

A Killer 5631

Chapter 5631: Shake the pot

Qiang Wudi had a sinister smile on his face at this time, and he stepped on Feng Tianling's back with one foot, and he didn't know if this guy was exerting force.

But what is certain is that now Feng Tianling has no way to stand up from the ground at all, and still faces the ground. At this time, it is very difficult to say a word. If you want to make him surrender, isn't it just trying to make things difficult? ?

Many soldiers in the surrounding Crescent City are all ready to fight, and now they are just waiting for Situ Shangyan's order, they will definitely rush forward without hesitation.

At that time, even if you are facing a strong man in the realm of gods, you will not hesitate.

And Situ Shangyan's mood at this time was also very elusive. This guy had advised Feng Tianling just like Li Tian before, because all of them knew that this was a conspiracy of the Southern Huang people, don't look at these Southern Huang people. Slowly grow up with their own savage folk customs, but there will still be some calculating guys among them.

This time, the whole thing must have been made by a consultant who is very good at calculating others in the entire Southern Wilderness.

Let Qiang Wudi come here and actively provoke them in the New Moon City. The young people have a high spirit, and they certainly can't see others insulting them like this, so they will definitely choose to stand up at this time.

And the result is self-evident.

Qiang Wudi's strength is top in the entire Southern Wilderness. This trump card is sent out, and you want them to fail. It's really not that easy.

Well now, the problem has proceeded according to their plan.

What needs to be seen now is whether Li Tian, a young man, can stand up at this time.

Situ Shangyan raised his hand to stabilize the emotions of several soldiers. At the same time, he slowly stepped forward and whispered, "What are you going to do?"

"I can't do anything. The significance of this Ten Cities Conference is very important. It is not only about the interests of a few of us, but also about the interests of the entire Shuiyue Sect and the New Moon City. Of course, I cannot be because of one person. So many people are implicated, otherwise, I can't explain it clearly." Li Tian looked at Feng Tianling who was stepped on his feet and said solemnly.

He is still standing in the previous position, and the expression on his face is still very calm. It seems that Gujing Wubo doesn't seem to take this kind of thing into his heart.

Although Feng Tianling is the leader of the New Moon City team this time, what about that? For Li Tian, it is really not very important whether Feng Tianling is dead or alive. Whether he can be in this new moon It's a very important thing to win the rankings in the city of the city.

The surrounding soldiers stared at each other, and the atmosphere in the yard became very depressing at this time.

Chai Lei's expression slowly became gloomy. To the young man in front of him who was unwilling to give himself face, his attitude was obviously going to be much worse. He just knew that sometimes some things could not be easily expressed. They all tried their best to restrain the anger in their hearts, and looked at the young man in front of him with such a gloomy face.

Qiang Wudi held an iron rod in his hand, stepped on Feng Tianling with one foot, and looked at Li Tian with a smile: "What should I do? The captain of your team has been stepped on by me. This guy is really capable. It's not very good. As his team member, your captain has already encountered such a danger. Are you not ready to take action, do you want to stand by like this?"

"If you are willing to hang around this guy stupidly, just do it. This saves me from having to do it later. For this guy who only knows to drag us down, death is the biggest help for us." Li Tian snorted. , There was no hesitation in his eyes, and his speaking attitude was quite firm, making Qiang Wudi in front of him more surprised.

'How could this kid answer like this? Isn't it the same as in the previous intelligence, this time the captain of the New Moon City team is not Feng Tianling, so Li Tian is only at this time, and he is still unwilling to make a move? Qiang Wudi has already begun to wonder whether the intelligence this time is really useful. At such a critical time, Li Tian didn't even intend to make a move.

As for Feng Tianling's state at this time, it was even more difficult to make him surrender than Deng Tian.

He only needs to open his mouth, and there will be a steady stream of sand sent into his mouth, and even breathing becomes very difficult, let alone surrender.

However, at this time, no matter how uncomfortable the body is, it can only be honestly lying on the ground and waiting, it is because the young people in front of him did not regard him as a role at all.

"Haha, it seems that you know a lot more than this guy." Qiang Wudi snorted coldly, and then slowly stepped back.

Feng Tianling stood up swayingly from the ground, stared at Li Tian, and asked, "Why didn't you just do it? As a member of our New Moon City team, your captain is here. Encountered danger at this critical time. Shouldn't you, a member of the team, stand up at this time to meet and challenge the enemy?"

"Haha." Li Tian smiled, looked at Feng Tianling, and asked disdainfully: "Are you still a three-year-old child? Or, do you naively think that the whole world is going to revolve around you, once you In the face of any danger, should others put their focus on you the first time? I think you have really developed a good habit in New Moon City during this time."

What Li Tian said was not wrong, and Feng Tianling felt that way now.

The sense of superiority is really inexplicable. Even after the failure of his challenge, he did not directly look at his own mistakes, but still threw the problem directly to Li Tian.

This guy is going crazy, always thinking that he can raise his head in front of Li Tian and Ningbing, but after these two people appeared in New Moon City, everything about this is constantly

changing, fundamentally It's not that he can easily control it. Feng Tianling now seems to be no different from a mentally handicapped person. Facing such a situation, what can Li Tian do?

The best way to have a mentally handicapped teammate is not to keep making mistakes after the mentally handicapped teammate makes a mistake.

In this way, even if you are extremely clever and powerful, there is still no way to reverse your original disadvantage.

Chapter 5632: smart people

"Isn't it? As we said before, we must unite and help each other, so that we can meet the challenge of this ten-city conference, isn't it?" Feng Tianling roared, raising his hand to hold himself. The blood stains on the corners of the mouth were wiped off, and the clothes on this guy's body are now tattered, and there are many wounds on his face, but they are all very small.

It's just that the cheeks are obviously more swollen than before, and it seems that the slam on the ground just now is really not very comfortable.

Seeing his pig-headed look, Li Tian couldn't help laughing.

Ning Bing next to him gave Li Tian a white, thinking that this guy is really big-hearted, he can laugh at this kind of time, it is really hard to think of what kind of person he is.

But this is Li Tian, even when the sky falls, this guy will still do something that will make you eye-catching.

"First of all, we are indeed a team, and indeed need to cooperate with each other, but I have reminded you before that this challenge is not as simple as you think, and it is likely to affect our future games, but you will go your own way. For the sake of my humble face, I can't help but fight against my opponent. There is no way. Since you have already made mistakes, then I have nothing to say. I can only choose not to make the same mistakes as you can. But you expect to let me help you at this time, daydreaming, it has nothing to do with me if you die, as long as you don't let this opportunity pass away." Li Tian curled his lips in disdain, and said seriously,

Feng Tianling looked at Li Tian dumbfounded.

