

A World 1021

Chapter 1021: Heaven Festival

Celestial world.

A world so vast and unimaginable!

In this huge world, there are only continents, but no seas.

The two superpowers, Muxuge and Ziguangzong, ruled the entire world separately; But it was in the midst of the destruction of life that countless peerless powerhouses emerged!

And if you want to join Muxuge Pavilion or Purple Light Sect, the conditions are undoubtedly extremely harsh! Even the genius genius who is not one in ten thousand may not be able to enter these two superpowers to do chores!

At this time, in the Muxi Pavilion.

The third young pavilion master, “Mu Zifan”, was a little worried.

“The Heavenly Sacrifice Conference is about to begin, and the other young pavilion masters have recruited a lot of heaven-defying geniuses; by then, they will definitely be able to shine at the Heavenly Sacrifice Conference! But my subordinates are only a mere two. Heaven-defying genius... It’s really too shabby!”

The Heavenly Sacrifice Conference is the most important event in the entire Heavenly Sacrifice world. Only the heaven-defying geniuses from Muxuge Pavilion and Ziguang Sect were qualified to participate in the Heavenly Sacrifice Conference; other forces were simply not qualified to participate in such events.

The heaven-defying geniuses who participated in the Heavenly Sacrifice Conference were usually collected by the young pavilion masters of Muxuge Pavilion or the young sect masters of Ziguang Sect. At each Heavenly Sacrifice Conference, the more geniuses and dazzling performances of the

Young Pavilion Master or Young Sect Master, it will naturally be of great help to their status in their respective forces!

It is a pity that the third young pavilion master of Muxue Pavilion has almost never achieved good results at the Celestial Ceremony.

If you don't get good grades at the Celestial Ceremony, you won't be valued by the Muxie Pavilion, and your position in the pavilion will continue to fall. On the other hand, the lower the status, the harder it will be to recruit heaven-defying geniuses! – thus creating a vicious circle.

The third young pavilion master, Mu Zifan, was caught in this vicious circle. Among the five young pavilion masters of Muxu Pavilion, his status has been at the bottom for a long time, and it seems that there is no possibility of turning over!

“If I can't get any good results at the Heavenly Sacrifice Conference this time, then, I'm afraid my father will give up on me completely...” Mu Zifan was very worried, but there was nothing he could do.

Suddenly, Mu Zifan seemed to think of something, and when he turned his hand, a black arrow appeared!

Ling Jian wrote three words: Order of the World! – With the order of the world, you can connect to the “mercenary system”!

There was a little bit of hope in Mu Zifan's eyes: “I have never used this Myriad Realm Order since I got it; I don't know if it can bring me some hope!”

Thinking about it, Mu Zifan's spiritual power sank into the Ten Thousand Realms Order and began to issue mercenary missions through the Ten Thousand Realms Order.

...

Holy area.

Yanyan Mountain.

Xu Ming has completely refined the “Samsara Spear”, the divine weapon of his life, and he has become one with the gun!

Now, to Xu Ming, the reincarnation spear is like one of his arms; he controls the reincarnation spear as if he were directing his arm with precision and flexibility.

The only fly in the ointment is that the reincarnation gun has not been nurtured very much, so its power is not much stronger than ordinary artifacts.

“I have to conceive a reincarnation gun as soon as possible!” Xu Ming secretly said.

During this period of time, Xu Ming entered a “weak period” of breakthroughs due to successive breakthroughs in strength; in a short period of time, it is difficult to make any major strength improvements. Therefore, Xu Ming urgently needs to rely on some foreign objects to improve his strength – such as breeding the Samsara Gun!

“Lu Qing said that the best way to breed a reincarnation spear is...kill!” Xu Ming narrowed his eyes slightly, “Since that’s the case, I’ll find a place to kill!”

However, Xu Ming’s character is not that kind of “bullying”! Ask him to slaughter those weak gods for no reason, but he can’t do it!

“Enter the mercenary system and have a look! Maybe, there is a mission that can make me slaughter?”

Xu Ming directly activated the “mercenary system” and began to browse and select the tasks in it.

“I haven’t entered the mercenary system for a long time. I didn’t expect it to be so lively now!” You must know that when the mercenary system was just opened, there were only a few scattered tasks in it.

Now it seems that there are more and more “active users” in the mercenary system!

He kept scrolling down, and Xu Ming saw that most of them were small tasks like getting a box lunch; – With Brother Ming’s current aloofness, he naturally despised these tasks.

Suddenly, Xu Ming saw a task, and his eyes lit up:

“The mission of the Heavenly Sacrifice Conference: Find the geniuses of the silver moon level and come to participate in the mission! Requirement, at least be among the same level, with one against a thousand! Mission reward: at least 100 bottles of spiritual essence, there is no ceiling! ”

Xu Ming was secretly surprised: “Such a high mission reward!?”

The minimum one hundred bottles of spiritual essence, the upper limit is not capped! -Even if it’s just for rewards, Xu Ming intends to go to the Celestial Festival to play!

Of course, Xu Ming also saw that this task is not easy to do, it is an absolutely difficult task! After all, the mission requirements are very exaggerated, and it is necessary to achieve “one enemy at the same level”, and it is still “at least”! —I am afraid that there are not many Silver Moon grades who can meet this condition!

However, to Xu Ming, this task requirement is simply not a requirement!

One against a thousand among the same level? As far as Xu Ming is concerned, it is only a thousand silver moon 4th rank! – For an opponent as weak as Yinyue Fourth Grade, Brother Ming just wanted to say: One thousand? Do not! Give me 10 million kills first, I’ll be fine!

Therefore, difficult tasks that are unattainable for others are as simple as eating and drinking for Xu Ming!

“That’s it!” Even if he was aiming at the hundred bottles of spirit essence, Xu Ming would never let this mission go! Besides, 100 bottles of Spiritual Essence is only the lowest; Brother Ming doesn’t believe it. With his own strength, wouldn’t he be able to take the lowest?

impossible!

The only thing Xu Ming needs to worry about is his own cultivation is too weak, but his strength is too strong! It would be bad if he was too amazing to frighten others at the festival, after all, Brother Ming is a very low-key person!

“Accept the mission!”

Xu Ming took over the task directly. After that, the clone of the ancient cultivator was left in the Yanyan Mountain, and the clone of Tiandao Liu entered the mercenary system.

“I hope this mission will allow me to properly nurture the Samsara Gun!”

Of course, there is another reason why Xu Ming chose to use the mercenary mission to breed the Samsara Gun! That is, the mercenary mission can be terminated at any time! Terminate, the task fails, but it can immediately return to the original position!

Today, between Yanyan Sacred Mountain and Baili Tower, there is peace before the storm. Xu Ming didn't know when the war would break out, but once the war broke out, Xu Ming would definitely come back immediately! – It is precisely because of this that Xu Ming decisively chooses to do the mercenary mission; once a battle breaks out, he can immediately give up the mission and come back to join the battle.

Chapter 1022: Better Than Nothing

Time and space are changing rapidly.

The feeling of confusion in time and space made Xu Ming faintly want to vomit. Of course, Xu Ming's willpower was as strong as steel, and he quickly got used to it.

“The time and space disorder this time is much more serious than the last time I went on a mercenary mission! It seems that the mission location this time is much farther away!”

The farther the destination of the teleportation, the stronger the distortion of time and space, and the stronger the sense of confusion.

Whoa!

Just a quarter of an hour later, a white light appeared in front of Xu Ming's eyes and descended into a luxurious palace complex.

“arrive!”

Before Xu Ming could observe the situation around him, his expression suddenly changed: “What a powerful space oppression!”

boom!

The terrifying space oppression rolled over Xu Ming like a heavy mountain; although it had no effect on Xu Ming, it still shocked him: “What the **** is this place? The space oppression here is three times as high as that of God's Domain! ”

However, Xu Ming didn't care much either.

After all, the Divine Realm is endless and vast, and there will always be some magical places. Moreover, there are also some super-existing Divine Kingdoms in the Divine Realm, which have also evolved to perfection, and will also be very special.

However, what Xu Ming didn't know was that he had oversimplified the land under his feet!

...

At this time, the third young pavilion master Mu Zifan, who was dressed in fancy clothes, walked out of the largest palace and greeted Xu Ming.

“Finally someone accepts the mission...” Mu Zifan thought to himself.

Xu Ming was the first to accept the mission! – After all, Mu Zifan's mission conditions are indeed a bit harsh; at least one must defeat a thousand, such a heaven-defying genius is absolutely rare!

Mu Zifan was actually quite satisfied with the fact that he could now have one to accept the quest.

Immediately, Mu Zifan's eyes fell on Xu Ming.

"Silver Moon Fourth Grade?" Mu Zifan was slightly disappointed, "The cultivation base is too low! It is even lower than the cultivation base of my original two heaven-defying geniuses!"

The two heaven-defying geniuses that Mu Zifan had raised were also of the fifth rank of Yinyue.

"However... Hiring a heaven-defying genius through the Ten Thousand Realms Order is much cheaper than keeping a heaven-defying genius for a long time! Silver Moon Fourth Grade is Silver Moon Fourth Grade, it's better than nothing!"

In Mu Zifan's eyes, Xu Ming's role is to "make up the number". In this way, no matter what, Mu Zifan's subordinates also have three heaven-defying geniuses.

Of course, now, Mu Zifan is still skeptical about whether Xu Ming can really defeat a thousand with one. After all, it was the first time he saw Xu Ming, and he didn't know what Xu Ming's true strength was.

