

A Killer 5931

Chapter 5931: Art high people bold

When he came to Tianhu City again, he did not choose to go to Guo's house.

At this time, Li Tian really came to Tianhu City with his own identity. He knew that if he went to Guo's house at this time, it would definitely make the problem more complicated.

Therefore, he chose to come to the City Lord's Mansion instead.

Looking at the cute expressions on the faces of the soldiers in front of him, he smiled and asked: "What's the matter, is there something interesting on my face? All of you showed such an expression. Or do you think that you look like this now?" He asked weirdly with the corners of his mouth slightly raised.

"You... don't act rashly now. We have already reported to Lord City Lord. We will soon have news about what to do, you..."

"Although I don't know why Tianhu City wanted me to be wanted, but I didn't mean to make trouble here. It was just that you came to make trouble for me. I still don't know what happened." Li Tian said in his heart. Secretly sneered, I'm afraid that I'm going to use this hand to make Yi Ze feel painful. Is there anything more annoying than seeing an enemy but not being able to do it?

He is about to die now, Li Tianming is standing here, everyone knows exactly who the murderer is.

However, there is no evidence in his hand, and there is also a Beidou Divine Emperor and Shuiyuezhong behind this guy. No matter what, this time will definitely not be a good time to shoot.

Seeing that Li Tian really didn't mean to do anything, the guards were relieved a lot.

When they saw Li Tian for the first time, they felt that the pressure on their whole body increased suddenly, although all this did not last long.

Now that Li Tian didn't move anymore, and said so, they were truly relieved.

"I really don't know what you guys are worried about. I came here today just to see what happened in this rumored city, plus some things happened before. Here, I am really inexplicable like you." He murmured while pretending to be innocent.

It was also at this time that Yi Ze came to the door of the City Lord's Mansion.

"The distinguished guests are here and I can't welcome them far. I'm really sorry. Something happened when I entered Tianhu City. I really am..."

"The Lord of the City is polite. You have made me very happy to receive me, but I don't know why there are so many wanted orders in Tianhu City with my portrait painted on it?"

"This is just a misunderstanding. There was a young man who looked very similar to you before, coupled with the news from Tianqi City before, made me think that this is a guy who uses your life to do bad things. , So I put a lot of effort into catching this guy, and I didn't really want to do anything to you." Yi Ze spoke calmly, and his expression on his face at this time was also very natural.

Seeing this expression of this guy in front of him, Li Tian almost came out with emotion.

This unacceptable thing happened, this person who can still remain calm, and sure enough, is able to do what he is now, all of them belong to some cities.

As the counsellor said before, even if they knew what Li Tian was doing, they didn't have enough evidence in their hands, and there was no way to deal with Li Tian directly.

If it really annoys the Emperor of the Big Dipper, this may be another grand battle.

Therefore, looking at Li Tian in front of him at this time, even if it is how heavy the flame in his heart is, he must pretend that nothing has happened at this time, and face it with a smile.

This is the most rare thing.

Looking at his enemy, he can still laugh.

"I really didn't expect that so many things happened later. I was in Borderlands before. Because of some special reasons, to ensure my safety, this created the illusion of Tianqi City. But now that my task has been completed, there is naturally no need to worry about being exposed." Li Tian smiled wryly, and said helplessly at Yi Ze.

"Can't let the guests stand here and talk. Come in with me and have a good talk in the living room. Just stay here these days. Look at what you look like. It seems that you haven't recovered from your injury?"

"Indeed, the first battle in Borderlands left me severely injured, and at the same time I realized the terribleness of this place. I think there is only such a city nearby. I might be safer here. In other places, I may have been killed now." Li Tian said helplessly, with a bitter expression on his face.

"Indeed, a lot of lawless people have appeared around Tianhu City during this period. These people are all a bunch of lunatics. You can do anything. If you really meet these guys, I'm afraid you will meet again next time. It's more trouble. Fortunately, you come here very quickly. When you arrive at Tianhu City, you can be treated as if you are going home here. I promise that no one dares to make trouble on our site." He smiled. Said with a smile, it is very painful to think about this.

Seeing the expression on Yi Ze in front of him, Li Tian was in a very happy mood. You kept forcing me to stand. It's better now, and it should have made you suffer.

"I'm relieved with the words of Lord City Lord. I have already sent a message to the people of Shuiyue Sect. They will soon send someone to pick me up, so I don't think I will stay here for too long."

"That's okay, since you are seriously injured, you should hurry up and recover. It is not suitable for chatting now. We can have a good chat when your health improves a lot." Yi Ze said embarrassedly, then glanced at the soldier behind him: "Arrange a room for Li Tian and send heavy soldiers to guard it. In addition, all these things today are kept secret and no one can know."

"Yes, City Lord."

"The Lord City Lord has a heart. When I return to the Shuiyue Sect, I must tell them everything that Lord City Lord has done today, and let them know how much the Lord City Lord paid to protect me. Such kindness. Li Tian has no teeth. He will definitely return it to you one day." Li Tian smiled, followed behind the soldier, and left here cautiously.

Chapter 5932: Under the fence

"Bastard." He threw a cup carved out of jade in his hand on the ground fiercely, and smashed it to pieces. Yi Ze's face was full of angry expressions: "Really, in this short day, Almost killed me, do you know what I was like when I saw this guy? I really want to kill this shameless person like this."

"City Lord, we also know your feelings very well. Whoever stands in this angle will feel uncomfortable, but the more we get to this kind of time, the more we have to be careful. This kid is different from other young people, he I'm much smarter, I know exactly when I should do something, or else I won't show up on our territory." The counselor stepped forward and repeatedly dissuaded him.

"Recently these days, if this kid has any more moths, I will teach you how to deal with it. I really don't want to continue to see his smiling face. I am very worried that one day I will not be able to control myself. Emotions, and then just killing this kid like this, even if it pays for it, it's enough for me to accept." He snorted, now very angry, but still keeps his sense.

My purpose is revenge is good, but it is not revenge at all costs.

After killing Li Tian openly in this way, the troubles caused by him are beyond control, so if this happens, he can only choose to endure.

