

A Killer 5811

Chapter 5811: weakness

The giant's chest is still burning at this time, these flames are not ordinary flames.

These are all very cold flames, which can be regarded as a very unique extreme fire. The flames also have different attributes and levels. The flames in front of them are obviously more terrifying than before.

Black represents **** and sin.

And the **** must be a symbol of coldness and cruelty, and naturally, this kind of black flame appeared, which is the rumors of extreme fire.

In the flame classification, this extreme fire is also among them.

This black flame is hot different from normal flames. This flame is extremely cold. At this time, the giant's body not only has no way to get rid of these flames, but instead makes his body start to become rigid.

"If you continue in this situation, it won't take long for my body to be completely frozen by you. Your strength is really strong." He said loudly.

"I said it a long time ago. If you two disappeared from me earlier, you can still survive. But you just don't believe in evil, thinking that you two can be my opponents with these little characters, so I don't look at it. What kind of stuff are you guys?" Li Tian sneered and snorted. At this moment, the blue dragon behind him slowly flew up.

A lot of cyan energy was released in the body of Canglong, and these energies gathered together, and then quickly solidified on the two long swords of the black shadow.

What followed was the long sword in Sombra's hand, emitting a faint green light.

"Roar." Looking at the roaring giant in front of him, Sombra also roared, throwing the long sword in his hand with his left hand, and smashing it with another fist.

The moment his fist fell into the blood-red pillar of blood, it instantly began to become much dim.

Sombra hurriedly withdrew his left hand back.

"A terrible power, so much energy was swallowed in just a few seconds." Li Tian squinted his eyes. He could feel how much energy the shadow was swallowed in the moment of the fight. Knowing that it is difficult to have such a huge consumption in normal combat.

"Don't procrastinate, you also know that you can't control the Faxiang Tiandi and the soul power now. When these two powers are displayed at the same time, you have no way to stick to it." The Remnant Soul of the Ancient God also reminded Li at this time. Tian said, this kid's current state is already very dangerous, and if this continues, I don't know what the result will be.

"I know, but there is no weakness in the body of the huge stone man in front of you." Li Tian smiled helplessly, he wanted to end the battle quickly, but obviously he couldn't find it at all. The weakness of this giant, you can't find the weakness of this giant, you can only kill the giant in front of him with one fist and one fist, but with his current physical strength, he can't hold on at all.

He himself knows very well how much celestial power is needed to maintain Faxiang Tiandi, and how much power is needed to make his aura become more powerful.

Even if he has soul power, his body becomes more durable, but in this kind of battle, he is still too much to bear. He is just a normal person, not a god, how could he persist at this time ?

"Do you really think you can leave here alive today? Although the two of us can no longer survive, if we can let you die here today, it will also be a no-loss thing. It is famous in Tianqi City. Genius, favored by several ***** emperors, I don't know why you insist on coming here, but today we will kill you." The giant roared, and then his hands fell on the ground fiercely.

In an instant, the ground began to tremble, and there were waves like the water.

It seems that the ground has become the surface of the sea.

With the vibration, waves of impact force crazily rushed towards Li Tian, and the black shadow slowly walked forward, holding the long sword in both hands, and shook it fiercely, just swinging the sword. , You can hear the sound of the dragon's groan faintly in the long sword. It seems that it is a dragon who is unwilling to be restrained. Just like a crazy roar, it directly dissipates all the impact energy in front of it.

By the time they finished this wave, the giant had already appeared in front of them, with a fist hitting the face inside.

'boom'

That was an exceptionally huge fist. Although it only smashed into Li Tian's face, it brought countless pressure on his whole body. At this moment, he almost thought that his body was going to be here. It fell apart for an instant, and the whole person couldn't help but frowned and snorted: "What a terrible power, if it doesn't last for a while, I'm afraid I will be killed at this moment."

"How about, with our sacrifice power, how long can you continue to hold on? Although your strength is undoubted, our strength is also very strong, let us die here today." The giant said At the time, he shook his fist again, but at this time, Li Tian saw that the wound on this guy's chest had healed.

Although the wound healed, Li Tian was able to see a crystal in this guy's chest.

It was a black crystal, and it looked like it was imprisoned by two souls. Because what I had previously cultivated was soul power, I was very clear and sensitive to these.

Before the flame was still burning above the giant's body, it blocked Li Tian's vision.

Although the body was healing slowly now, the crystal hadn't been completely covered up yet, so Li Tian quickly could see that there were secrets on this guy's body that he didn't know.

"I see, this should be the weakness of this giant."

"It's almost done. This kind of thing can only be their weakness in their body. Hurry up and end the battle. If you show the power this time, if it is sensed by the gods, it may be very dangerous." The most worried thing about the remnant soul of the ancient gods was his aura, which was sensed by the ***** emperors. In the situation of Li Tian, the energy he would release after a battle was still quite terrifying.

And the most powerful method of the **** emperors is to be very sensitive to the fluctuations of these energy. If they want, they can easily find where the source is. At that time, Li Tian might still escape?

Chapter 5812: Defeat

"Oh, it makes me so excited. This kid is getting better and better now, and he grows really fast. If this continues, maybe I will be satisfied soon." Li Tian didn't even notice it. What arrived was that above their heads, above a group of red clouds, the little witch was riding on a wolf, squinting at Li Tian below.

"The growth rate of this human being is really terrifying. If this continues, this problem may become very serious. Don't you plan to change some methods?"

"What are you afraid of? Do you really think this young man can grow up someday and threaten my status?"

"This is not an impossible thing, this world is so vast, no one knows what will happen." said the wolf.

"An la An, it will take many years for this kid to catch up with me in his current cultivation speed. If I am so easily caught up by them, then why should I be your boss?" Little witch hum With a sound, an enchantment has already been set up in the surrounding area, so the energy fluctuations here can be felt in the range of the surrounding area: "But this kid is really careless. Originally, it was not bad for Jin Chan to escape the shell. If it weren't for me here, the **** emperors might be aware of it."

"This kid is about to reach our place."

"Hehe, let him see how powerful our turf is this time. After all, there were many people in Borderlands who wanted to break in before, but how many people really have a good end. This kid doesn't know that the sky is high and the earth is thick. He really thinks that he can be reckless in it with his current ability, so he should teach him a lesson." The little witch said.

