

A Killer 5661

Chapter 5661: Preparation

Backstage:

Qiang Wudi squinted his eyes and looked at Tang Yan who was standing in front of him. His injury seemed to be serious. He said, "You have done a good job. You played well in this game. You can be regarded as giving us a chance. I got some information about Li Tian."

"Captain, this guy really can't be underestimated, his strength is far more terrifying than many of us imagined."

"For Li Tian, I have never thought of underestimating anything. This person makes me feel more intuitive than all of you. I also know that this is a very dangerous opponent, even if it is a mouthpiece. Shang didn't want to admit it, but he knew this very well in his heart." Qiang Wudi moved his body, and the next battle was between him and Feng Tianling. It seemed that he was about to prepare for the next game.

When he was in the courtyard of New Moon City before, although he directly defeated Feng Tianling.

But at this time, he didn't think he could still defeat Feng Tianling's opponent easily as before.

The strong man's sense of smell is always inexplicably sensitive, and the Qiang Wudi in front of him is naturally like this. Although I have not been able to investigate exactly what happened to Feng Tianling's body, it is certain that this person appeared in this time. After facing him, it was as if they were different from each other, completely indistinguishable, what he has become now.

Therefore, Qiang Wudi is still very seriously preparing for the next game.

"Captain, in our team, it seems that only you can hold on to the end. You have to defeat everyone, call them these guys, and know that our Nanhuang people are good."

"Well, after your battle, although it is not a serious injury, it is more or less considered to be injured. You should not continue to worry about these things, and honestly adjust your physical condition to let yourself slowly get better. As for other things, I know exactly what I should do." After hearing Tang Yan's reminder, Qiang Wudi said impatiently, "Although Feng Tianling gave me the feeling this time it's not the same, but I still have full confidence in defeating this guy."

On the other side, Feng Tianling and Ning Bing were also in the background.

It's just that the two people didn't communicate much, perhaps because of Li Tian, now Ningbing's attitude towards Feng Tianling in front of him is even more indifferent than before, and he can't wait to become a stranger directly.

But at this time, he still looked at Feng Tianling curiously.

Even Qiang Wudi was preparing very seriously at this moment, but the guy in front of him was still standing in the corner, and he couldn't see what his expression was, and no one knew what he was thinking about. .

"I know you are worried about what will happen if I lose this game." Feng Tianling suddenly opened his mouth, as if he heard Ning Bing's heartfelt voice, so he replied very seriously: " But I

have never had such self-confidence. I have never had such a strong self-confidence, thinking that I can defeat anyone. Now even if Li Tian is standing in front of me, I am still fearless."

"This is not a good thing, maybe you have lost your sanity."

"I'm very calm, and I will deal with everything that happens around me with a serious and calm attitude. The same is true this time, so you can rest assured that I will not lose to Qiang Wudi. I have to change all the insults on me now. Just like Li Tian did just now, I also want to let Qiang Wudi know what it is like to be insulted."

Although Feng Tianling said swearly, his tone was extraordinarily firm.

But Ning Bing still didn't choose to believe it. After all, it seemed too difficult. When Feng Tianling and Qiang Wudi fought, the result was already very obvious.

There is no way to make up the gap between the realms.

These two people can be said to have a difference of tens of thousands of miles in strength, so after only a few encounters, he was directly trampled by Qiang Wudi.

Now it has only been a few days, and only Li Tian, a particularly terrifying BT, can grow up perfectly in such a short period of time, but Ning Bing won't believe it, Feng Tianling can also. Complete his transformation in such a short period of time, making himself a more terrifying powerhouse.

For her, it was the same as asking a sow to go up a tree.

Only by relying on the spirit pill medicinal herbs can Feng Tianling advance step by step, and finally climbed to this point. Could there be any extraordinarily different means to make himself in such a short period of a few days, the whole People's strength directly advances by leaps and bounds, big enough to challenge Qiang Wudi?

Of course, this is not impossible.

It's just that this possibility is really too small, and it happened to Feng Tianling. Such a thing is even more difficult to see.

Just as the two of them were preparing here, Li Tian swaggered over: "It seems that you don't feel a little nervous. Could it be that what they did before did not leave a shadow in your heart?"

"This time we came to Bin Bin to cooperate and make our Crescent City the ultimate winner. Now we are still teammates of a team. I don't want to argue with you." Originally, Li Tian wanted very much. I wanted to let the guy in front of me be despised by myself, and then let him stay away from Ningbing, but now he was a little surprised.

It seemed that the city that Feng Tianling had lost before had already returned.

Communicating with this guy is obviously much more difficult than before, and now Feng Tianling is really observing subtleties. Before Li Tian could see many things, he noticed a little bit of clues.

This is completely different from his state after leaving New Moon City.

It's hard to think of what happened to this guy.

"Such words coming out of your mouth really make me feel speechless. You must know that you were the one who likes to provoke such incidents before, but now you are completely different. ,

The joy of this kind of thing is also weakened a lot, I really want to know what kind of changes happened to you to make things like this?" Li Tian looked at him with a sincere voice. Asked.

"This seems to have nothing to do with you."

"As you said, we are now a team, and I am a member of this team."

Chapter 5662: privacy

Feng Tianling was silent for a long time, as if he was a little stupid when asked by Li Tian's words, and for a while, he didn't know what he should say.

After a long time, he responded: "You do have a certain right to know, but it's a pity that you don't have any qualifications to know so much about this matter. After all, this is my own personal business. Should I tell you about this kind of thing? you?"

Feng Tianling's attitude was very firm, even if Li Tian was really curious, it didn't make any sense.

He is unwilling to tell you. Even if you have doubts, you can only choose that nothing has happened at this time. People are unwilling to tell you, what else can you say?

"It seems that it is impossible for me to know what happened to you in the past few days. There were still many people who were curious about what happened during this time, but this is fine, you don't want to. Don't say it, I hope you can win in this competition, after all, it represents our New Moon City." Li Tian smiled, as if it didn't take it seriously.

"You don't need to say that I will do the same. I will return everything he insulted on me before, and I will let him know what the consequences will be if he offends someone like me. "Yes." Feng Tianling gritted his teeth and said, only then can I really feel the anger of this guy, and it is indeed because of what Qiang Wudi did before.

But any normal person will have this mentality at this time. Who can bear to be insulted by others?