"Welcome, Your Excellency!" Mu Zifan cupped his hands and smiled, "I am the third young pavilion master of Muxue Pavilion, Mu Zifan; what do you call me?"

Muxi Pavilion?

Third Young Pavilion Master?

Xu Ming naturally didn't know what Mu Zifan's identity meant in the Heavenly Sacrifice World; after all, he had never been to the Heavenly Sacrifice World.

"Xu Ming!" Xu Ming also bowed his hands and reported to his family.

At the same time, Xu Ming looked at Mu Zifan obscurely, but he couldn't easily see through the other party's cultivation level; but what was certain was that the other party was at least an emperor-level existence!

"The employer of this mission doesn't seem to be easy!" Xu Ming said to himself.

“Young pavilion master!” Xu Ming smiled, “I don’t know what the mission this time is...?”

“The task is very simple, that is to invite you to join me and participate in the Celestial Ceremony!” Mu Zifan said.

“Heavenly Sacrifice Conference?” Xu Ming had doubts in his eyes.

“Aren’t you from our Heavenly Sacrifice Realm?” Mu Zifan glanced at Xu Ming and explained, “The Heavenly Sacrifice Conference is the most important event in our Heavenly Sacrifice Realm! One of the links is the entire Heavenly Sacrifice. The world’s heaven-defying geniuses compete with each other!”

“Oh...” Xu Ming nodded.

“However...” Mu Zifan said again, “This competition is very dangerous! The minimum requirement to pass the first round is to have the strength of one against a thousand in the same level; if you don’t have such strength, you will die if you come to power! – You Have you thought about it?”

The meaning of Mu Zifan’s words is to confirm whether Xu Ming has the strength to fight against a thousand. If not, he would not let Xu Ming participate in the Celestial Sacrifice Conference, so as not to be embarrassed at the time.

“I see... I understand!” Xu Ming said confidently.

“That’s good!” Mu Zifan saw that Xu Ming was very confident, so he felt more relieved; after all, if Xu Ming had no strength, he wouldn’t kill himself.

“I would like to ask, how should we settle the rewards of the quest?” Xu Ming came to do the mercenary quest, firstly, to nurture the divine weapon, and secondly, to earn some extra money.

Rewards, of course, have to be negotiated in advance!

“You can rest assured!” Mu Zifan said, “As long as you participate in the Celestial Sacrifice Conference, at least I will give you a hundred bottles of Spiritual Essence; if you are amazing and can make it to the third round, then even if you want Tiandi Yuan Liquid, it’s not a problem! – Besides, all the prizes you can get at the Celestial Ceremony are yours!”

“Okay!” Xu Ming also knew that the amount of reward he received was entirely determined by how much he played.

“This group of palaces is my mansion. You can stay here first, turn around, and I’ll show you the other two geniuses!”

After settling Xu Ming, Mu Zifan shook his head slightly disappointed.

“The cultivation base is too low! It’s only the fourth grade of the silver moon! Sigh... If I can meet a genius of the tenth grade of the silver moon, I might be able to impress my father at the Heavenly Sacrifice Conference!”

“Talking is better than nothing!” Mu Zifan comforted himself.

...

Mu Zifan’s etiquette is still very well done. Although he was a little disappointed by Xu Ming’s cultivation, he still arranged a grand reception for Xu Ming that night.

At the reception banquet, Xu Ming met two other heaven-defying geniuses—Luo Shui and Ku Jianxiu.

“Brother Xu Ming, it’s a pleasure to meet you!” Ku Jianxiu raised his glass and toasted.

“Nice to meet!” Xu Ming also said.

Although the bitter sword cultivator is sloppy, his sword never leaves his body; obviously, he is an ascetic cultivator on the road of martial arts.

Xu Ming actually had some respect for such ascetic practitioners. Because Xu Ming had a plug-in, and he practiced very smoothly all the way; he wasn't sure if he didn't have a plug-in, he could be an ascetic in the martial arts like Kujianxiu.

Luo Shui, who was sitting beside Ku Jianxiu, was a handsome young man.

However, he didn't mean to respect Xu Ming's wine at all. Instead, he looked at Xu Ming up and down and said strangely, "Brother Xu Ming, I heard that you are the newest genius invited by San Shao?"

Regarding the mercenary mission, both Mu Zifan and Xu Ming chose to keep it a secret. After all, there are very few people who know the Order of Ten Thousand Realms and the tasks of mercenaries.

In fact, if Mu Zifan's mouth is not strict enough, then he will not be able to obtain the order of the world.

Therefore, others only thought that Xu Ming was an ordinary genius against the sky; but they didn't even know that Xu Ming was here to perform a mercenary mission.

"Not bad!" Xu Ming looked directly at Luo Shui and replied.

The Luoshui Monster smiled and said, "Brutal Swordsman and I, we have used countless actual battles to prove our strength before we were judged as heaven-defying geniuses! Brother Xu Ming, you are new here, shouldn't you show us your hands too? what?"

Chapter 1023: Aggressive Method

Show your hands?

Luo Shui's words sounded normal; however, if Xu Ming really did what he said and showed his hands on stage, it would be equivalent to being played by a monkey!

Of course, Xu Ming could feel that Luo Shui's words were not good, so he didn't have a good tone: "If Brother Luo Shui wants to teach me, I will accompany you at any time!"

Xu Ming's implication is: if you want to fight, come, if you don't fight, don't bark!

The atmosphere on the field fell silent.

Everyone looked at Xu Ming in disbelief – how dare he challenge Luo Shui?

You must know that Luo Shui is a heaven-defying genius, and his cultivation is a small level higher than Xu Ming! Xu Ming dared to challenge Luo Shui, is this because he has absolute confidence in his own strength, or is he arrogant and ignorant?

“You...” Luo Shui's face suddenly turned gloomy – with his pride, how could he tolerate being provoked by someone with a low level of cultivation?

Immediately, Luoshui was about to explode.

At this moment, Mu Zifan said haha, “Luo Shui, Xu Ming, the Celestial Sacrifice Conference is just around the corner, so we shouldn't discuss each other with each other; keep our unique tricks and make a big difference at the Celestial Sacrifice Conference!”

Mu Zifan said this not because he was not optimistic about Xu Ming; but it was not a good thing for him whether Xu Ming or Luo Shui won or lost! – After all, Mu Zifan only has three heaven-defying geniuses under his command. If the relationship between the two of them is strained, it will not be a good thing.

“Yes, yes, yes!” Ku Jianxiu agreed, “If you take action now, it will easily reveal some of our details, which will definitely be very unfavorable for us to participate in the Celestial Sacrifice Conference!”

“Everything is about the big picture!” Others also said.

“Humph!” Luo Shui took a sip of wine and snorted coldly, without saying much.

Xu Ming smiled and didn't speak – in fact, from beginning to end, Xu Ming never took Luo Shui in his eyes at all!

A heaven-defying genius of Yinyue Fifth Grade?

so what!

Brother Ming couldn't believe it, Luo Shui, the so-called Heaven-defying genius, could have the power of a king! Moreover, even if Luo Shui has the first-level combat power of the king, in Xu Ming's eyes, it is still not enough to see!

In the end, the banquet came to an end in a delicate atmosphere.

"Brother Xu Ming!" Before the banquet, Ku Jianxiu shook his head and said, "Luo Shui's strength is stronger than me! You and him are deadlocked..."

Xu Ming smiled and said, "He was the one who messed with me first!"

"But... you're only a fourth-grade Yinyue, while Luo Shui is a heaven-defying genius of the fifth-grade Yinyue!" Ku Jianxiu said, "Forget it! Anyway, keep a low profile yourself! Before the Celestial Sacrifice Conference, stop fighting with him!"

In the Heavenly Sacrifice world, someone who can be called a genius of the Heaven-defying level, at least has the strength of one against a thousand among the same level! Every heaven-defying genius has an incomparably powerful strength; therefore, it is almost impossible for a leapfrog victory to happen among the heaven-defying geniuses! – Even if it's only a small difference!

After all, if a heaven-defying genius can defeat other heaven-defying geniuses at a lower level, it almost means that he has the strength to be one against ten thousand among his peers! – It's not that there are no heaven-defying geniuses, but they are extremely rare; in every era, you may not be able to see one!

Because of this, most people did not think that Xu Ming would be Luo Shui's opponent.

"Okay, I get it!" Xu Ming dealt with a bitter sword repair, and didn't say any more.

Strength is not something to talk about, but to express with fists!

With Xu Ming's strength, he naturally disdains to be as knowledgeable as Luo Shui; but if Luo Shui tries to provoke him again, then don't blame Brother Ming's slap for being rude!

...

Muxu City.

It is one of the two most prosperous cities in the Tianji world. The Muxu Pavilion, as well as many of the top experts in the Heavenly Sacrifice Realm, are located in the Muxu City.

The other prosperous city is naturally the Purple Light City where the Purple Light Sect is located.

The palace complex of Mu Zifan, the master of the third young pavilion, is located in Muxian City.

When Xu Ming walked out of the palace complex, he saw the incomparably prosperous scene in the city! -Xu Ming is also a person who has been to Fucheng and has seen the world, but he clearly feels that Chile Fucheng is really more than one or two grades worse than Muxie City!

Comparing the two, Chile Mansion City seems to be a small backward mountain village, while Muxi City is the most prosperous metropolis.

"What is the place of the sacrifice world on this day... Just one city, it is so much more prosperous than the palace city!" Xu Ming was a little shocked, "I don't know, the 'Saint Emperor City' known as the first city in the God's Domain, and this Compared with Muxian City, who is more prosperous!"

