

A Killer 5401

Chapter 5401: Ancient world

The next day:

The wind is sunny and the breeze is slow.

Li Tian slowly opened his eyes, put on a pair of clean and tidy clothes, and then stood in front of the window, looking at many people outside who had already begun to march towards the main city guild. At present, I don't know that the so-called warm-up match will take place. When will it be held, but it is certain that it is not held inside the surrounding Warcraft Mountains. It is very likely that it will be held in another space for this competition.

‘Puff’

The knock on the door whispered in his ears, followed by the voice of the little second in the shop: "Master, time is almost up, are you going to leave now?"

"Well, let's go now." He withdrew his gaze from the street outside the window, shrugged his shoulders slightly, then turned around, opened the door, glanced at the shop Xiaoer who was standing at the door tremblingly, and asked: "Outside How is the situation now?"

"A lot of people have already started to move towards the game, and many people are thinking that if they pass earlier, they might be able to take advantage of it."

Li Tian nodded, knowing what these people were thinking about, so he didn't continue to pursue anything about this kind of thing. Under the gaze of the shopkeeper, he walked downstairs step by step.

The Yunji Tavern was originally lively and lively. The business here is definitely undoubted. As the best tavern in New Moon City, many people will come here to drink when they have nothing to do, but Today is like an exception. In the entire tavern, no one can be seen, as if all the people have disappeared from their sight.

‘It seems that a lot of people participated in the Junior Heroes Conference this time, not only because of the ice, but also because of the clouds crossing the grass. 'For many people, it is something that can be encountered but not sought, especially this kind of fairy grass is still in the hands of Shuiyuezhong. Usually no one can get such herbs. This time Shuiyuezhong has made great efforts, who Can you resist this temptation?

Li Tian was walking on the road and could hear many people around him discussing this warm-up match.

However, most people still don't know at this time that this warm-up match is actually a large-scale elimination match. They thought that this warm-up match really requires them to prepare before the game.

Soon, Li Tian came to the main city guild.

But what is strange is that the current main city guild does not even see the existence of many people, and many people who came here at this time like Li Tian also showed a confused expression on the way.

I've heard that many people came here early, but they didn't see many people standing here.

At this time, a young man stepped forward, took a look at the few people in front of him, and said, "A few are here to participate in this warm-up match?"

Several people nodded.

"Well, that's fine. Let me talk about the rules of our warm-up match. This warm-up match is held in the ancient world. It is the same magic weapon in the hands of the lord of the city. Everyone must fight here for a month. Everyone has a card that belongs to you. Only those who get the top 100 cards in the end can participate in this young hero meeting."

"The top 100 people? How come there are thousands of people participating in the Young Heroes Conference this time, or even close to tens of thousands, but you have to choose only a hundred people to participate in the Young Heroes Conference among so many people? "

"This is the rule. If you refuse, you will be eliminated now. Whether you are willing or unwilling depends on your own personal wishes." The attitude of the young people is also very tough. They come here. Come to participate in the Young Heroes Conference, and the right to host this is completely in the hands of people like them, and these contestants in front of them have no right to speak at all.

You don't want to accept this reality?

Yes, then you will be eliminated directly now.

This is the current attitude of the main city guild, as well as Fengjie's current attitude. Anyway, he just wants to eliminate these people as quickly as possible. If they are unwilling to accept such a competition system, it would be a good thing for him. Well, these people can be eliminated faster.

Li Tian looked at the young man in front of him and said, "Can you let me in now?"

"So you have no problem?"

"Of course there is no problem." Li Tian nodded and said.

"Please come with me." The young man glanced at the few scattered immortals who were still standing behind Li Tian hesitating, and did not say anything. The order they received was also very simple. For those who are not willing to accept the rules, they will be eliminated directly. It's fine, anyway, as long as a hundred people win in the end, that's fine.

Li Tian followed the young man, and soon slowly disappeared from the sight of these scattered immortals.

At this moment, a few scattered immortals are anxious, they don't want to waste their opportunities in this way, so they all follow Li Tian; "Wait, we also agreed, isn't it just competition? This kind of thing is for us. It's just a commonplace meal, and competition among these people is not difficult."

The young man didn't say anything, and continued to walk ahead.

At this time, the young man took Li Tian and the others, and soon came to a place similar to the teleportation formation: "This is the portal of the ancient world. After you enter, the location will be random. Bring this thing. If you are in danger, you can directly crush this jade, and the ancient world will take the initiative to send you out, but if this is the case, it will prove that you have failed."

While talking, the young man gave each of them a piece of jade.

Li Tian took the jade in his hand, nodded lightly, and walked into the teleportation formation.

As a white light lit up, the world in front of him began to become blurred at this time, just like a mirror flower, looking extraordinarily beautiful, and slowly, everything began to become more blurred, and then everything became Restored calm.

And Li Tian also felt that his body had become air, becoming very relaxed.

When he opened his eyes, he could be sure that he had left the original main city guild and came to the location of this warm-up match: Ancient World!

In this rumor, the world opened up by Feng Jie's spatial array is a treasure handed down from the Feng family tens of thousands of years ago.

Chapter 5402: Good thoughts

The place where Li Tian was transported was in a forest. The dense forest covered up the sky above him. Although sunlight could penetrate part of it, it was dim and dark. The entire forest It was dark and damp.

Not long after he teleported over, he jumped directly to the top of the big tree, with the help of the dense branches, squinting to observe below.

It is not yet known how big the area is in this world.

Moreover, this time's match is also very dangerous. It sounds like a simple warm-up match, but in fact, this time's warm-up match is also very dangerous. If you want to become the one hundred winners in the end, you must take everyone here. Treat them all as your prey and **** the brand from their hands. If your strength is weaker than yours, then you succeeded. Otherwise, you may be robbed.

Li Tian has not yet been able to determine his surrounding environment. Under such dangerous circumstances, he must concentrate all his attention and pay attention to the surrounding movement.

So hiding it first is the best choice.

He touched the trunk of the tree beside him, and his divine consciousness began to scatter carefully, slowly collecting the information around him, his soul power was thousands of times stronger than the average Sanxian, and only those who reached the realm above the **** king Humans will be aware of the power of the soul, so in this environment, he is considered to have a very big advantage. With his soul power, he can easily perceive the surrounding movements.

On the other side, Ningbing also entered the ancient world.

