

A Killer 5511

Chapter 5511: I want to kill you

Yun Yi was still thinking about the identity of the young man before him.

The young man in front of him looked familiar, he seemed to have seen it somewhere, but at this critical time, he couldn't think of where he had seen it before.

At this time, Yun Jing stepped forward and whispered: "This young man's voice seems to be a little bit similar to the voice of the spy who was hidden in our team before."

When Yun Jing said this, he really slowly remembered that when he was in the Xuan Yin Temple before, there was indeed a spy who appeared, which caused them to waste a lot of time.

The two of them even fought each other. Even though they could crush the spy in terms of strength, Yun Yi could not get rid of the spy's void leap. At this time, hearing Yun Ji's words, his mind flashed quickly. After this link, it can be determined that the young man in front of him must be the spy before, but he does not know why he suddenly appeared here.

And since he has already left the Xuan Yin Temple, he should have seized the time to leave this place of right and wrong. Instead, he has stayed here all the time, as if he was deliberately waiting for them.

He glanced at Li Tian in front of him, and still felt that this face was familiar: "Are you that spy?"

"Probably you can describe me like this, but I am just fishing in troubled waters in your team. I have never thought of getting any information from your mouth. Therefore, if I am a spy, it is still a little inappropriate. "Yes." Li Tian looked at Yunyi with a smile, and said: "But at the last juncture of your life, what you say is of course your own freedom."

"You want to kill me?" Yun Yi raised his head and looked at Li Tian in front of him with a smile. There was no tension on his face, and perhaps he did not regard Li Tian in front of him as a real opponent in his heart. Although he had not been able to find a way to kill Li Tian before, it would be impossible for him to believe that Li Tian could kill him.

At this moment, he seemed to have heard a big joke, and almost laughed while clutching his stomach.

Fortunately, there are still so many people around, and they are in a hurry. They don't want to waste time here with Li Tian at this time: "We have already fought against each other in the Xuan Yin Temple, don't you know? You are not my time at all, so why waste time with me here, but it's just in vain."

"Hehe, I was really not your opponent before, but now it is not necessarily anymore. I remember that I have told you how many strong people went to the Xuan Yin Temple this time. I think you will face it in this action. The powerhouse is definitely not less than what I said. Under this kind of fighting intensity and in that kind of environment, it is not easy for you to survive, and there is not much immortal power left on your body, right?" Li Tianyi Looking at Yun Yi with a confident face, he has already figured out the details of Yun Yi. People have indeed come out, but they must have paid a great price.

'Damn it, I knew this kid would be so difficult, I should have killed this kid before, and it won't happen at this time. 'Yun Yi is in a bad mood now. Before, he didn't want to waste time with Li Tian, so he didn't choose to kill Li Tian, but now the situation is completely different from before. They want to leave here in the shortest time. To Shuiyuezhong.

But looking at Li Tian's current performance, he was not ready to give way easily.

If Li Tian is unwilling to give way, they can only choose to head-on with Li Tian to see who is the final winner.

"I don't want to do it with you now. You were already pretty sure that you were not my opponent before. Do you think you can defeat me just after a few days? It's just wishful thinking." Yunyi said disdainfully. , The Immortal Sword in his hand was quickly raised, and a strong wind whistled directly, almost blowing Li Tian away.

Li Tian still stood in place, his feet as if rooted in the soil, without any wavering at all.

Sure enough, Yun Yi's attack just now was weak. Although it looked like a powerful one, it did not bring any pressure to Li Tian at all. This is not the state that a pinnacle master of the immortal realm should have, only Yun Yi's current state. The state is already very bad, even when dealing with opponents of Li Tian's level, it is still difficult to exert the power that he should have.

"Hehe, Elder Yunyi can probably feel it now. Your body is no longer as strong as before. In the previous battle, you used a lot of immortal power, and there is still no time to recover. You are anxious now. Escape, can you be my opponent?" Li Tian chuckled and looked at the Yunyi in front of him. At this time, he was completely relieved and said calmly.

Yun Yi frowned and said, "You can try it. Even though I am a bit inferior to my previous peak state, there is still no problem with dealing with a small character of your level. If you don't believe it, we can Come and try it out."

Li Tian smiled, and then slowly summoned his own Red Slash.

When this sword appeared, the expressions of Shuiyuezhong's disciples and Yun Ji were all a little ugly, looking at Li Tian in front of him a little sluggishly, and said: "Are you Li Tian? Li Tian from the Young Hero Conference? You? Shouldn't I be participating in the competition? Why is it here?"

"Hehe, why I am here, you don't need to know, but what you need to know is that I am your enemy now." Li Tian's red-winged godly outfit shone indifferently, and the feather blade behind him slowly Opened like an angel falling from the sky, but the expression on his face was very serious: "I think Elder Yunyi, I probably know why?"

"Because of Murong Ziqing? Although I don't know how Murong Ziqing met you, that woman is a complete witch. She has been thinking about letting us Shuiyuezhong go up and down into chaos so that she can control it. We Shuiyue Sect, you may not know this about these things, so it is reasonable to help you here, if you regret it now, it is not too late." Yun Yi looked at Li Tian in front of him, very serious Said.

Chapter 5512: What hate what

"It seems that you really don't know where the conflict between you and me is." Li Tian squinted his eyes and looked at Yunyi in front of him. The anger in his body was slowly swelling at this time, and it was possible at any time. The eruption is like a volcano that is slowly recovering, and it is possible to erupt a devastating magma at any time: "What is going on with freezing ice, probably you know very well."

Yun Yi smiled, and said solemnly, "Is there anything wrong with Ningbing? She is our Shuiyue zong master sister. We have witnessed the growth these years, and watched her grow up little by little. With such an achievement today, I am also very pleased."

Although Yun Yi had a serious face, there was more or less a little worry in his eyes.

After all, he knew that Ning Bing was going to remember what was going on.

Looking at what Li Tian looks like now, it's probably because he really knew Ningbing before. Now that he sees Ningbing and amnesia, he can't remember what happened before, so he suspected them?

Afterwards, he thought about why Li Tian appeared in Xuanyin Hall, probably because of the Resurrection Grass.

"Elder Yunyi's face is so thick that I don't know how to say it, even I am ashamed for you, but you don't seem to take this matter seriously now." Li Tian sneered. , Then shook her head, and looked at Yunyi: "You know exactly what happened to Ningbing's amnesia, and I also know it very well. She doesn't remember who I am now. Isn't it the method of your Shuiyue Sect? "

"Our Shuiyue Sect is a respectable school, and there has never been any problem in so many years of history. This is just Murong Ziqing's conspiracy. You are still too young and deceived by that demon." Yun Yi explained. He said that his expression was serious and his tone was very sincere, as if he was framed by Murong Ziqing for this matter.

