

## A Killer 5861

### Chapter 5861: Kneel down

Everyone opened their mouths to look at Li Tian in front of them, as if they saw a ghost, they all couldn't believe whether what they saw in front of them was true or not. If this is true, then this is probably the most that has happened in so many years. It's unbelievable. Someone can pass through the Seven-Star Magic Moon Array on their own, and they have wasted so long in it.

It can be said that Li Tian has broken the record in many people's minds. He should be the one who has stayed in it for the longest time.

Seeing Li Tian coming out, Ruan Ruo was the first to laugh: "Benefactor...you...you finally came out of it...I..."

"What is there to cry? I am challenging myself this time. The opponent inside has been defeated by me. I think I should be the first guy to pass the level in this way since the appearance of the Seven-Star Magic Moon Array. He smiled helplessly, and then looked at the middle-aged man in front of him: "Now that I am standing here, should you also say something? At least tell me whether I have passed this way."

"This...this really makes us a little unbelievable. What kind of opponents did you meet in this, and why it took so long to know that something like this has never happened before. But all the people who entered here came out in a very short time. Since you didn't waste much time in front, why did you waste so much time here?" The middle-aged people don't know how they got back. It's a matter, but I'm still very curious about how Li Tian did this.

You know, they have never encountered such a situation before.

After entering the Seven-Star Magic Moon Array, it will soon be judged whether a person has cleared the level, and this last level is also easy to pass.

As long as you have the courage to see the most fearful thing in your heart, you can get rid of it in the shortest time, so that there will be no problems.

If you fail to get rid of it, then you are destined to be trapped inside.

"This kind of thing itself is a possibility that depends on probability. Even if I tell you, will you really believe it? You will only think that I am joking with you, so since it is like this, Why should I waste such a long time on you?" Li Tianxiao laughed, then looked at Wang Haishen in front of him, and asked: "I gave you a face before and wanted to help you pass the customs, but you seem to be a little bit. You don't want to appreciate it. You should have failed all your companions now, so you can stand here, right?"

"You guys don't spit blood, this matter has nothing to do with you, of course you can stand here and talk nonsense, anyway, you just stand and talk without backache, don't you?" Wang Haishen was stunned for a moment, and did not think of Li Tian. He would even talk to himself like this.

"Hehe, I heard what you said before. If I come out from the inside, you will kneel down and call me grandpa. Now is the time for you to fulfill your promise. You are in front of so many people. Speaking of this, shouldn't you choose to repent at this time? Of course, if you don't want to, I will definitely not force anything. After all, this kind of thing is not a big deal." Li Tian looked as if it

was improper, and his face was full of contempt, but at this time, Wang Haishen couldn't get off the stage.

He just just blew a piece of cowhide casually.

Humans, after completing some things that are not easy to complete, they will always become a little proud. In this state, it is very likely that something terrible will be done. This is also a matter of reason. .

This kid was just because he couldn't control his emotions, which created this situation.

Now in front of so many people, the cowhide is blowing out. Everyone is watching what he is going to do next. If nothing happened like this, his reputation here might be so stinky. If you fall, if you enter the heaven and blessed land at that time, you still know what will happen.

"Huh, you should be unwilling to be like this now? Since you don't have the courage, why did you still speak so arrogantly at the beginning? Do you really think that you are very good by passing here? Tell you, this kind of seven-star magic moon formation Although it's still a good formation, if someone really has the strength, he can easily pass by himself, instead of a weak person like you who needs to waste the opportunity of his teammates to stand here." The tone of his speech was very firm, and he didn't take Li Tian in front of him seriously.

Seeing Li Tian's attitude, his mood is also complicated.

But in the end he lowered his head helplessly, and 'Puff Tong' suddenly knelt on the ground and said loudly, "Grandpa."

"What about the mosquitoes? There are so many people here. Did you ask them what you said?" Li Tian folded his arms, and on the surface it seemed that he was humiliating Wang Haishen at this moment, but it was not like this at all.

In this last level, he wanted to defeat the little witch, and he really needed to pay too much.

The last level of this formation is not really a real gun battle, it is more like a kind of illusory battle formed in my mind. In this way, the impact on people's spiritual power is quite huge. of.

Fortunately, his own soul power is very strong, even under this kind of prolonged battle, he still persevered, and he didn't let his mental state collapse directly, otherwise he couldn't stand here at all.

The reason why he is so long-winded is that he wants to use this opportunity to make his state better.

He himself knew very well, he didn't know what kind of danger he would encounter when he entered this cave in this state.

": Yes, yes, we didn't even hear what you were talking about in such a low voice." The surrounding contestants were all talking booingly. Anyway, this matter has nothing to do with them. They naturally didn't dislike this matter becoming more complicated, and at this time they all yelled loudly, wishing to make this more complicated.

At this time, Wang Haishen, who was kneeling on the ground, clenched his fists, almost wanting to kill all the people here, they were so noisy.

Chapter 5862: Suspicion

The middle-aged man looked at the scene in front of him, his brows raised slightly, he had been watching Li Tian carefully.

This young man who had created a miracle made him subconsciously think of the genius who died in Tianqi City. Maybe if someone could do this, then it should be that kid.

Li Tian, who is known as the legendary spokesperson, has done many things that people can't imagine in a short period of time, and has therefore become a legendary representative figure in the minds of many people.

Now looking at Li Tian in front of him, he almost thought that this was Li Tian in Tianqi City.

"Grandpa..." So many people were making noises, and Wang Haishen naturally couldn't help it. Since he was bragging at the beginning, now he must honestly fulfill his promise, and then shouted out loudly.

The voice came out, and many people around laughed loudly, laughing at Wang Haishen.

And Wang Haishen's eyes were full of resentment. It was no longer the helpless and anxious look that Litian saw at the beginning. Now he is more like a crazy killer. The anger in his eyes is almost about to kill him. His own soul was swallowed.

Although it looked like he hadn't noticed it, there was no way to escape Li Tian's eyes.

He knew that after he entered the Hundred Beast Festival, he might have to kill this kid. Leaving this young man would definitely cause a lot of trouble, but now he can know that this kid is just looking at the Wang Haishen in front of him. After entering the Hundred Beast Festival, he will definitely try his best to kill Li Tian. After all, he insulted Wang Haishen in front of so many people. As long as he is a normal man, he will definitely not tolerate such a thing from happening to him.

