

A Killer 6021

Chapter 6021: Kill

Originally in Heaven and Underworld, everything around was dark, but as the surrounding miasma disappeared, everything around began to slowly reveal its original appearance.

These green miasma are actually just a cover up here.

Now that there is no such green miasma, many things here have revealed their original appearance.

It is conceivable that the past here must be very glorious, but only after this has it slowly become what it is now.

Ximen Yechou glanced at the little princess beside him and said, "I advise you to be honest at this time and don't think about anything. If you really want to do something at this time, we will all die here."

"Don't worry, I'm not a fool. Of course I know that we are all grasshoppers on the same rope now. If this kid can't defeat the behemoth in front of us, all of us will die here. You think I will not know Is it such a simple thing?" Hearing Ximen Yechou's reminder, a very indifferent expression flashed across the little princess's face, and said lightly.

If she wants to do it now, she also needs to pay some price.

It can be seen that the aura displayed by Li Tian in front of him can clearly prove that the combat effectiveness of the man in front of him has become very terrifying, and it is not what they can imagine.

If one is not careful, they will all die here.

Therefore, if you want to survive, the most important thing to be careful at this time is your own heart, and you must restrain your own slaughter. You can't take action against the enemy at this time.

On this side, the sky is being cracked by the city bit by bit.

In this dark sky, it was abruptly split into two pieces.

One piece of the sky turned dark red at this time, and the other piece of sky turned light blue at this time. Two different colors are like two armies of different forces, constantly colliding in the air, and there is a vague difference between them. You can see that there are a lot of weirdly colored thunder and lightning flashing inside, and you can imagine how strong the aura of these two people is.

Tian Ming will stare at Li Tian in front of him. He has stepped back, but there is still no way.

This seems to be just a slow punch, but the actual effect is not like this at all.

At the moment of the lightning flint, this huge fist had appeared in front of the Tian Mingjiang, and then a huge fireball, like a meteorite, suddenly appeared in front of her.

Tian Ming was stunned for a moment, and then quickly condensed an enchantment in front of him, but because the time was still too short, the enchantment could not completely block all the attacks in front of him.

In an instant, the barrier was destroyed, and then the explosion sounded, and Tian Ming split the armor on his body again.

"I said, I'm just feeling my own powerful strength now. Only in this kind of place can I truly show my level. Do you really think I won't be your opponent?" Li Tian sneered, looking at the injured Tian Ming general in front of him, and said: "If you want to continue to live, it's not impossible. Just tell me what kind of enemy I need to face here. ."

"As a mortal, the talent you show now is indeed very terrifying. It is not easy for a mortal's soul power to reach this point, but if you think that this can make the battle easy to end, then It's just a big mistake. There are countless strong people in Heaven and Hell, not to mention that if you want to leave here, you must get the Bian Flower, and this Bian Flower is not so easy to get."

The four gods still exist.

This is the news that Li Tian most does not want to hear right now. He has been cultivating in Free Space for so long, and finally he can show a little ability here.

But there is always one thing in his heart that he can't say, and is very worried, and that is the four gods. These four people say that their bodies are still intact. Since they could be called the four gods back then, they were so powerful To the indescribable point, after so many years of cultivation, no one can be sure what kind of point these four people have reached.

Maybe they have already surpassed the realm of the gods.

It can be said that these four people need Li Tian to really exhaust their minds to deal with them, and given the current situation, it is simply impossible for Li Tian to deal with these four people.

The gap between them is too big.

No matter how powerful the soul is, in front of a true god, these can't be the factors for you to turn the tide.

So after learning the news, Li Tian was a little worried, but still sneered hard, "This is our own business, and it has nothing to do with you. You'd better answer my questions honestly." ."

"If you have a kind, you will truly defeat me." Tian Ming will wield the giant sword in his hand, and a huge whirlpool appeared behind him, and then quickly rushed towards Li Tian in front of him.

"Since you want to die in my hands so much, it seems that if I don't satisfy your wish today, it would be a bit too much." Li Tian sneered, slowly raised the Hong Zhan in his hand, and took a look. The little princess and Simon Yeshou behind him: "You two stay away. The next aura may not be something you can handle. If you stay here, you may be hurt by us."

"Hey, don't you guys know to protect us?"

"I am facing an enemy now, of course I have no chance to protect you." Li Tian snorted, holding the sword in both hands, and then gently waving it, he heard a thunderous sound from the sky above his head. The dark red sky was like a huge reef, constantly colliding with the light blue sky, and the light blue sky was slowly dissipating.

Some indescribable forces began to appear between heaven and earth.

Although the battle between these two men has not yet started, their momentum has reached a very peak state.

The killing is about to begin here.

And Li Tian seemed to have really found the knack of controlling these forces in his body, and a shrewd look flashed in his eyes.

Chapter 6022: Unleash the magic

Suddenly, the sword in his hand stabbed fiercely on the ground. ,

'boom'

The dust all splashed at this moment, and it was like a sandstorm in an instant, causing the two women behind Li Tian to scream, almost being swept away by the sandstorm.

The terrifying fighting power this guy showed was enough to make them feel incredible.

"Is this power? Is this the real power of the Demon Race? It's so cool, it's so cool. I can feel the power in my body being continuously released. I can feel that the shackles on my body are all broken open." Li Tian's body was trembling, and the huge phantom wrapped around him began to become unstable at this time, constantly flickering.

The Tian Ming general in front of him stepped back a little at this time. He stared at Li Tian in front of him, and the white air on his body continued to emerge.

