

A Killer 5231

Chapter 5231: You are looking for death

"Why did you tell me this?"

"Hehe, I also saw how I was when I was young. Maybe it's because I did a lot of wrong things back then. Now I don't want you as a young man to step into the same old path as me, so I want Change something." The middle-aged man looked at Li Tian with a smile, and said: "The God Realm looks very beautiful, but in fact this is a world where the weak and the strong dominate. Without sufficient strength, it is difficult to protect yourself."

"There is no pure land in the world. No matter where you are, you will suffer from the weak and the strong."

"Yes, don't look at you now at the realm of ***** cultivation, but you still don't count as much in the ***** realm." The middle-aged man looked at Li Tian with a cold face and said, "But your current strength is at least as high as the main city. There should be no problem in entering the Divine Register. As long as you are more careful and don't make trouble yourself, it will naturally be easier."

"Hey, you old ***** stick is starting to talk nonsense here again." Just as the two were chatting, they saw a drunk man walking all the way, looking at them with disdain, and snorted coldly: "It's really the most interesting thing for me to say that you, the waste boy, are listening to the old ***** stick bragging here."

Li Tian squinted his eyes, and the drunk-looking man in front of him had a sloppy look, but the expression on his face looked so real, not like he was talking nonsense to you.

He frowned, snorted coldly, and walked over slowly: "Who do you think is the junk boy?"

"What about you?" The man also looked arrogant. Looking at Li Tian, he didn't know what fear was: "If it wasn't for the old man to rescue you, the waste boy, now you are crawling on the street. I dare to come and pretend to Laozi, thinking I'm afraid you won't make it?"

Li Tian clenched his fist, the expression on his face became more and more serious.

Seeing his expression, the middle-aged man hurriedly stepped forward and pressed his shoulders, and whispered: "Don't mess around, this guy's strength is ahead of you, you won't take advantage when you start."

"You see, this old ***** stick has more clever eyes than you. He knows who can do it and who can't do it, but you don't know yet." The man is obviously also in control of Li Tian's actions. Just as the middle-aged man said, the strength of this guy is probably about the spiritual cultivation. It looks like he is drunk, but in fact he is very sensitive to everything around him.

His gaze was always looking at Li Tian, but the smile on his face looked more like he hadn't put the Li Tian in front of him in his eyes.

"I really want to know how good an alcoholic can be."

"Smelly boy, I advise you not to think about fighting with me. If it wasn't for the newcomer to offend people, I wouldn't have fallen to where I am now." The man's eyes showed a fierce killing intent, staring at the person who wanted to do it. Li Tian said threateningly.

"Indeed, although the two of you are both in the realm of spiritual cultivation, this guy is not something you can deal with. Go away." The middle-aged man pressed Li Tian for fear that this young boy would conflict with the man in front of him: "Zhang Yang, Why bother with a younger generation, if you drank today, I will assume that you have never said anything."

"Hmph, you want to trouble me, but you guy doesn't have the courage." Zhang Yang curled his lips in disdain, glanced at the middle-aged man, and swayed to leave.

But Li Tian took a step forward.

Then he stood in front of Zhang Yang.

"What do you want to do?"

"What do you say?" Li Tian squinted his eyes, looked at Zhang Yang, and chuckled: "I have seen many people say that to me, but their fate is far worse than you think. I also have an idea today and I want to see it. It depends on your strength."

"You must know how to be grateful. I let you go just now, but you are blocking my way now, it's not right." Zhang Yang still looked dizzy, but his eyes were obviously murderous, and he had an extra hand. The strange-shaped dagger looks like the Big Dipper in the sky.

"Come and give it a try, I also really want to know which of us wants to be stronger." Li Tian ignored the middle-aged man's advice. For him, what if the publicity in front of him is really above his own realm. If he wants to do something, no one can stop him, even if the publicity in front of him has a strong advantage in comparison with his own strength, it doesn't matter.

In the small town, all the other people were staring here at this time, and one or two people knew the details of Zhang Yang, and now they rushed to find the old man.

The middle-aged man wanted to stop, but when he saw the expression on Li Tian's face, he stepped back.

Zhang Yang also looked at Li Tian. He also thought that the young man in front of him, who had just arrived in the God Realm, should not dare to do it with himself easily, but who would have thought that this kid was still a stunned boy, and he didn't care about it. This look is obviously no way to refuse today this one.

"You can think about it, do you really want to fight me?" He looked at Li Tian, with a grinning smile on his mouth, and said with some disdain: "I have seen many self-righteous young people, but they are all defeated. In front of me, you must learn how to behave with your tail between your tails in the God Realm, otherwise the enemy will make you feel real pain."

At the moment when Zhang Yang was still talking, Li Tian moved.

His figure skipped the middle-aged man in an instant, and rushed towards Zhang Yang, like a small train, with an unparalleled aura, and rushed towards him without hesitation.

With a raised eyebrow, the weird dagger in his hand was waving, lighting up a weird blue flame.

"You're looking for death." He yelled, and the weapon in his hand was cut towards Li Tian's cheek without hesitation, with a serious look. Obviously today's battle will not end so easily. Li Tian's expression was still so calm as he rushed towards the enemy, it seemed that the scene that happened before him seemed to have nothing to do with him.

The moment the blue flame was cut down, it was like a prairie fire, and it became much stronger in an instant.

A powerful aura instantly enveloped the entire town. Many ordinary people couldn't help but want to crawl on the ground at this time. They didn't have any power in themselves. The battle between two powerhouses of the **** cultivation level was seen by them. Come is already very tough. If they weren't born in the God Realm, their bodies would be much stronger than those in the Lower Realm, and now they might be torn apart by the strong air current.

But even in this way, it is still not to be underestimated, Li Tian's combat effectiveness cannot be underestimated.

Chapter 5232: Nether Strong

"In the face of my offense, I can still maintain such a calm and calmness. It seems that this kid should be considered a man with a lot of battles before. I didn't expect that one day I would look at him." Seeing the calm Li Tian, Faced with an opponent who did not reveal any flaws under the powerful attack, Zhang Yang whispered, and the drunkenness in his eyes disappeared a lot.

He knew that the young man in front of him might be different from the young people he met. In comparison, Li Tian in front of him seemed to be more serious than them.

And also a guy with a lot of combat experience.

Combat experience usually represents the most critical aspect of whether a person is strong or not. Even if your cultivation is already high in the eyes of others, your lack of combat experience will prevent you from making good use of your advantages. In this way, the final result is still a failure. Throughout the ages, it is no longer known how many such endings have been.

Li Tian in front of him, from his current state, can be seen as a tough stubble that has experienced many battles.

Most people in the gods are nervous.

But Li Tian is even more outstanding.