"I'm here to warn you, don't think about killing me in your mind. I advise you to think about what level of player you are before, and look at the difference between yourself and me. How big the gap is, if you really don't want to live anymore and want to trouble me, I'm naturally willing to accompany you, but at that time I won't give you a little bit of face, I will let you die It's miserable." He squinted, and now he still wants to threaten the kid in front of him to let him know what the sky is high and the earth is thick.

The purpose of coming here this time is also very simple, just want to kill Yi Zhongrong, if you can, don't really meet Wang Haishen.

Wang Haishen clenched his fists and stood up from the ground: "I remember everything that happened today in my mind. Even if I am not your opponent now, one day I will let you know how good I am. It is never too late for a gentleman to take revenge for ten years!"

"The gentleman's revenge? Haha, you can only get to where you are today with your partner. You still have the face to say something gentleman in front of us. If you are a \*\*\*\* gentleman, then the gentleman in this world They should all be dead." Ruan Ruo didn't know where he found the courage, so he said so boldly at this time.

Even Li Tian's eyes widened, and he was not very worried about what would happen. It was just an accident that this young man who had been very timid before suddenly became so brave at this moment, and he could even say such things.

With a smile on his mouth, he said faintly: "You really surprised me a lot. I never thought that you would say such a thing in front of so many people."

"People always have a self that they don't know. When I stand here, in fact, I understand that there is something in my body that has not been developed. I always thought I was just a humble little person. , I always thought I had no meaning in this world, but until I met my benefactor, you let me know that I am not a waste. One day I can become a powerful master and protect myself."

Seeing his serious appearance, Li Tian patted him on the shoulder: "It's very good for you to have such confidence. I think you can succeed at the Hundred Beast Festival this time."

"Okay, okay, now that you have all passed the first round of tests, what you have to face next is another level of test. Don't wait here." At this time, standing on the side. The middle-aged man said loudly: "Next, each of you will need to leave here through a teleportation formation, and where you will fall is all random, which means that what you have to face next is all unknown. of."

"In such a huge cave, if you really go in, it doesn't seem to be so easy to find each other, right?"

"Don't worry, we have set up a relatively safe range in this cave. There will indeed be some wild animals in this range. You need to hunt these wild animals by collecting them in your own way. Precious materials, come to exchange for wooden plaques with us. Whoever has the most wooden plaques in his hand is the winner of the Hundred Beasts Festival this time, and he will naturally be favored by us. If I say this, you should all know what this is. Meaning?" The middle-aged man glanced at the people in front of him lightly, and said calmly.

The Hundred Beast Festival this time was the same as the previous rules, and naturally it was impossible to allow anyone to enter the same place together.

In order to take care of those individuals who came in, they chose to assign each contestant to various places, so that they could slowly reunite later, but in the process they may encounter some dangers, or they may be directly affected. The other individual contestants were killed.

Of course, although death is allowed in the Hundred Beast Festival this time, if there is a real danger, then everyone will have a signal flare in their hands. When the flare is fired, you must stop. If you can't stop. , Then even if you win the opponent, you will lose the qualification for this match. The moment the flare is launched, everything that happens here will be under their control, so you can naturally know who killed who.

If the flare is not fired, it will be very unlucky if it dies.

Li Tian listened very seriously, but he didn't see it. There was a suspicious look in the distance. He kept searching on him, as if he was looking for clues he wanted, but he couldn't move away. .

Chapter 5863: enter

"Master, why are you staring at that guy?"

"I'm wondering who this kid is. He looks like a very unreasonable guy, and his strength should not be simple. It's just that when he passed the seven-star magic moon array this time, what happened to this kid? I wasted so much time inside?" Yi Zhongrong stared at Li Tian in the distance, looked at him thoughtfully, and said to the subordinate next to him.

"Who knows that, the people who participate in the Hundred Beast Festival every year are not simple. There may indeed be one or two powerful masters in it, but it doesn't matter anymore. The Master is here, so naturally they cannot follow You are fighting for the championship." The young subordinate stood aside and said with a smile.

"Situ Nuo, do you know the reason why I can live so long?"

"Master, the villain doesn't dare to be jealous."

"It's because no matter what kind of problem I encounter, I will be careful to determine whether this matter is the same as I imagined. I don't know the identity of the young man in front of me, but what I know is that this young man must not I imagine it can be dealt with as simple as I thought. Do you understand that?" Yi Zhongrong touched his chin: "Be careful, it must be no problem. This guy is very likely to be the wanted kid."

"It's impossible, right? All were checked when I entered here. If you use the disguise technique, you can't escape our eyes. Since this kid hasn't been spotted, he obviously uses his real The identity shouldn't be the wanted kid." Situ Nuo heard this, his eyes gradually became serious, and he took a careful look at Li Tian in the distance.

He is very clear about how terrifying the rumored young man's combat effectiveness is.

And now there has always been a hot news among them, that is, many people say that the guy they met before should be the famous Li Tian in Tianqi City.

Otherwise, what kind of explanation should be used, that young man can fail them again and again?

"In short, we have to be more careful at this time. This kid has no news after the previous incident. No one believes that he should really leave like this. Even if you are willing to believe it, I don't want to believe it, man and The intuition among men is quite sharp. My instinct tells me that this guy will never let me go so easily, and this time he will definitely choose to kill me here."

"Master, you are worrying too much. If this kid really dares to do something here, there is no way to survive. Knowing that he wants to kill you here and then leave, it's a joke, it's like killing in the city lord mansion People want to leave, there is not much possibility of this kind of thing happening at all." Situ Nuo laughed at himself and said.

The probability of this kind of thing is too low, and they are unwilling to truly believe that this kind of thing is possible.

"As I said, everything we do in this state must be cautious. Naturally, we cannot underestimate our opponent at this time. You will focus more on this kid. If we are going to meet this guy, we must be careful."

---

After the middle-aged people said a lot of requests, they sent some signal flares to each of them, and then some food, which directly led them to a portal.

