

A Killer 5891

Chapter 5891: so what?

"Li Tian, I know that you are not able to do anything now because you want me to compromise. I am convinced. I am really convinced of you. You are indeed a famous character in Tianqi City before, yours The strength is very strong, and I myself can be sure that I am not your opponent. Now I am in this situation and it is even more impossible to leave here alive." Yi Zhongrong widened his eyes, looked at Li Tian in front of him, and said with a smile: "But what? , If you kill me, you will definitely encounter a lot of trouble in the future. A strong man like you should be very upset and encounter these things, right?"

"You are right. I can kill you easily now, but you can't do anything. There is nothing wrong with what you said on this point. But looking at what you are now, it seems that you think you are like this. You can let me let you go? Do you think I can really believe it if I make some promises here?" Li Tian shook his head with a hideous expression: "Indeed, maybe I will have a lot of trouble after killing. But I have experienced a lot of this kind of thing. In Tianqi City, so many people wanted to kill me but they were not able to succeed. Your father is just a city lord on the border. You think he can do this. Something?"

Yi Zhongrong clenched his fists, stepping back step by step, using a lot of strength to step on each foot, but also very nervous.

He knows that under this situation, he might really want to confess his life here, and he still thinks about what his muscles were twitched before, and he has to incur such a troublesome role for himself. If he had directly killed this guy as soon as he took control of Li Tian, maybe so many things would not happen now.

It was nothing more than the previous confinement, coupled with the failure of several missions, which made him very annoyed at Li Tianzhen.

It can even be said to be hateful. This person has to fail his plan again and again, and everything he originally designed has no effect. But any more normal man can't bear such a thing, township The first thing for him is naturally to make his opponent pay a heavy price, which is naturally the same in his heart.

Li Tian has done so many things, it really made him unable to bear it at first.

This was just thinking about insulting this guy at that time, and letting this guy realize where the gap between him and him is.

Who could think that just a few minutes of time, on the contrary, gave Li Tian a buffer opportunity to make this guy stronger, and now it is also more difficult.

"It seems that our negotiations today are meaningless. You will be ready when you appear here again. You must kill me today. No matter who is in front of you, you must kill. Me, is this the way?" He raised his head with a desperate expression on his face. This is the first time he has felt this way in so many years, and he really can't resist.

All Li Tian needs is a simple look to completely make Yi Zhongrong in front of him lose his self-confidence.

A fairy in the realm of ***** cultivation and a fairy in the realm of celestial spirits, it seems that there is only a difference in rank, but in fact there is a slight difference between them. No matter how he reacts, he cannot be Li in front of him. Opponent of the day.

And when you participate in the Hundred Beast Festival, you can't bring any magic weapons.

Otherwise, he can also rely on some magic weapons to make himself hold on for a period of time. If he can attract these powerful wild beasts here, it would be a very good thing.

He was really going to die just watching this situation.

That is to say, Situ moved his hand at the moment of this flashing light. This kid has not been in a hurry to do it before but is looking for a suitable opportunity. He is worried that if he is found by Yi Zhongrong when he does it again, it will be terrible. After Zize's death happened before, the two of them have been paying close attention to everything around them.

Once there is any special immortal power fluctuation, it will definitely be discovered in the first time.

But now Yi Zhongrong has no such thoughts at all. Now that he has determined that he will definitely die in such a place today, it is not very important whether he has a keen sense of surroundings, because maybe he will die in the next second. It may be killed directly by a spike, and it will not feel any pain yet. This is the impact of absolute strength.

At this time, there is only one thing in his mind, and that is how can he let the guy in front of him die?

Just when such a thought appeared in his mind, a dagger suddenly penetrated his chest, and blood quickly shot out along the location of the wound, just like a fountain.

Blood red, hot blood was constantly flowing, his eyes widened, and he didn't need to think too much to know who had acted on himself at this critical time.

It's just that there is still a lot of doubt in his mind, why is he doing it here?

"Why, why did you choose to act on me at this time? If you kill me, you can't leave here. Only when the two of us work together can we barely defeat Li Tian in front of me, isn't it? Is it?" He clutched his chest, and the moment the dagger was pulled out, he felt that a breath in his life seemed to be taken out, and the whole person almost vomited a mouthful of blood.

One hand was blocking the wound, but blood was still flowing out of his wound, no matter how it was done, it made no sense.

"So what? I think you should remember the things you did to me before. I'm sorry that I also remember them clearly. You think that as a normal man, I can really take this Is it as if it has never happened?" Situ Nuo's eyes revealed a touch of determination and fierceness: "It may be true, but it doesn't make any sense to me. Maybe the two of us can leave together, but so what? ?"

"It turns out that you have always hated me in your heart. If you look like this, why do you still have to stay with me and never choose to leave?" The corners of Yi Zhongrong's mouth are already bleeding, and he is really seriously injured. But at this time, he did not die directly.

Chapter 5892: No way

"It's very strange. I have been by your side for so long. I have always been a cow and horse for you. No matter what your requirements are, I will definitely help you complete it in the first time. No matter what you need, let me do it. I never hesitated about anything, so when I stabbed you from behind, you definitely didn't understand. Why did I suddenly do such a thing?" Situ Nuo asked.

"Hehe, I knew you might do this one day. I'm not surprised at all. I'm just surprised that since you retain such a deep hatred for me in your heart, why do you still follow me?"

"Because you are the son of the city lord, because you may be the future city lord of Tianhu City. We live in this kind of border. You should also know that it is very difficult for us to become stronger. One thing, after all, many things in this place are not as rich as those in the Central Plains. If there is no strong backstage, it is undoubtedly a matter of talking on paper to make yourself stronger, right?" Situ Nuo said .

Li Tian applauded at this moment, and then slowly, mockingly said: "Look, this is really a very interesting thing, the one you brought with you to protect your subordinates, but now I stabbed a knife in your back. This feeling of being tricked by your own person must be uncomfortable. You must have put all your attention on me before, and you never thought of a companion behind yourself. Start suddenly on yourself."

