

A Killer 5721

Chapter 5721: Unfathomable

In the hearts of many people, at this time, they probably don't know what Li Tian's purpose is this time.

But the Emperor Beidou already knew.

Regarding the news of the young man Li Tian, from the early information to the present, the Emperor of the Big Dipper knew almost everything, including the young man's methods and skills, which were all clear.

This time it seems that Li Tian needs to win more with less, but the Emperor of the Big Dipper knows that this kid has many methods to defeat all the enemies in front of him, but it is a pity that this young man did not follow his previous The imaginary routine, but using such a destructive spell with a very wide range, can be said to be a very terrifying way of fighting.

This way of fighting not only consumes a lot of immortal power, it is also possible to directly kill one's opponent.

Li Tian can use many other ways to fight. You don't need to waste so much power, but these didn't make Li Tian really do it. He finally used this trick, which was a very costly trick. .

So the Emperor of the Big Dipper knew that this young man probably wanted to know what kind of existence he was in front of him.

"What a funny kid, you have tried so hard to do this, but you just want to know where the gap is between yourself and me." The white light slowly dissipated, several contestants in this arena At this time, they were all transferred out, and their whole bodies were in a severe coma, and there were also many injuries on their bodies.

This is the time when the Emperor Beidou made a shot. If he hadn't acted decisively at this time, what would happen.

Hearing the words of the Emperor of the Big Dipper, Li Tian smiled and responded: "Of course I know that your combat effectiveness in this area is terrifying. I also know that you and I are indeed heaven and earth, but people always need a goal. , I just want to know how long I need to go in the future."

"There is no end in sight on the road of cultivation. Even people of our level still cannot see their own future. All that can be seen on this road are pale and weak unknowns. Who I don't know what will happen on this road." The Emperor Beidou said helplessly, his eyes slowly falling on Li Tian: "Since you want to know the gap between you and me so much. , Then might as well let you see."

"This is the best way, I know you will definitely not refuse my request." When Li Tian was speaking, another charm had already begun to melt in his hand. His speed was so fast that the Emperor Beidou didn't notice it. .

"The speed of this kid is so fast. I really didn't expect that he could create a spell in such a fast time?" The Emperor Beidou was also surprised at this time. There was no embankment before, but there was no I thought that Li Tian, a young man, could create such a powerful spell in such a short time. The energy contained in this spell clearly told him that this was definitely not a simple thing.

"This is the second spell I have researched this time. I have never thought of using it, because this spell is really terrifying." Li Tian looked at the Emperor of the Big Dipper in front of him, writing and drawing in the air. , Every time a red thread appeared, and then all the things that Li Tian drew before were revealed, which formed a spell.

On this spell, there is a feeling of nothing but nothingness.

Although the spell has not been condensed yet, the aura above it has already begun to appear at this time.

The Emperor Beidou raised his eyebrows: "Don't you worry about killing you when I get angry?"

"You are a person who loves talents. I can feel that you should be different from everyone else." Li Tian smiled, looked at the Emperor of the Big Dipper in front of him, and said vowedly: "Moreover, a noble person like you, in If you kill a contestant like me here, I'm afraid it will be messed up this time, and it will also affect your reputation."

"Before you are ready to do this, you must have arranged everything and ensure that all the details are under your control, so you dare to do such a thing in front of me." Beidou When the **** emperor heard Li Tian say this, he felt a little helpless in his heart. This young man was really more difficult to deal with than he thought. This kid is young, but now he seems to have control of a lot of things.

"If I didn't count all of this earlier, maybe now I'm already lying on the ground and becoming a corpse. People always have to think more when doing things. One step counts as ten steps. This is what A wise man." When Li Tian spoke, the spell had begun to condense slowly. His speed was not very fast. This is also because the power of this spell is really terrifying, and it takes some time to prepare. Show it.

This is the same as in many magical novels, but for all terrifying magic, it will definitely require many harsh conditions to be displayed.

Otherwise, if you just show off a magic casually and destroy the world with your hands and feet, who would be a warrior? Everyone has learned magic, and learning magic can destroy the entire world.

So the charm is like this, the stronger the charm, the longer the preparation time.

If all these spells were painted on other writing materials, these energies would lose their original power, which would have become the current situation a long time ago.

Li Tian could only be here, slowly drawing this charm.

Fortunately, this was only a test. The Big Dipper God Emperor in front of him didn't mean to stop him. He had the same idea as Li Tian.

It's just that Li Tian wants to know where is the gap between himself and the Big Dipper in front of him. What the Big Dipper wants to know is where this young man's accomplishments in this area have reached, and why he can be so bold in his own Casting such a spell in front of him, is it really confident to a certain extent?

As for the other strong players, they all felt a different feeling at this time.

The blazing flame before slowly dissipated, and an aura that made them feel uncomfortable appeared instead. This aura is hard to describe in words, and it feels as if the world is slowly returning to its original state. .

Chapter 5722: Gui Yuan

"What is the name of this spell?"

"Guiyuan!"

"It sounds like a miraculous look." The Emperor Beidou raised his brows and looked at Li Tian in front of him with a little amusement, and said: "You have such a name. It seems that your name and your actual effect should not be the same. What's the difference? This feeling of ignorance should be the origin of the name of this kind of return. The so-called return is actually returning the whole world to its original state?"

"Yes."

"I'm really more and more curious, what kind of power will the ancient charm master's charms transformed by your hands produce?" The Big Dipper said with curiosity.

At this time, the Canglong had begun to slowly approach Li Tian, and at the same time, from its body, all the immortal power was drawn by Li Tian, and even the surrounding spiritual power was madly swallowed at this time. By.

None of this can escape the eyes of the Emperor of the Big Dipper, all of which are in his eyes: "It seems that the energy that this trick needs to consume is too huge. It is just the immortal power of this kid alone. This trick, so at this time, he needs to use all the surrounding factors. Only in this way can he exert the power of this trick better. '

"What's going on, doesn't it mean that the battle is over? Why does Li Tian seem to be brewing a more terrifying spell?"

"I don't know. The Big Dipper God Emperor seems to have no intention of ending this way. Could it be that these two people are still going to try to fight in front of so many people?" Chai Lei looked and stood in the air. The Emperor of the Big Dipper, he was wearing a silver-white battle armor, his long black hair was moving with the wind, and he was holding a sword in his hand. He was still in the scabbard at this time, and he didn't mean to unsheath.

