

A Killer 5771

Chapter 5771: Lonely night

Wuma Mountain:

This is the robber's den, and it is also a well-known thing to everyone nearby. More than once, the army came to encircle and suppress, but the final result was nothing.

They have no way to completely clean up the robbers on this Wuma Mountain. These robbers are like cancers here, deeply rooted on this mountain. It is not that simple to take them down. Things.

At this time, the fifth master, who had broken both arms, was riding a horse.

Soon, he came to the top of Wuma Mountain.

Here you can see a cottage with bright lights on it, and several guards are still on duty.

"You rubbish, don't you see that Lao Tzu is back? Don't hurry up and open the door for Lao Tzu." He roared loudly, looking at the soldiers upstairs, and said with a dissatisfaction.

Several guards took a long look and saw that it was Wu Ye, and hurriedly opened the door to the cottage.

After Wu Ye entered the cottage, he was also non-stop.

Fortunately, his equestrian skills are good. In addition, this fierce horse and he are also connected with each other, and there are no serious problems along the way.

It's just that an indelible mark has been left in his heart, and the battle in the town of Soochow tonight is definitely going to leave an indelible mark on his life.

The cottage is not very big, but it is definitely a big building on the top of this mountain. There are countless large and small rooms in this cottage. You can also see a lot of tents on the open space. In the small cottage, how many robbers are still stationed here.

When Wu Ye came here, the expression on his face was already very hideous.

He jumped off from the horse, several guards hurriedly greeted them, and hurriedly walked up: "Fifth Lord...you, what's the matter with you? Don't you say we go out to collect money this time as a dog? How... "

"What's the matter, don't hurry up and call the chief leader and the second leader to the discussion hall, I have very important things to say." The fifth master's attitude was very irritable, and the guards didn't know how this guy suddenly became He was like this, and he looked like he was about to fall apart. He didn't dare to say anything at this time, so he ran away in a hurry.

Wu Ye entered this discussion hall.

This is usually a place for them to discuss some matters. It is usually rarely activated here, but once something is discussed here, it is definitely a very important thing.

Wu Ye did it on a chair on one side, his hands slumped like mollusks, and he looked uncomfortable. It is hard to imagine how much pressure this person is currently under.

But after a while, I saw a middle-aged man with a beard coming in, his voice was particularly rough: "What's the matter? Didn't you go to that town to collect money? Why did you come back alone?"

"Big boss, too small to complete your task, brothers are all dead in that town." Wu Ye thumped and fell to his knees, tears streaming from his eyes. At this time he watched Just like a fragile child, his voice was trembling even when he spoke. The fear left by Li Tian before, seemed to have all been aroused at this time.

Seeing the guy in front of him crying like this, the big boss frowned: "Don't be so anxious, speak slowly, and tell us what happened during this time."

"Speaking of which, you may not believe it. Our trip to Soochow Town was very smooth this time. All actions are proceeding according to our previous plan. If you just need to give me a little more time, they will I honestly paid us the money, but who knows that at this time a Cheng Yaojin came out halfway, with his own hunting group, and forcibly encircling our horse team.

The big boss looked at the fifth master in front of him, squinted, and asked, "What's the matter?"

"The owner of the caravan is a well-hidden master. Originally, when we started fighting with the hunting group, we were not afraid at all, but who knew that after this young man intervened, he instantly reversed the situation and killed our horse team. Not to mention, I even said without embarrassment that I should come to our Wuma Mountain personally and flatten us." Wu Ye said in a crying voice: "Big boss, I have been abolished by him, and my meridians have been abolished by him. Now I can only watch you stop that kid."

"What, he actually abolished the meridians of your whole body?" The big boss frowned more severely. He looked at the fifth master in front of him and snorted: "What a kid who doesn't know what is good or bad. We always find someone else. Trouble, when will it be someone else's trouble, since this kid wants to make trouble with us like this, then I will let him know how powerful we are."

"What does the big boss mean?"

"He wanted to step down on us at Wuma Mountain, so let him try it. So many people tried it before, but didn't they all come back without success? If we are really so easy to step down, we can still It's been here for so long?" The big head was full of confidence. Although he didn't know what the identity of this young man was, it was not so easy to beat them at Wuma Mountain.

Although it is not said that their strength is not afraid of the level of the **** emperor, but at any rate this is also a robber cottage. There are countless robbers in it, and it is not so easy to kill them.

Wu Ye breathed a sigh of relief when the big boss said this.

At this time, Li Tian, who was on the other side, had already started gearing up. He hadn't participated in this kind of battle for a long time, and hadn't faced so many enemies for a long time.

This time, relying on one person's power to destroy a robber cottage, he himself knew that this was a difficult thing to accomplish.

After all, it is a robber cottage. Even if the strength of these robbers is not very strong, but the number is there, plus a few powerful leaders, if you really deal with it, even Li Tian will not get much benefit.

So this time, he was going to take a long-term plan and find a good way to completely uproot the robber cottage.

After thinking about it, it seems that they can only rely on their internal contradictions to complete this matter.

He stood up while thinking, and a delicate tombstone appeared in front of him.

Chapter 5772: Benefits and benefits

Li Tian returned to Soochow Town that night.

Mayor Ma is still resolving the losses this time, but in general, these families in the east of the town are all in fragments. The men were killed and the women committed suicide after being abused.

Some of the remaining children were taken in by well-wishers.

Of course, the final fate of these children may also become some rumored slaves. These are all very possible things.

And Li Tian came to the post house at this time and found the boss here.

This is a middle-aged man in his fifties, who has a little bit of cultivation, but his strength is not very strong, and he is just a realm of spiritual cultivation.

Looking at Li Tian in front of him, he cautiously asked: "Boss, do you have anything to do?"

Before, this one was in the east of the town, relying on a single person to kill the robbers, this matter has spread throughout the town of Soochow within half an hour, now who doesn't know this one. However, a master who is deeply hidden, naturally has to be cautious when talking to such a master, in case something is said wrong, he may pay the price.

"You don't need to be so anxious. This time I came here just to understand something with you, but I never thought of embarrassing you." Looking at the nervous boss in front of him, he probably thought of his identity and strength. That's why there is such a move. This look has been encountered many times in Li Tian's mind, and many people have been like this after seeing himself.

