

A Killer 5561

Chapter 5561: No tactics

"Uh."

Li Tian couldn't help groaning in his throat. It was still very painful for this fist to fall on his body. In addition, he was injured before. Although he recovered a little during this period of time, his body was seriously injured. After such a strong fighting method, he immediately caused his body to suffer another injury. If the fighting continued, he didn't know what the consequences would be.

Mang Beast seemed very satisfied with the result of his fist, and directly shot Li Tian away. There was also a fist mark where he was originally standing.

One can imagine how powerful this fist is, even on the hard ground, it is impossible to easily withstand such an impact.

Li Tian rolled on the ground again and again, and finally hit a rock wall. He barely stabilized his body. However, it was already overwhelmed by the river, and he almost vomited out: "It's a beast of the wild. The degree of hardness is unmatched by us humans."

"Humans are indeed very smart in terms of intelligence, but it is a pity that even if you are empty-headed and do not have any fighting power, it is meaningless. It seems that I have won today."

Mang Beast looked at Li Tian on the ground and chuckled. , Then licked his lips, showing an excited expression: "It seems that you are going to be a delicious food in my mouth. You should be grateful. For so long, I have rarely eaten people."

"I don't think I should do this and be eaten by you. Now I have to thank you. Unless I am an idiot, I will definitely not do such a thing." Li Tian sneered and looked up in front of him. Mang Beast said: "But you'd better be careful. Once I get angry, even I can't control myself. You may be hurt by me."

"Hurt by you?" Mang Beast was stunned for a moment, and then he clutched his stomach and started to laugh. His voice was rumbling and loud like thunder. Many broken rocks on the surrounding mountains were caused by this guy. The sound wave rolled down from the hillside, and the ground was constantly trembling with his stomping, and cracks were slowly formed in front of them.

This hill-like beast, the rigidity of its body and the power contained in it were beyond Li Tian's ability to compare, and it was also unimaginable before.

The information above only tells that this ancient beast is a guy with well-developed limbs and a simple mind, but who would have thought that his limbs can reach such a level, this is completely relying on the strength of his own body to deal with many powerful people. , Do you need any wisdom?

In the battle, you only need to take out all of your strength and rely on your fists to deal with most people. In this case, you have to use your brain to deal with your opponents, which is no different from an idiot.

Mang Beast is also very confident in himself. It is not that no humans have entered the ancient gods' ruins before, and he has not encountered these humans, but so far these humans are not worth

mentioning in front of Mang Beast. Most of the humans who came here were very weak. If they were very strong, Mang Beast would definitely not take the initiative to ask for trouble.

This ancient **** relic has a long history, and it's not that no strong people have come here before. I remember that a **** emperor level strong came here long ago.

Mang Beast was still thinking about dealing with this strong man, but after feeling the aura of the **** emperor level, he could only hide himself honestly. Although his mind was simple, he knew who was really good. Who is fake?

The young man in front of him is really too young. Although he already possesses the strength of the realm of gods, there seems to be other injuries in his body.

In the previous battle with Mang Beast, Mang Beast had noticed that his body was a little different from normal people, and it seemed that there were still many unhealed injuries. In this way, in this battle, It must be in a very inferior state. Mang Beast will definitely not need much time and hostility to deal with such an opponent.

"You are really joking with me. I have lived in the ruins of the ancient gods for so long. There are not hundreds or dozens of great characters I have ever seen. No one would say such big things in front of me. You are very arrogant, you still want to defeat me. Unless you have the power of the **** emperor, it is impossible to deal with me." Mang beast patted his chest with the dull crash sound It's as loud as a drum.

Li Tian glanced at this rugged beast, his eyebrows were twisted together at this moment.

Although his mouth seemed to be very relaxed, he knew that there was a gap between himself and the Mang Beast in front of him. In addition, his current body had not fully recovered. It can be said that in this battle He doesn't occupy any advantage, and it can be said that he has a little disadvantage.

This disadvantage may not be a big deal in the face of the general wild behemoth, but the strength of the mang beast is not bad, so this disadvantage is easily revealed. ,

There are still dark wounds in the body, and it will inevitably be impossible to use all of his strength when fighting.

Li Tian snorted and separated several clones: "Would you like to believe that it is your own business, but if you still insist on doing this, I can only choose to kill you guy. After all, I don't want to let you It doesn't matter who has been blocking me, even if you have confidence in your own strength, you will soon know what someone is outside of the sky."

"You are so confident, I really want to see how you deal with me." Mang Beast roared and said, then his left foot was raised high, and he stamped on the ground fiercely.

The ground began to tremble for a moment, the cracks that had appeared before were now more obvious, and even red magma could be seen erupting from it.

Li Tian's feather blade opened slowly, and then flew into the air bit by bit. At this time, his mood was not very good. After learning how to jump into the void, he integrated many of his tricks into it. But today I must be disappointed. When facing this powerful character in front of him, it is difficult for Void Leap to exert its previous effects. This guy is really too sensitive to the fluctuation of Xianli.

Chapter 5562: Difficult

Although Li Tian didn't say anything, now anyone can see that this battle is very difficult.

After all, Mang Beast has been cultivating here for many years, its strength is unfathomable, at least it has reached the realm of gods, and it is understandable that it is even stronger than this.

This is their cultivation method, which is destined for their strength to grow slowly with their own age. It is impossible to become very strong all at once. This is beyond doubt.

The age of this mang beast in front of him does not seem to be very big, so the strength is definitely not really very powerful.

But even so, it is not so easy for Li Tian to deal with now. He had already suffered a serious injury at the Young Heroes Convention before, and he has only improved a little after careful training and recuperation, but his body There are still internal injuries of Li Tian, even if the strength of the two people is the same, the current situation is still very unfavorable for Li Tian.

'This reckless beast's combat effectiveness is very strong. If it is at its peak, it may be able to barely fight, but in my current state, it may not be so realistic to deal with this guy in front of me. Li Tian whispered in his heart, and at the same time slowly stood up from the ground, slowly began to use the fairy power to set up a small defensive array beside him.

Mang Beast knows what Li Tian is doing. This kind of wild behemoth knows everything that is happening around him clearly. Even such subtle fluctuations of immortal power cannot escape them. Perception.

