

A Killer 5881

Chapter 5881: betray?

"Don't worry, if I really want to kill you, why bother wasting so long with you here? You also know that my time is precious, if not really needed, It is impossible for me to waste my time." Yi Zhongrong patted Ruan Ruo on the cheek and said with a grin: "I believe that although you have no strength, you are a smart person, right?"

Seeing this guy's expression, Ruan Ruo didn't know how to answer, just nodded blankly as a response.

"That's right. What I hate the most is communicating with those idiots. It is too difficult for these idiots to communicate with them. If you are a smart person, I think our exchange today will be very effective. , I think you can definitely satisfy me, don't you think?"

"Just... as long as you don't kill me, I can do anything."

"Haha, rest assured, killing you will not do me any good, and the people who enter here must have a little background. If I kill you, it will still be a little troublesome. You cooperate with me, I promise to let you leave here safe and sound, and let you embark on a glorious road in the future, let you become a master, how about it, is it very exciting?"

"Is it possible? Is it really possible? My strength is not very strong. I am usually bullied by others. I never thought about it."

"Haha, you don't dare to think about it yourself. It will naturally become very difficult to do this, but I am different. I am the son of Lord City Lord. What things can't I do in Tianhu City? Just you It makes me happy. All of these things will definitely be fulfilled. Then you will become a master. Who would dare to underestimate you in my opinion?" Yi Zhongrong had a sly smile on his face.

Situ Nuo looked at the expression on Ruan Ruo's face, sneered, and said in a low voice, "It's really an idiot. It's so easy for such a small character to let them cooperate with us. Give them a little promise. I'll be obedient."

"If you want me to say that the content of this kind of little character may not be really trustworthy, it's better to kill this kid early, so as not to waste our time." Qi Ze snorted on the side, he has always hated For such a long time to communicate with such a small person, if you are a small person, you can hurry and get rid of it. They are such high-level powerhouses, why waste time on such a small role?

If it hadn't been for Yi Zhongrong's constant request, they would have killed Ruan Ruo long ago.

There was a solemn atmosphere in the air at this time.

Ruan Ruo looked at these people in front of him stupidly, and asked, "You...are you really willing to let me leave like this?"

"Let's talk, who is Chi Mi who was next to you before, and what is his purpose of entering here?" Yi Zhongrong did not answer again, but directly let the topic enter the formality, and he also had no time to waste. so long.

"He and I were in the same place before, but after something happened we had some conflicts. He wanted to kill me at one time, but we met a monster in the wild, and he helped. I, therefore, I have

been with him since then, treating him as my own savior, but his attitude towards me has always been very indifferent, and he has never regarded me as a thing." Ruan Ruojian Looking at Yi Zhongrong in front of him, he said half-truth.

This feeling of true and false is even more difficult for people to distinguish. Yi Zhongrong also frowned, as if he had never thought about the feeling, and asked: "That's it?"

"It's really like this. The matter between us is quite simple. It's not as complicated as you think. We really are..."

"Okay, okay, don't be so nervous, besides that, do you know what is special about Chi Mi's body? Or, do you know where he is now? We really want to see it. This guy." Yi Zhongrong asked.

"I don't know. We lost contact after entering this space. I didn't know where he went or what happened. It is precisely because of this that I have not been able to accomplish any tasks these days. The time is approaching, so I want to come here to gamble. That's why this happened. I really am..."

"Master, it seems that this kid really doesn't know anything. It doesn't make sense to waste time on this kid. It's better to..." Situ Nao stepped forward and whispered into Yi Zhongrong's ear: "I Let's see if we should just get rid of this kid, if we let him know these things, if we tell others, we..."

"Hehe, you still don't know what it means to make the most of things. Since this kid is with Chimi, we naturally have a way to use this kid to lure the snake out of the hole and let Chimi enter our trap obediently Get rid of that guy decisively." He said confidently.

"This kid doesn't know anything. Obviously he was separated from Chimi when he entered here. Neither of them was able to turn around. Is there anything else you can use?"

"You don't understand this."

Li Tian was also like a headless fly. After entering, he found helplessly that it was too difficult for him to find any clues. The enemy was very cunning, and basically he would not easily show any clues.

He still has an important treasure like Dark Moon Crystal in his hand, and he always feels insecure when wasting time.

With impetuous minds, many decisions made have some lack of consideration.

But at this time, he suddenly felt a very strong explosion sound from a distance. I don't know why, the energy of this explosion spread directly to this side, and he also sensed the fairy power inside. . ,

"This is the kit I gave to Ruan Ruo before. I want to let this guy use this thing to protect himself when he is in danger. How could he use it so quickly? Could it be that he also encountered something amazing here? Enemy?" He squinted, Ruan Ruo's strength is really terrible. From this point of view, it seems that this guy was defeated easily.

"Let's take a look, maybe what else can I help?" Canglong said.

"Well, let's go over and take a look, I hope it won't be too late." Li Tian squinted his eyes, and then quickly rushed in that direction.

Chapter 5882: Bait

In the darkness, Ruan Ruo was tied to a huge piece of wood, and under his feet were some dry wood. Several elites with torches were looking at Ruan Ruo in front of him with indifferent eyes.

There was a stone on his mouth, and he could only hum continuously at this time, but there was no way to scream.

He originally thought that he only needed to tell Yi Zhongrong the truth about these things he knew, and he could leave here unharmed. Who knew that things were not as simple as they thought.

After he explained all of these things, Yi Zhongrong never thought of letting this guy leave here unharmed, but directly tied him to this piece of wood and prepared to burn him directly. .

"The blame can only be blamed on your boy's bad luck. You even met that guy called Chi Mi, otherwise you can end up in a very happy way of death, and now you can only live in this flame. , Slowly tore it off." Qi Ze touched his chin with a BT-like smile, looked at Ruan Ruo in front of him, and said with a smile: "Don't hate me when you get down, after all, people will die. Yeah, you just died a while earlier than others, don't hate others too much, you know?"

"Uuuuu..." Ruan Ruo struggled, but it was useless. The rope was very hard and he didn't know what kind of knot it was. The harder he struggled, the more uncomfortable he was.

