

A Killer 5341

Chapter 5341: compromise

On the ring, Li Tian squinted at Lu Wenhui standing in front of him.

He didn't know if he was really lucky. He actually encountered something like this that happened to him. He originally thought that if Lu Xiu stayed in Luoyang City, he wanted to leave Luoyang City after killing Lu Wenhui, but it would not be so. It's easy.

Who knew that at this most critical time, Lu Xiu was involved in the Broken Cloud Mountain Range matter before it succeeded.

At this moment, even if he is the city lord, it is impossible for him to do his own way on this matter. Since he has decided to cooperate with Tianluo Sect, he must be helped at this critical time. Presumably, Tianluo Sect will definitely treat him as well. Remembering the contributions made at one time is of great significance to future cooperation.

So Lu Xiu went.

After missing this more powerful opponent, Li Tian's current mood has stabilized, and he slowly calmed down, looking at Lu Wenhui in front of him, carefully figuring out the strength of the young man in front of him and whether he still has it in his hands. What treasure, or some other means to deal with himself, he didn't believe that Lu Xiu would not have any arrangements for Lu Wenhui.

After these days of getting along, Li Tian felt that he knew a lot about Lu Xiu.

This guy looks like a very loyal and righteous man, but he is a complete hypocrite, and he is careful when doing things, and he will never leave his enemies a little handle. This is In Li Tian's eyes, Lu Xiu, although they had previously agreed to cooperate, Lu Xiu would not necessarily believe him and would still proceed according to the previous agreement.

Therefore, in this battle, Lu Wenhui must also have many methods to deal with Li Tian.

Therefore, at this time, Li Tian was still cautious when looking at Lu Wenhui. He didn't dare to underestimate the young man in front of him. He has reached the point where he is now. He can't just give up so quickly.

On the ring, both of them were slowly creating their own momentum. Li Tian said with a smile: "Master Lu is really lucky. I chose to become my opponent at this time."

"Indeed, my luck is really good, but it doesn't matter. Anyway, no matter what kind of opponent it is, it will eventually become my defeat." Lu Wenhui saw the contemptuous smile on Li Tian's face, and his body was not tight. Tensed, all his muscles followed into a tense state, watching Li Tian intently, he knew that today's battle might be going all out.

If Li Tian is really ready to cooperate, it is absolutely impossible to cooperate with himself like this.

At this time, Li Tian walked towards Lu Wenhui step by step.

Many people were taken aback after seeing this scene. Didn't the two men's competition in the ring have begun? Li Tian suddenly approached Lu Wenhui. Is there any special purpose?

And Lu Wenhui also didn't know what Li Tian's purpose was for walking towards him.

But this guy now doesn't have any threats or even a trace of preparing to fight. How can he not think that Li Tian is planning to attack him?

"So many people are watching. If you are going to use sneak attacks to defeat me, you will be invincible." He looked at Li Tian, fully mobilizing his immortal power, although he did not show anything on the surface. Come, but if Li Tian suddenly launches an attack on him at this time, he can definitely react in the first time and make a counterattack.

Li Tian looked at Lu Wenhui in front of him, smiled slightly, and shook his head: "I just came here to chat with you, and talk about things that no one else knows."

"What do you mean?"

"I'm just a loose fairy, maybe as you said, in the eyes of people like you, I'm just a piece of the ocean, not worth mentioning." Li Tian's voice is not very high, but many stand The scattered immortals outside also heard them. At this time, they all pricked their ears, wanting to see what Li Tian is going to say. At this time, there is obviously something big news about the situation.

Everyone opened their eyes wide, waiting for Li Tian to continue talking.

But Lu Wenhui was a little anxious: "Are you crazy?"

"Until now, you may still be expecting that I can compromise. I hope I can cheat a little bit and surrender after fighting with you, so that you can become a direct disciple of the Tianluo Sect. You must hope that I will compromise like this. "Li Tian squinted at Lu Wenhui, and at the same time shook his head with a smile: "It's just a pity, with your talent, what qualifications do you have to become a direct disciple of Tianluo Sect?"

"I don't know what you are talking about, but if you continue to talk nonsense on this ring, don't blame me for being rude." At this time, Lu Wenhui was holding a flame-burning fairy sword in his hand, the sword is all over. The crimson is extremely red, and the temperature above can be felt from a long distance. It is absolutely terrifying. Li Tian believes that his skin will be scorched just by touching it.

But holding such a sword in Lu Wenhui's hands, there is no problem at all.

It can be seen that the kid trained by Lu Xiu in these years is pretty good. It has integrated part of Lu Xiu's strength, but the talent is still a flaw. At the beginning, he can rely on some natural resources to let Lu Wenhui catch up. Get geniuses from other families, but as time goes by little by little, their strength gets stronger and stronger. It is already very difficult to use drugs to increase their strength.

It's like you are taking medicine every day, but the effect of the medicine will become smaller and smaller.

Because your body has already produced a kind of immunity instinctively, this kind of immunity will greatly reduce your effect.

And Lu Wenhui's situation at this time is probably like this, his strength is indeed increasing rapidly, and he can be regarded as one of the outstanding young people, but it is only that.

Tiancai Dibao has no effect on him, unless it is some powerful fairy herb elixir like divine grass, otherwise it will not have any effect at all.

But these things are not something they can get casually.

"Damn, you don't want me to tell the deal between me and your father, so you are ready to do it, and kill me directly before I finish talking?" Li Tian said as he called out. After finishing Hong Zhan, he looked at Lu Wenhui in front of him with a smile on his face: "Well, I won't give you face today."

Chapter 5342: exposure

After Li Tian said these words, the entire ring was quiet.

Many people looked at Li Tian dumbfounded. Although they knew that most of what he said might be true, they had to wonder if this kid was completely crazy. This is Luoyang City, but Lu Xiu's site. He exposed Lu Xiu's methods in front of so many people, and he was undoubtedly making trouble for himself. Even if he had defeated Lu Wenhui, how could he leave Luoyang City?

But more people started to discuss what Li Tian said below.

They had always suspected that the trials this time must be tricky, otherwise every time Li Tian encountered opponents was very difficult, basically relying on his own efforts to stand on top of the top four ring step by step.

As for Lu Wenhui, every time his opponent looks very ordinary.

Although their battles are very gorgeous, these scattered immortals are not idiots. It is easy to see that their battles are not dangerous at all, more like a show.

Compared to Yu Li Tianlai, they really have many reasons to suspect that Lu Xiu had done something in this matter.

Now that the person concerned said it personally, the sentiment was immediately excited.

