

A Killer 6001

Chapter 6001: perish together

The colorful sword energy slowly released from Ximen Yechou's body, just like dragons.

After being restrained for thousands of years, the feeling released in an instant made many people depressed to the point where they could not breathe.

Ximen Yeshou in front of him felt like this, the power in his body was surging constantly, and this feeling was the same as it was at the peak.

There was a very solemn light flashing in her eyes, and the fairy sword in her hand was constantly trembling.

The man in white and the man in black are already standing side by side, and the man in black asked, "Is it really worth the way you are? I blocked my life, just wanting the two of us to die here with you. If you want, we can let you leave here now. This is what we can make now, the last concession." His tone was serious, and it didn't sound like a joke.

It took a lot of effort for the two of them to get to where they are today. They watched as they were getting closer and closer to this rumored goal, and their mood also began to become very excited.

But at this moment, the woman in front of her actually used such a sword to recruit.

What they can feel is that if the move in front of them is really used, they will definitely have no way to stop it. This is almost a sword force that has pulled out all the fairy power in Ximen Yeshou's body. It also reached an unparalleled height, if this allowed this woman to release this sword move, they could only stop a little.

But most of the sword energy will still act on the other side flower behind him.

They came for the treasure, to find the rumored treasure, and therefore came to this point. If they were to sacrifice their lives for this treasure, they would definitely not want to be like this.

Compromise at this time is also reasonable.

Of course, this is also what it looks like on the surface. It sounds like the man in black really wants to compromise in this way and let the two people in front of him survive, but it's not like this at all.

The man in black is just waiting for a suitable opportunity, an opportunity that can be blocked at the moment when this woman performs a trick. Only in this way can he solve the problem later.

Looking at the Ximen Yeshou in front of him, he and the white-clothed man have a tacit cooperation. They both know that a buffer time is needed. Only when they find this buffer time period can they deal with the woman in front of them.

"Do you think I don't know what you are thinking in your heart now? You just want to use this time to find a chance to deal with me, maybe you have such a great opportunity? Coming here, now you have to fall short because of a woman. For you, this is probably the most difficult choice, right?"

Ximen Yechou looked at the two people solemnly and said.

"This is just what you think in your heart, but it doesn't mean that the two of us think like this." The man in black said lightly, sounding no doubt: "It's really not easy for us to come here, but if it's like

this If we let the two of us die here, we must be unwilling, but it's just a treasure, and it won't make us lose our lives, right?"

"I don't care what you are thinking about right now, but it is impossible for you to deceive me now, and I will not give you this opportunity." Ximen Yechou sneered, behind him The sword aura has become more and more dense, and the dense sword aura is about to fill the cave. What can be imagined is what kind of impact the people waiting here will receive at the moment of the next explosion.

If Bianhua were destroyed in this way, it would just cut off their thoughts.

But if this precious treasure that opened the road to reincarnation is allowed to exert its stronger and extremely terrifying power in this way, no one here will survive.

At this moment, the man in white suddenly said: "Caught it."

It turns out that he has been waiting for an opportunity.

I didn't rush to make a move before, not because I didn't dare, but because I didn't find the right opportunity.

At this moment, Ximen Yeshou felt a little psychological pressure.

But in such a moment, he was caught by the man in white.

After all, there is a deep gap in the realm, so once a person makes such a small mistake in this battle, the battle may become dull.

At this moment, looking at the desperate Ximen Yeshou in front of him, the white-clothed man gave a grinning smile.

Suddenly, a pair of **** hands grew out of Ximen Yechou's side, like dry branches, directly grabbing her shoulders, and bursts of numbness began to penetrate into her body.

"It's really a simple little girl. You will believe whatever we say. It seems that for so many years in the Shuiyue Sect, you have not been able to learn how to get along with people. You feel so immature now. It makes me feel like I can't bear to bully you." The man in black looked at Ximen Yeshou being controlled by the man in white, and he felt relaxed a lot.

He knew that as long as he was caught by these black hands, he would feel a lot of numbness, slowly causing Ximen Yeshou's body to lose his original control. In this state, if he can still attack the other side of the flower , It can only be regarded as this woman's clever means, they are naturally speechless.

However, it is clear that this situation is not as easy to deal with as they thought.

"What a despicable person, I really want to use this method to make me take you lightly, but if you think this is enough to deal with me, I will only let you know where the gap is with me." Ximen Ye Chou also felt that his body was becoming paralyzed a little bit, and even the flexible fairy power began to be out of control.

All this comes from the two hands on his shoulders.

It's just that she concentrates on this sword move with all her heart, and at this time she really can't find any better way to reverse this situation.

Now I can only make a desperate move to see if I can rush ahead of them and complete this sword move. If it fails, it will fall short, and there is nothing more to say.

Chapter 6002: Magic body

"Hmph, you girl hasn't given up until now. Since it's like this, we will give you a happy one, and save you in your heart. Teacher, because there are still results in this way, I will let you know today. Where is the gap with us?" The white-clothed man was very angry when he saw that Ximen Yeshou was still thinking about letting go.

As an ordinary person, in such a situation, it is definitely right to want to get out of her body, but this woman has no such thoughts at all, as if she completely ran these thoughts behind her head.

Seeing that Ximen Yeshou was still doing this.

Angrily in her heart, the sword in her hand began to become sharp, and it came to her in the blink of an eye.

"Stop it for me."

At this moment, a body that looked terrifying slowly stood up and stood in front of Ximen Yeshou: "This matter has nothing to do with her. If you want to fight, I can accompany you both. personal."

Li Tian stood up!

He unexpectedly died, and after he died, stood up again.

The moment they saw the young man standing up in front of him, they almost stunned them.

The black-clothed man glanced at the white-clothed man next to him, his hideous face was full of inexplicable doubts, and they naturally couldn't judge what kind of situation was in front of them. A man who had already died in their hands just stood still like this. I got up and looked like this, it seemed that all the injuries on his body had also improved. It seemed that this was not what they expected to happen.

