

A Killer 5381

Chapter 5381: Thief

After Li Tian left Dongfang Yuechu's room, he quickly returned to his room.

In order to ensure that he will not be disturbed by anyone when he is resting today, he specially set up an enchantment around him. The enchantment itself has no effect, but once someone approaches, it will be like a sirens. The body reacts instantly, that is, you can know that an enemy is approaching you in a short moment, and you can naturally react in a short time.

The reason why such a thing was arranged is also because although this gathering tavern looks like a big business, it is also a mixed bag. Today, I saw many people on the first floor who even Li Tian didn't know their identities. I was very worried about these people. Will he suddenly run upstairs to do it with himself? Now Li Tian is most worried about this.

Although a spellmaster is not to be underestimated for many people, it is also the most bullied character in many people's minds. The spellmaster itself is very fragile. If they can suddenly make a move in secret, the spellmaster is basically There is no fighting power on the board.

Although the magicians in the gods are very powerful and can easily make a lot of money, they are just like the magicians in the Western fantasy on the earth. Compared with these scattered immortals, they rely on this magic spell. The spellmaster who comes to fight will be more vulnerable. Many people will use this weakness to defeat the spellmaster during the battle.

Of course, the best way is to launch an attack in the dark. If you are facing a spellmaster head-on, it will not be so easy.

What Li Tian is now worried about is that these desperadoes see that he can cast spells instantaneously and focus on these treasures in his hands. As the saying goes, they are not afraid of thieves, but they are afraid that they will be worried. During the time they were thinking about, Li Tian was obviously the most uncomfortable.

After the barrier was set up, he sat cross-legged on the wooden bed, closed his eyes and began to enter the state of cultivation.

As time passed, the entire Yunji Tavern began to become quiet, and many people began to rest. Even the lights outside the Crescent City slowly disappeared, and the whole city was changing little by little. It got dark, and under the shining of the night, one could only vaguely see some figures walking in the street.

At this time, outside Li Tian's room, several assassins in black costumes were slowly approaching.

"The third child, are you sure that this is the room? If we get the place wrong, we will waste our thoughts." The leader was a burly man, who was lowering his body at this time, and turned to ask the one behind. Little guy.

"Boss, I have stepped on it a few times before, but this room is not wrong. That kid can cast fireball instantly. He must be a spellmaster. All spellmasters in this period of time should be practicing. We use this opportunity to do something. It can be successful." The third child's eyes are still very bright in the dark, just like two night pearls, but at this time, the eyes flashing completely are greedy.

They were all drinking on the first floor of the pub today, but after seeing Li Tian's instant fireball technique, they immediately focused on Li Tian.

Although there are more or less intricate networks behind every spellmaster, the past spellmasters must be accompanied by subordinates and bodyguards when they came out, and Li Tian didn't have these people at all, and even he was still one. With their embarrassed appearance, they can be sure that this spellmaster should have experienced a series of fierce battles before. Even if he died on the other side of the gathering tavern, the forces behind probably would not have noticed this matter.

Besides, they sneaked over to kill Li Tian, even if they wanted to be investigated, they had to get evidence.

"Let's be more careful. The spellmaster is not easy to provoke. If this kid is more difficult than we thought, maybe the three of us will all explain here today." The second child is much smarter than the two of them. , There are worried expressions in his eyes, the reason is simple, it is because the corridor now looks too quiet.

How could Li Tian be a spellmaster, no matter how careless he was, he would definitely cast a spell enchantment next to him, but now they have not encountered any enchantment at all.

This made the second child wonder, are they now step by step into the enemy's trap?

"Second, I think you're just fine thinking and thinking, do you know what this place is? Yunji Tavern, how many people have dared to do it here for so many years? How many people will do it here? That spell? Wouldn't it be normal for the teacher not to set up any enchantment here? Who would have thought that we would be so crazy and would choose to do something in Yunji Tavern?" The third child saw the hesitation in the eyes of the second child and knew this guy. Now I was wondering something, and hurriedly explained in a low voice: "Don't worry, I have already stepped on it today. We must have no problem doing it now."

"I hope everything you say is true, otherwise we really will all die here." The second child glanced at the third child, and then let out a deep breath, his heart beating wildly at this time. He had never been nervous before, and at this time he actually felt some nervousness. This feeling was like he was going to death step by step.

The boss patted him on the shoulder and said solemnly: "Come up, we don't know how many people have been assassinated so far, and when did we really miss it? Of course it is impossible to miss it this time, although this situation is currently It seems strange, but it does not mean that we have no way to solve this problem, nor does it mean that this is a trap left by the enemy."

"Boss, let's forget it, I think that kid is a spell master after all, even if we are really short of money, we should not put our minds on a spell master!" The second child still hesitated.

"What's wrong with you guy, but just a small spellmaster, that makes you scared like this? It makes me feel ridiculous." The boss snorted coldly, but he didn't make a very high voice: " We have all come to this point now, do you think we have any retreat?"

Chapter 5382: Sneak attack in the night

The second child was silent.

It was indeed like this. When they decided to do this, there was actually no way out. Did they choose to leave here with such a swagger?

In case of encountering the guards of Yunji Tavern, they just didn't do anything, they would be in vain.

Now that I have arrived here, I can only choose to do nothing. Even if I have some worries in my heart, there is no other choice but to forcefully choose to do it.

"Don't worry, it's just a spellmaster. We haven't dealt with it before. The most important thing is that this is Yunji Tavern. These guys must think that Yunji Tavern will give them a certain degree of protection. We shot at this time. The best choice." The boss patted the second child on the shoulder, then stood up and took out a sharp dagger from behind him.

In the light of night, the corridor looked a little dark.

The three of them are all black night walkers. At this time, the whole person is relying on the wall. Therefore, even with the help of the moonlight, it is difficult to find the three of them. Only when the three of them are moving carefully can they be reluctant. See their shadows.

The boss walked ahead, and the second child followed behind.

The youngest is watching the wind from behind.

The three of them moved forward slowly, and soon came to the door of Li Tian's room. Then, the boss began to cautiously open the room with magic techniques. First, he probed with his own qi, and he felt that there was someone on the wooden bed. Is practicing.

When ordinary people are practicing immortality or spell masters, they usually don't have any combat power. They focus all their attention on the cultivation, so this time is the most vulnerable time.

