbing and others all looked at the mysterious woman in a daze.
and many more!

Li Tian suddenly felt something was wrong!

As the lightning released by the mysterious woman continued to kill other powerful men, Li Tian felt that the aura of the mysterious woman was constantly weakening.

This kind of weakening may not be so obvious, but for a god-level powerhouse, it is a slight weakening that may determine life and death.

Whoosh!

Whoosh!

Whoosh!

A continuous figure flew over from the distant sky.

It's Li Kuafu!

When Li Kuafu felt the spiritual power fluctuations of the lightning, he knew that it must be a mysterious woman.

When he flew up and saw the sight of countless lightning flying from the Qiong Lance of the sky, Li Kuafu could finally be sure that she was here!

Whoosh!

Li Kuafu fell a hundred meters away from the mysterious woman and slowly walked towards the mysterious woman.

"You came?"

"I'm coming!"

The moment the mysterious woman saw Li Kuafu, she took the spear of heaven and walked towards him slowly.

"You shouldn't have come here, this is a ghost domain!"

"You shouldn't stay in the ghost realm. Even if you are born again and die a hundred places, I will wait for you again in the Ten Thousand God Mountain!"

"I know! If I want to go to the Wanshen Mountain to find you, the best way is to have a better chance of reincarnation when I rebirth, so I can only find a way to rule the ghost realm... Unfortunately, I failed! I did not become The hero who rules the ghost realm!"

"You have not failed, you will always be a hero in my heart! Even if we can't rule the ghost domain, even if we are just born in ordinary people, as long as we can be together!"

"But... when I was born again for the second time, my memory of you has almost disappeared. I married and had children in the earth world, and I betrayed you..."

"That's not your fault! You see, he is here too!" The mysterious woman withdrew Li Tian.

Seeing Li Tian, Li Kuafu's pupils involuntarily enlarged, and he was surprised at first, but this kind of surprise disappeared quickly, because he saw the blue frost ghost king, the scarlet ghost king, and the yellow tooth ghost king have slowly fallen to the ground. Surrounded them all.

"Hahaha, the family reunited in the ghost realm. This is really a moving picture! But..." A burst of anger suddenly appeared in the eyes of the ghost king Cyan Frost, and the anger was violent, "But Father Li Kua, you dare Killing my son, you made me lose my beloved son. Today I can only make you suffer this kind of pain!"

"Cyan Frost, do these garbage characters still need us to take action? With the strength of you and the elites of Cyan Frost City, you can kill them easily!" Crimson Ghost King laughed.

"Be careful to make the Wannian Ship, I will never allow them to escape from here this time, so please also ask the two ghost kings to help me!" Qingshuang ghost king said.

"Good talk! Good talk!..."

...

Li Kuafu has come to Li Tian and others.

"My father..."

"Now don't say anything, everything is up to me!"

"I am a ghost. In the ghost domain, I only have the only chance to get out of the ghost domain, such as rebirth and rebirth, but now this level of ghost domain has been blocked by them, so I must not escape today, but you are different, you Several of you are still alive, you can fly into the God Realm..."

"No! Father, I must save you from here! Void Yasha..."

"Master Li Tian, I'm sorry... Ghosts can't enter my space!" Xukong Yasha said.

"Shut up, the strength of these three ghost kings far exceeds your imagination, don't have any hesitation, immediately soar..." Li Kuafu said angrily.

Li Tian did not expect that he would meet his father Li Kuafu under this situation, nor did he expect that he would have to separate again when he saw Li Kuafu, and...this time separation might be their farewell!

"Kuafu, I will stay!" The mysterious woman said with firm eyes.

"No, you can't stay, I don't want you to stay!"

"Haha!" The mysterious woman smiled bitterly, and then said: "If I can, I would rather fall with you ten thousand years ago, and then we will enter the ghost realm together, reborn together, forget all the grudges, forget all the sorrows ..., ten thousand years ago I already missed an opportunity, this time, I will definitely not miss it!"

Li Kuafu is not insisting either.

"Then we, together!"

"Father, I want to stay too! I have a magical weapon, I have a great dragon... I..."

Li Tian suddenly released the wild blue dragon, and the spiritual power Longwei on the wild blue dragon began to press down uncontrollably.