"Yes...Is it like this?" The boss smiled awkwardly.

"Wang Xiaoer has always worked with you, I think you should know a little bit about his affairs, right?"

"I know a little bit, but even though I know some things, I can't tell Wang Xiaoer. This kid came to me a long time ago. He has been working hard all the time, accumulating sky coins and wanting to use his childhood sweetheart. Save it." When he said this, the expression on the boss's face also began to helplessly, and he laughed: "But, as early as a few years ago, his childhood sweetheart had married that bully."

"..."

The most tragic thing in this world is this. You hopefully want to save a person, but you never thought that that person has already fallen into it, and you can't extricate yourself.

If Wang Xiaoer knew about this, he would definitely have a nervous breakdown.

Thinking of this, Li Tian sighed and shook his head: "It's a pity that such a young guy wastes his time and energy, and what he got in the end was just such an ending."

"This is also a very normal thing. Although the bully is not a thing, he has a wealthy family and can easily let the girl go to practice in any school, but any normal person knows what choice to make in this situation. Right." The boss also sighed and shook his head: "In this society where the weak and the strong dominate, doesn't anyone think about saving their lives?"

"Forget it, now that everything has become like this, then Wang Xiaoer's wish will not be fulfilled." Li Tian shook his head helplessly, looked at the boss in front of him, and said, "But things on Wuma Mountain, Brother, can you tell me something?"

"Oh hello, don't you dare to call me like that? I'm just a small businessman. You can call me by my name, or you can call me whatever you like. How can you tell me like that?" When Li Tian called himself the eldest brother, although he was floating in his heart, he did not dare to have any proud expressions on the surface, and he said something cautiously.

Seeing the guy in front of me with such a cautious look, Li Tian smiled: "You are a little older than me, and you are considered to be my elders. Naturally, there is no problem with calling me this way, and you can tell me something, naturally. Also show my respect. Isn't this correct?"

When the boss heard Li Tian say this, he didn't know how to refute it, so he smiled awkwardly: "Since this is the case, then I have nothing to say. I don't know much about Wuma Mountain. , But I don't know many things."

They really don't know much about the robbers in Wuma Mountain. After all, they are robbers, and they have nothing to do with you. It is impossible for you to know everything.

But the boss still told Li Tian some key things.

There are a total of three chiefs among the bandits of this witch horse. The big chief and the third chief are real brothers, and the second chief joined the bandit. As the scale of these bandits grows, they naturally appear. Some disputes over interests have naturally occurred. This is naturally a normal thing, but such a thing will happen to a larger force.

Li Tian is also accustomed to this, and he has not seen such a thing before.

However, in Wuma Mountain, although the power of the second leader is not very large, it should not be underestimated. Don't look at this person who joined Wuma Mountain later, but for the bandits like Wuma Mountain, they still have a set of skills. In front of the boss and the third child, he accepted some more loyal little brothers. These little brothers also made things like this happen today. The second child's power is getting stronger and stronger. The boss and the third child don't want him to master this prematurely. A lot of power will start to suppress everywhere.

From the boss's mouth, Li Tian knew that this so-called second child would go down the mountain and rob caravans almost every day. As for where these caravans were finally arranged, this is not something that everyone can know.

Li Tian thought for a while. It's still too difficult to know these things just from here. He has to be suspected of going to this so-called Wuma Mountain, but before that, he must change his appearance. Then he used the caravan in his hands to be robbed by the second leader once, so that he could handle the next thing better.

After figuring this out, he stayed in the post house for one night, and set off early the next morning. He didn't carry a lot of goods. After all, he was on the road alone, it was impossible to bring a lot of things. He was just pulling some goods behind a carriage, looking like a team that could be grabbed casually.

Such a caravan would definitely not be easily let go of any robber.

Chapter 5773: Dive into it

"What you did this time is to go to the land of no owner to find news about the Baicao Gate. Now you are entangled with these robbers. Don't you think you are wasting time?" The Remnant Soul of the Ancient God watched him complete this work. Another thing, angrily said: "And this is too conspicuous, let others know that you are still alive, this is not good."

"What's more to worry about? I think even if they have come here to see it with their own eyes, they won't know that I did this thing." Li Tian shrugged his shoulders and said with disdain. Holding a whip, he kept beating the horse's **** in front of him, making the carriage faster. After he came out of the town of Soochow, they went all the way forward, and after a while, they could get to some witch horse. Mountain up.

"Forget it, your character is like this, even if I continue to say something, you may not believe it. If you are like this, you can give it a try, but this time you face so many robbers. It's not that easy." The Remnant Soul of the Ancient God watched Li Tian moving towards Wuma Mountain little by little. They are now equivalent to a piece of fat, so they must have gone.

"It's not necessarily a bad thing. There are still many caravans on this road going to Tianhu City. This is my goal this time. If I can meet these caravans in these robber cottages, It's also a good choice to mix with people like them next. In this way, I don't believe anyone would doubt my identity." Li Tiansan smiled, he also knew that the possibility was not very high. After all, it is not so easy to get into these caravans. Even if you are in a big jail and let others believe in yourself, you still have to rely on your own very strong personality charm.

In the next part of the journey, the remnant soul of the ancient ***** did not continue to say anything. It seemed that he had no temper at all with Li Tian. This kid himself has a very stubborn character, even if the remnant soul of the ancient ***** continues to talk here. Whatever, he might not be really obedient. This is also very clear to the Remnant Soul of the Ancient God. Instead of wasting time like this, it is better not to say anything and let this kid deal with it casually.

As for Li Tian, he was much more relaxed.

With a dog's tail grass hanging from the corner of his mouth, he slapped the horse's ***** while humming a little song, looking as if he didn't know what danger he was in.

He has now turned into the appearance of a teenage boy. He looks too young. Even the immaturity on his face has not completely faded. No one can face such a young man. Really scared?

At this moment, in the distant mountains and forests, a middle-aged man was staring at the carriage.

"Is the investigation clear? What is going on?"