The boss breathed a sigh of relief and looked at the second child behind him and said, "I told you before. This kid would never have thought that we would actually do something here. At this time, we are definitely still cultivating. We fumbled in. He definitely didn't know."

The second child was still a little frightened, but when he saw Li Tian who was still cultivating in bed, he was relieved: "Since it is like this, let's hurry up and do it. There are many nights and dreams, so we don't have time left for us. too much."

"That's right, we got married with this kid earlier and took off the ring in his hand. We can also get a lot of money. This money is enough for us to spend a while in the gods. Then we will change to another one. Locally, no one will remember us soon." The youngest was also excited at this time. Faced with such a huge amount of wealth, no one can truly remain calm.

The boss nodded, looked at Li Tian who was still cultivating on the wooden bed, and said with a sneer: "Smelly boy, we can't blame us for being unreasonable. You can only say that you are too young. Show your strengths everywhere, you probably forget that the God Realm is a world of the weak and the strong. Since you didn't make any preparations beforehand, you can't blame us for sneaking and killing you at this time."

He raised the dagger in his hand, and in the night, the dagger shone with a gloomy cold light.

The corners of the boss's mouth rose slightly. This is probably the best assassinated person I've encountered in so many years. I didn't expect that the knife was about to drive Li Tian's neck. This kid was still practicing here. I don't know what they are like now.

In this way, he can more easily choose to kill Li Tian.

His infuriating energy slowly poured into the dagger. There must be no slack at this time. You must use a trick to directly kill Li Tian in front of you, so that this kid will not make any noises. They are dead, and they will not be suspected by anyone, and they can leave here unharmed afterwards. When others know that Li Tian is dead, everything is over.

"Let's do it." The third child looked at the boss excitedly and said.

The boss nodded, and then stabbed the dagger in his hand severely.

"I knew that there would definitely be some daring guys in this world, but I didn't expect that someone would actually choose to assassinate me in this kind of place. I really didn't know how to choose a good time to die." Just when the dagger in the boss's hand was about to hit Li Tian, Li Tian suddenly disappeared in front of them, without any signs, as if it had disappeared suddenly.

The second child's pupils shrank, and he exclaimed: "Clone technique?"

"It seems that there is still a smart person in it, but I don't know why if there is a smart person like you in this team, why can he make such a stupid decision and even want to kill a spellmaster, you really Do you think I didn't set up a barrier around? It's just that you can't find this barrier at all. When you get close to me, the barrier has reminded me that an enemy is approaching me." Li Tian's voice was indifferent, Appeared behind the three at the same time, looking at them coldly.

With just a simple look, Li Tian easily showed the strength of these people in front of him.

One realm of gods and two realms of spiritual cultivation are considered good strengths. Dealing with a spell master like Li Tian, there is indeed a great possibility of success without any resistance.

Unfortunately, Li Tian has always been very cautious.

This problem has always existed in the Lower Realm. No matter what you do, you must be careful, and you will never allow yourself to make a little mistake.

Looking at the three people in front of him, there was still a slight sneer on the corner of his mouth.

The boss came back to his senses at this time, looking at Li Tian behind him, and said: "You guy has always known that we are going to assassinate you, so I prepared a clone here early, but he didn't take advantage of us not paying attention. What is the purpose of doing it when you come?"

"Of course it's very easy to kill you, but it's not that easy to catch you." Li Tian smiled and looked at the three people, with a look of profiteers on his face: "You must have many murders, for sure. There are also many people who are following you. If I send you to them, I might get a lot of money."

Although Li Tian pretended to be a spellmaster, he was still short of money. This was something he had to admit.

Chapter 5383: Try it

"I told you before that since this kid is the spellmaster, don't provoke it casually. Such a character is a very remote existence for us. Maybe it's just a small mistake that can make us fall into a dead end. After that, none of you would like to listen to me. Now let's see what it has become. You have to put us in deep danger before you know how terrible your decision is?" The second child was crazy at this time. I thought the boss's guess was correct.

Who knows that Li Tian is not as simple as they imagined. This young man was already ready to welcome them early.

It's just that, since the traps have been set up, but they have not been manipulated, why is this?

"Under your feet, there is a barrier that I set up. This is a spell I set up by myself before. In this barrier, your body will be restricted, which means you want to leave here. It's impossible." Li Tian looked at the people in front of him with a smile after one hand. Although he was only a god-cultivation realm strength, he still didn't mean to panic when dealing with the three people in front of him.

He still had a lot of spells in his hands, and Xu Yang was not in vain during this period of free space.

During this period of time, she was about to make her cast spells instantaneous. Even the cyan spells were much faster than before. Li Tian could be sure that if she faced Dongfang Shuo again, she would be able to. Before this guy had reacted, he killed him immediately.

This is how confident he is now.

During this period of free space, Li Tian still had a lot of influence, and his entire strength changed a lot.

"What are you two afraid of? Although I don't know the strength of this kid, the strength of the three of us is not a rookie. If the three of us fail to deal with one person, it will be ridiculous." The boss sees the second and old man. San's emotions began to become unstable at this time, and even the third child began to blame them for making a mistake this time.

He knew very well that at this time, the three people must be united before they can leave here. If it is really noisy like this, then don't want to leave the barrier set by Li Tian for the whole life.

Both the second and third stunned for a while, and then slowly woke up.

It can be considered that they realized what they are doing now. Although the strength of Li Tian in front of them is still unknown, if they directly admit defeat now, there is definitely no possibility of leaving here again. This result naturally it was not what they wanted to see, so the best choice was to head-on with Li Tian. Although it might fail, it might be possible to leave.

The three of them suddenly turned into the same hatred of enemies, all staring at Li Tian.

And Li Tian also smiled slightly and shrugged his shoulders: "I thought the three of you were going to have infighting, so that would save me from destroying you. I didn't expect you to be smarter and know what to do at this time. "

"Don't treat your enemies as idiots. Although our decision this time is a bit wrong, it doesn't mean that we are now in a desperate situation and there is no way to leave." The boss sneered, speaking while condensing. His own immortal power began to rush into Li Tian's barrier madly. Although this barrier was very strong, he believed that if he gave himself some time, he would definitely be able to leave here.

"You are very smart, but it doesn't mean that I am an idiot. You must know that this is Yunji Pub, and I am their guest. Now their guests are in danger here. Do you think there will be no movement in this pub? "Li Tian sat down, tilted Erlang's legs, and looked at the three people with a smile: "The

three of you had better not choose anything to resist. Your final result is destined, no matter how hard you try, it is impossible. changed."

