

A Killer 5351

Chapter 5351: Unfathomable

Li Tian has closed his eyes.

Although he stood up, he was already very reluctant. It was really not easy to be able to stand up with such a serious injury, but it was just like this.

The immortal power in his body has been consumed a lot before, and the battle with Dongfang Shuo has continuously injured his body. Most of the immortal power is used to protect his body, and now he is already exhausted. Ku, you can only talk about it, but if you really want to do it, unless you can show the power of the spell, otherwise it won't have the slightest effect.

'Damn spellmaster, why are these spells so complicated that it's impossible to recite them in a short time, so how can you deal with the enemy in battle? 'Although Li Tian has given up, he still did not give up the urge to scold his mother. These spells are so complicated that he can't read it easily during the battle. For him, this is what he loses. The key to a battle.

But at this time, anomalies suddenly occurred.

Suddenly, a pair of hands appeared in front of Li Tian, like a perfect painting originally painted, suddenly being splashed with ink, the whole still space began to become chaotic, and layers appeared around. The ripples of a layer, then disappeared bit by bit, returning to the original world.

Immediately there was an endless explosion. Everything around Li Tian turned into powder in an instant, and the wild Qinglong was pierced several times by the fairy sword, and the wound was clearly seen as a small hole. Blood flowed crazily from these wounds like spring water, and it spilled over the ground in the blink of an eye, and his huge body also hit the ground heavily.

When things got to this point, it was no longer for the referees to intervene. They ran away hurriedly when they found that something was not right. These people who were born were soldiers under Dongfang Shuo, and their role at this time was just to suppress the formation, to ensure that no other people would interfere in this matter. With the protection of these people, Dongfang Shuo could also be very Deal with Li Tian with confidence.

But no one would have thought that under the protection of these people, someone would actually intervene in this battle.

The first thing Li Tian thought of was Water Ghost Guzi. He is probably the only one who still knows his identity in the God Realm, and he is the only one who knows his plan.

If anyone would help at this time, Li Tian would definitely be the water ghost millet.

However, this idea did not linger in Li Tian's mind for long before being directly abandoned. The reason is very simple, because this person who suddenly intervened in this battle has a bit of unfathomable strength, even if it has been shown He has gained his powerful power, but to Li Tian and Dongfang Shuo, it is still as unpredictable as a black hole.

He was wearing a black robe, a hat, and a sharp sword in his left hand. His voice was hoarse but he was full of masculine charm: "You can't take this person away."

"Who are you, this is Luoyang City, do you dare to intervene in our Luoyang City affairs?"

Dongfang Shuo's figure flashed, and soon he kept a distance from the black man and said seriously.

He hadn't reacted the moment the man in black intervened, but the first time he reacted, he quickly distanced himself from the man in black.

Because in this black man, he felt a threat that he had never felt a long time ago.

"It doesn't matter who I am. This is something within your Luoyang city, and it doesn't work for me either. But as long as I want to intervene, no one can refuse me yet." He squinted and looked.

Looking at Dongfang Shuo in front of him, he said with a sneer; "This young man has not yet reached the time for you to take him away, and you can't take him away from me."

"Your Excellency is a bit too big. This is Luoyang City. Unless the God Emperor comes, it is impossible to take people away from our hands. If you think you can have the upper hand in the battle with me, you can be here in Luoyang. Are there any scruples in the city? You really look down on our Luoyang City's ability." Dongfang Shuo frowned and threatened the man in front of him.

And the man, at this time, just said lightly: "There is indeed such a statement, but do you think I believe it?"

"Huh, in the Divine Emperor War, there were many people who wanted to sneak into the main city to win, but the final result was that these people wanted to take our main city, but they were beaten by us. He ran away. I think since you can reach such a powerful state, you must also know about this." Dongfang Shuo said it as if it were righteous, but he himself didn't have the slightest confidence.

It's just because he knows very well that there is actually a secret in this matter that many people don't know.

Only the major city masters and their cronies can know about this matter. I hope that the man in black in front of him doesn't know this, so that he can take this opportunity to keep Li Tian.

If Li Tian were to kill Lu Wenhui and leave Luoyang City so swaggeringly, he would really lose his head.

"There is indeed such a saying, but you have forgotten one thing. This is because there is a very powerful augmentation formation under each main city. If this formation is activated during the battle, the main city can be The internal defenders have gained very powerful strength, and at the same time they have a certain degree of ability to suppress their enemies." The man in black looked at Dongfang Shuo's eyes, and said unhurriedly: "During the God Emperor battle, lean This formation has indeed reduced the disaster of many people to the main city, but there are still many main cities destroyed, just because the activation of this formation is very complicated, and if it remains active, it will consume very large resources. Luoyang Before the city's formation has time to activate, I can leave here with Li Tian."

At this moment, even Dongfang Shuo was stupidly stunned and didn't know what to say.

The previous remarks were only intended to scare the man in black in front of him. If he didn't know the secret things inside, he should have left obediently.

But he didn't expect that the man in black knew so clearly, and he obviously knew the details of these things very well, he couldn't deceive this guy at all.

Looking at the man in front of him, he just wanted to ask aloud, who invited him.

Chapter 5352: Junjie

Li Tian also carefully looked at the black-clothed man in front of him. From the aura, the black-clothed man couldn't feel anything terrible, but he just stood in front of you like this, and you couldn't help feeling in front of you. This man feels invincible, and he knows that this is a deterrent that can be produced when his strength reaches a certain level.

Just as sheep are afraid of hungry wolves, hungry wolves are born with an irresistible deterrent to sheep. Therefore, when facing hungry wolves, even if there is only one opponent, these sheep will still choose Leaving, rather than choosing to fight with hungry wolves, is the effect of a natural deterrence that can make these creatures lose their ability to fight.

Li Tian and Dongfang Shuo both had the same feelings in front of him. The deterrence of the man in black was really terrifying to him, and it was still irresistible.

Li Tian and Dongfang Shuo were both unwilling to face the black man in front of them alone.

"If you don't speak, it seems that I was right. Although few people know about these things, it doesn't mean that no one knows. I happen to be one of them. Now Lu Xiu is not in Luoyang City. It was brought by Tianluo Sect. The masters also left, leaving you generals who have not experienced life and death for a long time, even if a group of people besieged me alone, how much do you think you have?" He smiled and squinted his eyes. Dongfang Shuo said in front of him.

Dongfang Shuo was silent. He held the fairy sword tightly in his hand, but he could see the sweat seeping from his fingers. At this time, he was really nervous and really didn't want to fight face to face with the man in front of him.