"Li Tian, don't talk nonsense here. You have to know that this is not a small town. Let you go wild. This is Luoyang City. What you are doing is insulting a Lord of the God Realm's main city. It's just what you are doing now, I am qualified to take your dog's life." Lu Wenhui can't really say anything now, only that Li Tian is just talking nonsense.

But there are almost no people who believe his words.

At this time in the referee's bench, many people looked at Dongfang Shuo, wondering how this general, who has always been very old-fashioned and loyal to executing orders, is prepared to deal with this matter.

You know that Dongfang Shuo's strength is very close to the realm of immortals, even He Jin is not as powerful as Dongfang Shuo.

If he takes action, he can also easily suppress Li Tian.

At this time, a guard standing behind him asked in a low voice: "General, what shall we do now? This kid said such things on such occasions, he is undoubtedly making trouble for us, if we do not control it, I'm afraid the problem will get bigger and bigger in the future."

Dongfang Shuo lay lazily on the chair, holding a teacup in one hand, and smilingly glanced at the guard next to him, and asked in a weird tone: "What do you want me to do? Let's get rid of Li Tian and say this kid. All that is said is false, he just wants to insult Lord City Lord?"

The guard was taken aback for a moment, and then fell silent.

Dongfang Shuo is a smart person, how could he fail to see that since Li Tian dared to tear his face under such an occasion, he had already made a lot of plans, and it was right that they would not dare to do it at this time.

Even though many people now believe in what Li Tian said a little bit, Li Tian has no evidence to prove that Lu Xiu asked him to release water in this trial before giving the championship to Lu Wenhui.

And if they did it at this time, it would undoubtedly be a little bit of no silver in this place.

Therefore, Dongfang Shuo didn't do anything. He just sat lazily in his position and smiled at Li Tian who was still standing on the ring: "This kid surprised me a bit, although he thought he might I will turn back at this critical time, but I never thought that this kid would be so bold. You know this is Luoyang City."

"General, then we..."

"I don't want to do anything, when we need to take action, I will naturally do it, but now you'd better sit here honestly for me, whoever dares to intervene in this matter, don't blame me for being rude to them." Dongfang Shuo With a cold snort, the tea cup in his hand turned directly into a powder: "Also, immediately mobilize the remaining Guards. After the game is over, we will catch Li Tian."

"General, you..."

"You don't have to figure out my mind, I naturally have my own arrangements and ideas. You only need to obediently follow my requirements. Make sure that this kid can't leave Luoyang City after this trial. This is what you need to do most now." Dongfang Shuo squinted his eyes and glanced at Li Tian, then leaned his head back and slowly closed his eyes.

And the referees sitting next to Dongfang Shuo saw that this guy still had a relaxed face, and had no intention of taking this matter to heart. They probably knew what the general meant, and seemed to have no idea He has to intervene in the arena, or that he seems to be very confident in Lu Wenhui, and he is not worried about any problems at all.

After seeing this scene, these referees have nothing to say.

"Of course, you are the son of the city lord of Luoyang. This is also your half of the site. You can't do what you want to do here. I'm afraid no one will jump out to stop you at this time. After all, I It's just a loose fairy, you kill me, and no one will get you trouble." Li Tian smiled and looked at Lu Wenhui in front of him. As he said, he raised the Hong Zhan in his hand: "But unfortunately, Today I will not let your conspiracy succeed. Even if I can't enter the Tianluo Sect, I will still defeat you."

"Then give it a try." Facing such a serious Li Tian, Lu Wenhui was able to show his courage at this time, smiled grimly, then clenched his fists and said, "I want it too. See, with my current strength, is it still that difficult to deal with a guy like you."

At this time, the aura of the two people increased crazily, and in a flash, several referees on the scene frowned.

It seems that compared to before, Li Tian's realm has been improved slightly, and Lu Wenhui, who may be far inferior to Li Tian in their minds, has a feeling of competing with Li Tian at this time.

This surprised many people, and there might not be much to watch in this game.

But now it seems that both of these two people have changed a lot. At present, both sides are 50% sure to defeat their opponents. It depends on how to use these five possibilities to defeat their opponents.

Chapter 5343: Square cannon

Li Tian never thought about wasting time at this time, he will face more battles next, so when dealing with Lu Wenhui, he will never retain any strength.

Even though he didn't know the strength and cultivation technique of Lu Wenhui in front of him, he was quite sure that it was not that difficult for him to kill Lu Wenhui.

The aura of the whole body attacked Lu Wenhui like a sharp sword, and instantly suppressed Lu Wenhui's aura. All of this happened in a short moment, and Li Tian was directly wearing it at this time. The red wing **** outfit, with the feather blade behind it, stirred up a whistling wind on the ring, and the whole person soared up, watching Lu Wenhui at his feet in the air.

"Is this the state after you go all out? It seems that it's just that." Lu Wenhui looked up at Li Tian in the sky, then showed an unwritten smile, and said in a low voice: "Come on, let me see how good you are."

As he spoke, the ground under his feet began to tremble violently.

Li Tian squinted his eyes, his state at this time has slowly entered a state where his heart is still like water, and he can vaguely feel that something is surging out of the ground under Lu Wenhui's feet.

In the next second, I heard a 'bang', and crimson flames spewed out from below the ground like magma, and then Lu Wenhui flew up with him.

Li Tian reacted quickly and instantly formed three clones in the air.

At the same time, Hong Zhan turned into a charged cannon, and started to aim at Lu Wenhui at four positions, pulling out all the energy on the ring in an instant.

Several referees stood up and looked at Dongfang Shuo: "General, the problem is now serious. The power of this kid's charging cannon is likely to damage the barrier, and all the scattered immortals around you will follow. Hurt, are we..."

"Send someone to reinforce the enchantment immediately." Dongfang Shuo said blankly, but the look in Li Tian's eyes became more solemn. Before he returned to the sect of Wan Jian, he now uses his clone to show such a terrible thing. The most important thing is that this kid's clone has not been weakened, which means that Lu Wenhui is now facing four Li Tian attacks at the same time.

One is already difficult to entangle, not to mention there are four Li Tian now.

Li Tian only discovered this situation before. The tricks that Hong Zhan used did not get weakened in energy because of the clone, so the trick he used was an instant burst of geometric multiples, but the same The consumption of the body is also very huge, condensing so much energy, the energy consumed is also very huge.

Fortunately, there is a vast sea of stars in Li Tian's body, so he can barely support such a consumption.

However, if it were changed to a general situation, Li Tian would definitely not do this. This kind of consumption is very huge, and it is not as effective as imagined in the battle.

But now it can only look like this.

First of all, he needs to kill Lu Wenhui in an instant. As for the next thing, he can only wait to talk about it. And when he is fighting Lu Wenhui, he must let the generals and guards of Luoyang City around him have no choice. Support, so the best way is to let the enchantment energy in a saturated state, there is a tendency to break at any time.

