

A Killer 5621

Chapter 5621: Tianqi City

"You have nothing to do?" At this moment, Situ Shangyan with an anxious look came to the door of Li Tian and others' room, and he was relieved when he saw Li Tian and Ningbing, but he glanced at Feng Tianling's. The room was a little worried. He walked forward and opened the door carefully. It turned out that Feng Tianling was still asleep at this time. Obviously, he hadn't noticed what happened before.

Since he didn't notice it, Situ Shangyan didn't wake him up.

"Damn, what happened to us before, it seems we just heard a strange flute sound, and then the whole person fell asleep groggy, and I don't remember everything that happened after that, even who our enemy was? I don't know." Situ Shangyan looked at Li Tian and Ning Bing and asked, "What about you two, do you have any memories of the whole thing?"

"I only came out after hearing the chaos outside of you. As for what happened before, I don't know what happened before. The Ten Cities Competition is about to be held. We must make sure that we are in good condition." Li Tian shrugged helplessly and looked at Situ Shangyan in front of him: "I don't even remember what happened before."

"I have sent someone to investigate what happened before. Someone will control the entire Tianzhou in such an inexplicable way. This is something that has never happened in previous battles. I can only say that the opponent's strength is terrifying."

"Could it be that our enchantment has become very fragile after today's Black Crow battle, so it did not fully recover at night. At this time, when our opponents attacked us, we did not fight back at all? It's powerful, so let them succeed directly." Li Tian looked helplessly at Situ Shangyan in front of him, and could barely tell a fact he knew.

Of course, even if he said that, it would not arouse suspicion, because Li Tian had already said it during the day, and the whole thing was definitely not as simple as they thought. It must be premeditated.

As for what premeditated there was, Li Tian definitely didn't know, but he had reminded it during the day, but Situ Shangyan didn't want to listen.

"This may be the reason, but I still don't want to believe what you said before. If someone can control the black crow, then he can definitely become a very difficult guy in the God Realm. Such a person is staring at us. , There is no need to waste any means to make us unconscious, even if it is a forced attack, I don't think we can do anything." Situ Shangyan shrugged helplessly and said.

Indeed, if it is the strength of the little witch, even if it is a forcible attack, the group of them will definitely have no way.

Because in terms of strength, it's not a level at all. The little witch makes a shot. Together, they can't be the opponent of that little witch. Just a Azure Moon Wolf King. Li Tian felt a little bit before. I'm in trouble, I don't know how many of these little toys are still in the hands of the little witch. Wouldn't it be invincible if all these little toys were thrown out?

Although Situ Shangyan had always determined that Black Crow could not be controlled.

But Li Tian knew very well that the little witch had this ability.

All this is just for the purpose of running to the Tianzhou without knowing it, and testing his own strength. This is really a very interesting prank.

When the strength reaches a certain level, no matter what tricks the opponent makes, it will have no meaning in front of you. This is an absolute crush on strength, even if it is Tianzhou, which is the cutting-edge technology of the entire God Realm. The warship, when facing this kind of enemy, also has no way.

"I just think there is such a possibility. As for what happened before, I am completely at a loss like you. I don't know what is going on. I hope that there is indeed no problem." Li Tian sighed.

"I didn't expect that something like that just happened during the day, and we encountered such a thorny problem at night. Now even I have begun to wonder if anyone really has been staring at us in secret, as long as we are here. If there is a little flaw, they will use this opportunity to take the opportunity to shoot?"

"But what's the purpose?" Situ Shangyan looked at the ice in front of him, and asked in confusion:

"I just got the news that there is no problem on the entire Tianzhou, and even a little energy fluctuation is not felt. It seems that everything that happened before did not exist at all. If the opponent really wants to get something from us, why doesn't it leave a trace on the Tianzhou at this time?"

For them, this matter is obviously difficult to think about.

It took great pains to make them all fall asleep, and then sneaked into the heavenly ark, but it did not cause any damage, nor killed any one.

What is the purpose of the opponent?

Just to prove yourself?

Prove that you can break through Tianzhou's defenses and enter this easily?

Now Situ Shangyan didn't know at all, what kind of character the opponent he was facing, and what the purpose of this opponent was. The only thing he understood was that they were really helpless in this matter.

The opponent is too strong.

So strong that no matter how they think, they can't reverse this situation.

"Okay, since you have no problems, I won't waste time here. We will reach Tianqi City soon. You should also make preparations. This time you may reach Tianqi City. It's interesting." Situ Shangyan looked at them with a smile and said.

Li Tian nodded, then glanced at Ningbing, and then returned to his room.

For a period of time after this, everything outside seemed to have no contact. Li Tian would go out only when eating, and at other times he would concentrate on cultivating in his room.

By the evening of the next day, Tianzhou finally stopped.

This time I stopped not because of an attack, but because they had reached the destination of this time, 'Tianqi City.'

At the same time, Li Tian and others also sensed that the blood inside the body was all boiling at this time. At this time, they all looked forward to the unknown battle.

Chapter 5622: Dragon Tiger Hall

In the distance, the sun sets.

A crimson sky looked like a blood-colored ocean, but there was a kind of magical charm. In this sky, you could vaguely see a bright red sun, which was slowly setting.

And this group of people, at this time, are all standing on top of the Tianzhou, overlooking the Tianqi City below.

As a neutral city in the God Realm, Tianqi City is indeed quite chaotic, but at the same time it is relatively regular here.

This is different from other main cities, it will restrict a lot of people and prevent you from fighting inside the main city.

But Tianqi City does not look like this. On the contrary, Tianqi City still respects fighting with each other, but the premise is that there can be no deaths in Tianqi City, and at night, the same is true. Fighting is forbidden. If you violate these rules, then a force in Tianqi City will take the initiative to get rid of all those who violate the rules.

The people who shot are also quite famous in Tianqi City.

Even in the entire God Realm, it can be regarded as a small name.

That is the famous Longhutang.

Known as a force that will never be eliminated, Longhutang is full of all kinds of eyes and ears in the entire God Realm. Their news can be said to be the most informed in the entire God Realm, and it is also the largest trading city in Tianqi City. The master, because this is a neutral city, no matter whether it is from the south or the north, everyone can do business here, and the wounded side is protected by the Dragon Tiger Hall.

Regardless of your strength, even if you are a powerhouse at the fairy level, if you attack the merchants in Tianqi City, even if you escape to the end of the world, you will still be killed by the people in Tianqi City.