Besides, Feng Tianling is a proud son of heaven. I don't know how many people regard him as an object of worship before. Now if these things in Tianqi City spread to New Moon City, it will make him face the son of Lord Sovereign. Where? How can Fengjie keep his face? For his own future, it is also a mess, so this time, he must let others see his changes.

The powerful master of New Moon City is not just Li Tian alone, but also Feng Tianling.

"The second game is about to start. Contestants, please hurry up and prepare for the arena." At this time, a guard in charge of speaking said aloud.

Li Tian and Ning Bing retreated behind.

"I'll take you to the exit of the arena. It's more intuitive over there, and you can feel the aura of these two people." Li Tian was very curious about the changes in Feng Tianling these days, and told him intuitively. , The change of this person is probably something that I dare not imagine, and it is impossible for even Li Tian to make a difference between two people in such a few days.

"Isn't it great here?"

"You can follow me. After you have witnessed the battle with your own eyes, you will definitely not regret following me to see it." Li Tian was helpless when he saw that Ningbing seemed to be unwilling. He smiled, thinking that this could be the best opportunity to spy on the secrets of the

guy in front of him. I want to know what changes Feng Tianling has made during this time. This is definitely the best opportunity.

While talking, the two left the backstage.

On the other side, Feng Tianling and Qiang Wudi were ready to enter the arena.

Li Tian and Ningbing soon arrived at the exit of the arena.

Chai Lei and Bai Xiaosheng are still here.

Ning Bing was a little embarrassed and a little cautious when seeing these two people. In addition, even though his personality was a little cold, he just said indifferently: "The second hall master, the third hall master."

"Don't be so polite now. You can see that Li Tian is very caring about you. No matter what, you are always the first place. I don't treat you as an outsider anymore. Don't be particularly restrained." Chai Lei said with a smile, and then squinted at the two people who walked in the arena slowly: "But I can feel it, this time the game seems to be very exciting. "

"This kid has changed a lot in the past few days. Compared with the previous days, his aura is completely different. He looks like two people. This is exactly the same as his state after leaving New Moon City. It is also difficult for me. Guess what happened to him." Bai Xiaosheng touched his chin and looked at the two people in the arena from a distance. At this time, the two people were already at a dagger, and the aura in his body slowly spread. Came out.

If the previous Feng Tianling was still a dormant lion, then he is already a wild beast with teeth and claws.

Seeing that his aura is so fierce, it seems that he cannot completely swallow the person in front of him.

As for Qiang Wudi, although the aura was released at this time, it was not as strong as Feng Tianling in front of him. This guy hid his mentality very well at this time, and it looked like nothing happened. Everything It feels very calm.

"Looking at what you are like now, it seems that you want to strip me alive. Could it be that the things that happened to you before made you feel uncomfortable?"

"If I don't care about this kind of thing, I can't be regarded as me now." Feng Tianling said hoarsely, his aura slowly released and became more violent, and his clothes were bulging at this time. I got up: "Did you say before that an opponent like me is not worth mentioning in front of you? Now I want to see if you can really deal with me so easily."

Qiang Wudi's brows frowned, and he muttered secretly in his heart: 'It has only been a few days, why the pressure on me by this guy in front of me can be so huge, like facing a very powerful Opponent, is Feng Tianling hiding his strength before? It's also unlikely. In that case, there shouldn't be any need to hide your strength, right? '

"Unscientific, what happened to this kid in the past few days? How did his strength become like this all of a sudden?" Even Bai Xiaosheng became a little surprised at this time, because now Fengtian The feeling that Ling gave him was really quite different. Compared with before, they were two

people. No matter where they looked, they couldn't recognize him. This was the Feng Tianling from before.

This young man's changes were even more terrifying than Li Tian's changes during this time, and he couldn't tell that this was the guy they knew before.

Li Tian thinks like this now.

Feng Tianling's changes were too great.

Chapter 5663: Identify three days

In just a few days, the current Feng Tianling is really, and he should be admired for three days.

In the past, no one had thought about it. Before, it seemed to them to be just a very simple character, and it would grow to the present level in just a few days.

For them, Feng Tianling had really changed so much now that they couldn't believe it.

At this time, above the arena, the dust on the ground began to slowly be rolled up, forming one after another tornadoes. These tornadoes slowly surrounded the surrounding environment of the two people. With them as the center, very Rotating regularly.

But at this time, Feng Tianling's hair began to flutter with the wind, and the mask on his face was also breaking down little by little at this time. It seemed that some energy was being released from the cheeks under the mask little by little.

As the mask shattered bit by bit, Feng Tianling's true face of Mount Lu appeared in front of everyone.

If the previous Feng Tianling was a bit handsome, then Feng Tianling now looks like a sick rice seedling. His face is pale and his eyes are black. It looks like he hasn't slept for many days. What I didn't understand was that the pupils of this guy exuded a strange blood color, and the red blood light was still shining continuously.

Just like a neon light, it looks strange.

Feng Tianling, who was standing here at this time, smiled grimly, and said, "This is how I am now. You must find it very strange, why did I become like this."

"I heard that a long time ago, Feng Jie seems to have this strange spell in his hands, which can change a person into another state, but the price to pay is quite huge. It seems that in order to make you a strong man He gave a lot of things, and you gave a lot of things." Qiang Wudi snorted coldly, squinting at Feng Tianling in front of him, knowing something in his heart.

Feng Tianling at this time was indeed Feng Tianling, but his body had already been changed with an evil spell, and now he was completely different from the normal immortal appearance before.

Looking at the guy in front of him at this time, no matter how arrogant Qiang Wudi is, he must deal with it seriously at this time.

Since Feng Tianling can make up his mind on this matter, even at the mercy of turning himself into such a ghost, it can only show that these contributions are very effective for him.

What he has always hoped is that his position will not be replaced by Li Tian.

Now it seems that he is really much better than Li Tian looks like this.

"How come it has become like this? It looks like an evil spirit that has just crawled out of the cemetery. How can it still look like a human?" Ningbing looked at Feng Tianling in the arena, and the aura was indeed Horror, but the changes in his people should be the point that made these people the most terrifying. No one dared to think that the Feng Tianling they saw before had become like this in this short period of time.

"People should be able to pay a lot for strength. Feng Tianling has paid a lot of heavy price in order to get everything he wanted before. We can't say whether this is right or wrong. It's just a pity that he Take a not very good road," Li Tian frowned, even though he had a lot of things about this person before.

But in the final analysis, they are all young people, and the conflict is far less intense.

