

## A Killer 5431

### Chapter 5431: Cloud Crane

The young man took a step forward and very cleverly blocked Li Tian's path. Then he looked at him with a serious tone and said in a very serious tone: "He is in the cloud under the clouds, and he is also among the advancers in this warm-up match. Today I just saw you win this game so easily. I am very dissatisfied, so I challenge you here. If you can beat me, I won't say anything."

Li Tian looked at Yun Zhonghe, and the young man in front of him seemed to have some immature feeling on his face, and even his tone of voice was somewhat immature.

Judging from his appearance, he was probably also a guy born in the God Realm. He had a realm of God cultivation at a young age. He was indeed somewhat talented, but compared with those real geniuses, it was much inferior.

What's more, Li Tian in front of him looks like he is ugly, but he is actually a super monster.

He now has a very clear understanding of his strength. Although he has not yet reached the realm of gods, in the realm of \*\*\*\*\* cultivation, if he only talks about the amount of immortal power in them, Li Tian It's definitely going to explode everyone.

Even if he is facing a strong man in the realm of gods, he can hold on for a long time, let alone a person in the realm of \*\*\*\*\* cultivation?

The Yunzhonghe in front of him looks young and his strength is good, but his eyes have sold a lot of things. This guy just watched Li Tian and Ningbing get close, and then he didn't show his strength very much. He was very jealous of Li Tian. This kind of good luck, and at the same time I feel very dissatisfied with my current situation, only then will I come forward and want to ask Li Tian for justice.

But Li Tian didn't even have the mind to fight against the Yun Zhonghe in front of him, knowing that the enemy he could see now was not such a young man anymore, but a higher level existence.

Those who are hiding behind the scenes include the Feng family in Crescent City, and Dongfang Shuo and Nanfengzhu in Luoyang City.

Some of these people are still not sure whether they are their own enemies, but some can already be very sure that their relationship with Li Tian has reached the point of endless death, especially Dongfang Shuo.

After Lu Xiu's death, Dongfang Shuo succeeded in being the lord of Luoyang City, and at this time, he should also be considered as a well digger, right?

It was Li Tian who killed Lu Xiu. If it weren't for Li Tian, he would definitely not have the current achievements and status of Dongfang Shuo. In any case, this guy can't target Li Tian, right?

However, Li Tian miscalculated. After Dongfang Shuo became the lord of Luoyang City, he directly issued a wanted order to pursue Li Tian's traces to the entire God Realm.

Now he only needs to expose his identity, and immediately there will be countless strong people swarming, and in minutes, Li Tian can be completely dead, so the relationship between him and Dongfang Shuo is almost endless. The relationship between the two people must be one of them to die before the contradiction between the two of them can be resolved in this way.

Li Tian knew this very well, so he had already started to calculate this matter long ago.

He is just a small fairy, how can he kill Dongfang Shuo?

In the face of such things, it is like a crane in the cloud, basically even if it is a small shrimp, he can't get the slightest interest in facing such a small shrimp. The two people are completely different from the same dimension.

"I've made it clear before. If you want to be fair, it's your business. It doesn't mean that I have to cooperate with you. I still have a lot of things that I need to do. If the strength is really not enough to enter the top 100, then I will be eliminated soon. Why are you so anxious to challenge me? Or is there any grudge between the two of us?" Li Tian smiled and looked in front of him. This fairly immature young man, he is very capable of facing such a guy. When he said that, Yun Zhonghe really couldn't find a better explanation.

Because this is indeed the case, if Li Tianzhen cannot enter the top 100, he will be eliminated soon.

After all, the final selection of the Young Heroes Conference will be three very powerful powerhouses to participate in the next Ten Cities Competition, and every link before this must be very rigorously assessed.

"I dare not dare. What's the use of talking so much nonsense here? It's just a joke." A middle-aged man next to him had an attitude of watching a theater, but he saw that the two of them didn't have any delay. Started, and fanned the flames on the side: "I thought you were a man and would bravely accept this challenge. I didn't expect that you were still a coward. Without the help of Master Ningbing, you would have been eliminated."

"Whatever you want to say, it doesn't make any sense to me. If you can kill me with your mouth, it will be really invincible." Li Tian said as he started to move towards the main city guild. Step by step in the direction of the past.

At this time, Yunzhonghe took a step forward, trying to stop Li Tian.

But in the next second, Li Tian's body suddenly exudes a very awful aura. This aura burst out in a short moment, and it is also perfectly controlled by Li Tian. The target is also The crane in front of the cloud is nothing but the many unknowing people eating melons around. At this time, they may not even know what happened in this short moment.

Even the middle-aged man who was speaking was unclear at this time.

In the short instant Li Tian's aura broke out, they could indeed feel a chill, but no one took it seriously at the time.

But they saw that Yun Zhonghe didn't move at all. Even though Li Tian was walking towards him step by step, this guy was still standing in place, and his body started to tremble uncontrollably.

Many people are staring at the scene in amazement. For them, such a thing is tantamount to an explosion of news.

They have never seen this weird phenomenon.

At this time, Li Tian was already standing by Yun Zhonghe's side: "Your strength is indeed good among the scattered immortals, but it's just that. If you think you can defeat me with your jealousy, you can Come try it out."

## Chapter 5432: Chic back

Countless thoughts flashed in Yun Zhonghe's mind at this time. In the main city guild hall, countless people's eyes were all focused on them, watching the actions of these two people.

At the moment Li Tian approached the cloud crane, many people held their breath.

They thought that Li Tian was about to launch an offensive directly, ending this battle.

But he didn't expect that Li Tian didn't do anything. He just said one more easily, and he was about to bypass Yunzhonghe and leave the main city guild.

Many people looked at Li Tian with very strong doubts in their eyes. They didn't know what was going on. Why didn't this kid choose to attack when Yun Zhonghe didn't respond? Could it be true that he was in harmony with him? As they imagined, this young man was already confident of his own strength to a terrifying level, so he didn't want to do it with Yun Zhonghe in front of him?

But just when everyone thought that Li Tian might be leaving like this, the change occurred.

Crane in the cloud, standing still immobile, began to tremble violently, and then roared fiercely. The blazing flames on the surface of his body became extraordinarily clear. Then, his whole body used it. Looking at Li Tian with very angry eyes: "It seems that you still have some means, but do you think that you can control me? You really underestimated me."

