

A Killer 5521

Chapter 5521: conspiracy

Yun Yi's mouth opened, and his eyes slowly bulged out, as if he wanted to say something, but his throat and eyes were all blocked by blood, and there was no way to say a word. ,

The emerald green fairy sword screamed softly, like an unwilling, sorrowful scream, but Mo Litian just glanced at it coldly, and then there was an aura that forced the emerald green. Xianjian suppressed it.

Yun Ji stood up and ran over staggeringly.

And Mo Litian's hand has been drawn out of the black hole.

In his hand, there was a beating heart, and the hot blood stained his palms, looking at the extra blood.

Mo Litian looked at the heart in his hand, and then smiled grimly. The cold air instantly penetrated into this heart, and the heart that was still beating stopped instantly.

But Yunyi turned his eyes at this time and fell to the ground, with no vitality.

"Even if you are strong, how about this skill, if you really know how to use this skill, just rely on your little abilities, think it can be resisted?" Mo Li Tian sneered and watched rushing over. Yun Ji lifted his right hand, and a black hole appeared in front of him, and then countless fairy swords passed through the black hole.

In the next second, when Yun Ji didn't know what was going on, countless fairy swords appeared in his body.

The whole person disappeared into this world in an instant.

Mo Litian looked at the messy venue in front of him, gave a weird smile, and then said to himself: "I have done your thing for you, what do you want to do next?"

At the moment when Demon Li Tian finished speaking, a crimson light suddenly appeared in Li Tian's body. Hong Zhan escaped from his hand uncontrollably, and then an illusory female shadow appeared. In front of him.

"What do you want to do?" Mo Litian asked in a panic, looking at the shadow of the woman in front of him.

He could feel that the shadow of the woman in front of him gave him a very dangerous feeling, it should be Tang Feifei's ghost in the red sword.

"Of course it is impossible for me to choose to let you control my body at will. My current idea is to release you when I need you, and when I don't need you, you will be obediently sealed by me in Red Slash. Middle." Li Tian's voice came out, and then slowly, his body began to become weird, as if two souls were struggling in his body.

Although Li Tian had said that he wanted to share this body with the heart demon, it was absolutely impossible for the body in front of him to control any period of time casually.

"Do you want to treat me as your slave?" The heart demon sneered, and said unconvincedly.

"I have no way to completely eradicate it now, but I still have a way to seal you in my Red Slash. There is still this method." Li Tian sneered and said to the heart demon.

"Hmph, even if you seal me in your sword, it is impossible for you to control my actions. I cannot be a weapon in your hand. Don't think about what I can do for you." The voice of the inner demon was very determined.

"These are not for you. Honestly, you will be sealed in Red Zhan for a while. I think you will choose to cooperate with me soon." Li Tian said as he slowly controlled his body. Control, and at the same time, with the help of Tang Feifei, he sealed his own heart demon into the red cut. As soon as the heart demon seal entered, he could see the red cut in front of him, with a lot of black lines on it. , And there is evil spirit released from it.

"Can you hold it?"

The female shadow nodded, then turned into a stream of light and blended into the red sword.

When he regained his body, Li Tian couldn't help but breathe in the air. The biggest difference between Mo Litian and his fighting style is that this guy was completely crazy when he fought. The previous battle should have been. It was easy, but after this battle, he is now suffering from various injuries, which is particularly uncomfortable.

‘Damn it, if there are a few more battles like this, won’t my body just collapse? Li Tian squinted his eyes and felt the extent of his body's current injury. This fighting method is a bit like hurting the enemy by one thousand and eight hundred.

Looking at the surrounding environment again, it was already devastated here, and idiots could see how intense the fighting here was.

As he thought about it, he stood up slowly, Feather Blade slowly instigated, allowing his body to fly bit by bit, moving in the direction of New Moon City, since the matter here has been resolved Now it's time to return to the Crescent City.

By this time Feng Tianxiang's affairs had almost had a result.

Believe that this time I return to New Moon City, there will be no problems at all.

As he spoke, he moved forward slowly.

Because of his physical injury, Li Tian's speed was not very fast. It took half a day before he finally arrived outside the gate of New Moon City. At this time, you can see many guards standing outside, all of them carefully observing each. A person who goes in and out.

You can even see many missing persons notices on the walls.

You don’t have to guess and you know what happened. After being assassinated, he disappeared in front of Feng Jie. Now many people may directly attribute this problem to Feng Jie, as the new moon. The city lord of the city, this kind of problem is definitely intolerable, now he should be doing everything possible to find where Li Tian is. The biggest task of the entire New Moon City is to find Li Tian.

Although he came back, he was not ready to show up at this time, so when he came to the city of the new moon, he was still disguised.

Although I didn't take the incident this time seriously, I still felt a little grudge in my heart. I have been in the God Realm for so long, and I have never encountered such a thing. Now I am regarded by Murong Ziqing. Chess pieces, freely manipulate his actions.

This time I was still thinking about what Reanimation Grass could be found in the Xuan Yin Temple, but now it seems that this is a conspiracy carefully planned by Murong Ziqing.

Resurrection grass does not exist at all, and it is also impossible to help Ningbing restore his memory.

The suzerain of Shuiyue Sect is what Murong Ziqing most expects and wants most.

Even he himself had begun to wonder if he was doing the right thing this time.

To help Murong Ziqing, is it to help the gang be abused?

Chapter 5522: conspiracy

Although the precepts hall is not a good thing.

But Murong Ziqing may not be a good thing.

Although it is said that the white-clothed man helped Li Tian survive this time, it may also be a means by Murong Ziqing to help him abuse. Now Li Tian really doubts what Murong Ziqing's purpose is, since the first time he was in Broken Cloud Mountains. Seeing this woman until now, there is still no way to figure out Murong Ziqing's strength, nor can he guess what Murong Ziqing's purpose is.

Some things she did had no connection, leaving Li Tian unable to find clues.

After Li Tianyi Rong changed his clothes, he swaggered into the New Moon City. The place where the tavern was originally gathered has been demolished and the building is being rebuilt.

What happened this time was also a big blow to Yunji Tavern. Such a thing happened on their territory, no matter what, they must be to blame for this incident.

Li Tian randomly found an inn and stayed in.

Next is the Young Heroes Conference. These days, he still wants to be incognito in the New Moon City, while collecting some things about the New Moon City these days, while also recovering his body.

There are many residents in this inn, but most of them are doing their own things, and they have no influence on each other.

Therefore, Li Tian's life was very easy in the next few days.

However, what Li Tian expected was the split between the Shuiyue Sect and the Discipline Hall. Under the pressure of several gods, the current Shuiyue Sect master could only choose to split from the Discipline Hall. After this incident, various problems about the current Shuiyue Sect Master were madly revealed, several **** emperors were oppressed, and the internal problems of Shuiyue Sect were also exposed.