This portal is a very small portal, based on the time no one wasted in the Seven-Star Magic Moon Array to determine who was the first to pass and who was the last.

Ruan Ruo stood at the door, looking at Li Tian beside him, her face a little nervous:

"Benefactor...I..."

"Didn't you say it before? Sometimes you have to have a little confidence in yourself. You have to believe that you are now a powerful master and you can rely on your own strength to be your own. You can relax a lot in the next things. If you still don't have much confidence in yourself, then there will naturally be countless troubles." Li Tian smiled and said, looking at the solemn expression on this kid's face. One sentence.

"but....."

"Nothing is good, but believe in yourself. If you really don't know what to do, open this kit. You should be able to save your life at a critical time, but you have to remember that if it's not the most critical time At the moment of life and death, don't use this kit. This can be regarded as a gift to you. I hope that when we meet again in the distant future, you have become a powerful master." He patted. Ruan Ruo's shoulder handed this kit into his hand.

Ruan Ruo took the kit in his hand, nodded seriously, and then entered cautiously.

Li Tian was the last to pass the test, and naturally he was also the last to enter.

When everyone enters, he is also ready to enter

At this time, the middle-aged man came to him: "Are you really not going to tell us what happened inside?"

"The only thing I fear most is myself, so I wasted so much time in it. It's really because I am too difficult for myself, so it takes a lot of time. I defeated myself at the last minute. I'm out, do you believe it?" He asked with a smile.

The middle-aged man shook his head: "I don't believe it."

"This is not over. I have said it honestly, but you definitely don't want to believe that what I said is true. Since it is like this, why bother to continue to talk so much to me? Anyway, what am I talking about? I won't take it seriously, so it's naturally meaningless to say it like this." Li Tian smiled wryly. The possibility of this kind of thing is really too small, and it is reasonable for middle-aged people not to believe it.

"But when I saw you, I had a feeling that you, a young man, is a terrible opponent, an opponent who can perform miracles."

"Thank you for the compliment, but the one who can perform miracles should be that Li Tian in Tianqi City, but he is dead. This tells us that every genius who opposes God will not end well." Li Tian laughed self-deprecatingly, then looked at the portal in front of him: "I can't wait to pass, I don't know if I am ready now, let me pass?"

"This is natural."

Chapter 5864: All show their magic

When he entered this cave, he felt as if he had entered an ocean, and the surrounding space power was constantly beating on Li Tian's body like waves, which was extremely comfortable.

He squinted his eyes and spent a few seconds like this slowly.

When I opened my eyes, I found that he had come to a dense forest. Hundreds of miles around was probably covered with such a dense forest. Just like a tropical rain forest, the vegetation was quite

dense, and the sun above his head could not penetrate in. , So the surrounding area is also quite dark, and the line of sight is not very good, it is a very easy place for assassination.

After he came here, he did not rush to act. At this time, the situation in the whole Dongtianfudi has not stabilized. The struggle between each other has just begun. It must be waited for a while, and at the same time, he has to find out where Yi Zhongrong and the others are. .

When I came out of the Seven-Star Illusion Moon Formation, I had been looking for them in the crowd, but I didn't know why, and they couldn't find Yi Zhongrong where they were.

But this time the Hundred Beast Festival, they would definitely not let it go.

"At this time we have entered here, and now all the plans are to find Yi Zhongrong, and then we will discuss the long-term plan. First, we must determine how many masters around this guy are and whether they can stop me." Li Tian squatted down on the trunk. , Communicated with Canglong very seriously, at this time Cang Lao had turned into a little loach-like body, just above Li Tian's shoulder.

"It looks like the illusion of the gods here a long time ago, and the aura is much more than outside. Even if you don't have any good opportunities, it's better to practice here for a while than outside. "Canglong felt the very strong aura around him, and couldn't help but slowly began to sigh: "These powerful people still hold a lot of privileges in their hands."

"This is natural. If there is no privilege, who would be willing to do this kind of thankless thing?" Li Tian said grimly: "What do you think we should do now, stay here and wait for the rabbit, or... "

"Of course we took the initiative. The area here is very large, and there are a lot of contestants this time. We have to wait here and we don't know how long it will take. Of course, we are taking the initiative to attack and catch those little guys. They only need to know where Yi Zhongrong is in their mouths. When they find Yi Zhongrong, their questions will be easier afterwards." Canglong replied.

"You have the same idea as mine, but today we obviously can't act." Li Tian touched his chin. Besides Yi Zhongrong, there is one thing he is very curious about.

Murong Ziqing arranged for him to enter such a place, as if he wanted to find something for them, but after so long, he didn't see them actively contacting him, as if he had forgotten this matter. .

When I came here at this time, I also wanted to know what her purpose was for arranging her entry here. Is it purely that she wanted to kill Yi Zhongrong here?

It seems unlikely, this woman is also a woman who is not profitable and can not afford to be early, if she can't get any benefits in this matter, she will definitely not be willing to make a move.

"If Murong Zi halal asks you to do anything here, he hasn't told you before. It should be because you are worried that you will reveal their intentions inadvertently. Therefore, I think we should be at this critical time. Let's hurry up and do our own things. When they really need our help, they will naturally come to us." Canglong also felt the confusion in Li Tian's heart and said curiously.

"En, since we have already arrived in the blessed land of the cave, now we have to play hard and enjoy the rare peace here. When the battle really begins, it will not be so easy for us to be as okay people. We don't know if we will. How many enemies appeared from all directions and attacked us." Li Tian said disdainfully, leaning on the main trunk like this, and then slowly closed his eyes.

As time passed, he didn't know how long he had been sitting here. The only thing he knew was that he just needed to wait very patiently.

---

Guo Family:

"Is the investigation done?"

"The investigation is complete. We have all reported under the borders of Borderlands. In the recent period, no matter what day or night, no one has entered Borderlands. That is to say, that kid has never been to Borderlands." The bearded middle-aged man looked at Guo Rong before him and said cautiously.

"I haven't been to the land of no owner, can it be said that the things this kid said to us before and what he did were all fake? It seems unlikely, since he doesn't want to go to the land of no owner, why bother to go so far? Going to such a place, and because we have caused such a big incident, this is not easy to explain." Guo Rong touched his chin, as if thinking about something.