Looking at the crazy Li Tian in front of him, some didn't quite understand what happened to this young man, how did it suddenly become the state it is now.

The aura on him just now was still very terrifying, it seemed like a killing battle was about to unfold.

But at this time, the power in his body seemed to become unstable, and it turned out to be what it is now.

"Look, see, I know that this guy must have some secrets that he hasn't told us. I thought that this person's power can change anything by himself, but I didn't expect his power to be fundamentally unstable." The little princess sneered and looked at Ximen Yeshou, who had been observing the battlefield in front of her all the time: "Don't look, even if you see through, you can't save that guy."

"What do you know? This person has told me many times since I knew him. No matter what the time comes, you must never give up the hope in your heart. At any time, a miracle happens. I don't think you understand." Ximen Yechou sneered. He knew very well how the man in front of him fought before.

Now I am also very willing to believe that this young man must be able to show terrifying combat effectiveness.

Squinting his eyes and looking at Li Tian in front of him, he said, "The power of his body power is beginning to become unstable now, and I must fail next."

"Are you so anxious to see Li Tian fail? If Li Tian fails, both of us will die here." Ximen Yechou yelled coldly, and then shouted loudly towards Li Tian, with his hands tight. Holding tightly the fairy sword in his hand on the ground: "Li Tian, come on, you can't go on like this, we are still waiting for your rescue."

At this time, Li Tian could not hear all the sounds from the outside world.

He himself was in a dark space, all around him was black, something like sticky ink, he only needed to move a little bit, and he felt that he was going to sink deeply into it.

"Release, release all the demonic nature in your body. Human nature is evil, but as time changes, you can slowly change your original nature. Only by releasing all your original nature can you truly Victory." At this time, a very strange voice slowly appeared in Li Tian's ear, just like a magical voice.

After hearing this voice, Li Tian clenched his fist: "Who are you?"

"Who am I? I don't know who I am, maybe I am your demon, maybe I am you, but I know that if you want to control the power in your body now, you must All the devilishness is released." This voice kept ringing in his mind, as if he wanted him to understand what his current situation was like.

She could feel her body burning in the raging flames at this moment.

The black viscous ink is getting more and more, and Li Tian's body is being completely swallowed in a little bit. It won't be long before he will be suffocated by the ink.

'Damn it, what the **** is going on with this body, why did it become like this when I thought I could control it. "Li Tian kept shouting in his heart, and he didn't know what kind of situation he was experiencing now. It was really unlucky for him to turn out to be like this.

But on the other side, Tian Ming will see Li Tian in front of him. He was cautious from the beginning, and now he slowly began to sneer: "I thought this kid was deliberately exposing his flaws to let me deal with it. It doesn't look like this now. Since it's like this, let me see how this young man is."

While talking, he slowly squeezed the sword in his hand, and walked towards Li Tian in front of him step by step.

The phantom on Li Tian's body is disappearing bit by bit. Without the protection of this phantom, Li Tian must have become very weak now. It is also easy to defeat this guy.

He raised the sword in his hand, and a blue beam of light rushed directly into the sky, and a huge vortex appeared in the sky.

This vortex is constantly spinning, bit by bit swallowing the original black and red sky. Before, Li Tian's aura had the upper hand, but after entering this weird state, he now has no way to control it well. By myself, naturally I started to be at a disadvantage. If this continues, the problem may become very helpless.

"Hahaha, it seems that you can't control the power in your body right now. Although you don't know what's going on, it must have a lot to do with the Devil Dragon Skeleton Cavern." Tian Ming sneered. , Slowly waved the sword in his hand: "Well, let me kill you, let you truly enter the endless abyss."

At this moment, the colors between heaven and earth all became meaningless, and the battle seemed to be truly over at this moment.

These two people have been entangled for so long, and now they are beginning to enter the final battle.

It's just that Li Tian is still very weak. It seems that Tian Ming will be taking advantage of the danger. Of course, Tian Ming will not think so.

Chapter 6023: Eye of the Dragon

On the highest level of a huge eight-story tower, four people are sitting cross-legged on one side.

At this time, one of them was wearing a white robe. The old man with some auspicious cloud patterns painted on it slowly opened his eyes, looked at the bigan flower that was shining with the fancy art in front of him, and said, "That person is here."

"Sure enough, the prophecies for so many years have not made any mistakes. This person has arrived."

"It's just that I don't know what kind of identity this young man is. It was possible to make Higanhua feel such a strange change from such a distance." Another woman in a big red robe with some strange symbols painted on it is here. At that time, he said coldly, then squinted at the three people in front of him: "If you are not sure of this person's identity, how can you give him the Eye of the Devil Dragon?"

"Don't worry, the content of the prediction is very clear. In the end, there will only be three people. As for what kind of three people they are, we don't know what kind of three people they are, but one of these three people will be the Destiny. It was the supposed successor of the Eye of the Demon Dragon. Back then, Tiansheng set up so many things for this round. It was nothing more than because the magician predicted what happened at this time. You also know that the ability of the magician is What kind of." The slender old man slowly stood up, looked at the crazily twinkling Bianhua in front of him, and sighed: "However, this time we still have to test them."

"This time is the critical time. Before, we really had to concentrate on guarding here, so that no one can take things from here, but now we have to make a test, if we don't know who is the real destiny, Once the Eye of the Devil Dragon falls into the hands of others, it may cause the entire God Realm to fall into an unwarranted disaster, and is there a possibility for the Demon Race to recover in recent years? If they re-participate in the overall situation of the God Realm, it is only a consequence. Unthinkable."