In the end, Murong Ziqing succeeded in becoming the supreme leader of Shuiyue Sect.

All of this was in Li Tian's expectation. Thinking of what he had thought of before, he knew that Murong Ziqing had no problem with becoming the Sect Master of Shuiyue Sect. This woman was not bad at all in calculations.

Don't think she is in the back mountain forbidden area of Shui Yuezong, but relying on her own strength, she can easily control everything outside.

Just when Li Tian thought he could rest in peace for a while, someone unexpectedly came to him.

"You think you have returned to the New Moon City, and then you hide your name, no one knows where you are?" You'er didn't know how to find here, and she swaggered into the room.

She felt like she was in her own home, naturally sitting opposite Li Tian and looking at him with a smile.

"How do you know I am here?"

"Of course I know you will be here, but I wasted some time trying to find you. Master has been thinking about where you are before. After leaving the Xuanyin Hall, he has done so many things. You should be seriously injured. You must be looking for a place to rest. So I searched one by one in the inn of New Moon City. After all my efforts paid off, I found you here." You'er looked at you with a smile. Li Tian, speaking of it.

"What did you find me wanting to do? Murong Ziqing used me to sit for so many things, but he wanted to sit on the position of Sect Master Shuiyue. Now that his plan has succeeded, what else would he come to me for?" Li Tian smiled disdainfully, thinking that he had done so many things for Murong Ziqing before, and Shuang'er, if this woman was really vicious, then the problem would be serious.

"Master knows that you would say this, but we really don't know whether there is Reanimation Grass in the Profound Yin Hall. We hoped that you could find Reanimation Grass so that Ningbing can play a bigger role in this event. It works, but it seems that everything is proceeding smoothly according to our previous plan, and Shui Yuezong has restored its original appearance." You'er smiled and looked at Li Tian in front of him and said.

"So? What is the purpose of your coming to me." Li Tian asked, squinting his eyes, looking at her.

"I came to see you this time. Of course, I am planning to take you to Shuiyue Sect. Didn't you always want to know how Shuang'er is with us? The last time Master was in the Forbidden Land in the Back Mountain, many things were beyond your control. , But it's different now. Her old man is already the Sect Master of Shuiyue Sect. It is not a problem if you want to enter Shuiyue Sect." You'er squinted and said in a low voice.

"But I don't want to go to Shuiyuezong right now. With my current state, if I get there, I might not be able to leave alive." Li Tian squinted his eyes and looked at the You'er in front of him, not prepared. He agreed to her request, and now the finals of the Young Heroes Conference is about to begin, he should hurry up to prepare for the next Young Heroes Conference.

"If we want to kill you, even if you are here now, you can't be alive. You have a lot of thoughts at a young age." You'er sneered, looking at Li like a joke. God, squinted his eyes and said: "Don't think about it. If you don't want to believe us, you can wait for time. But if we really want to get rid of you, you are now dead."

Although there is nothing wrong with what You'er said, but Li Tian still feels uncomfortable after listening to it. Anyway, he is now a goddess, but in the eyes of these people, it seems that he is not a role at all. .

"Don't think that you are already very powerful after killing a few people in the immortal realm, but you will only attack when they are weak. If they have no physical problems, where are you almost shot?" You'er With a sneer, he looked at Li Tian, who was dissatisfied in front of him, and said, "Don't think we are calculating you this time. You will soon know that we do these things because there are more important things waiting for us to do. "

Li Tian smiled slightly and said nothing.

You'er stood up and looked at Li Tian in front of him: "Since you don't want to go, it's fine. You will come to Shuiyuezhong soon. We will meet at that time. I hope to see a brand new one. Of you."

"Bring me something to tell Murong Ziqing, I hope she really doesn't have any excessive plans, otherwise, I will soon become her enemy." Li Tian said with a cold look in his eyes.

Chapter 5523: Flooded Dragon King Temple

Li Tian watched You'er leave, the expression on his face was still unconvinced.

Although he is only a small god-spirited disperser, as long as he gives Li Tian time, he believes that his strength will definitely be stronger than before. With his current opportunities, it is not a problem to grow up slowly. .

In the morning of the next day, Li Tian decided to go to the City Lord's Mansion.

It was about time when the young hero meeting started. At this time, he hadn't appeared yet. It would be bad if he was disqualified.

However, this Xitian, through the discussions with these people around him, also knew how much trouble he had caused Feng Jie after his disappearance. It is said that even the Emperor Beidou came to ask about this matter in person, which shows that he is concerned about this matter. Views are also quite heavy.

However, when Li Tian disappeared, there was only Feng Jie by his side, and it was Murong Ziqing's reverse summoning personally. If they looked at it now, they could not find any clues to know where Li Tian went after that day. As a result, all the pressure from all parties is on Feng Jie, and Feng Jie is also very difficult now, so he is looking for Li Tian in such a hurry.

In the past few days, Li Tian has been taking care of his body, and there is basically no problem with his injuries. All he needs now is to show up.

Just after he left the inn, he suddenly saw an interesting thing.

Outside the inn, he unexpectedly saw a man who claimed to be Li Tian, and had a conflict with several young people.

"You'd better be honest with me. I'm going to the City Lord's Mansion now. If you dare to stand in front of me, don't blame me for being rude." Fake Li Tian looked at these people in front of him with a fierce expression. The young man, with a sneer at the corner of his mouth: "You also know how important I am in the eyes of the city lord now. It is definitely not a very wise choice to oppose me."

Standing across from this fake Li Tian, there are several other Sanxians who seem to be very young. The strength of these scattered immortals is not very strong, so at this time, being scared by this fake Li Tian, he really didn't dare to do anything.

In their capacity, offending the guests of the City Lord's Mansion in the New Moon City is really unlucky, and the strength that Li Tian has shown at this young hero meeting is also intriguing. This level is not possible for everyone. some.

The future is beyond limit. It can be seen that Feng Jie's views on Li Tian are quite good.

If there is a conflict with such a person, then it is equivalent to having trouble with the entire New Moon City. They are just a few immortals. They have no background and are not very strong. How can they be in conflict with such a person?

"But this wasn't our fault at all. Even if you are Li Tian, you shouldn't be like that. You have the lord of the city behind you, don't you need to be reasonable?" A scattered fairy at the head stood up and squinted. The fake Li Tian in front of him said, "You took our things away, and you still don't want to return them to us. You also said that we are here to delay your business?"

"Haha, I took your things? Do you have any evidence that I took your things? What if I did take your things, what can you do to me? Look at you Your own identity, compared to me, what are you guys like, just treat it as if nothing happened, what can I say?" Fake Li Tian squinted and looked at the two in front of you. Personally, with a disdainful smile on his lips, he said.

