

A Killer 72

Chapter 72: Laozi resigned long ago

Yu Dahai took a breath of smoke helplessly and sat up slowly.

"Well, I'm going to talk to the section chief (the chief of the security department in charge of the security)." After speaking, Yu Dahai took a heavy step toward the section chief's office.

After a while, Yu Dahai returned.

"Xiao Li, I have already explained to the section chief, and the section chief approved it, but you have to stay two more days." Yu Dahai said slowly.

Li Tianyi was taken aback.

"Stay two more days?"

Yu Dahai nodded.

"Yeah. The section chief said, because the security on our side has been in short supply recently, if you leave, no one has been found yet, so you have to stand as a substitute for two days, but you can rest assured that the salary will still be paid." Said the sea.

After hearing what Yu Dahai said, Li Tian couldn't help but nodded, staying two days longer and staying two more days. Anyway, now that he resigned, he could not find a job as soon as possible.

Rather than idle outside, I might as well stand here for two days, and at least I can make some money.

But he didn't know what terrible things would happen in the middle of these two days.

Because Li Tian was going to replace him for two days, the class had to continue on the next day, but his resignation report was fully approved.

To put it bluntly, the reason why I went to work these two days was all for favor.

When Li Tian was standing at the guard position in the parking lot, he didn't expect that Xiao Zhou, who took Tang Feifei home last night, drove to find Li Tian.

When he saw Xiao Zhou driving here, Li Tian was still depressed. Why is this guy named Mr. Zhou always looking to run here these two days? What is he doing this time?

Xiao Zhou also saw Li Tian, but with a weird look in his eyes, which seemed to have a slight apology.

But still strode towards Li Tian here.

Through these few contacts with Xiao Zhou, Li Tian's original resentment towards Xiao Zhou has basically been eliminated.

At this moment, I saw Xiao Zhou walking towards him and said, "You are looking for me?"

Xiao Zhou happened to stand in front of Li Tian.

Lifting up a pair of eyes under the pair of glass lenses to look at Li Tian there, nodding slightly.

"I have something to tell you." Xiao Zhou said slowly.

Li Tian was taken aback for a moment: "What's the matter?"

Xiao Zhou stood motionless, his words seemed to be stuck in his throat, and he didn't say it for a long time. This made Li Tian more and more puzzled. He couldn't help but secretly lined up: What happened to this guy today?

Just as Li Tian was surprised, cold words came out of Xiao Zhou's mouth.

"Li Tian, I have to tell you something." Xiao Zhou said suddenly.

Li Tian has been listening quietly, calmly.

"You, don't contact the eldest lady anymore."

When a word came out of Xiao Zhou's mouth, it hit Li Tian's heart like a thunderstorm on a sunny day.

Li Tian's face suddenly changed color, and the eyes of the whole person looking at Xiao Zhou immediately turned into weird ones.

"What do you mean?" Li Tian asked, holding back the fire in his heart.

"It doesn't mean anything, I'm just acting on orders, but I don't want my eldest lady to be with a little security guard all day." Xiao Zhou made the three words of the little security guard extraordinarily heavy, as if afraid that Li Tian would not hear of.

When Li Tian listened to this sentence, a naked insult was placed in front of him.

Others laugh at him? Laughing at him as a little security guard?

His fists clenched tightly, and the joints between his fingers rattled because of the excessive force of his body.

"I see, do you look down on me?" Li Tian looked at Xiao Zhou with blood red eyes.

Xiao Zhou Muli was there watching the changes on Li Tian's face. To be honest, Xiao Zhou couldn't bear it, but he couldn't help it. He was just a bodyguard, a martial artist, and someone who could only do things for others, so he There is not much talk.

Just said slowly: "Maybe..."

"The surname Zhou, let me tell you, I know that I am a little security guard, and I also know that I am nothing, especially in this big city, but the surname Zhou, I will tell you again, I am not looking for you to go with you The eldest lady was with me, and I didn't force her to be with me."

"All of this, go back and ask your eldest lady who provokes whom? I, Li Tian, have no money and a pauper, but at least I am a man, a man who can earn money with his own hands, I am the **** one. At least there is dignity."

Listening to Li Tian's roar, Xiao Zhou didn't say a word from beginning to end, just standing there like a stone.

When Li Tian finished speaking fiercely, Xiao Zhou slowly said: "You don't want to see the eldest lady anymore, of course our eldest lady will never see you again."

"Really? Good, good, good." Li Tian endured the infinite anger in his heart and said three good words.

"Also, starting today, your job as a security guard for the Tang company... it can be over now."

Xiao Zhou's words reached Li Tian's ears.

Work ended today? What do you mean? What an obvious meaning.

Doesn't it mean that Li Tian resigned directly?

Li Tian stood there, half cold.

Taking a step forward suddenly, the whole body was domineering in front of Xiao Zhou, an unprecedented pressure suddenly appeared in Xiao Zhou's heart, but he still remained motionless.

Who knew that Li Tian was just a step ahead of the tower and didn't do anything. He forcibly suppressed the fire fist that broke out.

With those cannibalistic eyes open, he said to Xiao Zhou: "It seems that you have planned. You are planning to kick me out of here, so you don't want me to see your eldest lady?"

Xiao Zhou did not speak.

Haha! Li Tian smiled suddenly, but his smile was full of helplessness and anger, and the muscles on his face trembled slightly because of the anger in his heart.

"The surname Zhou, do you know? I resigned yesterday. The reason why I am still in your company today is because I am here to take the post. Do you know for the post? It was your **** company who begged me to stay here."

"Okay, don't you want me to leave here? Lao Tzu succeeded? I swear from today that in the future, my surname Li will step into your Tang company for half a step, and the sky will thunder."

Abandoning these words fiercely, Li Tian turned around abruptly and strode towards the distance.

The little Zhou Zhou who was left was stunned, completely stunned.

Those eyes with gold wire glasses were full of shame and regret, and he murmured: "So he resigned long ago..."