Her location is in a plain. There are no obstacles around her. If someone shows up here, she can be spotted as soon as possible. Fortunately, the surroundings are all empty and no one can see the station. Ningbing here.

And she just stood here.

At the same time, squinting his eyes: "Muzili right? Today I must know what your identity is and why you are here. Even if you escape to the ends of the world, you can't escape from my palm."

In the blink of an eye, half an hour passed.

Li Tian has been squatting on the tree for a long time, Shennian has been looking for prey around, but until now he has not found any enemies at all, so he had to take the initiative.

Among these people, he is actually the most difficult person to do.

Now that he knew what Feng Jie's purpose was, he had to try his best to avoid his performance in this warm-up match, which seemed to be so ordinary.

Otherwise, if something similar happened before and was targeted, it would be a tragedy for Li Tian, and it would definitely cause a lot of trouble.

He moved all the way to the east, always carefully guarding everything around him on the road, making sure that when his enemies appeared at this time, he would not know nothing.

As time passed bit by bit, Li Tian didn't know how long he had walked along the road.

When he was about to leave the forest, he found that two different energy fields appeared near him, and he became nervous at the moment, and at the same time, he cautiously approached the other side.

He approached cautiously, converging his aura all the time, to make sure he was not noticed by these two men, and then he looked directly at what was happening here.

A very young Sanxian, now covered in blood, and his clothes in tatters, you can see all kinds of scars on his body, it is hard to imagine what kind of battle happened before, even he There was also a tired and helpless expression on his face.

Just a few hours after entering the ancient world, such a cruel time occurred.

On the opposite side of this young Sanxian, there was a big beard. At this moment, he was holding an iron fan and looked at the ragged clothes in front of Sanxian. He said with a sneer: "Look at this now. Look, do you have anything to say?"

"Don't kill me."

"Hehe, even if you want to leave the ancient world now, it is impossible. Without that piece of jade, no one will save you. And this ancient world is so vast that it is not easy to meet people here. What's more, even if we meet, do you think they will help you?" The beard looked at Sanxian who was stepping back at this time, and sneered: "I advise you to give up honestly and be killed by me. It doesn't hurt."

"Dong Tiansheng, the two of us don't have any grudges. Why do you have to kill me? Is it just because you and I came in the same group?"

"Hey, I want to kill, do I need any excuses?" Dong Tiansheng squinted his eyes, looked at the scattered immortal lying in front of him, and snorted coldly: "I want to kill you now, just because I want to kill It's just you, there are no other problems."

"Okay, you kill me." The young Sanxian sighed long, as if giving up completely, spreading his hands and lying on the ground lazily.

And Dong Tiansheng, at this moment, slowly lifted the iron fan in his hand, and smiled with satisfaction: "Isn't it right to be like this a long time ago? You ran away for so long, and you will eventually die in my hands. What's the point?"

Just when he was about to kill the young Sanxian in front of him with a single blow, a man who seemed to be young appeared in front of him, touched the sparse stubble, and squinted at Dong Tiansheng in front of him: "Since the contest cards on your body have fallen into your hands, why bother to kill them all? You don't have any particularly big grudges, why bother."

"Boy, this is a matter between us, and it has nothing to do with you." Dong Tiansheng looked at Li Tian in front of him, sneered, stepped back slightly, and distanced himself a little bit. This guy is quite resourceful. Before he knew the strength of Li Tian in front of him, he was definitely unwilling to keep a close distance with him, so that when Li Tian started his hands, he could react quickly.

"I just can't understand what you do. All you need is the playing cards on him. Now that you have it, why bother with his life?" Li Tian smiled and looked at Dong Tiansheng in front of him, calmly. Said: "Let him leave, you can also show your tolerance, wouldn't it be better? If you kill him now, it will make others look down on you."

"I said, it has nothing to do with you." He repeated again, and his tone was more determined.

Chapter 5403: Human nature is evil

"If I have to take care of this matter today, what are you going to do? Kill me, or what?" Li Tian squinted, looking at Dong Tiansheng in front of him, and then slowly stepped forward, blocking the young San in front of Xian: "I have always done things like this. I don't want anything to happen, and everything must not happen."

"It seems that you seem to be very confident." Dong Tiansheng sneered and looked at Li Tian in front of him: "You are just a loose fairy. You came here alone, pretending to be a good person, just by relying on What can you do to me alone?"

"You can try it. If you are not ready to let him go, then I can only choose to kill you first."

Dong Tiansheng held the iron-bone fan in his hand tightly, looking at Li Tian in front of him, he was probably thinking about whether Li Tian in front of him was worth dealing with.

The two sides confronted each other, and Li Tianzheng slowly helped the young Sanxian behind him.

It was at this moment that Dong Tiansheng suddenly started his hand. The iron fan in this guy's hand suddenly unfolded. Numerous bone needles flew out of the fan and shot towards Li Tian quickly.

At this time, Li Tian was still supporting the young Sanxian on the ground with his hands.

However, in this short instant, the sudden change occurred.

The young Sanxian, who originally looked weak on the ground, suddenly attacked Li Tian at this moment. A dagger fell out of his cuff, and he pierced Li Tian's heart directly.

'puff'

A **** wound appeared on Li Tian's chest, and blood was constantly flowing out.

And his back was penetrated by Dong Tiansheng's spicule.

Seeing Li Tian who was slowly falling to the ground, both of them sneered.

"It seems that this trick is really easy to use. These young boys thought they would be rewarded for doing good things. It's a joke." Dong Tiansheng stepped forward, patted the young Sanxian on the shoulder, and smiled. Said: "You did a very good job. If we continue with this method, I'm afraid it won't be a problem for us to become the first."

"Of course, no one would think that the two of us would deceive their sympathy with bitter tricks. They thought that they could feel comfortable doing this, but they didn't know it was not the case." Young Sanxian With a sneer, he looked at Dong Tiansheng in front of him, and then set his eyes on Li Tian: "Let's see how many participating cards this kid has on him."

The two touched Li Tian's body for a long time, then froze in place.

"Damn, this kid is a clone, and we are actually being shamed by this kid. Did he already know that we used this method to trick others into approaching us, and then act when they are not prepared?" When two people touched it When Li Tian had nothing on his body, he was surprised at once, and he was pretty sure that the Li Tian in front of him was nothing real, but just a clone.