At this moment, Li Tian below, after discovering the weakness of the giant in front of him, immediately flew up from the ground, and then a golden light flashed in his eyes, and the black shadow behind him was waving the long sword in his hand.

For a moment, it felt like all the surrounding space was forbidden.

What followed was the sword energy like a blue dragon, and it passed directly towards the chest of the giant in front of him. The defense on the surface of the giant's body was really terrifying. Even Li Tian's attack before could not be possible. It was completely destroyed, but in the extreme fire burning behind, the weakness of his chest was slowly exposed. At this time, Li Tian must also seize the opportunity, and would never choose to let this guy go at this time.

'No, this kid seems to know where our weaknesses are. If he really destroys this crystal, we will be wasting no effort to do anything. At this time, the giant also began to become nervous. It was because he knew that his defenses were very strong, and he didn't feel much worried about Li Tian.

As long as Li Tian didn't find his weakness, it would be too difficult for him to destroy the body of a giant with a Faxiang Tiandi.

But who knows how lucky this young man is, and finds out where their weakness lies so quickly.

Watching Li Tian's sword aura had come over, he sneered, the corners of his mouth raised slightly, and then he directly smashed his fist off, forcibly shattering the sword aura in front of him: "Huh, it's just that. That's it, do you really think that you can defeat me in this way? I still don't care about this bit of sword energy. It is ridiculous to want to use this opportunity to attack my weakness."

"Really? If you think so, then it is reasonable for me to defeat you today." Li Tian smiled, his body slowly disappeared, and he appeared on the giant's chest in the next second. Holding Hong Zhan with one hand, he slowly closed his eyes, and the whole person entered a state where his heart was still in the water. He knew that his sword was of great significance. If he could not directly kill the giant in seconds, the next The problems are continuous.

"This kid...how...how could..."

When the giant spoke like this, he slowly raised his hands, preparing to grab Li Tian in front of his chest.

But before the action was performed, the black shadow in front of him suddenly stepped forward and grabbed the giant's arms with both hands, and directly told him that there was no way to continue to display his power, and he could only watch the person in front of him. Li Tian, slowly releasing his sword aura from his chest, after going down like this, naturally, he didn't need to think much.

"Damn it, how could this kid be so terrible, if this goes on...I am..."

"Don't worry, all this comes quickly and ends quickly, and it won't make you feel very painful." Li Tian opened his eyes, and a bright light flashed by, and then Hong Zhan released a moon-like Sword Qi, looking at the exceptional giant, directly hit this crystal, and instantly the same sword aura for half a month was swallowed by this crystal.

Li Weather was panting. After this move, the immortal power in his body was finally exhausted. At this time, he no longer had the power to resist.

The whole person fell on the ground, the red-winged **** outfit on his body disappeared, and the Faxiang Tiandi behind him disappeared, leaving only the embarrassed appearance and the wounds of the whole body.

If there is no way to defeat the giant in front of him, then he really has only a dead end.

"Regardless of whether this trick is successful or not, I have tried my best. If there is no other way, then God is destined to kill me." Li Tian sighed helplessly, he couldn't find it at this time. What better way to change the current situation, I just hope that I have good luck and can really easily kill the guy in front of me.

He looked at the giant, and he was also looking at the giant's chest.

The crystal finally began to react. First, a gleaming light appeared little by little, and then, a lot of spider-like cracks appeared on the crystal.

In the next second, the crystal exploded directly.

It was falling slowly to the ground like rain, and this giant began to slowly turn into light, and then gradually disappeared.

Seeing this scene, Li Tiancai was really relieved, wiped his sweat, and sat on the ground panting.

He must still need some rest before he can continue on his way.

Chapter 5813: Tianhu City

"This should be very difficult for you. This time, after repeated battles, and after so many masters have been eliminated, the pressure on the body is almost unable to hold on." The Ancient God Remnant Soul asked.

"If it's not for the strong willpower in my heart, tell me that I can't just die like this. I don't think I can stick to it anymore, but it is precisely because I know what my next mission is. Only then can he persist well in this situation." Li Tian sighed helplessly, but next he was going to find the Baicao Gate.

Whether Ning Bing can restore his own memory, all depends on Li Tian in front of him at this time.

"Yes, all these burdens are on you. Whether you can change all of this depends on you."

"After this battle, I can really relax a lot, and then I just need to hurry to Tianhu City, and then go directly to the land of no owner through the portal." Li Tian snorted helplessly, now The Guo family owed him a favor, and now he went to Tianhu City by himself. Even if he had to delay some time to prepare, there should be someone who could help.

"These people from Guo Jiaai are not very ungrateful. You will definitely get their help if you go this time."

In the next time, Li Tian just sat here and continued to recover from his fall. At least he had to have a certain fighting ability. Otherwise, if he went on the road like this, if he encounters a monster or monster, he Nor would it be an opponent. The current Li Tian is just like a sick old lady, who has no combat effectiveness at all.

Anyone who stands up can easily make Li Tian in front of him fall into ugliness.

Therefore, he knows very well that he must continue to recover his physical state if he wants to leave here. There has been such a terrible battle before, and there must be no creatures that will approach here in such a short period of time, in case these two great gods do not fight. When it was over, they were looking for a dead end when they arrived here, so Li Tian is relatively safe here.

After resting like this, I took a rest for a full half day, and then found a direction, determined that this was Tianhu City, and set off directly.

After fighting on this road for so long, you can find something to go to Tianhu City, or you can let Li Tian rest early. As for the matter of the Borderless Land, it is not so anxious at this time.

When you arrive at Tianhu City, everything will be easy.

The road that followed was smooth sailing. Without the Guo family as bait, Li Tian did not encounter any powerful masters, and of course there were no powerful robbers.

The following roads are all close to major cities. I believe the robbers also know that the troubles here will definitely not end well. Therefore, this road is very easy. Li Tian did not have much time to directly come to Tianhu City.

But when he arrived at Tianhu City, he was still a little surprised.

In Li Tian's impression, this kind of border city should have strong folk customs, and there are all kinds of bad guys in the city. After all, in such a place, even the rules of the gods cannot be very good. What has changed is good. You can see all kinds of fights happening here all day. This is something that is normal. Therefore, in his impression, the border cities should all be very chaotic.