"Hmph, those idiots in God Realm may not really realize that they have many enemies, and they are still satisfied with the power struggle within themselves.":

"This is human beings. They will never sense the danger before they appear, and they will never be able to achieve one mind. If humans can do this, maybe the entire God Realm has long been ruled by them, precisely because of them. There are checks and balances between each other, which has also led to the fact that many places in the God Realm have not been found by them. This is also a destined thing."

The little witch was standing on the northern cold land at this time, squinting at the cave at her feet.

"Hehehe, although I don't know what place this is, but the people who wanted to create this place should be very strong. It's no wonder that so many powerhouses at the Divine Emperor level didn't

come here personally after learning about the things here. Bian, it turned out to be because of this." She stood here, also feeling helpless.

He had been following Li Tian secretly before, until Li Tian entered here.

At the beginning, she still disagreed. She didn't think what would happen to this kid after entering it. Who knew that so long had passed since this kid entered.

It's been almost a week now, and I haven't even been able to get out of it. Who knows what happened to this kid inside.

In order to ensure that her puppet would not die so easily, the little witch was prepared to take a look at this time.

Who knows, when I came to this entrance, there was no way at all. There was a very powerful restriction at this entrance, and this restriction was so powerful that even with her level of existence, there was no way.

The strength of the people who can enter this place is all limited to the deity, but the existence inside is said to be quite terrifying.

A powerhouse at the level of the gods, I haven't heard of it for a long time.

"Master, do you want me to break this barrier now and go in?" At this moment, a small white cat walked over slowly, with a mysterious snake king snake in his mouth. But looking at the cat's appearance, it seemed that he didn't regard the snake king in his mouth as a thing, as if he had done a small thing.

Its body is all snow-white, whiter than Baixue, but it is sharp, looking like silver needles, shining some light under the sun.

The eyes are red and yellow, which is a bit shocking. This little creature has such eyes.

At this moment, it squinted at the little witch in front of him, and asked, "If necessary, I will try it."

"Don't waste your thoughts. If this place can be easily broken by you, all the **** emperors are here. Now I don't know what's going on inside. I just hope this kid can get the eyes of the dragon. It's not wasted that I will save this kid until this time."

"I'm afraid it is, you are going to die here now." At the moment the little witch was speaking, a lot of scattered immortals suddenly jumped out around them. They were holding all kinds of weapons in their hands, obviously they were already here before. I have waited for a long time, and now I think there is enough time, and I am not ready to hide it like this at the moment, and all jump out.

At this time, the white kitty's eyes flashed with indifference: "It's really a group of people who don't know how to live or die. I'm just because my stomach is not very hungry. You dare to provoke me."

Suddenly, the surrounding snow was all blown up.

I don't know how much time has passed. The ground is stained red with blood, and there are stumps and arms everywhere, and the white kitten has returned to its formerly cute look. It's just a heart in the mouth that makes people feel Kind of shuddering feeling.

In the **** of heaven and underworld, Li Tian is still bound in this black space. He knows that if he can't break through this limit, he will really die here today.

He may still be able to wait, but the Tian Ming general outside definitely can't wait any longer. This guy wanted to kill Li Tian long ago.

Now that I have seized the opportunity, it is certainly impossible to do so easily. If I miss this opportunity, I will do my best.

Chapter 6024: Anti-kill

Ximen Yeshou and the little princess looked at Li Tian who had become the original appearance in front of them. They were more or less desperate.

Previously, he could pin his hopes on this man, but now it is completely impossible to do so. The combat power that this man shows now completely exceeds their imagination.

But it also made them feel a little bit of surprise. They thought that Li Tian could defeat the enemy in front of him with his own strength, but he did not expect that at this moment of electric light flint, he could not control the power in his body. , Became the way it is now, and was beaten back to its original shape in an instant, so naturally it is impossible to be the opponent of the Tian Ming general in front of him. ,

At this time, General Tian Ming's sword had already fallen.

The little princess raised her hands and closed her eyes, not dare to see this guy being smashed into powder.

And Ximen Yeshou shouted: "Li Tian, cheer up, you can't just go on like this."

‘Shoo, hoo’

The radiant rays burst out, making the surroundings extraordinarily bright, and the whole world seemed to become quiet at this moment.

As the light slowly dissipated, Ximen Yeshou began to cry in despair, while the little princess snorted: "What's the use of crying now? When we get to this kind of place, we can only continue by our own ability. Going down, you are crying here now. Have you given up your hope of survival? Although you don't know what your purpose is here, I think you can continue to fight now, right?"

Ximen Yeshou didn't speak, but his tone was still particularly sad.

She knows very well that the combat power of Tian Mingjiang in front of her will definitely not give her enemies a little bit of survival. If it was Li Tian before, it was protected by a phantom, even if she took this sword, it might not. What fatal injuries will occur.

But it's not like this anymore.

The state of Li Tian now has softened to the point where it is like a persimmon. If you just pinch it, you may be about to die directly. If this sword falls, even the king of heaven will die.

She was desperate, thinking that she would not be a hindrance this time.

I thought that after so many years of hard work, I could finally help others at this time, but I didn't expect that in the end I would become an oil bottle.

I can only watch the companion in front of me fall into a bitter battle, but I can't do anything. I can only watch the companion in front of me and slowly lose his life.

He still has nothing to do.

Over the years, these things have never changed, no matter when they are like this.

"I don't...I don't want you to die, I don't want to watch you die here." She screamed up to the sky, her voice having a very strong penetrating power.