"You are very happy, just as I feel as happy as I see you injured, you must be very happy now, after all, my state has been powerless to change anything." Yi Zhongrong's mouth began to appear blisters. , But the whole person is still in such a persistent state, it seems that he doesn't want to die like this: "You must be very happy to see me so unlucky."

"You are a person who is about to die. This kind of thing has no meaning to you. Anyway, you are going to die. Knowing so many people will not make you happy." Li Tianxiao He smiled, and then squinted at Situ Nuo: "Although I appreciate your comfort, you should also know that if you two work together, you might be able to survive, right?"

"I have always hated this guy in my heart, especially for the Yijia in Tianhu City. My anger has always been indescribable. I am even worried that one day I will be swallowed by the flames of my own anger, and then do Something I regret is beyond my reach. I wanted to kill them a long time ago, but my strength was not enough and I couldn't do these things so easily, so I have been waiting for so long. "When Situ Nuo heard Li Tian's words like this, he was immediately happy, and he said that he appreciated it, so there shouldn't be any problem in keeping himself alive.

He understands that his life now completely falls on Li Tian. This guy is what he said, and relying on his own current methods alone, there is no way to leave here alive.

"It turns out that there is such a feeling of hatred in your heart. I really didn't expect it. I thought you guys were all willing to follow them and be their lackeys. I didn't expect that in your heart. There is also anger, and you also have anger. It really surprised me a little bit." Li Tian smiled wryly, and then looked at Yi Zhongrong: "Look at how you are doing things, even you can't stand it anymore. , Let alone those outsiders. It seems that killing you here today is really a very correct choice. Perhaps in the eyes of many people, I am just killing you in name."

"Ahem, kill me if you kill me, but when you leave here, you will find out how troublesome you are, you go back..."

"Don't be daydreaming. When I killed Lu Wenhui and Lu Xiu in Luoyang City, I never thought about so many things. Now I kill you and you won't think about so many complicated things. If these little people can really kill After my words, I am now dead. Since I can still stand here alive, it only means that all your previous efforts are meaningless, isn't it?" Li Tian interrupted directly. This guy's fantasy, said coldly.

When he was in Luoyang City before, Li Tianke hadn't been so capable.

It was only possible to make such a noise at that level, and also to kill a powerhouse like Lu Xiu in the immortal realm, even in this situation, it is a situation that I can't even imagine.

Since you have done such crazy things in Luoyang City, what is happening right now is considered crazy?

Naturally it doesn't count.

"Brother Li, I've killed this guy for you now. Even if he has any abilities in him, even if he wants to die with you at this last moment, I can't do it. Now you and I are a grasshopper on the same boat. I don't know if you can..." Situ Nuo finally showed his fox tail. Before, Li Tian didn't know what this guy wanted, but now he understands a little bit.

Feelings, this guy's purpose in killing Yi Zhongrong here is to leave here.

"You want to leave this space alive, my guess is correct?" He smiled, looked at Situ Nuo before him, and asked.

"Don't waste your energy. If this kid would let you leave here, he would have let you get out of me a long time ago. Since such a long time has passed and you have not chosen to let you leave here, you don't want to leave alive. Now." Yi Zhongrong fell to the ground, smiling at Li Tian in front of him, and said to Situ Nuo behind him.

At this time, Situ Nuo was really not sure about his mentality. If he didn't agree with him, he really couldn't leave here.

Hearing this guy talking to himself like this, he stepped on his foot: "If you want to die, hurry up and die. What are you doing for so long? Your scene is over, you can just die."

"No way."

"Ah, no? But this kid is now on the verge of death. Under this circumstance, it is impossible to save it." Hearing Li Tian's voice, Situ Nuo showed a confused expression. I didn't understand what he meant by this sentence, I was just a little curious at this time.

Chapter 5893: Accomplishment

"What I mean is that you want to leave here, no matter what you do, even if you're already in trouble, but it doesn't make any sense to me. Today I decided to put you all to death. Here, it is absolutely impossible for a person to leave here alive." He still greeted him with a smiling face, but now this smiling face looks exactly like the devil's smile to them.

They never thought that this young man would be so resolute, saying that he would not give you face, and that he would kill you if he wanted to kill you.

"Brother Li, you can see that I have helped you to finish Yi Zhongrong, and we are now grasshoppers on a rope. Even if I want to betray you, I will definitely die in the end. In this case, I..."

"I'm not the same as you. You may be a grasshopper, but I'm not this thing. It's not that simple for a Sky Lake City to kill me. Besides, I have already made countless enemies now, and I don't know how many outside. Everyone wants to kill me. I don't worry about one or two more enemies at all. If Yi Ze really wants to fight me, you can try it. As long as he doesn't worry about becoming the one in Luoyang City. Just a few guys."

Very calm, but Situ Nuo was very desperate.

He originally thought that killing Yi Zhongrong by himself would be equivalent to a fame. How could he become a grasshopper on a rope with Li Tian, and there would be no problem in living.

Who could think that it would end up like this in the end?

Yi Zhongrong was holding his last breath. After hearing Li Tian's words, he laughed loudly. Finally, he couldn't bear it, he spouted a mouthful of blood and hated Jiuquan.

Situ Nuo stared and clenched his fists: "Really not?"

Li Tian held up a finger and shook it, telling him vividly: "I have said that if it is no good, it is no good. I have always kept my promises. No one can stop what I have to do. The person you want to kill, no matter how good you are, no matter how good you are to me, you will have a dead end."

"Ha... ha ha... ha ha ha ha..." Situ Nuo's expression began to slowly become weird, looking as if he was stimulated, first he laughed a few lowly, and then suddenly went crazy like that. I laughed, and even the leaves of the trees on the surrounding forests began to fall. This felt like a sonic attack, spreading to many places.

Li Tian didn't do anything, nor did he rush to do anything, just looking at the guy in front of him silently.

Within a few minutes, Situ Nuo's eyes flashed fiercely: "If you look like this, don't blame me for being impolite. I have always wanted to negotiate with you. Both of us can be the ultimate. Winner in life, but if you want to trouble me like this, there is no way, I can only say..."

"Pouch"

The tip of the sword came out of his mouth, blood flowed, and he stared, unable to say a word.