On the other side, Li Tian was placed in a room at this time. After the time passed, the three children were teleported back from the ancient ***** ruins, and at the same time, he used the method Fang Yu gave him before. Woke up these children.

One of the little boys seemed to be ** years old. He was the eldest of these children. After seeing Li Tian, his eyes widened immediately, and his voice was screaming: "You...Y are you? Who, who are you and why are we here?"

"What are you doing in such a hurry, I think you should also know why you fall asleep. If you know this, you should know. Entrusting you to me means that I am not a bad person, but a friend who can help you accomplish some things. "Looking at the expressions on the faces of these little boys, Li Tian also smiled helplessly and said.

"Then, why are we here."

"The Baicao Gate has fallen. It is the Donggong Family that wiped out them, but your elders also made them pay a heavy price. The reason I took you to leave the Baicao Gate is that your elders hope you can continue the Baicao Gate. If you continue to develop in this way, you will find a realm that belongs to you in the God Realm, in the vast world outside."

"You... are you telling the truth?" A little girl looked at Li Tian stupidly, as if she had heard an incredible voice, she froze in place, suddenly'wow' Cried out.

The remaining little boy was also at a loss, but there was still no way to hide the sadness in his eyes.

"What's so good about crying? Didn't we know it a long time ago? It will become like this one day. There are countless people in the entire God Realm who want to obtain the techniques and prescriptions of the Baicao Sect. Over the years, how many people have entered the Bordering Land for the sake of the Hundred Grass Gate? No matter what we are now, we should continue to improve ourselves instead of crying here."

"That's right. I think you now know what your situation is. Now it seems that we are safe, but in fact we are very dangerous now, especially on the next road I will take the three of you. Little boy,

this has added a lot of trouble to me, so I hope you must be careful not to cause me trouble, you will be safe after you get to the place." Seeing this little boy being so serious, Li Tian also sighed involuntarily.

The ability of Baicaomen does not need to be doubted. It is not easy for such a young man to have such a mentality.

It is hard for a little boy to have such a determined character, and it is hard to imagine what they experienced when they were young.

"Very good, you can know what I think. Next, I am going to take you to Shuiyuezhong, but before that we need to stay here for a while. The injuries in my body are very difficult and require a long time. You can reply only in time, so during this period of time, you all need to be in this room and you can't go anywhere. Once someone else knows about your existence, it is likely to cause more trouble."

"Where did you put us before?"

"An indescribable place. If you don't want to see the world or feel it, I can let you go in again."

"My name is Nan Mu Ye and I am a disciple of Baicaomen." At this time, the little boy headed suddenly said: "Since the masters are willing to entrust us to you, I believe it is because you can get some benefits from it. Otherwise, it is impossible to give us to you like this, and we have never seen you before, so you can be sure that you are a stranger, and we never believe in strangers."

"You are very clever. It is indeed like this. Although I really want to help you, I can't just treat it as there is no interest in it. The advantage your master gave me is that you can help me make soul-returning pills. And condensing liquid."

"Returning Soul Pill and Condensing Fragrance Liquid?" Nan Muye was stunned for a moment, and then said: "We can indeed make these two kinds of medicine, but it is very difficult now because the process of refining medicine is quite difficult. If it's in Baicaomen, we can easily make these two medicines, but now we are in a different place and we don't have many things, so..."

"You don't need to worry about this. After we go to a safe place, you can directly speak out no matter what the requirements are, and I will do my best to help you achieve it."

"I'm afraid it's too simple what you think, especially the common medicinal material used in these two medicines is even more challenging for you. Under normal circumstances, it is difficult for you to find it." Nan Mu Ye looked at Li Tian's swearing appearance and said: "Returning the soul pill is usually used to save people who are in danger, but when you retrieve the medicinal materials, he may have died directly. "

"Then what should I do now?"

Chapter 5933: Soul Transfer

"Take me to see the patient." Nan Muye whispered, the child looks very young, but he has his own ideas, giving people a look that he is not at his age.

"I can take you there, but you must keep all this secret no matter what, and no matter what happens, you can't tell anyone about me, can you?"

"Of course, we are now regarded as grasshoppers on a rope. If you encounter any danger, our side will definitely not be very safe, so in this case I still know when I should do it. What's the matter." Seeing the nervous Li Tian, Nan Muye said with a smile: "But we don't want to enter a so-called safe place in the past few days."

"Well, I can take you there by night." Li Tian said helplessly.

I also knew the location of Guo Xiangyi's boudoir. Although such direct transmission would cause me a lot of problems, I didn't have many choices now.

After he explained these things clearly, he took the time to put himself into a state of cultivation. In this state, he must also take time to cultivate well. Who knows what will happen next.

Going to Guo's house today was definitely thrilling.

This way, it is definitely impossible for others to find out. Although Void Transition can pass directly, if one is not careful, the action is too big, which becomes very embarrassing.

In this way, Li Tian has been cultivating during the day, and these little children are also much better than he imagined. At least they didn't cause him much trouble, which was enough.

The only thing I worry about now is that I haven't done anything here yet, and these children have caused a lot of trouble.

In this way, until the evening, Li Tian opened his eyes and looked at the three children in front of him: "Remember one thing, no matter what happens during this process, you must hold me tightly. If you don't If you can catch me, you may be lost in the void forever. Unless you learn something like me, you will never leave in this life."

"Have you remembered, you must hurry up on the road." Nan Mu Ye emphasized again.

When Li Tian came back to his senses, he had already determined that there were indeed many people watching outside. It seems that this time they were also clever, and now they don't dare to relax easily after knowing Li Tian's skills. After coming down, an accidental chance might have caused Li Tian to leave here directly, so so many guards were arranged outside, just because he was worried that he would just disappear like this.

There must be many people outside who are still staring at Li Tian. As long as he exposes a flaw at this time, these people may directly come up and kill him.

But the reason why there is no action now is not because Li Tian has come to this so-called City Lord's Mansion of Tianhu City. No matter what happens here, this is the City Lord's Mansion. This is an indisputable fact. This place must be tightly guarded Naturally, these Li Tian's enemies would not choose to do something at this time, and might even relax their vigilance.