Qiang Wudi was also dumbfounded.

Situ Shangyan shook his head with a wry smile, squinted, thinking that this kid is really difficult to get along with, if you give him face, he will give you face, and he is kind to you. .

But if you face this young man with a hostile attitude, the effect will only be more intense.

No one knows what this young man's character will look like, it feels like a changeable monster, what it will look like in the next second, you will never guess.

Originally Qiang Wudi thought that there should be nothing wrong with his calculations this time.

No matter how big Li Tian is, he will definitely choose to stand up at this time and honestly help Feng Tianling in front of him. After all, they are from the same team. If even Li Tian is not willing to help, then There must be problems later.

Who knows, Li Tian is really unwilling to help.

Moreover, he said so bluntly that he didn't worry about a little bit of problems within his group.

Looking at the somewhat upright Li Tian in front of him, Qiang Wudi's eyes flashed with a faint light, and he whispered: "This kid is more tolerant than the few people I saw. From his expression With the look in his eyes, he can't see his inner thoughts at all. It is almost impossible to think through such a young man."

"Okay, this is the end of the matter, don't continue to say anything, go back to rest and recuperate, and don't run out to be ashamed these days." Chai Lei snorted coldly, turned and glanced at Li Tian and said: "If so If you have something, even if you come to the Dragon Tiger Hall to find me, it's like this here. You can arrange the next thing yourself, and I won't follow along."

"Thank you seniors today. If you weren't here for seniors, I'm afraid it would make the whole thing more complicated. Then the consequences will be overwhelming, and the ***** emperors will be annoyed. Then it will be a bit difficult. "Li Tian looked at Chai Lei in front of him with a smile, and said in a polite tone, then glanced at Feng Tianling: "You handle your own affairs by yourself, I want to go back to practice, bye."

Chai Lei is gone, and Li Tian is also gone.

The two people left very firmly.

It seems that there are so many things happening here, and they have no relationship at all, and neither of these two people have the slightest awareness to stay and help deal with the problem.

Seeing them leave, Situ Shangyan at this time can only helplessly caress his forehead.

Ning Bing was still here. Seeing Situ Shangyan's expression, he stepped forward and comforted him and said, "Li Tian is like this. He has a weird personality. Many of us can't figure out what this young man thinks. of."

"Indeed, the pressure brought by such a young man is really not small. I have never met such a difficult kid." Situ Shangyan gave a bitter smile, then raised his head to look at Qiang Wudi in front of him. "If there is nothing to do, you can go back now. If you are still ready to provoke, I advise you to give up this idea. There is no one who can fight you here."

"It's really boring. There is no such a famous team as the New Moon City. When facing the challenge, it just became a turtle with its head. If this is known to others, I am afraid that it will laugh out loud." Seeing Situ Shang With Yan's resolute attitude, Qiang Wudi knew that he must not be able to do anything today. The kid Li Tian was clever and didn't take the bait at all. Only Feng Tianling, an idiot, took the bait, but it didn't make much sense.

They came here this time just to find out the bottom line, and they wanted to see the changes in Li Tian during this period of time.

It's a pity that Li Tian didn't take any action from the beginning to the end, he was more like an air man, and he didn't participate in the whole thing at all.

Even Qiang Wudi was ready to fight hard, but at this critical time, he still had no choice but to say nothing happened, and after a smile, he turned and left.

Feng Tianling cursed and said: "Trash, you guys are trash. They were knocked on the door by others, and they returned..."

'Snapped'

Before he finished saying this sentence, he slapped his face heavily. Situ Shangyan looked at him with a calm face, "Tell me to be honest. What are you doing here this time? I think you know very well that I gave your father face before, but if you dare to continue to challenge my patience again and again in front of me, I will let you know that my Situ Shangyan is not a vegetarian. "

Feng Tianling was a little dazed, looking at Situ Shangyan in front of him, he didn't understand why this person suddenly shot himself.

If I was really afraid of myself before, then how come there is no such fear suddenly now,

If you weren't afraid of yourself, why did you be so careful before?

Chapter 5633: Mist

After Qiang Wudi left the courtyard of the New Moon City, he did not return to the nearby courtyard, but passed towards the other side of Tianqi City.

The layout of the entire Tianqi City is divided into four parts, which are entertainment area, slum area, noble area, and commercial area.

Just like the streets on the earth, these four districts separate the entire Tianqi City. The so-called slums and noble districts are just like the concept of a ring and suburbs on the earth.

Those who were able to live in the noble district were all well-known in the entire Tianqi City.

The so-called entertainment area contains a lot of things. Everything you can't imagine can be seen here, and the things you think of are definitely owned here.

But again, this kind of place is where rich and capable talents will come.

Otherwise, you will just be able to turn around at the door to see how those local tyrants play games.

At this time, the direction Qiang Wudi went was the noble area.

The moment he entered the noble quarter, his steps became much faster, but in just a few minutes, he came to a very luxurious yard, Xiaosheng knocked on the door of the room, and looked around cautiously. After making sure that no one around saw him, he cautiously pushed aside the yard and walked in.

The courtyard in front of it looks very spacious and beautifully decorated, just like a paradise.

There was no light in this house in the east of the courtyard.

Qiang Wudi walked in like this.

"How is the result?"

"Li Tian didn't make a move. I am afraid it is a little difficult for us to investigate clearly. This kid is much smarter than we thought. He knows what my purpose is this time. The previous rumors were so different. At this time, he chose to do it with me, but I was beaten to the ground." Qiang Wudi looked at the talking shadow and replied.

"This young man is indeed a lot smarter. Those people who had killed him repeatedly before, every time they thought their mission was going to be successful, but at the last moment, it was not easily cracked by Li Tian? This young man? It seems that there is no threat to people, but when you really

want to deal with this young man, you will understand that his threat is much more than many people you think."

"Senior, what are we going to do now? This kid's strength is completely unclear. No one knows what changes have taken place in his body during this period of time. Is it necessary for us to deal with the Ten Cities Competition like this? "

"Don't do it for the time being, our people are already dormant here, we just need to wait for a good opportunity to take action, but Feng Tianling, it seems that a little accident happened, I want to arrange some people to investigate it. Right."

"Senior mean?"