Looking at You Huo, he actually smiled. His body didn't mean to stop, and he ran into You Huo directly. Then, in the expression of surprise, a group of pale white light rushed out, like milky white. The same as milk, but this light is very pure, and the energy inside is also extremely pure.

Zhang Yang couldn't help closing his eyes slightly. This seemingly pure energy had a very dazzling light.

The whole town became brighter in this short moment, and even more than a dozen miles away, you can clearly see what happened here. Li Tian was bathed in this light, and easily bypassed the dagger. A fatal attack, and then a punch fell on Zhang Yang's chest.

'boom'

There was a dull voice in his chest, and it was obvious that publicity was not a good deal.

An energy barrier was condensed on the surface of his body in the instant he attacked and fell.

But even this way, it is still unstoppable.

The power penetrated the energy barrier, even if it was weakened, it still had some influence on him.

Two deep pits were stomped on the ground with his feet, and his body was completely out of control and almost rushed out of the town.

It was also a lot of effort, and then barely managed to stabilize his body, smiled and looked at Li Tian, and said: "I didn't expect you, a little fellow, to let me see it. With such a skillful way of fighting, obviously you are in the lower realm. I had already fought against many supreme powerhouses at the time of the year. People like you soared up and shouldn't be here."

The kings of the lower realm, when they fly to the ***** realm, usually directly enter the main city, and their identities will also undergo tremendous changes.

Unlike normal ascended ones, those strongest in the lower realm will become trusted subordinates of many the strongest when entering the ***** realm, and will vigorously train them.

But these people don't usually rise up.

Right is also a very important thing in their lives. When you become an invincible existence in the world, some people will feel that life becomes boring and unmotivated, but some people will be willing to indulge in this invincibility and begin to transform the world. Everything is in his own hands, so most of the strongest in the lower realm have not ascended up.

When Zhang Yang realized that the combat experience of the boy in front of him was different from that of others, and that the young man had reached the realm of spiritual cultivation, he immediately noticed the difference.

The expression of the middle-aged man also changed slightly, and he even looked at Zhang Yang with some anxiety, as if he was worried about something.

"This has nothing to do with you. It is now a battle between the two of us. In their opinion, I will not be your opponent. After all, you have completely crushed me above the realm, but in my opinion, you have already failed." Li Tian stared at Zhang Yang coldly, there was nothing else in his eyes, only Zhang Yang, the enemy, as if he wanted to brand the enemy completely in his heart.

But Zhang Yang didn't care much about Li Tian's serious attitude.

'Damn, I didn't expect me to find such a baby. Since this kid is the strongest in the lower realm, if I can find someone from the main city, I will definitely get a lot of benefits from him. He already has another calculation in his heart, so that after the powerhouse of the lower realm soars up, there must be many treasures on his body.

Even the treasures of the lower realm are also very meaningful to people who are themselves at the bottom of the gods.

"Do you know that if you exposed your identity, you will soon be murdered, and even the mayor of this small town will not be able to protect you." Zhang Yang looked at Li Tian with a serious expression. , Immediately laughed, and said with a sneer: "You naive kid, I'm afraid that you don't know what is the weak and the strong. As long as others know your identity, you will soon become a bargaining chip in their hands."

The middle-aged man gave a long sigh and said, "Zhang Yang, why do things go this way."

"Hey, are you an old **** stick ready to come out to stir up the muddy water?" Zhang Yang stared at the middle-aged man, but didn't mean to change his mind: "It's not easy to find such a strongest person in the lower realm. I have never found such a person for thousands of years, and even if I don't say anything, someone will soon spread the news to the city lord."

"They won't say it, people in this town won't say it."

"That's your business. I don't care about Lao Tzu's way of getting rich." Zhang Yang said, turning around and leaving: "Boy, you are lucky today, Lao Tzu doesn't want to fight with you."

"Zhang Yang, you dare to take a step out of this small town, I swear that you will die." Cang Ye didn't know when he came here, staring at Zhang Yang, and said very seriously: "You should know that I and the mayor Relationship, if you dare to tell others this news, what are the consequences I don't think I need to tell you?"

"Old stuff, are you threatening me?"

"Even if I am threatening you, you are also a member of this small town. I advise you not to humiliate yourself on this matter." The old man looked at Zhang Yang very seriously. He knew very well if Li Tian's identity was compromised. Everyone knows what will happen afterwards. After those big lords catch him, they will definitely train him to become their own deadman.

This kind of strongest person in the lower realm is the most suitable thing in their eyes to be trained as a dead person who does not care about life and death.

Chapter 5233: Cang Ye's words

Zhang Yang obviously doesn't want to compromise on this matter. After all, he has finally found a treasure. Who wants to give up so easily?

But seeing Lord Cang, the middle-aged man, and Li Tian who looked at him, he knew that he had no other way.

"Hmph, I want to see how long you can protect this kid." The expression on his face eased, and he finally chose to compromise. There is no other way. The mayor's strength has reached the 8th level. The realm is the strongest among them. If he starts his hand, he will not have any chance to fight back.

And because of the relationship between the mayor and Lord Cang, most of them wouldn't listen to him.

Seeing Zhang Yang swaying past in front of him, Li Tian wanted to do something very much, but was blocked by Lord Cang.

"I forgot to tell you before. You shouldn't provoke this publicity. Although he lives in this small town, he is a complete hooligan. He can do everything for his own future. Come out." Master Cang looked at Li Tian with a worried look, and said very eagerly: "You should hurry and leave the town now."

"why?"

"Although I have let Zhang Yang be obedient now, but it's just a little bit of time. I will let the mayor send someone to make Zhang Yang look like. During this time you quickly leave the town and go to someone no one knows. In your place, after some time when the city of God begins to be

naturalized, you can go again, but you definitely can't stay here now." Master Cang sighed and wanted to let Li Tian stay and continue to familiarize himself with God Realm. Side thing, but he certainly can't stay here anymore after such a thing happened.

Now they can only control Zhang Yang temporarily, but it is still very easy for Zhang Yang to stab this matter out, and they can't suppress it no matter what.

Once the high-ranking city masters knew about this, they would soon tell the divine emperor about this matter. At that time, there might be no place for Li Tian in the entire divine realm.

"Master Cang, I... did I get into trouble?"

"Oh, people will always choose some methods that shouldn't be done without knowing anything. It's not to blame you, but now you have to leave here." Cang Ye patted Li Tian on the shoulder, comforting He said: "To tell the truth, I really can't bear you, this little guy. Looking at you, I feel like seeing my own relatives, but for your safety, this can only be done."

"Yes." The middle-aged man nodded with a helpless look: "I never thought that you would be this kind of identity. Lord Cang didn't tell me that you just ascended up, otherwise I will stop no matter what. You, I thought you might have been cultivating here for a while, but it turned out to be like this. This is really..."