Otherwise, Li Tian may have used Void Transition to leave directly before.

It seems that the invincibility of Void Leap before is just very lucky. I met a few opponents who didn't know much about this aspect. They didn't know how to deal with Li Tian, so that he could continue to use his skills successfully. Tricks.

But the rugged beast in front of its body is very tough, and it is too sensitive to the fluctuations of the immortal power around it, even if it is only a small fluctuation, it will be aware of it for the first time, facing such an opponent. Li Tian still wanted to deal with it successfully, but it was a little difficult.

The two sides confronted each other at this time, and it was because of Mang Beast, and for the time being, they had no intention of killing Li Tian.

"You human being is better than I thought. If you are someone else, after eating a fist like me, you may not be able to stand up now, but you can still stand up. It should be better than those. The guy is a little good, but this little good makes no difference to me." Mang Beast smiled and looked at him, then slowly squatted down so that the two could talk face-to-face: "Resign. Well, I will give you a happy one."

"If it weren't for my injury when I was in the ruins of the ancient gods, and now my body is unable to exert my full strength, do you think you can easily deal with me?"

"Among the ancient gods ruins, the stronger people can survive closer to the center. If they can truly enter the center of the ancient gods ruins, the aura there is very abundant. For World of Warcraft, they are all very helpful, allowing their bodies to evolve and succeed in a shorter period of time, and they can also change their realm."

"What about this?"

"Compared with those people, I am a very weak prehistoric monster. Maybe you are really unwell, so you will be ugly in this battle, but even if I let you go, you think you can How long will it survive in front of those wild beasts?" Mang Beast had a mocking expression, as if Li Tian's words were ignorant.

Of course Li Tian knew that the closer the monsters and monsters to the center, the more terrifying their strength.

But he has no choice now.

Is it going to come here?

Finally, the remnant soul of the ancient gods gave him a chance to find what he wanted in the ancient gods ruins. For Li Tian, this was an unquestionable opportunity. He always wanted to enter the ancient gods ruins. Come to find the treasure, if you can find it, maybe you will suddenly become stronger.

It's a pity that after leaving the ancient ***** ruins last time, there has been no chance to enter here again, and the remnant soul of the ancient gods has been closely observing Li Tian's strength, if he can't survive in the ancient ***** ruins. If you do, you will definitely not be able to enter here.

And because the strength of the Remnant Soul of the Ancient God is much weaker than before, even if Li Tian is allowed to enter here, the number of times is definitely still limited.

Once he comes in, he misses one chance.

This time I finally had such an opportunity. I only need to work a little harder. Maybe I can find some great treasures here. I believe no matter who it is at this time, he will not leave easily.

So he held the stone in his hand to beware, but he was not ready to just step back.

Chapter 5563: wisdom

Li Tian looked at the crazy beast in front of him, and suddenly thought of a possibility in his head.

As long as it is a creature, the degree of fatigue that his body bears must be quite limited, especially for the reckless beast in front of him, his body is so large, and the fighting power is so terrible, then the corresponding consumption must be very terrifying, if It's just normal consumption, he shouldn't have thought about eating Li Tian before, but with this idea, it can only be said that after a period of time here, his stomach has begun to feel empty.

There is such a feeling, it proves that Mang Beast consumes a lot of energy in this process, and the regeneration of these energy must be very slow.

The body cannot adapt to this feeling of lack of energy for a while, so it will feel very hungry.

If this is the case, Li Tian has thought of a very good way. Compared with Mang Beast's body, his body is far worse, but relatively speaking, his body is very flexible, but Mang Beast's body is clumsy. , The power consumed by each action is also quite huge.

What Li Tian saw was such an opportunity. With this opportunity, he could take the opportunity to attack the Mang Beast in front of him. It seemed that he was going to deal with the Mang Beast in front of him, but the real purpose was only to make Mang Beast consume the contents of his body. It's just a monster.

When he was thinking, Mang Beast had raised his hand and grabbed several clones, and smiled with satisfaction at the corners of his mouth: "Daiying, do you really think that you can defeat me by relying on these two clones? What a simple and terrible kid? ."

"Of course I also know that they can't deal with you, but I have many ways to deal with you." Li Tian said, while constantly separating clones from his body, although the existence of a clone does not last long. They were all quickly crushed by Mang Beast directly, but he himself did not place hope on these clones, which actually did not have a lot of immortal power.

What really cares about is the degree of consumption of the blind beast in this battle.

If the consumption of this creature becomes more and more serious, it will be a perfect plan for Li Tian.

Therefore, one by one avatars rushed towards the mang beast in front of them like desperately, completely meaning that there was no self-protection, and they wanted to die with the mang beast in front of them.

And Mang Beast, with his intelligence, obviously couldn't think of Li Tian's idea of doing this, so it was full of all his power every time, bombarding these clones madly.

The avatar couldn't get close to his body, so it was just wiped out.

But unfortunately, after all, he relied on the swing of his body to release all the demon power in his body. This process is still quite slow, far inferior to the speed at which Li Tian can create a clone, but it takes a while. Time, it has already begun to breathe.

"Cunning humans, you have to fight me head-on, so what is the ability to use such nasty methods to deal with me?",

"Is it dirty? This is just a tactic. Since my body hasn't recovered, and my void leap is meaningless in front of you. I can only say that I have none of my very important fighting methods. With any effect, I naturally have to choose another way to deal with you. It's not a coincidence that I think this way in front of you is a very good way of fighting against you." Li Tian said as he appeared. More clones.

The dense clones are like ants, frantically attacking the beast in front of them.

Even a creature with a good mentality will start to be a little irritable at this time.

Mang Beast went mad even more directly, turning into a lunatic, the demon power in his body burst out like crazy, and the magma on the ground under their feet began to slowly be rolled out. Many surrounding rocks and trees were all crushed into dust by the terrible air current. It is conceivable that this fist is really violent.

And the strong wind of this fist is also quite terrifying.

Looking at the fist in front of him, the expression on Li Tian's face also began to become a little helpless.

