

A Killer 5571

Chapter 5571: Set off

There were many legends about Li Tian, and many people even went to the New Moon City to witness the demeanor of this young man.

And all of this was something that Li Tian, who was still in the City Lord's Mansion, didn't even know.

After Feng Tianling easily defeated his opponent, New Moon City's candidate to participate in the Ten Cities Conference was finally determined. Li Tian must have not ran away, and at the same time, this time is also a good opportunity for him. , If you can use this practice in Shuiyuezhong to increase your strength by a small amount, it is also a pretty good thing.

After reaching the realm of gods, he can find that his body feels completely different from before. The most obvious thing is that he was still very sensitive to these spirits of the gods before, and he absorbed it very quickly.

But after reaching this state, he actually felt that his and the previous responses to the aura around him were all a different kind of feeling. Although it is not very clear why such a change occurred in such a short period of time, there are many It is more or less clear that the reason why he feels this way is because his strength has improved.

After reaching the realm of the gods, it is ten times more difficult to raise a star than before, and this difficulty level increases with your strength, which means that when your strength reaches a very strong point In order to improve himself, the difficulty is not imaginable by ordinary people at all, so Li Tian's cultivation speed has slowed down now.

He himself knew that this was normal, but in this environment, he couldn't accept such a slow cultivation speed.

There are eager enemies everywhere in the God Realm. These enemies are all killers hidden in the dark, just waiting for you to rush up and bite you into pieces when you reveal a flaw, so he must make sure that he is always It's always a state of vigilance, and you must ensure that your strength can be improved quickly. As for when your strength is very strong, you can truly do not care what your enemy does.

Li Tian is still unable to do so. How the enemy will deal with him and when will deal with him still has some influence on Li Tian.

And the Shuiyuezhong in front of him would be an extremely good choice.

‘Puff’

The door knocked softly, and with Li Tian's response, Ningbing pushed the door and walked in: "The time is almost here, we are about to prepare for action."

"But it's just going back to your Shuiyue Sect. This time the battle is a bit too big." Li Tian glanced at her. During this time, the two of them have been considered good friends.

Ever since Ningbing came to Shuiyue Sect, she has always been in this state of a frosty beauty, not to mention the opposite sex. Even a woman will feel very uncomfortable when she sees Ningbing. Naturally, no one will get along. Ningbing has a very good relationship.

Although she has never shown anything in her performance, and seems to care nothing about this kind of friendship, she is still very lonely in her heart, and she yearns for a chat partner who can listen to her when she is sad.

All of this didn't change until she met Li Tian. This person is like the most loyal audience around her, always willing to help her at any time.

"At this young hero meeting, we Shuiyue Sect sent out many people. These people will definitely follow us back to Shuiyue Sect. They will stay in New Moon City. They are only a small part of it. ." Seeing the expression on Li Tian's face, Ning Bing said with a smile, and then sat down on the side: "After returning to Shuiyue Sect, the Sect Master should come to see you on his own initiative."

"Actually, I really don't want the past. I always feel that this time there may be no return." Li Tian smiled sly.

"What nonsense? Shuiyue Sect is also a sect that has inherited a long history. It has a good reputation in the entire God Realm. How could it do anything bad to you, and the suzerain seems to be very interested in you. , It's even more impossible to attack you." Ning Bing heard Li Tian say this, and immediately yelled angrily, "It's okay if you tell me this, but if you say it in Shuiyue Sect, just wait. Get hit."

"Hey, I just know that you are reluctant to shoot me, I will say that."

"Don't be stinky. I just saw that your previous fight with Feng Tianxiang was very fierce. I was worried that your body hadn't fully recovered. Then I didn't deal with you. Otherwise, just rely on what you just said. Enough for me to clean up you fiercely." Ning Bing snorted and looked at him: "This time you must be careful when you are on the road. We are following the two elders."

Li Tian nodded and waved his hand: "An La An, I still know this kind of thing, when to do and when not to do, if I don't even know such things, then it is Is it an idiot? But this time I am still very nervous following Elder Yunxiang and Elder Yunjin. The two of them must want to learn some information from me."

"You can say it if you want to. If you refuse, it doesn't matter. The two elders are broad-minded seniors, so naturally they won't care about anything like you.

"This is of course the best. If they pursue such small things with me, there is nothing I can do." Li Tian smiled and glanced at Ningbing beside him, always feeling that there was something very unimaginable in front of him. Originally thought that after she lost her memory, it would take a long time for two people to get along like this, but in fact it didn't take long. Ningbing had already regarded him as a good friend of her own.

While talking, the two organized their things and left the room.

At this time, outside the City Lord's Mansion, the Shuiyue Sect's team had already assembled. In the lobby inside the City Lord's Mansion, Feng Jie was sitting on the main seat. On the left and right were the two elders of Shuiyue Sect. Sitting in the position, Feng Tianling waiting with a calm

expression on his face, although the previous battle was a bit disappointing, and he failed to show the strength that he should have, the level of this person is obvious to all, and no one can. Really doubted Feng Tianling's strength.

"Master City Lord is really good at training. Young Master Tianling's growth these days is really great." Elder Yun Xiang looked at Feng Tianling and said.

Chapter 5572: Sniff

"Elder Yunxiang joked. I'm just a city lord. If you want to talk about training, the Shuiyue Sect's methods are more sophisticated. In recent years, the Shuiyue Sect has come out in large numbers. This is something everyone can see, although some have happened some time ago. The unpleasant things are solved very well. I don't dare to compare with the level of Shuiyue Sect's preaching and teaching." Although Fengjie is the lord of a city, he is still relatively polite to Elder Yunxiang and Elder Yunjin. of.

These two elders of Shuiyue Sect are serious and serious. They are different from the people like Yun Ji and Yunyi that Li Tian has seen. Their say in Shuiyue Sect is not small.

It can be said that if all these elders reject Murong Ziqing's supremacy, then even if Murong Ziqing has planned for so long, it will not make any sense. Once they are rejected, they will not be able to become the Shuiyue Sect's suzerain.

It can also be seen from this that the elders of Shuiyue Sect are still very strong.

"The Lord of the City is really polite. Linglang will go to Shuiyue Sect with us this time, and we will take care of it." Elder Yunxiang smiled and looked at Fengjie, and said calmly: "I believe Linglang's talents should be there these days. Greater achievement."

Feng Jie smiled and said to Feng Tianling: "This time you go to Shuiyue Sect, you just need to remember not to cause trouble for me. As for the cultivation level, I won't ask you anything, do your best. If you can improve yourself, that's the best. If there is no effect, then it's a problem of your talent. Don't care about anything."