"I am indeed the strongest in the lower realm, but after flying up, I will also become the strongest."

"This road is far more difficult than you think. Once the major cities know your identity, they will definitely do everything possible to catch you." The middle-aged man said worriedly: "Every **** emperor's subordinate, There will always be a guard army. These people are all trained by the strongest of the lower realms. They have no emotions, no emotions, and only invincible fighting power."

"If you are caught, that's how you ended up." As Cangye said, he took Li Tian to his home.

Li Tian didn't know what would happen to him, but with his current strength, if the **** emperors really put this mind on him, I'm afraid the problem will be very serious then.

But in any case, he is just a material used to train dead soldiers.

If he disappeared in this small town like this, those city owners would certainly not spend too much time searching for Li Tian. After all, it would be inappropriate to waste a lot of time on someone who didn't know what kind of.

The middle-aged people followed all the way, taking advantage of this time to settle some things.

Li Tian has been listening carefully.

When I arrived at Cang's home, I saw another old man, who looked very majestic, with piercing eyes. At this time, he looked at Li Tian and said, "For tens of millions of years, there have not been many strong people. I am willing to fly up, can I ask you why?"

"I don't want to die."

"Heh, the reason is very simple." The old man smiled and nodded, and said: "From here, you can go west, you can reach Luoyang City. Don't show your true strength when you are in Luoyang City. Things should be kept low-key. An impulsive behavior like yours today can indeed make yourself proud, but you probably have seen what it will end up."

"I will pay it back when I go back."

"That's also a long time later. What you are thinking about now is to survive here and make people not know your identity." The old man is obviously the mayor of this town. It seems that he and The relationship between Master Cang is also very close, so Master Cang can tell her to stand here and look at Li Tian and talk to him: "In the recent period, don't come back here."

"Shuang'er has been by my side for so many years, but she hasn't been able to find her parents. She also wants to embark on this path of cultivation. Master Cang has nothing to do with you, but I hope you can take care of Shuang'er instead of me." The master suddenly looked up at Li Tian and said seriously: "If possible, help her find her parents. This is my wish."

"Master Cang, is Shuang'er willing to leave you?"

"I am not her grandfather after all. I found this orphan on the side of the road back then. Although raised up, this child has always been thinking about his parents in his heart. It is a ***** to stay with me. It is better to follow By your side." Cang Ye looked at Li Tian with a kind expression on his face: "What's more, you don't know much about the God Realm. With her by your side, you can make fewer mistakes. "

Seeing the very kind eyes in this room, Li Tianzhen didn't know what to say.

He was able to meet such a person in the God Realm, it was the luckiest thing in his life.

Seeing Master Cang's hopeful expression, he naturally couldn't refuse. He responded very seriously at the moment: "Master Cang, you can rest assured, I will definitely protect Shuang'er. As long as I'm still alive, I will never refuse. Will make her suffer a little bit."

"With your guarantee, it's okay. Pack your things and leave here immediately. Remember not to mention things here." After Cangye finished speaking, he left with the old mayor.

Chapter 5234: parting

"Master Cang, I...I don't want to leave you." In the old mayor's room, Shuang'er looked at Master Cang with a sad expression, and then at the old mayor, begging: "I want to stay with Master Cang. By my side, I don't want to leave you."

"Silly girl, you still have to find your parents after all, and you can't practice if you stay here. After you pass away, who can protect you?" Cang Ye smiled and touched Shuang'er's head, squinting his eyes. , Said kindly: "There is no permanent banquet in the world. It is enough for you to be by my side these years. Now is the time to look for your parents. I know you have been thinking about this in your heart. , Grandpa also hopes that you can find them instead of staying with an old guy like me forever."

Shuang'er shed tears of sorrow, watching Master Cang's resolute appearance, knowing that he has made a lot of determination to let himself go.

Indeed, she also wanted to find her parents.

But if he had to leave Cangye because of this, he would be totally unwilling.

"Silly girl, even if you leave now, you won't never see Lord Cang. When you find your parents and come back to the town again, you can still see us." The old mayor smiled and glanced at Shuang'er. , Persuaded and said: "You are still young, take advantage of this time to find where your parents are,

maybe they are also looking for you, and Li Tian doesn't know the realm of God very much, you follow him, You two can also help each other. This is what your grandpa and I mean."

Shuang'er still didn't speak, the tears on his face at this time had already swallowed and couldn't say anything.

The expression on Master Cang's face was also a little bit unwilling, but his eyes were very firm, Shuang'er definitely couldn't stay here.

"Hurry up and pack your things, you must hurry up and leave here with Li Tian."

"Woo..." Shuang'er cried, did not say anything, just turned around and left like this, looking very sad.

The old mayor sighed long: "Why don't you tell them the truth."

"A person's state of mind is the most important thing. If this causes him to fall into the abyss of hatred again, I don't think he will ever become the **** emperor of the gods in his life." Cang Ye smiled and looked at the old mayor and called out. Tone, it seems that my heart is pressing on something very depressing: "It's just that I didn't expect you to support me as always on this matter."

"Because I and you have the same opinion, we are a group of old guys, life and death are worry-free, but that kid is the strongest in the lower realm, and the future is limitless. If so, let those **** emperors catch brainwashing, really It's a very regrettable thing, and I also really like anyone who dares to be a brave kid." The old mayor said.

...

Naturally, it is impossible for Li Tian to have what happened inside the town. At this time, he had packed his things, nothing more than some entanglement and dry food.

Soon, the frost on his face, with tears on his face, arrived with his own things.

She looked at Li Tian with a very real sadness in her eyes, but she said nothing.

"Master Cang asked me to take care of you. I promise here that no matter what happens in the future, I will never hurt you a little." Li Tian looked at Nian Rushuang seriously, as if he was taking his oath. .

"Grandpa won't come to take us away, he told us to leave immediately."

Li Tian frowned. He wanted to say goodbye to Master Cang. At this time, he nodded helplessly, and took Shuang'er away with heavy steps.

They did not leave very quickly, after all, they missed it in their hearts.

But very quickly, he walked out of the town and slowly disappeared from sight.

At the entrance of the small town, the old mayor held a strangely colored rope **** in his hand.

"Hmph, I have already sent a signal, they will be here soon, do you think those people will not find where the little guy is? You two are tossing so much, just in vain and easy." Zhang Yang's eyes are bright. Looking at the old mayor, with a greedy expression on his face, he said: "As long as they find Li Tian, then I will be rewarded for it and return to the original state again."

"Look at what you look like now. You look like a running dog. A person like you deserves to be a cultivator?" Cang Ye looked at Zhang Yang and said with disdain.

"In this world where the weak and the strong eat the strong, it is always necessary for some people to sit on me, otherwise, where are so many strong people?"