But obviously the Tianhu City in front of him should be regarded as an accident. After entering the city gate, he directly saw the entire Tianhu City.

It's not just that there are no criminals here, but there are also very few immortal cultivators here. Most of them are ordinary people, and they are only seeking their own lives here.

"I don't know why in this city. The spiritual energy here is very thin. Even if you are cultivating here, it is difficult to improve your cultivation level. Therefore, it is normal that there are not many practitioners here. You need to cultivate here. The effort has been too much." The Remnant Soul of the Ancient God said in Li Tian's mind, it can be sensed when he enters this Tianhu City for the first time. ,

The whole main city doesn't know what happened, the aura here is very rare.

"Why is this? They have a lot of auras close to places like Borders, and there are no practitioners here. The auras should be more abundant." Li Tian was completely confused. This situation was originally It should be a place that many people dream of, but now it seems that the cultivators don't want to come to such a place at all.

But there are so few people who came to Tianhu City.

Those who want to go to Borderlands, merchants and bounty hunters who protect merchants.

Apart from these types of people, very few people have come here, and there are very few immortal cultivators who take the initiative to come here.

"Every place has a lot of unknown secrets. I don't know why this place became like this. I just understand that many of the problems in it are not something characters like ours can deal with. Nothing has happened before, so hurry up and find the Guo family to establish the connection between you. Here you can buy some things you need, and then you can prepare to go to Tianhu City."

"It's about time."

City Lord's Mansion:

"Asshole, why can't you even do such a thing?" In the lobby of Nuo Da, there was no guard or attendant, only a middle-aged man and a young man.

The young man is no one else, but Yi Zhongrong, the young master of the Yi family, while the middle-aged man seems to be very prestigious, he should be the rumored Lord of the City, Yi Ze.

"Father, we have really worked very hard along the way. Who knows that our agency calculations have finally found the weaknesses. It seems that a powerful master has appeared in their caravan,

and all our plans Everything was destroyed, which led to this happening." Yi Zhongrong lowered his head, looking at Yi Ze in front of him, and said helplessly.

"I told you a long time ago, don't underestimate them. In the end, you still failed to listen to everything I told you. Do you think that if we know a little bit of information, we can really let the Guo family be controlled by us? You are still too young or too naive." Yi Ze sat down with his forehead, with a disappointed expression on his face: "Now it's all right, the Guo family knows our ambitions, and the next thing is more difficult. This What should I do."

Chapter 5814: Internal worries

"My father, the Guo family has declined in recent years. It won't be long before you can say again what Tianhu City's largest family is. If we do it at this time, they can only honestly suffer from dumb losses. What's so scary?" Yi Zhongrong raised his head to look at his father in front of him, and asked in a low voice.

He knew how powerful his father was in front of him, and he could sit in the position of City Lord at a young age. Without some means, it was absolutely impossible.

In the past few years, they and the Guo family's battle of wits and courage all relied on the Lord of the City in front of them.

"It would be great if things were as simple as we imagined, but unfortunately what we think is unlikely to happen. Even if the Guo family's family situation in recent years is not as good as before, after all, it is still in Tianhu City. The first big family, although our Yi family is an official exchange family, if we really start, it may not be their opponent." Yi Ze sighed.

Before, their change of family represented the official family of Tianhu City.

The so-called Guo family represented the families of some merchants.

The two families were originally complementary and had some cooperation with each other, but as the country rejected Yi Ze's request for marriage, the contradiction between the two families began to slowly arise.

Who is Yi Ze?

Lord of Tianhu City.

No matter how powerful your Guo family is, it's impossible not to give it to the city lord, right? You have to let the city lord's face live.

But what about the Guo family?

He is still a maverick, and he didn't take this so-called Lord Sovereign to heart at all, and it made Yi Ze very hard to read.

This is just great.

Yi Ze was angry.

Now the Guo family and the Yi family seem to be cooperating, but before Guo Xiangyi returned to Tianhu City, it was already undercurrents. Now the entire Tianhu City can be said to have great hidden dangers, these hidden dangers. If it cannot stabilize quickly, it will inevitably bring more trouble.

"Then what shall we do now?"

"Of course, we have not reacted to the changes. We have lost the opportunity now. It is because you, **** boy, became what we are now. Are you still ready to take the initiative to make our situation more difficult to look at? "Looking at Yi Zhongrong below, Yi Ze is really getting more and more angry. This time the plan was perfect. As long as they can control Guo Xiangyi, all the next problems can be solved.

Guo Xiangyi is the only daughter of their Guo family.

If Yi Zhongrong really took away his innocence, no matter what they thought before, they would definitely agree to marry the Yi family.

In this way, as time goes by, their Yijia can truly annex the Guo family. At that time, there is no distinction between Yijia and Guojia in Tianhu City, and only one Yijia remains. .

As the lord of the city, naturally you don't want to let a little power fall into the hands of others.

The Guo Family's existence is like a stain on Tianhu City, and he Yi Ze naturally cannot tolerate it.

It's all right now. All of their plans have failed. The Guo family already knows what its purpose is. Now if they want to change this situation, they can only wait for the Guo family to make a move, and then they use this opportunity to do it.

"My father, are we passively beaten?"

"The Guo family will not attack us for the time being. They also know how long it will take to go to war with us. This time you lived up to my expectations. Honestly, go back and face the wall and think about it. Don't go to the street these days. Going up is wasting time." Yi Ze snorted, waved, turned and left the hall directly.

Yi Ze stood alone in this hall, squinting his eyes: "Huh, no matter who you are, you dare to let me be punished by my father. I must have written down this hatred. After I go out, I must You can't eat and walk around."

"Sneez"

Li Tian, who was walking on the road, suddenly sneezed, then rubbed his nose and frowned: "Who, who is speaking ill of others, is a hero?"

At this time, he was looking for where the so-called Guo family was. On the way, he asked a few about the situation here, but he also told Li Tian where he was.

It's just that this Guo family is obviously not so easy to find. Li Tian has wasted a lot of time here and still hasn't found where the so-called Guo family is.

The roads of the entire Tianhu City are complicated and it is really difficult to find.

Just when I was about to be impatient, I finally saw a large courtyard in the east of Tianhu City in the distance. A plaque was hung on the courtyard with a few Phnom Penh characters on it. It was the Guo family.