"Father don't worry, the child will definitely accomplish something this time." Feng Tianling heard him say this, but there was no sign on his face, but he nodded and responded.

At this time, Ning Bing and Li Tian had already entered from outside.

Feng Tianling's eyes fell on Li Tian, and finally there was a faint smile, looking at Ningbing, and said, "You are here."

"En." Ning Bing nodded coldly, and then reached the side of Elder Yun Jin with Li Tian.

"Since everyone has arrived, the two elders will talk about what happened this time?"

"You only need to pay attention to one thing this time when you go to our Shuiyue Sect's Cave Heaven and Fortune Land. You are not allowed to make trouble in it, and the time must be controlled. Don't think about understanding everything inside. , With your current strength, you may not be able to understand all of these things inside. There are only about ten days left in the Ten Cities Conference. There is not much time left for you. At this time, you should do your best. , But you can't forget the time." Yunxiang looked at the three people and said seriously.

"It's that simple?"

"The Shuiyue Sect itself has very strict rules, but Li Tian and Young Master Tianling are not members of our Shuiyue Sect, so it's okay to be more relaxed, not to mention that they can't make any mistakes in Dongtianfudi." Yunxiang The elder smiled slightly and looked at Feng Jie: "Next, if there is nothing wrong with the city lord, we can leave and head to Shuiyuezhong."

"Of course, the sooner this matter is, the better. The more time there is, the more time for these young people to grow up. I have heard about the Ten Cities Conference this time. Everyone is doing their best. Knowing how many young talents will all participate in this competition, the most important thing is to step up time to practice and improve yourself." Feng Jie nodded.

Elder Yunxiang stood up: "In that case, let's set off now."

Li Tian glanced at Feng Jie, and said with a smile: "My Lord City Lord, then we will leave first."

"Well, improve your strength. Although you have reached the realm of gods, don't despise your enemies. Many people have not really shown their strength. Therefore, I don't know how to be in this ten-city conference. , Can you meet an opponent who can match yours?" Feng Jie said with a dignified look at Li Tian.

Li Tian smiled and nodded.

Under the leadership of Elder Yunxiang and Elder Yunjin, they left the City Lord's Mansion in this way.

On the road, Ning Bing followed Li Tian, and Feng Tianling followed Ning Bing's side. Therefore, the distance between the three of them was not very far, and they seemed to be very close, but they were not. Li Tian didn't wait to see Feng Tianling at all, and Feng Tianling did the same.

And Ningbing, because of Feng Tianling's identity, naturally it is not good to be a little bit dissatisfied with the eldest master of the city lord. He just speaks very politely and rarely talks to Feng Tianling, most of the time They were communicating with Li Tian, but the two people chatted here in a very interesting way and put Feng Tianling aside.

As the young master of the city lord, Feng Tianling had never encountered such a treatment before, but at this time he could only swallow his breath.

I have said before that Shuiyuezhong's rules are very strict. The two of them are not allowed to fight, in order to prevent the two of them from continuing to have conflicts because of such small things. If they fight, it will be bad.

The top priority is that everyone must quickly improve their own strength, only in this way can they cope with the next Ten City Conference.

Rather than thinking about how to show up at this critical time, to let others notice oneself, this must be extremely stupid.

So on this journey, even though he was holding his breath in his stomach, Feng Tianling still endured it.

However, Li Tian is also a little bit uncomfortable here. I thought that Elder Yunxiang and Elder Yunjin would probably want to inquire about something from him, but the two of them ignored Li Tian at all, which was very embarrassing.

Originally, Li Tian wanted to use this opportunity to exchange information with them, to listen to his tone, and to see what the current Shuiyue Sect was like.

As a result, these two elders did not take the bait at all, and it was very embarrassing now.

After passing through the portal, they came directly to Shuiyue City, where you can see Shuiyuezhong.

Elder Yunxiang and Elder Yunjin turned around and said, "Temporarily rest here for a while. If you have nothing to do, stay here. If you need anything, please hurry around in the city. I will come here before tonight, otherwise it will delay our time."

Li Tian took a look. They are currently in the main city guild.

And the main city guild of Shuiyue City is equivalent to a stronghold of Shuiyue Sect. Everything here belongs to Shuiyue Sect.

Chapter 5573: Pick up

After Elder Yunxiang and Elder Yunjin finished talking, they began to mobilize the Shuiyuezhong disciple who came back with them to perform tasks here.

Li Tian thought, since these two are unwilling to talk to himself, it is better to take the initiative to attack.

So he stepped forward and asked in a low voice: "Two elders, can I talk to you?"

"Sect Master said, if you just want to know the current situation of Shuiyue Sect, don't worry, they will not attack you, you will only get benefits here, there will be no problems." Yunxiang The elder smiled and looked at Li Tian in front of him, and said: "The Sect Master has already guessed all of your thoughts, so you don't need to worry about it. Shuiyuezhong is also a respectable and upright school, if you really want to deal with young people like you. , Will take you back openly?"

Li Tian thought in his heart, there are so many unexpected things in this world, who knows what Murong Ziqing's purpose is this time?

But after hearing these two people's explanations, they almost understood that Murong Ziqing knew this matter very well from beginning to end, and the level of understanding was far more terrifying than Li Tian imagined. The individual should have been dispatched to New Moon City some time ago. During this process, he may not have contacted Murong Ziqing at all. In other words, all these words were made when they set out before, and Murong Ziqing was settled. .

It can be seen that this woman is still very farsighted and has guessed these things before.

"I didn't expect my careful thoughts to be guessed so early."

"There is such an embarrassing thing. Although the Sect Master has always been imprisoned in the forbidden area before, it has always had a completely different meaning to us Shuiyue Sect. This time, after coming out of the forbidden area again, It won the support of many of us for the first time. The current Shuiyue Sect is completely different from the Shuiyue Sect you imagined in your mind. You can rest assured that there will be no problems this time." Elder Yunxiang patted. He said seriously on his shoulder.

Li Tian originally wanted to know some news, but even if the two elders said that he wanted to know, he couldn't speak at this time, so he nodded: "Then we stay here?"

"These disciples who followed us to the New Moon City have already reached the time to go down the mountain to practice, and this time they will be able to arrange them here to practice." Elder Yun Xiang didn't mind letting Li Tian know this, indifferent. "So we may spend a little time here, if you have something, you can take advantage of this time to hurry up."