"No matter how much a person changes, it is impossible to change his own essence. Among Fengjie's two sons, Feng Tianling is the smartest and the one with the least mind to do things, but have you ever noticed that since After the Young Heroes Conference in New Moon City, this person's personality completely changed, and even Feng Tianxiang's city mansion is not as good as Feng Tianxiang's city mansion. Do you think this is Feng Tianling before?" The shadow moved his body. , It looked like he had pressed the hat on his head, but his voice was still hoarse.

"You mean, this is not Feng Tianling?"

"There is a possibility, but it is not very likely. What I am worried about is that Fengjie's bet on this kid is too big and terrible. If this factor produces a butterfly effect, it may make us original His plan was affected, so at this time we naturally have to send some people to investigate what Feng Tianling did during the time in New Moon City."

Li Tian thought about it before that Feng Tianling's changes had some problems.

But I would never think that all of this would have anything to do with the events of the previous Young Heroes Conference.

He simply believed that Feng Tianling became like this because he was jealous of himself, and his mood deteriorated and became uncontrollable. This was the reason why Feng Tianling became like this.

But other things have not been considered at all.

As for the dark figure in front of him, he obviously had to think more, and seemed to have a strategizing feeling.

As expected to be the master of Tianqi City, the courtyards arranged by Longhutang for them here are all very luxurious. After Li Tian came to his room, he couldn't help but sigh with emotion.

It is really good to have money.

This room is just like the bedroom of the ancient emperor on the earth. Of course, the area may be a little smaller than that, but the things in it are definitely not inferior. There are even many gadgets, all of which are very expensive in the gods. The expensive thing is really a small sparrow, but it has all the internal organs, not to mention that it can't be regarded as a small sparrow.

It should be regarded as a very luxurious sparrow.

Sitting on a table made of an unknown tree in the living room, Li Tian eagerly called the ancient god.

"Something will wake me up."

"Senior still remember what happened last night."

"Can not remember."

"It seems that this little witch's methods are really terrifying. Even a strong man like you can't withstand such an attack." Li Tian felt a little hairy at this time, and even the remnant soul of the ancient **** was recruited. How terrifying is the strength of the little witch?

"Did it happen last night, something I didn't know?" The Remnant Soul of the Ancient God also noticed something from Li Tian's tone, and immediately asked anxiously.

"Some problems have indeed occurred, even I myself can't believe that the strength of the little witch I saw in Broken Cloud Mountain Range before turned out to be so terrifying." Li Tian muttered to himself, while Slowly in his mind, he told the Remnant Soul of the Ancient God all the things that happened yesterday.

And after listening to this guy for so long, the remnant soul of the ancient **** was silent for a long time.

"If I were in the peak state, I might have a little chance of winning against this little witch, but now I am just a remnant soul, and naturally there is no good way to face such a little witch." The Old God's Remnant Soul's tone was full of helplessness, and obviously he was also very jealous of this little witch.

Chapter 5634: Sima

"It is true that among so many people I have met, there has never been a single person who can give me such a heavy pressure, even if I know that I still have a long time to gradually improve my strength, but whenever I Thinking of a little witch staring at me all the time, paying attention to my every move all the time, I feel cold all over my body."

"Your identity is very sensitive, and how long has it been since you came to the God Realm? Now in the whole God Realm, how many people know your name, how many people know your strength and methods?" He said: "The wood is beautiful in the forest, and the wind will destroy it. You have to clearly realize this. It is precisely because you have performed so well that many people will focus on On you."

"If there is a choice, I really don't want them to notice me as a young man like this. I just want to be an ordinary young man. With such a simple request, I don't have any other ideas." Li Tian said helplessly that being stared at by such a strong man may become a toy in her hands at any time, which is like a shadow of fear, constantly hanging over your head, who can bear it.

Li Tian asked himself that his ability to withstand was already pretty good. So many things happened in the lower realm, and so many things happened after he ascended to the **** realm. Every thing was quite terrifying to him.

But even in this terrible mental ordeal, Li Tian still persisted very seriously.

It was because he believed that after such a gloomy day, a rainbow would definitely appear. No matter how much he memorized, he couldn't just keep memorizing like this.

But in the matter of the little witch, he really felt a sense of powerlessness.

Just as you are now an old sow raised in captivity, you don't know when the butcher will attack you suddenly, and if you want to resist, you can only make yourself stronger.

This may increase your resistance a lot, but at the same time it will also make you closer and closer to death.

This kind of thing is the most tormenting.

"Since she has no intention of making you her own toy, it means that your current strength is still far from what she wants. In fact, there is no need to worry about the whole thing in particular. I think what you need most now is Efforts to improve your strength, I will stand up to help at the most critical moment, and you are not alone in this realm of God, maybe you can't deal with this little witch alone, but wait until your friends around you take action At the time, I didn't believe it, she could still be confident?"

"Maybe this is my only way." Li Tian smiled helplessly, opened his eyes, glanced at the extravagant room in front of him, and sighed.

At this time, outside the Tianqi City on the other side, Chai Lei stood here again.

This time, what appeared in front of them was not a large vehicle, but only a few dozen people. The leader was a young man, wearing a white robe, suave, and looked like a very powerful person. .

There were young people and a few old people standing behind him.

However, Chai Lei's attitude towards this young man was quite polite. He squinted at the young man and said, "Master Sima, it's been a long time."

"Second Hall Master, it's been a long time." This young master Sima, who is also a popular young man in the Ten Cities Competition, is still unknown at present.

No one knows how strong this person is.

"Everything is ready, now we can arrange your rest."

"Thank you for the second hall master, but before that, I still have someone else I want to see."

"What you want to see should be Li Tian, who has been circulating in the recent past. With your current talent and strength, you want to come to this competition. The most you want to know is this young man. Right?" Chai Lei said with a faint smile looking at Sima Shangwu in front of him with a smile.

"Indeed, this young man has been enthusiastic in the entire God Realm during this period of time. Who doesn't know the glorious deeds of this young man before, I also want to see what this young man is like, if it is very powerful. , Maybe this time the game will be very interesting." Sima Shangwu smiled confidently. From his appearance, it seems that he just barely regards Li Tian as his own opponent, but he does not regard Li Tian as a serious opponent at all. .

"Maybe you will change your mind when you see this young man. Although we haven't met for a long time, the feeling this kid gives me is very different from that of others." Chai Lei said.

"Maybe, I'll go and see what the strength of this kid is. If he is really strong, then maybe it will interest me," Sima Shangwu said.

...