When they were talking, Li Tian had no idea where he was going, and the town was already enveloped by a golden light at this time. Countless soldiers from the gods who wore black profound armor descended from the sky. The leader was a white sword. The middle-aged man with white hair and thick eyebrows, with an epee on his back, set his eyes on Zhang Yang who was at his feet, and asked, "You are the one who heard the news."

"Shangxian, it's me... it's me." Zhang Yang saw the middle-aged man, immediately knelt on the ground, and said very eagerly: "They don't know where the kid is arranged, and they can get news from them. ."

The middle-aged man's eyes fell on the old mayor and Cang Ye: "Where is he."

"You don't need to ask me anymore. If you want to know, you can find it yourself, but it is absolutely impossible to get a little bit of news from me." The old mayor stared at him with a determined expression on his face. He looked at the middle-aged man in front of him: "You are powerful and powerful, why care about our two lives."

"The strongest of the lower realms, we already know the news, but we must not let other **** emperors know about this." The middle-aged man looked at them, then slowly took off the heavy sword on his back, and exhaled. He sighed, "Broken."

The earth began to tremble, and there were many cracks on the ground, and magma flowed out of it.

The old mayor's face changed, and he no longer cared about publicity, and rushed towards the middle-aged man.

The latter looked at each other coldly, facing the old mayor rushing towards him, it was hard to even have any unhappy expression on his face, the heavy sword in his hand was just a light wave.

A sword air came out leisurely.

The old mayor couldn't avoid the sword qi at all, he directly spit out a mouthful of blood and fell to the ground from a high altitude, knowing his life or death.

Master Cang looked up at the middle-aged man in the sky and was silent.

Zhang Yang looked terrified: "Don't kill me...Don't kill me..."

'boom'

The magma rushed up from the ground, and the entire town was annihilated in the flames in an instant, and there were screams everywhere, a mess, like a Shura hunting ground.

Chapter 5235: First entered Luoyang

There was a faint scent in the air, and after a slight sniff, it felt refreshed.

Li Tian opened his eyes with a gentle breeze.

He and Nian Rushuang no longer know how long they have been walking on this road. In order to avoid the chasing soldiers behind them, the two of them are cautious along the way, not daring to neglect the slightest, and he also chose many detours on the road. Deliberately let his whereabouts become erratic.

Shuang'er, who left the town, became more silent than before.

Even the look in Li Tian's eyes became very angry.

After arriving in the God Realm, Li Tian could not find the feeling of invincibility.

In this vast world, there are many strong people, and I need to start from the most basic.

The nearest major city near him is the relatively remote city "Luoyang City"

Although it is a remote main city in the God Realm, the prosperity of Luoyang City cannot be underestimated. From a distance, you can see many people waiting to enter the main city gate.

On both sides of the towering huge arch, there are statues of two golden armored war gods.

The guards wearing black profound armor lined up neatly on both sides, holding steel spears, and looked stern.

The two followed a group of people and slowly came to the gate of the city.

Only then did he discover that when many people entered Luoyang City, they would show a piece of blue-white jade with some runes carved on it. The guards would only let them go after checking these.

When it was Li Tian's turn, the guard glanced lightly and stretched out his hand: "Hand it over."

"Haha, this brother, I have just ascended to the realm of the gods. I first came to the precious land. I am unfamiliar with the place of life. I don't understand the rules here." Although I dismissed these guards in my heart, I was in the eaves at this time. He had to bow his head, and he couldn't be particularly arrogant, so he was very kind when speaking.

When the guard heard the words, the corners of his mouth rose slightly, and he waved his hand to tell the team behind Li Tian to move forward.

And he took Li Tian and Rushuang towards the other side.

"Boy, it seems that before you arrive in Luoyang City, you should know very little about this city, right?" The guard squinted and looked at him grinningly.

"Yes."

"Then do you have any valuable treasures on your body? You must know that if you want to be mixed in the realm of the gods, it must be currency circulation. If you can't bring out any valuables, I am afraid that it will be difficult to move in this realm in the future." While leading the way, he said that the greed in his eyes can never hide Li Tian. On the earth, he has seen a lot of human sinisterness.

It seemed that this guard felt that he had just arrived in the God Realm and had no backing and strength, so he was bullying.

"There are a lot of valuable treasures, they are all collected in the lower realm, but can these things be used in the **** realm?" Li Tian saw through, but didn't break it. He wanted to see how the guard was going to treat himself.

The greed in the guard's eyes became more intense, and the two quickly came to a place similar to a military camp.

But here are the rest places for ordinary guards.

"It seems that you don't know a rule. Anyone who comes to the realm of the gods, if they don't have a backing, will practice honestly for a period of time before they dare to come to the main city." The guard waved his hand with a grinning smile on his face. Come to work, guys. This kid just soared up. It is said that there are a lot of treasures on his body. Grab them. We will be able to live happily for a few more days. The little girl next to him looks very energetic."

Soon, a few shirtless guards surrounded Li Tianhe Rushuang.

"You are playing with fire**."

"Haha, playing with fire**? I think you are unconscious right now, you just ascended to the realm of the gods, but you are only a little god-disciple realm, can you beat us people?" The guard smiled. While taking out the sword, "Kneel down and beg us to forgive you. Maybe you are in a good mood. You only need to leave the valuable things on your body and you can leave."

"Haha, that is, now these little guys are really idiots, a rookie who has just ascended, dare to come to register."

"You all don't intervene in a while, just look at me alone, and kill with one hand!"

Several guards looked at Li Tian with sarcasm and disdain. In their eyes, this rookie who had just ascended to the God Realm was like fish on a chopping board. They could slaughter as long as they wanted.

The guards in front of them, changed to normal, have now become a corpse.

But here is the God Realm, Luoyang City.

Even if he didn't know the rules, Li Tian knew what kind of trouble he would bring to himself after killing the guards, so it was the most important thing for these people to approve of their strength.

"Sorry, it's impossible for me to hand over what I have, nor to kneel down to a small goalkeeper." Li Tian replied coldly, and then looked at them: "If you want to do something, just come Give it a try."

"Hmph, let me see where your confidence comes from." The guard roared, waving the sword in his hand, and howling with a strong wind, it was radiant, like a rainbow, very dazzling.

After Li Tian lost with one hand, he raised his right hand and grabbed his sword with one hand, and then snorted, "It's just such a strength."

The guard's pupils shrank, and he wanted to retract the sword, but the young man's hands were like magnets in front of him.

"Pick up ideas, let's go together." At this time, he also ignored the previous NB, knowing that Li Tian is not good to deal with, and now greeted his companions to do it together, and the other

shirtless guards also understood Li Tian's power. I didn't dare to have any reservations, as soon as I shot it, I went all out, showing the feeling of making the young man in front of me dead.