If it wasn't for Li Tian to be sure of Ning Bing's current situation, he would almost believe what Yun Yi said before him.

This guy's expression is almost at the level of an actor, and if you change another person, you will really believe it.

"Here, there are many people who want to kill you. Whether it is a disciple of the Discipline Hall or a disciple of the Shuiyue Sect, they probably know exactly what happened. In the Profound Yin Hall, what did you do? Matter." Li Tian snorted coldly, looked at Yunyi in front of him, and said, "You know why those Shuiyue zong disciples you brought in before died in the Profound Yin Hall."

"Are you still going to spread rumors here? It seems that you kid is really obsessed now. I originally wanted to let you know that you were deceived and cooperate with me, but looking at you, it doesn't make any sense at all. "Yun Yi looked at Li Tian helplessly, then slowly raised the fairy sword in his hand, and said: "If this is the case, then I can only kill you."

Li Tian squinted his eyes and slowly raised the Hong Zhan in his hand.

"Senior Brother, your current body."

"It's okay. We must hurry and leave here now. If we don't kill the kid in front of you, can we leave here? How can we explain it when those people behind follow?" Yun Yi clenched his fist and

looked in front of him. Li Tian, although he wanted to leave here very much, but now he was helpless. Li Tiandang was in front of them, even if he put wings on him, he couldn't let him leave quickly.

Although Yun Ji was very worried about Yunyi's current state, just as Yunyi said, the two of them are now walking on a single-plank bridge, with no choice at all and no turning back.

Li Tian smiled slightly: "When you are ready, I'm not welcome."

His aura slowly unfolded, like a pair of invisible big hands, making the expressions on the faces of the Shuiyue sect disciples standing here a little bit uncomfortable, and the immortal power in the body began to slowly condense. Up.

"Yun Ji, take them and leave right away. It will not do you any good to stay here." Yun Yi glanced at Yun Ji behind him, thinking of their unlucky actions this time, and felt angry in his heart, but a little bit There is no way.

Water Moon Sect:

Back Mountain Forbidden Area:

Murongzi stood up slowly and glanced at the several Shuiyue sect disciples behind him: "She asked you to come?"

"The Sect Master asked us to accompany you, worrying about what you would do that would be detrimental to our Shuiyue Sect." Several Shuiyue Sect disciples looked at Murong Ziqing in front of them without knowing why, they were constantly afraid, subconsciously. Want to go back.

"Hehe, she asked you to come and stay with me? I think it's because she is worried about me leaving this forbidden area." Murong Ziqing sneered, then turned around and walked towards the outside of the house step by step.

"If you continue to move forward, we can only do it." Several Shuiyue sect disciples stood in front of the door, looking at Murong Ziqing with a serious face, as if they were facing an enemy.

"Do you dare to do something to me? With your strength, what if the Qinglian Sword Formation can be displayed? What if you add the forbidden land restriction here?" Murong Zi chuckled, as if it were fundamental He didn't take this matter to heart: "You see the current system of Shuiyue Sect in your eyes. If I continue to stay here, what will happen to Shuiyue Sect in the future?"

Several Shuiyue sect disciples looked at each other, looking at Murong Ziqing in front of them, not knowing what to say.

Although they still have a ban on guarding this place, and they can also use the ban here, every time they face Murong Ziqing in front of them, they feel like they are facing an unstoppable powerhouse. , Even with many protective measures, they still don't have any courage to face Murong Ziqing in front of them.

Seeing the serious expression on Murong Ziqing's face, several female disciples immediately drew out their swords and began to gather sword formations on the ground.

"Don't waste time, she wants to come out of this forbidden area today, who can stop it?" At this time, a white-clothed man fell from the sky, and the sword in his hand showed a burst of sword light, and directly shot the several Shuiyuezhong disciples in front of him. Paralyzed on the ground: "You have been planning here for so many years, and now you can finally let the plan begin."

"You finally came." Murong Ziqing said, looking at the white-clothed man in front of him, with the corners of his mouth slightly raised.

Chapter 5513: Murong Ziqing came out of the mountain

"It's not as good as a coincidence, I'm just right here at this time." The white-clothed person looked at Murong Ziqing, walked slowly in front of a few Shuiyuezhong disciples, and directly entered the house.

"Everything is done?"

"The Commandment Hall and Shuiyuezhong will soon be separated. In order to facilitate this matter, several **** emperors will clearly support you in this matter. As for Yunyi and others, I think they are probably unlikely to come back. The white-clothed man sat down at one side of the table, raised one side of the teapot and poured it into the teacup, smiled and looked at Murong Ziqing in front of him, and said, "Everything is exactly the same as you planned before."

"Hard work pays off."

"It's just that that kid is a little uncontrollable. Do you really think he can always be a weapon in your hand?" The white-clothed man slowly put the hat on his head aside, revealing a handsome face, his cheeks as sharp as a knife. Generally, the edges and corners are distinct, especially those eyes, which are extraordinarily deep: "I see him, it will definitely not be controlled by ordinary people in the future."

"This is normal. A young man who has the courage to challenge the immortal realm, do you think we can control such a person casually?" Murong Ziqing smiled and looked at the white man in front of him, and said: "It's you, I really want to know what is the development of this young man in your eyes?"

"Very good. He has such strength at a young age. He can be regarded as a talented genius, and he also has a certain foundation in soul cultivation. In the future, he will challenge these powers of the God Emperor level without any problems. "The white-clothed man took a sip of the tea, squinted at Murong Ziqing, and said, "But he still needs some time to grow."

"That's true. It's time for him to grow up. This time, the Youth Hero Conference and the Ten Cities Conference are a good opportunity for him." Murongzi nodded and said with a smile: "It depends on him. What kind of results will you have in this competition."

At the moment when Li Tian and Yun Yi met, he knew that Yun Yi in front of him did not have much state.

When two people fight each other, Li Tian will use Void Transition to appear in any position beside Yunyi. It was already very difficult to deal with before Li Tian. This kid's Void Transition is completely There is no sign, you can never guess where he will appear next to you in the next second.

It's even harder to say now. Li Tian almost didn't last long in front of him at all. Every time he jumped into the void and then appeared in another place.

Yun Yi held the sword in one hand, and a lot of blood appeared on the shoulder of his left hand.