"This guy is really an idiot. Even if he knows that I'm only consuming his power, he still has to use all his power every time, as if he is going to use this terrible fighting method to intimidate me. This won't make me any fear, on the contrary, it will put myself in a very unfavorable situation in this battle." Li Tian watched the crazy beast in front of him, feeling helpless in his heart. Thought for a while.

In this way, it can be seen that this battle is indeed quite unfavorable for this reckless beast.

Seeing the terrifying impact of the rugged beast in front of him, he was also in a cold sweat. It was indeed not easy to deal with the one in front of him with his current strength.

But fortunately, he found a good way. Looking at Mang Beast's current appearance, it is probably also completely unclear what Li Tian's purpose is for these clones to come and die. He just feels that these abilities are not very strong, but he has been entangled in himself. These avatars around are really annoying, every shot is quite decisive and cruel, in order not to give the opponent a little chance.

But Li Tian had stood up at this time and took a deep breath.

With such a huge consumption, only his strength and spiritual strength can barely hold on. If he were to be replaced by another person, he might be too weak to be human now.

But Li Tian is definitely not an ordinary person.

With the help of the remnants of the ancient gods, coupled with his own efforts and the opportunities encountered these days, Li Tian's current strength is a world of difference, even if there are not many talents. The help of Diba still broke directly into the spirit barrier in a short time. If anyone knew his true age, he would be surprised and speechless.

This guy is probably the youngest one in the gods.

At the same time, Li Tian held Hong Zhan and waited until the last few clones dissipated. He exhaled deeply and moved his body: "The fist is indeed very powerful. I feel pain all over the body now."

"Dietie, of course, I am a very powerful behemoth. It is no problem to deal with a small character like you. Why don't you kneel down and let me eat you?"

Chapter 5564: Another sword

Li Tian shook his head and said, "I don't think I will lose next."

"You won't lose? You have started to use these clones to delay time, and you said that you won't lose. You know in your heart that your strength is far inferior to me, if you are in peak state. , Maybe there is still the power of a battle, but now yours is very weak, and the injuries in your body have not fully recovered, how could it be my opponent?" Mang Beast said seriously.

Li Tian looked at the very serious behemoth in front of him, pointed his head a little funny, squinted his eyes and said: "The battle can be won by not only relying on your own strength. Sometimes you

still need to move. Mindful, if you don't even know how to use your brain in battle, there is nothing to say even if you fail, it can only be your own problem."

"Damn human beings, if you don't use this cunning method, how could I lose to someone like you."

"Really? I'm absolutely absolutely fine. If I'm in the peak state, it won't be a problem to deal with you. It's a pity that your IQ is not very high. I have wasted so long time here with me. My demon power is exhausted. It is normal that you are not my opponent. Why should I complain so much here? I didn't tell you to spend time with me all the time, right?" Li Tian smiled and looked in front of him. This reckless beast, this guy's IQ is really average, I guess he hasn't figured out why he is facing Li Tian now, why he made the situation like this.

Seeing the current state of Mang Beast, the demon power in his body has basically been consumed. This guy has been trying very hard to kill Li Tian, but he has no way to succeed. Every punch is very powerful. But they were all hitting the clones. For Li Tian, he just needed to endure the pain a little bit, so that the rest of the matter could be settled easily.

As he spoke, he slowly raised his head to look at the Mang Beast in front of him. The Hong Zhan in his hand lit up with a dazzling light: "The time is almost here, I think it's time for the battle between us to end."

"Even if you defeated me today, there is no way to prove your strength. You humans are like this. Use this lowly method to defeat your enemies. If you choose to fight me head-on from the beginning, I will definitely not be lost to you." Mang Beast looked at Li Tian, without any fear that he was about to die. On the contrary, he was still entangled, why he lost.

Obviously, in his heart he still thinks he should be the most powerful one, even if Li Tian is strong, he cannot defeat him.

What's more, he himself is still injured, unable to exert his full strength in this battle.

But with the result like this, it made Mang Beast very unhappy. He said that he could easily overcome it. As a result, things became like this, who can accept it?

Li Tian also smiled helplessly, and raised the sword in his hand: "If you can tell me some information about the latter, I can still save your life. It is not easy for you to cultivate to this level. Now you There is no fighting power anymore, as long as you cooperate with my actions, I can let you survive."

"Hmph, I broke my promise to you before. I believe you must be thinking the same way now. If I tell you everything I know, you will definitely kill me. I won't doubt this at all." Mang Beast looked at Li Tian cautiously, and didn't want to believe any words Li Tian said. This guy should be regarded as tacitly thinking that if Li Tian said this, he just wanted to break his promise.

"You can rest assured that although I am not a good person, I am still relatively honest. Since I said that I want you to live, I will definitely let you live. You have no fighting power anymore. I will wait for a while. You are not a threat to me in time. When you want to deal with me, I may have already left, so I am not worried about what you will do to me at this time." Li Tian also smiled helplessly.

This guy has a bad head, but he's still very careful when it's critical.

"If you want to kill me, just kill me directly. I won't tell you the information behind. If you don't have my guidance, you will definitely have a dead end next." Mang Beast sneered.

"Okay, then I can only choose to do it. You also know that I have the method of void leap in my hands. I encounter some powerful enemies. If I choose to retreat in the first time, I believe that no one can take me. If it is blocked, don't you just want the giant beasts behind to help you get revenge? It's a pity that they can't do this kind of thing at all." Li Tian shook his head helplessly, and was ready to do it.

The Hong Zhan in his hand was raised high, and the sword aura slowly released from the blade, shattering everything like a whirlwind.

Looking at this sword aura, Mang Beast couldn't help shuddering at this time, saying that their bodies were very resistant to attack, and the general strength of the attack did not have any effect in their eyes.

But at this moment, seeing the sword energy in Li Tian's hand, he felt a sense of danger coming.

Out of biological instinct, he knew that the sword in Li Tian's hands was definitely not simple, and these sword auras could definitely tear his defenses easily, no matter how hard the defenses were before, here Sword Qi, there is absolutely no power to fight back.

Li Tian looked at him and let out a deep breath: "Go!"