General Tian Ming gave a cold snort, slowly raised the sword in his hand, gasping for breath: "Even if you eat my trick, even a god-level powerhouse will die. Although this kid doesn't know it is What kind of point he has reached, but he has been unable to control the power in his body before. Obviously, this kind of benefit is not a good thing. Let him reach the point he is now. This is God's will, this is God's will."

At the moment he was laughing like this, a red flash passed by.

There was some white heat coming from his chest, and then the whole person took many steps backwards, and then his eyes widened: "This... it's impossible, no one..."

Before he finished speaking, another huge fist hit his chin, causing him to fall to the ground, vomiting blood. ,

The light slowly dissipated, revealing Li Tian's thin face. He looked tired. His eyes were all sleepy, but compared to before, he was much less hostile and demonic.

He turned around, looked at Ximen Yeshou, and said, "Thank you. If it weren't for your voice, I might be lost in the demon nature like this. Although the demon way is powerful, it also has a strong inducement. If there is no way to truly control the power in one's body, it is impossible to compete with the magic way."

Just now, Li Tian was swallowed by the demonic nature in his body, and he was deeply plunged into this kind of demonic way.

If there is no way to break through this level, then it is only possible to become a slaughter mad, in her eyes everything is damned, everything is an enemy.

In this case, it won't take long to become a complete murderous demon.

Originally, he was about to fail when he was dealing with the Demon Dao. After so many years of fighting, Li Tian's mental state has actually become very poor. He knew that he was struggling to deal with the Demon Dao in front of him at this time. After all, his spiritual power. I have lost a lot before, and it is difficult to continue to focus my attention.

But at this instant, Ximen Yeshou's voice passed in.

This was full of regret and sad emotions, which immediately infected Li Tian, just like a tranquilizer, and instantly built up his lost confidence.

It was at this moment that he showed a terrifying and amazing willpower, broke the test of the magic way, and thus truly controlled the power in his body.

At this time, he can fully adapt to this state. The body can become a virtual shadow and normal state at any time. Just now he turned his right hand into a virtual shadow state, and then with a fist, the Tian Ming in front of him Will be defeated.

"You have consumed the soul power in your body, and you just want to defeat me, but it is a pity that the gap between the two of us is too big, even now you don't have much chance of winning, you still have to fight. Is it?" Li Tian smiled, looked at the Tian Ming general in front of him, and asked: "Why don't you cooperate with me?"

"Impossible, even if I die, I can't cooperate with you. Today, you only have to kill me. Otherwise, you don't want to pass here." Tian Ming stood up and said firmly, even though At this time, there was no hesitation.

On the other side, Li Tian smiled and shook his head: "Is it like this? I don't think it's necessary. You just need to make you near death and you are willing to tell me a lot of things I want to know. It's tormenting my soul. I have many ways."

Chapter 6025: Metamorphosis

There will be many changes in a person's life that he could not predict, just as Li Tian himself never thought that one day he could come to the gods.

I never thought that in the God Realm, I would become such a powerful existence.

The sword in his hand is like a red-burning soldering iron at this time, but the temperature on it is very few people can really withstand it. It is especially hot, and it seems to burn all of it, clusters of dark. The red flames began to burn on the red sword body, and the pale red flames illuminated half of the sky. This hell, which was originally gloomy and terrifying, completely changed its appearance at this time.

I don't know when the ground became extremely hot. When you reach out and touch it, you will see bursts of white air.

A faint explosion can be heard in the distance.

Between heaven and earth, only this flame-like **** remained, constantly releasing all of his power.

"If I were you, I would definitely not stick to my own ideas at this time. This is a very unwise choice, but at the same time, I am also very clear that some things are involuntary, since you are here. General Tian Ming, regarded as the guardian here, naturally can't let your enemies pass so easily." Li Tian held the sword in one hand, and his eyes were all indifferent.

Tian Ming was gasping for breath at this time, the white gas on his body was getting less and less, it seemed as if his energy had been exhausted.

But thinking about it, it seems that such a scene is quite normal, so that after repeated battles, even the most powerful existence will consume all the energy in one's body.

Although the little princess is not a powerful enemy, Shen Luo Yin is a very difficult magic weapon, and there seems to be a terrible prohibition in this magic weapon. Even when it is critical, a part of the power can be exploded to protect herself. The master of, I can imagine that the devil had worked

hard to protect the little princess, but no matter how smart the devil was, he would never think that the little princess would run away from home one day.

It is precisely because I can't think of such a thing in my mind, it has led to this situation.

"As a mortal, the power you showed really surprised us. I originally thought that in the God Realm, maybe there would be no fairy who knew the existence of soul power, but I didn't expect it to be like this. As a result." Tian Ming would suddenly become sluggish, looking as if all the power in his body had been pulled out.

Next, the original huge body disappeared in an instant, restored to the size of a normal person, half kneeling on the ground.

He was very weak, and there was not much power left in his body at this time. If Li Tian in front of him really wanted to kill the enemy in front of him, it would be a simple task. He was also very aware of this, so he didn't struggle too much.

Slightly lowered his head, looking at the sluggish powerful soul in front of him, perhaps it was impossible for Li Tian to defeat this powerful soul a long time ago.

"The thing I want to know is very simple. Why are you here? As far as I know, even if the Heavenly Sage is really powerful to a certain level, it is impossible to control the Heavenly Hell, let alone make this hell. Everything has become the key to his sealing the Eye of the Demon Dragon. There must be something in it that I don't understand. You'd better explain it to me clearly." He squinted his eyes. All of them have a serious look.