These are the scars left by Hong Zhan. There is no time limit to this kid's method of leap in the void, and it feels like there are countless people attacking you at the same time.

Although Yun Yi wanted to let Yun Jing take people away before, at least he had to tell the Sect Master what happened here.

But the two of them are now afraid that no one can easily leave here. Li Tian's strength is shown here. This kid's combat effectiveness is also quite terrifying. If you want to leave here in this situation, basically there is no way. Any possibility.

"Damn it, if this goes on, I'm afraid I will be planted here today. I originally wanted to retain my strength, but now it seems that there is no such possibility." Yun Yi snorted coldly, and then slowly moved. He picked up the fairy sword in his hand and looked at Li Tian in front of him: "It doesn't make any sense to continue entanglement like this, prepare to die."

"The powerhouse of the immortal pinnacle realm makes a full blow, it should be very powerful." Li Tian squinted his eyes and looked at the cloud in front of him, his mouth slightly raised.

"Among the young people, your future and strength are indeed very superior. I think in the next few years, it is unlikely that anyone will be your opponent." Yun Yi looked at him with a calm face. Said: "However, you, a celestial being in the realm of **** cultivation, actually tried to challenge me, a fairy at the pinnacle of the realm of gods. I really don't know what you think in the mind of a kid."

"Hmph, even if the current state of the brother is very poor compared to before, but there is still no problem with dealing with a small character like you. You send it to the door yourself, but don't blame me for being impolite." Yun Jing is also very serious at this time. Looking at Li Tian in the sky, the corners of his mouth rose slightly, as if he had seen Li Tian being killed by Yunyi in seconds.

After all, Yunyi is a powerhouse at the peak of the immortal realm, and the fighting power can be imagined. Who would have thought that a loose immortal at the realm of **** cultivation would dare to deal with a strong at the peak of the immortal realm.

The expression on Yun Yi's face became more and more serious, and the fairy sword in his hand slowly broke away from his hand and floated slowly in front of him.

A trace of energy is released from the emerald green fairy sword, like a rising sun, slowly releasing its own energy, and with the emergence of this energy, the surrounding environment has also changed at this time. .

In the sky, a group of black dark clouds slowly condensed at this time, and the thunder and lightning were mixed in Li Tian.

The surrounding trees were also bent down by the strong airflow at this time. Even some towering giant trees with a long age began to slowly show signs of cracking at this time, and they may explode at any time.

On the other side, there was a faint smile on Li Tian's mouth: "It seems that Elder Yunyi doesn't know how I dealt with Lu Xiu before."

Yun Yi did not answer, at this moment he was in no mood to pay attention to Li Tian's affairs.

His whole person's attention was focused on this battle. Immortal power was surging crazily at this time. He originally wanted to save his strength, but now he has no such idea at all. He just wants to His own strength was fully revealed, and it was enough to kill Li Tian in front of him with the realm gap.

Yun Ji also rose into the air at this time, and shouted: "Senior Brother, I will help you."

The two powerhouses in the realm of gods, at this time, fully contributed to the direct shameless style, and directly attacked a Sanxian in the realm of gods.

Facing the suppression of such a strong man, Li Tian especially felt the chaos of the surrounding aura and the lost aura, and he could feel that something in his body was slowly waking up at this time, and he was about to break through before. The shackles started to become a little loose at this time. He knew that he really seemed to find a breakthrough opportunity.

Chapter 5514: breakthrough

Under Yun Yi and Yun Ji's joint hands, the entire surrounding aura was all chaotic at this time.

Li Tian's original aura is like a fragile and thin glass cylinder, directly suppressed and fragmented. After all, there is still a big gap between the two sides in terms of strength. This gap in realm is even in talent and difference. Yes, it cannot be reversed at all.

He looked at Yunyi and Yunji in front of him, and his body instinctively felt a sense of crisis.

There may be some means to deal with a person. After all, you still have a spell in your hand, the ghost magic and the ***** of thunder. These two spells are very strong spells, and there is definitely no problem with him in the realm of gods. of.

But the problem is that he now finds that he has entered a completely different place.

It seems that because he has entered a new realm with one foot, and the current environment is different, Li Tian has naturally entered a state that is about to break through.

His eyes were closed at this moment, and people naturally entered the realm where the heart is still like water.

Yun Yi looked at Li Tian in front of him, and asked, "What's going on? This kid is in a state of battle now, but under this situation, he has entered a state of breakthrough? What a joke."

"I don't know, this kid was fine before, how could he suddenly enter a state of breakthrough, is this too weird?" Yun Ji beside him also looked at the entrance with a dull face at this time. Li Tian in the breakthrough state, they could be sure that this kid's state shouldn't be like this before, but this is what happened in front of them.

Yun Yi looked at Li Tian and snorted: "No matter what this kid is, kill him and save him a lot of trouble."

On the other side, Li Tian found himself in a dark space at this time. On the other side of this dark space, standing another self, he looked at Li Tian and squinted his eyes.

Li Tian was also observing the opposing self at this time. Strictly speaking, there was basically no difference between the two people. Even if he was himself, he could not see the difference between the opposing one and him.

"Aren't you curious about who I am?"

"I appear here, it can only mean that I should have entered the breakthrough state now, and you may be my test. As for who you are, aren't you me?" Li Tian smiled and looked at the one in front of me. Although I don't know where I am, I know that this is a very critical place to break through. The eagerly opposite me is likely to be a test.

Maybe this is a heart demon, after he soared to the **** realm, he has never experienced the feeling of breaking the heart demon.

"As expected of me, you are indeed very smart. You have indeed entered the realm of gods with one foot. Among the young generation, there is hardly anyone who has such a talent as you, as long as you can break through me. One level, you can become the most powerful one among the young people in the entire God Realm." The heart demon looked at Li Tian, the corners of his mouth rose slightly, seemingly satisfied with his performance.

Li Tian looked at him and asked seriously: "What should I do now?"

"Beat me, since I am your demon, you only need to use your own way to defeat me, but I will tell you one thing in advance. I am invincible here. If you can't find a way to deal with me, if you waste too much time, you won't defeat me." The heart demon looked at him as if a teacher was teaching his students. This feeling made Li Tian feel weird.

Look at the demon in front of you, although it is exactly the same as Li Tian, but if you really want to distinguish it, it is actually very easy to distinguish.

Li Tian's vitality is still very strong, but the vitality of the inner demon on the opposite side is relatively weaker. It feels like a soulless creature, and it can be easily distinguished. Which of the two is the real body.

Li Tian can also feel that the heart demon in front of him is in a very illusory state here, so it is very likely that his attack will indeed not have any effect.