"Isn't this person dead? Why is he standing in front of us again?" Looking at Li Tian in front of him, there was a solemn feeling on the faces of the people in black and white. This one should have been lying down. On the ground, he was still a dead man. Why would he suddenly stand up like this at such a critical time? They had clearly determined before that this man had been killed by them.

And looking at him like this, it was definitely not an illusion before.

"Li...Li Tian?" Looking at the physically disabled man in front of him, Ximen Yechou still had some eyes that couldn't believe her. She had seen it before, and it was certain that Li Tian in front of him was really dead. No signs of life are gone.

But only a few minutes passed, and their attention was just not on the man's body for a few minutes, and now it has become what it is now.

Looking at the man with a mutilated body standing in front of her, she really couldn't believe that standing in front of her was a living Li Tian.

"I don't know how to explain it to you, but what I can feel is that my current body is very different from before. It feels a bit like being resurrected, and the whole body is beginning to become very

fresh. "He glanced at Ximen Yeshou behind him, and said lightly: "I'm sorry to make you worry about me, but then let me end this matter."

"Let you end this matter?"

"It seems that there is nothing wrong with my words." From Ximen Yechou's tone, he heard a sense of disbelief. Obviously, even Ximen Yechou didn't believe it. Now he can change the situation in front of him.

They all seem to be forced into a desperate situation by others. At this point, they can no longer focus their attention on this.

"Your current physical condition looks terrible, how do you make me believe that you can change the situation in front of you, because you said that before, I chose to believe you, but I think you know exactly what the result is like Well, I won't choose to retreat this time. My thoughts have told me that I cannot continue to retreat like this. Even if there is a sea of swords and flames ahead, I should go up and make a breakthrough." Ximen Yeshou did not choose to leave, but Continue to speak very firmly.

"Hey hey hey, can you two of you stop talking nonsense in front of us, see how you are now, vulnerable, and want to kill the two of us, kidding?" The man in black sneered , Looking at Ximen Yeshou and Li Tian in front of him, he snorted disdainfully.

Even if this person has a good temper, there is no way to endure this situation now.

The two people were defeated by them before, and now it seems that they have not taken the previous defeat to heart at all, and it feels like they have never failed.

So how can they communicate with such two people?

The man in black was too lazy to continue disguising like this, and looked at them with a sneer: "If you think you can beat the two of us now, you can try it, but what I can tell you is that your fate will definitely be It won't be very beautiful."

"Come and see if I am your opponent in this state." Li Tian's eyes began to light up slowly. At this time, all of them were stunned, even if they didn't believe it before. Ximen Yeshou of the man in front of him was also stunned at this time. The reason was simple. The body of Li Tian in front of him was unexpectedly black.

What they could feel was that these demon auras were very strong, and it also made them feel that the man in front of him had begun to turn into a body like a demon.

"This is the devil?"

"It seems that you are not an idiot yet, knowing what has changed in my body." Li Tianqiu laughed, looked at the two people in front of him, and slowly raised his right hand: "Now, it should be us. It's time to make a break. Don't you always believe that I am your opponent? Now is a good opportunity. Let's try and see who is stronger."

The devilish energy on his body is slowly healing his body. If this continues, the man's combat effectiveness can surpass the imagination of people like them in the next short time.

The current Li Tian is at the top of the sky, as long as he is given a chance, these people in front of him will all die in front of this guy.

The change of the devil's body made him feel inexplicable. In the dark, it seemed that such a body was originally suitable for his body. He had no idea why such a change occurred. Even if it is a person who has experienced it personally, it is not at all. Knowing what happened in the process, so that I became what I am now.

Chapter 6003: One to two

"What is your situation now? It seems that your whole person is completely different from before." Ximen Yechou asked in a low voice. This man's appearance is indeed to be compared with before. The difference, I don't know what kind of changes have occurred in this man's body during this period of time, so that his current strength can become such a point.

On the surface, Li Tian seems to be no different from before.

But in fact, it's not like this at all. If it's really the body of a demon, then many people can't think of the combat power that can be displayed. With such a body, it's hard to think of it if you really want to use your hands. What is the end result.

Squinting his eyes and looking at Li Tian in front of him, Ximen Yeshou was very curious as to how far this person is now.

"Even if I can't tell you a lot of things clearly, I can only feel that I am very strong, and this powerful feeling is about to make me lose myself. I think you should also know why. With this feeling, the power in my body is constantly growing. I am now beginning to find that I can't even control such a powerful force anymore. It is reasonable to have such a feeling, right? "He?" He squinted his eyes, felt his body, and then said slowly.

"Let me give it a try. I really want to see what this kid has become now, whether he really is like what he said, has become a guy we can't deal with." At this time, Bai Yi The expression on the human face looked very excited, step by step, the sword in his hand had begun to release some power.

But Li Tian just snorted coldly, his body exuded a natural aura, and he made the two black hands on the shoulders of Ximen Yeshou disappear.

The remaining sword qi dissipated in this way.

Ximen Yeshou was stunned for a moment. It seemed that he didn't expect it to be like this. The sword move he used before, but only a short second of negligence, was solved by Li Tian so quickly. Such strength It has been proved enough that the combat effectiveness of this young man is far different from before. Now even if this guy says that he can kill both of them in front of him by himself, they have no reason to doubt. Up. ,

Because the combat power he showed now is already very strong.

"This... how is this possible? Is it possible that this kid has completely got rid of the control of the other side flower now? This is impossible. According to normal principles, the current state is completely unscientific." With full firepower, Li Tian, the two of them could clearly feel that the energy released from this young man's body was something they did not dare to easily imagine.

"In this way, the current state of this kid and our previous plan have gone beyond a lot of changes. If we deal with this kid according to our previous plan, it may have failed now." At this time, looking in front of us. For Li Tian, the expression on the face of the man in black has become more

solemn, and the whole person slowly took a step forward and said: "This kind of opponent, you can no longer fight him alone."