None of the three answered, but began to condense their own celestial power, and began to madly hit Li Tian's barrier.

It can be seen that they are almost completely crazy now, and they are not ready to give up like this.

Seeing the formation of cracks in the barrier, the expression on Li Tian's face slowly became serious, and once again calmly said: "Honestly, you may still be able to leave here alive, but if you If you leave the enchantment and choose to fight with me, there is only one dead end."

"Huh, don't be alarmist here. If you really have someone who can deal with the strength of the three of us, you won't set up such a trap here and wait for us to jump in, but just follow us. "The boss has become a lot smarter at this time, and found some contradictions in Li Tian's words.

Of course, this is only what they think is very contradictory, Li Tian would not think so.

The reason why I did not choose to kill these three people directly, but chose to arrest them, was simply because Li Tian is short of money. Since these three are professional killers, there must be many murders in his hands. If you catch them, you may be able to earn some rewards. Naturally, such rewards cannot be very cheap. For Li Tian, the money is also a very good reward for the task.

Therefore, he did not choose to kill the three people in front of him.

But unfortunately, his constant warnings seemed to them to be a manifestation of fear. Now the three of them naively believed that Li Tian would not kill their opponent at all, and all of them were as if they had been beaten up with chicken blood. He came out of the barrier and killed Li Tian directly.

Now that they know that the people gathered in the tavern can come up at any time, then their time is not much at this time. They must hurry up, otherwise the young man in front of him may really escape.

As time passed bit by bit, the barrier around them was cracking bit by bit.

"Boy, you are not even going to leave here now. Are you waiting for those people to support you? It's ridiculous. If they can arrive in time, there may be a chance, but now, you have no chance. "

"You can try it." Li Tian said coldly.

Chapter 5384: Terrifying strength

Li Tian stood up slowly, if he was a smiling tiger before.

Then Li Tian at this time became a very serious Yama King, with no expression on his face, just looking at the three people in front of him seriously, and at the same time squeezing out a few charms in his hands, just waiting for this The moment the three broke through their barriers, they launched an attack.

At this time, the three people had no idea what kind of existence they were facing.

Even Li Tian, a strong man in the realm of immortals like Lu Xiu, dared to run up and kill them, what kind of high-level goods can the three of them be considered in front of Li Tian?

Finally, the boss's dagger broke through the barrier.

He was the first to rush out from the inside, and then he gave a cold voice: "Smelly boy, I still gave you face before, now let me die obediently."

Li Tian's eyes suddenly fell on the boss at this time, and his eyes became cold at this time, just like a cold beam suddenly penetrated the boss's body, and his whole person trembled. When I got up, my legs seemed to be frozen, and there was no way to move. I could only look at Li Tian, his body trembling constantly.

Although it was clear that he was suppressed by Li Tian's aura, but he didn't know why this happened.

After Li Tian has cultivated his soul, in addition to his quantitative changes, there is a more important point, that is, the aura is completely different from before. The previous aura was only able to scare people, but now Li Tian's aura The field can already be used to hurt others.

Just like the boss in front of him, his body has slowly begun to freeze at this time, and the surrounding air has not dropped. This is the suppressing force of Li Tian's aura.

"Boss, this kid has a very strong aura. You have to use your aura to deal with the aura of the kid in front of you before you can get close to him." The second child is a smart man, and he can easily see Li Tian 'S aura is more to leave than any of the people they are present, the boss did not start his aura against Li Tian in time, so Li Tian directly took the lead in the first round of the match.

After the boss heard the sound, he didn't hesitate, and immediately released his aura.

Sure enough, under the protection of the aura, his body is slowly recovering, but the pressure is still lingering in his heart, and it will not dissipate for a long time, even his heart has problems at this time. : "This kid's aura is so terrible, what kind of spell master can have such a terrible aura, this kid is really such an ordinary existence we think? "

"I feel the panic in your heart, and also the feeling of your confusion now. You definitely don't know how to face my enemy." Li Tian smiled, looked at the boss in front of him, and said: "With you It's really no problem for ordinary people, but it's a pity that your opponent really won't be able to choose. You chose me."

"Even if it's you, what can you do, don't think that your aura is much stronger than me, and you can beat me." As the boss said, he began to recite the spell, and the dagger in his hand was also at this time. A blood-red light shone, just like a devil's smile, which made people creepy.

Li Tian squinted his eyes and slowly raised his right hand.

An emerald green fairy sword was condensed in front of him. This fairy sword was only formed by pure immortal power, but it looked like the essence, and there was an inexplicable sword intent on it.

The second and third children also broke through the barrier at this time, so they felt the powerful aura and the killing intent from the fairy sword at this moment.

At that moment, the second child had no fighting spirit.

He knew that when he faced the young man in front of him, he would not have any chance of winning. His strength was beyond their imagination. After this aura was suppressed, he directly

made it difficult for them to breathe. Don't say that you are fighting against Li Tian at all. Even simple exercise of your body is very difficult.

One can imagine how terrifying this trick is.

Li Tian smiled and said: "Now, I will give you one last chance. If you still choose to fight with me, you can give it a try. I don't mind killing you like this."

He smiled, but this smile that seemed very kind, there was a creepy feeling in the eyes of these three people.

All three of them trembled at the same time.

"After being caught, it is a dead end. We are just being suppressed by aura now. If we just admit defeat, wouldn't we have lost our lives in vain?" The boss snorted coldly, and then bit his finger. Let his own blood flow on the dagger, and the spell in his mouth became more obscure and agitated.

Li Tian raised his brows and flicked his right hand.

He heard a 'swish', and the fairy sword was launched directly like a rocket.

And the boss suddenly screamed at this moment, the original voice of the curse stopped abruptly, as if someone had strangled his throat.

He subconsciously covered his neck with his hand, but he felt that some hot liquid was constantly flowing out.

When he turned his gaze on his hand, he realized that his hands were full of red blood, and his throat, at this time, there was a clearly visible blood stain, and the blood was constantly flowing from it, just like The spring water spewed out, even if it was blocked by the hand, it would still seep out through the fingers, and soon dye his clothes red, and then the ground also followed.

Li Tian looked at his hands, this feeling of full power really made him somewhat unreal.