After all, at this time, they were also very aware of the contradiction between Li Tian and Yi Ze. In this way, if Yi Ze did it, they would save them from doing it here.

This is the situation.

If Li Tian chooses to leave the City Lord's Mansion quietly at such a time, he may be unimpeded along the way.

After Li Tian was sure that there was nothing wrong, he immediately started Void Leap and looked at the few children: "Follow me, I will take you to see the patients. I hope you can really come up with something. ."

"Don't worry, our Baicaomen disciples are not as simple as you think. Don't look at how young we are now, but if you really start, you won't necessarily be our opponent." Nan Mu Ye said. Said with the cowhide, Li Tian was also helpless looking at this little guy not making drafts like this.

His exit from the void and leap was in Guo Xiangyi's boudoir. After he came out, he looked at them carefully: "Next, follow me honestly, don't fall behind, you fall behind here. , I may just abandon you directly."

"Who is here?" At this moment, an old voice suddenly appeared here. ,

Li Tian excited his whole body.

In the next second, I saw the old man opening the door and walking in: "Is it you?"

"Old, it seems that you also know that I will be here."

"I've heard about you going to the City Lord's Mansion. It is a very good method. Now Yi Ze is going crazy." When the old man said this, his face was very happy, and then My gaze fell on the children behind Li Tian: "What's the matter with these children? Why did you bring a few children back when you went to the Land of No Man this time?"

"I can't explain this kind of thing for a while. I can only say that these little children are our saviors now. I haven't been able to get the life-saving medicine, but the doctor who saved the life has saved me.

Although this is a very good choice, the old man is obviously not happy now: "The eldest lady has not been able to support it for long. If this continues, it will inevitably damage the soul. This kind of freezing and sealing technique , I've been insisting on it for too long, no matter how long it will take the soul of the eldest lady..."

"Old man, you can rest assured that this time I came here to solve this problem. Miss Guo became what I am now because of me. Anyway, I have to work on this matter. A man is here, you can rest assured that no matter what kind of problem it is, I will solve it for you as much as possible."

Seeing the sad old man, Li Tian said hurriedly.

"Okay, okay, but it's just a frozen spell. You only need to ensure that your body is not destroyed. We will help you transfer your soul. Isn't that enough?" Nan Mu Ye said lightly, "We Baicao The door's soul-shifting technique is specially designed to deal with this situation, so you can rest assured, even if it persists for a long time, there is no problem. As long as the body does not rot and the soul does not die, he will die for 10,000 years. I can also rescue you."

Chapter 5934: Shelter

When Nan Muye said these words, he looked vowed, as if he really had such an ability.

Although it sounds very mysterious, Li Tian can't believe that a young disciple can do this. You don't need to think too much to know that this kind of soul transfer is much more complicated than he thought. Up.

In this case, of course he is not so easy to believe.

"Well, since you really have this ability, we can act now."

"Old, but this matter cannot be known to many people. Within the range I can accept, there is only the Patriarch of the Guo family, and the shame is placed first. This time I will do it only because of Miss Guo, but if the family The Lord will focus his attention on these three children. Don't blame me for being impolite when the time comes. I don't care what your Guo family is like, and those who oppose me will be completely destroyed."

"Don't worry, after this incident, the Patriarch has already seen it open. Even if we become the first family of the God Realm, there is no way to save the current eldest lady. It is more reliable when there is no safety. "The old man sighed helplessly. This time something like this happened to Guo Xiangyi, which made Guo Rong thoroughly realize how wrong his previous mentality was.

Without this daughter, no matter how hard he tried, it would be of no avail.

The old man walked in front, followed by three children and Li Tian. After several rounds, several people came to an underground secret room.

Here, Li Tian met the Patriarch of the Guo family, Guo Rong who hadn't seen him for a long time!

This old Patriarch has already lost the vigorous feeling that he had at the time. He looks more like a lot older, and the whole person's face is tired.

At this time, the basement they were in was also very cold, and there was a dark blue ice in front of them, and inside was the injured Guo Xiangyi.

"Patriarch, Li Tian is here."

"Here? It's really here, how is it, have you found a way to treat it?" Guo Rong was originally sluggish. It seems that he is totally different from the head of the Guo family that Li Tian knew before. , Even he couldn't believe it, this one turned out to be what he is now, and when he heard the way the Patriarch spoke, he didn't frown.

Seeing Li Tian's expression, Guo Rong said: "I should have thought of it, I should have thought of it, the place like Borderlands is so dangerous, and it's very difficult to find the Baicao Gate in this place. Could it be found?"

"I found it, but now the situation has changed. Missy may still have to wait for a long time. For some medicinal materials that are difficult to find, I have to find it myself." Li Tian looked at Guo Rong in front of him, seriously Said: "This matter started because of me. Naturally, I have to settle all these problems."

"How is this possible? Xiaoyi has no way to wait any longer now. If he continues to be frozen like this, his soul will be affected. Then..."

"You can rest assured that our Baicao Gate has its own special way to remove the soul of the young lady, but now you need to tell me where to move the soul of the young lady to be able to truly Is it safe?" Nan Muye stepped forward and did not introduce himself. Instead, he asked seriously: "Once the patient's soul is transferred out, he must find a place to possess him."

"What kind of place can be called a place of possession?"

"As long as anything with spirituality is okay, such as magic weapons or the like, it can become a place of possession, but this kind of thing must also be careful. If it is improperly operated, it may

cause the patient to directly change The soul that has become your magic weapon can no longer come out." Nan Mu Ye saw the excited expressions on the faces of these people and knew that they were thinking too much now, and said hurriedly.

"Then what shall we do now?"

"This is something you have to decide. How do I know what you should do? It's just a reminder for you, nothing more."

"This is the heirloom of our family. It is usually handed over to each generation of Patriarch. This should be fine?"

Nan Mu Ye nodded: "Of course this can be done, and it's safer."

"Then use this."