Li Tian looked at these people with a faint smile on his lips.

He has seen a lot of things, but this is the first time he has seen such things. To what extent is he now, how many people will come here to impersonate himself?

This is really flooding the Dragon King Temple.

He is standing here, and now there are people standing in front of him disguising him.

The young man in front of him is indeed exactly the same as Li Tian. Even when he speaks, his expression is the same. If he is not very familiar with Li Tian, he will definitely be deceived.

Coupled with Li Tian's identity, no one would have thought that someone would impersonate Li Tian in such a place.

Feng Jie had been looking for Li Tian before. Someone would know about such a big event here. Then tell Feng Jie about it. After the Lord of the City arrives, will he not see the death of Li Tian in front of him? Is it fake? So who would doubt that the guy in front of him would be Li Tian?

It is for this reason that no one now doubts the identity of the fake Li Tian in front of him.

"You are unreasonable, relying on your own good results in this competition, you feel that you are very good, you feel that you are superior, you think we don't know what you think?" The young man finally couldn't bear his emotions anymore. He looked at the fake Li Tian in front of him, and shouted: "Since you are not afraid of things going wrong, wait for the Lord City Lord to come and talk about it. So many people here are watching. , I don't believe you can really cover the sky with one hand?"

"Okay, you can try and see how to deal with you after the Lord of the City is over." The fake Li Tian sneered and squinted at the young people in front of me: "It's just a group of scattered immortals, so I dare to be in my place. The arrogance in front of me is just a joke."

The Sanxian headed by him is still unwilling to give up easily.

And the other two scattered immortals stepped forward at this time, patted their companions on the shoulders, and said, "Forget it, I see this thing and forget it. He is the dark horse in this young hero meeting. In the favor of Lord City Lord, we are just a few immortals, and how could they be of the same level. When Lord City Lord comes, we will certainly not be offended."

"Did we just give up like this? We finally got that thing, and now he has snatched it away, how can I tolerate it." The young Sanxian headed by this time still looked in front of him with an unconvincing expression. This fake Li Tian seemed to want to do it.

Li Tian squinted his eyes and was ready to come out.

But just when he was about to do it, he suddenly felt a familiar aura, and suddenly it enveloped here, and it seemed that a familiar person appeared.

The corners of his mouth rose slightly, and he did not choose to do it, but stood aside and waited.

Chapter 5524: Ningbing is coming

The cold sword intent swept the entire street.

Several people were a little dumbfounded, and seemed to feel this different feeling, not knowing what was going on.

Li Tian frowned slightly, guessing what was coming.

Sure enough, Ningbing walked out of the crowd in the next second.

She frowned and looked at the fake Li Tian and said, "You said you are Li Tian?"

"Ningbing, why are you here...I...I finally saw you." The fake Li Tian was obviously a little bit embarrassed when he saw Ningbing, but he seemed to think of himself before changing his mind. All the embarrassment in Zhong was left behind, and he even wanted to embrace Ningbing.

Perhaps in the eyes of this guy, Ning Bing probably hasn't discovered his identity yet.

But at this moment, the sword in Ningbing's hand was suddenly pulled out, and then pointed at his shoulder, squinted, and said, "Speaking of Li Tianlai, I am more familiar than you, maybe you will be a little familiar. Li Tian, but it is only limited to what he looks like outside. It is impossible for the real Li Tian to do something like you."

Li Tian was very satisfied after listening to him in the crowd, although Ning Bing's current address to him always made her feel sad.

But now it is very good to be able to establish such a friendship between two people, and the next thing to think about is how to restore Ning Bing's memory.

"Um..." The fake Li Tian looked at Ningbing in front of him with some embarrassment, then suddenly rolled his eyes and said: "You are not really Ningbing, how can real Ningbing talk to me like this."

Li Tian looked at it and knew that it was time for him to stand up. He said as he walked out: "It seems that you really think you are me."

"Who are you?" Li Tian hasn't talked about the cancellation of his disguise, so the fake Li Tian in front of him doesn't know at this time, who suddenly stood out from the crowd.

And the other scattered immortals were completely dumbfounded at this time.

They would never have thought that they could see the rumored Master Ningbing here.

"Who am I, who do you guess I am?" Li Tian said as he slowly cancelled the disguise technique on his face, squinting at the fake Li Tian in front of him: "I really don't I saw that someone would choose to impersonate me in this kind of place. You guys are really bold. Who would have thought that in New Moon City, in this situation, someone would impersonate me?"

"This is a fake, this is the real Li Tian." The headed Sanxian squinted at this time and said seriously.

Li Tian also smiled and looked at the fake Li Tian in front of him.

As for the fake Li Tian, he was completely trapped at this time. He would never have thought that he would see a real body here. He thought that although he was a fake, even if Feng Jie saw it, he might be wrong. After all, they have been trying very hard to find Li Tian. Maybe they can fake Li Tian and lose this game.

Isn't that a joy for everyone?

But who could have thought that seeing his plan be successful, Li Tian's true body appeared in front of him.

Even Master Ningbing stepped forward.

what is this?

Ning Bing looked at Li Tian at this time, obviously a little bit excited: "Where have you been before?"

Li Tian smiled awkwardly and touched the back of his head: "I don't know how to tell you a lot of things, but I can only say now that I am back intact."

"That's it. The Young Heroes Convention will begin soon. I don't want you to miss the opportunity at this critical time." Ning Bing glanced at Li Tian and said seriously.

This woman is like this, she obviously cares about Li Tian in her heart, but she still says so.

But Li Tian didn't take it seriously, he just smiled slightly, and then looked at the fake Li Tian in front of him: "Do you still pretend to look like me now? The real Litian is here, and you still have to pretend?"

The fake Li Tian didn't say a word, turned around and prepared to escape.

This kid may not be very strong, but the speed of escape is absolutely top-notch. Neither of them has reacted yet. He has already wiped the soles of his feet and started running.

However, wanting to escape in front of Li Tian is basically like joking. Is there anyone who can run Li Tian who can move instantaneously? Obviously there will be no such people.

While smiling, Li Tian took a step.

In the next second, he appeared in front of the fake Li Tian, and then pressed one hand on this guy's face, and the immortal power gathered and quickly controlled the guy in front of him: "I want to run after pretending to be B. Is there such a cheap thing?"

Ning Bing looked at Li Tian in shock. Li Tian didn't have such a trick in the previous battle. Now he can suddenly use this teleportation trick. What is the situation?

The fake Li Tian looked at Li Tian in front of him, with an embarrassing expression on his face: "Big...Big Brother, I just want to be a fool, and I don't want to do anything."