But it was just a verbal contradiction, and of course I didn't want anyone to die like this.

Even if the Feng Family had been targeting Li Tian, Li Tian had never thought of really letting the Feng Family fall like this, nor had he thought of letting Feng Tianling or Feng Tianxiang die like this.

He knew very well that the contradiction between himself and Feng Tianling and Feng Tianxiang and others were nothing more than small things.

These things will not be regarded as the same thing after they slowly matured.

But now it's really a pity to see Feng Tianling look like this. A young man who was so young before has made himself look like this for an indifferent power.

He looked like a vampire on earth, he was like this, even if he was very powerful, he proved himself.

But will there be support from so many people before?

Not necessarily.

But things have developed to this point. Obviously Feng Tianling has no way to change this situation. He slowly summoned a red fairy sword in his hand. This fairy sword and the color of the fairy sword in his hand before The stylist is completely different, even this fairy sword looks quite weird, just like a poisonous snake, the blade is twisted, not straight.

And on the surface of this fairy sword, the red energy was flowing like weird blood.

After the sword came out, the arena was even more fierce, and it looked like a demon descended.

"Unexpectedly, your father was so crazy that he transformed you into this way, which really changed your previous talent problems, but can you really be proud of yourself in the way you are now?"

"If you don't even want to pay this price, what qualifications do you have to move towards the highest state of the heavenly path?" Feng Tianling said lightly, there was no regret in his tone, obviously he was already doing a good job. After preparing for it, I just want to walk down the road like this, as for what I will lose for this, it has no meaning to him.

He had previously regarded himself as the Young City Lord of New Moon City, so he was unwilling to lag behind others in many things.

But now it's different.

He simply regarded himself as a cultivator, and simply wanted to make himself stronger, but for him, there was no problem with what he needed to pay in this process.

Except for his own life, there are too many things he can abandon now.

This is a kind of change in mentality. No one knows whether this kind of change is good or bad, but for the moment, this kind of change has indeed given Feng Tianling a powerful force. Compared with before, he The current strength can even compete with Li Tian, but if you want to surpass Li Tian, it is obviously still a little bit difficult. ,

After all, this guy's current room for improvement is still huge.

Chapter 5664: Demon Rod Method

Li Tian was alone, alone in the Shuiyuezhong's Dongtianfudi, and he could see through the 36 celestial steles.

And in just a few days.

Although seeing through these celestial steles did not change Li Tian's strength in an instant, this knowledge has been stored in Li Tian's mind, and one day it will be inspired.

Once released under certain circumstances, what kind of impact it will bring is no one can say clearly.

But now there is no doubt that this knowledge is certainly not harmful, and it will definitely make Li Tian stronger.

So Feng Tianling should have fundamentally changed his physique this time, and his talent has also been improved, but in essence, he still got far fewer adventures than Li Tian, and there is no Li Tian. For Tian's early cultivation and forging of the gods, there is definitely no way to surpass Li Tian, currently it is only stronger than before, and within a few days he has cultivated to the realm of gods.

In Li Tian's opinion, there may be nothing, but in the eyes of other audiences in the arena, this is different.

Many people thought that there was no suspense in this battle. Before, in the courtyard of the team on the New Moon City, Qiang Wudi personally abused Feng Tianling, and the attacker Feng Tianling did not fight back. The strength and combat effectiveness are terrible. It can be seen that the gap between the two cannot be clearly stated in a word. Many people also believe that in this competition, Feng Tianling has no chance of winning.

Who knows, at this critical time, things have undergone such a change. Feng Tianling's strength has changed from the realm of **** cultivation to the realm of **** spirit in just a few days.

This makes the battle very interesting.

The battle between the two gods was probably the first fierce battle at the Ten Cities Conference this time.

When Feng Tianling held the fairy sword in his hand, he was already full of confidence:

"Everything you did to me before, now I will return it to you without any errors. I will make you regret it. I do those things."

"I think this kind of thing, if you are really angry, you should also go to Li Tian and the others for trouble, instead of coming here to find me trouble, after all, it has nothing to do with me." Qiang Wudi shrugged. He shrugged his shoulders, squinted his eyes, and said, "I just tried to force Li Tian to make a move before. Who can think of that guy, from beginning to end, he didn't mean to make a move."

"This is not important to me. What is your purpose does not make any sense to me. What is important is that you have done this to me. In return, of course I will also use this method to let you pay the price, if you feel helpless, just feel helpless, but today's battle, I will not let you off easily, I will make you regret knowing my name." Feng Tianling. As he said, the fairy sword in his hand was swung, and the tornado's momentum became more violent in an instant, followed by the release of blood-red sword aura.

"Yes, there are very few young guys with such strength. Although we don't know whether Feng Tianling's decision is right or wrong, the sword energy of this kid has really reached a very terrible way. To the point, if you are not careful, you may really be hurt by the sword aura." Bai Xiaosheng touched his chin and looked at the sword aura with approval.

These sword auras seem to be ordinary, but if you really treat these sword auras as simple sword auras, then you are really looking for a dead end.

Now the battle is completely different from the previous battle in the courtyard.

When he was in the small courtyard, Feng Tianling was just a young immortal in the realm of **** cultivation, while Qiang Wudi was an immortal in the realm of gods. The gap between these two people was like a chasm. Overcoming, unless you have a very powerful spell in your hand, and it can be released in a short time, otherwise you want to rely on the **** cultivation realm to defeat an opponent in the **** realm, it is indeed a daydream.

But now it's different, these two people are now the strength of the gods realm.

Especially Feng Tianling, the changes in the past few days can be described as earth-shaking, the whole person doesn't know what it has become, but even Bai Xiaosheng can't help but sigh the power of this sword aura.

This kind of sword qi completely abandons other attributes and is specifically used for destruction.

The speed of sword aura is very slow, but it is not so slow that it can easily dodge the past. The most troublesome thing is the immortal power in this sword aura, just like a battle of extreme compression, when you at the moment of touching these celestial powers, the originally extremely compressed celestial powers will instantly release themselves, thereby generating huge destructive power. ,

Even Qiang Wudi, who is at the same level as Feng Tianling, dare not easily compete, right?

"Very good idea, abandoning defense and speed, and completely pursuing everything I have on the destruction of power. This may be a bit paranoid, but it is also a good way." Chai Lei also nodded and commented. Said.

At this time, Qiang Wudi's hair was already frantically fluttering.

