

A Killer 5751

Chapter 5751: In full swing

"I don't know if you can see it now? Just in front of you, the strength and abilities shown by these two young people are definitely something that we have rarely seen in many places before, especially the one in front of you is called Li Tian's contestant, although he is very hostile, it is likely to affect this person's character, but at present it seems that this young man's hostile control over him is just right," the host couldn't help but explain at this time. Click: "What he is doing now is to bring himself into a state where his heart is like still water. At the same time, behind him, there is also a natural incarnation of the body."

"How is this possible? It hasn't been a long time since this kid got hostile. How could he cultivate himself to this point in such a short time?" Seeing Li Tian like this, at this time Qiang Wudi was also surprised immediately.

While he was speaking, Li Tian's eyes flashed, and the wings behind him stirred, bringing strong winds.

"Are you not ready to fight me seriously? Although I am not ready to end this battle like this, if you are still going to teach me this simple way, I think you will soon know that you and mine What is the difference in strength?" Looking at Qiang Wudi, who was still indifferent in front of him, Li Tian sneered and squinted at him.

"You can take care of yourself, do you really think I didn't do anything?" Qiang Wudi sneered, and suddenly raised his left hand, squeezing out a seal.

In the next second, a pair of golden palms fell from the air like this, shining golden light like the palms of the Buddha, and Li Tian under these huge palms was as small as the Monkey King. .

Li Tian sneered and raised his head.

"I didn't expect it. Our Qiang Wudi player is really the same as his name. He is really strong and invincible. Before we could find any details, he was already ready. Look at this palm. The meaning of falling is obviously that he was ready when he was speaking before. The incident happened suddenly. I don't know if our player Li Tian can be prepared? Is it about to fail like this?" He looked into the air. With his huge palm, he is also curious about how this young man is going to deal with it?

"These hands seem to be powerful, but to me it's just that." Li Tian raised his right hand and forcibly supported the huge palm, but at this moment, his whole body It just fell to the ground like this, smashed heavily on the ground, a huge pothole appeared, and the dust also flew away at this moment.

'It's such a strong power. If it weren't for the first to enter the state where the heart is still in the water, and it's very sensitive to the surrounding forces, maybe the problem would be serious. Li Tian squinted his eyes and looked at the vowed Qiang Wudi in front of him. Although he was slapped abruptly by these hands, there was no serious problem, just a small shock.

"That's right, my move didn't kill you directly in seconds. It seems that you kid is much more difficult to deal with than I thought. Now I'm really more and more curious. Our next battle will evolve. What is it like? How are you going to deal with me?" He squinted at Li Tian in front of him and asked suspiciously.

"This kind of thing obviously does not require you to think about it. I think you still need to think about what you are going to do at this time." Li Tian sneered, and several imperial wind spells appeared beside him. The speed also started to become faster, and at the same time, the void moved quickly. Every time the body passed through the black hole, a clone would appear again.

"It's terrifying, and you can see from the audience. The strength of these two young people is really beyond our imagination. Our Li Tian player has split into so many clones. This is very important for this whole game. Fighting is a terrible influence."

So many clones appeared from all directions, followed by dense spells. ,

"It's really boring, such tricks like tickling will never hurt me, are you still planning to use this trick to deal with me?" Qiang Wudi sneered, a killing intent flashed in his eyes, and the iron rod in his hand was fierce. It knocked on the ground, and then the whole ground trembled, as if it was an earthquake, followed by a gas field rushing out from below.

Li Tian's body shook, but soon he flew up, squinting at Qiang Wudi in front of him.

"Forbidden technique, God is about to die!" Qiang Wudi roared, and then a lot of golden energy appeared in his body, like a river of gold condensed, began to slowly condense toward the sky, following these Energy appeared, and an illusory shadow slowly appeared in the air. This was a shadow that looked like a Buddha sitting cross-legged on the ground, bathed in golden light.

"I really didn't expect Qiang Wudi to have cultivated to this level. This trick is about to die. It seems that it is also a forbidden technique that few people on the Southern Wilderness can learn?" Seeing the battle on the ring, Chai Both Lei and Bai Xiaosheng were very helpless. When they were young, they might not have the strength of the two young people in front of them.

The talents and abilities of these two people really want to excel among the young people of this generation.

"This time there may be some accidents in the battle. Do you think we should send some people over to stabilize the problems here first." Looking at the battle between the two men in front of him, Bai Xiaosheng asked with some worry. , If these two people are injured either, even if they die here, it will also have a huge impact on them, and this impact may involve a series of problems.

"Don't worry, can't you see it? Although the strength of these two people is very strong, but now they are only beginning to show their strength slowly, there is no intention to really end the battle." Lei squinted his eyes, he knew too much about the strength of these two men. The two men are probably only slowly beginning to show their strength, and they have not really ended the battle yet.

Chapter 5752: God is dying

The entire sky was dyed golden at this time, just like a golden expanse of the sea, looking extraordinarily beautiful.

But under this golden ocean, there are all unspeakable depressive feelings. Under this golden cloud, you can feel that the whole person's emotions have all become depressed at this time.

This feeling made Li Tian very uncomfortable, and at the same time he wanted to change this situation.

"God is dying, this is a well-known forbidden technique from the Southern Wilderness. Once this forbidden technique is displayed, Qiang Wudi's strength can be greatly improved, and it is not so easy for you to get close. "The voice of the remnant soul of the ancient ***** rang at this moment, saying very solemnly.

"Naturally, I know this trick is difficult to deal with. Seeing the Buddha in front of me, I know it is difficult to deal with today." Li Tian said angrily, seeing the Buddha appearing in front of him, he knew what was next Very troublesome.

This golden Buddha was sitting behind Qiang Wudi at this time, his body was shining with a ray of light, and the golden eyes were all indifferent, looking at Li Tian in front of him.

Li Tian snorted, and the hostility behind him began to slowly condense, and something that looked a little like a phantom appeared.

"Are you still trying to use your so-called external incarnation to deal with the Buddha behind me? You know it yourself, the gap between these two can't be cleared casually." Qiang Wudi sneered, looking at Li Tian in front of him and the Buddha behind him, he also slowly raised his hand, and after that, the radiant light scattered down.

This scene came extremely quickly, shooting down like a storm, and Li Tian was controlled in the blink of an eye.