In this way, Dongfang Shuo can only wait for people to stabilize the enchantment situation.

And Li Tian could use this opportunity to instantly kill Lu Wenhui in seconds, and then withdraw from the ring.

When Lu Wenhui flew up, he regretted a little. The front, back, left and right sides of his body were all aimed at by the charged cannons. He wanted to control his body to twist quickly in the air, but it was too late.

'boom'

The four charged cannons aimed at Lu Wenhui in an instant, and then sprayed out frantically.

The energy endurance of the enchantment reached a node in an instant, and cracks appeared crazily. Dongfang Shuo stood up for the first time and rushed over quickly. His purpose was simple, that is, to stabilize the enchantment. .

As for Lu Wenhui, if he would be killed in seconds under such attack intensity, he would not be considered Lu Xiu's son.

But he never thought that Li Tian would use spells at this time.

Even if they thought of it, they would never think that Li Tian used a yellow charm at this time to be on the safe side.

It is the true tactic of Nine Heavens Royal Thunder.

This is said to be a spell with very powerful destructive power among the low-level spells among spell masters. If used, the destructive power is also quite terrifying.

What Li Tian thought of at this time was to use this spell to instantly kill Lu Wenhui in seconds, and then quickly left here.

Four charged cannons are enough for the energy barrier to reach a broken node at this time. Even if Dongfang Shuo is unwilling, he must run over to reinforce the energy barrier, otherwise all the scattered immortals around will be affected by this crazy energy. The storm swept through them, and the result was conceivable, they might even lose their lives like this, after all, some of these scattered immortals didn't even have the strength of Li Tian.

Now that Luoyang City is all entrusted to Dongfang Shuo for protection, of course it is impossible for him to see such a thing happen with his own eyes.

At this time, Dongfang Shuo had already brought a few of his hands down to the edge of the ring, and began to inject his celestial power into the barrier frantically, squinting his eyes: "This kid's energy can reach such a terrifying point. The strength of is not something that only talent can do, it's

more like a strongest in the lower realm. Could it be that the strongest in the lower realm that the Lord Lord said before is the guy in front of him? ’

He began to doubt the identity of Li Tian in his mind. After all, this kind of strength is no longer just talented.

In my mind, only those ***** emperors of the year had such terrifying abilities when they were young. Although they were only very young geniuses, their combat effectiveness might be more powerful than some experienced Sanxian.

In the God Realm for so many years, such people are almost rare.

But the strongest in the lower realm can do this when flying to the ***** realm.

At this time, the ring was full of energy exploding like crazy, and Dongfang Shuo couldn't see Li Tian at all.

Chapter 5344: Nine Heavens Royal Thunder Real Technique

In the arena at this time, Lu Wenhui had difficulty holding on.

On the surface of his body, there is a faint energy light film to resist the attack of these charged cannons. This energy light film comes from a ring on his hand. It is also a ring that Lu Xiu has tempered over the years. When in danger, an energy light film is condensed on the surface of one's body to withstand these deadly attacks, but this treasure must be based on the strength of the owner to exert different effects.

Lu Wenhui only has the realm of divine cultivation, so the energy light film that appeared at this time can only barely resist, and transfer all the energy of these energy cannons to the barrier.

‘Damn, this kid directly used all his strength to attack, he didn’t put me in the eyes. ’
'Lu Wenhui insisted on reluctantly, and said disdainfully in his heart, and then quickly read Fa Jue in his mouth:'In this case, don't blame me for being rude to you. If you want to die, I will just Let you get what you want. ’

He took out a small sword in his hand, which was what Lu Xiu left him.

The purpose is to use this thing to kill Li Tian when Li Tian wants to fight him. Although it is a bit bullying, there is no way to do it. If Li Tian still survives under such circumstances, treat them It was a very complicated issue. The longer Li Tian lived, the more likely it was to become their biggest threat, so Lu Xiu stayed with this little sword.

If Li Tian is obedient, they can still let Li Tian live an extra day or two.

But if Li Tian is not obedient and wants to be the champion of this trial, then use this small sword to kill Li Tian.

When Lu Wenhui slowly injected his fairy power into the small sword, he could feel that a very terrifying force was slowly awakening, just like a demon king who had been sleeping for many years was slowly opening his own Just like the eyes, the energy that burst out in an instant was about to burst the energy light film from the inside. This magic weapon was a magic weapon of a ***** emperor that Lu Xiu got by chance.

Although the ***** emperor didn't like this magic weapon very much, it was already a rare weapon for Lu Xiu.

For so many years, I have kept it by my side as a key tool to help myself. The most terrifying thing about this magic weapon is that it only needs a little magical power to fully activate the energy of the magic weapon itself. That is to say, it does not require much energy from the user at all to burst out a very terrifying power. This terrifying power is enough to make many people directly killed in a flash.

Dongfang Shuo outside the barrier also felt this terrifying power at this time: "I didn't expect the Lord City Lord to hand such an important thing to this kid. It seems that it is impossible for Li Tian to leave the ring alive."

But before he finished speaking, the originally clear sky suddenly became dark.

Many scattered immortals looked up at the sky, all of them wondering what was going on. The sky was still clear and the sun was shining just now. Only a few seconds later, the sky above them turned into a sky. Groups of black dark clouds formed one after another vortex, swallowing everything around the person crazily like a brave, leaving the entire Luoyang city in darkness.

Dongfang Shuo frowned, as if thinking of something, but then shook his head mockingly: "Probably there will be no such a coincidence. That spell is said to be rare."

All his energy was still on strengthening the barrier, especially after Lu Wenhui completely released the power of the magic weapon, Dongfang Shuo did not dare to continue to relax a little bit, the power displayed by the two men at this time destroyed Dropping this enchantment is simply a simple thing that cannot be simple. If this enchantment is destroyed, the surrounding scattered immortals don't know how much they will die.

"Oh my God, what is this? Why do I feel a little bad." A scattered fairy looked at the sky and suddenly said solemnly.

Dongfang Shuo also heard this voice, and then looked up directly. ,

It was a black vortex. At this time, there were traces of scarlet lightning in the vortex. Those lightnings appeared in the air like earthworms, and disappeared from time to time, but they gave people a very heavy sense of oppression. .

At the moment, Dongfang Shuo roared loudly: "Young master, run, this kid uses the rare nine-day thunder defense technique, you can't compete with this spell.",

They are countless, how can they not count that there is such a yellow charm in Li Tian's hands, and it is also the nine-day thunder protection technique, even if there are ten Lu Wenhui, there is only a dead end in front of this trick. .

At this time, Lu Wenhui in the enchantment, although he heard the sound, didn't really take it seriously.