"Don't think about it, he should go to the Hundred Beast Festival now." Cang Lao said aside.

"Participate in the Hundred Beast Festival?"

"Although we spent a very short time together, I know very well that this kid is a kind and righteous young man. The eldest lady likes him very much. Although he cannot accept this feeling, he is very clear about the feeling of the eldest. This happened to the eldest lady. According to the character of this kid, she must now participate in the Hundred Beast Festival, and then take advantage of the opportunity of this Hundred Beast Festival to kill Yi Zhongrong." There was a sharp look in the old eyes, this is Li Heaven's style of doing things, if people don't offend me, I don't offend people.

And once he took the shot, he was holding that kind of annihilation mentality.

This time Yi's entanglement with such a young man, I don't know if it is bad luck or how to put it.

"This kid entered the Hundred Beast Festival alone. If Yi Zhongrong is really killed there, he will not be able to survive. Then Xiao Yi..."

"If that is the case, then I will be the only one to go to the land of no master. Anyway, this old bone of mine has not been able to hold on for many years. It is better to take advantage of this time to enter the rumored land of no master. Take a closer look and see how capable this place is." The old man said with a smile while clenching his fist.

"Old, you..." Guo Rong stood up, excited and couldn't talk to himself.

Chapter 5865: Games start

Standing on top of this tree trunk, it was still hard to see what was happening around him, as if he was blindfolded.

Time passed bit by bit, but nothing dangerous happened in the entire forest. It seemed that this game was just a time-consuming game.

"This is also a reasonable thing. Everyone who enters here will definitely not start looking for enemies here. They must first stabilize their situation, since they have not chosen to take action at

this time. If so, then we definitely can't stay here and wait for the rabbit. Guo Xiangyi is still waiting for me to save it. I don't have time to waste here."

At night, he took a look at his time, then squinted his eyes: "It's almost there, take the initiative to see if you can find some news."

At this time, many people can be seen everywhere in the whole cave. Some people choose to advance cautiously in the dark. Of course, some people choose to lie quietly in a place. Everyone's purpose is to make themselves available. It is also a very good thing to successfully kill some people, or to kill the wild and wild animals inside.

"Wait, I seem to feel some incredible aura." At this critical moment, Canglong suddenly reminded: "Before I have been paying attention to everything happening around me, but I didn't feel anything. I noticed the moment you moved just now, there seems to be another very powerful guy lying in wait near us, seemingly waiting for something."

"Do you know what it is? Is it a wild animal, or just some contestants?" Hearing Canglong's warning to himself like this, Li Tian narrowed his eyes and looked a little dignified: "This time we should be more careful. , Don't be caught by them for any weakness."

"Now I don't know how strong the opponent is, let alone what identity the opponent is. I just know that this is a difficult guy."

Li Tian also tried to use his spiritual thoughts to find the guy in ambush around him.

But in the end, I was helpless to find that no matter how hard I tried, it was hard to find.

"I feel as if my spiritual thoughts have been imprisoned by something. I am like a blind man here. I can't see anything." Li Tian frowned, and the expression on his face became more and more serious. I didn't think about it before. He was trying to attack others, so he didn't know what was going on. It was only when he wanted to know where his opponent was, that his divine mind could not play any role at all.

"Yeah, I didn't expect me to be discovered by you. It seems that this little loach still has some ability." Just when Li Tian didn't know what was going on here, a man dressed in shabby clothes Stepped out from one side, smiled and looked at Li Tian in front of him, and said, "Well, are you surprised why I am here and can't search by my own mind?"

"What's going on, tell me quickly." Seeing the shabby man in front of him, like a beggar, Li Tian was the first to alert himself, stepped back quickly, staring at him. Watching.

"You don't want to think about what place this is. So many of you have entered here. If you can still use this spiritual search method to find your opponent, then the game will be over soon. What's the point?" The man smiled and waved his hand, looking at him as if he was looking at a young child, his tone was all contemptuous of Li Tian: "The reason why you didn't have anything before I found out that it's just because the way you search with the mind is no longer useful here. In fact, the game has already started."

"In that case, the battle has already started. The reason why we haven't discovered it is only because our enemies can't be discovered by our spiritual thoughts at all, so..." He stared wide-eyed.

"That can't be said like that. This little loach on your shoulder also has his own way of detecting the enemy. Although the range is a little smaller, it still has some effect. If I knew that he had such a

small detection range, I would I should stay away from you a little bit, and observe the rumored genius of your strength. Although the man's tone is still so impolite when he speaks, it makes Li Tian more solemn.

When this guy speaks this way, he obviously knows what his identity is. Naturally, he must be more cautious when facing such an enemy. Maybe just an inattention will cause great consequences.

"Who are you, and what is the purpose of staying with us? I don't believe you really just come here to observe me, and you seem to know what my identity is. You can tell me Is it?" Li Tian sneered and asked threateningly: "If you are unwilling to answer, I naturally didn't mean to force you, but today I must let you die here."

The man smiled, as if he didn't take this matter seriously, he just raised his hand and waved it, and a piece of wood on one side was cut off directly by him, and then he sat under his butt, tilted his legs, and said "Young man, don't kill so hard. I don't have any deep hatred with you. You don't even know what I mean here. Are you so anxious to kill me?"

"I would rather kill by mistake than let it go. If you reveal some secrets about me at this time, no one knows what will happen."

"Okay, okay, I really didn't say anything wrong with them. You kid has a bad temper. If you encounter something unhappy, you will scream and kill. Fortunately, I am not your enemy." He stood up. He shrugged his shoulders helplessly. There was no way to take Li Tian in front of him. It was exactly the same as the rumored one. If he didn't agree with him, he had to do it.

"If you are not my enemy, what is the purpose of your secretly aside, what is your purpose, can you tell me now?" Li Tian slowly stepped forward, with a fireball in his hand. As long as the guy in front of him doesn't tell him honestly, he will definitely make a move without any hesitation.

Anyway, there shouldn't be many people around here who can find out what happened here.

"Do you really want to know?"