"Oh my God, I finally found this place, now hurry up and meet them." When Li Tian spoke, he had already passed towards the door.

The Guo family was like the prime minister's mansion in ancient times. It looked like it was very big and wrong. After all, it was a merchant family, and it was still the most powerful merchant family in Tianhu City. It was normal to have such an appearance.

There are two huge stone lions at the door, looking lifelike, as if they could come alive at any time.

There are a total of twelve steps. After going up the steps, you can see the two-meter-high big red door. Outside the door are a few young guards standing at the door with serious faces.

Li Tian stepped forward and said with a smile: "Two, I am a friend of your eldest lady, this time I came to visit."

The captain of the guards watched a young man come forward, squinted at Li Tian with his own small eyes, and said: "Our lady rarely makes friends. We all know her friends. Who are you? One?"

"Hehe, I can't explain it this time, but your eldest lady and I really know each other, so please help me in and report?"

"Hehe, if everyone comes over and tells us like this, we all have to go in and ask, and we have to nag Missy and the others, isn't it a mess?" The young man snorted disdainfully and looked up and down Li Tian: "It is naturally not easy to make friends with our Guo family, but look at what you look like, this embarrassed appearance, could it be our eldest lady's friend?"

The implication is that Li Tian is too chilly and embarrassed in his clothes, it is impossible to be a friend of their kind of rich lady.

Chapter 5815: Common problem

"In that case, I am wearing shabby clothes, making you embarrassed?" Li Tian looked at the guards in front of him, and the smiles on the corners of his mouth became more and more unpredictable, thinking about his identity. If two people knew the identity of Li Tian standing in front of them, naturally they wouldn't speak so confidently, but it was a pity that these two guys didn't know.

Seeing Li Tian in front of them, they couldn't see the slightest difference, so they naturally thought that this was just an ordinary visitor.

At this time, a few people sneered and looked at Li Tian in front of him, and said loudly: "It's good to know. We don't rarely see people like you, but so far we haven't seen anyone who can actually come in. If you know you, hurry up. Fuck off, lest you make yourself unhappy."

The scene became very embarrassing.

In the normal situation, even if Li Tian in front of him does not seem to be able to go to this kind of place, they still have to honestly report the situation to the people inside and see what to do next. Now That's fine. The two guards didn't say anything. They just wanted to let Li Tian in front of him go straight away. Could this happen?

"Hehe, it seems that judging people by their appearance should be regarded as a common problem in the whole world, no matter where it is, this kind of thing will happen." Li Tian shrugged helplessly, smiling at the guards in front of him, said: "But that's fine. I'll give you a chance, or help me go back and report it, otherwise I can't guarantee what the result will be."

"Do you think that saying this can really scare a few of us? We have not been here for a day or two. No one has seen anyone. The lady herself is a cold person. I have never heard of her. Any friends, if

you say that you are someone else's friend, we still believe it, and now you tell us that you are a friend of the eldest lady, without looking at yourself, is it possible?" The team leader grinned and showed unremitting The smile on his face was that he didn't take Li Tian in front of him seriously.

Li Tian patted the dust on his body, sorted his clothes, and then looked at the huge mansion in front of him.

The Guo family can become the largest family in Tianhu City, and they still have their own skills, especially the shape and sitting area of the mansion in front of them.

This huge mansion is like a small palace.

At this moment, he can see some of the scenery inside while standing at the door, but what he can imagine is that there should be a lot of things that he doesn't know.

Li Tian squinted his eyes and looked at the captain in front of him.

"It seems that you are not going to take these things I said seriously."

"Why do we have to believe what you said? If it is true, then forget it, but if it is false, the price to be paid for us is quite heavy. I think anyone who is a normal person will understand this. What should I do at the time." When the guards were speaking, they had already begun to slowly approach Li Tian. These people looked cautious, wishing that Li Tian who stood in front of them was a big man. Like the enemy.

Now it's Li Tian's turn to be uncomfortable. When he came here today, he knew exactly what was going on next. He had to hurry up to find these people in the Guo family, and then quickly find a suitable opportunity to pass through the portal. Go directly to the land of no owner, so that the next thing can be easily solved, but my own thing is restricted in a very important link.

The guy in front of him was unwilling to let Li Tian in. Of course he couldn't give up.

But seeing the swords of these guards in front of him, it was obvious that he was ready to do it. If that was the case, Li Tian would definitely have to fight back.

It's just that he is in this state, it is really difficult to stick to this situation.

Once you start here, it will definitely attract the attention of the Yijia people here. When your identity is exposed, you may not be able to use this opportunity to go to the land of no owner.

This is what he is most worried about.

And the captain of the guard, at this time, also clearly saw Li Tian's whole person's emotions. At this time, he sneered and said: "What, you also know that you can't do anything here, don't look at it. No matter where, it is naturally impossible for a character like you to mess around here. If you are acquainted, you should leave as soon as possible, lest we let you leave here."

"You are too unreasonable like this, I have a lot of relationship with your old and young lady, haven't they said it before?"

"If you have said it, we will naturally not stop you here. Forget it, you are not the only one who comes here to deceive people, but each one has nothing to end. If you can hear it, you can say it. , If you insist on not understanding, even if you are seriously injured by us, you have no place to reason." The guard in front of him snorted, disdainfully said.

Looking at the expression of the guy in front of him, Li Tian knew that the next problem might not be easy to solve.

"It seems that your previous battle was too fierce. Both of them thought you were already dead in that battle. Naturally, there was no time to tell these door guards to let you go back." Explaining that, if it were not for the fierce fighting before, Cang Lao and Guo Xiangyi would definitely not think that Li Tian was dead, and naturally they would have agreed with these guards in advance.

"This is tricky. The Guo family still has some influence here. I really want to use their power to help me change my current situation. Now it seems that I can't count on it anymore." Li Tian murmured. He said, looking at the head guards who were close in front of him, he snorted: "It is ridiculous that these guys really thought I was here to bluff and deceive. If I really start, the problem is naturally not easy. solve."

"So you should give up. You don't have to be beaten when you leave here. If you waste time, then we can only say that we are sorry. Some things are difficult for us to control." The guard looked at Li Tian and seemed to have wanted As he was about to leave here, he laughed and said: "Well, brothers, let this little brother who sent us leave here. If he dares to come here next time, just teach him a lesson. ."