"Moreover, your time is very short. It's a pity that your breakthrough time was not right. Your enemies outside are still staring at you, but now you have to choose to break through. You only need to fail during this time. If you succeed, you will lose not just a chance to break through, but your own life." The heart demon looked at Li Tian calmly and said with squinting eyes.

"If I die, you die too."

"I am just a demon of your heart. If you die, I will die too. If you do not die, I am destined to be eradicated by you today. If this is the case, what difference is there between if I die? What?" The demons looked at him and said.

"But what if I want to live with you?"

"Coexistence, what's a joke?" The heart demon looked at Li Tian in front of him with some sluggishness, and even wondered if his ears had heard something wrong. The guy in front of him

wanted to coexist with himself: "You really know what you are talking about. What? You want to live with me?"

"Of course I know that the existence of the heart demon does make me unable to control my emotions many times, but it may not be a good thing to be able to control my emotions all the time." Li Tian smiled and looked at the heart demon in front of him. Although eradicating the inner demons is something that everyone has to do, he really doesn't have much time to do it now.

Once you enter the state of breakthrough, it is impossible to reverse it.

He also wants to quit now and concentrate on facing Yunyi and Yunji, but he doesn't know how to leave this ghost place, and there is a demon in front of him that cannot be attacked. What he can do now is only with this The demons negotiated.

If two people can coexist, then he can leave here.

"Release your inner demon, it is likely to cause some uncontrollable things to happen, do you really want to do this?" the inner demon once again confirmed.

"Do I have a choice now? If I don't agree, I might die here, right?"

"Of course, you can also choose to kill me, so that you can leave here justifiably, and you can also break through to a higher level. It is not difficult to face the enemies outside." The heart demon looked at him, very serious. Said.

Chapter 5515:

Li Tianyi looked at the demon in front of him solemnly, and thought to himself, if I had a choice, would I make such a request?

His current time is very short, and there is no time to continue to spend here. The two people, Yunyi and Yunji, are watching closely. If he continues to waste time here, he will be killed in a short time.

Moreover, being controlled by the inner demon is not necessarily a bad thing.

"I don't have a better choice now, and I need to get out of this state immediately. If I die like this, it won't be worth the gain." Li Tian looked at his inner demon with a helpless smile on his face. If possible, he would certainly not choose this way, but since he retained his own demons, it might not be a bad thing.

"When I control your body, my violence will turn you into an unconscious but extremely destructive weapon. Even so, you still have to choose to coexist with me?" The demon in front of you is serious. Looking at Li Tian, it was really because the request Li Tian said in front of him was a little too unbelievable. Who would believe that someone would be willing to coexist with his own demons.

"If you don't believe me, you can tell me how to leave here without getting rid of you, so that you will know how sincere I am, but I also have a request. I will leave the battle outside to you." Li Heaven thought for a while, it may not be easy for him to deal with the Yunyi and Yunji outside, but if it is a demon, it may be possible.

"Do you use me as your offensive method?" The heart demon looked at Li Tian, his mouth raised slightly, and seemed to be a little dissatisfied with Li Tian's current attitude. Although the two discussed coexistence, look at Li Tian's current appearance. , Seems to use the inner demon as a

means of his own, his violent state can produce peculiar effects when facing some enemies, so it is not a bad thing to use it to deal with this state.

"You can think of it this way, but now that the two of us have decided to live together, if my body dies, you will definitely not be able to live. You should be very clear about the external situation. If I were to deal with it, maybe there will be a little chance of winning, but if you deal with it, the odds may be higher." Li Tian said solemnly.

The inner demon looked at him and nodded: "Well, it seems like it makes sense."

"It's OK now?"

"You only need to kill yourself." The heart demon looked at Li Tian and said seriously: "Here, only one of us can exist. Since you want me to coexist with you, you must be here. Kill myself here, only in this way can I live in this world forever."

"..."

"Don't doubt anything, if you really die, it will not do me any good."

Li Tian did not rush to answer. He knew that he was making a very difficult decision at this time. If he really agreed to the request of the demon in front of him, if he kills himself, the demon will occupy his body. How to do?

He doesn't know the probability of such a thing happening, but it's not impossible, especially since the heart demon itself is an extremely evil existence, an evil shadow in your heart. No one knows this kind of thing. What he wants to do is likely to occupy your body.

"You can think about it. The situation outside has become more and more complicated now. There is not much time left for you. What you should do depends on your own thoughts." The heart demon looked at Li Tian with a smile. , As if the overall situation is now in your hands.

Li Tian gritted his teeth, he is dead now and then, now there is no other way but to go crazy.

In the current situation, if he wants to deal with the previous idea, there may not be any good way. The only choice now is to be crazy. I hope the heart demon is not joking with himself.

Li Tian thought about it in his heart, and then slowly raised his right hand. Following the thoughts in his mind, a dagger appeared in his hand.

Then, the dagger directly pierced his heart.

The moment the dagger pierced Li Tian's heart, he could feel his spirit as if returning to his body, but at the same time there was a special difference. This difference seemed to be indescribable, even for him. I don't even know what it feels like. It's like a third-person perspective. I can see everything outside, but I can clearly feel that I can't control this body.

But in a short time, he knew what was going on.

It seems that the transaction with the inner demon should have been successful. What I see now is indeed what my body sees, but now it is my own inner demon who controls this body.

And Yunyi and Yun Ji outside were already ready to kill Li Tian.

"Huh, this kid hasn't fully woken up yet. It seems that there is no way to wake up. That's okay, it's just that the two of us dealt with him." There was a successful smile on Yun Yi's face, and he felt

like dealing with this before. It might be a little trickier when I was a kid, but now it doesn't look like this at all, and suddenly broke through during the battle.

The chance of this kind of thing happening is very small. Even if most people feel this kind of breakthrough in battle, they will be suppressed by force.

They know that once they have entered that state, they have no time to fight, which is equivalent to giving the enemy a living target, and it is simply a matter of dealing with him.

But Li Tian, seeking a breakthrough in front of them, completely did not protect himself at all.

Yun Yi doesn't know why this kid chose to break through at this critical time of aggregation, maybe he doesn't know what will happen next, or does he never expect that he will enter a breakthrough state at this critical time?

But these are completely meaningless now, and he is ready to attack.

"Are you ready? If there is no problem, we two will work together to kill this kid." A fierce light flashed in Yun Yi's eyes. This kid will be a disaster if he stays, and he must not be allowed to leave here. , Now that Li Tian was killed, Ningbing's position in the Youth Hero Conference could be guaranteed anyway.