Li Tian looked at him and said, "Then what do you want?"

"I....."

"Honestly follow me to the City Lord's Mansion. Haven't you been clamoring that you have a backstage? I want to see how good your backstage is. Let me see how someone like you will be dealt with." While talking, Li Tian slowly injected his immortal power into the body of the guy in front of him, and soon his body fell into a stalemate.

Ning Bing stepped forward: "He just wants to deceive people."

"It's no good to deceive people. The image that I finally built up in front of others was completely ruined by this guy. It's ridiculous to **** things in front of so many people. When did I do this kind of thing?" Li Tianyi He said with a dissatisfied face, and then bit the guy with a fist and took out some spirit stones from his body: "This is yours?"

Several scattered immortals nodded, and said awkwardly: "It's... ours."

"Well, since it's yours, please take these things away. If you encounter such problems in the future, call the city lord directly, I believe he will deal with it fairly." Li Tian smiled slightly and said.

"Thank you, thank you, thank you so much. If it weren't for you, we really don't know what to do today. We finally found this." The headed Sanxian looked at them two with excitement. Speaking politely.

Li Tian smiled slightly, and said nothing.

Chapter 5525: Show up

"If there is nothing to do, we will leave first." Li Tian glanced at these young Sanxian, thinking about the next young hero meeting in his heart. It would be inappropriate to waste too much time here. As for the matter, meet Feng Jie early to determine how the next game will be arranged. For him, this is the most important thing now. As for the other things, there is not much interest.

However, the excitement in the hearts of these scattered immortals could not be easily calmed down. The two people standing in front of them were very familiar people.

In the previous young hero meeting, Li Tiandu fought Jin Ling'er, reversed the battle, and successfully obtained the qualification for promotion. In the eyes of many people, the silk that came by luck has become a truly indescribable one. Powerful, no one now doubts the true or false of Li Tian's strength. The explosive power that is displayed in battle is not something that everyone can disguise.

Several people looked at him as if they were looking at their idols.

"If there were no you today, we would really..."

"You don't need to say anything to thank you. I just did something I think should be done. There is no problem." Li Tian raised his head, smiled slightly, and glanced at Ningbing: "You You should also go to the City Lord's Mansion when you come here, are we two together?"

"Of course you want to be together. You have been missing for so long. I am probably not the only one wondering where you have been these days. This time I go to the City Lord's Mansion and many people will definitely ask. Even I am curious about you. What did you do?" Ning Bing stared at Li Tian, she was still thinking about the trick that this guy used before, moving instantly?

"A lot of things have happened these days, but I think you probably don't know what happened right now, and of course I am not going to tell you." Li Tian smiled slightly, what happened in the Xuan Yin Temple was too complicated. And there are more people and things involved in this matter, no matter what the reason is, he definitely can't tell Ning Bing this matter.

What I am thinking about now is to do my duty honestly, take down this young hero meeting, and then go to the Ten Cities Assembly.

As they talked, the two separated from these scattered immortals.

Li Tian was holding this counterfeit in one hand. Although he kept yelling, his strength was not good after all. In addition, he was controlled by Li Tian at this time. It is impossible to escape, so he can only follow honestly. Li Tian went to the City Lord's Mansion.

As for what will happen after arriving at the City Lord's Mansion, it is not enough for outsiders.

In these short few minutes, many people had heated discussions about Li Tian's return to the New Moon City and who was the dark horse of the Young Heroes Conference this time.

However, most people still prefer Li Tian after this. It is really the fighting power that this guy showed in the game, which makes them a little hard to measure. A Sanxian in the realm of spiritual cultivation can do this, so in In the same realm, what kind of existence can deal with such an opponent?

Li Tian didn't know that he had become the topic of discussion among these people. At this time, he was already standing at the door of the city lord's mansion, looking at the magnificent building in front of him, his eyes fell on Ningbing next to him: "This time, the ten cities The conference, the strong people you meet, must be more powerful than they are now?"

"The Ten Cities Conference should be the most authoritative competition in the entire God Realm. Although it is only held in ten main cities, every strong person who participates in the Ten Cities Conference is basically the leader of the young generation in the entire God Realm. There is no lack of geniuses who suddenly showed amazing talent in the competition. Therefore, many people are willing to watch every ten-city meeting, because no one knows who can become the ultimate dark horse in this competition." Ning Bing stood aside and introduced in a low voice, and at the same time said hello to the guard at the door, asking them to tell Feng Jie that the two men came here.

"In this way, the importance of the Ten Cities Conference in many people's minds is still evident, but unfortunately I don't know if I can win the Young Hero Conference this time. The two members of the Feng family should be compared during this time. I've been more powerful before, and there is only one of you. I am definitely not willing to **** this place with you."

"Don't think about it. Now everyone thinks you are the dark horse in this competition. Even Feng Tianxiang doesn't have confidence in himself, so he will use this assassination method, even though this matter has now been suppressed. , But no one will forget this." Ning Bing said lightly, his eyes falling on the butler who was walking out of the city lord's mansion.

The old man looked very old, but he was very vigorous, his eyes were clear, his body was strong, his walking speed was not procrastinated at all, he came to them in front of them with a slight smile: " Two people, Lord City Lord is already waiting in the lobby, please come with me."

The cold and serious expression on Ning Bing's face was restored, which seemed to have become his endorsement.

However, Li Tian smiled slightly, holding the collar of the fake Li Tian next to him with one hand, and nodded.

The old butler glanced at the fake Li Tian in his hand, his eyes narrowed slightly: "This is..."

"Oh, I happened to see this guy pretending to be me doing bad things on the way back, so I brought him back directly. If this kind of person doesn't teach me a lesson, I can't figure out what else he will do later." Tian explained, and said: "Bring him here because this incident happened in New Moon City, so it should be handled by the city lord."

"Well, it is indeed like this. Since this incident happened in our New Moon City, Lord City Lord should indeed handle this matter. Let him come in with him. You can just see how Lord City Lord handles this matter. Things." The butler nodded, with a very good attitude. After all, one of the two people in front of him was Shuiyue's treasured master sister, and the other was Li Tian, who had been in trouble recently.

Li Tian and Ning Bing walked in side by side, but thought about something in fear.

Since Murong Ziqing has become the Sect Master of Shuiyue Sect, why does Ning Bing's current expression seem to be not surprised at all? Does she know some of the transactions between herself and Murong Ziqing?

Shouldn't it, Murong Ziqing would say this?

Chapter 5526: Trial

Li Tian didn't know what Murong Ziqing and Ning Bing had said, but he had some small questions in his mind.

After Shuiyue'song went through the events of the Xuanyin Temple before, it was completely transformed. The commandment hall was dismissed from above and below, and escaped from death. Many people think that they still have the Xuanyin Temple. Therefore, all the great **** emperors basically used their own magical powers and tried every means to find the treasures in the hands of the commandment hall.