Facing the siege of four people, Li Tian didn't change his face.

With one kick, he kicked the first guard out.

At the same time, the aura exploded from the inside out, instantly sweeping the entire barracks like a blizzard, and several guards were stepped on their feet without even seeing his movements.

"Now you, are you still going to do it with me?"

"Don't dare, uncle... Uncle, please forgive us." The guard knelt on the ground, with bruises all over his body. The moment Li Tian broke out, they knew that they had taken a glance, and they weren't a rookie. It was a strong man in the realm of spiritual cultivation, let alone the four of them, and a few more guards would not be Li Tian's opponent.

"Now I want to ask for mercy, didn't you just be arrogant?" Li Tian asked with a sneer while holding a guy's shirt.

Shuang'er watched this scene and still didn't say a word, as if everything that happened before her had nothing to do with her.

Chapter 5236: Main City Guild

"Uncle, just now we were just fascinated, if we knew that you are such a master, we would definitely not dare to do this to you."

Li Tian looked at the two men with panic expressions and nodded very satisfied.

"Now take me to register as a god."

"Yes, yes, we will take you to register as a god." The guards were really afraid of being beaten by Li Tian at this time. Their behavior was originally not allowed in Luoyang City, and they were beaten by Li Tian. In this way, the dumb eats coptis, and there is no way to tell. They can't find anyone to help them get justice. They can only knock out their teeth and swallow them in their stomachs.

Li Tian squinted his eyes, followed behind the guard, and soon arrived at the place where he was registered as a god.

Shuang'er said, "I'm not a practitioner, so I can't register as a **** for the time being, just stay with you."

For so many days, Li Tian has rarely communicated with Shuang'er. The two people have been in a strange relationship until now. He doesn't like to speak actively, and Shuang'er is with a certain emotion. I don't know why she looks at Li. Tian's eyes were so angry and hostile, even Li Tian didn't know where he offended this lady.

The guard carefully entered Li Tian's divine register, and then handed the blue-white jade to Li Tian: "This is called the inscription stone. Every strong person who is registered into the divine register will get such a stone. This kind of stone can be used to a certain extent. The above condenses the surrounding spiritual energy to make your cultivation easier, and at the same time, it is also an important certificate for doing the mission of the gods, which is your identity certificate."

Li Tian squinted his eyes, holding the stone in his hand, and he could feel the spirits around him crazily gathering towards them.

He was like a whirlpool, gathering all the strength around him.

After receiving the news from the guard, Li Tian took Shuang'er into Luoyang City.

"I want to know, why do you hate me?"

"Master Cang is dead, everyone in the town is dead..." Shuang'er said very seriously, looking at Li Tian's back.

"What a joke, I have witnessed the strength of the old mayor with my own eyes. It is not easy to kill them, and the God Realm seems to be a very orderly world. Although the predation of the weak and the strong has not been eliminated, this kind of killing civilians I think they can't do things." Li Tian looked at Shuang'er. Although he said so, he already had some conviction in his heart, and the expression on his face was somewhat frozen.

Shuang'er did not respond, but looked at him quietly.

"How did you know?" Li Tian whispered.

"The magma burned down the entire village, and the corpses spread across the fields, looking like the Shura world." Shuang'er closed her eyes and frowned. There seemed to be a terrible look in the small town before her eyes. She whispered, "I grew up. I had a unique ability to see what happened in this corner of the world. Last night, I saw the destroyed town."

"Who did it?"

"Luoyang City Lord Lu Xiu, only his strength has reached the realm of immortals, he can easily kill everything in a small town without leaving a living mouth." Shuang'er said sadly and hatefully:

"They are all for you. In order to protect you, he gave his life. In order to prevent other **** emperors from knowing the news of your arrival in the God Realm, Lu Xiu killed the entire town without leaving a living."

"I'm very sorry."

"Sorry if it is useful, they don't have to die now." Shuang'er chuckled, looking at Li Tian but didn't want to continue to say anything.

Li Tian's mood was very heavy. As early as when Master Cang told him to leave, he took Shuang'er with him. He noticed something was wrong. According to his observation, the relationship between Master Cang and Shuang'er should be very close. Saying that they are dependent on each other, how could he let such a girl follow him and suffer hardship?

Now it seems that the reason why Cang Ye made such a decision was only because he wanted Shuang'er to survive.

The so-called looking for Shuang'er's parents may be just a cover.

Seeing the lonely girl walking in front, Li Tian felt pain in his heart, clenching his fist, and his eyes were more angry.

In order to find themselves such a strongest in the lower realm, what they did was simply inhumane.

"I will avenge them. I will kill Lu Xiu by myself and take off his head." Li Tian looked at Shuang'er's back and couldn't think of any way to comfort the girl. He could only use such words. Comforted.

Shuang'er did not respond.

But now Li Tian needs to do another thing, and that is to find Situ Ningbing. When he and Shuang'er came to Luoyang City, they also got some news.

After flying to the God Realm, everyone may be transported to other main cities. There are thousands of God Realm main cities. Wanting to find Situ Ningbing in so many main cities is no different from finding a needle in a haystack.

But what they need to do now is to go to the main city to receive the task.

There will be many guilds in each main city, and some tasks will be released here to give these practitioners to do. The difficulty is also different. Normal and intermediate tasks are relatively simple. It is nothing more than some simple acquisition of precious herbs. , This kind of task requires fighting with some beasts to protect, but it will not be very difficult.

High-level tasks, main city tasks, and gods tasks are relatively difficult tasks. If you don't have strong strength and treasures in these three types of tasks, you are insulting yourself if you want to complete such tasks.

What Li Tian has to do now is to go to the guild to pick up the task.

No matter where you need money, you need money to survive, especially in a place like Luoyang City. Without money, it's hard to move.

Shuang'er followed Li Tian and soon came to the other side of Luoyang City.

The guild in Luoyang City looks magnificent, Qionglou Yuyu, surrounded by many soldiers wearing black profound armor guarding here, will look at them very harshly to everyone who approaches here.

When Li Tian and Shuang'er approached here, a profound armor guard immediately approached: "Give me your profound stone."

He took out the black stone from the package and handed it to the guard.

He narrowed his eyes and took a look, stepped aside, and returned the black stone to Li Tian: "Don't conflict with others when you enter. Fight in the guild is forbidden, otherwise you will be disqualified from receiving the task here."

Li Tian nodded, and then slowly entered the guild with Shuang'er.

Suddenly, a very strong spiritual energy rushed to his face.

Chapter 5237: provocative

It is worthy of being the guild of Luoyang City, here you can see many practitioners taking quests here.

Li Tian first went to the reception desk and asked: "I want to find someone, don't know any way?"