Chapter 5516: Heavenly Tribulation

There is no brilliance between the sky and the earth. The sky was originally clear, but now it was covered with dark clouds.

There was a strong wind across the mountains, and it seemed that heavy rain was approaching.

At this moment Li Tian was floating in the air, with his hands on his chest, a faint energy is slowly condensing around his body, like a stone brick, slowly condensing a huge energy ball, these energy ***** It is also slowly blending into his body. This is a sign that Li Tian is breaking through. As he slowly found the opportunity for this breakthrough, coupled with the cooperation with the inner demon, it is finally a foot Stepped into a state of breakthrough.

On the other side, Yun Yi and Yun Ji both closed their eyes.

A lot of strange runes appeared on the corners of their eyes, slowly extending across their faces, and it quickly made the two men look like they were tattooed, super strange.

And the ground under their feet was cracking bit by bit at this time, like a crack in an earthquake, and a lot of crimson magma could even be seen gushing out inside.

The Shuiyuezhong disciples looked at the situation in front of them at this time, and the expressions on their faces were more or less solemn: "What should we do now?"

"Fighting at their level, if we stay here, we may be affected, but if we leave here, we will most likely be hunted down by those people. Without the protection of the two elders, we would not be able to survive. "A female disciple of Shuiyuezhong, looking at the team at this time, she is currently the only disciple of Shuiyuezhong who leads the team, and it is also the previous Ruyue.

Although she and Yunyi had some small frictions, she managed to survive every battle afterwards.

In the future, these survivors are a kind of resource help for them, and Yunyi will naturally not continue to be embarrassed.

When Ruyue saw Li Tian, she was a little surprised. When she thought of the two people holding hands, Li Tian was still Xuanning at the time, so she didn't feel anything at all, but at this time she saw Li Tian's real life. Looks like, I don't know why there is a strange throbbing in my heart. At this time, watching Li Tian, who is breaking through the realm with his eyes closed in the air, is also very nervous.

"Senior Sister Ruyue, you must think of a way, we are all forced to the point of desperation now, if we continue like this, we still know what will happen." A disciple of the Discipline Hall can only do this at this time. Speaking like this in a low voice, Ruyue has the strongest strength among them, and he can naturally lead them out of this desperate situation.

When Ruyue heard their voices, she eased from her ***** state at this time. She glanced at the people behind her and said, "Are we any other choices now? Staying here must be a dead end, but leaving If you are here, you may still survive."

Her tone is very serious. The power of the battle of this level of power is already very terrifying. They are at such a close distance, once the battle begins, they may be the first batch of victims.

So she took the remaining people and quickly left in the other direction.

At the same time, I was secretly praying in my heart, Li Tian must not go wrong.

On the other side, Yunyi's mouth was plausible. Following his spells, masses of magma spewed out from the cracks on the ground. These magmas, as if they had life, turned into a dragon in the air, and then began to be in Yunyi. Coiled around him, like a flat dragon encircling the golden pillar, and what followed was an endless aura of destruction.

Holding a sword in his hand, Yun Ji madly gathered his own fairy power into Yun Yi's body.

When the two of them were in the Xuan Yin Temple, they were already very exhausted. Facing Li Tian would be a bit tricky, but the skinny camel is bigger than a horse. If the two of them work together, they will probably not deal with Li Tian in front of him What's the problem, after all, it's the realm of immortals, and the combat power it exerts is still very terrifying, and a small character like Li Tian who wants to fight them is still somewhat too simple.

‘Boom Rumble’

A crimson lightning suddenly fell from the air like this. It was so fast that it hit Li Tian directly at a speed invisible to the naked eye, but at the moment it fell, Li Tian appeared on his body. The faint light film looks like a soft cake. The lightning strike only leaves a faint white mark on it, but it does not destroy the light film.

"I didn't expect this kid to be protected by the Heavenly Tribulation Array when breaking through. This is a bit tricky." Yunyi opened his eyes and frowned. The Heavenly Tribulation Array is a way to face the power when the immortal breaks through. The formation created by the tribulation of the gods is used to help the immortals resist part of the power of the tribulations. As for the talents and unique talents, this kind of scene can be found.

Unexpectedly, this is just a scattered immortal in the realm of ***** cultivation, and it can also trigger the heavenly calamity formation here.

"It's not difficult for us to break through the Heavenly Tribulation Array with our full strength. Without the protection of the Heavenly Tribulation Array, wouldn't it be easy to kill this kid?" Yun

Ji on the other side also felt that When it comes to the tricky things, they are two people joining hands after all, and there is nothing really scared at this time.

The two nodded together, then let out a scream.

At this moment, the spells on their faces all lit up with a radiant light, and then bursts of power surged crazily from their bodies, injected into the fairy sword in front of Yunyi.

What followed was that the emerald green little sword grew bigger and bigger, and the magma around it slowly solidified into red crystals at this time.

"I didn't expect that one day I would even use this method to deal with a young junior. Thinking about something that is really unlikely, but it happened to me like this." Yun Yi said with emotion on his face. , This trick is a killer trick for him, he usually didn't use it in the face of many enemies, but today he used it against a loose fairy.

Needless to say, he himself knew this was a shame.

As a strong man in the realm of gods and immortals, facing the Sanxian in the realm of gods cultivation, he has to use all his strengths, which is simply the world's best, even he himself feels very embarrassed.

Chapter 5517: Terror

The earth was trembling. As this move slowly reached its peak, even the surrounding environment had undergone earth-shaking changes. The trees on the ground had begun to wither, and the originally moist soil had now become Completely burnt black.

There was wind and rain in the sky, but I couldn't feel a little bit of cold, and some were just the heat that made it hard to suppress my mood.

This is the huge change caused by the influence of energy, and there is no way they can resist this huge change.

As Yun Yi said, he slowly controlled the emerald green sword in front of him. It was easy to control before, but it is not so easy anymore. Even if it is just a small movement, he It also seems very difficult.

I don't know how much time has passed, the emerald green sword lit up with a burst of red light, and sprinted toward Li Tian quickly.

During this process, the sound of breaking through the sky is a bit similar to that of a monkey, but the sound is obviously sharper and harsher, and it is easy to see that the surrounding space is showing a little bit of cracks. Around the pitch black, some white space cracks appeared in plain white, and on the other side of the cracks, there was a strong suction.

It is free space.

The powerful attack has directly tore through the space, causing the free space to appear here.

Under this kind of attack, the Heavenly Tribulation Formation of Li Tian's level probably won't produce any effect.