Chapter 5866: source

"Naturally, it doesn't matter to me. If you don't say anything, I will just treat you as my enemy and kill you. It's such a simple thing." Li Tian shrugged and looked at his face with disdain. "But this matter is very meaningful to you. If you are not going to tell us, then you will face us alone."

"Okay, okay, you must not do it. I am not an enemy of you. I only need to send you a message this time when I come here. Since you have agreed to the Shuiyue Sect. , You should know what I mean by this matter." The man heaved a sigh of relief when he saw that Li Tian eased his tone.

His own strength is not very strong, but his best part is that he can hide all his aura at this critical time, so that he can be a good person and silently observe everything that happens here.

I never thought of exposing it so quickly this time.

I thought that it would take a while for Li Tian to be aware of himself, but he didn't expect this kid to find out so quickly, and he was still a violent temper.

"Are you from Murong Ziqing?"

"That's right, but this time I just came here to tell you what your next goal is. This is the key to your leaving here." The man looked at him and said seriously: "You said you wanted to be here before.

Come to kill Yi Zhongrong, now you should know that this matter is not as simple as you imagined. On the surface, it seems that it doesn't need anything, but the actual operation is much more complicated. Isn't that the case?"

Hearing this guy talking like this, Li Tian also nodded, agreeing with him in his heart.

It is indeed like this, it seems that there is no problem on the surface, but if it is actually operated, it will not be that simple.

Killing Yi Zhongrong is of course a very simple thing, but if you want to leave here, it is not that easy. After this Dongtianfudi came in, many of its own powers were all restricted, and they wanted to make things happen. It won't be so easy to leave here afterwards.

"That's true. I can now guarantee that I can kill Yi Zhongrong, but I can't guarantee that after I kill this guy, I can leave this place unharmed. This space seems to be a parallel space. If you want to get out of here, you can only choose to teleport. Array." Li Tian looked at the guy in front of him and said helplessly. He knew exactly what his current situation was.

It seems really not that simple to want to leave here, and the effort required here is really impossible to describe in a general way.

Moreover, this matter is very dangerous. After killing Yi Zhongrong, many people here will all be aware of this happening, and they may have to go through a little bit of interrogation when they leave here. Not to mention leaving here.

"Hehe, it seems that you should have been aware of this. You should have been looking for a way to get out of here safe and sound during this time?" He asked.

Li Tian shook his head, and slowly suppressed the momentum on his body, and looked around: "It doesn't look like this. I just entered here. I just know that I want to kill Yi Zhongrong, and then leave here safe and sound. Very difficult thing."

"So, at this very critical time, if I were you, you would talk to me about what to do. If you continue to do this without taking this matter as a matter of course, the next problem will naturally be fine. That's a simple solution." The man looked at Li Tian faintly, and then said: "And my purpose of coming here this time is to tell you how to leave here after this incident last night."

"It doesn't seem to be that simple at all. I have come here now. There are only two options to leave here, one is failure, the other is success, but neither of these two is suitable for me, I can only Find another way." Li Tian said helplessly, it is really not that simple to change the situation in his current state.

"Your purpose of coming here this time is to destroy the origin of the heaven and blessed land. The reason why this place can exist for so long is actually because there is still a very powerful crystal here. As long as you can get this crystal, all the rules here are Naturally it has nothing to do with you."

"You have calculated for so long, the purpose should be this crystal. If I think this place should be closely related to the treasure I found in the ancient tomb, right? What the \*\*\*\* is Murong Ziqing doing?" He widened his eyes and thought. The face became more and more curious about what this woman was doing. It seemed like a very huge mystery, and their purpose was also unpredictable.

"I'm here only to tell you what to do next. As for what role I play in this matter, I don't think you should think too much about it. I am just a small role, it is impossible to know. They have so much content." Reluctantly shrugging his shoulders, the man smiled and said, "I have a map in my hand. You can find where the crystal is based on the map."

"Since it is such a powerful baby, it must be protected by more powerful creatures. If I want to change this situation, it should be difficult. Will I be the opponent of that kind of thing by myself?" He questioned. Asked in a tone, there was also a little uncertainty in his eyes.

"Hehe, I don't think you need to worry too much about this matter. Although your strength is a little difficult to deal with those guys, it is not impossible to succeed." The man said.

"This is Tianhu City after all, and their guards can't be very strong." Canglong said on the side.

Places like Tianhu City are far away from Emperor Tiangao, so there are any great masters.

"It's not for this reason, but because not many people in the entire Tianhu City know this secret, so what you have to face is not a powerful enemy, but a very complicated formation. If you can't pass this formation Naturally, there is no way to take out the crystal. We have been preparing for a long time, but we have just researched out some small key points. As for how to pass, we still don't know very well."

Chapter 5867: map

"It is not very difficult for me to help you complete this matter, but I really want to know, killing Yi Zhongrong and getting the crystal, do these two things need to be completed at the same time?"

"No, I have told you before. Few people here in Tianhu City know about this. They just regard this Dongtianfudi as a good place to find opportunities, but they don't know what is in this Dongtianfudi. What is very important, when they react, you have already left here." The man said disdainfully.

This place is still a place on the border of the gods, and the aura is thin. There are really too few powerful masters here, so no one can detect the power of this crystal.

Even that place is rarely known.

It looked like this Dongtianfudi was still under the control of the Yi family in Tianhu City, but even they could not really find the secrets in this Dongtianfudi. The area here was quite vast, which could be called a small ancient \*\*\*\* relic.

"So what I have to do now is to find where this crystal is, and then use this crystal to get out of here after killing Yi Zhongrong?"

"Of course so, but you have to pay attention. Many people here are all staring at you. Your every move is under their observation. If you are not careful, you will most likely let them know that there is something powerful in it. Baby." When the man spoke, he took out a map and handed it to Li Tian: "This is the map we finally found. With this thing, you can find the key."

"This is the best, right? As for Yi Zhongrong, you don't need to worry about it."

"Sect Master asked me to tell you, if possible, try not to kill Yi Zhongrong. After this incident, she worried that your identity would be directly exposed. After all, only you in this world would do this."

It's a desperate thing." The man saw Li Tian's eyes and knew that this guy shouldn't give up the idea of killing Yi Zhongrong at all, but he still has to say something.

As for whether to listen or not, this is Li Tian's own business.