What a joke, Li Tian in front of him is just a guy in the realm of spiritual cultivation, how could he use such a terrifying trick as the Nine Heavens Royal Thunder Real Technique, and even if it is really used, he used these four shots to charge The gun has already consumed a lot of immortal power, and how much immortal power Li Tian still has to squander, he can be sure that Li Tian's move is almost ineffective.

At this time, the entire Luoyang City was in chaos.

How terrible the strength of the gods is. The scattered immortals around don't know. They seldom see a **** who exerts his full strength in the main city, but now facing the black clouds above his head, They started to worry a little.

Because it can be felt that the energy contained in this dark cloud is enough to destroy the entire Luoyang City.

And Dongfang Shuo had given up on strengthening the barrier.

If you can't kill Li Tian, this one may affect the entire Luoyang City.

'Damn it, this kid is already crazy to this point. What he wants is not to become a personal disciple, but to kill Lu Wenhui with his own hands. Has he already hated Lord City Lord to such a level? He stepped back a few steps, bit one of his own fingers, and began to quickly read the law in the air, eloquently saying: "Heaven and earth are mysterious and yellow, the universe borrows the law!"

The blood flowing from his fingers quickly turned into a Tai Chi pattern in front of him, and a group of red flames was slowly burning in front of him, slowly beating in front of him.

Chapter 5345: The death of Lu Wenhui

Dongfang Shuo thought that Li Tian would seriously play against Lu Wenhui in this trial, so that even if he wins in the end, he still has a way to make the final personal disciple become Lu Wenhui in a fair way.

But who knows, Li Tian didn't even think about any personal disciples. At this time, he was thinking about killing Lu Wenhui.

In the sky, a thunder and lightning fell.

The crimson thunderbolt hit the ground at once, and the enchantment began to shatter in an instant. Under this terrifying energy, it was even more impossible for the fragile enchantment to change anything at this time.

And Lu Wenhui in the barrier was still urging his magic weapon.

The first time Dongfang Shuo reacted, he wanted to start preventing the next tragedy from happening, but after all, he was still a step slower. He had no intention of calculating, and he could not be Li Tian's opponent.

What is strange is that immediately after the red lightning fell, no sound was produced. A dark red vortex was formed above their heads, which was madly devouring all the energy on the ring, but only shortly. Within a few minutes, you can feel that the energy waves caused by the two impact forces are all absorbed by the vortex.

A figure fell from the air, his clothes were ruined and his face was covered with blood.

It is Lu Wenhui.

He heard Dongfang Shuo's reminder before, but there are already four charged cannons around him. It is impossible to leave the barrier anyway, so he can only bite the bullet and resist, who knows he

hasn't had time yet. When the power of the magic weapon was fully stimulated, Li Tian's nine-day thunder control technique was completed. The destructive power of the scarlet sky thunder was more terrifying than ordinary thunder and lightning.

The energy light film directly penetrated his body, all concentrated on his body.

But fortunately, the magic weapon in the hand still exerts some energy. The two forces collide in the air, just like the neutralization effect produced by two different chemical drugs. First, they slowly collide together to form a dark red color. The vortex, then the weakened surface energy little by little, slowly disappeared in the sky above the ring, but their energy is very large, and it will not disappear completely for a while.

Li Tiantian was panting, and the pressure on him with the four-shot rechargeable guns was also not small.

And his gaze at this time has fallen on Dongfang Shuo's body, his eyes are slightly squinted, looking at Lu Wenhui who fell to the ground; "There is only one chance, if you miss it, there is no way."

Dongfang Shuo also looked at Li Tian, and the Tai Chi in his hand had become bigger and bigger: "You'd better give up resistance now and cooperate with our actions obediently, otherwise I will not guarantee what will happen next."

How could Li Tian stop his hands? When things have reached the present level, even if he wants to stop his hands, it's impossible. If you don't kill Lu Wenhui today, you will never have a chance, and you will be caught by those in Luoyang City for nothing. The sergeants were chased and killed. Anyway, the result was the same. Why didn't he dare to drop Lu Wenhui, so that he could feel that he did not lose money by doing this.

Dongfang Shuo stepped back slightly, as the Tai Chi patterns grew larger and larger, the pressure on his side became greater.

Seeing Li Tian's eyes at this moment, he immediately knew that this kid didn't mean to be obedient at all. He became even more anxious at this time. Lu Wenhui couldn't die in this ring.

After a fight, Lu Wenhui was already extremely weak, and his immortal power had been exhausted.

The left arm slumped limply on one side, it looked like a bone was broken, and a wound appeared on his forehead. The dark stains made him look very embarrassed and he was no longer as relaxed as before. .

Li Tian's feather blade slowly incited, like an angel from heaven, slowly approaching Lu Wenhui.

"Don't kill me, please don't kill me, I give up, as long as you speak, I am willing to help you no matter what." Lu Wenhui began to panic, looking at the indifferent and determined expression in Li Tian's eyes, no Oil Ran began to struggle back, his clothes rubbed against the ring, and red blood began to flow out slowly, dragging a blood trail behind him.

It seemed to move slowly, but Li Tian didn't mean to be slow at all.

Knowing clearly that there is an enemy staring at him beside him, it is actually not that easy to kill Lu Wenhui, so Li Tian will definitely not hesitate and relax at this critical time.

"Regardless of whether I follow your requirements or not, the final result will still be killed by you. Whether it is you or Lord City Lord, it is clear that young people like me are dangerous in the future. They can't control me and worry that I will become them. My enemy, the best way is to kill me." Li Tian squinted his eyes, or slowly approached Lu Wenhui: "No matter what my situation is in this trial, I still cannot escape, so today I will drag you with me. Let me be buried together."

As he spoke, he raised the red sword in his hand and said softly: "Today you must die."

"I promise, I promise that as long as you can keep my life, I will never have any bad thoughts about you." Lu Wenhui widened his eyes and looked at Li Tian, who was approaching in front of him. He was really panicked. Up.

"Leave your life. When your father returns, he will still kill me. Will I change anything in the end? You so-called superior aristocrats have no credibility at all. For you, us. Sanxian's life is not mentioned at all." He raised the Hong Zhan in his hand, and then quickly dropped the knife in his hand.

Hot blood spewed out, a blood stain appeared on Lu Wenhui's neck, and then the blood poured out frantically.

His eyes were wide, and it seemed that until now, he had never thought that Li Tian would be so crazy, he would start directly in front of so many immortals, and in front of Dongfang Shuo.

He coughed, one hand trying hard to close the gap in his throat.

But he could only watch the blood flowing from his fingers eagerly, and soon dyed his clothes better, his eyes began to bulge outward slowly, and his face was also unwilling.

