

A Snake 48

Chapter 48: Dad, how can you be so lacking in ambition?

"Then we can only... do something thrilling." Yu Longting carried me downstairs.

I shivered, "What kind of... thrilling method?"

This guy never plays by the rules.

No one can predict what he will do next.

"In the car." Yu Longting stepped with a special technique of Mysterious Art, and in the blink of an eye, we left the restaurant and arrived beside a sedan.

The young Taoist hurried out of the car, bowing deeply, "Snake Lord, Lady of the Snake Lord."

"You take a cab back." Yu Longting said as he held my tense body and put me in the car.

The young man immediately waved down a passing taxi.

I was about to go crazy, "People outside will notice!!"

"I've set up a Barrier, they won't." Yu Longting raised his hand and two yellow paper talismans flew out.

The talismans stuck to the windshield, and instantly the night scene outside turned pitch black.

Like an abyss so deep it was bottomless.

Nothing but the blackness of spilled ink.

Yu Longting pulled me onto his lap, one hand on my waist and the other pressing my head down for a gentle kiss, "Su Wan, say you are willing."

"..." My whole body trembled violently, my throat seemed choked, and I couldn't speak a word.

Yu Longting was not as unreasonable as before, he didn't touch me elsewhere, his cool kisses slowly slid to my neck, "Su Wan, you don't have to feel pressured, I only want your body, not your heart."

"Really?" I blurted out, also surprised that he actually knew what I was thinking.

When Yu Longting mentioned the word "heart."

Both Liu Hongluan and I thought we heard wrong.

Until he acknowledged it again, we were certain.

He really was sincere.

But he is a ghost python, and I am human.

How could I possibly like him?

Yet, I and the Su Family owe him a lot, which makes me very conflicted inside, and my feelings towards him become incredibly complex.

"I never lie, once I'm tired of you, I will let you go, so you can go find a normal person, marry, bear children, and have a happy life."

Yu Longting spoke persuasively, kissing my neck and sighing softly.

My heart raced, he was actually willing to let me go.

It was such a merciful gesture!!

Are there really such good things in this world?

Suddenly, a childish voice emerged in the cramped car, "Daddy, how can you have no ambition?"

"It seems like a child is talking." I was so weakened by his kisses, my mind was a mushy mess, I wasn't sure if I was hearing things wrong.

"Illusion." Yu Longting's voice turned from romantically magnetic to cold.

His fingers gently caressed my abdomen, I felt a chill and a bit of pain in my stomach, but the pain soon vanished.

I felt something was off, but I couldn't put my finger on it, so I just agreed with him, "Oh."

"You are the Spiritual Girl, being with you, my Cultivation will gradually recover," Yu Longting said again.

I opened my eyes wide, "Really?"

"What else can you say but really? Is it true? Will you say anything else? Never mind, I won't expect more from someone with your intelligence," Yu Longting murmured as he caressed my earlobe, "When my Cultivation is restored, maybe one day I can remove the cheongsam, Su Wan, I need your help."

"..." I stared at him blankly, my hands instinctively cupped his face and I leaned in for a kiss of my own accord.

What am I doing?

I kissed him on my own initiative??

I'm done for, am I brain-dead?

To actually kiss a ghost python willingly...

Yes, yes, yes, it must be the ghost python, he must have used some kind of Soul Capture spell on me.

Otherwise, being as afraid of snakes as I am, how could I possibly have kissed him willingly?

A mess of thoughts tangled like yarn balls cropped up in my mind.

My body was pressed by Yu Longting onto the leather seat, deepening this intimate kiss.