He held my iron rod tightly in his hand, and then his eyes widened, and there was a golden light in his hand. Then, the iron rod in his hand turned golden at this time.

Just like the rising sun in the same round, the light became more and more dazzling, even covering the blood red sword energy on the opposite side.

At this time, Chai Lei and Bai Xiaosheng almost said at the same time: "Fuck the magic stick method?"

Both of them were very surprised. Obviously, they didn't expect to see this long-lost magic wand technique in the body of the Southern Wilderness. This is really the tip of the needle against the Maimang. This battle will also be It became extremely exciting.

As for Li Tian, he also heard it at this time. When he knew that Qiang Wudi's trick was the magic wand, he was not surprised.

It is said that this set of magic wand method seems to have disappeared in the gods for tens of millions of years. Now it is born again, what does it mean?

Could it be that not long after that, the entire God Realm will be followed by a huge shock, and everyone will be unable to avoid this terrible disaster?

Chapter 5665: Long-lost tricks

Not all of the people present are the strong among the strong, but there are many of them who know a lot of history clearly.

The stick technique that Qiang Wudi showed at this time also had a lot of impact on the people present.

Many people have never seen this set of magic wands that have disappeared for so long in history. Some people even suspect that this kind of trick has completely disappeared. After all, so long has passed. No descendants appeared, anyone would suspect that this trick disappeared.

But now there was such a heir who used the magic stick method in front of them.

Of course it will surprise many people.

"I really didn't expect this guy to be so powerful, but the opponent he faced was also very powerful, and he could even use tricks like the devil's stick method." Ning Bing squinted his eyes and looked at the two people in the arena. The expression on Shi's face was also very helpless, and he never thought that Qiang Wudi would still use this method.

The magic stick method itself is a trick that is difficult to find. I have never seen anyone use it for so many years. Today is the first time.

"This time the battle may be really interesting. The strength of these two people is not simple. This may be the first fierce battle at the Ten Cities Conference this time." Li Tian said on his face at this time. Their expressions also began to become serious, and the battle between the two men in front of them was much more intense than they thought.

At this time, the sword aura completely surrounded Qiang Wudi in front of him, and with the dense surrounding tornadoes, it looked as terrifying as the destruction of the world.

However, seeing the current expression on Qiang Wudi's face was as serious as everything that happened before him had nothing to do with him.

The iron rod in his hand burst into light at this time, then lifted it high and slammed it to the ground. 'boom'

This iron rod was like falling on the ground with a ten thousand zhang cliff, and it made a huge sound in an instant. The next second, their ears also began to think of this sound, followed by a wave of vibrations. a feeling of.

Li Tian glanced at Feng Tianling, this guy's expression is still very cold.

I don't know if it's because of the change in his physique. He rarely has any emotional fluctuations anymore. He always has such an expression, even when facing such an opponent. Nothing has changed, as if nothing happened.

On the other side, Qiang Wudi had already begun to counterattack.

As the iron rod fell on the ground for an instant, the blazing light was released at this moment, just like a sun, the light turned into lightsabers, looking majestic, and then rushing wildly. Qiang Wudi in front of him, the sword aura and tornado in front of him, were also slowly being swallowed in the process.

There was no violent sound when the two played against each other, they were always quiet.

But the intensity of the battle is not something everyone can imagine.

Whether it was Qiang Wudi or Feng Tianling, the expressions on their faces at this moment were all serious, focusing their entire attention, and madly releasing all their strength.

Feng Tianling's sword aura grew more and more, but he still couldn't stop Qiang Wudi's tricks.

The impact of the battle is getting bigger and bigger, and the ground around them also started to crack a little, just like the ground after the earthquake.

Li Tian squinted his eyes, glanced at Ning Bing beside him, and said, "How sure would you be if you faced these two people?"

"There is almost no certainty, these two people are far more terrifying than we thought. Such fierce battles may not be able to achieve this among the players in the entire Ten City Conference." Ning Bing looked at the two people in the arena and said very seriously.

She is still in the realm of spiritual cultivation, and her strength is far from as powerful as she imagined.

And the two people in front of them are now in the realm of gods, and they can be regarded as a strong man leading the entire young man. Of course, such a strong man can't be defeated by others casually.

"It is true that the feelings of these two people gave me some surprises. I thought that their strength was nothing more than that, but now it seems that there is a gap between what I imagined." Li Tian was helpless. Shrugged his shoulders, there was really nothing left at this time.

He thought he had easily defeated the guy in front of him before, but now it seems that it is not that easy.

No matter which of the two people in front of him wins at this time, it is more or less difficult for Li Tian. If you are facing such an opponent, it is not that simple to deal with them.

There is nothing wrong with Li Tian in the realm of gods, but he has not yet reached the kind of strength that can completely ignore his opponent.

"Even if you don't have much confidence, it's normal. The strength and changes shown by these two people at this time are very surprising, especially Qiang Wudi actually still used this set of rumored magic wands. It was also something we had never thought of before." Bai Xiaosheng, who was very silent, said helplessly at this time: "But now it seems that the result of this game should be distinguishable."

Although Li Tian didn't say anything, he knew a little at this time.

After all, Feng Tianling is now embarking on an evil path. Although I don't know how this has changed, the process is definitely not as simple as they thought.

The Qiang Wudi in front of him can be said to be Feng Tianling in front of natural restraint.

Although Feng Tianling has grown rapidly in the past few days, it gives people a feeling of being admired for three days, but it is a pity that Qiang Wudi has a lost trick like the magic stick method in his hands. With such a trick, Feng Tianling would be very embarrassed.

Although he has changed now, he is still under the suppression of Qiang Wudi in front of him, making himself very embarrassed.

Wanting to perfectly defeat Qiang Wudi in front of him, the price to be paid is still too much, so that he starts to become nervous at this time.

Li Tian frowned, did not continue to say anything, but looked at it seriously.

Chapter 5666: Victory or defeat

The battle became more and more intense, so that the energy released during the battle between the two of them began to destroy the surrounding environment.

Li Tian squinted his eyes, and silently touched the storage ring on his hand with one hand.

At this time, he could feel that something in his blood seemed to be resurrecting, just like a very ancient thought, at this time he was awakening.

Seeing the fierce battle between these two men, Li Tian also wanted to participate.

"Although I really want Feng Tianling to win, it seems that the result is obvious now. The Qiang Wudi who knows how to defeat the magic stick is not as difficult as we imagined to defeat the current Feng Tianling. If all this can fail, then it would be a big surprise." Li Tian smiled helplessly, then shook his head, ready to leave like this.