Following this, there was a loud explosion on the ground.

These golden rays of light falling on the ground are not that simple, directly causing cracks on the ground, followed by a wave of air, which caused Li Tian to fly upside down and hurry up into the air.

But even in this way, there were still many wounds on his body, and he did not expect it to be so fast.

"I really didn't expect that this guy's ***** would be so terrifying. If I hadn't seized the time to leave the core position of the attack, maybe I have been seriously injured now." Li Tian raised his head and looked at the tall Buddha. Here, the radiant light on his body made him afraid to look directly. It only takes a small glance to feel that his eyes are beginning to become uncomfortable.

"This is their strength. Without such strength, it is naturally impossible to show such a trick here. What you need to pay now is to defeat this Qiang Wudi under the protection of the Buddha. As long as you can defeat this guy, all the following problems can be solved directly." The Remnant Soul of the Ancient God said on the side.

Li Tian tried to get his clones close to the Buddha, but the process did not last long before these clones were directly broken up by the Buddha.

The Buddha didn't move at all, just a look in his eyes directly distracted all of his clones.

"Do you still want to use these clones to get close to me and defeat me? Don't be delusional, unless you get close to me, you don't want to attack me, but if you get close by yourself, you will also enter me. Within the scope of the attack, how much do you think you have chance of winning in this

situation?" Qiang Wudi sneered. Seeing Li Tian, who was squinting in front of him, seemed to have guessed what this guy was thinking in his mind. The same thing.

Li Tian is really nervous now, and he never thought it would be such a difficult trick.

Slowly closing his eyes, a trick appeared in his mind: "It seems that there is no other way. If this guy has reached this point, he can only choose to use that trick to deal with."

"God is about to die. This is a rare forbidden technique in the Southern Wilderness. This forbidden technique is extremely powerful. We also want to know that in the face of such a powerful forbidden technique, our What kind of choice will player Li Tian make? Facing such an opponent, can he still defeat his opponent under such difficulties?" The host raised his head and looked at the Buddha in front of him. Squinting his eyes.

"What do you think are the odds for these two men?"

"It's Li Tian, this kid has grown very rapidly during this period, and when he is recovering his body these few days, he also never thought of letting it go, but he continued to cultivate his strength very seriously. , Now it is very likely that it has grown to an unimaginable point." Bai Xiaosheng answered when Chai Lei asked himself this question.

"Moreover, I also hope that Li Tian can win this battle. I still look forward to this young man. He can become stronger." He smiled and responded.

Sure enough, it was at this time.

Li Tian started to move.

"Is it really about to start the final battle? Our player Li Tian seems to be brewing a very powerful trick. At this time, there is a light of confidence in his eyes. Could it be that when facing such an enemy? , Can he also come up with any terrible tricks?" Looking at Li Tian on the ring, the host became even more excited.

‘Could it be? Seeing that there was a little movement in Li Tian at this time, Qiang Wudi was also surprised at this time.

He knows the past of Li Tian in front of him, and he also knows that this kid may use spells to deal with himself, but this time in the ring, he really didn't have time to think about it.

It's just that when Li Tian started to focus his attention slowly at this time, I felt that this guy seemed to use this trick to move his hands and feet

"You guessed it, since I can't get close to you, then what I have to do now is to use spells to destroy you." Li Tian smiled and raised his head. He had prepared a lot of spells during this time. These spells made by ancient spell masters were so powerful that he didn't want to use them in the first place, but now they can only look like this.

The scariest thing about a charm is that you don't know its characteristics or what it looks like.

So facing a spellmaster is usually uncomfortable.

Chapter 5753: Frost leaves all over the sky

Li Tian's side began to gather a trace of energy slowly, and these energy slowly flowed into his body like a gurgling stream.

The Hong Zhan in his hand began to tremble slowly at this time, as if Li Tian's soul was trembling.

Li Tian lifted up and quickly drew a lot of runes in front of him. After these runes were drawn, a little blue and white appeared, and they were still spreading.

Originally, the location of their battle this time was not a cold place, but in the middle of the God Realm, it could be regarded as a place with a pleasant climate.

But the moment these spells appeared, the surrounding aura began to change.

Li Tian himself was hostile, and these hostile auras seriously affected the people around him like frost. At this time, using the spell in his hand, it became even more terrifying.

"Hey, what's the matter? I feel that my whole body is about to freeze at this moment. Is the strength of these two young people really terrifying to this point? We are now. Outside the barrier, how could it be affected by the battles inside the barrier?" A young Sanxian felt his body become stiff at this time, and asked without a doubt.

"Of course, you know what the strength of the two people in front of you is. Even adults like us may not be as good as these young people." At this time, another Sanxian said.

"Look, the whole ring is about to be frozen."

Sure enough, at this time, the entire arena was completely different from before. Before, it was still plain, but now it's all turned into ice fields.

And at this time, piece by piece of white frost leaves slowly fell, and the sky was full of these white frost leaves, falling all over the ground, and the earth also froze.

The aura in the barrier started to become extremely cold.

"this is....."

"This is the spell of the ancient spell master?" Qiang Wudi looked at the scene in front of him, and a lot of incomprehensible colors appeared in his eyes, and he did not dare to think that this young man would even get the spell of the ancient spell master. According to the information he had obtained before, it seemed that this ancient spell master's spell was not as easy to deal with as they thought.

"It seems that you are still a knowledgeable guy. This is indeed the ancient spell master's spell, and it is powerful." Li Tian squinted his eyes and looked at Qiang Wudi in front of him: "Didn't you say it before? I can't get close to you, indeed. It's like this. The Buddha behind you has a very strong defensive ability. Once I get close, I might be seriously injured. But at this time, I don't get close to you. I just use these tricks to disgust you. Are you also uncomfortable?"

"Huh, naive boy, if you can really defeat me by using these little tricks, can this trick be called a forbidden technique?" Qiang Wudi sneered, snorted coldly in his mouth, the next second, on the ground There was a golden light of ten thousand feet, and densely packed Buddha's hands fell from the sky. This scene seemed to completely kill Li Tian in front of him.

Li Tian was also a little surprised, but he didn't expect that this guy would actually be so real.

Seeing these bergamot hands above my head, I feel that the next problem may be very serious.

