

SUPER ABILITY STUDENT

Chapter 2 : You cow

talk back!

still dare to talk back?

and also such a tough attitude!

Li Min looked at Lin Tian with an incredulous look. After a while, Li Min suddenly became angry and said angrily: "Well, you tell me what to do with Question 20! If you do it, I will apologize to you. I won't care about you even if you don't go to class in the future!"

"Hmph!" After speaking, Li Min let out an angrily cold snort, looking at Lin Tian with a bad look!

Can you make it? joke!

She knows Lin Tian's results better!

He can't do this question at all!

At the same time, all the students in the class looked at Lin Tian, some sympathized, and some gloated.

But no matter what, everyone thought that Lin Tian could not do it.

Because everyone knows Lin Tian's grades, let alone his grade, even Lin Tian's grades in the class are the countdown!

Can he make it?

completely impossible!

Others don't care, but Lin Tian doesn't think so. With the help of supernatural powers, Lin Tian is confident in himself now.

Question 20, after hearing Li Min's words, Lin Tian looked down at the test paper in his hand. Question 20 was an answer question.

This question is very difficult. Only two students in the class got it right during the exam.

If I saw this topic before, Lin Tian would definitely have a big head.

but now.....

As soon as he saw this topic, Lin Tian immediately came up with formulas in his mind, and these formulas were automatically organized in his mind.

Feeling this scene, Lin Tian was completely relieved, and said confidently: "Because $a=1$; $b=2$; $x=1$... From this we can get $m=3/2$, and then we can deduce by m"

As Lin Tian slowly explained, everyone was stunned.

Even Li Min looked at Lin Tian in a daze!

correct!

totally right!

Lin Tian's answer is very clear, well-organized, and the formulas cited are correct!

Completely correct!

He actually knows!

Li Min looked at Lin Tian in a daze, as if he couldn't believe what he saw...

This, this is the poor student?

That trash student?

Not only is Li Min, the classmates looked at Lin Tian in a daze, seemingly unbelievable.

Li Min was still a little dazed when Lin Tian finished speaking.

Seeing Li Min's appearance, Lin Tian raised his eyebrows, a trace of disdain flashed across his face.

Cut!

Want to stump me with such a simple topic?

Say I am a waste! You are the waste!

Lin Tian thought disdainfully.

Seeing Lin Tian's answer, Li Min, who had already wanted to let Lin Tian go, saw the disdain on Lin Tian's face, frowned, and said coldly: "You do 30 more questions!"

Question 30 is the most difficult question in the whole test paper, and she hasn't explained this question herself, so she doesn't believe Lin Tian can still do it.

There is not much that can be done for the whole grade!

Don't kill you, you don't know!

Li Min looked at Lin Tian dissatisfied, thinking that this student was too arrogant.

Question 30?

Hearing Li Min's words, Lin Tian lowered his head to look, and carefully observed for a while. Similarly, formulas began to appear in his mind, automatically assembling and deducing answers!

No difficulty!

Lin Tian showed a confident smile on his face: "This question is like this, it is known that a is not equal to 0, and b is not less than 0... so when a is greater than 0..."

As Lin Tian slowly explained, Li Min was stunned again.

Really!

really answered?

and got it right?

This, what's going on?

Li Min looked at Lin Tian with a look of confidence in a daze.

Many students didn't understand this question, and didn't know if Lin Tian answered it correctly, but from Li Min's somewhat dazed and unbelievable expression, it is obvious that Lin Tian answered it correctly.

Lin Tian got the most difficult question right!

When I think of this, maybe the classmates are a little unbelievable, because it's so fantastic.

Lin Tian couldn't answer at all with his usual performance.

Seeing that Li Min was already stunned to speak, Lin Tian raised his eyebrows and said unceremoniously: "Teacher, please respect me, I am not a

waste! Also, I need your apology!"

"Huh!" Li Min, who was still a little surprised, snorted when he heard Lin Tian's words. Instead of apologizing, he turned away with a cold face and walked straight out of the classroom!

She has no face to apologize to Lin Tian, and has no face to apologize to such a poor student!

But she was slapped in the face by Lin Tian just now, and she has no face to stay here. So only a little angrily left.

As Li Min left with a black face, the originally quiet classroom suddenly became noisy.

All the classmates started talking.

"Lin Tian, okay! I can't see that you are so good!" As soon as Li Min left, Wang Gang looked at Lin Tian in surprise!

He really didn't think his deskmate was so good today!

"Cow!" Jiang Zhong, who was sitting in front of Lin Tian, turned his head to give Lin Tian a thumbs up, and said with a look of excitement: "Brother Lin, you are too awesome, you didn't see you just ran away that dominatrix. !

Cattle! It's amazing! "

Jiangzhong seemed very excited, as if he was running Li Min away.

Jiangzhong, like Lin Tian, is a poor student in the class, and these poor students are not less discriminated against by Li Min. Naturally, these people have resentment towards Li Min.

even gave Li Min the nickname dominatrix.

But no matter how they resented Li Min, they didn't dare to talk back, but now Lin Tian has done what they can't.

and the top Li Min was speechless, and walked away in despair!

"Lin Tian, great!"

From time to time, some students exclaimed to Lin Tian. Those classmates are usually classmates with average grades.

"Hehe..." Lin Tian smiled faintly, looking a little disapproving.

Now Lin Tian's gaze will not be on this, UU reading www.uukanshu.com has the help of abilities, these are all trivial matters to Lin Tian.

Now for Lin Tian, superpowers are the big deal!

Lin Tian ignored the noise of the classmates and began to focus on the supernatural powers.

"Now the abilities are still too weak and monotonous, now I only have two abilities, and these two abilities don't seem to be very strong, how can I

increase my abilities and make my abilities stronger..."

Lin Tian put his hand on his chin and fell into deep thought: "According to the message, if you want to strengthen the power, you must realize the beauty's desire. After completing the beauty's desire, you can get power points to strengthen the power.

"According to the system, not all women meet the requirements of beauties, and whether they are beauties must be confirmed by the system." Thinking of this, Lin Tian looked left and right.

He was watching a female classmate in the class.

Lin Tian scanned all the girls in the class, but the power system in his mind did not respond at all.

shows that none of the girls in the class meet the requirements.

"I'm quite picky, I don't know what kind of girls can meet the requirements!" Feeling this scene, Lin Tian said secretly.

Unconsciously, it's time for get out of class to end. Li Min did not come back until the end of get out of class.

Lin Tian didn't care about Li Min's absence. He just glanced at the schedule on the desk and found that the next class was actually a biology class.

"Biology class?" Seeing this class, Lin Tian's eyes lit up and his face showed a trace of expectation.

Lin Tian likes to take biology class very much, because he is the representative of biology department. Although Lin Tian did not get good grades in the past, his grades in biology have always been good.

The most important thing is that the biology teacher is a famous beauty!

There are famous big beauties in the school!