"Well, we can't be disturbed by anyone in this process, otherwise the soul of the patient will be threatened. Therefore, if possible, I hope you can wait outside. We can use the spirit transfer technique here. "The little boy squinted at Li Tian and the others, and said.

"Are we leaving here?"

"Of course I have to leave here. Even if it's just a small move by you, it may also cause us big problems. So let you leave here honestly. If there is anything that needs you, we will naturally I can say it," Nan Mu Ye said.

At this time, Guo Rong's whole state was not as good as he had imagined. At this time, he looked at Li Tian and asked, "These kids, can..."

"Otherwise, these are the only three disciples left by Baicaomen. Do we have other choices now?" Li Tian looked at Guo Rong in front of him and shrugged helplessly: "This is our last If you choose, it can only be like this."

"Well, if it doesn't work, I..."

"Hurry up and leave, don't you know what it means to hire someone, don't you suspect it? Since you don't believe me, don't let us do this." Nan Muye said helplessly.

Li Tian looked at a few of them, and then turned and left first.

Soon, the three people left the basement.

The old man glanced at Guo Rong: "Patriarch, don't worry, there will be nothing wrong with Miss."

"Don't worry, you are very clear about the method of the Baicao Gate. If there is no way for the Baicao Gate, even if the world is turned over, I will find a way to save her."

"I really regret it. Why didn't I have more time to be with her at the beginning? Maybe now I won't regret it that much." Guo Rong grabbed his head, looked very troubled, and squatted on the ground. , It is completely different from the state that should be in Li Tian's image. It seems that the blow of this incident is really quite terrifying.

Chapter 5935: Fight hard

Seeing Guo Rong's appearance, Li Tian still has such a small part of self-blame in his heart. Strictly speaking, this matter actually has a considerable relationship with him.

However, they did not wait for a long time.

Probably only a dozen minutes later, I heard some voices coming out of it, and then I saw Nan Mu Ye walking out with two tired children: "Okay, soul transfer is done. finished."

"So fast?"

"Such spells that are often used, if we still need a long time to deal with it, I'm afraid it will make others laugh at it." He squinted his eyes and looked at Guo Rong and Li Tian in front of him, and said: "This For us, it's just an ordinary spell, and it doesn't take a long time to get it done. Of course, there are still some things that need to be explained to you in advance to avoid any problems."

"Is there anything else?" Guo Rong carefully held the heirloom in his hand. Hearing Nan Mu Ye's words at this time, he was taken aback for a moment. The first time he thought of what this soul transfer technique would have Disadvantages: "Could it be that there is something imperfect about this kind of spell that needs our attention? If it is like this, you can tell me what is going on."

"There is no need to be so anxious, it is not a serious problem, but you need to pay attention to it. As long as there is nothing special, there will be no unexpected problems." Seeing Guo Rong so nervous. Nan Mu Ye said lightly on the side, as if this matter had nothing to do with him.

Seeing this kid selling like this in front of him, Li Tian also said helplessly: "Don't be so consuming here, please hurry up and say anything at this time, lest they still have something unclear. , When the time comes to cause a lot of trouble, Gao is still your headache."

"Although the spirit transfer technique is very successful now, you can't just treat it as if everything is safe. If your soul is placed in this place, you should always communicate with her constantly. You only need to use your own divine mind. Ensure that the soul will not lose its original state, but in this process, we must also grasp the scale and not communicate too much. Do you understand if I say this?" He squinted and looked at this in front of him seriously. Several people asked.

No matter what, looking at Nan Mu Ye in front of him, Li Tian couldn't believe that this would be the state that a **year-old child should have.

This kind of self-confidence, this kind of expression, shouldn't show up on a child's face, more or less it caused them to have some surprises, I couldn't believe this was what I saw before my eyes.

"I see, I will complete these things as much as possible according to your requirements." Guo Rong nodded, at this moment, there was a little bit of joy on his face.

"This is the best. We will try our best to search for medicinal materials as soon as possible. As for other things, this is beyond our control. The medicinal materials themselves are difficult to find. It is estimated that it will take a long time, so we need to use mobile Spells like spirits have come to make our time more generous." He looked at Li Tian, Guo Rong and others in front of him and said.

Li Tian also knew that he would definitely spend a long time this time, but he didn't really take these things seriously, and he would definitely get the materials in his hands in difficult places.

Now that I have decided to do this, of course, at this time, I can't have a little bit of retreat.

"This time I really thank you very much. Although Xiaoyi has not recovered yet, but seeing you have done so many things, I am satisfied, at least knowing that my previous efforts are not useless.

"Yes." Guo Rong looked at Li Tian, and said with gratitude, he might even cry like this when he looked at him. One can imagine how important this time was to him.

If it had no effect at all, it would definitely be a fatal blow to Guo Rong. What he is most worried about right now is that he can't see any hope.

Fortunately, in this matter, Li Tian is still very serious about trying to help. After all, things have become like this because of what they are now. If he has become a okay person on the contrary, it will make many people. Think it's weird.

"My heart is what you are going to do. This time I come to Tianhu City, I think they will not let you off so easily. You will still encounter a lot of troubles. Have you thought about how to solve these things "At this time, Guo Rong was not as decadent as before. After seeing hope, he slowly recovered a lot of things for him. Although he still looks tired now, there are some other things in his eyes. mood.

"I have asked the people of Shuiyue Sect to come and look for me. I will definitely stay in Tianhu City while they are here. Although they don't dare to attack me clearly now, I think they will definitely try their best. Let's fight it. It is a very good opportunity for them to kill me, but a more normal guy will not let go of such a good opportunity."

"It's true, your injuries have not fully recovered yet, or live in our Guo's house, as long as..."

"This is not good, and many of the next questions are more complicated than we thought. To be honest, I don't really want the Guo family to participate in this matter. What you did There are enough things to do, and I will leave the rest to me." Li Tian shrugged his shoulders, with a helpless expression on his face, and said, "I must face it myself."

"Well, if you need any help, you can just tell me." Guo Rong said: "Help you, this should be the one thing Xiao Yixin is most willing to do. As a father, I can't save it. What, now I can only do this as much as possible, I hope it can make her feel happy too."