"There are various teleportation formations between the major cities. It is very difficult to find your own companion in the gods. If there is no fixed contact method, it is basically difficult to find with your own strength." The reception girl looked at Li Tian and said very seriously: "But with us, you can post some advanced tasks and let others help you find your companions. Then we will send the news directly to your profound stone. No matter where your companion is, he will definitely be found by these people in the God Realm."

Li Tian was taken aback when he heard the words, and said: "How much is a high-level task?"

"About ten thousand days coins."

Ten thousand sky coins are already a very expensive price. Even if Lord Cang paid him a lot when Li Tian left, it was only about two hundred sky coins. Now he needs to find Situ Ningbing. Ten thousand sky coins are equivalent to the consumption of an ordinary person in about half a lifetime, and it can be seen that those who issue tasks in this kind of guild are not simple people.

A simple high-level mission is already so expensive, wouldn't it be even more terrifying if it was a mission from the gods.

"It seems that we will be staying in Luoyang City for a while." Li Tian said helplessly, and then left the reception side and moved to the side where the task was issued.

There is a very big sign here, and there should also be some divine power hidden in it, and these tasks are constantly changing.

Some tasks will disappear for a period of time after being taken by others, and new tasks will appear directly in this place, and each task has different requirements for each strong person.

It is similar to the mission of the gods. It is said that there was only such a mission tens of millions of years ago, and it was required that talents of the **** emperor level could receive it.

And the following high-level tasks, etc., also have corresponding requirements.

This is also worrying that some people are not supposed to have this ability but accept such tasks. This is delaying their time, and it is likely that the task cannot be completed in time.

Of course, there are some tasks that the people facing will be very simple, as long as you have the courage to take it.

According to the different tasks, the requirements for everyone are different.

Shuang'er followed Li Tian, looking at the densely packed tasks in front of him, the rewards above were really very generous.

Li Tian also felt that these rewards were really very generous.

He didn't even think about it, making money in the God Realm is so simple.

"Hey hey, brat, get out of the way." At this moment, there was a hoarse voice behind him, and a little man squeezed out of the crowd, and said in a very disdainful tone in front of Li Tian. The hand wanted to push Li Tian away.

Li Tian frowned and said, "I will look at the task again."

"Isn't this nonsense? Of course people who come here come to see the mission, but this is probably the first time you came to Luoyang City, and it was also the first time to take the mission. You

should go to the ordinary over there. Missions, rather than taking high-level missions here. If you don't have a level of spiritual cultivation or above, high-level missions are impossible to complete." The little man looked at Li Tian with a disdainful face, then looked at Shuang'er and said.

"I know, so I'm standing here."

"What a joke, why are you not obedient, you are told to go to the common task and go over obediently. I just completed a high-level task, and now I need to continue to receive a task here. I am very busy. You continue. I'm not being polite for wasting my time here." The little man looked at Li Tian arrogantly. Although he is not tall, this guy is really arrogant.

Li Tian frowned, and continued to say seriously: "There are so many places here, why do you have to let me get away."

"Crap, the character I want to see is blocked by you, of course I want you to get out of it."

"Which mission do you want to take, is this?" Li Tian pointed at the above mission with a smile, as if it was hunting a monster. The difficulty is not very high, but it is not that simple to find this monster. Seeing that the little man wanted to take on such a task, Li Tian directly pushed up his profound stone, and then took the task off.

The little man's expression instantly solidified. He didn't expect this young man to provoke himself naked.

"Boy, do you know what you are doing?"

"Is there any problem? You want to take this quest. I'm sorry I also want to take this quest. There is no rule in the guild that I can't take the quest you see, right?" Li Tian sneered. With a cry, he lowered his head and looked at the little man in front of him and said: "It just so happens that this task seems to be very simple to me, so I don't have any problems next."

The little man had fierce eyes and said, "I have written down you two. Yes, it's very good. I hope you can continue to be so arrogant in the future."

Many people around were looking at what happened here with very cold eyes, and no one said they wanted to stand up and help Li Tian.

To them, there are too many things like this happening in the guild every day.

Although some missions are advanced missions, their difficulty is not so high, but those monsters are hard to find, but once found, they can be easily solved.

Therefore, most of these tasks are highly sought after.

They are paid for high-level tasks, but the difficulty is like an ordinary task, so that anyone can easily solve it by standing up, and there is no life-threatening.

With such a task in front of you, who would be willing to do a more difficult task?

The mission that Li Tian took was like this, the combat effectiveness of the monster itself is not very high, but to find this kind of monster, you must pay attention to chance.

"When you do this, you are making yourself a lot of trouble. Doing more is worse than doing less." Shuang'er looked at Li Tian, and said with some dissatisfaction, this guy wanted the whole world to be his enemy.

"It must be a good task for us to be able to let others get it at all costs." Li Tian said: "Even if it offends people because of this, it is just killing one more idiot for me."

Chapter 5238: Shimada Makuhito

Seeing Li Tian's disdainful expression, it seems that he really didn't put his enemy in his eyes. Anyone who dares to oppose him will definitely not end well. Shuang'er is also very clear about what he said, Li I'm afraid I won't listen carefully.

The two of them had just arrived in Luoyang City, and now they have truly gained the enemy's base camp.

It was supposed to be a low-key thing to do, but seeing Li Tian look like this, it was obvious that they had already forgotten what they were going to do here.

"Okay, now that the task has been received, we can go." Li Tian looked at his task with satisfaction. At this time, the task has been handed over to him. The specified time is within three days. Found the Warcraft, and successfully killed.

It doesn't look like something difficult to do.

"You just offended an enemy here, and now you want to complete your mission in front of your enemy. Are you kidding me?" Shuang'er couldn't help but want to be involved in this matter. Ask carefully if Li Tian is crazy. He should have done things low-key, but he is very arrogant here, and he never thought about making himself as unnoticed by others as possible.

"But it's just a small monster, even if we have one more enemy now, do you really think he is my opponent?" Li Tian shook his head. As the Xiajie Xiajie strong, he never thought What kind of enemy he can't defeat, and that little man just looks difficult to deal with in terms of aura, even if he really wants to trouble him, Li Tian has many ways to let him This guy slumped in front of him.

"I hope your idea is correct, otherwise when we are both caught, I can only follow you in luck." Shuang'er snorted and stopped talking.

Li Tiansan smiled and took her away from the guild.

As soon as the two talents left the guild, they could clearly feel that someone was following them, their whereabouts were completely exposed to the enemy's sight, and there was no need to guess who was doing such a thing.

In Luoyang City, the two of them should belong to the kind of existence that no one knows, and naturally no one will come all the way to find their trouble.

Li Tian squinted his eyes: "It seems that this little man is really anxious. If we can't wait for us to complete the task, will he be here to prepare to kill us?"