If Muxu City was more prosperous than Holy Emperor City, or could be on par with Holy Emperor City, then Xu Ming would be stunned. However, Xu Ming has not been to the Holy Emperor City, so it is not easy to make a judgment.

Then, Xu Ming walked around Muxu City like a countryman entering the city for the first time.

On the other side of Muxu City, Ku Jianxiu and Luo Shui were also hanging out in the city. In Muxian City, killing is strictly prohibited, and it is an absolutely safe place; therefore, Ku Jianxiu and Luo Shui are not worried about any trouble.

It's just that neither of them knew that trouble was already on them.

...

In a teahouse in Muxian City, there are more than 20 silver moon-level people, drinking tea and chatting.

In a place like Muxian City, the silver moon level is nothing at all; even the second child in the teahouse has a silver moon level cultivation base!

However, these twenty-odd silver moon grades are not simple at all! Because each of them is a heaven-defying genius, and they all belong to the second young pavilion master!

More than 20 heaven-defying geniuses...

And Mu Zifan, the third young pavilion master, counts Xu Ming, there are only three heaven-defying geniuses! – It can be seen that the power gap between Mu Zifan and the second young pavilion master is huge!

Moreover, among these twenty people, there is actually a heaven-defying genius “Chao Xiang” of the tenth rank of the Silver Moon!

Suddenly, Chao Xiang's eyes lit up: “Look, aren't those two people Ku Jianxiu and Luo Shui under the command of the third young pavilion master?”

“Oh! It's true!” The eyes of other geniuses also lit up like wolves.

“The third young pavilion master Mu Zifan, among the young pavilion masters, has long since gone! This Ku Jianxiu and Luo Shui, I don't know what to think, but they still defected to the third young pavilion master!”

“That's right, the two of them are also heaven-defying geniuses! No matter which young pavilion master you go to, you don't have to worry that no one wants them, right?”

“I heard...” said a silver-haired genius, “Bitter Sword Xiu has received the favor of the third young pavilion master; while Luo Shui has received the kindness of the third young pavilion master!”

“It turns out that, no wonder...” The other geniuses said in succession, “Otherwise, with the current power of the third young pavilion master, there is no genius at all to join him!”

“That’s not necessarily true!” Chao Xiang said, “It is said that just a few days ago, the third young pavilion master recruited another heaven-defying genius!”

“I know!” The information of the silver-haired genius was very well-informed. “It’s just a heaven-defying genius of the fourth rank of the silver moon. I don’t know where it came from. It seems to be called Xu Ming!”

Suddenly Chao Xiang said: “Since I have seen Kujianxiu and Luo Shui here, why don’t you...you go and teach them a lesson now! It’s like representing the second young pavilion master and pressing the first one. The arrogance of the three young pavilion masters!”

“That’s a good idea! In this way, the third young pavilion master has been disgraced before the Heavenly Sacrifice Conference begins! – Back then, when the third young pavilion master dared to compete with the second young pavilion master, he should have thought that there would be such a thing. s consequence!”

“But... this is in Muxian City, how do we do it?”

Chao Xiang narrowed his eyes slightly: “Use your brain!”

All the other geniuses understood immediately – the method of exercising!

Chao Xiang said again: “You guys go, I won’t show up! If I show up, I will definitely scare them away!”

Chapter 1024: Can’T Cry

The prosperous and prosperous Muxi City.

Ku Jianxiu and Luo Shui were walking down the street. Suddenly, they felt that the atmosphere around them was wrong, and their expressions changed.

“Not good! It’s the person of the second young pavilion master!”

Among the young pavilion masters, it is no secret that the second and third young pavilion masters are at odds; in the Muxu Pavilion, it is even known to everyone.

The third young pavilion master Mu Zifan will be in the current situation. On the one hand, it is because he has not performed well in several successive heavenly sacrifice conferences; on the other hand, it is because of the secret suppression of the second young pavilion owner.

“Bitter sword repair, Luo Shui, long time no see!” The silver-haired genius walked forward with a grin and said.

More than 20 other heaven-defying geniuses also surrounded Ku Jianxiu and Luo Shui just like making dumplings.

Neither Ku Jianxiu nor Luo Shui escaped—in any case, Muxian City was absolutely safe;

“Yanyu!” Ku Jianxiu looked at the silver-haired genius and said coldly, “What do you mean by surrounding us like this?”

The silver-haired genius Yan Yu smiled meaningfully: “It doesn’t make any sense, I just want to verify a word circulating in Muxu City!”

“What?”

“It is said that... the third young pavilion master’s subordinates are all cowards! I don’t know if it is true or not, so I came to verify it!”

“Bitch?” Ku Jianxiu smiled, “Yan Yu, you just want to provoke us to go to the martial arts arena, right? – Don’t use this kind of childish aggression to shame people!”

“Haha!” Yan Yu glanced at Ku Jianxiu with contempt, “I have seen a coward!”

Then, Yan Yu turned to Luo Shui again: “What about you? Are you a coward?”

Is it a coward?

With Luo Shui’s arrogant personality, how could he endure such humiliation?

“Yanyu, don’t talk nonsense, go to the martial arts field!” Luo Shui said coldly, “Among the same level, who am I afraid of?”

“You’ll be scared right away!” The words sneered.

“Humph!” Luo Shui snorted coldly and walked directly towards the martial arts field.

Ku Jianxiu looked at the back of Luo Shui’s departure, and couldn’t help shaking his head and sighed: “Luo Shui’s character is just too proud!”

Pride is the temperament of genius and the flaw of genius.

Ku Jianxiu sighed, and immediately followed. Although, even if he went to the martial arts field, it would not have any effect. However, you can’t just watch Luo Shui go alone, can you?

...

Inside Muxu City.

Xu Ming walked all the way to watch the flowers, visiting the exotic customs.

There are many interesting treasures that Xu Ming has never seen before. Although they are not very useful, they are good as playthings. When Xu Ming saw something he liked, he would buy another one and take it back to Gu Hanmo.

Oh no, it's two pieces.

As the saying goes, "the rain and the dew are soaked", there is another one, which will be given to Yin Ran in the future.

"Haha, I went all the way down and didn't see any real treasures, but I bought a bunch of playthings and came back!" Xu Ming laughed at himself.

However, how can real treasures be found so easily?

What can be called a real treasure is either the Chaos God Weapon, or the main material for refining the Life God Weapon—these two kinds of things, no matter which kind, are hard to come by, and it is almost impossible to sell them in the market. .

Unconsciously, Xu Ming came to a huge circular building.

"Music Temple? What is this place?"

What Xu Ming was more puzzled about was the meaning of the word "true".

What is "true"?

Immediately, Xu Ming noticed that there were tiny black dots on the wall of the circular building. Xu Ming stared at one of the black dots, but felt that the black dot was constantly magnifying in his eyes, unfolding into an image of killing; the place where the killing took place was in this Muxian Temple.

Xu Ming casually looked at the other black spots, and found that they were all different killing scenes, but they were all located in this Muxian Temple.

Xu Ming saw the famous hall: “This Muxian Temple is the martial arts field in Muxu City!”

Xu Ming walked into the Muxian Palace with great interest—he wanted to see what the martial arts field in this Muxian City, which was countless times more prosperous than the palace city, would be like.

However, as soon as he walked in, Xu Ming was stunned: “Bitter sword repair? Luo Shui?”

What surprised Xu Ming even more was that Luo Shui was already seriously injured at this time, and his momentum was a little weak; and Ku Jianxiu also had some injuries.

Obviously, the injuries on Ku Jianxiu and Luo Shui should have been caused by the twenty or so Silver Moon rank opposite them.

“what’s the situation!?”

Because Xu Ming entered the “watching area”, and Ku Jianxiu, Luo Shui, and more than 20 heaven-defying geniuses under the second young pavilion master were in the “combat area”; therefore, Xu Ming could see They, they couldn’t see Xu Ming.

Unless, Xu Ming walked into the battle area.

However, Xu Ming was not in a hurry to reveal it, he just watched silently. He wanted to see first what was going on.

In the battle area, the silver-haired genius Yan Yu shouted: “Ku Jianxiu, Luo Shui, you are the fifth-grade Yinyue, and I am also the fifth-grade Yinyue; however, I can easily defeat you! – With this little strength, I advise you, don’t be embarrassed at the Celestial Festival! Even if you go, you can only pass the first round at most; even, you may die in the first round! Hahahaha...”

Ku Jianxiu and Luo Shui both looked ugly. But they had to admit that Yan Yu’s strength was indeed much stronger than theirs.

“I advise you to go to the second young pavilion master! The second young pavilion master is under his command, and there are countless in the world; each genius can learn from each other, discuss, and cultivate, is not much faster than you behind closed doors?” Yan Yu said, actually started digging the walls. After all, if you can help the second young pavilion master dig up two heaven-defying geniuses, that would be a great achievement!

“Humph! No need!” Luo Shui threw down a word with an ugly face, and was about to leave – he lost and lost, and he lost his shame, so why continue to stay here?

However, Luo Shui and Ku Jianxiu wanted to leave, but Yan Yu sneered: “Don’t leave in a hurry! – Brother Luoshui, our little brother You Heming, we have admired Brother Luoshui for a long time, and today we also want to Ask Brother Luo Shui for advice!”

You Heming?

Following the direction of Yan Yu’s finger, Luo Shui’s gaze fell on a reckless and domineering young man, but found that the other party only had Yinyue fourth-grade cultivation.