He had already arranged for his subordinates to secretly pass on the situation before they had noticed it, hoping that other people could support it as soon as they knew the information, so that maybe this The man in black obediently left Li Tian behind. Even if he knew that the possibility was very small, he still chose to do it like this.

In the current situation, he has no better choice.

Fighting the black man in front of you, with the help of others, you may not lose, and you may also keep Li Tian, but if you don't fight, you can survive, but after Lu Xiu comes back, he will definitely not escape. Dead.

Therefore, in such a situation, fools know what to choose before, and the situation in front of them is to fight hard.

"I'm giving you some time. You people are scattered in so many places. If you really have to deal with them one by one, it will be very troublesome. I will wait for you to come together and clean up together." The man in black looks confident. Even though he knew that Dongfang Shuo had called his reinforcements just now, he was able to maintain a very calm smile, and his voice said calmly.

But Dongfang Shuo was a little at a loss.

He just wanted to call these comrades over to face this somewhat tricky enemy in front of him, but he did not expect that in the eyes of the man in black, it would become something that would save him trouble.

He began to have a little suspicion, did the man in black really miss them, or did he just say that would make them feel confused, so that he would be better dealt with later in the battle?

"No need to think about it. Although your strength is good, after all, the most powerful person in this main city has left. The rest of you have not faced the battle of possible death for many years, even you. Adding these people together, I can deal with you in the same way." The man in black looked at Dongfang Shuo with a suspicious look, his eyes turned sharply as if he was thinking about something, and he quickly guessed what he was thinking.

But Dongfang Shuo didn't say a word. If this man in black was really that powerful, if they all failed, Lu Xiu would have nothing to say.

Gathering the strongest forces in the entire Luoyang City, it is impossible to make the opponent of the man in front of him. I am afraid that even if Lu Xiu himself comes over, he will be helpless. Can he blame this problem on them? Obviously it is impossible of.

And Li Tian asked in a low voice at this time: "Senior can tell me why did you come to help me?"

"Although you are very young, you are very courageous and courageous. You dare to make such a crazy move before you really see your own strength. I think that among the young people in the entire God Realm, there are only you will have such a crazy spirit." The man in black turned around, looked at Li Tian with his black and deep eyes, and said: "Why I am here to help you? You don't have to guess, in this **** you have many enemies in the world, so you will naturally have many friends. I stand here naturally for my own reasons."

"Thank you, senior, for your help." Hearing the man in black said this, Li Tian was relieved a lot. He should have fallen into Dongfang Shuo's hands, and there would never be a chance to reverse the situation again, but the appearance of the man in black changed. In this situation, Li Tian was successfully rescued from the fire and water, no matter what, it was certain that he did not want his life at least.

For Li Tian, it was just such an excuse.

He sat directly on the ground and began to concentrate his mind, allowing his body to slowly begin to recover. Now that he is safe, he must be thinking of returning to the peak state as much as possible. It is obviously unreliable to rely on the help of others to barely deal with the situation, and the most elite and powerful combat power in Luoyang City will appear next.

At that time, if the man in black was not an opponent, Li Tian could also take the opportunity to help.

"It seems that you kid still wants to help me." The man in black looked at Li Tian with interest, and asked in a low voice, "Do you think that facing those people, how significant is your strength? "

"Even if I am just an insignificant existence to them, in my opinion, even a mosquito can make them recognize me clearly." Li Tian looked at the black man in front of him and slowly closed his eyes. He started to turn his fairy power to recover, while whispering.

And the man in black squinted his eyes and smiled: "Yes, since you want to help too, let's give it a try. I also really want to see where your young man's limits are."

Chapter 5353: Group attack

Li Tian is now looking at his body's injuries inwardly. There have been many wounds inside his body, especially some of the meridians appear to be broken. It is conceivable that in this battle, he How serious is his physical injury.

Fortunately, their bodies had all undergone tempering when they ascended to the God Realm, so they had terrible endurance and healing capabilities.

As his condition stabilized, the injuries inside his body were slowly recovering.

At this time, several generals from Luoyang City came to the battlefield one after another, all of them looked solemnly at the black-clothed men in front of them. They didn't need any communication at all. They just appeared here, look. The black man in front of him can feel how difficult the black man in front of him is to deal with, and the reason why Dongfang Shuo summoned them to come and help, must be really at a loss.

"what happened?"

"I have dealt with the situation here, but this guy appeared and wanted to take Li Tian away. His strength was unfathomable. I don't know his identity yet, and I don't even know his realm, so I called it Come and help. If you leave Li Tian in this way, the Lord City Lord will return, and we will not be able to explain it." Seeing these people all look dumbfounded, Dongfang Shuo explained with a smile.

The remaining few people also frowned, looking at the situation in front of them, and whispered: "What do you want to do?"

"Of course, I will try to keep these two people as far as possible. If we ask them to leave here, I'm afraid our Luoyang City will soon become the laughing stock of others." Dongfang Shuo looked at these people in front of them, they are almost the same now. They are the strongest people in Luoyang City at present, and the rest of the people left with Lu Xiu. The Broken Cloud Mountain Range caused Lu Xiu to leave with some powerful men.

This has led to Luoyang City's defensive strength, in fact, far less powerful than before.

Although there are still many generals at the left and right levels of the gods, when the real opponents attack, they are still a little weak.

The man in black scanned the opponents in front of him one by one and nodded: "Yes, it seems that Luoyang City is a good border city. The strength of you people can still be seen, but there is a good saying. The person who knows the times is a good man. Even if you guys attack together, it may not be my opponent. Now let me leave you without getting hurt, but if you fight against me, the situation may not be that simple. It's up."

"If we let you go now, I'm afraid they won't let us off easily in the future. Therefore, it is absolutely impossible for us to give you a chance now." Several people in Dongfang Shuo soon surrounded the man in black and Li Tian. He got up, and said seriously: "No matter what the reason is, you can't let this kid leave easily. If my guess is correct, this kid should be the strongest in the lower realm, as the Lord City Lord said some time ago."

"The strongest of the lower realms? Are you kidding me, that guy knows that we are looking for him, but even runs under our noses, isn't he worried about revealing his identity?"

"Hehe, this kind of person is high in art and bold, and it's normal to make such a choice. Isn't there another sentence? The most dangerous place is the safest place. It is for this reason. We would not have thought that the strongest of the lower realms would have stayed under our eyelids for so long."

