

A Killer 5301

Chapter 5301: Inside story

"Of course it can't be such a simple thing. This time I am looking for you. In fact, there is still another thing that needs your help." Lu Xiu looked at Li Tian, then sat down and exhaled deeply: "Some things I rarely mention it to others. Perhaps this is the first time I have told an outsider about my own affairs. Even the fellow He Jin doesn't know these things about me.

"Even General He doesn't know about me, Lord City Lord just told me, isn't it a bit inappropriate?"

"Hehe, it doesn't matter. The guy He Jin is a big old man, and his mind is not that delicate. What can be done even if he knows these things?" Lu Xiu laughed and said, as if he didn't care about it: "I found a woman at a very young age, married her and had children. At that time, we thought we would continue to practice and create a powerful empire for the survival of our descendants. However, the war between the gods and emperors broke out. The bottom of the world destroyed our goal. In that war, although she gave birth to our child, she did not survive the ravages of the war. From then on, I was relying on my own My son, he is about your age."

"Ling Gongzi has a father like you, so he should be very strong.",

"A long time ago, he was the strongest person among our ten shows in Luoyang City. You should know this stinky boy."

Li Tian thought for a while. Among the ten shows, there is indeed one of the most powerful guys whose last name is Lu.

I didn't think of this relationship at the time, and now I knew it was a little accident. The rumored guy turned out to be Lu Xiu's child, and the kid named Lu Wenhui had such a background.

"This kid's dream since he was young is to become stronger. In this cruel world, many people understand a truth. When you don't have enough strength, what you want to protect is just empty talk. You will find that you can't do anything, and watch with your own eyes the most beloved person around you slowly disappearing from your life, and the only thing you can do except sadness is nothing." Lu Xiu Sighed: "I want Wenhui this kid to enjoy the last education and resources."

"The Lord of the City told me the meaning of this incident because my current strength should have threatened Lu Wenhui's performance in the trials. If I win, Lu Wenhui may not have become a personal disciple."

"Even if you win, the direct disciple will not be you. The reason why I asked you to come here is only to hope you understand a truth. Many things have been doomed long ago. Many people like to struggle in the face of fate. But I hope you can give up the struggle and become a very ordinary disciple of the Tianluo Sect. You already have a lot of resources in your hands, and you have more resources than those scattered immortals." Lu Xiu looked at Li Tian with piercing eyes, and quickly tapped one hand on the table, playing a weird melody.

The corners of his mouth rose slightly, looking at Li Tian's expression, as if he wanted some answer.

Li Tian clenched his fists, but quickly let go: "You mean to tell me to give up?"

"Indeed, give up the idea of competing with him for the first place. Even if you get the first place, it won't be any good. Then I will send someone to kill you." Lu Xiu smiled and looked at Li Tian. He

also became tough: "In this God Realm, everything depends on your own strength to speak. This strength is manifested in your own strength. Of course, it can also be manifested in the background strength behind you, but no matter what Locally, the gap between you and Wen Hui is still very big. I don't want you to stick to it dumbly because of this impossible thing. It will be of no benefit to anyone."

Lu Xiu's idea is very simple. If Li Tian and Lu Wenhui start fighting at the last minute, they will definitely do their best. At that time, even if Lu Wenhui wins, they may also be seriously injured.

As a father, it is absolutely impossible to see such an injury.

And if Lu Wenhui fails, he must obliterate the young man in front of him. This is also something Lu Xiu is not willing to do.

"I trust you as a young man very much. I also know that your talent is good, but sometimes these are not the factors that determine everything. If you agree to my request, I will give you more help and help. You go find the girl named Situ Ningbing." Lu Xiu looked at Li Tian and quietly waited for the answer from the young man in front of him. He was still a little nervous.

If such a young man can let him hibernate under his command, he will be an indispensable combat force in the future.

"I have told you all the things that I have never said to people. You should understand this matter. I really trust you, and I can tell you, even You have become an ordinary disciple, and you are definitely the most popular among ordinary disciples. You should know that in the previous duel, the people of Tianluo Sect have seen your performance in the battle."

"It's just that it's just a duel, it proves nothing."

"Hehe, that's just your personal opinion. In this battle, you have demonstrated a very good ability. At present, I don't think many people can possess this kind of excellence in the entire God Realm. There are other aspects during the battle. You are just like a natural monster. Your whole body is perfect, and you can't find any flaws." Lu Xiu did not hesitate to praise him at this time. Try hard to make Li Tian successfully captured by his words, and then do things for himself obediently.

At this time, Li Tian felt a sneer in his heart.

He didn't know what Lu Xiu's purpose was for him before. He really thought that this guy was just trying to figure out whether he was the strongest in the lower realm, so the mood at that time was still very calm. .

But now this situation has completely changed.

You want to catch me and kill the people in the whole town, and you make Nian Rushuangji hate me. Now you still want to make me a victim of your insider?

No way, absolutely no way!

Chapter 5302: I try my best

Li Tiandie would never allow his great future to be ruined in this way.

In the selection of Tian Luozong this time, even after knowing that he had defeated Lu Wenhui, there was no way to become a direct disciple of Tian Luozong, but Li Tian still insisted on doing it.

The reason is very simple. If I showed my strength and talent in this trial, it would be enough for many sects to realize the future potential of this young man.

There will be more powerful sects who want to make Li Tian a member of his sect.

At that time, it was not the sect that chose Li Tian, but he had chosen these sects.

Such benefits are self-evident. Given such a choice, how could he compromise so easily?

The battle with Lu Wenhui must continue, and he must go all out. This time he is definitely aiming to win the championship, but before that, he still has to show a little cowardly. Come let Lu Xiu relax a lot about the whole thing.

"However, I don't want to give up this opportunity."

"The most important thing for young people is to be able to see the current situation clearly, even if I give you this opportunity, can you really rely on this opportunity to stand as a direct disciple of Tianluo Sect? Without me, there will be more people standing in front of you using their backstage. Their starting line will always be higher than yours. No matter how hard you work, it will be useless." Lu Xiu looked at Li Tian and said kindly: "Sometimes, you have to choose something and give up some things. You have indeed given up your good status as a direct disciple, but you have gained the friendship of a city lord. This kind of exchange will not lose money to you at all. , You can rely on me to achieve many goals."

The expression on Li Tian's face looked tangled, but he had already cursed Lu Xiu in his heart.