"Thank you Patriarch, if there is nothing else we need to go back, lest we will be discovered later, I am very worried about any reaction they will make to me now. If it really irritates these people, it won't Dare to imagine what they will do." Li Tian said with an awkward smile.

Chapter 5936: Absolutely crazy assassination

After Li Tian opened the black hole and left with a few children, Guo Rong glanced at the old man beside him: "Do you think they can do this thing?"

"Although I don't know what's going on, but since they did this, they must still have their own certainty, and Li Tian is not like this kind of young man who will behave on key things. Since he has decided on this Looks like, I believe it must have been thoughtful about this matter and his own consideration, otherwise it is absolutely impossible to make such a decision." The old man nodded and said seriously, he was very serious about Li Tian. Still quite optimistic, this young man has courage and qualities that many people do not have.

"You haven't praised people like this for many years. If I hadn't thought about it and made the wrong decision, how would it have become like this?" Guo Rong wanted to give himself one every time he thought of this place. Big mouth, make yourself more sober,

In the next few days, Li Tian stayed in his room every day. His injuries were serious and it would take a few days to get better.

The power of a terrifying formation like the Hunyuan Formation is difficult to describe in ordinary words. Li Tian can even be sure that there should be a lot of manic energy on the scene at this time. This kind of pressure may exist for a long time. time.

But in the past few days, Yi Ze has not been idle like this.

I have been thinking about how I should deal with Li Tian for so many days. It is definitely impossible to use my superficial power. It is also impossible to face Li Tian directly. After all, this is the city lord mansion.

Who knew that at this moment, a key person appeared.

A member of the Donggong family got the city lord mansion very mysteriously.

"My Lord City Lord, I think you have been quite uncomfortable recently, your enemy is right in front of you, but you have nothing to do. This feeling is very uncomfortable, right?" This mysterious man wears a mask. , I couldn't see what kind of expression was under this mask, but the tone of his tone meant no respect for Yi Ze before him.

Looking at the weird guy in front of him, Yi Ze sneered and asked, "Who are you?"

"It doesn't really matter who I am. This time our Donggong family's plan also failed because of this kid, so I will appear here. We have been looking for this guy a long time ago. I know that this young man who is as cheap as Xiaoqiang must not die in a place like Tianqi City so easily." The mysterious man seems to have a very deep understanding of these things, at this time in his tone It can be easily felt.

Sitting in his seat, Yi Ze looked at the mysterious person standing in front of him. He knew that this mysterious person was very powerful.

You can enter here quietly without even attracting anyone's attention. Even Yi Ze himself reacted after seeing this guy. This alone is enough to prove that this guy's strength is quite terrifying. , It is impossible for any person to appear in such a place so easily, and it has not been able to cause others to doubt.

"Well, I know that you are very suspicious of my identity, but these are not important. What you need to know is that my purpose is the same as yours. We all want Li Tian to die."

"I have never said these things. It was just a misunderstanding before. Now the misunderstanding has been solved. I am looking for the real murderer. Obviously Li Tian is not the murderer we are looking for." Yi Ze sneered. It seemed to be true, and he could not leave any thoughts to the person in front of him, as if he really had no interest in killing Li Tian.

Seeing Yi Ze's attitude, this mysterious person didn't show any dissatisfaction, but smiled faintly: "I know, you must feel that way."

"Now that you know, why would you come to me to talk about this matter? It's so late, and a person ran to my site secretly. Don't you worry about your death here?" He squinted With eyes closed, he looked at the mysterious person in front of him suspiciously and asked, when did he become such a

talkative man, such a guy who came here swaggeringly, he never thought of letting him stay here forever.

"We have a certain understanding of each other. You know my strength is very strong, and I also know what your purpose is. You just want to kill Li Tian, but now there is no one who can do it. Help you, Li Tian, the kid who killed your son before, are you really willing to look at your enemy like this and live well under your eyelids every day"

'bump'

The quilt in Yi Ze's hand was directly exploded, and the fragments flew across. He stared at his eyes. The blood-red eyeballs looked as huge as a bell, and they were full of anger: "Is it enough?"

"Hehe, what's wrong with this, it's a fact in the first place, don't you let me tell it? Although you haven't been able to find any evidence, who would do that kind of thing in that place, and in the beasts During the sacrifice, the young man named Chi Mi also gave some people a big surprise. The combination of these things can make us very sure that this Chi Mi is Li Tian."

"But it can't be said that everything that happened during the Hundred Beast Sacrifice was done by Li Tian. We must pay attention to evidence in everything. We don't have any evidence in our hands now. Is it possible to frame a young man like this?" He smiled seriously and said.

"Well, if you really think so, then I have nothing to say, but this matter has developed to this point, I think we all understand each other, we have to make some choices. "The eyes under the mysterious man's mask are all very weird, and people can't help but want to believe what this guy said.

But now Yi Ze really can't easily believe this guy in front of him.

This is a desperate, very crazy assassination. Once it fails, there will be too many problems in it, which are beyond his control.

Chapter 5937: Decide

"Of course, the decision of the whole matter is still in your hands. If you really haven't thought about this, then I can only leave like this, but I want to kill Li Tian. Changed." The mysterious man saw that Yi Ze had been silent and did not speak, so he stood up helplessly and sighed: "I thought you were a hero who dared to be a daring hero, but I didn't expect you to be a silly hero ."

After the mysterious man had finished speaking, he started to walk outside, his steps seemed to be very slow.

At this time, he was actually waiting, waiting for Yi Ze here to call him to stop.

Of course, at this time, Yi Ze's mood is also quite uncomfortable. This feeling is hard to describe. It feels like he is joking. Looking at the man in front of him, the opportunity is right in front of him, but he But dare not catch it.

The cultivation base of this mysterious person must be enough, it is more reasonable to be able to enter this place quietly, killing a Li Tian.

Even if he was punished in this way, it shouldn't be a serious punishment.

"and many more."