Li Tian smiled and didn't explain anything

If he wants to kill the Yun Zhonghe in front of him in an instant, it is not a problem at all. The reason why he chooses to suppress the aura is just that he does not want to do it here.

He just came out of the ancient world. At this time, there must be a lot of people paying attention to Li Tian's every move. Even he himself understands that in this broad daylight, it's not just to do things with others casually. Very sensible thing.

Not to mention that this might be Feng Jie's temptation. Even if it was not a temptation, fighting against others would inevitably lead to exposure of his own means.

So after using his aura to briefly suppress the cloud crane in front of him, Li Tian was ready to bypass it directly.

In the next second, Yun Zhonghe recovered from his previous state.

The body of this guy is burning with a raging flame, but on the forehead of his face, a lot of ice ball can still be seen, which is left by Li Tian's aura, and the biting cold wind directly penetrated his body. , These chills also radiated from its body. Originally in this state, the crane in the cloud would definitely be controlled and stiff on the ground for a long time.

When he woke up, Li Tian had already disappeared.

At that time, even if this kid broke his throat, he would definitely not be able to see Li Tian.

But now, the flame energy in his body has successfully forced all the cold air used to suppress him to the top of his head, so that he can see his forehead, there will be a lot of sweat and ice ballast.

This is actually melting the cold in his body.

It is indeed very good for this young man to be able to achieve this kind of achievement as an immortal, but this mentality is destined to be impossible for him to go further on this road.

"I never underestimate any of my opponents. Since there is no way to control you, then I have nothing to say, but I don't believe you will choose to do something to me here." Li Tian smiled and looked at the clouds in front of me. He didn't mean to continue doing his hands, so he left toward the door very smartly. From the beginning to the end, his eyes did not fall on the cloud crane for a few minutes.

He knew very well that there was a big difference between himself and the young man in front of him.

This is not just a difference in strength. The two of them are not people of the same world in terms of strength or thinking, so Li Tian is not prepared to do anything here.

When others come to challenge you, you will accept the challenge obediently. In Li Tian's opinion, this is the most ridiculous.

I am not afraid of the Yunzhonghe in front of me, but I will not give up my original very big plan because of things that can make me happy in a short time. This time, Yunducaao is also very important to Li Tian, maybe After getting the Yundu grass, plus some refinement by yourself, maybe you can easily enter the realm of gods.

If this is the case, then Li Tian will be regarded as a half-introductory master in this \*\*\*\*\* realm in the future, although the realm of gods is not so difficult to reach.

But cultivating immortals is already very difficult. Although the realm of gods is not very difficult, it is only when compared to the realms of gods and gods.

Seeing Li Tian getting further and further away, Yun Zhonghe clenched his fists: "Damn it, you stop for me."

Li Tian still didn't look back, but just waved his left hand from a distance, looking like he was saying goodbye: "If you really want to fight me and see what level I am at, you should now I look forward to meeting me as a weak person in the game, otherwise it would be wasted no matter how much I said here, I would not be able to fight you.

When Li Tian spoke, the people had already left the main city guild, and then slowly disappeared from their sight.

Many people at this moment are all looking at the crane in the cloud, who is still standing in the same place. This kid is embarrassed today. He came over with confidence to challenge, but Li Tian didn't really pay attention to the young man in front of him. The meaning of leaving like this is really not giving any face.

Only then did they think that Yun Zhonghe was not the only one in front of him who came over and wanted to have a good theory with Li Tian. Feng Tianxiang also came to make trouble with Li Tian, but the result was not dingy. Left?

All of them had a very bold idea at this time. Li Tian in front of him might be more terrifying than they thought. Otherwise, how to explain that a young man has such courage.

Yun Zhonghe gritted his teeth and looked at Li Tian's back, wishing to enter the Junior Heroes Conference directly at this time: "I look forward to seeing you in the game. I will let you know that I am amazing. It is definitely not something you can easily. Little look."

"It seems that this year's Young Heroes Conference is really very good. The strong are gathered. Maybe something interesting will happen." A middle-aged man beside him couldn't help nodding his head and said seriously.

Chapter 5433: stalker

"Who says no? You don't look at the number of people participating in this year's Young Heroes Convention. The Yundu grass that Shuiyuezhong took out is already something that many people are jealous of. I heard that even others. After hearing the rewards here, the people in the main city tried their best to come to our side to participate in this young hero meeting. After all, it is Yunducaao, and the strength of Shuiyuezhong is really great."

"But the most interesting thing I think this year is the battle between the two sons of Lord City Lord and Master Ningbing. At present, among the remaining people, I haven't seen any dark horses. Everyone showed it at this time. It's just the strength that is quite satisfactory."

"Of course, they are all hiding their strengths now. Who would be willing to directly use all of their strength to deal with their enemies before the game? This time reveals their strength, completely Just like an idiot."

Several middle-aged people were discussing frantically at this time, but basically not many people cared about the battle between Yunzhonghe and Li Tian.

After Li Tian left the main city guild, he could clearly feel that someone was following him behind his back. This feeling was very clear, as if the stalker did not hide his trace at all.

"Feng Tianxiang is too casual in doing things. Even if he wants to find someone to follow me and determine what I am doing during this time, at least I must arrange for some strong guys, so I can't easily find out. Their traces." After Li Tian felt it, he whispered, somewhat uncomprehending what was happening before him.

However, out of reason, he still did not make any radical behaviors, making it seem as if the whole person was completely ignorant of this matter, and continued to move forward.

Many people on the street will also see Li Tian at this time, and some people know him. After all, some of them came out of the ancient world and happened to have seen Li Tian.

There are also some people who heard others talk about Li Tian and Ningbing before. These two people have become the endorsements of the devil for a while in the ancient world. After all, I don't know how many people have lost in their hands. He had a lot of participating cards, and as a result, he was disqualified from this young hero meeting. Some of them hated Li Tian the most, and of course some of them saw it clearly.

They will be robbed by Li Tian and Ningbing, it is completely because of their insufficient strength.

But in any case, Li Tian, who is next to Ningbing, is almost completely on fire now. Many people know his name. Mu Zitian's name began almost in just a few days. It spread through the entire New Moon City. Some people wanted to know what Li Tian did before, but no matter how they investigated, the final result was still somewhat unsatisfactory.