This guy looked like a dog before, but now this look is really a villainous face. I really think that Lao Tzu is a cute new man who just came to Luoyang City, so I just want to say something to you. Are you scared? If you listen to you and stop at the championship in the trials, it will not take long by then, and no one will remember Li Tian in just one week.

He is like a drop in the ocean, and will soon be forgotten.

But if Li Tian can beat Lu Wenhui in this trial, the concept will be different then.

The son of the city lord, it is rumored that the most powerful young man among the ten shows was defeated. Such news is the most exciting news no matter where it goes, and Li Tian will definitely be the beneficiary of this news. The streets and alleys are all about Li Tian. Could he just let such good things go? Obviously it is impossible to let it go like this.

"I know this choice is very difficult for you, but it is already the best choice. I have given you the best possible return. If you are not satisfied with this, then I can only use a little I really cherish you as a talent so that I can talk to you like this. If I change to another person, I may directly use tough methods to persecute you." Lu Xiu said.

Li Tian sneered even more. Now that things are up, you still want to buy people's hearts. You, an old fellow, really have a lot of plots.

After ruining my future, you still count on me to have a little affection for you, and count on me to work for you. Are you kidding me, do I look like an idiot?

A heavy entanglement flashed across his face, and after a long time he sighed: "I can accept the request of Lord City Lord, but there are some things I hope you can help me in the next period of time. You can check the books here. In addition, I also need some days coins to purchase some

cultivation materials. Even if I lose the hope of becoming a direct disciple, I still have to cultivate hard."

"Of course there is no problem with these. You can come here anytime you want in the future. You can read all the books here, as long as you are happy." Lu Xiu saw that Li Tian agreed, and finally felt in his heart. A big rock fell, he breathed a long sigh of relief, and then said with a smile, "But, is your request really that simple?"

"I know what is meant by lack of greed and snake-tuning elephants. I just want to make myself stronger. Lord City Lord told me so bluntly that he doesn't want to deceive me, otherwise you can use all kinds of things. I was treated unfairly by the means of the confession, but you didn't do that. Instead, you told me directly, hoping that I knew that you were working hard." Li Tian flattered and felt that he was already I'm about to vomit.

In the study, Lu Xiu's mood has improved a lot now, and he has already completely left everything behind the strongest of the lower realms.

Regardless of whether you are the strongest or not, as long as my son can become a direct disciple of the Tianluo Sect, the future will be limitless.

"Very well, my favorite is young people like you. No matter what your requirements are, you can tell me in the future. I can't say anything in other places, but in this Luoyang city, if someone makes you unhappy If you don't, it means you can't get through with Lu Xiu, and I can settle everything for you." Lu Xiu is now completely trying to make Li Tian fall in love with him.

After all, such an idiot, but also a very capable little brother, not everyone can find.

Li Tian nodded gratefully: "Thank you, Lord City Lord, it's not early today. If there is nothing else, I will leave first."

"Well, today's battle between you and Gongzutu has consumed a lot of celestial power. Let's take the time to go back to rest and rest. I will ask people to send Tianbi quickly. If it is not enough, just tell me." Lu Xiu is satisfied. Nodded, then waved a big hand and said boldly.

Li Tian smiled, arched his hands and turned and left.

After he opened the door and left, Lu Xiu exhaled. The nerves that had been tight at this time finally relaxed completely. If Li Tian didn't want to, he really didn't know he should take this. What about the young people, if they are assassinated now, someone will definitely pay attention to the selection this time, and it will not have a good impact on the Tianluo Sect and the City Lord's Mansion.

Chapter 5303: Man of Tianluo Sect

"How many things do you think this kid can believe?" Lu Xiu was silent for a while before he said to the shadow behind him.

And this shadow is the counselor who was in the living room before.

He looked at Lu Xiu, then looked at the place where Li Tian was standing just now, and said softly: "This young man does not look like a vicious old fox in terms of performance or means. If he said before If nothing is wrong, he can do nothing for the woman, but he is definitely unwilling to

sacrifice his life if he is not a last resort. If he knows that he will resist, he will die. It will probably not be true at this time. Against us."

"This is the best. Although Wenhui has always worked very hard, he still has a big gap in talent. It was my old man and a lot of resources that barely made his current achievements. If this continues, I will soon be distanced by those young geniuses. I will never allow this to happen. In order to change everything, I can do anything." Lu Xiu's eyes flashed brightly. , Clenched his fist, gritted his teeth and said.

"The Lord of the City has no mistake in thinking. Our Luoyang City has not been favored by other main cities for so many years. That is because we have never seen any powerful people here. If Master Wenhui can go to Tianluozong, we must It won't be long before we will become a god, or even a more powerful existence. At that time, no one will dare to look down upon us."

"I hope that there will be no problems in the trials this time. This kid is like a time bomb. I knew that things would turn out to be so troublesome. I should just kill this kid directly, saving me now. It's so embarrassing." Lu Xiu said helplessly, and sighed. The thing has become the way it is now, and there is no point in continuing.

It was a wrong choice to leave Li Tian in the City Lord's Mansion at the beginning, otherwise he could completely kill Li Tian now.

In this case, many people can have this suspicion.

But his Lord of the City is definitely impossible to have such a suspicion.

But if Li Tian died in the city lord's mansion, or if he died under the protection of the city lord, then his reputation for Lu Xiu might be changed as a result, and his status in Luoyang City would begin. He has become more sensitive, especially in the event of Broken Cloud Mountain. His decision-making in this regard has to become more careful. In any case, he will absolutely not tolerate such things from happening.

Fortunately, at this critical time, this kid named Li Tian understood when and what kind of things he should do, and he didn't continue to be true to himself, otherwise he really didn't know how to deal with a young man.

"The Lord of the City can rest assured that if we can find an opportunity, we will kill this kid, but I think this chance may not be very high, this kid has always been around, and we will definitely expose if we want to start."

"We don't want to do this. There are many people who want to kill Li Tian, not one of us. If he can really live to the day of the trials, let him come on stage. If he doesn't listen to our teachings. , I naturally have a lot of ways to make him ruined and have no place to bury him. I just hope that this young man can be a little wiser in choosing this kind of thing, and don't force me to make choices that I don't want to make. Murderous intent flashed in Lu Xiu's eyes. At this time, he really wanted to kill Li Tian.

On the other side, Li Tian came out of Lu Xiu's study, but met the man of Tian Luozong who had been sitting next to Lu Xiu before.