Li Tian, who was originally cultivating in the room, seemed to have noticed something, and slowly opened his eyes.

"It seems that some very powerful master has arrived."

"Yes, I feel it too." The voice of the remnant soul of the ancient ***** rang at this time.

He slowly stood up, opened his door carefully, and squinted. Sima Shangwu was already standing in the courtyard.

The two people looked at each other and both seemed to feel the same. Li Tian moved away from his position, smiled and said, "Please come in."

"I thought you would say something cruel to me." Sima Shangwu looked at Li Tian somewhat unexpectedly. He came uninvited by himself. He must have come to ask for trouble. But looking at Li Tian's current attitude, it seems that it is not at all. It was not surprising that he appeared, and the tone of speech was still so polite, which inevitably made him a little surprised. This kid seemed not as arrogant as the previous rumors.

"The visitor is a guest. Even if you are here for trouble, I don't think you would choose to be at this time. Since you are here, you definitely want to talk to me. Of course, you must be in the room at this time. Li Tian smiled. He knew that Sima Shangwu was very strong in front of him, so he didn't worry that this guy would fight with himself here, so he spoke to Sima Shangwu so politely.

"Very interesting." Sima Shangwu said the same, and then swaggered into Li Tian's room.

Chapter 5635: Mutual insights

Sima Shangwu's performance is still within Li Tian's calculations, knowing that nothing serious will happen to him when he comes to him, he just wants to see Li Tian in front of him and Li Tian he has learned before. What kind of difference is there? Other than that, there is no point in coming here, just to meet Li Tian.

After entering the room at this time, he did not look very nervous.

Li Tian also smiled and returned to his room, then picked up a cup of tea, carefully poured a cup for Sima Shangwu, and said with a smile: "What, come to me this time, do you want to tell me something? "

"Of course, there is nothing I have to tell you. I just want to get to know this strong man who was rumored in many people before." Sima Shangwu smiled and looked at Li Tian, and said calmly: "If you really have. If they are so powerful in their imagination, maybe you can become a very powerful opponent for me in this game."

"Maybe it's like this, but what I want to know more now is how many strong people are here this time." Li Tian looked at Sima Shangwu in front of him, and slowly sat down in front of him. Pour himself a glass of water: "It is said that there are a lot of strong people at the Ten Cities Conference this time, and I also want to see how many such strong people are there, and how many people will be stronger than you."

"There should be no more guys stronger than me, but if you want to fight with me, you can also try. I think if I become your enemy, it should make you fight heartily."

"I thought you would ridicule me when you came here. I didn't expect that you would just sit here and chat with me. If you let others know, you would not believe it."

"Why do I have to provoke you when I came to you? My relationship with you is not that bad." Sima Shangwu smiled elegantly. Compared with others, this person's temperament is completely different. It can also be seen from him that this person's accomplishments are really high, and such people can only appear in some noble families.

Thinking of this surname, Li Tian is not difficult to guess, the person in front of him is probably from the Sima family.

This family, like the Zhuge family, is also a family that is very famous in the entire God Realm. There are countless strong people up and down, and it has a very long history and is a very terrible family.

At this moment, two people are sitting here, Li Tian can also feel a strange pressure.

Sima Shangwu just sits here, and his aura will have a distinctive nobleness, as if he was born with a lot more wrong than all these people here.

"This time I came to you. In addition to wanting to meet you, I still want to tell you one thing. I think you will never forget an old friend, and your old friend is now in a team with me. Sima Shangwu showed a weird smile at the corner of his mouth and said, "You should remember the name Chu Jiangnan."

Li Tian frowned at this moment and snorted: "You should know that there is still some grudges between me and this guy."

"Of course I know that you have grievances with each other. Otherwise, I would not come here to tell you about this matter. I just want to know what you think about this matter and whether you still want it. , How about dealing with Chu Jiangnan?"

"My purpose in coming to Tianqi City this time is very simple. I just want to complete my own mission. As for Chu Jiangnan, it is obviously not in my mission. I only want to win the championship in this competition. In the process, who dares to stop me, who is my enemy, for my enemies, I am definitely no exception, I will never let them go." Li Tian gritted his teeth and said solemnly.

In order to participate in this competition, he has put in a lot of effort.

Of course, it is impossible to easily hand over the places for this competition to others. Even the powerhouses appearing in the Ten City Conference are very tricky, but Li Tian still does not think he is in this time. There is no chance of winning at the Ten Cities Conference. People always have to have a little confidence in themselves. If they don't even have confidence, how can they continue to improve?

Sima Shangwu is indeed very powerful, he can be regarded as a master among masters, but it is a pity that this master only has a kind of pressure in his eyes, but he has not yet reached the feeling of loss of confidence.

"During the previous competitions, the strong people sent by your New Moon City were still very terrifying and strong, but this time you brought an oil bottle. It seems that even a smart person like Feng Jie is still It's unavoidable to be tacky, after all, I still have to consider it for my son."

"This is a very normal thing. Feng Tianling relied on the power in Feng Jie's hands and used a lot of baby fairy grass to reach the current state. However, this state cannot continue. Feng Jie doesn't want it. For Feng Tianling to become an outdated fellow like this, he can only choose to send him to a place like this, let him grow up slowly, and change the views of many people.

"This process may be realized, but the possibility is very small. After Feng Tianling came to Tianqi City this time, he was exactly the same as two people in New Moon City. No one knows what happened to him. What happened? Many people said that it was all because of your appearance, so that this guy has no sense at all."

"If my appearance can make a person like this, then I'm really very powerful. Regarding Feng Tianling's changes during this period, I am also very puzzled like you, and it is difficult to figure out this guy. What kind of changes have taken place, but since things have reached the point where they are now, I can only think about dealing with this problem slowly." Li Tian shrugged helplessly.

I didn't expect Sima Shangwu's news to be so well-informed. He had just arrived in Tianqi City and seemed to know a lot about them.

As expected of the Sima family, they are indeed very well-informed. It is estimated that in Tianqi City, they also have their eyes and ears, so that they can keep all the things that happened these days in their own hands, so that they can also be used at critical times. Very important role.

Only by knowing yourself and the enemy can you win every battle.

Chapter 5636: Chu Jiangnan

In the following time, Sima Shangwu began to talk to Li Tian some more ordinary things.

If it wasn't the first time the two people met, Li Tian would definitely wonder if he had seen Sima Shangwu in front of him somewhere before. This guy seemed to know Li Tian's hobbies very well.