He hurriedly began to call the rune in his hand frantically. Now the rune has not been fully completed, and the combat effectiveness has not been shown. It is not that simple to deal with the Qiang Wudi in front of him.

But Qiang Wudi's attack can't just be ignored.

Even if he is really good at it, wanting to ignore the attack of the guy in front of him like this is also an impossible thing to do.

"Don't waste time in vain. You know what the strength gap between you and me is. It is impossible for you to defeat me. Why do you waste time here challenging me?" Seeing Li Tianhuan Ready to continue resisting, Qiang Wudi sneered.

"Who said that I am not your opponent? This is just what you look like on the surface. My true combat effectiveness has not been shown yet?" Li Tian sneered and directly summoned the Canglong. Yours, as long as you can hold on for a while, he will know how difficult the next battle will be after my spell is completed."

"Don't worry, I will delay you as much as possible." After the Canglong appeared, he spit out a breath of dragon. His current breath is much more dangerous than before. These dragon breaths are sprayed out and a lot of them are directly sprayed. The bergamot broke apart.

"Hmph, I don't realize it, I still want to resist now." Qiang Wudi snorted, waving the iron rod in his hand, and in the next second he saw these bergamot condensing marks, and they quickly fell one by one. .

The speed of Canglong is very fast, but the speed of these bergamot is still faster.

These bergamot were already in front of Li Tian in the blink of an eye, and they were about to fall on this guy. The hostility behind him was also entangled at this time, and they actually controlled these bergamot abruptly. The scene on Zhandou was also controlled at this time.

‘Damn it, I forgot the external avatar behind this kid. Although it’s not in a fully formed state, it’s a little bit powerful. It won’t be a problem to stop these methods in front of me. Qiang Wudi squinted his eyes. At this time, he was also a little irritable. He had forgotten such a serious matter. Behind this kid, there was a hostile external incarnation.

"Enough time." A cold light flashed in Li Tian's eyes, and the world was overshadowed by it in the next second.

The frost on the ground began to slowly spread toward the barrier, and as long as it was in this ring, as long as it was alive, everything began to slowly become stiff at this time. No matter what you do, you can’t Prevent this change of body stiffness.

"What's going on, my body... unexpectedly..." Qiang Wudi naturally couldn't avoid this situation. His body began to stiffen up slowly, as if frozen, but the immortal inside The force was still flowing, this feeling made him start to become unreal, and he had no idea what was going on.

"This is my spell trick. Frost leaves are all over the sky." Li Tian smiled and looked at Qiang Wudi proudly: "How is it, very powerful?"

Chapter 5754: Epic collision

"Every time I see you as a kid, I feel very different from what I had before. Now this feeling is even more profound. If you enter the realm of immortals in the next few days, maybe I don't at all. You will doubt it, after all, your current strength is already terrifying, and it's not a problem to become more terrifying." Qiang Wudi slowly felt his body start to freeze, and said calmly.

"Don't you want to find a way to change your current situation? Are you going to be frozen like this? I think you should not be reconciled to this way?" Li Tian asked.

"Hehe, I have already said that this time the battle has not ended so easily. This is just a control trick. What are you going to do? Next?"

"This spell is not that simple. If it were just a control spell, I would not have become so cautious. Haven't you noticed it? It's not just when your body starts to become rigid. When you get up, even your control of the immortal power to agility is slowly being weakened at this time. This is my real goal."

"You want to make my Xianli not so easy to control, so that you can easily deal with me?"

"Naturally this is the truth. As long as the immortal power in your body is not so easily mobilized by you, the next problem will become a lot easier." Li Tian smiled, and the Hong Zhan in his hand waved, a sword aura It was cut out, but as soon as it appeared, a lot of icy ballast was condensed on it. These icy ballasts looked as hard as thousand-year-old profound ice, and they were shining with cold light.

"Oh my God, the battle between these two people really changes quickly. Just when we thought that Li Tian was about to fail, he successfully used his powerful strength to tell us that this battle is not over yet. The terrible abilities shown by these two people at this time, I think many people who are doing it, may not even dare to imagine such a young genius in this world." The host said excitedly.

"This trick is really terrifying. No matter what kind of master you are, as long as you enter this field, you will be frozen, and the speed of the fairy power will be greatly reduced, so that the next battle will naturally be It has become more difficult, and it is impossible to make a comeback." A scattered fairy looked at the two people on the ring, and couldn't help but say in surprise.

"Who said no, this trick is simply a super horrible trick. Once it is displayed, it really makes people have no way at all." Another Sanxian echoed.

"Don't think about it here. Who are these two people, one is the genius of Southern Desolate City, and the other is the genius of New Moon City. Would they really end the battle so easily?"

At the same time, Li Tian raised the sword in his hand.

Hong Zhan pointed directly at the sky, followed by a cold air that fell, and in front of him condensed into a huge frost sword. This sword slammed down and directed towards Qiang Wu. Di smashed the past.

As for Qiang Wudi, it seemed that there was no other way.

His body is already completely stiff at this time, and the power of immortality is not so easy to mobilize. It is like being chopped off his hands and feet. The strength that can be displayed at this

time is really very leisurely. It is natural to want to change this situation. It's not so easy. Everyone thinks that this kid may not be able to change anything at all.

If it can come back in this state, it's really amazing.

But when everyone felt that there was nothing hopeless for him, the Buddha, who had been closing his eyes before, suddenly opened his eyes at this moment.

It was the moment the Buddha opened his eyes.

Li Tian was stunned.

It was a pair of uncomfortable eyes, a pair of eyes full of compassion. He looked straight at Li Tian under his feet, just like a high existence, looking at a humble ant. same. ,

And the pity in his eyes didn't know why Li Tian's whole body's emotions began to tremble, his body trembled slightly, and the Hong Zhan in his hand began to dim.

"Li Tian, what's the matter with you, cheer up." Canglong and Li Tian are heartfelt gratitudes. At this time, you can also feel that Li Tian's current state is really very bad, and he was still in a state of mind like water before. However, after seeing the eyes of the Buddha, the soul of the whole person seemed to be lost. At this time, standing stupidly in place, there was no reaction at all.

If this is the case, what else might happen.

But no matter how people like them summoned Li Tian, Li Tian didn't have any reaction at this time. It really seemed to have lost his soul, standing on the ground stupidly.