"Yes!" Several guards nodded and said seriously.

Chapter 5816: VIP visit

Li Tian has never encountered this kind of despising himself until now, but he is suffering from his current situation and cannot fight with all his strength.

Even if the few people in front of him look down on himself, he is not really good at showing all his strength.

"I'm telling you, I'm not easy to provoke. If you dare to do something to me, you will provoke me. You will all lie down today. Believe it or not?" Li Tian took a step back, a flash in his eyes Carefully and seriously said: "I am destined to go in today. Don't try to stop me. If you don't report, I can only go in with my fist."

The squad leader who was about to go back stopped at this time. The long sword that was originally in the scabbard was slowly pulled out at this time, and the sharp sword aura was emitted. This guy is still somewhat Little strength.

Sure enough, they are in the famous Guo family in Tianhu City. Their abilities are not easy to estimate. If they were really incapable, they would not sit in their current position.

The sword in his hand pointed directly at Li Tian, with a sneer at the corner of his mouth, and said, "This is not the first time I have seen someone like you. I want to ask you, do you know where you are?"

"Tianhu City, Guo's family."

"Hehe, I thought you guys are now dizzy and don't know where you are. Since you also know that this is the Guo family in Tianhu City, then you should be very clear about the words of Guo family here. What does it mean? Naturally, we know how strong we are here. Do you want to create something on your own? Are you joking with me, or are you drunk too much today and talk nonsense?" His aura is also slowly emerging.

Looking at the captain who was approaching him and the guards around him, Li Tian slowly fell in love with his eyes.

"Originally, I came here today to talk to you well, but looking at your attitude, you don't even want to communicate with me. Since this is the case, I'm really sorry, I can only let You lie down and go back. Today I will let you know how I broke through the defenses of your Tianhu City Guo's family alone." Li Tian laughed, and a fairy sword slowly condensed in his hand, like a liquid. Dexianli was flowing inside the fairy sword, shining with a burst of crystal clear light.

"I don't know the brave boy, brothers, let's ask this boy to know how good we are and do it!"

The guards quickly attacked Li Tian's blind spots at the moment they finished speaking. After all, these people still have some friendship with each other, and in normal times, the cooperation with each other is quite perfect. In such a moment of hands-on, not to mention the speed, the accuracy is not to be underestimated, if the immortal of average strength, naturally, there is no way to persist.

Li Tian's current state is definitely not as good as his peak state, but at this time he should not be underestimated.

The fairy sword in his hand shook, and the sword aura was released one after another. At the same time, his own aura revealed such a small bit, a flash of killing intent flashed in his eyes, and this look was like a brand, directly printed on it. Above the mind of the team leader in front of him, its eyes widened, and then opened its mouth violently, spitting out a mouthful of blood.

'This...what kind of method is this, just a look in my body makes the immortal power in my body disordered and uncontrollable, if it is...'

"Captain, are you okay?" When several guards didn't have time to get close to Li Tian, they were directly knocked out by Li Tian's sword aura, and fell to the ground one by one, more or less on their bodies. Injury.

There is still a big gap between these people and Li Tian in front of him, even if they bully less, they still cannot be Li Tian's opponent in front of him.

"I have warned you many times, and I have always emphasized that you don't treat me as a good bully, but now it seems that you don't seem to know what I mean by this sentence." Li Tian smiled helplessly, looking at the young people in front of him, he didn't know what to say.

"The strength of this young man is indeed beyond our imagination. Just a look can do this. The strength is naturally unthinkable. If this kind of person becomes an enemy with him, he will naturally..."

"Who are you in the Guo family..."

"I have told you very clearly before. My relationship with you Miss Guo and the elderly is very difficult. I also ask you to go in and report, but you are not willing at all, and I can't help it." Li Tian is very He smiled helplessly and looked at the young man in front of him.

Guo Family:

The old man who was cultivating suddenly opened his eyes, and then quickly passed to the other side of the welcome living room.

There is only one person in the welcoming room, Guo Rong, the head of the Guo family.

"Patriarch, it looks like a powerful character has arrived."

"Is that the person before?" Guo Rong widened his eyes and looked at the old man in front of him, and said: "You said before that when you were on the road, you met a powerful character. Could it be that this person came here?"

"It looks like this." Cang Lao shrugged his shoulders and said, "We thought that this person had already died in the previous battle, so we didn't say anything to our guards. The situation is not very good now. Now, this kid seems to have started with our people. If we don't come forward at this time, then this problem will be very difficult to deal with."

"These young people are still too young to do anything serious." Guo Rong stood up helplessly, and said: "Let's go out and have a look, the distinguished guests are here, we masters must take the initiative to see what's going on with them. Right."

"Yes."

As they were preparing to go out, Guo Xiangyi at the door also followed up at this time: "Is he here? Is he really here?"

"It seems that this kid still made us love it by surprise. In this case, we can survive." The old man turned to look at Guo Xiangyi in front of him, and said with a smile.

If Li Tianzhen died at that time, they would feel very sad inside.

Now it seems that there is no need to grieve at all, this kid actually survived in the face of this situation.

Chapter 5817: Two heroes

Standing at the door, Li Tian naturally felt that the powerful master was coming here, and in this kind of place, there seemed to be only a few people who could find him. You don't need to guess to know who came.

Sure enough, within a few seconds, I saw Guo Rong had appeared at the door.

Looking at Li Tian in front of him, he took another look at the old man beside him, and asked in a low voice, "Could it be that the young man in front of you is the guest you two are talking about?"

"It's this kid. Although you seem to have no immortal power fluctuations in this kid's body, he looks like an ordinary person, but it's actually not like this at all." The old man smiled and looked at Guo Rong beside him. Seriously said: "If this little brother hadn't helped us block the chase behind us before, maybe we wouldn't return to Tianhu City now."

"It's really you, it's really you, I'm so excited, I thought you were already..." Before these people said anything, Guo Xiangyi suddenly rushed to Li Tian's body, directly. He kept his neck and looked very excited: "I thought you were dead. I didn't expect that things were not as simple as I thought. You still survived, you still survived."