"The fairy sword assists the imperial wind technique, so that your fairy sword speed has been increased very rapidly, and you can kill your opponent in a short instant. If the opponent is taken lightly and not prepared in time, you will not face you. There will be anyone's chance of winning." The voice of the remnant soul of the ancient **** appeared in Li Tian's mind at this time: "But your consumption of spells is also very huge, I think if you can, you try to learn Making spells is also a good thing."

"If I could, of course I would not miss such a good opportunity, but it is a pity that I have never seen a real charm master." Li Tian said helplessly.

Chapter 5385: Speculate

Of course Li Tian also wanted to find a spell master. During this period of time, he had memorized the spells of these spells upside down, but the consumption of spells was still a big problem.

When he was in battle, he almost regarded spells as something he had to use. If it is not used, the effectiveness of the battle may be greatly reduced.

But such a large amount of consumption is something Li Tian cannot afford.

After putting away his mind, he looked at the second and third and said: "You two are very lucky. At least you are still alive and standing in front of me. If you are willing to admit defeat honestly, I can keep you alive. Otherwise, even the true God cannot save you here."

"If we were really afraid of death, we wouldn't risk doing such a thing here. Since we decided to do this, we would have thought about the consequences early on." The second child sneered and looked at Li Tian. : "You killed our boss, now even we are killed, anyway, your strength is very strong, it should be no problem to deal with the two of us."

There is no problem in killing the two people in front of you in seconds, but Li Tian is not ready to solve this matter by himself today.

After a few minutes, the door to her room was opened.

Dongfang Yuechu looked at Li Tian in front of him with shock, and then asked out of breath: "You are not injured, are you?"

"It's just a few little thieves, and I don't need me to deal with them." Li Tian snorted, glanced at Dongfang Yuechu in front of him, and then put his eyes on the little thieves in front of him: "They will leave it to you now."

"We never thought that someone would be so bold and start killing people on our turf." Dongfang Yuechu really didn't expect someone to be so crazy that they would run to their turf to kill people. Fortunately, Li Tian seemed to have prepared well before, but when these thieves were about to do it, they were caught by Li Tian's trap.

After he felt Li Tian's aura, he knew something had happened here, and immediately brought many people to catch up.

Fortunately, the matter has not developed to a more serious point, he still caught up in time.

Looking at Li Tian with a calm face in front of him, Dongfang Yuechu was more or less certain of his thoughts, whether this kid was a spellmaster or not, but the combat power he showed so far was enough to convince them.

One person can defeat the Sanxian in one gods realm and two gods cultivation realms. Although the strength of these three people is not very strong, it is enough to prove that Li Tian in front of him is absolutely worthy of him. The price paid, if you offend such a character, there will definitely be a lot of troubles in the future.

"They know who I am and they want to earn a little money from me." Li Tian snorted coldly, looked at the second and third with red eyes, and said with a smile: "You can't hate me either. , After all, you came here to assassinate me, and I just want to survive. I have made it clear before that you obediently don't do anything with me, but none of you want to listen to me."

The second and third did not show any signs of resistance. They knew that it was meaningless to resist at this time.

These subordinates brought by Dongfang Yuechu were not guards and bodyguards, but really powerful subordinates. Just after arriving here, the aura accurately locked them, even if they grow up. Wings, don't want to leave here so simply, this is the strength, the strength that is completely crushed.

The two of them really dared not say anything, they could only stand in place and wait for their ending.

And Li Tian didn't bother to pay attention to the two of them, but turned his gaze to Dongfang Yuechu, who was next to him: "This matter is left to you to deal with, but they have murders on their bodies. There should be many people wanted in the God Realm. they."

"You can rest assured that all the Tian Coins you wanted after you came down must be yours." Dongfang Yuechu quickly learned what Li Tian meant. At this time, he didn't have any intention to doubt. Instead, he took out a purse and gave it away. In front of Li Tian: "I'm really sorry, so many things that happened today are all our problems. I hope that the guests will never take this matter to heart."

Li Tian looked at Dongfang Yuechu in front of him, and sneered: "Are you looking down on me? Think that this little money can make me forgive the mistakes you made here?"

Seeing Li Tian's expression at the beginning of the month, Dongfang Yue immediately explained: "Of course I didn't mean it. I just hope that this time we can express our inner apology. After all, this kind of thing happened, no matter how we shirk it, it's our responsibility. I am afraid that many people will feel that we gathered in the tavern are not properly handling these things. Of course we don't want to see such remarks."

It's not that Li Tian doesn't want the money, he just has to pretend that he doesn't care about these things at all.

At this time, he didn't know that the fat man in front of him no longer doubted his identity at all, otherwise he wouldn't be so arrogant here, he would directly and generously accept these Tian Coins.

Li Tian's expression was a bit ugly, and he squinted at Dongfang Yuechu in front of him: "I don't need you to do this."

"If you don't accept it, I will really get through it in my heart. We will take care of this matter. You can safely leave this matter to us." He looked at Li Tian with a sincere expression. Said, at the same time, he kept plugging the money bag in Li Tian's hand.

Li Tian looked at him and snorted helplessly: "Just this time."

Then, he put away the purse in a serious manner, without seeing how much money was in it. It was completely as if he didn't take these things to heart. Since he wants to install it, it must be more comprehensive.

Seeing the expression on Dongfang Yuechu's face, he didn't have any doubts at all, but he still looked happy. Li Tian probably also knew that this guy was more or less doubtful about his identity now. Since it was like this, his actions on the side of New Moon City could be simpler.

"Thank you for your understanding." Dongfang Yuechu said with a satisfied smile, looking at Li Tian.

Chapter 5386: Shui Yuezong

This incident was like a small episode to Li Tian, and he didn't really take this incident to heart.

There are more people who want to kill him, but there are certainly not many who can really succeed. He is somewhat confident in his own strength, plus there are so many spells in his hands, Li Tian is alert. If you want to do something to him in the state, it is basically nothing to do.

After Dongfang Yuechu left with these people, Li Tian could only change another room.

His room was now stained with blood, and the whole room was filled with the smell of blood. It was definitely impossible to live here anymore, so he had to change to a nearby room in desperation.

Although the environment is a bit worse than before, it is not much inferior.

After Dongfang Yuechu took away his second child and third child, and after briefly talking to Li Tian how to deal with the next thing, he did not continue to trouble Li Tian, and he was happy to be so relaxed, anyway, there will be money. take.

Taking advantage of this moment, he opened the money bag in his hand.