"I have seen many people who are worse than you, and their human nature is evil. I know this sentence better than you." Li Tian slowly walked out from behind the big tree on one side, holding a few spells in his hand, watching Looking at the two people in front of him, he smiled and said: "You two are indeed very good with this method. The average person should not have any defenses. When facing the two of you, they will definitely be overcast by you two. ."

"You already knew it?"

"Of course it is the case. The acting skills of the two of you are so exaggerated. If you really want to kill him, why waste so much time? Just as he is seriously injured now, if you want to do it, he is basically It won't last long." Li Tian sneered, while still chanting a spell in his mouth: "Using the sympathy of others to achieve your goals, the two of you are really disgusting."

"But what about this, although you have successfully seen through our strategy, but we are two people now, and you are only one person, do you believe that you can deal with the two of us alone?" Dong Tiansheng was defeated by Li. When the sky was overcast, I was more or less unconvinced, but I didn't think it would be over like this.

And Li Tian, looking at the two people at this time, also showed a smile.

The spell in his hand had already read the spell at this time, and then countless small blue swords also appeared behind Li Tian, as if possessing spirituality, at this time, he had targeted the two people in front of him.

Li Tian does not dare to show all his strength easily now. Basically, these methods on him have been used in Luoyang City. At this time, he is not sure whether Feng Jie is looking at it somewhere. For the entire ancient world, if he exposes his own means, they may soon be aware of his identity, and it will not be so easy for him to leave here by then.

Therefore, he can only keep his own methods, but use some methods that have not been exposed in Luoyang City.

That is your own aura.

With the change of his soul power, his current aura has also become very offensive. So far, no one in the God Realm seems to have such characteristics. The moment the aura spreads, the movements of two people. They all started to become a little bit dull.

And at this moment of their dullness, Li Tian must not miss this very good opportunity. The charm in his hand played its role all at once, and several fireballs flew toward the two of them densely.

At the same time, the two of them have not completely eased from this state.

By the time they saw the attack in front of them, everything was over.

Several fireball arts directly screamed on their faces, and Li Tian also activated the cyan small sword behind him at this moment. In a short moment, both of them were seriously injured on the ground, without any suspense. ,

At the moment when Li Weather Field applied coercion, he directly sent out the cyan small sword.

In a short moment, they defeated the two.

This is the crushing of strength, these two people have just reached the realm of spiritual cultivation, if they were really more powerful, they would not use such methods to grab the brand.

It's a pity that they were a little unlucky this time when they met an opponent like Li Tian, and they easily killed both of them.

After the two fell to the ground, Li Tian slowly stepped forward and snatched the playing cards from them. Unexpectedly, the two men had already grabbed 25 playing cards by using this method. In terms of their strength, the results of the team are not easy, plus the cards of the two of them, a total of 27 brands.

Chapter 5404: Fruitful

Li Tian squinted his eyes, looked at the two people in front of him, and said, "Do you two have anything to say now?"

"It is bad luck for both of us to meet a powerful opponent like you. It is not wrong to lose in your hands today. It's a pity that the two of us thought we could go a little further with this, but I didn't expect it to be like this. As a result." Dong Tiansheng looked at Li Tian and his breathing became quicker. He is now very seriously injured and it is no longer possible to stand up.

And the young Sanxian next to him was already injured, but now it is even more serious to the point of no addition.

Li Tian smiled and looked at the two of them, and said: "Your methods are indeed good. I will accept these cards on your behalf. I didn't know how to deal with them. I didn't expect the two of you to take the initiative to send them to the door. "

Dong Tiansheng's lips moved a bit at this moment. Faced with Li Tian's response, he didn't know what to say.

The two of them are really unlucky. The previous plan has always been perfect, but when they see this scene, some people choose to leave, but some people choose to attack them, and some choose to help the young. It's a stray fairy, but the final result must be for the two of them to take advantage, so until now, they have been very successful.

I thought it would not be a problem to become the top 100 by this means.

But I didn't expect that luck would hit Li Tian directly. This kid had nothing to say.

Watching Li Tian take out the jade from them, slowly crushing it, a bright light appeared on them, and then, the two people slowly disappeared into the ancient world.

Li Tian looked at the playing cards in his hand and smiled: "I didn't expect to get so many in my first shot. It's really good."

City Lord's Mansion:

Sitting in his study, Feng Jie kept squinting his eyes to observe the situation in the ancient world, and of course he also saw Li Tian's performance.

"This kid doesn't seem to have come up with any powerful means at all. How can those two people be in the realm of spiritual cultivation, and he is probably at the level of the realm of spiritual cultivation, how can he defeat the other party so easily?" He looked in front of him. In this mirror, you can see everything in the ancient world, and what happened to everyone can be clearly shown in front of him.

"This kid seems to be deliberately hiding his identity? Or is it that facing such an opponent, he does not need to show his strength at all?"

"What makes me strange is that those two people didn't make any response when he launched the attack. They seemed to be stunned in place." Feng Jie squinted his eyes and looked at Li Tian in the mirror. I became more and more curious: "You go to investigate immediately, what is the identity of this kid, I want to see where this kid came from."

"I see." The butler beside Feng Jie nodded, then turned and left.

He was still staring at the mirror, but this time he switched to another perspective, that of Ningbing.

At this moment she was sitting cross-legged on the prairie, as if she was practicing.

Turned out to be waiting?

"It seems that this warm-up match is really interesting. These young people are really going to be very interesting players in this year's Junior Heroes Conference."

And at this time in the ancient world, two more people have already reconciled.

That was Feng Tianling and Feng Tianxiang, their goal at this time was Ningbing.

And Li Tian, after receiving 27 brands, suddenly became one of the ten people with the current number of brands, but this data is still unknown.

But after this, he began to turn his attention to this ancient world.

This place is like the relics of ancient gods, with a very vast area, and the ecology in it is also very complete. You can even see many monsters living here.

They will stay in this ancient world for a long time this time. Although it is only a warm-up match, it is obviously not an easy task to choose a hundred people among so many people.

We must eliminate each other, and only when there are only a hundred people left, this warm-up match can truly end.

Li Tian still chose to stay in this forest, just because he felt that there seemed to be no one coming over here, and staying here to take a good rest for a while, even if he went out to grab people, it didn't make much sense.

After all, most people now have only one entry card in their hands.