"Haha, haven't I already said it before? I'm also a very good person, and I still have some things I haven't accomplished by myself. How can I die so easily?" Feeling this delicate body, now Don't say how uncomfortable Li Tian is. He can relax a lot if he does what he did before, but now it's not that simple.

In front of so many people, he must have nothing to do with this young lady.

Today, Guo Xiangyi is wearing a very thin princess dress, and Li Tianqing's body can be clearly sensed by Li Tianqing at this time, which makes people not sigh the masterpiece of nature.

No wonder that even the son of a city lord like Yi Zhongrong would be very interested, but Guo Xiangyi is really beautiful.

It was posted on Li Tian's body at this time, and no matter how dirty the man in front of him was, or whether he had changed his image in doing so, he didn't take these things seriously at this time.

Seeing his daughter like this, Guo Rong frowned slowly and slowly, looking at Li Tian in front of him, and asked in a low voice: "What's the matter with this kid, why is this girl..."

"Ahem, this is not something that old guys like me can understand. You know the character of the eldest lady, it's not something we people can guess at will, maybe..." When talking about this, the old man also looked helpless. Smiled and said, "Maybe the eldest is really interesting to this young man, not as good as you..."

"Leave it to me to handle this matter." Guo Rong sneered in his heart. Although Li Tian saved their group this time, the Guo family must repay them, but if they want to repay them with their own daughter, This is definitely impossible. I believe that every father will be the same as Guo Rong in front of him. It is absolutely impossible to let his daughter fall into the hands of others easily.

Guo Rong is in this mood now. Li Tian really needs the help of their Guo family. This is the favor they owe. If Li Tian needs any help, they will help as soon as possible.

But if you just want to take advantage of this little bit of credit to **** Guo Xiangyi from his hand, it would be a pipe dream.

Even the people from the Yi family can't do this, let alone a young man of unknown origin, because Cang Lao and Guo Xiangyi had an agreement before, so now they can't reveal Li Tian's identity.

In front of Guo Rong, this is naturally a simple young man who cannot be simpler.

The strength of such a young man may be good, but he is a dignified head of the Guo family, and he will not take this kind of thing to heart.

Fortunately, this guy Li Tian really has no other idea about the so-called Guo Xiangyi. Although it is Xiangyu in his arms, it does make people feel dispirited, but he is very clear about his identity. , I also knew that I couldn't let go of another woman in my heart. At this time, it was also normal, spreading his hands without touching Guo Xiangyi's body.

Just letting Guo Xiangyi rub against his body, feeling his very soft touch, coupled with a light fragrance, almost made him intoxicated.

"Haha, this little girl is straightforward, she rushed up so easily." The remnant soul of the ancient **** also sighed, as if he felt very happy for Li Tian's current situation.

"What are you still happy about? I am about to die of a headache now. A majestic Miss Guo family hugged me so straightforwardly in front of so many people. If this were to let others know, I will soon I will become a celebrity. I don't think I need to say more about the price. As long as they investigate a little bit, they will know what my identity is." Li Tian was really helpless at this time.

Guo Xiangyi was really excited. Perhaps he really saw Li Tian come back from the dead, or after he was reborn from a desperate situation, he couldn't calm his inner excitement. This created the current situation.

It seemed normal to her, but it was a bit embarrassing to Li Tian.

"Cough, cough, cough, girl family, in front of so many people doing such a thing, how decent is it?" At this time, Guo Rong stepped forward and finally talked, first coughed, and then stared. Guo Xiangyi, who was still hanging on Li Tian at this time, looked like he was not angry and pretentious. Just standing here in the aura was enough to make Guo Xiangyi obedient.

After Guo Xiangyi heard the voice, he reluctantly jumped from Li Tian's body: "What does it matter? This is all our own people. I don't believe who would dare to tell this matter. They dare..."

"Naughty, don't you know that our current situation is embarrassing?" Guo Rong snorted, looked at Li Tian, and said, "Thank you very much for your previous help. If it weren't for you, they might not be able to come back now. Therefore, if you need our help, you can speak up, but whatever we can do, we will surely satisfy you as much as possible."

He said seriously, his tone was very different from before, as if he were warning.

Chapter 5818: resentment

"Master, we have already waited for that kid."

At this moment, it was on the other side of the City Lord's Mansion in Tianhu City, and it looked like a small black house. It was all in darkness, with only some things for daily life, and nothing else.

It can be seen that this place should be Yi Zhongrong's confinement.

At this time, a man who looked like a killer was at the door and replied in a low and hoarse voice: "We waited at the door for a long time, and finally we waited for this kid."

"What exactly happened?"

At this time, Yi Zhongrong was wearing a thin white gown, and his hair was loose. He looked embarrassed. It would be hard for him to stay in such a place to reflect on himself, or it would be wasted. Punished, so he is simply uncomfortable here.

However, he has suffered so much here, and he has so much resentment towards Li Tian and others in his heart.

If their plan can go on smoothly before, then everything will go smoothly without any problems.

But it was the appearance of Li Tian that successfully changed this situation, so he is very angry now, as long as he can leave here, he will not easily let Li Tian go.

On the other side, he had heard everything that happened in front of Guo's house.

After listening to all of this, he sat down under the corner like a okay person, facing the wall like this, squinting his eyes without saying a word.

The man in black knew what was going on. If this young master was only generally angry, he would definitely be furious, but if he was very angry, he would say nothing as he is now.

It seems like everyone is fine, but everyone knows that Yi Zhongrong in this state is the most dangerous.

Even Yi Ze is not willing to provoke this kid easily.

"Master, now that it has happened, we can only find a way to reverse this situation. It is not a good thing to excessively plunge ourselves into this anger. Please ease your emotions and leave the outside affairs to us. That's it."

"You can help me prepare. Although we can't do it now, it doesn't mean that I will remain passive. I will write down all the troubles this guy has caused me. After I leave this ghost place, I will definitely make him worse than death." He gritted his teeth and said, everyone knows what consequences this will bring.

"Master, I advise you to calm down, if you let the lord of the city know..."

"You don't need to remind me of these things, you just need to help me watch them during this time, and I know the other things myself."

After entering the gate of Guo's house, there is an exceptionally wide road. This road is paved with stone slabs that look like jade, shining brightly under the sun.

Li Tian squinted his eyes and looked at Guo Rong in front of him.