'call out'

The entire space lit up with a burst of bright light, and the dark red sword aura was like a crescent hanging high in the air, and like a devil's smile, it rushed towards the beast.

And Mang Beast was also anxious at this time. Although his mouth was very relaxed, but when he was about to die, whether it was an immortal or a wild beast, the first thing he thought of was how to make himself alive, his hands Blocking the positions of his chest and head, at the same time the power in his body surged out, condensing a final barrier.

What followed was a huge explosion.

This explosion sounded even about to tear the entire space of the ancient gods ruins. With a burst of bright light, everything around them lost any color, leaving only dark red, flooding the sky.

Chapter 5565: beg for mercy

Li Tian's strength is obvious to all in the entire God Realm.

Although these creatures in the ruins of the ancient gods did not understand, the terrifying power he burst out at this moment still made Mang Beast feel at a loss and despair. With this little demon power left in his body, I was afraid It is impossible to resist.

He has even closed his eyes, no matter how serious the consequences are, it doesn't matter.

However, Jian Qi did not harm Mang Beast, but just passed by him and disappeared quickly.

Li Tian smiled, that smile is harmless to humans and animals, but Mang Beast doesn't think that the young man in front of him is really not dangerous. The trick just now almost killed him, but I don't know why. He didn't directly hit him, but wiped past him, bombarding the stone wall behind him.

"You can also see that my current strength has no problem with you. You don't have much demon power. Even if you want to deal with me, you have to recover for an hour or two. I am not killing you now. , I came to the ancient gods ruins but only wanted to find some treasures, and I didn't think of killing any creatures here." Li Tian said with a sword in his hand and looked at Mang Beast.

"How do I know if what you said is true or false? If I tell you the information behind, but you go back and shoot me, what else can I do?"

"If you say this, it can only mean that you still care about your life very much. It is like this. It is not easy for you to cultivate to this level. Naturally, you are not willing to lose your life easily." Li Tian Looking at him, his voice said calmly: "This happens to be a once-in-a-lifetime opportunity for you. As long as you are willing to cooperate with me, I can guarantee that I won't kill you. Anyway, you will die. Why not gamble? ?"

"If there is no information from me, you will encounter countless powerful enemies during the following journeys. With your strength, you will inevitably not have the opportunity to fight back when facing these people. I believe that if I don't give you information, you will only have a dead end." Mang Beast stared at Li Tian and said seriously: "But now it seems that you really don't want to kill me."

"God has a good life. What I like most is to make friends. Friends are definitely better than enemies. I don't want to have so many enemies. If I really deal with it, I'm afraid it will I'm exhausted." Li Tian looked at the mang beast in front of him. If he could know some of the information behind him, even if he let the mang beast in front of him go, it wouldn't matter.

Sure enough, after a battle just now, Mang Beast's mood is not as stable as before.

He looked at Xu Yang in front of him and asked suspiciously: "What do you want to know?"

"On the next part of the road, what kind of enemies will I encounter and how they will attack me is such a simple matter. I only need you to tell me how to deal with them, or what their fighting style is like. That's it, I can do other things by myself." Li Tian smiled and looked at the beast in front of him and said.

"It's just that simple?"

"Of course it's such a simple thing. What I want to do is not that complicated, but I just want to find the treasure. Other things are not very attractive to me." Li Tianming He stared at the beast in front of him and said seriously.

"You promise you won't shoot me?"

"If I really want to kill you, I can torture you first, and then slowly find the content in your mouth, but I didn't do it, but chose to let you survive. The reason is What I think you know very well, I just don't want to add sin to my hands anymore." Li Tian said, the expression on his face was also very sincere.

If you just look at this guy's eyes, you won't doubt it, you will believe it. ,

Mang Beast looked at him and nodded: "Next, the enemy you need to face is not very strong. The strength is probably similar to mine, but they are not the predecessors, but other sect masters, so you may have to deal with them. Take a little effort. As for their fighting methods, even I don't know. I

just know that one of them is a ghost who is good at witchcraft, and the other is a demon who is good at night time."

"Nothing?"

"The content I know is just that. Whether it is a ghost or a demon, the strength of these two guys is not much inferior to me, and their own IQ is also higher than mine, so they are so close. Inside, I think you know exactly what the reason is." Mang Beast squinted at Li Tian, and said solemnly.

"How did you find out that I was going to leap in the void and then interrupt me?"

"It seems that you yourself have not been able to understand your own methods well. When you are preparing to leap into the void, the celestial power in your body will begin to get involved with the surrounding space, although this process is very short. Moreover, the immortal power fluctuations are also very weak, but if you observe carefully, you can still detect it. As long as you interrupt their contact with each other at this time, you can't continue to leap in the void." Mang Beast really believed Li. God, he said all the things he wanted to know.

Li Tian was also a lot easier at this time. He had never known how this guy guessed his methods before, and now he was a little more relaxed.

It seems that as long as it is the first time facing Li Tian and a little bit of contempt for this young man, it is difficult to find this kind of celestial power fluctuation. If the strength is average, then don't want to find out.

"Happy cooperation." Li Tian slowly put away the Hong Zhan in his hand and looked at the Mang Beast in front of him: "Now I can pass, right?"

"Of course it can." Mang Beast was ready for Li Tian to repent. After all, he had treated Li Tian in the same way before, and it didn't seem to be a serious problem to treat him with his own way.

But seeing Li Tian like this now, it was obvious that he was not ready to take a shot at him, which immediately made Mang Beast happy.

"Although the strength of the next few enemies is not very strong, but I advise you not to go on for another two hours at most. The enemies after that, even if I pass, must be careful."

"I know."

Chapter 5566: Illusion like life

After Li Tian passed the pass of Mang Beast, he moved on.

At this time, he was out of the continuous mountain range, and then came to a vast grassland. The surrounding area is very vast. I don't know how huge it is, but on this grassland, you can see many mysterious buildings. , These buildings have a very long history, and some of them have been broken into sand and disappeared.

What is left is a hard building with better materials, standing on the grassland like a stele.

These ruined tiles can be seen from a long distance away, as if they are telling the visitors their history.

