

SUPER ABILITY STUDENT

Chapter 11 : I want to teach him

Lin Tian walked quickly around him, still thinking of the task just completed in his mind.

After returning to his seat and sitting down, Lin Tian didn't have time to recall He Qianqian's scented kiss, and his consciousness fell directly into his mind.

Lin Tian quickly summoned the ability menu.

Following Lin Tian's summons, a menu-like thing emerged in Lin Tian's mind. There were a dozen abilities listed on this menu.

Lin Tian looked at the past one by one: "The first-level stealth ability (can be invisible for ten minutes a day) has 2 power points; the first-level perspective ability (can see through objects of ten centimeters) one power point; ordinary 54 pistols (includes Seven bullets) One power point..."

More than a dozen supernatural powers, Lin Tian looked at them one by one, his expression a little disappointed. Because these abilities are still too few, and these abilities are the lowest level.

Seeing these abilities on the menu, Lin Tian muttered to himself: "The system hasn't evolved yet, so I can only exchange these abilities. There should be better abilities as the system evolves."

Thinking of this, Lin Tian took a deep breath and looked at these dozen or so

abilities again. Lin Tian has to choose one of his favorite powers among these dozens of powers.

After searching, Lin Tian stopped his gaze on an ability: Level 1 flight (up to 100 meters, maximum speed 20m/s) ten ability points. "

Seeing this power, Lin Tian's eyes brightened and flying. This is Lin Tian's dream since childhood. Just as Lin Tian was about to redeem this flying ability, but the ability required by the flying ability made Lin Tian somewhat helpless.

"Ten power points, too many, now I only have three power points."

stared at the flying ability for a long time, Lin Tian had no choice but to shook his head, and secretly said: "Save it first, wait until the ten power points are exchanged."

Thinking in his heart, Lin Tian opened his eyes and started class.

Lin Tian did not exchange any abilities. He wanted to temporarily store the abilities and wait for the accumulation of ten power points before redeeming them. Anyway, Lin Tian is not in a hurry now.

When Lin Tian took back his thoughts and raised his head, He Qianqian who was teaching on the podium was no longer as shy as he was just now. The majesty of the teacher was restored again.

And the students are also listening carefully at this time. But occasionally people still think of that kiss.

Thinking of the kiss, Lin Tian slowly touched his right cheek. That was where He Qianqian kissed lightly.

Despite the short contact time, Lin Tian still seemed to be able to feel the softness of He Qianqian's lips when they touched her cheeks, and the elasticity of the rosy lips.

And looking back now, Lin Tian can even smell a delicate fragrance...

"Very good feeling!" Looking at He Qianqian who was teaching on stage, Lin Tian murmured.

The time has passed a little bit, and this lesson will be here soon.

After class, He Qianqian greeted the classmates and left in a hurry. She still felt a little strange because of the thought of the first kiss.

He Qianqian is usually a very conservative person, otherwise she would not have a healthy body until now.

Therefore, He Qianqian is actually quite concerned about this matter.

As soon as He Qianqian left, all the students who had been sitting in the seats left their seats and surrounded Lin Tian.

"Lin Tian, how did Teacher He feel when he kissed you!" The man who was speaking was a boy who looked very envious when asked Lin Tian.

"Uh..." Looking at the strict classmates who surrounded him, Lin Tian felt helpless and had to deal with it casually.

While Lin Tian was dealing with those classmates, He Qianqian seemed a little angry at this time.

Because He Qianqian's boyfriend Wang Feng quarreled with her. And the purpose of the quarrel was because of the kiss.

"Hey, I said, didn't you mean that you wouldn't kiss him?" As soon as He Qianqian came out, Wang Feng dragged her down to a deserted turret and asked with a face.

"You misunderstood!" He Qianqian looked very helpless.

"Misunderstanding! I have seen any misunderstanding, you think I am a fool!" Hearing He Qianqian didn't admit it, Wang Feng looked a little agitated and his face started to flush.

Seeing him like this, He Qianqian frowned slightly, and looked at him with a little dissatisfaction: "I mean I didn't kiss him, I just kissed him on the cheek. Besides, he is a kid!"

"What little kid!" Wang Feng yelled in a somewhat uncontrollable voice:
"Everyone should develop, not a kid!"

He Qianqian frowned and looked at him without speaking.

"After you, you are not allowed to communicate with him too much, so he

cancelled his class representative!" Wang Feng looked a little angry, and said with a hint of command.

Hearing this, He Qianqian glanced at him coldly without saying a word, stared at him for a while, and He Qianqian squeezed the textbook in her hand and turned and left.

"You..." Seeing He Qianqian stepping on high heels and leaving, Wang Feng looked a little angry, pointing at He Qianqian's back and trying to curse, but in the end he still held back.

Wang Feng looked at He Qianqian's back with an angry look and left his sight, until He Qianqian disappeared completely, Wang Feng waved his hand fiercely, and shouted in a low voice: "!"

"Huh!" Wang Feng breathed heavily, feeling a fire in his heart, and Lin Tian's figure appeared in his mind.

He was a little angry when he thought of this figure!

"This little kid!" Wang Feng whispered and cursed a little angry.

Lin Tian didn't know what happened to He Qianqian and Wang Feng. He didn't know that Wang Feng was so jealous, but if he knew, Lin Tian would definitely be happier.

At this time, Lin Tian was dealing with the students who seemed curious.

These classmates were not only classmates in their own class, but later

classmates from other classes also came to see Lin Tian.

See which lucky guy got the kiss of the goddess.