After entering the Guo family, I have been paying attention to the city lord of the Guo family. He has an indescribable feeling for this middle-aged man. Although he looks like an ordinary person, there is a special expression in his eyes. The obvious majesty, just a faint glance at you, will make you feel that your heart is shaking.

Moreover, he is very well concealed of his own strength. Experts at this level begin to hide their strength very cleverly.

And this hidden method is very clever, under normal circumstances it is not so easy to see through the strength of this guy.

Even if Li Tian followed for so long, he couldn't see through the Patriarch of the Guo family, what kind of strength level was, and why could he have such an ability in the entire God Realm?

"Unexpectedly, we thought you died in that battle before."

"I almost thought I died in that battle. I have to say that these guys in the Yi family are really hard to deal with. If I hadn't been smarter and found their weaknesses, you might not see me yet. "Thinking of this, Li Tian had a feeling of lingering fear. The battle at the time was really thrilling, and the giant didn't look very strong.

But when it came to the actual combat stage, he still felt the pressure.

If his strength hadn't grown, he was still at the half-slapped level in Tianqi City, facing this giant would naturally be a dead end.

"But you survived in the end. Even I think you are likely to die in the battle at that time. The situation was tense at the time, and we could not take the initiative to pass. In case we were late, it

might be very difficult. It's dangerous." Cang Lao also explained at this time, although he did not want to go back, but he couldn't say it straightforwardly.

At this time, I naturally have to find some excuses to make myself look less ugly.

"You don't need to explain these things. I know this kind of thing very well. If you come back then, it may not have any effect, but it may change something."

"Okay, okay, things are over, and it's not interesting to mention the previous things." Guo Rong shook his hand, and when they spoke, they had already crossed this wide road and turned to the previous one. Welcome to the living room. At this time, you can see many men dressed in luxurious services in this hall, all of different ages.

Needless to think about it, these people must be important members of the Guo family.

For such a large family, it is certainly impossible for Guo Rong to control the entire family up and down. Naturally, there are still many problems that need the help of the people below.

If this happens, naturally a lot of people will be needed, and some energy will be allocated to help him complete these tasks.

"The next thing we have to deal with is the most difficult thing. I also hope you can help us do something, okay?" Guo Rong sat down in his seat, looked at Li Tian in front of him, and said: "I know that you want to leave here and go to the land of no owner, but this requires the consent of the city lord, but your current status is obviously not good at completing this step."

"I know that there is no free lunch in this world." Li Tian smiled and looked at Guo Rong in front of him: "However, you didn't seem to say anything to benefit us."

Chapter 5819: negotiation

Quietly in the Ying living room, all of them stared at Li Tian in front of him.

Guo Xiangyi stood up at this time and said, "Father, we promised to help him with some things before. We haven't repaid others at this time, so I just want to let people continue to help you. Isn't it a bit unkind? ?"

"These things are beyond my control. Our Guo family is a merchant family. Naturally, we know that our credibility is more important than anything else, but I can't control the situation right now. The entire Sky Lake City is now in chaos. In China, the conflict between the merchant family and the official family will become more and more serious. At that time, he will inevitably make a big move. Do you think he can still take care of himself at this time?" Guo Rong squinted at Li Tian and said with a smile.

'Hmph, you guys are not any smart guys, this time you...'

"If you still want to continue to use my power to help you do things, then today's conversation will be over here. I am very busy and have no time to help you with these boring things." Li Tian suddenly stood still. He got up, snorted, and looked at Guo Rong above: "I came to you this time just because I wanted you to help me prepare some materials. Since the famous Guo family is not willing to do it, then I naturally, there is nothing to say, just assume that I have never been here."

His tone was very serious, and it seemed that he didn't really take this matter to heart.

And Guo Xiangyi saw Li Tian's attitude and said hurriedly: "Father, how can you be like this? If this is known to others, we..."

"You are a girl who knows something, come here, take the eldest lady back." Guo Rong said angrily.

In the next second, I saw several female guards who directly forcibly took Guo Xiangyi away.

Although the old man frowned, he also felt that it was a bit improper to do so. What's the difference between this and killing the donkey?

But seeing Guo Rong's expression, it was obvious that he didn't take this matter seriously. He was a retainer. His position here was definitely not as strong as he thought, and he really couldn't do anything at this time.

He sat down, looking at Li Tian, and thought to himself: "This kid is a powerful character in Tianqi City. Nobody is given any face. He should still be like that now."

Sure enough, Li Tian shook his head and said with a smile: "I thought you were a good family. Now it seems that I think too much. The big people in this world are all the same."

"You don't know this. I am for our entire Guo family. Now we are about to go to war with the Yi family. I cannot waste a good opportunity at this critical time. You have not been able to sit like mine. In terms of status, naturally I don't understand how I feel in my heart. If we can change positions..."

"Haha, needless to say, if we think about it in another way, I would naturally not do it this way. There are always multiple solutions to everything. It doesn't matter to me that you choose this solution. Relationship, but it is possible that what you lost is a friend, but what you gain is an enemy." Li Tian said loudly, and then slowly prepared to leave.

Looking at this guy's back, Guo Rong frowned at this time and snorted: "Do you really think you can leave here?"

"Otherwise, do you still have a way to trap me here? Stop daydreaming, you don't have the strength at all, and I can't be controlled by you so easily." Li Tian smiled disdainfully and held it. Fist looked at Guo Rong behind him, and said, "If you really want to go to war with me, you can give it a try. If I want to leave here and go to the land of no owner, it will only take a little more effort and you don't need you. The portal is also fine."

At this moment, the two sides were at war, and the atmosphere began to become very tense.

Several retainers also squinted at Li Tian at this time. They had discussed this matter before, and they all thought that this young man would never violate their requirements.

Who can think that this kid is just such a guy or two with a bright personality.

"It seems you are determined."

"It's not that I'm determined, but that there are problems with your Guo family. It's just because my identity is very simple. I look like a guy with no background. You can do whatever you want. Go Saye?" Li Tian smiled shamelessly, and raised his head to look at Guo Rong in front of him: "You really think of me as a young child. What do you think I am going to promise?"

"So, what do you want?"

"I need to prepare some materials, and then leave here. As for the battle between the Guo family and the Yi family, it has nothing to do with me. This time, if I did not meet your caravan on the road, I would not interfere Things." Li Tian snorted coldly, looking at the guards behind him, calmly said: "I'm just a little character wandering around."