"What's the joke, do you want the two of us to deal with this guy alone?"

"Why, don't you think this is bad?"

"Of course it's not good, what kind of strong are we two, now we want two people to deal with this kid in front of one person?" The white-clothed man asked very suspiciously. In his opinion, even the current Li Tian is already It doesn't matter to him to break free from the restraint of Biganhua. If he really wants to deal with the guy in front of him, even without the restraint of Biganhua, he can easily end this battle.

But the two of them had to deal with Li Tian in front of them, but it was a little too much.

"This kid is not our opponent at all in this state. Although I don't know what happened to this kid, I can be sure that it is a very easy thing for us to deal with two people, isn't it?" With a sneer, looking at Li Tian in front of him, he snorted.

"What you think is too simple. If this kid can really deal with it so easily, do you think I will talk to you like this? It is precisely because the current state looks complicated, so I chose this Do it." The expression on the black man's face was still so dignified, and he shook his head and said, "Give up the self-confidence in your own heart, this kid is no longer as simple as we thought."

"I don't believe it. I don't believe that a person can be so strong in such a short time in front of me." When the white-clothed man spoke, he had already passed towards Li Tian in front of me.

"Didn't he already tell you that you are not my opponent at all in your current state, why you just don't want to believe what we say?" Li Tian squinted at the guy in front of him, his hands were already red. Zhan, when the sword in the hands of the white-clothed man was about to fall, he only stretched out his hand lightly, and then a black void appeared in front of him.

In the next second, the white-clothed man's right hand was gripped tightly by a hand extending from the black hole, and he could no longer move forward.

He even said that his whole body was squatting in the air at this time.

Looking at the serious Li Tian in front of him, his right hand was in a black hole at this moment. It was obviously this hand. There was no way to grab the right hand of the guy in front of him.

'Damn, what kind of things this kid has gone through in this short period of time, turned out to be what he is now. The person in white glared his eyes and felt his right hand being grabbed. This feeling was really uncomfortable. He felt uncomfortable all over his body. This kind of uncomfortableness cannot be easily described in his own words.

It was as if he had become a puppet in Li Tian's hands now. What the young man did, they would pay what price.

"I said, you are not his opponent at all, this kid, even if it's a one-to-two, he should still have some leeway now." At this time, the man in black stepped forward, and the sword in his hand forced Li away. day.

Chapter 6004: The Eye of the Dragon King

The man in black knew very well that after Li Tian in front of him became a demon, his current combat power was terrifying. It was not that simple to deal with the young man in front of him.

If possible, he would rather not fight the young man in front of him now.

He knew that the gap between his state and Li Tian in front of him was really huge, even if two people joined forces, it was not necessarily Li Tian's opponent in front of him.

"How is this possible? How long has passed since this guy has turned into what he is now. I can't believe that this is the real thing that happened in front of me." After the man in white was rescued, the whole person After stepping back a lot, he carefully looked at Li Tian in front of him, with a face full of doubts: "I don't know what words should be used to describe this guy's changes like this."

"It's very strange. It was not the opponent of the two of us before, but now it can make both of us feel very difficult. This is this young man. I have already killed this kid directly, and the breath has been cut off. Who knows that it has become like this now." He shook his head helplessly, sighed, and looked at the way in front of them, none of them knew what was going on.

"You should know now, where is the combat effectiveness of the two of you inferior to me? If I were you, I would treat it as if nothing had happened, and then try to disappear from me. Of course, we will definitely not give you this opportunity. Now that the memorial ceremony of Bianhua has already begun, we must not waste time now and let the two of you die here, so that we can also start the road of reincarnation."

"Do you think I will give you this opportunity?" the man in black asked.

"Opportunities are never given to you by others, but they are won by themselves. Smart people can always find a suitable opportunity at a suitable time. For example, you may not be prepared to give me a chance, but for me Saying that I can easily control the situation in front of me, I can do whatever I want, but you can't do that." Li Tian sneered, and then slowly split into one clone after another in his body.

The gap between these clones and Li Tian is not very big, and there is no problem with dealing with these two people.

He stood there and looked at the two people: "You want to buy time now. I think there are still many people in this place who know that the enemy we will face next may be even stronger, right? "

"You don't know where you are now, or what kind of enemy you will face next. You think you can control the whole situation now, but you don't know at all. You are here like a tiny ant. "Looking at the swearing young man in front of him, the man in black here is also very angry, but now I am starting to feel very difficult to deal with a clone like Li Tian.

It is conceivable that the terrible combat power displayed by this young man at this time is really something that people like them cannot imagine.

The two people looked helpless, facing this young man, they really felt this feeling of powerlessness.

And Ximen Yeshou felt that his whole worldview had collapsed at this time, and how strong this man was in front of him, he could still maintain such a calm face in the face of this situation.

And before, it was impossible to deal with these two people alone. ,

Now you can rely on your two clones to completely suppress the two people in front of you. Although it is impossible to quickly defeat the two of them, this powerful suppressing force is enough to make them feel Desperate.

"I don't believe it, I don't believe how this young man can be so strong, is this ***** devil really so terrible?"

"The devil is known as the proud child of the sky. Do you think this name is just groundless?" He sneered, looking at the surprised white man next to him, and said: "Now whether we two will survive is an unknown number. , I think according to what we did before, now there is probably only a dead end."

"Of course it may not be like this. I know that there is another way to open this place. The method you used before is just what they have left. If you are willing to cooperate with me, you two can continue to follow me. , If you really find any treasure next, it will definitely not lose your benefits. Of course, you can also choose to refuse. In this case, what will happen next, I don't think I need to tell you two. "

"What do you want to know?"

"Where is this place, what is your purpose here?"