"The task of the main city labor union is very simple. If the performer of a task dies, the task will be in a waiting state again. He is not interested in waiting." Shuang'er looked at Li Tian, his face It was an even more angry expression. The whole town that was scourge of price was buried in the sea of fire. I don't know how many people were killed in it. Now they are doing things in Luoyang City so arrogantly. If Lu Xiu knew that they were here, I didn't even think What are the consequences.

She was really suspicious now, whether Li Tian knew what he was doing.

"I know how you feel now. The two of us should have done things low-key. After all, strictly speaking, we are more like fugitives now, right?" Li Tian looked at Shuang'er with a smile and seemed to guess. The thought in the girl's heart: "But the more we are cautious, the easier it is for others to doubt our identity. Although they know that a strongest from the lower realm has risen here, they may not know what I look like. Once it comes, it's not that simple to catch me. As long as we don't show our feet when doing things, everything will be exactly the same as normal."

Shuang'er gave Li Tian a white look, and said angrily: "What about now?"

"Since someone came to the door, of course, we can't just tolerate it like this. It seems that the little man is looking for some help. This guy who tracks us is secretive, and it is really difficult for ordinary people to find out." Li Tian said calmly. The evaluation of the killer behind him was pretty good, but then he turned around and ran very fast.

In the distance, a young child who looked like a twelve or thirteen-year-old boy saw Li Tian suddenly running, and it was the first time he fled in another direction.

You don't need to guess what it is.

His speed is very fast. If he is on the earth, he can break a world record casually. Even the top physique masters on the earth are not a big deal in front of this kid. Such speed, Even Li Tian has some difficulty.

Fortunately, he was better than this young kid in strength.

The chase of the two did not last long, and he was blocked by Li Tian: "As a killer, you should also know that you must not be nervous to escape when the enemy finds you, so that it will be easier to expose your goal."

"I don't know what you are talking about." The child was grabbed by Li Tian and Xianli instantly suppressed the child. Even if he really wanted to use this opportunity to escape.

"You don't know what I said, why are you running away?" Li Tian raised his mouth slightly, revealing a deep arc, squinting at him: "You don't need to think that I will show you a flaw and call you You escaped from my hands. If you can't tell me the reason, you don't want to escape from my hands today."

"You will be punished for doing this. You are very imprisoned. If you are..."

"They? Who else do you think will help you with this matter? Can you tell them this matter now? I'm afraid there is no way to do it with your strength, and you have no companions." Li Tian squinted his eyes and said very solemnly, "That little guy sent you here, right? Who is he?"

"He... his name is Shimada Muren, and he is also famous in Luoyang City. Today, I specifically found me and gave me some Tianyuan coins, and asked me to follow you, confirm your last whereabouts, and then tell him." The little kid has nothing at all. The reservation told Li Tian all of Shimada Muren's requirements. This is also helpless. Who told him to become Li Tian's prisoner now. If you don't honestly tell Li Tian these things, I'm afraid The next consequence is only a dead end.

How could he be willing to die like this in the God Realm for so long?

Everyone is afraid of death, which is very normal.

Chapter 5239: Broken Cloud Mountain

"In addition to this, what other things did he ask you to do?"

"No, no, what he wants me to do is to report your position to him all the time, and nothing else has been told to me." The child saw the serious expression on Li Tian's face. The mood also subconsciously began to become tense, which shows that his expression is still very frightening.

Shuang'er asked: "He didn't let you kill us?"

"Shimada Muren knows very well that since you dare to tear your skin like this, you must have a certain strength. He did not ask me to do it with you, just want to know where you are."

Li Tian knew this guy's thoughts at this time. The requirement of the mission was to hunt down a creature called Cloud Cloud Beast. Its combat power was not very strong, but the action speed of this kind of beast could be said to be equivalent to that of the beast. The strongest, even if it was a monster that was one or two levels higher than him, it was not as terrifying as Cloud Cloud Beast in this respect.

It is said that the first time you see the Cloud Beast, if you can't defeat this creature quickly, then in the next few seconds he may disappear directly from your sight, if you don't have a high Strength, it is impossible for humans to keep up with the pace of this creature.

Their own combat effectiveness is very low, and they can be regarded as a low-level monster.

But the fur produced on the cloud beast is very high-quality and can be processed into a lot of leather to make clothes. Many nobles in the gods also use this leather to make clothes. At the same time, the meat is fresh and tender. It also has the function of regulating health and vitality. The most important thing is that this kind of creature's brain will produce a kind of spar. This kind of spar is the most basic thing that spell masters need to make spells. This is why it is not very Powerful Warcraft, but the level of mission requirements will be so high.

The richest person in the gods is the spellmaster, who can not only make spells for themselves to fight.

You can also make some spells and sell them to others, so that even if you are just an ordinary person, you can also use the spells to exert a very huge combat power. Therefore, spell masters are very rare in the gods, but It is also a career that all parties want to please.

It is said that a powerful spell master can create a spell that destroys the heavens and the earth, even if it is handed over to an ordinary person, it can also destroy a main city of the gods.

However, it is precisely because of their terrifying ability that they have always been considered very rare in the God Realm. Usually, you rarely see those powerful spell masters, and most of the time, they only see those who are just getting started. Young people, they don't even know much about this aspect.

Obviously, creatures like Cloud Beasts must be hunted in large quantities, so even if there is no quest from the main city guild, just selling the spar in their heads to the spell masters can also exchange a portion of sky coins. , Shimada Muren is not a fool. Instead of looking for the cloud beast on his own, it is better to hand this matter to Li Tian and ask him to help himself with this task, and then kill Li Tianzao directly. This is the best choice.

Moreover, he still doesn't know exactly what Li Tian and Shuang'er's combat effectiveness is. There are also some in his heart who dare not easily fight against them, so what he is currently doing is just sending some people to test their combat effectiveness.

"Well, since this matter has nothing to do with you, I will definitely not anger you. It has nothing to do with you. You can leave here."

"Really, really?"

"Of course it is true. Although I am not a person who does what I say, I will definitely not deceive you in this matter. This has nothing to do with you, and you are just taking people's money and money for others. It's just a disaster." Li Tian looked at him with a smile, and the expression on his face became very indifferent in the next second. It really changed his face like the sky: "But you can't tell Shimada Muren that I caught you, and We must continue to monitor our whereabouts according to his requirements, and do whatever he asks you to do."

The young man suddenly became silly, thinking that the guy in front of him was not an idiot.

Knowing that an enemy is staring at him in the dark, he still wants to expose his position. What does this mean?

"You don't need to know what my purpose is for doing this. I will also give you how much he gave you, but you only need to help me keep this secret." Li Tian patted him on the shoulder and said : "When things are done, I will pay you a lot. I believe you will be jealous."