If he insists on wanting to be like this himself, it is naturally useless.

"We all know exactly what's going on in this matter. It doesn't make much sense to talk so much now. If you really get to such a place, I won't give him a way out." Li Tian snorted. Although nothing happened with Guo Xiangyi, he still remembered all the feelings of this eldest lady towards herself.

Although he is not a good person, he doesn't mean that nothing has happened at this critical time.

"If there is nothing more to do, I will hurry up and start acting now. You also know that there are still many complicated problems to be solved after this matter." Li Tian smiled helplessly, and his time became less and less. Now, here is actually a race against time, and you have to leave Borderlands alive earlier.

If it really died there, it would be dead without regret.

"Okay, there is nothing to warn you about. Since you have your own opinions on this matter, you won't treat it as a matter of what we say, so let's decide what to do." The man stepped forward, patted Li Tian on the shoulder, and then looked at him solemnly: "But there is one thing you need to know, Yi Zhongrong has two great masters around him."

"It seems that Yi Ze is very worried that I will kill his only son and arrange so many guardians around this guy, but if this can protect this guy from dying, what right do I have to stand here?" The corner of Li Tian's mouth rose slightly, and he smiled disdainfully.

But it's just two powerful masters protecting it. Looking at the entire Tianhu City, how many people can deal with Li Tian?

"Be careful, there are many creatures in this world that you don't even know about. You must be careful in this kind of place. This is a map. There are also a lot of research on formations on it. The only way we can help is. One point, it's all up to you to succeed." He looked at Li Tian solemnly and said, then took out the flare and launched it directly.

Obviously, his purpose here is not to find any chance, but to convey a message to Li Tian at this critical time, so that he knows what he should do next.

"Do you think we should do this?"

"Anyway, we have not been able to find where Yi Zhongrong is now, and it's really not that simple for us to leave here. There are many rules in this space. If you can't break this constraint, naturally there is no way to leave here." Canglong's voice rang.

"Yeah, if I can't break this bondage, I killed Yi Zhongrong, and I might die here too. This is not worth the gain. Now I still have to hurry up to complete this task and leave this ghost place. ." Li Tian straightened his clothes and continued to let Canglong stay on his shoulders, and at the same time he started to seize the time to find out who the next enemy was.

According to the map, Li Tian needs to go all the way to the east.

On the way, he didn't dare to stay at his original position. It looked like he was advancing quickly, as if there were chasing soldiers behind him, and he didn't stay long at all.

Soon, he felt that he was almost beyond the current safe range.

"There is an obvious barrier here, which should be used to protect the contestants inside. In other words, the place we are going next may be a very dangerous place. In this case, I was a little reluctant to go there at first." Li Tian frowned. He really doesn't want to leave too far in his current state. It would be better to kill Yi Zhongrong early.

"I have no choice now. Now that I have agreed, and I know so many things, I will continue to pass it anyway. As for what I will encounter next, it will be the next thing." Canglong said.

Li Tian gritted his teeth. Since he has already reached this kind of place, it is obviously not appropriate to turn his head and go back now. It is better to continue like this to see what the enemy is in front of.

#### Chapter 5868: Demon Spider

"You really want this young man to grow up like this, don't you think he is the kid?" The white-clothed man sat in the teahouse, smiling at Murong Ziqing in front of him, and asked.

"I've said it many times. This is a gamble for us. If this kid can take advantage of this opportunity to grow up, it would be the best thing. If he can't grow up, it can only be regarded as my luck. But now Everything on hand must be done seriously, especially this crystal this time, it is better to be able to get it." Murong Ziqing looked into the distance with solemn expression.

"You should be very clear. Even if Yi Ze entered this place himself, he could not get there. Moreover, the so-called map was only possible through reasoning and some materials left over from ancient times. It was determined, so I don't know if this map can really go to that kind of place. Besides, there are all kinds of monsters along the way. Do you really think this kid can turn the situation around on his own?"

"It doesn't matter. If he fails to reach that place, it can only mean that we had too much hope for him before, and now he can only rely on his own ability to reverse this situation step by step. If he fails, Then it can only be his own problem." Murong Ziqing looked at him as if he was unfeeling, and said lightly, then he did not continue to talk with the white-clothed person.

Seeing that she was no longer interested in speaking, the person in white also fell silent.

Both of them knew how dangerous the place Li Tian was going to this time.

But now Li Tian himself doesn't even know how dangerous his position is. This guy still naively thinks that he can complete the task easily, but he doesn't know that he is now step by step. Walking into the trap of others, what will happen next is still unknown.

"We have gone deep into the area on the map now, but it doesn't seem to be a good past here." After coming out of the place protected by the enchantment before, the world in front of us looks like a prehistoric world. The trees are straight into the sky, and their aura is so rich, almost every tree is such a towering tree, this is a real towering tree!

"This place looks completely different from the world in the enchantment before." Canglong also sensed the difference here. It was like an enlarged world. Now I only saw the vegetation become so

huge, if Even the creatures have become huge, it is hard to imagine how terrifying the creatures in it will be.

Isn't it more difficult to deal with those wild and wild animals?

"I think I was deceived. If there are no dangerous creatures in this place, it's really bragging." Li Tian squatted down cautiously and reached out and touched the soil on the ground. The soil was very moist. The environment is also very humid.

"Indeed, the creatures bred in this kind of place are bound to be quite terrifying. If you really do it, it will not necessarily take advantage." Canglong also said solemnly. They now also understand the opponent they will face next. It must be difficult to deal with.

I don't know if their mouths are open, or what's going on. When the voice just fell, I heard the ground tremble violently.

Li Tian was still squatting on the ground at this time, and he could clearly feel that this was a vibration produced by a huge creature walking on the ground, and the sound was getting closer and closer, obviously this creature was coming towards them.

At this time, when everything was still unknown, it was naturally impossible to choose to wait for this monster to come out, hurriedly jumped up, and hid in a tree hole.

This is the first time in so long that he feels such tension, and the whole person's breathing starts to become quicker at this time. Otherwise, it is still necessary to reduce the possibility of his exposure as much as possible.