"It's very simple. Our purpose here is only the eyeballs of the Devil Dragon King. It is said that after the Devil Dragon King was killed by the Heavenly Sage, he dug out his eyes and sealed them. If anyone could get this eye, Then you can get the power of the magic dragon. It is only a matter of time to dominate the entire God Realm. You should be very clear. If you change to the present, they are all terrible to describe. The opponent." The people in black have no reservations. They know very well what their current situation is, and they dare not continue to waste time here.

Just need to say a wrong sentence, maybe there is only a dead end, the man in front of him is not going to leave them the slightest way to survive.

Unless they are willing to tell all these things they know. ,

"It's that simple?"

"It's that simple, but we have been looking for this place for many years, but there has been no result. This place has always been a place that many people dream of, but there is no way to find it." Looking at Li Tian in front of him, black Yi Ren said: "This time, this place has reappeared, leading to the integration of many places in the Northern Cold Land, and it lasted a long time. I think it should be so many years, the most likely chance to find the eye of the Demon Dragon King. Up."

"You really want to survive, and tell me all these things honestly." Li Tian looked at the guy in front of him and laughed, obviously expressing his satisfaction with the result.

Chapter 6005: Dead end

The people in black and white in front of them know what kind of role they are, and their understanding of this place is better than others.

At least, they must know better than others in the previous levels, otherwise they would not vowed to come here to do such things. At this time, they would not think about this situation. I can continue to find a good baby under such circumstances, and now I can survive, it is an extravagant hope. Looking at the expression on the face of the young man in front of me, they will definitely not take advantage when they start.

It is for this reason that the two of them will make such a decision so decisively, it is nothing more than that they are very clear about their current situation.

"We also know what will happen next. If you are willing to take the two of us over, maybe..."

"I'm sorry, I won't keep two dangers by my side, and hearing your answers makes no sense to me." Li Tian slowly pulled out the sword in his hand and looked at it. The two people in front of me said: "If you can prove the value of your existence, maybe I can give you some face and let you survive, but it is a pity that you can't seem to prove this at all.":

"So your decision now is to kill the two of us? Do you really think that with the power of the two of you, you can be safe and sound in this kind of place? Without our help, you..."

"I'm very sorry, if you have your help, I'm afraid that the two of us will soon fall into your conspiracy. I'm afraid it will not be that simple to leave here by then. Since it is like this, It's better to get rid of the two of you now, and it will save us so much trouble in the future. This is good for both of us, and it can also save you from continuing to worry about it, isn't it great?" Li Tian smiled and squinted at the two people in front of him. He has made a decision, and these two people must not stay.

They are like an unknown number, and no one knows what serious problems will be caused by keeping them.

Li Tian now knows very well what kind of trouble he will encounter next.

The two people in front of them seem to be more useful to stay, but they don't know what they will do in the next time. If it is not good for both of them, it would be dead. The land.

"This kid actually wants to squeeze the surplus value of the two of us at this time. Since this is the case, we don't need to continue to save face for them. Let the people behind know that they are behind and believe in their speed. It will be faster. At that time, this kid still wants to leave here alive, which is tantamount to seeking his own death." The white-clothed man stood up, a fierce light flashing in his eyes.

He had just finished saying these words, and the clone in front of him swung the sword in his hand directly, and then smashed it abruptly.

This action seemed to have a little bit of bluntness, but hitting the guy in front of him made him feel like he was about to be shattered, and his body trembled.

The fairy sword in his hand conveyed back a terrible counter-shock power, causing his tiger's mouth to suffer from bursts of pain. When he recovered, he discovered that his tiger's mouth had actually had a wound.

"A terrible power, this young man has surpassed the two of us only in the realm now, and coupled with the horrible cultivation base before, it has already surpassed us by a lot." The man in black has

a solemn face. Raised his right hand, and then bit one of his own fingers: "But I will let you know what would happen to you without the two of us!"

"If you want to leak the information here, you also need to see who I am and where you are. May I give you this opportunity?" Li Tian sneered, his body was dispatched, and he appeared in front of him. A black whirlpool, he jumped in without hesitation, and appeared in front of the man in black in the next second, the red sword in his hand was raised high, the sword aura, as if to swallow the whole world Drop the same.

Seeing such a terrifying sword aura, Ximen Yeshou's eyes widened, and he muttered: "It's no wonder that the lord has always valued this young man. If it were me, I'm afraid it would be the same. , The amazing talent that this guy has shown now is enough to make many people realize what kind of young man this is, and if he gives him enough time, he still doesn't know where he can be strong."

‘Clang’

When the two swords collided, a muffled sound was heard.

The man in white stood in front of the man in black, holding his sword in both hands. This barely blocked Li Tian's casual move in front of him, but he also paid a very heavy price. A mouthful of hot blood came directly from Squirting out of his mouth.

"you....."

"Hurry up and publish the things here. Since we can't leave here alive today, we must not let the two of them laugh to the end. We must let him know what kind of role we have gotten into." The white man gritted his teeth. At this time, his hands were just barely holding on with the last bit of Xianli. Just now, he abruptly ate Li Tian's trick in desperation, but he injured his wrist.

If he continues to fight like this, his bones in both hands will definitely break.

Even if he knew what he would end up with, the man in white did not hesitate.

And the people in black are also very determined at this time. Of course, the two of them don't want to die here so easily. They finally get to the point where they are today. Who doesn't want to see in this wonderful world. There is something they don't know. For hundreds of years, thousands of years, or even tens of thousands of years, this place has never been truly uncovered by people.

The eyeballs of the Demon Dragon King in this rumor is nothing more than a rumor they heard. No one can really say where they have seen the eyeballs of the Black Dragon King.

They wanted to live, but now they can only rely on this method to avenge the two people in front of them, and let these two young people know what a terrible mistake they made.

Chapter 6006: so what

Li Tian just looked at the white-clothed man in front of him coldly and said, "You are an overweight performance. If you didn't do this, he would just be interrupted by me. You can still hold on for a while. , So maybe someone will really follow."