“Silver Moon Fourth Rank?” Luo Shui’s face was a little ugly – to ask a Silver Moon Fourth Rank to challenge him by leaps and bounds, this is really deceiving!

Even if Luo Shui won this kind of battle, he would have no face; if he lost, it would be even more embarrassing.

“Let’s go!” Luo Shui pulled Ku Jianxiu over and was about to leave immediately.

Yan Yu sneered again: “Brother Luoshui You wouldn’t even dare to accept such a challenge, right? It doesn’t matter if you don’t dare to accept it, as long as you admit defeat to our little brother You Heming , you can go!”

admit defeat?

Luo Shui’s **** pride has begun to make trouble again!

“Humph! Since this kid is challenging me, I will educate him well!” Luo Shui snorted coldly, and flew onto the stage, “But the ugly words are ahead, in case my attack is not serious, no Be careful to hurt him, and even kill him; don’t blame me!”

Seeing that Luoshui was hooked, Yan Yu couldn’t help sneering: “I don’t blame you! Swords have no eyes, life and death have fate! If You Heming died on the battlefield, he can only blame him for his lack of strength!”

The deep meaning of Yan Yu’s words is that if you, Luo Shui, die on the battlefield, don’t blame others!

“That’s good!” Luo Shui snorted very domineeringly, “You Heming, come up!”

As You Heming flew onto the stage, a scheming smile flashed in Yan Yu’s eyes: “When he sees You Heming’s true strength, he probably won’t even be able to cry...”

Chapter 1025: The Concept Of Anti-Sky Level

Muxizhen Temple.

on the battlefield.

Luo Shui had a lot of blood on his body, and his breath was a little weak. As for his opponent, You Heming, his expression was rebellious and arrogant.

“You Heming!” Luo Shui looked at his opponent with a sneer, and there was still pride in his eyes, “I don’t know where you got the courage, the fourth grade Yinyue, dare to challenge me!”

Luo Shui, as a genius of the fifth rank of Yinyue, has always looked down on people whose cultivation is lower than himself. As if he looked down on Xu Ming, now, he also looked down on You Heming in front of him.

Because, in Luo Shui’s view, no one can beat himself by leaps and bounds – even if he is seriously injured!

“Stupid!” You Heming just sneered arrogantly.

Xu Ming sat in the stands and watched silently—he was in the viewing area, so he could see the people in the battle area, but the people in the battle area couldn't see him.

“This You Heming, it's not easy!” Xu Ming's eyes were like swords, and he secretly commented, “If Luo Shui was in his peak state, he should be able to compete with You Heming; but now, Luo Shui is not seriously injured. , it is impossible to be You Heming's opponent!”

Xu Ming could see that this should be the calculation of the second young pavilion master! – First, Yan Yu of Yinyue Rank 5 shot and wounded Luo Shui; then, You Heming... hit the killer!

You Heming is only the fourth rank of Yinyue. If he kills Luo Shui by leaps and bounds, he will definitely defeat the prestige of the third young pavilion master, Mu Zifan!

If Mu Zifan's prestige was lowered too seriously, he might even be deprived of his qualifications to participate in the Heavenly Sacrifice Conference! After all, the Heavenly Sacrifice Conference is the most serious event in the entire Heavenly Sacrifice world. People with insufficient prestige are not eligible to participate!

“Hey... Maybe, I'll have to rescue Luo Shui later!” Xu Ming thought a little depressedly.

He didn't want to save Luo Shui, but if Mu Zifan was prevented from participating in the Heavenly Sacrifice Conference, then Xu Ming's mercenary mission would be in vain!

“This pig teammate!” Xu Ming leaned against the seat in the stand and shook his head secretly.

...

“Let's make a move!” In Luo Shui's hand, there is a long sword like flowing water, which is completely in line with his own aura – this is a divine weapon!

“Then I'm welcome!” You Heming sneered. The machete in his hand is also a divine weapon.

“kill!!”

You Heming suddenly took out the knife.

The moment the machete swept through the void, it seemed to turn into a crescent moon; and the surrounding void suddenly plunged into endless darkness, like a night.

call out-

The light of the crescent moon blade flashed, and it came to Luo Shui in an instant.

“This...” Luo Shui’s eyes suddenly became round, and at this time, he realized that You Heming was terrifying!

“He is the fourth grade Yinyue?” Luo Shui didn’t have time to think about it, and quickly turned his long sword into layers of water curtains to defend.

Bang! Bang! Bang! Bang! ...

The layers of water curtains are all broken into pieces under the light of the meniscus knife; like countless stars in the night, it is extremely beautiful!

However, the remaining power of this knife still fell on Luo Shui who was caught off guard.

boom!

Under the knife, Luo Shui’s breath became weaker.

“I’m careless!” Luo Shui’s expression changed suddenly – if he wasn’t careless, he could take the knife. However, he despised his opponent from the beginning, so in an instant, he fell into an extremely passive situation.

call out!

When the second meniscus light flashed, the passive Luo Shui could only try his best to defend, but he had no chance to counterattack at all.

“His strength is not weaker than me in peak state!” Luo Shui realized that the silver moon fourth rank in front of him was terrifying.

However, it’s too late!

call out! call out! call out! call out! ...

The light of the sword kept flashing, and Luo Shui was suppressed so that he could only parry constantly; his aura was also becoming weaker and weaker.

It’s only a matter of time before you lose!

“Ahhhh!” How could Luo Shui allow himself to be defeated by a Yinyue 4th rank, and instantly entered a frenzied desperate state.

Xu Ming just watched calmly.

“It turns out that this is the strength of a heaven-defying genius in the world of sacrifices!” Xu Ming had a clear idea of the strength of a heaven-defying genius.

For example, Luo Shui, whose cultivation base is Yinyue Rank 5; in his peak state, his combat power should be able to reach Yinyue Rank 9—that is, one against a thousand among his peers!

Another example is You Heming, who is the most powerful among the heaven-defying geniuses! – The cultivation base is Yinyue fourth-grade, but the combat power has also reached Yinyue ninth-grade. Among the same level, you can “one against ten thousand”!

“Under the second young pavilion master, there is a heaven-defying genius who can defeat ten thousand with one!” Ku Jianxiu felt bitter in his heart – the genius of the heaven-defying “one enemy ten thousand”, the entire heavenly sacrifice world It is rare to see it, but it appears under the command of the second young pavilion master. Ku Jianxiu has already foreseen that the second young pavilion master will make a big splash this year!

“Luo Shui, hold on!” Ku Jianxiu prayed in his heart – if Luo Shui was defeated, it would undoubtedly be worse for Mu Zifan, the third young pavilion master!

However, Xu Ming was still calm: “A genius at the level of defying the sky, it’s just like that!”

Xu Ming’s cultivation is only the fourth rank of Yinyue, but he has killed the high-ranking king! – And after taking the Black and White Life and Death Pill, the strength of the soaring high-ranking king!

So, what level should Xu Ming be considered among the heaven-defying geniuses?

Can’t judge!

Because, there has never been a heaven-defying genius like Xu Ming!

...

As Xu Ming pondered, the battle on the battlefield had come to an end. Luo Shui, who has been losing ground, has finally reached the end of the battle.

call out! call out! call out! call out! ...

You Heming forcibly suppressed Luo Shui, and the dazzling crescent moon blade light chased and fought fiercely all the way.

boom!

Luoshui’s defense was completely broken, and he was exposed to the opponent’s sword light without defense!

“Failed!” Luo Shui’s eyes were full of despair.

Between the lights and flint, he didn’t even have time to admit defeat! And bitter sword repair, it is too late to come to the rescue! -In an instant, Luo Shui’s life was hanging by a thread.

That is at this moment, Xu Ming shot!

call out!

A heart imprint containing the mystery of space appeared behind Luo Shui like a teleportation, and directly attached to him.

Immediately, before everyone could react, Luo Shui had been removed from the battlefield.

“I...” For the rest of his life, Luo Shui was still stunned.

“Who is it!?” You Heming slashed the air with a knife and couldn’t help shouting angrily.

“Who is sneaking and hiding in the dark!?” Yan Yu and other heaven-defying geniuses also shouted angrily.

Almost, You Heming can successfully kill Luo Shui! You must know that “kill” and “defeat” are different concepts; “kill” will undoubtedly defeat the prestige of the third young pavilion master!

The opportunity to kill Luo Shui was finally created, but it was destroyed. The geniuses such as Yan Yu and You Heming were naturally very angry.

Just when everyone was furious, a calm figure slowly walked from the viewing area to the combat area.

“Xu Ming!”

“Xu Ming!”

Ku Jianxiu and Luo Shui couldn’t help exclaiming.

Chapter 1026: Accustomed To Speaking With A Slap

Why did Xu Ming suddenly appear?

Ku Jianxiu and Luo Shui thought of a possibility after being a little stunned.

“Xu Ming, did you save me?”

However, on the verge of life and death, Luo Shui didn’t even have time to admit defeat; under such circumstances, would Xu Ming be able to save Luo Shui in time? – Seems a little impossible!

Xu Ming did not answer Luo Shui, but walked towards the battle platform on his own.

“Are you Xu Ming? – That heaven-defying genius newly recruited by the third young pavilion master?” Yan Yu’s eyes narrowed slightly, looking at Xu Ming – he did not think that it would be Xu Ming who saved Luo Shui; After all, Xu Ming’s cultivation is only the fourth rank of Yinyue, so it is impossible for him to have the strength to save Luoshui!