Li Tian snorted coldly, and the moment he turned around, he said, "Have no one told you that the more difficult the battle, the more you have to calm down, and don't let your spirits become trance?"

"Puffing"

The corpse fell to the ground, and the blood also flowed all over the ground, infiltrating into the ground.

Li Tian took out the Dark Moon Crystal in his hand, and then sneered, a whirlpool opened directly in front of him and disappeared here instantly.

At this moment, all his tasks here have been completed, and everything that happened after this has nothing to do.

But at the moment the Dark Moon Crystal was taken away, the entire space began to tremble violently. Just like an earthquake, the original blue sky began to slowly crack and turned into a piece of black darkness.

And in this dark distance, a light can be seen.

Tianhu City:

Yi Ze, who was closing his eyes and resting in the city lord's mansion, suddenly stood up, covered in cold sweat.

"City Lord, what's wrong with you?" the maidservant who was helping him massage asked carefully.

"No...nothing." There was some panic in Yi Zhongrong's voice, and even he himself did not dare to imagine that he would have nightmares. This is something that hasn't happened in many years.

Since she became the lord of Tianhu City, there has been no nightmare.

After all, when he is in his current position, he feels like one person is below ten thousand people, and there is nothing to worry about in this city. Naturally, there is no fear, and there will be no nightmares.

But today's nightmare is very real, as if I saw it by myself.

The maidservant took a cautious look, but did not continue to ask. She was still smart, knowing that she could not continue to ask.

However, only a few seconds passed, and a middle-aged man rushed in outside. After seeing Yi Ze, he shouted out loudly for the first time: "City Lord, the big thing is not good, there is a problem with the Beast Festival. "

Hearing that there was a problem with the Beast Festival, Yi Ze stood up for the first time and asked loudly: "What's wrong...what's the matter?"

"We have all been cut off from the inside of Dongtianfudi. It seems that this space has disappeared from our sight out of thin air. Now we can't contact them in any way. I don't know what to do next..." The young people said cautiously, although they didn't say it clearly, they all knew what it meant when this happened.

Yi Ze clenched his fist and clenched his fist on the handrail next to him: "Damn, there has never been such a thing before. Why did such a thing happen at this critical time? What are you guys doing? How can someone who does things let this happen?"

"My Lord City Lord, we have always been very cautious, but at that moment everything is out of our control. No matter how hard we try, it is useless, as if this space is out of our previous control method." The person said.

"Ma uploading, leading the army, I will personally go to Lianjue Dashan to see what happened." Yi Ze started to change his clothes when he spoke. This time, if something goes wrong, I am afraid it will happen. The consequences are even more terrifying.

What he is more worried about now is that his son is also involved in this incident, which makes it even more troublesome.

Chapter 5894: Entry

"You guys went to see it too, what's the result?" In the dim light, a few men who didn't know their identities sat aside, carefully asking a little man in the corner.

"As far as I can see, he is indeed dead, but I always feel that this kind of thing is impossible. Even if the **** emperor is killed, I don't believe that this kid died so soon. He has not yet Finding us, it's impossible to be killed so easily, right? Who else can kill this guy except us?" The little man said his thoughts on the side, he didn't believe that Li Tian died just like that.

"Listen to you, that means Li Tian is still alive now? Since this guy is still alive, why have we not been able to find any clues until now, and how did he deceive so many people with that body, I I think those **** emperors should not be idiots. Since this corpse has not been identified, it is most likely Li Tian's corpse. How did he do it?"

"What's the point of saying so much? We know too little now. We don't have any evidence about whether Li Tian is still alive. Instead of wasting so much time and guessing here, it's better to hurry up and find that. Where did the guy go, we didn't believe it, so we went to see if he really died, and figured out a way to see what happened to the corpse." Another companion also said unremittingly at this time. .

"I heard that a powerful master appeared in Tianhu City before, and he failed several plans in Tianhu City, and even caused chaos in Tianhu City. I want to be able to do this in the God Realm. This guy should be the only one in the matter, why don't we go to Tianhu City to investigate?"

"Arrange manpower to pass, we must not miss any of the conditions, now we must hurry to find where this guy is, I also believe this kid is not dead now." The husky man said with a heavy voice. :
"We must seize the time to catch this kid, lest this kid do anything irreparable without our knowledge."

"Don't worry, we have to arrange manpower to catch the kid."

On the other side, Li Tian had already left Dongtianfudi.

And Murong Ziqing directly found Li Tian the first time he left, and said solemnly: "It seems that your mission has been completed, and Yi Zhongrong was killed by you?"

"When you told me to do this thing before, you didn't tell me that this thing is so difficult to complete. I almost died in that ghost place, do you know?" Li Tian saw the seriousness in front of him, like Murong Ziqing, who had never happened before, felt like a gunpowder, and Murong Ziqing in front of him was the line of fire.

At this moment, seeing Murong Ziqing in front of him, his whole body was blown up.

"What's the hurry? Although it is indeed dangerous inside, haven't you come out safe and sound now? What is there to worry about?" Murongzi smiled, looking as if nothing happened at all, even his tone of voice It's the same as before: "I know you can complete this task, so I let you do it, otherwise I won't ask to do this task."

"But I am very angry now. A lot of the information you gave me is wrong. If I die inside, have you ever thought about it?"

"The most important thing to become a strong person is to constantly experience and temper. Only when you constantly encounter this uncertain situation can you hone yourself to become stronger. Since you are confident in your future, do it now. You have to carry these uncertain factors to make yourself stronger. Isn't this a normal thing for you? You need to turn your face on this kind of thing?" She smiled and said Li Tianwan was speechless.

"Listen to you, I almost died for selling you my life, now I have to thank you?"

"Of course, if you have this meaning, I will not refuse, but this also represents my expectation of you, I hope you will become stronger, so there is nothing to thank you." Murong Ziqing still doesn't want this. He said face-to-face, and then looked at him: "I have said so much, but I forgot to tell you. Now the entire Sky Lake City is in chaos. You hurry up and hand over the Dark Moon Crystal to me, and then go to the land of no owner. Right."