Li Tian squatted on the ground, his right hand slowly pressed on the ground, the immortal power slowly transformed into his hands, and then he closed his eyes slightly, and entered the realm of

heart-like water, at the same time the immortal power in his hands was also slow Detecting the traces of life activities around him, he knows that if he wants to deal with these guys, he must have a first hand.

The ghost race and the demon race, these two races are also very powerful in the God Realm, and they are still in the ancient gods relics, and they have been cultivating for so long. I don't know how powerful they are.

Although many buildings have been seen here, there is no sign of life activity in these buildings. Even within a radius of a few hundred meters, there is no vitality. Li Tian even suspects Has he already come to a dead man's excess? There is no breath of living creatures here at all, everything is so silent.

"According to the truth, this side is almost within the territory of the ghost race, but this guy hasn't shot now, but it's a bit weird." Li Tian slowly stood up, his eyes on the surrounding The broken buildings are circulating above, and he wants to find any clues from these buildings. Since he has already come here, he must have entered the territory of the ghost race.

Normally, this ghost clan would choose to sneak close to Li Tian at this time, and then suddenly attack and kill Li Tian before he could react.

But reality is always so weird.

Li Tianming has already entered this guy's territory, but he has not been able to see where the so-called ghost clan is. In desperation, he has to move on. Of course, in the process, he has not forgotten to look for the surrounding area. It's not a place where there are mysterious treasures.

However, in this vast prairie, apart from these very obvious ancient buildings, then there is nothing left.

After Li Tian walked for about ten minutes, he still saw the same scene.

"This situation is a bit wrong, what's the matter?" He stared at his eyes and glanced at the surrounding environment. Although everything here seems to be no problem, the careful Li Tian still found a little difference from it. At that, according to the truth, I have already walked a lot of distance in this grassland. Even if I didn't go out, the surrounding scenery would definitely not be like this.

But looking at the look in front of him, everything here seems to be the same as before. If Li Tian has already gone out for a large part now, I am afraid that even he himself would not believe it.

What is certain is that I should have entered a strange field now. Although it seems to be advancing, it is more like stepping in place.

As for why there is such a feeling, I am afraid that even Li Tian himself cannot tell.

"What is certain is that I should be in a strange place for a long time and I haven't left. If this is the case, I have to think about how to leave this ghost place." The corner of Li Tian's mouth rose slightly. Shi was more or less sure of what was going on now, and didn't feel any celestial power fluctuations around before.

But here is the remains of ancient gods, all kinds of ancient creatures are in this space, maybe you can't feel anything?

And he can't feel anything now, he can only say that he has entered a mysterious space, in this space, everything he sees may be just what his enemy wants to see.

Just like now, it looks like he is in the ruins of the ancient gods, but who knows where he is now?

After knowing what was going on, Li Tian immediately began to figure out a way to leave this ghost place. If he continues to stay here, he still doesn't know what moths will come out. He himself knows this very well. The enemy you have to face at one time is not simple, far from being as simple as it seems on the surface, and you can enter this realm without knowing it.

It can only be said that the opponent's strength is terrible, and what worries him most is the opponent's ability.

"Do you have a better way?" Li Tian glanced at Hong Zhan in his hand, as if asking Tang Feifei, the soul inside.

Unfortunately, Hong Zhan didn't respond.

After entering the ruins of the ancient gods, the remnants of the ancient gods did not continue to communicate with Li Tian. It was very difficult to get it right now. He still didn't know anything about the situation inside, but knew that this should be the good at that ghost race. It's a witchcraft guy, but Mang Beast never told him how to deal with this guy before, and Li Tian didn't think about how to deal with it before, and now he can only rely on his own little fumbling.

"Since I don't know how to get out of here, I can only choose to break the space rules here with very strong means. This should open up a new exit." After Li Tian found that he could not find any weakness at all, I also gave up this idea. Since I couldn't find the weakness here, I didn't simply look for the weakness here. I just used strong means to directly break the defense.

After having this idea in his mind, there is no rest in his hands.

Several clones split up, and at the same time, the red cut in his hand turned into a charging cannon, and then frantically devoured the surrounding spiritual power. It seemed that a huge impact was about to hit, the aura here It also became very dignified at this time, like a dark cloud on the top of the head, making people feel depressed.

There was a dark red fire in Li Tian's eyes, and the charging cannon in his hand was quickly charging up. The surrounding aura was about to be completely swallowed by him. He saw that it was a huge explosion.

Chapter 5567: Fang Shuyun

"Don't waste your efforts. You can't do anything here." At this time, a mysterious voice rang in Li Tian's ear, lazily, as if talking about a very normal thing. In seconds, they saw a man wearing a black robe appear in front of them, and then stared at Li Tian in front of them: "Looking at your appearance, I think I want to go to the front to find treasure."

"Except for this reason, I really can't think of anyone who would be willing to come here because of other things." Li Tian looked at the guy in front of him, with a light smile on his lips, and responded.

"That's right, there are still many people who have the same idea as you before, but after they see me, they don't admit what their purpose is. Since they are here to find treasures, why hide their own

What's the purpose?" He looked at Li Tian, and then introduced himself: "My name is Fang Shuyun. I am a ghost clan great witch here, and my enemy."

"The first time I saw this introduction of myself." Li Tian looked at the guy in front of him, his mouth slightly raised.

"I have felt the battle between you and Mang Beast before. The strength of your young man is indeed very strong, but it doesn't matter. After all, this is my territory. Even if your strength is very strong, what about? Fang Shuyun squinted at him and said slowly: "So even if your strength may be really strong, it doesn't make any sense in front of me."

Li Tian held the hilt in his hand and looked at the guy in front of him, the smile on his face slowly solidified.

He knows what challenges he will face next, and today's battle is destined to be an extraordinary battle.

"Actually, you only need to defeat me to see the things behind. There is an ancient tomb behind me. There should be treasures that can help you in it. If you have that strength, you can find this treasure. , If you don't have one, then you can only say that you are very unlucky." Fang Shuyun narrowed his eyes to look at Li Tian, and said calmly, and then a group of black flames appeared in his hand.

These black flames radiated the heat of burning people in the air, and then slowly formed a scepter in his hand.