He wanted to tell Li Kuafu in this way that his son Li Tian is now very strong.

however.....

boom!

The yellow-toothed ghost king's figure appeared like a flash of lightning. It instantly appeared in front of the wild blue dragon, hitting the wild blue dragon with a punch, and then... the figure of the wild blue dragon only shook for a few times before it changed into a ball. Spiritual power, drifting around.

"Hahaha, I didn't expect to see the wild blue dragon in the ghost realm. It's a pity... it's still too weak. If it's a wild dragon, maybe I will be afraid!" The yellow-toothed ghost king was suspended in mid-air with his face. There was a hint of pride on it.

Father Li Kua shouted to Li Tian, "Let's go! Ascend immediately, or it will be too late..."

At this time, Li Tian finally knew the true difference between him and the upper nine-level ghost king powerhouse, his tears involuntarily flowed down, gritted his teeth and said, "Go..."

boom!

The surging spiritual power was released from Li Tian, and dark clouds suddenly moved in the sky of the ghost domain.

boom!

Situ Ningbing, Tang Xiaolong, Situ Ningqing and others released their spiritual powers to trigger the catastrophe.

"Father Li Tian...bye..." Xiao Tianyi had a smile on his face, crying and waving to Li Tian, who was already flying slowly.

"Hahaha, I didn't expect that I could also see the sky ascend in the ghost domain...Unfortunately, you want to ascend in front of us, it is simply a daydream!" Qingshuang Ghost King rushed towards Li Tian.

"Xiu will hurt my father!"

Little Tianyi roared, his feet were a little on the ground, and he rushed towards Qingshuang Ghost King.

"Oh? This little thing has the blood of the strongest Ghost King... It's a pity... let you be my cultivation base!" Qingshuang Ghost King rushed towards Xiao Tianyi, intercepted Xiao Tianyi in midair, and pinched it with one hand. He held his neck and directly pressed Xiao Tianyi to the ground.

boom!

A cloud of cyan smoke covered the Blue Frost Ghost King, and the wheel covered Xiao Tianyi...

"Damn it!"

"Little Tianyi!"

Li Tian and others roared.

"Hey, at this time, do you still have time to care about others?"

The voices of the red-faced ghost king and the yellow-toothed ghost king suddenly sounded in the air.

Immediately afterwards, Tang Xiaolong fell from the sky like a broken kite.

"What's the matter? Tang Xiaolong..." Li Tian said in shock.

"Li Tian, you must ascend successfully, you must survive!" The dark and soft, who was ascending with Li Tian, suddenly reached out and embraced Li Tian, kissed Li Tian's cheek forcefully, and then she pressed hard. Li Tian pushed to the sky, while she drew a bow and arrow in mid-air, and shot at the yellow tooth ghost king!

Whoosh!

The Yuanyang Desperate Arrow flew out, but the yellow ghost released by the Yellow Tooth Ghost King changed its direction.

Whoosh!

The Yellow Tooth Ghost King banged his palm on You Yinrou's body, and sneered: "Little girl, you are not playing bows and arrows like this!"

Li Tian's tears couldn't stop flowing down!

In just a few seconds, Tang Xiaolong, You Anrou, and Xiao Tianyi had been severely injured, and they did not know how to die.

The two powerhouses, Li Kuafu and Mysterious Woman, were already surrounded by the elites of Blue Frost City.

Situ Qingning looked at the sky gate that was already visible in the sky, and reached out to push Situ Qingning to the sky.

"You are me, but you are not me either. With my faith, live bravely!"

After speaking, Situ Ningqing forcibly reversed the body that was constantly being upper body, and rushed towards the Scarlet Ghost King.

"Master Li Tian...Master Situ Ningbing, let me see you off at the end!" said the black smoke group.

Rumble!

The dark clouds in the sky are rolling more and more fiercely, and the whole body of the black smoke group is constantly changing, changing into a thick layer of black smoke, and in this black smoke, the flames are constantly shining, but It's crimson magma!

"Hahaha, if you want to stop Master Li Tian from ascending, you will have to pay a heavy price!"

As soon as the voice fell, the black smoke group's body changed into a black smoke continuously flowing down with hot lava, as if a crack suddenly appeared in the sky, and it continued to fall.