This is their strength. Once they have identified you, they are like tarsus maggots. No matter where you appear, they can appear in front of you for the first time, and then take your life.

Therefore, many people are still honest even in the neutral city of Tianqi City.

It's because they know that the people in Tianqi City are so powerful that they can be dealt with by immortals or scattered immortals of your level. In the entire God Realm, you can provoke some people without being chased by them, but don't To provoke Longhutang, the power of Longhutang in the entire God Realm, so far no one can really say clearly, no one knows how many eyes and ears they have.

As long as you offend Longhutang, you will live in fear for a lifetime.

You will never know if the next person you face will be your assassin.

This is the power of Longhutang.

Because of this, Tianqi City has become the largest trading city in the entire God Realm, and it is also a neutral city with a large number of people. Dragon Tiger Hall may be very indulgent in many things, but they are against enemies who violate their own rules. , It is very bloody.

"We have arrived safely in Tianqi City. In the next few days, we will be stationed inside the city. There is a camp dedicated to us. Here we will arrange some soldiers from Crescent City to protect it, but we The number of people left will certainly not be large. Most of the time, we have to rely on Longhutang's help to us. Therefore, Longhutang's attitude towards us is very important."

"If they look down on us, we don't have any rights here. Even if we are bullied by others, we have no way to appeal." Li Tian smiled and asked.

"It's like this, Tianqi City is a world where the weak and the strong. The Ten Cities Convention should not be held here, but I don't know why, the ***** emperors would choose such a place for the Ten Cities Convention. It has already happened, so you can only accept it honestly. What I can tell you is that you must be careful here, no matter what, don't violate the rules of Tianqi City."

"Longhutang's resolute and resolute action when dealing with things is well-known in the entire God Realm. I don't know how many people are unlucky because of these guys' methods." Ningbing on one side also sighed at this time. With a sigh of relief, knowing the power of Longhutang, I even understand the victory of these people. It is really terrifying to the point that people don't know how to describe it.

With a faint smile at the corner of Li Tian's mouth, he looked at the city in front of him: "I like this city very much, and the strong in it will definitely be respected."

"It's also a place where fish and dragons are mixed. You don't know what kind of state the next person you face will be. Therefore, everyone here is doing the same thing by coincidence, that is, it is very low-key, as much as possible. Let yourself look less conspicuous in this city. You have to know that the more famous you are in this city, the more people will notice you. So many people will notice you, which is not a good thing." Situ Shang Yan smiled.

Li Tian nodded, but said nothing.

Tianzhou fell slowly, slowly approaching the ground, and then lowered the overpass.

Li Tian and others were walking on the flyover at this time and fell to the ground.

When the real land is on the ground, Cai really feels the powerful sensory impact that Tianqi City brings to him. This city is different from Luoyang City or Crescent City. It has the feeling that civilization is very developed. This The city feels like an orc tribe, spiked steel bars can be seen everywhere, and the style of the whole city is like a barbaric territory, which is extraordinarily crazy.

This is Tianqi City, a place that many people are afraid of, and also a place that many people like very much.

Here you will only be bound by a part of the rules, but you can fully display the gloom of your own humanity without worrying about any consequences.

This is Tianqi City, a free paradise in many people's minds, but also a demon in many people's minds.

When Li Tian and the others came down, there was already a sturdy man standing in front of them. Although he was shirtless, he gave people an extraordinarily normal feeling, perhaps because he looked very sturdy. , So even if you are shirtless, you will not think that such a dress will be inappropriate here, but it will be a little pleasing to the eye.

Needless to say, I knew that the man in front of him should be from Longhutang.

When they first arrived, Longhutang must have come to meet them.

Chapter 5623: Chai Lei

Situ Shangyan followed a few young people, walked down slowly, looked at the big man in front of him, smiled and said, "Unexpectedly, it was the second hall master who came here in person."

"It was supposed to be the eldest brother who came here, but today we have something happening inside Tianqi City, so eldest brother can't come here in person. I also hope that the guests will not be offended. This time the Ten City Conference will be arranged in our Tianqi City. It also represents your recognition of our Tianqi City. I hope that in the next few days, you can abide by the rules in the city and do not cause us trouble."

"The second hall of the Dragon and Tiger Hall in Tianqi City, Chai Lei, is said to have reached the pinnacle of the immortal realm at a young age, and this has happened more than a hundred years ago. After so many years, no one knows. What's the current strength of this person, it's just that this guy's body is like steel and iron, no matter what method you use to attack, it is impossible to cause serious injury to his body."

"So powerful?" Li Tian heard Ning Bing's explanation in his ear, and looked carefully at Chai Lei in front of him. He was also a little curious. Is this big man in front of him really that powerful?

The methods used by these immortals in the gods to attack are quite crazy, and even hard things can be destroyed in front of them.

This Chai Lei's body can really reach such a terrifying point, without fear of any attack?

"We definitely won't joke with you about this kind of thing. Chai Lei's indeed has such terrifying strength, and it is precisely because this guy has such terrifying strength, so in the entire Tianqi City, there is a tripod. It's a big name." Ning Bing looked at Li Tian in front of him seriously, and said quietly.

At this time, Chai Lei also looked at the two people in front of him seriously, and said with a touch of faintness on the corners of his mouth: "These two young people, this time, the young people participating in the Ten Cities Competition?"

"That's right, this is the young man selected by our New Moon City, Feng Tianling, Li Tian and Ning Bing."

"Li Tian? It's the same young man who killed Lu Xiu in Luoyang City. It is said that Lu Xiu's current strength has reached the realm of gods, and at that time Li Tian's strength was only in the realm of gods, which was really impressive. Unexpectedly, relying on such strength, it is so easy to kill a master of the immortal realm." When Chai Lei heard Li Tian's name, he immediately became very excited.

Looking at Li Tian in front of him, he looked interested.

"That Li Tian is dead, I am another Li Tian now." He smiled and looked at Chai Lei in front of him, knowing that Luoyang City had already said that Li Tian who killed Lu Xiu had been arrested. , And has already been killed. Now this one is just a guy with the same name and surname. If he takes this credit down, it will make Luoyang City faceless.

People canceled your wanted, although it was because of the Zhuge family, but it still gave you face.

So be honest.

Therefore, it is impossible for Li Tian to admit Lu Xiu's things before. Everyone knows it well, but don't say it clearly.