"Hehe, we know this kind of thing a lot better than you guys, and we also know when and what kind of things we should do. Now we can't give you a little chance. You want to kill We have to pay

the price, and I want to let you know what kind of danger you will encounter after being exposed, and those people will definitely focus their attention on you."

Seeing the crazy look on the face of the guy in front of him, Li Tian really wanted to laugh out loud now. ,

The state of these two people is as if they don't know what the situation is like.

I shrugged and said: "You may be disappointed. Do you think I will be afraid of the enemies behind me? You really think too much. You have also seen what my trick is. If I want to hide If you do, it will be impossible for anyone to find where I am. If I am the first to take the initiative, even if you are a powerful master, it is impossible to stop it."

"Don't be too arrogant. You have done so many things in Tianqi City before. It seems that this young man started to feel a little fluttering. It is stupid to have such thoughts in your mind. Extremely, there are countless geniuses in the God Realm, and there are also many people who can defeat you." The white-clothed man snorted, and at this time he can only roar, it seems that only this way can make himself All the anger in my heart was vented.

Squinting at the guy in front of him, Ximen Yechou shook his head and said to Li Tian: "Leave them these opportunities for what to do, hurry up and get rid of them, so that we will also save trouble."

"There is no need. This ritual has been completed. After the two of them die, the news of the two of us will be passed on. Although I don't know the method used, I still know this blood world technique very well. Yes, the reason for doing this is just to have a gamble with me to see if I am willing to let the two of them survive." Li Tian shook his head, knowing that Ximen Yeshou behind him must be thinking too much.

This ritual was completed when the white clothed people desperately blocked this move, and both of them had the curse of the blood world technique in their bodies.

As long as they die, they will spread all the news of people they met quite recently. The specific method of spreading is unclear, but there is definitely no way to stop it.

The reason why this kind of ritual can not be spread after completion is that the two of them don't want to really die now.

This is a gamble,

Will Li Tian in front of the gambling because of this blood world technique dispel the idea of dealing with them, as long as Li Tian in front of him dispels such an idea, they can survive.

Otherwise, you will face the danger of being chased by the people behind these teams.

You must know that the various forces involved in this action this time are intricately complex. Among them, the strong are like clouds. The two of them only took advantage of one bargain to get to this front position.

I don't know how many powerful masters are behind them. If you really reach that level, I'm afraid that Li Tian in front of him will die without a place to bury him.

"Do you think that relying on these powerful masters at the back can threaten me, so that I can spare you two and let you survive?" He smiled, and the Hong Zhan in his hand trembled slightly. The

strong hostility, at this time, was still mixed with a little devil's smell, making him stand here, exuding a very evil feeling.

The two men in black and white in front of them panted, looking at the two avatars beside Li Tian, and then looking at this guy's very powerful body, they knew that if this move failed, he would definitely not survive for a few seconds. time

Now we have to see if this young man is a lunatic. If you work with them at this time, they will have a great chance of surviving. Moreover, Li Tian will not be given to by those behind him in such a short time Noticed.

But if you don't cooperate, the result will be different.

"The requirements of the two of us are also very simple. We just want to survive. I believe this is a normal wish. No matter who doesn't want such a simple death, are you right?" The man in black Smiling, eyes focused on Li Tian in front of him: "I know that you are a very powerful master. This is undoubtedly. We really underestimated you as a young man before, and this brought us to what we are today. To the point, but I think you know it very well, if you kill the two of us like this, what you need to face."

"Indeed, if you really tell you so mysteriously, this place is definitely a very sacred place for many people. It is reasonable for them to come here to find treasures after sharpening their heads. But what about that?" He said domineeringly, with a very cold expression in his eyes, and the aura behind him began to become more and more aura at this time.

It was just a simple look that made the two people in front of him feel it, and their souls trembled for a while.

This is the absolute combat power of the strong, just a simple look that may make you realize that you are facing death.

The person in black thought that Li Tian might have to reconcile with him. After all, if this situation continues, it will not be a good thing for anyone, but it can only make their situation worse.

But what he didn't expect was that the young man in front of him really didn't pay attention to the people behind him. ,

"You are simply a lunatic. If you kill us, the powerful people behind will all think that you have snatched the treasure from their hands. At this time, you still want to go back alive? It's just a dream." At that time, the white-clothed man roared, widened his eyes, and glanced at Simon Yechou: "Are you really not afraid of dying? We all take a step back and we can all live well. Isn't this very good?"

Chapter 6007: Blood cast

"This is indeed the case. If you follow other people's ideas, cooperating with you now should be a very good choice. The situation in Beijing is indeed very unfavorable for us. What kind of opponents will we encounter in the future, but after they took the lead in buying shares, I learned about our news, we lost the opportunity, and we also need to pay some price to defeat them." Li Tian smiled and looked at the people in front of me. The man in white slowly stomped his feet, the red chop in his hand sliding gently on the ground.

It seems easy, but it draws a very smooth gully on the ground.

This seems to be an understatement and moved his sword, but the sword aura that radiated from it almost cracked the ground under their feet. One can imagine the terrible destructive power of the young man in front of him. , It is simply not what they can clearly imagine.

The white-clothed man's brows were frowned, and the moment before him was regarded as giving them a prestige, letting them know the methods of the young man in front of them, it was really terrifying to the point of speechless action.

"As the saying goes, to be forgiving and forgiving, we did have some things that we couldn't stand for you before, but this is also because we didn't really trust each other. We all have our own goals, so naturally we can't do it. It's a good thing. Now it's different. You two can continue to do your things. Now you can trust us. After all, we are not your opponents, and now we can cooperate better. The next question is easier, isn't it?" The man in black still wanted to ask Li Tian's thoughts before him. ,

They don't want to die in this kind of place. Of course, they are trying their best. I hope that the man in front of them can open their eyes.

Even if it is just a small opportunity for them, it is enough for them to change a lot of things.

Li Tian turned around and took a look at Ximen Yeshou, and asked, "What is your opinion? After all, you are now one of my teammates. It is reasonable to ask for your opinion on this matter."