"Master, will he come?"

"If I couldn't believe it before, then after this time, I have been 80% sure. This kid is the famous Li Tian before. That Ruan Ruo is just a waste of wood. It is impossible to be a spell master, but there is a kit in his body. There is also such a powerful spell in it. It almost destroys everything here." Now Yi Zhongrong still has the feeling of lingering fear on his face. I found this kit on Ruan Ruo, opened it under curiosity, and almost killed them.

Fortunately, the spell was thrown away when it was activated, otherwise the end would be unimaginable.

But because of this, he knew that Chi Mi should be the young man who chased them down before, and it might be Li Tian. After all, such terrible spell destructive power could not be achieved by ordinary spell masters.

The power of this fireball technique is really terrifying. They are still immersed in the fear at that time. They can cause such a terrifying effect, and only the genius boy in Tianqi City, except that kid, can't even think of it. Who has such an ability.

"Even if it is like this, we can only determine what the identity of that kid is now. It seems impossible to kill that kid in such anxiousness?" Situ moved to the side and whispered: "He certainly won't The bait, and if it is really the rumored genius, we people may not be the opponent of this kid."

"Are you scared?" he asked.

"I dare not, but I am worried that the traps we have set up here will make us lose our head start."

"Hehe, don't worry, he definitely doesn't know that we already know his identity. We are trying to calculate him here. I have opened and set up a very secret formation here. I only need to activate the

treasure in this formation. , No one except me can control their own celestial power. At that time, trying to defeat me is just a joke."

"It turns out that the young master had been prepared a long time ago. If this is the case, I would have thought about it. A genius like a teenager can definitely catch this guy's weakness, and let this kid know how good we are." Situ Nao seized the opportunity and said flatly.

When they were talking here, Li Tian on the other side was already here.

At this moment, he squatted down and hid behind the big tree on one side, carefully watching the scene in front, squinting his eyes: "This guy is not going crazy, he ran to challenge so many people alone. The team, even if they are really crazy, can't make such a stupid move. Isn't this seeking a dead end? '

Seeing Ruan Ruo being tied to a piece of wood, Li Tian's eyes widened without greasiness, and then took a breath. He really didn't expect this guy to be so bold that he would dare to deal with so much by himself. People, isn't this kidding me?

"This kid is really a superb. It seems that the words you said before are not useless. At least it seems that he has been nurtured by you before, so he is so bold." Canglong doesn't know how to describe it. Ruan Ruo, this guy is really weak when he is weak, and really crazy when he is crazy, and he can always do something unexpected. ,

"It's just that they can completely kill Ruan Ruo directly, but they have wasted so much time and made it look like a sacrificial event. I always feel that there is something we don't know about this matter. Yeah!" Li Tian's sense of smell was very keen, and he easily discovered that there seemed to be something he didn't know in it.

To say that they caught Ruan Ruo, it was enough to kill him as soon as possible.

But it just happened to be burned directly in this way. This is not a deep hatred. There is no need to do this. This seems to be a very counterintuitive move.

He was nervous before, but now he has calmed down, looking at these people in front of him, squinting his eyes: "You can see the way they are standing there. This is a guy who has been trained. There is nowhere to find the shoes. It takes no effort to find the shoes. I have been looking for where this group of people are. I didn't expect them to be right under my nose. It really surprised me."

"It might be a trap here. The reason they did this is to attract you here. Ruan Ruo is just a bait in their hands, but I didn't think why they knew so many things. I guessed it. Your identity?" Canglong said curiously.

"Regardless of whether this is a trap or something else, we still have to go up and save this kid after all, so what is here is meaningless to me. Anyway, no one can stop me, even the young city lord of Tianhu City. I want to get a little bit cheaper in my hands." Li Tian said lightly.

Chapter 5883: Goat into the mouth

Holding a torch in his hand, Zize walked forward little by little: "Okay, don't think about who will save you. Everyone is in danger here, and everyone is thinking about how they can persist. Go on, no one will help?

Ruan Ruo, who was still struggling before, has calmed down at this time, and it can even be said that this is a kind of helpless peace with death.

He knew that he could not leave here. Indeed, just as they said, the contestants here need to think about how they can survive every day, instead of wasting their time to save a guy he doesn't know. Then he offended such a huge team, but anyone with a sound mind knew that this was something that could not be done at all.

At this time he had given up resisting, and since he had been tied to the torture frame, there was really no way to survive.

"For the sake of your dying, I will give you a chance today to leave a last word. If you have anything you want to say, just say it." Zize said, taking the contents of his mouth come out.

It was also at this critical moment that Ruan Ruo suddenly yelled out: "Benefactor, hurry up, this is a trap. They arranged a lot of killers, just waiting for you to walk in by yourself, leave me alone... you go away. ..."

Before he finished saying these words, he was directly hit by Qi Ze with a fist in the face: "I don't know what to live or die, and I don't look at what I am. I will let you say last words, let you say these nonsense. ?"

"Ahem...you...Don't hurt your benefactor. He must have already arrived here. He will definitely leave when he hears what I said. Do you think you can catch my benefactor? It's so simple. Ruan Ruo said with gritted teeth while vomiting blood.

"Yo-huh? It made me wrong. I thought you were a courageous species. I didn't expect to show some courage at this critical time, but it doesn't make much sense. What we want to do No one has failed so far. This time your benefactor, no matter how great, don't want to leave here, and you, don't want to leave here alive."

As Zize spoke, he was about to throw away the torch in his hand.

That is, at the moment of this electric flint, there were bursts of sound breaking through the air suddenly sounded around, and the sword energy shot out from all directions, densely like a heavy rain, the elites standing outside had not had time to respond. , He was shot directly into a hedgehog.

Zize has always been prepared, so he was not affected at the critical moment, but stepped back a little: "Who dare to come to us to do this kind of thing?"

"Your grandfather, me, didn't you say that before, you have never missed your hand, if I come here, there is absolutely no way to go back, I am really curious whether you can do this, so I am going to come and see in person It depends on your abilities." Li Tian appeared in front of Ruan Ruo, smiling at Qi Ze in front of him, and said.