The appearance of the souls of these gods in the heavens and hells is what many people expected, not a special accident.

But although Tiansheng is a strong man at the level of gods, he can control the heavens and hells. This is a big problem for them. This kind of thing shouldn't happen, but now it's just like that. It happened in front of them, naturally I don't know how many people would be surprised by this incident.

"You want to know these things is meaningless. The purpose of this place is to choose a suitable candidate. If you want to get the Eye of the Devil Dragon, you have to look at your own skills when you leave this place. From me No matter what kind of news you get, it's useless. You will find that everything here is changing. You never know what kind of opponent you will meet in the next second." Tian Ming supported his ground with both hands, eyes There is a very satisfying feeling in it.

I thought this guy should be very scared and angry now.

After all, he has been in this world for so long, and he hasn't been wiped out by anyone for so many years, and he doesn't know how many powerhouses he has killed, but now he is about to die here.

As long as he is still a relatively normal strong man, the emotions at this time are all anger and fear.

But the Tian Mingjiang in front of him did not have such emotions at all. In his eyes, it seemed to be a feeling of being relieved. This feeling made them feel very surprised.

"You don't need to think about these, you just need to tell us."

"It's no use. You will encounter a very difficult test here. What you will achieve in the end depends on your own ability. I hope you didn't really let him down. You can truly inherit his will Guy." Tian Mingjiang slowly appeared some milky white light, these lights were released from his body like fireflies one after another.

On the other side, Ximen Yeshou and the little princess had already come here, looking at the general Tian Ming who was slowly disappearing in front of them, and then took another look at Li Tian, who was very peaceful here.

"Hey, what's the matter with you guy, we still want to find information on this guy, why did you kill this guy?" The little princess yelled angrily when she saw that Li Tian was still calm. With a cry, he looked dissatisfied with the results before him: "Without the information this guy gave us, what should we do next?"

Li Tian turned around, glanced at the little princess, and said in a bitter voice: "Otherwise, what do you think I should do now?"

"you....."

"He has perished on his own, and has nothing to do with me. The last bit of soul power disappeared in the battle with us. Perhaps this is the meaning of their existence." Li Tian sighed helplessly, very helpless Said, why didn't he want to get some information from this guy.

Chapter 6026: Uncertain

Li Tian knew that he didn't know a lot of key things here, and they knew too little about this heaven and underworld hell, so naturally they knew that they wanted to find some useful information here.

He wanted to let the Tian Ming general in front of him tell himself the information he wanted honestly.

However, he cannot do such a thing.

At this moment, looking at the little princess who was facing himself with a questioning expression, he was only indifferent, and said with some indifference: "Besides, this battle is my end. He is my trophy, how can I deal with it? Your own trophies seem to have nothing to do with you, right?"

"Huh? You ended it. Are you here to make a joke with me?" After hearing Li Tian's words like this, the little princess immediately showed an angry expression on her face and said loudly: "Don't look at yourself now. What kind of look? If this princess had not used magic weapons and my power to suppress the guy in front of me, how could the battle be carried out to the present level, do you really think that you can defeat it with your own strength? "

At this time, Tian Ming would have completely disappeared, turned into a little bit of light, and slowly disappeared between this heaven and earth, as if it had never appeared before.

Looking at the general Tian Ming who disappeared in front of him, Li Tian and Ximen Yechou looked at each other, and then he came to Ximen Yechou very cautiously and said to her: "The immortal power in my body now It's exhausted and it's impossible to continue fighting like this. Next, I need to hurry up to get me back. This little princess still doesn't know what she thinks of us, and she must not let her know my current state."

Here, Li Tian can only believe that Ximen Yeshou is the only one left. He believes that this woman will protect himself very well.

"Regardless of whether he can defeat this Heavenly Pluto general by his own strength, this is all between us. If you are really that powerful, why didn't you rely on your magic weapon to defeat this Tian Pluto general? And I tell you, you have also seen his strength in this battle. If you are smart, it's better not to choose to tear your face with us. This is not very good for both of us, is it?"

Ximen Yeshou's words were like a seven-inch stick hitting a snake's body, and the little princess was speechless.

It is indeed like this. If the strength of Li Tian in front of him in this battle is very ordinary, then he may still have some opportunities to speak.

But the fact is that the fighting power this young man showed in this battle was enough to make her terrifying.

Seeing that Li Tian in front of him showed such a powerful strength, the little princess really didn't dare to say anything at this time. The previous battle had consumed a lot of strength, and now the mental state of the whole person has already exceeded. Their imagination.

Since it is like this, the best choice at this time is to be honest and choose to cooperate with the two people in front of you.

"Forget it, we will die if we die. Anyway, we can kill a few Heavenly Pluto generals. It is also possible to find some clues from their mouths. This princess does not remember the villain's past. I won't hold you accountable for the above." At this time, she didn't even think about putting down her own airs. She deserves to be the princess of the Demon Race.

Li Tiansan smiled wryly, then sat down on the side and said, "I'm afraid it won't make you wish."

"Why?" Seeing Ximen Yeshou sitting down beside Li Tian, the little princess exhaled, then her hands on hips widened her watery eyes and looked at the two people in front of her, and asked: "What are you guys? What purpose is it now? What do you still want to do?"

"You want to kill a few celestial princes, but you have also seen how much power we consume to deal with a celestial prince, and it is very difficult for us to restore our soul power in this place, so at this time we What should be done is to avoid fighting, not to constantly take the initiative to find a fight."