It was found that it was not a day coin but a golden card.

I vaguely remember that this card was also seen in the main city guild. It was something similar to a bank card on Earth, but it was used differently in the God Realm.

"Since it is a card, it seems that the Tiancoin inside it should not be a small amount." After seeing the Tiancoin, Li Tian knew what was going on next.

Obviously Dongfang Yuechu probably took a fancy to his current identity. After all, a spell master in the God Realm can be regarded as an existence that many people hope to cling to. This fat man wants to have a good relationship with himself, so if something happens in the future Maybe you can still ask yourself for help. As for these days coins, it doesn't matter to the fat man at all. If he can buy a charm master with money, he would like to be like this.

"I don't know what this guy thinks when he knows my true identity. He may not know that there is a criminal wanted in the entire God Realm in his own tavern." Li Tian thought of his identity. It didn't seem to be funny. He was a wanted criminal in the entire God Realm, but now this fat guy still wants to have a good relationship with him.

If he knew that he was Li Tian, who was all the rage in Luoyang City, he would be surprised.

At that time, what I am thinking about is definitely not to have a good relationship with myself, but how to get rid of this relationship with myself.

"Are you going to see Shuiyuezhong?" The remnant soul of the ancient **** slowly appeared in Li Tian's mind.

"That woman is very important to me. He is the only person I can truly trust when I came to God Realm. Even if the whole world betrayed me, she would definitely not betray me." Li Tian said firmly.

And the remnant soul of the ancient **** said at this time: "Shuiyue City is where the Shuiyue Sect is located. It is not so easy to enter Shuiyue City, and you are still wanted by the entire God Realm. Once they recognize you, even if you are a powerful person in the realm of gods, don't want to leave there. Under the nose of Shuiyuezhong, it is impossible to escape."

"Even if I know this is a very dangerous thing for me, I still have to choose to do it this way. I can't watch my closest person just become strangers with me, and I can't do anything. "Li Tian never understood why Situ Ningbing didn't take the initiative to find herself, and her original name was Situ Ningbing, why is she now Ningbing again?"

These things have been lingering in Li Tian's mind all the time, making him unable to stabilize his emotions as a whole, and what he wants to do most now is to find Situ Ningbing and ask them well.

"Some people may have something to happen after they ascend to the God Realm. Although there are generally no problems in the ascension process, it does not mean that there will always be no risks. There will still be some serious problems in this process. There is a small probability that something we are not likely to think of will happen." The remnant soul of the ancient **** explained: "That girl, maybe something happened during the ascension, or in other words, where you were in the free space before. For a while, she was also trying to find you, but she didn't find you."

"Now I can only use this method to comfort me." Li Tian shrugged helplessly.

The next night, he directly continued to spend it in cultivation.

And early in the morning of the next day, he came directly to the Teleportation Array of New Moon City.

Shuiyue City is almost indistinguishable from Crescent City. It can also be said to be a subsidiary city of Crescent City. The reason Shuiyue Sect is in Shuiyue City is because the original sect of Shuiyue Sect is located. Slowly formed a city, which is the Shuiyue City afterwards.

In fact, the most powerful force of the Shuiyue Sect is still in New Moon City.

Although Shuiyue City is inferior, it is much stronger than many main cities.

Li Tian stood in front of the portal, looking at the man in the blue robe in front of him, and then let out a deep breath, stepped into the portal. This was the first time he used this after he came to the gods. Way to act.

The moment I entered the portal, I was still thinking about what kind of world would be on the other side of the portal.

And what will it be like in this process.

As a result, there was almost no sensation during this process. He just felt like he had closed his eyes, and when he opened his eyes, he had already arrived in another city.

Standing in front of him was a young and beautiful girl: "Welcome to Shuiyue City."

Li Tian nodded and slowly walked down the teleportation formation.

After coming to Shuiyue City, the first thing I can feel is that there are many beauties here. After all, it is a city created by Shuiyue Sect. Most of those who come here are Sanxian who want to enter Shuiyue Sect. , So they are all kinds of women, and beautiful women naturally have a high proportion.

The second characteristic is that the power and status of men here are far less powerful than in other major cities.

Men here are more like beings in the middle of the food chain, and these women are stronger here than in other major cities. Even Li Tian doesn't have the idea of inferior men to women, but seeing This situation still feels a bit strange.

Chapter 5387: A little embarrassing

Since ancient times, women have been inferior to men in many ways.

Whether it is in cultivation or in other places, all people must be in a natural weakness. This is undoubtedly. Even when entering the new society, the so-called equality between men and women still naturally exists in everyone. In their minds, even if they are unwilling to admit subjectively, they will still subconsciously admit this. This is something that does not need to be doubted.

But in Shuiyue City, everything here is the same as reversed.

Li Tian could feel that all the men here are much more honest, and no one dares to mess around here.

Even some scattered immortals who don't look like good people are all honest at this time and dare not make trouble here at all.

Li Tian slowly left the area near the teleportation array and went directly to the center of Shuiyue City. This city was backed by a majestic mountain range, and on top of this chain of mountains was the rumored Shuiyue Sect.

Built on the clouds, like a fairy palace.

In Shuiyue City, there are basically no ordinary people. Any woman who stands up is an immortal, and there are even many people in the realm of gods waiting to enter the Shuiyue Sect.

The sects all have their soft requirements, and every disciple that is accepted must not exceed the realm of gods in strength.

Before this, Sanxian's exercises were not fully qualitative. In the process, they can naturally accept a new type of exercises, but if they exceed this level, they can learn other exercises again. It's not that easy. It's as if you learned Chinese naturally when you were born, but you will have a little effort when you learn English.

Li Tian did not rush to find Shuiyue Sect, but wanted to stay and talk about Shuiyue City for a while to collect some intelligence.

There is really too little knowledge about Ningbing, so rushing to the door may not have any good results.

After going around in the city center, I didn't sigh with emotion. Although this is a city that developed only because of the Shuiyue Sect, the area of this city is still very large. He has been around for about half of the city center. It took only an hour or so to walk a small block. One can imagine how terrifying the size of this Shuiyue City is.

Of course, compared to the city of the new moon, it is a little bit insignificant.

These cities in the God Realm are not at the same level as those on the earth. The cities on the earth are just like models, but the main city here is really too big.

The lord of a major city controls such a large area, and the power in their hands is naturally very terrifying.