"I have already said that this battle will not end so easily, and it is impossible for me to fail so easily. It is really easy for me to deal with you now." Qiang Wudi moved his own. Body, this guy really didn't have any problems at all, even in Li Tian's spell of frosty leaves all over the sky, it still had no effect.

"Oh my God, how is this possible? Our Li Tian player's spell hasn't had any effect." The host on the other side was surprised at this time, even he thought he was fighting this time. Among them, Li Tian may have won a complete victory, but no one would have thought that something like this would have happened at this critical time: "Could it be that this battle is really going to be reversed?"

"Li Tian, you wake up soon." The Remnant Soul of the Ancient God reminded at this moment.

"I know what is going on with my current physical condition, but I can't move. When I saw the Buddha's eyes, I felt that my body was out of control. No matter how I did it, I can only be honest now. He's standing still." Li Tian said helplessly, completely unaware of what's going on with him now, just glanced at the Buddha's eyes and his body was out of control.

"Your soul is being separated from your body a little bit. If this continues, you will soon become a wandering soul." The Old God Can Soul said in surprise.

Chapter 5755: Separation

Li Tian is now very clear about his situation. The soul in his body is like being pulled out. This feeling is extremely uncomfortable.

The Buddha's eyes were the kind of pity for the world, and he didn't know why. He just glanced lightly, and felt his soul was caught in a whirlpool. When he woke up, his soul and soul The soul began to separate slowly. This feeling was particularly clear, but there was no way to stop this evolution.

"You must be very puzzled now, why would you suddenly feel that the soul and the soul are beginning to separate slowly, slowly detaching from your body." The tall Qiang Wudi, squinted his eyes. Li Tian, who was slowly falling down on the opposite side, knelt down in a piece of ice and snow, and the sword energy in between had disappeared at this time, it was difficult to find the slightest trace.

At this time, no one would believe the situation on the ring, and Li Tian could reverse it.

"This is really a twists and turns, it seems that our player Qiang Wudi's strength is really the same as his name, strong and invincible, can it be said that this competition is really going to end like this?" Excitedly, he looked at this side and said.

"Are you sure, he got the news?" Murong Ziqing looked at the white man in front of him in a courtyard in Tianqi City and asked.

"After we got the news, I told him all the contents as soon as possible. He should be very clear." The man in white looked at Murong Ziqing in front of him. Naturally, what he saw in front of him was not her deity, but a clone. That's it.

"They arranged so many people to come over this time. They just wanted to put him to death. It's better to use the trick. That's fine." Murongzi squinted his eyes and said worriedly: "Let's take a look at today's test. Where will it be again."

Above the ring, Li Tian began to slowly kneel to the ground, like a devout believer, crawling in front of his god.

The Buddha is high, and his golden eyes are full of high compassion.

He slowly raised his golden palm, opened his huge mouth slightly, and said some Sanskrit sounds that Li Tian could not understand.

When these Sanskrit sounds appeared, Li Tian could no longer move.

Seeing the huge golden palms fall, many people's eyes widened. The palms fell down like a big mountain, and smashed down quickly like a mighty force.

"Haha, look at what you are like now, internal and external troubles, even if you have powerful magical powers, now you can only bear my anger honestly, right?" Qiang Wudi saw Li Tian's embarrassment now. , I was also very excited. I was worried that if I couldn't suppress this kid by any chance, everything I said before was wasted.

Looking at it now, this problem does not seem to exist at all. Isn't it easy to deal with Li Tian in front of him?

Chai Lei and Bai Xiaosheng both stood up at this time: "The situation is urgent and it cannot go on like this. If Qiang Wudi continues to fight like this, maybe Li Tian will be killed by this guy in the next second. At that time, we will not be able to explain this matter."

"But if you shoot now, this time the result may be very unfair to Li Tian." Chai Lei looked at the ring. Judging from the current situation, Li Tian is definitely at a disadvantage and wants to reverse this situation. If it is, it is basically impossible. The opponent is very strong, and the shot is a deadly move, and it will not give him a chance at all.

"In any case, I definitely can't continue like this. The battle between the two people has reached this point. Should we two of us have to do nothing without seeing it? Wait until the New Moon City asks, we How to answer?" Bai Xiaosheng said helplessly, and he had already begun to move towards the ring. Even if the result was not fair, they could only choose this way now.

Let Li Tian fail, it is more reliable than Li Tian died here.

If this young man died here, then all the plans they had designed before might all disappear in smoke.

Fu Disheng squinted his eyes and said, "What are you two worried about? This is just the beginning of the battle."

"Big brother, it's already reached this point. What else did you say about the battle that just started, don't you still see it? Li Tian is at a disadvantage now. If this slap really falls, wouldn't it be possible? Did you let this young man lose all his life?" Seeing that Fu Disheng in front of him didn't take this matter seriously, Chai Lei and Bai Xiaosheng both had some confusion.

It's already reached this point, it's time to make a move, or wait for Li Tian to die on this ring?

"The thing you two need to avoid most is your own mentality. Don't be too anxious when facing such things. The more powerful the master, the more you can calm down in the battle. The reason why it has been so long. Neither of you has grown up yet, because you are still too impetuous in the process. Only when you really calm down your mind can you see many things that you don't know." Fu Disheng said With a smile, he looked at the two people in front of him and said.

Compared with these two anxious guys, Fu Disheng's attitude is calm and irritating, as if Li Tian died here, and it has nothing to do with him.

But like Fu Disheng, there is also the host in the ring.

He squinted his eyes and looked at the top of the ring, and said: "Although our player Li Tian looks embarrassed now, I feel that he seems to be preparing some powerful big move. Could it be that he is going to show it to us all next? Has your terrifying strength come out?"

"Hey, I thought this host was good before, but now it looks like just a bastard."

"Who said no? Now Qiang Wudi has basically settled the victory. Li Tian is just waiting to die. Who believes that this kid can use any powerful means at this critical time?"

After hearing the host's words like this, several scattered immortals smiled disdainfully, did not take the host's words to heart, and even laughed.

But soon, their eyes widened.

Chapter 5756: too slow

The huge palm has fallen down, and the reminder of the remnant soul of the ancient ***** is constantly intensifying.