"Is there anything Lord City Lord wants to change? That's right. Originally, this matter was not that simple for us. We only need to cooperate with each other. It is not reasonable to change this issue. Is it something?" The mysterious man turned around, smiled and looked at Yi Ze in front of him, and said: "And I have enough confidence to complete this task."

"Are you really sure? You have to know that this action I can only allow you to do it once, once it is unsuccessful, both of us will have to pay the price. I don't want to waste an impossible task. I have too much time, and I don't want to pay a heavy price. If Li Tian can't die, I'll lose my current position. It's even more impossible to kill this young man." He has a serious expression on his face, and it sounds like some kind of pleading.

It seems that this incident really caused him a lot of trouble. Now I want to kill Li Tian in my heart, but I also know how much it will cost to complete such a thing.

This young man seems to have a lot of enemies, but no one dares to really do it like this. A **** emperor is looking at them above their heads. He only needs to deal with the slight flaws on it. They may all enlarge their problems unlimitedly, so that the final result is also predictable.

"Don't worry, since I stand here now and say something like this, it means that I must have my own consideration on this matter. If there is no certainty, I cannot stand here. Speaking like this, I think you can still be quite relaxed on this point. If you fail like this, all the responsibility lies with me, right?"

"You just want to kill Li Tian?"

"The talent of this kid is terrifying, and the relationship with us has not been very good long ago. After coming to the realm of God this time, it is impossible to let this kid continue like this. Killing him would not hesitate. All costs are paid." The mysterious man said seriously, and he could feel it in his tone that the state of this man was really like this.

On the other side of Li Tian, his body has recovered a lot from the recent practice, but his current state is still as embarrassing as before.

If there were any killers, they would definitely not be able to stop them.

"People from the Shuiyue Sect should be here in the next few days, but I think they will start working in these few days. You should be more alert when the time comes. These guys are not good people. If you really do start, you must not participate in this matter."

"Don't worry, it's you who they want to kill. It has nothing to do with us. Although you have taken care of us these days, we will help you make soul-returning pills and condensing liquid in return, so this time it really is. If someone comes to assassinate you, don't think too much about it, we can't help." Several children looked at Li Tian in front of him seriously and said.

Li Tian smiled awkwardly, thinking that these children might still help him fight.

Who knew that they were so unfeeling, and their words were so blunt that Li Tian couldn't find a little step down.

"Okay, okay, you are all eloquent, and I am really more and more suspicious now, whether your Baicaomen specially trains you such eloquent young people." After a very helpless comment, Li Tian only I can put all the doubts in my heart in my stomach, as if nothing has happened, anyway, even if I ask them at this time, these people will not answer them.

What worries Li Tian most now is the movement on the side of Tianhu City. It has been so long. According to normal circumstances, it should be time for them to act, but they have not looked back after so long. What kind of unusual behavior is that he treats Li Tian as his own distinguished guest as well as entertaining him. This feels that even Li Tian feels a bit stunned.

Now the Shuiyue Sect is about to arrive. If Yi Ze can still calm down at this time, then he is really a very powerful master. It is impossible to change to a more normal guy in such a long time. They can still hold their breath.

Time slowly passed, he was waiting, and the other side was preparing.

At this time in Shuiyue Sect, Murong Zi looked at the clouds in the distance: "This time, who do you think will be involved in this action?"

"Although it is not clear what the reason is, we have investigated before. The several assassinations of Li Tian are closely related to the Donggong family, and even give us a feeling that they are doing something like this in secret, so I think if it is really going to be done this time, then their Donggong family must have taken action on this matter." A young disciple standing behind her said cautiously.

"Unexpectedly, this kid really has a lot of things that we don't know. Even the Donggong family came to ask for trouble. It's really interesting. It seems that the next action will become more interesting."

Chapter 5938: Hongmen Banquet

Li Tian has been waiting for so many days, and has not been able to wait for anyone to come.

On the second day, a guy other than him appeared.

Yi Ze said that there is a guest from afar who needs to entertain him, so this time he has prepared everything to entertain him.

He was still in his room preparing to deal with his opponent at this time, but he was cautious at this time, and then squinted at the three children next to him: "This time you can't help but whether you are willing or not, you must be here. Back in that space for a while, only in this way can I guarantee your safety. I'm not sure what they are going to do this time."

"Well, let's hide temporarily. If the other party is really strong, we can live even if you die." Nan Muye almost fainted Li Tian again. This little kid spoke really. It is in the same sentence, he also deliberately made many things look very obscure, not so easy to read out, but this little guy was stunned to guess all these contents.

At this point, he has nothing to say.

After sending the three children back to the ancient **** ruins, Li Tiancai at this time was truly relaxed. Before, he was always worried about what kind of trouble he would encounter in the future. Now he is not as worried as before. Up.

He squinted his eyes and left his room and saw a servant standing at the door: "Who needs me to go there too?"

"The Lord City Lord said, this friend is very interesting, plus you have not been in the room these days, Lord City Lord thinks you are boring, so we will invite you over."

"In that case, I really trouble the Lord City Lord to have a heart. You will lead the way. I want to see what kind of character is here, and I want to be greeted in the past at my level."

In the meeting room of the city lord, the mysterious man sat aside and looked at Yi Ze who was sitting on it. The two people chatted without a word, as if they were really received by Yi Ze.

While they were chatting, Li Tian swaggered in: "I really didn't expect that Lord City Lord was still thinking about me after so many days. I thought Lord Lord City had forgotten me."

Hearing Li Tian's words like this, Yi Ze's eyebrows were quickly twisted together, but he soon stretched out: "What this said, you come to our side is equivalent to our distinguished guest, if we still Wouldn't it be bad if you don't take this matter seriously? I didn't even pick you up before. This time a guest from afar came, and I can just make up for it together."

"This gentleman seems to be very mysterious. He didn't take off his mask when he got to such a place to show his true colors. Is it because there are some unspeakable secrets?" He turned his eyes to the mysterious man's I saw this weird mask on my body and asked impatiently. In fact, I just wanted to judge the identity of the mysterious person in front of me.