These magma contains powerful divine power, and those strong in the ghost domain, once injured by this crimson magma, they will instantly change into a cloud of black smoke and disappear.

Li Tian and Situ Ningbing continued to soar upward, and because of the black smoke, the three ghost kings were blocked below.

"Black smoke ball!"

Li Tian gritted his teeth and endured the grief in his heart.

At this time, his body had already flown above the dark clouds, and the heavenly gate was within reach.

But at this moment, a cyan light, a yellow light, and a red light shot up from different directions at the same time, and instantly pierced the black smoke cloud into the magma cloud.

"Li...They all..." Situ Ningbing wanted to say something, but she couldn't say it in choked up.

Li Tian wiped his tears, gritted his teeth and said: "Let's go! I want to take them to dream of becoming stronger together..."

Li Tian joined hands with Situ Ningbing and stepped into the Tianmen...a group of strong lights flashed in front of him...the two disappeared instantly...

Chapter 5229: Step into the God Realm

The whole world was suddenly dimmed, and Li Tian escaped into the darkness.

Before his eyes, it was like an endless world of reincarnation.

He originally held Situ Ningbing's hand tightly, but at the moment of retreating into the darkness, that strong force separated the two alive... Now he fell like a stone towards the endless darkness Go down!

"Is this the world after death? Am I going to die too?" He asked himself in his heart, without any emotion, like a robot that had been completely numb and became cold and merciless.

The companions died one after another, and Li Tian felt that he no longer had any livelihood.

In front of him, a little light slowly appeared, reflecting his indifferent, numb cheeks, and his eyes were blank, just like the machine looked at the world in front of him dumbly.

When the light spreads a little bit.

He is in a coma!

Time passed slowly like flowing water.

I don't know how long it took before Yang Chen finally woke up slowly... When he was sober in a strange world, a kind of weakness, pain, and despair instantly appeared in Li Tian's heart! !

He suddenly opened his eyes, and another world appeared before his eyes.

The Qionglou Yuyu towering high above the sky, the gods, monsters and animals that have never been seen before, and the very rich aura in the air, the country is beautiful, the birds and flowers are scented, and it looks as beautiful as the heavens.

All this still couldn't move Li Tian.

He was lying on the ground, just staring at everything in the air, silently, letting time flow.

Even if his body was torn, he couldn't wake him up.

As early as when he escaped into the void, he had already suffered heart-piercing pain, but for him, this pain was far less painful than the demise of his relatives and brothers. With a little faith, he even wanted to die like this, and no longer wanted to look at the world in front of him that made him feel guilty and painful.

Time passed unconsciously.

Li Tian slowly lost consciousness, and in despair, forgot everything...

God Realm, he is here! !

It's just that he has no friends anymore... no relatives... even Situ Ningbing who soared up together has completely disappeared!

This has become a strange world! !

...

"Doctor, how is his situation?"

"The patient is not seriously injured and dying, but in a state of despair. He seeks a closed environment, and the body instinctively opens this state of suspended animation. It looks like he has died, but it is actually A state similar to hibernation, he just doesn't want to accept the cruel reality."

There was a strange voice in Li Tian's ear.

Then, the old man, who was very old at first, said, "I don't know why you became the way you are now, but now that you have reached the God Realm, you must have given up something. Life is like this. If you get something, you are destined to lose something. , But if you continue to lose weight like this, there will be no chance of recovery."

In the next few days, the old man has been enlightening Li Tian.

Knowing the reason for Li Tian's state, he tried every means to enlighten Li Tian.

And Li Tian also learned in the state of suspended animation slowly, this is the so-called God Realm! ! Where there is a god! !

Until one day, he opened his eyes and looked at the old man: "Can you really save my brother? My love?"

"Of course." The old man looked at Li Tian with a smile, and finally heaved a sigh of relief: "The God Realm is the place where the strongest among all planes gather. There are countless miracles born here. Resurrection is not a difficult task."

"What should I do?" Hope instantly ignited in Li Tian's deadly heart. If the God Realm really has a way to save those dead partners and friends, then even if he loses his life, he must fulfill his wish.

"Although the God Realm has such a powerful force, it is not that simple to do it." The old man looked into Li Tian's eyes and said, "Yun Li, a strong man in the God Realm, you want to revive your friends. We must strive to become the most powerful existence here, the supreme **** emperor, and master of the lifeline of this world, can naturally do it easily."