Chai Lei obviously knew this too, so he just smiled, stepped forward and patted Li Tian on the shoulder, smiled and said, "Young man, very good, I can't hear about you during this time. For a young man like you, I also want to see how terrible your growth will be if you give you a period of time. I think maybe you may become the most terrifying existence in the gods."

Li Tian smiled and looked at Chai Lei in front of him: "Thank you, senior."

"Senior? Hahaha, you are a very funny boy. When people see me, they are very restrained. You are the only boy who dare to call me like that. Do you know when people see me and call me? what?"

"what?"

"Second Hall Master, or Boss Chai." Chai Lei smiled and looked at Li Tian, then patted Li Tian's shoulder very hard, as if he was very satisfied with this young man: "Not bad, no wonder you can create in the **** With such a name, you kid is very interesting. You stay in Tianqi City honestly these days. If anyone troubles you, just report my name."

"I don't think so. Tianqi City has the rules of Tianqi City. I definitely can't break the rules of Tianqi City, can I?" Li Tian smiled and looked at Chai Lei in front of him.

"Very good, it seems that young people like you are still very confident in their own strength." Chai Lei is also very satisfied with Li Tian's answer. If Li Tian really agreed before, Chai Lei may not be so. It really helps. After all, the rules of Tianqi City are survival of the fittest, and the strong eating the weak. If you have been relying on Chai Lei to hang around here, where does this make Chai Lei's face?

When I heard Li Tian say this, I suddenly felt that this young man was really good, and we must take a good look at what this young man's achievements would be like.

At this time, he patted his shoulder and said seriously: "It doesn't matter, Tianqi City is the relationship between Tianqi City, but your friendship with me is your friendship with me, and it must have nothing to do."

"Haha, I didn't expect that Boss Chai would be so generous. I am Feng Tianling, Feng Jie's son." At this moment, Feng Tianling stepped forward and looked at Chai Lei in front of him with a carefree face. He also learned from Li Tian. Looks like I want to be close to Chai Lei in front of me,

Seeing this guy's expression, Situ Shangyan felt a little unwell.

The first one to eat crabs is a hero, and the second one to eat crabs is not necessarily a hero.

At this moment, he looked at Feng Tianling in front of him, and knew that something was going to happen.

Sure enough, Chai Lei turned his head, looked at Feng Tianling in front of him, and asked in a very indifferent tone: "Oh, you are Feng Jie's son, but what does this have to do with me?"

"Um... he is just a loose fairy, and I am the son of the city lord, the gap between the two, I think Boss Chai, don't you know?"

"You have to know that our Tianqi City never participates in the affairs of the God Realm. Even if your father is a ***** emperor and has a relationship with me with a penny, you should be honest with your mouth. Close it, otherwise even if you are Fengjie, I can kill you." Chai Lei stared at Feng Tianling in front of him, and said with dissatisfaction.

Situ Shangyan hurriedly stepped forward and said with a smile, "Second Hall Master, this is a bit too excited."

Chapter 5624: Camp

"Huh, nowadays young people really don't know how high the sky is, and they don't even look at what they are doing. They dare to come to me to pretend to be B. If it weren't because your father is Fengjie, I need to lose face. , You have been beaten to the ground by me now, and may even be killed by me." Chai Lei squinted and looked at Feng Tianling unceremoniously.

Feng Tianling's mood at this time should be very complicated.

The process of himself and Li Tian are exactly the same, that is, seeing Li Tian deeply loved by Chai Lei, knowing that if you want to live better in Tianqi City, you must get the favor of the second hall master in front of him.

But who knows, he also used this method to make Chai Lei so angry.

"Huh, for your face, I don't care about it today." Chai Lei snorted, and said disdainfully, then turned around: "Come with me, I will take you to the camp."

Situ Shangyan only glanced at Feng Tianling in front of him and said: "The second hall master has a very strange temper. To be honest, here is different from Crescent City. If you are here When these people are drunk, there will really be no one to help you."

"What are you, you dare to be like this in front of me." Feng Tianling saw Situ Shangyan talking like this in front of him, and immediately retorted angrily: "See clearly what your own identity is. , Your own identity, dare to speak to me like this in front of me?"

Li Tian frowned, stopped, looked at Situ Shangyan and Feng Tianling in front of him, and asked with a sneer, "Master Tianling is really getting better and better. When Feng Tianxiang was calculated by you before, I paid I thought you were a very brainy guy, but now I seem to think too much. You are really a brainless guy, really think you are NB?"

"Li Tian, what do you mean?"

"If it weren't for General Situ, do you think you can still stand and talk to me now? You need to know what place this is, this is Tianqi City, not Crescent City, what are you here?" Li Tian He also asked with disdain, looking at Feng Tianling in front of him, his tone became increasingly angry, looking at the two people in front of him, and said.

Situ Shangyan was also very upset at this time, looking at Feng Tianling in front of him.

Although he has always been very polite to Feng Tianling, it is only because of his own personality that he rarely gets angry with others, but that does not mean that he will not be angry. After all, even a mud bodhisattva has three points of anger. Besides, Situ Shangyan is a high-ranking general. In the military camp, who would dare to speak to him like this? Even Fengjie was polite.

"Li Tian, what do you mean? You think you have a better relationship with the second hall master, so you really don't need to put me in your eyes? I think you really don't think of yourself as a vegetable chicken now." Feng Tianling Staring at Li Tian in front of him, the anger in his heart is accumulating more and more. After all, this guy is now completely different from before.

Feng Tianling before, in many cases can still control everything smartly.

But now Feng Tianling, because of Li Tian, began to slowly lose his mentality, which is why in the later period, this guy looks like an idiot, always likes to do something very boring, and Very dangerous thing.

Had it not been for Li Tian and Situ Shangyan, he might have been killed by Chai Lei now.

Even if Chai Lei really killed Feng Tianling, it was estimated that Feng Jie would not be able to say anything. At most, he would come to the door to fight Chai Lei, but he did not dare to kill Chai Lei.

At their level, many things seem to be simple, but they actually involve a lot of benefits. If they can't be handled well, the consequences will be something that many people cannot afford.

Looking at the two people in front of him, Situ Shangyan was also helpless.

He wanted to stabilize Chai Lei while coaxing Feng Tianling, which was very uncomfortable.

If Feng Tianling were to get into trouble here, it would be a great trouble for Feng Jie.

Tianqi City originally did not participate in the struggle to join the God Realm, but if Feng Tianling makes Chai Lei angry this time, it is likely to trigger a battle between Tianqi City and New Moon City. The escalation of the war may become a problem fight between the gods. In this case, the problem will only become more and more serious, and eventually it will become impossible to deal with.