"Boy, I have seen all of your performance in the ring before. The talent you have shown so far is very surprising. I want to know what kind of training you have undergone before to achieve the achievements you are now?",

"Who are you?" Although he knew that it was definitely not an ordinary person who could appear here, he still asked this question that sounded like an idiot seriously.

The man looked at Li Tian and said with a smile: "Forgot to introduce myself. I am one of the thirteen elders of Tianluo Zong. My name is Nan Fengzhu. I am also a judge in your trial this time. I have seen it before. The battle between you and the public loses the slaughter, you can blend your own tricks and spell spells together, and it is so smooth, it is difficult to see among young people of your strength."

"Thank you for your compliment."

"It seems that what Lu Xiu said to you before made you feel bad." He looked at Li Tian and asked with a smile.

"It's a little bit, but for me, whether it's a disciple or a disciple, the gap is not very big. As long as I work hard, I will eventually become the strongest." Li Tian glanced at Nan Fengzhu in front of him. With a serious expression, he said: "The reason why the strong are strong is because they adapt to various environments and can still guarantee that they become stronger when they are disadvantaged."

"It's also very surprising that you have such an idea. I thought you would be desperate because of this incident. This is likely to affect your future growth. Whether or not others recognize you, you must first You have to recognize yourself. You have done a good job on this point." Nan Fengzhu looked at Li Tian unexpectedly, and at this time he became very interested in the young man in front of him.

"If there is nothing, you can allow me to go back and rest."

"Don't you want to say a few more words to me? Maybe if you make me think you are very promising, I can make you a direct disciple of Tianluo Sect. I know your talent very well. If there is someone in yours If you teach you by your side, maybe your future will become stronger. Wouldn't this make you very tempted?" Nan Fengzhu looked at Li Tian, like a demon's babbling, and said softly.

Li Tian just smiled faintly: "If my future can really be so strong, no matter where it is."

Having said that, he left unhurriedly.

Nan Fengzhu stood on the spot, looked at Li Tian, smiled and shook his head: "It seems that Lu Xiu has found an unsuitable opponent. This kid is not as simple as it seems, and there are many things we don't know. I really want to know what kind of decision will you make in this trial?"

Chapter 5304: The history of the gods

When Li Tian returned to his room, he found Catherine waiting inside.

"How did you come?"

"Aren't you hurt today? I simmered some bone broth to make up for you. These skills were learned when we were performing tasks outside. I feel that the taste is not bad. You can taste it." Catherine will A bowl of bone soup was placed in front of Li Tian, and he said with a smile.

Li Tian glanced at the bone soup on the table, nodded, smiled and said, "Thank you."

"Aren't we very good friends? Do you still need to say something like this?" Catherine groaned, that cute appearance almost made Li Tian shocked, where is it like the first time I saw the fire Spicy beauty, she now looks like a charming little girl: "You just went to Lu Xiu, why did he find you?"

"There are some things I can't tell you yet, but you will know soon." Li Tian frowned. At this time, he began to worry about the problem between himself and Catherine. If he started to deal with Lu Wenhui, he would be angry. Lu Xiu of Lu Xiu is likely to target anyone around him without compromise, maybe his relationship with Catherine is not as close as expected.

But if Catherine was hurt because of himself, Li Tian would definitely not want to see it.

"Why can't you tell me."

"Don't ask so much, it makes it as if we are very close." Li Tian glanced at Catherine, the corner of his mouth raised slightly, and said with a sneer: "Everyone just used each other before, in order to better live. Going down, now we are very safe. What needs to be considered is the future. There is no need for us to pretend to be so intimate."

Looking at Li Tian with an indifferent expression, it was as if all the things that happened before had been forgotten, Catherine had no idea why this happened.

Li Tian was still fine when he returned to the room just now, why did he turn his face so quickly.

"What do you mean, why did you suddenly say such things to me? We weren't very good before?" Catherine looked at Li Tian, a little worried and helpless. She wanted to be friends with the man in front of her, but she didn't expect Li Tian actually said such hurtful things at this time. Even if she is a very nervous and strong woman, she feels a bit wronged at this time, and she doesn't know how to say it.

"What do you mean? What I said is very simple. The relationship between us has always been very normal. It is because you are familiar with you that I seem to have a good relationship with you. If there are no problems, please leave now. , I am going to rest, and take all your bone soup back. I don't like to eat this kind of food." Li Tian looked at the bone soup on the table disgustingly, then turned around and stopped looking at Catherine.

And Catherine was stunned, looking at the Li Tian who seemed to have changed, and smiled aggrievedly.

Then, holding the bone soup on the table and left. ,

When the room door was closed, Li Tian sighed and clenched his fists: "I hope you can practice well in Tianluo Sect. If one day I can become stronger and I don't need to care about others' opinions. I will personally apologize to you at that time."

The road Li Tian took was a very dangerous road.

Moreover, he has many potential enemies in the God Realm. After so many things have happened these days, he has understood a very important thing.

The more close friends around oneself, the more they can be controlled by others.

And he is a man who pays much attention to emotions, how can he easily witness such a thing happen? The only thing he can do is to try hard to keep these friends around him away from him, so that he is listed as a public enemy of the gods. At that time, you can concentrate on dealing with your own enemies instead of protecting others.

The only thing left that made Li Tian uneasy was Situ Ningbing.

It has been so long, and I don't know how this woman is living in the God Realm or whether she has adapted to this environment.

Li Tian didn't know, the only thing he could do was to work hard to change the situation in front of him. Since Tianluozong definitely couldn't let himself stay, then he had to think about his future.

In addition to Tianluo Sect, there are many more powerful sects in the God Realm.

Li Tian thought for a while, and fell asleep directly on the bed.

After waking up the next day, he didn't stay in the room for long, so he prepared to go to the study to read. Some things he had to figure out, especially the history of the ancient gods, he heard from the old Taoist in the town before. He didn't have a special understanding. There were so many things related to the ancient gods that happened to him, which made Li Tian a very keen interest in this history.

When he came to the study, he found that Lu Xiu was not here, so he began to look for the history of the ancient gods on the shelf.

There are various books on this bookshelf, and they are all sorted, so Li Tian can easily find where he wants to find, but no matter how he finds it, he can't find it. Any books related to ancient gods.

He stood under these bookshelves, looking at these densely packed books, frowning: 'Why can't I find any records related to the ancient gods here? Has this period of history been forgotten? But even ordinary people know the existence of ancient gods, why is there no record of ancient gods here? '

Just as Li Tian was puzzled, he suddenly saw a book in a corner empty.