Yun Yi panted, vowing to say: "There are basically no people who want to live after eating my trick. Even if the emperor is here in person, don't want to live."

Of course, there are some suspicions of bragging about his words, but it has to be said that the destructive power of this trick is also quite huge, even compared to the destructive power of Li Tian's rechargeable cannon, it is not too much.

Sure enough, when the emerald green small sword hit the heavenly tribulation formation, it did not just leave a faint white mark, but actually left some cracks on it. This small sword is like an electric drill. , Madly spinning on the Heavenly Tribulation Array, wanting to slowly remove the protective film outside, exposing Li Tian inside.

Of course, this process is definitely not that simple, even if Yunyi and Yun Ji go all out with one blow, it is not that easy to destroy the heavenly Tribulation Formation.

As time passed, the cracks on the Heavenly Tribulation Array became larger and larger, just like the cracks in the spider web, slowly spreading towards the entire surface of the Heavenly Tribulation Array, and the scope of this spreading increased. The wider the spider cracks, the denser and denser the spider cracks. When they become denser, the Heavenly Tribulation Array will be completely shattered, and then Li Tian can be swallowed directly.

A faint smile hung on the corner of Yun Yi's mouth. At this time, he could finally feel more relieved. In this situation, he can guarantee that Li Tian still wants to live in the next time. It can only be described as wishful thinking.

Seeing the Heavenly Tribulation Array shattered bit by bit, Li Tian still had no response.

After a while, a crisp sound suddenly sounded.

Like the sound of glass falling to the ground, it was exceptionally crisp and loud, and what followed was the surface of the Heavenly Tribulation Array, cracking bit by bit.

Finally, after a few minutes of persistence, there was no way to persist.

With a soft sound, it broke apart.

When these fragments slowly appeared in the air, Li Tian's eyes suddenly opened.

Yun Yi and Yun Ji still had very happy expressions on their faces, but when they saw this scene, they suddenly felt that their whole body was standing up. They were exactly the same as Li Tian before, but they didn't know why. They just felt that Li Tian in front of them seemed like It's a little weird, and it's hard for them to describe what is weird.

"What's the situation, this...this kid seems to have changed differently in this short period of time?"

"Impossible, it's just such a short time. What kind of changes can this kid make?" Yun Yi shook his head and looked at Li Tian in front of him. Even if he broke through at this time, he was only in the realm of gods. It's just dispersing immortals, it is impossible to give them much pressure.

"Then why, does this look look so terrible?" Yun Jing said helplessly aside.

At this time, Li Tian's eyes completely turned crimson red. Unlike the crimson before, the red eyes are full of violent feelings, just like a demon suppressing his inner violent It was released, even his every move was filled with very violent feelings, if Li Tian, who stood in front of them before, was still a normal person.

Then Li Tian, standing in front of them now, is more like a complete demon,

Judging from the look in his eyes or the state of his muscles, it looks like a real demon.

The evil spirits all over made them feel a little uncomfortable.

"We still don't know what happened to this kid, but now it seems that even if he breaks through the realm, can he still resist this wave of offensive me?" Yun Yi's mouth raised, and he gave a cold snort, even if it was. Li Tian's strength is really good, even if he really breaks through at this critical time, can he really resist this wave of offensive?

Obviously this is simply impossible.

On the other side, Li Tian (Ma Li Tian), who was controlled by the heart demon at this time, was moving his body at this time, as if he was about to twist his joints: "Tie Tie, it turns out that this is the feeling of the body. Once I felt so real, it was really comfortable."

"Huh, it looks like you have broken through."

"Gaoying, you two old immortals should be my opponents, um, it's almost time to clean up you now." Mo Litian nodded, squinting at Yunyi and Yunji in front of him. , What followed was the destruction of the Heavenly Tribulation Array in front of him, followed by a direct impact from a powerful force, Mo Li Tian had no time to react, and this force directly swallowed him.

The sound of the explosion resounded through the entire mountain range, as if destroying the sky and the earth, the dust on the ground was flying, and even the dark clouds in the sky, which were originally black, turned into a black vortex under the influence of power at this time.

Chapter 5518: Not dead

A disdainful smile came from the corner of Yunyi's mouth, and he curled his mouth: "I am overpowered, but he only delayed me for a short while. Does he really think he can kill me with his own ability? "

"That is, not every immortal is like Lu Xiu's idiot. As a strong man in the immortal realm, he will be killed by the Sanxian in the **** cultivation realm." Yun Ji nodded aside, very happy. Said, I am afraid that even he himself didn't know why he suddenly felt this way. When he saw Li Tian dying in front of them, he was originally nervous and suddenly relaxed a lot.

It seems that Lu Xiu was killed by Li Tian before, although it was said to be very far away from them, it always echoed in their ears, and it was accepted in their minds subconsciously. This kid can defeat a god. Realm powerhouses, after such thoughts are deeply ingrained in their minds, it naturally has a little effect on their fighting style.

So that these two people are very careful when facing Li Tian.

Until Yunyi's move, he directly killed Li Tian in seconds.

There was a mushroom cloud in front of them, and inside the mushroom cloud was all kinds of violent energy. These energies are like a meat grinder at this time, but anyone who dares to approach easily will definitely be in the first place. Time was destroyed by this violent energy.

It would be fine if Li Tian used any method at the last minute, but obviously not.

In this process, Yunyi can tear the surrounding space and create free space. With the influence of free space, it is impossible for Li Tian to use the void to escape if he wants to. Once he flees in a panic, It may directly enter the free space.

I don't know if Yun Yi knew, Li Tian entered the free space once and came out alive, what would he feel.

But from the current point of view, there is nothing wrong with his method. At this critical moment of life, Li Tian really failed to use the method of Void Leap, so he faced his move directly, and he may have been killed. To the scum.

"Huh, an unsurprising trash who dares to challenge us Shuiyuezhong, just kidding, let's go." Yun Yi spit in Li Tian's direction, then turned around to leave.

Both people's faces were full of disdain, in their opinion Li Tian was already dead.

But when they walked just a few steps, their bodies suddenly stiffened in place.

A terrible aura suddenly radiated from the mushroom cloud. It was a very depressive aura, which really affected them.

Yun Yi and Yun Ji turned around and looked at each other: "Impossible, is it impossible for this kind of thing to happen?"

"This kid is at best a celestial being in the realm of gods. It's impossible to be so powerful, right?" Yun Ji stared at the scene in front of him and didn't know what to say.