The whole ring was silent, and no one dared to imagine that Li Tian would attack the city lord's son.

It can only be said that Li Tian's madness has completely exceeded their imagination, and he does not care about the identity of his opponent. If he offends such a guy, he will be very disturbed when he sleeps.

Chapter 5346: siege

"Looking for death." Dongfang Shuo saw that the matter was irretrievable, and now there must be no way to explain to Lu Xiu. The only thing that can be done now is to arrest Li Tian. As for the rest of the matter, it is obviously not just for him. It can be done. Let Lu Xiu take care of it himself. Now I just need to arrest Li Tian.

The huge Tai Chi picture rushed to Li Tian's face.

Before Li Tian was still dealing with Lu Wenhui, he watched the Tai Chi picture arrive in front of him, unable to make any timely response, he was smashed into the air and fell heavily to the other side of the ring, coughing heavily. .

"How could it be like this?" Catherine stood under the ring, staring dumbly at these things that happened before her.

When Li Tian stood on the ring and told the people below about the agreement between him and Lu Xiu, she finally understood why Li Tian had to do such a heartless thing to them. It turned out that she was going to kill Lu Wenhui at this time. ?

Looking at Li Tian who fell on the ground at this time, her brows frowned.

"Captain, this is obviously not the best time for us to take action. If you don't want to trouble Li Tian, you'd better not take the initiative to go forward." Monskra said while holding Catherine, "Now the entire Luoyang city is Li Tian's enemy. With our strength, do you really think we can help?"

"I don't care. If we don't have Li Tian remind us in that camp, maybe we are dead now, and now Li Tian is in danger, how could we just assume that nothing has happened before, and we must help. Yes." Catherine shook her head, she didn't even hear Mengsk's words in her ears. She was very excited at this time.

Before, I was still wondering why Li Tian suddenly broke away from them.

It turns out that something like this happened secretly. Li Tian was definitely worried that if the Dongchuang incident happened, people like them would also be implicated. That's why he made such a decision at that time, hoping that he could do so. protect them.

Seeing that he is so dangerous at this time, facing an opponent of Dongfang Shuo's level, it is completely impossible to defeat, and I don't want to continue to hesitate here now.

"Since Li Tian has already arranged this matter, he must have his own plan. Even if we go up now, we can only make him feel very guilty and can't do anything at all." Xing Jun has been They seldom talk, but I finally said a few more words after seeing these things happening before me: "If we really want to help Li Tian, what we have to do now is to contact as many as possible to help. People."

"In Luoyang City, who else can Li Tian know besides us? Who can help?" Catherine slowly calmed down after hearing this. The reason why Li Tian broke off with them is to hope that they will not be affected by their own affairs. Implicated, in this way, Li Tian himself would also be very guilty. They have gone up now, which may have caused Li Tian's original plan to be messed up.

Several people stood on the ground and looked at each other, looking at the chaotic crowd, none of these scattered immortals would want to stay.

The previous trials were fairly normal, but the opponent Li Tian will face next is Dongfang Shuo, and there is no barrier protection at all in this battle. They continue to stay here and may die directly.

"Zhuge Yuntian is still in Luoyang City. The only thing we can do now is to find Zhuge Yuntian. Since he could talk to Lu Xiu before, he must be very dependent on him. Even a branch of Zhuge's family, he is also in these matters. More or less you can use your own abilities." Mengsk flashed countless thoughts in his mind, and finally thought of Zhuge Yuntian.

What Zhuge Yuntian and Lu Xiu said after the game was over, now it seems that he knew this would happen a long time ago.

"Yes, we're going to find Zhuge Yuntian now." Catherine nodded and looked around. The scattered immortals began to flee in all directions, and I haven't seen Zhuge Yuntian in Luoyang these days. Can they really find it? ?

Although I am a little confused now, things have come to the point where they are now. Next, I must not waste time anymore. I can only work hard to find them. If I can't find Zhuge Yuntian, I can only fight for their lives. Protect Li Tian and leave.

On the other side, Zhuge Yuntian still looked at Li Tian on the ring from a distance, smiled and shook his head: "It's really courageous. This kid is just a loose fairy. Now he has killed a city lord's son. He just doesn't worry that this matter will make a big deal. Isn't he afraid that his identity will be guessed out or hated by others?"

"Although this kid's personality seems very ordinary, he is actually a very stubborn and cold-blooded man. Once it is what he believes, I am afraid it will never change." The black man said silently, then looked at Zhuge Yuntian said: "I have arranged the matter. Although it is a bit rush, but I can barely let him leave Luoyang City safely, do I have to act now?"

"Is it possible to complete this task now? At the moment when Lu Wenhui died, Dongfang Shuo arranged for people to surround the entire Luoyang City. Now the entire Luoyang City is defended like an iron barrel, whether it is from the inside or It is impossible to come in easily from the outside, it can be said that there is no leakage, can you make Li Tian leave here?" Zhuge Yuntian curled his lips and looked at the black man in front of him and said.

"I know you don't believe in my ability, but since I have agreed to your request, of course I will help you finish it. If I fail this time, your opportunity will not be wasted." Squinting his eyes, looking at Zhuge Yuntian in front of him, this kid is still bargaining with himself at this time. The reason why he said so much is not worried about his failure?

Now Luoyang City's defenses may be even tighter than that during the Divine Emperor War. They wanted Li Tian to leave the city safely and safely, just like a daydream. It's no wonder that Zhuge Yuntian would not believe it. Because this is a super difficult challenge in itself.

"It's pretty much the same. The next step is your performance. I hope to see Li Tianan leave Luoyang City safely."

Chapter 5347: God Realm

'vomit'

pain!

Li Tian can only feel the pain in his heart. This is the most painful blow he has received since he came to the realm of God. At this moment, his whole body is like being thrown into a pan and exploded, and his bones are about to be destroyed. The pain is broken, the whole person just wants to howl loudly in pain, it seems that only in this way can I calm my mood and make myself not feel such pain.

Seeing Dongfang Shuo walking towards him step by step, he gasped and said, "Give me a good time."

"You have arranged everything so perfectly, you can say that many people have been counted in your plan. I can think that you must have thought and planned a lot of time before doing this. Is it over like this, you Just want to kill Lu Wenhui, is it just such a simple thing?" He looked at Li Tian in front of him, squinted his eyes and asked with a smile.

"Hehe, what choice do I have now? I am just a Sanxian who has just reached the realm of spiritual cultivation. Is there any chance facing an opponent like you?" Li Tian sneered, panting. Leaning against the wall behind him, looking at Dongfang Shuo in front of him lazily, he snorted, "If you are ready to do it, take advantage of it now."