But Li Tian already has twenty-seven in his hands. Now I'm waiting for these people to grab the opponent's playing cards from each other, so that when Li Tian makes a move, he can get a lot of them all at once. Participating cards.

This can also save time.

And now, they can use all their time for cultivation, after all, the most important thing in this world is to continuously enhance their strength.

In the entire ancient world, there are still many people who have the same choice as Li Tian's death.

Their thoughts are the same as most of Li Tian. It is obviously unwise to run to grab someone else at this time. A person only has one playing card. If they grab it like this, they still don't know how many people they will fight against. It will definitely continue. Not a good choice.

Therefore, all the smart people are here waiting for the prey to come up by themselves.

Only those young guys would think about robbing others crazy at this time.

In the following time, although Li Tian also met a lot of people, they all left subconsciously after seeing Li Tian. Although Li Tian did not look like a powerful character, when this person sat there, there is a very weird aura on his body. These scattered immortals are still relatively smart. Seeing that Li Tian has no blood stains on his body, he knows that this person is very powerful.

After all, time has started so long, no matter who it is, it must have gone through battle.

But this person has no blood stains on his body. Idiots know that Li Tian's strength is far from what they can imagine. If such a person is not sure, it is best to not provoke him less.

As for Li Tian, no one came to trouble him, and he didn't bother to take the initiative.

Anyway, the time to take action has not yet arrived, so we still have to wait patiently.

If someone takes the initiative to come to the door, then he will definitely not give the other side a little face, and when it comes time to shoot, there must be no hesitation.

Chapter 5405: Take the initiative

On the first day, most of those who participated in the grabbing war were Sanxians who were not very high-level.

The strength of these people is generally in the primary realm of spiritual cultivation. First, they are very anxious to grab some participating cards, and then take the time to hide before the game is in full swing.

However, such people are generally unable to reach the best. Now they have dealt with too many enemies, and they have basically exhausted their celestial power. When they really encounter the enemy, there is no way. Up.

On the next day, these people basically began to think about how to hide.

However, at this time, those who have been silent have also chosen to shoot at this time. Therefore, this day is the peak of elimination. Many people directly fail in the face of powerful opponents or even without any chance of resistance. The number of people eliminated on the second day will be many times more than that of the first day. It can be seen that many people are waiting for this opportunity. They wait until these people have almost gathered most of the participating cards on one person. Started to act.

Of course, during this process, there are also many people who cast their greedy eyes on Li Tian. This guy looks like he is asleep when sitting in his own position. When many people are close, he is not there. What's going on, those people before are very self-aware and know that they are not opponents of such characters, but it doesn't mean that the entire contestants are all such smart people.

There are still many people who are very confident that dealing with Li Tian is simply a matter of effort.

The result is naturally conceivable. Facing a BT opponent like Li Tian, they naturally have no way to defeat, just to ensure that they do not perform particularly well in this game, so Li Tian's battle has been up to now. It has always been very ordinary, there is no special difference, and it feels as if this guy is completely relying on his own luck to win step by step.

This is also a tactic of Li Tian. After knowing that his enemies are peeping at him in secret and want to know his strength, Li Tian began to deliberately hide his strength to make himself look weak.

But in fact, he has great hopes of winning the championship this time.

Even a fairy grass like Yunducaao is a big temptation for Li Tian. What he needs now is to accumulate various resources on his body to make himself stronger.

The God Realm no longer knows how many of its own enemies are waiting in secret. After the Luoyang City incident happened before, those enemies in the lower realm should also know that they have risen up. According to their personalities, it is naturally impossible to sit and wait for death. Maybe it was looking for Li Tian in the whole world.

It's a pity that Li Tian's whereabouts are an indescribable unknown to many people, so most people have been unable to determine where he is.

Feng Jie also said that a lot of time was wasted on Li Tian these days. For this strange-looking young man who suddenly appeared in the ancient world, he received very little information. He just knew the background behind this young man. It's extraordinary. The young man who can get the orange card is definitely not an ordinary person, but other than this, there is no news about him.

So even Feng Sister was very worried, but when there was no absolute evidence, he definitely couldn't take the initiative to find Li Tian.

I can only say that in the next period of time, I must focus my attention on Li Tian to ensure that this young man will not have any problems in the subsequent games. If he becomes a dark horse, That is really troublesome.

It is very simple to get rid of Li Tian now, but if it is the time of the Young Heroes Convention, this is not that simple.

In addition to many contestants, this time Sister Feng also secretly sent many masters to sneak into the ancient world. The reason is also very simple. He needs to use the power of these masters to kill all those who might hinder his plan. Those strengths Those with very good levels may become his target, and the final result is naturally eliminated by these masters.

This is also the real purpose of this warm-up match, Fengjie is very smart.

He knows that he is the master of a city. If he waits until the game starts and then secretly plans these things, then it will only make the problem more complicated, and there will even be many smart people who can see through the doorways in order to avoid such things. When something happened, he naturally chose such a method very easily and directly used this warm-up match to eliminate all the people who might hinder his own affairs.

Currently Li Tian is one of them, but the strength that this guy has shown so far is very average, and he has almost failed many times when facing opponents, but Li Tian can always be very lucky at the last moment. Just catching the opponent's flaw, and defeating his opponent in one fell swoop, such a thing seemed strange to Feng Jie, but he hadn't really thought about it anywhere.

Maybe the young man in front of him is really lucky.

He would never have thought that all of this was done deliberately by Li Tian, able to survive so many enemies in the Lower Realm, he has become very witty now, especially with regard to his confidential work. It is very perfect. Until now, few people know his true identity, and many people really naively regard Li Tian as their God of Wealth.

On the second day, Li Tian, who had been waiting, also began to act at this time.

It is indeed a good choice to stay on the ground and wait for the rabbits. By the next day, his number of participating cards has reached more than fifty. It is conceivable that he still encountered many opponents who are not long-sighted along the way. Naturally, Li Tian was very 'lucky' grabbed all of these participating cards from their hands, but even in this way, they still had no intention of stopping Li Tian.

There are still a lot of people participating in this warm-up match. If you want to be in the top 100, it is definitely not enough to get more than 50 cards.

"I don't know what the size of this ancient world is. I haven't seen anyone for so long."

Chapter 5406: Chance encounter

After deciding to take the initiative, Li Tian did not move forward without any purpose.