This Mu Zitian was born out of the sky, and suddenly appeared in front of them like this. There was no sign at all. Even though they used a lot of methods to know what Li Tian was, the final result was. Still not ideal.

This young man was like an existence incompatible with this world. No one knew what it was like in Li Tian's past.

It is also because they don't know what Li Tian's past is like, and Li Tian has always been relying on tricks to go on. Many people naturally think that the true strength of this young man is not in their view. It was so powerful, but just by following Ningbing, it was a jerk. By climbing up step by step with the help of Ningbing, he would have achieved what he is today.

At this moment, Li Tian felt the strange eyes of these people, and he was also a little curious.

But at this time, he still focused all his attention on the guy behind him who was following him. He didn't look back. Once he let the guy behind know that he already knew what they were doing, maybe they wouldn't. Following this, it will not be so easy to find them then, so Li Tian directly pretended that he didn't know anything.

The two people walked on the street like this, and he would stop and buy something from time to time. It seemed that he didn't even know someone was following him, and he looked at ease.

And the guy behind him who is responsible for tracking Li Tian doesn't mean to be anxious. He just follows Li Tian unhurriedly. When he stops to buy things, this guy will naturally and Li Tian kept a certain distance, so if he didn't observe it very seriously, it would be really difficult to find someone following him behind him.

Li Tianqing was fortunate that he deliberately focused his attention when he came out, and found this stalker.

After more than half an hour of time consumption, Li Tian was ready to return to Yunji Tavern. He originally wanted to use this method to make the latter stalker feel impatient, so that he would naturally be obedient. Track yourself again.

But the patience of this stalking definitely made Li Tian feel very surprised.

Just when he was about to return to Yunji Tavern, a little girl suddenly appeared in front of Li Tian and said with a smile: "Sir, can we change place and have a good chat?"

Li Tian glanced at the girl in front of him and frowned.

This girl looks only seventeen or eighteen years old. She is wearing a red dress with two upturned ponytails. She has clean eyebrows and two dimples when she is not smiling. She is a very cute little girl. .

It's just that he can be sure that in his memory, he doesn't seem to know such a girl at all.

"Sorry, we don't seem to know each other at all."

"You really don't know me, but my master wants to talk to you about something very important. I don't think you can meet outsiders?" The little girl smiled and whispered in Li Tian's ears. Bian whispered: "Your real name is actually Li Tian, right?"

"How do you know?" His expression instantly solidified, looking at the smiling girl in front of him, it suddenly became clear that this girl was the little girl who had been following him.

## Chapter 5434: Goodbye Murong Ziqing

"It turns out that you have been following me before. No wonder I didn't feel this way after seeing you." Li Tian looked at the little girl in front of him, and finally knew what was behind him. Human, she was still such a small girl. When she saw her, she couldn't help but think of Nian Rushuang, and then she became even more angry.

"Are you willing to go with me now?"

"Where are you taking me? Who is your master?"

"My master and you are old friends. She asked me to bring you a sentence. If you want to know how Ning Bing can heal, come to her." The little girl looked at Li Tian with a smile on her face. With the slightest worry, it seems that Li Tian has already guessed that Li Tian will definitely agree to her request: "If this is the case, you shouldn't refuse me, right?"

"I am indeed very curious, but how can I be sure that you did not do this to lie to me and then attack me?" Li Tian looked at the little girl in front of him with a serious face, even though the little girl told him all this. There are some doubts, but more are more careful and cautious. There are not many people who know their identity, but it does not mean that there are not.

"Believe it or not is your own business, but Ningbing's current situation has been deteriorating all the time, and we are also kind to help. If you don't want to believe it, we can do nothing. Wait until Ningbing is completely unable to recover his memory. At that time, you will know that we are not actually joking with you, but really want to help you." The little girl looked at Li Tian seriously, then shrugged her shoulders, showing a faint smile. Come.

Li Tian looked at her, this time was equivalent to a gamble.

I was in New Moon City, and I had conflicts with Feng Tianxiang not long ago. According to the plots in general novels, I must be deceived by some people now, and then beat him to death.

However, looking at what this little girl meant, it didn't seem like a joke.

"Well, I'll go with you."

"It seems that your feelings for Sister Ningbing are still very deep. You can do anything for her." The little girl looked at Li Tian in front of her with a smile, and said with squinting eyes.

Li Tian smiled and sighed: "There is no way, take me over."

"Forgot to tell you, my name is Youer."

"You'er, it sounds like a good name."

"Thank you for your compliment. Master told me a lot about you, especially in Luoyang City. Even Master praised him. Being able to make such a choice at a young age is indeed like a talented person. Jun will have the idea." You'er was leading the way while talking. Although Li Tian was following You'er, he did not dare to relax his guard at all.

He is now concentrating all his energy and paying attention to everything happening around him all the time, but whenever there is a little disturbance, he will choose to leave here the first time.

He knew that his strength was not bad, at least he was pretty good among the younger generation.

But I also understand that if it is just like this, it is still far from enough.

Moreover, this place is still the City of New Moon. If Feng Tianxiang and Feng Tianling are really ready to attack him, no matter how strong he is, he will definitely die here today.

Therefore, Li Tian at this time is very careful.

He didn't dare to relax his nerves. The most worried thing was that the moment he relaxed his vigilance, then the enemy suddenly rushed up from the dark. Then, even if you are no matter how powerful, you will be powerless.

Although You'er is leading the way, she knows Li Tian's mood and state behind her well: "You seem to be nervous now?"

"Before I can determine your identity, I can only maintain such a state of vigilance, so that I can live in this environment. I am not an idiot, but I know when and what to do." Li Tian He said helplessly. After a glance, they were already in a remote location, and they looked like they were in a slum: "How long will it take?"

"You will be here by turning left, but you don't have to worry so much. If Feng Tianxiang really did it, he would not let me find you like this, but would take the initiative to wait for your flaws to come. You'er glanced at Li Tian, and while talking, she led the way. After turning a corner ahead, she finally stopped, then smiled and said, "Look, we have arrived."

Li Tian glanced at it. This should be a very remote courtyard in New Moon City. The gate of this courtyard looks ordinary, and the pattern inside must be ordinary.

Seeing this moment, Li Tian relaxed somewhat.