"Things are in my hands now, if I don't..."

"First of all, you are not my opponent. What's more, Shuang'er is still cultivating under my hands. No matter what aspect you can't go against my will now, so I let you honestly hand over the Dark Moon Crystal to you. Just give it to me, don't talk so much nonsense here, it's not good for you anyway." Murong Ziqing is still crushing on strength, not giving Li Tian any face at all: "Hurry up after giving something. Click to leave here. After this happens, your enemies will definitely look at this place. After all, only you can do such a thing."

Li Tian smiled and asked, "How is the Guo family?"

"Very bad, but the eldest lady of the Guo family hasn't died yet. If you really find the Baicao Gate this time, you can use their power to make the eldest lady recover again. It's also considered you to give them back your love."

Li Tian nodded, knowing that Guo Xiangyi was not dead, that's it. He just knew that he was seriously injured. Generally, few people can persist in this situation, so he took it for granted that he was dead. Now, looking at the meaning of this person, it seems to be serious, but it is not life-threatening?

"Guo used the secret method to temporarily stabilize her injury without spreading, but it cannot last for too long. At this time, you are really in a race against time. Whether you can **** her from the hands of the king, you must. It depends on how long you have wasted in Borderlands this time. Of course, you still have to be careful after entering. No one can help you in this kind of place. Everything depends on your own ability."

"But it's just a land of no owner. Even if it's really fierce inside, I believe I'm the guy who finally came out of it. If I don't have any confidence in myself, I can't do what I am today. Li Tian said seriously, the expression on his face seemed to really not take this matter to heart.

Chapter 5895: The adventure begins

Borderlands!

In a place known as nine deaths without life, there are countless strong geniuses who died here. As early as hundreds of years ago, there were many people trying to find the perfect opportunity to make themselves further.

But in the end all paid the price of blood.

And Li Tian, standing on the edge of the borderless land, separated a dense forest, watching from a distance.

After Murong Ziqing got the Dark Moon Crystal, he decisively left. He just told him to be careful, but he didn't offer much help. This was the case with this woman, who used him every time and was able to use her handily.

Although Li Tian's heart is very upset, he also knows how huge the gap between his current ability and this woman is. If he really does it, I'm afraid it won't take long to lose directly. It is better to be honest. One point, save yourself trouble.

When he can match Murong Ziqing one day, it is reasonable to settle these matters again.

"It's really not until I finally stood here. I have to try to see if I can leave alive." He stood on the edge and said with emotion, because this is only an edge, so in many people's eyes, no master It seems that the place is not as terrible as imagined. If there are not so many precedents before them, no one would really think that this place can be terrifying to the extent.

"Hey, are you going to go in and take a look?" At this moment, a middle-aged man who looked like a resident in the distance yelled at him and asked.

Li Tian turned around and looked at the middle-aged man in front of him.

This person does not look very old, and from his current appearance, he is more like an ordinary person, and there is no special place in him.

"Yeah, what's the matter?"

"If it is because of something uncomfortable here, and you want to find the meaning of your own existence here, I advise you to dispel this idea. The sky is big and the human life is the greatest, so why bother with yourself?" He Looking at Li Tian in front of him, he seemed to see a man who had no confidence in him. At this moment, he couldn't help but said something enthusiastically.

The breeze blew, bringing a little coolness.

At this moment, Li Tian also felt a little warmth. The two had never met before, but they were able to say such a thing at this time, and he didn't make him feel warm.

This is a passer-by, if you change to the ordinary, who will care about you?

"I have a reason to go in."

"That way, there is no way. It's just that this borderless land doesn't seem to be dangerous, but in fact it is one of the ten most fierce places in the God Realm. The blade people who have come and go to this point, all of them have died. After getting out of it, those who were lucky enough to get out of it all became lunatics, talking crazy all day long, saying things that ordinary people don't understand." The middle-aged man shook his head, not knowing whether it was emotional or something else. .

What middle-aged people say are all real things. There were not a few who came here at the beginning, but now few people come here.

Except for no alternative, in a desperate situation, no one really wants to embark on such a life-and-death path, everyone wants to live well, and no one wants to be the laughing stock of future generations.

And Li Tian also has the reason he must come.

"The purpose of my coming here is to find Baicaomen. I have two very serious patients. Looking at the God Realm, only Baicaomen can heal them!"

"You went to the Baicaomen? That is really difficult. Although there is indeed news that Baicaomen is in the land of no owner, it is only said by a few people, and these people are basically a group of lunatics. There is no credibility in what they said. Our family has lived here for generations, but in the early years, there was indeed such news."

"You know? Do you know some other clues about the Baicao Gate?"

"This sect can be said to be one of the mysterious sects in this God Realm. It is too difficult for you to find them. We don't have any clues, but it's just a few rumors."

Li Tian nodded disappointedly, thinking that if he could find any clues, maybe a lot of the next things could be solved easily. Now it seems that it is not as simple as he thought. This time, I still go to the land of no owner. It takes a lot of effort to get what you want. As for whether you can find the Baicao Gate, it depends on his ability and luck.

"Thank you for telling me so much here. I was still at a loss before. Now I feel better. I hope we can see it again."

"If you really see it again, you will definitely be a legend." He smiled and said.

Li Tian nodded, knowing that it is not good to stay here too much, and letting more people see that he is in trouble.

Seeing the next step that was about to leave, I saw a familiar person.

old!

He came to Li Tian and said in a low voice: "I finally waited for you, where have you been these days?"

"It's hard to say now, but it won't be long before you will know what I have been doing recently. Are you waiting for me here?"

"The young lady is seriously injured. We are doing everything we can now, and we can't find a better way. We hope it can only fall on you. The Patriarch asked me to tell you this. I hope you can help us one last time. As long as we can find a way to save the eldest lady, our Guo family will go up and down, and we are willing to do anything for you."

"It's serious. This time it was the eldest lady who became like this because of me. It is only natural for me to help, so I don't need to ask for it." Li Tian looked at the old man in front of him even talking to himself like this, and he felt something I'm sorry, this thing has become like this because of himself, and he can't pretend that it has nothing to do with him.