This book is still lying alone on the shelf, there are no books around, obviously this is different from the types of books around.

Li Tian went up and took it down, looking at the words written on it: "The Unofficial History of God Realm

The so-called unofficial history is a history that cannot be determined whether it is true or false, and what is recorded in this book is the very long history of the God Realm. It is so long that anyone who knows that history has already died, and the rest is left. There are only these documents, and most of the records in these documents are not clear, and some are even lost. This is why Li Tian could not find the records of the history of ancient gods well.

Because of that history, it is too far away for them

Chapter 5305: Former glory

On the bookshelf, this book lay quietly on it, not knowing how long it has not been read by anyone.

Li Tian stepped forward, picked up the dusty book, and slowly opened it.

The above text records are not very detailed, only a rough part. From the above, it is obviously impossible to understand the ancient history. After all, the records in this book are still very one-sided, plus the past. After so long, the credibility of these wild histories has been minimal.

But there is still some content.

It is said that the God Realm was created before the birth of other planes in the Lower Realm. It was considered the first real world to be produced. The God Realm at that time was not as vast as it is now. The ancient alien beasts born here were the greatest enemy of the natives, but It was also in the competition with these ancient creatures that they called the wild beasts, and the natives gradually became stronger.

Then they became the ancient gods among many people. They were originally the most powerful existence in the ***** realm and the masters of the ***** realm after the wild beasts. Now you can vaguely see many cities built in the ancient ***** era, and these cities continue the previous part. At the same time, it also draws on the architectural style of the fairies who soared up from the lower realm, the most famous of which is the Sky City.

Located on Buzhou Mountain, it was the jurisdiction of a ***** emperor.

Only after the immortals of the lower realm soared up, the ancient gods who originally lived in the ***** realm began to disappear from their sight for various reasons. The specific reason was not recorded here.

"Do you like to read this kind of books?" Lu Xiu asked with a smile when he entered the study room and saw the wild history in Li Tian's hands.

"I am more interested in these histories."

"Although I spent a lot of time collecting these books here, you want to understand those very ancient histories. Obviously, you can't find anything from these unhistorical histories." Lu Xiu glanced at the books in Li Tian's hands. , Said with a smile: "These records have disappeared in many places, but if there is any clue about these things in this world, I think there is only City in the Sky, where there is this world. The largest museum in Shanghai, there are many documents and historical materials in the world, but it's not easy to get into that place."

Li Tian also knows the power of the Sky City, because he is the integration of ancient gods and immortals, so you can still see many things passed down from the age of ancient gods in this city.

Including this museum.

It is said that during several battles between the gods and emperors, they all subconsciously avoided this museum, hoping to preserve the remnants of the documents from the long history, otherwise it is very likely that the previous history will be This completely disappeared.

The current achievements are of course very good. The previous documents have all been preserved under their efforts, but the requirements for entering the museum are very high.

If it is not for the powerful powerhouse in the fairy, or the extremely talented young genius, wanting to enter the museum is no different from daydreaming.

"I've heard of Sky City before, but I don't know that there is such a museum in this place. If I have the opportunity, I must go to see it." Li Tian squinted his eyes. I know a lot, but this city is in Buzhou Mountain. It's just that if you want to reach Buzhou Mountain, you need a lot of strength and talent. Without the realm of the peak of **** cultivation, it is impossible to go to Buzhou Mountain.

"After this time you enter the Tianluo Sect, there will be a competition meeting facing the entire God Realm soon. Then you can use this competition to stand out, and the winners can go to the Museum of the Sky City to learn. Yes, in addition to a lot of books, there are also many techniques left by the ancient gods, but whether you can find it depends on luck."

Li Tian nodded, put down the wild history in his hand, and shrugged his shoulders helplessly: "It seems that I still have a long way to go."

Although he is no longer afraid of Lu Xiu in front of him now, being in the same place as Lu Xiu still makes him feel uncomfortable.

At this moment, an angry voice came from outside.

"Li Tian, you bastard... Come out for me, if you are a man, get out for me." The voice was very high, directly reaching the ears of Li Tian and Lu Xiu.

Hearing this voice, he knew it was Mengsk. He glanced at Lu Xiu and didn't know what to do.

"Didn't your relationship with these people have always been very good? You used to cooperate to complete tasks. How can you say that you have lived and died together. How do you look at your current appearance?" Lu Xiu glanced at Li Tian. Asked curiously.

"Before we cooperated just to survive better, but now everyone's goals have been achieved, and we are already two people on different paths. Of course I don't want to have any relationship with them." Li Tian He sneered and seemed a little angry: "I just didn't expect that they would even naively want to be friends with me. Now it's just because of one of my decisions that they are playing like this in the City Lord's Mansion."

"Since this matter started because of you, of course I can't go out and solve it, so it's up to you to solve it." Lu Xiu took a deep look at Li Tian, and then sighed deeply. Take a breath.

Li Tian nodded, did not show any indecision, opened the door and walked out of the study.

Outside, Monks was being stopped by two guards, but this guy still did not forget to curse Li Tian loudly. After seeing him come out, his voice became even more agitated: "You ungrateful thing, if it weren't for us Helping you and protecting you, how could you have such an achievement as you are now, do you really think you are great? You are too self-righteous.

"Mengsk, the relationship between me and you has always been very simple. I never thought about making good friends with you. You used to work together only for profit. Now you come to me to talk about it. What's the point?" Li Tian squinted his eyes, looked at Mengsk in front of him, and said a little annoyed: "The matter between Catherine and I is our own business, does it matter to you?"

"Okay, you really made us people admire. Originally, I thought you were still a very reliable guy. If you become our companion, you might be very good, but now it seems that my previous view is correct, you kid It is simply not qualified to stand with us."

Chapter 5306: Split

Li Tian looked at Mengsk with an annoyed look, and said coldly: "You can say what you like, but I have already told you what I think, and I don't want to have any contact with you now."

"Yes, but you have to pay for everything you did before and fight me. As long as you can defeat me, the relationship between you and us will be wiped out." Mengsk looked at Li Tian and said solemnly.

"Are you sure you want to fight me, are you kidding me?" Li Tian smiled and looked at Mengsk in front of him. He almost knew his own strength. If the two of them fight against each other, Mengsk is absolutely impossible to defeat. Li Tian's, but this guy still proposes to challenge now, it can't help making people think about what this guy really thinks in his head.