But I didn't know that the real treasure was taken away when Yunyi and others entered the Xuanyin Hall.

All this is just a plan designed by Murong Ziqing, it's just that what the treasure is inside, I am afraid that only the man in white and Murong Ziqing can know.

Shuiyue'song went to war, thinking that he could get this treasure.

It never occurred to me that Murong Ziqing was the cheapest thing in the end. This woman was good at calculating and had already calculated everything. Even a few **** emperors were played around in this conspiracy. I'm afraid that I haven't been able to guess who the treasure is in the hands.

Before Youer invited Li Tian to Shuiyuezhong, this was the reason for his refusal.

Now he knows what Murong Ziqing's conspiracy is. If he didn't show up and went directly to Shuiyuezhong, he might really not be able to or leave. Murong Ziqing's cautious character would definitely not leave him a little bit. Regret, like Li Tian knows such a big conspiracy, there is probably only a dead end in front of him, so Li Tian refused her invitation before.

But he just wanted to go to Shuiyuezhong again when more people noticed him. Before that, even if he had doubts in his heart and many questions he wanted to ask clearly, he would still not dabble in Shuiyuezhong.

Because it's dangerous!

So many things have happened in the lower realm, and I have personally experienced the feeling of buying a half-foot into a ghost gate. No one knows better than Li Tian how terrible death is.

What he is most worried about now is that he died before his own thing could be done. So many people are still waiting for him to save them again. How could he just die here like this?

With many thoughts, he soon drifted back.

His gaze fell on Ning Bing in front of him, looking at her back, he felt a little more quiet in his heart, at least he was in the God Realm, and he didn't have any motivation.

As long as Ningbing is still alive, he still has the fighting spirit to survive.

While holding on to this fake Li Tian, when this guy entered the city lord's mansion, all the muscles on his body became tight. Li Tian believed that if he let go of this guy at this time, he would run away as soon as possible.

But now, with Li Tian holding this guy's skirt with one hand, coupled with the suppression of his immortal power, this guy can only fear, but there is no way.

Looking at his pants, you can see a lot of yellow liquid flowing out at this time, and he was scared to pee.

"I thought you guys were bold enough to do such a thing in New Moon City, you can only say that you are very courageous, but it seems that my thinking is still a bit wrong." Li Tian looked at the person in front of him and was scared. The fake Li Tian, who was urine, didn't know what to say at this time. He was holding this guy's shirt with one hand, and at this time he could smell a **** of urine.

Ning Bing glanced at Li Tian and said, "This kind of behavior, the means of punishment in our New Moon City, is very likely to kill this guy directly. He is now afraid, and it is entirely reasonable. ."

Li Tian smiled and said nothing.

The butler interrupted: "Impersonating a human being and playing around in our New Moon City is indeed a no small sin. If you haven't been discovered, it's fine. Now you have been discovered, and it's still you. He must be unlucky."

The fake Li Tian became even more frightened after hearing this. He thought that his decision might be furious. Who knows that waiting for him may be the disaster of prison, or he may be killed directly.

Of course Li Tian knew that this guy was scared, but he didn't give him a chance at all.

The three soon arrived at the meeting hall of the City Lord's Mansion. At this time, Feng Jie could be seen above the main seat.

He sat in the position, even if Li Tian and Ning Bing came in, they never moved.

In any case, he is also the lord of New Moon City anyway. Even if the status and status of the two people in front of him are different, he still has to ensure that his status and majesty cannot be changed, squinting his eyes and watching the two people come in. A faint smile appeared at the corner of his mouth.

"My Lord City Lord." Ning Bing's jaw slightly, arched his hands.

"Sit down." Feng Jie nodded slightly, a very satisfied look, then raised his right hand slightly, and asked Ning Bing to sit down on his right hand, and then squinted at Li Tian: "You Is this carrying my own clone?"

"This kid pretended to be me in the New Moon City and said that his backstage was Lord City Lord. At that time, I thought it was very strange. So I caught him and asked if Lord City Lord knew him?" Li Tian smiled slightly, and said that he was a fake Li. The sky was thrown in front of Feng Jie, and he said with a serious expression: "If Lord City Lord doesn't know him, we might as well talk about how to deal with this guy."

After Fengjie listened, he squinted at the fake Li Tian below: "Look up and tell me who told you to do this?"

"City... Lord City Lord, I..." When Feng Jie was speaking, the restriction on the fake Li Tian was lifted directly by Li Tian. He almost instinctively stood up and escaped, but he still didn't move. At that time, his body was abruptly suppressed by another aura. Feng Jie was also the lord of a city anyway, so it was of course no problem to deal with such a small character.

"What are you? I'm asking you, who told you to do this?"

"I wanted to do this myself. Before Li Tian disappeared, I wanted to pretend to be Li Tian, come to Lord City Lord, and then go through the pass. This can also solve the urgent need of Lord City Lord." The fake Li Tian raised his head, although I was panicked in my heart, but still tremblingly explained while talking.

Feng Jie smiled and nodded, then glanced at the housekeeper: "Take it with you."

"City Lord, what shall we do?"

"Go to the Tianzi cell and wait for some time to deal with it."

When he heard the Tianzi cell, the fake Li Tian's whole expression changed, his face was as gray as death, and he couldn't say a word at all.

Chapter 5527: God Emperor Concern

The Tianzi cell is equivalent to a nightmare in the Crescent City.

First of all, the Crescent City does not have any protection for the prisoners, but all prisoners who need to be executed will be held in the Tianzi cell, and the prisoners in this cell are all criminals and very powerful. horrifying.

With the strength of this fake Li Tian, facing such a character, there is basically only a dead end, which can understand why this guy is so scared now.

Once locked up in the Tianzi cell, there is basically no hope of survival.

"City Lord... Your Lord, please forgive me, I just made a small mistake..."

"Even the smallest mistake is the same in our eyes. These few things you did are intolerable to me, don't need to say it." Feng Jie said impatiently, and glanced at the housekeeper: "Let's take it, if he knows what will happen to the mess in our New Moon City, I absolutely promise that there will be zero tolerance."

"Yes, Lord City Lord."

Li Tian quietly watched the scene before him. Although this approach is a bit scary, but the New Moon City has been able to guarantee such good public order for so many years, I have to say that it is because their rules are very scary, maybe just A small mistake, there is only a dead end here, and when you are put to death, you will be locked up in a cell to tortured.

The Tianzi cell is definitely a nightmare in the hearts of many people.

But for those who are locked up in this cell, there is no possibility of survival at all. Therefore, so many prisoners are locked in, and it is not that there are weak people who have been tortured to death.