"It looks like a caravan from the small town of Soochow, but relatively speaking, this caravan is much smaller. I don't know what the cargo of this truck is. There is not even a hunter. It's impossible

for this kid to not know Where is you, is it dangerous to look like this?" A robber boy next to him nodded and said with a bow, and at the same time, there were all doubts in his eyes.

Many people came to them to do business before, but they were surrounded by various masters, who were afraid of being robbed by robbers.

That's fine now. The young man they saw in front of them was only a teenage young man. The cargo in this car seemed not simple, but it was not protected by a hunter.

"Don't underestimate this young man. If we capsize in the gutter, we might be laughed at by others. Be careful, don't be deceived by this stinky boy." Looking at Li Tian in front of him, the second leader hummed. He squinted his eyes and said, "Brothers are ready to act. We should eat this fat."

"Second leader, what about the people before?"

"Of course I went back together with them under pressure. That girl is a beautiful woman. I want to enjoy the blessing." A wretched smile appeared on the second leader's face, and then he licked his dry lips: "Don't I'm talking nonsense here, hurry up and act. After a while, this mouthful of meat ran away by itself." As he said, he mounted his horse and took out his saber.

When Li Tian was humming a small song, suddenly many bandits rushed out from all directions.

The headed one was a middle-aged man with a clean face without the slightest stubble, wearing a white robe, holding a long sword in his hand, looking at Li Tian in front of him, and said triumphantly: "Boy I drove this road, and I planted this tree. If you want to cross this road, leave the road to buy money."

"You... who are you?" Li Tian pretended to be panicked, and stood up from the carriage for the first time, looking at the robbers in front of him.

The second leader was stunned for a moment. He didn't know what was going on with this young man. It was already this time. The boy didn't seem to know what was going to happen next. He smiled and said, "You The kid doesn't even know who we are. Didn't anyone tell you that if you take this path, you will encounter robbers."

"You...I advise you to hurry up and get news from me. I can tell you that this cargo of my truck is not ordinary cargo. It is to be delivered to the city lord of Tianhu City. If you dare to do If these things change your mind, I promise you will die miserably." As Li Tian said, the whole person was already tightly attached to the carriage, as if he was afraid of falling off.

Seeing the acting like an Oscar actor in front of him, the second leader didn't know that the young man in front of him was actually acting in front of him, but he laughed loudly: "Hahaha, it's really funny, I'm going to laugh to death. , Don't you ask around, who are our bandits in Wumashan afraid of? Even if it is the army of Tianhu City, there is nothing to do with us."

"This this....."

Li Tian stuttered for a long time without saying a word.

The second leader sneered and said, "Forget it, brat, I know you don't know the inside story at all. Today, we won't be particularly embarrassed by you, brat, just follow us with us. Suffering, otherwise don't blame me for being impolite. If I get angry, I won't have any fruit for you." He stared and said solemnly.

Chapter 5774: beauty

"You... are you telling the truth?" Looking at the second leader in front of him, Li Tian's expression gradually eased, and he asked cautiously: "If I walk with you honestly, you won't hurt you. Me? If I leave these goods to you, can I just leave?"

"Of course you can't let this little guy leave now. If you let those guys in Tianhu City know who did this thing, we might be ready to fight if we haven't been prepared yet. I don't want to be so early. Fight with those soldiers." The second leader snorted coldly, waved his hand, and several bandits directly tied Li Tian to Wuhuada.

Seeing these robbers attacked him, Li Tian was relieved.

He is now completely relieved. It seems that the strength of these guys in front of him should not be as powerful as he imagined. This time, his disguise technique was very successful, and coupled with his superb acting skills, these guys really didn't realize it. Coming out, the young man in front of him actually pretended to be in front of them. In Li Tian's eyes, where was there a little panic?

It's a pity that no one noticed Li Tian's expression at all at this time, and naturally no one knew what the young man was thinking about.

"Looking at your appearance, this eldest brother must be the most powerful one among the robbers, you are so awe-inspiring." Li Tian carefully glanced at the second leader riding a horse in the distance and asked.

After the second leader listened, he hummed: "I can tell you, you stinky boy don't play tricks in front of me. I have never seen anything before. If you boy dare to do tricks in front of me, I will let you know how good we are."

"How is it possible? I also arranged for protection this time, but these people all died in the battle before. I originally thought that with such a small distance, I would definitely be able to easily pass by myself. , Who knows how it turned out to be like this in the end." Li Tian looked at the two leaders in front of him with a helpless expression, and said: "I now know that I definitely can't escape. With my ability, how could there be a little Maybe escape?"

"You better not have such strange thoughts, or don't blame me for not reminding you."

"But seriously, brother, are you really the boss?"

"Didn't I already say it? Don't keep talking nonsense about this matter. If you continue to talk nonsense like this, I will cut your tongue. See if you dare to talk nonsense in front of me." Listen When this kid dared to chatter like this in front of him, the second leader in front of him roared again, and Li Tian calmed down in an instant.

During the next journey, he did not continue to say anything.

Just silently jot down the entire path on the road. These robbers must have set up a lot of traps around here. If people who don't know come here, they may encounter any danger.

Remember the path of these people, and you can avoid a lot of trouble when you go down the mountain. This is the most true thought in Li Tian's mind.

Of course, the fact should be like this.

As time passed, they finally came to the rumored Wuma Mountain, and Li Tian finally saw the so-called robber's cottage. At first glance, they looked very ordinary, but the more I look at it, I feel that they have been able to stay here for so long, and they really have their own skills. This cottage looks ordinary, but it is built with a lot of ideas.

It is not so easy to attack from the outside.

This is a terrain that is easy to defend and difficult to attack. Unless they attack from the inside, don't want to attack from the outside.

After Li Tian was arrested, he was taken directly to the prison.

I don't know if it's a coincidence. There is not only Li Tian alone in this prison, but also another caravan. The environment of these robber cottages is definitely not good. The prison is dark and damp, and it's not a person per room. A group of people in a room.

Fortunately for Li Tian, he was in the same room with a beautiful woman.

As for this beauty, when Li Tian just came in, he just took a faint look, but there was no response, just like a noble aloft, seeing a small character that is insignificant in front of him, naturally there will be no What a reaction.

Li Tian raised his brows and asked, "Miss Sister, how did you get caught here?"