While wandering around Shuiyue City, Li Tian finally found a tavern, and then ran directly to the tavern, found a corner and sat down, watching all directions and listening to Liulu, not missing any useful news.

The simple-dressed maid appeared in front of Li Tian, smiled and said, "What do you want to drink here?"

"Three thousand years of Qiongxiang wine." Li Tian glanced at this form. The things in this tavern are still relatively expensive, but the most interesting thing is this three thousand years of Qiongxiang wine, which is everywhere on earth. I know it is Lafite in 1982, but this Qiongxiang wine three years ago is obviously far higher in quality than Lafite, and he has some interest in exploring it.

The maid nodded for a smile, then turned and left.

Li Tian tilted Erlang's legs and squinted at this tavern. This kind of place is really a place where men gather, but these men are still very honest here, even if they are drunk, they dare not easily spread here. Alcoholic, their companions will take them out of the tavern most of the time, for fear that their drunk friends will cause themselves some trouble.

However, in just a few minutes, I saw the maid holding a jug of wine in front of Li Tian, laying it lightly on the table, and smilingly said: "Sir, this is the three thousand years of Qiongxiang fine wine you want. The total is 1,500 days."

Li Tian frowned. The price is really expensive, but for him it is simply a cat ticket.

He touched his pocket, and then frowned quickly.

"Um, um... do you have any other payment methods here?" Li Tian looked at the maid in front of him with some embarrassment. He was a little overly proud before, but now he realized that he didn't actually have many days of coins. Cash, as early as when I bought spells, I almost spent all the cash on my body. Afterwards, I made a small profit when gambling in the trials, but it was still a memory card.

He has a lot of valuable things on him now, except that he has no cash.

He touched the back of his head awkwardly and squinted at the maid in front of him.

At this time, the smile on the maid's face also slowly faded, and said: "We only accept cash here. Since you don't have one, we can only resort to other means."

"If not, you can just put the jar of wine back." Li Tian frowned and said, "I haven't opened it anyway, just put it back."

"Where do you think we are here, do you think that all the people here are for you to molest you? Whatever you say, what do you want to do with our rules?" The maid sneered and squinted.

Looking at Li Tian with his eyes open, he said with an unkind look: "Since you have no money, we naturally have another way to let you know what the trouble will be on our side."

"Hey, hey, if you have something to say, you are all women, and I am always unwilling to work with women." Li Tian hurriedly raised his hands and explained, "And this time I am not without

Money, it's just that I don't have so much cash with me. If I knew that this jar of wine was so expensive, I wouldn't want it. It's just a misunderstanding. It's better to explain it clearly."

The maid did not speak, but clapped her hands and said: "We are here in the Shuiyue Sect. You are the first person to make trouble in the Shuiyue Sect."

Li Tian glanced around, and sure enough, many people looked at him with gleeful expressions.

No one has had the courage to make trouble on the site of Shuiyue Sect for so many years. Li Tian is definitely the first person to eat crabs in thousands of years!

Chapter 5388: Qinglian Sword Array

Li Tian looked at the maid in front of him with a bad expression on his face and knew that he was in trouble. All the men on the Shuiyue Sect site were afraid to cause trouble, so he was the first one.

Now I was worried that I would really do it, so I had to explain: "I...I can pay in other ways. Don't do it, okay?"

"No way."

This maid used to look very pleasing to the eye, but now it looks like an extinct teacher, completely reckless. Originally, Li Tian really didn't want to work with women, after all, he was a man.

But this woman didn't give any face at all, and she kept making progress. Even his man couldn't accept such a thing at this time.

His expression quickly became serious, frowning and saying: "I'll talk to you and persuade you. The original intention is to see that you are a woman and don't want to do anything with you. But if you don't give face, don't blame me for hurting people."

"Hehe, you are still the first man who dared to say such things in Shuiyue City. Today I will let you know what happened to the trouble in our Shuiyue City." The maid sneered, and the look in Li Tian's eyes was still so full of disdain, he didn't put the man in front of him in his eyes. There were more people who wanted to make trouble on their side before, but so far no one can stand and leave their tavern.

"Everyone, we Shuiyue Sect do something, please let me." During the conversation, a few women in blue sword robes walked in, one by one with beautiful eyes, but a few seductive beauties, plus that face. The cold and frosty expression, for many men, such a woman still has a lot of charm, even Li Tian has the feeling of wanting to conquer them.

I have to say that all the women who come out of the Shuiyue Sect are all glamorous beauties. The average man will definitely not be able to stand this kind of woman.

After a few disciples of the Shuiyue Sect came here, they immediately asked the entire tavern to stand up, and they all left here obediently. Just kidding, this is the foot of Shuiyue Sect, and here with the people of Shuiyue Sect. If you can't make it, isn't it just having trouble with yourself?

Even though these men were not convinced in their hearts, but now they can only leave in despair.

But Li Tian is different. Although the women in front of him are all from the Shuiyue Sect and others are afraid, he is not afraid of these women.

"I'm going to tell you that I'm not going to deal with women. If you push me, I'm not polite." Li Tian looked at the three women in front of him. The strength of the three of them is still unknown, but what is certain is that it is not simple. It is said that the disciples of Shuiyue Sect have not cultivated to a certain level, it is impossible to go down the mountain. Since these female disciples are standing in front of them, they must still have certain strength.

"Huh, you man is really funny. You still have the courage to say such things in Shuiyue City. I really don't know what to say. It seems that you don't know how good we are." Several female disciples saw Li Tian's face. With a serious look on his face, he sneered at the moment, and then the three of them were squeezing their horns, and soon surrounded Li Tian, and then sneered: "Let you see and know today, our Shuiyue Sect Qinglian sword. It's great."

The few men who have not left have their eyes widened at this time, they are actually going to use Qinglian sword formation here?

Li Tianyi was taken aback when he heard the so-called Qinglian Sword Formation, but he left the tavern subconsciously, but chose to go outside. The contents of the tavern were valuable, and he would not be willing to compensate if they were broken.

And his own strength is also very limited in the tavern.

The three female disciples were not in a hurry to stop Li Tian. Obviously they also knew that it was obviously inappropriate to do something in the tavern, so when Li Tian wanted to move outside, they did nothing.

At this time, a group of men outside were all outside looking at the four people in the sky.