The fake Li Tian was struggling, but the strength of the old housekeeper was obviously not simple. He still grabbed this guy with one hand, just like an eagle catching a chicken. It didn't take much effort to grab it. He left.

After the two people left, Feng Jie said, "Once a person has a little fame, all kinds of troubles will come. Just like the wind of the shadow tree of man, I want to see you jokes in this world. There are too many people at, so we always make some choices under some compelling circumstances, are you right?" He looked at Li Tian, obviously talking to Li Tian.

And Li Tian just smiled and responded: "But generally speaking, I will not compromise easily."

"Well, I can see what your character is like, even if someone puts a knife against your neck, I'm afraid you will not compromise easily. I have already understood this very well before." Feng Jie nodded, looked at him, and slowly said, "Where did you go before, is it convenient to tell me?"

"I don't know where I went. I originally refused when that space opened, but when I found that I couldn't resist, I had no choice but to accept it." Li Tian smiled helplessly. I laughed and made up a white lie: "When I opened my eyes, I found myself in a void, and then there was nothing left."

"Amidst the void? This is the first time I heard that something like this would happen." After Feng Jie listened, some curiosity appeared on his face. If he did not feel the spatial fluctuations at the time, he might have doubts. What Li Tian said was just a joke, but now there is still a little bit of curiosity. Why is it so good that Li Tian will be absorbed into the void?

"It is indeed in a void. Everything around is dark, there is no light, and I don't know where to leave. I have been in it for more than nine hours. I don't know. I can maintain a little energy, but in the back, I get more and more sleepy, and in the end I don't know anything." Li Tian said helplessly.

After listening to Li Tian's explanation, the expression on Fengjie's face in front of him became even more weird.

Such a thing was discovered for the first time.

"It seems that you can't tell me what happened to you this time. Your disappearance these days has brought me a lot of trouble. I have been looking for where you are. If you don't know the inside story, maybe how many people suspect that I kidnapped you." Feng Jie joked as he came forward and patted his shoulder: "Fortunately, I'm carrying you. When you can't resist this pressure, you stand up."

"It's troublesome to Lord City Lord, but even myself, I didn't expect such a thing to happen." Li Tian smiled, looking at Feng Jie in front of him and said.

"Everything is getting better now, and the first game is about to be played next. As the dark horse of this young hero meeting, you now have many supporters. Are you ready?" Fengjie He lowered his head and said with a smile.

"The opportunity is ready, but I still can't guarantee what sort of ranking I can get in this competition. After all, there are many strong people who come to participate in the Junior Heroes Conference this time. I am just a loose fairy. not necessarily....."

"You don't need to say such kind of polite words in front of me. Everyone knows what your strength is. At the previous young hero meeting, you directly defeated the chief disciple of the five poisons. , You must know that they are ready to let Jin Linger participate in this competition. Who knows that the sword was defeated by you in the first battle. If anyone doubts your strength now, I definitely don't believe it. "Yes." Feng Jie snorted softly, seeming to be a little dissatisfied with Li Tian's modesty. He sat down and said: "Young people really shouldn't be proud, but too modest, not necessarily a good thing. thing."

"The Lord of the City is right."

"You and Ningbing are both the biggest dark horses in this competition. The strength of the two of you should be the strongest in the current Youth Hero Conference. If you can go to participate in this Ten City Conference, I believe you can bring them great surprises. This time the Ten Cities Conference, it is said that there will be a **** emperor in person, which is a good opportunity for you to emerge." Feng Jie said seriously.

Ning Bing was obviously a little excited, but Li Tian's mood was not very good.

The divine emperor's concern meant that he might reveal his identity.

Once suspected by others, can he still stay out of the matter?

Chapter 5528: The first duel

He is the strongest in the lower realm, which is something that few people know so far.

For Li Tian, this was also a very absolute secret, but everyone who knew his identity was killed by Li Tian without any hesitation.

He knows very well that once someone else knows his identity, what kind of disaster he will bring to himself. If he can still keep calm and do his own things at this time, then he will be a little confused.

The **** emperor must be very knowledgeable, and their army of dead soldiers is all trained by the strongest of the lower realm. I believe that they have their own ability to distinguish between the strongest of the lower realm.

"Don't think about it at this time. If they can see it, they can tell from your previous competitions that you are the strongest in the lower realm." At this time, the remnant soul of the ancient **** seemed to feel it. The nervousness in Li Tian's emotions sounded in his mind: "You are facing the city lord of New Moon City. Maybe it's just a small expression, or it may make this guy suspect you."

"This is something I didn't expect." Li Tian said awkwardly.

"Honestly do your own things. If the God Realm is really exposed, you may not be in this God Realm, and there may not be a place for you." The Old God's Remnant Soul said lightly.

Li Tian recovered and glanced at Feng Jie.

"Why, your mood is a bit wrong." Sure enough, Li Tian was just a brief loss of consciousness, and Feng Jie had already seen him. At this time, he looked at him with a smile and said.

"Li Tian may be very nervous, after all, he should be participating in such a large-scale competition for the first time, and he still doesn't know what he is facing against the enemy, and the **** emperor observes. Even if it is me, there are some small ones now. I'm nervous." Ning Bing glanced at Li Tian, helping him to say.

Feng Jie smiled and said, "Although the **** emperor came here in person, there is no need to worry about it. You only need to use your original strength."

"I hope so, I am always a little nervous when facing some situations. I have never seen a **** emperor, and there will be a little nervousness in my heart. Lord City Lord laughed." Li Tianbu He said in a humble manner that his expression was much better than before, and there were more emotions in his eyes: "And I don't know what the enemy is facing this time."

"En, this time the first game of the Youth Hero Conference has come out, and your opponent is Feng Tianxiang."

"Feng Tianxiang?" Li Tian looked at Feng Jie with some surprise, waiting for the next step.

"You don't need to look at me. Of course I won't do any tricks or ask you to do anything in this kind of competition. You can all rely on your own strength to win this competition. As for the result, , It's all determined by your own strength. I definitely can't decide." Feng Jie smiled in a jealousy, looked at her and said, "If Feng Tianxiang's strength loses to you, it's him. I will not blame you for my own problems."

"Even if Lord City Lord wants to blame me, I will definitely not give up. Although I don't know how strong I can be, I will still work very hard to successfully qualify for the Ten City Competition, even in the face of Lord City Lord, I will definitely not release the water either." Li Tian also smiled, and said very seriously, making Feng Jie a little embarrassed.

I thought this guy didn't dare to fight Feng Tianxiang before, but now I realized that this guy was not afraid at all.

"This is the best. Many people are paying attention to this game. If you put water on this game, I will be a little troublesome." Feng Jie looked at him with a wry smile and said.