In this kind of forest, it is definitely hard to encounter any prey, and most of the prey here are hidden. It is obviously impossible for them to catch these people here.

But the most interesting thing is that in this warm-up match, people who think they have enough brands can wait at the finish line in advance.

They thought they had gained a lot now, and then when these high-powered people hadn't done anything, they took the lead in grabbing some of the cards, and then went straight back to the finish line. After the game, they might stay where they are. The result is, but although this process sounds perfect, it is not so easy to really want to do.

On the way to the end, almost all kinds of powerhouses.

They are all standing by and waiting for the prey within their range to take the initiative to deliver them. These people definitely want to get some playing cards here as much as possible, and then hurry back.

But no one would have thought that in the process of their return, they would encounter a lot of powerhouses.

When facing these enemies, their combat effectiveness seemed very embarrassing, and it was impossible to display any superior level, and then they were directly defeated by the enemy.

And Li Tian took the initiative at this time, but just wanted to be like them, starting to choose to clean up all the prey within his range on the way to the end.

I don't know how to choose. In their respective territories, there is no conflict between them. The strong one by one is distributed in different directions, and their territories are also very distinct, and nothing has been produced. Contradiction, in such an environment, the most unlucky thing is these Sanxians who are just about to return to the end, they hopefully think that they can pass the test.

But I don't know that the real test is waiting for them at the end.

Li Tian chose the east side, without turning his head back, and walked towards the east with a very firm step. There were many enemies on the road, but without exception, they were destined to become this man after seeing Li Tian. There are not many opportunities for the prey to resist. Perhaps it seems to others that they have struggled for a long time before they are defeated, but in their own eyes, this is not the case at all.

It seemed that Li Tian was fighting them seriously, but they knew that the man in front of him hadn't used all his strength at all. Only relying on his aura and some simple spells could make them so depressed that they couldn't breathe in this battle.

On the way, he encountered another prey.

After seeing Li Tian, the other party directly knelt on the ground, took out all the five participating cards on his body, and sent them to Li Tian and said loudly: "Please don't kill me, I will come here this time. I just want to see the appearance of Miss Ningbing with my own eyes. I am actually not interested in this so-called competition at all." He was crawling on the ground, looking like his body had already begun to tremble at this time.

In the face of such opponents, Li Tian usually still holds a very vigilant attitude, but he will not refuse them, just take down the playing cards from them, and then help them crush the jade.

As time went by little by little, it was not so easy for them to continue to find a scattered fairy on this line.

And the conflicts of many strong men finally started at this time.

The cause is that a fairy seems to have obtained the treasure, and these people who were still going to turn a blind eye suddenly become excited.

And Li Tian had some small accidents after he got the news. These days he was driving in the ancient world and saw many strange places. Unlike the outside world, everything in the ancient world was created by Fengjie's ancestors. , The strength of these people was terrifying even millions of years ago, otherwise it would be impossible to create such a space.

These people have created such a space, which is definitely good news for Li Tian and others.

The people of the Feng family at the back also began to use the ancient world to do a lot of good things to help their family become stronger little by little.

I've heard many people say before that these ancestors created the ancient world and also threw many treasures into this world, hoping to encourage their descendants to show more courage when they were young. Facing the danger in the ancient world, finding these treasures in the dangerous world, and the young people who get these treasures, whether in mentality or strength, will definitely have a great change.

In this way, many people who entered the ancient world this time not only put their eyes on the playing cards, but also put their eyes on these treasures.

It's a pity that they can think of this, why couldn't Feng Jie think of this?

Therefore, in the vicinity of the warm-up match, there are generally no powerful monsters appearing, but if you want to go out and explore, you will soon be chased by the monsters. After many people know this, they will slowly The truth is down.

People have already guessed what your thoughts are, and you still go on doing it like that stupidly. There is no better language to describe it other than an idiot.

On the other side, Li Tian had already left the forest.

When I came to a grassland, I was thinking about hitting some prey here, but it was very embarrassing that he actually encountered Ningbing here. Before, he still thought of all means to see Ningbing, but he really arrived. When the two people met, the atmosphere seemed awkward, because Li Tian didn't know if Ningbing in front of him would do anything to him.

And if she wants to do something to herself, should Li Tian fight back?

It was not wrong for him to come here to participate in the Young Heroes Conference, and it was not wrong for Ningbing to restore his memory, but if these two had to abandon one, it would be a very embarrassing thing for Li Tian.

So now he looked stupidly at Ningbing who was also looking at him in the distance, a little at a loss.

However, he was subconsciously prepared for defense, but it was definitely impossible for him to take the initiative to attack.

Chapter 5407: Accompany

The breeze blew across the cheeks of the two people, and a scent of fragrant breeze rushed in, making Li Tian's whole body emotional at this time.

This is the scent of Ningbing, and it is also a familiar and no longer familiar taste for Li Tian, and it is even more nostalgic at this time, but he did not take it lightly, he still looked at Ningbing carefully.

The two people stared at each other and were silent for a long time.

In the end, Ningbing took the initiative to break the atmosphere of the two of them: "You don't need to worry, if I am really ready to take the playing cards from you, I will have done it when we first met. The reason why I haven't done this is because I don't need this, and I don't want to be an enemy with you."

"In that case, can I relax temporarily and treat you as a companion by my side."

"You can choose this way. In this ancient world, many people have already started to form alliances. After all, a person's power is weak. No matter how powerful he is, he will definitely not be able to defeat a large number of opponents, and those who cannot deal with the realm. The strong masters of Sanxian are united, and it is also a force that cannot be underestimated." Ningbing nodded, stood up and walked towards Li Tian step by step.

Her skirt moved with the wind, and a faint, very soft smile hung on the corner of her mouth.

Li Tian looked at the eyes of Ningbing in front of him, and he felt that his whole person was about to fall deeply into it. Whenever the woman in front of him looked at him so tenderly, Li Tian's immunity would instantly drop to zero.

"Aren't you going to say something?"

"I have told you clearly before. There are many things between us. Although you have forgotten them now, it doesn't mean you won't remember it later. The only thing I have to do now is to help you. Solve all the problems you want to solve."