"Does this have anything to do with you?" The woman glanced at Li Tian, asked impatiently, and then murmured: "These ***** robbers, the environment in the prison is so bad, how can grandma aunt live."

"Miss Sister, now that you have become a prisoner in their hands, don't think about your identity. There is no difference between our identities here. We are all their prisoners. It's better to think about joining hands and leaving here together. ."

"Leaving here? What are you kidding about? We are now in the bandit's base camp, and this is Wuma Mountain. The army crusades had no effect before. You want to leave here. It's a pipe dream." The woman heard Li When the day said this, he immediately became more angry, and said angrily: "I think you are really daydreaming now. Stay away from me so I don't want to see you."

"You woman is very angry. I want to see how long you can last. Seeing that you are so beautiful, these robbers will definitely covet your beauty. Then they will do something to you. No one knows." Li Tian said with a sneer, looking at the woman in front of him.

"You don't need to control this. I think you should take care of yourself. If you dare to go on the road alone, you deserve to be caught by these bandits."

"..." Li Tian frowned, snorted, and then closed his eyes and stopped talking. He was thinking about how to make the two leaders and the other two people have a disagreement, if they can be inside the cottage. If he stood up, he would be able to take advantage of the vacancy more successfully and make their room fall apart in an instant, but it is not so easy to do this.

What is needed now is a suitable opportunity, a suitable opportunity for them to start infighting.

Looking at the woman in front of him, Li Tian's mind was to borrow this woman to complete this step, but I don't know, is she willing to cooperate?

Chapter 5775: spearhead

"Brother, you absolutely can't think of what I brought back from the mountain this time." The big boss was in the chamber watching the reports from the small bosses below, with a trace of seriousness between his eyebrows, but the second boss rushed at this moment. Come in and say something excitedly.

No one had seen such a moment of impatience appeared on the big boss's face. He was dealing with serious matters on his side. This kid suddenly rushed in and yelled, and everyone would feel very upset.

Obviously, he didn't put himself as a big boss in his eyes.

The burly figure, like a big mountain leader, slowly stood up, looked at the second leader in front of him, and asked: "What is worthy of you yelling, is there any serious problem?"

The second leader glanced at the big leader in front of him, smiled awkwardly, and seemed to know that such a fuss made the man in front of him very uncomfortable, and he was more careful when speaking: "Big brother, I robbed a caravan today. , This is a big deal. The goods on this caravan are extremely valuable, and it seems that the owner of this caravan is not a simple commodity."

The chamber began to quiet down slowly, and several little bosses lowered their heads cautiously, covering their mouths and discussing with each other in a low voice.

The big head squinted his eyes, his body still remained motionless, standing here like a big mountain.

People began to quiet down slowly, but they were still very curious.

"Didn't I tell you about this matter last night? We may be attacked by our enemy at any time. During this time, it's best to be honest and not run around. Why did you run outside? What caravan of robbery, what should we do if those guys do something during your absence?" The big boss' eyes slowly widened, looking at the second boss in front of him.

"What's so scary to be afraid of? We have not encountered such a situation before in Wumashan. How many people want to get rid of us completely? But now it seems that no one can do such a thing. Well, Wuma Mountain is easy to defend and difficult to attack. It would cost a lot of manpower and material resources to win this cottage, but the position we are in now is the junction of many forces, so naturally there is no one. I am willing to clean up us." Although the big leader looks very solemn, the expression on the second leader's face is disapproving.

The big boss sat down slowly, and even made a dull sound when this huge body was made. He squinted at the two bosses in front of him, but sneered in his heart: "This kid is really getting too much now. , I have been so bold enough to speak to me like this in front of so many people. If I let it continue like this, I still can't tell what will happen. '

This strong man's mood is already very bad at this time. He himself should be an absolutely invincible existence in this cottage. Everyone who sees himself must be honest, but the second leader in front of him is obviously not like this. Thoughts, and it seemed that he didn't take his so-called big brother into heart at all.

Although the status of these little bosses here is not very high, but at any rate they are some powerful figures in this cottage. These people see that they are disrespected by this kid, and it is

very likely that they will affect a lot of themselves in the future. In my opinion, it would be a very bad thing for him if he became a subordinate of the second leader.

"Hehe, I think you are becoming more and more lawless now, and you came to ask me what's so scary about this. Don't you know that the reason why we have been able to stay in Wuma Mountain for so long is because we have always been cautious, do everything with a variety of serious ideas when you do everything, but if you look at what you are now, you just don't take this matter to heart at all." He took a look at the table and said angrily.

He seldom got angry all the time, because he knew that even if he said something, it would have no effect, and after all, they were brothers, and it would not be good to make it too fierce.

Now there is really no way.

If you let this kid continue like this, you still don't know what position you have in this cottage.

The second leader was taken aback for a moment. He thought of many ways to respond before, but he didn't expect that the leader was like this. He frowned, "Big brother, but it's just such a small thing. You don't want to say me like this. , I'm sure how I've been all these years, I'm sure everyone sees it, I'm conscientious, and honestly doing my own things, and seeking a way to survive for the cottage, just say, which thing I am make a mistake?"

I thought that after I said this, the second leader might converge a bit.

Who knows that this guy seems to be really ready to hit him all the way like this, and his tone of speech is also exceptionally firm, it seems that he hasn't paid attention to the big boss in front of him at all.

The big leader's fists slowly clenched together, and looked at the two leaders in front of him: "It seems that if you continue to do this these years, you really make you proud. Don't you know what you should do?"

——

At this time, Li Tian in the prison still didn't know what happened here. The prison was dark and damp, and there were even a lot of sneaky sounds that sounded like a mouse.

No matter where it is, the vitality of this creature is very tenacious, even in the God Realm, it also has a very tenacious vitality.

"Miss Sister, you must have never lived in such a dark and humid environment before, and you have never seen a creature like a mouse?" Li Tian looked at her panicked face and smiled unconsciously. I didn't know why there was a point of wanting to tease this woman all of a sudden, and the tone of speech also began to become particularly interesting.

The beauty stared, stood up, and scolded: "You seem to be very small, but you don't think that you have been thinking about some messy things in your head. Do you mean anything to me? What do you want?"