In Yan Yu’s opinion, the reason why Luo Shui was able to escape from death was either because other masters secretly rescued him, or because there was some unknown life-saving treasure on Luo Shui’s body.

“Boy, the way you are now dragging me makes me very unhappy!” Yan Yu said coldly.

Xu Ming still ignored it and continued to walk towards the battle platform without any haste.

“Humph!” Yan Yu said again, “Xu Ming, do you have the courage to step onto the stage and fight against You Heming, who is also the fourth rank of Yinyue?”

When Ku Jianxiu heard Yan Yu’s words, he hurriedly sent a voice transmission to Xu Ming: “Brother Xu Ming, don’t be fooled by him! Although this You Heming only has a fourth-grade Yinyue cultivation level, he has one of the highest rankings among his peers. Di Wan’s strength; even if Luo Shui and I tried our best, we wouldn’t necessarily be his opponent! – Don’t be reckless on the battlefield...”

However, just after Ku Jianxiu’s voice fell, Xu Ming lightly tipped his toes and flew onto the battlefield.

“This...” Ku Jianxiu was speechless.

Ku Jianxiu did not think that it was Xu Ming who saved Luo Shui; or, at least, it was not Xu Ming who saved Luo Shui by his own strength! – Therefore, Ku Jianxiu is not very optimistic about Xu Ming’s strength; let alone that Xu Ming can defeat You Heming.

But now, Ku Jianxiu saw that Yan Yu just casually provoked a few words, and Xu Ming rushed to the stage “impulsively”... and no matter how hard he tried to persuade him, he couldn’t persuade Xu Ming.

“Brother Xu Ming, brother Xu Ming!” Ku Jianxiu sighed heavily in his heart.

And Luo Shui was not very optimistic about Xu Ming.

But at this time, Luo Shui was more concerned about who saved his life: “Is it possible that Xu Ming saved me?”

But immediately, Luo Shui rejected the idea: “How could it be Xu Ming!”

“Forehead...”

Even Yan Yu was slightly taken aback by Xu Ming’s behavior—Damn it! Is this Xu Ming stupid? Really dare to step on the battlefield...

However, Yan Yu was very dissatisfied with Xu Ming’s attitude: “Boy, are you dumb? You don’t know what to say when I talk to you?”

“That’s right!” You Heming on the battlefield also looked at Xu Ming with a bad look.

Xu Ming glanced at the two of them coldly, and slowly spit out a few words: “On the battlefield, I am used to speaking with a slap!”

On the battlefield, I am used to speaking with a slap!

It's such a breezy word.

Geniuses such as Yan Yu and You Heming were stunned for a long time before they realized what Xu Ming meant by these words – what Xu Ming meant was to slap You Heming away!

“I don't know whether to live or die!” You Heming is an existence in the same class with one enemy and ten thousand, so why has he ever been provoked like this? He glared at Xu Ming and snorted coldly.

“I've seen arrogant people, but I've never seen such arrogance!” Yan Yu sneered, “Xu Ming, if you have the ability, don't run away from the battlefield as soon as you fight!”

In Muxian City, only on the battlefield can one not help but kill. If one party escapes from the battlefield, it is strictly forbidden for the other party to deliberately chase and kill! – Yan Yu saw that Xu Ming was arrogant, so he used such words to provoke Xu Ming, trying to force Xu Ming not to escape the stage.

“Brother Xu Ming!” Ku Jianxiu hurriedly said through voice transmission, “Brother Xu Ming, don't be impulsive! You Heming's strength is tyrannical. Once you find out that you are lost, flee the battle stage immediately...”

However...

Ku Jianxiu just finished speaking, and saw Xu Ming “arrogantly” saying: “Don't worry, I won't run away, let's make a move!”

“I...” Ku Jianxiu was about to vomit blood—he tried to persuade himself! He was completely taken by Xu Ming as a deaf ear!

“You asked me to make moves first?” You Heming smiled, “If I make moves first, you will never have a chance to make moves again! – Come on, I'll stand here and give you a chance to make moves! ”

“Oh! Alright!” Xu Ming replied lightly.

He really didn't want to waste any time on You Heming! Anyway, no matter if you make the move first or let You Heming make the move first, the result is the same, that is... Xu Ming defeated You Heming in seconds with a slap!

Now that the results have been confirmed, Xu Ming naturally does not have to ask You Heming to take the shot first! —There is nothing to be humble about, isn't it!

“Heh!” You Heming smiled contemptuously, a sure look flashed in his eyes, as if he was saying—I knew you didn't dare to let me take the first shot!

Xu Ming ignored the contempt in You Heming's eyes, but slowly raised his hand.

“Huh?” You Heming couldn't help but startled – what is he doing? Don't turn on the weapon?

Immediately afterwards, You Heming saw that Xu Ming's slap slowly came over.

“Is this his attack?” You Heming was almost amused.

But right after that, You Heming saw that Xu Ming's slap disappeared in an instant—it was almost disappearing!

Snapped!

Before You Heming could even react, he found that he had been slapped heavily on the face. At the same time, he was even more horrified to see that his body was out of control, and he flew directly from the battlefield.

“I am...”

You Heming watched helplessly as his body crossed a graceful parabola in the sky and landed heavily outside the battle platform. Only at this time did he regain control of his body.

“I...” You Heming was completely stunned—what's the situation?

“This...”

“This...”

“This...”

The geniuses such as Ku Jianxiu, Luo Shui, and Yan Yu were all stunned. Everyone’s eyes widened, looking at Xu Ming in horror, and then at You Heming on the ground, the scene was silent.

You Heming was defeated!

Among the same level, You Heming, who was one to ten thousand, was defeated by Xu Ming, who was also the fourth rank of Yinyue! And... he lost so inexplicably!

“What’s going on?” Yan Yu’s voice transmission asked “Why did you lose so quickly?”

“I...” You Heming thought for a while and said, “I don’t know either...”

“I don’t know?” Yan Yu glared, “If you lose, you will lose, how could you not know?”

You Heming smiled bitterly and said, “Xu Ming’s slap is too weird, maybe it’s my carelessness, plus his slap is a bit tricky, so I’ll lose!”

You Heming really didn’t figure out how he lost, so he had to attribute it to being too careless!

Yan Yu was very speechless: “You’re so useless to lose!”

But Xu Ming, after defeating You Heming, seemed to have done something extremely trivial. In fact, defeating a fourth-grade Yinyue was indeed very, very insignificant to Xu Ming—even if the fourth-grade Yinyue had the combat power of a ninth-grade Yinyue.

“Next!” Xu Ming turned his attention to Yan Yu, “Come up!”

Chapter 1027: Sneak Attack?

“Next!” Xu Ming turned his attention to Yan Yu, “Come up!”

Everyone looked at Yan Yu subconsciously.

“Humph!” Yan Yu snorted coldly, “You played some sly tricks, and you were lucky enough to defeat You Heming, so you dared to challenge me? – Well, I’ll let you know, what is the height of the sky!”

From Yan Yu’s point of view, the reason why You Heming was instantly defeated was because he was too careless, and because Xu Ming played a sneak attack! Therefore, Yan Yu has not really realized how terrifying Xu Ming’s strength is!

Of course, Yan Yu didn’t dare to underestimate Xu Ming, and was still a little jealous of Xu Ming; at least, he thought that Xu Ming was qualified to let him go all out!

However, fear is fear, but the momentum must be strong! Therefore, before entering the battle stage, Yan Yu put on a gesture of contempt for Xu Ming.

boom!

Yan Yu’s figure smashed heavily on the battlefield. His aura swept the surrounding void wantonly, as if putting pressure on Xu Ming.

The corners of Xu Ming’s mouth twitched slightly, and he smiled disdainfully – with Yan Yu’s momentum, do you want to put pressure on him? Is there any essential difference between this and an ant showing off its might in front of him?

No!

“Brother Xu Ming!” Ku Jianxiu came out again and said with a heart-to-heart voice, “Yanyu’s strength is stronger than You Heming! Brother Xu Ming, you defeated You Heming in a sneak attack just now, now Yanyu is stronger than You Heming! There must be precautions; therefore, you must not be as casual as you were just now!”

Xu Ming almost vomited blood! -Sneak attack? Which eye did you see me sneaking up on? I clearly slapped You Heming away with a slap in the face, but you actually said that I attacked?

However, Xu Ming was too lazy to explain anything to Ku Jianxiu.

What's there to justify? Just use strength to prove it's not good!

"Let's make a move!" Xu Ming said lightly, looking at Yan Yu, who was arrogantly there in a foolish way.

"Brother Xu Ming..." Ku Jianxiu was full of anger and depression – this brother Xu Ming, why didn't he listen to my advice? I told him not to be casual, but he was still so casual!

boom!

Yan Yu did not yield to Xu Ming like You Heming did; instead, he was very immoral, without even saying hello, he burst out violently and killed Xu Ming.

call out!

The sword art in Yan Yu's hand changed, and the streamer divine sword condensed murderous aura, directly attacking Xu Ming.

"Brother Xu Ming, be careful!" Ku Jianxiu couldn't help exclaiming.

"Die!" Yan Yu looked extremely ferocious.

As for Xu Ming, he raised his palm quietly and slowly – it was very similar to the scene when dealing with You Heming just now.

"It's this trick again!" Yan Yu's spirit suddenly tensed up, "I didn't look carefully just now, and I didn't find any tricks hidden in his palm! Now, I must look carefully!—Humph! As long as I am more cautious, there is nothing to be afraid of in sneak attacking this little trick!"