Do you think you can defeat Li Tian and then vent the anger in your heart?

"If you are still a real man, don't refuse my request, fight with me upright, and let me see if your guy is so powerful." Mengsk clenched his fist, and he followed Catherine. I have been around for many years. I am a very good friend. I have never seen her feel so sad before. And all this is because of the man in front of me.

"I can agree to your request, but it doesn't make any sense to you. We don't have any relationship anymore. If there is anything that can be said clearly, why continue to be entangled in this way." Li Tian frowned. He didn't want to fight Mengsk, just because he didn't want to really do it with these people. The reason for doing that was that he didn't need to think about anything when doing other things.

"Hmph, if you are a man, promise me not to be here with mother-in-law."

Li Tian looked at him and nodded helplessly. ,

Just before opening his mouth, I heard a cold voice from behind: "Mengsk, what are you doing?"

Catherine stood not far behind them, her eyes were reddish, and she looked sad: "Who told you to run here to mess around? Don't you know what this place is?"

"Captain, this kid..."

"Li Tian has his own choice. Everyone has his own ambitions. Why should we force others to make any decision?" Catherine glanced at Li Tian. Although she looked a little haggard at this time, her eyes had changed. A kind of emotion, even when I look at Li Tian, I feel very indifferent, like a stranger, it seems that he is going to make a decision with Li Tian completely.

"I absolutely can't tolerate such a thing. We have always been protecting this kid and doing everything possible to let him live with us. But what about him, how he did it, instead of thanking us, he has a bright future. It's time to choose to break with us, this kind of ungrateful behavior, I absolutely cannot tolerate." Mengsk clenched his fist, and then quickly rushed towards Li Tian.

The two guards standing on the side stepped forward and quickly blocked Mengsk: "This is the City Lord's Mansion, not where you are messing around. Be honest."

Catherine also hurried forward, pressed Mengsk's shoulder, and said with a low voice: "I know you're very emotional now. You don't want to see this happen, but since you've come to this point,

Naturally, there is no room for recovery, so why bother to force Li Tian, so be it. Starting today, we have nothing to do with Li Tian."

"Captain...you...are you..."

"Let's go." Catherine sighed and shook her head. Although she was also very disappointed in her heart, but since this was Li Tian's decision, she naturally had no need to continue to persevere, but this matter must be true. To tell the mysterious man.

Mengsk looked at Li Tian.

But Li Tian still stood calmly at the door, with no trace of emotion on his face.

"See you at the trials, I will make you regret it." He looked at Li Tian, finally snorted, turned and left.

Li Tian sighed and sneered.

"You shouldn't be like this. After you enter the Tianluo Sect together, it might be better to help each other."

"I don't need any friends, there is no eternal friendship, only unchanging interests." Li Tian looked at Lu Xiu behind him with a smile: "The Lord of the City has planned everything for my future, and I naturally follow the Lord. My lord is enough to leave. All I want is benefits. I believe that the one who can best meet my requirements is you."

"You have a very good vision. There is definitely no problem with following me. I promise you will not regret your decision today even after a long time. Follow me, Lu Xiu, and the future is absolutely limitless. If you feel that Tianluo Zong cannot satisfy you, you can come to my side, and the position of He Jin will always be reserved for you." He looked at Li Tian with piercing eyes.

This is a very big investment, and not everyone can get the position of leader of the Forbidden Army.

Such a promise to Li Tian just wanted this young man to act according to his own requirements in the trials.

When the trials are over, why should you care about the feelings of the young man in front of you? He is just a **** that he needs to use at the moment. As for the next thing, it is to take one step at a time.

When Li Tian heard Lu Xiu's promise, he immediately became excited: "Is it serious?"

"I am the city lord of Luoyang City. Of course, I won't joke with you casually. I believe that after you come out of Tianluo Sect, you will not be inferior in terms of strength. I will let you be the leader of my forbidden army. Of course it's the most appropriate thing." Lu Xiu patted Li Tian's shoulder and said with satisfaction: "Try hard, young people, the trials are about to begin these years, and you should prepare well, even if you can't win the championship. I will also get the runner-up to show them."

Li Tian nodded, pretending to be very touched: "My lord, don't worry, I will remember the transaction between you and me, and will definitely not let you lose a little bit of your investment this time. "

"I believe that you are a very smart young man, and you will do these things more perfectly." Lu Xiu nodded in satisfaction and said.

Li Tian sneered in his heart, then bid him farewell and leave.

At the same time, I have the next goal in my heart, Bu Zhoushan!

Chapter 5307: aims

Buzhou Mountain is considered a very famous place in the God Realm. Just like the myths and legends on the earth, the height of this mountain is currently unknown, and it seems to be able to lift the sky straight into the sky.

On this mountain, the rumored city of the sky is located here.

In the next few days, Li Tian will choose to read some documents in the study when Lu Xiu is away to increase his understanding of the gods. In addition, most of the time is spent practicing hard in the city lord's mansion to fight for One's own strength can reach a peak in the trials.

Time passed day by day.

Soon, it was time for the trials to begin.

And when this day came, Tianluo Sect also sent many of their men to Luoyang City. This is probably the first time so many powerful men have appeared in Luoyang City in so many years, even the entire Luoyang City's public security. All stabilized.

Some of the inns and inns were all living with people from Tianluo Sect.

Li Tian took a closer look and realized that they came here not only for the trials, but also for the Broken Cloud Mountains. In addition to Nan Fengzhu, there are two other elders who came here in person. People know their strength, no one has even seen where these two elders are, and the disciples of the Tianluo Sect under them are the lowest in the **** cultivation realm peak.

One can imagine how terrifying the strength of such a large sect.

When seeing this lineup, Li Tian's mood became much more relaxed. This time there are so many people here, even if the one-eyed orc and the little loli are really strong, it doesn't matter, Tian Luo Zong's lineup this time is extremely powerful, with hundreds of immortals above the realm of **** cultivation, headed by two elders of Tianluo Zong, even one-eyed orcs can be slaughtered.

In the next time, Li Tian began to prepare for the trials.

The whole Luoyang city was boiling, and it was hard to come to such a trial for so many years.

Moreover, many powerful men from the Tianluo Sect have come to Luoyang City. For them Sanxian, it is probably a blessing to be able to see these powerful men for so many years. Living in this remote city, most of them His time is all dealing with monsters, these powerful sect masters, usually do not appear in such a place, and they rarely appear in the sight of their casual repair.