"I think we have thought about it a lot. This kid is probably dead. This is probably just a turbulent flow of energy." After waiting for a while, I didn't see Li Tian coming out of the mushroom cloud. The two of them are again considered to be He breathed a sigh of relief. I was worried that Li Tian would suddenly come out of this mushroom cloud. Their immortal power had been exhausted, and it was very difficult to deal with Li Tian.

At this time, I haven't seen any response for so long, and most of them are dead.

However, at the moment when the voice fell, a violent explosion suddenly sounded, and then I saw something in the mushroom cloud that caused the second explosion, causing the original chaotic energy to flow wildly around. With.

Yun Yi and Yun Ji were stunned, and hurriedly propped up a barrier in front of them.

'call'

The energy turbulence swept across like locusts. The withered trees were completely turned into dust. Even the ground under their feet was cut alive by about half a meter at this time, and a pit appeared in front of them.

And in the center of this pothole, there is a man braving blue fairy air.

He was wearing a tattered armor with blood stains all over his body, and even dense bones could be seen in many places. Such a seriously injured person should not be worthy of their attention.

But seeing the hideous smile on this man's face and the brutality in those scarlet eyes, both of them were silent.

Reluctantly persisted, the energy turbulence did not break their barrier, but it also made the two of them exhausted. At this moment, looking at the distant Li Tian who was still standing in the middle of the explosion, his eyes were all incredible. expression.

"Tietie, you two old guys must be in a bad mood at this time. I thought I was dead in this explosion, but unfortunately I didn't die." Mo Li Tian was gloomy. With a smile, his body staggered to his feet, and blood continuously flowed from the surface of his body, dripping onto the ground: "That guy Li Tian is really smart. If it were him, he might be dead in this situation. Lost."

"Are you not Li Tian?" Yun Yi caught the key point in this sentence. The guy in front of him was not Li Tian? So where is the real Li Tian?

"Of course I am not Li Tian. If it were Li Tian, he would have died. He has far less control over this body than me." Mo Li Tian laughed disdainfully, moving his body, letting blood erupt. More serious: "I am his demon, and also your most terrifying enemy right now. If you choose to beg for mercy at this time, I may spare your lives."

"The heart demon?" Yun Yi and Yun Ji looked at each other, and they both saw an incredible expression in each other's eyes. They had all experienced the heart demon before breaking through. In the process Naturally, there is no need to elaborate on the difficulties and hardships with too much words, but at this time I can't imagine that Li Tian will be crazy to this point.

He didn't even get rid of his own inner demon, and at this time he was still controlled by the inner demon of his body?

"No wonder I felt such a real hostility in this kid. If the guy in front of me is really a demon, then all this can make sense. It's just that throughout the history of the God Realm, we've never heard it. I've said that a fairy can choose to coexist with the heart demon, who can break through without destroying his own heart demon. This is the first time I have seen such a situation."

Chapter 5519: Situation reversal

"You short-sighted guys, it's normal to have never seen this happen. Even after I heard the kid's request, I felt that this kid has become an idiot, so I can understand now. Your feelings." Mo Litian said with a mockery, staring at two people with scarlet eyes, as if staring at his own prey: "But now, since I am here, I won't give you a little bit. Chance."

"Whether it is Li Tian or you, the strength of the two of you will not be so different at all. Do you really think that you can deal with the two of us? It's really naive. It seems that you demons are really nothing. Brain." Yun Yi snorted coldly. After knowing the identity of Demon Li Tian in front of him, he was not as scared as before.

Although it was the first time to face this situation, even if the inner demon controlled Li Tian's body, it only showed 100% of his strength, or a little more than his strength.

So what?

They have an absolute advantage in the realm. Even if they don't have much power at this time, they still believe that they still have the power to fight.

Escape is definitely impossible. In this situation, if you don't kill Li Tian in front of you, trying to escape is just a joke. It doesn't make any sense except for consuming the immortal power in their bodies for no reason, so the two people All are very smart and did not choose to escape.

Since he couldn't choose to escape, the only option now was to face the Demon Li Tian in front of him.

"I have given you a chance before, just now I was not able to control this body well, so that's why you hurt me seriously, but then there will be no such thing happen." Mo Litian sneered. , Looked at Yunyi and said, "Do you think you can restrict my void migration by tearing the surrounding space? It's so stupid. This kid has mastered the void migration method a long time ago. "

"..." Yun Yi understood. The Demon Li Tian in front of him didn't force his move, but dodged it with void mobility.

The reason why using Void Jump will cause serious injuries, may be because this guy doesn't understand Li Tian's body at all, so there are still a little flaws when performing tricks, which will cause him to be in this situation. Seriously injured.

But now the situation is different. Mo Li Tian has completely adapted to this body. In other words, he will be more adept at using Li Tian's tricks. Maybe facing the two of them, there will be A little bit of advantage.

"What to do now, this heart demon seems to be full of confidence, even if I face our two powerhouses in the immortal realm, I still don't have any sense of fear." Yun Ji glanced at Yun Yi beside him. I was nervous before, let alone now.

"Is there any way, the two of us are now exhausted. It is already very difficult to deal with the demon in front of us, but now there is no good way to retreat. There are other things besides just fighting like this. The way?" Yun Yi glanced at Yun Ji beside him. What is hateful is that they were seriously injured in the previous battle. Although they have healed a little on the surface, the internal injuries in the body have not fully recovered.

In addition to the successive battles, their immortal power consumption is also quite huge.

Under such a situation, it is not good for the enemy itself. Before Li Tian was only a strong man in the realm of spiritual cultivation, they were not very difficult to deal with, as long as they were careful, they could still succeed.

But now Li Tian has become a celestial dispersal in the realm of gods, and they have run out of oil, and the celestial power in their bodies has basically been exhausted, plus the old wounds have not gone, and new ones have been added. Time is basically hungry and cold, and there is more or less no chance of winning.

It's a pity that if they knew this would be the solution before, they might have a little chance to escape.

Even if the guys in the Xuan Yin Temple chase them out, they may not be able to catch them.

But now, they have no choice,

Yun Yi gritted his teeth and held the emerald green fairy sword in his hand: "It seems that we have lost to our own arrogance. I have heard that this kid killed a strong man in the immortal realm, but he has never been in battle. Taking this matter to heart, it seems that now we are going to pay the price for our arrogance. The only choice today is to fight to the end with this kid in front of us. Even if we die, we must die with dignity."

"That's right, he can really kill us, but the Commandment Hall and Shuiyuezhong will never let him go like this." Yun Ji also wanted to understand. Since he can't leave alive, it's better to die at this last moment. Be dignified.