This is why, Situ Shangyan is still forbearing at this time.

Li Tian squinted, looked at the two people in front of him, and snorted: "Look at your identity, and honestly think about what you are here for. If you don't mind causing a war, you can Try to continue being so arrogant here, I believe your father would really want to see you like an idiot."

Feng Tianling clenched his fists and looked at the two people in front of him. He could only sneer: "You wait, one day I will make you pay."

Li Tian smiled noncommittantly, and turned to look at Chai Lei: "Senior, can we go to the military camp now?"

Chai Lei looked at Feng Tianling in front of him and snorted: "This is no exception. Even if your father arrives in Tianqi City, he must honestly follow the rules of our Tianqi City."

Feng Tianling was very angry, but could not say anything.

Ning Bing had a faint smile at the corner of his mouth, looking at Li Tian: "Can you look like this really?"

Li Tian said, "I can't do anything about this. Why would this guy tell him to be so reckless? If it weren't for his father's face, he would have died long ago if he didn't put others in the eyes."

Ning Bing smiled and said, "I don't know what happened to Feng Tianling during this period. Since I met you, this guy's brain has become more and more weird. Many things were impossible to do before. , But now it seems to be doing very neatly, I almost don't know this guy."

"Anger can really change a person, and it can turn a person into a madman." Li Tian shrugged and followed Chai Lei, ignoring Feng Tianling.

And Situ Shangyan was just silent at this time.

After the previous incident, he is no longer interested in talking to this kid anymore. As long as Feng Tianling doesn't get into trouble, he is really thankful now. The most feared thing is that this guy will be dazzled by anger and do. There are things that make people regret for a lifetime, and that is really a big trouble.

Chapter 5625: provocative

With the lessons learned from the past, Feng Tianling became more honest for a while, and probably knew that these people would not give him a little bit of face at all. It is better to be honest in such a place.

Chai Lei was chatting and laughing with Li Tian on the road. The two of them were like friends who hadn't seen each other for many years, chatting very happily.

Situ Shangyan saw this scene in his eyes, and his views on Li Tian were very different from before. You should know that Chai Lei has a strange character, almost all people in the gods know about it, and few people know it. This guy can communicate with this guy, especially young people, usually in front of Chai Lei, few people are qualified to say a word or two, this guy is a famous manic guy.

Because of this appearance, few young people have such a good relationship with Chai Lei.

But Li Tian gave them an accident today.

After entering Tianqi City, they understood what the so-called wildness of Tianqi City was all about. In the entire Tianqi City, you could see many strangely dressed men, except for Chai Lei. When I saw them, I would become cautious. When I saw the others, a weird smile appeared at the corners of his mouth, especially when I looked at Li Tian's eyes, it was like looking at a prey.

"You have to know, they are very interested in you." Chai Lei walked in front, followed by the people of Longhutang, smiling at Li Tian next to him, and said: "If you want to do something in Tianqi City If you do anything, you must be prepared to accept the challenges of these guys. These people are not so easy to deal with. If you offend them, the consequences will be more serious than you think."

"I knew it would be like this a long time ago. Don't these people have the same style as your Tianqicheng? If you don't have the strength here, of course they won't look up to you." Li Tian smiled indifferently. , Did not take this matter seriously. ,

"Second Hall Master, I really want to know how we will arrange our next match?"

"Don't worry about it now, although you have already arrived in Tianqi City, it will take a long time to wait for other people to come here. Currently, there are not many players here." Chai Lei was smiling while talking.

Feng Tianling hid aside, the expression on his face was very heavy.

He looked at Li Tian and Chai Lei in front of him, and cursed these two people silently in his heart at this time. If his current strength was not enough to deal with these two people, he might have to do it directly now.

On the other side, Li Tian also smiled and looked at Chai Lei next to him: "If this is the case, it means that this time, we seem to have arrived early."

"There is nothing wrong with coming to Tianqi City earlier and adapting to the environment earlier. I think you also know very well what's going on here, you have established a foundation here, and waited until those people later came here. You will know the benefits of coming here earlier." Chai Lei patted Li Tian on the shoulder, and while talking, they had already arrived at the so-called camp.

In fact, this side is like a square. There are many small rooms arranged here, and each small room has its own person.

For example, the empty field in front of them is their camp.

Situ Shangyan brought people here, looked at Chai Lei and said, "Second Hall Master, is this our position?"

"Well, you can live in this yard in the next few days. It seems that a few people have also come next door. In these few days, you should be honest, but don't have any conflicts with them."

"I'm usually a well-behaved person, and I don't want to make trouble with anyone, but generally speaking, someone will always choose to come to my trouble." Li Tian shrugged helplessly, even with My own heel knows that something will happen this time.

Everyone knows that the things that Li Tian did in the God Realm these days, almost the entire God Realm is about Li Tian, and there are also many people who have all their eyes on Li Tian at this time.

In the entire God Realm, Li Tian is currently the most popular. If they can defeat Li Tian, it means that they are stronger than Li Tian, and this result is of course better.

Therefore, when Li Tian came to Tianqi City, the first thing he had to do was to prepare to meet the challenges of these people. These people would certainly not give Li Tian a little breathing opportunity.

"It seems that you are also very clear about your current situation. At this time, almost everyone in the entire God Realm is looking at you. Maybe you are in Tianqi City this time, it will be really interesting."

While talking, Li Tian saw a dark-skinned man in a black outfit walking into the yard: "So this is the team of the New Moon City. I was expecting it before. This time I came here. What kind of strength your team will be, but it seems that it will disappoint me at the moment. Looking at your current level, it seems that it's just that."

Li Tian turned around, looked at the man in front of him, and asked, "Who are you?"

"It doesn't matter who I am. All you need to know is that at this Ten City Conference, I will be a difficult opponent for you." The man sneered and looked at Li Tian and the others. , The expectation is that there is no intention to take these people to heart. The purpose of this guy here is also very simple, that is, to provoke them.

This was also something Li Tian had guessed long ago. With his current reputation in the entire God Realm, this time he will come to Tianqi City, and he will definitely not be very peaceful.

But this time, the leader of New Moon City was not Li Tian, so after asking a question, he was silent and did not continue to say anything.

And Chai Lei just looked at the man in front of him with a smile, and didn't intervene in the affairs between them. As the master here, of course he knew what he should do.