At least it's certain that there won't be any problematic places here. Even in this kind of place, if there is really a killer who wants to do something, Li Tian can make a very big movement in an instant, and then the new moon will come. The people in the city will definitely know what happened here, and when they cross here and see that they are dead, the problem will definitely be attributed to Feng Jie.

"Okay, let's go in, Master and her old man should have been impatient already." You'er said as she pushed the door and walked in.

Li Tian followed behind him, and his spiritual thoughts spread out instantly.

But in the next second, his spirit was cut off by a stronger spirit.

Therefore, he can only observe with his own eyes.

After entering the small courtyard, you can see ordinary bungalows on both sides, and then a few fruit trees are planted. At this time, under the sunshine, sparse sunlight penetrates.

And You'er brought Li Tian to a room in the center.

"Okay, that's it, Master and her elders are waiting for you inside."

"Aren't you coming in with me?"

"This master has never allowed it. The things you are talking about are very important and very secretive. I am not qualified to know." You'er smiled and squinted at Li Tian: "Okay, you Go in."

Li Tian was dubious, and then opened the door.

He heard a cold voice, which reached his ears at this moment: "It is indeed impolite to ask you to meet me here, but it is also impossible. In my capacity, it is impossible to talk to me. You met in Shuiyuezhong grandly." Murong Ziqing stood up, turned his head, and looked at Li Tian in front of him with a smile.

Chapter 5435: Secret

The moment Li Tian saw Murong Ziqing in front of him, it was like a volcanic eruption. A strong aura erupted out of his body uncontrollably, and even his eyes instantly changed at this moment. Crimson, Hong Zhan hadn't been summoned, and naturally appeared in his hands, a powerful and awe-inspiring field, freezing many surrounding items.

The portraits hanging on the wall also showed a lot of frost spots at this time. You'er, standing outside the yard, shivered subconsciously, as if it were cold.

Looking at the powerful aura displayed by Li Tian in front of him, Murong Ziqing's performance is still much calmer than Li Tian imagined. Just a wave of his hand creates an enchantment, which limits all this aura. stand up.

"Are you crazy? Expose your strength here, don't you worry about being known by Fengjie and others? At that time, you want to help Ning Bing recover his memory, but there is no chance." She looked with a small look. Looking at Li Tian in front of him, he slowly said, "I know what your anger is because of your anger, but even with your current strength, you are just a little rookie in front of me. You don't need to waste much effort to deal with you. ."

"Perhaps it is indeed like this, but I have many ways to die with you. You'd better tell me where Shuang'er is, otherwise the two of us will die here today." Li Tian stared, bloodshot. The eyes were full of hostility and anger, like a burning flame, beating, showing a breathtaking threat.

If it is an ordinary person, at this time may indeed feel some threats.

But Murong Ziqing in front of him, when Li Tian saw it for the first time, he felt that the woman in front of him was more powerful than he had imagined. At this time, he was even more unwilling to fight against such a powerful opponent.

Unfortunately, out of helplessness, he could only choose to stand up and threaten Murong Ziqing in this way at this time.

The stronger the person, the more afraid of death.

But he was obviously miscalculating. There was only a faint smile on Murong Ziqing's face in front of her. She looked at Li Tian like her friend. She didn't have the slightest expression of fear at all. Obviously there was nothing at all. Put the words Li Tian said before to heart.

"I can't tell you where she is now, but every decision she makes is her own decision. I can assure you here that I have never forced Shuang'er to make any decisions." Ziqing smiled and said slowly, her voice was very nice, and people's emotions slowly calmed down. In the face of the furious Li Tian, she was able to maintain such calmness.

Li Tian's aura gradually converged. When he found that his aura had no effect in facing the woman in front of him, he could only give up.

The strength between the two is simply a world of difference. Even if Li Tian sees Murong Ziqing now, he really can't do anything. Although he says there is a way to kill him, he believes that he will wait until he starts to cast these spells. At that time, Murong Ziqing would leave here for the first time, or would interrupt his spells for the first time, and it would be just a dream to return to everything.

"I have never understood what your purpose is. You told me that you are from the Shuiyue Sect, but I have been to the Shuiyue Sect, and I have never heard of your name, even if you gave it to me. This piece of jade has no effect." Li Tian looked at Murong Ziqing in front of him with an angry look, like a man who had been cheated on his emotions, the emotions on his face were also very complicated.

"I probably told you about this before. My identity is not suitable for meeting you in Shuiyue Sect. You don't know many things, so you don't understand why this happened. It's normal for me. , Not everyone can accurately guess what happened before." Murong Ziqing looked at him with a smile on his face, and slowly said: "You will doubt me, but it's just a very normal thing."

"If this is the case, you should tell me what happened before. What is the difference between the current Shuiyue Sect and the Shuiyue Sect in my mind? What is your identity in the Shuiyue Sect?" Li Tian asked a lot of questions in a row, waiting for Murong Ziqing to tell himself what was going on. Although he didn't understand, he knew that there might be something he didn't know.

"Do you know the history of Shuiyue Sect?"

"Of course it is impossible for me to know this kind of thing. The Shuiyue Sect has existed for such a long time, and I am just a young man who has just ascended up. Of course, there is no way to know the secrets of your Shuiyue Sect." Li Tian glanced at Murong Ziqing in front of him, shrugging his shoulders helplessly, and said: "Whatever you want to say, just say it, why bother to be around here, even if you say it, I may not know."

"Although the former Shuiyue Sect also recruited female disciples, we only included them by asking others if they were willing. Because the rules of the Shuiyue Sect are different from those of other sects, we want to become our sect. The disciple of the sect must abandon something." When Murong Ziqing said this, he set his eyes on Li Tian: "But since the succession of the Shuiyue Sect Master of this generation, many Things have changed."

She didn't say everything clearly, but Li Tian could almost know what happened here.

Looking at the helpless Murong Ziqing in front of him, he then snorted: "I can probably guess something now. There should be a change in your sect. Now it is divided into two factions?"

"It is indeed like this. This is a secret that our Shuiyue Sect has come to for so many thousands of years. It is something that has never been told to others, and you are probably the first outsider to know this." Murong Ziqing He smiled bitterly, and seemed to be very helpless about the beginning and the end of this matter. Looking at Li Tian at this time, there were all expressions on his face that did not know where to start.

As for Li Tian, he was also slightly taken aback, his first thought was whether he knew so much, would it bring any danger to him.