Then, Yan Yu saw that Xu Ming's slap was slowly drawn towards him.

“At this time, he should be playing tricks!” Yan Yu's eyes burst into flames, “Then I'll do it first!”

call out!

Yan Yu's sword turned and slapped Xu Ming directly.

“I don't believe it, you dare to hit my sword with your palm!” Yan Yu sneered in her heart.

only...

Yan Yu is so naive!

Under the absolute power gap, Xu Ming can play him any way he wants!

call out!

Xu Ming's slap accelerated sharply, almost to the point of no shadow! – At least, Yan Yu couldn't catch Xu Ming's slap at all.

“No—” A huge sense of crisis suddenly appeared in Yan Yu's heart, but it was too late!

Under the absolute speed, before Yan Yu could even react, a bright red slap was printed on his face.

Snapped!

Yan Yu, like You Heming, was directly drawn out of control and flew out of the battlefield.

Bang!

When Yan Yu also fell to the ground, the audience fell into silence again.

Yan Yu also lost!

He was also defeated inexplicably – he was slapped away by Xu Ming!

After a long time, Ku Jianxiu said in shock: “Brother Xu Ming, your sneak attack is really too powerful! I didn’t even see your movements clearly, you have already succeeded in the sneak attack!”

“puff!”

Xu Ming really wanted to vomit blood – is this called a sneak attack?

It was clearly Yan Yu’s sneak attack, but he was crushed by Xu Ming’s strength, right?

However, one can’t blame Ku Jianxiu and others for thinking so; after all, who made Xu Ming act so unbelievable?

Xu Ming of the fourth rank of the Silver Moon, a heaven-defying genius of the fifth rank of the Silver Moon with a slap? – This kind of thing, no matter who is placed in front of it, is unbelievable!

So, I don’t blame my teammates for lack of vision, just blame Brother Ming for being too perverted!

“Shameless! Sneak attack!” Yan Yu covered her swollen face and looked at Xu Ming like a resentful woman in her boudoir.

“Another sneak attack!” You Heming also gritted his teeth.

“Xu Ming, do you know about sneak attacks?”

“Apart from sneak attack, what else can you do!?”

“Rubbish!”

“Trash that can only sneak attack!”

The twenty-odd geniuses on Yan Yu’s side all insisted that Xu Ming was a shameless sneak attack!

“My sneak attack?” Xu Ming was about to laugh – this is the heaven-defying genius of the Heavenly Sacrifice Realm? It’s really nothing more than that! With such a little vision and measurement, it is destined to be difficult to become a master!

At this time, Xu Ming was too lazy to keep a low profile. Standing proudly on the stage, he said loudly: “Since you think I am sneaking a sneak attack, then, all of you, come up together! – I can’t sneak a sneak attack on twenty of you by myself, right?”

Xu Ming’s expression was contemptuous, and his tone was even more arrogant!

What?

As soon as Xu Ming finished speaking, the scene suddenly became silent, and all eyes turned to Xu Ming in astonishment.

Come up all together, shall we?

Xu Ming is going to fight against more than 20 heaven-defying geniuses alone! ? -Moreover, among the more than 20 heaven-defying geniuses, none of them have a cultivation base lower than Xu Ming, all of them are Yinyue 4th Rank and Yinyue 5th Rank!

Madness!

Insolent!

Xu Ming’s attitude completely disregarded the heaven-defying genius!

“Boy, you are too arrogant!”

“Extremely arrogant! Who do you think you are? A heaven-defying genius of the tenth rank of Yinyue?”

“Looking for death? Humph! We’ll do it for you!”

call out! call out! call out! call out! call out! ...

Figures one after another rushed to the battlefield angrily and surrounded Xu Ming. Even Yan Yu and You Heming, who were already defeated by Xu Ming, stepped onto the battlefield again.

“Brothers!” Yan Yu said in a voice transmission, “This Xu Ming is unscrupulous in his sneak attack. He is not ashamed of sneak attack, but proud of it! Today, we must kill this traitor here!”

“right!”

“Must kill him!”

“Humph! Call him arrogant!”

Of course Xu Ming also felt the murderous aura around him – these ridiculous murderous auras!

“Ku Jianxiu!” Xu Ming said to the already dumbfounded Ku Jianxiu .

“Brother Xu Ming...” Kujian Xiu continued, “What? Do you want us to go to the battlefield to help?”

you?

Still help?

Xu Ming couldn’t help laughing: “No! I want to ask you, is there a way to contact San Shao?”

Three Young Masters, the third Young Master.

“Yes! Yes!” Ku Jianxiu said quickly, “Do you want me to contact San Shao and ask him to come and save you?”

Xu Ming was really speechless about this bitter sword cultivator—this imagination is too rich, isn’t it?

“No!” Xu Ming said speechlessly, “You can help me ask San Shao, I killed more than 20 people, is there any problem?”

Chapter 1028: Although Kill

“You help me ask San Shao, I killed more than 20 people, is there any problem?”

Xu Ming still had to think a little about whether he would cause any trouble if he killed more than 20 heaven-defying geniuses under the Second Young Pavilion Master. If there is a lot of trouble, then Xu Ming will not kill him for the time being—it won’t be too late to kill him when he finishes his mercenary mission and prepares to leave the Heavenly Sacrifice Realm!

Xu Ming’s speech was very calm, but Ku Jianxiu’s face was full of confusion – Xu Ming meant to kill these more than 20 heaven-defying geniuses?

“Is this too arrogant?” This was Ku Jianxiu’s first thought.

He really wanted to ask—Brother Xu Ming, why do you believe in yourself?

But after thinking about it, Xu Ming is now on the battlefield, and he is surrounded by more than 20 heaven-defying geniuses; even if Xu Ming is really arrogant, he will not be arrogant at this time!

After thinking about it, Ku Jianxiu decided: “No matter what, contact San Shao first!”

Ku Jianxiu immediately sank his spiritual power into the world ring, inspiring the communication treasure.

Soon, the third young pavilion master, Mu Zifan, responded: “Bitter Sword Cultivator, what’s the matter?”

Mu Zifan knew that the two heaven-defying geniuses under his command would not casually send messages to him, so as soon as he got the message, he asked straight to the point.

“Three young masters, that’s how it is—” Ku Jianxiu said quickly, “Xu Ming asked me to ask you, he wants to kill more than 20 people, is there any problem?”

Kill twenty people?

Mu Zifan’s first reaction was—this Xu Ming, why did he cause trouble for me when he first arrived?

He frowned tightly and asked, “Murder in Muxian City?”

Mu Zifan heard that Xu Ming specially asked Ku Jianxiu to ask himself, is it okay to kill more than 20 people; subconsciously, he thought that Xu Ming was going to cause trouble in the city.

You know, in Muxian City, it is strictly forbidden to do anything, let alone murder! -Even if only one person was killed, it would have a very bad impact on Muxicheng; what’s more, Xu Ming wanted to kill more than 20 people!

However, no matter what world or place, the rules are set by fists! As the third young pavilion master of Muxu Pavilion, Mu Zifan is highly respected in Muxu City and even in the entire Heavenly Sacrifice World; if he protects Xu Ming, then even if Xu Ming kills people in the streets of Muxu City, it is nothing. Big deal.

As long as Xu Ming killed, it was not someone with a particularly distinguished status.

“It’s on the battle stage of the Muxizhen Temple!” Ku Jianxiu quickly explained.

“On the battle stage...” Mu Zifan was speechless for a while, “The battle stage in the Muxian Palace was originally a place where people couldn’t help but kill people in Muxu City! As long as it was on the battle stage, Xu Ming would kill twenty people, let alone kill twenty people. Two

thousand people, why not? – Just ask me about such a thing? It's okay, you can just ask Xu Ming to kill it!"

With that said, Mu Zifan was about to cut off the communication.

"Third Young Master, wait!" Ku Jianxiu said quickly, "The twenty or so people Xu Ming wants to kill are all heaven-defying geniuses under the Second Young Pavilion Master!"

Mu Zifan was stunned for a while: "What?"

Ku Jianxiu continued: "Moreover, these twenty-odd geniuses are all of Yan Yu, You Heming and other Yinyue 4th and 5th rank! – Now, Xu Ming is standing with them. On the battlefield!"

Mu Zifan said in disbelief, "You mean... Xu Ming is going to fight alone against more than 20 heaven-defying geniuses who are not weaker than him!?"

"That's right!" Kujian Xiu said, "Xu Ming is worried that if he kills these twenty or so heaven-defying geniuses, he will not cause any trouble; so, let me ask you first!"

At this moment, Mu Zifan understood what was going on.

"Huh! This Xu Ming is really a big voice!" Mu Zifan's face gradually showed an angry look, "Will it cause trouble if you kill more than 20 heaven-defying geniuses? – You tell him, as long as If he has the ability to kill, just kill him!"

In fact, if Xu Ming really killed Yan Yu, You Heming and other more than 20 heaven-defying geniuses, it would definitely be a lot of trouble for Mu Zifan!

However, Mu Zifan didn't think that Xu Ming could have that kind of strength. Plus he was a little annoyed, so he said – just kill!

After cutting off the communication with Ku Jianxiu, Mu Zifan thought again: "Humph! I think Xu Ming behaved too arrogantly in Mu Xizhen Temple, and now it is difficult to ride a tiger; he wanted me to rescue him, but he couldn't lose face, so Only let Ku Jianxiu send me a message!"

“It’s going to cause trouble!”