These people are their customers, and they are competitors. There will be some contradictions, which is actually normal.

"I am the leader of the New Moon City. If there is anything, you can find me." Feng Tianling saw the sky and stopped talking. He stood up at this moment. Perhaps he only thought of this at this time. The leader of this team in New Moon City, and Li Tian is just a player in their team, and his grade is completely different.

Chapter 5626: Disdain

The man in front of him looked at Feng Tianling, and the corners of his mouth rose slightly, revealing a strange arc.

At this time, the entire yard was quiet. The soldiers of the New Moon City were also very serious looking at the man in front of them at this time, and they could do anything at any time.

"Why, do you want to be so arrogant with me now that there are so many people? If you think that so many people can scare me, then you really want to think too much, even if you have more people on your side, It's just a very simple thing for me." The man looked at the soldiers in the Crescent City in front of him without any fear at all, and even when he looked at Situ Shangyan and Chai Lei in front of him, he was not worried. the meaning of.

"Nanhuang's Qiang Wudi, the strength is very terrifying, you better be careful, this kid can really become a very terrifying opponent for you in this game." Chai Lei saw Li Tian silent, Feng Tianling was here. At this moment, he stood up, walked to Li Tian, and whispered in his ear.

Li Tian doesn't know much about the players in these games.

However, this Qiang Wudi seems to have heard a little bit before. It seems that he is a very famous master in Nanhuang. He has never shown his true strength. Even when he was selected in Nanhuang, he did not. Anyone can force Qiang Wudi to use his true strength, this is his current level, unfathomable, even for Li Tian, it is also a very difficult opponent.

At this time, the expressions on Feng Tianling's face were all swearing, as if he hadn't taken this matter to heart at all.

Seeing this guy being so serious, Li Tian knew very well that something was about to happen.

Sure enough, Feng Tianling stood up, and in his tone of voice, he seemed very confident.

"I really doubt what you mean by coming here as a kid. I think you know the rules of Tianqi City. If you come here just to mock us this time, I'm happy to try with you. Try it." Feng Tianling raised his head, pointed at Qiang Wudi's nose, snorted coldly, and then slowly stepped forward: "I don't know who you are, but it's easy to know that I'm dealing with you. Thing."

"It's a very interesting thing. You should be the leader of New Moon City this time, and Feng Jie's idiot son, right? Feng Jie is also a smart person anyway, but unfortunately, he gave birth to two idiots. Son, you are a little smarter than your brother, but still not really smart enough. I can understand that you are provoking my patience this time?"

"You can think like this. If you think you are strong, you can also choose to fight with me at this time. I will let you know who is the real strong this time. I will let you know who you are. In front of me, his strength is only a rookie." Feng Tianling said with a sneer looking at Qiang Wudi.

This guy has always been under Li Tian.

No matter how lofty his identity is, all this seems to be meaningless in front of Li Tian. This guy is like a nemesis of his own, forcibly making Feng Tianling, who was originally a lofty status, alive, at this time It became an existence that no one noticed.

Therefore, his heart has always accumulated anger.

But at this time, seeing the two people in front of him, the anger in his heart finally broke out.

I have now become the leader of this team in New Moon City, and now I have such an identity. If I don't stand up and prove my strength at this time, it would be really funny.

Their New Moon City is a very big main city. As Feng Jie's son, he must stand up at this critical time and share some things for his Laozi. As for the guy in front of him, He must have no way to tolerate such a remark in front of him, so he stood up decisively at this time.

Qiang Wudi looked at Feng Tianling, who was walking step by step, and chuckled: "What a young guy, I only wanted to see how strong your New Moon City is this time, but since you dare to I'm running over to make trouble for us, so I'll give it a try and see what is your strength as a kid."

"Master Tianling, you are now the captain of New Moon City. I would advise you to take a step here. Honestly, don't choose to fight this guy at this time." Seeing Feng Tianling's face at this time Li Tian knew that the next thing was going to be very complicated. If Feng Tianling were to challenge the Qiang Wudi in front of him, he would lose before the game started. For their New Moon City For the team, it is also a morale blow.

On the other side, Ning Bing also stepped forward, squinting at Feng Tianling in front of him, and said, "It is indeed like this. Your current identity is completely different from before. It is better to do things more often. With a little consideration, it is impossible to handle everything so casually as before."

"Hehe, what should I do now?" Feng Tianling turned around, squinted at the two people in front of him, snorted, and said, "As the captain of this team, if at this time If you don't stand up, then when will you stand up? Just tell this guy to mock us honestly, and then it's over?"

"If you insist on trying to die, of course I have no problem, but your current strength team is Qiang Wudi, it seems unlikely." Li Tian sneered, Qiang Wudi's strength is estimated to have reached the

realm of gods. He may even be above himself, and he is definitely a strong master in the God Realm.

However, Feng Tianling's strength at this time did not have such strength at all.

"This..." Situ Shangyan wanted to say something, but seeing the expressions on the faces of the two people in front of him, they all fell silent.

Although Li Tian's way of speaking is not very good, this blockade is quite correct.

If Feng Tianling fails this time, the problem will be quite serious, and it is very likely that their New Moon City team will become very troublesome before the game starts.

Chai Lei looked at the few people in front of him with a smile, and snorted, but didn't say anything, just waiting for the final result.

Chapter 5627: Very strong

Feng Tianling's mentality really exploded at this time. Long ago, many people had a good attitude towards him.

But since Li Tian appeared, this situation has completely changed, and it has become out of control, so that now Feng Tianling really does not know what is going on in this situation, it can only be All this is attributed to Li Tian, because this guy is too pushy and grabs his own highlights, so many people don't take him seriously at this time.

Therefore, this time, Feng Tianling absolutely must stand up and solve this problem.

"Come on, let's give it a try. I also want to see what your strength is like for the provocative guy here."

"Are you sure that you have considered this matter clearly? Your companion seems to have been reminding you not to choose to fight with me. Although for you, a young man, I think it may be a bit degrading, but maybe you still Can give me a little surprise." Qiang Wudi slowly rolled up his sleeves, and then slowly walked forward, and summoned a **** and thick stick from his storage ring. come out.

This rod looked like a very ordinary iron rod. The whole body was dark, but it was full of runes like a dragon, and it looked like it was also very powerful.

Although I don't know what this weapon is, the only certainty is that this weapon is definitely not a normal weapon.