Fang Shuyun swelled up, and there seemed to be a lot of energy in his body surging crazily. The whole person was far away from Li Tian and slowly flew to the sky: "But the treasure hunter who came here is really There are too many of them, none of them can walk through our territory. Except for a few people, most of them have died in our hands. You still have time to look back."

"It seems that you are not here just to survive, but to guard here?"

"Since you live here, you must of course contribute your own strength. These treasures themselves have a very large energy, and if they have been kept here, it will also be a very big help for us. Cultivation becomes more effective with half the effort." Fang Shuyun said as he raised the scepter in his hand: "So unless you have the strength to defeat us and let us give these treasures to you with conviction, you will just behave as if Nothing happened."

Li Tian looked at the guy in front of him. Although the auras of the two sides couldn't feel any difference, if they really had to fight, the feeling at that time would be completely different from now.

He looked at the Fang Shuyun in front of him with a serious expression. He didn't know the strength of the ghost clan in front of him. He could only say that he should not underestimate this guy casually, he should take this battle seriously.

Since the previous void leap has been detected by Mang Beast, you still have to be careful at this time. If this guy can also detect his own means, then maybe he is not ready on this side, so he is directly allowed by Fang Shu. Interrupted.

Although the charging cannon was interrupted, he was not yet ready to give up like this.

If this place really belongs to Fang Shuyun's domain, they must be quite at a loss here. After all, this place is someone else's territory. Li Tian here is like a foreign guest, unable to concentrate his strength at all. It must be quite difficult to deal with. If you want to have a normal battle with Fang Shuyun, you must get rid of his illusion.

"You probably guessed it now. This is indeed my own domain. In this domain, your strength will be limited. In many cases, you will not be able to exert your original strength. Therefore, when you face me, it is indeed necessary to be more careful than before." Fang Shuyun looked at Li Tian and said proudly: "This is a very proud masterpiece of myself. I didn't know how many people I defeated with this method before, even you. Probably it is impossible to deal with such methods."

"It's really amazing, and I also believe that I really can't deal with such a method." Li Tian squinted at Fang Shuyun in front of him, nodded, and then smiled slightly and said: "But I still want to believe it. Mine."

When he was speaking, the small universe in the dantian was shining with a dark black light.

What this ray of light represents, even Li Tian doesn't know, but one thing he knows is very clear, his second personality seems to be awakened.

"What's going on, there seems to be something in this kid's body that is awakening. The intensity of this burst of power even exceeds the state of a fairy breaking through. It seems that the strength of this kid who came in this time, it's better than the brats I met before. Fang Shuyun looked at Li Tian and couldn't help but said with emotion.

At this time, Li Tian's state is indeed very weird. On the surface, this kid's physical state is not very good, but the power in his body is constantly pouring out: "Interesting, it seems that today's battle is destined to be a very interesting thing."

Li Tian exhaled deeply, and then slowly showed a smile: "Sorry, it seems that our battle is about to end like this."

"What do you mean?"

"When my other personality appears, the fight may not last so long. The way that guy fights is a bit crazy, and he can usually end the fight easily." Li Tian said helplessly, he now I can already feel that my body can no longer be controlled at this time.

Chapter 5568: Awakening

He didn't know what the criteria for the appearance of his second personality were. Perhaps it was because he had encountered danger in this battle, so at this time his second personality would appear directly.

The purpose is also very simple, just to save lives.

Although the second personality is no different from Li Tian, after entering this state, his hostility is stronger than usual, and he still cannot control his emotions.

In this state, his strength is even more terrifying than before.

The main reason is that in this state, you basically give up the protection of your own body completely, that is, you have to sacrifice your own body and then madly eliminate your opponent.

"Although I don't know what's going on, but I think this battle seems to be very interesting." Fang Shuyun looked at him with a smile, and raised the scepter in his hand high: "But what you have to think about How to leave this space, as long as you stay in this space for a day, it is not so easy for you to defeat me."

As Li Tian's voice just fell, black hostility suddenly appeared in his body. These black hostility seemed to be hidden in his blood. Once it broke out, he couldn't control it at all.

In front of Fang Shuyun, Li Tian's eyes suddenly became blood-red, like a flame that was out of control.

On the other side, the Red Sword in his hand is also braving the dark red sword aura at this time. The aura that was originally very awful before, now has an evil feeling, even more than his ghost clan. evil.

‘Compared with the previous state of this kid, one is in the sky and the other is underground. At this time, he must not let his guard down. 'Fang Shuyun thought in her heart, and then quickly chanted the spell. At this moment, the surrounding world began to tremble crazily. The tender grass on the grassland also slowly grew at this time, and suddenly became Like ropes, grow wildly.

One by one straw rope pierced like a hard dagger at this time.

Li Tian is still in a state of being slowly controlled by the second personality. Although the speed of these straw ropes is very fast, his speed is a little bit faster. Hong Zhan let out a soft moan.

The avatars that were originally split all disappeared instantly and returned to his body, and the sword energy in his hand was also released at this time.

Countless sword auras and these straw ropes were crazily intertwined, and they hit a match for a while.

Li Tian looked at the scene in front of him, and walked out a sinister smile.

"Tietie, I didn't expect to enter this state so soon, this feeling of full strength is the feeling I want most." Li Tian completely entered the state of second personality at this time. Moving the joints of his body, looking at Fang Shuyun in front of him: "Come on, come and try to fight with me. I also really want to know how good your strength is."

Relics of ancient gods:

Although Li Tian had been fighting very seriously, he had never noticed that the Remnant Soul of the Ancient God had been observing Li Tian.

When Li Tian entered this state, he squinted his eyes and said, "This kid can now slowly control himself and enter the second personality state at will? If this is the case, maybe this is a good one. The means of entering the second state so easily, but also can be controlled at will, switching between the two states, such a means, in the entire God Realm, there is no one."

It is difficult to find the double pattern itself, but it is even more difficult to find the characteristic double pattern like Li Tian.

Because his second personality came into being after he merged with the heart demon, he carries a lot of hostility. Although he can feel these hostility in Li Tian's body, it is not strong. Wait until the second personality. When he appeared, he knew what it meant to soar into the sky. The hostility on this guy was like heavy waves, madly devouring everything in the ruins of the ancient gods.