Bai Xiaosheng also stood on the side and nodded: "It is indeed like this. Now Qiang Wudi has the upper hand. It won't be long before the results of this game will be announced."

Bai Xiaosheng's tone was serious, looking at Qiang Wudi and Feng Tianling in front of him, squinting his eyes: "However, there may be some accidents."

"What can be the surprise? This battle has reached the point it is now, and basically there will be no problems." Li Tian smiled. The two men are fighting fiercely now, but it can also be seen. Feng Tianling has now begun to slowly be weakened.

Although his current strength is very good, Feng Tianling is after all a kind of evil technique that he cultivates. It is unlucky. He met his current opponent in the first battle.

Moreover, this opponent could even surrender the magic wand.

This kind of trick itself was specifically designed to deal with this evil opponent, so the Qiang Wudi now has no pressure at all, and suppressing Feng Tianling in front of him is nothing at all.

But for Feng Tianling, it was not so easy to resist Qiang Wudi in front of him.

However, in just ten minutes, the clothes on this guy's body are already in tatters, and even many parts of the body can be seen, and bone scars are deeply visible.

These scars are clearly visible, and blood continues to flow out.

The immortal power in his body is also running crazily at this time, trying to relieve his physical injury, but before his body fully recovers, Qiang Wudi will attack again, instantly letting Feng Tianling in front of him. Ling fell into the dark abyss once again.

In the constant battle between these two people, Feng Tianling's injuries became more and more serious.

'Damn it, I didn't expect that I would meet such an opponent. If it is another opponent who can't use the magic stick, I can definitely defeat it now. At this time, Feng Tianling was also very helpless at this time. Seeing the Qiang Wudi who kept suppressing him in front of him, he was really angry.

This time, he had promised to do so.

After all, I have already paid such a heavy price in this regard, and I am about to make myself lose everything.

If this can't change his current situation, it is really helpless.

But by the way, his luck is so helpless.

Facing the Qiang Wudi in front of him, he could feel this kind of helpless pressure, no matter how strong he was, it was impossible for him to win successfully under the pressure of this attribute.

He wanted to work hard, but it was a pity that no matter how hard he tried in this situation, it would be much more difficult than before.

"Give up, look at how you are now. Although your changes have surprised many people, it is a pity that I am your natural nemesis. You are definitely not my opponent." Qiang Wudi squinted his eyes and looked at Feng Tianling, who was already poor in front of him, said triumphantly: "Since you already know that you are about to fail, why bother to keep going like this?"

"How do you know that I am about to fail now? How do you know that you are about to win now?" Feng Tianling was panting at this time, and he could feel that the energy in his body was losing bit

by bit. After fighting for such a period of time, he could helplessly say that it was really difficult for him to hold on now.

It's really a little way. The suppression of this attribute really doesn't have the slightest resistance.

No matter how talented, no matter how good the thinking, no matter how good the means, it is still difficult to resist.

Although Feng Tianling knew that he had no way to resist now, he was unwilling to admit his defeat just like that. He had to admit his defeat before the battle started. Who would accept this kind of thing?

He grabbed the red fairy sword in his hand, stared at him, then slowly straightened his body, and snorted: "I will use my last drop of blood to make you fail."

"Really, I'm really looking forward to it. I think you seem to have used all your tricks now, but there is still no way to deal with me. What else can you do?" Qiang Wudi gave a face Looking at Feng Tianling in front of him triumphantly, he snorted disdainfully.

At the moment when the two people were talking, Qiang Wudi grabbed the iron rod in his hand and cast the magic stick method. A Buddha's shadow appeared behind him.

This Buddha looks ten thousand feet tall, and his body is full of golden light.

In the next second, the iron rod also fell down.

Like a mighty force, it was stacked in front of Feng Tianling in an instant.

Feng Tianling saw that the guy in front of him was really disagreeable and started his hand. Although he was very nervous, he could only bite the bullet at this moment. The fairy sword in his hand let out a soft moan, and a faint voice appeared behind him. The black shadow, and then just rise to the challenge.

Immediately afterwards, the clouds above them turned into black clouds.

Wind and rain were blowing, lightning and thundering.

What followed was a crazy explosion.

And, the constantly shaking ground, as if the world was about to be destroyed at this moment, many viewers couldn't help standing up and want to leave.

But thinking that there is still such a powerful enchantment in front of me, is there anything else I need to be afraid of?

Therefore, everyone looked at Feng Tianling and Qiang Wudi seriously. What many people want to know at this time is, which of them will be the ultimate winner?

Chapter 5667: Lost

Li Tian sighed and was about to turn around and leave.

"You are going to leave now, don't you want to see these people behind?" Bai Xiaosheng asked with a smile.

"Is there anything else I need to keep watching? If you still don't see who is the final winner at this time, then I won't stand here anymore." Li Tian smiled helplessly, although the two of them are now. The battle is not over yet, but they have entered a white-hot state.

The outcome of the battle can be distinguished in a short period of time.

In any case, the gap between the two people is still too great.

Feng Tianling's changes during this period are indeed great, but it doesn't make any sense when facing Qiang Wudi.

Moreover, the moment they met at this time was actually doomed. The Buddha behind Qiang Wudi looked lifelike, and the radiant light behind him was also very dazzling.

Look at Feng Tianling again, although there is also a black shadow behind him.

It's a pity that this shadow still looks a lot dim, and compared with Qiang Wudi, it is too much.

At this time, it can be seen that there is really a slight gap between the strength of the two people. The result of this kind of battle, that is, appeared in minutes.

This situation can be easily seen that Feng Tianling still hasn't completely mastered the power in his body.

Therefore, in the face of Qiang Wudi who is very powerful in his power and control of tricks, he has no way at all.

Chai Lei nodded and said: "It is indeed like this. Feng Tianling's change this time has surprised many people, but now this situation is also in our expectation. After all, it was only in the past few days that he let himself become such a powerful person, did not control the strength in his body at all. This is also a matter of circumstances.

The moment Li Tian turned and left, the situation on the court was over.

Feng Tianling did not disappoint them. This time the match was already won and lost, and now Feng Tianling really failed.

Li Tian smiled faintly, and glanced at Ningbing: "It seems like it is impossible to see a fierce battle today."

In the first game, although they were all strong players, in Li Tian's eyes, only the battle between these two god-level strong players could be considered truly strong.