Seeing all the people with questioning expressions, Dongfang Shuo smiled and said: "Basically, it is impossible to make a wrong judgment. The strength of this kid is not like an ordinary ascending fairy can have, even in those immortals. Among them, it's hard to see such a terrifying talent. It is certain that this kid should be the former Lord Lord who has been searching for the strongest in the lower realm. Therefore, in this battle, I hope that everyone will not retain their strength and try their best. The two of them stay."

"Is this man in black really that powerful? If so many of us can't deal with such a guy in front of us, I'm afraid it will make others laugh out loud." A middle-aged man looked at the somewhat dangerous black man in front of him. People, although they also felt the heavy pressure on the people in black, but just like this, they wanted to take Li Tian away from them, I'm afraid it's impossible.

Even if they were not as strong as the man in black in front of them, if they attacked together, as long as they cooperated well, the man in black would not be able to take Li Tian from their hands.

"It seems that all of you have arrived. Since there is no intention to stop with me, then you can only fight." The man in black twisted his neck, then slowly lifted his own. Right hand: "I only have this trick. Although I have saved my hand, if you die like this, you can't blame me for being sorry. After all, I have reminded you before."

"Come if you want, what's the point of being so long-winded here, do you think we're afraid that you won't make it?" A general saw the man in black so arrogant, immediately screamed and rushed up quickly.

Others saw that their companions had already taken action. At this time, it was obviously impossible to stay in their original position. They all followed immediately, and a battle began instantly.

Li Tian just woke up from the state of concentration at this time, and quickly stood up.

It's just that the battle is over before it's time to shoot.

Sure enough, the man in black did not break his promise. He just raised his right hand, and then waved it out with an understatement. In the next second, he could see a black sword qi radiating directly from his bladeless sword, like ink. The same spilled out, but it gave people a particularly special sense of beauty and heavy feeling. Dongfang Shuo and others immediately began to resist, but it was a pity that they could not imagine how powerful this opponent was.

Everyone's defenses were unquestionable, and this move directly broke through all their defenses.

I saw the generals of Luoyang City fall from the sky one after another, all seriously injured without exception.

At this time, there was already a mess around the arena. The surrounding houses did not know how much collapsed, and many bottomless cracks began to appear on the ground. As for the arena, which was said to never be destroyed, it was already at this time. Divided into two, I don't know how long it will take to recover.

Chapter 5354: Decide

Li Tian was dumbfounded.

It was the first time he saw such a terrifying power. The connection between the identity of the man in black and the water ghost Guzi could almost be completely cut off. He would never believe that the water ghost Guzi would know such a terrible friend.

It's just a sword.

It was just an understatement of the sword, they hadn't even seen how the man in black drew the sword, the opposing powerhouses in the gods realm were all defeated, and there was absolutely no force to fight back.

Just like a group of children dealing with a taekwondo master, the difference in combat effectiveness between the two sides is too big to make up for with details.

The man in black slowly put away his bladeless sword, looked at the severely wounded strong men on the ground, grinned and said, "Fortunately, I have restrained some, or I will kill all of you today. Maybe we are in trouble.",

"Senior, what kind of person are you with such terrifying strength? I think it must not be someone I am familiar with." Li Tian became more and more unable to guess the identity of the man in black in front of him. One sword can bring these gods to the realm. The powerhouse in the world was directly defeated. With such a terrifying combat power, if the Water Ghost Guzi knew him, wouldn't it be possible to walk sideways in the God Realm? Who could resist such a terrifying power?

"It doesn't matter who I am, you will soon know why I will save you, but now your body can hold on, if you can't, I can wait for you for a while, Lu Xiu is still being cut off. Things in the mountains have been delayed, and I won't be able to come back for a while." The man in black turned his head and glanced at Li Tian behind him, and asked in a low voice.

"It's almost time to leave." Li Tian smiled bitterly. Others were all cautious when attacking these main cities, but the man in black in front of him felt completely different. He seemed to have entered. It was a very easy thing to bring someone out of Luoyang City.

"That's good, we can leave."

Dongfang Shuo was lying on the ground and was completely unable to stand up at this time. When the sword energy penetrated his body, almost all of his meridians were broken. At this time, it was impossible for the immortal power to function perfectly. He could watch his enemies disappear into his sight step by step, but there was no way.

However, they have done their best.

After knowing that his opponent is very strong, everyone used almost all his strength when fighting, and he dare not relax a little bit.

But it still failed. The opponent in front of them had completely surpassed their imagination, and he didn't dare to guess where the strength of the man in black in front of him had reached. It was just one move that made them all defeated by the powerhouses of the gods. , And Dongfang Shuo is a person who is already close to the realm of immortals. When facing this man in black, he has no power to fight back.

Looking at the man in black who left, a general asked; "Who is this guy? It turned out to be just a trick against us."

"I don't know who this man in black is, but he can break through my static space so easily. It is definitely not an ordinary character. I have thought that this guy is difficult to deal with before, but I never thought of this. The guy would be so terrifying." Dongfang Shuo smiled bitterly. Even though he was very careful, he still didn't help: "His strength is at least above the **** king."

"It may even be close to the point of the gods, such terrible combat power is completely beyond our imagination." Several generals still had lingering fears at this time, when they realized that the opponent's tricks in front of them were completely beyond their ability to deal with. , I regretted why I chose to fight the black man in front of me, but I was very happy to find that I was still alive afterwards.

When you know that your opponent is an invincible existence, but you are alive when you should have died, of course you will be very happy.

These people in front of you are also like this.

"It seems that there should be more terrifying forces standing behind this kid, but I don't have much definite evidence of the identity of the man in black. I just think it may be related to the Zhuge family. Zhuge Yuntian said some time ago that he wanted Protect this Li Tian, now this situation will take action, probably only Zhuge Yuntian." Dongfang Shuo panting, at this time can only wait for the body to recover bit by bit, but he can not stand up from the ground. .

Watching your prey disappear from your mouth, what could be more painful?

On the other side, Li Tian, after putting away the great blue dragon, followed the man in black to leave Luoyang City. I have to say that it is really easy to follow behind a strong man. The two of them are completely Taking a walk in the idle court is as easy as in the back garden of your own home. The guards around were dealt with by the men in black before they could rush up.

There seems to be a terrifying aura on his body. The strength of these guards is far different from the man in black in front of him. Under the constant pressure of this aura, the spirit of the whole person can't hold on. So quickly fainted to the ground.

Walking along the way, everyone who saw them fainted to the ground.

That's it. The two came to the outside of Luoyang City with a swagger. The man in black stopped: "Can you still fly now? We need to go to another place, maybe a little farther than this."