"What are you talking about? Don't you think you can find the news and find the Eye of the Devil Dragon by wasting time here?"

"Hehe, it seems that you don't understand what my purpose is, and I don't bother to explain so many things to you. At this time, let's restore the strength in my body honestly. I don't know if it will appear later. What kind of terrible enemy? If you really wait for the terrible enemy to appear, you will regret it." Li Tian smiled faintly, and then leaned on the side, slowly recovering his strength.

After this battle, the three of them actually didn't have much fighting power. Simon Yechou had been greatly restricted here, and at this time there was no way to show his fundamental strength.

She has always been by Li Tian's side, taking care of the man in front of him.

The contradiction between her and the Demon Race has always existed. The previous partners were killed by the Demon Race. Therefore, in her heart, the Demon Race deserves death, even if the little princess in front of her looks very Young, like a little loli, she still wants to kill the girl in front of her, it seems that only this way can make her heart feel at ease.

But at this time they are all grasshoppers on the same rope, and the next task will also need the help of this little princess. It is a bad thing to lose anyone in this group.

Therefore, Ximen Yeshou didn't rush to take action, so he acquiesced in this matter.

After seeing the expression on Ximen Yechou's face, Li Tian smiled faintly, and said, "I don't know how far I am now, but what is certain is that the little princess in front of me should not Then it looks like you want to kill us. I know you have always hated the demons in your heart, but what we need most at this time is to help each other. Only in this way can we survive."

Li Tian was very helpless, he knew that he would make Simon Yesor feel uncomfortable saying this.

The princess who looked at her enemy was right in front of her, but she couldn't make a move, and she couldn't release the anger in her heart. For her, it was indeed difficult to accept.

But in front of them they only have this choice. The conflict between them will only make them die in this place.

Chapter 6027: The way of living

It took their time to kill this Tian Ming, not to mention, it also made a few of them weaker, which made them even harder, which was already difficult.

After the battle, the self-recovery ability of Tianming Hell was beyond their imagination. The original battle traces were disappearing bit by bit, and soon there was no trace of fighting here.

In this way, even if someone from behind followed up, I couldn't believe that there had been a fierce battle here. The two powerhouses were almost about to destroy the sky. Most people were When you think of this kind of plot, you think it's a joke.

Time passed slowly, because there was always a dark green sun above them, and they didn't know how long time had passed.

During this time, he just kept recovering his strength.

In the beginning, Ximen Yeshou always focused her attention on the little princess. She was worried that the little princess would accidentally take action. In this case, the little princess wanted to kill Li Tian to study Something is also very possible. Who made Li Tian's ability demonstrated before really surprised people like them.

However, as time passed, Ximen Yeshou slowly dispelled this idea, just because the little princess looked like it hadn't had much conspiracy to attack them after so long.

Slowly, Ximen Yeshou could relax, as long as the little princess didn't think about dealing with them.

This way time passed.

Soon, Li Tian recovered from seven to eighty eight. This battle was really difficult. It was the first time that he displayed the power of his demon body. Although the explosive and destructive power displayed was terrifying, it was the same for His consumption is also quite huge, which shows that his ability to control his own power is actually not that powerful at all.

In the previous battle, a lot of unnecessary power was actually consumed. If you can control the power in your body, it might become very easy.

"We have rested here for so long, so we should have rested now. I haven't seen anyone coming over for so long. Could it be that no one has followed?" He opened his eyes and slowly moved from When I stood up on the ground, I could feel my body as if I was about to merge into this nature, as if being pulled by something. After spending some effort, I slowly stood up.

The little princess also opened her eyes at this moment, exhaled a long breath, looked at Li Tian and Ximen Yechou in front of him, and asked, "What do you mean?"

"Although I don't know how much time has passed, I am very clear that now we have to go forward. If we waste time here, I am afraid that people behind will follow."

"Leaving in such a hurry?"

"Otherwise, are you waiting for someone behind to follow?" Although Li Tian is recovering from the injuries in his body these days, but at the same time, he is still constantly asking the remnants of the ancient gods, wanting to learn from this old man. Seniors kept finding some news that he could use.

Of course, the hard work of these days was definitely not in vain. After so long, it really made Li Tian find some news about Heaven and Hell.

Their current position should still be on the side of the entrance. If this continues, I don't know what kind of opponent they will encounter next, instead of being here, I don't know what kind of opponent they will encounter next. It's better to decide earlier, leave this place and see where your next destination will be, and where you will go. This is the key to the matter.

"Are we still worried about encountering an enemy? If the two of us join forces, no matter how powerful they are, there will be no way to fight. There will be no way to face Tianming. We are suppressed by the aura, but if we meet With the same enemy, if your companion can also exert some strength, wouldn't it be easy for us to defeat the enemy?" The little princess smiled and looked at Li Tian in front of her, looking from her face. When I got up, I didn't seem to realize what I meant by this sentence.

But this little princess of the Demon Race is really a very courageous little princess. If you change to someone else, you may not have such an idea at this time.

But the little princess did not think like this.

She knew that the combat effectiveness between herself and Li Tian was quite powerful. If the two of them joined forces, as long as they didn't meet Tian Ming in this hell, they would be able to exert a very strong combat effectiveness.

"If we really meet someone, we must also ensure that we cannot show our original combat effectiveness. We must make those guys think that we are just a bunch of incompetent guys, let them relax their vigilance, so that we can To accomplish the goal better, let me tell you this, you

should understand?" Li Tian suddenly became serious, staring at the little princess in front of him, and said: "The two of us must never reveal our original powerful."

