

# SUPER ABILITY STUDENT

## Chapter 9 : I am number 1!

When Lin Tian walked quickly to the classroom, a man ran into the classroom in front of Lin Tian. That was Lin Tian's classmate Wang Zhong.

Wang Zhong rushed into the classroom, directly on the podium of the classroom.

"Papa!" Wang Zhong, a classmate who was watching chatting and reading below, patted his palm.

Hearing the applause on the podium, all the students below looked up at the podium.

After focusing the attention of the following classmates, Wang Zhong seemed a bit exaggerated and waved his hand: "Classmates, the names of the first two hundred classmates in the monthly exam have come out!"

"Come out? When you come out, you come out!" Hearing that it was this topic, many of the students below didn't care.

Everyone knows their own situation, and they also know that the top 200 students in the monthly test will be announced on the blackboard of the teaching building this afternoon.

But even though I know, the people in the class don't care much, because this is a bad class, and almost no one in the class is within two hundred.

It's not about their own business, they naturally don't care.

Seeing the indifferent attitude of the students below, Wang Zhong became anxious and exclaimed: "This time is different. Do you know who the first place is this time?"

"Who can it be, isn't it cold? Isn't it still Lin Tian's failure!" The next boy shouted a little impatiently.

Who is the first place? Still need to ask, it must be cold, she has occupied the first place for a long time.

Hearing what the boy said, Wang Zhong slapped the desk and shouted: "Yes! Lin Tian is the first place with 704 points, a full 50 points away!"

"what?"

"what?"

There was a sound of shock at the scene.

was stunned, and then an unbelievable voice rang out in the classroom: "Impossible, Lin Tian can get 700 points on the test? If he can, I will go!"

"Yes, yes! How could it be possible!" There was a voice of doubt.

"Really! Really!" Wang Zhong yelled, "I just watched downstairs, if you don't believe it, you can watch it yourself!"

"Impossible! Completely impossible!"

Everyone didn't believe it. Hearing what Wang Zhong said, someone immediately got up and prepared to go out. They have to see with their own eyes to see if it is true!

They know Lin Tian's grades too well, how could it be possible to get seven hundred points in the test.

In an instant, a group of students prepared to leave the classroom.

But they haven't got out of the classroom yet, a figure suddenly appeared at the door of the classroom-Lin Tian.

Seeing Lin Tian, the classmates' eyes lit up, and they leaned to Lin Tian, hurriedly said: "Lin Tian, I heard that you got the first grade exam? Really!"

"Yes, is it true?" The students asked.

Noting everyone's eyes, Lin Tian glanced across everyone's faces and nodded slightly: "Of course!" Lin Tian's tone was calm.

He was not surprised by the result!

But Lin Tian is not surprised, others are surprised!

"Impossible!" Someone immediately retorted Lin Tian: "Can you still take the first place? What an international joke!"

"Forget it if you don't believe it!" Lin Tian shrugged indifferently, pushed away the crowd with his hands, and walked in calmly.

"Impossible!" Despite hearing Lin Tian's affirmative reply, most people still didn't believe it.

After thinking about it, these people all walked out of the classroom and ran downstairs.

They are going to the blackboard downstairs to see if Lin Tian really got the first place.

At the same time, the teacher's office on the other side seemed a bit lively.

"Why did Lin Tian test so well? Is it cheating?" A teacher asked.

"Impossible, haven't we discussed it in the morning? Those test papers were just compiled by us, and some were taken for the exam on the day they were written. It cannot be cheating!" A teacher immediately retorted.

As to whether Lin Tian cheated or not, in the morning, there were already results.

That is impossible!

Because the test papers for these monthly exams are collectively compiled by the teachers, some of them are compiled in the morning and taken in the afternoon. There is no possibility of leaking test papers.

And Lin Tian brought a book to cheat, it is basically impossible, because his test score is too good, 700 points, even if the score is copied, it can't be copied.

Because this is science, it's not just rote memorization.

Discuss this morning, although the result is a bit unbelievable, everyone still agrees that this was made by Lin Tian himself!

At this time, He Qianqian was holding Lin Tian's biological test paper in the office.

This biological test paper is basically correct. Although Lin Tian's characters are not pretty, his answers are very neat.

Looking at this almost perfect test paper, a trace of doubt flashed in He Qianqian's eyes, thinking of Lin Tian, who she knew, of the somewhat naughty boy, and of his confident smile.

Silent for a while, He Qianqian raised her head and looked at the teachers in discussion and said: "Maybe he is really so good, but he doesn't want to show it!"

"Who would be okay to hide and tuck!" Someone retorted.

"But how do you explain it?"

"Let's look at the next monthly exam. If he scores very well next time, it means that he is actually so good!"

.....

Seeing the teachers in the office discussing, He Qianqian did not speak, she suddenly became more curious about Lin Tian.

This boy seems not as simple as he thought.

While He Qianqian was thinking, the class bell suddenly rang.

Hearing the class bell, He Qianqian took back her thoughts and picked up the test paper and textbook to prepare for class.

When He Qianqian walked out of the teacher's office, Wang Feng in the other classroom office also walked out with the test paper.

"Qianqian!" Seeing He Qianqian, Wang Feng hurriedly followed. UU reading [www.uukanshu.com](http://www.uukanshu.com)

After catching up with He Qianqian, Wang Feng glanced at her and said, "I heard that your Ban Lintian took the first place?"

"Yes!" He Qianqian nodded.

"You..." Wang Feng opened his mouth, trying to say something, but he seemed to hesitate.

Noting Wang Feng's hesitation, He Qianqian turned her head and glanced at him suspiciously: "What can I say?"

"You, won't you really kiss him?" Wang Feng looked at He Qianqian with some worry.

"Huh?" He Qianqian was taken aback when she heard this, and then she remembered something. He Qianqian had been immersed in the shock of Lin Tian getting the first place before, and almost forgot the bet, only then remembered.

After a while, He Qianqian shook her head and said with a smile: "How is it possible!"

"That's good!" Hearing this, Wang Feng breathed a sigh of relief. If you know that He Qianqian kissed Lin Tian, Wang Shengeng would be mad.

Lingling...

As the class bell rang, all the students who surrounded Lin Tian returned to their seats.

Those students who did not believe that Lin Tian took the first place in the exam finally gave up after seeing the name posted on the blackboard. Then these people surrounded Lin Tian.

Ask various questions.

asked if you cheated?

What's the matter?

Everyone was shocked that Lin Tian won the first place, as if seeing two suns suddenly appeared in the sky.

Lin Tian just dealt with them casually, waiting for class.

As the class bell rang, Lin Tian looked at the door of the classroom.

This session is He Qianqian's class, and He Qianqian is coming over soon.

Lingling...

When the second bell rang, He Qianqian's figure appeared at the door of the classroom...