"Reluctantly, but I am not going to leave Luoyang City."

"why?"

"I killed Lu Wenhui this time, and Lu Xiu will definitely provoke my anger on others. I don't want others to be hurt because of me, so if I want to solve this trouble, I can only stay and prepare to kill Lu Xiu. "Li Tian said seriously.

And the man in black in front of him gave a stunned voice: "You are not joking, you can't even deal with Dongfang Shuo, and you want to kill Lu Xiu?"

"I know, but I still do it."

"Well, since this is your decision, then I won't say anything, but after I leave, I won't come back to protect you. You must rely on yourself to survive here. You should know how difficult it is Soon the entire God Realm will know your identity, and you will never be forgotten by others." He looked at Li Tian and asked with a smile.

Chapter 5355: Meeting

After listening, Li Tian narrowed his eyes and did not speak. He knew very well that after he made a choice, he would never look back.

"I know very well what I will end up with after making such a decision, but I still have to stay. As you said, Lu Xiu and I have already forged an irreparable grievance with Luoyang City. If people are completely wiped out, it will only be a potential enemy for me in the future, and the friends around me will always be shrouded in dangerous doubts. Such things are naturally unacceptable to me." He looked in front of him. The man in black said very seriously, even if he knew that he was somewhat disadvantaged in this respect, he could only choose this way now.

If Lu Xiu is allowed to live, he will definitely do everything possible to capture Li Tian after he returns from Broken Cloud Mountain Range.

And what happened in Luoyang City today will soon be known to many people. I am afraid that more and more people will regard Li Tian as their enemy. This is what he is most worried about.

The sky gradually darkened, and the hustle and bustle of Luoyang City was still surrounding Li Tian's ears.

This time he almost died in Luoyang City, and he also understood more that his understanding of the world was actually very indifferent. If he didn't know in advance, he was so sensitive to energy after the realm was high, maybe at the beginning of the battle, Before Dongfang Shuo had time to react, he would choose to use spells to forcibly end the battle in the shortest possible time.

Instead of waiting until Dongfang Shuo found out, he was caught off guard and almost lost his life here.

Seeing Li Tian being so serious, the man in black nodded: "Your idea is correct, but after killing Lu Xiu, you will still become a topic among many people. This series of things happened in Luoyang City. After that, you may not want to remain anonymous. I am not interested in your identity, but if you need help, you can go to Zhuge Yuntian."

"Zhuge Yuntian?" After listening to Li Tian, he was stunned for a long time and did not recover.

I was thinking about who the man in black sent over to help. It's not that he has acquaintances in the God Realm, but so far I know that Li Tian has soared up, and only Water Ghost Guzi.

The reason why he was reluctant to leave with the black man in front of him was because Li Tian still didn't know the identity of the guy in front of him, and he was worried that he would be taken to a dangerous place without knowing it.

"What do you think, if it wasn't for that kid who asked me like this, I wouldn't come here to help." The man in black said normally, as if he was talking about something that had nothing to do with him: "This time you are completely famous in the God Realm, and there is nothing I can do for you. If you have any questions, you can only go to Zhuge Yuntian."

"I see." Li Tian nodded and looked at the darkening sky. At this time, they were already a little away from Luoyang City. What he wanted to do most now was to rendezvous with Water Ghost Guzi.

"Before I was worried that you didn't believe me, I have told your companions about this matter. They will meet you here later. You can tell them if you have anything." The man in black said lightly. Said, and then took a look at the surroundings, and cast an enchantment: "It is still very safe here for the time being. You can rest here for a while, and you can leave here when they arrive."

"Thank you, senior." Although for the man in black, this kind of thing is just a matter of effort, but Li Tian doesn't think so. If it weren't for the help of the man in black in front of him, he might have become a prisoner now, and wait until Lu Xiu returns. , There must be no chance to survive again.

"Do you seem to know something about the internal affairs of Broken Cloud Mountain?"

"There is a girl who can control the one-eyed orcs. I don't know anything else. Although I survived by chance, if we were to go there again, I can be sure that we will die there." Li Tian thought for a while, the girl's horrible smile still appeared in Li Tian's mind at this time, making him feel bad.

Thinking of that little girl, I thought of the one-eyed orc who was never controlled, even if he was controlled.

These things that happened in Broken Cloud Mountains seemed to be telling a very dangerous problem, a problem they had to face directly.

"Then what do you want to do, when Lu Xiu is about to leave from Broken Cloud Mountain Range, do you go to attack and ambush?" He smiled and asked Li Tian.

"This is the best choice. If Lu Xiu is also killed by me, I'm afraid that I really can't survive in other main cities. Now if I have too many enemies in my strength, That's a problem." Li Tian thought for a while. It was indeed a good choice. When Lu Xiu hurriedly left from Broken Cloud Mountain, he could ambush this guy.

Although I don't know if they can survive, it's certain that this battle is definitely not as simple as Li Tian imagined. Even the people supported by Tianluo Zong in the past may not be able to survive such a battle. .

Li Tian thought, and slowly he had a plan in his mind.

His current strength has improved a lot. Although he was seriously injured this time, it was also a blessing in disguise. He has grown a lot. He has three cyan spells in his hands, as well as the help of Catherine and Water Ghost Guzi. If you want to make a move, these people may not be able to deal with Lu Xiu together.

After the man in black and Li Tian stayed for a while, the water ghost millet arrived.

Seeing Li Tian's serious injury, he sighed heavily: "It's all my fault, I didn't arrange it in time, otherwise you won't have to suffer such injuries."

"It doesn't matter. It's because I didn't calculate it well in this battle." Li Tian smiled slightly, and didn't take this matter to heart. He knew the problem this time. It wasn't in Shuigui Guzi's body, but because he himself hadn't been able to properly calculate all the accidents that might happen when facing such a danger.

"Thank you." Shui Gui Guzi turned around, looked at the man in black in front of him, and said respectfully: "If it weren't for your help, maybe I wouldn't see this stinky boy now."

Chapter 5356: Planned murder

"You don't need to thank me for anything. This kid still has many secrets that we don't know. Zhuge Yuntian seems to be very interested in him. I don't want him to die so soon that I will let him Rescued from Luoyang City." The man in black seemed to have some friendship with Shuigui Guzi, and even explained: "But after this time, you may have to hide for a while."

"Why?" Shui Gui Guzi looked at the man in black in front of him with a look of surprise, a little unsure of what he meant.

Li Tian has now left Luoyang City, and there is definitely no problem with safety, and Lu Xiu is not in Luoyang City now, and it will definitely be impossible to adjust his power to deal with them for a while.