Looking at Li Tian opposite the Big Dipper God Emperor, his face was pale, his eyes were full of hideous and crazy feelings, and the immortal power of his body was continuously being drawn out. It looked like he was about to swallow the entire world.

"This kid seems to be preparing a terrible spell, and immediately arrange it to let people continue to strengthen the enchantment. Although I don't know what is going to happen, there is always a big thing that will happen next."

The moment they finished speaking, the spell in front of Li Tian flickered.

Then, the world dimmed.

Everything around them is also silent.

At this moment, it seemed that everything inside the arena had stopped.

Li Tian and the Emperor of the Big Dipper looked at each other. Both of them were nervous, but at this moment, no one took the initiative to attack. They just stared at their opponent like this, as if waiting for a suitable opportunity. .

And as time passed bit by bit, the world under their feet began to crack little by little.

This is not a crack on the ground, but like a crack caused by broken glass. At this time, the space around them seemed to be broken, and fragments of fragments began to appear. These fragments were clearly visible.

And behind this fragment, there is a dark space.

"In this niche realm, no life has the power to survive. If you don't have enough strength to break through this bondage, you will soon be completely swallowed up, and then sink into the darkness forever. Eternal Life." Li Tian glanced at the Big Dipper God Emperor in front of him. The most terrifying thing about Jiu Wu was that it was like a black hole.

As long as you are swallowed by this black space, you want to get out of it again, but it's not that simple.

According to the records in ancient books, many people have been swallowed into this before. No one has seen them so far. Entering this void of space is like being deprived of life, unless your strength is stronger. There are too many casters, or they are almost the same as the casters, otherwise once this trick is performed, someone will inevitably sink into it and never escape.

At this time, the Emperor Beidou naturally felt that if his immortal power didn't work, he would have a powerful force to pull himself in.

Just like countless hands grabbing you and wanting to grab you completely, this feeling is very clear, and the Emperor of the Big Dipper also knows very well that if Li Tian uses this trick to deal with opponents of the same level If you do, there is a high possibility of victory.

It's just that the cost of this trick is really he played, and the casting time is too long, it is impossible to use the top catch in battle.

And once it is destroyed by the enemy, it will be like a broken hand and foot, and there will be no chance of a comeback again.

"I have seen how powerful your spells are. Among these young people, it may be difficult to find a genius as young as you. You can study the spells of ancient spell masters to this point in a short period of time. You can imagine You have done a lot of effort in this area before." The Emperor Beidou said: "I knew that you can cast spells instantaneously. At that time, I didn't think so, but now it seems that you have done a lot of homework in this area Unimaginable.":

"Since there is no way to surpass others in your own life experience, you can only rely on hard work." Li Tian looked at the Emperor of the Big Dipper, he did not leave in a hurry, but waited.

Waiting for the **** emperor in front of him to truly show his terrifying power.

"Since the matter has reached this point, I might as well let you see the tip of the so-called iceberg." The Emperor Beidou said this, and then waved his arm. Soon, Li Tian saw the surrounding space. Covered by a piece of milky white light, the time that disappeared before slowly recovered.

But what he felt himself was an extremely powerful and irresistible pressure.

Soon, he opened his mouth to spit out a mouthful of blood, the whole person was groggy, and then fell to the ground of the arena.

At this time, everything around has returned to normal.

The audience all had blank expressions, and they didn't know what happened in the moment. Except for those with some strength, few people could tell what happened before.

There was no discouragement in Li Tian's heart. Although he lost, he knew that his future road is really long.

Speaking of the difference between the gods and the gods, it is only a few grades, but in fact, it is really upset.

Chapter 5723: Win

"Well, what do you want to say after experiencing my power personally?" The Emperor of the Big Dipper looked at Li Tian who was sitting on the ground, his mouth slightly raised, and he walked forward slowly, slowly moving towards him. A little celestial power was injected into his body.

"It's very strong. I thought that the gap between myself and the **** emperor would not be very far away. Now it seems that I think too much. It seems that it is only a few grades of difference, but in fact it is the gap between heaven and earth. If you don't work hard enough, it would be too difficult to enter the realm of God Emperor."

"This is natural. If everyone can easily cultivate to the **** emperor level, now the entire **** world has already been messed up. It is precisely because it is difficult to become a **** emperor level strong, so we have absolute At the same time, it can also ensure that things that we don't want to see will not appear on our territory. This ensures the stability of the God Realm."

Li Tian smiled and stood up.

"But you don't need to be particularly discouraged. After all, the Divine Emperor level is very far away from you. Now you can't think of how much effort it will take. There are a lot of geniuses before, but there is no one who can cultivate to this kind in a short time. To the point, what you need to do most now is to focus all your attention on hard work, instead of thinking about what will happen after becoming a **** emperor." The Big Dipper **** emperor patted him on the shoulder, and then glanced at the position of the referee bench. , Just stepped on the air and left.

Seeing him leaving behind, Li Tian shook his head helplessly.

It really made him feel like he never wanted to compete with the man in front of him anymore. The moment that coercion appeared, Li Tian could even feel the whole world trembling at this time.

"God emperor level masters are naturally incomparable. You can tolerate such a provocation today. If you change to someone else, you might already be a corpse lying on the ground now." Divine Remnant Soul said helplessly at this time, I really didn't expect Li Tian this guy to be crazy to this point, such a strength dare to challenge the powerhouse of the **** emperor level.

"I have calculated everything. If there is no such wishful thinking, I would definitely not dare to make such a feat, but I now know some things that will be more helpful to my later cultivation."

"You mean, in the application of soul power?"

"Almost, although the gap between us and the ***** emperor is very far away, but in terms of soul power, the gap between me and the ***** emperor of the North Dipper is not as far away as you think. You must know that I am in the free space. But I have been cultivating my own soul power. Although it is now very powerful, it is not perfect in practical application." Li Tian said helplessly.

"This is a problem. When you challenge the Emperor of the Big Dipper this time, you not only want to see the gap between yourself and him, but also want to know how the Emperor of the Big Dipper uses his soul power through this battle. ?"