"Well, you will obey our discipline after you arrive at the Shuiyue Sect. You may not have the chance to leave at all. This time the Ten Cities Conference is very important for both the New Moon City and our Shuiyue Sect. The three are our contestants. We must do everything possible to improve your strength. This process must be very long and difficult, but you can only choose to persist." Elder Yun Jin also said.

Li Tian nodded: "I know that people like me don't care about these things for a long time, and it's enough to make me stronger."

"Your talents are good enough now. It's a pity that something like that happened in Luoyang City before. Otherwise, if you are a disciple of the Tianluo Sect now, your strength may be even more terrifying than now, and you are young. It's just that Sanxian has already cultivated to the realm of gods. If you add the guidance of your seniors and the assistance of various medicinal materials, your strength will definitely exceed the current level." Elder Yunxiang said with emotion.

The eyes of the two elders looking at Li Tian were very fond. Of course, this kind of fondness is not the affection between men and women. It is just the affection of an elder for a junior. In Li Tian, they seem to see a future **** The shadow of the emperor, probably only those strong at the level of the **** emperor, can achieve the level of Li Tian.

However, the **** emperor has not appeared in the gods for so many years.

Most of the **** emperors have achieved their current strength very far away. Except for seeing their strength during the previous battle of the **** emperors, few people know how the strength of these **** emperors is after this. I just understand that they may have become unfathomable, but it is also possible that they are just the same as before. After all, at that level, it is not so easy to improve their strength.

Talent, opportunity and hard work, these three things are definitely indispensable. Only by having these three things at the same time can you improve yourself to a great level in a short period of time, just like Li Tian in front of him.

Two of his efforts are in sight.

Natural talent is beyond doubt.

Being able to reach the realm of gods must have encountered some adventures during this period of time. Otherwise, the two of them would definitely not believe them. A Sanxian can cultivate to the realm of gods within this period of time, if any one Sanxian If they can all be like this, then what is the meaning of their existence?

Although Li Tian inspired a lot of dispersing immortals, it renewed their hope for cultivation.

But you must know that this is basically a super rare exception, and it will appear among millions of people. There are very few adventures in themselves, and it is rare to encounter those who are helpful to you. .

Therefore, it is really good that Li Tian can have this achievement now. Among so many young people, it is difficult to find a young man with such a talent.

Knowing that he will stay here for a while today, Li Tian has no interest in staying here. Since Shuiyue City is the territory of Shuiyue Sect, there must be many good things in it, and the shops are definitely better than The general main city is much richer. I haven't been able to find a good opportunity to go around here last time, but it's different now.

The spells in his hand are already a lot less, and indeed need to be added, but before that, he still has to think about how to make money.

After rushing to the New Moon City, there was no income. Fortunately, I made a lot of money last time, so I can barely support it at this time.

Some low-level spells are still needed, and it is a good choice to use these spells as a guise in battle.

Chapter 5574: Shinsako

After leaving the main city guild, he found that Ning Bing had also followed.

"Aren't you inside? Why follow me out."

"It's boring inside. I think you are going to go shopping, take me with you. Because of my identity, none of these people dared to do business with me." Ning Bing said helplessly.

"It's okay for you to dissolve directly. After you dissolve, who will know who you are?" Li Tian said, slowly changing the appearance of his face, looking at Ningbing: "Look Now, if you are not a great master or someone who is familiar with me is around, no one knows who I am. This gives me a good environment. Otherwise, if I come here for shopping with my current identity, I'm sure There are also a lot of troubles."

When a person is not famous, he always thinks about becoming famous, and always feels like this is very powerful.

But when you really get to this point, you will find that all the things you think of in your mind are illusory. You will find that you are happiest when you are truly famous.

After too many people know who you are, they will start to be shackled.

This is also a very normal thing. The more people know you, the more they will constrain a lot of rules and regulations on you. It seems that only this will satisfy themselves. Li Tian already knows the methods of these people well, so Even at this time, there was still a faint smile on his face, as if he hadn't taken this matter to heart at all.

"When I know that I am in such a situation, I always feel very uncomfortable in my heart, thinking that my freedom is restricted, but looking at your current expression, it seems that I don't care about this kind of thing at all. Do you think this kind of thing? Doesn't it matter?" Ning Bing looked at Li Tian curiously, no matter who was feeling uncomfortable in his heart when something like this happened, even Li Tian should be the same.

But the expression on his face was calm, as if something very ordinary had just happened.

"Perhaps because I am used to this kind of life. Before, our life was like this. Many people knew us, and many people wanted to kill us." Li Tianchang sighed and thought Life on earth, sometimes

being strong may not be a good thing, but in order to survive, human beings often have to choose to make themselves stronger.

And this kind of powerful journey will never see the end,

"I have always been curious about what kind of life we had in the past. I saw many complex emotions on your face. These emotions are emotions that you have never experienced in the gods."

"When your memory can be restored one day, you can understand my current emotions, but even if I tell you our previous life, I don't think you will believe it, and even think that I'm just nonsense. It's just the Eight Paths, so I think it's better to let it go. When your memory wakes up, everything will change."

"But I believe you also know that my memory is now forcibly sealed by them. It is very difficult to remove the seal of this memory. It is a very difficult process."

"We have traveled far more arduous roads than now, so I will not lose confidence. I believe that as long as I work hard, I can still succeed even with a lot of effort." Li Tian smiled and looked at it. With Ningbing.

She also began to slowly transform her appearance into an ordinary girl.

In this way, almost no one can recognize the two people. Even if they are standing on the street, they are just two young people who don't seem to have any characteristics. Naturally, no one will look at them.

After seeing that no one is paying attention to him, Ning Bing breathed a sigh of relief: "It turns out that no one will notice me anymore."

"Although your aura and celestial power fluctuations are still the same as before, in most cases, no one is bored to observe this kind of thing, so it is not easy for them to recognize you. Things." Li Tian looked at her, smiled, and then said: "Do you know anything interesting about Shuiyue City?"

"I don't know, I rarely leave the sect. Even when I come to Shuiyue City, I almost perform tasks in the main city guild. I rarely go shopping here. This is why I want to talk to you this time. The reason for coming out, I think we will encounter a lot of troubles in the future. If we can, it's a good thing to be able to relax before this." Ning Bing stepped forward and wanted to stand with Li Tian very much. I got closer, but it seemed too intimate, so I subconsciously moved away.

In this way, the distance between the two people is very strange.

It looks like an acquaintance, but there is still a little distance.