After all, if you know too many things, you may get burned.

## Chapter 5436: The cause of amnesia

"You can rest assured that you know that these things will not cause you any trouble, unless you tell others about this series of things, then even I can only say that I am helpless, but I think you are probably not like that. A stupid young man who is able to retreat from Luoyang City and come here, so far has not been exposed, at least it means that you, a young man, are much smarter than many people think." Murong Ziqing looked at Li Tian with a strange smile on his face, he smiled uncontrollably, and easily guessed what he was thinking.

Every husband is not guilty, and he is guilty of his crime.

When Li Tian knew the secrets of Shuiyuezhong, he would definitely have the lifeline of Shuiyuezhong, and once this matter was known to others, there was no doubt that it would bring him murder.

Therefore, at this time, he will have such a strange expression.

However, as long as he doesn't tell these things, there is no problem.

Li Tian shook his head, and smiled slyly: "I am still very young now, and my great life has just begun. After I come to the realm of God, I still have many opportunities to wait for me to dig. Where can I have time to listen to your stories??"

A very disdainful expression flashed across his face, as he spoke, he turned around, and he was about to leave.

One of his hands has touched the armrest of the room, but he hasn't opened the door for a long time. He is waiting for Murong Ziqing behind him to speak, so that he can take the initiative in this conversation.

This is also a very small technique to test the opponent's bottom line.

But to Li Tian's disappointment, Murong Ziqing did not stop, and even his face did not change at all.

Li Tian turned around impatiently, and said angrily: "What the \*\*\*\* is going on with you woman, I am ready to leave now, didn't you want me to help you before? You should come over now? , Stop me from leaving, how do you look like you are as stable as Mount Tai, I even wonder if these things I have done are useful in front of you."

"It is obviously not a very wise choice for you to test me at this time. When you stand here, I already know a lot of information about you. Therefore, you are almost the same at this time, which is equivalent to having a handle in my hand. Think you can still threaten me under such circumstances?" Murong Zi smiled, watching Li Tian turn around discouragedly, and sat down in front of him: "You dare to come here, it shows that Ning Bing is very It means a lot to you. You are willing to pay all costs to help her restore her memory, isn't it?"

"It also depends on the choice. If I can have a better choice, I will try my best to minimize this loss."

"Then you need to know why Ningbing has lost his memory."

"Didn't it mean that this kind of amnesia was caused by some special reasons when I was ascending to the God Realm before?" Li Tian squinted his eyes and looked at Murong Ziqing in front of him.

He was a little at a loss. Before I heard the remnant soul of the ancient gods tell me, I really thought that the current situation of Ningbing was indeed the effect of the ascension, but now I understand that it may not be like that at all.

"That's just your thoughts, but the truth of the matter will always exceed your imagination, such as this time." Murong Ziqing smiled, shook his head, and slowly said: "You I think that this time the incident was caused by the loss of memory when Ning Bing soared to the God Realm, but it was not the case. Her memory was not lost by herself, but was manipulated in secret."

"What are you talking about? Someone secretly manipulated Ningbing's memory?" Li Tian's expression completely solidified in this short moment. Looking at Murong Ziqing in front of him, he felt like he was listening to a myth. Thinking that Ning Bing lost his memory when he ascended to the God Realm, he didn't expect that there was a possibility in it that he had never thought of.

But this person can actually change a person's memory, which is also a very terrible method.

"It's not impossible that things like this happen when you fly up to the God Realm and lose your own memory, but usually people who have experienced this kind of experience have little chance of regaining their memories, and they won't be like Ningbing. He retains his deep-rooted memories." Murong Ziqing looked at Li Tian with piercing eyes, and said solemnly: "In her memory, you are probably the most profound one, so even under the control that is believed to be lost, Lost her own memory, but she can still remember clearly how she felt about you."

"Who is it, I must kill her."

"Let's forget about this. With your current strength, if you want to do something with him, you may not even be able to enter the door." Murong Ziqing looked at Li Tian in front of him and smiled contemptuously. Laughed, and then shook his head: "She is many times stronger than yours. Even when I face that woman, I feel like being suppressed, not to mention you, a little guy who has not fully practiced successfully. ."

After Li Tian listened, the expression on his face slowly became serious.

If he doesn't know who is doing this secretly at this time, then he is really an idiot. This person is probably from the Shuiyue Sect, and in Shuiyue Sect, he can be Ning Bing did such a thing, and only Shui Yuezong's sovereign.

He looked at Murong Ziqing in front of him, and he was full of questions at this time. Then who was this woman in front of him?

"Even if it's the Sect Master of Shuiyue Sect, I believe that giving me some time I will definitely become stronger, and I will definitely kill him at that time to relieve my only hatred." Li Tian gritted his teeth, hard. Said raw.

"When you have that strength, you will have time to speak such big words. Don't be so arrogant now. If you let her know that you have such an idea, you may have to take precautions before it happens. When I grow up, I will kill you directly." Murong Ziqing smiled and shook his head, looked at Li Tian in front of him, and said: "The top priority is that you want to solve the matter that I entrusted to you."

"What you handed to me?" Li Tian sneered and said, "I knew that you told me these things must be of no benefit, you must want to take advantage of me!"

## Chapter 5437: Resurrection Grass

"Anything must have a cause and effect. The reason I will help you is because this matter has a very important influence on my future plans." Murongzi snorted coldly, squinting at the person in front of him. Li Tian said in a very calm tone: "Originally, the Shuiyue Sect before, the income of disciples was based on her consent to the rules, but now in order to accept more talented disciples, they are beginning to use this force. The way of other people's memory is to increase the income of Shuiyue's disciples. Everyone knows what the consequences are, but no one stops."

"Without the permission of others, the memory of others is forcibly erased. This method is like a robber."

"Fortunately, their methods are not that powerful yet. It is said to be erased, but it is only to seal these memories, but it is difficult to wake up again, so it can be regarded as a way of erasing." Murong Ziqing Looking at Li Tian, he stood up slowly, walked to the window, and looked at the sky outside: "I asked you to help this time, naturally for a reason."

"What do you want to do?"

"Shuiyue's situation can have the situation like this today, and it is quite related to me back then. If they are allowed to develop like this, I can hardly imagine what this sect will become in millions of years. Zongmen, no matter what, I can't escape the blame for this matter. Instead of regretting it in the future, it's better to let me change the situation while they are still doing things." Murong Ziqing glanced at it. Li Tian said, "Do you want to restore Ningbing's memory?"