Around the ring, many guards can be seen standing steadfastly in their posts.

And those scattered immortals who came to watch the battle are all consciously standing outside the cordon. These guards are the guards of Luoyang City. Although their personal strength is not very

strong, if these scattered immortals want to come here. If they make trouble, they will definitely not be the opponents of these guards, so these people are very smart and did not choose to violate any rules.

On the other side of the ring in the east, there is a table with a few chairs behind it. It seems that this is the judge on this trial.

Li Tian stood in the audience and took a look. He happened to see Nan Fengzhu and Lu Xiu. These two people are probably the most powerful here. As for the remaining two elders and disciples of Tianluo Zong, they are said to be coming. On the second day after arriving in Luoyang City, he started to move to Broken Cloud Mountain Range, and only about 30 disciples of Tianluo Sect were left to Nanfengzhu to take care of the rest.

There were a lot of people standing beside Li Tian, all of which came to participate in the trials.

But among these people, the new ten talents are obviously the most conspicuous.

Lu Wenhui was wearing a white robe and holding a fan in his hand. He also looked a little handsome and personable. The young girls around saw him all showing small stars. If not for the guards, they might have been early. He pounced on Lu Wenhui in front of him.

And beside Lu Wenhui, there was a man with a bare head, who looked like a monk, but his strong black suit made Li Tian sure that the man in front of him had absolutely nothing to do with any monk, plus with that horrible face, he knew at a glance that he was a man who often challenged his survivability in a cruel environment. Such a guy was also a big challenge in the ring this time.

Li Tian didn't know the remaining people.

When he was observing carefully, many people around him were also observing Li Tian. When he was fighting against the public loser, many people already knew that the strength of the young man in front of him was no longer simple, so there were not many people at this time. They would underestimate Li Tian in front of him. They knew very well that if they underestimated the young man in front of him, they would inevitably suffer from this trial.

The bald head dressed in black walked up to Li Tian step by step, revealing a grinning smile: "I have seen your previous duel, and your strength is very good."

"Thank you."

"But in this trial, everyone will do their best. The idiot who lost to Tutu thought he was the strongest in Luoyang City, but he was wrong. The real masters have always been very low-key." The height of the bald head. A head taller than Li Tian, so when standing in front of Li Tian speaking at this time, he also lowered his head and looked at Li Tian in front of him. Especially the feeling of being elevated in his tone of voice made it even more so. People feel uncomfortable.

The bald also wanted to make Li Tian look up at him, which would make him feel very happy.

As a result, when Li Tian was talking to him, his eyes didn't stop at this guy's body at all. It seemed that a glance would pollute his own eyes.

"When you say this, you just want to tell me that you are strong and I will fail.",

"You are very smart." He smiled at Li Tian in front of him, and patted him on the shoulder: "I will definitely not count on winning this time. Lu Wenhui is Lu Xiu's son. This time he is definitely going to be a tryout. Champion, but this runner-up is absolutely impossible for me to let you."

"I hope you can succeed. Many of my enemies have the same ideas as you, but in the end they all lost to themselves. I hope you don't take this old road." Li Tian curled his lips and was too lazy to continue with The guy in front of him turned around and left.

The bald head looked at Li Tian's back, hehe smiled, and said nothing.

Lu Wenhui looked at Li Tian's side, sneered, and then set his eyes on the ring, showing a smile that he was determined to win.

Chapter 5308: Only one punch

Many people have been looking forward to this trial for a long time, so the preparation phase has not passed too long.

Almost half of Luoyang City's casual cultivators participated in the entire trial. As long as they were still within the scope of Tianluo Zong's age, they would work hard to participate in this competition, but they wanted to truly become It's not so easy for the disciples of Tianluo Sect.

Not to mention that this time, nearly thousands of Sanxian came to participate in the trials, but in the end, there were only about a hundred people who could truly become Tianluozong disciples, and there was only one person for direct disciples.

It can only be said that only by becoming the first place in this competition can you become a direct disciple.

Li Tian squinted at Lu Wenhui in the distance. Nian Rushuang had always hated himself before, because Lu Xiu killed a small town with his own hands, and most of the innocent people were killed in this way.

Even though Li Tian did not stay there long, the residents of those small towns were very friendly to him and did not resist any resistance because he was a stranger. This made Li Tian feel that they were It's worth getting close to. He will definitely want revenge someday, but since his strength is not enough to deal with Lu Xiu now, he has to choose another curve to save the country.

If you couldn't kill Li Tian, you killed Lu Wenhui.

He is not afraid that he will be pursued and killed by the entire God Realm. In fact, he has already made such preparations. Before he ascends, he already knew that there would be many enemies after he arrived in the God Realm. There are many enemies in the lower realm. They are all here waiting for themselves to fly up, and then completely kill Li Tian to end the causal contradiction between them. The fact that these people have not appeared now does not mean that they will not appear in the future.

And Lu Xiu, one day he will know the identity of Li Tian.

Anyway, it's impossible to hide his identity for long, since that's the case, it's better to just tear the skin with Lu Xiu.

Kill Lu Wenhui, and let this servant know what pain is.

"Master Cang, I have no way to avenge you personally, but I will let Lu Wenhui know how heavy it is to kill you." Li Tian clenched his fist, his eyes flashed with a firm look, far away Looking at Catherine standing in the distance, she sighed softly: "I hope you can have a better future after joining Tianluo Sect. There is only so much I can do."

What happened yesterday may not be very useful, but it is the only thing Li Tian can do.

Whether Lu Xiu believed it or not, Li Tian would definitely do it.

Moreover, once Catherine and the others successfully passed this trial and became a member of Tianluozong, they would naturally be protected by Tianluozong, even if Lu Xiu wanted to attack them, she would not be qualified.

The only thing that makes Li Tian feel uneasy now is whether he will meet Lu Wenhui directly before, so that he is definitely going to interrupt the trial match this time, and the whole thing will be a direct mess.

This time the competition is completely in the order of drawing lots, and each individual is divided into odd and even numbers according to the number of each person. In the end, the last two remaining players compete in a decisive battle and become the champion of this trial, which is Tian Luozong's. Passionate disciple.

Li Tian's first opponent was a guy who had never heard of it. When he was standing on the ring, he looked at the younger boy in front of him and said coldly: "You admit defeat, or..."

"Smelly boy, are you kidding me?" When the man saw Li Tian being so arrogant, his mood immediately became very bad. Is the ordinary-looking boy in front of him very powerful?