"From my personal point of view, it is indeed very unwise for us to kill these two people now. It is easy for the enemy behind to know our intelligence, so that we will lose the first opportunity when fighting. There is no way to defeat them." Ximen Yeshou shrugged helplessly, regardless of how powerful Li Tian is now.

But just as the two guys in front of them said, this time many forces all sharpened their heads, wanting to enter this Devil Dragon Skeleton Cave, looking for the eyes of the Devil Dragon King who was sealed.

It is said that this is the source of all the power of the Demon Dragon King. Once found, it can bring huge energy, and it may not be a problem to rule the entire ***** world.

Faced with such a temptation, even the powerhouses who are rarely seen in ordinary times will definitely come out. ,

"It turns out that your idea is like this. In your opinion, if we kill the two guys in front of you, it will be equivalent to giving up our chance of survival. By then, there will only be a dead end. You think so. "Li Tian smiled, glanced at Ximen Yeshou behind him, and asked faintly.

"Isn't it like this? Do you still expect the two of us to challenge so many powerful people behind us?"

"I wouldn't worry about it. After all, the most elusive thing in this world is the human heart. Compared with the following enemies who want to kill us, these two people will follow us and understand our every move, even We may find out where our weakness lies. Since it is like this, I will definitely not give them any chance. Killing them is a must." Li Tian said solemnly.

"Since it is like this, why do you still ask my opinion? Haven't you made a decision yourself?"

"I'm just curious, what kind of decision you will make when you encounter such a thing." Li Tian shrugged, smiling at the black and white men in front of him, and shook his head: "You may I thought these opponents behind were really strong, and the two of us would definitely not be their opponents, but Piandian didn't have such an idea in my heart."

"what do you mean....."

"The two of you must die. It is too difficult to keep you with me. I also have to focus my attention on you, and beware of you doing some bad things. , I don't want to waste so much energy. The enemies I encounter will only become stronger and stronger. Since the so-called Heavenly Sage in your mouth is already strong enough to kill a Demon Dragon King, then here The power of the guardian is definitely not simple. If this is the case, even if there are more powerhouses behind, I have nothing to fear."

When he was speaking, the clone had already moved. ,

Originally, both of them had suffered great psychological and physical injuries, but now they have no idea what they are doing.

It was better this time, and was killed by two clones.

They fell to the ground by their corpses, Li Tian muttered a spell, and slowly, a trace of blood was drawn from their bodies. The blood was like a red ribbon in the air, slowly Flying towards the faraway Huafei Keke, his current purpose is to use the blood of these two people to forge a path that allows them to continue walking.

That is the rumored road of reincarnation.

Simon Yechou looked at the two fallen corpses. A black air mass was released from their bodies, and then burst open. It seems that it should be the blood world technique in the rumor: "You killed them two like this. , Are you really not worried at all?"

"What is there to worry about, if the enemy behind us is really that strong, leaving them two can prevent us from facing these strong?" Li Tian sneered and turned to look at the Simon behind him. Ye Chou asked, "If the powerful opponents still have to fight face to face with us after all, they will not always be behind us. If their strength is above us, they will definitely catch up. We stayed with these two wastes. It will not produce any different results."

"But, if they don't die, no one knows you are still ahead..."

"Innocent, we walked along this road, do we leave few traces?"

Chapter 6008: Road to reincarnation

There are not many traces left by them when they walk along the way.

As long as a smart person can easily judge from these clues, there are some people ahead of them who have passed by.

Moreover, their strength itself is very strong. These previous levels that were wasteful of Li Tian and Ximen Yeshou, as well as the black and white clothes, may have been passed by them easily.

In this way, it is a matter of time for them to catch up with the two people in front.

Relying on this little time, hoping to find the eyeballs of this rumored Demon Dragon King is just joking.

"It doesn't seem to be a problem to hear you say this."

"Of course, you just heard the two of them say that, and they were substituted into their mouths. In fact, they just want to live. Anyone will make a lot of things that can make them live. It's the matter of living." Li Tian patted her on the shoulder. After the two people went through this time, it seemed that they had become more intimate.

Ximen Yeshou was stunned for a moment. Although this was just a friendly pat, it felt a little weird on her side.

"They said before that you have become a demon body. What is going on? I saw that you are dead, and you don't even breathe anymore. But how come just a few minutes have passed, you have become what it is now?" Ximen Yechou's eyes widened, looking at the stalwart figure in front of him, his entire attention was focused on him.

He was very curious about what the strength of the man in front of him had become.

"A lot of things are not clear to you. I can only say that the power of this place may not be as simple as we imagined. Any treasure that can be found here may make us embark on it from now on. A road he can't imagine." Li Tian smiled, looking at the road of reincarnation slowly condensing in front of him, his eyes began to become blurred.

The power of this Higan Flower is really powerful, and now the road to reincarnation is slowly condensing, and the Higan Flower is also opening up little by little.

What followed was that the prohibition on his body slowly disappeared. The feeling of strong oppression that he felt before here was also dissipating a little bit. This feeling made him feel that his whole person was relaxed. In one breath.

"I think you just don't want to tell me, but it doesn't matter. Anyway, everyone must have their own little secrets. These little secrets must be unwilling to tell others. You don't want to tell me. I can understand too." Ximen Yeshou looked disapproving on the surface, but he was curious in his heart. No matter who encountered this kind of thing, he would be curious.

A good person who had already died was suddenly reborn in front of you. In addition, there is still some life-and-death boundary here, which made her wonder if the guy in front of her was a dead person at all. The goal now is to take oneself on a road of no return, after all, this rumored road of reincarnation seems to be a road connecting life and death.

"Don't worry, if I really want to harm you, you are dead now, how could I waste so much time on your body? In my opinion, your strength is just a matter of raising your hand." Li Tian smiled faintly, the expression on his face seemed to become very calm, looking at the suspicious Ximen Yeshou in front of him, shook his head: "Of course, you don't want to believe me, this is normal. You can think of anything you like, but don't affect everything I do next."