Li Tian now looks like a vulnerable group, surrounded by three women, without any room to escape. Each of these three women has a pale blue fairy sword in their hands, shining with a cold light. Just the bursts of cold air caused people's bodies to tremble, and the cultivation techniques of these Shuiyue Sect's disciples were also cold and cold.

At this moment, the moment their Qinglian Sword Formation was deployed, the surrounding temperature dropped rapidly.

And Li Tian also felt that his body was restricted in an instant, and he actually felt a little difficult to move.

'As expected of someone from the Shuiyue Sect, he still has the strength, but it's a bit naive if I want to restrict my movements like this.' Li Tian thought secretly in his heart that the green lotus sword formation that these three women had teamed up to display was indeed good, but if they were stronger, they might really be able to take Li Tian, but unfortunately they were too good. It's just the strength of the **** cultivation realm, which is still much inferior to Li Tian.

"Water reaches yin and yang, water reaches yang and yin, yin and ice, yang and qi, the profoundness of mystery and the profoundness of wisdom." The three people opened their small mouths and eyes slightly. Squint, all chanted the spell seriously.

What followed was that countless crystal clear water droplets appeared on the bodies of the three of them. These water droplets were still azure blue at first, but slowly turned into cyan little swords,

these little swords. Standing in the air in eight directions, crystal clear green energy slowly flowed from Xiaojian's body. These energies were slowly connected together, forming a green lotus-like image under Li Tian's feet.

Over time, this image has become more and more three-dimensional and more real.

The Qinglian sword formation is also a well-known formation of the Shuiyue Sect. It is said that the history of this formation should have been traced for tens of millions of years. As the number and strength of the formation change, the power of this formation can also be Unlimited promotion, the formation method that year severely injured a powerful ***** emperor.

Even if it's just a serious injury, it's just a proud record.

The three of them directly used the Qinglian Sword Formation at the beginning, and they were also worried that the strength of Li Tian in front of them could not be dealt with.

At this time, Li Tian just smiled and shook his head: "Do you think this can limit me?"

Chapter 5389: Situ Ningbing

"Huh, who can stop the Qinglian Sword Formation, your strength is nothing more than that, do you still want to break our Qinglian Sword Formation?" The headed woman, who looked like a senior sister, squinted her eyes. Looking at Li Tian, he said with disdain: "It's not a day or two for the three of us to perform missions in Shuiyue City, but we have never seen anyone. When facing the Qinglian sword formation, we still dare to be so arrogant. "

Li Tian smiled and shook his head. I really want to say that others don't dare to be arrogant doesn't mean that I don't dare to be arrogant, but after thinking about it, I still feel that there is no need.

After all, this matter is still not communicated well by Li Tian before, and of course it has something to do with their unreasonable tavern.

"Hey, did you hear that, what did this kid say just now, saying that he could break the Qinglian sword formation?"

"Hey, that guy who doesn't know how high the earth is, if you break the Qinglian sword formation today, we will serve you. There is a kind of you who break one and show us."

Many of the men below all started talking at this moment, yelling to let Li Tian break the formation.

And Li Tian was also unconvinced, but it was just a Qinglian sword formation, his own strength is not difficult to deal with such a small formation, right, the strength of the three people in front of him is far from that. awesome.

He took a step forward, and suddenly countless small swords burst out of the formation.

The pupils shrank sharply, and at the same time, an enchantment was quickly condensed in front of him. These small swords slammed into the enchantment frantically, breaking the enchantment instantly, but their offensive was eased in this way. Up.

Li Tian squinted his eyes and snorted: 'I didn't expect that this Qinglian Sword Formation really had some means. The three disciples of the Divine Cultivation Realm teamed up to release this Qinglian Sword Formation. '

This feeling is very uncomfortable, and I feel that I am bound in this sword formation.

"Don't try to break the formation. The Qinglian Sword Formation is our Shuiyuezhong gatekeeper skill. How can you break it so easily?"

Li Tian didn't speak, and he didn't dare to expose his true strength now. Who knew that if these people recognized his identity, it would be like a dream to leave here by then.

"Qinglian sword formation, it's been a few years. I didn't expect to see this formation." At this time, the remnant soul of the ancient **** said: "The destruction of this formation is still very simple, especially the three gods. The girl of the realm wants to use the Qinglian sword formation forcibly, in fact, there is something beyond her own control."

"Do you have a way?" Li Tian was suddenly energetic at this time. When facing this Qinglian sword formation before, he did feel a little tricky. It was not easy to break this formation for a while.

"I said before, this formation can't be displayed by anyone. These three little girls in the realm of **** cultivation want to use this formation, just beyond their own control." In the tone of the ancient god's remnant soul With a touch of disdain, he said with a sneer: "If it is the three realms of immortals, there may be some tricks, but the realm of **** cultivation can't display the advantages of this formation at all."

Li Tian moved his hands and feet, and immediately he could feel that a force was added to his body, and his whole person was severely restricted here.

"Don't talk so much at this time. Later, I may be cleaned up by these three women who you look down on." Li Tian smiled bitterly, knowing this Qinglian sword formation is so powerful even if they display it. You shouldn't have waited for them to show off just now, and you should be indifferent, but should break their plan as soon as possible.

"When most people encounter this sword formation, they must be thinking about destroying the formation's eyes. This is indeed not wrong, but it is a pity that the strength of these three girls is not enough to make Qinglian sword The formations form eyes, so you have to deal with them very simply, that is, directly release your aura. With your mental power, you can instantly make the three of them unstable in an instant, and you can naturally get rid of them. Sword formation."

After Li Tian heard this, he was dubious.

He doesn't really believe that his aura can really be so powerful. Although this kind of sword formation is displayed, if you want to interrupt them, it must be the most important for the caster, but his aura , Can do this kind of thing?

However, since it was said by the remnant soul of the ancient god, it must have a certain effect, and Li Tian did not doubt it.

He immediately released his aura directly.

The inside of Qinglian Sword Formation, which was already very gloomy, suddenly became colder. This kind of coldness can not be felt on the surface, but directly penetrates into people's hearts.

All the three Shuiyuezhong disciples were taken aback for a while, and their bodies trembled instinctively.

There was such a short moment of instability in the mood.

It was just such a moment of instability, Li Tian directly seized the opportunity, the immortal power revolved, causing a burst of energy, and instantly destroyed the Qinglian sword formation.