"I came here because of this."

"Well, after five days, there will be a large-scale operation by the Shuiyue. On the surface, it seems to be a transfer for this young hero meeting, but in fact, it is only because they discovered a cave near here. The treasure of time has always been sealed, and many elders who are good at formations of the Shuiyue Sect are all destroyed here. It is said that after five days, it is the time when Dongtianfudi was opened."

"Do you want me to enter the cave?" Li Tian glanced at Murong Ziqing, then shook his head decisively, and solemnly refused: "I definitely can't do this thing, this time you guys Shuiyue has dispatched a lot of elders, and their strength is probably much stronger than I imagined. I will not take the initiative to face such an opponent like an idiot."

"I know you will definitely reject me, but if I tell you, this action may be very closely related to Ningbing's memory recovery, would you like to go there?" Murong Ziqing is not surprised at all. Li Tian's reaction, Shuiyue's power may have been understood very clearly by this kid recently. If he knew he was fighting with so many elders and could remain calm, then Murong Ziqing could only doubt Li in front of him. The sky has gone crazy.

"I know you would say this, you know I am willing to do anything for the ice, so you want to use this method to bind me and let me help you complete this task, but you really think I will be such an idiot?" Li Tian sneered, looking at Murong Ziqing in front of him with a disdainful tone, and said: "You can use this method to deceive others, but it's obviously impossible to deceive me. "

"It's up to you whether to go or not. I can give you another choice, but this time this choice is still somewhat of a chance." Murong Ziqing still smiled very relaxedly, without being broken by Li

Tian's plan. It feels as if she has already calculated every step, and when doing everything is so organized, it is impossible to have any questions: "You should know the soul of the soul?"

"Isn't that a kind of fairy grass that can be classified as seven souls and six souls?"

"It is indeed like this, but there is another effect of Reanimation Grass, that is, it can crack many spiritual spells. For example, this time the memory seal on Ningbing's body. If you can find Reanimation Grass, you can successfully crack it. The seal on her body is now." Murongzi smiled slightly, nodded, and slowly said: "Moreover, the place where this kind of fairy grass grows is in the Yin vein."

"Don't tell me, this time the heaven and the blessed land are on the yin veins."

"I followed them and saw it in person. It was indeed on a yin vein, and we roughly estimated that the area covered this time is very large. You might actually find Reincarnation in this area, if you can find it. , Ningbing can restore her memory, and then my plan can be implemented." Murong Ziqing said slowly: "Of course, this is just my current idea. I still have to do it. Depending on your decision, if you don't want to be like this, you can only look for a genius doctor, but it's really hard to find traces of such people."

Li Tian looked at Murong Ziqing in front of him. Although all this sounds like nothing wrong, Li Tian, who has lived for so long, is not a young child. Now she has become very cunning and easy. It is impossible to believe what others say.

"In this way, if I refuse this request, I can only go to find a genius doctor for help, and this process will undoubtedly be very long, and you don't know how long it will last. It's like this. Is it?" Li Tian thought for a while, looked up at Murong Ziqing in front of him, and asked.

"It is indeed like this. This process may take hundreds or even millions of years. By the time you find a genius doctor, Ningbing may have no chance. Of course, if you are lucky, you may leave here the next second. Zhong will meet a powerful genius doctor. This kind of thing always pays attention to fate. The specific consequences depend on how your fate is." Murong Ziqing shrugged, leisurely Sit down in your seat, without looking at Li Tian's expression, and said lightly: "That's the end of the story. It's up to you to decide how to decide."

Li Tian remained silent. In any case, he still hoped that Ning Bing could restore his memory as soon as possible. This feeling of meeting and not acquainted Li Tian was about to collapse.

Although it can still be comforting, I still hope to see the familiar ice that I was familiar with.

Chapter 5438: Decide

"From what you said, I don't have any choice at all. If I want to restore Ningbing's memory, I can only \*\*\*\* the treasure from these elders, but this is simply impossible." Li Tian smiled bitterly, and shook his head and said, "These people are all the elders of your Shuiyue Sect. If one of my gods and immortals snatches something from them, this matter will spread. Wouldn't it be laughed out of laughter."

"It is indeed like this, but this is your only chance. When they open the heaven and blessed land, there will be a period of time for people to go in and explore the way. During this time, the elders will not follow in. This is your only opportunity. One chance, you have to hurry in before their people go in, so that you can find them safe and sound." Murong Ziqing explained, as if he knew

everything about the entire incident: "At present, there is only Shuiyuezhong in this cave. The talented people know that, so they are not worried that someone will get in, and the defenses around them are very weak."

"With the help of this young hero meeting to carry out this action, your Shuiyuezhong's methods are indeed very clever. If you are just a little ordinary guy, I am afraid it is impossible to see any way from it." Li Tianchao laughed, Shuiyuezhong's action this time was unconscious, everyone thought that they had sent so many people to New Moon City for the Young Heroes Conference.

But who can know that the so-called young hero meeting is reduced to a guise for them at this time. The real action is the action of this time.

With the cover of the Junior Heroes Conference, many people's eyes are all on this competition. When the time comes, all the major powers will gather in New Moon City. Watching this challenge, who cares about this new At the foot of the Moon City, there will be a hole in the sky that will be dug out?

"Although I am not able to participate in this operation, I know all the ways of their actions, so I can tell you these things calmly here because I already know a lot of details in advance. , You just have to follow what I told you, and then use your brain to enter the cave without knowing it, it's not a problem at all."

Li Tian still didn't say anything. It was a difficulty in itself to \*\*\*\*\* these resurrection grass from the hands of these elders.

And I don't know if it is possible to find Resurrection Grass in this cave. This kind of fairy grass is also very rare in the gods. In comparison, Yundu grass is also a common kind of fairy grass.

Although it is said that this time the Dongtian Blessed Land is on a piece of Yin veins, no one can guarantee such things as probability.

Even Murong Ziqing, who was in front of him, couldn't say with certainty that the existence of Resurrection Grass could be found in this cavernous land, she just said that this might be a very good opportunity.