At this critical moment, the phantom behind Li Tian lit up with a blood-red light, and then, there was a killing intent in his eyes. He raised his head, and the corners of his mouth rose slightly: "Could it be that Is your strongest trick yet?"

"This...this..." Qiang Wudi saw Li Tian who had returned to a normal state, and his pupils shrank. He didn't know how to describe his emotions. He hadn't even thought about Li Tian. It can be alleviated from this state of separation of souls, what secrets is there in this young man's body that he doesn't know?

"Your strength is indeed very good, and the power of this move is also very powerful, but it is a pity that it has no good effect for me." Li Tian had a scornful smile on the corner of his mouth and squinted his eyes. Looking at the Qiang Wudi in the sky, his body slowly flew up. At this time, the audience around the ring was wide-eyed, as if he had seen a ghost.

They simply couldn't imagine that something like this would happen at this critical time. The young man who seemed to have been in a life and death situation before, recovered so quickly.

What happened in these short minutes?

The moment the huge palm fell, Li Tian's body deflected slightly, it looked like it was only a small distance, but he easily dodged the attack, and the red cut in his hand brought a burst of sword energy. , Hit this bergamot directly, and the explosion sounded continuously for a while, and then this bergamot was directly cut off by his sword: "It's really too slow, you think such an attack can attack me Does it have an effect?"

"This is impossible, how can this be possible, the defensive and offensive capabilities of this Buddha are extremely powerful, you simply..."

"You forget, the frosty leaves that I used to fill the sky are not over yet, the cold in your body has begun to affect everything about you, this is not what you can expel with the power of immortality." Li Tian The corners of his mouth rose slightly, and the Red Zhan in his hand aimed at Qiang Wudi in front of him: "It's almost time to let me see what your strength looks like."

Qiang Wudi was still surprised at this time, but soon recovered, and sneered: "In this case, let you know how good I am today."

When he was speaking, this huge Buddha stood up in the air for the first time, then raised his deity's right hand and smashed it directly at Li Tian's forehead. Seeing this, it seemed that he was going to be directly attacked. His head was smashed.

Li Tian snorted disdainfully: "I have already said that this is my absolute realm now. Although your previous move was very powerful, the power of my soul is beyond your imagination. It is impossible to defeat me here." When he spoke, the red cut in his hand turned into a charging cannon, and then a huge beam of light rose from the sky.

The power of the rechargeable cannon can be imagined, and even this indestructible Buddha seems to be unable to withstand such pressure.

Under the power of the cannon.

The Buddha retreated steadily.

And Qiang Wudi also opened his mouth to spit out a mouthful of blood: "This...how is this possible, this is impossible at all, how could you harm the Buddha's body, you must know that this body is difficult for many people to destroy. What kind of yang thing did you kid do, you can do it this way."

"There are no wonders in the God Realm, and there are many places that you can't imagine." Li Tian said, and in the next second he used the void to leap to Qiang Wudi's face, which is where this happened. In just a few seconds, Qiang Wudi appeared a little hesitant state. It is precisely because of this hesitant state that he did not have time during this period of time to defend against the spatial fluctuations around him.

So in the next second, Li Tian has already arrived in front of this guy,

Kicked on Qiang Wudi's chest.

Although Qiang Wudi, who was in a daze, eased over in just a few seconds, it was already very late at this time, and the whole person flew upside down, then hit the ground heavily and spit out. A bite of blood came.

"It's unbelievable that someone can face this Buddha and achieve this point. As they said, if this young man continues to develop like this, he will definitely become the most unstable factor in the entire God Realm. If it is allowed to develop in this way, it will only hurt us all." Qiang Wudi was injured, but this guy didn't even mean to give up like this in his eyes.

He squinted his eyes, his eyes full of unswerving killing intent.

At this time, I finally realized that the talent and growth ability of the young man in front of him is really unimaginable for them. Such terrifying power is an absolute challenge for them.

While coughing, he stood up from the ground.

And the Buddha in the sky has also changed from sitting in the air before standing on the ground, and the huge figure is like a big mountain blocking the sky and sun in front of Li Tian.

"This time I don't want to end the game so quickly, but it's obviously meaningless to fight with you, so let's just let it go. You honestly admit defeat, and you save yourself shame in front of so many people. It's still relatively kind." Li Tian looked at the embarrassed Qiang Wudi in front of him, the invincible guy before, now standing in front of him like a beggar who has lost everything.

"There is no need for you to be so kind in front of me, I can do my own things, Lord, our battle is not over yet, I will not be able to give up before the last second." He glanced at the front of him. Li Tian sneered: "I know what you want to say. You must want to laugh very much in your heart now. The unbelievable me before, is now beaten like this by you."

"I have always believed that there is cause and effect in this world. There is a reason for you to become this way, but this reason is definitely not me." Li Tian smiled and said: "Give up, you know that you can never win. , Why bother struggling to support it here, even if you stick to it, it doesn't make much sense."

Chapter 5757: Abuse

"Hehe, you are too arrogant, but you just made me suffer a small injury, so you naively think that I have failed?" He stood up, even if his body was trembling violently now. It was his own soul that began to tremble now, but there was still no one in his eyes that looked panic.

He knew that once today's time passed, he wanted to kill the person in front of him, but it would be impossible.

This kid will inevitably be protected by the strength of all parties after this game. It will be completely impossible for them to continue to deal with Li Tian in front of them.

Therefore, there was only one chance before this. Only when Li Tian was killed in this ring, Nanhuang could not take any responsibility. Young people, in order to defeat his opponent, he was emotional and missed and killed his enemy. It is reasonable.

He was punished a little at most, but he couldn't be implicated and died.

Since there is no possibility of sacrificing one's own life, of course, he won't be very worried and can't go all out in this battle.

"Really? Look at what you are like now. Even when you stand on the ground and look at me, your body begins to tremble restlessly. He can no longer hold on. This **** is about to die. It looks like it is very powerful, but it has already drained all the immortal power in your body, why should you continue to persist like this?" Li Tian stood on the spot, holding a sword in his right hand, and a back in his left.

"It's impossible for a person like you to understand, just as you think it's impossible for me to understand you. Both of us have different views on this kind of thing. Today I will not easily admit defeat, because I must Conquer you." Qiang Wudi said, holding the iron rod in his hand with one hand. Because of his great strength, all the veins on his body became tight.