"The next step is for me to appear on the stage." Ning Bing smiled, she didn't feel very nervous at this time, because she didn't worry about losing like this at all. This time the opponent was very simple and easy. Can defeat your opponent.

"I don't need to watch your game either. Your opponent is just an inconspicuous little character. If you can't deal with even such a character, it's really interesting." Li Tian smiled lightly. , Glanced at Ningbing, and said with a faint confidence: "I am in the top 15 match, waiting for you."

"Don't worry, I can't fail so quickly, I will let you know my strength, and I can easily follow you step by step." Ning Bing said confidently.

"Of course there is no problem with being a little confident, but you still have to be serious, but don't just fail like this, otherwise it will be embarrassing." Li Tian smiled faintly, and he was ready

to leave the arena while talking. Since there is no interest in the next battle, it is better to concentrate on cultivation.

At this moment, there was a sneer behind him.

Li Tian stopped, squinted his eyes, turned around, looked at Qiang Wudi who was slowly walking behind him, and sneered: "Why, do you want to talk to me?"

"It's a pity. I thought this guy would surprise us. I didn't expect it to be just like this." Qiang Wudi squinted and looked at Li Tian in front of him: "I am looking forward to it now. You can What surprise do you give me, will it be more difficult to deal with than him?"

"What does this have to do with you?" Li Tian smiled helplessly, and said faintly: "If you feel that this battle did not make you feel excited at this time, then you will soon meet, more Many powerhouses."

"It doesn't matter anymore. I'm waiting for you to stand facing me on the ring, but I don't think it's very likely." Qiang Wudi shook his head and squinted his eyes: "You may be light this time. I easily defeated Tang Yan, but it is not that easy to continue winning like this."

"It has nothing to do with you. If someone can really defeat me in this process, it can only be because I am not strong enough, but if you just think that you are winning like this, it is really a big mistake. It's wrong. If I stand opposite you, I will let you know how heavy my fists are." After Li Tian finished speaking, he didn't mean to continue talking with the guy in front of him.

Obviously, this fellow Qiang Wudi is simply difficult to communicate with. If you continue to talk with the guy in front of him, no one knows what will happen next.

Chai Lei glanced at Li Tian and said, "Forget it, now that the game is over, don't make any noise."

"Young people, young and energetic, always want to prove themselves among their peers, but in fact, this is not necessary at all. You will soon know that in a place like the God Realm, you will never know. , How many people are stronger than you and more talented?" Bai Xiaosheng saw these two people fighting here, as if they were about to make a noise, he said calmly.

Although they are all outstanding among young people, in a place like God Realm, there are countless strong men and countless geniuses.

Although there are only 30 people in the current Ten Cities Conference.

But who can know how many genius powerhouses are there in places like God Realm?

Maybe it's far more than many people think.

Although Qiang Wudi has won, it does not mean that he can really become the best in this ten-city conference. The powerhouses who can come here are not that simple, nor are the masters in the realm of gods. Little, if you think that you have a chance to win in this way, the final price you will pay is quite serious.

Obviously, Qiang Wudi didn't want to see himself fall into this situation.

As for Li Tian, he has always had a calm personality, and he probably won't reveal his handle.

Chapter 5668: The Dark Forbidden Army

"Stay here for yourself and immerse yourself in your victory. You will soon know that you are just a frog in the forbidden area, but your strength will always be like this, and it will not be much stronger."

Li Tian said something disdainfully, then just turned around and left.

Only Qiang Wudi was left. He watched Li Tian slowly leave and snorted: "It's just like this. At this time, I dare not be an opponent."

"You really underestimate Li Tian. He doesn't dare to compete with you at all. He just doesn't want to be long-winded with guys with IQ problems like you. If you think you have a good chance of winning, you can give it a try. , Which one of you will be the ultimate winner, but I think the ultimate winner will still be Li Tian." Ning Bing heard that Qiang Wudi was still such a nonsense here, and he felt helpless.

Qiang Wudi turned around and glanced at Ningbing: "Your captain of New Moon City has been killed by me. Now I want to know how long you two can go."

"Well, now that you have successfully won, don't waste time here. Take the time to go back to your room and rest. Maybe the opponent you face next time will be more difficult to deal with." Chai Lei was very angry. He said, looking at Qiang Wudi in front of him, he really wanted to slap this guy.

This kid still doesn't know where he is. This is Tianqi City, where he belongs to Chailei.

But every time he was here, Chai Lei didn't feel it at all. This guy's respect for himself seemed to treat himself as an ordinary person.

In normal times, Chai Lei had already been killed.

It's a pity that the guy in front of him is a player, and this time Chai Lei has to give a little bit of face.

But seeing Qiang Wudi being so arrogant in front of him was still very uncomfortable.

In the battle between this guy and Feng Tianling, although he was victorious, it still didn't mean that he could easily defeat his opponent afterwards.

Although Qiang Wudi's state at this time seemed very relaxed.

But in fact, it's not like this at all.

He looks relaxed on the outside, but there are actually a lot of injuries in his body. After all, Feng Tianling has made such progress in the past few days. Even with tricks such as the magic stick method, It's impossible to tell Feng Tianling to do it easily, right?

Therefore, after the two people fought, Qiang Wudi's body also suffered some injuries.

Qiang Wudi still wanted to say something, but seeing the expressions of Ning Bing and Chai Lei, he didn't speak, and left with a cold snort.

The rest is the ice game.

On the other side, Li Tian has already left the arena.

In order to protect him, he was accompanied by a few soldiers from New Moon City. As for Feng Tianling, he suffered a lot of injuries during this battle, so he was taken away by the doctor in the first place. And Situ Shangyan personally took care of it.

Regardless of how much this young man is unwelcome, he is Feng Jie's son after all.

The identity is here, even Situ Shangyan has to treat the young man in front of him as a thing.

Therefore, there are only a few simple soldiers beside Li Tian, who can also deal with some special things that happen, but if you want to attack Li Tian, it is not so easy. These soldiers interact with each other. The cooperation is very tacit.

If they really face the enemy, they can form a formation in just a few seconds.

The strength of this formation is also quite terrifying.

It is not so easy for ordinary people to destroy this formation.

Therefore, it is relatively safe for these soldiers to protect Li Tian's side.

Li Tian took these soldiers, ready to return to his small yard to continue to rest.

But at this time, he found a look that made him very interested.