The two of them slowly stepped forward, and the ground under their feet began to thicken at this time, making them feel that they were really stepping on a ground.

And the surrounding void began to become weird at this moment.

It was like a huge dyeing vat that was suddenly stirred up by people, and suddenly a lot of strange pigments appeared in this dyeing vat. As a result, the calculations around it began to become unreal.

The void cracked bit by bit.

Next, a cloud of wind suddenly blown in, causing both of them to feel cold all over, and Ximen Yeshou trembled even more.

In front of them, a green world slowly appeared in their eyes. This so-called green world is not because there are many trees here, but because there is a dense green fog.

Li Tian frowned when he saw the dense fog, and said, "These are poison barriers. Remember not to **** these poison barriers into your stomach, otherwise I can only leave here with your corpse. ."

"What's going on? What exactly is this place in front of us? It looks terrifying." Ximen Yechou looked at the slowly forming world in front of them, and a look appeared in front of them. A short bridge, connecting the normal world here, and the green senior sister on the opposite side, formed a sharp contrast on both sides of this bridge.

This should be the border between the dead and the living in the rumor.

"Although this is not the underworld, I think it should be a place where the dead go. In this world, no one has really explored all the big spaces. I can only describe it as **** temporarily. I'm afraid we are going to the **** this time." Li Tian smiled slightly and looked at the green world in front of him with a calm expression on his face.

Ximen Yechou frowned and said, "Are we going here?"

"If the guess is correct, this is our next destination. This Heavenly Sage may be really a powerful character. Then he opened a separate space, which is the world we see in front of us, making this place a place where a dead person goes, maybe, this guy really already has the power of a god, otherwise it is impossible to do such a thing." Li Tian had a solemn expression. When he saw this place in front of him, he This idea naturally emerged in his mind.

This Heavenly Sage must not be a very simple character. The little clues that have been shown so far show the power and fear of this man.

Chapter 6009: Tenmei area

Ximen Yechou and Li Tian cautiously stepped onto the small bridge in front of them.

In their opinion, the time from the living world to the dead world in front of them is probably only a few seconds away.

But when they actually walked on the bridge, they realized that things were not as simple as they thought. The two of them had walked on this road of reincarnation for two days. The green area in front of them They still can't see the end of the world, but the world behind them has completely disappeared. At this time, they can only move forward without any retreat.

"What's going on, why we can't see what kind of situation is in front of us at all. This place is exactly the same distance from us before, but the world behind us has disappeared, you know?" Simon Ye Chou became anxious, looked at Li Tian who was still calm in front of him, and asked.

"Don't be too anxious. Our path is not as simple as we thought. You don't want to think about it. Would it be so easy to walk past the land of reincarnation?" Li Tian looked calm. He naturally knew

that the place in front of him was very different from what he had imagined, but he was not particularly anxious at this time, he knew that there was no point in being anxious.

At this time, he just smiled and looked at the green world in front of him, and said, "We just need to move on without looking back. As for what happens next, it has nothing to do with us."

"Do you really have to hand over your destiny to this road of reincarnation?"

"This is natural. When we walked on this road, there was actually no retreat. You may not have noticed that when we stepped on this bridge, we had completely and the rest behind. We bid farewell to the world. If we want to go back, we can only find the Bi'an Flower in this world. Only when the Bi'an Flower is open can we leave here." Li Tian said calmly.

The world in front of him looked very bleak, even though he was far away, he could still clearly feel the bleakness of this world.

It really looks like a place where a dead person is.

The two insisted on walking like this for another week, and they finally came to a stone tablet.

After passing this stele, even if you really entered this dead world.

And on the top of this stele, there are the four characters of Long Fei Feng Wu: "Heaven and Hell"

"Hell of heaven and underworld?" Ximen Yeshou whispered.

Li Tian also looked at the four characters in front of him curiously, and he couldn't figure it out for a while.

It was the remnant soul of the ancient gods, and at this moment there was a reaction.

I was constrained by the other shore flower before, and after such a long time has passed, this sense of restraint seems to have disappeared, and this living fossil has begun to point to the maze again.

"Hell of heaven and underworld, known as the place where the gods fell, this kind of place should not be a place that ordinary immortals and mortals can come to after death. According to legend, only the real gods will come here if they die." The remnant soul's voice was trembling, and it seemed that he did not expect to see this kind of place in my lifetime: "I only heard about it in the rumors before, but I did not expect that I could actually see this rumored sky in my lifetime. Hell."

"Senior, we have come to this kind of place now, don't know what to do next?"

"Since the Devil Dragon Skeleton Cave leads here, this place must hide Devil Dragon King's eyeballs. I think if you want to put such precious things in a safe place, then Heaven and Hell should be a very suitable place. Now, it's not only difficult to come in here, but even if you come in, it's also hard to leave here." The remnant soul of the ancient **** said seriously.

At this time they had to admit that this Heavenly Sage was really a powerful character, and he could create a path of reincarnation connecting the heavens and the hells. This was simply a terrifying feat.

Even true gods may not be able to do this.

But this Tiansheng did it.

They didn't start thinking about how far this man had already practiced before he could play all such levels in his own hands.

"This Heavenly Sage, if the guess is good, he may have truly reached the realm of the gods, and it is very likely that he is still a strong person among the gods. It is already quite scary to be able to do this, but I told you before I'm not joking with you either. It's said that there is only one Bianan flower in this place. In other words, there is only one Li Tiankai here."

"Haha, there is only one? It doesn't matter, as long as there is a place to leave here, I just thought that there is no way to leave here, so you are so anxious, Senior."

"What do you know? There is indeed only one hibiscus flower, and there is only one way to leave here, but where the hibiscus flower grows, there are four gods guarding them, even in the rumors of the gods. Well-known, if you want to use Bianhua to leave here, you must defeat them. You can imagine that this is the place where the gods went after their death. If they leave here through Bianhua, what kind of consequences will it bring, but for so many years. People can pass here, I say this, do you know what's going on?"