"Including your identity?" Ning Bing looked at Li Tian. She didn't know how much emotion the man in front of him said, but she could also feel it roughly. Li Tian basically treated herself. There is no malice at all. On the contrary, it is like a feeling of eagerness to take care of herself. This feeling is a bit embarrassing to her, but after having the first experience, it is now become calmly accepted.

"What's curious about my identity? My name is Mu Zitian. I have always been a cultivator who travels all over the world. I have always tried every means to find you. Now I have finally found you, but I don't think you have lost your memory. So the only thing I can do is to help you restore your own memory." Li Tianyi looked at Ningbing in front of him solemnly. Before Ningbing had recovered his memory, it was impossible for him to tell his true identity. Yes, this is not only not wanting to cause trouble to Ningbing, but also not wanting to expose his identity.

Especially in this ancient world, she can be sure that there is a person who has been peeping at herself in secret.

"I hope what you said is true. I am very curious about your origins, so I will investigate you very carefully. If all you tell lies, I advise you to be prepared and don't let She exposed a little bit of horse feet." Ning Bing stared at Li Tian in front of him, looking at Li Tian in front of him very seriously, not at all joking.

And Li Tian just smiled and nodded, looking at Ning Bing in front of him: "As long as you want to do, never once will fail. I believe this very much, and I also know how good you are."

"But now I obviously still have more important things to do. Others have already joined hands and started playing cards on mobile phones. I am obviously not as efficient as theirs. Therefore, I am going to join hands with you. We will learn from others. What do you think about grabbing the cards in the hands of yours?" She looked at Li Tian in front of her with a smile, and sneered in her heart: "Even if you have been hiding your strength before, you will definitely face this kind of task. Can't you continue to hide your strength? "

Li Tian looked at Ningbing in front of him with a smile, and shrugged helplessly: "Of course I am willing to help, but my strength is only a mid-to-upstream level among so many people. Even with such strength It's because I don't want to believe how much, will you choose to believe that I can help you?"

"Before, you have shown the peculiarities of your methods when fighting with a few of my junior sisters. I have never seen anyone in the realm of God who has such ability, so I believe that even your realm It is not very high, but it can still play a very special and irreplaceable role in the battle. Together, the effect of the two of us must be very significant." She looked at Li Tian in front of her very hopefully, like I don't want the man in front of me to reject myself.

As for Li Tian, although he had always tried his best to keep himself calm, it was really difficult for him to really calm down when facing Ningbing.

The woman in front of him has a very unique meaning for Li Tian. Whether he admits it or not, this is undoubtedly a matter. When facing Ningbing, in most cases Li Tianquan is a six gods without a master. Look like.

"Your words have already reached this point. If I still choose to refuse at this time, but I don't know what is good or bad, but to partner with a big beauty like you is also a lot of pressure for me, you see Looking at me now, it feels like a beauty and a beast with you."

Ning Bing just smiled, and I don't know if Li Tian has thought about it. I always feel that today's Ning Bing is much gentler than the one I saw before, especially when facing myself, I didn't have much before. He had laughed, but today, he had seen Ning Bing's smile many times, and this was the smile he had always missed very much. He felt Ning Bing's gentleness and was immediately full of combat effectiveness.

Following such a big beauty is actually a kind of pressure for Li Tian.

He knew that Ning Bing wanted to force himself to expose his hole cards, but Li Tian was not prepared to showdown at this time. Even when he was really in danger, he would rather crush the jade in his hand than expose him. Own identity.

He had found Ningbing now, and he certainly didn't want to lose his life just like that.

Chapter 5408: conflict

"It's nice to be able to fight side by side with you. Although the number of times the two of us have met is very short, and I don't know much about you, I feel a very cordial feeling every time I see you." Ning Bing looked at Li Tian in front of him didn't know how to describe his current mood, he could only say such a lightly.

Li Tian smiled: "What should we do now?"

"Now many people are waiting at the end to kill all those who are not very strong, but some of these people also choose to hide. It is not that simple to find these people." Ning Bing glanced at Li Tian, then my little hand squeezed a magic trick, and a mirror surface that looked like a lake surface condensed with water elemental energy appeared in front of them: "But I can use a special method to determine our radius Is there a goal within the scope of the house?"

"Within a radius of tens of miles?" Li Tian froze for a moment. This is equivalent to a super powerful scanner. You only need to use the mirrored treasure in your hands by Ningbing to quickly find them near them. All the prey of, even if they hide in the depths of the ground, it is impossible to escape their tracking. For those Sanxians who are not strong enough and hide, this is undoubtedly the worst thing.

"This range is already very small. If my master comes to use it, it can detect a wider range, but for us this is enough, saving us a lot of waste of time." Putting away the treasure in his hand, he glanced at Li Tian: "How many tokens do you have on your body now?"

"When I came here, I also grabbed a lot. Now I have more than 60. I have encountered countless prey on the way, but I should still be the one with the least harvest." Li Tian shrugged. If there are a total of 10,000 participants in this warm-up match, then they must ensure that their participation tokens are more than one hundred in order to become one of the top 100 in a very stable manner.

Therefore, this process is still a very long process.

"Unexpectedly, you have almost completed your goal. There are more than 60 participating tokens. Then you only need to get 50 tokens to enter the top 100 very stably. Do you have any idea to hit a higher ranking, or to let everyone who participated in this warm-up match all end in failure?" She looked like a naughty kid, looking at Li Tian and asked.

Li Tian smiled and shook his head, and said seriously: "I think I should forget it. This time there are a lot of people participating in the warm-up match. Among them, there are countless strong and strong players. I don't know how many players have played. The strength is above me. It is impossible for a person like me to defeat all the contestants. It is a very good thing for me to barely enter the 100th place."

"When I fought with our people in Shuiyue City, I never saw you look scared, and you can break our Qinglian sword formation. No matter which aspect you look at, you are definitely not. A timid person, why is he scared this time?" Ning Bing was somewhat surprised. He thought that Li Tian in front of him was a defiant guy, but he didn't expect that this guy is still relatively sane.

"Of course I know what's different this time from before. No matter how possible what I did in Shuiyue City before, and the many ways are wrong, you can't really kill me like this. , But the situation is different now." Li Tian shrugged helplessly, looked at Ning Bing and said: "The problems we encounter now are more severe than before, and the opponents we encounter are even stronger. If At this time, there are some idiots who don't know the convergence."

Ning Bing raised her brows, but didn't say anything.

After the two discussed the next goal, they set off directly.