The moment Qiang Wudi took out this stick, his aura completely changed. If this guy was just very arrogant before, then it is already extremely arrogant now. This guy's aura is like a mania at this moment. Like a beast, it is constantly beating, and it is possible to rush to provoke you at any time. From this, you can also see that this guy is really strong.

Only people who are truly confident will have such an aura, such an arrogant aura.

Otherwise, you don't even have your own strength, so what right do you have to be so arrogant?

Li Tian squinted his eyes and looked at the two men in front of him. The corners of his mouth were raised slightly, and he asked: "Are you sure you want to fight at this time? Although there is no rule

that you cannot fight before the game, but you fight at this time. , If the ***** emperors know about the consequences, no one can bear the responsibility. Are you sure you want to fight here?"

"Li Tian, you have to figure out what is going on with your own identity. Just stand behind us and watch us fight." Feng Tianling also turned around and looked at Li Tian in front of him. , Said angrily.

It was because of this guy before that his status has become so embarrassing, and he already wants to change this situation.

Who knew that Li Tian would choose to stand up at this time, deal with this matter in this way, and let himself stop. Isn't this just to trouble him?

"Master Tianling, I also think that at this time, you should honestly stop doing it. The game hasn't started yet. We need a period of time to honestly adjust our state." What happened last night, now For Situ Shangyan, it was still a worrying thing, because she really didn't know what happened last night.

Therefore, it is very urgent to know what kind of changes have taken place in them.

At this moment, seeing Feng Tianling really want to challenge Qiang Wudi in front of him was really helpless.

Qiang Wudi's existence in the Southern Wilderness is like a mythical existence. Since the team from the Southern Wilderness side will let Qiang Wudi come here, it is obvious that they have been prepared in advance.

If you are really prepared, then you can only explain that what happened last night may have something to do with them.

Otherwise, these people from the Southern Wilderness who have no grievances and hatreds, why would they suddenly come to their side and talk to them like this?

Situ Shangyan stood up, just wanting to make Feng Tianling more rational at this time, and not to be confused by people like them.

"I said, this time I am the captain of this team, so none of you want to change anything. What I say is what I say, I want to fight Qiang Wudi, I want to let him know that we are new The strength of Moon City is definitely not as simple as he imagined. I also want to let this guy know that his strength is not qualified at all and stand here to laugh at us."

Qiang Wudi held this iron rod with just one hand, and looked at Feng Tianling who was bragging in front of him. The smile on his face became more and more weird.

He ran here this time, really trying to figure out what is going on with this New Moon City team, especially Li Tian, a young man whose reputation in the God Realm is really not small. , Killing a master of the gods realm before was a terrible thing for the masters of the whole gods, they might not have thought that someone could leapfrog the challenge.

But Li Tian just gave them a surprise, telling them that he can do this.

This is Li Tian.

Therefore, this time Qiang Wudi came here just to see what the rumored young man was doing, and whether he could also play well with this young man.

Who knows, Li Tian is very smart, knowing that he has to save his strength at this time and adjust his state to cope with the next game, and he didn't even think about playing against him.

It was Feng Tianling who stood up.

Although Feng Tianling has a little bit of fame, compared with Li Tian, he is insignificant.

People in the God Realm knew Li Tian, but not everyone knew Feng Tianling.

It's just a gap.

But since Feng Tianling had already taken the initiative to stand up, Qiang Wudi would definitely not be afraid. If he were to be afraid of opponents of this level, then there would be nothing to say.

As a strong man on the Southern Wilderness side, how could he be afraid of someone like Feng Tianling?

"Well, since you really want to humiliate yourself, I will give you this opportunity. When things get worse, don't blame us for not reminding you. Everyone here has told you that this time absolutely Can't fight." Li Tian smiled helplessly. Facing such a powerful opponent, even if he had to fight against him recklessly, he was simply seeking his own death.

Looking at Feng Tianling in front of him, they really didn't know what to say.

Chapter 5628: Humiliation

Feng Tianling's actions now seemed to them to be quite stupid.

The war is coming. At this time, retaining your own strength and letting the enemy know their details is the most important thing. The Ten-City Competition is far more useful than such a momentary victory.

If they get a place in this competition, it will really benefit a lot.

But it really doesn't make any sense to defeat the guy in front of him.

But Feng Tianling had no mentality anymore, and he didn't regard himself as a normal person at all. He thought that his strength was so great, so he came here to challenge Qiang Wudi.

"Okay, okay, your team in New Moon City is really interesting. I know you will definitely come forward this time. After all, I have already stepped forward. If you If there is no one against me, it really makes me feel very boring, Second Hall Master, there should be no problem this time? I play against these guys in front of me, isn't it a violation of the rules of our Tianqi City? "

"The weak and the strong, the survival of the fittest. This is the rules of our Tianqi City. If you want to challenge them here, of course, there is no problem. It is just that all the consequences of this matter, we Tianqi City will definitely ignore it. Yes, Longhutang will not be responsible for this matter, so you have to be prepared. If the problem is really serious and makes the ***** emperors very angry, you will be unlucky at that time, but you will be the only ones. "

"Of course there is no problem with this. I think the ***** emperors are also very clear that this kind of battle is indispensable. After all, we all have to understand each other well now." Qiang Wudi said while watching. Looking at Feng Tianling in front of him: "Hey, are you guys ready? If I'm ready, I will attack directly."

"Come here, let me see how terrifying your Nanhuang people's power is. It is said that you seem to be on the Nanhuang side. You are a very terrifying guy. Today I want to see you too. A guy with terrifying strength, can I really realize how huge the gap between me and you is?" Feng Tianling said disdainfully.

"Okay, okay, since you sincerely asked me like this, I definitely can't let you down. I will let you know where the gap is between you and me, and I will convince you to lose." Dang Qiang Wudi finished. At the moment of this sentence, he directly moved, and his feet quickly stepped on the ground, making a dull sound, like a huge stone hammer hitting the ground.

Li Tian and Ning Bing all frowned at this time. When they saw this, they were actually not ready to let Feng Tianling in front of them win.

Because they knew very well that Feng Tianling's current strength was not Qiang Wudi's opponent at all.

"It's just that the moment when the attack is launched is so terrible. If this young man continues to grow up, his future may be almost the same as yours. It is true that this young man may become a very long time later. Your opponent." Chai Lei saw Qiang Wudi's aura, and couldn't help turning around and glanced at Li Tian.