You can even see a lot of wounds left over from the battle, and because the blood flows too fast, it starts to flow wildly.

In the blink of an eye, his body was already full of blood.

At this time, Qiang Wudi was bathed in these blood, staring at Li Tian in front of him: "Accept my last blow."

When he was speaking, the iron rod in his hand lit up with a burst of light, followed by the Buddha behind him, who also opened his eyes, and a lot of sanskrit sounds came out in his mouth.

The iron rod in his hand was bathed in gold and pierced towards Li Tian.

How does lightning feel?

That is the moment when you shoot, you have no way to react.

The reason why Qiang Wudi took this as his last move is because the speed of this last move is so fast. Generally, no one can hold on at this speed, usually in a few seconds. Within, this battle ended directly. Of course he thought the same way. This time, he would definitely end the battle in just a few seconds, right?

But he did not do so at all at this time.

When Qiang Wudi's iron rod was about to approach Li Tian, he slowly raised his right hand, twisted the red sword in his hand, a sword aura struck, and then his body moved lightly, easily Dodged the past.

He was expressionless, but there was some seriousness in his eyes: "I said, your speed is too slow. It is impossible to use such speed to defeat me."

"This... at all..."

"Don't use the little things you know in your mind to measure the world. There are countless strong people in this world, and there are more people terrifying than you. Do you really think these things you know are authority?" Li The sky sneered and looked at the man in front of him who looked like a mentally retarded Qiang Wudi. Although this guy is a genius, his mind is full of unreliable theories.

God's dying of the world may be really powerful, otherwise it would not become a forbidden technique in the Southern Wilds.

But this kind of thing is all different from person to person, any trick requires the strength of the caster to become stronger, and their power will also become more terrifying.

It's like if Li Tian uses the fireball technique in the spell, he will be much stronger than the ordinary fireball technique before. This is because a person's strength is different, so his tricks will naturally become different. .

At this time, Qiang Wudi's stick stabbed over, but it had no effect at all.

In front of Li Tian, these movements were as if they had been slowed down many times. It was basically a clear view of the opponent's movements. In this way, if you still can't avoid it, then it is really a big question.

Jian Qi slashed on Qiang Wudi's body, causing him to fall out again.

At this time, the Buddha had already taken a palm of his hand. Just when many people thought that Li Tian would use Jianshe to deal with it again this time, this guy directly raised his right hand.

"Damn it, isn't it true? This guy wants to use his right hand to harden steel with this kind of Buddha?"

"It looks like this is indeed the case, but as far as I know, no matter how terrible the human body is, it cannot be the opponent of this Buddha. Even the **** emperor faced this kind of **** dying. Buddhas must be careful. They are not only very strong defensive, but also have a more terrifying combat power. They can't control violence with violence at all."

"Hey, this kid seems to be a little proud, thinking that he is invincible now, but he doesn't know that in front of this Buddha, this is nothing at all." Another Sanxian said in agreement.

The host also said excitedly: "It's horrible. The young people of this generation really surprise many people. I didn't expect that there are actually people in this world who can do this?"

"Of course it is impossible. If this kid can do it, we will run naked in public." A scattered fairy said loudly.

After talking about this Sanxian, many people started to booby.

No one is optimistic about Li Tian, but they are still looking forward to miracles. After all, Li Tian standing on this ring, but the creator of miracles, has no idea how many miracles have happened to this kid. , Probably no exception at all.

They are all waiting. In the next few minutes, what terrible things will happen?

Of course, Li Tian didn't seem to have the intention to disappoint them, but he still looked pretty.

Chapter 5758: Palm to palm

"Hmph, you kid really got proud in the previous battle, thinking that your strength is now unmatched, but you don't know that you are nothing in front of me. You will soon know your level. How terrible it is." Qiang Wudi sneered when he saw that Li Tian used his body to stop the slap abruptly.

The reason why I would fight Li Tian like this before was actually trying to get Li Tian's attention all on himself.

With the passage of time, he has begun to feel it, his body is full of cold, and even his body has begun to become stiff.

"Of course you won't believe it, thinking you haven't done this before." Li Tian said lightly, and then lightly said that, slapped it up.

In an instant, a wave of air rushed towards his face.

The scorching air wave instantly swept across the ring like the heat of the magma mouth. The audience outside the model was all protected by the barrier, or they would be sweaty in this short instant.

However, these air waves were not just heat, even the profound ice on the ground began to be slowly scratched away.

The impact is really on the barrier, causing the barrier to start to produce a little bit of faint cracks. Although these cracks cannot be seen without careful observation, it is enough to prove that you can do this by splicing your own strength. Li Tian's strength really exceeded many people's imagination.

"Oh my God, I really didn't expect to see such terrible strength in my lifetime. Look at this young man, can't even this enchantment start to withstand such a battle?" The host was excited. Said.

And these audiences are all dumbfounded at this time.

They have no idea what happened in the short period of time.

Li Tian slowly retracted his palm, with a hot air flow above it.

Qiang Wudi's eyes widened: "This... how is this possible."

"You have said it many times today. Since you don't want to end the battle so quickly, then I will let you repay the humiliation you have done to me before." Li Tian sneered, and the corners of his mouth slowly became hideous, his body instantly When he arrived in front of Qiang Wudi, he slapped him down and smashed this guy into the ground abruptly, then smashed it down with fists and fists.

"The victory has been divided. Qiang Wudi probably wanted to fight against this Buddha this time, but he didn't expect that when the Buddha faced Li Tian, he would be broken up by Li Tian. In this

state of exhaustion of immortal power, he naturally can't hold on." Fu Disheng looked at the two people on the ring and said lightly.

"How is this possible? How can this kid be considered to be about the same strength as Qiang Wudi? If Qiang Wudi is already unable to hold on, why can Li Tian continue to fight?"

"You underestimate the strength of this young man. You don't know many things that happened to him. Even if you have witnessed it with your own eyes, you will never believe that this young man can do this." Fu Di Sheng sneered, looking at Li Tian on the ring, and said: "Trust me, if this kid can grow up, he will definitely become the goal of many of us."

Above the ring, time has not known how long has passed.

But in this battle, it was a pure collision. Neither of these two people used the slightest celestial power in it, and it was completely the kind of punch to the flesh.