He came from the other side of the main city, just to participate in the trials of Tianluozong. He knew that this was a good opportunity for his carp to leap into the dragon gate, so he came here not far away. This time, the competition was a good show, but I didn't expect that I was underestimated when I was just standing on the ring.

The most important thing is that this young man who underestimates himself is still such a shameless ordinary person?

"It seems that you are going to fight with me, so come on." Li Tian nodded, raised his right hand and hooked his finger: "Don't waste time, there are still many battles waiting next. We, don't you really want to beat me? Just come straight up."

"Hmph, let's see how I clean up you." The man snorted coldly, and then ran quickly.

As a result, before he got close to Li Tian, he was blasted out with a fist.

It smashed directly on the barrier of the ring, and fell to the ground for a long time without standing up.

This result gave many people little surprises, and the result was naturally self-evident. Li Tian easily won the game this time.

His face is very calm and he is not at all happy. His opponent is just a Sanxian who is too weak to be weaker. He dreams of becoming the champion of this trial, and then naturally becomes a direct disciple of Tianluozong. The future is very straightforward.

As a result, I met Li Tian and got it done with a fist.

In the next few times, Li Tianquan knocked out his opponent with one fist.

I don't know how the lottery was obtained. So far, Li Tian has not encountered a powerful opponent, and there is no possibility of encountering Lu Wenhui at all.

He glanced at Nan Fengzhu and Lu Xiu who were sitting on the other side of the ring, and quickly figured it out.

Although this is a lottery, no one knows what conspiracy is involved. Li Tian is definitely unlikely to meet Lu Wenhui now, because Lu Xiu needs him to help Lu Wenhui get rid of more opponents before this. It can prevent Lu Wenhui from encountering some serious opponents and getting injured. If Li Tian fails in the process, Lu Xiu naturally has more ways to deal with these guys.

All in all, Li Tian is just a weapon, the weapon that helped Lu Xiu and Lu Wenhui open the way.

Feeling Li Tian's gaze, Lu Xiu looked at him and walked out with a faint smile. After nodding slightly, he continued to turn his head to the ring.

Although this arena is not small, there are only two people here at a time. It will take a lot of time to decide the winner among these thousand people. Therefore, besides this white arena, there are many other places. Come for the players to compete, and wait until the last 100 people will all return to this ring to fight.

Chapter 5309: First strong enemy

It was only after Li Tian came down that Lu Wenhui and himself were not in the same war zone at all. He was in another arena.

And Catherine and the others are not in this ring.

It seems that everyone's destiny has already been arranged. It is said that this is an opportunity for the whole Luoyang City to study at a leisurely pace. In fact, it is just a means of Lu Xiu, a means to win direct disciples for his own son. Everyone is here. There is only one function here, and that is the chess piece in Lu Xiu's hand, helping Lu Wenhui to kill the opponent who is likely to be a threat in this game.

After these opponents are all killed, Li Tian will also clean up these chess pieces.

Then in the end, the remaining Lu Wenhui only needed to easily defeat Li Tian, and this time the trial was naturally over.

Thinking of this, he sighed uncontrollably. It's really nice to have a powerful old man. At least he far surpassed others on the starting line. In Lu Xiu's eyes, a small character like himself is just A ***** now.

The game was going on all day.

Li Tian thought he might not have met a great role.

Just when he thought this day was about to end like this, a powerful opponent appeared opposite him.

He also looks like a man from another main city. He is burly in shape and looks like a hill. He is wearing a loose sword robe. He still can't completely hide his strong muscles. , Like a small tank, is daunting: "I know you, you are the legendary ten rookies in Luoyang City."

"Unfortunately I don't know you." Li Tian smiled awkwardly.

"I'm Zhuge Yuntian from Xianyang City, this time your opponent." He seems to be a relatively kind man, and he didn't show up with Li Tian's brilliance as soon as he came up. Instead, he talked and laughed. Zhu Tian: "This time is a good opportunity for us Sanxians. Although it is a pity to meet a master like you, you have to defeat your opponent to get to the end."

"It doesn't matter. If I fail, I can only blame myself for my bad luck." Li Tian smiled. It is absolutely impossible to become Tianluo Zong after being eliminated in this top 500 competition. Disciple's.

Whoever loses the battle at this time between the two of them means that they are completely out of the game.

Therefore, it is a pity that two such strong men met at this time, but there is no way to avoid such a thing. In order to become the ultimate winner, they can only go all out.

"Zhuge Yuntian of Xianyang City, it is said that this kid was not very famous when he was in Xianyang City. He had always wanted to enter the sect before, but unfortunately he couldn't find an opportunity. In recent years, with his talent, he has become a The master of the three-star spiritual cultivation level, although very good, is still a lot inferior compared to the public loser, and probably will not be Li Tian's opponent." Lu Xiu looked at the two people on the stage and touched with satisfaction. He said with a relaxed face while holding his chin.

"Master City Lord's arrangement this time is very ingenious. All the powerful masters will be cleaned up by these people, and the remaining people will be cleaned up by Li Tian, so that the son will become a direct disciple of the Tianluo Sect, but only It's something that is at your fingertips." Nan Fengzhu looked at the two people on the ring and whispered.

"You can't talk nonsense. This time it was decided by a lottery. I haven't done anything. The two of them will meet. It can only be because of their bad luck." Lu Xiu smiled slyly. , I just dumped the pot directly. Although everyone knows the doorways inside, but knowing is knowing, and no one will really say it.

After Nan Fengzhu heard this, he smiled and shook his head: "Zhuge Yuntian seems to be a branch of the Zhuge family, but I don't know why he will end up in Xianyang City, but even if this kid doesn't have much to do with the Zhuge family now, we He still cannot underestimate his strength. After all, Zhuge's skills are not bad. He holds the first half in his hands, so his current strength should not be inferior to Li Tian."

"So what, if it weren't for Wenhui, in fact, Li Tian could successfully stand in the position of champion in this trial this time, and he should become the champion of your Tianluozong. It's a pity that he is not lucky. Very well, for the moment, in the whole trial, there are no more than five people who can barely fight Li Tian, and in this battle zone, there is no one who can fight Li Tian." Lu Xiu squinted his eyes and narrowed his smile. Said.

"It looks like you have confidence in this young man."

"Of course." Lu Xiu said with a smile.