"It was just a joke just now. Look at your spine." Guo Rong's expression changed. He was still serious and serious before, but now he became a kind grandfather, smiling and watching. Looking at Li Tian in front of him, he said, "Now we might as well sit down and talk peacefully?"

"I have nothing to discuss with you." After Li Tian said, he turned around and left.

Many retainers are ready to stand up and stop at this time.

But unfortunately, before they could stand up, they found that their bodies couldn't move at all, as if they were stuck to their positions, they could only watch Li Tian disappear from them.

"No need to struggle, the strength of this kid is far beyond our imagination, you can't leave." Guo Rong said helplessly as Li Tian left.

"Should this kid leave like this? Our Guo family has never been..."

"Do you have any better choice now? Before we underestimated this kid's ability, even if we do it with me, this kid may not be defeated by me so quickly, and if we two do it, Yi Ze will definitely intervene easily. Now, do you know why this kid dares to be so unscrupulous on our territory? He is very smart and knows his situation well, so in this situation, he can do it with ease and completely. , Didn't take us seriously." Guo Rong was helpless, this is probably one of the few in his life, when the negotiation failed.

Chapter 5820: Can not control

"Patriarch, this kid is so arrogant on our territory, he doesn't give us a little face, if this makes him our enemy, I am afraid it will be even more..."

"For such young people, naturally we can't rely on our original thinking to deal with it. This kid is not an ordinary person. If we really do things too much, we will not be able to reverse the situation today, but will make the problem even worse. It's tricky." Guo Rong sat on it, rubbing his forehead, and said helplessly: "If such a young man cannot control it well, it will definitely bring us countless troubles."

"That's true, this kid is like a time bomb now, who knows what will happen next."

"Then we now?"

"If you want to deal with our enemies, you must understand our enemies. We don't know what this young man wants. This is also a suitable opportunity. Find a chance to see what this kid wants. Only by knowing what he wants, we can slowly grasp the lifeblood of this kid. As long as we can catch this, there will be no problem next."

"That... Li... don't rush away." The old man caught up with Li Tian the first time he came out of the welcoming living room, but he didn't know what he should call this young man here, so he looked a little embarrassed.

"What am I staying here for?" Li Tian turned to look at the old man, his mouth raised slightly, and asked with a sneer: "Do you want to stay here and let me kill you? The same thing makes me It's enough to do it once, and always let me do the same thing. This is not something a normal person can bear."

"I know this is our problem. You are our savior. You shouldn't be..."

"It doesn't matter, you are businessmen, you have your own values, I have nothing to say." Li Tian shook his hand, he already knew that there must be countless troubles here. He doesn't have much time, Ning Bing He is still waiting for himself to save him. If he continues to waste time here, he may be certain that something immeasurable will happen.

"Are you ready to give up like this?" the old man asked.

Li Tian just smiled faintly when he heard it, and then slowly walked towards the front door. Tianhu City is such a big city, even without the help of the Guo family, he wouldn't necessarily be here. I can't do anything.

'It seems that this kid is really the same as the rumors of Tianqi City. If you rely on such methods, you will definitely not be able to win this guy's favor. It is completely impossible to use this opportunity to change something.'

After leaving the Guo's house, he didn't even think about where to go, so he found an inn nearby and stayed in.

What he needs at this time is nothing more than a relatively stable place to keep himself from getting into trouble in the next few days. After leaving the Guo family, he directly changed his makeup.

Since the talks with Guo Rong and others have collapsed, they will definitely not regret it.

Whoever regrets this kind of thing one after another must be the county who suffered.

Whether a businessman is a businessman or not, what they see in their eyes is all the benefits related to them. If you can't give them benefits, they will naturally not give you any benefits.

Although Li Tian is their savior, the matter has passed. The Guo family has nothing to do and he can't do anything. He can't think of letting time go back. Since there is no way to let time go back, it is better to just treat it like nothing It happened.

There are not many inns in Tianhu City, and Li Tian has few guests.

There are too few people coming to this place. Businessmen basically won't stay here for long. There is no business opportunity here. Except for transporting things over, they would rather spend most of their time. On the road, almost all the inns in Tianhu City are vacant. The price of staying in the inns here is also quite cheap. Compared with the central area of the God Realm, it is almost heaven and earth.

With a smile at the corner of Li Tian's mouth, he felt a different atmosphere when he walked into the inn.

The decoration of the entire inn is fairly bright. The first floor is a spacious lobby. Not only can you stay in the hotel, but you can also eat. It's just that even if you eat here, it's just a few sparse people, even There are only a few Dian Xiaoer here, there is no way to compare.

If it is really a bigger inn, it should be at least full.

A chubby boss had been sitting on the armchair behind the counter at this time. He was lazy and thought he was asleep.

It's just that he has a keen sense of smell. Li Tian just came in, and the fat man stood up immediately. He didn't know how the chubby body moved, but he arrived at Li in just a few seconds. In front of the sky, followed by a flattering smile: "Hey, you just came here as a guest. We have a lot of vacancies here, and today the chef later made a lot of free meals."

"Don't be so enthusiastic. I don't have high requirements for these. Since I'm here, I basically won't leave." Seeing the excited expression on this fat man's face, Li Tian smiled and shook his head. Probably the most worried thing is that at this critical time, Li Tian suddenly turned around and left.

Originally, their business was not very good, and they finally met a customer. If the customer was directly lost because of his bad attitude, it would not be alive and well.

Although Li Tian said it seriously, the fat man didn't take it seriously, and said excitedly: "What do you care about? You are here to support us the most. Please inside, please inside, is to eat something. ?"

"Well, it's something to eat." Li Tian nodded slightly, but he was very puzzled. This person didn't seem to underestimate his intentions. To find Li Tian now, he doesn't look like a rich man, naturally. The way to consume it here, this fat guy is still so enthusiastically greeting, isn't he not afraid at all, Li Tian is here to eat rice?

He was puzzled in his heart, but he was too embarrassed to ask, he could only wait for the fat man to take the initiative to speak.

"I don't know what the guests are going to eat? This is our recipe here. All can be made at this time. It's just that depending on the time, the time it takes to make the dishes will naturally vary."