"What do I think about you?" Li Tian sniffed and said: "Although you are beautiful, you still don't confuse me."

Chapter 5776: Jin Mao Rat

"Hey, what do you mean, don't you say that this young lady is not as good as your blindness?" Guo Xiangyi widened his eyes and looked at Li Tian in front of him, filled with anger, and felt aggrieved in his heart.

She was born with a golden spoon in her life. She has not received any bad treatment in her entire life. In the eyes of others, she is as high as a bright moon. Everyone sees it. She held it in the palm of her hand and took good care of it. She couldn't think of it to fall to this point. She had never imagined in her life that she would one day be in this so-called dungeon.

This dark and humid environment is like Shura Hell, and there is a stench everywhere, how could this be a place for people to stay?

Besides, she is still a daughter like her.

"Yes, that's what I meant. There are so many beauties I have seen, and countless. Although a woman like you looks good, but only looks good, your body will be much worse. He is also a little short. It just so happens that what I dislike the most is a small woman like you." Although it is said that men want to pity and cherish jade, there are obviously no such words in Li Tian's dictionary.

After he said these words, Guo Xiangyi in front of him was almost blown up.

It's the first time I have encountered this kind of treatment when I grow up so old.

When she stood up, she had to do her hands. Only then did she realize that her arms were all locked by iron chains, and they didn't know what they were made of, and they sealed all the power in her body. When she got up, no matter how she mobilized, she couldn't easily change her current situation, she could only look at Li Tian in front of her angrily.

"Don't waste your efforts. I'm just an ordinary person with no cultivation level, but you are different. You look like a child of a big family, and you should also be a cultivator. This kind of sleepy immortal lock itself is for What you people did, but you didn't expect that they would actually use this kind of thing on you. Even if you don't have a trap, you can't live without it."

"You don't look down on people here anymore. This young lady is strong and strong. Even if there is this so-called ***** sleepy fairy lock, this young lady can easily leave here."

"Really, then you take a look at me?"

"..." Guo Xiangyi glared, and asked with a snort: "Why does this lady want to listen to you guy, you say let me go and I will go? It's so shameless."

"In the final analysis, it's not because you are not strong enough to do this kind of thing at all. It's fine if you brag in front of me, but if you brag with these robbers outside, maybe they will do it to you. What?" He laughed loudly, leaning against the wall while laughing, looking at the poor eldest lady: "Oh, all the eldest ladies of a big family like you have fallen into such a field. I don't seem to be the only one with such luck."

Guo Xiangyi wanted to teach Li Tian before him.

But Kun Xiansuo had completely restrained her body. At this moment, she was like a simple little character. Naturally, there was no way for the big man in front of her.

"Don't struggle here, and don't look at what you are like now. I have to work hard to leave here, and I want to do something to me." Looking at Guo Xiangyi in front of him, Li Tian said with disdain.

"Hey, what the **** is going on with you fellow, what right do you have to talk to me like this?"

"Why do I have the right to talk to you like this? It's a bit too much for you to ask me like this. Everyone is an ordinary person. Why can't I talk to you like this?" Li Tian smiled and looked at the woman in front of me. , Said: "Don't you want to leave here? Or you think you are in a good state now, and you are ready to continue like this,"

"This is my own business, and it has nothing to do with you. I don't believe that they really dare to keep me in this dark and damp prison for the rest of my life. If this is the case, my elders will soon spend a lot of money. Power is looking for me, and then those who dare to treat me like this will all have a dead end." Guo Xiangyi had a serious expression on his face, and he didn't mean joking at all when he spoke.

"Waiting for others to save you? I thought you were an ideal woman, but now it looks like this. Waiting for others to save you is still too cowardly after all. If others do not help, you will Ready to go on like this for a lifetime?" Li Tian said, looking at the woman in front of him.

At this moment, Guo Xiangyi suddenly screamed.

I have to say that the environment inside the prison is really bad. There were a few Jin Mao rats. At this time, they were tiptoeing towards them. Seeing the appearance of these rats, Guo Xiangyi's whole body was covered with hair He was about to stand up, if it wasn't that he had nowhere to dodge now, he really wanted to hurry up and leave this ghost place like this.

"What's it called, but it's just a few mice, and it won't really eat you, so I need to worry?"

"What are you doing while standing there? My hands and feet are all trapped by immortal locks. I can't deal with these mice. Come and help me drive away these golden mice."

"These mice look cute, and they are not harmful to you. Why should I help you?" Li Tian raised his mouth slightly, looking at the slightly trembling woman in front of him, no matter how powerful it is. The women of, are still unable to get rid of their natural enemies. Cockroaches and mice are such fluffy and dirty things. In their eyes, they are definitely the most terrifying creatures in the world.

It didn't matter how Li Tian was hanging up high, he almost stunned Guo Xiangyi in front of him.

He had no idea what this guy thought, and he actually did something.

"Would you like to help?"

"Of course I don't want to. If I drive these mice away, they might hate me. If these mice become fine in the future, they will become my enemy. You can bear the consequences. ?" Li Tian squinted his eyes with a serious expression on his face. He didn't feel that he was here to say something that was impossible.

Seeing this guy seriously talking nonsense, Guo Xiangyi felt like he wanted to cry.

Chapter 5777: Beauty

"Woo...Woo, who will help me, who will help me." She kept backing away, and soon her body was tightly attached to the wall, and she was still shaking constantly. .

The two Jinmao rats on the ground didn't know what was going on, and they approached Guo Xiangyi naturally.

Seeing the panic on the face of the woman in front of him, Li Tian pretended to be calm and did it: "Oh, it's really fun. Even this kind of creature is scared. You are still a cultivator."

"What's wrong with the cultivators? The cultivators are also humans, and the cultivators also have things they are afraid of. Who told you that a cultivator is fearless?" Guo Xiangyi stepped back while only giving away all his hopes. It was placed on Li Tian in front of him. Now in this big jail, only this guy's hands and feet are not tied up, and only a big man like him dare to act on these mice.

"Hey, don't sit there and watch you foolishly. As long as you help me drive these two mice away, I promise that after I go out, my elders will reward you well and give you A lot of money, as long as you can help me, how about it?" She looked at Li Tian in front of her seductively. This seemed to be the only way to buy it with money.