And Qiang Wudi, in this process, is acting as a sandbag.

Even he himself might not have thought that he would become what he is now when facing Li Tian.

"Now, before you thought you could beat it, but now?"

"Ahem... If you have a kind, kill me."

"Kill you? I'm not an idiot. I don't have any powerful characters behind me. Even if you kill me here, there won't be any serious problems, but if I kill you here, then I can It has caused a lot of trouble." Li Tian sneered, this kid even wanted to kill him, it was a joke.

"Hehe, you are still a coward. I thought you had nothing to fear in this world. Now it seems that you are not like this at all. Even if you are like you, there are still a lot of fears, right? "

"Of course it is like this. In this world, no one can guarantee that he is not afraid of anything, even me." Li Tian sneered and asked: "Although Nanhuang is very powerful, you are nothing but It's just one of the small characters. Don't be so arrogant in front of me. This time it's just defeated by me. If it's the next time, I might kill you."

"Hehe..." Qiang Wudi laughed, watching Li Tian swaggeringly disappear from his front.

He clenched his fist. At this time, the mental state of the whole person began to deteriorate. I really couldn't think of why the young man in front of him was so terrified. Before, he thought that he and the guy in front of him must have a battle It's powerful, but only now I realized that I don't seem to have such strength at all.

After coming out of the ring, all the outside audience looked at Li Tian stupidly.

Only one person hurriedly stepped forward: "How are you, are you not injured?"

"of course not."

"Are you an idiot, that Buddha's power is so terrifying, how could you..." Ning Bing saw Li Tian's serious look, as if what happened before had nothing to do with him, which made her heart. Please be very bad, does this idiot really think that all these things do not matter?

"Of course I know that Buddha is very powerful, but I have more confidence in myself." Li Tian smiled and looked at Ning Bing in front of him: "You are so worried about me. If I die like this one day, will you worry about it? ?"

"You...what silly thing are you talking about?"

"Hehe, nothing, it's just that I'm curious all of a sudden, I want to ask how you will feel."

"If you die, I will feel a little bit uncomfortable. After all, you are now my only friend in this world." Ning Bing looked at him and said solemnly, the tone didn't seem like Kidding.

Seeing her like this, Li Tian smiled faintly: "This way I can rest assured."

Chapter 5759: suspended animation

It was night, and the wind was blowing gently.

Li Tian sat in his own room. This was a house built with huge power in just a few days.

He was sitting at the table at this moment, looking at the bright moon outside.

"You are definitely not the first to kill me. But it won't be the last." He didn't turn around, but he already saw the dark figure behind him: "They still don't want to let me go, their grudges on the earth. Why bother to delay to such a place?"

The killer was full of disdain, holding a dagger in his hand: "Stop talking nonsense, I am here today to kill you."

"That's really embarrassing, there are no dogs here, and I can't kill you." Li Tian shrugged helplessly, and turned to look at the killer in front of him: "Haha, I really didn't expect that a powerhouse like you at the immortal level would be regarded as a killer. I don't know if you knew that a previous master at the realm of the **** king could not kill me."

"Hehe, Jie Lü Tang and Nan Huang thought that their plans were foolproof, but they didn't know that they were calculating at all, but we are different. From the beginning to the present, we have not really exposed our identities, you just I know why we dealt with you, but I don't know who we are and where." The killer snorted: "You don't have to think about contacting others. I have already set a barrier here. There are no more than three or two days. Time, they won't find you still alive here."

"You just don't want to let me go?"

"You staying like a person will eventually become a big worry for us. Why do you think Nanhuang wants to kill you so urgently? Why do you think Qiang Wudi even hurts himself seriously and wants to drag you in? The abyss, but we told them that if you continue to grow like this, it will only become more and more dangerous, so you must be killed when you are still very young." The killer's eyes flashed with teasing light, looking in front of him Li Tian said.

Li Tian's palm was already tightly clenched at this time, looking at the killer in front of him, gritted his teeth and said, "It seems that there are still many key things in your plan that I don't know."

"After we have killed you this time, even Ningbing will not be able to survive this crisis. All people related to you will be killed by us, so that we can ensure that our future actions will not be exposed." The killer sneered and asked disdainfully.

Li Tian looked at the guy in front of him and sighed: "If this is the case, you can do it."

"Are you not going to resist?"

"Haha, today's battle seems to have consumed nothing to me, but physical and mental exhaustion is impossible to resist. Of course I am not your opponent now." Li Tian said helplessly. Arrived, looking at the killer in front of him: "You find this opportunity to deal with me, don't you also know that I am in this state and cannot deal with you at all?"

"Haha, isn't it?" The killer still looked carefully at Li Tian in front of him, this kid was a famous fried dough stick before.

"You can try it." Li Tian stood up.

At this moment, he started the void transition.

At this moment, the dagger in the killer's hand flashed a black light, and Li Tian was directly pulled out of the void in the next second, and then the dagger penetrated this guy's heart.

"you....."

"Hehe, I know you kid definitely wants to escape. How can you sit still in the face of this situation?" The killer looked at Li Tian with a shocked look and said: "As early as When you start to do this step yourself, I will be ready to grab you from the void and then kill you."

After the killer said this sentence, Li Tian smiled bitterly: "Even if it is a ghost, I will not let you go."

"This is very embarrassing, I'm afraid that after you die this time, your body and spirit will be destroyed, and you will never be a ghost again." The killer sneered, and then threw Li Tian on the ground.

The dagger was soaked in poison, and it penetrated the heart again, it was already difficult for a ***** to save.

After he had finished all this, he turned and left lazily, as if it had never happened.

On the other side, Fu Disheng opened his eyes: "You two, go to Li Tian's yard."

"What's wrong?" Chai Lei still didn't know what happened.

"Someone sneaked into Tianqi City while we were weak, and seemed to be coming towards Li Tian, but it seemed that there was an enchantment arranged before, so we didn't find this guy at all." Fu Disheng narrowed his eyes. Said.

"No way, is this kid so hostile? This is just after a catastrophe, so soon the opponent is coming again?"

"No matter what, you two hurry up to get there and see what's going on."

It was not someone else who had this feeling, it was Ningbing. He sensed it the first time Li Tian died, and then he came to Li Tian's room for the first time.

When she pushed aside the room and saw the corpse on the ground, she was completely stunned.