Li Tian squinted his eyes and said, "In this way, I want to go all out for this game?"

"This is the best. I also look forward to your young man's future and strength." Feng Jie nodded and sat down.

Ning Bing glanced at Feng Jie: "My Lord, what about me?"

"Your game hasn't been finalized yet. This time the game is a bit more complicated than before. Li Tian hasn't known where he is these days. I was worried that he might not be able to prepare, so I told him it was the first game." Feng Jie glanced at Ningbing and said faintly: "You can prepare a little now. When the game starts, don't let us down."

"The Lord of the City can rest assured that if it is really time for the game, I will go all out, I will definitely make you feel very satisfied." Li Tian said with a smile.

While speaking, Feng Tianxiang walked in slowly and glanced at Feng Jie: "Father."

"En, you are here." Feng Jie just nodded faintly. This kid caused him a lot of trouble because of his own affairs. If it weren't for the Emperor of the Big Dipper, he would no longer be Crescent Moon. The lord of the city.

"Hehe, who did I think it was? It turned out to be Feng Tianxiang and Master Xiang. I don't know what kind of master you are going to send to deal with me this time? If you are really going to send someone to assassinate me, you can advance Tell me, so I have a preparation." Li Tian turned around, looked at Feng Tianxiang with a smile, looked at him seriously, and said with a mockery.

The things Feng Tianxiang and Li Tian did before are basically something that everyone knows in the entire God Realm, and Tian Feng Tianling has not dared to go out easily these days.

At this time, hearing Li Tian say this, the expression on his face solidified.

He did not speak, and Li Tian did not give up. Regardless of where it was, he continued to say: "It seems that Master Xiang is still brooding about what happened before. It's a pity that your killer is not good, and you don't want it. I helped you. On the contrary, it was your father. This is really a steal. It seems that your life is not going well these days."

Li Tian is just a reasonable and unforgiving attitude. Even if Feng Tianxiang is angry now, he can't really say anything?

It was really very depressed at this time, the son of Lord Lord of the dignified Crescent City, at this time, in front of Li Tian, he was just like a loose fairy, he was ridiculed casually.

Looking at the expression on Feng Jie's face again, it was as if he hadn't seen anything, he was still very calm, without any anger at all.

Feng Tianxiang snorted without speaking.

Chapter 5529: First round preparation

"Well, you two don't need to fight here anymore. If there is any contradiction, you can solve it in the competition. When the time comes, it is easy to tell which one is strong." Feng Jie saw the two of them. The vice-swords were drawn, knowing that the two might start fighting at any time, and hurriedly interrupted and said: "However, regarding the last time, Tianxiang, you really should apologize."

"Father, I don't think what I did last time is wrong. The God Realm itself is a world where the weak and the strong eat the strong. I am stronger than him and more powerful than him. This is just a means of my own. Is it a problem?" Feng Tianxiang looked at Feng Jie with a serious face. Although it was Feng Jie's request, he didn't seem to be ready to agree to Feng Jie's request.

"Yeah, Master Xiang is really amazing. Hiring a murderer, you still think it should be right. If you were on our side, you might have become a corpse now." Li Tianqi laughed and looked at Feng Feng. Tian Xiang said, "But it's a pity that you are the son of Lord City Lord, so many rules are not used on your body, otherwise you still have your voice."

"Don't be too presumptuous. Look at what place it is. It's time for a fairy like you to be so arrogant?" Feng Tianxiang's temper itself is not good. Hearing Li Tian say this, he immediately snorted and retorted Said.

"Presumptuous, what do I tell you to do, what are you doing?" Feng Jie grunted after hearing Feng Tianxiang's retort, staring at him and said: "I think you are becoming more and more lawless now. What did you do before? Don't you know the matter yourself? Now you dare to talk nonsense here, do you really think I dare not punish you?"

Seeing Fengjie getting angry, Ning Bing stood up: "Li Tian, this is not a random place, pay attention to what you say."

Li Tian smiled and said nothing, thinking I would be afraid of this? Although Feng Jie hasn't shown it now, his attitude towards Li Tian must be very different. Even if he is a little bit more presumptuous here, Li Tian doesn't need to worry about anything.

"Hurry up and apologize?" Feng Jie stared at Feng Tianxiang, "If you don't want to, then you can honestly confine yourself at home for a year. I think this will let you know that you are Where did it go too far."

Feng Jie's attitude was very firm, basically he didn't give Feng Tianxiang any face at all.

Even if it is his own child, he still doesn't give face at all.

Feng Tianxiang was also very wronged in his heart, thinking that I am your son, but your current attitude is like Li Tian has become his son. You don't take him seriously at all, you are partial to Li Tian. .

But seeing Feng Jie's expression, I also know that his father was really angry this time, so he could only walk forward honestly and look at Li Tian with a disgruntled expression: "I'm sorry, I did something like that before."

"What's the matter, I seem to hear a mosquito scream?" Li Tian pretended not to hear anything and looked in front of him with a strange expression.

Feng Tianxiang's expression solidified a little, then squinted at Li Tian in front of him, and said, "Mr. Li, I'm sorry."

Li Tian smiled with satisfaction: "That's right, the sound just now was like a mosquito. How can I hear it clearly?"

Looking at Li Tian's face pretending to be garlic, Feng Tianxiang was of course furious, but now that even Fengjie has such an attitude towards Li Tian, it doesn't make any sense for him to be angry alone, he can only smile. Didn't say anything.

Feng Jie sat down and said, "Ning Bing and Li Tian will stay at the City Lord's Mansion during the next game."

"Is this not appropriate?" Ning Bing frowned, and asked a little serious.

"This is also for the safety of the two of you. It is impossible to guarantee that the last time will not happen. The Young Hero Conference involves many things this time, and many people probably want to get these things." Feng Jie looked at the expressions of the two people. , Said solemnly: "In order to ensure that you will not have any problems in the next game, so you all stay in my city lord mansion, it will be safer."

Feng Jie's attitude was very resolute, and basically did not give the two people a chance to refute, so even if they had a little reluctance in their hearts, they could only agree at this time.

Besides, Li Tian is not reluctant at all.

It was a good thing for him to stay in the City Lord's Mansion. Who doesn't know his name in the entire New Moon City now? If he lives outside, he will definitely have a lot of inconvenience problems. Of course, staying in the City Lord's Mansion is a good choice.

Seeing that the two people stopped talking, Feng Jie said, "Well, you all go down and rest and prepare for the next game. This time the game is more complicated than you thought. I hope you can take it. To cope with your own true level."

Ning Bing glanced at Li Tian, the two nodded, and then left the hall.

"Father, why is this kid?"

