

MY DEMON HUSBAND IS A SNAKE

Chapter 11 - 11 What Do You Plan to Thank Us With?

"I was forced to scream thousands of times, 'My throat is almost hoarse.'

'Are you thirsty?' Yu Longting's eyes were alight with fire, ready to devour someone.

Although I was very thirsty, I shook my head like a rattle drum, 'No, no, no, I'm not thirsty, really not thirsty...'

'Is that so? But your face clearly says you are very thirsty.' Yu Longting didn't give me any chance to react, and he leaned in to block my lips.

This guy's kissing technique was as wicked and fierce as he was.

It was full of aggressive possessiveness, even swallowing my breath.

I had just recovered from a high fever and had been scared by that white-faced old woman.

My body was already weak.

At this moment, my whole body was soft, and it wasn't long before I fainted.

The next day, I woke up with my whole body in pain.

My temples were also slightly hurting, as if someone had hit me with a blunt stick.

I frowned and rubbed it, pausing suddenly in my movements.

What caught my eye was a swath of enticing flesh, my face right against a man's chest.

His neckline was half-open, and his well-defined pectoral muscles looked attractive.

My head was resting on what seemed to be not a pillow, a bit harder than a pillow but not too hard.

It felt quite comfortable, just a bit terrifying.

How come I was resting on the arm of a ghost python?

I must be dreaming, definitely dreaming.

I hurriedly closed my eyes and it took a long time before I opened them again.

My chin was already held by the man's hand, his eyes drooping.

His face bore the satisfied look of a beast after being well-fed, watching me with a smile that was not quite a smile.

That playful gaze seemed to be asking me:

Surprised or not, unexpected?

'You... why are you still here?' I looked at him embarrassedly; it was the first time I woke up still in his arms.

Clearly, I had overslept, and my mom wasn't even in the room anymore.

How did he manage to stay unnoticed by my mom?

Yu Longting first sealed my lips with a kiss, then moved away after a long while, 'Don't you like me staying here? I'll leave then.'

'Wait.' I saw him pulling away to leave and grabbed his sleeve in a hurry.

Yu Longting turned his head back.

I started hesitantly, 'You... don't go... I... I don't want to drink... the abortion pill.'

'Say it again.' Yu Longting's eyes, which were always wicked, seemed unusually gentle at that moment.

I was stunned, 'I don't want to drink... the abortion pill?'

Is this guy a parrot? Why does he always make people repeat the same sentence?!

Wait, he must have misunderstood that I want to have his baby, right?

Misunderstanding is good.

If he knew I was just using him to save my life, he would definitely be very angry.

A blink later, Yu Longting had disappeared.

I sighed.

Yu Longting is so smart, how could he not see that I was using him.

'Don't be afraid, I'm nearby.' Yu Longting's voice suddenly sounded, but I couldn't see where he was.

'Ow.' I think I must be crazy because this time, hearing his voice not only didn't scare me, it also gave me a sense of inner peace.

I changed my clothes and went to the washroom in the hallway to wash up quickly.

Maybe I should escape from my uncle's house first, and wait until I get back to my own home.

Then call and ask my mom to go back?

Coming out of the restroom.

My cousin Su Xiaomin was purposely waiting at the door, blocking me, 'There were a lot of snakes last night, did you know?'

'I slept too deeply, I'm not aware of it.' I stepped back a little, afraid he was picking a quarrel, 'Sorry for the trouble, my mom and I will be leaving right now.'

Su Xiaomin deliberately stepped closer, forcing me back into the restroom, 'Leaving? My dad bought Snake Medicine from a master, and it killed all those snakes. Once my dad helps you and your mom get rid of that ghost python, what do you plan to give us as a thank you?'