"It seems that you have given up completely now, but I can feel that you are holding a spell in your hand now." Dongfang Shuo sneered, and as his voice fell, Li Tian felt At this time, my throat was strangled for life: "Although the charm is a good thing, the biggest drawback is also obvious. It must be activated by chanting the spell on it. Now you I can't say a word, how are you going to use this spell?"

Li Tian felt a little helpless in his heart. He was secretly preparing to use this crucial moment to overshadow Dongfang Shuo in front of him.

What he used was a cyan spell, the world is domineering.

He can instantly attach his own Red Slash to the strength equal to that of the God King's left and right levels, and can exert a very powerful destructive power in battle. Although it is only a buff spell, once it is used, he has no difficulty dealing with Dongfang Shuo in front of him. At least he can successfully escape from Dongfang Shuo's hands when he can't handle it.

But now, there is no way to recite the spell. He can only watch Dongfang Shuo pinching his throat, feeling his breathing heavier and heavier, but nothing can be changed.

"Look at what you look like now, didn't you still be invincible before? Didn't you still think that you can retreat after doing these things?" Dongfang Shuo stared at Li Tian fiercely: "I really didn't expect you Sanxian to have such courage to kill Lu Wenhui in front of me. It's all right now, I'm going to be unlucky with this."

Li Tian stared and wanted to say something, but he couldn't say a word.

His cheeks have started to turn red and he is about to die.

At this moment, Dongfang Shuo suddenly released Li Tian, then snatched the charm from his hand, and took a look at it. It was a yellow charm, the Nine Heavens Royal Thunder Technique.

That is to say, this charm directly killed Lu Wenhui. Although it has something to do with Lu Wenhui's underestimation of the enemy, it can be seen to some extent that the destructive power of this charm is very terrifying. It is only because Li Tian is not a charmer at all. , Otherwise, if a spell master came to cast this spell, I am afraid that the entire Luoyang city would be bathed in scarlet lightning.

"Hehe, this is just right. You probably don't dare to kill me now. If I die, the anger in Lu Xiu's stomach won't know who should be vented when he comes back. It must be unlucky then. You guy, so you can torture me as much as you want, but you dare not kill me." After he could speak, Li Tian began to seem a little indifferent.

'boom'

Dongfang Shuo's fist hit Li Tian's face heavily, causing him to fly upside down and fall to the ground: "What I hate most is you who don't know what is good or bad, don't you want to die? , I won't let you die, but I will make you worse than death."

He quickly read the formula, and immediately behind him, four fairy swords of different colors appeared, flying high into the air.

Like a fighter jet diving down, the speed suddenly increased. Before Li Tian had time to react, four fairy swords pierced his hands and feet, and nailed him to the ground.

At that moment, a real feeling that life is worse than death hit Li Tian's heart.

"These four swords are the methods I use to punish and torture people. Each sword contains a kind of energy. These energies are different, but they can make you feel the same pain as the energy source." Dongfang Shuo said with a smile. At this time, Li Tian had four fairy swords inserted in his body. Although he didn't die, it made him feel that life is better than death.

This kind of pain directly affects your mind and body. Under the double torture, even Li Tian, who has been fighting for many times, can't bear it.

He was holding a small charm in his left hand, which was the most powerful charm in the world.

He knew very well that it was basically impossible for him to rely on others now, and Shuigui Guzi might not even know that Li Tian had torn his face with them, and that things had progressed to this point.

So now he can only rely on himself, in order to survive, even if he reveals his identity, he will not hesitate.

"There is no way, it seems that I can only throw out all my hole cards." Li Tian whispered, and then quickly roared. Following his voice, Honghuang Qinglong was slowly summoned by him. come out.

When that huge body appeared on this ring, it also brought a very dignified pressure to people, especially the appearance of this blue dragon, which made Dongfang Shuo somehow unable to react for a while.

Although the ancient sacred beasts have not completely disappeared, they have been rare in these years. At this time, witnessing a creature that is almost indistinguishable from the Qinglong will certainly be a little surprised.

But this was only a moment, Dongfang Shuo quickly calmed down: "It seems that this should be your other means. Are you ready to resist to the end?"

Chapter 5348: World tyrant

"You dare not kill me now, but I can kill you. As long as I get a chance, I will definitely do everything I can to kill you. This is a natural advantage for me, even You don't want to admit it, but this is my advantage." Li Tian sneered. With the emergence of the Great Blue Dragon, a powerful celestial force burst out of his body, which forcibly destroyed Dongfang Shuo's fairy sword. Up.

Dongfang Shuo also froze for a moment, but he did not expect that his magic weapon would be destroyed in this way.

Although these four fairy swords have always been used to interrogate others, basically there is nothing particularly powerful, and anyone can easily break this situation.

But the gap between Li Tian and himself is not a small star.

Now that he has destroyed his magic weapon so easily, it has made Dongfang Shuo somewhat surprised, but your performance is only an accident. He doesn't think the young man in front of him can really change anything.

Now that he has fallen into his own hands, even if he is given a pair of wings, he cannot escape from his own hands.

But this loach still has some trouble for Dongfang Shuo.

"Li Tian, what are you going to do?" Honghuang Qinglong floated in the air, looking at Dongfang Shuo below. They are definitely not the opponent of Dongfang Shuo in front of him. They can only rely on Li Tian's imagination to deal with the difficulty in front of him. The entangled guy.

"I still have a blue charm in my hand. Dealing with Dongfang Shuo is far from a problem, but the most difficult thing to do now is that it's hard to stick to my current state." Li Tian's hands and feet were all pierced by the fairy sword, and now I can only He stood up reluctantly, and at the same time quickly used his own fairy power to heal his injury, the feather blade behind him instigated it, allowing him to fly in the air, and more or less reluctantly to reduce his pain.

"It's simple. I can help you delay a little time now, but you'd better get it done quickly. I can feel that there are more and more powerful people around. The whole Luoyang City doesn't know how many masters there are. If they are all present, we will never leave here." Honghuang Qinglong whispered, Li Tian's current situation is not particularly bad.

His opponent is just a Dongfang Shuo, but if this situation continues like this, he will face more opponents by then.

The whole Luoyang City has no idea how many strong people are. When the time comes, these strong people will all arrive. Li Tian still wants to leave here, just wishful thinking.

"What are you still struggling with? Even if you escape from my hand, there is still no way to leave here. The entire Luoyang city is surrounded. Everywhere is our people. Even if you grow a pair of wings, you call Such a little loach is still going to die here, why should I struggle like this to make myself more painful." Seeing Li Tian's appearance at this time, Dongfang Shuo snorted, and then slowly flew from his position. Get up, squinting at Li Tian.

"Fight!"