"People in this world must meet many opponents continuously. Of course, I have never doubted that I will not meet any strong opponents myself." Li Tian smiled slightly.

There can be only one genius.

Although he is the strongest in the lower realm, it does not mean that he is really an invincible existence in the gods.

It's just that, as a strongest person in the lower realm, you may be able to show in this aspect. The ability that many people don't have can make oneself adapt to the environment of the entire ***** realm in a short time, and then become more powerful. , This is the terrible thing about a strongest person in the lower realm. Even the ***** emperors are very afraid of such people. Their potential is really wireless.

But for people like Qiang Wudi, the talent is really terrifying. As a person from the God Realm, he has such potential. It should be among tens of millions of people that such a strong will appear. Right.

The moment Qiang Wudi did it, Feng Tianling also did it. An emerald green fairy sword appeared in his hand, and then he coldly snorted, "Come on, let me see your strength."

"The firefly dared to make brilliance with Haoyue, you really are here to take your own humiliation." Seeing Feng Tianling's strength displayed for an instant, Qiang Wudi's face appeared. The color of disdain, even a little bit of ridicule, originally thought that Feng Tianling in front of him might bring himself a little surprise, but when it was really time to fight, I knew that this guy is still with the rumor. same.

This time, among the teams in New Moon City, the most worthy of their attention should be Ningbing and Li Tian.

One of these two people was a big disciple of the famous Shuiyue Sect, and the other was a powerhouse who had personally slaughtered a realm of gods. They both did a terrible thing, and they were well-known in the entire gods.

Only the Feng Tianling in front of him, relying on all kinds of miracles since he was a child, is able to have the strength he is now,

Although the Shuiyue Sect's arrived at Dujiecao before, it was clear that the problem mentioned before was also manifested at this time. No matter how terrible the body of the fairy is, it is still a human body after all, and there must be drug resistance.

Feng Tianling was able to grow up slowly by relying on various panacea since he was a child.

At this time, drug resistance is already very strong.

It has even reached a point where it is difficult to shake, so even if it is a panacea like Yunducaao, in the eyes of many people, a very magical fairy grass, this time, Feng Tianling has not been able to break through to the realm of gods.

His body has long been immune to these panacea.

If you want to improve your strength, you may need more fairy grass.

Therefore, the moment Feng Tianling showed this time, Qiang Wudi was really helpless at this time. He thought that he could warm up this time, but a kid in the realm of spiritual cultivation was not enough for him.

Since this kind of strength came to challenge himself, it is better to let this kid know where the gap between himself and him is.

Qiang Wudi said while swinging the iron rod and slammed it down.

At this moment, it was really dark, as if the entire world was about to be destroyed.

Chapter 5629: Blood cruelty

‘Boom Rumble’

There were rumblings in the sky, like thunder, very loud.

At this time, the ground trembled crazily. Feeling the extent of this tremor, Li Tian knew very well that the problem might be serious now.

They were worried before that Feng Tianling would lose in this battle.

But what is worrying now is that in this battle, Feng Tianling will be seriously injured and even lose his life.

If it were to be seriously injured in this battle, this guy would not be able to continue fighting afterwards. Even if there is one less player in New Moon City, the problem is quite serious and there is no way to control it. what.

Looking at these people in front of him, Li Tian slowly frowned: "Second Hall Master, if Feng Tianling is injured in this battle, the problem is very serious."

"Yes, you can see the situation in this short moment. Knowing that Feng Tianling is at a disadvantage at this time, it seems that you, a young man, are really exactly the same as what they

said. The future is very unusual." Hearing Li Tian's words, Chai Lei admired him even more: "But I think you should be able to stop it, although Qiang Wudi wanted to hurt Feng Tianling, but that's not enough. I just want you to shoot."

"What is their purpose if I don't know at this time, I have lived in this world for so long in vain. I know very well what their strength is, and I know that they are here this time. We are here to know what, intelligence is everything, and now Qiang Wudi hasn't shown his strength very much. How can I show all my strength?" Li Tian smiled, Qiang Wu The reason why Di did it this way was that he wanted Li Tian to take the initiative to see what his growth has become during this time.

It's just that this idea has already been seen through by Li Tian, knowing that if he shot at this time, he would have hit the plan of the guy in front of him.

Therefore, even at this time, Li Tian was still motionless.

Watching Qiang Wudi waving the iron rod in his hand, he directly smashed Feng Tianling out, and then his body instantly followed, grabbing Feng Tianling's face 3 in the air, and then hit the ground heavily.

There was a 'pop'.

Feng Tianling's whole body fell to the ground, and his head hit the ground fiercely. It was deeply embedded in the ground. It seemed that there was still blood spluttering out, and the original bluestone ground, at this time It was completely shattered, and it looked very dense like a spider web, and it looked strange.

Li Tian squinted his eyes and looked at Qiang Wudi in front of him. Even at this time, this guy did not really show his strength.

"Hmph, I'm just like this. Looking at you like this, it's just a **** in front of me. Do you really think you are very strong?" Qiang Wudi stepped on Feng Tianling's chest, Said with a sneer: "I don't want to look at your current strength, you dare to stand up and challenge me, really want to die."

Li Tian squinted his eyes and looked at Qiang Wudi in front of him. He stepped forward and said, "Brother, stay on the sidelines, so we can meet each other in the future."

"In the future? My relationship with you people is very ordinary. I don't know what it will be like when I see you in the future. Even if you really want to trouble me, let me take a look at your strength. How." Qiang Wudi was still very arrogant, raised his head and looked at Li Tian in front of him: "Or, if you come up and fight with me now, if you can defeat me, I will let this guy go."

While he was talking, he used a slight force to make Feng Tianling scream at his feet.

The gap in strength is still difficult to reverse.

In particular, the gap between the spiritual realm and the spiritual cultivation realm is like a bottomless ditch. You have no idea where the difference between a master in the spiritual realm and a master in the spiritual realm is, unless you can touch it yourself. Know what the problem is.

Looking at the two people in front of him, Li Tian really wanted to go up and shoot.

But the reason in his heart tells him that at this time, he must remain calm. Even if Qiang Wudi is challenging himself, he still has to remain calm, and he must not let Qiang Wudi find a little clue to

find out. With regard to his current strength, if this guy knows what his strength is, he might be relatively targeted at him in the game.

Chai Lei didn't rush to take action either, he wanted to see how long Li Tian could endure.