On the arena, Li Tian took a deep breath and looked at Zhuge Yuntian in front of him: "We are almost chatting. There are so many people here waiting for the two of us to decide the outcome. Obviously, we can't continue to waste this way. Time is running down."

"It is indeed like this. There is not much time left for us next. Let's hurry up and end the battle." Zhuge Yuntian said, exuding a powerful aura, which instantly enveloped the ring, crazy The rushed towards Li Tian, even the naked eye could see, those black air currents shrouded towards Li Tian like tentacles.

Li Tian snorted, and the momentum on his body also bloomed.

At this time, the aura of the two people were all elevated to the extreme, a group of red and a black, facing each other like the eyes of two demons.

Lu Xiu sat on the ring and slowly straightened his body: "No, our previous understanding of Zhuge Yuntian seems to have all gone wrong. Could it be that this kid has always hidden his true strength before this time? Have all your strengths been released?"

"It looks like this, this aura is definitely not something ordinary people can have, and from the perspective of this aura, although the two seem to be evenly matched, Li Tian was suppressed very miserably, and Zhuge Yuntian must have the strength. It's close to Qixing." Nan Fengzhu watched the battle on the ring with great interest, and when he encountered such a master who is even more powerful than the public defeat, what kind of tricks would Li Tian use to deal with it?

And Lu Xiu also began to worry, if Li Tian failed at this time, how would he solve the problem of public loss?

Even if it's just an offshoot kid, he will definitely let the Zhuge family investigate it when he dies, and it will definitely find out who did it.

Chapter 5310: Illusion

Zhugue Yuntian, many people think that the strength of the young man in front of him is average.

But in fact, it is not like this at all. Visually inspecting Zhuge Yuntian's current strength, he has almost reached the seventh star of the Divine Cultivation Realm. It is difficult to find a character that can play against such a guy in the entire Luoyang City.

Li Tian felt the breathtaking aura. Although he could barely persevere, he was still a little surprised that Zhuge Yuntian in front of him had already cultivated to this point. With such a powerful aura, he was even approaching the realm of gods. At the moment his aura exuded, the enchantment on the ring began to shake, like a canoe in a storm.

"You don't seem to be afraid at all."

"If fear allows me to defeat you, I can choose to be afraid, but there is no such option. Rather than worrying myself, it is better to relax and choose to fight you seriously." Li Tian grinned. Looking at Zhuge Yuntian with a smile, he clenched his fists: "I'm about to attack."

"Please."

When the two people started fighting, they would naturally not explode their true strength. It looked like two old friends who had known each other for many years were discussing each other. They were both small-scale trials and did not really show their strength.

They knew each other very well. The importance of this game made them dare not to show their full strength casually. First they wanted to figure out the opponent's style and then come to really show

their strength to defeat the opponent. At this time, it seems that the battle is meaningless, but as long as one party has a little hesitation at this time, it may make the result change drastically.

At this time, many people around all showed a very helpless expression. What they want to see is the fierce battle between the two men, but now they are all cautiously tentative, and no one really shows themselves. With all of his strength, he couldn't help but disappoint the scattered immortals around him. Are he going to fight like this to decide the outcome?

What a joke.

"It's worthy of being a member of the Zhuge family. Even if it's just a child of the branch, he is much better than the average Sanxian. This kid has not shown any flaws so far. It is hard to imagine that there is such a talent in the branch of the Zhuge family" Lu Xiu looked at the two people fighting fiercely on the stage, narrowed his eyes unconsciously, and looked at every detail above seriously.

"It's really like this, maybe even the geniuses in the main line are not much different from Zhuge Yuntian's strength. This young man feels really wonderful for us." Nan Fengzhu also nodded and said.

At this moment, the pupils of both people shrank instantly.

Because the two people on the stage began to enter a real fighting state.

The aura above the ring changed drastically. The aura of the original fierce battle disappeared in an instant. Li Tian was completely absorbed, but he still fell into Zhuge Yuntian's spell accidentally, and the world around him began like a mirrored flower. It became blurry little by little, just like a rock falling on the surface of a lake, causing ripples.

The surrounding space disappeared little by little, gradually turning into a dark space.

In this dark world, all he could see was a vague black shadow, but nothing else.

"It seems that you don't know much about Zhuge's family, and even said that you know less about me." Zhuge Yuntian's voice slowly floated from around, just like a voice from a very distant world, making Li Tian, the whole person began to become alert. Although I knew that this was just an illusion in front of me, there was really no good way to change the current situation.

Because he was like a blind man in this dark world, even with his own divine intent, he couldn't feel Zhuge Yuntian's voice.

"You don't need to try to find me. Here I am the world, the master here. It is impossible for you to find me from here." Zhuge Yuntian said lightly: "If you admit your own right now If we fail, we may not need to meet each other next, but if you still want to stick to it, I think the two of us have to fight each other."

"Having me trapped in this illusion, you want me to admit my failure?"

Facing Li Tian's question, Zhuge Yuntian did not answer, but was silent. At this moment, the whole world became quiet.

Li Tian in the illusion is brewing his own celestial power. He wants to find a breakthrough in this illusion. He has almost no knowledge of these families in the gods, especially the Zhuge family. No,

if it weren't for Zhuge Yuntian just talking about the Zhuge family, Li Tian didn't even know that the guy in front of him was from the Zhuge family.

At this time, the scattered immortals around the ring were all staring at what was happening in front of them.

The two people who were still standing on the ring now disappeared in front of them out of thin air. No matter how you observe with your own eyes, there is no way to find where the two people have gone.

"I've heard it a long time ago that what Zhuge's family is best at is to integrate space spells and spiritual spells to create another space independent of this world. In that space, their power will be greatly increased, but there is no I thought that such a terrifying spell could be seen in a place like Luoyang City." A knowledgeable Sanxian said with a sigh at this time.

No one knows what effect the combination of space spells and spiritual spells will produce, but Zhuge's family relies on such methods to become the best family in the entire God Realm. Naturally, it can be imagined that these two spells are combined together. The utility of is definitely not worse than what they thought, and even more powerful, but the specifics are probably only understood after personally experiencing it.

"It's a very good method. Although Li Tian has always been engrossed in preparations, Zhuge Yuntian invaded his consciousness all at once, and then developed such an illusion with his consciousness as the center. Now the situation is for Li Tianlai. It's very unfavorable." Nan Fengzhu said with emotion, Zhuge's offspring are already so terrifying, are the young geniuses in the main line far more terrifying than this?