He and Li Tian can seize the opportunity to leave here as quickly as possible. They still need to hide for a while. Have they intervened in this matter? Why do they need to hide?

"This kid is more ambitious than you think. He wants to kill Lu Xiu to avoid causing more trouble to himself in the future." The man in black has some ridiculous meaning in his tone, lightly Said: "I don't think you can't help. Murder the city lord. Although many people will not know that you did it, the paper will not contain the fire after all. There will be many people who suspect that you two did it. , Don't you plan to hide and break through your realm?"

"Are you going to kill Lu Xiu?" Shui Gui Guzi stared at Li Tian in front of him, wondering if this kid had gone mad, a sacred immortal in the realm of gods cultivation actually wanted to kill a fairy in the realm of gods. If it were not for a fever in his head, it would be absolutely impossible to make such a decision. You must know that even if he and Li Tian are together, they may not be able to deal with such an opponent.

"It will be a scourge to stay." Li Tianyi looked at Shuigui Guzi seriously, as if he hadn't seen the surprised expression on his face at all, and said calmly.

And Shuigui Guzi, already had a bitter smile on his face.

He glanced at the sky, gloomy, like his current mood.

A god-spirit realm, a god-cultivation realm, even if the strength of the two of them is now considered good in the eyes of ordinary people, but just like this, it is still a little big to kill a god-immortal realm. You must know a big realm. The disparity is far from being able to be changed by quantity. This disparity in realm is completely qualitative.

Even if there were two more people of their level, they would still have no power to fight back when facing Lu Xiu, and they were destined to be killed directly by the opponent.

A strong man in the immortal realm, the combat power is far more terrible than they imagined, and there is no way to deal with it.

Li Tian sat down under the big tree on one side, looked at the shocked water ghost millet around him, and said with a smile: "I have no choice now, but I still have a lot of charms in my hand, two of which are cyan charms. It can play a very important role in the battle of "Come on."

"Cyan charms?" Now even the man in black is very interested. The charms that this kid took out before are not weak, and it makes them a little surprised that such a Sanxian actually took out such a valuable one. Something came, but now when I heard that Li Tian still had a green spell on his body, he immediately felt that he was smecta. This kid was too lucky.

"Yes, the three cyan charms I bought out in the charm shop of Jubao Pavilion before." Li Tian smiled and said with a calm expression on the black man in front of him.

As for the man in black, he couldn't help but want to explode.

Even if it is a charm exchanged in the Jubao Pavilion, the price is definitely very expensive. How many days of coins are still on this kid? As a loose fairy, he would have so much money to buy some charms to save his life. The kid's way of thinking is really weird.

"Can you show it to me?"

"Of course." Although Li Tian could not see the face of the man in black, after a period of time, he would basically not resist the man in black at all. If he really wanted to harm himself, He had already attacked himself, and his ability to deal with Li Tian shouldn't be a threat at all. With just one move, he could kill so many generals in the realm of gods and deal with a Li Tian in the realm of gods. Heaven, it's no effort at all.

He took out the cyan charms from the ring, a total of three charms, all of them were sent to the man in black.

"The **** of thunder, ghost magic, world tyrant?" He just glanced at these spells, and then easily said the names of these spells, and the expression on his face was unexpected: "Three kinds You have all the different types of spells in your hand. Although the quality is not very good, if you really want to kill Lu Xiu, it is not impossible to use these spells properly."

"Do you need three more charms?"

"Do you really think that spells are so powerful? You can leapfrog challenges with these spells? These things are only an auxiliary tool after all. If you really want to defeat your opponent, it depends on your own strength." Hei Yi While talking, people began to write and draw pictures on Li Tian's spell, and soon some unique symbols began to appear on it.

Although he didn't know what the man in black was doing, Li Tian could feel that the energy in these spells was changing little by little.

'Is he changing the attributes and qualities of these spells? My God, the level of this person's abilities is beyond imagination, and even such a method seems to be very easy to him. "In Li Tian's mind at this time, there are really 10,000 grass-and-mud

horses galloping past. Why does Zhuge Yuntian have such a helper, but he does not have such a helper.

If the man in black and Li Tian were friends, maybe he could help Li Tian better adapt to the life of the gods.

At this time, Catherine and others also came here at this time.

So far, Li Tian's few friends in the God Realm have all gathered here to discuss the next thing together.

After Catherine saw Li Tian, she smiled even more. She stepped forward and put her arms around Li Tian's shoulders. He laughed and said, "I know that you are not an ungodly fellow at all. It must have been because Why did you do that?"

Chapter 5357: Awakening

Li Tian smiled bitterly, and said softly: "I didn't want you to intervene in my affairs before, because I know very well that if you come to face this matter with me, it is likely to make you The future of the company was also affected."

"But it's just a quota for Tianluo Sect. Even if it is the number one sect in the God Realm, we won't take it to heart." Catherine sneered, and the whole person was squeezed on Li Tian's body. The softness of his body almost made Li Tian's whole body dizzy, and at this time, there was a scent of aroma, and Li Tian's whole body was about to faint.

It is really hard to have such a big beauty by your side tempting you like this.

"Grandma's, this hot girl is really, completely treats me as her own buddy." Although this state is very ambiguous, but Li Tian can't really think about what Catherine wants to happen to the two of them, because Catherine is real Regarding Li Tian as a good buddy around him, there is no feeling of opposite **** between men and women at all, and it is very simple to treat Li Tian as his friend.

And Li Tian, although not used to this state, did not think much.

"Indeed, even if we get to the Tianluo Sect, we may not be able to do well. Although Sanxian has been slower to practice, there will still be many problems when we get to the big sect." Mengsk looked at Li with some embarrassment. Heaven, but still calmly said, "I used to have a simple idea. I didn't expect you to have such an unspeakable concealment, so I would be with you..."

"I didn't take it to heart. No matter who encounters such a thing, I am afraid that he will not be able to accept it." Li Tian smiled, patted Mengsk on the shoulder, nodded with Xing Jun, and said seriously: "Dang I know that when Lu Xiu asked me to do this, I was actually prepared. Since he was unwilling to treat me fairly, of course I had to make him pay the price, but in order to prevent you from being implicated, I had to I hope you don't take this decision to heart."

"Okay, okay, everyone is good friends. What if something like this happens? As long as we treat each other as the closest people around us, it's fine?" When talking about these things here, Catherine patted them directly on the shoulder, and said with a smile: "What we need to do now should be to plan what to do next."

"Of course you are going to Tianluozong, and I still have more important things to do."