"There will be such a result, all because of the stupid thing you did before, which caused us a lot of trouble. Now I can only make you apologize in this way, otherwise you are going to tell me how to do that thing before What about exposing the past?" Feng Jie looked at Feng Tianxiang in front of him and snorted coldly: "If you are not my son, you might have been arrested now. It's your turn to talk like that here?"

"I'm not convinced, this kid is just a loose fairy."

"How many times do I need to tell you? Behind him is the Zhuge family. Even if the Zhuge family has not sent anyone over to negotiate with us, we still need to know this fact. You honestly prepare for the game the day after tomorrow. If you continue to fool around, I won't be able to help you next time." Feng Jie snorted angrily, waved his hand, and said, "Okay, go back and prepare now."

On the other side, after Li Tian and Ningbing came out of the hall, the butler standing outside waiting greeted him: "Two, come with me."

"Excuse me." To this old housekeeper, Li Tian's attitude is still relatively polite. Don't think he is just a housekeeper, but the strength of this housekeeper is also not simple. In this small city lord

mansion, it is really Crouching Dragon, Hidden Tiger, I don't know how many strong people there are.

"The distinguished guest is polite." The butler smiled slightly and nodded: "The two guests of the city lord are naturally also distinguished guests of our house. I just have my own responsibility, and there is no trouble."

Chapter 5530: doubt

The City Lord's Mansion is indeed more tightly defensive than Li Tian imagined, and there are also many powerhouses that Li Tian did not expect.

Although these people are not very powerful in the eyes of immortal cultivators like them, a city lord's mansion can have so many cultivating realms, and even those who reach the realm of gods can see the power of the city lord in the gods. It is indeed not small.

Li Tian followed the housekeeper, he and Ning Bing seemed to be arranged in the same place, and both of them looked serious at this time, observing the City Lord's Mansion.

Although Ningbing is the master sister of Shuiyuezong, she probably has never been to a place like the City Lord's Mansion before. When she came here, she was still watching the surroundings with curiosity. The butler also knew that the two of them were watching here. Circumstances, but didn't say anything. There are not a few people who come to the City Lord's Mansion who look like them.

I don't know how much time has passed. The butler took the two of them and stopped in a secluded courtyard: "You live here today. Use it for preparation tomorrow, and the day after tomorrow will officially start the first game. At the very beginning, Li Tian played against Master Feng Tianxiang, and only you will participate in this game on this day."

Li Tian nodded. The butler's meaning is very simple. Only Li Tian will have the game the day after tomorrow. It seems that this time the finals should have attracted a lot of attention. Therefore, the time arrangement is more scattered, so that it can be done. It makes people feel the seriousness of this final. If all the games are finished in one day, they might not feel the tension of the final at all.

As for Xu Yang, there was always an unhappy resentment towards Feng Tianxiang in his heart, just because this guy was the son of the city lord anyway, with a different identity, so naturally he was somewhat helpless in dealing with many things.

Before the change, if he encountered such a thing, Li Tian would never just let it go, but now he can only regard it as something that has never happened before. Who said he was the son of Lord City Lord?

After the butler brought the two of them to this small courtyard, he nodded: "Here we have arranged a lot of guards and subordinates. If the two distinguished guests have any needs, you can give them orders, but we can satisfy everything. Yes, they will meet your requirements as soon as possible. I hope you can have a good time in the City Lord's Mansion."

After saying this, the butler left, Li Tian and Ning Bing entered the small courtyard.

The courtyards are not very large, but there are quite a few such courtyards inside the City Lord's Mansion, which made him doubt the size of the City Lord's Mansion, which can accommodate so many courtyards.

"This time they spread the game time so much, that is, they hope that after each game, they can give the players a chance to rest. When it comes to the finals, they all make each other equal in strength. Every battle is a hard fight. It will definitely take a long time to rest afterwards." Ning Bing glanced at Li Tian who didn't say anything next to him, with a faint smile on his lips.

"I also know this, but they may have some other ideas when they arranged me on the first day." Li Tian smiled to himself and looked at Ningbing: "I hope we don't meet in the game this time."

"I am definitely going to be promoted. No matter how idiot Feng Jie is, it is impossible for me and you to stand on the same arena at the same time. Shui Yuezong will not allow it."

"By the way, what's the matter with Shuiyuezong?" Li Tian heard Ningbing say this, but he couldn't feel any abnormality in his tone. Looking at the expression on Ningbing's face, it seemed like something happened with Shuiyuezong. None of it happened, but now even the Sect Master has changed. How could it be said that nothing happened? Looking at Ningbing at this time, I really wanted to get a little bit of news from her.

Ning Bing looked at Li Tian and smiled: "What do you know?"

"The Commandment Hall and Shuiyue Sect are split, and now the Sect Master of Shuiyue Sect seems to have also changed."

"Compared to this, I want to know more. You asked me about this person Murong Ziqing before. She is now the Sect Master of our Shuiyue Sect. I want to know what's going on, and I want to know. You need to know what your relationship with Murong Ziqing is." Ning Bing's expression slowly became serious, and a touch of frost appeared on his face. He sat down on the stone bench in the small courtyard and asked.

Li Tian touched the back of his head, knowing that these things must be unclear, so I can't tell her the things in the Xuan Yin Temple. If this happens, more things will be involved. Currently, Ning Bing Before regaining his previous memories, Li Tian's relationship with her changed to what it is now. If you tell her what happened to him and Murong Ziqing, if Ningbing thinks too much, and the relationship with Li Tian deteriorates, it will be quite detrimental to many things they will do in the future.

"Of course I don't know what's going on. I only knew this name by accident. You are a big disciple of Shuiyuezong, so I'm curious to get some news from you." Li Tian smiled and looked at Ningbing in front of him, and said seriously.

Ning Bing didn't smile or say anything.

Her expression seemed to become very serious all of a sudden, as if it were cold, she looked at Li Tian very seriously and asked, "Is it really like this?"

"How can I talk nonsense about this kind of thing, if there is any problem, it has nothing to do with me." Li Tian shrugged and looked at Ningbing in front of him.

"The current situation of the Shuiyue Sect is not even clear to me. The previous suzerain was chased and killed by the great divine emperors, and now I don't know where he went, and the people in the commandment hall were scattered. No longer exists in this world." Ning Bing sighed helplessly, and she could feel her confusion in this matter, but everything changed overnight.

Under the intervention of the **** emperor, even such a large sect with a strong foundation can only choose to silently endure it.

Of course, these things are just the alternation of power. For the Shuiyue Sect, it is just a change of the suzerain. It does not touch their foundation, and will not let them go to destruction, naturally there will be no peerless power. The person came forward.

But if Shuiyue is in crisis one day, then I don't know what the outcome will be, but it's certainly not as simple as it is now.