Mu Zifan murmured in his heart, but he got up and headed towards the Palace of Mu Xiu – no matter what, Xu Ming is now a genius under his command; Xu Ming is involved, and of course Mu Zifan can’t “don’t save me if I die.” “!

...

Inside the Hall of Mu Xizhen.

On the battlefield, the atmosphere is tense, and a war may break out at any time.

“Brother Xu Ming!” Ku Jianxiu hurriedly said after cutting off the communication, “I asked San Shao just now, and he said... as long as you have the ability to kill, just kill!”

Although kill! ?

Xu Ming smiled! – With the words of San Shao, then Brother Ming is welcome, and he wants to let go and kill!

At the same time, Xu Ming looked at Yan Yu, You Heming and other geniuses with contempt, as if he was looking at a bunch of ants! -Their life and death are under the control of Xu Ming; if Xu Ming wants them to die, they can be trampled to death with one foot!

The funny thing is that this pile of ants also looked at Xu Ming contemptuously.

“Boy! Now, let me see how you attacked us!” You Heming said coldly while rubbing his red and swollen face.

“Dare to be so arrogant in a mere fourth rank of Yinyue? – You, you must die!” Yan Yu’s tone seemed to be a trial.

“Kneel down immediately and beg for mercy, maybe we can make you die faster!”

“Hey...” Xu Ming sighed softly, “Why are there always people who don’t know when they’re about to die?”

“Arrogant!”

“Insanity!”

“court death!”

On the battle stage, the geniuses of the heaven-defying level roared with rage.

“Brother Xu Ming...” Even Ku Jianxiu was speechless—he couldn’t imagine what kind of confidence Xu Ming’s arrogance was built on?

At this moment, Luo Shui, who had been silent for a while, suddenly burst into flames; apparently he was about to rush to the battlefield to help Xu Ming.

“Oh?” Xu Ming couldn’t help but be surprised.

“Luo Shui also wants to go to the battlefield to find death? – Then let him do it!”

“kill!”

Yan Yu, You Heming and more than 20 silver moon geniuses have drawn their swords! For a time, on the battlefield, the momentum is violent, the time and space are messy, and the cause and effect are confused...

“His—” The violent momentum made Luo Shui’s face turn pale; but he still gritted his teeth, looking like he was dying.

“I don’t know whether to live or die!” Xu Ming shook his head slightly, his fingers forming swords.

Then, Xu Ming raised his arm and circled in place. The fingertips slid across the void, and there were sword beams slashing in all directions.

call out-

After a strange sword light passed, the battlefield suddenly fell silent.

Bang! Bang! Bang! Bang! ...

Yan Yu and other more than 20 heaven-defying geniuses were all intact, but they all lost their vitality and fell to the ground one after another.

Chapter 1029: Gao Fengliang Festival

More than 20 heaven-defying geniuses, all of them died in the blink of an eye!

In the entire Muxizhen Hall, there were only three living people, Xu Ming, Ku Jianxiu, and Luo Shui, and it suddenly became extremely empty and silent.

“Brother Xu Ming, you...”

Ku Jianxiu and Luo Shui looked at Xu Ming and became extremely shocked and weird! – Just **** into a sword, slashing through the void, and killing more than 20 heaven-defying geniuses; then, how strong Xu Ming’s strength must be!

Xu Ming’s genius level, what level should it be?

Defying the sky? – It seems that it is far from enough to describe Xu Ming’s defiantness!

“I don’t know whether to live or die!” Xu Ming patted his sleeve, as if he had done a very trivial thing.

In fact, to Xu Ming, killing more than twenty Silver Moon 4th- and 5th-rank rankers is indeed very trivial—even if they are all so-called heaven-defying geniuses!

“Brother Xu Ming, you killed them... all?” Ku Jianxiu looked extremely strange.

“Yeah!” Xu Ming said confidently, “Didn’t the three young masters say that as long as I have the ability to kill, I will kill them anyway? – So I killed all these noisy things, is there any problem?”

“This...” Ku Jianxiu thought for a while, “It seems to be no problem! But... these are more than 20 heaven-defying geniuses!”

To be honest, before this, Ku Jianxiu had never even thought about Xu Ming’s ability to kill more than 20 heaven-defying geniuses! And now, Xu Ming not only did it, but also killed it so lightly!

At this time, Ku Jianxiu and Luo Shui suddenly woke up – when Xu Ming dealt with Yanyu and You Heming just now, it was not a sneak attack at all, but just a slight display of his terrifying strength!

In the entire history of the Celestial Sacrifice World, it may not be possible to find a few of the terrifying Fourth Grade Silver Moon like Xu Ming! How could such an incredible genius attack Yan Yu and You Heming—or, to put it another way, are Yan Yu and You Heming qualified to be attacked by Xu Ming?

The answer is obviously opinion!

Not qualified!

...

Suddenly, Luo Shui was shocked when he remembered one thing: “Xu...Brother Xu Ming! I was on the battlefield just now, when my life and death were on the line, was it you who secretly rescued me?”

Xu Ming said casually, “It’s just a little effort!”

Xu Ming’s words were a direct admission, and it was Luo Shui that he saved.

And Luo Shui, there is no doubt about this! – After all, with Xu Ming’s incredible strength, it was really just a matter of hand to save him.

However, in Luoshui Xinhui, there was a strange feeling that began to ripple.

In fact, Luo Shui's heart is not bad, but his personality is too proud, so he often has a sense of superiority looking down on others. But now, compared with Brother Ming, Luo Shui found that he was simply a scum; his pride was worthless!

"Brother Ming!" Facing Xu Ming, Luo Shui really lowered his once proud head.

At this moment, Luo Shui's gratitude towards Xu Ming was like overturning the river.

"What a splendid brother Ming!"

Luo Shui looked at Xu Ming admiringly, his eyes glowing with moving light.

"I offended him first, but he ignored the previous suspicion and saved me from life and death! Moreover, after saving me, Brother Ming didn't make a statement at all, obviously he didn't expect anything in return! Now, when I ask, Brother Ming is still very Casually speaking, it's just a little effort, obviously I don't want me to take this matter to my heart! – Brother Ming's high style has really illuminated the rest of my life!"

Luo Shui was completely impressed by Xu Ming's high style!

From now on, in Luo Shui's life, I am afraid that Xu Ming's stalwart image will be deeply imprinted in his heart! Even if a sage appeared in front of Luo Shui, it was not as stalwart as Xu Ming's image!

It only takes a moment to worship someone from the heart! – Luo Shui's worship of Xu Ming happened at this moment!

Suddenly, Luo Shui's face suddenly changed: "My strength..."

Today, in this Mu Xizhen Hall, Luo Shui has experienced the ups and downs of life, the great enlightenment – from the front line of life and death, to turning the corner into peace; from arrogance to self-recognition! Luo Shui's mentality has undergone earth-shaking changes; his strength has also risen with the tide.

“My cultivation base is still Silver Moon Rank 5, but... my combat power should be able to compete with one against ten thousand at the same level!”

For Luoshui, this is really a very unexpected harvest.

...

“Okay, let’s go!” Xu Ming patted Ku Jianxiu and Luo Shui, who had been stunned for a long time, and said very casually.

“Yes!”

“Yes!”

Ku Jianxiu and Luo Shui were obedient like puppets in front of Xu Ming.

However, just as Xu Ming and the others were about to leave...

Boom!

An incomparably terrifying murderous aura rushed into Mu Xizhen Hall like a tsunami.

“What’s the matter?” Xu Ming was slightly startled – of course, this murderous aura would only make Ku Jianxiu and Luo Shui feel like they were facing a tsunami; for Xu Ming, it was like seeing a bed bug. , not much difference!

But even bedbug farts can be unpleasant. Now, before the other party showed up, he was so domineering with murderous aura, which naturally made Xu Ming feel a little uncomfortable.

Immediately, a murderous figure appeared at the gate of Mu Xizhen Hall.

“It’s him!”

“Chao Xiang!”

Ku Jianxiu and Luo Shui both changed their expressions suddenly—although they had already seen Xu Ming’s invincible strength; however, Chao Xiang was a genius of the tenth rank of Yinyue, with a long-standing reputation and great power !

Therefore, Ku Jianxiu and Luo Shui did not think that Xu Ming would be Chao Xiang’s opponent! After all, Chao Xiang is also a heaven-defying genius, and Xu Ming and his cultivation are completely different by rank six!

Of course, in their opinion, as long as you give Xu Ming some time and wait for Xu Ming’s cultivation to grow by another grade or two; then, dealing with Chao Xiang will definitely not be a problem!

“Brother Ming, this person is the Heaven-defying genius Chao Xiang of the tenth rank of Yinyue, don’t be impulsive, don’t go to the battle stage with him!” Luo Shui said quickly with concern – Luo Shui has been convinced by Xu Ming’s high style ! Now, in his heart, Xu Ming’s safety is even more important than his own life!

Xu Ming did not speak.

Chao Xiang?

A mere 10th Grade Silver Moon, no matter how much you defy the sky, is it possible that you can still defy the sky than Brother Ming?

Xu Ming was sure that he wanted to kill this Chao Xiang, although he couldn’t be as light as killing Yanyu, You Heming and others, but he was absolutely crushing him without any pressure!

Chao Xiang still has some eyesight! His murderous aura swept through the Mu Xizhen Hall for a moment, and soon all the murderous aura condensed on Xu Ming.

“What about Yan Yu and the others?” Chao Xiang asked.

It turned out that Chao Xiang suddenly felt that the more than 20 heaven-defying geniuses led by him suddenly lost their causal connection with him; therefore, Chao Xiang hurriedly rushed to Mu Xizhen Temple.