Although it's just ordinary chat, as a stranger, it is generally difficult to chat so happily.

But these two people did it.

This kind of chatting is like old friends who haven't seen each other for many years, they are all sincere to each other.

After about a few hours, Sima Shangwu stopped his mouth with a smile and looked at Li Tian and said, "I didn't expect that you are not only very talented, but also the knowledge of this knowledge is also quite terrible, I am afraid Among these young people in the God Realm, it is difficult to find someone who is as talented as you and who likes to look up information very much."

Sima Shangwu himself is also a person who likes to look up knowledge and research history. The way he usually entertains after he finishes his practice is to shut himself in the study and browse the materials inside.

Although the study books of the Sima family are not as good as the museum in the Sky City, they are also things that have been accumulated over the years. Many of the contents in them are difficult to find in the gods.

However, only during the time he was chatting with Li Tian did he realize that the young man in front of him seemed to have quite a deep understanding of these things.

Especially on many more esoteric and complicated issues, the two people's understanding is almost coincident.

This surprised Sima Shangwu.

I rely on my family's study to know so many things, but according to what he knows, the young man in front of him should be just an ordinary young man who can no longer be ordinary, and he is also a loose fairy. How did he do it? Yes, he also knows these materials very well. On Li Tian's face, he has not seen any doubts and surprises.

What Sima Shangwu didn't know was that when he was in Free Space, Li Tian was filling up various materials almost every day. In that kind of environment, time had no meaning at all. Instead of boring, he wasted time. , It would be better to learn more about the history of the entire God Realm from the side of the Remnant Soul of the Ancient God. The more you know about these things, the better you can deal with them at some critical times.

"Well, today I'm really happy to chat with you. In the next few days, the teams of the Ten City Conference should come here one after another. I think that when you will meet many of your acquaintances, But today, I don't think I can stay and chat with you anymore. There are still many things waiting for me to do. If you can make it to the top ten, maybe we can fight against each other." Sima Shangwu stood up slowly, Naturally and Li Tian's smiled, like a friend saying goodbye, opened the door and left easily.

Not long after he left, he saw Ning Bing coming out of his room and running to Li Tian's side.

"You two know each other?"

"Today is considered the first meeting, but I don't know why. The first time I saw this guy, it made me feel very comfortable. Even when I was in Li Tian, I couldn't feel it. Two people who don't know are chatting."

"It's really weird. I have heard many people say before. Although Sima Shangwu is not a arrogant strong man, he has always been very rigorous in choosing his friends, and he rarely takes the initiative to make friends with others. What is the purpose of coming here today?"

"Don't think about it, maybe people really just want to come and meet me in a simple way, and see what the difference between my guy and the previous rumors looks like. If you get along well, then just take advantage of the situation. Friends are also a very good choice." Li Tian saw Ning Bing's skeptical look, he knew that this woman was skeptical, why Sima Shangwu would take the initiative to call Li Tianlai to make friends.

Even if Li Tian had been going through the whole God Realm during this period of time, but in the eyes of Sima Shangwu, it should not be considered a powerful role.

But at this moment Li Tian didn't think about anything else, but Chu Jiangnan. This guy had a little grudge with Li Tian before, and he remembered everything clearly in his mind. Who knows here, it's even better. Seeing this guy again, if I could give Li Tian a choice, I would definitely not let this guy go easily, but things have passed so long, and sometimes I have to slowly forget about it selectively.

And now that Chu Jiangnan has already come to the God Realm, what makes Li Tian more worried is whether this guy will shake out all his details.

If the **** emperors knew that they were the real powerhouses in the lower realm, what would happen?

He has become the enemy of the entire God Realm, who will stand up to help himself, little witch? Can she face the threat of the entire God Realm alone?

Li Tian thought for a while. It seems that this step can really be achieved. Probably there is only the existence of the level of the little witch. Its own strength is very terrible. In addition, it can control some monsters and ancient monsters. What I can imagine is that the power in the hands of this little witch is definitely much more terrifying than many people imagined. Once it is really played out, it is likely to set off a **** storm in the entire God Realm.

This was something Li Tian had thought of long ago, and it was also the reason why he kept reminding Murong Ziqing and others.

It is because he is very worried. If no one puts this little witch seriously, when the little witch becomes truly powerful, there are very few people in the gods who can control this little witch. At that time, These powerhouses of the gods are still fighting with each other, facing the attack of the little witch, they will surely be gradually disintegrated.

The fall of the God Realm did not take long at all.

"Hey, what are you thinking about standing here alone?"

"No, I just thought of one person. You and I knew this guy before, but unfortunately, I didn't see this guy again afterwards. I didn't expect that this time I came to Tianqi City and let me pick this up again. Guy." Li Tian turned around and smiled, the answerer said.

Chapter 5637: A stranger

"I can't see the feeling of a so-called friend in your face. This guy and you should be an enemy?" Ning Bing snorted, glanced at the direction of the door, and asked.

"I don't know how to say it, but for now, I prefer to treat this guy as a friend, but after so many things have happened, I really don't want to see this guy. This will expose me. Identity, the consequences are quite serious." Li Tian's emotions were a bit heavy, Chu Jiangnan may not recognize himself at all, so he is not yet exposed.

But if you met Chu Jiangnan in this game, what would the result be like?

"You have been reluctant to tell me what happened before. You just said that when my memory is restored, everything will be understood, but now it seems that it is very difficult to restore my memory. I don't know when, Are you going to let me go on like this?"

"Otherwise, I will tell you everything and make you fall into a breakdown, don't know what to choose, and then hurt you?"

"You make me feel worse now."

"Don't continue to struggle with this matter. If there is one person in the whole knot who is unwilling to be your enemy, then it can only be me. Everything I do must be for your safety, and I hope Don't continue to care about these little things. I really don't want you to participate in these

things without knowing it. Moreover, you are in a very good situation now, with the protection of Shuiyue Sect. There is no need to worry about some opponents."

"Ha ha."

Ning Bing looked disappointed. This was not the first time she wanted to know what her previous history was like from Li Tian, but Li Tian just didn't want to tell her.

It's as if the previous history is all a mystery, and you have no way to explore this mystery thoroughly.

And Li Tian could barely do it now, let Ning Bing forget about these things.

When she regained her memory, she would naturally remember all the things she needed to know. Even if Li Tian told her now, it would only make her unclear about the ins and outs, but it would be counterproductive.

"Forget it, since you are so stingy and reluctant to tell me, now follow me to Tianqi City for a walk. It is said that there are many interesting places here."