"What are your goals?"

"This place is terrible. If it's just a few of us, it would be very difficult to pass. I don't know how many Tian Ming generals there are before. The Tian Ming general who guards the door has already reached this point. If the Tian Ming generals in it are getting stronger and stronger, when will we pass? Even if we are lucky enough to defeat these Tian Ming generals, how much combat power do we have left when we reach the final place?" Li Tian smiled and looked at The little princess in front of her asked faintly.

After hearing this, the little princess also started to lower her head seriously and began to think about what the man in front of her meant by saying this.

As expected to be the little princess of the Demon Race, she quickly thought of the key to this matter, but besides that, even Ximen Yeshou also thought of it, and the two said in unison: "You want to use the strength of others to move on. Go down?"

Finding that she and Ximen Yeshou had said it together, the little princess was obviously very dissatisfied with the result, and gave Ximen Yechou a glance.

As a result, Ximen Yeshou did not focus his attention on the little princess before him.

"It seems that the two of you haven't really lost your mind."

Chapter 6029: Bait

"This matter is left to you to deal with. I know you have no malice against me. Although this woman wants to kill me very much, the murderous spirit in her body has slowly disappeared these days. Humans and demons The grievances between the races have indeed passed for many years. It would be an irrational behavior to bring up old things at this time. I am very sorry for my former compatriots for doing such things, although this cannot be changed. What, but I also want to rebuild friendship between the demons and humans. Only in this way can the demons have a place in the gods." The little princess said sincerely. Although she is young, she is concerned about this kind of politics. , Can be regarded as fascinating.

After spending so long with Mojun, he slowly learned a lot of things.

But in my heart, for a race like humans, it is not particularly annoying at all. There will be some exceptions in any race.

There will be some heinous villains among human beings, which is normal.

This phenomenon also exists among the demons.

"Let's figure out how to hurry and leave this ghost place. We don't know how much time we have spent here. If we can't leave this place now, I'm worried that the lord will arrange for someone to come in and look for us. There is a great sacrifice." Ximen Yechou didn't respond to the little princess or the book, and now she doesn't know how she should respond.

The previous events have indeed happened, and they are indeed past events, but if these past events are to be forgotten in this way, she definitely can't do it.

Because of the previous escape, there has always been a knot in my heart that has not been solved over the years.

If such a sentence can relieve Ximen Yeshou's happy knot, it would be too childish.

She was very clear that the apology of the little princess in front of her was very sincere, and indeed she saw a little bit of apology in the eyes of the little princess, but these could not be changed.

Hatred is the most difficult thing in the world to resolve.

Nobody can do it, and I can just laugh off this kind of thing.

Even when Li Tian encountered such a situation, he still couldn't control his emotions, not to mention the Ximen Yeshou in front of him.

It's just that he knows exactly when to do something.

"This is indeed the case. What we need to think about now is how to leave here. Next, we have to see what kind of identity the next thing to enter here. The two of us will pretend to be your maid and bodyguard respectively. You also want to win and make yourself a little weaker in disguise, so that if we encounter any enemies, we can naturally become prisoners in their hands." Li Tian smiled and said.

At the same time, he also began to let two people perform disguise.

In this way, even if the people behind came in, they would not think of the identity of the two people in front of them.

If it was before, you might be able to tell a little bit, but after this battle, Ximen Yechou's aura is not very strong, and Li Tian's aura has completely changed, as if he was a different person. It is naturally impossible to judge their identity through their power.

The little princess put on her own make-up to look very weak, as if after a battle, and Li Tian also had many wounds.

Only Ximen Yechou looked normal, but he still had many wounds.

According to Li Tian's plan, the three of them once again came to the stele of Tianming Hell. It seemed that they were looking for a way to leave here, but in fact they were just here waiting for their fish to be hooked.

Now the bait has been dropped, just waiting for an unsuspecting fool to hit their trap by himself.

Time passed, and they could not wait long.

Before long, I saw a very large team slowly coming from the other side of the bridge. The three of them showed a very solemn expression almost for the first time, standing on the bridge at the same time, looking at the opposite team. .

Li Tian took the lead and said, "Your Excellency, can you borrow the way?"

A middle-aged man in the lead stood slowly and looked at Li Tian in front of him, with a faint smile on his lips: "Borrowing?"

"Yes, the three of us were seriously injured. We must hurry to leave this place, but we can't find a way to leave here. We can only think of leaving here along the same path." Li Tian wore a very

large The robe covers all of his body in it, and it is really difficult for ordinary people to discover what is different about this guy in front of them.

It is impossible for the people in this team to be really glamorous and find something suspicious.

The middle-aged man just gave a faint sneer and asked, "What are we trying to make way for you? And since you have all reached this point, you must be prepared for death, right? Are you still planning to leave this place?"

While talking, he led his team slowly over.

This team looks like a dozen or so people, all of them are very powerful, but the one who has the right to speak here is the middle-aged man in front of him, and there is just another young man. Individuals look like their helpers.

These people slowly walked to Li Tian in front of him, and the bridge behind him slowly disappeared.

Although the few people didn't say anything, they naturally surrounded Li Tian and the others. Seeing that they could fight at any time, there were only middle-aged people left to speak.

At this time, the middle-aged man looked at Li Tian in front of him with a smile, and asked: "Since you want to leave here by our way, why don't you want to face us with your true face, so concealed, It's easy to make me think there is something wrong with you."