What's more, this time I went to Borderlands, I was already prepared for this.

Murong Ziqing said very clearly, of course he must find a way to save.

"If you say this, I can rest assured. I have always worried that what we did before will make you feel bad, and I am unwilling to help with this matter. If it is like this, I can only be here. I apologize

to you. Among so many people here, only you can be more likely to find some opportunities!" The old man said with a bitter smile.

Chapter 5896: Eagerly awaited

"In that case, the old man doesn't need to say anything. As long as it is something I can do, I will definitely not have the slightest hesitation. I will go all out. This time I must get the herbs to save the lady."

"Although this land of no owner sounds bad, the reputation for so many years is not fake. You should be careful. If you are negligent in this kind of place, serious problems will arise."

"Old man, rest assured, I have prepared for this kind of thing a long time ago. It doesn't matter what the situation is." Li Tian looked confident. Although he didn't know what was going on, he didn't do it now. There must be no way to get out.

After saying a few words with the old man, Li Tian said goodbye directly.

The wind was blowing, and he looked like a soldier about to set foot on the battlefield. The figure of the whole person was so lonely and lonely. Of course, this must not be what Li Tian feels now. This kid doesn't know how happy he is now. Looks like.

The first time he walked into Borderlands, he felt a strange feeling. It seemed that something vague appeared behind him, and when he turned around, he suddenly realized that he had already seen behind him. Not the original way in, it turned into a completely dense jungle, where he was as insignificant as a salted fish.

'What's going on? The moment I came here, it became what I am now. In the process, I couldn't even find out what happened. If this is the power of Borderlands, then Is it too inexplicable? "Li Tian was immersed in this state of bewilderment, so well, how come everything in front of him changed the moment he entered this place? ?

Here he naturally did not need to continue to conceal his identity, and directly showed his true appearance. Of course, all the armor and weapons on his body were summoned.

"This is the prestigious land of no masters in the God Realm. It really deserves its reputation. We just came in and felt the weirdness of this place. I think this should be a very complicated circle, so we can enter here. You can feel the activation of this magic circle in a moment, and then we are like entering a maze. If we want to leave here, we must break the maze. It must not be that simple." Canglong slowly turned into Li Tian's The shoulders fell.

"Who said no, I didn't expect it to be like this when I first started. The moment I entered this place seemed to be moved, or that the place itself is constantly moving?" He touched Looking at the forehead, at this time, I was still thinking about what happened, how to transfer myself to this kind of place all at once.

"There is plenty of spiritual energy here. If you practice here, you can get good results. Why don't you try it here." The voice of the remnant soul of the ancient ***** also rang at this time: "You just got here and you don't even know. The rules here, it's better to wait for a while at the edge. I think it's the safest place to come here."

Li Tian nodded, he thought the same way. He still doesn't know what's going on here, and he doesn't know if he is about to face a terrifying behemoth. It's better to wait here for a while. That's it.

He found a tree, then opened a tree hole, and after setting up an enchantment around it, he began to practice in it.

And now on the other side of this place, the little witch touched a wild beast that looked like a leopard, with the corners of her mouth slightly raised: "We have been waiting here for so long, and now it is finally time for us to wait. It was in vain. This young man you met was very interesting this time. I hope you will perform well and let this young man know how interesting it is on my site."

"Master, there are also many immortals who have broken into our territory, and have found the position of the Baicao Gate. Their purpose seems to be to take the Baicao Gate." Leopard raised his head, the pair of blood red There are clever looks in his eyes.

"There are immortals who dare to break into us?"

"They belong to the Eastern Palace Super God family. They probably have planned for a long time. The data collection here is quite detailed, but we have not acted rashly according to your request. Such a huge team wants to deal with them. It takes a lot of effort. For us, we still have to hurry up and accumulate our own strength."

The little witch snorted coldly and touched her chin. She didn't know what kind of expression was flashing in her eyes. After a long time, she said, "Let Li Tian come over there. I remember those from the Donggong family. People, it seems that you wanted to kill Li Tian a long time ago, right?"

"According to the information we have now, the Donggong family and some other families had a very bad relationship with Li Tian when they were in the Lower Realm. Now this matter extends to the God Realm. If they meet Li Tian, they will definitely do it too. Kill him by any means," said a well-behaved bird on the shoulder of the little witch.

"It turned out to be like this. In this case, I don't think we need to act. Since he wants to find the Baicao Gate so much, let us point him directly to the Baicao Doorknob. As for whether he can deal with these Donggong family members, But it depends on his own ability. If he doesn't have this level, he won't be looking for me if he died here." The little witch touched her chin and said.

"Is this really good? The Donggong family is fully prepared this time. Their purpose is obvious. They don't seem to want to give us a chance at all. If Li Tian is involved in this matter, I don't think this kid will necessarily can....."

"It doesn't matter, he is just a **** in my hand, and there is no need for us to tell him the real situation here. He only needs to remind him from the side to know what to do." When the little witch spoke, from her own I took out a black piece of paper from the dress, looked at the paper like a postcard, and saw that she drew it easily. This black piece of paper burned up, and finally turned into a cloud of smoke and disappeared. Gone.

Chapter 5897: clue

Li Tian is in a state of cultivation.

It is true that in such a place, you can feel that the aura is really abundant, but just sitting here for a few seconds, he can feel that his whole body is about to burn, this feeling is very clear.

'It is a place where few people come in. Although the wild animals here need aura, they will not consume the aura here too much. In addition, there are many elixir recycling. The aura here will

only become more and more abundant. If you want to make all the aura here disappear, it's not that simple. Li Tian thought softly in his mind.

At this time, the celestial power in his body is like a car on the highway. The horsepower has soared to the extreme. Originally, it can only be used for one week when it is outside, and it can run directly for five weeks here. If the cultivation speed here is five times that of the outside, of course, as the strength of this kind of scene increases, the gains that can be obtained will also increase.

It is still very good for Li Tian now, he can clearly feel that the strength in his body is improving little by little, and it is still very obvious.

I don't know how much time has passed, the celestial power in the whole body is about twice as strong as before. If this is in battle, even if he is given a tenth of the celestial power reserves, this It made Li Tian, who had long lasted combat effectiveness, become more durable in this state.