"I didn't have time to purchase some things in New Moon City and Water Moon City before. This time is a good opportunity." When Li Tian thought of this, he suddenly thought of the old fortune teller, frowning. After a while, he whispered: "I don't know if what the old man said is true or false. As for the riddle, what is the final answer?"

"what are you thinking about?"

"What the old fortune teller told us before, I was wondering whether it was true or false. What is the answer to the last puzzle? I thought that there must be a way to the mountain by the car, and wait until we solve it. When you get to this point, you will naturally understand what it means, but now it doesn't look like this at all." Li Tian said helplessly at Ningbing.

"That's right, we don't know whether what the old man told us is true or false. Even if it is true, what we should do is still at a loss. It's better to act according to our own personality. If you really encounter a troublesome opponent, the big deal is to become a little low-key. Don't fight with them. As long as you have passed the Ten Cities Conference this time, no one really wants to attack us."

The young people at the Ten Cities Conference are like the bright stars of the entire God Realm. Everyone represents an endless future. Among these powerhouses in the God Realm, they all regard these young people as an infinite. Endless treasures, they all know that what God Realm needs is such a young man, and it needs such a strong man with infinite future.

Therefore, after becoming the winner of the Ten Cities Conference, relatively speaking, he will have a means of protection for himself.

Many people who wanted to take action against you before now have to carefully weigh whether they can succeed in doing so. Even if they succeed, what are the consequences.

Killing a young man with a good future in the God Realm, but many ***** emperors would not allow it, but due to factors such as mutual challenges, death was nothing.

The most terrifying is the despicable assassination method.

This is something that many ***** emperors absolutely cannot allow.

"Perhaps thinking about these things now is really more than a lot of things. We don't know what that person's purpose is. Thinking about it now is just making trouble for ourselves. It's better to take a step and look at it." Li Tian smiled helplessly. Smile, since I can't think of it, just let the flow go.

As soon as the two people left this yard, they saw a young man walking out of the other yard.

When he saw this young man, Li Tian's movements suddenly stopped, and his fists were clenched imperceptibly. There seemed to be a faint hostility on his body. This is a state that he rarely appears. This guy's control over his hostility is still quite terrifying, in order to worry that his second personality will start to appear uncontrollably someday.

Chu Jiangnan!

This is a guy that Li Tian is very familiar with, and I believe Chu Jiangnan's understanding and knowledge of Li Tian is also very profound.

He can be sure that when Chu Jiangnan came out, he must have seen himself, but the expression on this guy's face was still the same indifferent, as if he hadn't seen Li Tian at all, he just swaggered away from them.

Li Tian snorted while holding his fist.

"I thought you were going to take a shot at this guy. We just met now, and your murderous aura is about to be fully exposed. Idiots already know who your target is." Ning Bing sneered and said with a mockery.

"If it wasn't for my sanity to control my body at the most critical moment, I would really have rushed to shoot this guy, but I know that it is not the time, if I really want to do it, it will definitely not be here. , But on the ring, I will let him lose to me openly." Li Tian looked at the back of Chu Jiangnan away and said angrily.

"His opponent may not necessarily be you," Ning Bing retorted.

Chapter 5638: Passionate

Li Tian and Ningbing didn't go to any entertainment area. The two of them knew that the most chaotic area in Tianqi City was the entertainment area. In addition, Li Tian is still a celebrity now, and who knows what will happen there. ?

And the two of them still have a lot of things to buy, and of course they won't go to the entertainment area.

Two people came to the business district, and first came to a charm shop.

Here, Li Tian can also feel what is called a big shop and a small shop.

The charm shop here and the charm shop I saw in Luoyang City before are just like a little witch. The charm shop in Luoyang City is simply not worth mentioning here.

However, the business of Talisman Store looks mostly the same, and there are not many customers here.

When Li Tian came in, an old man was sitting on one side of the Grand Master's chair, with his legs cocked and smoking a cigarette stick. After hearing the sound, he raised his eyebrows and fixed his eyes on Li Tian.

This old man seems to be older, but his eyes are very sharp, like a falcon, he seems to be able to see through your inner thoughts.

Li Tian just stood beside the old man for a few seconds, and he felt a little embarrassed. ,

Of course, fortunately, this process did not last long.

After looking at it, the old man stood up and said, "You should come here to buy some charms."

"The boss seems to recognize me?"

"Of course I recognize you, a young man like you, with such a gas field, to be able to come here, I can only think of one person, that is, the person who has been so amazing in many people before." The old man looked at Li Tian with a smile. This kid can use spells, which is not a secret to many people, but many people think that Li Tian has learned how to make spells.

So when the old man saw Li Tian here, he was a little surprised.

"I didn't expect that I was so famous in the God Realm. So many people know me. This really makes me feel a little uncomfortable." Li Tian smiled helplessly, and didn't expect that he was there. The God Realm has actually become so famous.

"You are next to the famous Ningbing Master Sister. I also know this person quite well and is strong."

"Thank you for the boss's compliment." Ning Bing still has an indifferent look. Even when she is speaking, it can make you feel a blast of cold wind directly rising from the palm of your foot.

After all, the old man is still a little older. Facing people like Ning Bing, he didn't have any unusual reactions. Instead, he looked at Li Tian and said with a passionate expression: "Let's talk, I want to find something on my side. What about things?"

"Some spells that can be used as aids, or can be used as terrible strengths in battle, these should be what I need now." Li Tian said with a smile.

"What about the specific level?"

"The higher the better, the lower-level spells have no meaning for opponents of my level." Li Tian thought about it and wanted to respond. After reaching her level, the opponents are already very powerful. , You use some low-level spells to deal with the strong in the realm of gods, but the effect is not as perfect as imagined.

"I have a lot of higher-level spells here, and there are even high-level spells used to deal with the **** emperor level. But these spells are expensive and complex to cast. The requirements for the caster are also very high. Very tasteless charms, you definitely don't need such charms." The old man looked at Li Tian's serious face, immediately cheered up and began to pull Li Tian to observe these charms.

Such a large shop is really not comparable to the small shops in Luoyang City. Here Li Tian saw a lot of charms that he had never heard of before.

At the same time, he also understood the terrible part of the spellmaster.

They can really turn any way of fighting they can imagine into a way of attacking with spells, so every spellmaster's attacking method may change a little bit more or less, but don't underestimate it. This little change, maybe just such a little change, might make you truly understand the terrible thing about a spellmaster.