"What are you going to do?" Catherine stared and looked at Li Tian seriously, saying word by word: "Now we have a showdown, but I hope you will still treat us as your best friends from now on, since we He is the best friend. Of course, you have to face it together when your friends are most in distress. Now that you kill Lu Wenhui, you are sure that Luoyang City will be wanted in the entire God Realm. What are you going to do now?"

"What else can I do? Of course, I will kill Lu Xiu. Only after Lu Xiu dies will these people be completely dead and lose their thoughts of wanting to catch me." Li Tian shrugged helplessly. Then he introduced them to Shuigui Guzi: "This is my father's good brother, and he can be regarded as one of my close relatives. This time he can go there with me."

"Li Tian, what do you mean? I look down on the strength of the few of us. Although we are just small sages and don't want any powerful magic weapon in your appearance, we are also your friends. You want to kill Let Lu Xiu fall, yes, we can fight side by side with you." Catherine stared at her, pouting her mouth, looking angry, very cute.

And Shuigui Guzi, stroking his forehead at this time almost didn't know what to say.

What kind of people this kid has come to the God Realm these days.

Do they know what kind of strength Lu Xiu is? That is the realm of immortals, even if they have three cyan charms in their hands, they may not be Lu Xiu's opponent if they shoot together.

At this time, the man in black handed the spell in front of Li Tian: "I will help you simply strengthen these spells. Although they are not much stronger than before, a little bit may change the whole battle. It didn't come this time. You can only do this if you can help. I hope you can successfully kill Lu Xiu, otherwise you will be in the God Realm, I am afraid there will be no peace."

Although the relationship between these major cities of the God Realm is very general, but Lu Xiu's son was killed. If wanted in the entire God Realm, the other major cities would definitely have to attack Li Tian for the sake of face. At that time, relying on Li Tian's current strength, it was impossible to try to change this situation.

"Thank you, senior. If you didn't help me this time, I might have died in Luoyang City. I will always keep things in mind this time." Li Tian smiled and looked at the black man in front of him, although it was Zhuge Yuntian called to help, but he was still quite grateful. After all, he stood up and helped Li Tian at the most critical time, so he couldn't take it seriously.

The man in black smiled. Before he could speak, Li Tian suddenly felt an unusual feeling.

The stone he has been hanging around his neck at this time is exuding a very strange energy, and this strange energy seems to be only Li Tian can feel, because these people in front of him are completely alike Looking at Li Tian calmly, he obviously didn't notice what happened in between.

'It seems that you are in a lot of trouble now. At this time, a dim voice appeared in Li Tian's mind, which was a bit familiar, and he quickly rang, it was the voice of the remnant soul of the ancient god.

"You are, the remnant soul of the ancient god?" Li Tian also communicated with his own spiritual thoughts. At this moment, the whole person's mood was so excited that he did not know how to describe it.

"After sleeping for so long, it's almost time to wake up. Otherwise, if you encounter any danger in the God Realm, this thing will be troublesome to me if this thing falls into the hands of others." Gu Shencun The soul said lightly, and then said in a serious tone: "This man in black in front of you is good at strength, do you know him?"

"You know, what do you want to do?"

"Be careful. The power behind this person is not simple. If possible, try not to conflict with them."

Chapter 5358: Preaching

"Okay, now I have completed all the things I need to do. The next thing is left to you to do. No matter what it is, I hope you will think clearly. If you die, it will not be worth it." Hei Yi Ren looked at Li Tian and said lightly. The meaning of this sentence is naturally to make them be more careful, even if they have some means in their hands, they should also be more careful when facing Lu Xiu.

"Thank you senior for reminding."

"Thank you for your help." Shui Gui Guzi saw that the current situation was irreversible. Even if he said something, Li Tian would definitely not listen, and as the man in black said before, if Li Tian did not kill Lu now If Xiu is done, there will soon be no foothold in the entire God Realm. At that time, there will be no such simple thing for them to kill Lu Xiuke.

The black-clothed man nodded and waved the Wufeng sword in his hand. They only saw that the world in front of the black-clothed man unexpectedly appeared in circles, followed by the appearance of a whirlpool.

He stepped into this whirlpool and then disappeared from the sight of everyone.

Li Tian looked at a few of them and said, "I am seriously injured now. Even if I have to deal with Lu Xiu, it must not be at this time. Moreover, the problem of Broken Cloud Mountain Range will not be resolved for a while. When our state is all restored to the peak, only in this way can we increase our chances of winning when facing Lu Xiu."

"Sure." Catherine nodded.

After a few people decided, they started to approach the Broken Cloud Mountain Range. Although it will take some time for them to recover from their self-sufficiency, the more important thing now is to ensure that things outside do not reach Lu Xiu's ears. Wan Once Lu Xiu knew that his son had been killed by Li Tian, he would definitely do everything possible to bring someone to Li Tian's trouble.

Therefore, they have to take the lead to wait in the Broken Cloud Mountain Range. All those who want to report to Lu Xiu have only a dead end.

On the way, Li Tian was practicing while rushing, and at the same time he began to communicate with the remnant soul of the ancient **** in his mind. Since this stone can communicate with the remnant soul of the ancient god, then Li Tian can determine one thing. It is possible to enter the relics of the ancient gods again. The treasures that no one else can find are now hanging on Li Tian's neck. If he wants to, he can go in casually.

Shuigui Guzi is at the forefront, his strength is currently and personally the strongest, and he is also the highest among his seniority, so of course he is going to take the lead.

Soon, they found a cave in the Broken Cloud Mountain Range. The location is very high. You can just see an entrance into the Broken Cloud Mountain Range. Just stay here to see if Lu Xiu's people will come. Come here, but the people in Luoyang City probably won't send some more powerful opponents to rush to inform them. The reason is very simple. The generals of the gods realm in Luoyang City are all seriously injured.

And Li Tian, sitting inside the cave at this time, closed his eyes.

"I didn't expect that so many things happened when I was asleep." After hearing Li Tian's recount of these days, the Old God Remnant Soul said faintly: "Your current state is not suitable for continuing. What big sects? Of course, if you have the opportunity, you can still visit those big sects. As long as you can enter them, you can get the corresponding resources, which is very helpful for your current cultivation."

"Hey, since I can communicate with seniors now, does it mean that I can also enter the ancient **** ruins?"

"Hmph, with your current strength, what can you do even if you reach the ancient gods ruins, there are ancient strange beasts inside, after tens of millions of years of cultivation, it has already been extremely powerful, even the **** emperor may fall in such a place. , Let alone a small fairy like you, when you are a little stronger, I will naturally let you in, but for now, let me practice with peace of mind." The ancient god's remnant soul heard this from Li Tian. After the sound, he immediately gave a cold snort.