When he opened his eyes, it was already daylight outside.

The wisps of sunlight slowly permeated through the branches and leaves, making the world in front of him become brighter. I spent a whole night here last night without encountering a predatory beast. It can even be said that it is everywhere. Did not feel any breath of life, as if there was only Li Tian in this world.

"We have already had almost one night here, but so far I haven't felt any other breath of life, and I even suspect that I am the only one left in this world." Li Tianming Staring at the Canglong beside him, he said helplessly: "If the Borders are really dangerous, then I should have already encountered an enemy now."

"It is true. If it is really a very dangerous place, you must meet the enemy now, but after all the night, you have not felt anything. This situation will inevitably make people feel inexplicable." Canglong It was also very helpless to say that for Li Tian's current state, he also felt inexplicable. This place was not as dangerous as they thought.

"It seems that something has changed the original situation so that we can no longer see the enemy. Since it is like this, we can only do it to see what kind of creatures exist here." Li Tian I stood up, and just took a step forward, I realized that there was a black file in front of me, which was an object protected by a very delicate circular bamboo tube.

The things in it seem to be like secrets. This is a secret dossier that was often used in ancient times. Generally, there are very important secrets on such things.

"Why is this thing here? There was no such thing at all last night." Li Tian slowly picked up the file in front of him, and then squinted his eyes and looked around.

He worries about who put it here for himself.

But the barrier was set up all night, but on this night I didn't notice anyone approaching here at all, and everything seemed like nothing happened.

In this state, suddenly such a dossier appeared at the door of the tree hole he opened up, which of course would be very suspicious.

"Look at the contents of this dossier. It is not a simple figure to be able to leave this kind of thing in this place. Maybe it was here yesterday, but we didn't find it."

Li Tian has always been carefully observing his surroundings, including when he bent down and picked up the dossier in front of him, he was cautious. If someone put this thing here deliberately, trying to lure Li Tian to somewhere, then When he picked up this dossier, this person would definitely show his feet, and according to Li Tian's state, he would definitely be able to spot it in the first time.

He slowly took down the file under his feet, then gently opened the seal on it, and a faint fragrance floated out.

"What is this thing, there can still be fragrance from it?" Canglong also asked curiously, he didn't seem to expect this dossier to be so interesting.

When Li Tian opened the dossier, the fragrance inside it directly rushed over. He slowly took out the ciphertext inside and opened it carefully.

The above content is very simple, but when he saw this content, the whole person's eyes became cold: "Unexpectedly, some people want to find the Baicao Gate before us, and their purpose is not simple, they actually want to If you want to kill the Baicao Sect in this way, if I can tolerate such things, then I will no longer be me."

"What, who else came to this place besides you?"

"The Eastern Palace Super God Family, I didn't expect to see them here again after the previous battle. Seeing that they look like they are ready to find the Baicao Gate before us, the content on this is also very simple. Tell the current team leader, let him be careful. They seem to have discovered that there is another terrifying force in Borderlands. The fighting power is quite terrifying." When he saw the secret text in his hand, Li Tian was really nervous. , If he were really ascended by the Donggong Super God Family, he would really not dare to imagine how terrifying the consequences would be.

If the Baicao Gate were found by those people, it would definitely cause a huge battle.

"What should we do now?"

"Immediately follow the clues above to find where the Baicao Gate is. Seeing that they are now, they should have almost found some. If we really let them find it, we must rush to it before they destroy it. I want the Baicao Gate to exist. After such a long time, it should not be possible to be killed so easily." He said helplessly, actually not having much confidence in his heart.

Chapter 5898: Hurry

When he was in the lower realm, the Donggong Super God Family was one of his old opponents.

Especially when I was in the lower realm, I had many battles with Donggong Amnesty, and I got a clone of this guy. I wanted to come here this time to find the Baicao Gate for my own consideration.

He couldn't restore himself to the peak state at this time, it was not that simple to concentrate on dealing with Li Tianke.

"The Donggong family has all intervened in this matter. It seems that all the old enemies before you will also show up in this matter. I don't know what they have become after so long. "Canglong said with some nostalgia, when he and Li Tian were not very strong at the beginning, their enemies were very strong.

Now they have also come to the realm of the gods, don't know if their enemies are still as strong as before?

"There is no time to be long-winded here. If they are really ready to deal with the Baicaomen, we must hurry up and find the Baicaomen in front of them. Anyway, this matter is due to me. Now, it is indeed time for me to solve this problem by myself." Li Tian squinted his eyes, and then quickly passed in the direction above the ciphertext.

It can be judged based on the content above. If you want to go to the Baicao Gate, you only need to move forward to the east here.

However, there are still a lot of troubles that they don't know about on this road, so this must be an inevitable battle, but now Li Tian has no time to consider how much of this matter is really possible.

On the other side, the little witch who got the news was quite satisfied, and said with a smile; "Arrange some weaker guys to mean something, don't let this guy think that we really don't have anything great here, if you let him go through smoothly like this, it's just a bit unreasonable, so hurry up and make arrangements."

Li Tian didn't know at this time, he was still in the calculations of others. What kind of enemies he encountered and what kind of situation he faced were all in the calculations of the little witch.

If she needs to be a little more cautious in her original position in the God Realm, then there is nothing to worry about here.

Here is her place, and as the owner of this place, it is not easy to do something.

Li Tian is also very worried that he will be late on the way. Although the Baicao Gate was very powerful, after all, so many years have passed, and it is such an environment. They want to be in such an embarrassing environment. It's not that simple to stick to it.

Everything is unknown, but if the Baicao Gate is really destroyed this time, his plan will be defeated, and the next thing to greet him may be endless disappointment.

The surrounding wind kept roaring, his figure was constantly moving in the air like a bolt of lightning, because his own fairy power reserves were too much, so at this time he did not think about retaining his strength. , Even if he really faces his opponents, he might not really believe that these enemies can defeat him.

As time passed bit by bit, when the morning sun went down and the sun fell, the surrounding air began to become colder.