Ning Bing saw that these two people seemed to be very lively here, so he didn't say anything, but sat down on the side.

I don't know how long the boss hasn't seen a serious customer. After seeing Li Tian, he turned out to be like seeing his own parents. This attitude is really one hundred and eighty from the leisurely appearance before. A big turn.

"It's really interesting. The old man's enthusiasm for Li Tian feels like a flame. It seems that he can harvest a lot of things here this time." Ning Bing sat on the side and said with a smile.

But I didn't notice that at this time, outside the shop, there were also two people watching very carefully.

The expressions on these two people's faces are serious.

"This is the Li Tian that Qiang Wudi said before?"

"It seems to be true. I heard that when Qiang Wudi provoked their New Moon City team before, Li Tian turned his head into a tortoise. He watched his captain step on Qiang Wudi's feet, but he was indifferent. , I didn't dare to do it at all." It was a chubby little fat man who was talking, but he didn't have that kind of lazy feeling, but gave people a very dangerous feeling.

It's like, in this little fat man's body, there is a very terrible energy that can burst out frantically when you inadvertently.

"Hehe, this is not a weird thing anymore. The team in New Moon City looks like this every year, with varying strengths. Although each time is amazing, it's nothing more than that. This time, it was a tall man who was speaking, wearing a dark green robe, and all kinds of strange runes.

"Tang Yan, don't you really have any thoughts about this kid?"

"Hey, I heard that Li Tian likes to buy spells and use them in battle. Today I want to make this guy feel uncomfortable." Tang Yan glanced at the little fat man next to him and asked, "Xu Zhou, are you coming?"

"Hey, bullying, of course I can't miss it." Xu Zhou saw Ningbing sitting aside, then put out a wretched smile, nodded without hesitation.

Tang Yan seemed to have seen it too, and the two smiled knowingly, and then slowly walked into the shop.

Chapter 5639: Forbearance

Ning Bing also felt very boring sitting on the chair on one side, so he planned to close his eyes and rest for a while.

Unexpectedly, by this time, two people came in outside.

As soon as the two men entered the shop, their eyes were like GPS locators, and they locked onto Ningbing instantly. They kept their eyes fixed, without any concealment at all, just looking straight at Ningbing like this.

But Ning Bing raised his eyebrows and asked coldly, "Is there anything wrong?"

"This beautiful lady should be the famous Shuiyuezhong master sister Ningbing. It is said that your strength is also quite strong, and it is also one of the dark horses on the Ten Cities Conference this time." Tang Yan stepped forward, revealing a very confident smile came, stretched out his hand and introduced himself: "I am Tang Yan from the Southern Desolate City. I came here specially to meet Master Ningbing."

'It turns out that they are two guys who want to come to my side and get close to each other. They really do not live or die. 'Seeing the wretched expressions on these two people's faces, Ning Bing was really very angry, and almost broke out, but at this moment, he knew what place it was, and it was not suitable to take action here, just sneered. , Said: "Okay, I already know you, now please get away a little bit, you blocked my sunshine."

Tang Yan frowned slightly, and asked, "Master Ningbing, is this how you treat your friends?"

"I've never liked making friends very much. If you don't like my way of dealing with people, you can choose to disappear from me. Otherwise, don't blame me." Ning Bing said while holding Qian in his hand. The machine umbrella had already appeared, and the temperature in the entire room dropped sharply. It was still very warm before. At this time, it was like an ice purgatory, especially terrifying.

Big Sister Ningbing is still Big Sister Ningbing after all, and it's quite terrifying when she really wants to explode her strength.

Both Tang Yan and Xu Zhou in front of them were stunned for a moment. They didn't expect Ning Bing to be so hot-tempered, and they had to do it if they didn't agree.

"If you didn't look good, I would have killed you now. You should be thankful that I am different from ordinary Nanhuang people. I know how to pity and cherish jade." Tang Yan's face sank, although he was facing the person in front of him. Sister Ning Bing's attitude is very good, but seeing that Ning Bing doesn't give her face like this, she still feels very upset in her heart, so she said something boldly.

Of course Ningbing couldn't be afraid, who was he?

What are these two people in front of you?

"What are you guys, even if Qiang Wudi came here in person, he wouldn't dare to talk to me like this, and would allow you two to talk to me like this here? Get from me immediately before I get angry. The front disappears, I will take action later, everything is too late." The Thousand Chance Umbrella was exuding a deep chill at this time, and the battle might break out directly at any time.

Tang Yan and Xu Zhou looked at each other, wanting to see something in each other's eyes.

They knew that Grand Sister Ningbing's current strength might still be in the realm of spiritual cultivation, but the two of them were also in this realm, and they were definitely not particularly disadvantaged in dealing with it.

"It's really toasting, not eating fine wine, okay, I also want to see the master sister of Shuiyuezhong, how strong it is.

"Who is yelling like this outside, don't you think that your voice is very noisy? It has seriously affected my shopping mood." At this moment, Li Tian's voice came over lightly, and then he and the old man came here step by step, looked at Tang Yan and Xu Zhou in front of him, and said with a sneer: "You people from Nanhuang, don't you just like it and provoke others everywhere, right?"

"What does this have to do with you?"

"Ningbing and I are very good friends. This time she and I came out together. She wanted to buy something with me, but it seems that today's mood will be destroyed by your two bugs. This really makes me very angry." Li Tian said disdainfully, not at all in front of the two people in front of him, he, like Ningbing, is not afraid of things. ,

Behind Ning Bing was protected by a Water Moon Sect, even if he made a monstrous mistake, there would not be too many problems.

As for Li Tian, he himself is a Sanxian. Except for Li Tian and Shuang'er, he has no worries. These two people are from the Shuiyue Sect. No matter how difficult it is for others, it is impossible. The idiot ran to the Shuiyuezhong to make trouble, so Li Tian was all fine, and didn't worry about making any mistakes.

The big deal, he disappeared directly into the sight of these people, all the way to the west.

Anyway, the secrets of the God Realm have not been fully developed, and no one knows what kind of existence will exist on the west side of the God Realm.

I have heard a lot of rumors about magicians on the earth, but they have soared to the borders of the provinces, these people are rarely seen, but there are many mixed blood, who seem to have Western ancestry, and the surname is similar to that of the West, such as Speaking of the Catherine I saw before, she seemed to be like this.

Therefore, the secrets of the God Realm are still unknown to many people.

Once he couldn't live on here, Li Tian would go all the way to the west, really looking for what the secret of the gods was.