Li Tian was naturally aware of this, but he knew very well about Ning Bing, he knew what this woman was thinking, and he knew that if he talked at this time, it would only make Ning Bing shy. This is not a good thing.

So, I just don't know what to do.

Although Ningbing has lost her memory, her body's instincts and original character will not change.

Two people walking on the street, looking at the busy streets, the lively Shuiyue City is more worth seeing, but this process did not last long, they were yelled by an old voice: "Two young people People, can you stop and listen to the old man?"

Li Tian stopped, turned and followed the voice and looked over.

In the distance sat a blind old man with gray hair and a goatee, wearing a robe with weird pictures and text, holding a scepter in his hand, and hanging a banner on it, saying: 'Change your fate against the sky' Four big characters.

If it were on the earth, Li Tian would definitely turn around and leave without hesitation, because there is usually only one kind of person in this costume.

That is the magic stick.

But the old man in front of him, even though he was just sitting on a stool, gave people a very weird feeling. Even Li Tian could clearly feel that this old man seemed to be really different.

"In the past?" Ning Bing glanced at Li Tian, she obviously felt the difference in this old man, and this feeling was still very strong.

"Let's take a look, anyway, in broad daylight, he can't do anything to us." Out of curiosity about the old man, Li Tian decided to step forward and take a look.

Chapter 5575: prediction

Li Tian and Ning Bing came to the old man and looked at him suspiciously, "You seem to be very interested in us."

"If you two reveal your true bodies, I am afraid that the entire Shuiyue City will go up and down. No one will not be interested in you." The old man squinted his eyes and looked at the two people in front of him. He hummed softly, with a little tone in his tone. Disdain: "Although the disguise technique is pretty good, it will not be discovered under normal circumstances, but if you want to rely on this method to get through in front of me.

"So?" Li Tian looked at the old man, somewhat inexplicably.

I always felt that the old man seemed to know something, but after the conversation, he felt that this person seemed weird and couldn't describe the weirdness at all.

"You are not curious at all, why would I recognize the two of you in this vast sea of people."

"If you've always been curious about us, don't have any thoughts, it doesn't count as much to recognize us." Ning Bing stepped forward, looked at the old man in front of him with indifference, and threatened: "But if you want to threaten us with this, I advise you to dispel this idea. This is our territory. If you dare to do anything wrong, don't blame us for being rude."

The old man looked at Ningbing with a very weird smile. He smiled heartily and said: "You deserve to be a famous person. He speaks with confidence. Although this is Shuiyue City, it is the territory of your Shuiyue Sect, but the old man I may not be afraid of you here. If you don't believe me, you can try it. What can you do to me?" This person is also tough, and there is no intention to regress in his tone.

Ning Bing squinted his eyes and looked at the old man in front of him. Naturally, he felt very unhappy. If it hadn't been for Li Tian to be here, he might have started directly with the old man in front of him.

This is the case, and the mood is still very bad at this time. If it weren't for Li Tian here, something would happen.

"The predecessors must have something else to tell us when they came to us. If this is the case, don't sell them here, just tell us." Li Tian glanced at Ningbing beside him, this one The master sister seems to really have a strong self-confidence in herself. This is Shuiyue City, which is their territory. Even if something really happens here, Ningbing has its own strength to solve these problems. .

Hearing Li Tian say this, Ning Bing's mood has improved a lot, after all, he still needs to give this guy a little face.

The old man squinted at Li Tian and Ning Bing, and said, "The two of you are going to participate in the Ten Cities Conference next, have you ever thought that if you go through this way, will it be dangerous?"

"So?" Li Tian looked at and asked.

"You two must be careful about things when you go this time. If you don't handle it carefully, the result may be life-threatening. Losing your lives at the Ten Cities Conference is also completely possible." Old man Looking at the two of them with serious expressions: "So I tell you what to pay attention to, and don't conflict with anyone outside of the game."

"Haha, is it that simple? It's just to tell us not to conflict with others outside the game. What's this? Anyone will say that. All the people participating in the Ten Cities Conference are decent figures and they are outside the game. If there is a contradiction, it will definitely bring us a lot of trouble." Ning Bing has always looked uncomfortable with this old man, always feeling that this is a nonsense bastard.

Li Tian just smiled and looked at the old man in front of him, but he didn't stop Ning Bing from saying that.

What she said is indeed very correct. If it is just such a prediction or advice, many people here can tell them this. What's the point? There is no proof that this old man is unique.

"I know you will definitely not believe it. Of course, I say this is indeed a little vague, but since I came out to tell you this, I must be asking for a little bit of benefit. There is no easy way in this world. If you don't give me a little benefit, of course, don't want to get more accurate information from me." The old man said with a smile, without noticing how wretched his expression was at this time.

Ning Bing glanced at the old man, then turned to look at Li Tian, and said impatiently, "This guy just wants to get some benefits from us. We have other things to do, so why bother with this guy? A waste of time."

"Maybe it's true?" Li Tian turned around and looked at her and asked.

"Even if it is true, how about? The Ten Cities Conference is a place where the strong people gather. If you offend anyone here, it is really not a good choice. It is normal to pay some price. I don't think this. What's the credibility of what the guy said." Ning Bing snorted coldly, glanced at the old man next to him, and directly regarded the guy in front of him as a liar in his heart.

"Believe it or not is your business. I just tell you what I want to say. If you want to know more, give me money, otherwise I just leave. I won't say anything." The old man also looked indifferent, he

seemed to have a feeling of being outside of the five elements, and he just sat down to the side without saying a word.

Li Tian smiled and glanced at Ningbing next to him, and then said to the old man: "How much do seniors want?"

"Giving more and giving less is a fate. If you really have that mind, you will definitely not give less. If you don't have that mind, if you give less, the old man won't really say anything."

Li Tian smiled slightly, and then took out some Tian Coins and put them on the table: "These can be regarded as expressing his heart."

The old man didn't look carefully, so he put away the coins on the table.

On the contrary, Ningbing on one side was very uncomfortable at this time. There are a lot of these days coins. These old men put them away without looking at them. If they tell me any useless news later, they are not spending the money for nothing. ?

"Why do you really believe this old man? He might have lied to a fool like you."

"Some things are difficult to describe in words, but you can trust me this time." Li Tian smiled slightly, looking at the old man's eyes very firm, and seemed to carry some trust.

Chapter 5576: Old friend is coming

The old man stroked his beard, looked at Li Tian and said, "As expected, he is what the old man likes. There really is something different."