Ruan Ruo was already desperate, he waited for the flame to swallow him, and then he was a human again after a cycle.

I just hope I won't be so cowardly next time.

The reason why he has been so ineffective in this life is because he is really too weak, even if he encounters any opportunity, he dare not take it easily, and is very worried about problems.

In this way, it has remained weak.

I didn't know until now that I was thinking like this. I can only let myself be mediocre for a lifetime. If I want to protect myself, I definitely can't be mediocre for a lifetime.

I thought that there was no way to change the result, but didn't expect that at a critical time, Li Tian would actually appear in front of him, instantly killing the surrounding elites, and then repulsing Qi Ze, with superior strength.

"Benefactor... you... why are you still here?"

"Why can't I come? If the enemy tells me that this place is dangerous, and I shrink back like this, am I still a cultivator? When I have fear and fear in my heart, I want to continue afterwards. It will be very difficult to fight hard like this." Li Tian said lightly, then squinted at Qi Ze in front of him: "You said just now. If I get here, there is no way to leave here. I am very curious now. In what way are you going to keep me here forever?"

"Although I don't know who you are, I guessed it a little bit. Your strength should not be very weak. It is precisely because you know your strength that you dare to appear here so swaggeringly, is it like this?" Qi Ze chuckled, looking at Li Tian in front of him, his face was still grinning, but there were a lot of solemn colors in his eyes.

Although he is very confident, he is absolutely not conceited. If the young man in front of him is really the legendary genius, then today's battle must be quite difficult. Facing this genius, his winning rate is almost for Zero.

"Indeed, according to my previous thoughts, no one is my opponent in this enchantment, but now I can tell you that even in the entire Sky Lake City, not many people will be my opponent. If I want to leave, None of you can stop me, I want to take someone away, and you can't stop me either." Li Tian stomped his foot, and a few sword energy appeared behind him, directly breaking the rope on Ruan Ruo: "Get out of here now, you are not suitable to stay here for the next battle."

"Benefactor, you have saved me twice. I can't just leave here like this. This time I will fight with you."

"Haha, you really brought an idiot's follower. If this guy stays here, you definitely can't concentrate on doing it with us. After all, while fighting, you have to protect this idiot. Even if you are a powerful master It's impossible to defeat us in this state, am I right?" Qi Ze sneered, looking at a serious Ruan Ruo, really wanted to laugh out loud.

Is this kid an idiot?

"Indeed, you can't help me a little bit by staying here. On the contrary, it will make me shackled. It will be difficult to defeat them. You should leave this place without delay and go to a safe place. This is the most important thing. It's helping me, do you know?" Li Tian didn't look back, still looking at Qi Ze, and then said to Ruan Ruo.

Chapter 5884: Sleepy fairy

"Benefactor, I..."

"I know that you are very guilty in your heart and want to repay me, but you have to distinguish the time and occasion for this kind of thing. In the current situation, you will not be able to help me in any way if you stay here. It will only make me The problem is getting more and more difficult, do

you understand?" Li Tian squinted his eyes, his hands were ready to summon Hong Zhan at any time, he knew that Qi Ze in front of him was not a good opponent.

"Well, since the benefactor has already emphasized this, I will go now." He turned around and glanced at Qi Ze, then left without looking back.

"This is the guy you came to save with your own life? When you left, you didn't hesitate at all. I don't know if your brain is not enough. Such waste will also come here to save. Don't you worry about dying at all?"

"Some people don't think so much when making decisions, and they don't think about issues from the perspective of their own interests. If everyone thinks like you, there may not be a living person in the entire God Realm now. I am different from you, so I will choose to stand up at this time. You should know it very well." Li Tianqiu laughed and said disdainfully.

"Hehe, it's a good excuse, but it's a pity, you still take it for granted. You think you are very powerful, so you think we have nothing to do with you, so rushing over here sternly is true. Without paying attention to us people, what do you think we will do in such a situation?"

When Zize was talking, the ground trembled violently.

Immediately afterwards, eight light beams of different colors shot out from the surrounding area. These light beams first rushed directly into the sky, looking like colorful thunder falling from the sky, with a little majesty in the darkness.

With the impact of the beams of light, many vortices began to appear in the clouds.

These vortexes slowly derive some strange patterns, gradually turning into an octagonal shape, and then a huge formation fell from the sky, and instantly enveloped Li Tian.

He also knelt to the ground in this short moment.

"Did you suddenly find that your immortal power has been limited, and now there is no way to resist it, right?" Looking at Li Tian who was kneeling on the ground in front of him, Qi Ze sneered: "The famous Tianqi City The genius of, if you continue to stay in Tianqi City to participate in the competition, maybe you have gone to Buzhoushan now to study, your future may be even more brilliant, even I don't understand why a person like you Come to this place."

"Of course you won't understand. The reason why a wise man is different from a stupid man is because there are many things that a wise man can think of. A stupid person has no way to think of, let alone understand, just like you don't understand why I gave up. Such a good opportunity is like that, so you are ridiculous in my eyes, even now." Li Tian said calmly, and then slowly stood up from the ground with difficulty.

Seeing that he was already trapped in this formation, Yi Zhongrong slowly walked out: "It's ridiculous, the famous genius is actually trapped here by me, just like an ordinary person now."

"When you die later, you will also find that after you die, you will be no different from ordinary people." Li Tian set his gaze on Yi Zhongrong, gritted his teeth and said: "What do you do to the Guo family? I didn't want to get involved in this matter, but you've been persecuting me again and again. Now I can only say that I'm sorry. I'll take care of this matter."

"If you think you have the ability to manage this matter now, of course you can give it a try, but don't say that I never reminded you that you will die if you mess around. Of course, you can't live now. Anyway, many people want to kill you. If I kill you like this, it will be a more exciting thing for many people." Yi Zhongrong touched his nose and walked slowly into the formation, and then smashed down with a fist.

This fist directly knocked Li Tian away, and then heavily installed on the barrier of the formation.

"With a body that is vulnerable to a blow, you are a trash without the power of immortality. Even if you are a genius in Tianqi City, you still want to be bullied by me like this in front of me." Yi Zhongrong looked down. Li Tian on the ground sneered: "It's a pity, Master Ningbing has been very sad after you died. If I tell what happened here, I don't know what will happen."