While on the road, Li Tian also knew that Ningbing now has more than one hundred entry tokens in his hands. In fact, he has already reached the soft goal this time, but this woman is still very proud, since she is Shuiyue The master sister of Zong is definitely determined to do everything to the best, so this time the competition also vowed to get the first place.

Even the first place in this little warm-up match has no intention of letting go.

Li Tian was helpless, but since this eldest lady had such an idea, as an ally by Ning Bing's current side, he could only choose to follow Ning Bing's side obediently.

Not long after the two of them acted, they saw several people coming with swords.

The speed of these people was very fast, they looked like they were on the road, but after they came to the sky above Li Tian and Ning Bing, they stopped directly and looked at the two people on the ground condescendingly: "I have heard about it a long time ago. The master sister of Shuiyue zong is beautiful and beautiful, even in the entire God Realm, it is difficult to see such a beauty. When we met today, it really looked like this."

Ning Bing raised his head and looked at the man wearing cyan clothes and long blue hair who was speaking, with his eyebrows twisted together.

And in the next second, the glamorous woman next to the man said, "Oh, I thought that our famous Shuiyue zong master sister had always acted alone. I didn't expect it to happen this time. It's really surprising to bring such a little white face by my side."

Listening to this woman's yin and yang weird voice, even Li Tian was a little impatient at this moment and raised his head to take a look.

This woman is wearing a red robe, but there is very little fabric on her body, her snow-white skin is exposed to the air, and her bust, which is difficult to control with one hand, is also exposed at this time, making people swallow saliva unfavorably, plus The coquettish face and the ruddy cherry mouth were like a fairy, but this coquettish woman seemed to be very hostile to Ningbing.

Li Tian turned around and asked in a low voice: "This woman's grievance seems to be directed at you. Is there any grudge between you?"

Ning Bing was just silent, and didn't mean to pay attention to Li Tian at all. He didn't say a word, which made Li Tian very embarrassed. He thought that Ning Bing was probably willing to tell himself something about the relationship between the two of them now. Something happened,

Chapter 5409: Fan Hong

"Ning Bing, wouldn't you be unwilling to tell the little white face next to you even such things? What's the matter, with a new concubine, you have forgotten your previous concubine?" The charming woman saw Ning Bing Having been silent all the time, he didn't mean to give up like this. Instead, he chattered and continued aggressively.

Li Tian couldn't get any good news from Ningbing, so he could only raise his head and shouted coldly: "Who are you? Ningbing probably doesn't know a woman like you at all, you are here. What does it mean to be opposite each other?"

"Oh yo, it's no wonder that you have forgotten your old love when you have a new love. It turns out that this little concubine still has some tempers. No wonder it can be favored by the Shuiyue zong

Great World." The charming woman glanced at Li Tian, her little hand concealed it. The red lips turned out to be trembling with laughter, and the stalwart bank on his chest continued to jump along with it, like a sea wave, wave after wave.

Li Tian stared at his eyes and swallowed without greasy.

Unexpectedly, Ning Bing saw her small movement, and immediately gave a cold snort.

Knowing that he angered Ning Bing, he had to pretend to say: "What is the matter with you, a woman, you can tell it bluntly. Why is there so much nonsense here? The little master is about to be yours. The nonsense goes around.",

"Smelly boy, do you dare to speak like this?" The man before heard that Li Tian was so rude to the coquettish woman next to him. He immediately pinched the formula, and the fairy sword under his feet made a soft noise. He filed up with him, and he wanted to lean over. under.

But at this time, the coquettish woman spoke: "Fang Jie, I didn't ask you to do it."

"Sister Hong, this kid..."

"You shut up." The coquettish woman said impatiently, then smiled and looked at the silent Ningbing, and said: "It seems that our Shuiyuezhong master is also a face-saving person. It happened before. Didn't you tell the little concubine around you about those things?"

"Those things have nothing to do with me. You can't control your own man. What does it have to do with me?" Ning Bing raised his head and finally said aloud: "Looking at your dressing up so coquettishly, like a witch, but the essence is Just like a shrew, it's no wonder that a man will leave you, Fan Hong, don't you find faults on your own body, just know that you will leave the problem on others?"

"you....."

Although Li Tian didn't know the specifics, he probably guessed some.

Probably this Fan Hong has a dual cultivation partner. This is not rare in the God Realm. If the two immortals are in good agreement and the relationship is very good, you can use this dual cultivation. Use exercises to make your strength grow faster.

It's just that after Fan Hong's man saw Ningbing, he had a heart of admiration, and then frantically pursued Ningbing.

As for Ningbing, she herself is the great sister of Shui Yuezhong, and her every move definitely involves the interests of Shuiyuezhong, and she won't make a good face when faced with such a man's entanglement.

But men are cheap bones, and the more Ning Bing looks like this, the more men's pursuits become crazy.

Fan Hong saw all this in her eyes, really sad and angry. She wanted to use her charm to regain the man's heart, but unexpectedly this man insisted on staying with Ningbing and turned a blind eye to Fan Hong. This happened today.

Fan Hong couldn't control his man, so he could only run over and attack Ningbing.

Li Tian thought about it clearly, nodded in his heart, and whispered to himself: "This is really a disaster for beauty. Ningbing looks good and is the object of many men's pursuits, but he didn't expect it to be her. Instead, it caused her a lot of trouble."

The Fan Hong in front of him, to say less, was about five stars in the Divine Cultivation Realm, and even higher strength, obviously not very easy to deal with.

And the man next to him is also not a good stubborn. If Li Tian is not there and the two recruit Ningbing, then the problem may be very serious. If two people deal with Ningbing alone, the result of the battle can be imagined.

But fortunately, Li Tian is still here, he can also choose to protect Ningbing.

"Ha ha, Ning Bing, do you think there is any point in what you say now? You know what is going on better than me. After all, you can still bear the blame for this matter." Fan Hong sneered. Looking at Ningbing, he said with a sneer: "It doesn't make any sense for us to continue to talk here today. There must be a battle today. I will kill you, so he will change his mind obediently."

"Women do what you do, there's really nothing to say." Ning Bing shook his head, sneered at Fan Hong in front of him, and looked disappointed: "No wonder he treats you like this, everything is There's a reason."