"Hey, what's different, I think he will believe you this kind of low-end deceit only when he is obsessed with you." Ning Bing saw Li Tian's resolute attitude, and knew that he had nothing to say at this time. Meaning, Li Tian would definitely not listen to her and refused to have a deal with the old man in front of him. At this time, he could only listen to what the old man would say after receiving the money.

Li Tian smiled slightly, still looking at the old man in front of him trustingly.

They are not conspicuous in this street. Although there are many people around, it is very strange that no one has their eyes on them, as if they can't be found here.

Li Tian squinted his eyes and waited quietly.

The old man suddenly raised his right hand and quickly pinched out a hand gesture. A seemingly transparent barrier enveloped the three people: "What I said next may not be very clear, but can you understand it? , It depends on you."

"Senior, please say."

"You are going to go this time, it must be a lot of bad luck. Even if you don't want to provoke those powerful people in the Ten City Convention, it still has no meaning, because you have already forged many enemies long ago. I found where you are a few days ago, and I am currently thinking of using all methods to destroy you." The old man looked at Li Tian in front of him with clear eyes, and said solemnly.

Li Tian is also not quite clear at this time. What does this person mean at this time: "I don't understand."

"I said, whether you can understand how much depends on you. Even if you don't understand it now, you will know when it's true. It's easy to resolve this crisis. You go to Ten Cities this time. At the conference, you will meet many old people, one of whom is your savior. If you use it properly, this person will help you to overcome the difficulties and successfully overcome this difficulty. If you don't handle it well, then you will have everything* *, will die there." The old man was serious, with a serious expression on his face, even Li Tian did not dare to relax his vigilance at this time.

He believed what the old man in front of him said.

Regarding things in the lower realm, few people in the gods will know, and no one knows. Li Tian has already made countless enemies in the gods, but he has been hiding his identity before, so he has not let his enemies. turn up.

But the old man in front of him knew this clearly.

This had to convince Li Tian that this old man did indeed know some particularly accurate news, otherwise he would not jump to conclusions at this time.

"Other than that, are there any other reminders?"

"Shuangmu Dingshui, don't forget Jiangnan." The old man said faintly, and then stood up, there was a curl of immortality behind him, and as he stepped out for the first time, the person had already withdrawn. It's a long distance, and Li Tian and Ning Bing don't know at all: "The old man has already said clearly what should be said. Whether you can seize this opportunity is up to you."

If the voice echoed in the long corridor, it drifted slowly to Li Tian's ears.

He was still thinking about what the old man said. When he opened his eyes, he found that the old man had already disappeared.

"Just now, was all this true?" Ning Bing stood there stupidly as if struck by lightning and did not relax for a long time. She thought that the old man was a liar, but the strength displayed at this last moment told them , This old man is definitely a very powerful master, and he can disappear from them so quickly without changing his expression, his strength must be far beyond them.

"It seems that the Ten Cities Conference this time is really going to be very interesting, but I don't know until now, what he said about Shuangmu Dingshui, don't forget what Jiangnan means." Li Tian racked his brains. , Knowing that there must be a mystery in this sentence, but for a long time I can't figure out what the content of this sentence is. At this time, I feel quite melancholy and helpless.

Obviously it helped me to predict.

But it is unwilling to tell you the most crucial truth. This is the most helpless thing.

"He doesn't want to tell you, he can only rely on yourself, maybe it's really a secret that cannot be revealed, he can only tell you this carefully and implicitly, and when you understand it, naturally you will know these meanings." Ning Bing Looking at Li Tian, who was a little irritable, he comforted him and said, "Let's take a step and take a step. Now even if you concentrate on cracking it, it may not be effective."

"It's true. The top priority is not to solve this puzzle. Maybe when I get to that point, I will figure it out myself." Li Tian nodded, knowing that he still has a lot to do at this time. Of course, it is

impossible to spend all your energy on solving this puzzle. Although the puzzle must be solved, there is no need to rush for a while.

Quick success is not necessarily a good thing.

As the two people spoke, the enchantment around the body slowly disappeared, and then, it was discovered that the sky had darkened.

The eyes were facing each other, and they all saw a touch of shock in the other's eyes.

"This is...it's dark?"

Li Tian looked at the moon rising in the distance, nodded, and said, "It seems that we have spent a lot of time in that enchantment. It's already dark now. It's almost time to head to Shuiyue Sect. "

"How could it be possible that we have just come here, this is just a few minutes, and it will be dark? It's too scary." Ning Bing still couldn't believe it, just standing here and chatting. That's it, why is it just getting dark? Could it be said that the old man used any means before to make the sky sink?

"Don't talk about these people, let's go to the main city guild and get ready to leave." Li Tian said helplessly. He wanted to buy some treasures in Shuiyue City, but he encountered such a thing. There is no time to go shopping, and he must hurry up to go to Shuiyue Sect. For him, this is a very important thing, and it is also a turning point.

Of course, I think more in my heart, but I still wonder what life is like here.

He was taken away by Murong Ziqing, and until now, he has never seen this girl. Thinking of the hatred in her eyes, Li Tian felt a pain in his heart.

Chapter 5577: Shuiyue Sect Again

In the evening:

The moon slowly rises in the sky, and Elder Yunxiang and Elder Yunjin are standing at the gate of the main city guild, looking out the street from a distance: "Where have these two guys been, it has already arrived at this time and they haven't come back yet? Could it be that they forgot Did we remind you before?"

"Probably not. Ning Bing has always kept time. Even if Li Tian really forgets, she can't forget it. Since these two haven't come back so late, are there any dangers? Shall I send someone to respond?" Elder Yun Jin thought for a while, and asked with some doubts.

Elder Ruxiang also frowned and didn't know what to do.

"The two elders don't need to worry. I think Li Tian was overwhelmed on the road and missed the best time. Ning Bing had a good relationship with him, so naturally he didn't want to ask this guy to make mistakes alone, so he had to make mistakes together." Feng Tianling walked to the back and said with a low smile: "Of course, this is just a personal guess of mine. I can't know whether it is true or not."

"Master Tianling, as the eldest son of Lord City Lord, you should pay attention to your own proportions. You can say some things, but you can't say some things. I think what you should learn the most in the City Lord Mansion these years It can be said, what kind of things can't be said, right?" Elder Yun Xiang sneered, staring at Feng Tianling in front of him.

If they were in the New Moon City, they might give a bit of face, after all, they were in Fengjie's territory.

But what is this place?

Shuiyue City is the site of their Shuiyue Sect. If they want to deal with Feng Tianling, it is simply a matter of grabbing them, and after finishing it, they can also remove all traces of them and let Feng Jie couldn't find the real culprit at all. This is the power of Shuiyue Sect. What kind of things can't be done on their territory?