It can even be said that the visibility here has begun to drop a lot, and Li Tian has not encountered any creatures within that range before, and he has not encountered any creatures after that.

It's just different this time.

He encountered the creature he saw for the first time after entering Borderlands.

A wild animal.

A white-haired tiger with a pair of wings on both sides, sharp fangs are spit out from the mouth, one of the eyes is golden, the other is gray, it looks like a normal tiger. The difference, but it is not that simple in front of him.

This is what the little witch said, just send a very weak wild animal.

But when Li Tian saw the tiger in front of him, his whole person's state was not good. This guy's coercion here was very strong, so naturally he couldn't be a very weak predator.

"Unexpectedly, it's really not easy here. I thought we could be here easily, but now it seems that I underestimated my ability here. Although the beast in front of me doesn't know what its name is. , But it should be very difficult to think about. You and I should cooperate and be careful." He carefully looked at the tiger in front of him and said to Canglong.

"Don't worry, I'm fairly experienced in dealing with this kind of thing, but the wild and wild beast in front of me looks really uncomfortable." As the Canglong said, his body slowly became huge. There was a lot of flooding in this dense forest. He leaned down and looked at the tiger in front of him, snorted, and opened his mouth as a group of dragon breaths.

It thought that no matter how powerful the tiger in front of him was, he couldn't compete with his dragon's breath.

Who knew that after this dragon breath was vomited, the tiger didn't mean to be very scared at all. Instead, he glanced faintly, then opened his mouth and swallowed his dragon breath, and then, the expression in his eyes appeared. There are a lot of strange colors, looking colorful, like a rainbow.

"Don't do it in a hurry, we still don't know what this guy's ability is. Such anxious shots are likely to make our side more troublesome." Li Tian stared his eyes and said helplessly. When you encounter this monster in front of you, you still have to find out at the first time, what kind of monster it is to fight.

After all, monsters of this level, their fighting methods should be ever-changing, and if you are not careful, you may fall into a pit.

There are several spells in his hand now. As long as he knows what the white tiger is attacking, he can attack directly.

But at the moment of the electric flint, the wings behind Baihu suddenly stirred up. I don't know how great the power it was, which caused the surrounding air to be stirred up. At this moment, the whole scene looked exceptional. The hurricane slowly formed under its wings, and the battle started at this moment.

Chapter 5899: First enemy

‘Boom boom boom’

Amidst the explosion, the hurricane also followed.

The Red Zhan in Li Tian's hand lit up with a burst of light, and he immediately broke all the hurricanes in front of him, but at this moment he realized that the white tiger in front of him had disappeared. The wings of this guy It was incited very quickly just now, and I don't know where it disappeared at this moment.

The surrounding temperature was getting lower and lower at this time. Li Tian squinted his eyes. At this time, they could no longer see the white tiger.

"Disappeared?"

"It doesn't seem to be that simple to want to disappear like this in front of our eyes. The reason why we can't see this guy now may be that our vision has become less clear for some reason, or we are in an illusion. So we can't see where this thing is." Li Tian said seriously, he can be sure that he has been cautious all this time, and all the wind and grass are under his control. Among them, this white tiger can't just disappear out of thin air.

I don't know if his guess is right or wrong, but I can only think so now.

The previous one did not really feel any energy fluctuations, and the white tiger just disappeared from their sight.

Li Tian directly entered the state where his heart was still like water, and the whole person was also cautiously squatting on the ground, slowly feeling the changes in the surrounding environment. If the white tiger is really integrated into this natural environment, they will naturally be There is no way to deal with it, but as long as it launches an attack at this moment, then Li Tian can quickly detect it.

It is enough to be able to control the opportunities in battle.

It is the most important thing to be able to figure out when this guy will act in an instant when Bai Hu launches an attack on him.

However, he hadn't stood at this position for long, and he suddenly exploded behind him, and several pits were exploded in the ground instantly, and all the stones hit their side.

At this moment, Li Tian almost thought he was in a phantom.

There is also no energy fluctuations, all of this seems to happen naturally, no one is controlling it at all, it is such an unscientific appearance.

The sword energy in his hand destroyed these clods, but his expression was not so relaxed.

"It seems that this guy who has cultivated to this point can no longer be measured by the level of a simple wild animal. This guy is now looking for our weaknesses. The reason why such continuous shots is just to test us Strength." Li Tian knew what Bai Hu wanted to do, and he was not particularly clear about the ability of the dragon and a person in front of him.

I don't even know whether these two enemies can be defeated in any special way, so they will use these small methods to test them.

"From the beginning of the battle until now, we have not even caught this guy's attacking method, let alone when he will attack suddenly. From these things, we can also tell that this white tiger must still have us. At least this is so innocent, without any signs of attack, this is not normal." Canglong explained.

Li Tian naturally knew that it was like this. They could only passively be beaten now, because they didn't even know what the white tiger's skills were.

This kind of wild and wild beasts living here, they probably already have a very long history. It is very difficult to find some textual records from these creatures. Time is constantly changing, and their The way of fighting may have changed constantly.

"Be careful, just be careful, as long as this guy..."

Just before one sentence was finished, a ripple suddenly appeared in front of me. This feeling was like a stone thrown into the sea, and this space was obviously the surface of the sea.

The ripples became clearer and clearer, and when he was about to leave, a paw suddenly stretched out.

"Damn it, this guy can actually fight in this way of moving in space." Li Tian yelled, and then hurriedly used Void Migration to keep himself away from this place, and at the same time carefully looked at this side, the atmosphere was full. He didn't dare to take a breath, he really didn't expect Bai Hu to be so scary.

'bump;

This paw originally wanted to catch Li Tian's head directly, but because Li Tian was always on guard, and the whole person was in a state of high concentration of energy, and immediately moved away when the paw came over. It's here, so this attack was a failure, but it hit the ground, instantly causing a crack of seven or eight meters in the ground.

"It's so powerful. If this claw fell on my shoulder, I might die right now." He squinted and smiled at the crack on the ground, and wiped the top of his forehead. Sweat. Fortunately, I didn't relax my vigilance before, and I was always cautious. Only then could I dodge the moment when this trick appeared, otherwise the whole person would have died under this white tiger.