"Divine Emperor?" A confident smile appeared at the corner of Li Tian's mouth. He also went from being a weak person to being the strongest existence on earth. Now when he comes to the God

Realm, everything starts from the beginning, but he still believes in himself. It is not an unattainable dream to become a high emperor: "Senior teaches me."

"Hehe, I'm not a senior." The old man smiled and shook his head, looking at Li Tian and said: "There are also many people who are tired of practicing in this ***** realm. They start to pursue the peaceful life of mortals, so there is The existence of this kind of villages and towns, slowly, there will be many ordinary people in the God Realm, and I am one of them."

"you....."

"Yes, although I am in the spiritual realm, I have never practiced, just an ordinary woodcutter." The old man smiled wryly and patted Li Tian on the shoulder: "Seeing you lying down On the side of the road, I brought you back. Now that I see you have improved a lot, it was enough to make me breathe a sigh of relief."

"You are by my side, have you ever seen someone else?" He thought of Situ Ningbing, and he was able to ascend into the God Realm, what about her?

"There are countless entrances to the God Realm. When I found you, you were the only one. Your companion must have been separated from you." The old man saw a flash of loss in his eyes, worried that he would fall into that again. In an uncontrollable situation, he hurriedly comforted: "But you will meet soon. Everyone who comes to the realm of the gods needs to obtain the gods in the main city."

Hearing that they need to obtain a godship, Li Tian immediately started to do it.

The woodcutter hurriedly stopped him in a hurry: "Even if you go now, no one will pay attention to you. There will be a period of time every month to register the gods of practitioners who have ascended to the gods. Shi is about two weeks or so. You can live with me first and get acquainted with the environment of the God Realm. Unlike the world before you, there are many rules in the God Realm that you may not accept."

Li Tian didn't know what the woodcutter meant, but he had enough trust in the woodcutter in front of him.

After slowly calming down, he also felt that it was not a good choice for him to go to the main city in such a hurry. He didn't even know his current strength.

A place like the main city must be a place where many powerhouses in the entire God Realm gather. When you arrive there alone, if you ask others to see what is on his body and covet it, then it will be troublesome.

It would be better to stay here and practice for a while while collecting some information about the gods.

After figuring it out, Li Tian nodded: "Thank you."

"We ordinary people in the God Realm usually have nothing to do with the world. We don't have to worry about food and clothing. It's not too difficult to save someone back." The woodcutter waved his hand and responded with a smile: "We all believe that good people are rewarded. Maybe By doing this, I am asking for the blessings of those high gods."

Li Tian didn't say anything, but he kept the woodcutter's voice in his heart.

When one day I am mixed here, I must repay the woodcutter.

"Okay, you haven't eaten for a few days, let's eat something quickly." While speaking, a girl who looked like a seventeen or eighteen year old brought a bowl of hot porridge and put it in front of Li Tian.

Chapter 5230: New world, new rules

Li Tian looked at the simple girl in front of him, just like a woodcutter. There was no metaphorical emotion on her face at all. She was completely close to him as a relative, and looked at such a girl. , His mood also eased a lot in a short moment.

"What's your name?"

"Reading like frost." The girl responded.

"Shuang'er's parents disappeared many years ago. This child has been by my side since childhood and has suffered a lot." The old woodman said bitterly, looking at Li Tian.

Although Li Tian didn't ask anything more, he knew that Nian Rushuang and the old woodcutter's voice and appearance are not much similar. It seems that they are more or less similar to his own experience. You should be fortunate to be able to meet Laoqiao in your life A good person like your husband will reach out to help you when you are in distress. Now this world rarely encounters such a person.

Although the God Realm still doesn't know what kind of world it is, the people who want to come to ascend from the lower realm are more or less infected with a lot of faults in the lower realm. People like the old woodcutter are really rare.

"I haven't asked your name yet."

"If you don't mind, just call me Cangye." He patted Li Tian on the shoulder, and said cheerfully: "This town is only two days away from the nearest Luoyang city. You can rest assured here. , Wait until the time has passed, just stay here this time to take care of your body."