"I know you still dare not accept this request, but if you can go in, maybe you will be able to find some treasures in this cave. With your current status, you can't enter any sect. It's possible, and many people are waiting to get your head. You should bet on a lot of things, and keep getting stronger." Murong Ziqing continued to stay aside, whispering ideas: "Your current strength has changed a lot from when I first met you. It seems that the path you have been pursuing should be correct."

"Even in this way, I don't want to allow myself to embark on such a dangerous path. You know that your Shuiyue Sect is powerful, and I know very well that if an elder participates in this action this time, you Think I can leave alive?" Li Tian raised his head, looked at Murong Ziqing in front of him, and asked word by word: "When I die inside, who will help me recover the memory of Ningbing, you? Presumably after I die, you should implement your plan in another way."

"It is indeed like this. For Ningbing, you are now equivalent to a key, a key that can open her dusty memory. Once you die, then there is no way to restore Ningbing's memory. , Even if you get the

resurrection grass, it doesn't make any sense anymore." Murong Ziqing smiled and looked at Li Tian and said, "In that case, I can only choose another way to complete my task. ."

"Since it is like this, why should I agree to your request to venture into such a dangerous place to bet everything about myself?" Li Tian sneered and looked at her and said.

"Because you are Li Tian, I know everything about you so far. The bravery of your young man is also the bravest young man among so many people I have met. I believe you will be involved in this matter. There are my own opinions on the above, and I believe that you will never give up your only opportunity like this." Murong Ziqing still smiled very relaxedly. This woman now feels that Li Tian is really stressed. , Such a woman is difficult to deal with in terms of strength or intelligence.

Although she didn't know Li Tian for a long time, through everything she did with Li Tian during this period, she had a unique understanding of this young man.

And what made Li Tian most uncomfortable was that everything about him was definitely held by the woman in front of him.

It doesn't matter if he doesn't want to admit it himself.

He is now like a corrupt official being caught, every move of Murong Ziqing in front of him is attacking his lifeline.

"It seems that my fish has no way to get rid of your bait. Next, I can only act like a puppet and let you control it." Li Tian shrugged helplessly and looked at the person in front of him. Murong Ziqing slowly said, "Do you have any better plans? You can tell me at this time. I want to see if even a Sanxian in the realm of \*\*\*\*\* cultivation can get from your water moon Elder Zong escaped."

"Since you already know what your meaning is, you should also know that I won't let you die so easily." Murong Zi said solemnly: "Therefore, in the blessed world, we should avoid talking to those elders as much as possible. Fight."

Chapter 5439: Game start

After coming out of the small courtyard, Li Tian, who had a relaxed and vigilant face, has now become a lot more serious.

After accepting such a task, whoever is afraid is not able to guarantee that his state is better than the current Li Tian. With a realm of spiritual cultivation, he even dreams of snatching the treasure from the hands of those sect elders. This kind of action is described in an idiom, that is, it is overweight.

But what is helpless is that whether Li Tian is willing or unwilling, this time he is overpowered, he has to do it.

Whether Ning Bing can recover his memory may depend on his actions this time.

You'er stood at the door of the small courtyard, looked at Li Tian, and said, "Master told me that there is a spell on that jade stone that can determine where you are at all times, and of course it can be in your distress. At the time, it is used to summon the master, but you must remember that you must use this method when facing a single elder and in a very remote place."

"This is equivalent to giving me a one-to-one ability. When I can't deal with the opponent, let your master come and help?"

"It is indeed like this, but the things that can be carried on this jade are limited. In this case, you can only use it once. You only need to inject your immortal power into this jade, and then silently recite the Buddha It can be successfully displayed." You'er looked at the solemn expression on Li Tian's face and explained very seriously: "You must remember clearly, this opportunity is only once, so you can't use it randomly anyway."

"I know this. This life-saving method is definitely very important to me, and it is impossible for me to use such a method in some meaningless places." Li Tian smiled, thinking about Murong Ziqing. The next step is to do something that humans should do. If you really just ask yourself to face a Shuiyuezhong elder alone, it is really very problematic.

"Well, during the next period of time, Master won't see you, and everything will be done according to plan."

Li Tian nodded, looked at You'er and said, "I have written all these things down. I hope I can successfully complete the task. I also hope that what your master told me is not a joke."

You'er smiled without answering.

Li Tian was not ready to say anything, so he turned around and left like this.

Not long after he left, You'er turned around and returned to the small courtyard.

Murong Ziqing still sat in his place.

"Master, Li Tian has already left."

"Do you think that with his strength, can he succeed?"

"It's hard to tell. The strength of our Shuiyue Sect elders is not weak. Even if Li Tian killed a Lu Xiu before, the strengths of these elders and Lu Xiu are different. Li Tian wants Surviving from their hands is not that simple." You'er thought for a while, and replied with a serious face:

"However, this guy is cautious again, I think there may still be a little chance. But this possibility may not be as high as we imagined."

"I hope he can succeed. If we can't let Ningbing restore our memories, we won't be able to expose their methods. At that time, no one in the Shuiyue Sect will be willing to believe every word we say." As Ziqing stood up while talking, her body began to slowly become illusory, and her expression began to show some sleepiness: "I've been here for so long, I'm almost unable to hold on. "

"Everything has been arranged, Master doesn't need to worry about it."

"If there is anything, I will look for you again." Murong Ziqing said, and his body slowly began to become illusory, just like a reflection in the water, slowly disappearing into their sight.

You'er's expression is very calm, it seems that this is not the first time I have seen this situation.

This Murong Ziqing is actually not the real Murong Ziqing at all, but it is just an external avatar of her. It is usually used in very urgent situations. It is used to control her external avatar at such a distance. , This in itself is already so strong to the point of speechlessness.

The real Murong Ziqing is still in the restricted area of Shuiyuezhong.

When Li Tian left the courtyard, he did not find that there was a black shadow behind him. After seeing Li Tian heading back to Yunji Tavern, the black shadow quickly shuttled across the roof, like a black shadow. , And soon came to the City Lord's Mansion.

Just like entering an uninhabited state, he went directly to the back garden.

On this side, they are all well-guarded masters, and their spiritual thoughts cover everything around them, and there is no way to escape their spiritual thoughts from any disturbance.

But when the black shadow came over, they didn't react at all, and just stood there stupidly and let the black shadow in.

In this garden, there are two people.

One is Feng Tianling, and the other is of course Feng Tianxiang.