"Of course it looks like this. If I simply want to challenge the Big Dipper God Emperor in front of me, I won't challenge it in this kind of place. I can just talk anywhere." Li Tian said, nothing at all. The meaning to be concealed: "Here, the Emperor of the Big Dipper must show his terrifying strength, which means that even if he hides his strength, he must show part of his abilities so that he can make his enemies afraid. If it's just a private challenge, maybe it's not my turn to do so many things, and I will simply fail."

Li Tian had already begun to think about all this long ago.

I wasn't sure about the attitude of the Emperor of the Big Dipper towards himself, so Li Tian had been thinking about this for a long time.

But after all his meridians were broken, and after so many things happened later, Li Tian slowly learned that these powerful men seemed to be unrelated to him, but they seemed to be right I love it, and in many cases, I would take the initiative to help Li Tianlai with some things. In this way, this guy will have the same idea as today.

During this process, he thought of many possible accidents.

Fortunately, everything is relatively normal today, and there is no surprise to Li Tian.

"You kid is really willing to gamble on this kind of thing. You have to know that if you gamble wrong, it will be a dead end."

"What about you, life is a gamble. If you lose, you will lose everything. Anyway, I have almost nothing now, and there is nothing to be afraid of." Li Tian said as he said. , While slowly standing up from the ground, having been sitting on the ground for so long before, now knowing that he has won, I was finally relieved.

This plan was successful. He understood something from this short battle. After that, he only needs to understand a little bit, and maybe he can use it perfectly.

At the same time, he also successfully entered the quarterfinals, and every next battle requires an all-out effort.

As soon as the news spread, some people were really happy and worried. Among them, the most worried was Qiang Wudi. Just as they feared before, the experience of this young man made them unbelievable or convinced. I really understand the details of this young man.

Only a few days have passed. The current Li Tian and the previous Li Tian feel completely different.

Even Qiang Wudi felt the pressure when the previous Guiyuan trick was performed. It is difficult for anyone to maintain a good mentality in the face of such a terrible opponent.

Of course, the young people who had a good relationship with Li Tian before were all happy at this time.

Feng Tianling did not have the same small belly as before. When Li Tian walked down from the arena, this guy was standing at the door, looking at him: "Congratulations, it seems that you are now reborn from the ashes. Estimated."

"Haha, it's meaningless to say that. Didn't you also find your own path? Although you don't know if this path is right or wrong, but if you are willing to go, you may get a good return." Li Tiankan Feng Tianling was somewhat surprised, but after thinking about it, he responded seriously.

Feng Tianling smiled: "I'm going to leave. My injury has recovered these days. It's almost time to leave here."

Chapter 5724: Quarterfinals first match

"Leaving so soon?"

"I originally wanted to leave here earlier. Many things that happened here are a shame to me. If I can't find what I lost one day, I will never be able to regain my confidence. Come." Feng Tianling leaned on the wall of the lounge and looked at Li Tian: "I have this feeling like you know now. For Qiang Wudi, you must want to kill that guy yourself?"

When Li Tian heard these words, a confused expression appeared in his eyes.

Do you hate Qiang Wudi?

Of course I hate it. When I was in the arena before, I insulted myself in every way. As long as a normal man, it is impossible to bear such a thing.

Li Tian is not only a normal man, but also a strong-blooded man. He himself has his own pride, but he has been trampled by the fellow Qiang Wudi. Who can bear it?

"If you don't tell me, I know that the battle between you and Qiang Wudi will be very exciting, and what I know is that you will already be proud in this battle, and you can only win in the end."

"Are you so confident in me?"

"Of course, although I am not very familiar with you, I can be regarded as an old opponent. Before, I watched you all the way and wanted to enter the selection of this ten-city convention. This time, although I suffered a little setback, I believe this is just a rebirth from the fire, and it must be more terrifying than before." Feng Tianling smiled and said, "I did complain about the injustice of the world before, but now I know about everything. None of them were formed because of the injustice of the heavens. All things in this world are causation. I planted the cause before, so I got the fruit of Yang."

Looking at Feng Tianling, who looked like a magic stick in front of him, Li Tian really didn't know how to communicate with this guy.

At this time, Ning Bing also came in.

I saw Feng Tianling for the first time: "Why are you here?"

"I am going to leave Tianqi City and travel to other places in the God Realm. Before that, I always need to say goodbye to you. I originally wanted to leave at the end of the game, but now it seems

that the final champion of the game There should be no suspense, and my body has recovered. It is undoubtedly a waste of time to stay here at this time. I can't wait to change myself." He glanced at Ningbing, and there was nothing in his eyes at this time. The affection before.

Ningbing said faintly, "I wish you a smooth journey.":

"Thank you."

"After leaving this time, I'm afraid it will be difficult to see you again. Are you not going to talk to City Master Feng Jie about this matter?"

"If I tell him my decision this time, he will definitely not agree." Feng Tianling shook his head and said with a wry smile: "From childhood to adulthood, everything I have was arranged by him. This time I finally I made my own choice once, and I believe I can do all of this by myself, and I don't need anyone to help me in this matter."

"Since it's like this, I won't say any extra nonsense, I just hope you can go smoothly on the road ahead."

"Okay, I'm leaving." Feng Tianling said a little lonely, then turned around and left like a lonely soldier, slowly disappearing from their sight.

After Feng Tianling left, Ning Bing couldn't wait to ask: "What secrets are there in you guys that haven't been revealed."

"What's the secret?"

"Didn't you have all your meridians broken before? How come you can gather the power of immortality in this game, and also challenge the **** emperor, what have you done secretly?" Ningbing hands on hips, there is no more With the usual feeling of dignity, it is more like a woman.

Li Tian looked at her and smiled: "These things are not easy to tell you, but this can be attributed to the thirty-six sky steles. If there were no sky steles, there would be no me."

"You guy is really unpredictable. I thought you really wanted to give up this game before, but now I realized that I was thinking too much. How could you guys give up this time so easily? Fight." Ning Bing said in an angry voice, none of them expected that the young man whose meridians had been cut off before and who seemed unlikely to win this competition's place would suddenly show such ability. .

Everyone believes that Li Tian has only one way to fail.

But Li Tian told them that there are still many ways to choose.

At this time, Situ Shang went over in a rush and looked at Li Tian excitedly: "Hey, what should I say, you kid really didn't break your promise, you surprised us people again."