The feeling that this young man gave him is really completely different from that of many young people I have seen before. Li Tian's talent is not only very good, but the city also has it. He knows when he should do something. At this time, Qiang Wudi constantly provoke Li Tian, just to let Li Tian take action, so that he can find out where Li Tian's strength is weak.

However, Li Tian hadn't reacted much, as if he didn't take this matter to heart.

At this time, Chai Lei finally spoke: "Okay, okay, I think you all know what you are doing here this time. If any problems arise at this time, no one can be responsible. Let You bear this responsibility yourself, I think you are not even enough for this life."

"The second hall master means."

"Since you have already humiliated this guy, don't continue to fight like this. It doesn't make much sense to fight like this. Both of you give me a face and treat me as if nothing happened. How about?" Lei still had a calm smile on his face, but this tone made people unable to continue to calm down.

Even Qiang Wudi's strength is very strong among young people, and even he is confident enough to deal with Li Tian.

But at this time, seeing Chai Lei's expression like this, there is still a little nervousness. It can be seen that Chai Lei's deterrence is really terrifying.

Even Qiang Wudi really didn't dare to fight against such an existence.

"However, he took the initiative to challenge me. If I don't do something, it's easy for others to misunderstand me. I'm just a rookie. I'm not the same as someone. At this time, I stand on the side honestly. , It's as if you haven't seen anything." Qiang Wudi said yin and yang weirdly, meaning that he was talking about Li Tian.

Chapter 5630:

Qiang Wudi is not mindless, even the Southern Huang people are generally very sturdy and advocating force, but at this critical time, they are still very clear when and what they should do.

This time the people from the Southern Wilderness side came here just to take the initiative to find trouble. They also knew very well that this team in New Moon City might be a team they knew very little about.

Let me talk about Ningbing first, but Shuiyuezhong is a big sect master sister, is a very important apprentice, the strength is very terrifying.

As for Li Tian, the things he has done in the God Realm these days are not too few, I believe they also have a certain degree of understanding of this young man.

Originally, I knew Li Tian quite well, but because every time Li Tian shot, there would be a very huge change, like a different person, no one knows, the next time you see Li Tian , What will this guy's strength look like? Li Tian gives people the feeling that this is what he can never figure out how terrifying this young man's strength will become.

In the past, many people underestimated Li Tian's ability to grow up at the most critical moment. Therefore, when facing this young man, he suffered a lot of setbacks. There is no comparison that a young man can do so in such a short time. There is such growth.

As for Li Tian, he also kept telling others that his growth rate was absolutely terrifying.

Therefore, this time Nanhuang really did not dare to underestimate the strength of this young man, and let Qiang Wudi, the leader among the strong, come to provoke them, hoping to let Li Tian take action, so that they can also give them specific information. , To see how far this kid has grown.

If Li Tian was allowed to participate in this competition without his knowledge, many people would not dare to imagine what would happen.

Even if it is a team like Nanhuang who is very confident about this ten-city conference, in this case, it is still slowly questioning, it is because this Li Tian has already created many miracles before, so that people like them have to deal with this Young people take it seriously.

Chai Lei stood up at this time because he had already seen it, and Li Tian had no intention to stand up at all.

First of all, the competition in the Ten Cities Conference is of extraordinary significance to Li Tian. Judging from the fact that this guy is now single, he will never tolerate any surprises in his overall competition. Therefore, he himself, It is absolutely impossible to make such a low-level mistake at such a critical time. Maybe Qiang Wudi's provocation is very thoughtful, but it is impossible to convince Li Tian.

In addition, this guy doesn't catch a cold at all to Feng Tianling. Feng Tianling is dead or alive. It doesn't make any sense to Li Tian. I have reminded this guy before. It's better to be honest at this time. Don't really think about doing things, but Feng Tianling won't listen.

Originally, what happened today can be regarded as nothing happened, but Feng Tianling is a little confident.

Coupled with the fact that so many things have happened before, the contrast between him and Li Tian has become very obvious. Now many people in the God Realm know that Li Tian's strength has reached the realm of the gods, and he is a rare among young people. He is a genius, but who cares about Feng Tianling's strength?

At this moment, Feng Tianling was lying on the ground, and his whole person was very painful.

Qiang Wudi's absolute crushing combat power is not a problem at all. It's not a problem to kill him in seconds. His previous self-confidence disappeared immediately when Qiang Wudi took the shot. Now he knows what real dominance is and what. Is the real gap.

This is a terrible gap right now.

It seems that in this challenge, it is not impossible for oneself to defeat the guy in front of him, but in fact, the gap between the two people is basically the sky and the ground.

Now lying on the ground, I really understand what is truly ashamed.

This is just pretending to be B and being fucked, and being beaten like this in front of the girl he likes, you can imagine how painful he feels.

However, it is a pity that not many people care about this guy's current mood.

"The purpose of this competition is that you are very clear to each other. It is for the exchanges between the major cities. If any problems arise at this time, I think you will have what consequences. No need I'm very clear?" Seeing the indifferent Qiang Wudi in front of him, Chai Lei knew that this kid was not easy to deal with, and he might not be obedient in a few words.

Qiang Wudi smiled and looked at Chai Lei, and asked: "Of course I also know what happened this time, but our current problem has already appeared. Since this kid has challenged me, of course he must let this fight. It's over. If he is willing to say a word that I admit defeat at this time, of course I will let go, otherwise, Li Tian will take the initiative to help."

The words have already been said for this purpose. In fact, Chai Lei has already given Li Tian a lot of face. This matter itself is not very related to their Longhutang. Although they are one of the organizers of the competition this time, But the most important thing is to provide venues. As for the problems between these powerhouses, they cannot easily control the Dragon Tiger Hall.

Therefore, Chai Lei would stand up and speak calmly.

If it really had something to do with their Longhutang, the attitude would be very tough.

But even if they have spoken like this, they still haven't made the young man in front of him realize the seriousness of the problem. On the contrary, he still insists on his own ideas as if nothing has happened.

"I don't know what your purpose is, but this is not your place to go wild. Do you really want to fight against our Dragon Tiger Hall?"

"The strength of Dragon Tiger Hall is obvious to all of us. Of course no one wants to face such a terrible enemy, but this time I don't have any problems. Second Hall Master, your Dragon Tiger Hall's rules, I am very good. Obeyed, this kid doesn't have a number of people. Naturally, it doesn't mean that this time the challenge is divided. If I give up like this, he ran out and said that I had a tie. Wouldn't it make others feel embarrassed? Where is my face?"