"Hey, don't worry, Master, I will act according to your request."

As soon as the young man heard that he could take the money, a bright smile appeared on his face. He was just a little better, and his whereabouts were hidden. It is most suitable for tracking, but if he is asked to fight, it must be Not working.

Everyone has something they are good at.

Originally, when he was caught by Li Tian, he was worried that he was going to be unlucky. He didn't expect Liu Anhua to be in another village. Not only did nothing go wrong, but he also had a part of the source of funds. Such good things are not always possible. met.

Li Tian watched the young man leave, and said, "The Cloud Beast can be found in the Broken Cloud Mountain Range near Luoyang City. This kind of monster is difficult to find, but we still have no problem working hard."

"Is there really no problem with you doing this? Just reveal our news to our ears to people so that they can prepare everything to deal with us?" Shuang'er looked at this optimistic Li Tian and found that he was in harmony with him. The idea of the man in front of him is totally different. He will always do things that make you think Rushuang don't know how to think. For example, now, he eagerly reveals all his news to the enemy. What is the purpose of this?

"What's the problem? The money we have is not enough for us to spend. Since someone will take the initiative to send it to the door at this time, of course I will not miss this opportunity." Li Tian smiled, that Shimada Muren had a lot on him. Money, otherwise his fate will be worse than he thought. Li Tian's idea is very simple. If he wants to steal something from himself, then just grab the things from him instead. Left!

Chapter 5240: Iriyama

After the two were ready, they started to act.

Although Broken Cloud Mountain is near Luoyang City, it also takes about half a day to reach it. Moreover, this mountain range is very vast. It stretches all the way to the north and surrounds Luoyang City, except for an official road. When you come to Luoyang City, you will definitely enter the Broken Cloud Mountain Range, but so far not many people have been able to understand all the creatures in the Broken Cloud Mountain Range. It is said that there are still many god-emperor-level monsters in it, which are very powerful. .

This kind of beast can easily change into a human form at that point, so that it can better absorb the aura between the heavens and the earth to allow oneself to practice.

They usually practice in their own caves and rarely appear in the outside world. Therefore, the current understanding of these powerful beasts is only limited to the descriptions in the books. The God Realm has no idea how many years there has been no such kind of harmony. The Warcraft of the God Emperor's Battle.

But even in this way, few people would still choose to enter Luoyang City from Broken Cloud Mountain.

Unless, they want to die.

Li Tianlu and Shuang'er depend on each other. Although Shuang'er still looks at him coldly and irrelevantly, when Li Tian needs help, he will still stand up and help him do something.

Although it was not very fast along the way, in the end, I reached the Broken Cloud Mountain Range.

At this time they could already see a majestic mountain standing in front of them, looking at the towering mountain in front of them, Li Tian couldn't help but sigh, what kind of Himalayas on earth are in front of this mountain range. It's just like playing around. The most important thing about Broken Cloud Mountain is that it is called Broken Cloud Mountain because this mountain range really disconnected the clouds in the sky, and you can see the surrounding clouds. All split up.

Obviously these cannot be formed naturally.

That is caused by the towering mountains. The continuous mountains forcibly cut off all the clouds in the sky, leaving Broken Cloud Mountain exposed to the sun all day, and the temperature difference between day and night has also begun to become very different. Big.

It is very hot during the day, and here you can feel like living in front of the sun.

But at night, I felt like I had fallen into the ice cave for a moment.

Seeing the sun slowly setting on the horizon, Li Tian frowned: "It seems that the two of us were really unlucky today. We finally found this place. Now the sun is going down. It must be tormented here at night. ."

"You have a way."

"I can't do anything. Apart from setting up a bonfire to keep warm, I can't find a better way. When the sun goes down, the temperature here will change. There may be some monsters that will not appear during the day. We had better not have any. Action, just find a place to rest here." It's usually

the most dangerous at night, especially in this kind of mountain range. The night may be the most frequent time for Warcraft, and the temperature here is added. Very low, he was unwilling to really look for a cloud beast.

At this point, Shuang'er didn't refute anything.

The two entered the Broken Cloud Mountain Range cautiously. Just after entering, they could see a lot of monsters. However, most of the monsters living on the border are carnivorous monsters, and they are only acting as human beings. Meat eating, other than that, has no meaning.

Most of these warcrafts do not have strong combat effectiveness, and a strong young man can easily kill them. When Li Tian and Shuang'er entered their territory, they only radiated their aura a little. These monsters began to crawl on the ground and tremble. Facing such a powerful combat power as Li Tian, these monsters are obviously impossible. To really defeat such a formidable enemy, you can only passively crawl on the ground and tremble, which will save a lot of trouble.

Then after a little deeper into the mountain range, Li Tian could only completely converge his aura.

Originally such a dangerous place should not be brought with Shuang'er, but they obviously have to stay here for a long time. It is obviously not a very rational decision to leave this girl in Luoyang City. There are places like Luoyang City. Dangerous, a girl who can't spell is tantamount to a sheep's mouth.

Although they were in the Broken Cloud Mountain Range at this time, if there were any monsters that wanted to harm them, they would have to pass the Li Tian level first.

He has always controlled their location at a very suitable location. This is probably the scope of the activities of the cloud beasts and the safe range he can handle. It is impossible for the general high-level beasts to go to such a place. Yes, as long as you don't encounter some gregarious monsters, there is basically no threat.

"How long shall we be here?"

"The Cloud Beast must be found within three days, but I think it's best to hurry up." Li Tian thought of Situ Ningbing in his heart. He didn't want to waste too much time in Luoyang City, so he still had to hurry. Time will prepare the reward for the task, and then Situ Ningbing will be found.

Of course, in this process, he still needs to consider Shimada Muren.

This guy hasn't shown up yet, and Li Tian doesn't know where he is, and the feeling of watching in secret has completely disappeared at this time.

But for Li Tian, he doesn't care. Whether that kid is still following him, he only needs to tell Muren Shimada that they have entered the Broken Cloud Mountain Range. He will definitely follow. This kind of place is almost impossible. More than a mobile phone.

In the evening, the two finally found a naturally formed cave, just enough to accommodate the two of them.

"We will rest here tonight. I will set up some restrictions around here. If any creature approaches, both of us will be reminded as soon as possible." Seeing Shuang'er's disgusting look, Li Tian had no choice but to Explain: "We are now in the deep mountains and old forests, surrounded by fierce

beasts. Don't even think about sleeping comfortably. You have to get used to this kind of life for the rest of this time."

"I have suffered far more than you think. This kind of life is not unacceptable to me." Seeing Li Tian's serious appearance, Shuang'er retorted unwillingly: "But you want to be here. Teach me how to practice." She looked at Li Tian and said very seriously.