"I hope you just felt a surprise, not a shock."

"Of course it won't be any shock. You can cheer up again. It is a great good thing for us. With you, this time we will come up with a good result in the Ten Cities Conference. Situ Shangyan said excitedly, looking at the serious Li Tian in front of him, "By the way, when I came just now, the staff there told me that the next quarter-finals had been arranged."

"Oh? Are you ready so soon?"

"This resurrection match was originally arranged temporarily, so a lot of time has been squeezed, and they naturally have to prepare everything that needs to be prepared faster." Situ Shangyan said, then looked at him, and said. In one sentence: "This time the opponent is Qiang Wudi, how about it? It should be the opponent you really want to see at this time?"

"Maybe I really want to see this guy standing opposite me, but this guy may not want to see me standing opposite him." Li Tian shrugged, but he sneered in his heart. Head, I thought that the encounter between the two of them would be delayed for a while, but I didn't expect it to start like this, and I don't know if anyone was involved.

But for Li Tian, it doesn't matter at all. Being able to fight against this guy earlier will also let this guy know that his strength is not even a fart in front of Li Tian.

"I will arrange someone to protect you these days to ensure your safety."

"I know that." Li Tian nodded and glanced at the other side of the arena. There was the auditorium, and the auditorium of Qiang Wudi and others...

Chapter 5725: Please help

Situ Shangyan and the others did not expect that the young man's dispersal would change so much in such a short period of time.

As the powerhouses of the God Realm, the young people they have met are not a thousand but a hundred. What kind of genius has never seen it, but it is the first time that Li Tian has seen such a thing.

"How sure are you now that you can defeat Qiang Wudi?"

"If it was before, I might not have much chance of winning against this guy. After all, there was still a small gap between me and Qiang Wudi at the time, but if it is me now, if we are fighting against each other, I think my chances of winning may be much better than before." Li Tian thought for a while, squinting his eyes and said, it is indeed like this.

If it were before, his strength was not as strong as imagined.

But now, his confidence in his own strength is already very sufficient. If he only deals with Qiang Wudi, there is no problem at all.

"It's best if you have such confidence. Recently we are also investigating every move on Nanhuang's side. I always think that after such a thing happens, what will be done on Nanhuang's side." Situ Shangyan was also very worried about Li Tian, who was full of confidence in front of him. Nanhuang's attitude towards Li Tian was not very good before, and he wanted to kill Li Tian not just once.

Believe that now, they also have this mentality, as long as they catch this opportunity, they will not easily let Li Tian go.

Therefore, they had already begun investigating this matter a long time ago, ready to see what actions the Nanhuang people would do this time.

"They won't let me live in this way. Now that I have grown to this point, it is normal for them to want to kill me." Li Tian looked at Situ Shangyan with a serious expression on his face. A smile

flashed across his face, but he knew very well that something like this would happen, and he didn't feel surprised.

Li Tian squinted his eyes and looked at the few people in front of him. He knew it well.

Mu Xiuyu Lin Feng will destroy him, and he can actually think of it when he can do it today. He will never be easy in the future. All kinds of opponents will regard Li Tian as his opponent.

On the other side, after coming out of the arena, Qiang Wudi's expression was not very good.

I was worried that this young man would grow up a little bit. It was actually a lot of pressure for him. If they don't set their sights on this guy sooner, Li Tian will let them know soon. Ignoring how terrifying the fate of this young man is, it was because this young man was not dealt with in time before so many things happened.

"I really didn't expect that a person with broken meridians could become like this in such a short time. I thought that after this incident, Li Tian would never be able to become a great master again. "At this time, Tang Yan, who was next to Qiang Wudi, also had an expression of helplessness and incomprehension. Regarding so many things that happened here, he also expressed that he was very hoodwinked.

I don't know what exactly happened in this incident, and it would have caused a guy with broken meridians to become what he is now in such a short period of time.

"Did he give us few surprises? Li Tian was enough to surprise many people when he was in Luoyang City before. After that, whether it was in Crescent City or Shuiyue City, wherever this guy appeared, Isn't it all like this?" Qiang Wudi wasn't very surprised. Although this happened to make them in an embarrassing situation, they were almost mentally prepared before.

Li Tian is a completely mysterious man to them, and no one knows what actions this man will do in the next second.

"It's like this. We always thought we knew this guy well before, but he has refreshed our views time and time again. He doesn't play cards according to the routine, and his strength is very strong. I really don't know what to do. How to describe it." Tang Yan nodded on one side: "But what do we do now, the first match of the quarterfinals is to face Li Tian."

"Hehe, no matter how great this kid is, he is only a young man after all. We missed a very good opportunity before, but now we must not miss such an opportunity." Qiang Wudi's eyes flashed with a gloomy look. Looking at the sky in the distance: "Now, it's almost time for us to do it."

He had already contacted many people long ago.

In other words, he knew a long time ago that it was really difficult to deal with this guy Li Tian, this kid was absolutely terrifying in terms of strength and from any other place.

Now it seems that his original idea is completely correct, this kid himself is a terrifying existence.

"You mean, be prepared to use our previous..."

"It should be about this time. I believe they can start to act after so many days of preparation."

Qiang Wudi was starting to prepare, and he was also preparing on Li Tian's side.

He knew he had to face many problems next.

"The Nanhuang people should have been preparing secretly before, and the people from the Discipline Hall have already sneaked in. I really don't know what will happen next." Li Tian murmured, and then slowly closed his eyes. , Began to enter a state of meditation.

As time passed bit by bit, the outside world began to gradually darken. A dark world unknown to many people also began to slowly descend at this time.

A bright moon in the sky was completely obscured by dark clouds.

The entire Tianqi City at this time is like a city living in a dark world. What you can see here is the dull black light in your heart. Apart from that, there is nothing else. .

In Li Tian's yard, it was also completely silent at this time, without any movement.

The whole Tianqi City seemed to be frozen at this moment. Perhaps many people thought that such a night would have passed like this. They don't know that this long night today is just beginning.

A larger shadow has already shrouded at this time.

Chapter 5726: Under the shadow

In the darkness, an old man in a black robe, holding a staff in his right hand, hobbled on this sparsely populated street, and the sky above his head was gradually becoming gloomy.