Li Tiansan smiled wryly: "Give me money, it sounds like it's still a pretty good job."

"Of course, who doesn't want to do such a good thing that is cheap and not tiring, as long as you honestly drive these mice away, I promise that you will live a carefree life after you leave here. Knowing that many people in the God Realm can't do this in their entire lives, you are at your fingertips now, are you not ready to seize this opportunity?" She stared at Li Tian and said seriously.

Li Tian sneered, "Although money seems to be very useful, you have to know that not everyone in this world is greedy for money, just like me, not for money."

"What the **** is going on with you, I just want you to help me drive these mice away, why are you targeting me like this?"

"It's not against you. It's just to let you know something. It's not a problem to want me to help you get rid of these two mice. As long as you can promise me one condition, I promise to do it for you."

"What conditions?"

"The second leader has taken a fancy to your appearance. I believe the other bosses should also be very interesting to you. If we want to leave here, we must start their internal conflicts so that we have a chance."

"You...you want to leave here?"

"I don't just want to leave here, I also want to completely destroy this place. The robbers on Wuma Mountain have been entrenched for so long. Tianhu City and other main cities want to kill these robbers simply, just They think this has nothing to do with them, so they have not done anything. If these robbers continue to do this, it will only make the surrounding environment worse and worse. Since he is unwilling to do it, let me do it myself. Up."

"Hmph, you guy is really an idiot, you still want me to seduce those guys? Do you know that these bandit bosses are brothers who have worshipped each other, and their brothers work together to cut money? Could it be so easy to destroy the relationship? You guy is just dreaming." Guo Xiangyi said dissatisfied.

"It is your own business whether you believe it or not, but now I only give you the choice, trust me or reject me, it's all in your hands."

At this time, one of the Jinmao rats has approached Guo Xiangyi in front of him, and seems to be preparing to continue climbing like this. If this mouse is allowed to continue like this, it may soon get into Guo Xiangyi's body. Inside.

At this time, her inner activities are also quite rich.

'What kind of evil this lady has done in her life, she has met such a **** guy, what can I do now?'

She thought for a while, and then slowly calmed down.

I am the Guo family. These robbers have probably recognized their identities. Even if they don't know themselves, it doesn't matter. When the time comes, I only need to speak out my identity honestly, believing that these robbers will do it. I understand how I should do this, and I rashly opposed the Guo family. So far, there is no good end.

Looking at the disgusting Li Tian in front of her, she didn't know that this kid looked very young, but she didn't know why she was so disgusting.

"how do you want to do it?"

"I'll help you get rid of these mice first." When Li Tian saw that the lady in front of him agreed, he was relieved in his heart. The most worried thing before was that the lady in front of him refused to agree. Once it comes, the problems will be difficult to deal with afterwards. It is still very difficult for oneself to change the current situation in the entire cottage, and it is even more difficult to kill the robbers in the cottage.

It's definitely not possible to rely on yourself alone, so at this time you have to borrow a knife to kill.

He just took a breath, and the mice slowly left and never appeared again.

"In fact, it's very simple. The second leader will come and take the initiative to do this with you soon. Then you only need to follow my idea and let others know about this matter. Then the leader and the third The leader must be dissatisfied, and their conflicts with each other will also arise." Li Tiandi smiled, and a serious look appeared on his face: "Although they are righteous knot Jinlan, these people seem to have no appearance. What's the matter, but privately, it is not as united as we see it, so this time our action is likely to be successful."

"After all, this is just your idea. If it fails like this, this lady is..."

"Don't worry, although you don't know what your identity is, I believe that as long as they know your identity, they will absolutely not dare to attack you. Then you only need to tell them your identity. This has passed, all the initiative is in our hands, why bother?" Li Tian looked at Guo Xiangyi in front of him, smiled, and said.

He also figured out this thing a long time ago, so that Guo Xiangyi did it.

Guo Xiangyi looked at Li Tian in front of him and nodded: "This lady will believe you once. If you fail, this lady will never make you look good."

Chapter 5778: Not allowed

"Hehe, I'm just an ordinary person. Although your family background is terrible, but in my opinion, there is nothing special. I don't have anything to ask for you, so naturally you can't have any place to restrain me. The elders I believe are unlikely to want to kill me because of such a small thing." Li Tian said with his arms folded.

"Hmph, as long as this lady wants to deal with, no one can escape my palm so far, even you guy is no exception."

"If you say this, I might really have to be more careful. If it fails like this, I don't know what to do." Li Tian smiled and shook his head, then closed his eyes: "They probably won't come today. Yes, you can rest here for one night, and wait until the evening has passed."

While talking, he fell asleep against the wall.

In order to ensure that his identity is not exposed, Li Tian seemed to sleep like an ordinary person at this time.

But the immortal power in the body didn't stop like this, but was always running and cultivating.

Because the appearance of the meridians in his body is different from other people, no one in this world can tell what is going on in this kid.

As long as Li Tian doesn't take this matter seriously, he can be sure that his identity will not be revealed.

What I need to worry about now is whether the second leader will look like what they imagined. Although I heard the second leader say this on the way here, I don't know whether this guy will do it.

In the chamber at this time, the big boss squinted at the second boss.

"You said that in the caravan you caught was a tulip emblem?"

"Yes."

"I don't care where they are now, you go right now and lock me in a room with that eldest lady. Do you know what the identity of that woman is? How could she be imprisoned in such a dirty dungeon? Local, if this spreads out, all of us here will be unlucky. You boy is really getting bolder and bolder."

"What's wrong with me?" The second leader squinted his eyes and asked: "I caught this woman. How to deal with this woman? It seems that you don't need to worry about this woman."

"I'm just worried that you will cause us unnecessary trouble if you do this. We are not surrounded and suppressed just because we are very careful in doing things, and we have not offended any powerful characters. But this time I advise you to be honest. Don't think about what to do with that woman, especially don't think about taking possession of that woman. If you really do this, the entire cottage will be buried for you." The big boss looked at the two bosses in front of him seriously with a serious face. To say.

He knew the identity of Guo Xiangyi, and he also knew what the fate of their cottage would be if this woman were really defiled.