"If you dare to tell the matter here, I will let your whole family kill you." Li Tian's eyes suddenly became serious, and he stared at Yi Zhongrong in front of him: "I am indeed controlled by you now. , But don't think that this will defeat my will. If you continue to provoke me, I will have to fight you desperately. Now it's better not to get a dead fish, don't you?"

Li Tian's eyes were serious, as if he was saying something that could happen at any time.

Yi Zhongrong was really taken aback.

He knew that this guy was a madman, and that Tianqicheng could give up such a good opportunity. Besides using a madman to explain it, could it be explained in a better way?

Looking at Li Tian in front of him, he knew that he had to kill this lunatic.

Keeping him is just a curse.

"Master, why bother with this kid? He doesn't know how many of our colleagues have been killed. In my heart, he should have been slashed a thousand times, but unfortunately I have never been caught before. Let me replace you today. ..."

"I don't need you, this legendary genius. I want to do it myself. I want to see what kind of expression the genius will look like when he dies, and whether he will show a scared expression like a normal person." Yi Zhongrong drew out a knife, raised his finger, and directly solidified Li Tian's movements in front of him: "Don't move, it won't be very painful."

"It really won't be very painful." Li Tian looked at him and said lightly.

"Aren't you afraid?"

"Death? Death is also a kind of relief for me. I have never been afraid of death, but because of my own responsibility, I am not allowed to die." Li Tian laughed at himself, his eyes still calm, look Less than the slightest fear

Chapter 5885: Will destroy

"Although I don't want to admit it, but I have to admit that you are the only one among so many people I have seen who makes me feel crazy. Even at this critical moment of life, I have never seen you. You show a trace of fear." Yi Zhongrong looked at Li Tian condescendingly, with a triumphant smile on his face. He had thought about such a scene, but he didn't think it could happen.

He was just the son of the city lord in a remote main city, and he had only such an identity, but the one in front of him was a genius who was famous in the Ten Cities Conference of Tianqi City.

Sincerely speaking, he believed that if Li Tian was given a chance, this person would definitely become one of the few strong geniuses in the entire God Realm.

It is not impossible to surpass them now and see these strong men.

"It's good if you know it. It's just that this torture wants to make me fear impossible. Everyone has their own lifeline, but this kind of thing is not so easy to find. You think you have captured my lifeline. But I don't think so." Li Tian smiled self-deprecatingly, smiled and looked at Yi Zhongrong in front of him, and said: "You set up such a trap here, but you just wait for me to jump in. Want to show off in front of me to prove how good you are?"

"Do you know that I really hate guys like you? I think I'm aloof. Anything that happens to your eyes looks so ordinary. Whenever you show such an expression, I want to do it. Tearing your mouth." Yi Zhongrong gritted his teeth and slammed it up again with a fist, but it didn't take so much strength to go down with this fist.

The dagger in his hand was shaking slightly, and he was very angry now. He wanted to scare Li Tian in front of him at this moment.

Let this guy make a useful attack before he dies.

It's just that this plan has fallen through.

This man is like a madman, his eyes are firm, his willpower is firm, and he doesn't seem to have any weaknesses.

It is also completely impossible for you to use some means to scare the guy in front of you.

Teeth creaked, and he seemed to be restraining himself with great strength.

"If you have anger in your heart, you must vent it in time. If you hold back in this way, it is very likely that you will have some problems with yourself, so that you will not be so friendly to many things next. Do you understand what I said like this?" Li Tian Although he was restrained, his eyes didn't show any worries, as if he was lying on a safe bed now.

This made Yi Zhongrong, who originally wanted to see him embarrassed, get very angry. It's not like seeing the guy in front of him talking to him like this.

"You...you are really courageous. At this time, there is still a little bit of worry. I wanted to see if you are really scared. I didn't expect that death is coming. You guys are so calm, even Can you laugh?" Yi Zhongrong stared at him. He became more and more confused. The strength to hold the dagger in his hand became stronger and stronger: "In this case, we have nothing to say. Don't blame me. To give you a chance, you can only blame yourself for being too proud."

'puff'

This knife pierced Li Tian's shoulder directly, and then pierced it easily, just like piercing a piece of paper.

"Look at what you are like now, can you still keep going?" Yi Zhongrong sneered, squinted, and looked down at him.

"It doesn't hurt, just be harder." Li Tian laughed to himself, "You can't hurt me at this level. You can be a little harder and kill me completely. This is just a thunderstorm." Rain, do you think I am afraid?"

"You beg for mercy now, maybe I can forgive you, but if you continue like this, I don't think we have anything to say. I can only kill you so as to ensure that you will not delay my business in the future." Yi Zhongrong looked at Li Tian in front of him very irritably, and said helplessly, this kid clearly didn't give himself a chance.

"Forget it, how nice it was before. I was worried that I would spoil your actions. Now I want to be honest and obedient. Isn't that kidding? If you are really prepared, just kill me. Well, don't waste time."

"Master, this kid is very abnormal. According to reason, in such a situation, you should think about how you can leave here, but seeing this guy in front of you doesn't seem to worry that he can't leave here at all, he seems to be afraid. We don't take action, this is abnormal, too abnormal." Situ Nuo stepped forward and protected Yi Zhongrong's side.

Indeed, Li Tian is indeed quite abnormal in their eyes now. In this situation, he didn't even think about how he could leave here. Instead, he felt like the conspiracy had succeeded, as if this thing did not happen to him. The same on the body.

In this situation, no matter what it is, everyone must think that this person must be very problematic at the first time, so Yi Zhongrong is directly protected.

Yi Zhongrong squinted his eyes and looked at Situ Nuo, who was in front of him: "Don't waste time. Even if you enter this formation, there is no way to use it. You think it depends on you. Can you protect me? If this kid can really make a comeback in this situation, it would be useless for all of us to stand here today."

He was very clear about what kind of ability Li Tian had in front of him. The things that this guy had done in Tianqi City until now are quite clear to many people.

Especially Yi Zhongrong, who was in front of him, knew exactly how terrifying this genius was.