"Are you sure this kid can do what you thought before? If he doesn't have this strength, even if you are so willing to cultivate, I am afraid there is no chance." Standing next to the ancient gods' ruins, was a man in white.

"I don't know, but this kid is the strongest in the lower realm. You should know the talents of these people. They themselves can easily make themselves stronger. I believe this kid is more talented." The Ancient God Remnant Soul looked at the man in white clothes next to him and said, "What do you think? When dealing with Mang Beast before."

"The IQ is okay. At least I know when to do something, and I can control my own means and emotions, but if I can become a strong person in this way, then I don't know how many strong people will be in this world. "The white-clothed man said lightly, and then said: "This time I will hand over the Duer Crystal to this kid to protect him temporarily."

"This time at the Ten Cities Conference, there may also be problems."

"The Big Dipper ***** emperor values this kid very much, but the other ***** emperors are a little bit hostile to him, and you can even detect that many people are hostile to him at this time. If such a young man let him If he grows up slowly, it is indeed a difficult problem for others." The man in white next to him said.

"Do your best to protect him."

After entering the second personality state, Li Tian's speed also changed instantly, especially in the use of Void Leap, but he was much more proficient than the body. Fang Shuyun in front of him hardly saw what this guy was doing. He did it, and then instantly moved to Fang Shuyun's face. The Red Sword in his hand had already fallen, and the sword energy burst out instantly, covering Fang Shuyun like the same hands.

'It's so fast that you can appear behind me in such a short time? How he did it, I clearly didn't see anything, nor felt it. 'Fang Shuyun was stunned for a while. At this moment, he quickly turned around, and then waved the scepter in his hand. The space in front of him was shaking. Originally it seemed that it was very close to Li Tian, but the next second , The two people are thousands of miles away.

"In this space, I can also move instantaneously." Fang Shuyun looked at Li Tian and said.

Chapter 5569: Doer crystal

Li Tian saw this sword, his sword aura was very strong.

But in an instant he left his original position and moved to another direction.

Li Tian's offense suddenly lost its original effect.

"Daiying, it turns out that you can move instantaneously here. This is very interesting. If only I can do this, the battle will have no effect." Li Tian said as he moved quickly, The body is like a ghost, no one knows where he will appear.

And Fang Shuyun flickered like this here too, the two were about the same, and no one knew where they would appear in the next second.

After this continued for a few minutes, the grassland on the ground was in a mess, and the surrounding space also appeared to be broken. Fang Shuyun narrowed his eyes and muttered in a low voice: "It seems that I still underestimated this stinky boy. I thought that today's battle might be over immediately, but now it seems that I'm thinking too much. Under such circumstances, this kid is thinking about how to leave here."

The battle between the two was indeed fierce, but Li Tianke didn't want to defeat Fang Shuyun at all, but wanted to leave this place.

During the battle between the two people, the surrounding space was directly destroyed unknowingly, and the extent of the damage was still not small. One can imagine how intense their fighting was.

Fang Shuyun snorted coldly, chanting spells in his mouth, strengthening the barrier of the space while fighting.

"Tietie, you are really naive, do you think that after so long has passed, I still don't know what your methods are like?" Li Tian sneered, and the Hong Zhan in his hand burst out frantically. One after another, the sword energy surged into the black hole in front of him. Although Fang Shuyun had propped up a barrier in front of him, he could not defend against the black hole that appeared in the barrier.

Originally wanted to use this opportunity to excite this space to reinforce it, who would have thought that it would eventually become what it is now. The combat effectiveness of the boy in front of him is still very powerful, far more difficult than they thought.

Li Tian snorted coldly and said, "I want to see what else can you do now, and stabilize the space in front of you."

"Even without this space, dealing with you is not a problem." Fang Shuyun frowned. Although he wanted to fight Li Tian in this space, he obviously had no chance to be like this now. In Li Tian Under such interference, he definitely couldn't continue to stabilize this space, so he had to give up this idea, and when the unprecedented disappearance in front of them, they had returned to the mountains.

And Fang Shuyun also smiled: "Unexpectedly, there were few people who could break my method before, but today you were forcibly attacked by force. It really was simple and rude."

"This kid's fighting style is very strange, especially when he enters this state." The remnant soul of the ancient **** did not know when he appeared in front of Li Tian, and then pressed his left hand on his shoulder, no one knew. How this ancient **** did it, Li Tian was forcibly pulled back from the second personality, his original eyes became much clearer at this time.

After returning to the first personality, Li Tian looked at the remnant soul of the ancient **** in front of him with a dazed expression.

"I see all your performance here. As far as the current situation is concerned, there is no problem with your training before. In such a short period of time, your growth is indeed what a strongest person in the lower realm should have, and The power in your body is more or less stimulated. This is a very important point for you. In this state, you are much stronger than before." Old God Remnant Soul looked at him , Patted his shoulder and said.

Li Tian also looked at the remnant soul of the ancient god: "What do you mean, senior?"

"There are still a lot of treasures here, but whether you can find these treasures really needs your strength to test, but this time you don't need to, you just need to prove that your growth during this period of time did not make me waste time. That's it. There are bound to be many strong people in the Ten Cities Conference, and even some **** emperor will participate in this matter. It is obviously not appropriate to deal with them with your current strength."

"If the **** emperor wants to take action against me, it is indeed a bit tricky."

"Therefore, the main purpose of allowing you to enter the ancient **** ruins this time is to hand this thing into your hands." The remnant soul of the ancient **** said while taking a look at Fang Shuyun.

Fang Shuyun stepped forward and reached out and took out a crystal: "This is the Du'er crystal, which is the treasure I told you before."

"Duer Crystal? What is this thing?"

"You can open a defensive barrier when you are about to die. Even if the **** emperor wants to break through this barrier, it will take a while, and in this barrier, you can use your void to leap, instantly. Other places, so it can be regarded as a means of escape." The remnant soul of the ancient **** looked at him and said: "After all, a powerhouse of the **** emperor level, don't think about using any treasure to deal with your current strength, if it is not their opponent. , Running away honestly is your best choice."