"Brother, when did you become so weak? Before, you didn't put anyone in your eyes at all, but it looks like you are now." The second leader sneered and looked at the big leader in front of him: "I personally caught this woman. According to the rules in our cottage, how to deal with it is all my own business."

"It seems that you are destined to quarrel with me about this matter today. Don't you know that there are really many complicated factors in this matter?" The big boss widened his eyes and looked at the second boss in front of him: "If this incident spreads, all the people in the cottage will be dead ends. Do you know what this means?"

"Well, since it's like this, we don't have anything to say. If you really want to stop me, please try it, but I won't give you this opportunity." The second leader snorted. Turn around and prepare to leave.

But when he left, several guards blocked it.

"Before I have been thinking about what you guys want to do. This cottage is a cottage for all of us. I think my big brother is really tolerant of you. Many places have been taking care of your feelings. But now it doesn't seem to be necessary anymore." The big boss finally had no way to endure like this, and slowly stood up and looked at the second boss in front of him: "If you insist on doing this, I will do it today. I will leave you here."

"Big brother, what do you mean by this? I have already said that everything I do is the rules of our entire cottage. If it really violates the rules, how do you deal with me will be fine, but on the contrary I have no problem with this matter at all, but you still have to treat me like this. I can't accept this. I have always respected you before, but I hope you don't let me down like this."

"Really? You know what you have done in your own heart. After you have grown up over the years, the whole cottage has become like you. It's smoky. Do you think there is nothing wrong with your appearance?" He squinted Looking at the two leaders in front of him, he said, "I have told you about this before. My request is that you are absolutely forbidden to do this. If you are still going to do this, wait for our punishment. ."

"Very good, try it too."

The second leader also stood up as he said, with a sword drawn.

This matter quickly spread throughout the cottage, and for a while, these subordinates under them began to become more subtle, and the entire cottage was unstable.

"Let me tell you again. This girl is a powerful character. This character is something we all can't afford to offend. If you dare to attack this woman, then what we have to face is not One or two strong men, but a truly elite army. This army is completely different from those we have encountered before. Don't you understand what you are doing now? If you let you go on like this If you are, all of us will die here with you. At this time, you still think that I just targeted you for this matter?" He squinted at the second leader in front of him and asked.

"It's just an army, can't we still deal with it?" Looking at the big leader in front of him, the second leader smiled disdainfully.

Chapter 5779: undercurrent

Time passed slowly, and when Li Tian opened his eyes, it was already late at night.

At this time, there seemed to be the sound of fighting outside.

His brows were raised at this moment, and he glanced at the woman in front of him. He didn't know what was in the woman's mind, and he could really fall asleep in the face of such a tense environment.

"I thought these young ladies really couldn't fall asleep after changing some places." Li Tian squinted his eyes and said, then raised his hand, and a virtual leap was formed in front of him. .

Sure enough, infighting in the cottage formed.

The conflict between the boss and the third child was fierce before, and now this situation is even more so. The second child has completely angered the two men this time, thinking about killing him.

When he came to the cottage, he squinted at the fighting robbers in front of him, and then said: "I was planning to do something in the details, but now it seems that these are unnecessary, we Do you still have to wait for the three of them to fight?"

"The cottage is in chaos. They have no way to gather their own strength. Isn't it easy to deal with them?" The voice of the remnant soul of the ancient ***** rang at this time, and it was indeed thought before. Li Tian's actions this time are reckless, and doing so at this time is likely to reveal his identity. Now it seems that this kid seems to be thinking a lot more than he thought.

"In this case, there is no problem for us to shoot directly, let these guys know how good I am." Li Tian smiled, and then swaggered into the cottage.

At this time, there was a melee inside the cottage, and Li Tian looked too ordinary. On the way, no one was found to take the initiative to attack.

At this moment, in the dense forest on the other side of Wuma Mountain, the horse team, all wearing silver armor, was slowly advancing. The leader was a young man, squinting at the scenery in front of him: "We still have to How long will it take?"

"If nothing else, we can pass tonight. Master looks like he is very anxious?"

"In the final analysis, these people are just robbers. Although we have cooperated with us, if they are allowed to continue like this, what else will happen, I am very worried about leaving Guo Xiangyi there. I would rather hurry up. Passed."

"We will pass soon, and we have already said this before. I believe these robbers also know what they should do."

"This is the best. If they really dare to attack her, I will let these guys know what's the fate of offending me."

On the other side, Li Tian had already arrived in the Chamber at this time.

At this time, there was no idea how many robbers had died in the chamber. The battle of these three people began to fight with their subordinates. At this time, it was really dim and dark.

Their fighting was fierce, and they had even forgotten the dangerous existence of Li Tian.

When Li Tian appeared here, they didn't even know it.

"Oh hello, I have already told you, I will take the initiative to find your trouble soon, but you seem to have no idea about this matter, and you dare to do this at this critical time. Isn't it because you don't worry about me at all?" Li Tian asked with his arms folded, leaning on the wall, and squinting at the three people in front of him.

The bodies of the three people also stopped at this moment, and then slowly turned around, looking at Li Tian behind them, all with unbelievable expressions.

"Why, haven't you seen me with such a handsome face? It seems that I have asked your people to tell you before. I will take the initiative to go up the mountain and level you. As a result, I haven't taken any action yet, yourself. They started fighting, what happened, because you knew that when I was coming here, you were so careful?" Li Tian looked at them and asked.

"It turned out to be you." The big boss took the first step, took a few steps back, panting and staring at Li Tian in front of him, and said: "You dare to come here alone. I really admire you."

"Why don't you dare to come over? There is no place in the entire God Realm that I dare not come over, let alone this place, even if it is a land without a master, I dare to go." Li Tian snorted and squinted before looking at him. The big leader of, and then glanced at the second leader: "The three of you are fighting here, what should I do, do I have to wait for you to decide the winner, and then kill you all?"

"Brother, let's put aside our own affairs for the time being. Since we now have a common enemy in front of us, it is natural to focus our attention on this common enemy."