"This creature can feel a great threat just from such a long distance. If you really encounter it, you may not be able to overcome it. If you can hide, you can hide. There is really no way to think about \*\*\*\*\* this guy." Li Tian's prostrate body carefully looked outside, and as the vibration became stronger and stronger, a behemoth slowly appeared in their sight.

But because it was dark in the jungle, they had no way to see what the behemoth was in front of them, only that it was a big creature.

This creature is approaching step by step, and the ground will tremble every time it approaches.

Li Tian squinted his eyes, not daring to breathe.

Soon, they saw what the behemoth looked like in front of them.

This is a very huge spider, the whole body is swarthy, and the body is covered with bristles. It looks like a black silver needle, which makes people tremble.

And behind the spider's ass, there is a very terrifying grimace. As it moves, the grimace keeps moving, looking like a devil staring at you from a distance.

"Ghost Face Demon Spider, one of the wild and wild animals, is also an extremely difficult guy to deal with." Li Tian squinted his eyes and looked at the behemoth in front of him, and said with some headache: "It seems that it is really the same as I guessed. They are deceiving us this time. This kind of thing is very sensitive, especially with a very strong attack. Once caught by this kind of thing, it is not so easy to leave."

Seeing the ghost face demon spider in front of him, he really had a headache. If he were to be entangled with this kind of creature, he would really have to die.

An insect the size of a bird slowly flew past the head of the ghost face devil spider. The moment it flew past, the ghost face devil spider opened its mouth and then spit out a bunch of spider silk. Here, I pulled the insect directly into my mouth and swallowed it instantly.

All this happened very quickly. It can be seen that although this thing is huge, its speed has not slowed down at all.

'This is difficult. If I was discovered by the Ghost Face Devil Spider, I'm afraid I can only show my true strength, but I may not be able to pass here. The helpless thought in Li Tian's heart, and at the same time he wanted to leave with the help of the void.

#### Chapter 5869: Hunt

But the most worried thing now is this kind of place, no matter where the void jumps to, I don't know whether it is safe or not.

Especially with this kind of long-distance void leap, maybe one accidentally hits the enemy's arms directly, and no matter how clever the way you go, there will only be one result.

But before Li Tian made a decision, the Ghost Face Demon Spider suddenly raised his head, and then looked towards Li Tian, a fierce light appeared in those red eyes.

"Damn it was found."

"It seems that there is no way to escape. We can only choose to fight with this beast. Let us also see how powerful this beast is." Li Tian said helplessly, and then slowly stood up. He can be sure that the Ghost Face Demon Spider has been able to find out where he is, and it doesn't make any sense to continue hiding at this time. It's better to stand up and fight this guy.

The Red Wing God was dressed, holding Hong Zhan in his hand, and the wings behind him stirred, but he didn't fly in a hurry.

He knew that the creature in front of him was so powerful. If he flew up, he would now become a living target. It is very likely that he would be dragged down from the sky. This situation is what he wants to see. .

"Ghost, come on, let me see what you can do." The aura expanded, and the surrounding temperature slowly dropped. At this time, even the ghost face and devil spider in front of him knew it, but the young man in front of him didn't look at it. It's that simple.

"If you expose your strength so quickly, don't you worry about others knowing your identity?"

"If they can really have eyeliner in this kind of place, they won't arrange the enchantment in that kind of place. They can be sure that this place is beyond their control." Li Tian sneered and looked at the person in front of him. Ghost Face Demon Spider, it is now very clear that this place should be a very safe place, and there is no need to consider whether there is an eyeliner in Tianhu City.

"Hiss." The ghost-faced demon spider whispered in a low voice, and then rushed forward violently. The huge body can only be described as light as a swallow. It jumped up from the ground in an instant, and then directly Smashed down towards Li Tian.

"This thing can jump so high, if anyone who doesn't know it would think it's a flying spider." When Li Tian spoke, the red sword in his hand stood up, his sword aura spurted out a few instants. The

scarlet sword aura attacked under the stomach of the Ghost Face Demon Spider. The bristles on this guy looked very hard, that is, the only place under the stomach should be very fragile.

Li Tian thought that he wanted to deal with the ghost face devil spider in front of him, so he could only rely on this weakness to attack.

At this time, the Ghost Face Demon Spider suddenly took back all of its eight feet, and formed a protective net under its belly. Those sword qi slashed on the eight feet only spattered sparks, but it did not cause any harm to his body, you can imagine what a hard shell this guy is. If you want to break through, there is only this weakness in his stomach.

His attack on this side failed to succeed, but the Ghost Face Demon Spider had no time to continue wasting with Li Tian.

This wild beast has long wanted to eat the humans in front of him. It has been a long time since he has seen any humans in such a place for such a long time. Now such a human has finally appeared in front of him, of course. We must hurry up to eat this human being, and then digest it well.

Otherwise, if it were seen by other wild animals, it would inevitably be another \*\*\*\* storm.

At this moment, he fell down quickly with his huge body, just like a cannonball. If it hit Li Tian, he might break a bone directly.

Li Tian squinted his eyes, and quickly pushed his body towards the back. He spoke with plausibility, and several fireballs hit the ghost face devil spider.

‘Boom boom boom’

It was just a flash of fire, and then there was no effect. The shell of this thing was still too hard to be destroyed at all, even if it was a powerful spell like the ancient spellmaster, it didn't make any sense.

Seeing that these spells had no effect, Li Tian could only step back.

At this time, Canglong's body was also slowly growing, and soon became a huge dragon, overlooking the ghost face demon spider below.

"Don't save face to this guy, just take action." Li Tian said a word and immediately entered the state where his heart was still in the water, and then the Hong Zhan in his hand flashed a sword aura.

The ghost face demon spider's eight eyes widened, and then spit out some white spider silks. These spider silks also played a protective role when facing the sword qi, and the sword qi couldn't get rid of these spider silks.

The wings behind Li Tian quickly stirred up at this moment, and then let his body fly up to the sky in an instant.

"Can't I get to such a high position, you can attack me casually, right?" Li Tian squinted his eyes and looked at the ghost face demon spider below. Now he really has a headache. This thing is really good to deal with. Not as easy as I thought.