He only heard him shout, and suddenly many fairy swords appeared around him, and they rushed towards Li Tian in an instant.

The dense fairy sword fell like raindrops. The Honghuang Qinglong glanced at Li Tian, then quickly flew in front of Li Tian, and opened his mouth to spit out a group of crimson dragon breaths. These dragon breaths have strong destructive energy and spit out. Going out can easily wipe out all the fairy swords in front of him, but this is just barely supporting for a while.

After all, Dongfang Shuo was still a master in the realm of gods, and there were more methods in his hand, but he hadn't really used it now.

Li Tian has now decided to resist, but Dongfang Shuo can't really let this young man die like this. After Lu Xiu comes back, he still needs to let the young man in front of him be his surrogate. The province is very troublesome.

‘Boom boom boom’

After Dragon Breath came into contact with these fairy swords, it really caused all these fairy swords to explode, but it was only a small part, and more fairy swords rushed over.

Behind Dongfang Shuo, it seemed as if it had become a collection of weapons, and densely packed fairy swords all poured out from it, and he didn't know how many fairy swords this guy had, so many hadn't been used up yet.

"How long can your loach last? I think you should have blocked all your destiny on the spell now. How many possibilities do you think you have to change?" He looked at Li Tian and snorted disdainfully. With a sound, he opened his arms and let more fairy swords start to attack Li Tian. He knew that Li Tian was special, but it was impossible for a special young man to be his opponent at this time.

And Qinglong, facing so many immortal swords, it is impossible for the dragon's breath to be completely eliminated at this time, and can only rely on his own body to reluctantly resist these dense immortal swords.

Li Tian behind him began to recite the formula. He closed his eyes and slowly stabilized his emotions at this time. He knew that if he were to be distracted at this time, he would only be able to bear it. More attacks, since he doesn't want Honghuang Qinglong to help him bear these pressures, what Li Tian needs to do is to work hard to inspire spells faster.

This kind of very powerful spell, the spell is also very long, and it will be impossible to finish it for a while.

Therefore, Li Tian now needs to be calm, so that he can successfully cast spells in such a short period of time.

"Bang Bang Bang"

Qinglong breathed out the dragon's breath continuously, burning and destroying the fairy sword, and at the same time, he kept using his body to block those fairy swords that could not be eliminated. He knew that he could only do this as much as possible now, and only needed to buy time for Li Tian. After that, Li Tian could change the situation here. If Li Tian died here, it would definitely not be able to leave alive.

The scale armor on his body was being destroyed bit by bit, and even some of the scale armor slowly fell down.

The flesh and blood appeared in Dongfang Shuo's sight, but Honghuang Qinglong did not look back at all, but tried very hard to stop Li Tian, he firmly believed that Li Tian could fight back when he couldn't hold on.

And Dongfang Shuo, after discovering that he had attacked for so long, Li Tian had not been able to cast the spell, he felt that this thing was a bit weird, and the power of the spell was not ordinary after such a long time.

Chapter 5349: bloody battle

'Damn it, this kid is just casting a very dangerous spell. If you continue like this, it's impossible to keep this kid. 'Even Dongfang Shuo didn't want to admit it, but at this time he still had to say that he really underestimated this young man. He constantly refreshed their impression of the young man in front of him. Watching Li Tian's

continuous changes, he became more and more The stronger he came, he could only deal with Li Tian as a very dangerous opponent.

The air suddenly became quiet.

At this time, the noisy world was all quiet. It seemed that people all over the world were already asleep. Li Tian and Dongfang Shuo could no longer hear any sound.

Naturally, Li Tian couldn't hear the sound of the spell he chanted.

When he raised his head, all he saw was Dongfang Shuo's indifferent eyes and a grinning smile at the corner of his mouth: "Well, you can't hear the sound anymore, I want to see if you can continue reading. ?"

This voice suddenly rang in Li Tian's mind.

He can be pretty sure that this is not the sound heard in his ears, but the sound that appears in his mind.

"How is this going?"

"This is one of my abilities. It is impossible for everyone here to hear the outside world, and there is no way to communicate with the outside world. Although your little loach is not very powerful, it is still a bit troublesome for me." Dongfang Shuo smiled faintly, and explained: "So I use this method to let the two of us fight alone, so that even if you have such a wild dragon, there is still no way for him to help you."

After listening to Li Tian, he probably knew what was going on. Seeing the still world around him, he knew that he had entered a state of time stillness now.

It's not that there is no sound around, but because these sounds have also stopped with time.

Therefore, they can only use the spirit in their minds to communicate.

Seeing Dongfang Shuo's smile on your face, this guy is obviously afraid that the great blue dragon will intervene outside. Li Tian still carries some charms on his body. At present, it is impossible to be sure how terrible the charms this kid holds in his hands, just to be on the safe side. , He could only choose to let Li Tian come into this still space, when he suddenly came here, he would definitely not be able to adapt.

The activation spell must be completely chanted.

Li Tian looked at Dongfang Shuo. At this moment, both of them were struggling at the last juncture. Although I don't know how much victory the World Tyrant could bring to him, it is clear that Li Tian can only do this now. Two The spells used at this time may have some effects, but if the effects are not as perfect as Li Tian imagined, it would be a bit bad.

Moreover, although Dongfang Shuo in front of him was powerful, he hadn't arrived yet so that Li Tian could not fight back.

Therefore, he chose the spell of World Hegemony, but he was ready to make a quick decision in this battle, and he could end the battle more quickly in the face of opponents who resisted him.

The cyan spell lasted for a long time. Tian Xia He must be among a few spells, the most suitable for the current situation.

Obviously, what Li Tian needs most now is to ensure that he can perform at an extraordinary level in the next period of time. It is the best choice to rely on the power of the spell to improve himself to the strength of the ***** king.

He was thinking, while chanting a spell in his mind.

When Dongfang Shuo began to attack, his body began to blur, and then one after another clone slowly appeared and disappeared, like a gust of wind, fleeting.

The movements of these clones were all exactly the same, and Dongfang Shuo didn't want to find Li Tian among these clones so easily.

At this time, he bit his finger once again, then drew a symbol on his forehead, and shouted: "Sky Eye, open!"

In an instant, the dazzling light almost made Li Tian unable to open his eyes. Seeing the eyes appearing little by little on Dongfang Shuo's forehead, he became more anxious. Tianyan had also heard of this before. It allows Dongfang Shuo to easily find the true target among these clones, after all, there is still a gap between the clone and the ontology.

In front of the eyes of the sky, these gaps are nowhere to be seen.

Sure enough, Dongfang Shuo quickly spotted Li Tian, then he flashed away, and came to him, lifted his right hand finger, chuckled, the energy of the thickness of the finger gushed out of his finger, and instantly attacked. A dazzling spark exploded from Li Tian's chest.