Suddenly he stopped his footsteps, looked at a direction in the distance, and showed white teeth: "Unexpectedly, these guys have been prepared in advance. It seems that we can't escape every move. Do they have eyes?"

"Master, success or failure lies in one move. We lost badly this time, and now we have to take action." Another voice rang at this moment, it was a middle-aged man.

The old man, who was called the master, was looking into the distance and was silent.

City Lord's Mansion:

Chai Lei and Bai Xiaosheng both opened their eyes and looked at each other: "They are here."

"The people of Nanhuang probably didn't violate our decision this time, right?" Chai Lei glanced at Bai Xiaosheng and asked.

"Although it is not an upright thing, but now I can only hope that the power on the New Moon City can resist them." Chai Lei also shrugged helplessly: "Although the Emperor of the Big Dipper is here Here, but the enemy we are facing this time is really too powerful. Although the Commandment Hall is only an affiliate of the Shuiyue Sect, no one knows what exactly they have done over the years."

"This time they went out to kill Li Tian, and then **** the treasure from him, so that they can wash away their grievances."

"They are all desperate this time. If they fail to kill Li Tian, then everything will be meaningless. No matter how terrible their heritage is, they will still have a dead end when facing us." Chai Lei stood up and slowly stretched out his body: "I don't know how long I haven't fought properly. This time I won't let these enemies go."

"Why don't we two play a game to see who killed the most people in this battle."

In the room of the Big Dipper:

At this time, the aloft **** emperor still closed his eyes and sat on the chair. His body was like a stele, without the slightest sway.

In the air, a slight pulsation could be vaguely felt, allowing the air in the room to circulate along with it. Occasionally, there would be a slight noise outside, but the Emperor of the Big Dipper in front of him remained silent.

Under the darkness and gloom, even the room was gloomy and gloomy. He couldn't see his fingers or see everything outside.

At this time, a voice appeared.

"Hehe, the Big Dipper God Emperor is still working hard, even at this time, don't you forget to concentrate on cultivation?"

"Since I know that I will not be able to leave this room today, why bother struggling?" The Emperor Beidou slowly opened his eyes and looked at the master of the precepts hall in front of him. This one is a real antique. Before, many people thought that he was already dead, but they didn't expect that even this one would be blown out after something like this happened this time.

"Hehe, you kid is much smarter than before. If you are alone, it is indeed not my opponent." Shizu didn't mean anything implicit, or that he knew the gap between himself and the **** emperor before him. How huge it is.

Although the Commandment Hall can't compete with these **** emperors in the God Realm, there is no problem dealing with one or two **** emperors. You must know that among them, they are also masters with the strength of the **** emperor.

For example, at this time, the master who was sitting in front of the Big Dipper God Emperor, his fame period was much longer than the Big Dipper God Emperor.

Can be regarded as a character from a very ancient period.

"Master, do you think it is really worth it this time because of the younger generation's affairs? What if it traps me here today, the precepts hall is destined to be cleared out."

"Hey, I don't have any thoughts about things about my younger generations, but anyway, I used to have my hard sweat in the precepts hall. If I watch this slowly disappear, it's not good after all. That's right." Master looked at the Emperor of the Big Dipper with a smile still on his face. Sitting here, this master said that the Emperor of the Big Dipper could not make a move this time.

This one is a rare master in the Discipline Hall. This time he was invited here to specifically target the Emperor of the Big Dipper.

The Emperor Beidou also knew very well that he might be able to defeat the Master of the Discipline Hall in front of him, but it would also take a long time. The two of them were too strong, and they did not have a few days to fight each other. , I'm afraid it is impossible to end.

It's just that if their battle really lasted for so long, this side would have already ended.

Since no matter how you do it, it is impossible to catch up with this time, it is better to sit here honestly, when nothing has happened.

On the other side, Li Tian was also in trouble.

In other words, the core of this time lies with Li Tian. If he does not encounter problems at this time, it may be that their mission has failed.

The immortals who were wearing the Shuiyuezhong commandment hall rushed into the courtyard madly. The soldiers of the Crescent City here were also wiped out in a short time, leaving Situ Shangyan alone. Hard support, but the opponent is also an elder of the Discipline Hall. Naturally, there will be no way to defeat the opponent for a while, not to mention that even if it is really defeated, there will also be more people here.

In addition, there are three elders and countless disciples of the Discipline Hall.

The entire small courtyard is impenetrable.

Li Tian felt it the first time they appeared.

At this time, I understood why, after fighting with the Big Dipper, why did the Big Dipper inject so much celestial power into his body? It turned out that I knew it a long time ago. What happened here?

Could it be that Qiang Wudi went to the Divine Emperor of the Big Dipper before because of this?

Li Tian thought about it, it seems unlikely.

Knowing that they were going to encounter such a danger, the Big Dipper God Emperor and the others did nothing to destroy this matter? This may not be what they should do.

"Don't watch, you won't have any reinforcements today."

Chapter 5727: Slaying Game

Li Tian squinted his eyes and looked at the elders of the precepts halls in front of him: "I am really a mocking face. You have so many powerful masters in the precepts halls, all have been mobilized for me. If this is known by others, Don't laugh to death yet."

"Hehe, you know it. We don't know how much we have prepared to kill you." The elder of the precepts hall was also speaking. The name was Yunfei, Yunyi's senior brother: "This time In order to deal with you, we have prepared a lot of routines in advance. You can rest assured that this time, no one will help you at all."

"Since you dare to come to my troubles in such an upright manner, I naturally know that you must have made a lot of preparations for this matter. I want to rely on the help of others to change this situation, it seems It's not very realistic either." Li Tian also really smiled helplessly at this time. He knew that he might really be in trouble this time, and it was not ordinary trouble.

"You don't know how much effort we have spent to deal with you this time. If we hadn't persuaded those idiots in Nanhuang, we would not find such a good opportunity." Yun Tian sneered and looked at Li Tian in front of him. , They have prepared a lot of things this time.

In order to let no one in Tianqi City be able to help, he deliberately asked the master to come out of the mountain and suppressed the only strong man here, the Emperor of the Big Dipper.

The remaining Chai Lei and Bai Xiaosheng are indeed very difficult masters.

But obviously at this time they need to have more urgent things to do. The Nanhuang people have already launched an offensive at this time, with the goal of the treasure chest inside Tianqi City. It is said that there are many in it that ordinary people can't even imagine. They are not only here to participate in the Ten Cities Convention this time, they are also preparing to ***** all these treasures.