Li Tian squinted his eyes and looked at these people in front of him and said, "Well, I really want to see what you are going to do. If you don't kill me now, I promise you will regret making it yourself soon. This decision is made. If it is me, I will do it directly. I won't waste so much time here and talk nonsense. Isn't it okay to ask for something?"

Several people looked at Li Tian stupidly. At this moment, they couldn't figure out what the purpose of the young man in front of him was, and why he could be so relaxed at this time.

They are very worried that there is a conspiracy that they don't know, and they dare not act rashly at this time.

Chapter 5886: Not convinced

"Sometimes I am really inexplicable. Where did your confidence come from? You have become our prisoner now. What will happen next is not certain. In this case You even dared to talk to us like this. If we were another person, we might kill that guy directly, but today I really want to see what you have. Can you leave here alive?" Yi Zhong Rong chuckled, then took the dagger in his hand and pierced it towards Li Tian's other shoulder.

There were two finger-thin wounds on both shoulders, and blood was constantly flowing from it, looking like a gurgling stream. It was hard to imagine that Li Tian could still persist in this situation. how long.

The few people standing here also had very contemptuous eyes on their faces at this time.

No matter how terrible Li Tian's ability is, he has already shed so much blood now, plus there is no way to control the power in his body, can he still persist?

"Huh..." Li Tian snorted. His body was completely restrained at this time, and there was no way to move, so at this time, he could only watch Yi Zhongrong's knife stabbed down. , And then abruptly supported it. At this time, the blood kept flowing out. He wanted to heal his wounds, but it was all useless.

"It hurts, I think it should be very painful. Now that you don't have the protection of Xianli, in our opinion, it is just an ordinary young man who can no longer be ordinary. Facing such a situation, it is possible to change to a person. Just ask for forgiveness, but you can still keep your sense. Looking at us indifferently, it shows that this kind of pain is not enough to destroy your willpower, which makes me admire it." He smiled indifferently. , I am very proud to say that the genius who was in Tianqi City before was beaten up in front of him by himself at this time. Who can not be proud of such a thing?

Situ Nuo slowly retreated to the outside of the formation at this time, and the feeling inside this formation was really not very good.

This kind of immortal power in the body is not under his control, and there is no way to control it. No matter who encounters it, he will feel very helpless. At this time, looking at Li Tian in front of him is also very sympathetic.

"This kid is really unlucky. He was originally a character in Tianqi City. I wonder if this kid really has something in his mind that we don't know? He went so far. Locally, what do you say is his purpose?" Qi Ze stood on the side, leaning against the wall with his arms folded, looking at Li Tian triumphantly.

"Who knows, this kid now we have no way to fully figure out what is in his mind. If we change to another person, we may have already begged for mercy at this time, and I will definitely be afraid, but you have also seen it. The expression on this kid's face seems to have not taken this matter seriously. You should know that we have met so many people or is it the first time we have met such a guy?" Situ Nuo shrugged, far away Looking at Li Tian, I also felt that this incident was a bit weird. In such a situation, he could still smile so proudly that the young man in front of him was definitely the first one. ,

"Speaking of it, if you change to someone else, you will definitely not be able to stick to it at this time. In this state, no one knows what will happen next, but this is the first time I have been so calm with this guy. see."

Blood was constantly flowing out at this time, and Li Tian had already begun to feel his mental state slowly starting to trance. Under this state, it was possible to pass out like this at any time.

The immortal power in the body at this time is like a beast that has been suppressed. They are like being hypnotized. They are all quietly immersed in Li Tian's body, no matter how they are stimulated, it is useless.

Even if he himself might die in this situation, there is still no way to find his original combat effectiveness.

At this time, I can only feel stupidly that my body is getting more and more numb, and I can't even sense the existence of my body, but there is still no way to change.

‘Damn it, I still underestimated these guys. I thought it would make us lose out just like this, but I didn’t expect that we would lose out in the end. While feeling the embarrassment of his body, Li Tian also whispered helplessly in his heart. Back then, he swaggered over because he knew that the people on the other side had nothing to do with him.

How many of the people who entered the Hundred Beast Festival this time would be the opponents who defeated Li Tian?

Obviously not.

From the beginning, he didn't pay attention to these people here, let alone think that these people's traps could hurt him. In Li Tian's opinion, it was already a good thing that he didn't kill these guys in front of him.

At this time, I was deeply in this kind of crisis, and I felt ridiculous about my inexplicable confidence.

In this world, there are too many tactics for powerful people and you don’t know. Isn’t it just making yourself trouble to look down on your opponent?

"Think about it carefully, you kid should definitely not be convinced now. What kind of powerhouse you were at the beginning is a very powerful existence in the minds of many people in Tianqi City. You could have made yourself stronger. Yes, but you directly gave up that opportunity. It was your own choice. Of course, it was not the choice made by us. This is the path you chose. Of course, there is no problem, but you run Coming to our turf to be so presumptuous, this is your fault. No matter how good you are, you have to distinguish the occasion, right?" Yi Zhongrong raised his hand and patted Li Tian on the cheek, and said with a mockery : "It's fine now. You are dying. You should know that what you did this time was wrong."

"It's really like this. I did a lot of things I didn't want to do before. I really regret it now. Why didn't I just kill you and show my full strength to make you die? Drop."

Chapter 5887: Counterattack

Li Tian's eyes became red, and he was really annoyed at this time.

I thought that I had let this guy go, although it was under the cover of their people, but if Li Tian really wanted to kill this guy at that time, even Yi Zhongrong would not be able to escape from his own eyes, no matter how powerful it was. of.

And after returning to Tianhu City, it is definitely impossible to let this guy go according to his original character. In the process, he can also find many opportunities to kill Yi Zhongrong in front of him.

He has many opportunities to kill this guy, but he has been considering the consequences, so he has not been able to seize this opportunity many times.

Now it's alright. This guy who could have been killed easily has become a difficult opponent in front of him. Seeing this guy torturing himself like this, feeling the loss of vitality in his body, he even feels his own Life may be ending. ,

At this time, I really regretted why I didn't use any extreme methods to kill the guy in front of me.