Hearing this, Li Tian was stunned.

It is ridiculous that there are so many people who want to follow in, thinking that they can really find the eyeballs of the Demon Dragon King, but they don't know that this is a joke at all. ,

This Tiansheng is playing with them.

In other words, the Heavenly Sage had never thought about asking anyone to take away the eyes of the sealed Demon Dragon King, so such a terrifying place was arranged here.

The four gods guarded by the gods, who can shock the gods, may they be Li Tian and Ximen Yeshou fighting against?

Standing in front of this stone monument and looking at the magnificent world in front of him, he really felt that his stomach was full of bitterness now, but at this time he couldn't find any place to vent it.

"So, this time you may have really reached a place where you shouldn't go in." The Old God Remnant Soul sighed, and once again added some pressure to Li Tian, so that others were not prepared to say a word.

Chapter 6010: Yin wind

Standing in front of this stone monument, Li Tian's expression was even more desperate than before, and it looked more like the whole person's spirit had been taken away.

Ximen Yeshou came here with a curious look, because everything in this Hell of Heaven and Underworld is so fresh. Although it looks gloomy here, it makes them creepy, but since it is hard to come by If you come here, you can definitely find some benefits.

After seeing Li Tian's expression, she was taken aback for a moment and asked, "What's wrong, why did you suddenly become this expression."

"You don't know Heaven and Hell?"

"I don't know, I only know that this is the next level we need to pass. Maybe we can find the eyeballs of the Demon Dragon King here. What's wrong, what happened?" She looked at Li Tian in front of her in a daze. , Jokingly asked: "Is there anything else we don't know about this place?"

"You guessed it, this place is indeed beyond our imagination. I am afraid it is difficult to leave this place when it comes." Li Tian looked solemn, and after knowing what was going on in this place, he felt that he was whole People seem to be starting to get bad, this solemn feeling came out uncontrollably, and there is no way to completely calm down.

He clearly understands that if this Heavenly Hell is exactly the same as those guys said, there is indeed no possibility of any inventory here because of their current strength.

"What do you mean, why did you become more nervous after coming here? We came here with all our energy to find the eyeballs of that Demon Dragon King, why are you so anxious?" Ximen Yeshou wrinkled He frowned, and gently brushed his forehead to the side, squinting at Li Tian in front of him, whispering in his heart.

When I came here before, I could see that Li Tian was proud of the spring breeze. This feeling really changed tremendously in a short moment. The man who was still proud before suddenly became the state he is now.

It seemed that this place in front of him was like a demon to him.

"This is the place where the gods fell. This is not a powerhouse like a ***** emperor, but a real powerhouse at the ***** level, who will come to this kind of place after death. You should be very clear when I say this. What's more, there is only one other side flower here, and it is still guarded by the four gods, so it is really too difficult for us to leave here." Shrugging his shoulders, he put his palm on the stone tablet beside him.

He wanted to know how many people had been to this place.

Compared to the number, it shouldn't be very small. There are definitely more people who have experienced this situation.

However, Ximen Yeshou was contented from what he was doing before. After listening to Li Tian's words, the expression on his face slowly solidified, as if time had frozen in time.

She looked at Li Tian in front of her, and slowly fell into contemplation

Although they can't understand the strength of the true gods and how strong they are, the only certainty is that there is indeed a slim chance that they want to leave here now.

If this kind of place is really careless, it will really be overwhelming.

"What do we do now, there is no retreat since we came here, and the only chance left for us now is to go up in this way, do we really have to wait like this?" Ximen Yechou watched Li Tian let it go. On the stone tablet, the man's expression gradually calmed down, but the panic and bewilderment in his heart could not be concealed.

No matter how good the acting skills are, there is no way to completely cover up his inner emotions at this time.

Li Tian was in this mood at this time.

He wanted to calm himself down and stop thinking about these things. He knew very well that if there were all such chaotic thoughts in his mind, he would not have a sharper perception, and it would be impossible to be in this case. Some more correct choices have been made in the matter. Now that they have reached this point, the two of them are grasshoppers on the same rope, and neither of them can change.

"What the **** should I do, you are just saying a word now, what should we two do in this situation?"

"Don't worry about asking me these things. If I can think of what I should do in such a short period of time, things will not develop to the present situation. What we need now is to calm down and think seriously. What is our current situation like? Only in this way can we be qualified to think about other things." Li Tian's mood really stabilized a lot.

After all, he is a man who has experienced many battles. In fact, his heart's tolerance is relatively strong. Under normal circumstances, there will be no situations beyond his control.

At this time, gusts of yin breeze slowly blew to Ximen Yechou and Li Tian's side, making the backs of the two people cold a lot, feeling like they were falling into an ice cellar, and the cold gloom was on the bone. The bodies of the two people were frozen, the bodies were threatened, and the fairy power in the bodies began to run quickly, like a warm flame, slowly moisturizing the bodies of the two people.

Li Tian let out a deep breath, squinted his eyes and looked at Ximen Yeshou in front of him, and said, "Hurry up and act. It seems that there is not much time left for the two of us. These guys are all thinking about how to do. The power of our physical strength is all restricted. As long as we waste time here, our situation can only become more and more awkward."

Li Tian sighed helplessly. In this environment, his immortal power would definitely consume a lot of energy. If this continues, he will soon be exhausted.

And here I don't know what the result will be.

"But if we continue like this, the problem will only become more and more serious." Ximen Yeshou also nodded cautiously, a hint of caution and worry flashing in his eyes.

There was a gust of wind and a weird whistling sound on the ground, and the green world in front of them made them all more difficult.

Coupled with this devil, it constantly affects them.

Li Tian slowly squatted down, and then took out a charm. First, a small fireball technique was thrown directly out, like a lantern in the dark night. The moment the light shines, it also makes these surrounding them. The world has all become brighter.