The body was trembling, and there seemed to be something in his mind that wanted to break free, but it was bound by some terrible things. For a while, the mind became painful, squatting on the ground and trembling violently.

At this time, far away from the other side of the courtyard, Murong Ziqing looked at Li Tian in front of him: "This time you have to go out incognito, as if you are dead."

"Is it necessary?"

"You also know how hostile you are. This time you have offended a lot of people at the Ten Cities Conference, plus those guys you offended on Earth before. If these people join forces, you think Can I survive?" Murong Ziqing looked at Li Tian with a reluctant expression, and said: "And the next thing you will do is not to reveal your identity in the end. Only in this way can it be done better." :

"I really don't want things to be like this, but those enemies have been pestering me, I can't help it." Li Tian gave a wry smile and shook his head.

"So, seize the time to improve yourself this time. Only when your own strength becomes stronger will the enemy be jealous of you. If you are like this, they will not take you to heart." Murong Ziqing looked at Li Tian in front of him. He sighed helplessly: "Next, let me handle it."

Chapter 5760: Angry

The scorching sun was shining, and this rebuilt Tianqi City had a particularly conspicuous brilliance.

But at this time, the entire Tianqi City up and down, all suppressed an indescribable aura. You can see that the expressions of many people on the street are all cautious, and Longhutang has dispatched a lot of troops. , Surrounded the entire Tianqi city up and down, prohibiting people from entering and exiting, and at the same time registering everyone here, and even the dome was opened again.

In Li Tian's room, it was heavily guarded.

"The speed of the killer is very fast. He chose to leave here as soon as he completed the task. We are still in a state of unawareness, so even after working hard to catch the opponent, To no avail." Chai Lei glanced at Fu Disheng, who was sitting at the table with a black expression like ink. It was a tricky thing to happen.

"We have also reacted in the first time. The opponents arranged everything in advance. They are obviously much better than those in Nanhuang and the Commandment Hall before. They are quick and swift and hardly leave us the slightest. Opportunity to react." Bai Xiaosheng also stood beside Chai Lei and said carefully.

At this time, in this room, almost gathered a lot of masters.

Situ Shangyan and Ningbing were of course also here.

Ning Bing looked at the body of Li Tian that was covered by the white curtain, clenching his fists tightly, no one knew what the big sister was thinking at this time.

The room was quiet, and the atmosphere was even more depressing than the entire Tianqi City.

After such a major event has happened, what they need to think about most now is how to explain to the two people of Crescent City and Shuiyuezhong. After all, Li Tian is the dark horse at the Ten Cities Conference this time, and they are rare in Crescent City. At first sight, a genius was so powerful that they died in this way. Naturally, no one would think that this was suitable.

Fu Disheng sat at the table, looking at the corpses on the ground, his murderous aura in his eyes grew stronger and stronger: "It's been a long time. No one has ever dared to look down upon us like this. When I was still in Tianqi City, he secretly He sneaked in and assassinated the people we were protecting. Are all these guards outside eating dry food? What am I keeping them for? Drag me out and chop them."

"Big brother, isn't this great?" Bai Xiaosheng was taken aback for a moment. At this time, I can understand how angry the person in front of him is. If he had been before, he would definitely not make such a decision. .

"Why not so good?" Fu Disheng stared at the two of them with a straight face. The soldiers kneeling outside the room were all the most elite fighters in Longhutang. They were here to protect Li Tian's safety. Yes, life is worrying now.

"We have experienced a great battle before and have lost many elite soldiers. Moreover, our enemy has prepared everything in advance for this incident. Naturally, it will be more difficult to deal with than we thought. We cannot all blame these problems. With these young people, and at the time when they are employing people, the presence of these elite fighters will also be very helpful to our future actions." Bai Xiaosheng is also indefatigable, knowing that it may not be useful to say that.

Both of them knew about Fu Disheng's temper, and it was usually difficult to change things after the decision.

"According to you, this matter has nothing to do with people like them? If some of them neglect their duties and don't take their tasks seriously, this will cause this to happen. What should we do?" Fu Disheng With a sneer, there was a firm killing intent in his eyes: "What's more, when this incident happened, you and me and others cannot take full responsibility. We always have to let some people stand up and take the place of the dead ghost.

The implication is that some people must stand up and be responsible for this matter. Naturally, it is impossible for them to be the man in charge.

Since they couldn't become this back-hand man, these elite fighters in front of them had to pay the price for these things they did. This is life, this is the realm of the gods, and the weak and strong will always be the main theme here.

Ning Bing suddenly stood up, and a look of resentment flashed in his eyes: "I know who did it. At this critical time, he did such a shameless thing. Except for them, Nanhuang people, I really can't think of anyone. Will do it again."

"Don't do anything. We are already embarrassed now. If you take the initiative to find them, the problem may become more serious. Besides, the possibility of Nanhuang people participating in this matter is not at all Very high." Situ Shangyan saw that Ningbing was going to trouble Nanhuang people, and hurriedly took the girl's arm and looked at her seriously.

If this really allows Ning Bing to pick up this matter, then everyone from all walks of life will be involved in this huge vortex, and he still doesn't know what will happen.

"Aren't we just investigating in vain? Don't you know? Even if they are looking for it, there can be no results. Since they can complete these things in such a short time, they must be prepared in advance and may be Did you catch any handles?" Ning Bing stared at her, looking like her anger attacking her heart. Even the frosty cheeks that wanted to come to her were all red at this time.

She was really angry. In Tianqi City, except for the people in Nanhuang, who wanted to kill Li Tian, who else would think of such a thing?

Now that Li Tian is dead, could they continue to wait like this? If you don't let Nanhuang pay a little price, how could you calm down your mood.

"I know you are very angry, but if you rush to intervene in this matter now, it will only make the problem worse." At this time, Fu Disheng also looked at Ningbing in front of him and said, "You treat him. I know the feelings, but we must calm down a bit. Although Nanhuang is not ruled out, the possibility of them forming this matter is still very small."

"Really?" Ning Bing stared at them, looking at them and said: "Are we going to assume that nothing has happened before? Are you all already weak to this point?"

She is very angry, she is already like this, these people are still planning to do anything that has never happened.

Isn't this just a joke?

People don't give you a face anymore, what are you doing to give a face?