'Fear' slapped Li Tian on the face, Yi Zhongrong laughed and said, "I don't even look at what you look like now. You really think that you are still in Tianqi City now. A genius? I can tell you that the current world has changed a long time ago. You are no longer the same you were. You are just a corpse in front of us. Do you think we still fear you so much?"

"Of course you won't be so afraid of me, but if you think that this way can make me honest, then it is really wrong." Li Tian smiled disdainfully, his body continued At this time, he has been clenching his teeth and insisting on it. He can feel that his mental state is getting worse and worse, and he may be dizzy at any time.

But also at this critical time, he gritted his teeth and persisted. He knew that he had to persist in this state. If he gave up like this, what would happen next would not be so easy to guess. .

At the same time, he was constantly stimulating the fairy power in his body.

If I want to defeat these people in front of me, I must restore myself to the original state. Even if I am injured now, when I can control my immortal power, there is no problem with these small injuries.

But the frightening thing is that if he can't get his mental state completely restored before this guy kills him, then all the efforts before this will be wasted.

I watched the enemy in front of me kill myself, and watched that I couldn't continue to avenge the Guo family's eldest lady. Who could take over such a thing?

Even Li Tian felt that if things really developed to this point, wouldn't it be the end of hatred?

He must work hard, even if he is betting on his own life, he must work hard, try to kill the guy in front of him, even if it is no good, he must die with the guy in front of him.

"The dignified young city lord of Tianhu City actually went to this place to care about these things with me. It seems that the things I did before made me very dissatisfied. Since it is like this, you will simply kill today. Up me."

"Don't think I'm afraid. I don't know why you want to die in such a hurry, but if you really want to be killed by me so quickly, I can fulfill you. Of course I want to see it most now. It is the loss of blood in your body bit by bit, watching your own body dry up bit by bit, and walking toward death bit by bit. Only in this way can you feel the shadow of death, right?"

"Don't keep talking at this time. Now your body is completely bound by this formation. If you want to break through this formation, you must mobilize your immortal power. If your mental state has no way If you gather together, you will only let yourself die here for nothing. The more nervous you are, you must calm down seriously." The Remnant Soul of the Ancient God also felt the emotions in Li Tian's body at this time. No matter how powerful the kid is, it is impossible to really not fear death, and there are still many things in Li Tian's mind that have not been resolved.

When a person still has some regrets that have not been completed, they will naturally form a terrible potential under this double pressure, and this potential can also produce miracles.

At this time, Yi Zhongrong obviously did not know what Li Tian was doing. His fist was really hit with one punch and one punch: "Today I just want you to see how I am, and use my fist to kill you alive. To say that you were also a genius before, but when you died, you were beaten to death by me alive. This kind of obvious contrast must be quite unbearable for you, right?"

While waving his fist, he looked at Li Tian who was lying on the ground. This guy was now covered with blood on his body.

When I saw this, Situ Nuo and Qi Ze had actually relaxed. Li Tian was already in various appearances. There were serious injuries in many parts of his body, and he was obviously bleeding too much, even hypoxic. The appearance has all been shown, and it is obviously impossible to continue to live in this state, and naturally there is no way to do anything to Yi Zhongrong in front of him.

It's just that they think very easily, but they don't know that there will be many miracles in this world. ,

And the young man in front of him is a guy who claims to be constantly creating miracles.

At the moment Yi Zhongrong's fist fell again, a strange symbol appeared in Li Tian's body, and then this symbol rose directly into the sky like a beam of light. The thick clouds were also washed away at this instant, and a particularly devastating blue vortex appeared in the sky, just like a large vortex in the vast ocean.

It's just that in this whirlpool, you can still see clusters of white and blue ghost fires, making people feel very cold all over the body just by looking at it.

And Yi Zhongrong let his fist fall on this beam of light, and almost swallowed his fist directly. This was also when he found out in time, he quickly closed his hand, otherwise this hand It may be gone.

Chapter 5888: Who bullies who?

"Crack, squeak"

Li Tian in the beam of light and the others can't see what's going on now, and they don't know if this guy died directly or something else.

But they all know that the situation is serious at this time, and it is likely that the problem will become more complicated.

"Damn, this kid is really well-deserved. Many people said this guy is a miracle guy. I didn't believe it at the time. I didn't expect it to be like this. He actually broke through the shackles of my formation." Zhongrong stepped back, letting Situ Nuo and Qi Ze stand beside him to protect himself, while raising his head to look at the whirlpool in front of him.

"Master, what is going on, why do I feel that something huge is going to happen next? Could it be that this kid has broken through some shackles, and then..."

"He broke through my formation, and now he has almost truly displayed all his strength. Under this situation, we have some difficulties in defeating opponents of this level. You should be very clear about this explanation. Well, we are afraid that there will be a very difficult confrontation next."

"Huh, although I don't know how this kid did it, it's absolutely impossible for me to back down even in such a horrible scene. You have already injured this kid badly before. In such a situation, I want to see this. How much ability does the kid have to persist in front of us." Zize has always been a guy who is not willing to put others in his eyes.

In his eyes, few people have been truly overestimated, and anyone in his line of sight is no different from a rookie.

Li Tian in front of him is obviously in this rank.

After he finished speaking, he directly rushed to the beam of light with a sword, shouting loudly: "Today I will let these so-called geniuses see what is true strength, it will only be bragging. There is really nothing to be proud of in front of us. With so many people standing here, who can't really survive in some very difficult circumstances?"

A sword gas passed directly towards the beam of light.

Situ Nuo yelled anxiously: "Qize, don't be impulsive. This kid is in a different state from what we imagined. Everything has to be deliberated. You can't do it in such a hurry at this time."

"Haha, I think you are overly worried. If this kid is really that terrible, he should have done it directly before. Why waste so much time? Besides, this is just a sick guy. There is no fear." He knew Li Tian's reputation in Tianqi City before, and he had to say that he was very convinced. It is already very good for a Sanxian to do this kind of land.

But don't be naive to think that this way he will really be afraid.

Now that Li Tian is seriously injured, he no longer has the kind of powerful combat effectiveness he had before. Even if there are variables now, he cannot turn his situation around in an instant. If he defeats them so easily, it would be impossible to speak. Things.