"So this time I came in for the crystal that can protect myself?"

"Don't underestimate this crystal. When you are in real danger, you will know where the meaning of this crystal is. I won't take up too much time for you, because you will be the one who will be the next trip to the Shuiyue Sect. This time the most important thing is that on their side, you may have a bigger breakthrough. The faster your current strength breaks through, the better your performance in the Ten Cities Conference will be, and there will be protection for yourself. The greater the meaning." When the Remnant Soul of the Ancient God spoke, he slowly pulled Li Tianji into reality.

When I returned to the room again, I realized that it had been a night.

"Next, you just wait for this game, go to Shuiyuezhong, don't you still have a lot of things to figure out? This time just happens to be a good opportunity." The voice of the remnant soul of the ancient **** was in his mind Reverberating in it.

Li Tian looked at the crystal in his hand: "How many times can I use this crystal?"

"It depends on your opponent. If your opponent is a **** emperor, you probably only have one chance to use it." Ancient God Remnant Soul said.

"In that case, it's a very good baby." Li Tian smiled and put away the crystal. With so many enemies, it is definitely good to have a life-saving method.

Chapter 5570: All heroes come together

In the next few days, Li Tian mostly recovered his body in his room, but when Feng Tianling was playing, he took a look, and the result was not much different from what he imagined. The strength of Li Tian is indeed much stronger than before. Even if he does not need to show his true strength, Li Tian can still detect it.

This kind of very confident smile is not something anyone can have.

At least it proved that his current strength is already very different from before, so Feng Tianling was so excited.

As for his realm, because Feng Jie canceled the final ranking this time, although the three people occupy three places, there is no distinction between the front and the back. This is also ignored. Li Tian is the earliest in the new moon city. A strong man who has entered the realm of gods.

The remaining thing is to go to Shuiyuezong for the final practice.

Yundu grass is a rare fairy grass. This time I don't know how many people came here for this fairy grass. Even the Five Poison Sect, which has rarely appeared, also participated. The preciousness of Zhiyundu grass is, after all, it can only be planted in Shuiyuezong. Indeed, many people have a very strong possession of this fairy grass.

It's just that their strength is still a little bit inferior after all, and they lost to a few strong players in this game.

The final result was quite different from what Feng Jie had imagined before. Li Tian, a guy who jumped in, changed the whole situation abruptly. Now only Feng Tianling and Ningbing are left. Feng Tianxiang, who had been arranged before and who was supposed to be among the three places, eventually lost to Li Tian for various reasons and lost his chance.

But I have to say that in the finals this time, the battle was the fiercest, and also the most exciting was the battle between Li Tian and Feng Tianxiang.

The battle between these two people also reignited the passion of many audiences. When they saw that Li Tian's strength had broken through to the realm of gods, the very subtle feeling was still difficult to describe in normal words, maybe No one would have thought that at the Young Heroes Conference, they would actually see a young man in the realm of gods. Such talents are too few.

In a secluded courtyard, a young man dressed in white sits on the ground, with his hands on his knees, breathing smoothly, as if he fits with the whole nature. Although he is sitting on the ground, he seems to be fused into the whole nature. in.

Behind the young man is a mysterious iron tree that has a very good reputation in the gods. It is said that this kind of tree has bloomed for thousands of years and bears fruit for tens of thousands of years.

At this moment, the mysterious iron tree behind him was slowly falling colorful leaves, as beautiful as a rainbow.

The young man just sat on the ground like this, letting the leaves fall on him, still indifferent. It seemed that he really merged with the whole nature. For the other man sitting at the opposite stone table, it was completely a feeling of turning a blind eye, but still doing his own things, has not changed.

The man sitting at the stone table was wearing a black robe with his hair left behind his head. From time to time some helpless eyes flashed in his eyes: "Are you really not going to listen to me?"

"It's nothing more than telling me the information of those people. This time the Ten City Tournament will be very fierce. What is there to know? I only need to do my own thing. As for what kind of power I encounter the opponent of, this is also not something people like me can imagine and control. Why should we continue to struggle like this?" The young man glanced at him and said slowly, but his eyes were still closed.

"You are really calm. If you are changing to someone else, you may have been very anxious to prepare at this time, but looking at you now, it seems that you have not taken this matter to your heart. I don't know. What should I say." The man looked at him with a helpless smile.

The young man finally opened his eyes and took a faint look at the man in front of him: "Huang Hong, if you continue to be verbose here, I will let you out."

"Hey, you are not in a hurry now, you will be anxious when you really face those people. It is said that among the three people in New Moon City this time, one of them has been promoted to the realm of gods, you should know what this means. "Huang Hong snorted coldly, looked at the young man and said, "The strongest people participating in the Ten Cities Conference this time are like clouds, but they should all be in the realm of **** cultivation, and this person has already been promoted to the realm of gods early. It is a big problem for us."

"Are you in the realm of gods?" The young man squinted his eyes, and finally got a little interested: "Help me pay more attention to this young man. Compared with the previous Ten Cities Conference, there are more strong ones. It can be described as a group of heroes. At this time, the appearance of a contestant in the realm of gods is also a very challenging thing for other people. I believe they also want to know how strong this young man is."

"If you meet, are you sure?"

"I do not know."

Huang Hong did not continue to speak. The name of the young man in front of them was very loud among the three of them. Even at the Ten City Conference, many people would have heard of the name Yinzhen. If even Yinzhen is not Li Tian's Opponent, who else is this young man's opponent?

The promotion of Li Tian to the realm of the gods soon spread in the circle of the gods. Many people were amazed. Of course, more people were melancholy at this time. The stronger Li Tian's strength, it also represents As they are less likely to get a place in the competition, at least so far I have not heard of anyone who has broken through to the realm of gods at this time.

Therefore, all kinds of remarks about Li Tian all sprung up at this moment like bamboo shoots after a rain. Most people still do not want to believe that a young man can improve his own strength in such a short period of time. At the same time, and still a scattered fairy with no background, this is a stronger impact for them.

Naturally, many people doubt that they want to witness Li Tian's strength.

But more often, I almost know that this matter is tense, there is no problem.