"How about it, do you have anything else to say now?" Li Tian looked at the three dumbfounded children in front of him proudly, and at the same time condescendingly looked down on the melon-eating people below, and said with a face of disdain. : "Qinglian Sword Formation is indeed a good formation, but it also needs the strength of the caster to be truly powerful. The strength of the three of you is still far behind."

While talking, he quickly performed several fireball skills.

The three of them were still confused in the process of the sword formation being destroyed. They didn't know what was going on. At this moment, seeing so many fireballs flying over, the whole person was all at a standstill and didn't know what to do. .

When they used to perform their tasks, that is, they used the Qinglian Sword Formation directly, and there was no way for ordinary people to break it.

But Li Tian's aura is definitely the most terrifying aura among so many people they have seen, and their sword formation was destroyed in just a moment of loss.

Seeing the fireball getting closer and closer, at this moment, a sword light flashed by.

The explosion sounded one after another, and several fireballs slowly disappeared.

Li Tian stood there stupidly as if struck by lightning, looking at the woman on the ground.

"With your strength, is it a bit too much to bully the three girls with sparse fighting experience?" The woman looked up at Li Tian in front of her with a frosty face, but Li Tian would never forget her appearance.

It was Situ Ningbing who she dreamed of at night.

Chapter 5390: Not met

Li Tian looked at the woman in front of him, feeling like he was in a dream. This feeling was very clear, as if all of what happened before him was not real, but a fantasy in his own mind.

The wind was blowing gently, and he stared at Situ Ningbing in front of him dumbfounded, like a panicked child, completely unable to believe what he saw before his eyes.

Situ Ningbing was wearing a light blue fairy skirt, holding a Liangyi umbrella in his left hand.

When he saw this, Li Tian could be quite sure that the woman in front of him was Situ Ningbing. Even if there were people who looked very similar, it was impossible that the weapons they used were very similar.

"Senior Sister." After seeing Situ Ningbing, the three female disciples of Shuiyuezhong breathed a sigh of relief and withdrew behind her one after another, saying: "This man is making trouble on our territory. His strength is strong. I'm afraid he can deal with it. It will be a little bit tricky."

Situ Ningbing did not respond, but still looked at Li Tian stupidly.

She can be pretty sure that this is the first time she has seen this man, but she doesn't know why she has a feeling of déjà vu. Has she ever seen it before? It's just that I didn't remember the man's appearance very clearly, and slowly forgot it?

She didn't know, but looking at Li Tian at this time, she felt an unspeakable feeling in her heart.

"Ningbing, I finally saw you. These days, I have been thinking of trying to find where you are. I didn't expect that I finally paid off and let me find you." Li Tian's aura suddenly disappeared. Go, flying towards Situ Ningbing like a child. What he hopes most at this time is to hug the woman in front of him. Only her body temperature can make himself feel the real existence of this world.

However, as soon as he approached, the three female disciples acted one after another: "Shameless, you can make trouble on our turf, and now you still want to insult our senior sister. See if we don't treat you today..."

"Mingyue, Ming Fei, Ming Zhuo, stop." Situ Ningbing's face sank, and immediately gave a soft drink.

The three female disciples were strangling their throats, their voices stopped abruptly, and the movements in their hands quickly converged.

They all looked at Ningbing in front of them with some doubts, and some wondered why the senior sister in front of them had a very different attitude to doing things today. If they were to change to before, the current Li Tian must have been lying on the ground. Ravaged by them, Ningbing is extremely decisive in handling things, and facing the enemy is also a sharp method, leaving the enemy no chance to breathe.

But today, she is a bit abnormal.

In the past, if you don't say anything, you will do it first.

Instead, they were told not to do it at this time.

The three of them looked strangely at Ningbing in front of them, waiting for explanation.

At this time, the entire Shuiyue City people were all boiling, and the men's eyes were as if they were dug out one by one. I can't wait to pick them out now and throw them beside Ningbing, and take a closer look at this rumor. But also a beautiful three-pointed woman.

"Senior Sister, why?"

Li Tian also stopped, looking at Ningbing in front of her, and in her eyes, she saw only a very deep confusion. She didn't know what was happening in front of her at all.

"You said before, you have been looking for me?"

"That's right. The first thing I did after I came to God Realm was to do my best to find where you are. It's just that I've been working hard these days, but there is no result at all. I thought I saw you here." Li Tian looked at Ningbing in front of him with a sad expression. Although she didn't know why she asked, she still answered subconsciously.

And Ning Bing, looking at Li Tian, did not say a word for a long time.

The atmosphere became weird at this moment. Although Li Tian was standing in front of Ningbing, he didn't know why he always felt that the woman in front of him looked at him, like a stranger. It's impossible to get this feeling out of personal relationships.

Li Tian could also be sure that the current Ningbing is indeed a little strange to him.

Why is this? Didn't she remember herself after she soared up?

"I don't know who you are." Sure enough, after taking a look at Li Tian, Ning Bing said very calmly, before turning his gaze to the other side: "I have also learned about the things here. You don't have money to spend here, and you don't know our rules in advance. This time things are over."

"Senior Sister, how can this matter be ended like this? If this matter is let others know, wouldn't they all be like this when they come here? Then where should the face of our Shuiyue Sect be placed? What?" Mingzhuo widened his eyes and said with dissatisfaction. Their Shuiyue Sect in Shuiyue City is equivalent to the official existence. If they can't help Li Tian in front of them, wouldn't everyone know It looks like this. ,

Ning Bing was silent and didn't know what to say. Although he did not know the man in front of him, the familiar feeling lingered in his mind for a long time and couldn't fade away.

Could it be that the man in front of him is just an avid fan?

"That's right, this kid shows that there is no money to spend on our side. If we don't handle this matter properly this time, there will be more and more people like this in the future. How can we manage Water Moon City?" Mingyue stared at Li Tian in front of him, and said angrily: "Today we must teach this kid a little lesson, let him know how powerful Shuiyue Sect is here."

Li Tian did not speak, but had been observing Ning Bing's expression.

After Mingzhuo and Mingyue said this, many people around were also mocking Li Tian, saying that he didn't have money but wanted to eat free food here, and didn't look at what the place was.

Anyway, for these people, it's not about hanging up high, and if they can watch the excitement, they are naturally very happy.

"Let's go." Ningbing's two jet-black eyebrows condensed together at this moment. Although I really don't want to see this ending, there is no better way. I can only calmly look at Li Tian and say After one sentence, he was about to turn around and leave.