At this time, he didn't think that Li Tian would be his opponent. He just thought that Situ Nuo was too cautious. Such a young man, no matter how clever, could not defeat himself even if he was seriously injured, right?

"You fellow, don't do things indiscriminately, this kid simply..."

"Forget it, I'm going to bully this guy today. He is already seriously injured. As the saying goes, take advantage of his illness and kill him. This is a pretty good opportunity for us. Do you think I will give up like this?"

Seeing that Jian Qi was about to rush over at this moment, but was firmly grasped by both hands.

These hands look very pale, but obviously there is considerable power in these hands: "You said you want to bully me? I really want to see today, who is bullying whom? For so long, there are very few people who can really bully me. Even the Emperor of the Big Dipper would not bully me. What about you? Do you think you have this qualification?"

Li Tian was bathed in the beam of light, and his injuries had already recovered at this time. What is terrifying for Guo Heng is that his eyes are now even more crazy than before.

If Li Tian before was a normal person, then Li Tian now looks like a lunatic. This feeling is very clear, and it gives them a feeling of ups and downs.

"Hehe, look at what you are like now, is it because you still naively think that you can stop me in front of me?" Li Tian smiled disdainfully, slowly turning his gaze on Qi Ze in front of him "You told me before. You want to kill me while I am in this weak state. It is so-called taking advantage of his illness to kill him. Then continue now and let me see your ability."

"Do you think I dare?" The sword had passed by when Zize spoke.

Seeing this sword clearly penetrated Li Tian's body, but it passed through like this, even Qi Ze's whole body passed directly through Li Tian's body in front of him.

This made the few people present all be inexplicable. This feeling was as if Li Tian standing in front of them was basically an air. It was natural that they passed through an air.

It's just that they themselves understand that things are not like this at all. This is a living human being. How could it be air?

Just when a few of them didn't know what was going on, Li Tian's hand suddenly protruded from Qi Ze's back without knowing what was going on, and then he slapped it severely.

Zize, who was rushing forward, spit out a mouthful of blood, and then quickly fell down.

This bit of blood instantly stained the entire ground, and he squinted his eyes and coughed a few times.

"This...it's impossible. I'm sure you didn't leave that position before. Why...how did you do it?" He turned around and looked at Li Tian in front of him. There was an unbelievable feeling that what happened at this moment really subverted his imagination, and never thought that an immortal could achieve such a terrible point.

It looks like a mirror image, but it is actually Li Tian's body. Could it be that this guy has now become a spirit body and can't be attacked?

Chapter 5889: Weird

"There are many powerful techniques in this world, and everyone has different characteristics. I can say that my fighting style is very difficult to find in the entire God Realm that is exactly the same as me. You can't deal with me. , I don't know what is going on in the way I did this. This is also a normal thing. If it's so easy to be known to you, it's not so easy for me to defeat you." Li The sky was moving his body, the hostility in his eyes was very obvious, and the aura with hostility also enveloped hundreds of miles around this time.

Yi Zhongrong took a few steps back.

Situ Nuo also frowned and said, "I really don't know it. I was shocked when I saw it. So many guys before this guy spoke highly of this guy. I thought they were just nonsense, they didn't know anything. It's really amazing. Only now I discovered that what they said is probably true. The young man in front of me is really a bit tricky."

"It's true. Although I didn't know what was going on just now, I have been paying attention to Li Tian's movements during the battle. The moment he launched an attack on Zize, there seemed to be a few tenths of a second. It's the same as disappearing in this space. When the attack is over, this guy reappears directly. If we want to defeat him, we have to find out how we did it before." In Yi Zhongrong's hands He had already grasped a signal flare. He knew that he was not Li Tian's

opponent in front of him, especially Li Tian in front of him seemed to be in peak state, so it was even more impossible to be such a opponent's opponent.

Could he be a weak person who can beat so many geniuses at the Ten Cities Conference?

Moreover, they took the initiative to give up the opportunity at the Ten Cities Conference. Such courage is something they have never experienced before. Such young people can no longer be described as simple geniuses in their hearts. It can even be said that the young man in front of them is here In their minds, there is really a horrible feeling that they don't know how to describe it.

"I obviously attacked after determining your position. This sword can obviously hit, but you disappeared at this critical time. Then for a moment, I even felt that you in front of me were just a blur. It's just a shadow, what the ***** is going on," Qi Ze asked with a trembling voice while holding the sword in his hand. The fear in his heart had begun to spread uncontrollably at this time.

"What's wrong, didn't you still be very hard-mouthed before? I thought you were the smartest among them. It doesn't look like this now. Your strength is just that, and your head is really good. There is nothing great. Such a person has no chance of winning in front of me. You are not my opponent. Isn't this something that you have known for a long time? Why do you become so surprised after you know it?" Li Tian calmly He asked, what he saw in his eyes was only a kind of slaughter, this kind of strong hostility, even Qi Ze in front of him was a little bit overwhelming.

"This guy's hostility is too terrifying. It can even be said that this is a direct attack on the human mind. Zize seems to be unable to continue this way. If the two of them continue to face off like this, maybe Qi Ze is about to be killed directly." At this time, Situ Nuo, who was standing aside, stepped forward and whispered: "Master, in this situation we can only ask for outside support. Let's launch the signal flare in our hands. "

They are really ready to call people.

But before he started, Li Tian spoke.

"Don't waste your efforts. Now that the connection between the outside and here has been cut off, here is like an independent space. You want to connect with the outside is simply dreaming. People who die here at this time are not People will know how they died, and naturally no one will know why they died." Li Tian said with a gloomy smile.

Yi Zhongrong raised his head: "It seems that you have been planning for a long time. The reason for doing this should be because of Guo Xiangyi, right?"

"Not only because of such a thing, but because I am a guy who is really affectionate, but I don't like the style of doing things like you, Hill, and it makes me hate you guys a lot. In this way, I naturally cannot let you guys leave here alive. Besides, now that you know my identity, do you think you can leave like this?"

"It's not wrong that you are a genius, but you still want to control this place with your own strength. I want to see today. We want to leave here. Is there any way you can stop us?" Yi When Zhong Rong spoke, the signal flare in his hand was directly launched.