And all this is because He Qianqian is too famous, and because these classmates are too boring.

A little bit of time has passed, the second class has been finished, and it will be the third class soon.

The third class is physical education, one lesson per week. Despite the intense study in the third year of high school, Lin Tian's school did not cancel the physical education class of the third year like other schools. It's normal physical education.

Since the third period was a physical education class, the students all walked to the playground after the second class.

came to the playground, Lin Tian teamed up with his classmates to play basketball as usual.

Every time the physical education class teacher does not care, let the students play by themselves. So as soon as they came to the playground Lin Tian, they started fighting.

Lin Tian's basketball skills are so-so, neither good nor bad. But he likes the sport and enjoys the feeling of bumping and sweating.

After playing for more than half an hour, Lin Tian's group ended, Lin Tian and

the team sat aside to rest.

Not long after sitting down to rest, Lin Tian was taken aback when he turned his head.

He saw two people walking not far away.

He Qianqian and Wang Feng!

The two of them were talking while walking, and they looked very close.

Seeing this scene, Lin Tian let out a cold snort, and turned his head, his expression a little unhappy.

In Lin Tian's eyes, He Qianqian was already the woman she had booked. Of course he was upset when she saw her with other men.

"Should we speed up the progress?" Lin Tian thought secretly. He Qianqian's first wish has been fulfilled, so when will her second wish be fulfilled.

Lin Tian thought secretly.

"Qianqian, I really didn't mean it before. I, I just care about you too much! Really, really!" Wang Feng looked at He Qianqian with a sincere expression.

"Okay, I know. Don't talk about this topic." He Qianqian said with a flat face.

He Qianqian had no idea that Wang Feng was so excited just because of such a small incident, which made He Qianqian dissatisfied with Wang Feng's

temperament.

I think he is a little too jealous.

Of course, despite a little unhappy, He Qianqian forgave Wang Feng's rhetoric afterwards.

"That's good, Qianqian, you know I care about you most!" Wang Feng looked at He Qianqian with a sincere expression.

He Qianqian was a little helpless, did not reply, just walked forward calmly.

Seeing He Qianqian moving forward, Wang Feng hurriedly followed.

Then the two of them walked forward side by side, walking, and suddenly Wang Feng stopped.

"What's the matter?" He Qianqian glanced at Wang Feng beside her with some confusion. Seeing what Wang Feng was looking at, he followed his gaze and looked forward.

Basketball court, He Qianqian saw the basketball court ahead. There are many students playing basketball in the basketball court. Even He Qianqian saw Lin Tian's figure.

At this time, Lin Tian and his group have played again.

Wang Feng stared at Lin Tian on the basketball court. Watching him running around on the basketball court.

Seeing Lin Tian, Wang Feng's eyes flashed, then he smiled and turned his head to look at He Qianqian beside him and said, "It's been a long time since I played basketball. I'm going to exercise?"

"Okay, you go, I'll be watching." He Qianqian nodded slightly.

The reason why He Qianqian is with Wang Feng is also related to Wang Feng's chic appearance on the court.

Because Wang Feng is really handsome on the court!

And Wang Feng was a member of the school basketball team when he was in college.

Just as Wang Feng wanted to run to the basketball court, three male teachers came in the distance.

Looking at the basketball held by the three male teachers, they should have come to play basketball.

These three male teachers were all here with Wang Feng. They were all young, and they were only twenty-five or sixteen years old.

Seeing these three men, Wang Feng's eyes lit up, he greeted He Qianqian, and then ran to the three male teachers.

"Hey, Zhu Jiang, you guys are going to play basketball!"

"Yes, come together?" Zhu Jiang invited. UU reading [www. uukanshu.com](http://www.uukanshu.com)

"Okay, no problem!" Zhu Jiang's proposal was exactly what Wang Feng wanted.

"Then go!"

The four walked a few steps, and then they saw He Qianqian standing quietly in the shade of the tree.

Seeing He Qianqian, Zhu Jiang approached Wang Feng slightly and whispered quietly: "I heard that your girlfriend kissed a classmate in the class today?"

Hearing this, Wang Feng's face was a little unhappy, and he said solemnly: "It's not a kiss, it's just a kiss on the cheek!"

"The cheeks are also good! You don't know how many students are envious to death when you hear this news. Don't you be angry?" Zhu Jiang said with a smile.

Wang Feng curled his lips, did not speak, but his face was a little uncomfortable.

"I want my brothers to avenge you, the little kid is there, or we will team up to abuse him and calm you down!" Zhu Jiang raised his eyebrows in the direction where Lin Tian was and suggested.

Zhu Jiang is Lin Tian's chemistry teacher, so he also knows Lin Tian.

The reason why Zhu Jiang proposed this way actually he wanted to teach Lin Tian a lesson. Because he was also one of He Qianqian's suitors, but in the end he lost to Wang Feng.

Wang Feng is good-looking and talented, and Zhu Jiang has nothing to say about losing to him. But the goddess he was chasing kissed a trash student, which also made Zhu Jiang a little unhappy.

It is precisely because of this that Zhu Jiang proposed to abuse Lin Tian on the basketball court.

Regarding Zhu Jiang's proposal, Wang Feng didn't speak, but just nodded slightly, and then took the lead and walked quickly towards the court where Lin Tian was.

He obviously has the same idea as Zhu Jiang.

"I must speak out with you today!" Looking at Lin Tian who was sweating on the court, Wang Feng thought coldly.

Wang Feng is too depressed today, he wants to vent on Lin Tian!