"You don't understand anything. You only know that you are saying bad things about me here. Today I want to see how you can survive in my hands." When Fan Hong said this, his eyes were already red. It seems to be completely crazy, the whole person's emotions are not well controlled at this time, if we continue with her emotions, I still don't know what will happen.

Li Tian glanced at Ningbing next to him, and said with some concern: "This Fan Hong looks very abnormal. Are we going to get them so hard?"

"Are you scared? The strength of these two people is not very strong. The two of us do not need to be afraid of them at all. Moreover, this is the ancient world. If I am in danger here, do you think they are both Can you leave here alive?" Ningbing sneered, looked at Fan Hong in front of him, and said loudly: "You also know what this place is and what I am. Kill me here and you can live."

"That's not something you need to worry about. The purpose of my coming here today is to kill you." Fan Hong sneered, and the resentment in his eyes was more abundant: "Besides, there are many people in this world who want to kill you."

"Who else wants to kill him?" Li Tian seemed to feel the difference, staring at Fan Hong in front of him.

When the two of them were in the lower realm, there were enemies, and some of these enemies have also risen up. Now that something like this has happened, he suddenly thought that those enemies had already recognized Ningbing.

If this were the case, then the current God Realm, Ning Bing and himself, would not be very safe.

Chapter 5410: crisis

Fan Hong seemed to realize that what he said was very problematic. He just let out a cold snort, wanting to go straight through this way.

But Li Tian didn't want to miss the topic this time. The safety of the two of them in the God Realm was the most important thing. No one had noticed them before, but now it is different.

As Ningbing became more and more famous in Shuiyuezhong, and as her chances of appearing in front of the public increased, it was now easy to be noticed by others.

The most important thing is that she doesn't remember everything that happened before, so it is impossible to know how many enemies are secretly waiting for them to reveal their flaws, but Li Tian has always remembered.

When these people were in the lower realm, the relationship with them was like endless dying. Now even in the **** realm, it is the same. It is absolutely impossible to leave them a little chance of survival.

If you want to survive in the hands of these people, you must always ensure that the initiative is in your own hands.

There are so many enemies, it becomes a very difficult thing to survive under the chase of so many people.

Ning Bing glanced at Li Tian at this time. Before, I thought this guy was a little too excited. I thought he was just curious, but now seeing Li Tian's serious appearance, I also know that this man doesn't seem to be joking at all. Look, but really want to know who else is secretly trying to assassinate the two of them. Is there any ulterior secret about this matter?

She frowned: "What's the matter?"

"You may not remember this, even if I told you you would not believe it, but now we may all be very dangerous." Li Tian smiled helplessly, then looked at Fan Hong in front of him and said: " It turns out that the reason you really came here is not because of your man's affairs, but because you have suffered from others behind your back. They must tell you that as long as you can do it successfully, you can leave the ancient world alive?"

Fan Hong continued to remain silent, as if he was caught in his mind by Li Tian, and did not really explain anything.

But Li Tian can already guess some clues.

If the strength of these two people is used to deal with Ningbing, there will be no particularly serious problems. When the battle is going to a certain level, it may be too late for Fengjie to intervene in the things in the ancient world, and the two of them After killing Ningbing, he could use the power of the people behind him to leave the ancient world unharmed, or else with the power of the two of them, how could it be possible to appear here, and threatened to kill Ningbing.

Everyone knows Ning Bing's current identity, the great sister of Shui Yuezhong, if Ning Bing dies in the ancient world, how should Feng Jie explain to Shuiyue Sect?

So for Ningbing, maybe many people want to try to fight against this woman, but if you say that they want to kill Ningbing, it's absolutely impossible. No one is an idiot, and they won't believe that they will pay for it after killing Ningbing You can leave here unharmed.

Even if he really left the ancient realm, but with Shuiyuezhong wanted, who can survive in this **** realm?

"It doesn't matter if you don't say anything, because at this time I basically know what your purpose is, and what the reason for your presence here is. The people behind you want to kill Ningbing. , But he is not suitable for shooting in this kind of situation now. He can only use you to do it and guarantee that after you succeed, he can safely let you leave here?"

"I don't know what you are talking about. This is a matter between me and Ningbing. It has nothing to do with you. If you don't want to be in deep danger, you still have time to leave here, and wait until later. , Even if you want to leave, I can't tell you to leave." Fan Hong had to change the subject, but secretly worried about why this young man would know these things.

Li Tian's guess is very accurate, it is indeed like this.

Fan Hong was instructed to come here, otherwise it would be impossible for her to be bold enough with her strength.

And the reason for choosing Fan Hong was only because this woman herself had a big contradiction with Ningbing, which could become a very key motive for her crime.

After all this is over, they can easily attribute all these problems to Fan Hong, and the real behind-the-scenes will not be punished for this. This is their cleverness.

Kill with a knife.

Hiding behind the scenes did not appear at all, relying on manipulating these people, easily killed his target.

As for those behind the scenes, at this time, it was true that they did not dare to take the initiative to ask for Ningbing's troubles, even if their current strength would appear very easy when dealing with Ningbing, they still did not dare to appear easily.

Ningbing is now the master sister of Shuiyuezong. When she goes out, she has a lot of junior sisters with her. The protection of the master of Shuiyuezong for this girl can be regarded as terrifying. The strength of the juniors around her is even There are others that are more powerful than Ningbing. They are usually such teams. Who can guarantee that they can kill Ningbing without knowing it?

If you expose your identity, even if you kill Ningbing, there will be no place in the entire God Realm. At that time, you will lose the watermelon and pick up the sesame seeds. It should be the worst thing for them. .

Therefore, the best way is to find someone who can have a reason to kill Ningbing, so that after Ningbing dies, they will also kill the man who did it. By then, all of this will be cut off. Source, who could have thought that behind this man who did it was a man behind the scenes who was secretly manipulating it, after people determined that there was a contradiction between Fan Hong and Ning Bing.

It would be natural to determine that Fan Hong did it because of him.

Who would really think that behind Fan Hong there is a man behind the scenes, this woman who seems to have a lot of motives for committing crimes is actually just a blinding method in front of them.

I have to say that these people are very clever with such methods.

You don't need to expose yourself, just waste a chess piece or two, and you can easily get rid of their big troubles. After Ningbing dies, Li Tian may also surface because of this, and then kill Li Tian directly. Everything will be calm again, and no one would have thought that there are so many close connections behind these things.