Moreover, because Chao Xiang was originally near the Mu Xizhen Temple, Chao Xiang had already arrived before the third young pavilion master Mu Zifan arrived.

“Hey, you’re lying on the battlefield!” Xu Ming glanced at the twenty or so silver-moon geniuses lying on the battlefield—Xu Ming just took their treasures, but he didn’t bored to destroy the corpses. Extinction!

“What!?” Chao Xiang stared at the battlefield in horror, “They... are all dead?”

“Yeah!” Xu Ming seemed to be talking about a very trivial matter You killed it! ? “Chao Xiang turned his eyes back and stared at Xu Ming closely. His monstrous killing intent seemed to have condensed into a thin needle that would pierce Xu Ming’s whole body!

“What do you think?” Xu Ming asked back.

“You...” Chao Xiang’s murderous aura exploded completely, and he didn’t even care that even though it was inside the Mu Xizhen Hall, it wasn’t on the battlefield, so he was about to attack Xu Ming directly.

As for the consequences of killing Xu Ming?

Chao Xiang also thought about it a little bit, but he didn’t think it was a problem! After all, the position of the second young pavilion master in the Muxiao Pavilion is much higher than that of the third young pavilion owner; the second young pavilion master’s ability to “wipe the butt” is also much stronger than that of Mu Zifan!

Therefore, Chao Xiang is very relieved that even if he kills Xu Ming, the second young pavilion master will help him wipe his ass!

“Suffer to death!!”

Chao Xiang's monstrous killing intent has completely turned into a deadly killing move with all his strength!

Chapter 1030: You Let Me Kill It Anyway!

"Another one who doesn't know how to live or die!"

Xu Ming shook his head secretly, and was about to raise his hand to slap Chao Xiang, when suddenly a loud shout came from outside the Muxian Palace: "Stop!"

At the same time, a radiant energy wall formed between Xu Ming and Chao Xiang. Chao Xiang's deadly ultimate move slammed into this energy wall, as if the stone sinking into the sea.

"Huh?" Chao Xiang couldn't help but change his face.

A figure with a detached temperament floated in.

"Three young masters!" Chao Xiang looked at him in surprise.

The person who came was Mu Zifan, the third pavilion master.

"Three Young Masters!" Ku Jianxiu and Luo Shui felt relieved when they saw Mu Zifan arrived – with Mu Zifan there, they were not afraid of what waves Chao Xiang could make.

Xu Ming, who was about to shoot, also silently retracted his slap. When Brother Ming came to this world of sacrifice, he just wanted to do the mercenary task quietly, and didn't want to cause trouble.

Mu Zifan glanced at Chao Xiang indifferently, and shouted: "Chao Xiang, you are also a genius of the 10th rank of Yinyue, and you actually attacked a 4th rank of Yinyue?—Is it too much?"

Chao Xiang said with grief and indignation: "San Shao, don't look at it, what happened here!"

"What happened?" Mu Zifan swept his gaze across the Muxian Palace, only to discover that Yan Yu, You Heming, and more than 20 heaven-defying geniuses were all lying on the battle platform, losing their breath of life.

“This...” Mu Zifan’s eyes widened, “They are all dead?”

“Not bad!” Chao Xiang pointed at Xu Ming and said in a low voice, “He killed them all!”

“What!?” Mu Zifan’s eyes widened, “Xu Ming, you...killed?”

“Yeah!” Xu Ming spread his hands and said of course, “You let me kill them! So, I killed them all!”

“I...” Mu Zifan was speechless, almost wanting to spurt blood.

Why did he say, let Xu Ming kill him if he has the ability? That’s because he believed that Xu Ming would never be able to kill so many geniuses against the sky! – But what Mu Zifan didn’t expect was that Xu Ming actually killed Yan Yu and other more than 20 heaven-defying geniuses in such a minute by himself...

Immediately, Mu Zifan’s expression became inconceivable: “Xu Ming, your strength...”

Xu Ming can kill more than 20 heaven-defying geniuses with one enemy; doesn’t that mean that Xu Ming is much more heaven-defying than heaven-defying geniuses! ? – Mu Zifan couldn’t imagine why Xu Ming was so strong.

But at the same time, Mu Zifan was also a little frightened: “This is a big trouble...”

You must know that Xu Ming killed more than 20 heaven-defying geniuses! And it is under the command of the second young pavilion master! – How can it be said that killing can kill?

Mu Zifan felt like he wanted to cry but had no tears, but he said the words “kill it anyway”; now, Xu Ming really “kill it anyway”, so Mu Zifan had to silently wipe Xu Ming’s ass.

However, Mu Zifan was not too worried.

After all, Xu Ming was on the battlefield and killed more than 20 heaven-defying geniuses; no matter where he went to reason, Xu Ming always had reason!

Moreover, Heaven-defying geniuses are also graded! Xu Ming was able to single-handedly kill more than 20 heaven-defying geniuses whose cultivation was no weaker than himself; it was enough to show that for Muxuge, Xu Ming's existence value was more valuable than more than 20 ordinary heaven-defying geniuses. Much higher!

Xu Ming holds the truth and has a high value of existence. Therefore, even if the high-level Muxuge Court comes to trial, Xu Ming is not guilty! Therefore, Mu Zifan was not very worried.

In fact, Mu Zifan didn't know yet that Xu Ming killed these more than 20 heaven-defying geniuses. He didn't even use any weapons. He just turned his fingers into swords and killed them all in one second. If Mu Zifan knew that Xu Ming was so perverted, he wouldn't have to worry at all.

As for Chao Xiang, before he could see the situation clearly, he continued to say with a gloomy face: "Third Young Master, what do you think about this matter? Should I take this Xu Ming back and hand it over to Second Young Master to deal with it! "

"What did you say!?" Mu Zifan's expression suddenly sank, and the surrounding space seemed to have suddenly cooled down, "On the battle platform, life and death are determined! Yan Yu and others were beheaded on the battle platform, we can only blame They are not strong enough; what does it have to do with Xu Ming!?"

Mu Zifan is an emperor-level almighty, and his aura suddenly sank, which naturally made Chao Xiang feel like a mountain topping down.

But Chao Xiang still gritted his teeth and said, "But, he killed more than 20 heaven-defying geniuses!"

"Xu Ming can kill so many geniuses against the sky, this is his ability!" Mu Zifan said coldly, then looked at the three of Xu Ming, "Let's go!"

"Three young masters..." Although Chao Xiang was angry, he didn't dare to stop Mu Zifan.

At this moment, a more domineering aura swept out from outside the Mu Xizhen Hall.

Chao Xiang felt this aura, and was instantly overjoyed: "Second Young Master is here!"

A burly and domineering figure appeared at the gate of Muxizhen Hall. As soon as this domineering figure appeared, the void around him seemed to fall into darkness and began to collapse.

He is the second young pavilion master of Muxu Pavilion – Mu Zinuo.

It turned out that Chao Xiang felt that Yan Yu and others were dead, so he immediately reported the death of the second young pavilion master—more than 20 heaven-defying geniuses! This is no small matter!

After the second young pavilion master Mu Zinuo learned about it, he naturally rushed to Mu Xizhen Hall. However, he left at the latest and was far away, so he had just arrived.

“Second Young Master!” Chao Xiang quickly explained the matter.

“I see!” After Mu Zinuo heard this, he glanced at Xu Ming in surprise, but he couldn’t hide the killing intent in his eyes.

“This person is too scary!” Xu Ming looked at Mu Zinuo with some horror, “Much stronger than all the **** emperors I’ve ever seen! Could it be that... he is the existence of the dominion above the **** emperor?”

Mu Zifan’s expression changed slightly, “Second brother...”

“Third brother!” Mu Zinuo’s face was as ugly as the collapsed space around him, “You have to give me an explanation!”

Mu Zifan said righteously and sternly: “Second brother, on the battle platform, life and death have fate! Yan Yu and the others died on the battle platform, do you need any explanation from me?”

Mu Zinuo didn’t seem to hear Mu Zifan’s words at all, but said in an unquestionable tone: “Kill more than 20 heaven-defying geniuses under my command, this murderer will die!”

“Second brother!” Mu Zifan suddenly looked solemn and shouted, “Xu Ming was able to kill more than 20 heaven-defying geniuses His importance to our Muxuge Pavilion, don’t you know?—Do you think Kill him? I advise you to ask your father first!”

Only then did Mu Zinuo’s expression change – of course he knew the importance of Xu Ming to Muxie Pavilion and the Celestial Sacrifice Conference! However, if he doesn’t kill Xu Ming, and if he doesn’t take revenge for Yan Yu and other more than 20 heaven-defying geniuses, his Mu Zinuo’s prestige will plummet, and he won’t even have a place to put his face!

Mu Zinuo’s face changed several times before he said, “Let me take a look at the battle image on the battlefield just now!”

Every move in Mu Xizhen Hall was recorded by battle images.

Mu Zinuo plans to first take a look at Xu Ming’s battle images to see how perverted Xu Ming is, and then decide how to deal with Xu Ming – if Xu Ming is very difficult, he will kill more than 20 heaven-defying geniuses. Yes; then, Mu Zinuo will bite the bullet and kill Xu Ming in order to maintain his majesty!

“Okay!” Mu Zifan actually wanted to know what happened on the battlefield just now.

The expressions of Ku Jianxiu and Luo Shui were a little weird, because... they were sure that the second and third young pavilion masters would definitely be shocked when they saw the battle images!