Feng Tianling also didn't expect that the two men's attitude towards him would turn out to be a big turn of 180 degrees. They were polite with him before, but since arriving in Shuiyue City, all this has changed.

'Sure enough, it's just because this is Shuiyue City that makes you feel more confident in your heart, so you dare to talk to me like this?' Feng Tianling sneered in her heart, but at this time she didn't dare to really fight with the two elders. He just smiled awkwardly: "I just guessed casually. After all, the two of them haven't come back so late. It makes people wonder where they went."

Elder Yunxiang and Elder Yunjin both glanced indifferently and did not respond.

Just when the two of them started thinking about this matter, the voices of Ning Bing and Li Tian finally came from outside.

"Elder, I'm really sorry, because some things on the road delayed a little time, so Master Ningbing also delayed with me, this time I blamed me, it was all my responsibility." The first time I entered the main city guild, Li Tian was sincere and straightforward to admit his mistakes. He knew that because of his own reasons, the entire team's action time had been delayed a lot, not to mention the impact after that.

Elder Yunxiang wanted to say something, but seeing Li Tian like this, what else can he say?

As the saying goes, reaching out and not hitting the smiling faces, Li Tian immediately took all the problems on himself as soon as he came in, and he still had a grinning face. Where could they say anything?

"It's just a few small things. Just pay attention next time. Shuiyue Sect has strict rules. If you are late for this kind of thing, it is best not to happen again, lest the Sect Master will be a little unhappy and take your breath away." In front of the two people, Elder Yun Xiang smiled helplessly and whispered.

"Thank you Elder Yunxiang."

"Don't thank me, but it's just a small thing, and your attitude of admitting mistakes is very positive, even if we are not good at saying anything about you, but we are really good at saying something, waiting for Shuiyue Sect to avoid such things from happening. Lest some unnecessary troubles affect your cultivation, but it is a big thing, and it may even directly affect the winner of this ten-city meeting. Therefore, I hope you two can pay attention to it."

"Don't worry, Elder Yunxiang. Today is really an accident. We didn't expect it to be at this time, otherwise we would have returned." Ning Bing stepped forward and glanced at Feng Tianling, who

was standing behind with a gloomy expression. You don't need to think carefully to know that this guy must be speaking badly about them behind the scenes, but how could the two elders be deceived so easily?

All of a sudden, Feng Tianling's purpose was directly torn, and naturally he would not give a little bit of face.

This also made Feng Tianling very ugly, so that's why he looked like this at this time.

After Li Tian and Ning Bing both voluntarily admitted their mistakes, this matter would have ended directly.

"Elder Ruxiang, when shall we leave?"

"Of course you are leaving now, but you don't need to hurry. There is also a teleportation formation dedicated to the Water Moon Sect in this main city guild. We can use this formation directly."

Yunxiang The elder said lightly, and then turned to lead the way.

Elder Yun Jin also turned and left, but before that he still patted Li Tian on the shoulder and said, "Let's not take this as an example. If there is another one, it won't give you such a big face."

"Yes."

Feng Tianling saw the two elders leave, and then walked forward and said coldly: "This time you are really lucky. The two elders did not pursue this matter. Otherwise, according to the rules of the Shuiyue Sect, you must be It's going to be bad luck."

"Even if it is Shuiyue's strict rules, I am not a member of Shuiyue, and their rules are not in my body." Li Tian looked at Feng Tianling in front of him with a look of disdain: " But you, be careful when you speak. As the so-called misfortune comes out of your mouth, maybe we won't care about so much with you, but when you participate in the Ten Cities Conference, I think you should be more careful so as not to follow bad luck. "

"Just take care of yourself."

The attitude of the two people at this time is not very good, they look down on each other, and the tone of speech is quite bad.

Fortunately, Li Tian didn't put his mind more on the guy in front of him, but squinted his eyes to look at the two elders in front of him, and followed them forward carefully.

Chapter 5578: Wheel of life and death

When a dawn dawn appeared, Li Tian's mind really became active at this time.

The teleportation formation leading to Shuiyue is completely different from the previous teleportation formations. The moment Li Tian entered the formation, he felt as if he had been deprived of his soul. It was hard to remember for a while. Where are you and what you will do.

In this state, everything he did seems to be very vague.

I don't know exactly how I did it. When I opened my eyes, I found that I had come to the other side of the teleportation array.

Elder Yunxiang and Elder Yunjin stood in front of Li Tian and looked at him: "We have arrived."

"What happened just now, it feels very different from the previous teleportation array."

"Of course it can't be the same. This is the teleportation formation that was teleported to Shuiyuezhong. If it is the same as the previous teleportation formation, wouldn't anyone be able to come to Shuiyuezhong?" Elder Yunxiang saw the doubt on Li Tian's face. , Said lightly: "This teleportation formation actually teleported us to a very dangerous place, and it is also a very terrifying forbidden area for our Shuiyue Sect, called the Wheel of Life and Death."

"The wheel of life and death?"

"Yes, this is an organ formation of our Shuiyue Sect. Only by knowing how to walk in this formation can you leave this place unharmed, otherwise it would be a dream if you want the whole body to leave here." Elder Yun Xiang narrowed Looking at Li Tian, he said, "But this method of walking is only known by our Shuiyue Sect, and this formation is constantly changing every day, so if you don't make preparations in advance, you can enter the wheel of life and death. There is only a dead end."

Li Tian nodded. Although this teleportation formation is convenient, it directly enters the Shuiyuezhong sect, but it is also very dangerous. If you directly enter this formation without knowing anything, It is very likely to be a dead end.

"So, in the next time you will follow behind us honestly and go in according to our rules. If you go wrong and die here, you can't blame us." Elder Yun Jin smiled and looked at the couple behind him. Personally, then Elder Yunxiang and a few people slowly walked towards the outside. Although the wheel of life and death is not big, every step here can only be taken after careful consideration.

Li Tian followed these two people, also cautiously, not daring to make the slightest mistake.

He knew that if he went wrong here, he would be a dead end, and he hadn't found any reason.

When they came out of the room of the teleportation array, they saw a universe. It was like a vast super universe, surrounded by a lot of stars, which looked very bright and beautiful.

And in this universe, there is a sky bridge that emits bright white light. This sky bridge can be seen to be made of white stone, and the material is very good, shining a faint light in the darkness, like darkness The lights are the same.

And on the top of this flyover, a piece of stone brick, all carved with some completely different symbols.