"Daiying, you two old guys are really interesting, you still have the courage to say such rhetoric when you die, don't you think it's cool?" Mo Litian said disdainfully, and slowly raised his hand. Hong Zhan, just a small movement, you can see that the space around him has cracks little by little. This is the strength of Li Tian in the realm of gods.

Compared with before, it can basically be said to be a very complete transformation.

His body itself is already different from ordinary immortals, and coupled with powerful soul power, it can be said that his current future is even more powerful than when some ***** emperors were younger.

Yun Ji and Yun Yi looked at each other, then roared, raising their swords and rushing towards Mo Li Tian.

They are very fast, probably using all their last little strength.

The look of disdain in Mo Litian's eyes became more intense, and at the same time, there was still increasing violence. His hand grasping the hilt of Hong Zhan's sword became stronger and stronger, as if he could not restrain his own strength, and stuck out his tongue. Licking his dry lips: "Since the two of you want to die so sincerely, I will do it for you, and let you know that there is still Lei Feng in this world."

The two snorted, "Even if we die, we will kill you today."

"Daydreaming." Mo Litian said disdainfully. At the moment when the two were about to approach, his left foot slightly stepped forward, and a black hole appeared under his feet.

In the next second, he stepped directly in half of his left foot, and suddenly appeared on Yun Yi's face.

Then, this kick hit Yunyi's face fiercely, without the slightest reservation. At this moment, the power burst out completely...

Chapter 5520: Assault

'boom'

It can be said that all of this came fiercely and extremely suddenly. Even a person with rich combat experience like Yunyi never expected such a scene to appear. When this half of his calf appeared on his face, he had not been able to react. What was going on here, I just saw that this corner had already appeared in front of me, but I couldn't resist.

In the next second, a sturdy foot landed on his face.

Yunyi screamed in pain, nosebleeds flowed wildly, and the whole person fell straight out and hit the ground heavily.

Yun Ji hadn't recovered yet, his body was out of control, and he was still sprinting towards Li Tian, but as soon as he approached, he saw Li Tian's arm twisting in a very strange range, like Li Tian's bones were all broken. This strange magnitude made people feel painful. Then the next moment, his arm was squeezed straight, and with the help of this moment's power, a fist hit Yun Ji's. Chest.

"Kacha"

Yun Ji's chest was partially sunken, and it seemed that his bones were smashed by Li Tian's fist.

He opened his mouth, a mouthful of hot blood spewed out, and fell on the ground, lying softly on the ground.

According to the truth, the distance between Li Tian and them is still a safe distance. Even if the two sides really fight, Li Tian cannot touch them so easily, but the facts are completely different from what they thought. I still enter the black hole and then change the position, but the current concept is completely different from the previous one.

Just extending a part of his body into the black hole directly triggered the trick of Void Leap, which was the way of fighting against Yunyi before, which can be said to be a bit strange to them.

"This heart demon, as expected, are two completely different guys from Li Tian." Yun Yi shook his head. At this time, his eyes were staring at Venus. The battle with Li Tian just now made him suffer a lot from his injuries. The important thing is that the current Mo Li Tian and the previous Li Tian are completely two guys with different fighting styles. Before Yun Yi thought he was very careful, but he still couldn't defend himself.

Mo Li Tian's offense is really weird, and the use of the skill of Void Leap is much more skilled than Li Tian.

Although one is the main body and the other is the heart demon, the styles of the two are completely different, and this difference is difficult to describe in words. It gives Yunyi a feeling that it seems that the kid in front of him after his breakthrough, He has completely become another person, both in the way of fighting and the use of tricks, he is more skilled than before, and he is also much crazier.

Use Void Leap to divide one's own body into two parts to attack, I am afraid that only the existence of such a horrible heart demon would have the courage to do so.

"Gai Gai Gai, you two old guys know now, your strength is just a joke in front of me, if you are in the peak state, maybe I will be more careful, but your current state wants to follow I did it, just joking." Mo Litian sneered and looked at the two injured elders in front of him. It can be said that this battle was a complete victory. Relying on his strength, he easily suppressed the one in front of him. Two.

Yun Yi and Yun Ji looked at each other, the expressions on their faces were a little bit helpless, the strength that this young man gradually showed made them somewhat speechless.

It's just a dispersal in the realm of gods, but the displayed combat power is much stronger than that of ordinary gods. The future of such young people does not know what the future will be.

Yun Yi stood up slowly, clutching his nose, squinting his eyes and said, "This kid may have no wrong choice. If he doesn't coexist with you, he is dead now, but if he chooses If he coexists with you, his future will be limitless in the future. It is indeed a very wise choice."

"He chose what this purpose is, but now that I can survive, it is a very meaningful thing for me, and I have never felt such a feeling before, such a real feeling for my body, such a thing I never thought of it." Mo Li Tian said with squinting eyes, looking at Yunyi in front of him.

He walked towards Yunyi step by step, and with each step he took out, he felt his disappearance quickly, and then appeared in another position in the next second.

Because his method of void leap is really used too fast, basically completed in an instant, so the process of his walking seems very smooth, but in fact, he has always used void leap. Come for teleportation.

Soon, Li Tian was in front of Yunyi, squinting his eyes and said: "Look at what you are like now. Anyway, you are also an elder of Shuiyue Sect, but looking at you like this, can you still beat me now? ?"

Although Yun Yi was standing, his body was already extremely weak. On the surface, there was nothing, but his body was already broken. Even he himself knew that his state could not last long.

"You won, but it doesn't mean that we have lost. This time you and I are both losers." Yun Yi smiled and looked at the demon Li Tian in front of him, and said, "You really think the treasures in the Xuan Yin Temple are still there. Is it? It was taken away by Murong Ziqing a long time ago, and there is no so-called resurrection grass in Xuan Yin Temple. Whether it is you or me, in this matter, it is a chess piece. That's it."

"Die Dao Da, you should tell Li Tian these things, not me. It's a pity that this battle won't make me happy." Mo Li Tian said as he said, a slowly appeared in his hand. The black hole slowly swallowed his right hand in.

In an instant, Yunyi opened his eyes wide.

"Brother." Yun Ji struggled to stand up, but it was too late to rush over to help. He watched Yun Yi's mouth slowly overflowing with blood, clasped his hands, and looked at Mo Li Tian's back, his teeth clenched. Biting, creaking.

I thought they could harvest treasures this time, but I didn't know that this time things were basically a trap for them.

It is a trap carefully designed by Murong Ziqing to target many people.