However, at this time, the expression on Baihu's face became a lot more serious. His move can be said to be a powerful blow. Judging from the performance of Li Tian and Canglong before, these two enemies may not even realize their own. What is the combat ability, so I wanted to use this opportunity to directly kill the two enemies in front of me, but I didn't expect to be avoided by Li Tian directly.

"This ability should be similar to yours, right?"

"This is different. His ability seems to be more BT than mine, because in this process I can't feel the slightest energy fluctuation, which means that he will not bring us anything when doing this. Reminder, unless we see it in the first time and then get out of the way for the first time, it will be difficult to flash past." Li Tian said seriously, this is obviously more powerful than his Void Leap Ability.

At this moment, he didn't feel anything at all, which meant that this way of space transfer could not be resisted by them. If this ability were in Li Tian's body, it would obviously be more combat effective. ,

At this time, the body of the white tiger in front of him also made him a lot more careful. At this time, he squinted his eyes and looked at the white tiger and said: "You are very capable, but I still want to kill me with this ability. "

Chapter 5900: Weakness guess

To be honest, Bai Hu's skill is indeed quite BUG. He did not reveal the slightest weakness when his space shifted. For Li Tian, it was a very difficult opponent to deal with.

"However, the white tiger in front of me is very powerful, but what makes me suspect is that such an ability can't be without any drawbacks." There are advantages and disadvantages. These are the rules that God has constantly balanced, such a powerful ability. It is absolutely impossible that there

are no weaknesses. If there are really no weaknesses, this has always been in front of you, hasn't it truly become an invincible existence?

He squinted, and the expression on his face began to become extremely serious.

At this time, I can only carefully look for the weakness of the white tiger in front of him.

The behemoth roared angrily. It seemed that he hadn't been able to kill Li Tian before, and he was very dissatisfied. The front foot was not slapped on the ground fiercely, as if something was brewing.

"It's almost time, it's time for us to take action." Canglong said in the air.

Although they didn't do anything in this short period of time, they have been carefully observing the weakness of the white tiger in front of them. If there are no special flaws in such a terrible skill, then it was terrifying to the point of indescribable.

However, during this time they still found a little clue.

That is the pupil of the eye.

After Bai Hu evacuated from the state of space movement, he could clearly feel that his eyes were very different from before, looking as if he was saving energy.

If Li Tian's guess is not wrong, the current state of this white tiger must be very weak in energy, and naturally there is no way to deal with Li Tian in front of him.

"Roar roar roar." Bai Hu roared suddenly, and then rushed up again. The huge wings stirred up and rushed towards him again. In the process, Canglong also swooped down to fight.

However, at this instant of flashing light, something happened that Li Tian didn't even think of.

The white tiger disappeared out of thin air.

All this came so fast that Li Tian would not be able to react for a while, and at this time he still stood stupidly in place.

However, Bai Hu didn't mean to wait for time. The shot was a killer blow. A rippling surface began to appear around it, and then black hurricanes that looked like a reduced version flew out from it.

He groaned, and Hong Zhan made waves of ripples, like an abyss behemoth that stirred the sea, the surrounding space also quickly formed a vortex, followed by bursts of explosions. .

These small hurricanes may seem small, but in fact they are very powerful. If these small hurricanes are considered insignificant, they will definitely suffer.

The explosions continue to sound, but Li Tian and Canglong have never dared to take it lightly. Until now, they have not been able to find where their enemy is. This white tiger's hidden ability is still quite powerful, or it can be here. After waiting for a long time in the different space, will they take the initiative to attack until Li Tian and Canglong appear flaws?

He seemed to have grasped the key just now, but Bai Hu was very clever, and seemed to have noticed that his enemy knew something, so he didn't stay in front of him at all, so he chose to attack again at this time.

He held his breath, it was almost time for him to be the most serious, even his eyes were solemn.

The moment the hurricane was twisted by the space, it gathered again and formed a giant white wolf-like monster. The whole is composed of wind, but it is lifelike, making you never feel that this is a wind Formed creatures.

In the next second, the white wolf screamed, waving its sharp claws, and jumping, as if running on the grassland.

Li Tian began to turn around and flee towards the other side. He also seemed to know what Baihu's purpose was. If he didn't force their hole cards out, or let them fall into chaos, this wild and wild beast would definitely not easily shoot. It is very clever to know that this human being is not simple, and this dragon is even more difficult. Relying on its own individual strength, if it fails to gain some advantage, the next problem will only become more and more serious.

At this time, Li Tian was just buying time. He had to figure out what is the key to the pupil during this time.

At the same time, he was secretly calculating the time in his heart.

If the sum of the time the white tiger came out of space this time and the last time is the same, then everything can be explained clearly.

This guy's ability should be derived from his own eyes. When it opens the space to transfer this skill, its eyes will change its look, becoming extremely dim and lacking in expression.

If the eyes are restored to their original color and the look is radiant, it means that the skill can be used.

The disadvantage of this trick is that it cannot be released continuously, but if such powerful skills can be continuously used, then it will undoubtedly be a nightmare for Li Tian.

His figure flickered, and the whole person was running in a Z-shape, and the white wolf behind did not mean to give up, just chasing his ***** tightly without giving him any breath at all. Opportunity.

The Canglong spewed flames in the air, but each time before it could get close to the white wolf, it was directly blown away by the turbulent air current.

"This white wolf looks like you can only find a way. There should be some mysterious force continuously supporting this guy, so we have no way to break him." Canglong said, shaking his own. The tail twitched.

The White Wolf was originally chasing Li Tian, but at this moment he also realized that there was another roar on the ground above his head, and he stopped like this, and watched the tail fall.

The Canglong hadn't recovered yet, but it was too late to stop, after all, the situation before them did not give them much opportunity to react.

As soon as the tail fell, the white wolf'touched' it exploded, like a balloon exploding, and the gas inside dashed wildly, but in a short moment, the entire tail of the blue dragon was covered with blood and bones were deeply visible. , The golden dragon blood slowly dripped onto the ground at this time, and it also roared, looking very painful.