"Master Cang, thank you." Li Tian said from the heart, but the frost on his face has not faded. Even if he knows that the two people in front of him are good people, he still can't control his emotions well.

Master Cang glanced at Shuang'er, and then said to him: "You will drink this bowl of porridge, and wait for your health to get better before you eat something tonic. Even a cultivator will do the same without eating or drinking. If you can't bear it, Shuang'er and I won't stay to disturb you. If you want, you can walk around the town more. The people here are still hospitable."

After Master Cang and Shuang'er left, Li Tian sat up.

First I closed my eyes and frowned and felt it.

After he soared to the God Realm, the power in his body seemed to have undergone an extremely huge change. Although it was still unclear where the change was, it was obviously stronger than before.

He glanced at the millet porridge placed in front of him, picked it up, and slowly swallowed: 'The taste is good. '

After eating a little bit, he immediately began to enter the state of cultivation. The spiritual energy of the gods was very full. Although it was only a few minutes, it was more effective than cultivating on earth for a few days. This shows that he If he was born in the God Realm before, it would not take long to reach his current strength, and he couldn't help but feel helpless.

I tried my best to be afraid of reaching the God Realm, only to find that the people here can easily equal their own strength with a little effort.

This is really unfair.

After practicing in this state for half an hour, Li Tian left his room.

The town is really harmonious. You can see that many people live like ordinary people. They move a small stool and sit on the big tree at the entrance of the town. A group of people chat and play cards. It looks very harmonious.

However, some people soon discovered the exception of Li Tian.

It was a middle-aged man wearing a gray robes with a gray-headed face. When he saw Li Tian, he immediately smiled: "You are the kid that the old man brought back before. It seems that he has recovered very well."

"I remember your voice."

"Haha, it seems that my voice is very good." The middle-aged person is not someone else. It is the voice of the doctor who treated Li Tian before. He remembers it clearly, so even if he doesn't know the other person's appearance, he just listens like this When the voice came, I quickly judged: "I originally thought that if you were immersed in your own world and couldn't extricate yourself, even if the old man worked hard, I was afraid that there would be no way to save you."

"Master Cang has helped me a lot, and I will always remember."

"This is the best way." The middle-aged man came over, patted Li Tian on the shoulder, looking at this solemn expression, some young people who refused to be thousands of miles away: "Since you wake up from your own world, you must have Get rid of the previous obsession, have you ever thought about what you are going to do next, the God Realm is so big, you should always have a little plan now?"

"Cultivate and become the strongest person in this world."

"Become the strongest person in the ***** realm?" The middle-aged man was taken aback for a moment, and then laughed out loud as if he heard a joke: "You have never even understood this world, and now you want to be the strongest person in the ***** realm. There are countless people who have ascended since ancient times, but in the past thousands of years, few people have been able to touch the threshold of the ***** emperor, and only those strong who have sat on the throne of the ***** emperor tens of millions of years ago have never changed."

"No one does not mean that there will be no one, and I will be the exception."

"I hope so, but depending on your current state, it will take a long, long time to become a ***** emperor, and if you don't have the right opportunity and understanding, you can't achieve that kind of achievement." A middle-aged man in Li Tian Sit down in front of him and said, "I'm here to help you understand the rules in the God Realm..."

Then, he began to tell Li Tian the rules in this world.

And Li Tian was also worried that he could not find anyone to tell him useful news these days in the small town, so when he heard this guy preparing to tell him these things, he immediately became very interested and very serious Listening.

There are countless main cities in the God Realm.

The territory is vast. It is said that tens of millions of years ago until now, no one really knew where the end of the God Realm was. This place was even larger than a universe. On the other side of the remote coast, no one knew what kind of creatures existed.

But in the limited territory, Kaiyan City is worth mentioning.

Known as the empire that the sun never sets, it is said to have experienced dozens of wars between gods and emperors, and it still stands in the gods today.

Every cultivator who ascends to the God Realm must visit such a place.

Li Tian, who received this news, also had hope in an instant.

If he could also go to Kaiyan City, wouldn't he be able to meet Situ Ningbing?

The feeling of loneliness is always very uncomfortable.

In addition, there are many other cultivation systems about this world, and so on. The middle-aged person is like a teacher, teaching everything a little bit to Li Tian.