How could he not know what kind of thoughts this kid had in his heart?

The ruins of the ancient gods are something that many immortals can meet but cannot ask for. Therefore, there are countless people who want to enter the ruins of the ancient gods. Li Tiancai has encountered so many tricky things just after he ascended to the gods. Of course, I hope I can use this ancient **** relic to become stronger, but the remnant soul of the ancient **** doesn't want him to make such a decision.

"Ok."

"I will help you during this time and teach you how to adapt to the environment of the gods. You still have a lot of remaining energy in your body. If these energy can be transformed, your strength can also be improved in a very short time. A lot." The Remnant Soul of the Ancient God seemed to know Li Tian's body very well, and he could see that there was still a lot of energy remaining in Li Tian's body.

After flying to the God Realm, how could some of the energy originally in the Lower Realm be transformed into Li Tian's body, but it was not really developed.

His current cultivation still has the effect of getting twice the result with half the effort. If he continues to persist in this way, he will definitely be far faster than others in the speed of cultivation. This is beyond doubt.

"With the help of seniors, it seems that my future must be bright."

"After all, I have been sealed in the ruins of the ancient gods for so many years, and I can only rely on the information brought by some people after they came in to understand what the **** realm is like now, so I don't have as much help as you imagined. "The Remnant Soul of the Ancient God

said, and seriously commanded: "What you need to do now is very simple, that is, keep practicing to improve your realm. I don't know if my guess is correct, you Among the Red Swords in your hand, there should be a soul sealed, right?"

After listening, Li Tian nodded, a little sadness appeared in his expression, thinking of Tang Feifei's appearance.

"After her ascension to the God Realm, her soul has now undergone a lot of changes. It is between the soul and the artifact soul, which makes people hard to figure out." After hearing this, the ancient god's remnant soul said calmly: " But this change has also allowed her to master a lot of fighting skills. It can be regarded as a kind of awakening of the soul. When your strength reaches a certain level, you will naturally awaken. It belongs to your unique tactics."

After Li Tian listened, he completely relaxed.

It turns out that I only need to practice to master more combat skills.

Chapter 5359: The crisis of Broken Cloud Mountain

Luoyang City:

A full week or so has passed since Li Tian made a big uproar last time. During this week, Dongfang Shuo kept sending people out to pass the news here to Lu Xiu's hands, but it was nothing. news.

Today, he once again sent a subordinate out.

"The messenger who went out yesterday, haven't there been any news so far?" Dongfang Shuo sat in his mansion and looked at a man like a counselor beside him, said.

"You are also very clear about the things in the Broken Cloud Mountain Range. The Lord of the City brought so many elites to pass by himself, but it has been so long, I am afraid it has become more and more difficult." After hearing the voice, the counsellor next to him, Slightly arched his hands, helped Dongfang Shuo pour the tea, squinted and said: "What we can do now is to protect Luoyang City, that's all."

"Is it time to send troops over?"

"If you really reach the level of monsters that the Lord Lord can't deal with, even if we send troops in the past, what's the point? There is no way to defeat the opponent."

After Dongfang Shuo listened, he became silent.

After Li Tian escaped, they did not quickly reveal the identity of Li Tian. After all, the matter of the strongest in the lower realm is very important to them. Finding such an existence may lead to the **** emperors of the entire God Realm Focus on this young man in an instant, you may have many powerful subordinates, but they may not be loyal.

However, every one of the dead soldiers under the God Emperor's team was the strongest in the lower realm, so they had no fighting power.

Similarly, their loyalty needs no doubt.

After attacking a series of brainwashing and reforming, the strongest of these lower realms will never have the idea of rebellion again, and they will completely become weapons in their hands.

Dongfang Shuo wanted to tell Lu Xiu what happened here, but he couldn't contact Lu Xiu at all.

"It looks like I'm going to pass by myself."

"General, this decision is absolutely indispensable. Now the entire Luoyang City depends on you to sit here to ensure the stability of Luoyang City. If you all go, I'm afraid..." After hearing this, the counselor immediately walked forward and knelt down. In front of Dongfang Shuo, if he left, then Luoyang City would be really messed up. After their god-level masters were seriously injured, Luoyang City had many problems one after another.

Now once Dongfang Shuo leaves here, people's hearts will inevitably be chaotic.

"When will Tianluozong's allies arrive?"

"It is said that you can come here tomorrow. This time, the people sent out are more powerful than before. At the same time, they also announced that they had cancelled Li Tian's qualifications for the trials, and claimed that such people would betray even if they earned income. Shimen, but also to pursue and kill the entire God Realm, it seems to help us out of breath, and let us do a good job on the Broken Cloud Mountain Range." The counselor groaned and said in a low voice.

"It now seems that we really have to wait for those people to come here and talk about the next thing." Dongfang Shuo nodded, holding his forehead, dealing with these things in Luoyang City these days, almost let him be whole. He was going crazy, but a general had to do what a city chief did. It was conceivable that the pressure on him was not small.

On the other side, the few people in the Broken Cloud Mountain Range have no idea how many messengers have been killed these days.

Presumably Dongfang Shuo and the others would never have thought that after Li Tian killed Lu Wenhui, he didn't think of stopping there. Now he even aimed his finger at Lu Xiu. If he let him know, he would be surprised. Not from ear to ear.

With the help of the Remnant Soul of the Ancient God, Li Tian's strength these days has greatly increased.

At the same time, the physical injury has completely recovered.

On this day, the sky was gloomy, and the air had some moist feelings, but it still made people feel very dull. Although they have been working hard to restore their state to the peak these days, they have not forgotten. To discuss how to deal with Lu Xiu, the opponent is a powerhouse in the immortal realm after all, even if they are confident, they dare not really care about it.

Some discussions are still needed.

"I have been waiting for such a long time, and it is almost time to stand up and take action." Shui Gui Guzi looked at the lazy Li Tian. The changes of this kid these days are obvious to all. Now Li Tian's strength is already When you get close to the gods, you can break through at any time, just need a suitable opportunity to break through at the right opportunity.

"The strength of the monsters in the Broken Cloud Mountain Range should not be underestimated. We must be careful in the past. If things go wrong, we can only give up chasing Lu Xiu and choose to leave." Although Li Tian wanted to kill Lu very much. Xiu, but thinking of that little Lolita's

terrifying smile, now the whole body is in a cold sweat, facing such a terrible opponent, there is no idea of fighting at all.