So he didn't worry about the provocations of Xu Zhou and Tang Yan in front of him, but if he wanted to talk about the two people in front of him, it was definitely impossible. He still knew very well that he couldn't reveal his strength before the game. The two people came here without problems. It is very likely that they came here to provoke them. A little bit of money on the mouth is fine, but there is no need to do it.

He patted Ningbing on the shoulder and whispered: "It's not appropriate to do this here. It will only let them figure out our details."

"Does it mean that something hasn't happened?"

"I know you hate them very much, but you must also know that sometimes things are involuntary. Of course I hate them too, but I know that shooting is not the right choice at this time." Li Tian smiled helplessly. , Whispered: "Let's bear it for a while, take a step back, and everything will wait until the game. After we get to the mobile phone, we have the opportunity to let these idiots know how good we are."

Although Ning Bing was very unconvinced, she knew that Li Tian was right, so she had to put away her Thousand Chance Umbrella and stood aside without speaking.

But in the eyes of both Tang Yan, the nature is completely different.

Chapter 5640: laughing stock

"Who I thought it was? Isn't this the same Li Tian, the tortoise that shrank his head before? All of you in New Moon City were beaten by us. You actually stood on the side and said that the situation is compelling you, and you can't do anything. Yes, isn't it you guy?" Tang Yan and Xu Zhou still smile contemptuously at this time. They obviously didn't take Li Tiangi in front of them to heart at all, and they spoke quite arrogantly.

The two of them knew very well that the current Li Tian didn't dare to do anything casually.

For the sake of the overall situation, this guy will definitely not show his true level before the game. At this time, he is like a paper tiger. Although he has a good reputation in the gods, he dare not fight them at all when it is really critical.

Since it is an opponent who dare not do it with oneself, of course there is nothing to fear and respect.

Li Tian also knows that these two people are now daring. They don't worry that Li Tian will do anything. That's why they stand here so ostentatiously, and Li Tian also knows that there is no point in holding two people. The way, if you start here, you will directly expose your current strength, I don't know how many people are eager to see what Li Tian's current level is like.

"I am not in the mood to tease you two here today. If you don't want to die, you will disappear from me." Li Tian snorted, looking at Tang Yan and Xu Zhou, threateningly said.

"Who are you scaring? Now in Tianqi City, who doesn't know that you Li Tian is a fearful guy, his own people have been bullied in front of you, and now they are still pretending to be garlic in front of us, you really think we are Are two people afraid?" Tang Yan and Xu Zhou sneered, their faces full of confidence.

Ningbing stood a step forward: "The strength of the two of you, even if Li Tian can't go all out today, but it is more than enough for the two of us to join forces to deal with the two of you. I think the most worrying thing at this time should be You two, not the two of us."

Ningbing knew that Li Tian would definitely not do anything here.

But if you do it yourself, you only need a little help from Li Tian, and you can easily defeat the two people in front of you.

Although the strength of the people sent by the Southern Wilderness this time is good, there are only a few top people in the end, but New Moon City now has two top powerhouses. Although Ningbing is still in the realm of **** cultivation, in fact, But it was just because the Yundu Grass in

her hand hadn't been taken yet. If Yundu Grass was eaten, her own strength might have undergone a 180-degree turn.

She has now reached the peak state of the **** cultivation realm, not to mention the state after eating Yundu Grass.

So now Ningbing is really not worried at all. It's a big deal that I ate Yundugrass. When the game comes, the strength is very different from now. Even if they prepared in advance, they still have no way to guard against this. Change it.

"Come on, try it out." Tang Yan sneered.

"Forget it, they are such silly things, even if they are cleaned up today, it doesn't make any sense. If they don't let them know that it hurts, they don't know that they have to converge a bit." Li Tian looked at the two people in front of him, I think this approach is really boring. The two people are not very strong, but if they are really dealt with, it is also very troublesome.

Li Tian didn't want to waste this time here. At his current level, it really didn't take much time to deal with these two people.

But fighting against such an idiot is too cheap.

"Haha, I knew you would definitely say that, and I knew you would definitely not dare to do anything to us." Seeing Li Tian in front of him said something like this, Tang Yan sneered immediately and said disdainfully: "There is really nothing wrong with those people's rumors. What's so awesome about you, a trash guy, if it wasn't for Qiang Wudi to give the second hall master face, now it's your two's turn to pretend to be B here? "

"Then what should I do now according to your two thoughts?"

"Honestly apologize to us, and then let Miss Ningbing accompany us to have a meal, so that the famous Miss Ningbing can accompany us to dinner. If someone else knows it, it is also quite proud of this. For you, it shouldn't be considered a difficult goal to accomplish." Xu Zhou was about to flow out of the halazi on the side. This guy looked at the Ningbing beside him as if he was about to die.

Li Tian frowned and looked at these two people, now it was a little difficult to step down.

If he left like this, he would definitely make others laugh later, but if he didn't leave, he had to do it. He didn't want to fight these two idiots, but he didn't want Ning Bing to be insulted like this.

In this world, he can be insulted by anyone, but Ningbing must not be allowed to be insulted.

Moreover, he was still insulted in front of his own face, which was even more intolerable by Li Tian.

His hand slowly clenched into a fist, and his aura slowly enveloped the entire shop, and it seemed that he might explode at any time.

But just when he was about to do it, suddenly another person came in.

This person is not someone else. It happened to be Chu Jiangnan who had a relationship with Li Tian before, but he hadn't spoken yet. Originally, Li Tian thought this guy didn't want to take care of himself, but seeing him here now, he should recognize him. Come by yourself.

"What are you doing here, and you want to join forces with them to deal with me?" When he said this, Li Tian's hostility was already very manic. The bosses of several nearby shops all felt this crazy Hostile spirit, looking at this side curiously, a little unexpectedly, who is the source of such terrible hostility, it is the current situation in the God Realm, and there are few people who have such hostility.

When they saw Li Tian, they were relieved. The terrifying power that this young man had exerted in the battle before has still been discussed by many people.

"The people of Nanhuang seem to be really brave. If they are openly provoking in such a place, you don't worry at all. One day disaster will fall on your heads, leaving you dead without a place to bury?" He saw Tang Yan and Xu Zhou in front of them didn't answer Li Tian's question, and it was more like someone who came specifically to find these two people in front of them, even with a touch of disdain in their tone.

Tang Yan and Xu Zhou froze for a moment, then turned to look at Chu Jiangnan in front of them.