Therefore, when the Commandment Hall was preparing to act this time, the people from Nanhuang took the initiative to come to the door and told them these things.

After knowing these things, even if the Nanhuang people and the Commandment Hall are in a real alliance, both sides have made great preparations for this matter.

Tonight, they are all out.

The Nanhuang people involved the power of Tianqi City, and all the rest was left to the Discipline Hall.

The first thing they have to do is to let Li Tian die here,

"Even if you really want to kill me, you don't have to do this, right? If a raid of this scale fails, all the people involved in this matter will have to pay a price." Li Tianyi Shi wasn't very anxious, he knew that there was one last Shangfang sword behind him, and that was the little witch who had never shot before.

The strength of this little witch is not simple. Before the Tianzhou had shown the combat power that made Li Tiancheng convinced.

If there is anyone who can really come forward to help this time, Li Tian knows very well that only the little witch will be left, because in his mind, it seems hard to think of anyone who will come forward at this time. Up.

Besides the little witch, who else would help?

"You should be thankful. In order to ensure that you can be killed, we have sent so many people out this time. This is something that has never been done before." Yun Tian sneered and glanced at Situ Shangyan who was still fighting hard. : "But none of the people here today will die. They are only seriously injured at best, but you will die here."

"Elder Yuntian, if you dare to take action against Li Tian, I will fight you desperately." At this time, Ningbing also rushed out of her room. When she came out from the inside and saw the scene in front of her, She was still a little surprised. As the master sister of Shuiyue, she naturally knew all these people here, and even said that some people here still have a little friendship with her.

"Ningbing, before you were in the Shuiyue Sect, you were indeed held by the stars. We also value your strength as a young man. Your master still has a silver lining. As long as you don't mess around this time, we can guarantee I will not attack you, and when your master secretly takes the position of Sect Master Shuiyue again, your safety will be guaranteed." At this time, Yuntian also saw Ningbing.

These are all planned. The people in this courtyard are all from the Shuiyue Sect. It is not surprising to see Ningbing here.

"How do I know if what you said is true or false? Even if it is true, I can't shrink back at this critical time. I can't let you hurt Li Tian." Ning Bing's eyes widened and looked. Looking at the people in front of them, they said decisively: "If you must make a move, then by the way even kill me today. As long as I can stand up and I have a breath, I will never give up."

"It's really ignorant, why do you have to make your vision so short?" Looking at Ningbing in front of him, Yuntian sighed helplessly, shook his head and said: "We don't want to hurt you, but we don't. It means that you can act recklessly in front of us. If you affect us, it doesn't matter if you kill you."

"Ning Bing, you leave here quickly, this is not where you stay." Li Tian glanced at Ning Bing, his tone was still somewhat anxious.

He understands that the strength of these people in front of him, the worst possible is in the realm of immortals, these masters are all here, basically it is a must-kill situation, as long as they are not stupid at this time, Li Tian must have only a dead end.

Ningbing does not have any possibility of helping here.

The strength of these people in front of them is no longer what Ningbing can defeat them.

If you really start, Ning Bing's character will definitely not retreat easily. Even if he is on the verge of death, he may still persist to the end. He knows the character of this woman, so he will let Ning be at this time. Bing left.

Instead, Ning Bing turned around and snorted, "Do you look down on me? You think I am a woman, should I escape this battlefield at this time?"

"That was not what I meant."

"I know what you mean, but today is not only your battle, but also my battle. It is impossible for me to leave here." Looking at the worried expression on Li Tian's face in front of her, Ning Bing said lightly, she As if he had already made a choice, the expression on his face was extremely dull.

Chapter 5728: Life and death together

"It's a touching affection. It seems that there is a love between you." Seeing these two people, Yun Tian sneered: "You killed several of my juniors before. , I haven't figured it out with you yet, no matter who is in front of me today, I will tell him to come back and forth."

The swords in the yard are tense, but it is a pity that the commandment hall is now soaring.

After all, the entire army of the New Moon City has been wiped out, and now Li Tian is the only one who can stand up, and all the rest are defeated.

At this time, in several other yards, some people also discovered this matter.

When Chu Jiangnan was about to leave the yard, a voice came from behind: "This is a slaying situation. Even if you go, it is impossible to reverse the situation. The Commandment Hall has paid a lot on this matter, even just Even the masters of Tianqi City have all acquiesced in this calculation. Do you think we can easily change this situation?"

Sima Shangwu walked out slowly and looked at Chu Jiangnan in front of him with a smile.

He knows what this guy is going to do. Since he has got rid of the devilish energy on his body, the guy in front of him is still Li Tian's friend. After Li Tian encounters such troubles, he will also help at this time.

This is all within reason.

But this time, if you stand out, there is really only a dead end.

"I know that since the Commandment Hall has been preparing for such a long time, it must be a foolproof plan. It is impossible for them to let their tasks in this process fail the slightest." He looked at Sima Shangwu in front of him, I shrugged my shoulders helplessly and squinted: "But I can't just be so scared now. It's not me."

"Go out to die, is it you?"

"Li Tian is my friend. Even what happened to us before, still regard this guy as my friend in my heart. Now he is in danger and there is no helper around him. If I didn't choose to stand up when I was planting, what kind of face would I say that I was his friend?" Chu Jiangnan looked at Sima Shangwu in front of him and asked seriously.

"I can also be regarded as a friend of yours. If I said you better not go, would you listen?"

"No." He said decisively.

"Hehe, it seems that I can't stop you this time. Even if it is a Shura ***** in front of you, you will rush over without hesitation."

"Yes, because I know it's worth it even if I die. I'm just a little fairy and have no ambitions. But Li Tian is different. If he lives, our goal will become more long-term. Yes." Chu Jiangnan's eyes were full of very firm expressions. At this time, this man really didn't show the slightest fear.

Looking at the Chu Jiangnan in front of him, even Sima Shangwu could only shook his head helplessly at this time: "I really don't know what kind of means Li Tian used to make you even dare to do this. ."

"Master, I am very grateful for your help so far, but this time, I really want to make a decision by myself. I feel that if I don't stand up at this time, then it will never be possible again, leaving my heart completely empty. Fear." He looked at Sima Shangwu in front of him, also with a helpless expression.

