

The Alpha Train Novel - Chapter 2

Chapter 2

Chapter 2 Sebastian " 1 " Hey James , " I say , walking up to the train station as we wait for the Alpha Train to arrive . " Hey , Seb . How was your break ? " " Good . I went and saw my son . How about you ? " I ask . " Same , " he says . This book had been added on your bookshelf . James is the leader of the Academy . He makes the assignments , pairs us with our assistants and if there are problems , he's the one who makes the final decision on punishment .

However , he's the kind of man and Alpha that looks to others for their input . He and I have been friends going back to our days as Alphas . Our packs were close enough together that we entered an alliance . Our friendship only strengthened when both of us lost our mates . James lost his mate first , being a bit older than I am . He lost Aimee in childbirth : I lost Suzanne several years later . Her loss nearly killed me , but I stayed alive for my son .

However , once he took over as Alpha , I was lost . I had nothing and no one , until James came to find me . Chapter 2 He knew firsthand what I was going through and he told me about the Alpha Train . " Just try one semester , Seb . If you hate it , what have you lost ? Three months . So what ? But if you're like me , and you love it , you'll have found something to give your life meaning again . One semester , my friend , that's all I'm asking , " he said to me , and he'd been right .

I had loved it , and four years later , I still do . I enjoy going to see my son , his mate , and my grandpups , but I needed something to give my life meaning and this is it . " Any requests for your assistant this time ? " he asks me , looking over the schedule while we wait . " Who are the veterans ? " I ask , knowing I'm teaching the sex class this time instead of James , and I don't want to worry about some young newbie making the class harder for me .

" Sylvie , who is already assigned to me , " he says , making me smile . " When are you going to make an honest woman out of her ? " I ask . " She doesn't want that . She loved her mate , " he grumbles . Sylvie was a Luna in her pack . Her experience was similar to ours , except she stayed on until her son took over the pack to make sure no one else tried to take it from him before he turned eighteen , especially since her mate died in battle .

She and James have been paired together for years now and the two of them are practically inseparable when we're at the Academy . However , when we get back , they go their separate ways for Chapter one week and my understanding is that what happens during that week is no one's business . They have no ties to each other , just a mutual respect and admiration for each other . " We also have Christina , Mia , and Laura as our vets . Two newbies , Emma and Haley .

" " Pair me with Christina , " I say , making James raise an eyebrow . " You know she's never done the sex class , and I've assigned it to you this semester . " She's always been paired with mated Alphas , hasn't she ? " I ask , thinking back . " Yeah . Her Alpha has changed every semester . Why ? What's your interest in her ? " " She's an Alpha female and I've never seen her take a class , " I say . " She hasn't , " he confirms . " I want to know why . I want to know what's holding her back .

I've seen her working out . She's strong and powerful , but she isn't taking the classes . "