"Don't underestimate me, do you really think that I will come over and look for you like this without any certainty? Even if you wanted to kill me before, I could break through your limit in an instant, and then To kill you, it's just that I want to break through these shackles on my body and

make my mental strength stronger. Now that I have done what I want to do, you naturally have no use value and died. Isn't it normal here?"

Li Tian's eyes were filled with obvious murderous aura, he was really ready to kill these people in front of him.

After Yi Zhongrong fired the signal flare, he was surprised to find that, as Li Tian said, this place has now become an independent space, no matter what method they use, they have no contact with the outside world.

He didn't know how Li Tian did it, but the only thing he knew was that he might die here so easily now.

"That's just a woman, why waste so much time for a woman, even betting on your own destiny, if you kill me like this, you think you wait until you come back..."

"Don't worry, I killed you today. No one will know that this is what I did, because everyone who sees this thing here will die, so you can honestly become a corpse here. , Someone will collect your corpses soon." When Li Tian spoke, Qi Ze's stomach suddenly exploded, blood shot, his eyes widened, and then he fell to the ground like this.

And the sword energy also shot out from his stomach in an instant...

Chapter 5890: Killing intent

Void leap!

This is Li Tian's fame stunt, and it is also a trick that many people fear in their hearts. Once they fail to defend in time, his offense can be attacked from any direction, which is quite difficult.

The flare is useless.

Just as Li Tian said, they are really isolated from the outside world. No matter what, there is no way to summon reinforcements from outside. They must face this genius boy in front of them.

"Why, now I see that I don't have any chance of winning, all of them are honest and silent. Just now, all of you are very arrogant. It seems that you can make me unable to eat and walk. In the past few minutes, why didn't all of them speak anymore?" He squinted at the people in front of him, with expressions of disdain from the corners of his mouth.

If they dared to be very arrogant before, now they are all honest.

The reason is very simple. They were still a lot of people. If they fight more and fight less, it may not be true that Li Tian can't do anything. But after this battle, everything has changed. All the surrounding subordinates will be destroyed. After it was killed, the remaining few people wanted to deal with Li Tian in front of them. Obviously, they weren't opponents of the same grade, and naturally it was impossible to defeat them.

Yi Zhongrong knew his own details, as well as the details of Li Tian in front of him, and he knew exactly how huge the gap between him and this person was. If he really started, he would definitely not have much chance of winning.

"Although I don't know how you did it, this place itself is very closely related to my father. Now that something like this has happened, it will not take long for my father to discover the problem

here. He I will bring people here soon." Yi Zhongrong can only pin his last hope on his father, whispering.

"According to normal logic, I am not willing to kill you guys. The lives and deaths of you guys have no meaning to me, but today you have all seen my identity, but obviously I am not going to. If the news that I am still alive is exposed, it will naturally trouble you to die. Only the dead in this world will truly keep secrets. I'm sorry."

Situ Nuo stood beside Yi Zhongrong, looking at the corpse of Qi Ze in the distance.

The rumored young man really had an intrepid combat capability. He just killed a teammate after meeting him in this way. If you give him some time, more people may die. There is no doubt. thing.

He glanced at Yi Zhongrong in front of him. In this situation, all people were thinking about how to survive.

Not everyone is the same as Li Tian, who takes his own life and death very lightly. Everyone still thinks that he can survive well, and it is best to become a powerful master one day.

The Situ Nuo in front of him is also like this. The reason why he is willing to do this with Yi Zhongrong's side is not to hope that one day he can rely on his own ability to become stronger and get more opportunities.

If you want to survive well in this world, how can it be possible without a little skill?

'It seems that it's very difficult for us to get out of here today. The guy in front of us is quite capable. If we start, we will definitely not be the opponent of this guy. If we are like this, we must be careful. He whispered in his heart, and then carefully took out a dagger, all of which was done with his back to Yi Zhongrong, so he didn't notice it.

Now that this situation is in front of him, whether Yi Zhongrong is dead or alive has nothing to do with him. Whether he can survive is important.

Even during this incident, he killed Yi Zhongrong, he could leave here easily, and then find a hidden place to live in seclusion. The God Realm is so big, as long as he does not expose himself when he fails to become stronger, it is impossible to be found by Yi Ze and the others. If this way, I can continue to cultivate slowly, and one day it will be unlucky for all these guys who look down on me.

It seems that he and Yi Zhongrong have a good relationship, but in fact he was laughed at by Yi Zhongrong many times in private, and even the woman he likes was tainted by Yi Zhongrong.

This kind of thing is definitely intolerable for a man.

However, due to his low status in front of Yi Zhongrong, and there are many masters around Yi Zhongrong, plus he never thought of breaking the boat like this, naturally he couldn't make any movement.

But now it's different. Among them, Yi Zhongrong is definitely going to die, but he doesn't know whether he will die like this, so what he is thinking at this time is how to save his life. Yi Zhongrong is dead and alive. It's okay anymore.

So he took out a dagger, ready to kill Yi Zhongrong directly from behind.

If this is the case, Li Tian will open up the Internet, right?

'Master, master, you can't blame me for this, I don't want to do this, but it's a pity that only one of us can survive today, and you are the one who must die. If you live, I will simply There is no way to get out of here alive, and you can't blame me for not being righteous. Why did you do so many things that I hate? He roared angrily in his heart.

Li Tian still looked at Yi Zhongrong, but he didn't notice that there was something wrong with Situ Nuo.

"How about it, do you feel desperate now? Your support can't come here at a fixed time. Even if your father knows that there is a problem here, it is useless. It takes a long time to find this space. Time, wait until he really finds this space. I may have left here, and you have died here, what is the meaning of this?" Li Tian is still so relaxed, it feels like nothing at all The feeling of taking this matter seriously.

But Yi Zhongrong hadn't realized at this time that death was spreading towards him bit by bit. This guy thought he could negotiate with Li Tian now.

It's a pity that Li Tian in front of him has no intention of negotiating with this guy.

The purpose of his coming here is to kill the guy in front of him, of course it is impossible for the guy in front of him to continue to exist for another second.