On one side is my good friend, on the other side is the eldest master who is kind to me.

But no matter what, the relationship between him and Li Tian is still very good. If he doesn't stand up to help at this time, then he is really a bad guy.

Seeing his firm eyes, Sima Shangwu sighed: "I knew you would definitely go out for a fight, if that's the case, then take my sword with you. If you really can come back alive, I hope Relying on my sword."

While talking, he threw a sword in his hand over.

With this sword in his hand, Chu Jiangnan's expression was also very solemn at this time. He knew what the weight of the fairy sword in his hand represented. This was an accessory of Sima Shangwu, the Wufeng who was known as a peerless soldier. In the hands of Sima Shangwu, the gods also blocked and killed the gods, and the Buddha blocked and killed the Buddha.

Now, it was so easily delivered to his own hands.

"Don't feel moved. Although I can't intervene in this matter, as a friend of mine, I can't watch you go to death like this. There is no way to help. I can only use this method." Sima Shangwu said lightly. After a word, without moving Chu Jiangnan's words of gratitude, he turned around, and then slowly disappeared from their sight.

Seeing this disappearing figure, Chu Jiangnan grasped Wufeng in his hand, and his body trembled with excitement at this moment.

Tears couldn't help but slowly fell from his eye sockets.

He knew that this was a sincere friendship, and Sima Shangwu really didn't say anything about the treatment of these people.

Since I first came to the God Realm, I have relied on Sima Shangwu to be what I am today. Is it now that I still have to rely on Sima Shangwu to get through this kind of difficulty at once?

He looked up at the sky and said, "God, if you can really hear our call, please show your spirit at this time and let Li Tian live."

After a brief prayer, he turned around and took a look at the position in the courtyard, and then left unswervingly.

"Master, let him go like this?" A voice, with helplessness and grief.

"Otherwise, what else can I do? I have done what I need to do. Whether he can come back or not, it is unpredictable to me, but after today, Li Tian owes us his life." Sima Shangwu looked at the courtyard gate. He then looked up at the sky and said sadly: "I really am. I really don't like this way of repaying gratitude. If he lives, it will be more useful than now."

"Unfortunately, his attitude is very determined, and he seems to be guilty of Li Tian, so at this time, he chose to stand up without hesitation."

"Maybe it is like this."

In the courtyard on the other side, the atmosphere has become particularly solemn.

Chapter 5729: Breaker

"Li Tian, look at what you are like now. What else did you feel like before? Now you are standing in front of us like a humble ant. If we want, we can kill you now." Yun Tian held his head high, looking at Li Tian in front of him, standing high, like a ***** in the sky, completely invincible.

Li Tian also looked at him and smiled slightly: "It's not good to say it so early. How do you know that I will die this time?"

"Haha, this is probably one of the funniest jokes I have heard during the recent period. Look around you. Situ Shangyan is now restricted by us. If Ningbing takes action, we will also be there. The first time to subdue, who else can help here?" Yun Tian slowly walked forward, raised his hand, and a disciple from the Discipline Hall next to him walked forward and handed him a sword.

"Who said there is no one at this time, am I not a human?" At this time, a figure fell from the sky and soon fell in front of Li Tian, looking at the sky in front of him, and said.

"Chu Jiangnan, why are you here?" Li Tian and Ning Bing were all stunned, looking at the guy in front of them.

"You have already encountered such a danger. If I don't stand up now, what kind of friend is it?" Chu Jiangnan sneered, looking at Yuntian and others in front of him, and said in a certain tone: "As a friend, I am definitely going to stand up at the most critical moment. Even if the enemy we are facing now is very powerful, I still will not take it seriously."

"The little guy from the Sima family?" Yun Tian sneered, squinting at Chu Jiangnan in front of him, and the expression on his face also had some doubts. It seemed that he didn't expect to meet this young man here.

But then there was a sneer.

What about Chu Jiangnan, even if Sima Shangwu came here by himself, there would be no problem.

"Yes, I am indeed a member of the Sima family, but now I also represent myself. Today I will see, what are you guys from the so-called precepts hall, dare to come here? Saye." Chu Jiangnan widened his eyes and asked with a sneer looking at the people in front of him.

"Chu Jiangnan, the things here have nothing to do with you. I can solve these things by myself today, and I don't need your help." Li Tian was completely confused by Zhang Er's monk at this time, and was thinking about it before. After the little witch takes action, these guys in front of her are definitely not her opponents, and she can easily smash their conspiracy.

Who would have thought that Chu Jiangnan would run out at this time.

"What are you worried about? Today I stand here on behalf of myself. We are friends anyway. If a friend doesn't know how to take a shot when in danger, what's the difference with salted fish?" Chu Jiangnan turned around. Come, look at Li Tian and Ning Bing in front of him, and say, "You were all helping me before. Now it's my turn to stand up at this time."

"But you..."

"I know, you don't think my strength is enough here at all, so what about us, who are their opponents?" Chu Jiangnan smiled, with a very indifferent expression.

Seeing this guy like this, Li Tian really didn't know what to say.

"Forget it, since he wants to fight with us, we definitely have no way to refuse. It's better to think about what should be done next." Seeing this guy's serious expression, Ningbing was also One side shrugged helplessly and said.

Li Tian squinted his eyes and glanced at Yuntian: "Now we are three people."

"Haha, what about three people? Even if there are more people, what about?" Yun Tian laughed disdainfully, and then his eyes fell on the Wufeng sword in Chu Jiangnan's hand: "I really didn't expect it, Sima Shangwu He even gave you his own magic weapon. It seems that he doesn't want you to die in this battle."

"It has nothing to do with you."

"If you don't have time to retreat now, you've seen it too. This time our commandment hall is going out, even the **** emperor has been restricted by us. Unless you can find a second **** emperor

now, you want to solve this puzzle. It's impossible. As for the other people in Tianqi City, they are still entangled with the Nanhuang people at this time. Now your entire situation is at a disadvantage. How can you turn it around?"

"I said, these have nothing to do with you. If you really want to do it, even if you want to try it, I won't give you a chance." Chu Jiangnan sneered, looking at Yuntian in front of him. The disdain of the face.