Li Tian thought, these symbols should be the essence of the wheel of life and death. If you want to leave here, you must walk through this sky bridge. The surrounding universe looks like there is no dangerous place, but it is like a picture hidden in the darkness. Like the huge mouth of the abyss, maybe you are just an accident, this mouth can directly swallow your life, only this overpass is the only safe place.

"Be careful. Although it looks like a universe, it's just a void. The white light spots you see are actually the souls of dead immortals. After they die here, their souls You will be imprisoned here, unless one day is destroyed, you can only reincarnate here forever, unable to reincarnate. This is also the origin of the name Wheel of Life and Death." Elder Yun Xiang reminded once again.

Not many of them came, except for Li Tian and Feng Tianling, all of them were disciples of the Shuiyue Sect, so they were very careful at this time and did not make any mistakes.

After Li Tian heard Elder Yunxiang say this, the expression on his face became very embarrassed. Before, he thought that this universe should still be very beautiful, and it might be a good idea to cultivate here.

But now there is no such idea at all.

No wonder what the wheel of life and death is called here.

It turned out that it was for this reason. Looking at the bright stars around, this void is dotted like the universe. One can imagine how many immortals are dead here? After they died, there was no way for their souls to leave, and they had been imprisoned in this formation. Although they did not have any subjective consciousness, the possibility of their rebirth and comeback was also cut off.

Seeing this, you can think of how powerful the Shuiyue Sect was at the beginning.

Li Tian glanced at Ningbing and asked, "Do you know this too?"

"The wheel of life and death is something that many people know, even those outsiders know it. There is such a formation in our Shuiyue Sect. If we accidentally enter this formation, the end will be a dead end." Ning Bing glanced at Li Tian next to him, and said faintly: "Therefore, many people don't dare to enter our Shuiyue Sect from this teleportation formation, and a frontal attack requires a lot of effort."

"This is also the reason why our Shuiyue Sect has not been attacked for so many years. All those who die here are enemies who tried to enter our Shuiyue Sect. They died here, which is actually a matter of course." Elder Yun Jin turned around, looked at Li Tian with a smile, and said, "You don't want to learn from them. If you want to enter the Shuiyue Sect in the future, you still have to go to the front door honestly."

"..."

Looking at the starry sky, this is equivalent to a warning. It is estimated that even in a long period of time, Li Tian may not forget today's event at all. The terrible thing about the wheel of life and death is that if you die If you are here, then it really is, you will never stand up again, even if your strength is very strong, you can only be treated as a very helpless soul here, and you can never stand up.

The souls of these dead immortals here are a good proof that there is no shortage of strong people, but they can only die here and cannot go to the next life.

Chapter 5579: Goodbye Murong Ziqing

Li Tian followed behind the two elders, feeling like a good baby, even if he took a random step, he had to be careful, for fear that he would accidentally touch the key to this formation, and then there would be only a dead end. .

He finally soared to the God Realm, of course he didn't want to die here like this.

In this way, he followed behind the two elders and soon came outside the wheel of life and death.

What Li Tian didn't expect was that he actually saw You'er here, with a faint smile on the corner of his mouth, looking at the two elders: "Elder Yunxiang, Elder Yunjin, I will take Li Tian by the order of the lord. ."

"Okay." Elder Yun Xiang nodded. Although the little girl in front of them is of a very young age, she is Murong Ziqing's apprentice after all. Of course she must be polite when she speaks: "If anything In any case, you can just find us." She looked at Li Tian and said.

"It doesn't matter, the lord has already arranged everything, just tell him to follow me." You'er looked at Li Tian and said.

Li Tian glanced at Ningbing and shrugged helplessly, "If there is any problem, I will find you again."

"Go, remember to be careful. This is Shuiyuezhong, but it's not somewhere outside. You should be careful when talking. Nonsense may cause problems." Ning Bing looked at Li Tian worriedly. Without a word, Digging had been talking nonsense in front of the sect master, angering the sect master, and disqualifying this time without saying, it is very likely that this guy will be thrown directly into the wheel of life and death.

Li Tiansan smiled wryly: "Don't worry, if she really wants to punish me, it won't be at this time."

Li Tian knew that Murong Ziqing called herself over this time because of the things in the Xuanyin Temple before. Although the whole thing was calculated successfully, but from that incident until now, although the Commandment Hall has been besieged, but But it is seldom able to catch the true core characters. The strength of those ***** emperors can be imagined, and their eyes may be spread all over the gods.

But even with this method, there is still no way to catch all these hidden guys. It is conceivable that these people in the Discipline Hall are really clever in hiding.

It's just that the more they look like this, the more they convince the ***** emperors that the treasure is indeed in their hands.

Even if you don't know what this treasure is, you must do everything possible to catch the people in these discipline halls at this time.

The ***** emperors are very anxious.

Similarly, Murong Ziqing was also very anxious.

The fact that these people are alive is a fuse, if the previous secret is revealed, then it is really very dangerous.

After Li Tian greeted Ning Bing and the others, he left behind You'er.

"I didn't expect to see me here."

"How could I not have thought of it. The first thing I did when I came to Shuiyuezhong was to see your master. She hadn't been able to deal with so many things before, and now there are still many problems. Please discuss it with me." Li Tian is not surprised at all. If he came to Shuiyuezhong, Murong Ziqing did not come to him, this would be a very unexpected thing for him.

But now it seems that there is no problem.

Murong Ziqing didn't let Li Tian go, and came to him on his own initiative.

"Hey, you guy seems to be very clever. The previous issue is indeed still some unresolved later issues, and this issue has a lot to do with your Ten Cities Conference this time. That's why the

suzerain The first time after you came here, let you go to see her." You'er smiled wryly, looked at Li Tian and said: "You will see the Sect Master later, don't talk nonsense."

"Where do I dare to talk nonsense now, I am in front of you, isn't it like fish on a chopping board? The previous wheel of life and death only gave me a smashing power, let me know what the fate of fighting against Shuiyuezhong is. , It's just that it's totally unnecessary. If I really have an instantiation against Shuiyuezhong, a wheel of life and death, it won't help me at all."

"Are you confident in yourself?"

"Of course, if I'm not sure of my strength, I won't be where I am today."

"Oh, so it seems that you still won't be against us now, or because your current strength is not enough, so you can still be regarded as our friend. When you slowly become stronger, you will become our enemy. Is it?" She squinted and said with a smile.