"I'm sorry, this mask on my face was slapped on my face a long time ago. It can't be taken off." He looked at Li Tian in front of him and said calmly, as if it were the whole piece. Everything is the same as he has no relationship at all, and he can't see any nervous expression on his face.

Seeing this guy being so serious, Li Tian smiled at this time: "Okay, well, since it was invited by Lord City Lord, I definitely can't take it seriously."

'Damn boy, dare to be glib in front of me now, wait until the time is up to see what you do. 'Yi Ze said angrily in his heart, seeing Li Tian still laugh so cheerfully in front of him at this time, this feeling must be quite unpleasant, if it weren't for the current state and location, he Maybe he just hit the young man who didn't know good or bad in front of him.

Rao was like this, looking at Li Tian in front of him, he still couldn't hold back his inner anger.

"If that's the case, then at noon today, we all have a meal together and get to know each other. We have made a friend. As for the rest, it will be very simple, isn't it?"

Yi Ze said lightly, and Li Tian and the mysterious man responded lightly.

Both of them just nodded and agreed, but few people knew their inner emotions at this time.

Li Tian had always been in front of this mysterious person with careful observers. Intuition told him that the mysterious person in front of him might be the key to this assassination.

Yi Ze was definitely not moved to use his own people to assassinate, so this time there must be some other people. This mysterious person appeared so abrupt, and no need to guess to know that he was another killer.

I just don't know how strong this killer is.

Like Li Tian, this guy can also hide his fighting power very well, so you can't figure out what this guy's ability looks like. Even in this situation, Li Tian still can't figure out what is in front of you. What is the strength of this guy.

'It seems to be more careful. This is a banquet. If this person is really powerful, then I have not been able to figure out his strength until now, but it is actually a matter of reason.' This flashed through my mind. After thinking about it, Li Tian began to become more serious. This time it was probably after so long for Yi Ze, and finally arranged a good assassination opportunity.

The opponent must have made a lot of preparations at this Hongmen Banquet and will not give Li Tian the slightest chance.

So now if you want to survive this kind of thing, you have to look at Li Tian's own ability, and see if he has the ability to take out some of his own ability to protect himself at such a critical time.

Yi Ze stood up and said, "I will arrange for someone to hold a banquet right away and ask for the best banquet."

In the darkness, a black shadow slowly emerged from the dormant water surface, looking at the figure in front of him: "Will it die?"

"No, he shouldn't be so weak."

"It seems that we have to think of other ways. If it can be solved this time, it will save us trouble, but if we fail to succeed, our next action will become more rigorous. I don't want the same. It happened many times, you know?"

Chapter 5939: You must die

"I know, this kind of thing has happened many times, but as you said before, this kid's fate is really weird. No matter what we do, he can always find the key to reverse everything, as if We are naturally restrained, and all the results are failures."

"It's not to blame him, it's because you made mistakes in handling a lot of problems. This is the opportunity for others to take advantage of. This time is the last chance. If you still can't do it, just give up. It won't be long. There will be very complicated battles in the God Realm. At that time, he will definitely participate in this matter. We can only choose to kill him at this time."

"One more thing, the expeditionary army was all destroyed, and no one came back. We have investigated. This time it may be that Baicaomen used the Hunyuan Formation to destroy all the information we wanted."

"Baicaomen has a long history, and it is reasonable to know that such a terrible formation of Baicaomen is actually reasonable, but I think they definitely don't have the mood of burning jade and stone. They must still leave some fire, waiting for their rise later, you Immediately send someone out to investigate and see if you can find what the Baicao Gate has left. You must find them. The things in the hands of the Baicao Gate are very important in future wars."

At noon, the entire city lord's mansion was full of lights and festoons. It looked like it was going to celebrate the Chinese New Year. It is hard to imagine that a place that is usually dull at this time has become so happy.

The entire city lord's mansion went up and down, as if everyone was busy.

Even Li Tian's mood became busy at this time. Of course, he didn't take this matter seriously, and now he still wonders what kind of methods they will make at this Hongmen banquet. Come on.

It can be seen that Yi Ze should have laid down the capital this time. How to assassinate Li Tian in front of him on his own territory. This is a very critical place. Maybe he also understands what he has to pay if he does it himself. The price is too heavy. If you really do this, you will lose both sides by then. This is not a good result.

Therefore, at this critical time, we have to choose some methods that other people can't think of, just like the current method.

This time the Hongmen Banquet, everyone knows that this matter is definitely not simple, but even if you know what you can do, it certainly cannot be changed at this critical time.

For example, Li Tian now knows that the mysterious man is the murderer who assassinated him, but now he has no way to leave here.

If the mysterious person succeeds here, it will definitely make Yi Ze's reason for not being able to protect him more fully. After all, who would have thought that they were still eating well before, and how could they start killing each other with a knife in an instant? ? In this way, even if Yi Ze didn't make a move, everything else would be within the scope of their forgiveness.

I have to say that this time Yi Ze really found a good opportunity for himself. If he can really succeed, he does not need to pay much.

Being able to kill Li Tian in front of him like this must have made this guy happy. The enemy that had always been there is finally going to be killed.

I don't know how much time has passed. Everything is ready. Li Tian and the mysterious man came to the banquet hall this time. It looked like an ancient prince's banquet hall. There was an empty space in the middle. Beautiful, fairy-like girls are dancing inside, and on both sides and the front of the center, there are long tables on which are all placed some food.

Seeing this scene, Li Tian naturally came to mind the scene of the Hongmen Banquet.

The mysterious man was sitting opposite Li Tian, looking at the girls dancing in front of him seriously.

But Li Tian is not in the mood to appreciate these things at all at this time. Like Liu Bang, he feels very nervous at this time. He is very clear that these two people in front of him are not good intentions, and there is no injury on his body. He has completely recovered. It is too difficult to fight against an enemy like this. If you are not careful, you may have to pay a heavy price. At this time, it is reasonable to be careful.

"I didn't expect that one day we could sit and eat together like this. I didn't expect it." Yi Ze sat in the most front position, looking at the two people below, and said.