That is, many soldiers from Tianqi City and Dragon Tiger Hall all passed towards the gate of the city at this time.

"Do you know what's going on? Why are so many people walking toward the door?" Li Tian frowned and asked the two soldiers beside him.

"We don't know, but it seems that something very anxious has happened. A large part of the soldiers in the entire Tianqi City have been mobilized."

"This level of transfer can only be said to be that there is a very powerful master here." Li Tian squinted his eyes and hurriedly followed behind these soldiers and continued to pass in front of him. Since Tianqi City can transfer such a big The troops can only show that the people who came this time are not simple.

He followed these soldiers and soon came to the gate of the city.

And at this time, I also really saw a rumored army.

The Dark Forbidden Army!

This is a group of people wearing black armor, a hideous ghost mask on their faces, a huge sword on their backs, and a long spear in their hands. There is only one pair of eyes that are bare outside.

These Black Demon Forbidden Army, but the upper level of New Moon City, that is, the rumored Emperor of the North Dou, will have troops.

The combat power of these troops is very terrifying. The fighters who can participate in this force are all quite terrifying, and even many people have the strength to fight ten.

At this moment Li Tian was standing here. Although it was across the street, he could still feel the aura of the Black Demon Forbidden Army.

"It is worthy of being a professionally trained soldier. The expression on each soldier's face is almost exactly the same. It seems that the people who came this time are very interesting." Li Tian said excitedly, while looking at the front as if waiting for nothing.

On the other side, a person appeared in Tianqi City.

A man who looks ordinary, but standing here, has a very terrifying aura.

He stood here, just like the same Mount Tai, giving people a completely uncontrollable feeling.

At this moment, he was standing alone among the people of the Black Demon Forbidden Army, but there was no expression, as if it were relaxed, without any tension at all.

When Li Tian saw this man, he had a feeling instinctively.

This person should be a very terrifying existence in Tianqi City. This person is the person in the rumors of Longhutang, that is, the main hall, Fu Disheng!

It is said that the strength of this person has been terrifying to an unimaginable thing.

Even with the strength of the ***** emperor, in front of this person, it is impossible to be so proud.

Chapter 5669: The Big Dipper

Fu Disheng, this is also a figure among the rumors.

This person's strength is considered to be a very top-notch existence. It is said that many ***** emperors have a very cordial relationship with the person in front of him.

This is the character in that rumor.

On the other side of the Black Demon Forbidden Army, a man in a white robe slowly walked down, and Li Tian seemed to have a little impression of this person in his impression. ,

He didn't know where he had seen it, but he knew the person in front of him.

Seeing the white-clothed man in front of him, Fu Disheng stepped forward and said lightly: "Welcome to Tianqi City."

"I don't know how long it has been since I have left. This should be considered my first time in Tianqi City. I have heard before that this is a very interesting city. Now it seems to be like this. "The Big Dipper God Emperor looked at Fu Disheng in front of him with a smile, and said lightly.

"Many people are not very good at evaluating our Tianqi City. This is something I am accustomed to." Fu Disheng smiled, then looked at the Emperor of the Big Dipper: "But this time, you are so early. Coming over, it really surprised me a little bit."

"I have to come here early. This time we have a young man in New Moon City. It's a pity that this young man has caused too much trouble now. I'll come here early so I can avoid something happening here. It's not a good thing, I've heard that, in your Tianqi City before, something very difficult to solve seems to have happened, right?"

"A businessman died, but we didn't catch any clues. I just found out about this." Fu Disheng had never been in Tianqi City before. This lobby master has always been a dragon without seeing the head. , Even Julian Chai Lei and Bai Xiaosheng were not very clear about his trail.

Therefore, although Fu Disheng came back earlier, Chai Lei and Bai Xiaosheng did not know that Fu Disheng came back.

"Well, what happened this time has caused a great impact. Let us watch. This time, many people may have noticed. Of course, I will come to town at this time." The Big Dipper God Emperor smiled, and his eyes suddenly changed. After a moment, it landed directly on Li Tian.

Li Tian's muscles were all tense at this time.

He didn't expect that the eyes of the Emperor of the Big Dipper were so relaxed on his body, as if he could see where he was in the dark.

This look didn't hesitate at all, it just fell down easily.

Then he waved his hand to Li Tian and said lightly: "Come here!"

It was just a very simple sentence, but Li Tian in front of him had no way to resist. Soon, he passed step by step towards the Emperor of Beidou.

On the other side, Fu Disheng also saw Li Tian and smiled: "So this kid is here?"

"Yeah, I didn't expect this kid to be here. Today is the Ten City Conference, why are you here?" The Big Dipper God Emperor looked at Li Tian in front of him with a smile, and asked with a smile, although his tone was very kind, But it gave Li Tian a kind of creepy feeling, as if his whole mental state had become very weird.

"I have defeated my opponent. Seeing the actions of the soldiers in Tianqi City, I thought something had happened. I was curious, so I went over here to take a look." Li Tian looked helplessly at the Big Dipper in front of him. Emperor, lowered his head, said something very timidly.

He is not very scared, but he still needs to be careful now.

He has the Durer crystal in his hand, and the protection of the little witch, there is still no problem.

"I defeated my opponent so soon?" The Big Dipper God Emperor smiled and looked at Li Tian in front of him, and said: "Not bad, it seems that New Moon City will let you come out to participate in the competition this time. , When dealing with one's own opponents, there seems to be no problem."

"The opponent is indeed not very strong, otherwise I wouldn't be able to defeat it so easily." Li Tian smiled and said.

"Well, let's go with us. I happen to have some things that I want to learn about with you." The Emperor Beidou patted Li Tian on the shoulder, then glanced at Fu Disheng: "We will talk about our affairs later. There is no problem, I really want to ask this young man about something."

"Of course, I don't care about this kind of thing." Fu Disheng smiled indifferently. In the God Realm, when facing the **** emperor, there are probably not many people who can have such courage.

On the other side, Li Tian asked nervously, "Is this not so good?"

"What's not so good about this? I just want to get a little news from you. As for what news is, this is not something that can be said now. I hope you can honestly tell me about these things. , Otherwise,

even if you are the hope of New Moon City this time, I won't be very polite." As the Emperor Beidou said, he and Fu Disheng passed towards the city lord mansion.

Several soldiers around Li Tian were all controlled by the Black Demon Forbidden Army at this time.

Even Li Tian stood beside a few black demon forbidden army.