But Li Tian vomited out blood.

Everything I did before was completely abandoned and fell to the ground fiercely, but nothing was destroyed. In the static space, everything around was static. Naturally, they would not be affected by them in this state. The battle is destroyed, but once this static space is lifted, the things that should have been destroyed will be destroyed instantly.

"Look at how you were embarrassed first. Apart from spells, what else can you rely on? It's a pity that you were too careless before. Do you think you will be overcast by your spells when you reach our state? You only need one A little bit of energy fluctuations, we can easily find that you still want me to suffer a dark loss in this state, it is really funny." Dongfang Shuo sneered, and several fairy swords flew out instantly.

'Puff puff'

The fairy sword penetrated Li Tian's body, blood poured out, fell on the ground, stained the ground red.

And Li Tian's body flew upside down again.

Now he is like a ball, in front of Dongfang Shuo, there is really no fighting power at all, and he can deal with him casually.

"Indeed, it is the first time to deal with an opponent like you. I didn't expect that you can even feel such subtle fluctuations in the power of immortality." Li Tian smiled bitterly. He is now very desperate. In front of his strength, he really felt very weak. It seemed that it was really difficult for him to change the situation in front of him. Shuigui Guzi hadn't appeared yet, it seemed that he really had to rely on himself.

"But what I doubt now is whether you are the strongest in the lower realm at the beginning, and if you are, then you can't let you die so easily." Dongfang Shuo touched his chin and looked at him. Li Tian looked serious.

Chapter 5350: Identity exposure

Li Tian was silent for a short while, just because he knew very well that after today's battle is over, it is very likely that he will be truly famous in the God Realm, and would his enemies say that he is The identity of the strongest person in the lower realm tells those powerful ***** emperors that if it is that way, I am afraid that he wants to survive in the ***** realm well under the wanted of these people, it is simply impossible.

Many of his enemies in the next session have already soared to the God Realm, and now they have provoked such a boss in the main city. It seems that his future life is destined to not be very good.

"No matter what your status is, but today your results will definitely not change in any way. You killed a city lord's son in front of so many people. Even if Zhuge Yuntian wanted to protect you, he would still be helpless. No one will help you in this matter." Dongfang Shuo looked at the helpless expression on Li Tian's face, and sneered at the moment and shook his head.

It is probably the most pitiful to be a human being at the current level of Li Tian. After causing such a big trouble, only to find that his own ability cannot be solved at all. This is the most helpless thing.

"Even if I was caught by you today, if Lu Xiu never came back when he went to Broken Cloud Mountain Range this time, are you still planning to kill me according to his request?" Li Tian squinted his eyes, Broken Cloud Mountain's things are probably the most likely opportunity for him to turn around. If Lu Xiu died in that place, then his situation could also change.

After Dongfang Shuo held a three-foot-long fairy sword in his right hand, the surface of the fairy sword was swallowing sword air, like a poisonous snake spitting out his dangerous snake letter. Li Tian also felt the slightest cold at this time. .

"Even if he died, so what? My allegiance is not to a Lu Xiu, but to the lord of Luoyang City. Even if I failed to kill you this time, for me, I still did what I promised. Regarding the matter, the subsequent city masters will also remember this matter in their hearts, and they will naturally value me even more. The strength of a person is not important, and loyalty is the most important thing." Dongfang Shuo side As he said, he approached Li Tian: "Don't struggle, just relying on your current state, there is no longer any chance."

In this still space, everything that Li Tian had come from could not be truly effective.

Especially in the face of this Dongfang Shuo who has surpassed himself too much in realm, without the help of spells, he would not be able to change the situation in front of him. The final reason is that he still faces too few powerhouses in the gods. He naively thought that he could use the power of the spell secretly, but he didn't expect that Dongfang Shuo would be fully aware of the slight movement on his side.

He stood on the ground, covering his wound with one hand, watching the blood flowing out of his body, the feeling of weakness began to linger in Li Tian's heart.

He was gasping for breath while trying to make his body stand straighter.

Although the injury was serious, as long as he stopped and listened to Dongfang Shuo's arrangement obediently, there would be no problems.

If you did not choose to stop, but chose to continue fighting, then the result would be conceivable. No matter how hard Li Tian works, it doesn't matter. In the face of absolute strength, if there is no powerful magic weapon and means to shorten the two It is impossible for him to beat the Dongfang Shuo in front of him because of the personal gap. With this serious injury, for Li Tian, stopping is indeed the best choice.

However, he obviously wanted to continue fighting like this.

And Dongfang Shuo's pupils also shrank slightly, and the eyes of the young man in front of him were more or less admired: "After suffering such a serious injury, knowing that he is not an opponent, he still has to keep fighting. Why does this guy have such a mentality? '

"You have suffered a very serious injury now. You should take a good rest to let your body slowly adapt to the situation at this time and ease your injury. Are you still going to continue fighting with me?" He stared. Seeing Li Tian standing up and holding his fist with a serious face, although he had reserved strength before, he should have caused Li Tian to lose his combat effectiveness strangely.

But looking at the look in front of him, this guy is like a Xiaoqiang who can't be killed. After being attacked by his own horrible attack, he didn't fall down, but stood up instead.

"If I just lie down like this, I can indeed survive, but there is no difference between dying in your hands and living. Since I have decided to kill Lu Wenhui, I am ready to die. Now I I want to see what you can do with me. Now my physical condition is very bad, and I can't stand the slightest attack anymore. Are you sure you still choose to shoot me?" Li Tian smiled unscrupulously. In the face of this critical moment of life and death, he was able to laugh with his mouth open, and this guy was still smiling so happy.

Dongfang Shuo was about to cry. This kid was a real lunatic, a lunatic who didn't know how to describe it.

Most people will of course beg for mercy in such a situation. After all, they have more choices after living, but Li Tian is not like this at all. His expression is still so calm, and the smile on his face is still so brilliant. I miss him. It was the final winner, and Dongfang Shuo and others were nothing more than defeats to his men.

And Dongfang Shuo thought for a while, it seemed that this was the same reason, and the battle between them and Li Tian in front of them seemed to have really failed.

I thought that my own means could control this young man obediently, but I never thought that in his bones this young man was a fearless guy. Even at this time, he still chose to fight them hard. Although he was facing death in the end, he had to say that if he was given the same strength as Li Tian, Li Tian had already won.

Even now, he has not lost.

Because he has accomplished his purpose.

"It can be seen that you are a guy with a complicated mentality, but from what you have shown so far, I have a good reason to suspect that you are the strongest in the lower realm. When I catch you, I will naturally interrogate you."