"I didn't expect that, these days I have always wanted to restore my body, but I never thought about it." Li Tian also shrugged helplessly and said with squinting eyes.

"Well, since we are all sitting here, we are now friends. At this time, I hope you will not be separated from each other. This time, we will chat and eat something. That is enough." He Said with a smile.

Seeing this treacherous smile on this guy's face, Li Tian wanted to get up and leave like this, but obviously there was no way to do it at this time.

I can only think about how to delay time.

He has to wait for the people of Shuiyue Sect to come here. If he really wants to use his hands, according to their understanding of himself, Void Leap will definitely be useless. It is impossible to leave here, so just Can fight.

But according to his current state, wanting to fight against these people in front of him is also a relatively simple idea.

If Li Tian, who was seriously injured, was their opponent, then they would be really weak.

At the dinner table, a few people drank heartily, looking like nothing was the same.

Li Tian is still so nervous and serious.

I don't know how much time has passed, when a girl suddenly fell to the ground, without any warning.

Yi Ze also stood up at this moment, but at the moment he got up, he fell to the ground smoothly.

Suddenly, the sound of falling to the ground quickly spread around, and everyone fainted.

Li Tian looked at the mysterious person who was still working in front of him and said, "Is it time to say that it's time for you to play?"

"It's not wasting my time to find you. Today I finally found an opportunity that you can't resist. Now you have no chance of winning. Honestly get killed in front of me." He looked at Li Tian smiled confidently.

Chapter 5940: Murder appears

Li Tian smiled and looked at the mysterious person in front of him. Although he still couldn't confirm his identity, he knew that this guy was obviously not as simple as he thought.

"You should know very well yourself, what kind of status do you have in a place like this, you might be able to fight against opponents of my level?"

"If you are really so confident, you will naturally not say such a thing in front of me. You are still very worried, although now my inadequacy is really nothing to you. Danger, by then the things in my hands may be a very huge threat to you."

Naturally, the mysterious man cannot be really worried about Li Tian in front of him.

But what he is most worried about right now is the special method in Li Tian's hands that has not been shown. This kid is clever and has done a lot of miraculous things. This is already known to many people, even if it is the same again. Action is still within their control.

Therefore, although Li Tian could be killed in a short period of time before this, they still had to find a way to know whether this kid had any means they didn't know.

"How many people wanted to kill you a long time ago, but so far you are still living in front of us. You really have to thank your opponents because they have always looked down on you. , So you will stand here today."

"They don't really underestimate me, just because they didn't think of these things at all. I think it's most appropriate to use short-sightedness to describe such behavior. There is no need to give them such a high-sounding reason?" Shaking his head, he looked like he was disdainful of this matter.

"Give up resistance, death will come very fast, you will not even feel your own pain, and then all this will end like this, it is not good for you or me to hold on. Isn't it?" The mysterious man slowly summoned two crescent sickles from his hands.

He was wearing a black robe, and his face was a strange and evil mask.

Coupled with that pair of very strange eyes, it always makes people feel that the guy in front of him is indescribable, and at this time, two sickles appeared on his body, and it instantly makes people feel like a **** of death standing in front of him. Just as scary, the atmosphere became tense at this moment.

The mysterious man approached step by step, knowing that he might not waste much time here.

"I know who directed your action this time. If you are going to attack me here, I have nothing to say. If you really encounter danger, all of you will be buried with me, even if it is this way you still have to decide to oppose me?"

"As long as you can kill you, no matter how heavy the price is, it is worth it for many people. You still underestimate your threat in their hearts. So many people know that you are a young man. People, what kind of trouble will they bring to them, do you think they will let you live?" When talking, the mysterious man had already taken action, and he knew that Li Tian was delaying time.

Even if they knew some of the key issues about these things before, they naturally knew that Li Tian had contacted the people of Shuiyuezhong before, and it won't be long before there will be reinforcements, so this kid is real now. Procrastination of time.

He didn't know when his reinforcements would arrive, so he could only delay the time.

But the mysterious person would never give Li Tian an opportunity like this. The threat this young man brings is enough to make many of them feel dangerous. The longer he exists, the more likely it is to bring himself more. It's troublesome, so this time I will never miss a good opportunity to kill Li Tian.

Seeing the mysterious person coming, Li Tian hurriedly summoned his own Red Sword, barely resisting it.

Although it was resisted this time, the impact that it brought still made him fly out like this, and hit the wall heavily.

'Damn it, if this situation continues, I don't know if I can insist that the Shuiyuezhong guys come here, but if you delay time, I have no chance to delay time. Li Tian felt helpless, and the situation is getting more and more awkward now.

'boom'

The moment the aura burst out of Li Tian's body, he also turned the stone tables and benches around him into dust in an instant. He slowly stood up and wiped the blood from his mouth.

"Is it good? It seems that their evaluation of you before is not too high. Being able to withstand a move like mine is enough to show that your strength among young people is already very good, even if it is me. Before showing one percent of the strength out of date, it is also very good for you." The mysterious man raised the two scimitars in his hands and said with a sneer.

"There should be a resistance. I don't know how long I can hold on, but if I don't do anything like this, I'll be killed by a guy like you. If someone else knows about it, I'll definitely have to I'm a joke. Since it's like this, I absolutely can't admit defeat like this now."

"Since you want to find death so sincerely, I will fulfill you today, and let you see what is the difference between my ability and you?"

When the mysterious man spoke, the two scimitars also burst out a lot of black gas at this moment. These black gas, like ink, slowly drifted in the air, and soon let the air here. It became gloomy a lot, as if he couldn't see his fingers.

Looking at the expression on his face, he was very confident in his offense, without any worries at all. He could not kill Li Tian with this move.

"Looking at a young genius like you, falling in front of me like this, no matter what, my heart is still relatively helpless. After all, geniuses of your level are really rare and hard to find, but who will let you There are so many enemies, and so many people want to kill you, I can't do anything about it." The breath of death on his body is getting stronger and stronger, like a **** of death, holding a sickle in his hand, looking at Li Tian in front of him, doing it anytime. Well prepared to take its life.