Yuntian smiled helplessly: "We came here today and didn't want to cause any human life. Except for Li Tian, we really don't want to kill anyone today, but you all stand in front of me one by one. It makes me very embarrassed. Our mission this time is not allowed to fail. Your appearance is undoubtedly challenging my patience. Do you really think I dare not kill you?"

"Elder Yuntian, I know your character very well, but the reason why I stand here is also because I know your character, and I am also fearless. If you can, you kill me and try." Ningbing on the other side stared at Yun Tian with wide eyes at this time, and sneered: "I believe you will know soon, I will never let you hurt Li Tian easily."

"There is no other way. We can only kill you little guys who are in front of us. We have given you a chance, but it is a pity that you young people don't know which is more important. Since this is the case, we can only let you die first. As for the things that follow, we can only talk about it later." Yuntian raised his hand and said, "All are ready. Now we are ready to do it. All these guys standing in front of us are killed, are you all ready?"

Looking at the expression of Yun Tian in front of him, all the disciples in the Discipline Hall soon started to boil.

At this moment, in the sky above them, a creature that looked like a Pegasus was crawling in the dark clouds. On his back, there was a little girl: "Hey, I didn't expect it, this kid. I have been targeted by so many people. I'll take a look first. If it doesn't work, I can only take action."

Chapter 5730: catastrophe

"Elder Yuntian, are you really sure you want to do this?" Ning Bing looked at Yuntian with a grim face at this time, and squinted his eyes and asked: "If you choose to give up like this, there may be a silver lining, as long as you hand it over. What they want, I believe everyone in the Discipline Hall can still survive, but if you insist on being like this, I think things will only develop in an uncontrollable direction."

"You told me to give up?" Yuntian was stunned, raised his eyes to look at Ningbing in front of him, then smiled and shook his head, as if he heard a joke: "Are you naive, or what's the matter? Do you think we have a choice now? If there is a little choice, will our commandment hall do something like this? Murong Ziqing and the Li Tian next to you have done something, I think you are probably not. Is it clear?"

"I don't care what they did, but Li Tian is my friend and has helped me many times. This time I will never go back." Ning Bing took a step forward, a fierce gleam in his eyes.

"It doesn't matter. Although you are the great sister of Shuiyuezhong, many of us have pinned our hopes on you before, but you may not really need to rely on you to save something. Since your little girl doesn't know what is good or bad, we don't need to give you any face anymore. Even if you die here today, I'm afraid that no one will really take this matter as the same."

When Yun Tian spoke, the sword in his hand had already been pulled out. He did not want to hurt Ning Bing before.

After all, this is their predecessor Shuiyue zong, and they are considered a genius boy. If Ningbing were to be killed, even the current Shuiyue zong would not easily let them go. By then, even if they were forgiven by the **** emperors, and it was impossible to return to Shuiyue Sect again, and it might even become worse than the current situation.

In order to avoid such a thing from happening, of course he has to let the whole thing still have some buffer opportunities.

The reason why I talk to Ningbing like this is to let this girl know that I don't dare to do it, but I just don't want to do it to her at this time. If things really develop to that point, then naturally they need it. Let the little girl in front of me know what kind of stuff she is.

Ningbing nodded, and the Thousand Chance Umbrella in his hand had begun to emit some faint light: "It seems that we are destined to have a battle today, but this is fine, let me see you guys in the so-called Commandment Hall. Master, what kind of level is it?"

"It's a pity, although you are the master sister of our Shuiyue zong, but your current strength is far from being able to deal with my level, so this time it is someone else who is going to deal with you, not me." Yun Tian smiled. He only had one goal this time. Even in this case, he still didn't want to easily kill Ningbing.

It was because he knew that once he took the shot, the seriousness of the whole thing might completely change.

He still didn't want to make things so irreversible.

Therefore, when Yuntian finished saying this sentence, several disciples from the Discipline Hall also stood up at this time. Since Yuntian couldn't make a move, naturally they had to hand it over to young people like them to deal with it. ,

A few young people looked at Ningbing in front of them and said, "Master sister, I'm really embarrassed. Since it is our elder's order, we naturally have to obey it. Please don't resist too fiercely. Although the strength is not very strong, if you cooperate, you are definitely not our opponent, and there is no point in resisting."

While talking, several young people flashed their figures, and they actually blocked many key points around her directly before Ning Bing could react.

Seeing this scene in front of him, Ning Bing knew that he was now facing a powerful opponent.

They had long heard that there were many magic tricks in the commandment hall, and they didn't know all of them, but now they understand that all of them are true.

The personal strength of these young people is naturally not as good as that of Ningbing in front of him, but when they joined hands, the whole situation was reversed in an instant. Although Ningbing would not fail at this moment, he wanted to break through. The barrier in front of you is not so easy, and even a lot of effort is needed to change it a little.

Seeing this scene, Li Tian secretly breathed a sigh of relief.

"This formation seems to be very powerful, but in fact it only temporarily controls a person, preventing him from directly participating in the battle. It seems that they still don't want to harm Ningbing." At that time, the voice of the remnant soul of the ancient **** also rang, obviously because of the formation and understanding of the formation in front of him.

"In that case, their purpose this time is just to prevent Ningbing from intervening in this matter of mine?"

"Probably it is like this. Although the commandment hall has a good background, in the final analysis they are still a very small power. If they had a quarrel with Shuiyuezhong, no one would be the last beneficiary. If so, why bother to let things evolve to this point? They won't hurt Ningbing now, but what you have to think about now is how you should solve the situation in front of you."

Ning Bing was controlled, and obviously there was no way to participate in this battle.

The two remaining are Li Tian and Chu Jiangnan.

But the strength of the two of them seemed impossible to deal with Yun Tian in front of him. This was a legendary powerhouse of the **** king level.

"Well, now do you two still think that you can win this battle? Seeing this scene, you should be very desperate in your heart. Everything you thought of before was all in this short period. The flying ash was annihilated at the moment, and you will eventually lose to me." Yun Tian looked at Li Tian and Chu Jiangnan, who was calm in front of him, and asked with a sneer.

But Li Tian, at this moment, was like Mao Sai suddenly opened.

He thought of the puzzle that the old man told himself when he was fortune-telling before.

Only now did I know that this so-called puzzle actually told Li Tian only a name, and this person was Chu Jiangnan standing in front of him.