"Young Master, Young Master."

"You can come back here so quickly. I think I should have found some news. I really want to hear what you are going to tell us. What can surprise us?" Feng Tianling smiled. , Looking at the black figure hidden under the black cloak in front of him, except for his very sharp eyes, it is difficult to find any clues from him.

"When I was following Mu Zitian, I found that he had gone to a very remote courtyard, and he had stayed for about half an hour. It should be when Li Tian was talking about something, and he looked solemn when he came out."

"Who is in the courtyard?"

"I didn't come close. I only got closer. I could feel a powerful spirit spreading out, just like a sleeping dragon. If I rashly approached, I would be discovered. Therefore, I Doing good advice, didn't take the initiative to approach." Sombra looked at the two people in front of him, and said carefully.

"You did the right thing, but in this way, it would be difficult for us to know what Li Tian did in the small courtyard." Feng Tianling sighed.

"Big Brother, isn't this guy still a companion? He wants to deal with the two of us?" Feng Tianxiang asked suspiciously.

"With his strength, do you deserve it? The people around him are just divine cultivation. How can they deal with the two of us?" Feng Tianling said indifferently, without any nervousness at all.

Chapter 5440: Low voice

Looking at Feng Tianling with a sneer in front of him, Feng Tianxiang was also a little confused at this time. Li Tian's actions this time made all of them feel very puzzled, and they didn't even know what the purpose was.

After staying in that small courtyard for so long, he must have been plotting something, but looking at the expression on Feng Tianling's face at this time, it seemed that he didn't take this matter to heart.

Even if Li Tian's current strength could not pose a threat to the two of them at all, they still had to pay more attention to such things.

"Brother, I think we should pay more attention to this matter. After all, Mu Zitian is not a weak person, and when facing his father, he can use his own thinking to convince his father. I am worried about this guy at this time. What are you really preparing?" Feng Tianxiang looked at Feng Tianling in front of him very seriously, and asked with some solemnity.

"I don't think you need to pay attention to this matter anymore. If Mu Zi naive can really make us take it so seriously with this strength, then the two of us will not be eligible to participate in the so-called young hero meeting." Feng Tian Ling snorted, a disdainful smile appeared at the corner of his mouth, it seemed that it was really like what he said, and he didn't put Li Tianji in his heart at all.

Feng Tianxiang saw that his elder brother said this so seriously at this time, so now he probably understands what he is continuing to talk about here, and Feng Tianling still doesn't take Li Tianji to heart.

This guy completely regarded himself as a very powerful existence, and he was very confident that even Mu Zitian was going to write about them in this new moon city.

'If that's the case, let me solve this by myself. You don't want it, but that doesn't mean I don't want it. 'Feng Tianxiang knew that he couldn't communicate with Feng Tianling at this time, so he didn't say anything, and he turned and left: "If this is the case, then I will go back to prepare for tomorrow's young hero meeting, although it is only five. The top ten games, but there may be some tricky guys."

"You have nothing to worry about. My father has already handled all these things. Even if they want to deal with us, they have to look at the timing. Although this young hero meeting has not started yet, it turned out. It is basically doomed at this time, and there is absolutely nothing to worry about." Feng Tianling still didn't take these things seriously.

Feng Tianxiang knew that he couldn't say anything by staying here, so he left without looking.

After he left, Feng Tianling snorted coldly: "We don't want to do anything here yet, and wait for this stinky kid to do it, so that we don't have to get any trouble when we cause it, and we have to take this responsibility. "

"Master, is it really good for us to assume that this matter hasn't happened?" The shadow looked at Feng Tianling in front of him, and asked with some worry: "If this matter is known by Lord City Lord, he will definitely blame it. we."

"Huh, what will happen at that time, I already told him today, don't think about what to do, we still don't know what the details of that guy is. Isn't it a joke at this time to shoot?" Feng Tianxiang sneered Looking at Feng Tianxiang's back, he still doesn't know what Li Tian's current status is. If he makes a move at this time, he will inevitably get some unexpected surprises.

Therefore, Feng Tianling had to be smarter. He hadn't thought of doing anything in this matter, and waited completely for Li Tian himself to expose his flaws before taking action.

He knew very well that the current Li Tian had not fully demonstrated his strength. The young man himself was smarter than they had imagined. After knowing their identities, he was able to make such a series of actions. If there is no support behind this person, it is definitely impossible. There must be a lot of support to make Li Tian make such a series of provocations against the young city lord of the two new moon cities. Action.

And if Li Tian has the courage to do such a thing, it can only be said that their current understanding of this person is nothing more than a superficial one, and they still don't know what they really need to know.

On the other side, Li Tian has returned to Yunji Pub.

Dongfang Yuechu was sitting in front of the counter on the first floor at this time. After seeing Li Tian came back, he eagerly walked forward and said happily: "I really want to congratulate the distinguished guests very much. I even achieved a good result in the warm-up match. ."

"This is just a threshold for entering the Young Hero Conference. If I can't even pass this threshold, I'm afraid I will be laughed at by others." Li Tian said lightly, and glanced inside the tavern. Today, business does not seem to be as good as before. There are only twos and threes sitting here, all of them staring at Li Tian, not knowing what they are thinking about.

"But this threshold has also become a place that many people cannot cross. Since the distinguished guests can win this warm-up match, of course it also shows your strength in this area." Although Dongfang Yuechu's face is still very indifferent. Smile, but the praise for Li Tian in this tone can be said to be endless, even Li Tian is guilty of embarrassment at this time.

Xin said that you are the owner of a well-known tavern anyway, and since Yunji Tavern can make Feng Tianxiang and the others afraid, he must have his own skills.

I didn't understand the power of this tavern before, but after so many days of understanding, and through some knowledge, we can confirm that there is definitely a huge power behind this tavern, but this guy in front of him actually pleases himself like this, and when he speaks There is no air at all, even Li Tian felt that there must be some conspiracy in it.

Looking at Dongfang Yuechu in front of him, he asked in a very serious tone: "The way you look makes me very seriously doubt whether you need me to help with anything?" Li Tian said, while being careful. Cautiously looked at Dongfang Yuechu in front of him: "If there is really something you want me to help with, you can say it directly. I really can't flatter you like you."

"Although you have won, but this time there is not much calling for you." At this time, a discordant voice appeared.