"The defensive power of this kind of thing is too firm. If we can find other weaknesses, we can deal with this thing." Canglong also had a headache at this time, and his dragon's breath also did not have the slightest touch to the ghost face demon spider in front of him. Method.

Li Tian clasped Hong Zhan in his hands tightly, squinting his eyes and looking down.

He originally thought that he had reached such a high position. This guy definitely couldn't attack him. Who could think that before this idea, the ghost face demon spider below suddenly started to spray a lot of white spider silk. Then, these spider silks shot at Li Tian quickly like bullets.

He quickly shifted his position in the air, but in the end he was accidentally hit by a shot. The body only felt a terrible pulling force, and then abruptly stuck him to the side of the tree trunk, no matter how hard he struggled. There is no way to struggle away.

"Damn, this guy's offensive methods are really varied. It seems that with the evolution of time, these creatures have really become more and more difficult, and they are also getting more and more disgusting." He squinted his eyes. , Sword Qi appeared on his body, constantly attacking the spider silk on his body.

And the ghost face demon spider below, at this time, has begun to slowly approach Li Tian's side, it seems like it wants to eat?

Chapter 5870: Desperately

‘Shoo, hoo’

Sword Qi finally reluctantly destroyed the silk of the Ghost Face Demon Spider, and the whole person vacated again.

"It seems that there is no effect in the air. This guy's spider silk is like a bullet. If we are higher, we don't know what kind of monsters we will encounter. Now this distance is very good." Li Tian squinted his eyes. At this time, I can already feel how small I am in this forest. Such a huge ghost-faced demon spider looks like a small fighter.

But in this forest, it still looked like a creature of normal size.

It is conceivable that Li Tian and Canglong may be the size of flies or even bacterial creatures here.

In this world where everything has not been changed, no one knows what kind of opponent they will encounter next, and no one knows what kind of terrifying creatures still exist in this place.

Hong Zhan trembled slightly, and his heart was still in a state of still water. He was already much more sensitive to the actions of the ghost face demon spider below, but if this guy makes a move, it will only be directly by Li Tian in a short moment. Discovered, and counterattack quickly.

"This guy is also very good at protecting his weaknesses. If we want to shoot from his stomach, we can only think about making this guy unable to protect ourselves, but obviously it is still difficult to do this kind of thing at present. When it arrives, he is quite in place for his own protection."

Canglong spit out a few breaths and barely eased the movement of the ghost face demon spider below.

"It's really a difficult creature. In addition, this kind of place should rarely visit immortals. Most people are within the range of that enchantment. I have already said it clearly before coming. Once you leave this Enchantment, everything that happens has nothing to do with them. Even if we die here today, no one cares about us. It seems that we really need to figure out a way to deal with it." Li Tian shrugged helplessly. The shoulders and fists slowly clenched: "Fight."

"You're thinking?"

"There is no way, I don't know if this can be successful, but this guy's body is so huge, enough for me to do this, as to whether I can live out of it, it depends on my luck." Li Tian squinted his eyes and looked at the ghost face demon spider below. This guy's strength is not very strong, but it is only about the peak of the \*\*\*\*\* cultivation realm.

But the most difficult thing is the defensive power of this guy. The outer shell is too hard. Ordinary offenses can't play any role at all, and even consume their own strength, so that the battle continues. It is even more impossible to eliminate the ghost face devil spider.

But this kind of wild animal does not look like a terrifying creature. He is not very powerful in this biological chain.

This kind of creature has begun to slowly appear its own wisdom at this point, and its own territorial consciousness is also quite strong, and the range of activities of each creature is basically fixed.

Those who like to run around in other people's territories are definitely the powerful wild and wild beasts, and they don't worry about fighting with the masters in this territory.

But obviously the ghost face demon spider in front of him is not like this.

This is its territory, and it is precisely because of this that it wants to kill Li Tian so anxiously, but worried that if he doesn't kill Li Tian in front of him as soon as possible, other wild animals will appear soon. I rushed to eat Li Tian with myself. If it was a powerful wild animal, I could only watch this rare food be snatched away.

At this time, Li Tian was also quite aware of the excitement in the emotions of this ghost-faced demon spider, but he didn't treat it as a matter, but just smiled.

Squinting at the ghost face demon spider below, he said loudly: "You really want to kill me now, right? But let me tell you, Xiaoye is not so easy to be killed. This time I know where this is. I will let you die here and let your so-called food kill you like this."

I don't know if the Ghost Face Demon Spider heard what Li Tian said. I guess I didn't understand it. At this moment, he just slid on the main trunk of a giant tree, and then moved slowly. Li Tian approached, this guy obviously wanted to draw the distance between the two of them, so that he could kill Li Tian in front of him more easily.

"This guy can't wait any longer. It seems to be exactly the same as I imagined. There are many more powerful creatures in it. This guy is worried that the food he got to his mouth will be snatched away by others. This makes him so nervous. I want to kill me." Li Tian squinted at the ghost face demon spider below, and snorted: "If it's just like this, I will let it know how good I am soon."

"But this kind of behavior is really not smart. You run into this guy's belly by yourself, it looks like..."

"There is no choice. The shell of this guy is too hard. If you want to defeat him, you can only shoot from the inside of the body. His body is huge. If I leap in the void, I can successfully enter its body. , In this way, before this guy has the slightest defense, I can cut off this guy's head directly." Li Tian squinted his eyes and said seriously.

Originally, he could allow his sword energy to enter the belly of the ghost face devil spider directly through the void leap method, but obviously the possibility of such success is not very high.

Because the opportunity is only once.

If the attack failed the first time, let alone the sword energy entering, it would not be so easy for Li Tian to get into this guy's stomach. ,

Once the Ghost Faced Demon Spider learns about Li Tian's method, it will definitely begin to defend itself, and it will undoubtedly be a dead end to continue using the void to leap.

Therefore, to be on the safe side, Li Tian can only enter by himself, but how dangerous it is, now there is only one choice left.

If you run away like this, the character of the ghost face devil spider will definitely not give up like this, and will definitely follow his \*\*\*\* all the way down. If you encounter a more powerful predatory beast, the two creatures will attack together, even if it is. He is an immortal in the realm of gods, and it is absolutely impossible to defeat such two powerful wild beasts.