"How terrifying is the strength of those monsters? Tianluo Sect and Luoyang City have sent so many masters, they can't deal with it?"

"I haven't seen Lu Xiu and the others come out safely for so many days. They must have encountered trouble inside the Broken Cloud Mountain Range, otherwise they should have left by now." Li Tian squinted, before Nan Fengzhu and Lu Xiu brought in the past, people originally hoped to successfully rescue those elders of Tianluo Sect, but now it seems that they completely gave away their heads in the past.

"It is true that the monsters and loli we encountered before are completely different from what we know. It is very likely that they want to lure more powerful people to the past and plot more things." Catherine clicked. Nodding, it seems that I have guessed what happened. I have gone to so many masters one after another, but there is no return, and the strength of the opponent has always been unfathomable. People have to guess that little loli seems to be true. Are you looking for something?

"In any case, it has reached the point where it is now. Of course, I have to go over and take a look. Even if we are a little clever, we can leave in time." Mengsk next to him saw the solemn expressions on the faces of several people. He waved his hand in disdain, and said with a smile: "It doesn't help to worry about so much now. After all, we don't know anything about the things inside the Broken Cloud Mountain Range. Maybe Lu Xiu and the others are just recovering from their injuries. We just happened to be in the past. You can make up and kill them."

Chapter 5360: Captive

Broken Cloud Mountains:

The sky was dim, and the surrounding air was dull and hot, making people feel depressed.

At this moment, under a big tree, a group of people were squatting down, looking very tired.

"We have been here for so long, but we haven't met the elders of your Tianluo Sect at all. On the contrary, we have encountered a lot of monsters. After this hard battle, our personnel suffered heavy damage. It is meaningless to continue like this. Now." Lu Xiu was no longer as unrestrained as before. He was extremely embarrassed, with disheveled hair, looking like he had run out of a refugee den.

As for Nan Fengzhu's situation, there is not much difference. There is blood all over them, and only a few of these people who are still strong are left behind. The others have all died in the Broken Cloud Mountains. The hands of monsters.

They entered here with confidence, thinking of their own strength to deal with those monsters, it was a piece of cake.

But I didn't know that those monsters had never been afraid of them. The purpose of releasing the news was only to hope that they could enter the Broken Cloud Mountain Range. They thought they were hunters, but they didn't know that they were the real prey. .

"Even if we want to leave here now, I'm afraid it's very difficult. You can see the monsters we encountered these days." Nanfeng Zhuo sighed helplessly and said, "If not If someone comes to

support us, we want to leave here just daydreaming. These monsters are the real hunters, and we are their prey."

Lu Xiu clenched his fist and let out a deep breath: "I don't know how things were handled in Luoyang City. It doesn't matter what I will do afterwards, but I have never been able to release things in Luoyang City. Coming down."

Nan Fengzhu patted Lu Xiu on the shoulder, and said nothing.

The two of them are almost in the same tribulation now. The disciples and guards brought by Tianluo Zong and Luoyang City are all injured in the battle with the monsters, and now they have become the prey of being hunted, these days He ran desperately all the way, but was still unable to get close to the periphery of the Broken Cloud Mountain Range, completely controlled inside the Broken Cloud Mountain Range, unable to escape.

Li Tian has always been a very worrying issue in his heart. The appearance of this young man made many of Lu Xiu's plans fail because of this. Now he is even more worried about what Li Tian should do if he gets out of his control and instead deals with them. It.

Even though they had made a lot of preparations in Luoyang City, if Li Tian were really ready to turn back, it would be very dangerous for them.

"Don't worry, there shouldn't be any major problems." Nan Fengzhu thought for a while, patted him on the shoulder and said comfortingly; "After all, there is Luoyang City, your main city, and you have so many more. The generals of Li Tian stay there, even if Li Tian wants to make trouble, I'm afraid it's impossible."

"My Lord City, there is news from the scout in front that some monsters are approaching us."

Lu Xiu frowned, cold sweat came out of his hands, he was really tired now that he didn't know what words to use to describe it. Encountering enemies these days can hardly be described in simple words. He was even going crazy.

Finally escaped and found such a safe place. I thought I could have a good rest for a while, but I didn't expect to encounter such a thing.

"If the order continues, we will leave this place of right and wrong now, and we can't fight those monsters in any way." Lu Xiu came to Broken Cloud Mountain Range this time, and it was not without any effect.

He found a very critical problem, that is, the mutation of these monsters is not natural.

But through some artificial means to change, there will be this kind of mutant beast.

The method of this change is also very simple, that is, to kill them human powerhouses, and then use a very special method to **** out all their blood and transform them into a pure energy essence. Energy essence can change the nature of some monsters, so that they can mutate and become a special existence.

During this time, Lu Xiu and Nan Fengzhu had no idea how many such opponents they had encountered.

"Let's go, they are estimated to catch up with us soon." Nan Fengzhu stood up as he said, looking in one direction. Although it was not a place to go out, it was the only place where there were no monsters.

They are now like these monster toys, being driven by them in circles around this place, there is no way to change.

Although this feeling made Lu Xiu feel very humiliating, but on the premise of being able to save his life, even if he knew that this was against his identity as the city lord, he still had to choose to do it this way.

If you don't run away, you can only die!

On the other side, Li Tian and others also began to enter the Broken Cloud Mountain Range. He also received some news from the Remnant Soul of the Ancient God along the way. He knew that the environment of this mountain range was completely different from the original one, and that it was deep in the mountain range. There are indeed some terrifying existences, and they can't compete with their current strength.

So on this road, although they are advancing.

But Li Tian also kept letting the remnant souls of the ancient gods remind himself where those terrifying existences were, and whether they had entered the territory of these guys.

He is a little worried now.

When I saw that loli before, Li Tian was almost stunned by the evil coercion. If we continue to encounter that loli now, even if they are in their hands to deal with that loli Means, I'm afraid there is no way to fight against it.

"It seems that more people know about the things inside Broken Cloud Mountain Range, but so far I haven't seen anyone come to help." Lu Xiu asked in his mind, the situation here should be more than just them. I know, there should be people in the entire God Realm who know it, but the most terrifying thing is that except for their meaning that no one wants to come here to help.

When everyone heard that Li Tian came here, they just told him to be more careful. It was dangerous here, and they had no idea other than that.

Even with the terrifying strength of the man in black, he didn't say that he would come with Li Tian after he learned about this. This is the problem he doesn't understand the least now. Isn't the matter here without the entire God Realm? People face it together?