"Oh, you guys were going to fight and kill before, as if you couldn't tolerate the other party anymore. Now that I have appeared, I have made you reconcile. This is not good. It seems that I have nothing to offend you. , Isn't it appropriate for the three of you to hit me?" Li Tian pretended to smile awkwardly, but he was completely relaxed in his heart.

He didn't take this matter to heart at all. The three people in front of him had been fighting for a long time before. It can be said that their bodies are very weak now.

If he is against his opponent, he will not necessarily fail alone.

Moreover, Li Tian's biggest hole cards are many, and it's not a problem to deal with these robbers.

I didn't want to come here alone because the cottage is very united up and down. Now that there are conflicts within them, then the problem will be easy.

"Indeed, our top priority now is to kill the enemy in front of us. Let's put our own business down for the time being." The third child also nodded and looked at Li Tian in front of him: "If you let this kid take advantage, I don't know how. How can I be laughed at by others? Today I want to see what kind of a powerful character he is, who dares to break into our Wuma Mountain alone. Don't you know that many strong men before have not captured it?"

"I don't know, and I believe this is absolutely impossible. Although it is easy to defend and difficult to attack, it is far from here, and there is no way to eliminate you." Li Tian sniffed and said with a snort.

Chapter 5780: How about fighting alone

Li Tian slowly leaned forward and looked at the three people in front of him: "If you continue to do this, I'll be watching you here so I can wait until you are weakest to take action. It's much easier."

"Huh, since you have the courage to say that you want to destroy a few of us, why are you still saying such a thing at this time? I thought you were very confident in yourself, and never worried about the three of us joining forces. Deal with you." The big boss clenched his fist and looked at Li Tian in front of him. At this time, there was also a little nervousness in his heart. The person in front of him, relying on his own strength in Soochow Town, killed all his men. Up.

Of course, this may be a bit exaggerated, but there is no guarantee that there are other reasons.

Although the big head, the three heads and the second head have a deep contradiction, especially this time because of Guo Xiangyi's affairs, the contradiction between them has been intensified to the extreme. The current problem is so serious that it is beyond comparison, but the enemy At present, these three people still know when and what they should do. Obviously, this situation cannot continue like this.

If the three of them continue the civil war, the next one can only take advantage of Li Tian in front of him.

This cottage has existed for so long, how could it have disappeared on Wuma Mountain because of these two little things? Naturally, he didn't want to ruin the cottage he carefully managed.

There was still a cry outside the cottage, and the courtyard was quiet at this time.

"It is naturally not a very difficult problem for me to deal with the three of you. Do you think I am really worried about the three of you teaming up?" Li Tian's mouth rose slightly, as if he was 100% sure of this battle. , I can't see the slightest tension on this person's face: "If you feel that fighting like this is unfair, I can give you a chance to choose and let you rest for a while, how about ?"

"Hmph, this is not necessary. The three of us still deal with you very easily." When the big boss heard Li Tian speak like this, the pride in his heart was completely aroused at this moment, and he couldn't think of this young man why. He would be so arrogant to this point that he didn't pay attention to the three people in front of him at all. The three of them are, how to say, they are also accomplished immortal cultivators.

At this time, Li Tian was communicating with the Remnant Soul of the Ancient God: "Are you sure there is nothing wrong with the surroundings of the cottage?"

"Through your Void Leap, I have dispatched all these Yashas. They have confirmed that there are no problems around them, and they are also helping you stabilize the inside of the cottage. If this happens, even if someone finds out, You might also think that this was just being attacked by the Yasha clan." The remnant soul of the ancient ***** rang in Li Tian's mind, extremely crisp.

As early as when he decided to do it himself, Li Tian had already made this preparation.

I didn't directly use the Yasha clan to actively attack before, because if they head-on, they will inevitably suffer heavy casualties. This is not the scene Li Tian wants to see.

The Yasha clan is very important to him. He also owes a lot of favor to these creatures. He naturally has to become cautious. That's why he used this way of instigating discord to make chaos in the cottage first, and then later. Using the Yasha clan to take the initiative to attack, in this case, the

Yasha clan will definitely not have any casualties, after all, the robbers are now a group of skirmishers.

They fight each other individually, there is no cooperation at all, and it is easy to defeat them one by one.

In this way, the situation inside the cottage might stabilize in a very short period of time. This was what Li Tian thought about before.

But the three people in front of him, even after spending so long fighting, are still three characters that cannot be underestimated. Their strength and abilities cannot be underestimated by Li Tian. If you rush to underestimate these two Personally, God knows what the consequences will be, so Li Tian is also cautious at this time to avoid any unmanageable things happening to him.

He had already thought about going all out, just to make sure that during the time he was going all out, no one around would see it.

"Where is the dungeon?"

"We have taken the dungeon, and now the entire dungeon is under our control."

"If I say this, I don't have any problems going all out here today." Li Tian said triumphantly. Today, it seems that he wants to show his full strength. In this case, he still wants to hide himself Identity, but a little unrealistic, the strength of the three people in front of him, but will not give Li Tian this opportunity at all, it must be done with all efforts.

"Theoretically speaking, it is like this. Now that you expose yourself, no one will know what your identity is." The remnant soul of the ancient ***** rang at this moment and said.

"Hehe, that's good, I can take action." Li Tian smiled triumphantly, then raised his head and looked at the people in front of him and said: "I was sorry before, I wasted some time to determine some things, but Now that I'm sure it's done, we can start fighting."

"Although I don't know your identity, I also know that you dare to run here alone will be a difficult role to deal with. It's a pity that we are destined to have different positions, otherwise I really don't want to be an opponent with someone like you. "The big boss looked at Li Tian in front of him, and also said with a pity. Looking at Li Tian in front of him, he really didn't know how to describe his current feeling.

This young man was standing here, but he had a feeling that he didn't know how to describe.

Li Tian slowly opened his eyes and looked at the three people in front of him: "I don't know the identities of the three of you, nor do I know the strength of the three of you. I wouldn't stand here. It's a pity that when I was in Soochow Town, you took action against that town. It was cruel and inhumane. I am a very kind man, so I stepped forward to make you disappear into this world completely."

"It's just for this reason?" The big boss squinted, looking at Li Tian in front of him, and asked quite curiously, as if he was very strange that this guy looked like this.