"Your Excellency, we just want to leave this place as soon as possible. There is no malice. Without our competitors, wouldn't it be a better choice for you?" Li Tian slowly raised his head with his eyes. There was a flash of red light in it, and he looked like a demon in the dark, staring at the middle-aged man in front of him with great momentum.

The middle-aged man also froze for a moment, obviously not realizing that the man in front of him would speak to himself like this, obviously asking for help, but this attitude is really a bit bad.

Chapter 6030: Identity

At this moment, the two sides began to become arrogant. As Li Tian's aura was released, the aura here began to become weird, as if it was possible to fight at any time.

Several people confronted each other, and no one knew what would happen in the next second.

Because Li Tian is enveloped in such a wide black robe, when he shows his aura at this time, it is easy to give people a look that the man in front of him is very dangerous.

Ximen Yeshou and the little princess behind Li Tian were all enveloped in a wide black robe at this time.

It is really not so easy to know their identities.

The middle-aged man smiled and looked at Li Tian in front of him, his tone improved: "Old man Yunzhonghe, this time I brought our family team and the young master Yunzhongmagpie to find the eye of the magic dragon. Where's the newspaper?"

"We are just an inconspicuous millet grain in the vast sea of people. Even if I tell you your name, you cannot know me. If this is the case, why bother to waste time?" Li Tian deliberately let it go.

My own aura felt even more awful, and at this time, the few strong men surrounded by them were already ready to take action.

They can all feel it, and Li Tian in front of him is really not so easy to deal with.

Such a terrifying powerhouse, the combat effectiveness is naturally not what people like them can imagine.

Facing each other at this time, they looked embarrassed for a while.

Yun Zhonghe touched his chin and said: "The old man has been walking around the rivers and lakes for so many years, but he has seen a lot of powerful people. Since you dare to rely on your own ability to come to such a place, you can be considered a strong person if you want to come. Since this is the case, it's definitely not a nameless person. It's better to say it and let me know about it. If we really do, then maybe we can cooperate a little bit and leave here."

"I have already said what should be said, and I hope you don't have to make an inch of it. We have no intention of doing it right with you. Now that the road of reincarnation behind you has disappeared, you just leave here. We are waiting for the next group of people." Li Tiannu He snorted, and there was a little more anger in his tone, and said: "If we really start, I am afraid that neither of us will get any benefits."

At this time, his tone was already very tough, and he felt like he was about to fight in the next second.

The Yun Zhonghe in front of him was also stunned for a moment, thinking that Li Tian in front of him would be able to talk with them for a while, but he didn't expect to do it so soon.

"Hehe, the old man has been walking around the rivers and lakes for so many years. I have really seen many scenes, but this is the first time I have seen such scenes. The three of you are surrounded by my people. If we want If you do it, you probably won't live much time, but why are you starting to threaten us here?" He smiled and asked.

"If you really want to do it, even the three of us will be enough to deal with you. Here you are suppressed by the rules of hell, and there is no way to release all your physical strength, unless you have a magic weapon that can lift this bondage. , Otherwise, even if the king of heaven is here, I will have to become well-behaved. I don't think you can wear a magic weapon like this for everyone in this team, right?" Li Tian smiled and said vowedly , The aura behind him became even more terrifying at this time, so that the surrounding strong men Alexander.

Indeed, what he said made these people in front of them a little nervous. They all knew that after entering here, they had some uncomfortable feelings, and a large part of the power in their bodies had not been exerted.

"It seems that you have really experienced some things here. You are very clear about these issues. But even if it is like this, don't think that I will let you leave here easily. Today, the old man wants to know. , What are the identities of these three of you?" Yun Zhonghe sneered and shot directly, preparing to take off the hat from Li Tian's head.

It's good to see what the guy in front of me is.

Although Yunzhonghe's speed is very fast, Li Tian's speed here is not slow. He easily avoided the past, and at the same time raised his left hand, patted Yunzhonghe's outstretched hand back. .

"Huh." Yun Zhonghe stepped back a few steps with a soft voice.

"Second uncle, how is it?"

"This kid is a bit weird, although I don't know where the weirdness is, but there is a weirdness that can't be described." Yun Zhonghe sneered, glanced at Yunzhongmaggie next to him, and said:

"Don't you I'm too anxious. I'll see what the identity of this guy is. If it's really a powerful fairy, we can apologize, but if it's just a weak one, I'll kill it."

"Haha, it's a big tone. I opened my mouth just to kill the two of us. People who know think you are so powerful. People who don't know think I'm just a little girl who is not worth mentioning." Li Tian dismissed. Said, slowly clenching his fist in his hand, the immortal power revolved, and the black robe on his body began to bulge.

Yun Zhonghe slowly got serious and said: "The old man has seldom shot with others for so many years, but the problem encountered this time is very serious. No matter what kind of identity you are, you must investigate clearly. If you are honest now Tell me honestly who you are, maybe we don't need to continue fighting like this today, but if you really don't plan to tell me, then I can only blame me for being rude."

When he was speaking, he had a fan in his hand with a painting of mountains and rivers and sheji, which looked very magnificent: "For so many years, I really don't want to bully others."

"Hmph, stop talking nonsense, let me see what kind of strong you are today." Li Tian also sneered, just like that, clenching his fist and attacking.

Ximen Yeshou and the little princess were all standing in place at this time. According to what they had agreed upon before, what these two people need to do now is to stand there honestly, as everything here is nothing. There is no the same.

Once they take action, the problem may become different, and even Li Tian will not be able to change the situation.