These Black Demon Forbidden Army stood here with serious expressions on their faces, obviously they were specifically threatening Li Tian, even if he wanted to refuse now.

Li Tian felt nervous when he heard that the Emperor of the Big Dipper actually wanted to talk to him.

But in this situation, he really has nothing to do now.

Since then, he can only honestly follow these people in front of him and leave. As for what happens afterwards, there is no problem for him. It has become what he is now, what else can he do? At this time, turning his face with the **** emperor in front of him, this is seeking death.

No matter how confident Li Tian is of his own strength, there is no way at this time.

Ever since, Li Tian followed these Black Demon Forbidden Army and slowly passed towards the City Lord's Mansion.

On the other side of this time, the third game of the Ten City Conference also began. Ningbing's opponent was not very strong, and compared to Ningbing, it was indeed much weaker.

But everyone didn't know that the famous Big Dipper God Emperor came to Tianqi City like this.

And came here calmly.

And also took Li Tian away.

In Tianqi City, there are not many people who know Fu Disheng now, but there are many people who know the Emperor of the Big Dipper. If they know that the Emperor of the Big Dipper is here, they will definitely curb their behavior and dare not scream.

Chapter 5670: commune

The Dark Forbidden Army

Just hearing this name makes people feel that this should be a well-trained and extremely terrifying army, and the combat effectiveness of these people is far beyond ordinary people's imagination.

Li Tian also wanted to refuse the request of the Emperor of the Big Dipper, but now he did not have the slightest courage.

Li Tiansisi was controlled by a few Black Demon Forbidden Army. Even the soldiers of the Crescent City next to him would definitely not dare to stand up and do anything at this time. This is the army of the **** emperor, and the Beidou The **** emperor and the top leaders of Tianqi City are all here, and their small roles at this time are to stand honestly in the team.

Even if Li Tian was taken away reluctantly, they still had to follow along and leave together, as if nothing had happened.

At this time, Fu Disheng, who was walking in the front, carefully glanced at Li Tian behind him from his side of light. Although he was hiding well, the slightest mood swing in his eyes could not escape the eyes of the lobby master: "This young man People look very nervous. It seems that the influence of you, the **** emperor, is not small. This kid is so scared that he obviously doesn't want to leave with you."

"I just want to know something from him, and I didn't think about what to do to this young man." After hearing this, the Emperor Beidou smiled slightly, and turned around to take a look at the person behind him. Li Tian, as expected, the expression on this young man's face now looks very nervous, and between his gestures, he seems to be worried about what will happen.

He smiled, glanced at Li Tian, and did not continue to speak.

"Speaking of it, I really want to know, what are you going to say to this kid? You shouldn't be very interested in what this kid knows. Is there anything else you can ask about a loose fairy?" Fu Disheng had a sly smile on his face, looking at the Emperor Beidou beside him, as if he wanted to find any useful clues from it.

But it is a pity that these two people are both thousand-year-old fried dough sticks, and it is impossible to reveal a little secret easily.

Fu Disheng stared at the Big Dipper God Emperor in front of him for a long time, but he didn't see anything useful.

"There are always things I want to know from this young man, but what are these things, it's hard to tell you." The Emperor Beidou looked at the curious little baby in front of him, and he was just indifferent. Said something.

When I came to the City Lord's Mansion again, I could already see that there were still a lot of Black Demon Forbidden Army here, waiting here early.

And the guards of the City Lord's Mansion are also a bit more than before.

Li Tian was standing here, the expression on his face also became more serious at this time. ,

"Don't be so nervous. I call you over this time just because you know something I don't know much. I think maybe I can know what interests me from your side, and I don't want to hurt you."

"Even if you want to attack me, I can't do anything about it, and in a place like this, who will stop you?" Li Tian said, and then followed behind them and walked in slowly. City Lord's Mansion.

In the end, the Emperor of the Big Dipper is still a powerful figure, and it is definitely impossible to find a place to live outside. This time, it is also in the city lord's mansion. A courtyard was specially arranged for the emperor of the Big Dipper.

The Black Demon Forbidden Army took a few people and quickly came to the gate of the courtyard.

Standing at the door, Fu Disheng glanced at Li Tian, patted him on the shoulder, and said frankly like a senior: "I have also heard a lot about you, the deeds of your young man. It does make many people feel very surprised, even I can't believe that there will be a guy with your level of strength among young people, but now it seems that there are very few young people with your level of strength. "

"You are absurd. I still know what my level is. Although I have achieved small achievements now, I have never thought how great my achievements are now. There are countless strong people in this world, people who are better than me. If you go too much, if you are complacent like this, you can only become an unlucky person." Li Tian looked at Fu Disheng seriously and said.

Although it is certainly good to be praised by a Lord City Lord, he also knows what to say when.

As the lord of Tianqi City, Fu Disheng has been fascinating all these years, but the rumors about this person have never stopped, and there are legends about this person everywhere.

When Fu Disheng heard Li Tian say this, he felt a little more praise.

Not many young people have such ideas.

"Okay, okay, don't continue to talk nonsense with this kid here, this kid will be talked about by you later." Although the Emperor Beidou was very satisfied with Li Tian's attitude, he was afraid of this young man. If Fu Disheng continues to say this, he will really feel that he is very powerful, and it will be very troublesome.

Fu Disheng looked at the two people in front of him with a smile, and said with a smile: "Okay, I won't say anything. It won't affect your next conversation. If you need my help, just tell me. That's it. I will help as soon as possible, but this problem needs to be resolved, and it is not so easy for me to solve it if it is more complicated."

"Hehe, if you can't even get things done in Tianqi City, are you still the city lord here?" The Emperor Beidou said lightly, then turned around and walked into the yard with Li Tian step by step.

Fu Disheng stood at the door for a while, then turned around and prepared to leave, but muttered in his mouth: "Okay, now it's time for me to see where you are, and run to me while I was away It's been wild on the land, and no one dared to do this to me for a long time."

While he was talking, he slowly passed towards the outside of the City Lord's Mansion.

The remaining guards of these Tianqi City can only complete their tasks very seriously and dare not make any moves.

And several soldiers in Crescent City were also standing outside the courtyard, quietly waiting for the two men inside to finish chatting, and then they protected Li Tian and returned to their room.

But how long it will take, I don't know.

The Emperor of the Big Dipper came to Tianqi City this time, and there were not many people in Tianqi City who knew about this matter. Now even Situ Shangyan had no idea about this matter.