"Don't want to find a breakthrough from my side, I won't tell you anything." Li Tian looked at the little girl in front of him, and felt very uncomfortable. Although this little girl looked young, she was weird. It's very, I always want to catch some clues from my mouth when speaking. This feeling makes Li Tianzhen very uncomfortable.

You'er also seemed to realize that he was disgusted by this, so she just smiled and didn't continue to ask anything.

In the next time, Li Tian thought about how to deal with Murong Ziqing. This woman is very smart. It is definitely impossible to convince Murong Ziqing if she lies, but if you tell her honestly, if you ask some key questions , How should he answer?

This question was all in his mind along the way.

So I am at a loss for everything around.

When I woke up again, I realized that I had come to a bamboo house.

"It's here?"

"Otherwise, what do you think, in the main hall?" You'er glanced at Li Tian and said with a strange smile: "You can't tell others what happened before. Even if the chief sees you, it must be in A very secret place, of course, it is impossible to be in a place like the hall. If you let others know about it, wouldn't it mean something big will follow?"

"Oh, then I know." Li Tian nodded.

You'er stood at the door and knocked quietly: "Master, Li Tian is here."

"Tell her to come in." Murong Ziqing was lazy.

Li Tian glanced at You'er, then squinted, pushed the door actively, and entered the bamboo house.

"You certainly didn't expect that we would meet here, do you think we would meet in the hall?" Murong Ziqing sat opposite him, looked at the young man in front of him, and said in a low voice.

"It's true, I thought I was going to see me in the hall." Li Tian was not polite, and responded with a smile.

Chapter 5580: Worries

In the quiet bamboo house, only the breathing of two people was heard.

And outside this bamboo house, everything is quiet, even a little strange noise, it is worthy of a forbidden place in the back mountain, here it is like a world away, even the sound of the quiet outside the door, at this time, I can't hear it. A little bit.

In such a quiet environment, it is inevitable that people will start thinking wildly.

Li Tian looked at Murong Ziqing in front of him at this time, and he had various thoughts in his mind. I don't know what the purpose of this woman invited herself here, is she wants to keep herself a secret, or something else. Some reason?

"You should be very puzzled now, what is my purpose of looking for you this time?"

"You can almost guess something, nothing more than just a few things. I won't easily forget the things you used to do before, and I will keep them all in my head." Li Tian said with a funny tone; I'm good at everything, but I'm too vengeful. There are some things I can remember for a lifetime without forgetting."

"This is not a good habit. If you remember something too clearly, it will make you feel bad." Murong Ziqing would naturally know what Li Tian meant by these words. It's just this woman's city. It is very deep, and it is easy to see how her inner thoughts are. Even if Li Tian said this, she just smiled indifferently.

On her face, apart from a very kind smile, nothing else can be seen.

This is the city house. It will give you an extremely mysterious feeling no matter when and where it is, it is difficult to really figure out what is in her heart.

The room fell into a brief silence for a while. This was because when Li Tian faced Murong Ziqing again, he did indeed feel some pressure. When he faced this woman, he had no idea what her heart was. Whatever he thinks, but Murong Ziqing knows exactly what Li Tian has in his mind. He can guess what this young man thinks and what he wants to do.

This is considered to be a level behind in the initiative of the whole thing. It is difficult for Li Tian to guess what Murong Ziqing is thinking, but Murong Ziqing knows him thoroughly, even himself. At this moment, he is not sure how much the person in front of him knows about him, and how many things he still has that he does not know and cannot guess?

"You must be uncomfortable in your heart right now. I really want to catch some weakness from my side, but it is very difficult to do it, but my weakness is clearly known to me, plus your current Strength is not my opponent, so the most annoying at this time is that I can't find any weaknesses in my body." Murong Ziqing said with a smile, looking at Li Tian with a strange expression in front of him.

"If you want to tell us anything, just say it, why bother to delay time with me like this?"

"Didn't I tell you before? What's going on? I think you already have an idea in your heart." Murong Ziqing sat down, poured a glass of water in front of him, and said slowly: "The Commandment Hall has indeed left Shuiyuezhong now, but all forces are looking for where they are."

"Of course I know that the commandment hall is alive for one day, it is an extremely dangerous thing for you, in case these guys will be the real situation..."

"The people who knew what really happened at that time are all dead. Except for you and a few people, no one knows what happened." Murongzi squinted his eyes and looked at Li Tian and said: "This I called you here once to talk about this matter. The people in the Discipline Hall have not completely cleaned it up yet. They don't know what's going on in the Profound Yin Hall."

Li Tian just picked up the tea cup in his hand, and then it seemed as if something had happened, his whole body was stunned, and then looked at Murong Ziqing in front of him stupidly, as if he had guessed something.

The atmosphere seemed a little weird at this time, and Li Tian's expression also changed very weird.

"You guessed right."

"That said, this time the Ten Cities Conference seems to be in serious trouble for me. These people must think I know where the treasure is, or what the treasure is, and want to get news from me. Tell the emperor, so that these people in their commandment hall can survive again?" The expression on Li Tian's face was helpless, and these things were undoubtedly bad news for him.

I have had enough troubles, and now there are more people in these discipline halls, which is definitely bad news for him.

"I think you are now very clear about what you are going to face. It is no different from what you imagined. You may also face the elders of these discipline halls in the future. They will definitely think that things are yours. In my hands, I tried every means to trouble you." Looking at Li Tian's helpless look, Murong Ziqing smiled and said, "Telling you this also wants you to be prepared."

"Why don't you tell me? Now I am under a lot of pressure. Compared with the previous ones, the strength of the elders in these discipline halls is basically heaven and underground. How can I deal with it?" Li Tian shrugged helplessly. It is said that the strength of Yunyi and others can only be regarded as the middle and upper reaches in the Discipline Hall, and this organization had a lot of masters before.

These masters usually do not show the mountains and do not leak the water. This time the commandment hall was in trouble, and they all stood up one by one.

However, the enemy is a **** emperor after all, and it is something that several **** emperors are doing together. They can't resist how much they can only choose to leave Shuiyue and seek the next plan.

It has to be said that Murong Ziqing's planning in this area is absolutely admirable, and it would be difficult for anyone else to do this.

With the help of a few **** emperors, the commandment hall, an organization deeply rooted in the Shuiyue Sect, was directly separated. This kind of courage and ability, in the entire God Realm, few people can do.

Even the **** emperor has become a chess piece in her hand, there is no need for a small person like Li Tian.

It was a very good result that Murongzi was not accounted for to death. He did not feel more upset at this time. Although he was a pawn, at least he still left himself a small life, which is also unfortunate. Luckily among them.
